B3502.03 Nature of Flexible Options - Flexible options on Medium Term Treasury Note futures shall be permitted in puts and calls which do not have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options.

However, Flexible Options on Medium Term Treasury Note futures shall also be permitted in puts and calls which have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options that are not at the time listed for trading in the standard options pit or on e-cbot. All Flexible Option regulations except 3507.01, 3507.02, 3508.01 and 3513.01 will pertain for these options.*

Trading shall be permitted in any CBOT recognized option/option or option/futures spread involving puts, calls or futures. (09/01/00)

B3503.01 Trading Unit - The minimum size for requesting a quote and/or trading in a flexible option series is 50 contracts, where each contract represents one of the underlying futures contracts at the Chicago Board of Trade. Parties may request a quote and/or trade for less than 50 contracts in order to entirely close out a position in a flexible series.

For a flexible options series, respondents to a request for quote, must be willing to trade at least 50 contracts, with the exception that a respondent may trade less than 50 contracts if the respondent is entirely closing out a position in the series. (07/01/99)

B3504.01 Strike Prices - Strike prices for flexible options must be specified in points and 64th's of points per Medium Term Treasury Note futures contract. However, for a Request for Quote (RFQ), strike prices may be specified in one 64th point increments relative to the underlying futures contract. Strike prices cannot be outside the range of the currently listed strike prices for standard options. (06/01/95)

B3507.01 Exercise of Flexible Options - Notification of the intent to exercise a flexible option must be received by the Clearing Services Provider by 6:00 p.m. Chicago time, or by such other time designated by the Exchange. No exceptions to the 6:00 p.m. exercise deadline, or such other deadline designated by the Exchange, shall be permitted.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3502.03 will follow expiration and exercise procedures as specified in the standard option regulations. (01/01/04)

B3507.02 Automatic Exercise - After the close on the last day of trading, all in-the-money flexible options will be automatically exercised unless notice to cancel automatic exercise is given to the Clearing Services Provider by 6:00 p.m., or by such other time designated by the Exchange, on that day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3502.03 will follow expiration and exercise procedures as specified in the standard option regulations. (01/01/04)

B3508.01 Expiration Date - Flexible option expiration may be specified for any Monday through Friday that is not an Exchange holiday except that expiration may not occur following the last Friday that precedes by at least two business days the last business day of the calendar month

preceding the underlying future contract month. Flexible options expire at 7:00 p.m. on the last trading day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3502.03 will follow expiration and exercise procedures as specified in the standard option regulations. (01/01/04)

B3509.01 Months Traded In - Trading may be conducted in flexible options in any month through the most distant underlying futures contract in which a trade has occurred. (10/01/94)

B3513.01 Last Day of Trading - The last day of trading in a flexible option shall be the expiration day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3502.03 will follow expiration and exercise procedures as specified in the standard option regulations. (05/01/94)

B3515.01 Exercise Style - Flexible options may be American or European exercise style. (10/01/94)

B3516.01 Underlying Futures Contract for Flexible Options - The underlying futures contract for a flexible option shall be the same as the underlying futures contract month of the nearest March quarterly cycle standard futures option expiring on or after the expiration of the flexible option. (10/01/94)

B3517.01 Initiating a Flexible Option Contract Series - The opening of trading in any flexible option series shall occur through the submission of an RFQ or at such time that a trade takes place in the particular flexible option series.

If so desired, participants can submit additional RFQ's for any open series. However, in this situation no priority period (Regulation 3519.01) will exist. (02/01/01)

B3519.01 RFQ Trading Interval - If the submitter of the first RFQ of the day in a flexible series requests either a bid or an offer but not both, then they shall have up to a one minute priority period during which they shall have the sole right to either buy or sell as specified in their RFQ. The exact length of the priority period shall be determined by the Exchange.

If more than one RFQ is the first RFQ of the day in a flexible series, all the RFQ's individually ask for either a bid or an offer but not both, and all the RFQ's collectively are for the same side of the market (all bids or all offers) then the submitters shall jointly share priority during the priority period.

Priority for RFQ's is determined by submission to the RFQ official, except that all RFQ's submitted before the open shall be treated equally. (02/01/01)

B3520.01 Expiration of an RFQ - Trading in a given flexible option series following an RFQ shall remain open for the remainder of the trading session. Trading in a given flexible option series following a transaction in that series shall remain open through the remainder of the trading session in which the transaction was executed and through each subsequent session in which there is open interest in the flexible option series. (02/01/01)

B3521.01 Reporting of Flexible Option Trades - It shall be the responsibility of the participants in a flexible option trade to report the quantities and prices to the flexible pit reporter in a timely manner, including any later trades in open flexible contract term series. (10/01/94)

* The effect of the second paragraph of Regulation 3502.03 is to permit trading in standard option under certain Flexible trading procedures prior to the listing of such options in the standard options pit or on e-cbot. Once and if these options are listed for trading in the standard options pit or on e-cbot, they will be traded only in the standard options pit or on e-cbot, they will be traded only in the standard options pit or e-cbot subject to standard options trading requirements. Upon such listing, all existing open positions established under Flexible trading procedures shall be fully fungible with transactions in the respective standard option series for all purposes under these regulations.

Chapter 36A (Standard Options)
Short Term U.S. Treasury Note Futures Options

=====

Ch36A Trading Conditions

A3601.00 Authority - (See Rule 2801.00.) (10/01/94)

A3601.01 Application of Regulations - Transactions in put and call options on Short Term U.S. Treasury Note futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Short Term U.S. Treasury Note futures contracts. (See Rule 490.00.) (09/01/00)

A3602.01 Nature of Short Term U.S. Treasury Note Futures Put Options - The buyer of one (1) Short Term U.S. Treasury Note futures put option may exercise his option at any time prior to expiration (subject to Regulation 3607.01), to assume a short position in one (1) Short Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Short Term U.S. Treasury Note futures put option incurs the obligation of assuming a long position in one (1) Short Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

A3602.02 Nature of Short Term U.S. Treasury Note Futures Call Options - The buyer of one (1) Short Term U.S. Treasury Note futures call option may exercise his option at any time prior to expiration (subject to Regulation 3607.01), to assume a long position in one (1) Short Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Short Term U.S. Treasury Note futures call option incurs the obligation of assuming a short position in one (1) Short Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

A3603.01 Trading Unit - One (1) \$200,000 face value Short Term U.S. Treasury Note futures contract at a specified contract month on the Chicago Board of Trade. (10/01/94)

A3604.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one-quarter (1/4) point per Short Term U.S. Treasury Note futures contract. At the commencement of trading for such option contracts, the following striking prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying Short Term U.S. Treasury Note futures contract, and the next ten (10) consecutive higher and the next ten (10) consecutive lower striking prices closest to the previous day's settlement price. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. Over time, new striking prices will be added to ensure that at least ten (10) striking prices always exist above and below the previous day's settlement price on the underlying futures. All new striking prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (04/01/04)

A3605.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing Services Provider and by each option customer to his futures commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (01/01/04)

A3606.01 Option Premium Basis - The premium for Short Term U.S. Treasury Note futures options shall be in multiples of one half of one sixty-fourth (1/64) of one point (\$15.625) of a Short Term U.S. Treasury Note futures contract which shall equal \$2,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from \$1.00 to \$15.00 in \$1.00 increments per option contract.

If options are quoted in volatility terms, the minimum price fluctuation shall be .10 percent (i.e.-10.0%, 10.1%, 10.2%, etc.) (07/01/03)

A3607.01 Exercise of Option - The buyer of a Short Term U.S. Treasury Note futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Services Provider by 6:00 p.m., or by such other time designated by the Exchange, on such day.

01/01/04)

A3607.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3607.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Services Provider.

Notice to cancel automatic exercise shall be given to the Clearing Services Provider by 6:00 p.m., or by such other time designated by the Exchange, on the last day of trading

01/01/04)

A3607.03 Corrections to Option Exercises - Corrections to option exercises, including automatic exercises, may be accepted by the Clearing Services Provider after the 6:00 p.m. deadline and up to the beginning of final option expiration processing provided that such corrections are necessary due to: (1) a bona fide clerical error, (2) an unreconciled Exchange option transaction(s), or (3) an extraordinary circumstance where the clearing firm and customer are unable to communicate final option exercise instructions prior to the deadline. The decision whether a correction is acceptable will be made by the President of the Clearing Services Provider, or the President's designee, and such decision will be final. (01/01/04)

A3608.01 Expiration of Option - Unexercised Short Term U.S. Treasury Note futures options shall expire at 7:00 p.m. on the last day of trading. (01/01/04)

A3609.01 Months Traded In - Trading may be conducted in Short Term U.S. Treasury Note futures options for a forty-two month period extending from the nearby contract month, provided however, that the Exchange may determine not to list a contract month. Both serial and quarterly options may be listed to expire into either front-month or deferred futures as determined by the Board. (06/01/99)

A3610.01 Trading Hours - The hours of trading of options on Short Term U.S. Treasury Note futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Short Term U.S. Treasury Note futures contract, subject to the provisions of the second paragraph of Rule 1007.00. Short Term U.S. Treasury Note futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (04/01/00)

A3611.01 Position Limits and Reportable Positions - (See Regulation 425.01.) (10/01/00)

A3612.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

A3613.01 Last Day of Trading - No trades in Short Term U.S. Treasury Note futures put and call options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Short Term U.S. Treasury Note futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, or there is a Friday which is not a

Ch36A Trading Conditions

business day which precedes by one business day the last business day of the month preceding the option month, the last day of trading shall be the first business day prior to such Friday. (07/01/01)

=====
Chapter 36B (Flexible Options)
Short Term Treasury Note Flexible Options
=====

Note: The following Flexible option regulations with the exception noted in the second paragraph of Regulation 3602.03 supersede the corresponding standard regulations presented in Part A of this chapter. Regulations 3601.00, 3601.01, 3602.01, 3602.02, 3605.01, 3606.01, 3610.01, 3611.01, 3612.01, and 3614.01 remain in effect for both standard and Flexible options.

Ch36B Trading Conditions

B3602.03 Nature of Flexible Options - Flexible options on Short Term Treasury Note futures shall be permitted in puts and calls which do not have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options.

However, Flexible Options on Short Term Treasury Note futures shall also be permitted in puts and calls which have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options that are not at the time listed for trading in the standard options pit or on e-cbot. All Flexible Option regulations except 3607.01, 3607.02, 3608.01 and 3613.01 will pertain for these options.*

Trading shall be permitted in any CBOT recognized option/option or option/futures spread involving puts, calls or futures. (09/01/00)

B3603.01 Trading Unit - The minimum size for requesting a quote and/or trading in a flexible option series is 50 contracts, where each contract represents one of the underlying futures contracts at the Chicago Board of Trade. Parties may request a quote and/or trade for less than 50 contracts in order to entirely close out a position in a flexible series.

For a flexible options series, respondents to a request for quote, must be willing to trade at least 50 contracts, with the exception that a respondent may trade less than 50 contracts if the respondent is entirely closing out a position in the series. (07/01/99)

B3604.01 Strike Prices - Strike prices for flexible options must be specified in points and 64th's of points per Short Term Treasury Note futures contract. However, for a Request for Quote (RFQ), strike prices may be specified in one 64th point increments relative to the underlying futures contract. Strike prices cannot be outside the range of the currently listed strike prices for standard options. (06/01/95)

B3607.01 Exercise of Flexible Options - Notification of the intent to exercise a flexible option must be received by the Clearing Services Provider by 6:00 p.m. Chicago time, or by such other time designated by the Exchange. No exceptions to the 6:00 p.m. exercise deadline, or such other deadline designated by the Exchange shall be permitted.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3602.03 will follow expiration and exercise procedures as specified in the standard option regulations. (01/01/04)

B3607.02 Automatic Exercise - After the close on the last day of trading, all in-the-money flexible options will be automatically exercised unless notice to cancel automatic exercise is given to the Clearing Services Provider by 6:00 p.m., or by such other time designated by the Exchange on that day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3602.03 will follow expiration and exercise procedures as specified in the standard option regulations. (01/01/04)

B3608.01 Expiration Date - Flexible option expiration may be specified for any Monday through Friday that is not an Exchange holiday except that expiration may not occur following the last Friday that precedes by at least two business days the last business day of the calendar month preceding the underlying future contract month. Flexible options expire at 7:00 p.m. on the last trading

Ch36B Trading Conditions

day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3602.03 will follow expiration and exercise procedures as specified in the standard option regulations. (01/01/04)

B3609.01 Months Traded In - Trading may be conducted in flexible options in any month up through the most distant underlying futures contract in which a trade has occurred. (10/01/94)

B3613.01 Last Day of Trading - The last day of trading in a flexible option shall be the expiration day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3602.03 will follow expiration and exercise procedures as specified in the standard option regulations. (05/01/94)

B3615.01 Exercise Style - Flexible options may be American or European exercise style. (10/01/94)

B3616.01 Underlying Futures Contract for Flexible Options - The underlying futures contract for a flexible option shall be the same as the underlying futures contract month of the nearest March quarterly cycle standard futures option expiring on or after the expiration of the flexible option. (10/01/94)

B3617.01 Initiating a Flexible Option Contract Series - The opening of trading in any flexible option series shall occur through the submission of an RFQ or at such time that a trade takes place in the particular flexible option series.

If so desired, participants can submit additional RFQ's for any open series. However, in this situation no priority period (Regulation 3619.01) will exist. (02/01/01)

B3619.01 RFQ Trading Interval - If the submitter of the first RFQ of the day in a flexible series requests either a bid or an offer but not both, then they shall have up to a one minute priority period during which they shall have the sole right to either buy or sell as specified in their RFQ. The exact length of the priority period shall be determined by the Exchange.

If more than one RFQ is the first RFQ of the day in a flexible series, all the RFQ's individually ask for either a bid or an offer but not both, and all the RFQ's collectively are for the same side of the market (all bids or all offers) then the submitters shall jointly share priority during the priority period.

Priority for RFQ's is determined by submission to the RFQ official, except that all RFQ's submitted before the open shall be treated equally. (02/01/01)

B3620.01 Expiration of an RFQ - Trading in a given flexible option series following an RFQ shall remain open for the remainder of the trading session. Trading in a given flexible option series following a transaction in that series shall remain open through the remainder of the trading session in which the transaction was executed and through each subsequent session in which there is open interest in the flexible option series. (002/01/01)

B3621.01 Reporting of Flexible Option Trades - It shall be the responsibility of the participants in a flexible option trade to report the quantities and prices to the flexible pit reporter in a timely manner, including any later trades in open flexible contract term series. (10/01/94)

* The effect of the second paragraph of Regulation 3602.03 is to permit trading in standard options under certain Flexible trading procedures prior to the listing of such options in the standard options pit or on e-cbot. Once and if these options are listed for trading in the standard options pit or on e-cbot, they will be traded only in the standard options pit or on e-cbot subject to standard options trading requirements. Upon such listing, all existing open positions established under Flexible trading procedures shall be fully fungible with transactions in the respective standard option series for all purposes under these regulations.

Chapter 37
CBOT Rough Rice Futures
=====

Ch37 Trading Conditions

3700.01 Introduction - This chapter is limited in application to futures trading in rough rice. The procedures for trading, clearing, inspection, delivery, settlement and any other matters not specifically covered herein shall be governed by the Rules and Regulations of the Exchange. (11/01/94)

*3701.01 Contract Specifications - All futures contracts shall be for U.S. No. 2 or better long grain rough rice as the same is established by standards promulgated by the United States Department of Agriculture (U.S.D.A.) at the time of the first day of trading in a particular contract. No heat-damaged kernels as defined by USDA FGIS Interpretive Line Slide 2.0 are permitted in a 500-gram sample. No stained kernels as defined by USDA FGIS Interpretive Line Slide 2.1 are permitted in a 500-gram sample. A maximum of 75 lightly discolored kernels as defined by USDA FGIS Interpretive Line Slide 2.2 are permitted in a 500-gram sample. No other grade is deliverable.

To be deliverable, rough rice shall have a milling yield of not less than 65%, including not less than 48% head rice. Each percent of head rice over or below 55% shall receive a 1.5% premium or discount, respectively, toward the settlement price for long grain rough rice and each percent of broken rice over or below 15% shall receive a .75% premium or discount, respectively. All rough rice shall be of a Southern origin or such other origin as the Exchange may approve. (11/01/03)

3701.02 Trading Months and Hours - Futures contracts shall be traded initially for delivery during the months of September, November, January, March, May and July of each year. The number of months to be open at one time shall be at the discretion of the Exchange. Trading shall be conducted from 9:15 a.m. to 1:30 p.m. Chicago Time, except in the expiring contract on the last day of trading when trading shall cease at 12:00 Noon. (11/01/98)

3701.03 Trading Unit - The unit of trading shall be 2,000 hundredweight (200,000 pounds). (11/01/94)

3701.04 Price Increments - All bids and offers shall be in multiples of \$.005 per hundredweight. (11/01/94)

3701.05 Daily Price Limits - (See 1008.01) (11/01/94)

3701.06 Termination of Trading - No trades shall be made during the last seven business days of the trading month. Any trades remaining open during this period shall be settled by delivery or a bona fide exchange of futures for the cash commodity or over-the-counter transaction. (01/01/03)

3701.07 Contract Modifications - Contract specifications shall be fixed as of the first day of trading of the contract and must conform to government grading standards in force at that time. If any federal governmental agency issues an order, ruling, directive or law that conflicts with requirements of these regulations, such order, ruling, directive or law shall be construed to become part of these regulations, and all new contracts shall be subject to such governmental orders. (11/01/94)

3701.08 Position Limits and Trading Limits - (See Regulation 425.01) (11/01/94)

3702.01 Delivery by Warehouse Receipts - Deliveries of rough rice shall be made only by delivery of rough rice warehouse receipts issued by warehouses located in the Arkansas counties of Craighead, Jackson, Poinsett, Woodruff, Cross, St. Francis, Lonoke, Prairie, Monroe, Jefferson, Arkansas and DeSha and designated by the Exchange as regular. Rough rice warehouse receipts issued by otherwise regular warehouses licensed under the U.S. Warehouse Act shall be eligible for delivery in satisfaction of Exchange contracts regardless of whether such warehouses are or are not also licensed by any state. In order to effect a valid delivery, each receipt shall (a) be endorsed by holder making delivery; (b) be marked "INSURED"; (c) indicate payment for storage charges up to and including the 18th day of the preceding month; (d) be negotiable; (e) be registered with the registrar of the Exchange; (f) specify the warehouse; and (g) specify the grade, milling yield and quantity of the rough rice stored; and (h) specify that the rough rice meets the CBOT standards for heat-damaged, stained and lightly stained kernels. Unpaid accumulated storage charges shall be allowed and credited to the buyer by the seller up to and including the date of delivery.

Ch37 Trading Conditions

Endorsement by the holder shall constitute a warranty of the genuineness of the warehouse receipt and of good title thereto, but shall not constitute a guarantee of performance by the issuer. (10/01/03)

3702.02 Registration of Warehouse Receipts - Registration of rough rice warehouse receipts shall be subject to the following requirements:

- A. Warehouses which are regular for delivery may have their warehouse receipts registered at any time with the Official Registrar and in accordance with the requirements issued by the Registrar. If the warehouseman determines not to tender the warehouse receipt by 4:00 p.m. on the day it is registered, or by such other time designated by the Exchange, the warehouseman shall declare the receipt has been withdrawn but is to remain registered by transmitting to the Registrar the warehouse receipt number and the name and location of the warehouse facility. The holder of a registered warehouse receipt may cancel its registration at any time. A warehouse receipt which has been canceled may not be registered again.
- B. Except in the case of delivery on the last delivery day of a delivery month, in which case the warehouse receipt must be registered before 1:00 p.m. on the last delivery day of the delivery month, or by such other time designated by the Exchange, the rough rice warehouse receipt must be registered before 4:00 p.m., or by such other time designated by the Exchange, on notice day, the business day prior to the day of delivery. If notice day is the last business day of a week, rough rice warehouse receipts must be registered before 3:00 p.m., or by such other time designated by the Exchange, on that day.
- C. The Registrar shall issue a daily report showing the total number of warehouse receipts under registration as of 4:00 p.m., or by such other time designated by the Exchange, on each trading day of the week. In addition to the information posted on the Exchange floor and the CBOT website, this daily report shall show the names of warehouses whose receipts are registered. The record shall not include any receipts that have been declared withdrawn.
- D. From his own records, the Registrar shall maintain a current record of the number of receipts that are registered and shall be responsible for posting this record on the Exchange Floor and the CBOT website. The record shall not include any receipts that have been declared withdrawn.
- E. When a warehouseman regains control of his own registered receipt, the warehouseman shall by 4:00 p.m. of that business day, or by such other time designated by the Exchange, either cancel the registration of said receipt or declare that said receipt is withdrawn but is to remain registered by transmitting to the Registrar the receipt number and the name and location of the warehouse facility, except in the case where a notice of intention to redeliver said receipt for the warehouseman has been tendered to the Clearing Services Provider by 4:00 p.m., or by such other time designated by the Exchange, of the day that the warehouseman regained control of said receipt. (12/01/03)

3702.03 Delivery Dates - For the trading months of January, March, May, July, September and November, delivery may be made by the seller upon any business day of the delivery month the seller may select. Delivery must be made no later than the last business day of the delivery month. (11/01/94)

3702.04 Storage - Rough rice shall be stored in a bin or bins in a warehouse declared regular by the Exchange, and may contain rough rice from one or more different lots of the same quality and milling yield. Rough rice may be added to or withdrawn from such lots, provided any rice added shall be of the same quality and milling yield and shall conform to the specifications of this chapter and any withdrawal shall not reduce the amount of rice stored in such lots to an amount less than the total amount required to satisfy all outstanding warehouse receipts issued thereagainst. (11/01/94)

3702.05 Par Delivery Unit - Par delivery is 2,000 hundredweight (200,000 pounds) of U.S. No. 2 or better long-grain rough rice. A weight variation of 1% shall be permitted, such variation to be priced at the previous day's settlement price if the expiring future is still trading and at the expiration price of the nearest previous future if no expiring future is trading. (11/01/94)

3702.06 Par Delivery Point - The par delivery points for rough rice shall be mill site warehouses within the boundaries of the Arkansas counties of Craighead, Jackson, Poinsett, Woodruff, Cross, St. Francis, Lonoke, Prairie, Monroe, Jefferson, Arkansas and DeSha. Designation as a mill site warehouse shall be determined by the Exchange. Rough rice may be delivered in satisfaction of the rough rice futures contract at rice mill warehouses regular for delivery at the contract price. Rough rice may be delivered at regular warehouses within the twelve-county area which are not at mill sites in accordance with a schedule of discounts established and published by the Exchange pursuant to 3702.07. No warehouse regular for delivery of rough rice shall be located outside the twelve Arkansas counties listed above. (11/01/94)

3702.07 Delivery Differentials- Delivery of rough rice in satisfaction of the rough rice futures contract at regular warehouses other than regular mill site warehouses shall be subject to a delivery differential of -15 cents per hundredweight (cwt.) subject to the following:

1. At the time of filing an initial or renewal application for regularity, a warehouse shall be required to declare whether or not it is a mill site warehouse as defined in Appendix A.
2. If a regular mill site warehouse (non-mill site warehouse) renews regularity as a non-mill site warehouse (mill site warehouse) for a two-year term beginning July 1, the change in the delivery differential will become effective for the new crop delivery month of September within that two-year term.
3. Whenever the Exchange receives a bona fide renewal application for regularity which will cause the warehouse's delivery differential to change for the next crop year, a notice of the receipt of the application will be posted on the floor of the Exchange after the close of the market that day.
4. A warehouse which has been declared regular for delivery as a non-mill site warehouse (mill site warehouse) for a current regularity term ending June 30 may not be declared regular for

Ch37 Trading Conditions

delivery as a mill site warehouse (non-mill site warehouse) during the balance of that term.

Pursuant to the provisions of this regulation, 3702.06 and Appendix A of these rules and regulation, the Exchange shall publish a list of all regular warehouses and the applicable discount.

3702.08 Delivery and Loading Out - Delivery shall be made on the basis of the actual weight of rough rice loaded into rail cars or trucks. A load-out charge not to exceed the tariff as filed with the Exchange in accordance with 3704.01.H shall be paid by the buyer to cover loading and weighing. The maximum load-out charge for the loading-out of rough rice against a rough rice registered warehouse receipt is 22.222 cents per cwt. which will be subject to an evaluation by the Exchange at the time of renewal of regularity of rice warehouses. An increase or decrease in the maximum load-out charge for rough rice may become effective 30 days after a notice has been posted on the Exchange floor. The notice will state the amount of the maximum load-out charge, the applicable warehouse receipts and the date that the charge will become effective.

Load-outs shall begin not later than the third business day following the day on which loading instructions are given to the warehouseman; provided, however, that the withdrawing party has within that period furnished rail cars or trucks to receive the rice. The warehouseman shall be required to load-out rice at the normal rate of load-out for the facility, but not less than 20 trucks or its equivalent weight loaded-out in rail cars per business day and shall be able to load out the warehouse's entire regular capacity in 45 calendar days or less. A party taking delivery shall receive the quantity ordered loaded out as soon as reasonably possible but no more than 45 calendar days after load-out begins. Rough rice regular warehouses shall not be required to meet these minimum load-out rates when transportation equipment is not clean and load ready, inspection services are not available, a condition of force majeure exists, or inclement weather prevents loading.

In addition, rough rice regular warehouses shall not be required to meet the minimum load-out rate for rail cars when rail cars have been constructively placed for load-in prior to constructive placement of rail cars for load-out. However, when rail cars for load-out are constructively placed after rail cars for load in, the warehouse will load-in grain from the rail cars at the normal rate of load-in for the facility. This rate shall not be less than the equivalent weight of 20 trucks loaded-in from rail cars. Rough rice regular warehouses shall not be required to meet these minimum load-in rates when a condition of force majeure exists, inspection services are not available or inclement weather prevents unloading.

The warehouse operator is not obligated to commence load-out of rough rice to a given party sooner than three business days after he receives canceled warehouse receipts and written loading instructions from such party, even if such party may have a conveyance positioned to accept load-out of rough rice before that time. If the party taking delivery presents transportation equipment of a different type (rail or truck) than that specified in the loading instructions, he is required to provide the warehouse operator with new loading orders, and the warehouse operator shall not be obligated to begin load-out of rough rice to such party sooner than three business days after he receives the new loading orders. Written loading orders received after 2:00 p.m. (Chicago time) on a given business day shall be deemed to be received on the following business day.

The warehouseman upon receipt of the canceled receipts by his agent and loading instructions from the owner by 2:00 p.m. on a given day, shall notify the owner by telex or telefax by 4:00 p.m. on that given day the scheduled day for load-out. The daily tariff load-out rate and the amount of tonnage which is scheduled for load-out before owner's load-out shall also be provided in the notification.

The owner upon acceptance of the scheduled load-out date, and if he so requests on a given day prior to load-out, shall receive a telex or telefax from the warehouseman specifying the amount of tonnage remaining before owner's equipment is loaded.

The warehouseman upon cancellation of loading instructions on any business day prior to the day of actual loading of rice, and if requested by the owner, shall reissue and register warehouse receipts for the amount of rough rice which remains unloaded. Storage fees shall begin on the date of re-issuance of the new warehouse receipts.

Storage charges on rough rice to be shipped pursuant to loading instructions shall cease no later than three calendar days following the day on which canceled warehouse receipts are surrendered or

Ch37 Trading Conditions

loading instructions are given, whichever occurs later; provided, however, that the owner makes transportation available for loading on the scheduled load-out date or has not canceled loading instructions.

The warehouse operator shall be permitted a two percent deviation above or below the yield of head rice shown on the warehouse receipt issued for delivery on the contract. The warehouse operator shall also be permitted a two percent deviation above or below the total milling yield shown on the warehouse receipt issued for delivery on the contract.

The warehouse operator is responsible for maintaining the milling yield of rice specified on said warehouse receipt, within the stated allowable deviations, for the total quantity of rice represented by said warehouse receipt and not for sub-lots (i.e. truckloads) of said warehouse receipt. The warehouse operator is also responsible for maintaining the numerical grade of rice specified on said warehouse receipt for the total quantity of rice represented by said warehouse receipt for the total quantity of rice represented by said warehouse receipt, however, the numerical grade for sub-lots (i.e., truckloads) shall be no more than one numerical grade below the deliverable grade specified in 3701.01. Averaging the grade or milling yield of multiple receipts is not permissible.

When the rough rice is ordered out-of-store, the warehouse operator will be reimbursed by the buyer in cash if the total milling yield or the yield of head rice of the rice loaded out is over the total milling yield or the yield of head rice listed on the warehouse receipt (up to two percent).

Conversely, the warehouse operator will reimburse the buyer in cash if the total milling yield or the yield of head rice of the rice loaded out is under the total milling yield or the yield of head rice listed on the warehouse receipt (up to two percent). Calculations shall be made daily for each receipt loaded out that day and shall be based on the nearby month rough rice future's settlement price on the day of load out. Such payments to or from the warehouse operator for excess or deficit head and broken rice shall be at the premium and discount schedule specified in 3701.01, Contract Specifications. Adjustments on the milling yield of head rice shall be based on an official test.

Both the buyer and the warehouseman will provide for an analysis of the rough rice for grade and milling yield. If there is a disagreement, then a duplicate sample taken at origin shall be analyzed by the Federal Grain Inspection Service (FGIS), or a mutually agreed-upon third party to resolve the disagreement.

Notwithstanding the above, the buyer retains the right, at his expense, to an official sampling and analysis by FGIS, or a mutually agreed-upon third party, at origin, of rough rice loaded-out at any time. (03/01/97)

3702.09 Notice of Intention - A clearing member intending to deliver shall, not later than 4:00 p.m., or such other time designated by the Exchange, on position day, the second business day prior to the intended delivery day, provide to the Clearing Services Provider a notice of intention in the form prescribed by the Exchange. On the last notice day of the delivery month, however, delivery notices may be delivered to the Clearing Services Provider until 2:00 p.m., or such other time designated by the Exchange. No intra-office delivery may be made. If a clearing member has both long and short interest on its books, it must tender to the Clearing Services Provider such notices as it receives from its customers who are short. Prior to the opening of the market of the following business day, the Clearing Services Provider shall pass such notice to the clearing member having the oldest long contract as of the close of trading on the day of receipt by the Clearing Services Provider of the notice of intent (position day).

Upon receipt of the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing Services Provider to each such buyer, the seller shall prepare invoices addressed to its assigned buyers describing the amount which buyers must pay to the seller in settlement of the actual deliveries, based on the delivery prices established by the Clearing Services Provider for that purpose adjusted for applicable premiums, discounts, storage charges, quantity variations and other items for which provision is made in these rules and regulations and other items for which provision is made in these rules and regulations relating to contracts. Such invoices shall be delivered to the Clearing Services Provider by 4:00 p.m. on notice day or such other time designated Exchange. Upon receipt of such invoices, the Clearing Services Provider shall promptly make them available to buyers to whom they are addressed. A buyer receiving such an invoice from the Clearing Services Provider shall, not later than 1:00 p.m. of the following day, or such other time designated Exchange present the invoice at the office of the seller by whom it was issued together with a certified check for the amount due, and thereupon warehouse receipts shall be delivered by the seller to the buyer.

Ch37 Trading Conditions

(12/01/03)

3703.01 Weighing - Weighing shall be done in accordance with the current custom of the trade. The official shipped weight so obtained shall be final provided, however, that railroad weights shall be acceptable and shall be final if the negotiable warehouse receipt holder and the seller so agree in writing. (11/01/94)

3703.02 Storage Charges - Storage charges on rough rice shall not exceed such charges as have been filed with the Exchange in accordance with 3704.01H. (which shall be designed to cover costs of storage, insurance and taxes).

No rough rice warehouse receipts shall be valid for delivery on futures contracts unless the storage charges shall have been paid up to and including the 18/th/ day of the preceding month and such payment endorsed on the rough rice warehouse receipt. Unpaid accumulated storage charges at the posted tariff applicable to the warehouse where the rough rice is stored shall be allowed and credited to the buyer by the seller to and including date of delivery.

If storage charges up to and including the 18/th/ calendar day preceding the delivery months of March, July and September and are not paid by the first calendar day of any such delivery month, a late charge will apply. The late charge will be an amount equal to the total unpaid accumulated storage charges multiplied by the "prime interest rate" in effect on the day that the accrued storage charges are paid, all multiplied by the number of calendar days that storage is overdue divided by 360 days. The term "prime interest rate" shall mean the lowest of the rates announced by each of the following four banks at Chicago, Illinois, as its "prime rate": Bank of America-Illinois, Bank One, Harris Trust & Savings Bank and the Northern Trust Company.

Storage on rough rice shall not exceed 34/100 of a cent per hundredweight per day.

Regular Rough Rice warehousemen shall maintain in the immediate vicinity of the Exchange either an office, or a duly authorized representative or agent which is a registered clearing member of the Exchange to whom Rough Rice storage charges must be paid. (11/01/03)

3704.01 Conditions of Regularity for Warehouses - The following shall constitute the minimum requirements and conditions for regularity of Rough Rice warehouses:

- A. The warehouse shall at all times meet standards of construction, sanitation and dust control, insurability and physical maintenance applicable generally to commercial warehouses.
- B. It shall be situated with respect to transportation facilities deemed adequate by the Exchange.
- C. It shall be located in such states as the Exchange may designate from time to time as delivery locations for Rough Rice.
- D. It shall be in good financial standing and credit, and shall meet the minimum financial requirements and financial reporting requirements set forth in Appendix 37D. It shall file a bond and/or designated letter of credit with sufficient sureties in such sum and subject to such conditions as the Exchange may require. The Exchange may, at its option, waive bond requirements.
- E. It shall maintain all licenses required by state or federal law.
- F. It shall have standard equipment and appliances for the convenient and expeditious receiving, handling and shipping of Rough Rice in bulk, in railroad cars, and in trucks, and shall be properly safeguarded and patrolled.
- G. It shall cooperate with the Exchange's system of registration of negotiable warehouse receipts and furnish to the Exchange all needed information to enable it to keep a correct record and account of all Rough Rice remaining in store and receipts issued as of the close of each week.
- H. It shall file its tariffs listing in detail the maximum charges for the handling and storage of Rough Rice, and thereafter it shall file with the Exchange any proposed changes in such tariffs. The effective date of the change will be on the first day of the month that follows a two-month time period after the day a written notice of the change is received by the Exchange.
- I. It shall not engage in unethical conduct, or fail to be operated in accordance with accepted commercial practices or fail to comply with governmental statutes, rules and regulations governing warehouses and the commodities stored therein.
- J. It shall make such reports, keep such records, and permit such warehouse visitations and examinations of documents as the Exchange, the Commodity Futures Trading Commission pursuant to Commission Regulation 1.44(a) - (c) and the United States Department of Justice may prescribe or undertake; it shall comply with all applicable rules, regulations and orders promulgated by the Commodity Futures Trading Commission and with all requirements established by the Exchange because of such rules or orders.
- K. The Exchange may determine not to approve warehouses for regularity or increases in regular capacity of existing regular warehouses, in its sole discretion, regardless of whether such warehouses meet the preceding requirements and conditions. Some factors that the Exchange may, but is not required to, consider in exercising its discretion may include, among others, whether warehouse receipts issued by such warehouses, if tendered in satisfaction of futures contracts, might be expected to adversely affect the price discovery function of Rough Rice futures contracts or impair the efficacy of futures trading in Rough Rice, or whether the currently approved regular capacity provides for an adequate deliverable supply. (01/01/04)

thereafter, for the respective years beginning July 1, 1994 and every even year thereafter, and shall be on the same form.

As part of its application for regularity, the warehouseman expressly agrees to consent to the disciplinary jurisdiction of the Exchange for five (5) years after regularity lapses for conduct pertaining to regularity which occurred while the warehouse was regular.

3704.03 Duties of Warehousemen - It shall be the duty of operators of all regular warehouses:

- A. RESERVED
- B. To notify the Exchange of any change in the condition of their warehouse which might materially affect their physical or financial ability to continue to meet the requirements for regularity under these rules and regulations. Any warehouse must immediately notify the Exchange of any material reduction of its capital, including the incurring of a contingent liability which would materially affect capital should such liability become fixed. Such notice must be in writing and signed by an officer of the warehouse.

For purposes of this requirement, a reduction amounting to twenty percent (20%) or more from the total capital reported as of the last date for which a financial statement was filed under this requirement shall be deemed material. In determining total capital, there shall be taken into consideration equities and deficits in all proprietary accounts properly included in the determination of net worth.

- C. To insure adequately and fully commodities covered by warehouse receipts tendered for delivery against loss by fire, tornado and the contingencies provided for in the standard form of "extended coverage" endorsements or policies. Commodities shall be deemed so insured when the warehouse shall maintain such insurance for the benefit of all depositories of grain under tariffs, rules or regulations authorized and promulgated under the authority of the United States Warehouse Act. In any warehouse declared regular by the Exchange, the charge for insurance on commodities delivered on futures contracts shall be limited to a maximum of \$1.00 per \$100.00 evaluation annually. Any charges for insurance in excess of this amount shall be paid by the warehouseman.
- D. To remove no commodity covered by negotiable warehouse receipts registered with the Exchange from the designated warehouse or, if appropriate, from the designated bond save at the request of the negotiable warehouse receipt holder upon surrender of the receipt.
- E. To register with the Exchange all negotiable warehouse receipts relating to commodities for which the warehouse is declared regular and to cancel such registrations before releasing property.
- F. To have a representative in Chicago, Illinois authorized and known to the Exchange to act in matters pertaining to negotiable warehouse receipts including shipping instructions.
- G. To load vehicles furnished by holders of negotiable warehouse receipts of the Exchange within the time specified by these rules and regulations.
- H. To furnish the Exchange with copies of policies or certificates of insurance under which deliverable commodities in the warehouse are insured.
- I. To deliver commodities ordered out of the warehouse in buyer's vehicles within such times as specified by these rules and regulations showing no preference in out-loading, unless conditions such as acts of God, fire, flood, windstorm, explosion or other force majeure interfere therewith; provided, the warehouse shall make no charge for storage after three days following receipt of the load-out order notwithstanding delivery is prevented because of such act of God, etc.

If no time period for out-loading is set forth in the rules or regulations of a given contract, load-out under such contract shall occur not later than three business days after vehicles are ready for loading, except as provided herein.
- J. To inspect the transportation facilities furnished by the negotiable warehouse receipt holder. If, in the warehouseman's judgement, cleaning is necessary, he shall immediately notify the

receipt holder and thereafter abide by the holder's instructions.

- K. To load each vehicle to its capacity providing sufficient negotiable warehouse receipts are tendered.
- L. To bear the costs of all expenses contingent upon transfer of title of the warehoused commodity to another regulated warehouse satisfactory to the owners of such commodity in the event of expiration or revocation of regularity or in the event of abandonment or sale of the properties where regularity is not reissued. (11/01/94)

3704.04 Safeguarding Condition Of Stored Commodities -

- A. Whenever in the opinion of the operator of the warehouse any commodity stored in a public warehouse under his jurisdiction should be loaded out in order to protect the best interests of the parties concerned, such operator shall notify the Exchange giving the location and grades of such commodity. The Exchange shall immediately notify an appropriate inspection service which shall at once proceed to the warehouse in which the commodity is stored and examine it in conjunction with the operator of such warehouse. If the inspection service agrees with the operator that the commodity should be moved, it shall so notify the Registrar. If the inspection service does not agree with the operator that the commodity should be moved, the operator of the warehouse shall have the right to appeal to the Business Conduct Committee of the Exchange. If on such appeal the Business Conduct Committee shall agree with the operator that the commodity should be moved, the committee shall so notify the Registrar, and the warehouse receipts covering the above specified lot or lots shall no longer be regular for delivery on futures contracts. Upon receiving such notice, either from the inspection service or from the Business Conduct Committee, the Registrar shall notify the holder, or holders, or their agents, together with the Chairman of the Business Conduct Committee, of the total quantity of the grade of commodity in question (selecting the oldest registered warehouse receipt first, then such additional registered warehouse receipts in the order of their issuance as may be necessary to equal such total quantity of the commodity).

When this information reaches the Chairman of the Business Conduct Committee, he shall appoint a Committee consisting of five disinterested handlers of the cash commodity. This Committee shall meet at once and after taking into consideration various factors that establish the value of the grade of the receipts held by such owner or owners, shall determine the fair value of the commodity, which price shall be that to be paid by the operator. If the price offered is not satisfactory, a Committee appointed by the Chairman of the Business Conduct Committee (at the request of such owner), shall procure other offers for such commodity, and such offers shall be immediately reported to the owner or his agent. If the owner refuses to accept any such offers, he shall have the two following business days to order and furnish facilities for loading the commodity out of store, and during this period the warehouse shall be obliged to deliver the commodity called for by the warehouse receipts, but not more than three (3) days may elapse after notification by the Registrar to the holder of the receipt before satisfactory disposition shall have been made of the commodity, either by sale to the operator or by the ordering out and furnishing facilities to load the same, provided the amount of such commodity does not exceed 20,000 hundredweight of rough rice in any one warehouse. If the amount of commodity in question exceeds such amount, the owner, or owners, of the warehouse receipts shall be allowed forty-eight hours of grace over and above the aforementioned three days for each additional 20,000 hundredweight.

- B. In the event that the holder of the warehouse receipt, or his agent, fails to move the commodity or make other satisfactory disposition of same within the prescribed time, it shall be held for his account, and any loss in grade sustained shall likewise be for his account.
- C. Nothing in the foregoing provisions shall be construed as prohibiting the warehouseman from fulfilling contracts from other stocks under his control. (11/01/94)

3704.05 Damage To Commodity In Store - Notice - The operator of a warehouse shall promptly advise the Exchange of any damage to a commodity held in store by it whenever such damage shall

occur to an extent that will render it unwilling to purchase and withdraw from store, at its cost, all such damaged commodity. (11/01/94)

3704.06 Revocation of Regularity - Any declaration of regularity may be withdrawn by the Exchange at any time if the warehouse does not comply with the conditions above set forth or fails to carry out prescribed duties; providing, however, the Exchange has theretofore given notice to the warehouseman of the deficiencies and a reasonable time, under the circumstances, to cure them.

If the designation is revoked, the Exchange shall post such revocation on the bulletin board together with the period of time, if any, during which the negotiable warehouse receipts issued by the warehouse will be deliverable in satisfaction of futures contracts.

Once such period of time, if any, has expired, and the negotiable warehouse receipts issued by the warehouse are no longer deliverable in satisfaction of futures contracts, the warehouse shall bear the cost of the transfer of the warehoused commodity to another regulated warehouse, in accordance with 3704.03, paragraph L. (11/01/94)

3704.07 Federal Warehouses - In compliance with the provisions of Section 5a(7) of the Commodity Exchange Act, providing that the commodity may be delivered from a warehouse subject to the United States Warehouse Act, 7 U.S.C. Sections 241-273, a receipt issued under that Act shall be accepted for delivery on any futures contract provided the commodity represented by the receipt meets contract specifications and the warehouse issuing the receipt meets the requirements imposed by this chapter on all other warehouses. (11/01/94)

3704.08 Finality of USDA Or Other Required Inspection Certificate - The Exchange assumes no responsibility and disclaims all liability on account of the grade, quantity or specifications of any commodity delivered on the basis of a USDA or other required inspection certificate. Such certificate shall constitute conclusive evidence of the grade, quantity or other specifications of the commodity described therein. (11/01/94)

3705.01 Delivery Through Clearing Services Provider - All deliveries on maturing contracts shall be made through the Clearing Services Provider. The Clearing Services Provider shall prescribe such forms and requirements for initiating and completing delivery as are consistent with this chapter and the various contract specification chapters. (12/01/03)

3705.02 Payment Upon Delivery - The receiver of a Notice of Intention from the Clearing Services Provider shall present the delivery invoice at the office of the deliverer not later than 1:00 p.m. on the next business day, i.e., delivery day, or by such other time designated by the Exchange, together with a certified or cashier's check drawn on a Chicago bank, and shall receive therefore, properly endorsed, warehouse receipts or shipping certificates in accordance with the Notice and any other contract documents required under these rules and regulations.

If said delivery day is a banking holiday, delivery and payment must be made before 9:30 a.m. the next banking business day, or by such other time designated by the Exchange, and the seller shall be responsible for storage charges up to and including that banking holiday. Adjustments for differences between contract prices and delivery prices established by the Clearing Services Provider shall be made with the Clearing Services Provider in accordance with its Regulations. (12/01/03)

3705.03 Necessity Of Possession Of Documents - The deliverer shall at such time as the Notice of Intent is delivered to the Clearing Services Provider have possession of all documents (except a warehouse receipt in the case of a redelivery) necessary to make good delivery. (12/01/03)

3705.04 Suspended Member Out Of Line For Delivery - When a clearing member who has open purchases is suspended from the Clearing Services Provider for default or insolvency, he shall be deemed out of line for delivery and tender shall be made to the buyer obligated upon the next oldest contract. Also, if tender be made to a buyer who is thereafter suspended for default or insolvency before delivery is accepted, the Notice shall be withdrawn and another immediately served upon the buyer obligated upon the next oldest contract. (12/01/03)

3705.05 Failure to Deliver - A clearing member who has not tendered a Notice on or before 8:00 p.m., or by such other time designated by the Exchange, on the last day in a delivery month on which such notice is permitted shall be in default. Failure to make delivery shall constitute improper conduct.

If a clearing member fails to fulfill its delivery obligation, the non-defaulting clearing member must notify the Clearing Services Provider of such failure as soon as possible. If, and only if, the non-defaulting clearing member notifies the Clearing Services Provider of the failure no later than sixty minutes after the time the delivery obligation was required to have been fulfilled, then the Clearing Services Provider shall pay to the non-defaulting clearing member reasonable damages proximately caused by the default.

The Clearing Services Provider shall not be obligated to either: (1) pay any damages greater than the difference between the delivery price of the specific commodity and the reasonable market price of such commodity at the time delivery was required; or (2) make or accept delivery of the actual commodity; or (3) pay any damages relating to the accuracy, genuineness, completeness, or acceptableness of warehouse receipts, shipping certificates, or any similar

documents; or (4) pay any damages relating to the failure or insolvency of banks, depositories, warehouses, shipping stations, or similar organizations or entities that may be involved with a delivery.

All delivery obligations of a clearing member to another clearing member, which are not fulfilled by the clearing member, shall be deemed an obligation of the defaulting clearing member to the Clearing Services Provider. These obligations must be fulfilled to the Clearing Services Provider within sixty minutes of the time the obligations were required to be fulfilled to the non-defaulting clearing member. (12/01/03)

3705.06 Failure To Accept Delivery -

If a clearing member fails to accept delivery, the seller tendering such delivery shall promptly sell the commodity for the account of the buyer. If the proceeds are insufficient to pay the seller the full delivery price, the clearing member failing to accept delivery shall be liable for the difference.

If a clearing member is unable or refuses to make full payment to the seller, the Clearing Services Provider shall bear the seller's loss in the first instance.

All delivery obligations of a clearing member to another clearing member, which are not fulfilled by the clearing member, shall be deemed an obligation of the defaulting clearing member to the Clearing Services Provider. These obligations must be fulfilled to the Clearing Services Provider within sixty minutes of the time the obligations were required to be fulfilled to the non-defaulting clearing member.

Failure to accept delivery or make full payment shall also constitute improper conduct. (12/01/03)

3705.07 Transfer Of Cash For Futures After Termination Of Contract - Subject to the Exchange approval, a transfer of cash merchandise for futures may be permitted during the contract month after termination of the contract.

Such transfer of cash for futures shall be cleared through the Clearing Services Provider in accordance with normal procedures and shall be made at the prices as are mutually agreed upon by the two parties to the transaction. Such transfers shall be clearly designated by proper symbol as transfer transactions and shall be recorded by the Exchange and the clearing member to the transactions, and proper notice given to the membership. Each party to such transaction must satisfy the Exchange that the transaction is bona fide and must file with the Clearing Services Provider all memoranda necessary to establish the nature of the transaction, the kind and quantity of the cash commodity, the kind, quantity and price of the commodity future, the names of all clearing members to the transaction and such other information as the Clearing Services Provider or Exchange may require.

Such transfer of cash for futures shall bear the normal commission charges pursuant to deliveries. (12/01/03)

3705.08 Risk Of Loss And Charges -

- A. Title and the risk of loss or damage pass to the buyer at the time of delivery of the warehouse receipts.
- B. The deliverer shall be responsible for all warehouse charges until the time when title passes and thereafter the receiver shall be responsible.
- C. The receiver shall be responsible for all inspection and weighing charges at load-out. (11/01/94)

Chapter 38
CBOT Rough Rice Options

Ch38 Trading Conditions

3801.00 Authority - (See Rule 2801.00). (04/01/04)

3801.01 Application of Regulations - Transactions in put and call options on Rough Rice futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Rough Rice futures contracts (See Rule 490.00). (04/01/04)

3802.01 Nature of Rough Rice Futures Put Options - The buyer of one (1) Rough Rice futures put option may exercise his option at any time prior to expiration, (subject to Regulation 3807.01), to assume a short position in one (1) Rough Rice futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Rough Rice futures put option incurs the obligation of assuming a long position in one (1) Rough Rice futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (04/01/04)

3802.02 Nature of Rough Rice Futures Call Options - The buyer of one (1) Rough Rice futures call option may exercise his option at any time prior to expiration, (subject to Regulation 3807.01), to assume a long position in one (1) Rough Rice futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Rough Rice futures call option incurs the obligation of assuming a short position in one (1) Rough Rice futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (04/01/04)

3803.01 Trading Unit - One (1) 2,000 hundredweight Rough Rice futures contract of a specified contract month on the Chicago Board of Trade. (04/01/04)

3804.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of twenty (20) cents per hundredweight per Rough Rice futures contract (i.e., 7.80, 8.00, 8.20, etc.) and in integral multiples of forty (40) cents per hundredweight per Rough Rice futures contract (i.e., 8.00, 8.40, 8.80, etc.) as follows:

1. a. In integral multiples of twenty cents, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying Rough Rice futures contract, the next five consecutive higher and the next five consecutive lower strikes (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.
 - b. In integral multiples of forty cents, at the commencement of trading for an option contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.
 - c. In integral multiples of twenty cents, over time, strikes shall be added as necessary to ensure that all strikes within \$1.10 of the previous day's trading range of the underlying futures contract are listed (the "minimum band").
 - d. In integral multiples of forty cents, over time, strikes shall be added as necessary to ensure that the next four consecutive strikes above the minimum band are listed.
 - e. No new strikes may be added by these procedures in the month in which an option expires.
2. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (04/01/04)

Ch38 Trading Conditions

3805.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing Services Provider and by each option customer to his futures commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (04/01/04)

3806.01 Option Premium Basis - The premium for Rough Rice futures options shall be in multiples of \$0.0025 per hundredweight of a 2,000 hundredweight Rough Rice futures contract which shall equal \$5.00 per contract.

However, when both sides of the trade are closing transactions, the option premium may range from \$1.00 to \$4.00 in \$1.00 increments per option contract. (04/01/04)

3807.01 Exercise of Option - The buyer of a Rough Rice futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Services Provider by 6:00 p.m., or by such other time designated by the Exchange, on such day. (04/01/04)

3807.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3807.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Services Provider. Notice to cancel automatic exercise shall be given to the Clearing Services Provider by 6:00 p.m., or by such other time designated by the Exchange, on the last day of trading. (04/01/04)

3807.03 Corrections to Option Exercises - Corrections to option exercises may be accepted by the Clearing Services Provider after the 6:00 p.m. deadline and up to the beginning of final option expiration processing provided that such corrections are necessary due to: (1) a bona fide clerical error, (2) an unreconciled Exchange option transaction(s), or (3) an extraordinary circumstance where the clearing firm and customer are unable to communicate final option exercise instructions prior to the deadline. The decision whether a correction is acceptable will be made by the President of the Clearing Services Provider, or the President's designee, and such decision will be final. (04/01/04)

3808.01 Expiration of Option - Unexercised Rough Rice futures options shall expire at 7:00 p.m. on the last day of trading. (04/01/04)

3809.01 Months Traded - Trading may be conducted in the nearby Rough Rice futures options contract month plus any succeeding months, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which Rough Rice futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract. (04/01/04)

3810.01 Trading Hours - The hours of trading of options on Rough Rice futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Rough Rice futures contract, subject to the provisions of the second paragraph of Rule 1007.00. On the last day of trading in an expiring option, the expiring Rough Rice futures options shall be closed with a public call made striking price by striking price, conducted by such persons as the Regulatory Compliance Committee shall direct. On all other days, Rough Rice futures options shall be opened and closed for all months and striking prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (04/01/04)

3811.01 Position Limits and Reportable Positions - (See Regulation 425.01) (04/01/04)

3812.01 Margin Requirements - (See Regulation 431.05) (04/01/04)

3813.01 Last Day of Trading - No trades in Rough Rice futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Rough Rice futures contract on the last Friday which precedes, by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday. (04/01/04)

Ch38 Trading Conditions

3814.01 Option Premium Fluctuation Limits - Trading is prohibited during any day except for the last day of trading in a Rough Rice futures option at a premium of more than the trading limit for the Rough Rice futures contract above and below the previous day's settlement premium for that option as determined by the Clearing Services Provider. On the first day of trading, limits shall be set from the lowest premium of the opening range. (04/01/04)

Ch39 Trading Conditions

3901.01 Authority - Trading in Bund futures may be conducted under such terms and conditions as may be prescribed by regulation. (04/01/04)

3902.01 Application of Regulations - Transactions in Bund futures shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in Bund futures. Bund futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (04/01/04)

3904.01 Unit of Trading - The unit of trading shall be Bundesanleihen (Bunds) issued by the Federal Republic of Germany, having face value at maturity of one hundred thousand euros (EUR 100,000) or multiples thereof, and having remaining term to maturity between 8 years 6 months and 10 years 6 months. (04/01/04)

3905.01 Months Traded In - Trading in Bund futures may be scheduled in such months as determined by the Exchange. (04/01/04)

3906.01 Price Basis - The price of Bund futures contracts shall be quoted in points and hundredths of one point. One point shall equal EUR 1,000, and par shall be on the basis of 100 points. The minimum price fluctuation shall be one hundredth (0.01) of one point, or EUR 10 per contract, except for intermonth spreads, for which the minimum price fluctuation shall be one half of one hundredth (0.005) of one point, or EUR 5 per contract. Contracts shall not be made on any other price basis. (04/01/04)

3907.01 Hours of Trading - The hours of trading in Bund futures shall be determined by the Exchange. Trading in an expiring Bund futures contract shall cease at 12:30 p.m. Central Europe time on the last trading day of said futures contract. The market shall be opened and closed for all months simultaneously or in such other manner as the Exchange shall direct. (04/01/04)

3909.01 Last Day of Trading - The last trading day in a Bund futures contract shall be the second Frankfurt business day that precedes the tenth calendar day of the contract's delivery month. If the tenth calendar day of the contract's delivery month is not a Frankfurt business day, then the last trading day of said Bund futures contract shall be the second Frankfurt business day that precedes the Frankfurt business day immediately following the tenth calendar day. (04/01/04)

3909.02 Liquidation During the Delivery Month - After trading has ceased in contracts for future delivery in the current delivery month (in accordance with Regulation 3909.01), outstanding contracts shall be liquidated by cash settlement as prescribed in Regulation 3942.01. (04/01/04)

3910.01 Margin Requirements - (See Regulation 431.03). (04/01/04)

3912.01 Position Limits and Reportable Positions - (See Regulation 425.01). (04/01/04)

3936.01 Standards - The contract grade shall be any Bundesanleihe (Bund) issued by the Federal Republic of Germany that has:

- (a) face value at maturity of one hundred thousand euros (EUR 100,000) or multiples thereof;
- (b) original issue size of at least two billion euros (EUR 2,000,000,000);
- (c) remaining term to maturity between 8 years 6 months and 10 years 6 months as of the tenth calendar day of the contract's delivery month (or, if the tenth calendar day of the contract's delivery month is not a Frankfurt business day, then the Frankfurt business day immediately following the tenth calendar day).

Determination of contract final settlement price shall be as prescribed in Regulation 3942.01. The price, P, at which any Bund that meets contract grade shall enter into determination of the contract final settlement price shall be:

$$P = M / CF, \text{ where:}$$

M is the market price of said Bund, as of 12:30 p.m. Central Europe time on the last trading day of said futures contract, as determined and furnished to the Exchange by the Exchange's approved price data provider. Said market price shall be represented in points and hundredths of points, and par shall be on the basis of 100 points.

CF is a conversion factor, computed and published by the Exchange, that reflects the price (per face value at maturity of one euro (EUR 1)) at which said Bund will yield 6% per annum.

If the Exchange's approved price data provider fails to report said market price on the last day of trading for any Bund that meets contract grade, then the contract final settlement price shall be based upon market prices, as of 12:30 p.m. Central Europe time on the next Frankfurt business day for which prices are reported by the Exchange's approved price data provider, for all Bunds that meet contract grade. (04/01/04)

3942.01 Delivery on Futures Contracts - Delivery against Bund futures shall be made by cash settlement through the Clearing Services Provider following normal variation margin procedures. Generally, contract final settlement value (defined below) shall be calculated on the last day of trading, after the Exchange's approved price data provider has furnished to the Exchange market prices for the last day of trading for all Bunds that meet contract grade (as prescribed in Regulation 3936.01). For exceptions to this schedule, see Regulation 3936.01.

The contract final settlement value shall be determined as:

$$\text{EUR } 1,000 \times \text{Minimum}\{P_1, \dots, P_i, \dots, P_n\}$$

where n is the number of Bunds that meet contract grade, and the P_i , $i = 1$ through n inclusive, are the prices at which Bunds that meet contract grade shall enter into determination of the contract final settlement price (as prescribed in Regulation 3936.01).

The final settlement price shall be the final settlement value, so determined, rounded to the nearest one thousandth (0.001) of a price point, i.e., the nearest EUR 1. In the event that the final settlement value is at the exact midpoint between any two adjacent thousandths of a price point, the final settlement price will be obtained by rounding up to the nearest thousandth of a price point. (04/01/04)

3947.01 Payment - (See Regulation 1049.04) (04/01/04)

4002.01 Application of Regulations - Transactions in Bobl futures shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in Bobl futures. Bobl futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (04/01/04)

4004.01 Unit of Trading - The unit of trading shall be Bundesanleihen (Bunds) and Bundesobligationen (Bobls) issued by the Federal Republic of Germany, having face value at maturity of one hundred thousand euros (EUR 100,000) or multiples thereof, and having remaining term to maturity between 4 years 6 months and 5 years 6 months. (04/01/04)

4005.01 Months Traded In - Trading in Bobl futures may be scheduled in such months as determined by the Exchange. (04/01/04)

4006.01 Price Basis - The price of Bobl futures contracts shall be quoted in points and hundredths of one point. One point shall equal EUR 1,000, and par shall be on the basis of 100 points. The minimum price fluctuation shall be one hundredth (0.01) of one point, or EUR 10 per contract, except for intermonth spreads, for which the minimum price fluctuation shall be one half of one hundredth (0.005) of one point, or EUR 5 per contract. Contracts shall not be made on any other price basis. (04/01/04)

4007.01 Hours of Trading - The hours of trading in Bobl futures shall be determined by the Exchange. Trading in an expiring Bobl futures contract shall cease at 12:30 p.m. Central Europe time on the last trading day of said futures contract. The market shall be opened and closed for all months simultaneously or in such other manner as the Exchange shall direct. (04/01/04)

4009.01 Last Day of Trading - The last trading day in a Bobl futures contract shall be the second Frankfurt business day that precedes the tenth calendar day of the contract's delivery month. If the tenth calendar day of the contract's delivery month is not a Frankfurt business day, then the last trading day of said Bobl futures contract shall be the second Frankfurt business day that precedes the Frankfurt business day immediately following the tenth calendar day. (04/01/04)

4009.02 Liquidation During the Delivery Month - After trading has ceased in contracts for future delivery in the current delivery month (in accordance with Regulation 4009.01), outstanding contracts shall be liquidated by cash settlement as prescribed in Regulation 4042.01. (04/01/04)

4010.01 Margin Requirements - (See Regulation 431.03). (04/01/04)

4012.01 Position Limits and Reportable Positions - (See Regulation 425.01). (04/01/04)

Ch40 Delivery Procedures

4036.01 Standards - The contract grade shall be any Bundesanleihe (Bund) or Bundesobligation (Bobl) issued by the Federal Republic of Germany that has:

- (a) face value at maturity of one hundred thousand euros (EUR 100,000) or multiples thereof;
- (b) original issue size of at least two billion euros (EUR 2,000,000,000);
- (c) remaining term to maturity between 4 years 6 months and 5 years 6 months as of the tenth calendar day of the contract's delivery month (or, if the tenth calendar day of the contract's delivery month is not a Frankfurt business day, then the Frankfurt business day immediately following the tenth calendar day).

Determination of contract final settlement price shall be as prescribed in Regulation 4042.01. The price, P, at which any Bund or Bobl that meets contract grade shall enter into determination of the contract final settlement price shall be:

$$P = M / CF , \text{ where:}$$

M is the market price of said Bund or Bobl, as of 12:30 p.m. Central Europe time on the last trading day of said futures contract, as determined and furnished to the Exchange by the Exchange's approved price data provider. Said market price shall be represented in points and hundredths of points, and par shall be on the basis of 100 points.

CF is a conversion factor, computed and published by the Exchange, that reflects the price (per face value at maturity of one euro (EUR 1)) at which said Bund or Bobl will yield 6% per annum.

If the Exchange's approved price data provider fails to report said market price on the last day of trading for any Bund or Bobl that meets contract grade, then the contract final settlement price shall be based upon market prices, as of 12:30 p.m. Central Europe time on the next Frankfurt business day for which prices are reported by the Exchange's approved price data provider, for all Bunds and Bobls that meet contract grade. (04/01/04)

4042.01 Delivery on Futures Contracts - Delivery against Bobl futures shall be made by cash settlement through the Clearing Services Provider following normal variation margin procedures. Generally, contract final settlement value (defined below) shall be calculated on the last day of trading, after the Exchange's approved price data provider has furnished to the Exchange market prices for the last day of trading for all Bunds and Bobls that meet contract grade (as prescribed in Regulation 4036.01). For exceptions to this schedule, see Regulation 4036.01.

The contract final settlement value shall be determined as:

$$\text{EUR } 1,000 \times \text{Minimum}\{P_{11} \dots P_{ii} \dots P_{nn}\}$$

where n is the number of Bunds and Bobls that meet contract grade, and the P_{ii} , $i = 1$ through n inclusive, are the prices at which Bunds and Bobls that meet contract grade shall enter into determination of the contract final settlement price (as prescribed in Regulation 4036.01).

The final settlement price shall be the final settlement value, so determined, rounded to the nearest one thousandth (0.001) of a price point, i.e., the nearest EUR 1. In the event that the final settlement value is at the exact midpoint between any two adjacent thousandths of a price point, the final settlement price will be obtained by rounding up to the nearest thousandth of a price point. 4101.01 Authority - Trading in Schatz futures may be conducted under such terms and conditions as may be prescribed by regulation. (04/01/04)

4102.01 Application of Regulations - Transactions in Schatz futures shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in Schatz futures. Schatz futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (04/01/04)

4104.01 Unit of Trading - The unit of trading shall be Bundesanleihen (Bunds), Bundesobligationen (Bobl), and Bundesschatzanweisungen (Schatz) issued by the Federal Republic of Germany, having face value at maturity of one hundred thousand euros (EUR 100,000) or multiples thereof, and having remaining term to maturity between 1 year 9 months and 2 years 3 months. (04/01/04)

4105.01 Months Traded In - Trading in Schatz futures may be scheduled in such months as determined by the Exchange. (04/01/04)

4106.01 Price Basis - The price of Schatz futures contracts shall be quoted in points and halves of one hundredth of one point. One point shall equal EUR 1,000, and par shall be on the basis of 100 points. The minimum price fluctuation shall be one hundredth (0.01) of one point, or EUR 10 per contract, except for intermonth spreads, for which the minimum price fluctuation shall be one half of one hundredth (0.005) of one point, or EUR 5 per contract. Contracts shall not be made on any other price basis. (04/01/04)

4107.01 Hours of Trading - The hours of trading in Schatz futures shall be determined by the Exchange. Trading in an expiring Schatz futures contract shall cease at 12:30 p.m. Central Europe time on the last trading day of said futures contract. The market shall be opened and closed for all months simultaneously or in such other manner as the Exchange shall direct. (04/01/04)

4109.01 Last Day of Trading - The last trading day in a Schatz futures contract shall be the second Frankfurt business day that precedes the tenth calendar day of the contract's delivery month. If the tenth calendar day of the contract's delivery month is not a Frankfurt business day, then the last trading day of said Schatz futures contract shall be the second Frankfurt business day that precedes the Frankfurt business day immediately following the tenth calendar day. (04/01/04)

4109.02 Liquidation During the Delivery Month - After trading has ceased in contracts for future delivery in the current delivery month (in accordance with Regulation 4109.01), outstanding contracts shall be liquidated by cash settlement as prescribed in Regulation 4142.01. (04/01/04)

4110.01 Margin Requirements - (See Regulation 431.03). (04/01/04)

4112.01 Position Limits and Reportable Positions - (See Regulation 425.01). (04/01/04)

Ch41 Delivery Procedures

4136.01 Standards - The contract grade shall be any Bundesanleihe (Bund), Bundesobligation (Bobl), or Bundesschatzanweisung (Schatz) issued by the Federal Republic of Germany that has:

- (a) face value at maturity of one hundred thousand euros (EUR 100,000) or multiples thereof;
- (b) original issue size of at least two billion euros (EUR 2,000,000,000);
- (c) remaining term to maturity between 1 year 9 months and 2 years 3 months as of the tenth calendar day of the contract's delivery month (or, if the tenth calendar day of the contract's delivery month is not a Frankfurt business day, then the Frankfurt business day immediately following the tenth calendar day).

Determination of contract final settlement price shall be as prescribed in Regulation 4142.01. The price, P, at which any Bund, Bobl, or Schatz that meets contract grade shall enter into determination of the contract final settlement price shall be:

$$P = M / CF, \text{ where:}$$

M is the market price of said Bund, Bobl, or Schatz, as of 12:30 p.m. Central Europe time on the last trading day of said futures contract, as determined and furnished to the Exchange by the Exchange's approved price data provider. Said market price shall be represented in points and hundredths of points, and par shall be on the basis of 100 points.

CF is a conversion factor, computed and published by the Exchange, that reflects the price (per face value at maturity of one euro (EUR 1)) at which said Bund, Bobl, or Schatz will yield 6% per annum.

If the Exchange's approved price data provider fails to report said market price on the last day of trading for any Bund, Bobl, or Schatz that meets contract grade, then the contract final settlement price shall be based upon market prices, as of 12:30 p.m. Central Europe time on the next Frankfurt business day for which prices are reported by the Exchange's approved price data provider, for all Bunds, Bobls, and Schatz that meet contract grade. (04/01/04)

4142.01 Delivery on Futures Contracts - Delivery against Schatz futures shall be made by cash settlement through the Clearing Services Provider following normal variation margin procedures. Generally, contract final settlement value (defined below) shall be calculated on the last day of trading, after the Exchange's approved price data provider has furnished to the Exchange market prices for the last day of trading for all Bunds, Bobls, and Schatz that meet contract grade (as prescribed in Regulation 4136.01). For exceptions to this schedule, see Regulation 4136.01.

The contract final settlement value shall be determined as:

$$\text{EUR } 1,000 \times \text{Minimum}\{P_{1}, \dots, P_{i}, \dots, P_{n}\}$$

where n is the number of Bunds, Bobls, and Schatz that meet contract grade, and the P_{i} , $i = 1$ through n inclusive, are the prices at which Bunds, Bobls, and Schatz that meet contract grade shall enter into determination of the contract final settlement price (as prescribed in Regulation 4136.01).

The final settlement price shall be the final settlement value, so determined, rounded to the nearest one thousandth (0.001) of a price point, i.e., the nearest EUR 1. In the event that the final settlement value is at the exact midpoint between any two adjacent thousandths of a price point, the final settlement price will be obtained by rounding up to the nearest thousandth of a price point. (04/01/04)

4147.01 Payment - (See Regulation 1049.04) (04/01/04)

4236.01 Standards	4204
4242.01 Delivery on Futures Contracts	4204

Ch42 Trading Conditions

4201.01 Authority - Trading in When Issued (WI) 2-Year U.S. Treasury Note futures may be conducted under such terms and conditions as may be prescribed by regulation. (05/01/04)

4202.01 Application of Regulations - Transactions in WI 2-Year U.S. Treasury Note futures shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in WI 2-Year U.S. Treasury Note futures. WI 2-Year U.S. Treasury Note futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (05/01/04)

4204.01 Unit of Trading - The unit of trading for a WI 2-Year U.S. Treasury Note futures contract shall be approximately \$500,000 notional par value of a 2-year U.S. Treasury note regularly scheduled for auction during the contract's delivery month.

The phrases "regularly scheduled" and "regularly schedule," as used here and elsewhere in this chapter in reference to auctions of 2-year U.S. Treasury notes, will describe any note that is scheduled (i) to be auctioned within a given calendar month and (ii) to be issued with a dated date that coincides with the last day of said calendar month. A tentative schedule of forthcoming auctions is published quarterly, generally in the first week of February, May, August, and November, by the Office of Domestic Finance of the U.S. Treasury Department. (05/01/04)

4205.01 Months Traded In - Trading in WI 2-Year U.S. Treasury Note futures may be scheduled in such months as determined by the Exchange. (05/01/04)

4206.01 Price Basis - The price of WI 2-Year U.S. Treasury Note futures contracts shall be quoted on an index basis of 100 minus the yield of the 2-year Treasury note auction regularly scheduled during the contract's delivery month (e.g., a yield of 6.50% is quoted at 93.50). One basis point (0.01) shall be equal to \$92.92. The minimum price fluctuation shall be one quarter of one basis point (0.0025), which is equal to \$23.23. Contracts shall not be made on any other price basis. (05/01/04)

4207.01 Hours of Trading - The hours of trading in WI 2-Year U.S. Treasury Note futures shall be determined by the Exchange. The market shall be opened and closed for all months simultaneously or in such other manner as the Exchange shall direct.

Trading in an expiring WI 2-Year U.S. Treasury Note futures contract shall cease at 5:00 p.m. New York time on the contract's last day of trading. (05/01/04)

4209.01 Last Day of Trading - The last trading day in an expiring WI 2-Year U.S. Treasury Note futures contract shall be the day of the auction of 2-year U.S. Treasury notes regularly scheduled during the contract's delivery month.

If the U.S. Treasury Department cancels a regularly scheduled 2-year note auction, or postpones by at least one business day a regularly scheduled 2-year note auction, or declines to regularly schedule the auction of a 2-year note in a delivery month for which the Exchange already has listed a WI 2-Year U.S. Treasury Note futures contract, then the last day of trading in the WI 2-Year U.S. Treasury Note futures contract with the corresponding delivery month shall automatically become the business day preceding the last calendar day of the delivery month. (05/01/04)

4209.02 Liquidation During the Delivery Month - After trading has ceased in contracts for

future delivery in the current delivery month (in accordance with Regulation 4209.01 of this chapter), outstanding contracts shall be liquidated by cash settlement as prescribed in Regulation 4242.01. (05/01/04)

4210.01 Margin Requirements - (See Regulation 431.03). (05/01/04)

4212.01 Position Limits and Reportable Positions - (See Regulation 425.01). (05/01/04)

Ch42 Delivery Procedures

4236.01 Standards - The contract grade shall be 100 minus the final settlement yield of the unit of trading (as defined in Regulation 4204.01 of this chapter) on the last day of trading (as defined in Regulation 4209.01 of this chapter).

The final settlement yield shall be the outcome of the 2-year U.S. Treasury note auction regularly scheduled during the contract's delivery month, as published by the U.S. Treasury Department, rounded to the nearest one quarter (1/4) of one basis point.

In the event that the final settlement yield is at the exact midpoint between any two adjacent quarters of one basis point, the final settlement yield will be obtained by rounding up to the nearest one quarter of one basis point.

If the U.S. Treasury Department cancels a regularly scheduled 2-year note auction, or postpones by at least one business day a regularly scheduled 2-year note auction, or declines to regularly schedule the auction of a 2-year note in a delivery month for which the Exchange already has listed a WI 2-Year U.S. Treasury Note futures contract, then the final settlement yield for the contract with the corresponding delivery month shall be the 2-year Treasury constant maturity yield for the contract's last day of trading (as specified under this contingency in Regulation 4209.01), as published by the Board of Governors of the Federal Reserve System in its Daily Update to the H.15 Statistical Release ("Selected Interest Rates"). Said Daily Update to the H.15 Statistical Release generally will be published on the first business day following the last day of trading. (05/01/04)

4242.01 Delivery on Futures Contracts - Delivery against WI 2-Year U.S. Treasury Note futures shall be made by cash settlement through the Clearing Services Provider following normal variation margin procedures. Final settlement yield shall be calculated on the last day of trading, after the U.S. Treasury Department has announced the auction result.

If the U.S. Treasury Department cancels a regularly scheduled 2-year note auction, or postpones by at least one business day a regularly scheduled 2-year note auction, or declines to regularly schedule the auction of a 2-year note in a delivery month for which the Exchange already has listed a WI 2-Year U.S. Treasury Note futures contract, then the final settlement yield shall be calculated after the Board of Governors of the Federal Reserve System has published the pertinent Daily Update to the H.15 Statistical Release (as specified under this contingency in Regulation 4236.01). (05/01/04)

Ch 43 Trading Conditions

4301.00 Authority - (See 1701.00) (11/01/97)

4302.01 Application of Regulations - Futures transactions in CBOT Dow Jones Industrial Average(SM) ("DJIA") Index contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in CBOT Dow Jones Industrial Average(SM) Index contracts. (09/01/00)

4303.01 Emergencies, Acts of God, Acts of Government - If delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. (11/01/97)

4304.01 Unit of Trading - The unit of trading shall be \$10.00 times the Dow Jones Industrial Average(SM). The Dow Jones Industrial Average(SM) is a price-weighted composite index of 30 stocks. (11/01/97)

4305.01 Months Traded In - The months listed for trading are March, June, September and December, at the discretion of the Exchange. (11/01/97)

4306.01 Price Basis - The price of the CBOT Dow Jones Industrial Average(SM) Index futures shall be quoted in points. One point equals \$10.00. The minimum price fluctuation shall be one point per contract. Contracts shall not be made on any other price basis. (11/01/97)

4307.01 Hours of Trading - The hours of trading for future delivery in CBOT Dow Jones Industrial Average(SM) Index futures shall be determined by the Board.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Regulatory Compliance Committee shall direct. (11/01/97)

4308.01 Price Limits and Trading Halts - (See Regulation 1008.01) (11/01/97)

4309.01 Last Day of Trading - The last day of trading in CBOT Dow Jones Industrial Average

1 "Dow Jones(SM)", "The Dow(SM)", Dow Jones Industrial Average(SM)" and "DJIA(SM)" are service marks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by the Board of Trade of the City of Chicago ("CBOT"). The CBOT's futures and futures option contracts based on the Dow Jones Industrial Average(SM) are not sponsored, endorsed, sold or promoted by Dow Jones, and Dow Jones, and Dow Jones makes no representation regarding the advisability of trading in such product(s).

Ch 43 Trading Conditions

Index futures contracts deliverable in the current delivery month shall be the trading day immediately preceding the final settlement day (as described in Regulation 4342.03). (11/01/97)

4309.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 4309.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 4342.01. (11/01/97)

4310.01 Margin Requirements - (See Regulation 431.03) (11/01/97)

4312.01 Position Limits and Reportable Positions - (See Regulation 425.01) (11/01/97)

Ch 43 Delivery Procedures

4336.01 Standards - The contract grade shall be the final settlement price (as described in Regulation 4342.02) of the Dow Jones Industrial Average(SM) Index on final settlement day (as described in Regulation 4342.03). (11/01/97)

4342.01 Delivery on Futures Contracts - Delivery against the CBOT Dow Jones Industrial Average(SM) Index Futures contract must be made through the Clearing Services Provider. Delivery under these regulations shall be on the final settlement day (as described in regulation 4342.03) and shall be accomplished by cash settlement as hereinafter provided.

Clearing members holding open positions in a CBOT Dow Jones Industrial Average(SM) Index futures contract at the time of termination of trading shall make payment to and receive payment through the Clearing Services Provider in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Regulation 4342.02). (12/01/03)

4342.02 Final Settlement Price - The final settlement price shall be determined on the final settlement day. The final settlement price shall be \$10 times a Special Open Quotation (SOQ) of the Dow Jones Industrial Average(SM) Index based on the opening prices of the component stocks in the index, or on the last sale price of a stock that does not open for trading on the regularly scheduled day of final settlement (as described in Regulation 4342.03).

If the New York Stock Exchange ("NYSE") does not open on the day scheduled for the determination of the final settlement price, then the NYSE-stock component of the final settlement price shall be based on the next opening prices for NYSE stocks. (11/01/97)

4342.03 The Final Settlement Day - The final settlement day shall be defined as the third Friday of the contract month, or if the Dow Jones Industrial Average(SM) is not published for that day, the first preceding business day for which the Dow Jones Industrial Average(SM) is scheduled to be published. (11/01/97)

4347.01 Payment - (See Regulation 1049.04.) (11/01/97)

4348.01 Disclaimer -

CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts are not sponsored, endorsed, sold or promoted by Dow Jones. Ch 44 Trading Conditions

4401.00 Authority - (See Rule 2801.00) (11/01/97)

4401.01 Application of Regulations - Transactions in put and call options on CBOT Dow Jones Industrial Average(SM) ("DJIA") Index futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on CBOT Dow Jones Industrial Average(SM) Index futures contracts. (See Rule 490.00) (09/01/00)

4402.01 Nature of CBOT Dow Jones Industrial Average(SM) Index Futures Put Options- The buyer of one (1) CBOT Dow Jones Industrial Average(SM) Index futures put option may exercise his option at any time prior to expiration (subject to Regulation 4407.01), to assume a short position in one (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) CBOT Dow Jones Industrial Average(SM) Index futures put option incurs the obligation of assuming a long position in one (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (11/01/97)

4402.02 Nature of Dow Jones Industrial Average(SM) Index Futures Call Options -The buyer of one (1) CBOT Dow Jones Industrial Average(SM) Index futures call option may exercise his option at any time prior to expiration (subject to Regulation 4407.01), to assume a long position in one (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) CBOT Dow Jones Industrial Average(SM) Index futures call option incurs the obligation of assuming a short position in one (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (11/01/97)

4403.01 Trading Unit - One (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month on the Chicago Board of Trade. (11/01/97)

4404.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one hundred (100) index points per CBOT Dow Jones Industrial Average Index futures contract and in integral multiples of two hundred (200) index points per CBOT Dow Jones Industrial Average(SM) Index futures contract as follows:

- A. At the commencement of trading for quarterly and non-quarterly expirations, the following strike prices in one hundred point intervals shall be listed: one with a striking price closest to the previous day's settlement price on the underlying CBOT Dow Jones Industrial Average Index futures contract and the next twenty consecutive higher and the next twenty consecutive lower striking prices closest to the previous day's settlement price. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. Over time new striking prices will be added

/1/ "Dow Jones(SM)", "The Dow(SM)", "Dow Jones Industrial Average(SM)", and "DJIA(SM)" are service marks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by the Board of Trade of the City of Chicago ("CBOT."). The CBOT's futures and futures options contracts based on the Dow Jones Industrial Average(SM) are not sponsored, endorsed, sold or promoted by Dow Jones, and Dow Jones makes no representation regarding the advisability of trading in such product(s).

to ensure that at least twenty one hundred point striking prices always exist above and below the previous day's settlement price in the underlying futures.

- B. At the commencement of trading for quarterly and non-quarterly expirations, the following strike prices in two hundred point intervals shall be listed: the next ten consecutive higher and the next ten consecutive lower strike prices above and below the strike price band as stipulated in Regulation 4404.01(A). Over time new striking prices will be added to ensure that at least ten striking prices in two hundred point intervals always exist above and below the strike price band as stipulated in Regulation 4404.01(A).
- C. At the end of each quarterly cycle, the Exchange shall reset every listed month's strike prices to conform with Regulation 4404.01(A) and Regulation 4404.01(B). The newly calculated strike price band will be based on the final settlement price on the last business day of the quarterly cycle of the underlying futures contract. The Exchange will delist all previously listed strike prices that are not one of the newly calculated strike prices, provided that the strike to be delisted has neither call nor put open interest.
- D. All new strike prices will be added prior to the opening of trading on the following business day. The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (11/01/03)

4405.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing Services Provider and by each option customer to his futures commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (12/01/03)

4406.01 Option Premium Basis - The premium for CBOT Dow Jones Industrial Average(SM) Index futures options shall be in multiples of one-half (1/2) of one index point of a CBOT Dow Jones Industrial Average(SM) Index futures contract which shall equal \$5.

However, when both sides of the trade are closing transactions, the option premium may range from \$1.00 to \$5.00 in \$1.00 increments per option contract. (11/01/97)

4407.01 Exercise of Option - The buyer of a CBOT Dow Jones Industrial Average(SM) Index futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Services Provider by 6:00 p.m., or by such other time designated by the Exchange, on such day. (12/01/03)

4407.02 Automatic Exercise - Notwithstanding the provisions of Regulation 4407.01, for options with quarterly expirations, all in-the-money² options shall be automatically exercised after 6:00 p.m. on the business day following the last day of trading, or such other time designated by the Exchange, unless notice to cancel automatic exercise is given to the Clearing Services Provider. Notwithstanding the provisions of Regulation 4407.01, for options with non-quarterly expirations, all in-the-money options shall be automatically exercised after 6:00 p.m. on the last day of trading, or such other time designated by the Exchange, unless notice to cancel automatic exercise is given to the Clearing Services Provider.

For options with quarterly expirations, notice to cancel automatic exercise shall be given to the Clearing Services Provider by 6:00 p.m., or by such other time designated by the Exchange, on the business day following the last day of trading. For options with non-quarterly expirations, notice to cancel automatic exercise shall be given to the Clearing Services Provider by 6:00 p.m., or by such other time designated by the Exchange, on the last day of trading. (12/01/03)

4408.01 Expiration of Option - Unexercised CBOT Dow Jones Industrial Average(SM) Index futures options with quarterly expirations shall expire at 7:00 p.m. on the business day following the last day of trading.

Unexercised CBOT Dow Jones Industrial Average(SM) Index futures options with non-quarterly expirations shall expire at 7:00 p.m. on the last day of trading. (11/01/97)

4409.01 Months Traded In - The months listed for trading are January through December at the discretion of the Exchange; provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which CBOT Dow Jones Industrial Average(SM) Index futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the October or November option contract is the December futures contract. (01/01/98)

4410.01 Trading Hours - The hours of trading of options on CBOT Dow Jones Industrial

/2/ An option is in-the-money if the settlement price of the underlying futures contract is less in the case of a put, or greater in the case of a call than the exercise price for the option.

Ch 44 Trading Conditions

Average(SM) Index futures contracts shall be determined by the Board. On the last day of trading in an expiring option the closing time for such option shall be the same as the underlying futures contract, subject to the provisions of the second paragraph of Rule 1007.00. On the last day of trading in an expiring option, the expiring CBOT Dow Jones Industrial Average(SM) Index futures options shall be closed with a public call, made strike price by strike price, conducted by such persons as the Regulatory Compliance Committee shall direct. CBOT Dow Jones Industrial Average(SM) Index futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (11/01/97)

4411.01 Position Limits and Reportable Positions - (See Regulation 425.01)
(10/01/00)

4412.01 Margin Requirements - (See Regulation 431.05) (11/07/97)

4413.01 Last Day of Trading - For options expiring on the quarterly cycle, trading shall terminate at the same date and time as the underlying futures contract. For options that expire in months other than those in the quarterly cycle, options trading shall terminate on the third Friday of the option contract month, at the end of the regular trading session. If that day is not an Exchange business day, options trading shall terminate on the first preceding business day. (11/01/97)

4414.01 Option Premium Fluctuation Limits - Option premium limits for the CBOT Dow Jones Industrial Average(SM) Index futures options shall correspond to the daily trading limit in effect at that time for the underlying futures contract as specified in Regulation 1008.01F. There shall be no trading in any option contract during a period in which trading in the underlying future is halted as specified in Regulation 1008.01F. On the first day of trading, limits shall be set from the lowest premium of the opening range. (11/01/97)

4414.02 Trading Halts on e-cbot - There shall be no trading in any option contract during e-cbot trading hours when the CBOT Dow Jones Industrial Average(SM) Index primary futures contract is limit bid or limit offered at the e-cbot price limit. (09/01/00)

4415.01 Disclaimer -

CBOT Dow Jones Industrial Average(SM) Index futures and futures options are not sponsored, endorsed, sold or promoted by Dow Jones. =====
Chapter 49
10-Year Interest Rate Swap Futures
=====

Ch49 Trading Conditions

4901.01 Authority - Trading in 10-Year Interest Rate Swap futures may be conducted under such terms and conditions as may be prescribed by regulation. (11/01/01)

4902.01 Application of Regulations - Transactions in 10-Year Interest Rate Swap futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in 10-Year Interest Rate Swap futures contracts. 10-Year Interest Rate Swap futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (11/01/01)

4904.01 Unit of Trading - The unit of trading shall be the notional price of the fixed-rate side of a 10-year interest rate swap that has notional principal equal to \$100,000, and that exchanges semiannual interest payments at a fixed rate of 6% per annum, measured according to a 30/360 daycount convention, for floating interest rate payments, based on the 3-month London interbank offered rate (hereafter, LIBOR) and measured according to an actual/360 daycount convention, and that otherwise conforms to the terms prescribed by the International Swap and Derivatives Association, Inc. (hereafter, ISDA) for the purpose of computing the daily fixing of ISDA Benchmark Rates for U.S. dollar interest rate swaps. (06/01/02)

4905.01 Months Traded In - Trading in 10-Year Interest Rate Swap futures may be scheduled in such months as determined by the Exchange. (11/01/01)

4906.01 Price Basis - The price of 10-Year Interest Rate Swap futures contracts shall be quoted in points. One point equals \$1,000.00. The minimum price fluctuation shall be one thirty-second (1/32) of one point or thirty-one dollars and twenty-five cents (\$31.25) per contract except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one thirty-second point per 100 points (\$7.8125 per contract. Contracts shall not be made on any other price basis. (04/01/02)

4907.01 Hours of Trading - The hours of trading in 10-Year Interest Rate Swap futures shall be determined by the Board. Trading in an expiring 10-Year Interest Rate Swap futures contract shall cease at 11:00 a.m. New York time on the last trading day of said futures contract, subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. That is, on the last day of trading in an expiring future, a bell shall be rung at 11:00 a.m. New York time designating the beginning of the close of the expiring future. Trading shall be permitted thereafter for a period not to exceed one minute, and quotations made during this time shall constitute the close. Following the above-described closing procedure, the Modified Closing Call will be conducted in accordance with Regulation 1007.02. The market shall be opened and closed for all months simultaneously or in such other manner as the Regulatory Compliance Committee shall direct. (06/01/02)

4909.01 Last Day of Trading - The last trading day of a 10-Year Interest Rate Swap futures contracts shall be the second London business day before the third Wednesday of the contract's delivery month. (11/01/01)

4909.02 Liquidation During the Delivery Month - After trading has ceased in contracts for future delivery in the current delivery month (in accordance with Regulation 4909.01 of this chapter), outstanding contracts shall be liquidated by cash settlement as prescribed in Regulation 4942.01. (11/01/01)

4910.01 Margin Requirements - (See Regulation 431.03). (11/01/01)

4912.01 Position Limits and Reportable Positions - (See Regulation 425.01). (11/01/01)

4936.01 Standards - The contract grade shall be the final settlement price of the unit of trading (as defined in Regulation 4904.01 of this chapter) on the last day of trading (as defined in Regulation 4909.01 of this chapter).

The final settlement price shall be based upon the ISDA Benchmark Rate** for a 10-year U.S. dollar interest rate swap for the last day of trading, as published on the last day of trading on Reuters page ISDAFIX1 (or other Reuters page as shall be designated by ISDA for the purpose of publishing and disseminating ISDA Benchmark Rates for U.S. Dollar interest rate swaps). Determination of the final settlement price on the basis of said ISDA Benchmark Rate shall be as prescribed in Regulation 4942.01 of this chapter.

Hereafter in this chapter, the ISDA Benchmark Rate for a 10-year U.S. dollar interest rate swap shall be referenced as "the ISDA Benchmark," and ISDAFIX1 (or other Reuters page as shall be designated by ISDA for the purpose of publishing and disseminating ISDA Benchmark Rates for U.S. dollar interest rate swaps) shall be referenced as "Reuters".

If Reuters fails to report the ISDA Benchmark for the last day of trading on the last day of trading, then the final settlement price shall be based upon the ISDA Benchmark for the next available business day to be reported by Reuters. (06/01/02)

4942.01 Delivery on Futures Contracts - Delivery against 10-Year Interest Rate Swap futures contracts shall be made by cash settlement through the Clearing Services Provider following normal variation margin procedures. Generally, final settlement value (defined below) shall be calculated on the last day of trading after Reuters has published the ISDA Benchmark for the last day of trading. Generally, such publications will occur at 11:30 a.m. New York time on the last day of trading. For exceptions to this, see 4936.01.

The final settlement value shall be determined as follows:

$$\text{Final Settlement Value} = \$100,000 * [6/r + (1 - 6/r) * (1 + 0.01 * r / 2) / -20/]$$

where r represents the ISDA Benchmark for the last day of trading, expressed in percent terms. For example, if the ISDA Benchmark for the last day of trading is five and one quarter percent, then r is equal to 5.25.

The final settlement price shall be the final settlement value, so determined, rounded to the nearest one quarter of one thirty-second of a price point.

Example: Suppose the ISDA Benchmark on the last day of trading is 5.50. The final settlement value will be \$103,806.81. To render this in terms of price points and quarters of thirty-seconds of price points, note that it is between 103-25.75/32nds and 103-26/32nds (where each price point equals \$1,000) --

103-26/32nds	=	\$ 103,812.50
Final settlement value	=	\$ 103,806.81
103-25.75/32nds	=	\$103,804.6875

The final settlement value is nearer to 103-25.75/32nds. Thus, the final settlement price is obtained by rounding down to 103-25.75/32nds.

In the event that the final settlement value is at the exact midpoint between any two adjacent quarters of one thirty-second of a price point, the final settlement price will be obtained by rounding up to the nearest one quarter of a thirty-second of a price point. (12/01/03)

4947.01 Payment - (See Regulation 1049.04) (11/01/01)

- - - - -

Chapter 50
10-Year Interest Rate Swap Futures Options
=====

Ch50 Trading Conditions

5000.01 Authority - Trading in put and call options on 10-Year Interest Rate Swap futures contracts may be conducted under such terms and conditions as may be prescribed by regulation. (12/01/02)

5001.01 Application of Regulations - Transactions in put and call options on 10-Year Interest Rate Swap futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this Chapter which are exclusively applicable to trading in put and call options on 10-Year Interest Rate Swap futures contracts. (See Rule 490.00.) Options on 10-Year Interest Rate Swap futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (12/01/02)

5002.01 Nature of 10-Year Interest Rate Swap Futures Put Options - The buyer of one (1) 10-Year Interest Rate Swap futures put option may exercise his option at any time prior to expiration (subject to Regulation 5007.01), to assume a short position in one (1) 10-Year Interest Rate Swap futures contract of a specified contract month at a strike price set at the time the option was purchased. The seller of one (1) 10-Year Interest Rate Swap futures put option incurs the obligation of assuming a long position in one (1) 10-Year Interest Rate Swap futures contract of a specified contract month at a strike price set at the time the option was sold, upon exercise by a put option buyer. (12/01/02)

5002.02 Nature of 10-Year Interest Rate Swap Futures Call Options - The buyer of one (1) 10-Year Interest Rate Swap futures call option may exercise his option at any time prior to expiration (subject to Regulation 5007.01), to assume a long position in one (1) 10-Year Interest Rate Swap futures contract of a specified contract month at a strike price set at the time the option was purchased. The seller of one (1) 10-Year Interest Rate Swap futures call option incurs the obligation of assuming a short position in one (1) 10-Year Interest Rate Swap futures contract of a specified contract month at a strike price set at the time the option was sold, upon exercise by a call option buyer. (12/01/02)

5003.01 Trading Unit - One (1) 10-Year Interest Rate Swap futures contract of a specified contract month on the Board of Trade of the City of Chicago, Inc. (12/01/02)

5004.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one (1) point per 10-Year Interest Rate Swap futures contract. At the commencement of trading for such option contracts, the following striking prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying 10-Year Interest Rate Swap futures contract, the next twenty-five (25) consecutive higher and the next twenty-five (25) consecutive lower strike prices closest to the previous day's settlement price. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. Over time, new striking prices will be added to ensure that at least twenty-five (25) striking prices always exist above and below the previous day's settlement price on the underlying futures. All new striking prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of strike prices as it deems appropriate in order to respond to market conditions. (04/01/04)

5005.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing Services Provider and by each option customer to his futures commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (12/01/03)

Ch50 Trading Conditions

5006.01 Option Premium Basis - The premium for 10-Year Interest Rate Swap futures options shall be in multiples of one sixty-fourth (1/64) of one point (\$1,000.00) of a 10-Year Interest Rate Swap futures contract which shall equal \$15.625 per 1/64 and \$1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from \$1.00 to \$15.00 in \$1.00 increments per option contract. (07/01/03)

5007.01 Exercise of Option - The buyer of a 10-Year Interest Rate Swap futures option may exercise the option on any business day up to and including the day such option expires by giving notice of exercise to the Clearing Services Provider by 6:00 p.m. Chicago time, or by such other time designated by the Exchange, on such day. In-the-money options that have not been liquidated or exercised on the last day of trading in such option shall be automatically exercised in the absence of contrary instructions delivered to the Clearing Services Provider by 6:00 p.m. Chicago time, or by such other time designated by the Exchange, on the last day of trading by the clearing member representing the option buyer.

Corrections to option exercises, including automatic exercises, may be accepted by the Clearing Services Provider after the 6:00 p.m. deadline and up to the beginning of final option expiration processing provided that such corrections are necessary due to: (1) a bona fide clerical error, (2) an unreconciled Exchange option transaction(s), or (3) an extraordinary circumstance where the clearing firm and customer are unable to communicate final option exercise instructions prior to the deadline. The decision whether a correction is acceptable will be made by the President of the Clearing Services Provider, or the President's designee, and such decision will be final. (12/01/03)

**An option is in-the-money if the settlement price of the underlying futures contract is less in the case of a put, or greater in the case of a call, than the exercise price of the option.

5008.01 Expiration of Option - Unexercised 10-Year Interest Rate Swap futures options shall expire at 7:00 p.m. on the day of termination of trading. (See Regulation 5013.01.) (12/01/03)

5009.01 Months Traded In - Trading in 10-Year Interest Rate Swap futures options may be scheduled in such months as determined by the Exchange. (12/01/02)

5010.01 Trading Hours - The hours of trading of options on 10-Year Interest Rate Swap futures shall be determined by the Board. Trading in an expiring option contract shall cease at 11:00 a.m. New York time on the last trading day of said option contract subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. 10-Year Interest Rate Swap futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Exchange shall direct. (12/01/02)

5011.01 Position Limits and Reportable Positions - (See Regulation 425.01) (12/01/02)

5012.01 Margin Requirements - (See Regulation 431.05) (12/01/02)

5013.01 Last Day of Trading - Trading in an expiring option contract shall terminate at the same time and date as the underlying futures contract, that is, at 11:00 a.m. New York time on the second London business day before the third Wednesday of the underlying futures contract's delivery month. (12/01/02)

Chapter 51
5-Year Interest Rate Swap Futures
=====

Ch51 Trading Conditions

5101.01 Authority - Trading in 5-Year Interest Rate Swap futures may be conducted under such terms and conditions as may be prescribed by regulation. (07/01/02)

5102.01 Application of Regulations - Transactions in 5-Year Interest Rate Swap futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in 5-Year Interest Rate Swap futures contracts. 5-Year Interest Rate Swap futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (07/01/02)

5104.01 Unit of Trading - The unit of trading shall be the notional price of the fixed-rate side of a 5-year interest rate swap that has notional principal equal to \$100,000, and that exchanges semiannual interest payments at a fixed rate of 6% per annum, measured according to a 30/360 daycount convention, for floating interest rate payments, based on the 3-month London interbank offered rate (hereafter, LIBOR) and measured according to an actual/360 daycount convention, and that otherwise conforms to the terms prescribed by the International Swap and Derivatives Association, Inc. (hereafter, ISDA) for the purpose of computing the daily fixing of ISDA Benchmark Rates for U.S. dollar interest rate swaps. (07/01/02)

5105.01 Months Traded In - Trading in 5-Year Interest Rate Swap futures may be scheduled in such months as determined by the Exchange. (07/01/02)

5106.01 Price Basis - The price of 5-Year Interest Rate Swap futures contracts shall be quoted in points. One point equals \$1,000.00. Par shall be on the basis of 100 points. The minimum price fluctuation shall be one half of one thirty-second (1/32) of one point per 100 points (\$15.625 per contract), except for intermonth spreads, where the minimum price fluctuations shall be one-fourth of one thirty-second of one point per 100 points (\$7.8125) per contract. Contracts shall not be made on any other price basis. (06/01/04)

5107.01 Hours of Trading - The hours of trading in 5-Year Interest Rate Swap futures shall be determined by the Board.

Trading in an expiring 5-Year Interest Rate Swap futures contract shall cease at 11:00 a.m. New York time on the last trading day of said futures contract, subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. That is, on the last day of trading in an expiring future, a bell shall be rung at 11:00 a.m. New York time designating the beginning of the close of the expiring future. Trading shall be permitted thereafter for a period not to exceed one minute, and quotations made during this time shall constitute the close. Following the above-described closing procedure, the Modified Closing Call will be conducted in accordance with Regulation 1007.02.

The market shall be opened and closed for all months simultaneously or in such other manner as the Regulatory Compliance Committee shall direct. (07/01/02)

5109.01 Last Day of Trading - The last trading day of a 5-Year Interest Rate Swap futures contract shall be the second London business day before the third Wednesday of the contract's delivery month. (07/01/02)

5109.02 Liquidation During the Delivery Month - After trading has ceased in contracts for future delivery in the current delivery month (in accordance with Regulation 5109.01 of this chapter), outstanding contracts shall be liquidated by cash settlement as prescribed in Regulation 5142.01. (07/01/02)

5110.01 Margin Requirements - (See Regulation 431.03). (07/01/02)

5112.01 Position Limits and Reportable Positions - (See Regulation 425.01).
(07/01/02)

Ch51 Delivery Procedures

5136.01 Standards - The contract grade shall be the final settlement price of the unit of trading (as defined in Regulation 5104.01 of this chapter) on the last day of trading (as defined in Regulation 5109.01 of this chapter).

The final settlement price shall be based upon the ISDA Benchmark Rate** for a 5-year U.S. dollar interest rate swap for the last day of trading, as published on the last day of trading on Reuters page ISDAFIX1 (or other Reuters page as shall be designated by ISDA for the purpose of publishing and disseminating ISDA Benchmark Rates for U.S. Dollar interest rate swaps). Determination of the final settlement price on the basis of said ISDA Benchmark Rate shall be as prescribed in Regulation 5142.01 of this chapter.

Hereafter in this chapter, the ISDA Benchmark Rate for a 5-year U.S. dollar interest rate swap shall be referenced as the "the ISDA Benchmark," and ISDAFIX1 (or other Reuters page as shall be designated by ISDA for the purpose of publishing and disseminating ISDA Benchmark Rates for U.S. dollar interest rate swaps) shall be referenced as "Reuters".

If Reuters fails to report the ISDA Benchmark for the last day of trading on the last day of trading, then the final settlement price shall be based upon the ISDA Benchmark for the next available business day to be reported by Reuters.
(07/01/02)

5142.01 Delivery on Futures Contracts - Delivery against 5-Year Interest Rate Swap futures contracts shall be made by cash settlement through the Clearing Services Provider following normal variation margin procedures. Generally, final settlement value (defined below) shall be calculated on the last day of trading after Reuters has published the ISDA Benchmark** for the last day of trading. Generally, such publications will occur at 11:30 a.m. New York time on the last day of trading. For exceptions to this, see 5136.01.

The final settlement value shall be determined as follows:

$$\text{Final Settlement Value} = \$100,000 * [6/r + (1-6/r)*(1 + 0.01*r/2)-10]$$

where r represents the ISDA Benchmark for the last day of trading, expressed in percent terms. For example, if the ISDA Benchmark for the last day of trading is five and one quarter percent, then r is equal to 5.250.

The final settlement price shall be the final settlement value, so determined, rounded to the nearest one quarter of one thirty-second of a price point.

Example: Suppose the ISDA Benchmark on the last day of trading is 5.500. The final settlement value will be \$102,160.02. To render this in terms of price points and quarters of thirty-seconds of price points, note that it is between 102-05/32nds and 102-05.25/32nds (where each price point equals \$1,000) --

102-05.25/32nds	\$102,164.0625
Final settlement value	\$ 102,160.02
102-05/32nds	\$ 102,156.25

The final settlement value is nearer to 102-05/32nds. Thus, the contract expiration price is obtained by rounding down to 102-05/32nds.

In the event that the final settlement value is at the exact midpoint between any two adjacent quarters of one thirty-second of a price point, the final settlement price will be obtained by rounding up to the nearest one quarter of a thirty-second of a price point. (12/01/03)

5147.01 Payment - (See Regulation 1049.04) (07/01/02)

** ISDA Benchmark mid-market par swap rates collected at 11:00 a.m. by Reuters Limited and Garban Inter-capital plc and published on Reuters page ISDAFIX1.
Source: Reuters Limited.

Chapter 52
5-Year Interest Rate Swap Futures Options
=====

Ch52 Trading Conditions

5200.01 Authority - Trading in put and call options on 5-Year Interest Rate Swap futures contracts may be conducted under such terms and conditions as may be prescribed by regulation. (12/01/02)

5201.01 Application of Regulations - Transactions in put and call options on 5-Year Interest Rate Swap futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this Chapter which are exclusively applicable to trading in put and call options on 5-Year Interest Rate Swap futures contracts. (See Rule 490.00.) Options on 5-Year Interest Rate Swap futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (12/01/02)

5202.01 Nature of 5-Year Interest Rate Swap Futures Put Options - The buyer of one (1) 5-Year Interest Rate Swap futures put option may exercise his option at any time prior to expiration (subject to Regulation 5207.01), to assume a short position in one (1) 5-Year Interest Rate Swap futures contract of a specified contract month at a strike price set at the time the option was purchased. The seller of one (1) 5-Year Interest Rate Swap futures put option incurs the obligation of assuming a long position in one (1) 5-Year Interest Rate Swap futures contract of a specified contract month at a strike price set at the time the option was sold, upon exercise by a put option buyer. (12/01/02)

5202.02 Nature of 5-Year Interest Rate Swap Futures Call Options - The buyer of one (1) 5-Year Interest Rate Swap futures call option may exercise his option at any time prior to expiration (subject to Regulation 5207.01), to assume a long position in one (1) 5-Year Interest Rate Swap futures contract of a specified contract month at a strike price set at the time the option was purchased. The seller of one (1) 5-Year Interest Rate Swap futures call option incurs the obligation of assuming a short position in one (1) 5-Year Interest Rate Swap futures contract of a specified contract month at a strike price set at the time the option was sold, upon exercise by a call option buyer. (12/01/02)

5203.01 Trading Unit - One (1) 5-Year Interest Rate Swap futures contract of a specified contract month on the Board of Trade of the City of Chicago, Inc. (12/01/02)

5204.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one-half (1/2) point per 5-Year Interest Rate Swap futures contract. At the commencement of trading for such option contracts, the following striking prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying 5-Year Interest Rate Swap futures contract, the next fifteen (15) consecutive higher and the next fifteen (15) consecutive lower striking prices closest to the previous day's settlement price. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. Over time, new striking prices will be added to ensure that at least fifteen (15) striking prices always exist above and below the previous day's settlement price on the underlying futures. All new striking prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of strike prices as it deems appropriate in order to respond to market conditions. (04/01/04)

5205.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing Services Provider and by each option customer to his futures commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (12/01/03)

5206.01 Option Premium Basis - The premium for 5-Year Interest Rate Swap futures options shall be in multiples of one sixty-fourth (1/64) of one point (\$1,000.00) of a 5-Year Interest Rate swap futures contract which shall equal \$15.625 per 1/64 and \$1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from \$1.00 to \$15.00 in \$1.00 increments per option contract. (07/01/03)

5207.01 Exercise of Option - The buyer of a 5-Year Interest Rate Swap futures option may exercise the option on any business day up to and including the day such option expires by giving notice of exercise to the Clearing Services Provider by 6:00 p.m. Chicago time, or by such other time designated by the Exchange, on such day. In-the-money options that have not been liquidated or exercised on the last day of trading in such option shall be automatically exercised in the absence of contrary instructions delivered to the Clearing Services Provider by 6:00 p.m. Chicago time, or by such other time designated by the Exchange, on the last day of trading by the clearing member representing the option buyer.

Corrections to option exercises, including automatic exercises, may be accepted by the Clearing Services Provider after the 6:00 p.m. deadline and up to the beginning of final option expiration processing provided that such corrections are necessary due to: (1) a bona fide clerical error, (2) an unreconciled Exchange option transaction(s), or (3) an extraordinary circumstance where the clearing firm and customer are unable to communicate final option exercise instructions prior to the deadline. The decision whether a correction is acceptable will be made by the President of the Clearing Services Provider, or the President's designee, and such decision will be final. (12/01/03)

**An option is in-the-money if the settlement price of the underlying futures contract is less in the case of a put, or greater in the case of a call, than the exercise price of the option.

5208.01 Expiration of Option - Unexercised 5-Year Interest Rate Swap futures options shall expire at 7:00 p.m. on the day of termination of trading. (See Regulation 5013.01.) (12/01/03)

5209.01 Months Traded In - Trading in 5-Year Interest Rate Swap futures options may be scheduled in such months as determined by the Exchange. (12/01/02)

5210.01 Trading Hours - The hours of trading of options on 5-Year Interest Rate Swap futures shall be determined by the Board. Trading in an expiring option contract shall cease at 11:00 a.m. New York time on the last trading day of said option contract subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. 5-Year Interest Rate Swap futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Exchange shall direct. (12/01/02)

5211.01 Position Limits and Reportable Positions - (See Regulation 425.01) (12/01/02)

5212.01 Margin Requirements - (See Regulation 431.05) (12/01/02)

5213.01 Last Day of Trading - Trading in an expiring option contract shall terminate at the same time and date as the underlying futures contract, that is, at 11:00 a.m. New York time on the second London business day before the third Wednesday of the underlying futures contract's delivery month. (12/01/02)

Chapter 53
CBOT(R) mini-sized DowSM Futures (\$5 Multiplier)/1/
=====

Note: These contracts are listed for trading by the Chicago Board of Trade pursuant to Commodity Futures Trading Commission exchange certification procedures.

Ch53 Trading Conditions

5301.01 Authority - Trading in CBOT(R) mini-sized Dow/SM/ futures (\$5 multiplier) may be conducted under such terms and conditions as may be prescribed by regulation. (04/01/02)

5302.01 Application of Regulation - Futures transactions in CBOT(R) mini-sized Dow/SM/ (\$5 multiplier) contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in CBOT(R) mini-sized Dow/SM/ (\$5 multiplier) contracts. CBOT(R) mini-sized Dow/SM/ (\$5 multiplier) futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (04/01/02)

5303.01 Emergencies, Acts of God, Acts of Government - If the delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. (04/01/02)

5304.01 Unit of Trading -- The unit of trading shall be \$5.00 times the Dow Jones Industrial Average/SM/. The Dow Jones Industrial Average/SM/ is a price-weighted index of 30 of the largest and most liquid U.S. stocks. (04/01/02)

5305.01 Months Traded In - The months listed for trading are March, June, September and December, at the discretion of the Exchange. (04/01/02)

5306.01 Price Basis - The price of CBOT(R) mini-sized Dow/SM/ (\$5 multiplier) futures shall be quoted in index points. One index point is worth \$5.00. The minimum price fluctuation shall be one point per contract (\$5.00). Contracts shall not be made on any other price basis. (04/01/02)

5307.01 Hours of Trading - The hours of trading for future delivery in CBOT(R) mini-sized Dow/SM/ futures (\$5.00 multiplier) shall be determined by the Board.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Exchange shall direct. (04/01/02)

5308.01 Price Limits and Trading Halts - (See Regulation 1008.01.) (04/01/02)

5309.01 Last Day of Trading - The last day of trading in CBOT(R) mini-sized Dow/SM/ futures (\$5 multiplier) contracts deliverable in the current delivery month shall be the trading day immediately preceding the final settlement day (as described in Regulation 5342.03). (04/01/02)

5309.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 5309.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 5342.01. (04/01/02)

/1/ "Dow Jones/SM/", "The Dow/SM/", Dow Jones Industrial Average/SM/" and "DJIA/SM/" are service marks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by the Board of Trade of the City of Chicago, Inc. ("CBOT(R)"). The CBOT's futures and futures option contracts based on the Dow Jones Industrial Average/SM/ are not sponsored, endorsed, sold or promoted by Dow Jones/SM/, and Dow Jones/SM/ makes no representation regarding the advisability of trading in such products.

Ch 53 Delivery Procedures

5310.01 Margin Requirements - (See Regulation 431.03.) (04/01/02)

5312.01 Position Limits and Reportable Positions - (See Regulation 425.01.)
(04/01/02)

Ch 53 Delivery Procedures

5336.01 Standards - The contract grade shall be the final settlement price (as described in Regulation 5342.02) of the CBOT(R) mini-sized Dow/SM/ (\$5 multiplier) on final settlement day (as described in Regulation 5342.03).
(04/01/02)

5342.01 Delivery on Futures Contracts - Delivery against the CBOT(R) mini-sized Dow/SM/ futures (\$5 multiplier) contract must be made through the Clearing Services Provider. Delivery under these regulations shall be on the final settlement day (as described in regulation 5342.03) and shall be accomplished by cash settlement as hereinafter provided.

Clearing members holding open positions in a CBOT(R) mini-sized Dow/SM/ futures (\$5 multiplier) contract at the time of termination of trading shall make payment to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Regulation 5342.02). (12/01/03)

If the designated primary market for a component stock does not open on the day scheduled for the determination of the final settlement price, then the final settlement price shall be based on the next opening price for the component stock.

If a component stock does not trade on the day scheduled for determination of the final settlement price while the primary market for the stock is open for trading, the last sale price of the stock will be used to calculate the final settlement price. (04/01/02)

5342.03 The Final Settlement Day - The final settlement day shall be defined as the third Friday of the contract month, or if the Dow Jones Industrial Average/SM/ is not scheduled to be published for that day, the first preceding business day for which the Dow Jones Industrial Average/SM/ is scheduled to be published. (04/01/02)

5347.01 Payment - (See Regulation 1049.04.) (04/01/02)

5348.01 Disclaimer -

CBOT(R) mini-sized Dow/SM/ futures (\$5 multiplier) are not sponsored, endorsed, sold or promoted by Dow Jones. Dow Jones makes no representation or warranty, express or implied, to the owners of CBOT(R) mini-sized Dow/SM/ futures (\$5 multiplier) contracts or any member of the public regarding the advisability of trading in CBOT(R) mini-sized Dow/SM/ futures (\$5 multiplier) contracts. Dow Jones' only relationship to the Exchange is the licensing of certain trademarks and trade names of Dow Jones and of the Dow Jones Industrial Average/SM/ which is determined, composed and calculated by Dow Jones without regard to the Chicago Board of Trade or CBOT(R) mini-sized Dow/SM/ futures (\$5 multiplier) contracts. Dow Jones has no obligation to take the needs of the Chicago Board of Trade or the owners of CBOT(R) mini-sized Dow/SM/ futures (\$5 multiplier) contracts into consideration in determining, composing or calculating the Dow Jones Industrial Average/SM/. Dow Jones is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of CBOT(R) mini-sized Dow/SM/ futures (\$5 multiplier) contracts to be listed or in the determination or calculation of the equation by which CBOT(R) mini-sized Dow/SM/ futures (\$5 multiplier) contracts are to be converted into cash. Dow Jones has no obligation or liability in connection with the administration, marketing or trading of CBOT(R) mini-sized Dow/SM/ futures (\$5 multiplier) contracts.

Ch 53 Delivery Procedures

DOW JONES DOES NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN AND DOW JONES SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. DOW JONES MAKES NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CHICAGO BOARD OF TRADE, OWNERS OF CBOT(R) mini-sized DOW/SM/ FUTURES (\$5 MULTIPLIER) CONTRACTS, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN. DOW JONES MAKES NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL DOW JONES HAVE ANY LIABILITY FOR ANY LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN DOW JONES AND THE CHICAGO BOARD OF TRADE. (04/01/02)

Ch54 Trading Conditions

5401.00 Authority - (See Rule 2801.00) (02/01/04)

5401.01 Application of Regulations - Transactions in put and call options on CBOT mini-sized Dow futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on CBOT mini-sized Dow futures contracts. (See Rule 490.00) (02/01/04)

5402.01 Nature of CBOT mini-sized Dow Futures Put Options - The buyer of one (1) CBOT mini-sized Dow futures put option may exercise his option at any time prior to expiration (subject to Regulation 5407.01), to assume a short position in one (1) CBOT mini-sized Dow futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) CBOT mini-sized Dow futures put option incurs the obligation of assuming a long position in one (1) CBOT mini-sized Dow futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (02/01/04)

5402.02 Nature of CBOT mini-sized Dow Futures Call Options - The buyer of one (1) CBOT mini-sized Dow futures call option may exercise his option at any time prior to expiration (subject to Regulation 5407.01), to assume a long position in one (1) CBOT mini-sized Dow futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) CBOT mini-sized Dow futures call option incurs the obligation of assuming a short position in one (1) CBOT mini-sized Dow futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (02/01/04)

5403.01 Trading Unit - One (1) CBOT mini-sized Dow futures contract of a specified contract month on the Chicago Board of Trade. (02/01/04)

5404.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one hundred (100) index points per CBOT mini-sized Dow futures contract and in integral multiples of two hundred (200) index points per CBOT mini-sized Dow futures contract as follows:

- A. At the commencement of trading for quarterly and non-quarterly expirations, the following strike prices in one hundred point intervals shall be listed: one with a striking price closest to the previous day's settlement price on the underlying CBOT mini-sized Dow futures contract and the next twenty consecutive higher and the next twenty consecutive lower striking prices closest to the previous day's settlement price. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. Over time new striking prices will be added to ensure that at least twenty one hundred point striking prices always exist above and below the previous day's settlement price in the underlying futures.
- B. At the commencement of trading for quarterly and non-quarterly expirations, the following strike prices in two hundred point intervals shall be listed: the next ten consecutive higher and the next ten

- - - - -
/1/ "Dow Jones(SM)", "The Dow(SM)", "Dow Jones Industrial Average(SM)", and "DJIA(SM)", are service marks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by the Board of Trade of the City of Chicago ("CBOT(R)"). The CBOT's futures and futures options contracts based on the Dow Jones Industrial Average(SM) are not sponsored, endorsed, sold or promoted by Dow Jones(SM), and Dow Jones(SM) makes no representation regarding the advisability of trading in such product(s).

consecutive lower strike prices above and below the strike price band as stipulated in Regulation 5404.01(A). Over time new striking prices will be added to ensure that at least ten striking prices in two hundred point intervals always exist above and below the strike price band as stipulated in Regulation 5404.01(A).

- C. At the end of each quarterly cycle, the Exchange shall reset every listed month's strike prices to conform with Regulation 5404.01 (A) and Regulation 5404.01(B). The newly calculated strike price band will be based on the final settlement price on the last business day of the quarterly cycle of the underlying futures contract. The Exchange will delist all previously listed strike prices that are not one of the newly calculated strike prices, provided that the strike to be delisted has neither call nor put open interest.
- D. All new strike prices will be added prior to the opening of trading on the following business day. The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (02/01/04)

5405.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing Services Provider and by each option customer to his futures commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (02/01/04)

5406.01 Option Premium Basis - The premium for CBOT mini-sized Dow futures options shall be in multiples of one index point of a CBOT mini-sized Dow futures contract which shall equal \$5.

However, when both sides of the trade are closing transactions, the option premium may range from \$1.00 to \$4.00 in \$1.00 increments per option contract. (02/01/04)

5407.01 Exercise of Option - The buyer of a CBOT mini-sized Dow futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Services Provider by 6:00 p.m., or by such other time designated by the Exchange, on such day. (02/01/04)

5407.02 Automatic Exercise - Notwithstanding the provisions of Regulation 5407.01, for options with quarterly expirations, all in-the-money options shall be automatically exercised after 6:00 p.m. on the business day following the last day of trading, unless notice to cancel automatic exercise is given to the Clearing Services Provider. Notwithstanding the provisions of Regulation 5407.01, for options with non-quarterly expirations, all in-the-money options shall be automatically exercised after 6:00 p.m. on the last day of trading, unless notice to cancel automatic exercise is given to the Clearing Services Provider

For options with quarterly expirations, notice to cancel automatic exercise shall be given to the Clearing Services Provider by 6:00 p.m., or by such other time designated by the Exchange, on the business day following the last day of trading. For options with non-quarterly expirations, notice to cancel automatic exercise shall be given to the Clearing Services Provider by 6:00 p.m., or by such other time designated by the Exchange, on the last day of trading. (02/01/04)

5408.01 Expiration of Option - Unexercised CBOT mini-sized Dow futures options with quarterly expirations shall expire at 7:00 p.m. on the business day following the last day of trading.

Unexercised CBOT mini-sized Dow futures options with non-quarterly expirations shall expire at 7:00 p.m. on the last day of trading.

5409.01 Months Traded In - The months listed for trading are January through December at the discretion of the Exchange; provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which CBOT mini-sized Dow futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the October or November option contract is the December futures contract. (02/01/04)

5410.01 Trading Hours - The hours of trading of options on CBOT mini-sized Dow futures contracts shall be determined by the Exchange. On the last day of trading in an expiring option the closing time for

such option shall be the same as the underlying futures contract, subject to the provisions of the second paragraph of Rule 1007.00. (02/01/04)

5411.01 Position Limits and Reportable Positions - (See Regulation 425.01) (02/01/04)

5412.01 Margin Requirements - (See Regulation 431.05) (02/01/04)

5413.01 Last Day of Trading - For options expiring on the quarterly cycle, trading shall terminate at the same date and time as the underlying futures contract. For options that expire in months other than those in the quarterly cycle, options trading shall terminate on the third Friday of the option contract month, at the end of the regular trading session. If that day is not an Exchange business day, options trading shall terminate on the first preceding business day. (02/01/04)

5414.01 Option Premium Fluctuation Limits - Option premium limits for the CBOT mini-sized Dow futures options shall correspond to the daily trading limit in effect at that time for the underlying futures contract as specified in Regulation 1008.01D. There shall be no trading in any option contract during a period in which trading in the underlying future is halted as specified in Regulation 1008.01D. On the first day of trading, limits shall be set from the lowest premium of the opening range. (02/01/04)

5414.02 Trading Halts on e-cbot - There shall be no trading in any option contract during e-cbot trading hours when the CBOT mini-sized Dow primary futures contract is limit bid or limit offered at the e-cbot price limit. (02/01/04)

5415.01 Disclaimer -

CBOT mini-sized Dow futures and futures options are not sponsored, endorsed, sold or promoted by Dow Jones. Dow Jones makes no representation or warranty, express or implied, to the owners of CBOT mini-sized Dow futures and futures options contracts or any member of the public regarding the advisability of trading in CBOT mini-sized Dow futures and futures options contracts. Dow Jones' only relationship to the Exchange is the licensing of certain trademarks and trade names of Dow Jones and of the Dow Jones Industrial Average(SM) which is determined, composed and calculated by Dow Jones without regard to the Chicago Board of Trade or CBOT mini-sized Dow futures and futures options contracts. Dow Jones has no obligation to take the needs of the Chicago Board of Trade or the owners of CBOT mini-sized Dow futures and futures options contracts into consideration in determining, composing or calculating the Dow Jones Industrial Average(SM). Dow Jones is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of CBOT mini-sized Dow futures and futures options contracts to be listed or in the determination or calculation of the equation by which CBOT mini-sized Dow futures and futures options contracts are to be converted into cash. Dow Jones has no obligation or liability in connection with the administration, marketing or trading of CBOT mini-sized Dow futures and futures options contracts.

DOW JONES DOES NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES INDUSTRIAL AVERAGE(SM) OR ANY DATA INCLUDED THEREIN AND DOW JONES SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. DOW JONES MAKES NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CHICAGO BOARD OF TRADE, OWNERS OF CBOT MINI-SIZED DOW FUTURES AND FUTURES OPTIONS CONTRACTS, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE DOW JONES INDUSTRIAL AVERAGE(SM) OR ANY DATA INCLUDED THEREIN. DOW JONES MAKES NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIMS ALL WARRANTIES, OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE DOW JONES INDUSTRIAL AVERAGE(SM) OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL DOW JONES HAVE ANY LIABILITY FOR ANY LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. 5505.01 Months Traded In - The months listed for trading are March, June, September and December, at the discretion of the Exchange. (02/01/04)

5506.01 Price Basis - The price of the CBOT Dow Jones U.S. Total Market Index(SM) futures shall be quoted in index points. One point equals \$500. The minimum price fluctuation shall be .05 or \$25 per contract. Contracts shall not be made on any other price basis. (02/01/04)

5507.01 Hours of Trading - The hours of trading for future delivery in CBOT Dow Jones U.S. Total Market Index(SM) futures shall be determined by the Exchange. The market shall be opened and closed for all months simultaneously, or in such other manner as the Exchange shall direct. (02/01/04)

5508.01 Price Limits and Trading Halts - (See Regulation 1008.01) (02/01/04)

5509.01 Last Day of Trading - The last day of trading in CBOT Dow Jones U.S. Total Market Index(SM) futures contracts deliverable in the current delivery month shall be the trading day immediately preceding the final settlement day (as described in Regulation 5542.03). (02/01/04)

5509.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 5509.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 5542.01. (02/01/04)

5510.01 Margin Requirements - (See Regulation 431.03) (02/01/04)

5512.01 Position Limits and Reportable Positions - (See Regulation 425.01) (02/01/04)

- - - - -
/1/ "Dow Jones(SM)" and "Dow Jones U.S. Total Market Index(SM)" are service marks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by the Board of Trade of the City of Chicago, Inc. ("CBOT(R)"). The CBOT's futures and futures option contracts based on the Dow Jones U.S. Total Market Index(SM) are not sponsored, endorsed, sold or promoted by Dow Jones(SM), and Dow Jones(SM) makes no representation regarding the advisability of trading in such product(s).

Ch 55 Delivery Procedures

5536.01 Standards - The contract grade shall be the final settlement price (as described in Regulation 5542.02) of the CBOT Dow Jones U.S. Total Market Index(SM) futures on final settlement day (as described in Regulation 5542.03). (02/01/04)

5542.01 Delivery on Futures Contracts - Delivery against the CBOT Dow Jones U.S. Total Market Index(SM) futures contract must be made through the Clearing Services Provider. Delivery under these regulations shall be on the final settlement day (as described in regulation 5542.03) and shall be accomplished by cash settlement as hereinafter provided.

Clearing members holding open positions in a CBOT Dow Jones U.S. Total Market Index(SM) futures contract at the time of termination of trading shall make payment to and receive payment through the Clearing Services Provider in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Regulation 5542.02). (02/01/04)

5542.02 Final Settlement Price - The final settlement price shall be determined on the final settlement day. The final settlement price shall be \$500 times a Special Open Quotation (SOQ) of the Dow Jones U.S. Total Market Index(SM) based on the opening prices of the component stocks in the index, or on the last sale price of a stock that does not open for trading on the regularly scheduled day of final settlement (as described in Regulation 5542.03). (02/01/04)

5542.03 The Final Settlement Day - The final settlement day shall be defined as the third Friday of the contract month, or if the Dow Jones U.S. Total Market Index(SM) is not scheduled to be published for that day, the first preceding business day for which the Dow Jones U.S. Total Market Index(SM) is scheduled to be published. (02/01/04)

5547.01 Payment - (See Regulation 1049.04.) (02/01/04)

5548.01 Disclaimer -

CBOT Dow Jones U.S. Total Market Index(SM) futures contracts are not sponsored, endorsed, sold or promoted by Dow Jones. Dow Jones makes no representation or warranty, express or implied, to the owners of CBOT Dow Jones U.S. Total Market Index(SM) futures contracts or any member of the public regarding the advisability of trading in CBOT Dow Jones U.S. Total Market Index(SM) futures contracts. Dow Jones' only relationship to the Exchange is the licensing of certain trademarks and trade names of Dow Jones which is determined, composed and calculated by Dow Jones without regard to the Chicago Board of Trade or CBOT Dow Jones U.S. Total Market Index(SM) futures contracts. Dow Jones has no obligation to take the needs of the Chicago Board of Trade or the owners of CBOT Dow Jones U.S. Total Market Index(SM) futures contracts into consideration in determining, composing or calculating the Dow Jones U.S. Total Market Index(SM). Dow Jones is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of CBOT Dow Jones U.S. Total Market Index(SM) futures contracts to be listed or in the determination or calculation of the equation by which CBOT Dow Jones U.S. Total Market Index(SM) futures contracts are to be converted into cash. Dow Jones has no obligation or liability in connection with the administration, marketing or trading of the CBOT Dow Jones U.S. Total Market Index(SM) futures contracts.

DOW JONES DOES NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES U.S. TOTAL MARKET INDEX(SM) OR ANY DATA INCLUDED THEREIN AND DOW JONES SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. DOW JONES MAKES NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CHICAGO BOARD OF TRADE, OWNERS OF CBOT DOW JONES U.S. TOTAL MARKET INDEX(SM) FUTURES CONTRACTS, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE DOW JONES U.S. TOTAL MARKET INDEX(SM) OR ANY DATA INCLUDED THEREIN. DOW JONES MAKES NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIMS ALL WARRANTIES, OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE DOW JONES U.S. TOTAL MARKET INDEX(SM) OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL DOW JONES HAVE ANY LIABILITY FOR ANY LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN DOW JONES AND THE CHICAGO BOARD OF TRADE. (02/01/04)

Ch56 Trading Conditions

5601.01 Authority - Trading in CBOT Dow Jones-AIG Commodity Index(SM) futures may be conducted under such terms and conditions as may be prescribed by Regulation. (11/01/01)

5602.01 Application of Regulations - Futures transactions in CBOT Dow Jones-AIG Commodity Index(SM) ("DJ-AIGCI(SM)") futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in CBOT Dow Jones-AIG Commodity Index(SM) futures. CBOT Dow Jones-AIG Commodity Index(SM) futures contracts are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (11/01/01)

5603.01 Emergencies, Acts of God, Acts of Government - If delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. (11/01/01)

5604.01 Unit of Trading - The unit of trading shall be \$100.00 times the Dow Jones-AIG Commodity Index(SM) Futures Price Index which corresponds to each futures contract.

The Dow Jones-AIG Commodity Index(SM) (DJ-AIGCI(SM)) is a liquidity and world production, dollar-weighted, arithmetic average of prices of up to 23 exchange-traded physical commodity futures contracts which satisfy specified criteria. The futures price index is calculated as the fair value of the basket of futures contracts in the DJ-AIGCI(SM) for a specific contract month. The futures price index is identical to the calculation of the weighted average value (WAV1) of the lead futures in the DJ-AIGCI(SM) divided by four (4) and rounded to one decimal place. The futures price index incorporates no rolling forward of futures contracts and is quoted only until the expiration of the corresponding DJ-AIGCI(SM) futures contract. For any January contract, the futures price index shall be determined using the prior year's DJ-AIGCI(SM) specifications. February through December contracts shall use the current year's DJ-AIGCI(SM) specifications. The DJ-AIGCI(SM) specifications criteria, calculation, and roll procedures are defined in the Dow Jones-AIG Commodity Index(SM) Handbook. (09/01/02)

5605.01 Months Traded In - The months listed for trading are January, February, April, June, August, October and December, at the discretion of the Exchange. (11/01/01)

5606.01 Price Basis - The price of the CBOT Dow Jones-AIG Commodity Index(SM) futures shall be quoted in points. One point equals \$100.00. The minimum price fluctuation shall be 0.1 (1/10) points per contract (\$10.00 per contract). Contracts shall not be made on any other price basis. (11/01/01)

5607.01 Hours of Trading - The hours of trading for future delivery in CBOT Dow Jones-AIG Commodity Index(SM) futures shall be determined by the Exchange.

The market shall be opened and closed for all months simultaneously, or in such other manner as the

/1/ "Dow Jones, " AIG (R)" Dow Jones-AIG Commodity Index(SM)," and DJ-AIGCI(SM)" are service marks of Dow Jones & Company, Inc. and American International Group, Inc., as the case may be, and have been licensed for use for certain purposes by the CBOT. The CBOT Dow Jones- AIG Commodity Index futures and futures options are not sponsored, endorsed or sold by Dow Jones, AIG, American International Group, or any of their respective subsidiaries or affiliates, and none of Dow Jones, AIG, American International Group, or any of their respective subsidiaries or affiliates, makes any representation regarding the advisability of investing in such product(s)."

Ch56 Trading Conditions

Exchange shall direct. (11/01/01)

5608.01 Price Limits and Trading Halts - There are no price limits for CBOT Dow Jones-AIG Commodity Index(SM) futures. (11/01/01)

5609.01 Last Day of Trading - The last day of trading in CBOT Dow Jones-AIG Commodity Index(SM) futures contracts deliverable in the current delivery month shall be the eleventh business day of the contract month (as described in Regulation 5642.03). (11/01/01)

5609.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 5609.01 of this chapter, outstanding contract for such delivery shall be liquidated by cash settlement as prescribed in Regulation 5642.01. (11/01/01)

5610.01 Margin Requirements - (See Regulation 431.03) (11/01/01)

5612.01 Position Limits and Reportable Positions - (See Regulation 425.01) (11/01/01)

5636.01 Standards - The contract grade shall be the final settlement price (as described in Regulation 5642.02) of the Dow Jones-AIG Futures Price Index on final settlement day (as described in Regulation 5642.03). (11/01/01)

5642.01 Delivery on Futures Contracts - Delivery against the CBOT Dow Jones-AIG Commodity Index(SM) futures contracts must be made through the Clearing Services Provider. Delivery under these regulations shall be on the final settlement day (as described in regulation 5642.03) and shall be accomplished by cash settlement as hereinunder provided.

Clearing members holding open positions in a CBOT Dow Jones-AIG Commodity Index(SM) futures contract at the time of termination of trading shall make payment to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Regulation 5642.02). (12/01/03)

5642.02 Final Settlement Price - The final settlement price shall be based on a special quotation of the Dow Jones-AIG Futures Price Index which corresponds to the expiring contract as the close of business on the final settlement day (as described in Regulation 5642.03). This special quotation will consist of the Dow Jones-AIG Futures Price Index which corresponds to the expiring contract calculated using the settlement prices of the component futures on final settlement day, except as noted below.

If an exchange that a component or components of the futures price index is trading on is not open on the final settlement day because of a scheduled closing, then the contribution to the final settlement price for the affected component or components shall be based on the settlement quotation of the first preceding trading day.

If a component contract month's settlement price on the final settlement day is unavailable because of an unanticipated and/or unannounced closure of the component contract market, then the price of such component contract to be used in calculating the final settlement price shall be the next available settlement price.

If the settlement price of a component contract is a limit bid or offer on the final settlement day, then that contract's contribution to the final settlement price is deferred up to ten business days. In the event that a component contract's settlement price is a limit bid or offer on the final settlement day, the price to be used is the first settlement price after the final settlement day that is not a limit bid or offer. If the settlement price is a limit bid or offer for ten consecutive business days following the final settlement day, the contract's settlement price on the tenth subsequent business day shall be used as the contract's contribution to the final settlement price. (11/01/01)

5642.03 The Final Settlement Day - The final settlement day shall be defined as the eleventh business day of the contract month, or if the Dow Jones-AIG Futures Price Index is not published for that day, the first preceding business day for which the Dow Jones-AIG Futures Price Index was published. (11/01/01)

5647.01 Payment - (See Regulation 1049.04.) (11/0101)

5648.01 Disclaimer - The CBOT Dow Jones-AIG Commodity Index(SM) futures and futures options are not sponsored, endorsed or sold by Dow Jones, American International Group, AIG or any of their affiliates. None of Dow Jones, American International Group, AIG or any of their affiliates makes any representation or warranty, express or implied, to the owners of or counterparts to the futures and futures options or any member of the public regarding the advisability of investing in securities or commodities generally or in the futures or futures options particularly. The only relationship of such persons to the Licensee is the licensing of certain trademarks, trade names and service marks and of the Dow Jones-AIG Commodity Index(SM), which is determined, composed and calculated by Dow Jones in conjunction with AIG without regard to the CBOT or the CBOT Dow Jones-AIG Commodity Index(SM) futures or futures options. Dow Jones and AIG have no obligation to take the needs of the CBOT or the owners of the futures or futures options into consideration in determining, composing or calculating Dow Jones-AIG Commodity Index(SM). None of Dow Jones, American International Group, AIG or any of their affiliates is responsible for or has participated in the determination of the timing of, prices at, or quantities of the Dow Jones-AIG Commodity Index(SM) futures or futures options to be issued or in the determination or calculation of the equation by which the futures or futures options are to be converted into cash. None of Dow Jones, American International Group, AIG or any of their affiliates shall have any obligation or liability in connection with the administration, marketing or trading of the futures or futures options. Notwithstanding the foregoing, AIG, American International Group and their respective affiliates may independently issue and/or sponsor financial products unrelated to the Products currently being issued by Licensee, but which may be similar to and competitive with the Products.

NONE OF DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES GUARANTEES THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES-AIG COMMODITY INDEX(SM) OR ANY DATA INCLUDED THEREIN AND NONE OF DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES SHALL HAVE ANY LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. NONE OF DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES MAKES ANY WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CBOT, OWNERS OF THE DOW JONES-AIG COMMODITY, INDEX(SM) FUTURES OR FUTURES OPTIONS, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF DOW JONES-AIG COMMODITY INDEX(SM) OR ANY DATA INCLUDED THEREIN. NONE OF DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES MAKES ANY EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE DOW JONES-AIG COMMODITY INDEX(SM) OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES HAVE ANY LIABILITY FOR ANY LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES OR LOSSES, EVEN IF NOTIFIED OF THE POSSIBILITY THEREOF. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS AMONG DOW JONES, AIG AND THE CBOT, OTHER THAN AMERICAN INTERNATIONAL GROUP. (11/01/01)

- - 30-Day Fed Fund futures/options spreads (single transaction) (thru 12/31/04).

APPENDIX 3A - GUIDELINES FOR GUESTS AND VISITORS WHILE ON THE EXCHANGE FLOOR OF THE CHICAGO BOARD OF TRADE

1. Bringing guests on the Exchange Floor is a privilege extended to all members who comply with the Rules pertaining thereto.
2. Guests shall be admitted to the Exchange Floor between 1/2 hour before the opening on each Floor and 1/2 hour after the close on each Floor.
3. No more than 50 guests shall be allowed on the Exchange Floor at any one time during trading hours.
4. A member may reserve a time for five guests, which reservation will be held no longer than ten minutes. Such reservation privileges will be denied if they are abused.
5. Guests must be accompanied by a member at all times. Both the guest and the host member will sign on to and off of the Floor. The guest will wear, on visible display, a guest badge. The member will be responsible for the guest's conduct on the Floor.
6. A) A guest may remain on the Floor for a period of 30 minutes; if he has not signed out, he will be paged. It will be the member's responsibility to see that the guest leaves the Floor within five minutes of being paged and that the guest returns the badge to the Service Desk on the 4th Floor. Failure to return the guest badge immediately will subject the member to a minimum fine of twenty-five dollars.

B) At the end of the initial 30 minutes, a guest may ask to extend his visit for (a) subsequent period(s) of 30 minutes, although such extension(s) will not be granted if there are more than 50 guests on the Floor at any one time.

C) If necessary, an All Day Guest Pass may be obtained for a foreign visitor, firm executive, firm branch employee, customer or consultant (and other persons with the approval of the Floor Conduct Committee Chairman) by completing a short application form at the fourth floor Service Desk. Except for the 30-minute time limit, the same guidelines apply to All Day Guests, including the requirement that they be accompanied at all times by a member.
7. No privileges other than admittance to the Floor may be extended to a guest. A guest is specifically prohibited from performing any functions of an employee of a member or of a member firm. Entering a trading pit, using a telephone, using the market display equipment and blocking the area are also prohibited.
8. Guests of management for business purposes only shall be allowed in the Exchange Floor.
9. The President of the Exchange may issue special permits beyond the above limit (five individuals) when he deems it in the interest of the Exchange to do so. On a case-by-case basis, he may schedule admission to the Floor for small groups who have made appropriate arrangements.

(Tour Groups: can be no larger than 12, can visit between the hours of 10:30 a.m. and 12:15 p.m., must be escorted at all times, are limited to 15 minutes per tour, will be limited to no more than two groups on the Floor at any one time, and all such groups must be coordinated through the Communications Department.)
10. No other guests of staff members may be allowed on the Exchange Floor.
11. Members shall accompany guests in the Member's cafeteria.
12. No guests may be allowed on the Exchange Floor more than five times in one month.
13. No guest may be allowed on the Exchange Floor who is under twelve years of age.
14. Members who violate and/or allow their guest(s) to violate any of these guidelines may be denied visitor's privileges for a period of up to six months and/or fined appropriately.

APPENDIX 3B - INSTRUCTIONS FOR FLOOR CLERK ACCESS TO
THE FLOOR OF THE BOARD OF TRADE OF THE CITY OF CHICAGO

Please be advised that access to the Floor of the Board of Trade of the City of Chicago (hereinafter referred to as the Exchange) is a right of membership. Associate Members and GIM, IDEM and COM Membership Interest Holders have floor access rights only with respect to specified contracts (See Rules 211.00, 291.00, 292.00 and 293.00). Any and all access by non-members is solely a privilege extended by the membership for the strictly limited purposes outlined below. Any violation of any of these instructions shall be just cause for the revocation of the privilege.

Functions and Responsibilities of Floor Clerks on the Exchange Floor:

A. Floor Clerks and Trainee-Floor Clerks may perform only the following duties and no others while on the Floor of the Exchange:

1. Receive messages (including trading cards and written orders) from their employers or members representing such employers;

2. Deliver said messages (including trading cards and written orders) and communicate orders to the pit from their position or communication instrument by use of hand signals or verbal communication;

3. Write broker's cards from endorsed orders, endorse orders from broker's cards and write the brokers' acronym on the broker's order, during trading hours on the Exchange Floor and for a reasonable period of time thereafter;

4. Operate order processing terminals;

5. Receive and write up orders from, and report order status to, their employers and their employers' duly registered Associated Persons, Introducing Brokers, proprietary traders and customers with respect to commodities traded on the Floor;

6. Communicate information of any nature directly to an individual Member, provided that the information communicated may only concern a contract which is within that individual Member's membership category;

7. Communicate information of any nature to a trader who is trading for the proprietary account of the clerk's member firm employer or for the proprietary account of a firm which has one of the following relationships to the clerk's member firm employer:

- 100% parent firm;
- Wholly owned subsidiary; or
- Affiliate through a common 100% parent firm;

8. Provide market information (not the clerk's own personal opinion) regarding activities on the Floor to any of the following:

- duly registered Associated Persons of the clerk's member firm employer;
- duly registered Introducing Brokers of the clerk's member firm employer; and
- established customers of the clerk's member firm employer;

For the purposes of this section 8., an "established customer" shall be defined as an individual or entity which has an open and active trading account with the clerk's member firm employer.

A clerk may initiate contact with any of the foregoing to provide market information provided that the clerk expresses no personal opinion regarding market direction or specific trades.

A clerk may relay the opinions of a member or of the clerk's member firm employer with the prior approval of such member or member firm employer to any of the following:

- duly registered Associated Persons of the clerk's member firm employer;
- duly registered Introducing Brokers of the clerk's member firm employer; and

- established customers of the clerk's member firm employer.

9. Initiate contact with a customer of the clerk's member firm employer to report the status of that customer's order;

Floor Clerks and Trainee-Floor Clerks may not, while on the Floor of the Exchange, perform any other duties except those explicitly prescribed above. The following Exchange Floor activities are permissible only for members and only with respect to the contracts in which they have membership privileges. The following activities are prohibited for Floor Clerks and Trainee Floor Clerks:

1. Soliciting customer business;
2. Trading for their own accounts or having any interest in a trading account, except as prescribed in Regulation 301.05;
3. Being an RCR or an Associated Person, a Commodity Pool Operator or a Commodity Trading Advisor under the Commodity Exchange Act.
4. Initiating orders or trades of any sort, including arbitrage;
5. Exercising discretion of any sort with respect to any order, including arbitrage;
6. Loitering by or in the trading pits;
7. Being compensated on a commission or per contract basis.

B. Trade Checkers (only) may perform only the following duty and no others ----- while on the Floor of the Exchange.

1. Check and reconcile trades of, for, and on behalf of their member firm employers. Absent extraordinary circumstances, the Floor Governors Committee would expect such Trade Checkers to be off the Floor of the Exchange by 10:30 a.m.

This 10:30 a.m. limitation does not apply to floor clerks who are employed by individual members.

Trade Checkers may not, while on the Floor of the Exchange, perform any other ----- duties except that explicitly prescribed above. The following is a list of the most common abuses of the Trade Checker privilege:

1. Loitering by or in the trading pits or congregating in unassigned areas;
2. Communicating in any manner with members or member firms;
3. Entering verbal orders with members or member firms;
4. Trading for their own accounts;
5. Being or acting in any other capacity, including chartist, with a member or member firm;
6. Being an RCR or Associated Person under the Commodity Exchange Act, as amended by the Commodity Futures Trading Commission Act of 1974.

C. Personnel

1. Emergency Personnel - See Floor Clerks and Trainee-Floor Clerks (Paragraph A above);
2. Summer Personnel - See Floor Clerks and Trainee-Floor Clerks (Paragraph A above);

D. Registered Commodity Representatives (RCRs) and Applicant Observers may ----- perform only the following duty and no other while on the Floor of the Exchange:

1. Observe the various floor activities of the members and other privileged non-members who have been allowed access to the Floor. Such observation shall be limited to a period of two weeks (ten market days).

RCR Observers and Applicant Observers may not, while on the Floor of the Exchange, perform any other duties except that explicitly prescribed above. The following are the areas most prone to abuse and which the RCR Observer and Applicant Observer must be especially aware of:

1. Loitering by or in the Trading pits or congregating in unassigned areas;

2. Answering phones;
3. Placing verbal orders with members of member firms;
4. Writing orders;
5. Trading for their own accounts;
6. Being or acting in any other capacity, including chartist, with a member or member firm.

E. The Floor Conduct Committee has established a special broker assistant badge, in addition to a regular floor clerk badge, and has set up the following guidelines to be used in issuing this special badge.

A broker assistant badge will only be issued for the following purposes:

- a broker having a high volume of orders and who needs an assistant to hold and sort the orders;
- Consistent with these duties, a broker assistant also may communicate market information by means of hand signals and verbal communication.

A badge will not be issued if used for the following reasons:

- card counting - if a floor clerk is a card counter, he/she must quickly enter and take the cards and count them outside of the pit and;
- Information - a floor clerk who obtains information about other brokers or another commodity.

Please keep in mind that the abuses of the floor clerk badge will still be upheld for those issued a broker assistant badge, as follows:

1. Loitering by or in the trading pits or congregating in unassigned areas.
2. Not properly displaying their assigned floor badges.
3. Trading for their own accounts.
4. Being or acting in any other capacity, including chartist, with a member or member firm. A limited exception to this provision applies, only with respect to agricultural markets, as follows. Clearing firms may arrange with floor brokers to place clearing firm floor clerks in pits to perform broker assistant responsibilities for such floor brokers when conditions of high volume/high volatility occur. Such arrangements must be registered with the Exchange as prescribed by the Exchange. Under these arrangements, clearing firms will continue to be responsible for these clerks' supervision and compensation. When conditions of high volume/high volatility are not present, such clerks will return to their normal duties on behalf of their clearing firm employers.
5. Being an Associated Person under the Commodity Exchange Act, as amended by the Commodity Futures Trading Commission Act of 1974.

The committee advises members that the Board of Directors gave fining authority to the Floor Conduct Committee of up to \$500 for conduct violations of Floor Employees of Members. The fining authority begins December 21, 1981.

Your cooperation in this matter would be greatly appreciated.

F. The Exchange has established guidelines regarding the use of headsets in the Trading Pits:

1. Brokers' Assistants and Floor Clerks with headset privileges shall be subject to all applicable CBOT Rules and Regulations, including Rule 301.00; Regulations 301.01, 301.05 and 310.01; and this Appendix. In addition, members who either sponsor or employ an individual utilizing a headset are responsible for ensuring that the sponsored or employed individual complies with the Exchange's Headset Policy.

2. All members and member firms are eligible to receive authorization to utilize headsets. The authority to govern the administration of the use of headsets (including who has authorization and where an authorized individual may utilize the headset apparatus) rests with the Floor Committee. The Floor Committee should establish fair and equitable guidelines for

administering the use of headsets, and when administering its guidelines, the Floor Committee should consult with the relevant Pit Committee. The Floor Committee shall not arbitrarily deny any member or member firm the use of a headset.

3. Headsets may be worn by Brokers' Assistants, Floor Clerks, and Members who have been authorized by the Floor Committee. "Brokers' Assistants" and "Floor Clerks" as used in preceding sentence may include members and membership interest holders who do not have membership privileges in the contract for which the headset is being utilized.

4. A Broker's Assistant or Floor Clerk wearing a headset may communicate order information and fill information but may not communicate his or her personal opinion regarding activities in the trading pit including, but not limited to, interpretations of technical or fundamental market factors or perspective with respect to member trading sentiment or trading bias. Any other information may be communicated via a headset if the information has been conveyed to the headset operator directly by a member (providing that the member conveying the information has trading privileges in the relevant underlying market). In addition, Brokers' Assistants and Floor Clerks wearing headsets may communicate via a headset any market information that is clearly within the respective pit's "public domain". In other words, individuals who are wearing headsets may communicate any market information that has been "publicly" exposed to the respective trading pits. The member sponsor or member employer of the individual wearing the headset is responsible for the content and nature of any headset communications.

Only members on the floor may communicate with non-members located off the floor for the purposes of communicating or receiving market news and personal opinion regarding interpretations of technical or fundamental market factors or perspective with respect to a member's trading sentiment or trading bias. This level of communication is restricted to members with trading privileges in the respective contract who are located on the floor communicating with other members or non-members located either on or off of the trading floor.

5. Headsets may communicate between trading pits and from pit to Exchange floor booth spaces in any CBOT(R) trading room. This includes COM Membership Interest Holders communicating with a floor broker or the floor broker's broker assistant in a futures pit for the purposes of entering futures orders.

Direct communication via headsets located in or around the Exchange's trading pits to and from off-site locations is only allowed provided the individual assigned to a headset adheres to the following requirements when communicating with any individual off the Exchange floor:

- Headset communications shall be permissible between the DowSM pits and the floors of other exchanges which trade equity-related products.
- An individual member located outside a trading pit (e.g., at a floor booth or in an off-site office) may communicate via headset with a member or clerk in or around a trading pit provided that the individual member has trading privileges in the contract which is traded in the pit which the individual accesses.
- Members off the floor can enter orders via headsets for their customer, proprietary and personal accounts provided they have trading privileges in the respective contract.
- Members off the floor utilizing headsets for the purposes of entering customer orders directly into the pit must comply with Exchange audit trail regulations previously mandated by the CFTC which require that customer orders be: recorded on member firm floor order tickets; contain the account identification of the customer; contain an exchange designated time stamp upon receipt and upon confirmation of an execution. The Exchange provides a telephonic link between the booth and the pit to allow for a floor broker to communicate directly with a member who is located off the floor, while simultaneously allowing personnel at the member firm's booth to record the required audit trail information.

- Floor brokers who utilize headsets in conjunction with an electronic order routing/endorsement system are not required to maintain a booth to pit link provided that customer orders are entered electronically and the order entry system provides the requisite audit trail.
- Floor brokers receiving orders from another member not present on the Exchange Floor may record such trades on their trading cards in lieu of obtaining an order ticket. However, the executing member must record the order instructions, account designation, and execution time on the member's order.
- Only Members located on the floor may communicate with non-members located off the floor for the purpose of placing orders for the member's personal trading account or the member firm's proprietary account in CBOT contracts and non-CBOT markets.
- Members or members' broker assistants located on the floor may communicate with non-members located off of the trading floor to accept orders or instructions to change orders from the non-member for agricultural and financial futures and options contracts. The requisite audit trail requirements must be met utilizing the booth to pit link unless the FCM authorizes the executing floor broker to accept the non-member's order without the booth to pit link. Under such authorization of the FCM, the executing floor broker is responsible for meeting all audit trail requirements including: recording customer orders on member firm floor order tickets; recording the account identifier of the customer; and time stamping the customer order upon receipt and upon confirmation of an execution.

Member firms may also permit member or non-member employees (including APs) located off the floor to communicate orders for its proprietary or customer accounts directly to a floor broker or his broker assistant without requiring the booth to pit link upon the member firm's sole discretion. Under this provision, the floor broker would be responsible for capturing the required audit trail information.

6. Any and all headset communications must be voice recorded by the member or member firm authorized to use the headset(s). Members and member firms are permitted to utilize their own recording devices, providing that the devices meet reasonable standards with respect to quality and reliability, or members and member firms may utilize an Exchange administered voice recording system for a fee to be paid to the Exchange by the member or member firm utilizing the Exchange's system.

7. For reasons relating to the general safety and space concerns that arise out of the use of wired headsets, the Floor Committee is encouraged to facilitate, as the development of technology permits, a movement to a wireless headset only environment.

8. Authorization to use a headset does not entitle the authorized individual to a particular spot or site within a pit. In addition, Floor Clerks utilizing headsets may not loiter in the trading pits and must exit the trading pits when they are not conducting business. (06/01/01)

APPENDIX 3C - DRESS CODE

APPENDIX 3-C - DRESS CODE

Members and member firms must make every effort to ensure that their employees and guests conform to the Chicago Board of Trade's Dress Code, as hereafter defined. The Dress Code is designed to provide a safe and businesslike atmosphere on the trading floor for all members and employees; an individual may be refused access to the trading floor for violating the Dress Code. Members and Member firms are subject to fines and/or other disciplinary measures imposed by the Floor Conduct Committee for individual violations of the dress code and violations of the dress code by their employees.

The Chicago Board of Trade Dress Code requires "Business Dress Attire" to be worn at all times on the trading floor-not only during trading hours. "Business Dress Attire" is defined as conventional and businesslike attire which is neat, clean and presentable; does not pose a safety hazard or distraction to the wearer or others; and that which conforms to the following provisions:

- A) Jackets (Suit Coat, Blazer or a Trading Jacket as prescribed by the Association) must be worn on the trading floor by Members and employees at all times. No trading jackets from other Exchanges are allowed on the floor. Guests may not wear trading jackets on the Exchange floor during trading hours. The display of patches or buttons with crude or offensive slogans is prohibited.
- B) Badges, as prescribed by the Association, designating Member trading and access rights and non-member affiliation and access rights must be worn at all times. Badges must be worn in plain view, on the upper front of the jacket (not inside pockets or attached to lower pockets.) Badges from other Exchanges are prohibited. The wearing of out-dated, unauthorized or lapsed membership badges from the Exchange is prohibited. Badges must not be defaced, altered, or affixed with stickers or pictures not approved by the Association.
- C) Men must wear ties (bow ties or neckties) at all times on the trading floor, with the exception of days when there is an early close for any part of the Exchange. Ties must be in good condition, knotted in a conventional manner, and drawn up to at least the second button from the collar. Collared shirts that can be worn with a tie must be worn at all times on the trading floor and must be neat, presentable and businesslike. Shirts must be clean, neat, presentable, tucked in and buttoned up to at least the second button from the collar. Golf-type shirts are permitted. Turtleneck sweaters for men are not allowed. Crewneck sweaters worn over a collared shirt are permitted if a necktie is visible; a trading jacket must also be worn. Shirts with offensive, crude or distracting slogans or pictures are prohibited. Pants or slacks must be neat, presentable and businesslike. Work pants, athletic pants and blue jeans are prohibited.
- D) Women must wear pants, skirts or dresses that are neat, presentable, and businesslike. Skirts may be no shorter than two inches above the knee and must be significantly longer than the trading coat. Full, generously cut, businesslike split skirts may be worn. Shirts, blouses, sweaters or other tops must be neat, presentable, and businesslike. Shirts with offensive, crude or distracting slogans or pictures are prohibited. Work pants, athletic pants and blue jeans are prohibited. Attire should not expose the body in an inappropriate manner (e.g. bare midriffs, backs or thighs.)

- E) Shoes must be worn at all times. Shoes must neither be of a design nor worn in a manner which presents a safety hazard. Slippers and sandals with no backs are prohibited. Women may wear slingback or open-toe sandals that are businesslike. High platform shoes or high heeled shoes or boots with soles and/or heels greater than three inches are not permitted. Athletic shoes are permitted. Shoes must be in neat condition and must be tied or fastened at all times.
- F) Shirts: T-Shirts, sweatshirts, athletic jerseys, hooded shirts, flannel shirts, hospital scrubs and shirts bearing messages, advertisements, pictures or slogans are prohibited. Attire should not expose the body in a manner inappropriate for business (e.g. bare midriffs, chests, or backs.)
- G) Pants: The following are all prohibited: blue jeans, stone washed jeans, bib overalls, fatigues, tie dyes, shorts of any kind, tightly fitting stretch pants, spandex pants, bicycling pants, painter pants, sweat pants, athletic/exercise pants, pants with elastic at the ankles, tights worn in lieu of pants, pants with slogans, advertisements, or work loops, and any pants shorter than 2 inches above the ankle.
- H) Piercing & Jewelry: Jewelry may not be worn if it presents a safety hazard to the wearer or others.
- I) Miscellaneous: All headgear or head coverings are prohibited, except for religious reasons. Sunglasses are prohibited unless they have prescription lenses.

In Summary: All dirty, frayed, faded, torn, badly wrinkled, revealing or unbusinesslike clothing is prohibited. All clothing intended for athletic activity or appropriate for manual labor is prohibited. Attire, worn by members, employees or their guests, which exposes the body in a manner inappropriate for a business atmosphere is prohibited from the trading floor at all times.

While the foregoing is comprehensive and employers and security staff shall enforce the dress code as defined above, they are not limited to the specific examples given. 02/01/02

Same as first year symbols with the year noted.

APPENDIX 3G - GUIDELINES - BADGE VALIDATION AND RETURN

1. In each of the following circumstances, the referenced individual's membership floor access badge must be returned to the Member Services and Member Firm Staff Services ("Member Services") Department as indicated if the transaction involves the individual's only membership or all of his/her memberships:
 - a. A membership seller within 30 days the effective date of the membership sale; (Membership sale proceeds will not be released to the seller unless the badge has been returned).
 - b. A membership transferor within 30 days after the transfer has occurred.
 - c. A membership delegator within 30 days after the effectiveness of the delegation agreement.
2. Each membership delegate must return the applicable delegate badge to the Member Services Department within 30 days after the delegation agreement's termination or expiration.
3. Upon the effective date of any Exchange suspension of membership privileges, the suspended individual must return his/her membership floor access badge to the Member Services Department within 30 days of the effective date of the suspension for the suspension's duration.
4. Upon the termination or expiration of any delegation agreement, the Exchange will delete the terminated delegate's identifying acronym from Exchange computer records after the delegate's 30-day grace period expires.
5. Only Exchange-issued badges will be permissible for floor access. Sewn-on badges will not be permissible.
6. No member, membership interest holder or delegate will be relieved of responsibility for returning the badge, even if lost, without specific approval of the Floor Conduct Committee.

All cases involving lost membership floor access badges should be referred to the Member Services Department which shall have the authority to issue a replacement badge. Member Services will issue a replacement badge only to individuals with valid membership floor access privileges and who are current in their dues. Any problems or unusual circumstances involving a lost membership floor access badge will be referred to the Floor Conduct Committee.

All cases involving lost floor clerk badges will be referred to the Co-Chairman or, in his absence, the Vice-Chairman of the Floor Conduct Committee. No floor clerk will be issued a replacement badge or be relieved of responsibility for returning the badge without specific approval of the Co-Chairman or, in his absence, the Vice Chairman of the Floor Conduct Committee.

7. Floor clerk badge applicants must present acceptable identification when filing their applications. Exchange staff will verify member's co-signatures on floor clerk badge applications and will process such applications in no less than 24 hours after receipt.

APPENDIX 4A

EXCHANGE TRANSACTION FEE SCHEDULE

Account Type (See notes for details)	Platform	U.S. and German Debt		Other Financial Products		Commodity Products	
		First 25k	Over 25k	First 25k	Over 25k	First 25k	Over 25k

	e-cbot	\$0.00	\$0.00	\$0.10	\$0.05	\$0.10	\$0.05
		First 100k	Over 100k	First 100k	Over 100k	First 100k	Over 100k
2 Non-member trading for an individual member's or member-firm's proprietary account	Open Auction	\$0.06	\$0.05	\$0.06	\$0.05	\$0.06	\$0.05
	e-cbot	\$0.06	\$0.06	\$0.30	\$0.20	\$0.30	\$0.20
3 Non-Member's Account	Futures Contracts	Open Auction	\$0.30	\$0.30	\$0.30	\$0.30	\$0.60
		e-cbot	\$0.30	\$0.30	\$0.90	\$0.75	\$1.50
	Options Contracts	Open Auction	\$0.50	\$0.40	\$0.50	\$0.40	\$0.60
		e-cbot	\$0.50	\$0.50	\$0.90	\$0.75	\$1.50

EXCHANGE TRANSACTION FEE SURCHARGES

Delegates or e-cbot only Member firms	\$0.15
Exchange for Physical/Swaps - U.S. and German Debt Contracts	\$0.25
Exchange for Physical - Agricultural Contracts	\$0.50
Wholesale Transactions for Swap or Agency Futures	\$0.50
Exchange for Physical/Swaps - Other Financial Contracts	\$1.00
Exchanges for Risk	\$1.00

Note: Surcharges are levied on applicable transactions in addition to standard, mini-sized, and non-trade exchange transaction fees.

EXCHANGE MINI-SIZED CONTRACT FEES

Contract	Member	Non-Member
\$5 Dow	\$0.05	\$0.75
Gold & Silver	\$0.05	\$0.50
Interest Rate	\$0.15	\$0.50
Agricultural	\$0.02	\$0.25

Note: Exchange transaction fees for mini-sized contracts. Fee surcharges also apply to these fees.

CLEARING DIVISION FEE SCHEDULE

Contracts Cleared (including give-up executions, give-up claims, transfers, EFP's and misclears)	\$0.05
Wholesale Transactions for Swap or Agency Futures	\$0.05
Expired Options	\$0.05
Option Exercises and Assignments	\$0.05
Position Adjustments or Transfers	\$0.05
Futures from Option Exercise or Assignment	\$0.05
Futures Delivered or Cash Settled	\$0.05

EXCHANGE NON-TRADE TRANSACTION FEES

Non-Trades	Member	Non-Member
	\$0.05	\$0.50

Note: Non-trade fees are exchange transaction fees for exercises, deliveries, assignments and expirations. Fee surcharges also apply to these fees.

General Notes

Fee Level 1 Accounts - For the purposes of this chart, member accounts include: Individual Members, Membership Interest Holders, and Proprietary Accounts of Category (1a), (1b), (2a), (2b) and (2c) Member Firms as defined in Reg. 230.02 and their affiliates as defined in Reg. 450.02D. Trades must be both initiated and executed by the member or by the delegate, subject to the delegate surcharge. The delegate surcharge does not apply to delegates both initiating and executing trades per Reg. 450.02C on behalf of the proprietary accounts of the member firms listed above.

Fee Level 2 Accounts - For the purposes of this chart, member accounts include: Individual Members, Membership Interest Holders, Proprietary Accounts of Category (1a), (1b), (2a), (2b), (2c), and (3) Member firms as defined in Reg. 230.02 and their affiliates as applicable and as defined in Reg. 450.02D. Affiliates qualified using a leased membership pay level 2 fees plus the delegate surcharge. Member accounts where the trade is not initiated and/or executed by a member must also comply with Reg. 450.02C.

e-cbot only Member Firms - Proprietary Accounts of Category (4) Member Firms as defined in Reg. 230.02 pay level 2 fees plus the delegate surcharge for full-sized contracts and Member fees plus the delegate surcharge for mini-sized contracts.

Volume Discounts - The discounted rate applies to all traded contracts in excess of 25,000 per month per individual member or per delegate for Fee Level 1 and in excess of 100,000 per month per member firm or per non-member for Fee levels 2 and 3. Volumes are aggregated separately for open auction and e-cbot and within a product complex (U.S. and German Debt, Other Financial, or Commodity). Only full-sized contracts are eligible for the discount.

MACE Permit Holders - Exchange transaction fee for rough rice and mini-sized agricultural contracts is \$0.10. (06/01/04)

Exchanges for Physical - Agricultural Contracts	\$0.50
Wholesale Transactions for Swap or Agency Futures	\$0.50
Exchange for Physical/Swaps - Other Financial Contracts	\$1.00
Exchange for Risk	\$1.00

Note: Surcharges are levied on applicable transactions in addition to standard, mini-sized, and non-trade exchange transaction fees.

Clearing Division Fee Schedule

Contracts Cleared (including give-up executions, give-up claims, transfers, EFP's and misclears)	\$0.05
Wholesale Transactions for Swap or Agency Futures	\$0.05
Expired Options	\$0.05
Option Exercises and Assignments	\$0.05
Position Adjustment or Transfers	\$0.05
Futures from Option Exercise or Assignment	\$0.05
Futures Delivered or Cash Settled	\$0.05

Exchange Fees for mini-sized Contracts

Contract	Member	Non-Member
\$5 Dow	\$0.05	\$0.75
Gold & Silver	\$0.05	\$0.50
Interest Rate	\$0.15	\$0.50
Agricultural	\$0.02	\$0.25

Note: Exchange transaction fees for mini-sized contracts. Fee surcharges also apply to these fees.

Exchange Fees for Non-Trade Transactions

	Member	Non-Member
Non-Trades	\$0.05	\$0.50

Note: Non-trade fees are exchange transaction fees for exercises, deliveries, assignments and expirations. Fee surcharges also apply to these fees.

General Notes

Fee Level 1 Accounts - For the purposes of this chart, member accounts include: Individual Members, Membership Interest Holders, and Proprietary Accounts of Category (1)a), (1b), (2a), (2b) and (2c) Member Firms as defined in Reg. 230.02 and their affiliates as defined in Reg. 450.02D. Trades must be both initiated and executed by the member or by the delegate, subject to the delegate surcharge. The delegate surcharge does not apply to delegates both initiating and executing trades per Reg. 450.02C on behalf of the proprietary accounts of the member firms listed above.

Fee Level 2 Accounts - For the purposes of this chart, member accounts include: Individual Members, Membership Interest Holders, Proprietary Accounts of Category (1a), (1b), (2a), (2b), (2c), and (3) Member firms as defined in Reg. 230.02 and their affiliates as applicable and as defined in Reg. 450.02D. Affiliates qualified using a leased membership pay Level 2 fees plus the delegate surcharge. Member accounts where the trade is not initiated and/or executed by a member must also comply with Reg. 450.02C.

e-cbot only Member Firms - Proprietary Accounts of Category (4) Member Firms as defined in Reg. 230.02 pay Level 2 fees plus the delegate surcharge for full-sized contracts and Member fees plus the delegate surcharge for mini-sized contracts.

Volume Discounts - The discounted rate applies to all traded contracts in excess of 25,000 per month per individual member or per delegate for Fee Level 1 and in excess of 100,000 per month per member firm or per non-member for Fee Levels 2 and 3. Volumes are aggregated separately for open auction and e-cbot and within a product complex (U.S. and German Debt, Other Financial, or Commodity). Only full-sized contracts are eligible for the discount.

MACE Permit Holders - Exchange transaction fee for rough rice and mini-sized agricultural contracts is \$0.10.

(06/01/04)

PROCEDURES FOR RELIEF REQUESTS/FINANCIAL REQUIREMENTS

Procedures for Relief Requests Under CBOE Regulation 285.05 Financial
Requirements and Related CFTC Regulations

A member FCM that has filed any relief request with the Exchange need not file such request with the CFTC. The Exchange will promptly advise the CFTC of the request and use its best efforts to provide the CFTC with all pertinent information available to the Exchange. "Relief request" means a request--

1. under CFTC Regulation 1.17(d) for exemption from the minimum debt/equity ratio;
2. under CFTC Regulation 1.17(e) to withdraw equity capital;
3. under CFTC Regulation 1.17(f)(2)(ii) for approval of consolidation;
4. under CFTC Regulation 1.17(f)(1)(v)(B) for approval of terms in a secured demand note relating to conditions for the making of a demand;
5. under CFTC Regulation 1.17(h)(2)(vii) to prepayment of subordinated borrowings;
6. under CFTC Regulation 1.17(h)(4) for approval of emergency subordination;
7. under CFTC Regulation 1.10(e) approval of a change in fiscal-year election; or
8. under CFTC Regulation 1.10(f) and Section 1.16(f) for a filing extension.

12/01/01

APPENDIX 4E - MINIMUM FINANCIAL REQUIREMENTS FOR AGRICULTURAL REGULARITY

The minimum financial requirements for firms which are regular to deliver agricultural products are:

1. Working Capital - (current assets less current liabilities) must be greater than or equal to \$2,000,000. Firms which do not have \$2,000,000 in Working Capital must deposit with the Exchange \$5,000 per contract which it is regular to deliver, up to a maximum of \$2,000,000, less SEC haircuts, as specified in SEC Rule 15c3-1(c)(2)(vi), (vii) and (viii) plus 3% in the event of liquidation;
2. New Worth - (Total assets less total liabilities) divided by the firm's allowable capacity (measured in contracts) must be greater than \$5,000; The net worth of a firm regular to deliver corn or soybeans must be greater than or equal to \$5,000,000. The operator of a shipping station issuing corn or soybean shipping certificates may only issue new shipping certificates when the total value of all outstanding shipping certificates and the new shipping certificates, at the time of issuance of the new shipping certificates, does not exceed 50% of net worth;
3. Each firm which is regular to deliver agricultural products is required to file a yearly certified financial statement within 90 days of the firm's year-end. Each such firm is also required to file within 45 days of the statement date an unaudited semi-annual financial statement. However, each operator of a shipping station issuing corn or soybean shipping certificates is required to file within 45 days of the statement dates unaudited quarterly financial statements for each of the three quarters which do not end on such firm's year-end. In addition, the Exchange may request additional financial information as it deems appropriate;
4. A Letter of Attestation must accompany all unaudited financial statements. The Letter of Attestation must be signed by the Chief Financial Officer or if there is none, a general partner, executive officer, or managerial employee who has the authority to sign financial statements on behalf of the firm and to attest to their correctness and completeness.
5. For the requirements for notification of capital reductions, see Regulation 285.03.
6. Any change in the organizational structure of a firm that is regular for delivery requires that the firm notify the Exchange prior to such change. Changes in organizational structure shall include, but not be limited to, a corporation, limited liability company, general partnership, limited partnership or sole proprietorship that changes to another form. Prior to any such change occurring, the firm is also required to notify the Exchange in writing of any name change.

01/01/04

APPENDIX 4F

LETTER OF CREDIT STANDARDS

For Corn and Soybeans Only

CBOT Regulation 1081.01 requires, as a condition for regularity, that issuers of shipping certificates for certain commodities must file a bond and or designated letter of credit with sufficient sureties in such sum and subject to such conditions as the Exchange may require.

1. The regular firm is required to secure a letter of credit, naming the Chicago Board of Trade as its beneficiary, for 100% of the current market value of the shipping certificates issued.
2. The regular firm is required to monitor the value of the outstanding certificates issued using the futures spot month settlement price. Whenever the amount of the letter of credit falls below 80% of the current market value for certificates issued, the regular firm must increase the amount of the letter of credit, or obtain a new letter of credit, for an amount equal to 100% of the current market value of outstanding certificates, by 5:00 p.m. (Central Time) on the first business day following the relevant futures settlement.
3. Prior to additional shipping certificates being issued, the regular firm must increase the amount of the letter of credit, or secure a new letter of credit, for 100% of the current market value of all shipping certificates which are outstanding as well as all shipping certificates which will be issued.
4. The Exchange will accept letters of credit only from banks with a Moody's Investor Service counter party credit rating of A or above or a Standard and Poor's short-term counter party rating not lower than A-2.
5. The letter of credit must be irrevocable, it must provide for payment within the time specified by the Exchange, and it must be able to be drawn upon unconditionally.
6. The letter of credit must be in the form approved by the Exchange.
7. The expiration date of a letter of credit may not occur during any relevant futures delivery cycle.

01/01/04

APPENDIX 4G

LETTER OF CREDIT STANDARDS

For Agricultural Products except Corn and Soybeans

CBOT Regulation 1081.01, and amended Regulations 1181.01, 1291.01, and 3704.01 require, as a condition for regularity, that Warehousemen must "file a bond and/or designated letter of credit with sufficient sureties in such sum and subject to such conditions as the Exchange may require."

The following is a list of the recommended conditions with respect to a firm obtaining a letter of credit to meet the financial requirements of regularity:

- a. The regular firm is required to secure a letter of credit, naming the Chicago Board of Trade as its beneficiary, for such sum and subject to such conditions the Exchange may require.
- b. The Exchange will accept letters of credit only from banks with a Moody's Investors Service counterparty credit rating of A or above or a Standard and Poor's short-term counterparty rating not lower than A-2.
- c. The letter of credit must be irrevocable, must provide for payment within the time specified by the Exchange, and must be able to be drawn upon unconditionally.
- d. The letter of credit must be in the form approved by the Exchange.
- e. The expiration date of a letter of credit may not occur during any relevant futures delivery cycle.

APPENDIX 4H

BOND STANDARDS

For Agricultural Products except Corn and Soybeans

CBOT Regulations 1081.01, 1181.01, 1291.01, and 3704.01 require, as a condition for regularity, that Warehousemen must "file a bond and/or designated letter of credit with sufficient sureties in such sum and subject to such conditions as the Exchange may require."

The following is a list of the required conditions with respect to the bond that a Warehouseman must obtain to meet the financial requirements of regularity*:

- a. The Warehouseman is required to secure a bond naming the Chicago Board of Trade as its beneficiary for such sum and subject to such conditions as the Exchange may require.
- b. The bond must be in the form approved by the Exchange.
- c. The Exchange will accept bonds only from insurance companies that have been rated by one of the following rating agencies: AM Best, Standard & Poor's, or Moody's Investors Service. The following are the minimum credit ratings that are acceptable.
 1. AM Best: B++
 2. Standard & Poor's: A-
 3. Moody's Investor Service: A3

* The Exchange will continue to accept USDA bonds in order for Warehousemen to meet the bonding requirements for Wheat, Oats and Rice. If the amount specified in the USDA bond does not meet the Exchange's requirement, an additional bond must be issued for the amount that is not covered by the USDA bond. The additional bond must meet the requirements specified in a. through c.

Original per page (Daily copy).....	\$ 2.60/page
Carbon per page (Daily copy).....	\$.90/page

* Optional

** Hearings are normally scheduled for 2:15 p.m. and seldom last more than 2-1/2 hours. If a hearing lasts in excess of 2-1/2 hours, requires an additional hearing date, or is continued on less than 24 hours' notice to the Administrator, fees will be charged for an additional hearing date.

*** These direct incremental costs attendant upon the provision of unassociated arbitrators will be paid by the member in cases involving customer claims regardless of the outcome of the arbitration unless the arbitrators decide that the customer has acted in bad faith in initiating, or participating in, the arbitration proceeding. Such incremental costs shall be allocated between the parties in the arbitrators' discretion in cases involving non-member claims.

LIFFE CORE NETWORK ACCEPTABLE USE POLICY

1. Permitted Purpose

Except as otherwise agreed by LIFFE, those Persons authorized to use the Core Network in relation to the CBOT Electronic Exchange ("Users") shall use the Core Network solely for purposes of participating in, accessing or obtaining information from the CBOT Electronic Exchange via an Interface with the Equipment.

2. Compliance with Laws

Users shall use the Core Network in accordance with all applicable laws and regulation is and any additional reasonable requirements as LIFFE may deem necessary to protect the Core Network. Without limiting the foregoing, Users shall not use, transmit, distribute or store via the Core Network any data, information or other material ("Data") which (i) infringes or otherwise violates any copyright, trademark, trade secret or other intellectual property of any individual or entity; (ii) is pornographic, obscene, or exploitative of a minor; (iii) is menacing, malicious, illegally threatening or defamatory; or (iv) violates export laws or otherwise violates any applicable treaty, law or regulation.

3. Harmful Activities

Users shall not use the Core Network to transmit, distribute or store any Data or undertake any other activities that may be harmful to or otherwise interfere with (i) the Core Network or the use thereof by any other User or other authorized user of the Core Network, or (ii) any system, network or equipment of LIFFE or any third party, including: (i) intercepting or attempting to intercept Data or other transmissions passing over the Core Network; (ii) forwarding chain letters; (iii) sending multiple e-mails or large transmissions that could reasonably be expected to annoy or harass or to impose a disproportionately large load on, or degrade the functionality of, the Core Network (e.g., "mail bombing"); (iv) sending any e-mail containing misleading or incorrect headers or information rendering the origin of the e-mail unclear or deceptive; (v) sending bulk or unsolicited e-mail messages ("spamming"), either directly or by relaying; or (vi) transmitting any virus, worm or Trojan Horse.

4. Security

4.1 Users shall not violate or attempt to violate the security of the Core Network or interfere or attempt to interfere with LIFFE's systems, networks, authentication measures, servers or equipment or with the use of or access to the Core Network by any other User or any other authorized user of the Core Network. Such prohibited activity includes (i) logging into a server where access is not authorized; (ii) probing, scanning, or testing the security or vulnerability of the Core Network or other networks; and (iii) attempting to gain access via the Core Network to any account or computer resource not belonging to such User ("spoofing").

4.2 Users shall not monitor Data or traffic on the Core Network except via a Trading Application or Interface.

*Applicable as of trade date November 24, 2003 in connection with implementation of the LIFFE CONNECT(R) system for trading on e-cbot.

APPENDIX 9B-1

5. Enforcement

Except as may be agreed between LIFFE and the CBOT, LIFFE shall have no obligation to monitor or exercise control over any Data transmitted, distributed or stored by any User via the Core Network. Notwithstanding the foregoing, LIFFE reserves the right to monitor and control activities undertaken via the Core Network.

6. Responsibility

Each User is fully responsible for all uses of the Core Network undertaken (i) by such User or (ii) via such User's Trading Application or Interface.

(11/01/03)

e-cbot ERROR TRADE POLICY

The CBOT's error trade policy is designed to preserve the integrity of CBOT product markets by striking an appropriate balance between trade certainty and erroneous price discovery. The policy provides a mechanism to promptly address transactions that are executed at obviously erroneous prices substantially inconsistent with the last trade price of the contract or alternative determination of the contract's fair value. This policy does not relieve market participants from potential financial responsibility or liability for the execution of trades that are deemed an "error trade" if their actions caused financial loss to other parties whose transactions were busted.

1. Invoking the Error Trade Policy

If an e-cbot user believes that he executed a trade through e-cbot at a price that was in error, he must contact e-cbot Market Operations ("e-cbot Operations") at (312) 347-4600 without delay. If e-cbot Operations is not notified within five minutes of the execution time of the asserted error trade, the trade will stand. A third party or e-cbot Operations may also call a trade into question within five minutes of the execution. Trades called into question within five minutes will be evaluated in accordance with sections 2 and 3 of this policy. However, e-cbot Operations has the authority, but not the obligation, to consider trades reported after the five minute deadline provided the trade price in question is grossly (i.e. multiple points) out of line with the last trade price or alternatively determined fair value of the respective contract.

Trades resulting from quantity errors generally will not be called into question.

2. Trade Price Within the "No Bust Range"

If a futures transaction is asserted to be at a price that is in error, the trade shall not be considered for review by e-cbot Operations unless the price of the asserted error trade is greater than the designated number of ticks (as outlined in Appendix 9B-3) from the reference price. The reference price will be the last trade price preceding the entry of the error trade or an alternatively determined fair value of the contract. Fair value for futures contracts may be determined by the last trade price, preceding settlement price, spread relationships and/or other variables deemed relevant by e-cbot Operations. However, during side-by-side hours the reference price on a downside (upside) move will never be higher (lower) than the low (high) of the pit traded price for an equivalent contract during the time period that the prices of the contracts were disjointed. During non-side-by-side hours, the reference price will never be higher (lower) than the low (high) of an equivalently traded contract.

If an option trade is asserted to be at a price that is in error, the trade shall not be considered for review by e-cbot Operations unless the price of the asserted error trade conforms to the following guidelines:

1. Trades must be greater than 2 ticks above or below the theoretical price in order to be busted.
2. Trades greater than 2 ticks away from the theoretical price, but less than 20 ticks away from the theoretical price, must be greater than 20% above or below the theoretical price, in order to be eligible to be busted.
3. Trades greater than 20 ticks above or below the theoretical price (40 ticks for the Soybean complex and Dow complex), may be busted even if the tick disparity is less than 20% of the theoretical value.

If an asserted trade entry error results in trade executions at multiple price levels, the last trade price (if used to determine the reference price) shall be the last trade price prior to the entry of the alleged error trade.

*Applicable as of trade date November 24, 2003 in connection with implementation of the LIFFE CONNECT(R) system for trading on e-cbot

If the asserted error trade is the first trade in a contract that has not previously been opened, e-cbot Operations will determine a fair value estimate for the contract, which then will be gauged against the error trade range to determine the final status of the trade.

If e-cbot Operations contacts a member user regarding a suspicious order and the user states that the order is entered correctly, the order (if subsequently executed) may only be called into question by a third party.

Trades that are executed outside of the daily price limits will be busted by e-cbot Operations irrespective of whether the trade(s) falls within the "no bust range" established above.

3. Trade Price Outside of the "No Bust Range"

If the price of the asserted error trade is more than the specified number of ticks from the reference price, e-cbot Operations will send a broadcast message to the user community indicating that the trade has been called into question. If the asserted error trade is outside of the specified tick range and involves only two parties, e-cbot Operations will attempt to contact the parties to the transaction. If both parties agree to bust or re-price the transaction, e-cbot Operations shall send a broadcast message to the user community and an alert to the quote vendor network indicating that the trade was busted or re-priced.

If there is more than one contra-party to the order asserted to have been executed in error, e-cbot Operations will gauge the erroneous transactions against the error trade range to determine the final status of the trades.

4. e-cbot Operations Authority to Halt Markets

e-cbot Operations shall have the authority to halt markets in any contract during extraordinary circumstances where there has been a major market movement without any apparent economic or fundamental basis for movement to have occurred.

5. Decisions of e-cbot Operations

A. e-cbot Operations will review the circumstances surrounding the alleged error trade to determine whether it should be deemed an error trade and busted. However, subject to the mutual agreement of both parties, the trade may be re-priced in line with the contract's fair value. If the trade is repriced to a level that is below a sell limit price or above a buy limit price, and the customer rejects the trade, the trade must be placed in the error account of the customer's clearing firm. Parties to these transactions are permitted to make cash adjustments to settle losses that occur as a result of the error trade. Should parties to a disputed transaction be unable to mutually resolve financial disputes arising from such transactions, arbitration facilities are available through the Exchange. The Arbitration Committee may hold the party who entered the order that resulted in the error trade financially responsible for losses that occur as a result of the busted trade(s).

Trade certainty and the timely resolution of error trades are critical objectives of this policy. Therefore, if parties to a disputed transaction do not agree to the terms of resolution, e-cbot Operations reserves the final authority to determine the disposition of the questioned transaction.

During side-by-side trading hours, e-cbot Operations shall, unless impracticable, make its determination within 10 minutes of the broadcast message regarding the potential error trade. During non side-by-side trading hours, e-cbot Operations shall, unless impracticable, make its determination within 15 minutes of the broadcast message regarding the potential error trade. The decisions of e-cbot Operations shall be final, and e-cbot Operations shall send a broadcast

message and an alert to the quote vendor network indicating whether the trade was busted, re-priced or allowed to stand.

- B. In making its determination, e-cbot Operations may consider relevant factors including, but not limited to: market conditions immediately before and after the transaction; the prices of related contracts; whether one or more parties to the trade believe the trade was executed at a valid price: the extent to which the transaction appeared to trigger contingency orders and other trades; information related to the e-cbot Operations by third parties.

6. Procedures for Correcting Error Trades

In the event a trade is busted, the parties to the transaction must reverse the transaction through applicable clearing house procedures. e-cbot Operations will notify OIA regarding any situation where a party fails to claim or misclear trades in a timely manner. Such failure may be deemed a violation of Rule 504.00, Acts Detrimental to the Welfare of the Association.

Under no circumstances shall the parties to an alleged error trade be permitted to reverse the error by entering into a prearranged transaction.

If the trade called into question is determined not to be an error trade, the parties to the trade are permitted to mutually agree upon cash adjustment: any such adjustment must be reported to e-cbot Operations.

Spreads

Because of the autoleg feature of the e-cbot system, spreads may be executed such that one leg of the spread is determined to be an error trade and the other leg is deemed to have been executed at a good price. In such circumstances, the party who enters an outright order that causes an error trade on an autolegged spread will be deemed to be the counterparty to the good leg of the spread (see Appendix 9B-4). The parties to the transactions will reverse and claim the transactions as indicated through the applicable clearing house procedures.

7. Arbitration Procedures

Arbitrations relating to asserted error trades are limited to trades that are determined by e-cbot Operations to be an error trade. A notice of intention to arbitrate must be filed within ten business days after the date of the error trade. The party that caused the error may be held responsible for realized losses incurred by parties whose trades were busted as a result of the error.

8. Error Trade Fees

The party responsible for the error must pay a \$1,000 fee for each of the first two error trades, \$3,000 for the 3rd/ error trade, and \$5,000 for each subsequent error trade within a calendar year.

*APPENDIX 9B-4

EXAMPLE OF AUTOLEG ERROR

Trader "A" has a spread order in the book to buy June Bonds and sell September Bonds. (Please note that when you enter a spread order into the system, it assigns prices to the individual legs and the order is included in the outright order books.) Trader "B" has an order to sell June Bonds.

Trader "C" makes an error by entering a bid in the September contract (he intended to bid June). Trader C's bid for September matches against Trader A's sell September portion of the spread, which triggers Trader A's buy June portion of the spread to match against Trader B's sell June order.

The September trade between Trader C and Trader A is determined to be an error trade. The June trade between A and B is executed at an economically justifiable price.

The September leg is determined to be an error trade and is busted. Trader C is then required to claim the June leg executed for Trader A.

Summary

June Bonds		Sep Bonds	
Buy	Sell	Buy	Sell
A	B	C	A

Trader C is cause of error

Trader A vs. B = good price

Trader A vs. C = bad price

Trader A vs. C leg is determined to be an error trade and is busted

Trader A vs. B leg is reversed and Trader C is required to claim the trade so that Trader B is not harmed.

(11/01/03)

*Applicable as of trade date November 24, 2003 in connection with implementation of the LIFFE CONNECT(R) system for trading on e-cbot.

THIS APPENDIX IS ONLY A REFERENCE GUIDE AND SHOULD NOT BE CONSTRUED AS A TRADING RECOMMENDATION OF THE CHICAGO BOARD OF TRADE. DUE TO THE RAPID CHANGES IN FREIGHT TARIFFS, WE DO NOT GUARANTEE THIS APPENDIX AS TO ACCURACY OR COMPLETENESS. FOR CURRENT INFORMATION ON SWITCHING CHARGES CONTACT THE RESPECTIVE RAIL CARRIER DIRECTLY.

01/01/00

APPENDIX 10G - GRAIN LOAD-OUT PROCEDURES

The following is a general outline of procedures for the load-out of grain covered by Chicago Board of Trade ("CBOT") registered warehouse receipts/shipping certificates. The procedures are based upon a combination of CBOT Rules and Regulations and trade practice. Where applicable, CBOT Rules and Regulations are cited.

1. Cancellation of the Warehouse Receipt/Shipping Certificate

- a. To initiate the load-out process, the receipt/certificate holder, or owner, requests his clearing firm to cancel the warehouse receipt/shipping certificate at the CBOT Registrar's Office or requests load-out using the electronic form provided by the Cleaning House's Online System.
- b. Warehouse receipts/shipping certificates cancelled after 4:00 p.m. shall be deemed to be cancelled on the following business day.
- c. The next step for the owner of cancelled rice, oats or wheat warehouse receipts is to surrender them to the regular warehouseman or his representative agent in Chicago. The agent must be a registered clearing member of the CBOT, be located in the vicinity of the CBOT and be available during business hours (except Exchange holidays). Business hours are 8:00 a.m. - 4:30 p.m., Monday - Thursday and 8:00 a.m. - 3:00 p.m. on Friday.
- d. At this time, the warehouseman/shipper, at his option, may require the owner to pay storage/premium and insurance charges that have accumulated up to and including the date of surrender. (See items 6(a) and (b) below.) The warehouseman's/shipper's agent shall accept these payments during business hours.
- e. At this time, the warehouseman, at his option, may also require the owner to pay the warehouseman or his agent a load-out fee of up to 6 cents per bushel. A fobbing charge of 4 cents per bushel was already paid at the time of delivery of corn and soybean shipping certificates. (The maximum load-out/fobbing fee, subject to change, is 6 cents per bushel for receipts and 4 cents per bushel for certificates.)
- f. If the owner decides against loading out grain within two days after canceling warehouse receipts/shipping certificates, he may notify the warehouseman/shipper that warehouse receipts/shipping certificates are to be re-issued. In the case of rice, oats or wheat, if the warehouseman is notified by 12:00 noon, re-issued receipts shall be deliverable by 4:00 p.m. the following business day. Requests to re-issue receipts/shipping certificates more than two business days after receipts/shipping certificates are cancelled are subject to mutual agreement. All fees for re-issuance are payable by the owner.
- g. The Registrar bills the owner's clearing firm a cancellation fee per receipt/certificate. (Internal policy of CBOT's Registrar's Office.)

2. Submission of Written Loading Orders.

- a. The owner provides the warehouseman/shipper with written loading orders that identify the vessel, barge, or number of rail cars that will take delivery of the grain, and that specify the grade and estimated number of bushels to be loaded. "To be nominated" (TBN) barge identities are acceptable in loading orders.
- b. Written loading orders must be received no later than two business days after warehouse receipts/shipping certificates are cancelled.
- c. The owner will notify the warehouseman/shipper of loading orders. All loading order received by 2:00 p.m. on a given business days shall be considered dated that day. Orders received after 2:00 p.m. on a business day shall be considered dated the following business day.
- d. When loading orders are received by 2:00 p.m. of any given business day, the warehouseman/shipper will advise the owner by 10:00 a.m. the following business day of the scheduled loading dates and tonnage due. Notification of scheduled loading dates and any changes in scheduled loading dates will be by telephone, e-mail or telefax to the owner.

3. Arrangement of Transportation Conveyance.

- a. Next, the owner arranges for proper conveyance of the grain to be loaded out with a carrier; the conveyance may be rail cars, barge, or vessel, and must be clean and ready-to-load.
- b. An owner requesting vessel load-out, having surrendered canceled receipts/certificates and tendered written loading orders to the

warehouseman/shipper, is entitled to the warehouse's/shipper's current scheduled load-in and load-out lineups, provided the owner gives to the warehouseman/shipper the identity of the vessel and the estimated-time-of-arrival no more than 5 calendar days prior to constructive placement of the vessel.

In addition, an owner is entitled to receive updated information, upon request, on the warehouse/shipping station scheduled load-in and load-out lineups.

- d. The carrier or its agent notifies the warehouseman/shipper of the "constructive placement" of the conveyance. The term "constructive placement" is defined in CBOT Regulations 1081.01(12)A3 (1), (2) and (3). Only the warehouseman/shipper can order the conveyance to the warehouse/shipping station for actual placement for loading.
- e. The warehouseman/shipper is not responsible for the failure of the carrier to present clean, ready-to-load conveyance to the warehouseman/shipper.

4. Request for Grain Inspection or Stevedoring Service.

- a. The owner may, at his option and expense, request the warehouseman/shipper to arrange inspection and weighing service provided by the Federal Grain Inspection Service ("FGIS").
- b. In case of water load-out (barge or vessel), the owner should request the warehouseman/shipper to arrange stevedoring service. In this regard, the owner may designate to the warehouseman/shipper the stevedoring service he would like to use.
- c. The warehouseman/shipper does not control the availability of the FGIS and the stevedoring services.

5. Actual Load-Out.

- a. The warehouseman/shipper shall transmit to the Registrar by 11:00 a.m. the name, location of warehouse/shipping facility, and number of delivery vessels/barges/rail cars constructively placed that day. The Registrar shall maintain a current record of the number of delivery vessels/barges/rail cars constructively placed and shall be responsible for posting this record on the Exchange Floor and the CBOT website.
- b. The warehouseman/shipper must load-out all conveyances in the order of their constructive placement. Load-out of transportation constructively placed on the same day shall be in the order in which loading orders were received. An operator of a regular facility in Chicago, Burns Harbor, along the Illinois Waterway, and St. Louis has the obligation of loading grain represented by warehouse receipts or shipping certificates giving preference to takers of delivery.
- c. The warehouseman/shipper informs the owner of the time of loading completion and the release time of the conveyance to the carrier.
- d. The warehouseman/shipper must advise the owner of any load-out difficulties. Inclement weather may delay loading.
- e. The owner should be familiar with the tariff of the warehouse/shipping station where the load-out is to occur.
- f. Any expense for making the grain available for loading on the Illinois Waterway will be borne by the party making delivery, provided that the taker of delivery constructively places barge equipment clean and ready to load within five (5) business days following the scheduled loading date of the barge on the Illinois Waterway. If the taker's barges are not constructively placed within five (business) days following the scheduled loading date of the barge on the Illinois Waterway, the taker shall pay the shipper an amount not to exceed 30/100 of one cent per bushel per day multiplied by the number of calendar days from the fifth business day following the schedule loading date to the date that the barge is constructively placed, including both dates, but excluding business days the shipper meets his minimum daily barge load-out rate. Requests to cancel loading instructions and re-issue receipts/shipping certificates more than two business days after receipts/shipping certificates are cancelled are subject to mutual agreement. All fees for re-issuance are payable by the owner.

6. Final Settlement of All Charges By Invoice

- a. The owner pays the warehouseman/shipper storage/premium charges that have accumulated up to and including the 10th business day after constructive placement of the conveyance or the date of loading completion, whichever is earlier, for wheat and oats, or up to and including the date of loading for corn and soybeans. If the owner paid storage/premium charges when he surrendered the cancelled warehouse receipt/shipping certificate he now pays storage/premium charges that have accumulated since that time as invoiced.
- b. The owner pays the warehouseman/shipper for the FGIS service and the stevedoring company for stevedoring service as invoiced. The owner is responsible for charges incurred for stevedoring service, except, all fees for stevedoring services to load corn

and soybeans into barges are to be paid by the issuer of the corn or soybean shipping certificate.

- c. With some exceptions for Burns Harbor delivery, the owner pays all transportation costs, including switching charges and demurrage, if any, to the appropriate transportation company.

*/ The outline provided above is intended to serve only as a general guide to grain load-out procedures; certain of the discussed obligations of the warehouseman/shipper and owners may not apply in a particular situation or may be open to negotiation between the parties. Care has been taken in the preparation of this outline, but there is no warranty or representation expressed or implied by the Chicago Board of Trade or its member firms as to the accuracy or completeness of the material herein. In particular, CBOT rules and regulations may be revised from time to time. Accordingly, current rules and regulations, if applicable, should be consulted when there is a question about load-out. Please be advised that the U.S. Warehouse Act, as amended, or a state law may also apply to, or govern, a particular situation. If you have legal questions concerning load-out, we recommend that you consult your legal counsel. 06/01/03

APPENDIX 37D - MINIMUM FINANCIAL REQUIREMENTS FOR ROUGH RICE REGULARITY

The minimum financial requirements for firms which are regular to deliver Rough Rice are:

1. Working Capital - (current assets less current liabilities) must be greater than or equal to \$1,000,000. Firms which do not have \$1,000,000 in working capital must deposit with the Exchange \$5,000 per contract which they are regular to deliver, up to a maximum of \$1,000,000 less SEC haircuts, as specified in SEC Rule 15c3-1(c) (2) (vi), (vii) and (viii) plus 3% in the event of liquidation.

2. Net Worth - (Total assets less total liabilities) divided by the firm's allowable capacity (measured in contracts) must be greater than \$5,000.

3. Each firm which is regular to deliver Rough Rice is required to file a yearly certified financial statement within 90 days of the firm's year-end. Each such firm is also required to file within 90 days of the statement date an unaudited semi-annual financial statement. In addition, the Exchange may request additional financial information as it deems appropriate;

4. A Letter of Attestation must accompany all financial statements. The Letter of Attestation must be signed by the Chief Financial Officer or if there is none, a general partner, executive officer, or managerial employee who has the authority to sign financial statements on behalf of the firm and to attest to their correctness and completeness.

5. For the requirements for notification of capital reductions, see Regulation 285.03.

6. Any change in the organizational structure of a firm that is regular for delivery requires that the firm notify the Exchange prior to such change. Changes in organizational structure shall include, but not be limited to, a corporation, limited liability company, general partnership, limited partnership or sole proprietorship that changes to another form. Prior to such change occurring, the firm is also required to notify the Exchange in writing of any name change.

For other applicable provisions, see Appendix 4G, "Letter of Credit Standards" and Appendix 4H, "Bonding Standards."

01/01/04

AGREEMENT

This Agreement is made and entered into this 17th day of December, 2003 ("Effective Date") by and between the Board of Trade of the City of Chicago, Inc., a Delaware non-stock corporation (the "CBOT"), and the Chicago Board Options Exchange, Incorporated, a Delaware non-stock corporation (the "CBOE").

WHEREAS, paragraph (b) of Article Fifth of CBOE's Certificate of Incorporation ("Article Fifth(b)") provides, among other things, that every present and future member of the CBOT who applies for membership in the CBOE and who otherwise qualifies shall, so long as he remains a member of the CBOT, be entitled to be a member of the CBOE (this right of members of the CBOT to become members of the CBOE is referred to herein as the "Exercise Right");

WHEREAS, the CBOT and the CBOE have entered into that certain Agreement dated as of September 1, 1992 (the "1992 Agreement"), and that certain Agreement dated as of August 1, 2001, which was subsequently amended and supplemented by letter agreements dated October 24, 2001, and September 13, 2002, among the CBOT, CBOE and CBOT Holdings, Inc., a Delaware stock corporation and wholly owned subsidiary of the CBOT (as amended and supplemented, the "2001 Agreement"), for the purpose of resolving disputes as to the meaning of certain terms used in Article Fifth(b) and the nature and scope of the Exercise Right in connection with a proposed restructuring of the CBOT and the expanded operation of the CBOT's electronic trading system;

WHEREAS, the CBOT may pursue a strategic restructuring substantially as contemplated by that certain Registration Statement on Form S-4 (Registration No. 333-72184); and

WHEREAS, the CBOT and the CBOE have agreed that, in advance of the consummation of the proposed strategic restructuring of the CBOT (it being understood that the CBOT is not under any obligation to consummate that, or any other, strategic restructuring), the CBOT intends to issue to each of its 1,402 CBOT Full Members who request such issuance an "Exercise Right Privilege" (as defined below), which, to the extent provided herein, represents the Exercise Right privileges of the CBOT Full Membership in respect of which it was issued.

NOW, THEREFORE, in consideration of the foregoing and the mutual promises and agreements contained herein, the parties, in their own capacity and on behalf of their respective members, pursuant to the authorization of their respective Boards of Directors, agree as follows:

1. DEFINITIONS.

For purposes of this Agreement, capitalized terms used but not otherwise defined herein shall have the meaning given to them in the 1992 Agreement.

- (a) "Exercise Right Privilege" means an Exercise Right that, to the extent provided in this Agreement, has been unbundled from the other rights embodied in a CBOT Full Membership in order to enable the unbundled Exercise Right Privilege to be issued by the CBOT in accordance with and subject to the CBOT's Rules and Regulations to be adopted by CBOT in a form mutually agreed to by the parties, to any holder of one of the 1,402 outstanding CBOT Full Memberships who requests its issuance.
- (b) "Eligible CBOT Full Member" has the meaning set forth in the definition of that term in the 1992 Agreement, provided that if a CBOT Full Membership is one in respect of which the CBOT has issued the Exercise Right Privilege, an individual holder of such CBOT Full Membership shall be deemed to be an Eligible CBOT Full Member only if the individual: (i) is in possession of one (1) Exercise Right Privilege, (ii) is, as the holder of such CBOT Full Membership, in possession of all of the other rights or privileges

appurtenant to a CBOT Full Membership, and (iii) meets the applicable membership and eligibility requirements of the CBOT and is deemed to be a "CBOT Full Member" under the CBOT's Rules and Regulations then in effect. Exercise Right Privileges may be separately bought, sold or leased, and may be unbundled and rebundled with CBOT Full Memberships in respect of which an Exercise Right Privilege has been issued, for purposes of qualifying the holder thereof as an Eligible CBOT Full Member, provided that neither the holder of a CBOT Membership in respect of which an Exercise Right Privilege has been issued who does not also possess an Exercise Right Privilege, nor a person who possesses an Exercise Right Privilege who does not also hold a CBOT Full Membership, shall be deemed to be an Eligible CBOT Full Member. The holder of a CBOT Full Membership in respect of which an Exercise Right Privilege has not been issued shall qualify as an Eligible CBOT Full Member if the requirements of the 1992 Agreement are satisfied, without having to possess an Exercise Right Privilege. For purpose of this definition, the words "possess" and "in possession of" shall be deemed to include possession by ownership or lease, or as a nominee.

- (c) "Eligible CBOT Full Member Delegate" has the meaning set forth in the definition of that term in the 1992 Agreement, provided that if a CBOT Full Membership is one in respect of which the CBOT has issued an Exercise Right Privilege, an individual delegate of such CBOT Full Membership shall be deemed to be an Eligible CBOT Full Member Delegate only if the individual: (i) is in possession of (A) one (1) Exercise Right Privilege and (B) all of the other rights or privileges appurtenant to a CBOT Full Membership, and (ii) meets the applicable membership and eligibility requirements of the CBOT and is deemed to be a "CBOT Full Member Delegate" under the CBOT's Rules and Regulations then in effect. Exercise Right Privileges may be separately bought, sold or leased, and may be unbundled and rebundled with the lease of CBOT Full Memberships in respect of which an Exercise Right Privilege has been issued, for purposes of qualifying the delegate thereof as an Eligible CBOT Full Member Delegate, provided that neither a delegate of a CBOT Membership in respect of which an Exercise Right Privilege has been issued who does not also possess an Exercise Right Privilege, nor a person in possession of an Exercise Right Privilege who is not also the delegate of a CBOT Full Membership, shall be deemed to be an Eligible CBOT Full Member Delegate. The delegate of a CBOT Full Membership in respect of which an Exercise Right Privilege has not been issued shall qualify as an Eligible CBOT Full Member Delegate if the requirements of the 1992 Agreement are satisfied, without having to possess an Exercise Right Privilege. For purpose of this definition, the words "possess" and "in possession of" shall be deemed to include possession by ownership or lease, or as a nominee.
- (d) "Nominee" means a nominee of an owner of an Exercise Right Privilege or CBOT Full Membership, as applicable, under the CBOT Rules and Regulations, as they may be amended from time to time; provided that any such amendment shall not have the effect of increasing the number of persons eligible to qualify as an Eligible CBOT Full Member under the terms of this Agreement, and to the extent not inconsistent with this Agreement, the 1992 Agreement.

2. THE CBOT'S AGREEMENTS.

- (a) The CBOT agrees, in its own capacity and on behalf of its members, that only an individual who is an Eligible CBOT Full Member or an Eligible CBOT Full Member Delegate is a member of the CBOT within the meaning of Article Fifth(b) eligible to be an Exerciser Member, subject to the terms and conditions of this Agreement and, to the extent not inconsistent with this Agreement, the 1992 Agreement.
- (b) The CBOT agrees that subject to Section 9 below and in accordance with procedures specified in rules to be adopted by CBOT in a form mutually agreed to by the parties, it

will issue the Exercise Right Privilege only once with respect of each of the 1,402 CBOT Full Memberships. No transfer of an Exercise Right Privilege or of any interest therein shall be valid or effective for any purpose whatsoever unless and until the transfer is duly reflected in the books and records of the CBOT. In no event shall the CBOT issue in the aggregate more than 1,402 Exercise Right Privileges. Subject to the foregoing, other persons, including but not limited to the CBOE, shall be free to purchase and to hold, lease or sell Exercise Right Privileges without limitation.

- (c) The CBOT shall maintain a registry that identifies by Membership number each CBOT Full Membership in respect of which an Exercise Right Privilege has been issued. Once the CBOT has issued an Exercise Right Privilege in respect of a CBOT Full Membership, the CBOT shall not thereafter issue another Exercise Right Privilege or any other instrument representing the Exercise Right or any interest therein in respect of that CBOT Full Membership. Each person to whom it is proposed to transfer a CBOT Full Membership in respect of which an Exercise Right Privilege has been issued shall be required to acknowledge in writing, before the transfer of that CBOT Full Membership becomes effective, that the CBOT Full Membership may not be the basis for acquiring or maintaining a CBOE membership by exercise unless the holder (or delegate) of that CBOT Full Membership is and remains the holder or delegate of an Exercise Right Privilege.
- (d) The CBOT agrees to adopt and maintain in effect amended rules in a form mutually agreed to by the parties, commencing no later than sixty (60) days after this Agreement and/or all rule changes required to implement this Agreement have been approved by the CBOT membership. The CBOT shall not issue any Exercise Right Privileges until these rules are effective.
- (e) The CBOT shall furnish to the CBOE and shall update on a current basis a list of all holders and delegates of CBOT Full Memberships, specifying by membership number those CBOT Full Memberships in respect of which Exercise Right Privileges have been issued and those CBOT Full Memberships in respect of which Exercise Right Privileges have not been issued. The CBOT shall also furnish to the CBOE and shall update on a current basis a list of all holders and delegates of Exercise Right Privileges issued in respect of specified CBOT Full Memberships. For purposes of this paragraph (e), information pertaining to an event shall be deemed to have been furnished "on a current basis" if it is furnished no later than the opening of business on the business day immediately following the day when the event occurred.

3. THE CBOE'S AGREEMENTS.

- (a) The CBOE agrees, on its own behalf and on behalf of its members, that an Eligible CBOT Full Member or an Eligible CBOT Full Member Delegate is a member of the CBOT within the meaning of Article Fifth(b), and is eligible to be an Exerciser Member, subject to the terms and conditions of this Agreement and, to the extent not inconsistent with the terms and conditions of this Agreement, the terms and conditions of the 1992 Agreement.
- (b) Subject to Section 9 below, the CBOE intends to make an offer to CBOT Full Members that, subject to the terms and conditions of the offer, will provide for the CBOE to purchase Exercise Right Privileges from those CBOT Full Members that accept the offer. The making of such an offer shall have no effect on the right of CBOT Full Members who choose not to accept the offer to become members of the CBOE by exercise, and those CBOT Full Members and their delegates shall continue to be entitled to become members of the CBOE by exercise in accordance with and subject to Article Fifth(b), this Agreement and, to the extent consistent with this Agreement, the 1992 Agreement.

- (c) The CBOE shall furnish to the CBOT and shall update on a current basis a list of all Eligible CBOT Full Members and Eligible CBOT Full Member Delegates who have become Exerciser Members, specifying the membership number associated with the CBOT Full Memberships and, where applicable, the Exercise Right Privileges that serve as the basis for their status as Exerciser Members. The CBOE shall also furnish to the CBOT and shall update on a current basis a list specifying the CBOT membership number associated with all Exercise Right Privileges that have been purchased or otherwise acquired by the CBOE. For purposes of this paragraph (c), information pertaining to an event shall be deemed to have been furnished "on a current basis" if it is furnished no later than the opening of business on the business day immediately following the day when the event occurred.
4. **INFORMATION SHARING.** In addition to the information specified in Sections 2(e) and 3(c) above, the parties agree to provide to each other on a current basis (or as frequently as may otherwise be practicable) any other information in their possession reasonably necessary to determine the status of their members as Eligible CBOT Full Members, Eligible CBOT Full Member Delegates, holders of Exercise Privileges, and Exerciser Members. For purposes of this Section 4, information pertaining to an event shall be deemed to have been furnished "on a current basis" if it is furnished no later than the opening of business on the business day immediately following the day when the event occurred.
5. **FURTHER ASSURANCES.** The parties shall take such further steps toward ensuring that their respective memberships understand the implications of this Agreement as they shall reasonably agree, including, without limitation, the development of appropriate materials for distribution to their respective memberships.
6. **GOVERNING LAW.** Except to the extent that this Agreement is governed by any law of the United States or by a rule or regulation adopted by a regulatory agency pursuant to any such law, this Agreement shall in all respects be governed by and construed in accordance with the laws of the State of Illinois, without regard to its conflicts of law doctrine.
7. **ASSIGNMENT.** This Agreement shall be binding upon and inure to the benefit of the successors and permitted assigns of each party hereto, provided that no rights, obligations or liabilities hereunder shall be assignable by any party without the prior written consent of the other party.
8. **OTHER AGREEMENTS; INTEGRATION OF THIS AGREEMENT WITH CBOT RESTRUCTURING TRANSACTIONS AND 2001 AGREEMENT.** The 1992 Agreement shall remain in full force and effect, and the CBOT and the CBOE hereby reaffirm all of their respective rights and obligations thereunder, except that if any provision of the 1992 Agreement conflicts with any provision of this Agreement, the provisions of this Agreement shall control. The parties agree that prior to the effectiveness of the CBOT Restructuring Transactions, the terms of the CBOT Restructuring Transactions (as defined in the 2001 Agreement) and the terms and provisions of the 2001 Agreement shall be modified to take into account the issuance of Exercise Right Privileges pursuant to this Agreement and otherwise to be made consistent with the terms and provisions of this Agreement. Among other things, such modifications shall prevent the double issuance of interests representing the Exercise Right by providing that no membership or other interests representing the Exercise Right shall be issued in the CBOT Restructuring Transactions to holders of CBOT Full Memberships in respect of which Exercise Right Privileges have previously been issued. The parties agree that this Agreement, the 1992 Agreement and the 2001 Agreement reflect the complete and exclusive understanding and agreement of the parties concerning the Exercise Right, and supersede all prior proposals and communications (oral or written) by or between the parties on the same subject. The CBOT and the CBOE agree to be bound by this Agreement and not to take any action inconsistent with this Agreement.
9. **SCOPE OF AGREEMENT; APPROVALS.** The CBOT and CBOE mutually agree that the interpretation of Article Fifth(b) embodied in this Agreement is intended to apply solely under the

circumstances involving the issuance of Exercise Right Privileges as described herein, and that such interpretation is appropriate and within the meaning and spirit of Article Fifth(b). The CBOT and the CBOE acknowledge that the interpretation of Article Fifth(b) embodied in this Agreement must be filed with and approved by the Securities and Exchange Commission ("SEC") in order to become effective. The CBOE will submit any rule changes required to implement this Agreement and its proposal to make the offer to CBOT Full Members that is referred to in the fourth recital and in Section 3(a) of this Agreement to the SEC for its review and approval. The CBOE also intends to submit its proposal to make the offer to CBOT Full Members referred to herein to the approval of the CBOE membership. The CBOT intends to submit this Agreement and/or all rule changes required to implement this Agreement to its membership for approval, and subsequently to the Commodity Futures Trading Commission ("CFTC") for its review and approval. The CBOT and the CBOE each agree to submit to the other for its review such party's rule changes required to implement this Agreement at least ten days before the rule changes are filed with the SEC or the CFTC, as applicable. The CBOT and the CBOE shall each use its best efforts to obtain the above-described approvals from its respective membership and from the CFTC and the SEC, as applicable, in the most expeditious manner possible. If either the CBOT membership or the CBOE membership, or the SEC, the CFTC or both, refuse approval unless certain changes are made, the parties agree to consider in good faith the adoption of the necessary changes as expeditiously as possible. If the SEC, the CFTC or the membership of the CBOT or the CBOE thereafter refuse their approval, despite the parties' good faith efforts, this Agreement shall be null and void, as if never executed, and neither party shall be deemed to be in any way bound by any term or provision, including any agreement or acknowledgement, of this Agreement.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their duly authorized representatives.

SETTLEMENT AGREEMENT

This Settlement Agreement ("Settlement Agreement" or "Agreement") is entered into as of February 6, 2004, by and between:

- A. The Plaintiff Class Representatives (on behalf of the Plaintiff Class) in Feldheim, et al. v. Sims, et al., Circuit Court of Cook County Case No. 00 CH 11791 ("the Minority Member Lawsuit"); and

- B. The Board of Trade of the City of Chicago, Inc., including its parents, subsidiaries, predecessors, successors, assigns and any other corporate entity that is created by the CBOT to effectuate any Restructuring ("CBOT").

RECITALS

WHEREAS, the CBOT is one of the oldest and largest futures and options exchanges in the world. It is, and since its organization in 1848 has been, one of the most important economic institutions in Illinois and in the United States;

WHEREAS, at present, the CBOT is a Delaware nonstock corporation that serves individuals and member firms. Members of the CBOT elect a Board of Directors to carry on the business of the corporation. The CBOT's Board presently consists of a chairman and 16 other directors and there is one vacant director position;

WHEREAS, in January 2000, the CBOT, in a historic decision, voted to approve a strategy to restructure the CBOT from an Illinois special charter corporation into one or more for-profit stock corporations. The CBOT then appointed an Independent Allocation Committee to make a recommendation on an allocation of the CBOT's Equity Ownership Interests among the CBOT's various members and membership interest holders. The Equity Ownership Interests allocation recommended by the Independent Allocation Committee and approved by the CBOT provided for an allocation of Equity Ownership Interests among the CBOT's members and membership interest holders in the following ratio:

- 5.0 Full Members ("FMs" or "Full Members");
- 1.0 Associate Members ("AMs");
- 0.50 Government Interest Market Membership Interests ("GIMs");
- 0.07 Commodity Option Market Membership Interests ("COMs");
- 0.06 Index, Debt and Energy Membership Interests ("IDEMs").

WHEREAS, in August 2000, a class action lawsuit was commenced against the Defendant Class of all FMs by the Plaintiff Class Representatives on behalf of a Plaintiff Class of AMs, GIMs, COMs and IDEMs. The Plaintiff Class sought declaratory and injunctive relief, challenging the proposed allocation of shares in the restructured CBOT and seeking, among other relief, a judicial hearing on the fairness of the proposed allocation;

WHEREAS, by order dated March 7, 2002, as amended by order of April 10, 2002, the Court certified a Defendant Class consisting of all FMs of the CBOT and a Plaintiff Class consisting of AMs, GIMs, COMs and the IDEMs of the CBOT.

WHEREAS, on August 8, 2002, the Court granted summary judgment in favor of the Defendant Class. The Plaintiff Class' motion for reconsideration was denied on December 16, 2002;

WHEREAS, the Plaintiff Class appealed and, on July 16, 2003, the Illinois Appellate Court, First District, reversed and remanded the cause to the Court for a fairness hearing. A petition for rehearing and petition for certificate of importance were filed by the Defendant Class on August 7, 2003. The petitions were denied on December 17, 2003. On January 21, 2004, the Defendant Class filed a petition for leave to appeal to the Supreme Court of Illinois;

WHEREAS, Plaintiff Class Counsel state that they have conducted a thorough investigation and have taken extensive discovery into the facts and circumstances underlying the issues related to the allegations of the Third Amended Complaint; that they have reviewed and analyzed thousands of documents produced by the Defendant Class, the CBOT and third parties; that they have conducted extensive oral discovery in the pending cause; that they have consulted with forensic economists and that they have thoroughly researched the applicable law with respect to the claims of the Plaintiff Class and the potential defenses thereto;

WHEREAS, Plaintiff Class Counsel and CBOT Counsel (including counsel for the Chairman of the CBOT) engaged in substantial arm's-length negotiations over more than a four-month period in an effort to resolve this controversy, including conducting numerous meetings and telephone conferences where the terms of any agreement were extensively debated and negotiated;

WHEREAS, the CBOT denies that it is liable for any reason to the Plaintiff Class and states that it has agreed to the compromise and settlement of this action subject to the terms and conditions set forth herein because the CBOT believes that the compromise is fair and in the best interests of the CBOT and of all of its members and membership interest holders and to avoid the expense, inconvenience, risks, burden and distraction that would be involved in continuing this litigation and specifically to avoid further delay to the CBOT's pursuit of proposed restructuring, a restructuring that the CBOT believes the overwhelming majority of its members and membership interest holders favor;

WHEREAS, on January 21, 2004, the Plaintiff Class and the CBOT executed a Memorandum of Understanding in which both parties agreed, among other things, to an allocation of CBOT Equity Ownership Interests among the CBOT members and membership interest holders to be distributed in a Restructuring occurring within the time frame described herein; and

WHEREAS, the Plaintiff Class and the CBOT and their respective counsel believe that the terms and conditions of this Settlement Agreement are fair, reasonable, adequate and acknowledge that this Settlement Agreement is the result of arm's-length negotiations between the parties;

NOW, THEREFORE, in consideration of the promises and agreements, covenants, representations and warranties set forth herein, intending to be legally bound, the Plaintiff Class and the CBOT, each acting through their respective counsel, hereby enter into this Settlement Agreement which provides for the settlement of the Minority Member Lawsuit on the terms and conditions set forth in this Settlement Agreement, subject to approval by the Court pursuant to Section 2-806 of the Illinois Code of Civil Procedure.

DEFINITIONS

The following definitions shall apply throughout this Settlement Agreement:

1. "CBOT Counsel" means the law firms of Kevin M. Forde, Ltd. and the Law Offices of Peter B. Carey.
2. "Court" means the Circuit Court of Cook County, Illinois, County Department, Chancery Division.
3. "Defendant Class" means the class of defendants certified by the Court in its order of March 7, 2002, as amended by its order of April 10, 2002.
4. "Fairness Hearing" means the hearing scheduled by the Court pursuant to Section 12 to consider final approval of this Settlement Agreement and entry of a Final Judgment Order.

5. "Final Judgment Order" means a final non-appealable order, which is substantially in the form attached as Exhibit A hereto, or in such other form as a court may determine, (a) approving the settlement and permitting the consummation of this Settlement Agreement in accordance with all of its terms and provisions; (b) dismissing the Minority Member Lawsuit with prejudice; and (c) retaining jurisdiction to construe and enforce this Settlement Agreement. A Final Judgment Order shall be deemed to have come into effect when it becomes non-appealable and, if appealed, when the mandate is issued.

6. "Plaintiff Class" means the class of plaintiffs certified by the Court in its order of March 7, 2002, as amended by its order of April 10, 2002.

7. "Plaintiff Class Counsel" means the law firms of Robinson Curley & Clayton, P.C. and Sachnoff & Weaver, Ltd.

SETTLEMENT TERMS

1. Intervention By CBOT, Voluntary Dismissal By Plaintiff Class, Class Notice And Settlement Approval.

Simultaneous with the execution of this Settlement Agreement, the Plaintiff Class Representatives will file a Motion for Voluntary Dismissal of the Minority Member Lawsuit, with prejudice. Such Motion for Voluntary Dismissal shall be contingent on a Final Judgment Order coming into effect.

Simultaneous with the execution of this Settlement Agreement, the CBOT will file a motion in the Minority Member Lawsuit for leave to intervene in the case to become a party to the lawsuit for purposes of settlement and for purposes of any other proceedings or events necessary or incident to implementation of this Settlement Agreement.

Simultaneous with the execution of this Settlement Agreement, the Plaintiff Class Representatives and the CBOT will file a Joint Motion to Stay and Remand requesting that the Illinois Supreme Court should stay the appellate proceedings and remand the cause to the Court to give preliminary and final approval to this Settlement Agreement, and to consider the Plaintiffs' Motion For Voluntary Dismissal.

Immediately upon notice of the remand order from the Illinois Supreme Court, the Plaintiff Class Representatives and the CBOT will file a Joint Motion in the Court requesting that the Court set a hearing date for preliminary settlement approval. Upon preliminary approval by the Court, the parties shall immediately move to schedule a hearing for final Court approval

of this Settlement Agreement and shall send appropriate Notice of such a hearing to all persons to whom the Court directs such Notice should be sent. The CBOT will bear the entire cost of mailing such Notice. Upon a Final Judgment Order coming into effect, the parties shall jointly advise the appellate court in which the case was pending of the Court approval and jointly request that the pending appeal (if any) be dismissed as moot. The CBOT will pay for costs, if any, ordered by a court to be paid to effectuate the dismissal of the Minority Member Lawsuit pursuant to 735 ILCS 5/2-1009(a) or 2-806.

In the event of any appeal from the Court's decision approving the Voluntary Dismissal of the Minority Member Lawsuit together with this Settlement Agreement, the CBOT will request that the Court require the posting of a bond sufficient to compensate the CBOT for all injuries resulting from the delay of its proposed Restructuring and all other damages that the CBOT may incur as a result of the delay occasioned by any such appeal.

Notwithstanding any other provisions or statements made in this Settlement Agreement, in the attachments to this Settlement Agreement, or in any other papers now or hereafter filed by either or both of the parties to this Settlement Agreement, the parties reserve their rights to make any argument to any court regarding the standard or standards to be employed by the court in connection with approval of this Settlement Agreement.

2. Effect of Non-Approval or Modification of Settlement Agreement.

In the event that (i) the Illinois Supreme Court denies the Joint Motion to Stay and Remand referenced above and grants the pending Petition for Leave to Appeal, or (ii) if a Final Judgment Order does not come into effect, then this Settlement Agreement shall be null and void, and the parties shall be returned to their original positions as of the date of the Settlement Agreement, including the reinstatement of pending appeals (if any); provided, however, that if a

court refuses to enter a Final Judgment Order in the absence of a modification of this Settlement Agreement, then the party who is disadvantaged or injured by such proposed modification shall have the option to waive the provisions of this Section 2 and accept such modification, thus keeping this Settlement Agreement and the remainder of its terms, together with such modification, in force. To effectuate the parties' intention that the parties shall be returned to their original positions as of the date of the Settlement Agreement in the event this Settlement Agreement shall become null and void, the CBOT agrees that it will not, solely as a result of its having intervened or attempted to intervene in the Minority Member Lawsuit and its subsequently having been dismissed from that lawsuit due to this Settlement Agreement becoming null and void, raise the single refiling rule or any other procedural defense to prevent the Plaintiff Class from filing future claims or lawsuits against the CBOT that relate to the subject matter of the Minority Member Lawsuit, provided, however, that in such circumstances, the CBOT will retain every defense to any subsequent Minority Member lawsuit that it had on the day before entry into the Settlement Agreement and the Minority Members likewise will retain all rights that they had on the day before entry into the Settlement Agreement. If this Settlement Agreement becomes null and void for the reasons stated in this Section 2, then the Preliminary Approval and Scheduling Order referenced below shall be vacated and this Settlement Agreement, the Preliminary Approval and Scheduling Order and all documents in any way relating to any of the foregoing shall not be relied upon or referred to in connection with the further prosecution or defense of the Minority Member Lawsuit.

3. Allocation of CBOT Equity Ownership Interests Upon Restructuring.

For purposes of this Settlement Agreement, the term “Equity Ownership Interests” shall mean all common, preferred and other equity interests of any kind or nature.

Any proposal approved by the Board of Directors of the CBOT, which contemplates (a) a restructuring, recapitalization, consolidation, merger or sale of all or substantially all of the assets of the CBOT, or a sale, transfer or distribution by the CBOT of Equity Ownership Interests in the CBOT and (b) an allocation by the CBOT of Equity Ownership Interests in the CBOT among the classes of CBOT members and membership interest holders (a “Restructuring”), will include a proposed allocation of Equity Ownership Interests in the CBOT among the classes of CBOT members and membership interest holders that results, at the time of completion of such Restructuring, in beneficial ownership of such Equity Ownership Interests in the CBOT on a fully diluted basis (which shall be deemed to include indirect ownership resulting from the ownership of other interests issued by the CBOT that are exercisable or convertible into Equity Ownership Interests in the CBOT) only in the following percentages and ratios (the “Settlement Allocation”):

FMs – 77.65%;

AMs/GIMs/COMs and IDEMs (in the aggregate) – 22.35%¹

with the Minority Members’ 22.35% to be divided among each then outstanding individual Minority Member based on the following “Minority Allocation Ratio:”

AM	- 1.00
GIM	- 0.50
COM	- 0.25
IDEM	- 0.11

For purposes of illustration, this Minority Allocation Ratio would equate, on classwide basis, to the following class percentages assuming the following

¹ The AMs/GIMs/COMs and IDEMs are hereinafter referred to as “the Minority” or “the Minority Members.”

number of Minority Members per class as of the date of completion of Restructuring (without giving effect to any compensation award to the Plaintiff Class Representatives):

AMs	801	16.31550407%
GIMs	130	1.323979731%
COMs	643	3.27430372%
IDEMs	641	1.436212475%

These Minority Member classwide allocation percentages are calculated as follows:

- (a) the Minority Allocation Ratio (e.g., in the case of an AM, 1.00) for the applicable Minority Member class multiplied by the number of Minority Members in the applicable class as of the time Restructuring is completed, divided by
- (b) the sum of the results of applying the formula in clause (a) above to all four classes of Minority Members, multiplied by
- (c) 0.2235.²

Thus, if, at the time of completion of a Restructuring, the number of AMs and GIMs has changed due to conversion of GIM Membership Interests into Associate Memberships, then the aggregate Equity Ownership Interests in the CBOT allocated to the AMs and GIMs as classes will change, but each individual Minority Member in each class (i.e., AM/GIM/COM/IDEM) will still receive Equity Ownership Interests in the CBOT pursuant to the same 1.00 to 0.50 to 0.25 to 0.11 ratio, respectively. Under no circumstances, at the time of completion of a Restructuring, will the FM as a class receive greater or less than 77.65% of the CBOT's Equity Ownership Interests.

For further illustration, applying the percentages set forth above to a hypothetical Restructuring such as the restructuring proposal described in that certain Registration Statement on Form S-4 (File No. 333-72184) filed with the Securities and Exchange Commission by the CBOT Holdings, Inc. (as amended), which involves the issuance of 39,802,350 shares of common stock to the CBOT members and membership interest holders, would result in a distribution of

² Note, however, that this figure (c), and the actual distribution of Equity Ownership Interests to the Minority Members, is subject to *pro rata* adjustment (based upon the Minority Allocation Ratio) in the event the Court enters an order providing any compensation award to the Plaintiff Class Representatives as contemplated by and referenced in Section 6 herein. Thus, assuming the Court awards the Plaintiff Class Representatives compensation consisting of 0.10% of the Equity Ownership Interests in the CBOT allocable to the CBOT members and membership interest holders in a Restructuring, the number in (c) above and the Settlement Allocation to the Minority Members in the aggregate would be reduced to 0.2225 and 22.25%, respectively.

common stock among classes of CBOT members and membership interest holders in accordance with the following (without giving effect to any compensation award to the Plaintiff Class Representatives):

Class of Membership/ Membership Interest	Number of Hypothetical Shares
Full Memberships	30,906,525
Minority Memberships/Interests	
Associate Memberships	6,493,954
GIM Membership Interests	526,975
COM Membership Interests	1,303,250
IDEM Membership Interests	571,646
Total	39,802,350

4. Minority Member “Bill of Rights”.

Upon entry by the Circuit Court of Cook County of an order, which is substantially in the form attached as Exhibit A hereto, or in such other form as the Court may determine, (a) approving the settlement and permitting the consummation of this Settlement Agreement in accordance with all of its terms and provisions; (b) dismissing the Minority Member Lawsuit with prejudice; and (c) retaining jurisdiction to construe and enforce this Settlement Agreement, the CBOT agrees that AMs, GIMs, COMS and IDEMs, or their successors, shall have the following rights which may be amended only under the circumstances as described in Section 4(b) below.

a. Rights of the AMs, GIMs, COMs and IDEMs.

1. The CBOT will not adopt any amendment to its certificate of incorporation, bylaws or rules and regulations, which has an adverse effect on the currently existing contract trading rights of each of the classes of Minority Members. The contracts for which existing trading rights are afforded to each class of membership or membership interest holder are listed or described in the CBOT Rules and Regulations in effect as of February 2, 2004, including appendices or exhibits thereto. Notwithstanding the foregoing, for purposes of clarity, the CBOT may allow persons to possess temporary trading rights for a limited period of time in any existing or subsequently developed contracts and may issue new classes of membership with which are associated trading rights and privileges related to subsequently developed contracts in each case, in accordance with the certificate of incorporation, bylaws and rules and regulations of the CBOT. The provisions of this paragraph shall not be construed to create trading rights in any class of membership as to any subsequently developed contracts.

2. The CBOT will charge to each FM, AM, GIM, COM and IDEM class of membership and membership interest the same transaction fee, surcharge or any other fee for transactions executed on the exchange in any given contract that they are entitled to trade as a member or membership interest holder. To the extent a transaction fee cap is instituted for any contract or group of contracts, such transaction fee cap shall be the same for each of the FM, AM, GIM, COM and IDEM classes of membership and membership interest with respect to such contract or group of contracts. Notwithstanding the foregoing, for purposes of clarity, nothing shall prohibit the CBOT from continuing the CBOT's practice of charging transaction fees for transactions in contracts executed on the exchange by various categories of member firms, by

lessees of memberships and by non-member customers which are different from the transaction fees otherwise charged to members of the exchange for transactions executed in the same contracts on the exchange.

3. The CBOT will cause any membership or membership interest dues, assessments, or other charges of the same character that are assessed against memberships and membership interests to be assessed to the classes of memberships and membership interests in accordance with, or in a ratio that is at least as favorable to the Minority Members as, the Settlement Allocation and the Minority Allocation Ratio.

b. Modifications to the Minority Member Bill of Rights. The rights described in Section 4 (a) above may be amended by the affirmative vote of a majority of votes cast by the members or membership interest holders of each of the affected class(es) of memberships and membership interest. In addition, the rights described in Section 4(a) above will by their terms cease to be effective upon a change of control of the CBOT. A “change of control of the CBOT” for purposes of this Section 4(b) is defined as the occurrence of any of the following: (i) the sale, transfer, conveyance or other disposition to any person or group that is not the CBOT or an affiliate thereof of all or substantially all of the assets of the CBOT; (ii) the adoption of a plan of liquidation or dissolution of the CBOT; or (iii) the consummation of any transaction (including, without limitation, a merger or consolidation) that results in any person or group that is not the CBOT or an affiliate thereof or entities controlled by a majority of CBOT members or membership interest holders or affiliates thereof becoming the direct or indirect beneficial owners of 35% or more of the voting power of the CBOT. Solely for purposes of subclause (iii) above, all references therein to the “CBOT” shall not be deemed to include successors resulting from the transaction giving rise to the possible change of control.

c. If a Final Judgment Order does not come into effect, then this Section 4 shall be null and void and the CBOT shall have no obligations hereunder from that point forward.

5. **CBOT's Payment Of Plaintiff Class Counsel's Attorneys Fees And Interest Thereon.**

Upon a Final Judgment Order coming into effect, the CBOT shall pay to Plaintiff Class Counsel (A) an amount equal to Three Million, Five Hundred Thousand Dollars (\$3,500,000) in attorneys' fees and expenses (the "Initial Payment") and (B) interest thereon at the Interest Rate (defined below), from February 5, 2004 through and including the date the Final Judgment Order comes into effect (the "Interest on the Initial Payment") in accordance with the manner prescribed herein. If the Final Judgment Order does not come into effect, then the CBOT shall have no liability under this Section for the Initial Payment or the Interest on the Initial Payment.

In addition to the Initial Payment, upon (1) the Final Judgment Order coming into effect, and (2) an affirmative vote by the CBOT's members in favor of any Restructuring occurring prior to the Sunset Date (together, the "Further Payment Conditions"), the CBOT shall pay to Plaintiff Class Counsel (A) an amount equal to Four Million Dollars (\$4,000,000) in attorneys' fees and expenses (the "Further Payment") and (B) interest thereon at the Interest Rate from the date the Final Judgment Order comes into effect through and including the date the Further Payment Conditions have occurred (the "Interest on the Further Payment") in accordance with the manner prescribed herein. If such Further Payment Conditions do not occur, then the CBOT shall have no liability under this Section for the Further Payment or the Interest on the Further Payment.

As used herein, "Interest Rate" shall mean an amount per annum, equal to the Prime Rate (defined below) minus one percent (1%), calculated on the basis of a 365 day year, actual number of days elapsed. As used herein, "Prime Rate" shall mean the rate of interest quoted as

the prime rate in the Money Rates Section of The Wall Street Journal, on February 5, 2004, as adjusted on each Adjustment Date thereafter. The Interest Rate shall be adjusted based on the Prime Rate on each August 5 and February 5 thereafter (each an "Adjustment Date") until the Initial L/C Termination Event or Further L/C Termination Event (defined below), as applicable. The parties hereby acknowledge that the Interest Rate in effect for the period beginning February 5, 2004 and ending August 4, 2004 is 3% per annum.

To secure payment in full of the Initial Payment, within five (5) business days after the date of this Settlement Agreement, the CBOT shall deliver to Sachnoff & Weaver, as agent for itself and Robinson Curley & Clayton P.C., as Plaintiff Class Counsel (the "Agent for Plaintiff Class Counsel") and shall, at all times thereafter until the Initial L/C Termination Event, maintain in full force and effect a letter of credit (said letter of credit, together with all modifications thereof, the "Initial Letter of Credit") in a face amount equal to \$3,500,000, naming Agent for Plaintiff Class Counsel as beneficiary thereof and issued by LaSalle Bank National Association, or another United States bank chosen by the CBOT with an office in Chicago and with comparable or better credit (an "Issuing Bank"), in form and substance satisfying the requirements of this Section 5 for the Initial Letter of Credit as well as containing the Issuing Bank's usual and customary letter of credit terms.

The Agent for Plaintiff Class Counsel shall have the right to draw upon the Initial Letter of Credit only in the following circumstances and in the following manner: (1) the Final Judgment Order has come into effect, (2) Agent for Plaintiff Class Counsel has given CBOT notice by messenger or facsimile at least three (3) business days prior to the draw, of its intention to draw accompanied by copies of the documents to be presented to effect the Initial Payment draw, and (3) the Agent for Plaintiff Class Counsel presents at the Issuing Bank's office in

Chicago the following documents to the Issuing Bank together with the original Initial Letter of Credit: (a) demand for payment in the amount of the draw, (b) a true and correct copy of the Final Judgment Order, and (c) a Certificate signed by the Agent for Plaintiff Class Counsel certifying that: (i) all conditions entitling the Agent for Plaintiff Class Counsel to draw on the Initial Letter of Credit under this Agreement have been satisfied and the amount drawn is the amount to which Plaintiff Class Counsel is entitled for the Initial Payment pursuant to the terms of this Agreement, and (ii) written notice of the draw was delivered to CBOT Counsel in accordance with the requirements of this Agreement. The draw by Agent for Plaintiff Class Counsel upon the Initial Letter of Credit shall not relieve the CBOT of its liability for payment in full of the Initial Payment, except to the extent of funds transmitted to the account of the Agent for Plaintiff Class Counsel specified in the Letter of Credit or draw request upon a draw upon the Initial Letter of Credit.

Interest on the Initial Payment shall be paid separately to the account of the Agent for Plaintiff Class Counsel by the CBOT upon three (3) business days notice by messenger or facsimile to CBOT Counsel by the Agent for Plaintiff Class Counsel after the Final Judgment Order has come into effect.

To secure payment in full of the Further Payment, the CBOT shall, within five (5) business days following the Final Judgment Order having come into effect, deliver to Plaintiff Class Counsel and shall at all times thereafter until the Further L/C Termination Event (defined below) maintain in full force and effect, a letter of credit (said letter of credit, together with all modifications thereof, the "Further Letter of Credit") in a face amount equal to \$4,000,000, naming the Agent for Plaintiff Class Counsel as beneficiary and issued by an Issuing Bank, in

form and substance satisfying the requirements of this Section 5 for the Further Letter of Credit as well as containing the Issuing Bank's usual and customary letter of credit terms.

Agent for Plaintiff Class Counsel shall have the right to draw upon the Further Letter of Credit only in the following circumstances and in the following manner: (1) the Further Payment Conditions have occurred, (2) Agent for Plaintiff Class Counsel has given CBOT Counsel notice by messenger or facsimile at least three (3) business days prior to the draw, of its intention to draw accompanied by copies of the documents to be presented to effect the draw, and (3) the Agent for Plaintiff Class Counsel presents at the Issuing Bank's office in Chicago the following documents to the Issuing Bank together with the original Further Letter of Credit: (a) demand for payment in the amount of the Further Payment, and (b) a Certificate signed by the Agent for Plaintiff Class Counsel certifying that: (i) all conditions, including the Further Payment Conditions, entitling the Agent for Plaintiff Class Counsel to draw on the Further Letter of Credit under this Agreement have been satisfied and the amount drawn is the amount to which Plaintiff Class Counsel is entitled for the Further Payment pursuant to the terms of this Agreement, and, (ii) that written notice of the draw was delivered to the CBOT Counsel in accordance with the requirements of this Agreement. The draw by Agent for Plaintiff Class Counsel upon the Further Letter of Credit shall not relieve the CBOT of its liability for payment in full of the Further Payment, except to the extent of funds transmitted to the account of the Agent for Plaintiff Class Counsel specified in the Letter of Credit or draw request upon a draw upon the Further Letter of Credit.

Interest on the Further Payment shall be paid separately to the account of the Agent for Plaintiff Class Counsel by the CBOT upon three (3) business days notice to CBOT Counsel by

messenger or facsimile by the Agent for Plaintiff Class Counsel after occurrence of the Further Payment Conditions.

The Initial Letter of Credit and the Further Letter of Credit (each a "Letter of Credit") shall expressly provide that the Letter of Credit shall be subject to the provisions of the International Standby Practices 1998 (ISP) promulgated jointly by the Institute for International Banking Law and Practice and the International Chamber of Commerce effective January 1, 1999 (found in ICC Publication No. 590) or similar rule with the force of law governing the issuance and payment of letters of credit.

Each Letter of Credit shall have an initial term of one (1) year and shall contain an "evergreen provision" requiring that it be automatically renewed for additional one (1) year periods unless the Issuing Bank shall have delivered to Agent for Plaintiff Class Counsel a notice sent by Overnight or Messenger Courier Service (which, in each case, requires a signed acknowledgement of receipt) or Certified Mail at least thirty (30) days prior to the then current expiration date, that the Issuing Bank does not intend to renew the Letter of Credit. The CBOT shall use its best efforts to ensure that each Letter of Credit shall provide that upon written request by beneficiary, Issuing Bank shall acknowledge extension of the expiration date of the applicable Letter of Credit. Each Letter of Credit shall provide that if the Issuing Bank elects not to extend the term of such Letter of Credit, then the Agent for Plaintiff Class Counsel shall have the right to draw upon it for the full amount thereof (an "Expiration Draw") upon presentation of a demand for payment signed by it certifying that (1) Agent for Plaintiff Class Counsel has received from the Issuing Bank notice that it will not renew the applicable Letter of Credit, and (2) the proceeds of the Expiration Draw shall be escrowed as provided in this Agreement to be paid out only upon satisfaction of the conditions set forth in this Agreement for such payout.

The proceeds of an Expiration Draw shall be held by Plaintiff Class Counsel in a joint order escrow account at a major bank or trust company in Chicago, Illinois (the "Escrow Account") as cash collateral to secure the CBOT's obligation to pay the Initial Payment or the Further Payment, as the case may be, or both in case there is an Expiration Draw on each Letter of Credit. The escrow agent for the Escrow Account shall invest the Expiration Draw proceeds in a money market account, 30-day treasury bills or similar investments as approved by the CBOT and the Agent for Plaintiff Class Counsel. The escrowed funds shall (a) be used to pay the Initial Payment or Further Payment, as applicable, upon the occurrence of the Final Judgment Order coming into effect (in the case of the Initial Payment) or the Further Payment Conditions (in the case of the Further Payment) or (b) returned to the CBOT upon the occurrence of an Initial L/C Termination Event or Further L/C Termination Event, as applicable. Upon payment in full of the Initial Payment and Interest on the Initial Payment and/or the Further Payment and Interest on the Further Payment, as applicable, and upon payment by the CBOT of the costs of establishing and maintaining the escrow account, the CBOT shall be entitled to all interest, earnings and increase on the escrowed funds. The CBOT shall pay state and Federal income taxes on all income earned on such cash collateral account.

As used herein "Initial L/C Termination Event" shall mean the earliest to occur of: (i) the Illinois Supreme Court denies the Joint Motion to Stay and Remand referenced above and grants the pending Petition for Leave to Appeal, (ii) after the conclusion of all appeals, a Final Judgment Order does not take effect or (iii) payment in full of the Initial Payment. Upon the occurrence of any Initial L/C Termination Event, unless the Initial Letter of Credit has been previously presented for payment to and retained by the Issuing Bank, Agent for Plaintiff Class Counsel shall deliver the original Initial Letter of Credit to the CBOT for cancellation undrawn

together with any documents or certificates required by the Issuing Bank to cancel the Initial Letter of Credit.

As used herein "Further L/C Termination Event" shall mean the earliest to occur of: (i) the Sunset Date, if there is no affirmative vote by the CBOT's members in favor of any Restructuring taken prior thereto or (ii) payment in full of the Further Payment. Upon the occurrence of any Further L/C Termination Event, unless the Initial Letter of Credit has been previously presented for payment to and retained by the Issuing Bank, Agent for Plaintiff Class Counsel shall deliver the original Further Letter of Credit for cancellation undrawn together with any documents or certificates required by the Issuing Bank to cancel the Further Letter of Credit.

The CBOT shall pay all of the Issuing Bank's fees and charges associated with each Letter of Credit, including but not limited to the establishment, maintenance, extension, expiration, and payment of such Letters of Credit.

All payments to Agent for Plaintiff Class Counsel will be allocated to Plaintiff Class Counsel as they may separately agree and the CBOT assumes no responsibility or liability with respect to the acts of the Agent for Plaintiff Class Counsel. Plaintiff Class Counsel will seek no other fees or compensation for their services in the Minority Member Lawsuit from the Plaintiff Class, the Defendant Class, the CBOT or any other person other than those previously received from Minority Members and other than those provided for herein.

If Plaintiff Class Counsel sues the CBOT as a result of any breach of this Section 5, then the prevailing party in any such suit shall be entitled to collect its reasonable costs and attorneys' fees from the other party ("Fee Shift") except that if Plaintiff Class Counsel does not give the CBOT five business days' notice of its intention to sue (during which time the CBOT shall have the opportunity to cure such breach), then Plaintiff Class Counsel shall not be able to Fee Shift.

If CBOT sues the Plaintiff Class Counsel as a result of any breach of this Section 5 other than a draw or attempt to draw in breach, then the prevailing party in any such suit shall be entitled to collect its reasonable costs and attorneys' fees from the other party except that if the CBOT does not give Plaintiff Class Counsel five business days' notice of its intention to sue (during which time the Plaintiff Class Counsel shall have the opportunity to cure such breach), then the CBOT shall not be able to Fee Shift.

If the CBOT sues Plaintiff Class Counsel due to a draw or attempt to draw in breach of this Section 5, then the prevailing party in any such suit shall be entitled to collect its reasonable costs and attorneys' fees from the other party except that if the CBOT does not give Plaintiff Class Counsel notice of its intention to sue before the draw is effected (after which time Plaintiff Class Counsel shall have three business days to cure such breach), then the CBOT shall not be able to Fee Shift. The CBOT's notice requirement in this paragraph shall not apply if Plaintiff Class Counsel fails to provide to CBOT Counsel notice of the intention to draw by messenger or facsimile at least three (3) business days prior to the affected draw as required by the other paragraphs of this Section 5.

6. Class Representative Compensation.

The Plaintiff Class Representatives will petition the Court for a compensation award for the services and risk assumed by them in the prosecution of the Minority Member Lawsuit, which has led to the entry of this Settlement Agreement. No such compensation shall be ordered to be paid by the CBOT or by the Defendant Class in the Minority Member Lawsuit, but shall be paid, if so ordered, only by the Minority Members. Such compensation award shall be limited to additional Equity Ownership Interests in the CBOT created by an affirmative vote by the CBOT's members in favor of any Restructuring governed by this Settlement Agreement prior to

the Sunset Date set forth in Section 11 and shall be held or received in the same form and manner as the CBOT Equity Ownership Interests held or received by all other CBOT members or membership interest holders in connection with any Restructuring pursuant to the terms hereof (e.g., Equity Ownership Interests in the CBOT “stapled” to memberships and membership interests if the Equity Ownership Interests in the CBOT of all other CBOT members and membership interest holders are so “stapled”). The Plaintiff Class Representatives will petition the Court and the CBOT will not object to the Plaintiff Class Representatives’ petition for or receipt of additional Equity Ownership Interests in the CBOT from the Plaintiff Class, in the amount of 0.10% of the CBOT’s total Equity Ownership Interests in the CBOT allocable to the CBOT’s members and membership interest holders in a Restructuring governed by this Settlement Agreement. The proposed compensation award of such Equity Ownership Interests in the CBOT among the Plaintiff Class Representatives, is subject to Court approval following notice to the Plaintiff Class and the Court. The amount of the total compensation award to be received by each Plaintiff Class Representative will be addressed in a petition to be filed by Plaintiff Class Counsel in connection with final approval of the Settlement Agreement and will be determined by the Court. In the event that this allocation among the individual Plaintiff Class Representatives is not determined by the Court, the CBOT’s obligations under this Section 6 shall be satisfied in full after it has taken appropriate actions to make available to the Plaintiff Class Representatives the aggregate amount of such compensation award ordered by the Court, subject to an agreed allocation among the five individual Plaintiff Class Representatives. The CBOT will act in good faith with respect to implementation of any such compensation award and to the extent a “common fund” is necessary to implement such a compensation award, the CBOT will take reasonable steps to create such a fund for such purposes. The compensation award to

the Plaintiff Class Representatives shall be taken from the common fund of CBOT Equity Ownership Interests allocated to the Minority Members in connection with any Restructuring governed by this Settlement Agreement in the following manner: simultaneous with the allocation of such Equity Ownership Interests in the CBOT to the CBOT's Full Members and Minority Members in connection with any Restructuring, the CBOT will allocate the 0.10% (or such other percentage or amount as the Court approves) of Equity Ownership Interests in the CBOT allocable to the CBOT members and membership interest holders in any such Restructuring to the Plaintiff Class Representatives (in addition to such amounts as they otherwise would be entitled to by virtue of their ownership of CBOT memberships or membership interests). Upon receipt of the 0.10% of the CBOT's total Equity Ownership Interests contemplated by this Section 6(b), or such other amount as the Court approves, the Plaintiff Class Representatives will seek no other fees or compensation for their services in the Minority Member Lawsuit from the Plaintiff Class, the Defendant Class, the CBOT or any other person.

7. Ceres Distribution And Liquidation.

The Plaintiff Class agrees that it will not assert or seek to assert any right or claim or bring any action in law or equity to oppose either the (1) decision to dissolve and liquidate, including, without limitation, the timing of such a liquidation, or the dissolution of, the Ceres Trading Limited Partnership ("Ceres") on December 31, 2003, or (2) distribution of the partnership assets of the aforesaid liquidation in accordance with Section 13.3 of the Second Amended and Restated Limited Partnership Agreement of Ceres Trading Limited Partnership dated September 8, 1997, as amended, provided that nothing in this paragraph shall be deemed a release or an agreement not to sue any person or entity with respect to any claims or potential

claims by the Plaintiff Class or any member thereof relating to any issue or matter other than clauses (1) or (2) above, including but not limited to claims, if any, relating to whether any assets which are or were distributed by Ceres are or were properly attributable to or owned by Ceres, or relating to the propriety of any prior or future revenues paid in to Ceres from the CBOT or any other source, or relating to the propriety of any prior or future payment in any amount by the CBOT to Ceres, or relating to the propriety of any prior or future transfer of assets in any amount from the CBOT to Ceres. The CBOT estimates that the total amount of any future distributions of Ceres partnership assets will be approximately \$70 million.

8. Further Assurances.

a. The parties will act in the utmost good faith to achieve the purposes of this Settlement Agreement.

b. In furtherance of the foregoing, but without limitation, the CBOT agrees that it will propose to allocate the Equity Ownership Interests in the CBOT as part of any Restructuring to give effect to the Settlement Allocation and Minority Allocation Ratio if and when proposals pertaining to any Restructuring are submitted to the CBOT members for their approval. The CBOT will not cause the allocation of Equity Ownership Interests in the CBOT described herein to be modified in any way following any member vote on Restructuring and prior to distribution of the Equity Ownership Interests in the CBOT. The CBOT will not take any action that will prejudice the interests or ability of the Minority Members to obtain the benefits provided by this Settlement Agreement. The CBOT will use commercially reasonable efforts to submit one or more proposals related to a Restructuring to a vote of the CBOT membership as soon as reasonably practicable following a Final Judgment Order coming into

effect. The CBOT will include the Settlement Allocation and Minority Allocation Ratio among the proposals to be approved by the CBOT membership in connection with a Restructuring.

c. Promptly following execution of this Settlement Agreement, the Board of Directors of the CBOT will adopt a resolution, substantially in the form of Exhibit B, hereto, withdrawing any prior authorizations for the payment of attorneys' fees or other costs or expenses and will not adopt any resolutions in the future authorizing the payment of attorneys' fees or other costs or expenses to any current or future counsel for the Defendant Class Representatives, the Defendant Class or any member of the Defendant Class, for the further defense of the Minority Member Lawsuit (including, but not limited to, the prosecution or maintenance of any appeals, discovery, motion practice, hearings, trial or any other matter related to the Minority Member Lawsuit) or in connection with or related to any attempt to object to, interfere with or otherwise take a position inconsistent with the matters referenced in this Settlement Agreement (including, but not limited to, any opposition of any kind to the full implementation of this Settlement Agreement pursuant to its terms).

9. Releases and Indemnification.

The Plaintiff Class Representatives, on behalf of the Plaintiff Class, upon a Final Judgment Order coming into effect will release all claims of any kind that they have or might have against the CBOT (including its directors, officers, employees, agents, counsel, consultants and committees) arising out of or related to the Minority Member Lawsuit or resolved by this Settlement Agreement, including, but not limited to, all claims based upon or arising out of any fact or circumstance from the beginning of time through the date of this Agreement relating to (a) the allocation of Equity Ownership Interests in the CBOT in connection with any Restructuring and (b) any transaction fees or surcharges, dues, assessments, or other charges of

the same character imposed by the CBOT on the Minority Members; provided, however, notwithstanding the releases set forth above, the Minority Members and the CBOT retain the right to seek enforcement of this Settlement Agreement, with respect to which the Court will have continuing jurisdiction.

The CBOT (including its directors, officers, employees, agents, counsel, consultants and committees), upon a Final Judgment Order coming into effect, will release all claims it has or might have, including, but not limited to, fee shifting, against the Plaintiff Class Representatives (together with all persons who have been or in the future are designated to be class representatives on behalf of the Plaintiff Class in the Minority Member Lawsuit), the Plaintiff Class and Plaintiff Class Counsel arising out of or related to the Minority Member Lawsuit or resolved by this Settlement Agreement including, but not limited to, all claims based upon or arising out of any fact or circumstance from the beginning of time through the date of this Agreement relating to (a) the allocation of Equity Ownership Interests in the CBOT in connection with any Restructuring and (b) any transaction fees or surcharges, dues, assessments, or other charges of the same character imposed by the CBOT on the Minority Members. Provided, however, notwithstanding the releases set forth above, the Minority Members and the CBOT retain the right to seek enforcement of this Settlement Agreement, with respect to which the Court will have continuing jurisdiction.

The CBOT will defend, indemnify and hold harmless the Plaintiff Class Representatives (together with all persons who have been or in the future are designated to be class representatives on behalf of the Plaintiff Class in the Minority Member Lawsuit) and Plaintiff Class Counsel against any causes, actions, demands, claims, settlements and judgments of any kind made against them, and any fees, costs and expenses resulting therefrom, which causes,

actions, demands, claims, settlements and judgments arise from or relate to the filing, prosecution or settlement of the Minority Member Lawsuit or the implementation of the this Settlement Agreement; provided, however, that this paragraph shall not apply to any fees, costs or expenses incurred by the Plaintiff Class Representatives or Plaintiff Class Counsel in defending the fairness of this Settlement Agreement in the Minority Member Lawsuit, including any appeals in connection therewith. In effectuating its duty to defend, the CBOT shall be allowed to select counsel of its choice subject to the reasonable consent of the Plaintiff Class Representatives and Plaintiff Class Counsel. It is the intent of the parties that the CBOT, so long as it performs its obligations under this paragraph, shall not be required to pay Plaintiff Class Counsel any additional attorneys' fees or expenses except as otherwise provided in this Settlement Agreement. In connection with any efforts by the Plaintiff Class Representatives or Plaintiff Class Counsel to enforce this Section 9, the prevailing party in any such suit or proceeding shall be entitled to collect its reasonable costs and attorneys' fees from the other party.

10. Court Retention of Jurisdiction.

The parties will request that the Court expressly retain jurisdiction of the Minority Member Lawsuit to enforce and construe all of the terms of this Settlement Agreement and that the Court retain jurisdiction to take all actions necessary to implement the terms of this Settlement Agreement.

11. Sunset Provision.

The parties agree that Sections 3 and 8(b) of this Settlement Agreement will be null and void and of no further force and effect, and impose no limitation or obligation on the part of either party, upon the date that is earliest to occur of: (a) completion of one or more

Restructuring(s) pursuant to which all of the Equity Ownership Interests in the CBOT have been allocated among the classes of CBOT members and membership interest holders in accordance with the Settlement Allocation and Minority Allocation Ratio, (b) three (3) years from the date of the first vote by CBOT members to approve any Restructuring, and (c) five (5) years from the date a Final Judgment Order comes into effect (“the Sunset Date”). It is understood and agreed that in a Restructuring that is completed as a merger, consolidation or other combination of the CBOT with an unaffiliated third-party, the condition described in clause (a) above shall be satisfied if all of the Equity Ownership Interests in the CBOT that are allocable to CBOT members and membership interest holders in connection with such Restructuring have been allocated among the classes of CBOT members and membership interest holders in accordance with the Settlement Allocation and Minority Allocation Ratio.

12. Implementation and Scheduling.

a. Settlement Certification and Notice Order. Immediately upon execution of this Settlement Agreement and the return of the mandate to the Court, Plaintiff Class Counsel and the CBOT shall jointly apply to the Court for entry of a Preliminary Approval and Scheduling Order that:

i. preliminarily approves this Settlement Agreement;

ii. schedules a Fairness Hearing to: (a) determine whether the settlement reflected in this Settlement Agreement should be approved as fair, adequate, and reasonable pursuant to 735 ILCS 5/2-806; and (b) enter an order, which is substantially in the form attached as Exhibit A hereto, or in such other form as a court may determine, (a) approving the settlement and permitting the consummation of this Settlement Agreement in accordance

with all of its terms and provisions; (b) dismissing the Minority Member Lawsuit with prejudice; and (c) retaining jurisdiction to construe and enforce this Settlement Agreement;

iii. directs that on or before a date to be determined by the Court, a proposed Notice of the proposed settlement and the Fairness Hearing, substantially in the form attached as Exhibit C hereto (or in such other form and substance as the Court may determine), be mailed to all Plaintiff Class Members and Defendant Class Members by first class mail in an envelope bearing the return address of the CBOT, or that Notice be sent in such other manner and substance as the Court directs, with the entire cost of such notice borne by the CBOT as provided in this Settlement Agreement;

iv. provides that any Plaintiff Class Member or Defendant Class Member may request exclusion or may seek leave to intervene in these proceedings (Section 2-804) and further provides that any person who wishes to be excluded from the Plaintiff Class or Defendant Class pursuant to Section 2-804(b) of the Illinois Code of Civil Procedure, 735 ILCS 5/2-804(b), must submit a written request for exclusion, postmarked on or before a date to be determined by the Court, to Plaintiff Class Counsel and the Defendants' Class Counsel, respectively, at addresses to be provided in the Notice. The request for exclusion shall seek exclusion from the Plaintiff Class or Defendant Class and shall include, in accordance with the Notice or Notices, (a) the Class Member's name and address, (b) relevant identification information, (c) a statement that the Class Member has requested exclusion from the Class and (d) the signature of the Class Member;

v. provides that any Plaintiff Class Member or Defendant Class Member who objects to the approval of this Settlement Agreement may appear at the Fairness Hearing and show cause why this Settlement Agreement should not be approved as fair,

reasonable, adequate pursuant to 735 ILCS 5/2-806 and why a Final Judgment Order should not be entered, and further providing that any objections must be in writing, and must be both filed with the Court and copies delivered to all attorneys listed in Section 13(a) in the manner set forth in the Preliminary Approval and Scheduling Order; and

vi. provides that no persons other than Plaintiff Class Members and Defendant Class Members may serve and file written objections, that no Plaintiff Class Member or Defendant Class Member shall be entitled in any way to contest the approval of the terms and conditions of this Settlement Agreement or the judgment to be entered thereon except by filing and serving written objections in accordance with the provisions of subparagraph (iv) above, and that any Plaintiff Class Member or Defendant Class Member who fails timely to make those objections in accordance with the provisions of subparagraph (iv) above shall be deemed to have waived, and shall be foreclosed forever, from making any objections to this Settlement Agreement or the Final Judgment Order.

b. Receipt of Requests for Exclusion from the Plaintiff or Defendant Class. Plaintiff Class Counsel and Defendant Class Counsel shall deliver to each other and to CBOT Counsel copies of all requests for exclusion from the Plaintiff or Defendant Class, by overnight mail, courier service or personal delivery, for receipt by that counsel not later than the second (2nd) business day after receipt thereof by Plaintiff Class Counsel or Defendant Class Counsel.

c. Fairness Hearing. The Fairness Hearing shall commence on a date to be determined by the Court, and in such place as the Court shall determine. In connection with the Fairness Hearing, the parties shall file such papers with the Court as their counsel or the Court determines to be necessary. At or before the Fairness Hearing, proof of mailing of the Notice shall be filed by the CBOT with the Court.

d. Cooperation Among the Parties. The parties and their counsel agree to cooperate in the prompt submission of this Settlement Agreement to the Court, to take all steps that may be required by the Court, and otherwise to use their best efforts to, as expeditiously as possible, consummate this Settlement Agreement, including but not limited to the entry of a Final Judgment Order, substantially in the form of Exhibit A hereto, or in such other form as the Court may determine.

13. Miscellaneous.

a. Notices. Notices submitted by Plaintiff Class Members or Defendant Class Members relating to exclusion from their class should be as designated in the Notice approved by the Court. Any and all other notices, requests, consents, directives or communications by any party intended for any other party shall be in writing and shall, unless expressly provided otherwise herein, be given personally, by express courier, by postage prepaid mail or by facsimile followed by postage prepaid mail, and shall be addressed as follows:

To Plaintiff Class:

Barry S. Rosen
Lowell E. Sachnoff
Henry Pietrkowski
Sachnoff & Weaver, Ltd.
30 South Wacker Drive
29th Floor
Chicago, IL 60606

Fay Clayton
Robinson Curley & Clayton, PC
300 South Wacker Drive
Suite 1700
Chicago, IL 60606

To Defendant Class:

Garrett B. Johnson
Kirkland & Ellis
200 East Randolph Drive
Chicago, IL 60601

To CBOT:

Kevin M. Forde
Joanne R. Driscoll
Kevin M. Forde, Ltd.
111 West Washington Street
Suite 1100
Chicago, IL 60602

Peter B. Carey
Law Offices of Peter B. Carey
11 South LaSalle Street
Suite 1600
Chicago, IL 60603

Carol A. Burke
Executive Vice President and Chief of Staff,
Board of Trade of the City of Chicago, Inc.
141 West Jackson Boulevard
Suite 600
Chicago, IL 60604

Any one of the counsel may, from time to time, change the address to which such notices, request, consents, directives or communications are to be mailed, by giving the other counsel prior written notice of the changed address in the manner hereinabove provided ten calendar days before the change is effective.

b. Successors and Assigns. This Settlement Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors, assigns, executors, administrators, heirs and legal representatives, as the case may be; provided, however, that no assignment by any of the parties hereto shall operate to relieve that party of its obligations hereunder unless otherwise provided specifically herein.

c. Counterparts. This Settlement Agreement may be executed in two or more counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

d. Sole and Entire Agreement: Modification. This Settlement Agreement and its exhibits constitute the sole and entire agreement among the parties hereto with respect to the subject matter hereof, and no representations, warranties, inducements, promises or

agreements, oral or otherwise not embodied or incorporated herein, have been made concerning or in connection with this Settlement Agreement or its exhibits. Any and all prior discussions, negotiations, agreements (including the Memorandum of Understanding executed on January 21, 2004), commitments and understandings relating thereto are superseded hereby. The provisions of this Settlement Agreement (including any time periods specified herein) may be modified by written agreement of all of the parties with the consent of the Court without further notice to the Plaintiff Class or Defendant Class. The terms or provisions of this Settlement Agreement may not be changed, waived, modified or varied in any manner whatsoever unless in writing duly signed by all parties. Any failure by any party to insist upon the strict performance by any other party of any of the provisions of this Settlement Agreement shall not be deemed a waiver of any of the provisions hereof, and that party, notwithstanding that failure, shall have the right thereafter to insist upon the strict performance of any and all of the provisions of this Settlement Agreement to be performed by the other party.

e. Benefit. Nothing in this Settlement Agreement, whether express or implied, is intended to confer any rights or remedies under or by reason of this Settlement Agreement on any persons other than (i) the parties hereto, (ii) the members of the Plaintiff Class and their respective successors and assigns and (iii) all other members of the CBOT, nor shall any provision given any other persons any right of subrogation or action over or against any party to this Settlement Agreement, except as expressly provided herein.

f. Captions. The captions contained in this Settlement Agreement are inserted only as a matter of convenience and in no way define, limit, extend or describe the scope of this Settlement Agreement or the intent of any provision hereof.

g. Governing Law, Jurisdiction and Venue. This Settlement Agreement, including, but not limited to, the release contained herein, shall be governed by and construed in accordance with the laws of the State of Illinois, without regard to its conflict of laws principles. This Settlement Agreement shall be first enforced in the Court. The parties waive any objection that each of them may now have or hereafter have to the venue of any such suit, action or proceeding and irrevocably consent to the jurisdiction of the Court in any such suit, action or proceeding and agree to accept and acknowledge service of any and all process which may be served in any such suit, action or proceeding.

h. No Admission. This Settlement Agreement and all papers relating to it are not, and shall not be construed to be, an admission by any party of either the validity of any of the claims or defenses asserted in the Minority Member Lawsuit or of liability with respect to any claims of any wrongdoing by them whatsoever. Nor shall this Settlement Agreement nor any of the papers, negotiations, transactions or proceedings relating thereto, nor any of the terms hereof or recitations herein, be offered or received in evidence in any civil, criminal, arbitration or administrative action or proceeding as an admission on the part of the parties, or any of them, of wrongdoing or liability or of the merit or lack of merit of any claim or defense. Without limiting the generality of the foregoing, the CBOT (including the members of the CBOT's board of directors) denies that it or any member of the CBOT is/are liable for any reason to any of the Plaintiff Class Members in the Minority Member Lawsuit.

i. Arm's-Length Negotiations and Interpretation of Settlement Agreement. This Settlement Agreement, including the exhibits attached hereto, was executed after arm's-length negotiations among the parties. This Settlement Agreement shall not be construed more strictly against one party than another merely by virtue of the fact that it may have been prepared

by counsel for one of the parties, it being recognized that, because of the arm's-length negotiations described above, all parties hereto have contributed substantially and materially to the preparation of this Settlement Agreement.

j. Terminology and Construction. All personal pronouns used in this Settlement Agreement, whether used in the masculine, feminine or neuter gender, shall include all other genders, and the singular shall include the plural and vice versa.

[The remainder of this page is intentionally left blank]

14. Authority.

The persons signing below represent that they have full authority to sign this Settlement Agreement on behalf of the parties for whom they are signing.

SO AGREED, this 6th day of February, 2004.

Re: Restructuring Transactions

Ladies and Gentlemen:

We are acting as special Delaware counsel to CBOT Holdings, Inc., a Delaware corporation ("CBOT Holdings"), and Board of Trade of the City of Chicago, Inc., a Delaware corporation (the "Company"), in connection with the demutualization and restructuring of the Company (the "Restructuring Transactions"). As described in the Registration Statement on Form S-4, Registration No. 333-72184 (as amended and supplemented, the "Registration Statement"), filed by CBOT Holdings, which is currently a wholly owned subsidiary of the Company, with the Securities and Exchange Commission (the "Commission") under the Securities Act of 1933, as amended (the "Securities Act"), the Restructuring Transactions include, inter alia: (i) the merger of the Company with a wholly owned subsidiary of CBOT Holdings (the "Merger"), as a result of which the outstanding memberships in the Company will be converted into Class B memberships in the Company, (ii) the distribution by the Company to the members of the Company of a dividend (the "Dividend") of shares of common stock, par value \$.001 per share, of CBOT Holdings (the "Common Stock") to be distributed immediately following the effective time of the Merger, and (iii) the adoption of an Amended and Restated Certificate of Incorporation (the "Restated Certificate") and Amended and Restated Bylaws (the "Restated Bylaws") of the Company, as well as the adoption and amendment of various Rules of the Company.

As described in the Registration Statement, the Class B memberships will be issued in five separate series, designated Series B-1, Series B-2, Series B-3, Series B-4 and Series B-5. A maximum of 1,402 Series B-1, Class B memberships, 867 Series B-2, Class B memberships, 130 Series B-3, Class B memberships, 641 Series B-4, Class B memberships and 643 Series B-5, Class B memberships will be issued in the Merger (collectively, the "New Memberships"), and a total of 54,167,449 shares of Common Stock will be issued in the Dividend to be paid immediately after the Merger (the "Shares"). As described in the Registration Statement, the holders of different classes of membership in the Company prior to the Merger will receive different combinations of New Memberships and Shares as a result of the Merger and Dividend. Specifically, members will receive:

1. For each Full Membership, a combination of interests consisting of 30,000 shares of Common Stock and one Series B-1, Class B membership;
2. For each Associate Membership, a combination of interests consisting of 11,024 shares of Common Stock and one Series B-2, Class B membership;
3. For each GIM Membership and for each one-half participation in an Associate Membership, a combination of interests consisting of 5,512 shares of Common Stock and one Series B-3, Class B membership;
4. For each IDEM Membership, a combination of interests consisting of 1,213 shares of Common Stock and one Series B-4, Class B membership; and
5. For each COM Membership, a combination of interests consisting of 2,756 shares of Common Stock and one Series B-5, Class B membership.

These five combinations of interests are referred to collectively hereinafter as "Combinations of Interests." The offer and sale of the Combinations of Interests and the Shares are being registered pursuant to the Registration Statement.

For purposes of rendering the opinions expressed herein, we have examined and relied upon the following documents in the forms provided to us by the Company: the Amended and Restated Certificate of Incorporation and Bylaws of the Company, and the Amended and Restated Certificate of Incorporation and Bylaws of CBOT Holdings, in effect as of the date hereof; the Restated Certificate and the Restated Bylaws proposed to be adopted by the Company in the Restructuring Transactions as set forth in the Registration Statement; the Amended and Restated Certificate of Incorporation of CBOT Holdings (the "CBOT Holdings Restated Certificate") and the Amended and Restated Bylaws of CBOT Holdings (the "CBOT Holdings Restated Bylaws") proposed to be adopted by CBOT Holdings in the Restructuring Transactions as set forth in the Registration Statement; the Agreement and Plan of Merger dated _____ by and among the Company, CBOT Merger Sub, Inc. and CBOT Holdings (the "Merger Agreement"); the form of resolutions to be adopted by the board of directors of the Company (the "Company Board") to declare the Dividend (the "Dividend Resolutions"); a Certificate executed by the Secretary of the Company relating to certain factual matters and representations made by the Company (the "Secretary's Certificate"); and the Registration Statement. In such examinations, we have assumed the genuineness of all signatures and the conformity to original documents of all documents submitted to us as drafts or copies or forms of documents to be executed. No opinion is expressed with respect to the requirements of, or compliance with, federal or state securities or blue sky laws. We have not reviewed any documents other than those identified above in connection with this opinion. As to any facts material to our opinion, other

than those assumed, we have relied without independent investigation on the above-referenced documents and on the accuracy, as of the date hereof, of the matters therein contained.

Based upon and subject to the foregoing, and limited in all respects to matters of Delaware law, it is our opinion that when the New Memberships and the Shares, respectively, are issued in the Dividend and the Merger, respectively, as described in the Registration Statement and in accordance with the documents referred to therein and herein, the Shares and the New Memberships will be legally issued, fully paid and nonassessable and, accordingly, the Combinations of Interests consisting of such New Memberships and Shares will be legally issued, fully paid and nonassessable. Our opinion with respect to the nonassessable status of the New Memberships, and of the Combinations of Interests to the extent comprised of New Memberships, does not include dues, fees, fines, charges or other assessments or penalties that may be imposed by the Company on holders of memberships in accordance with and to the extent permitted by the Restated Certificate and Restated Bylaws of the Company, including the rules and regulations of the Company as incorporated into the Restated Bylaws, and we express no opinion concerning the validity or enforceability of any particular right, power, privilege, or obligation of any member of the Company or attaching to any New Membership issued by the Company.

We express no opinion whether the Combinations of Interests constitute a separately issued security for purposes of Delaware law.

We hereby consent to the filing of this opinion as exhibit 5 to the Registration Statement and to the reference to our firm under the heading "Legal Matters" in the Prospectus forming a part thereof. In giving this consent, we do not admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act or the rules and regulations of the Commission.

The opinion is limited to the specific issues addressed herein, and no opinion may be inferred or implied beyond that expressly stated herein. We assume no obligation to revise or supplement this opinion should the applicable law be changed by legislative action, judicial decision or otherwise after the date on which the Registration Statement is declared effective by the Commission.

This opinion is furnished to you in connection with your filing of the Registration Statement and is not to be used, circulated, quoted or otherwise relied upon for any other purpose.

Very truly yours,

Confidential Treatment Requested by CBOT Holdings, Inc.

EXECUTION

FIFTH AMENDMENT TO
LICENSE AGREEMENT DATED
June 5, 1997

This FIFTH Amendment, dated as of October 29, 2003, to the License Agreement dated June 5, 1997 made by and between Dow Jones & Company, Inc. ("Dow Jones"), having an office at 200 Liberty Street, New York, New York 10281, the Board of Trade of the City of Chicago ("CBOT"), having an office at 141 West Jackson Boulevard, Chicago, IL 60604, as previously amended by an Amendment to the License Agreement dated as of September 9, 1997 (the "First Amendment") and a Second Amendment to the License Agreement dated as of February 18, 1998 ("Second Amendment") and a Third Amendment to the License Agreement dated as of May 1998 (the "Third Amendment") and a Fourth Amendment to the License Agreement dated as of December 19, 2001 (the "Fourth Amendment") (the License Agreement).

WHEREAS, the Licensee currently has a license pursuant to which it may use certain Dow Jones proprietary indexes (as more particularly described in the License Agreement, the "Indexes") in connection with the trading and issuance of the Products (as defined in the License Agreement) on or through Licensee, and to use one or more of the Dow Jones Marks (as more particularly set forth in the License Agreement) in connection therewith; and

WHEREAS, the Licensee would also like to use the [**], and such other indexes as the parties may agree to add in writing (the "Additional Indexes") in connection with the trading and issuance of Products based on each of those Additional Indexes;

WHEREAS, the Licensee would also like to the right to sublicense certain rights it has under the License Agreement (as amended hereby) [**];

WHEREAS, the Licensee and Dow Jones have agreed to amend the License Agreement to permit Licensee's use of the [**] and Additional Indexes in connection with the trading of Products based on such indexes and to use the related service marks in connection therewith, to allow Licensee to sublicense certain rights to [**] and to clarify certain other rights and obligations, all on the terms and conditions provided herein.

NOW, THEREFORE, in consideration of the premises and the mutual covenants and agreements contained herein and in the License Agreement, and pursuant to Section 12(c) thereof, the parties hereby agree to amend the License Agreement as follows:

1. Section 1(a) of the License Agreement is hereby amended by adding after Section 1(a)(7): "(8)(A) Subject to the terms and conditions of the License Agreement, Dow Jones hereby grants to Licensee a further non-transferable (except to a sublicensee pursuant to Section 1(a)(9)), non-exclusive, worldwide license to (i) use the [**] in connection with trading Products that are based on such Average on or through Licensee twenty-four (24) hours a day; (ii) use the Additional Indexes in connection with trading Products that are based on such Additional Indexes on or through Licensee twenty-four (24) hours a day and (iii) to use and refer to the service marks designating the [**] in connection with such listing, and the marketing and promotion of Products based on the [**] and the Additional Indexes, as the case may be, in order to indicate the source of such indexes and to make such disclosure about those Products as Licensee deems necessary or desirable under any applicable federal or state laws, rules or regulations.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

(B) Except as otherwise expressly provided herein, the Products based on the [**] and the Additional Indexes shall be subject to all other terms and conditions of this License Agreement that apply to the Products (including, without limitation, the applicable License Fees).

(C) Except as otherwise expressly provided herein, the [**] and the Additional Indexes shall be subject to all other terms and conditions of this License Agreement as apply to the Indexes. For the avoidance of doubt, the license with respect to the [**] and the Additional Indexes shall be non-exclusive.

(D) Except as otherwise expressly provided herein, the Additional Marks shall be subject to all other terms and conditions of this License Agreement as apply to the Dow Jones Marks. For the avoidance of doubt, (i) the license with respect to the Additional Marks shall be non-exclusive; and (ii) [**] is a Dow Jones Mark

(9) Notwithstanding any other provision of this Agreement, Licensee may sublicense its rights with respect to the [**] and the service marks that designate such indexes to [**] for use with Products to be traded only during the hours of [**], subject to [**] execution of a Sublicense Agreement substantially in the form attached as Schedule D hereto.”

2. Section 1(b) of the License Agreement is hereby amended by adding at the end thereof: “Notwithstanding anything to the contrary in this Section 1(b), Licensee may list Products of various contract sizes based on the same Index or Additional Index. For example, Licensee may list a Product based on the [**] with a contract size of approximately [**] and a Product with a contract size of approximately [**]. Any contract size shall be subject to Dow Jones’ prior approval, which approval shall not be unreasonably withheld.”

3. Section 4(e) of the License Agreement is hereby deleted and replaced with the following:

“During any Renewal Term, Dow Jones may terminate this Agreement if at the end of any Year (beginning with the end of the Fifth Year), the volume of the Products trading on the CBOT and any permitted sublicensee during such Year was equal to or less than (a) in the case of the Initial Product an average of [**] contracts traded (round turn) per day or (b) in the case of any [**] Products based on any one or more of the [**], in the aggregate, an average number of contracts traded (round turn) per day equal to (i) [**] (ii) the number of Products based on the [**].”

4. The License Agreement is hereby amended by adding a new Schedule D, which shall be the form Sublicense Agreement set forth in Exhibit I hereto.

5. Except as otherwise expressly set forth herein, all provisions of the License Agreement shall remain in full force and effect. Except as otherwise specified herein, all capitalized terms used in this Amendment shall have the meaning ascribed to them in the License Agreement

IN WITNESS WHEREOF, the parties hereto have caused this Fifth Amendment to the License Agreement to be executed as of the date first set forth above.

EXHIBIT I TO FIFTH AMENDMENT
SCHEDULE D
SUBLICENSE AGREEMENT

This Sublicense Agreement (the "Sublicense Agreement"), dated as of _____ is made by and among Dow Jones & Company, Inc. ("Dow Jones" or "Licensor"), [**] (the "Sublicensee"), and Board of Trade of the City of Chicago, Inc. ("Sublicensor").

WITNESSETH

WHEREAS, pursuant to that certain License Agreement, dated as of June 5, 1997, by and between Dow Jones & Company, Inc. ("Licensor") and Sublicensor (as amended, the "License Agreement"), Dow Jones has granted Sublicensor a license to use certain copyright, trademark and proprietary rights and trade secrets of Licensor in connection with the issuance, sale, marketing and/or promotion of certain financial products (as more particularly described in the License Agreement, the "Products");

WHEREAS, Sublicensee wishes to issue, sell market and/or promote certain Products based on certain indexes and to use and refer to certain related service marks in connection therewith;

WHEREAS, except as otherwise expressly provided herein, all capitalized terms used herein shall have the meanings assigned to them in the License Agreement unless otherwise defined herein.

NOW, THEREFORE, in consideration of the premises and the mutual covenants and agreements contained herein, it is agreed as follows:

1. License. (a) Subject to the terms and conditions of this Agreement, Sublicensor hereby grants to the Sublicensee a non-transferable, non-sublicensable and non-exclusive worldwide sublicense (i) to [**] and the marketing and promotion of the Products, in order to indicate the source of the Indexes and as may otherwise be required by applicable laws, rules or regulations or under this Agreement. Subject to the terms and conditions of this Agreement, including the applicable time periods set forth in the license granted in Section 1(a)(1), (2) and (3), the Products may be traded on or through the Sublicensee on each calendar day that the Sublicensee is open for trading, provided, however, in no event may the Products be traded on any affiliate of [**] without Dow Jones' prior written consent.

(b) As used in this Agreement, "Products" means the products designated on Schedule B hereto that are based upon one or more of the Indexes (but not any part of any Index other than the whole Index, and not any subset of the components of any Index) and correlated to the underlying securities comprising such Indexes, and that are to be traded on or through the Sublicensee. The terms of the Products, and any material changes therein, will be subject to Licensor's prior written consent. Unless otherwise expressly agreed by Sublicensor in writing, the Initial Product at the Commencement Date will have a contract size of approximately [**] as of the

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Commencement Date. As used in this Agreement, the “Initial Product”) means a Product based on the [**]. As used in this Agreement, “Commencement Date” means the first day of trading in the Initial Product. Notwithstanding anything to the contrary in this Section 1(b), Sublicensee may issue Products of various contract sizes based on the same Index or Additional Index. For example, Sublicensee may issue a Product based on [**] with a contract size of approximately [**] and a Product with a contract size of approximately [**]. Any contract size shall be subject to Sublicensor’s prior approval, which approval shall not be unreasonably withheld.

(c) Sublicensor agrees that no person or entity other than the Sublicensee shall need to obtain a license from Sublicensor with respect to the sale and purchase of the Products.

(d) Nothing contained in this Agreement shall restrict Dow Jones or Sublicensor from licensing any one or more of the Indexes or the Dow Jones Marks to any other person or entity at any time.

(e) Nothing contained in this Agreement constitutes a license to the Sublicensee to use any one or more of the Indexes other than in connection with the listing for trading, marketing and promotion of the Products.

(f) Sublicensee acknowledges that the Indexes and the Dow Jones Marks are the exclusive property of Dow Jones, who has and retains all Intellectual Property and other proprietary rights therein. Except as otherwise specifically provided herein, Dow Jones reserves all rights to the Indexes and the Dow Jones Marks, and this Agreement shall not be construed to transfer to the Sublicensee any ownership right to, or equity interest in, the Indexes or the Dow Jones Marks, or in any Intellectual Property or other proprietary rights pertaining thereto.

(g) Sublicensee acknowledges that the Indexes and their compilation and composition, and any changes therein, are and will be in the complete control and sole discretion of Dow Jones.

2. Term.

The term of this Agreement shall commence as of the Effective Date and shall remain in full force and effect until the close of business on [**], unless this Agreement is terminated earlier as provided herein (the “Term”); provided, however, that notwithstanding any other provision of this Agreement, a “Year” shall mean a calendar year commencing on January 1.

3. License Fees.

(a) As consideration for the license granted herein, the Sublicensee shall pay to Sublicensor license fees (“Sublicense Fees”) as set forth on Schedule C hereto.

(b) Sublicensor shall have the right to audit on a confidential basis the relevant books and records of the Sublicensee to confirm the accuracy of any one or more calculations of License Fees. Sublicensor shall bear its own costs of any such audit unless it is determined that Sublicensor has been underpaid by [**] or more with respect to the payments being audited, in which case Sublicensor's costs of such audit shall be paid by the Sublicensee.

4. Termination.

(a) If there is a material breach of this Agreement by any party (such party, the "breaching party." and, the other party, the "non-breaching party."), or if any party (such party, the "harmed party.") believes in good faith that material damage or harm is occurring to its reputation or good will be reason of its continued performance hereunder (other than pursuant to Section 4(g)), then the non-breaching party or the harmed party, as the case may be, may terminate this Agreement, effective thirty (30) days after written notice thereof to the other parties (with reasonable specificity as to the nature of the breach or the condition causing such damage or harm, as the case may be, and including a statement as to such party's intent to terminate), unless the other party shall correct such breach or the condition causing such damage or harm, as the case may be, within such 30-day period.

(b) The Licensor, Sublicensee or Sublicensor may terminate this Agreement upon ninety (90) days prior notice to the other (or such lesser period of time as may be necessary pursuant to law, rule, regulation or court order) if (i) any legislation or regulation is finally adopted or any government interpretation is issued that prevents the Sublicensee from listing for trading, marketing or promoting the Initial Product; (ii) any material litigation or material regulatory proceeding regarding the Initial Product is commenced and such party reasonably believes that such litigation or regulatory proceeding is reasonably likely to have a material and adverse effect on the good name or reputation of such party or on such party's ability to perform its obligations under this Agreement. The Licensor, Sublicensee or Sublicensor may terminate this Agreement with respect to any one or more specific Products (but not this Agreement in its entirety) upon ninety (90) days prior written notice to the other (or such lesser period of time as may be necessary pursuant to law, rule regulation or court order) if (i) any legislation or regulation is finally adopted or any government interpretation is issued that prevents the Sublicensee from listing for trading, marketing or promoting such Product; (ii) any material litigation or material regulatory proceeding regarding such Product is commenced and such Party reasonably believes that such litigation or regulatory proceeding is reasonably likely to have a material and adverse effect on the good name or reputation of such Party or on such Party's ability to perform its obligations under this Agreement; or (iii) the Sublicensee elects to terminate the listing for trading of such Product.

(c) Licensor or Sublicensor may terminate this Agreement upon ninety (90) days prior written notice to the Sublicensee (or such lesser period of time as may be necessary pursuant to law, rule, regulation or court order) if (i) any legislation or regulation is finally adopted or any government interpretation is issued that

in Licensor or Sublicensor's reasonable judgment materially impairs Dow Jones' ability to license and provide the Indexes or the Dow Jones Marks under the License Agreement or Licensor or Sublicensor's ability to sublicense and provide the Indexes or the Dow Jones Marks under this Agreement, (ii) any litigation or proceeding is commenced which relates, directly or indirectly, to Dow Jones' licensing and providing the Indexes or the Dow Jones Marks under the License Agreement or Licensor's or Sublicensor's licensing and providing the Indexes or the Dow Jones Marks under this Agreement, or any such litigation proceeding is threatened and Licensor or Sublicensor as the case may be, reasonably believes that such litigation or proceeding would be reasonably likely to have a material and adverse effect on the Indexes or the Dow Jones Marks or on Dow Jones' ability to perform under the License Agreement or Sublicensor's ability to perform under this Agreement, or (iii) Dow Jones elects (other than pursuant to Section 4(g)) to cease compiling, calculating and publishing values of the Indexes.

(d) Sublicensor may terminate this Agreement (i) 180 days after the Effective Date if the Initial Product has not by such date received all necessary regulatory authorizations for listing and trading, or (ii) 30 days after the date of receipt of all such necessary regulatory authorizations if the Initial Product has not by then been listed, with trading having commenced.

(e) Licensor or Sublicensor may terminate this Agreement upon written notice to the Sublicensee if any securities exchange ceases to provide data to Dow Jones necessary for providing the Indexes, terminates Dow Jones' right to receive data in the form of a "feed" from such securities exchange, materially restricts Dow Jones' right to redistribute data received from such securities exchange, or institutes charges of a type or to an extent applicable to Dow Jones (and not to others generally) for the provision of data to Dow Jones or the redistribution of data by Dow Jones.

(f) Notwithstanding anything to the contrary herein, Dow Jones shall have the right, in its sole discretion, to cease compiling, calculating and publishing values of any one or more of the Indexes. Licensor or Sublicensor shall have the right to terminate this Agreement with respect only to such Indexes, at any time that Dow Jones determines that such Indexes no longer meet or will not be capable of meeting the criteria established by Dow Jones for maintaining such Indexes (and in such event Licensor or Sublicensor, as the case may be, will use all reasonable efforts to provide the Sublicensee with as much prior notice as is reasonably practicable under the circumstances), but in no event shall Sublicensor or Dow Jones have any liability to Sublicensee under this Agreement for ceasing to compile, calculate or publish values of any Index, for terminating the Agreement on the basis thereof or for failing to provide Sublicensee with prior notice.

(g) Notwithstanding anything to the contrary herein, in the event that there shall occur any change in law (statutory law, case law or otherwise) relating to or affecting the liability of index providers to third parties, and Dow Jones thereafter ceases to engage in the business of providing real-time data, Sublicensee shall have the right to terminate this Agreement upon written notice to the Sublicensor and Dow Jones.

(h) In the event either the Sublicensee, Sublicensor or Licensor shall give notice of termination pursuant to this Section 4 (but excluding Section 4(d)), any Products then listed ("Pending Products") may continue to be traded to the expiration date thereof, and (i) to the extent necessary for such purpose, the license granted in Section 1(a) and Sublicensor's obligations under Sections 5(b), 5(c) and 7, and (ii) the Sublicensee's obligations under Sections 5(h), 6, 7, 8(b) and 9 shall be deemed to continue until the expiration date of the last of such Pending Products. Notwithstanding the above, any Pending Products without open interest which are farther out than the farthest contract month with open interest shall be terminated. Notwithstanding the above, in the event of a termination by Licensor or Sublicensor under Sublicensor under Section 4(a) by reason of any breach by the Sublicensee relating to its obligations under this Agreement with respect to Sublicensor's Intellectual Property, Section 6(g) shall continue to apply to the Sublicensee.

(i) This Agreement shall terminate automatically upon the termination of the License Agreement.

5. Sublicensor Obligations; Sublicensee's Obligations.

(a) Sublicensor is not, and shall not be, obligated to engage in any way or to any extent in any marketing or promotional activities in connection with the Products or in making any representation or statement to investors or prospective investors in connection with the marketing or promotion of the Products by the Sublicensee. At the Sublicensee's request, Sublicensor and Dow Jones will provide Sublicensee with all reasonable cooperation in connection with Sublicensee obtaining and maintaining regulatory approval for the Products.

(b) Dow Jones agrees to provide reasonable support for the Sublicensee's development and educational efforts with respect to the Products as follows:

(i) Dow Jones shall respond in a timely fashion to any reasonable requests by the Sublicensee for information regarding the Indexes.

(ii) Dow Jones or its agent shall, or Sublicensor/Dow Jones shall arrange for a third party vendor to, calculate, and provide to the Sublicensee via a feed, through a dedicated line, as well as a dial-up backup line, the values of each of the Indexes at least once every [**], or more frequently if agreed by the parties, on each day that the New York Stock Exchange (or the applicable exchange from which such Index is derived) is open for trading, in accordance with Dow Jones' current procedures, which procedures may be modified by Dow Jones.

(iii) Dow Jones shall promptly correct, or instruct its agent to correct, any mathematical errors made in Dow Jones' computations of the Indexes of which Sublicensee becomes aware.

Notwithstanding anything herein to the contrary, nothing in this Section 5 shall give the the Sublicensee the right to exercise any judgment or require any changes with respect to Dow Jones method of composing, calculating or determining the Indexes, and nothing in this Section 5 shall be deemed to modify the provisions of Section 9 of this Agreement.

(c) [Intentionally deleted.]

(d) Dow Jones shall use reasonable efforts to safeguard the confidentiality of all impending changes in the components or method of computation of the Indexes until such changes are publicly disseminated, shall require the same of any agent with whom it has contracted for computation thereof. Dow Jones shall implement reasonable procedures so that only those persons at Dow Jones directly responsible for changes in the composition or method of computation of the Indexes shall be granted access to information respecting impending changes.

(e) The Sublicensee will use best efforts to obtain commitments from major market makers to dedicate traders and capital to provide tight, deep and liquid markets for the Products.

(f) Prior to the Commencement Date, the Sublicensee will adopt, and during the Term the Sublicensee will maintain, as part of its rules, to be set forth in the terms of the Products and in the Sublicensee's Rules and Regulations, a limitation on liability of licensors of indexes, with respect to trading on or through the Sublicensee, which is in form and substance substantially as set forth in the New York Stock Exchange Rule 813.

(g) In the event that any third party shall commence any litigation, action or proceeding, or make any claim, against Sublicensor or Dow Jones which alleges liability of Sublicensor or Dow Jones by reason of miscalculation or error in any Dow Jones index (whether or not any Product is based on such index), the Sublicensee shall, at the request of Sublicensor and/or Dow Jones, as applicable, participate in the defense thereof in any manner reasonably requested by Sublicensor and/or Dow Jones, as applicable, at the Sublicensee's own expense up to an aggregate of [**] of out-of-pocket expenses therefore.

6. Trademark Filings; Recognition of Intellectual Property Rights; Protection of Intellectual Property; Quality Control.

(a) During the Term, Dow Jones shall apply for such trademark and trade name registrations for the Dow Jones Marks only in such jurisdictions, if any, where Dow Jones, in its sole discretion, considers such filings appropriate. The Sublicensee shall reasonably cooperate with Sublicensor and Dow Jones in the maintenance of such rights and registrations and shall do such acts and execute such instruments as are reasonably necessary or appropriate for such purpose. The Sublicensee shall use the following notice when referring to any of the Indexes or any of the Dow Jones Marks in any information materials to be used in connection with the Products (including, where applicable, advertisements, brochures and promotional and any other similar information materials, and any documents or materials required to be filed with governmental or regulatory agencies) that in any way use or refer to Dow Jones, CBOT, any of the Indexes or any of the Dow Jones Marks (collectively, the "Informational Materials");

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

“Dow Jones” and [INSERT Name of Index(es)]™,” are trademarks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by [INSERT Name of Sublicensee]. [INSERT Name of Sublicensee]’s [INSERT Name of Product(s)] based on the [INSERT Name of Index]™ are not sponsored, endorsed, sold or promoted by Dow Jones, and Dow Jones makes no representation regarding the advisability of trading in such product(s).

or such similar language as may be approved in advance in writing by Sublicensor.

(b) Sublicensee agrees that the Dow Jones Marks and all Intellectual Property and other rights, registrations and entitlement thereto, together with all applications, registrations and filings with respect to any of the Dow Jones Marks and any renewals and extensions of any such applications, registration and filings, are and shall remain the sole and exclusive property of Dow Jones. Sublicensee agrees to cooperate with Sublicensor and Dow Jones in the maintenance of such rights and registrations and shall do such acts and execute such instruments as are reasonably necessary or appropriate for such purpose. Sublicensee acknowledges that each of the Dow Jones Marks is part of the business and goodwill of Dow Jones and agrees that it shall not, during the term of this Agreement or thereafter, contest the fact that the Sublicensee’s rights in the Dow Jones Marks under this Agreement (i) are limited solely to the use of the Dow Jones Marks in connection with the listing for trading, marketing, and/or promotion of the Products and disclosure about the Products under applicable law as provided in Section 1(a), and (ii) shall cease upon termination of this Agreement, except as otherwise expressly provided herein. Sublicensee recognizes the great value of the reputation and goodwill associated with the Dow Jones Marks and acknowledges that such goodwill associated with the Dow Jones Marks belongs exclusively to Dow Jones and Sublicensor, and that Dow Jones is the owner of all right, title and interest in and to the Dow Jones Marks in connection with the Products. Sublicensee further acknowledges that all rights in any translations, derivatives or modifications in the Dow Jones Marks which may be created by or for the Sublicensee shall be and shall remain the exclusive property of Dow Jones and said property shall be and shall remain a part of the Intellectual Property subject to the provisions and conditions of this Agreement. Sublicensee shall never, either directly or indirectly, contest Dow Jones’ exclusive ownership of any of the Intellectual Property or Sublicensor’s rights thereto. In the event that Sublicensor consents to, and the Sublicensee uses any Dow Jones Mark in conjunction with the Sublicensee’s own trademark(s), such resulting mark shall be owned by Dow Jones, and shall be part of the Intellectual Property of Dow Jones and included in the Dow Jones Marks as defined herein. With respect to any such composite mark: (i) neither Dow Jones nor Sublicensor shall register or apply for registration of such mark;

7

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

(ii) neither Dow Jones nor Sublicensor shall use such mark; and (iii) after termination or expiration of this Agreement, Dow Jones and Sublicensor shall disclaim ownership rights in Licensee's own trademark forming a part of such mark and shall assign to Sublicensee any rights in Sublicensee's own trademark forming a part of such mark and the goodwill associated therewith that Dow Jones or Sublicensor might have acquired during the Term.

(c) In the event that the Sublicensee learns of any infringement or imitation of any of the Indexes and/or any Dow Jones Mark, or of any use by any person of a trademark similar to any of the Dow Jones Marks, it shall promptly notify Dow Jones. Dow Jones shall take such action as it deems advisable for the protection of rights in and to the Indexes and the Dow Jones Marks and, if requested to do so by Sublicensor or Dow Jones, the Sublicensee shall cooperate with Sublicensor and Dow Jones in all respects, at Dow Jones' expense, including, without limitation, by being a plaintiff or co-plaintiff and, upon the reasonable request of Dow Jones or Sublicensor, by causing its officers to execute appropriate pleadings and other necessary documents. In no event, however, shall Dow Jones or Sublicensor be required to take any action it deems inadvisable. The Sublicensee shall have no right to take any action which would materially affect any of the Indexes and/or any of the Dow Jones Marks without the prior written approval of Dow Jones and Sublicensor.

(d) The Sublicensee shall use its best efforts to protect the goodwill and reputation of Dow Jones, Sublicensor, the Indexes and the Dow Jones Marks in connection with its use of the Indexes and any of the Dow Jones Marks under this Agreement. The Sublicensee shall submit to Dow Jones and Sublicensor, for Dow Jones and Sublicensor's review and approval, and the Sublicensee shall not use until receiving Dow Jones and Sublicensor's approval thereof in writing, all Informational Materials. Dow Jones and Sublicensor's approval shall be required with respect to the use of any description of Dow Jones, Sublicensor, any of the Indexes or any of the Dow Jones Marks. Dow Jones and Sublicensor shall notify the Sublicensee of its approval or disapproval of any Informational Materials within 72 hours (excluding any day which is a Saturday or Sunday or a day on which The New York Stock Exchange is closed) following receipt thereof from the Sublicensee. Once Informational Materials have been approved by Dow Jones and Sublicensor, subsequent Informational Materials which do not alter the use or description of Dow Jones, Sublicensor, such Indexes or such Dow Jones Marks, as the case may be, need not be submitted for review and approval by Dow Jones and Sublicensor.

(e) Except as may be expressly otherwise agreed in writing by Sublicensor/Dow Jones, or as otherwise permitted or required under this Agreement, the Dow Jones Marks and the Sublicensee's marks, the marks of any of their respective affiliates or the marks of any third party, to the extent they appear in any Informational Material, shall appear separately and shall be clearly identified with regard to ownership. Whenever the Dow Jones Marks are used in any Informational Material in connection with any of the Products, the name of the Sublicensee shall appear in close proximity to the Dow Jones Marks so that the identity of the Sublicensee, and its status as an authorized licensee of such Dow Jones Marks, is clear and obvious.

(f) Sublicensee agrees that any proposed change in the use of the Dow Jones Marks shall be submitted to Dow Jones and Sublicensor for, and shall be subject to, Dow Jones and Sublicensor's prior written consent.

(g) If at any time Sublicensor is of the opinion that the Sublicensee is not properly using the Intellectual Property in connection with the Products or Informational Materials, or that the standard of quality of any of the Products or Informational Materials does not conform to the standards as set forth herein, Sublicensor shall give notice to the Sublicensee to that effect. Upon receipt of such notice, the Sublicensee shall forthwith correct the defects in the non-conforming Products or Informational Materials so that they comply with all required standards or cease (subject to regulatory requirements) the listing, marketing and promotion of the non-conforming Products or Informational Materials.

7. Proprietary Rights.

(a) The Sublicensee expressly acknowledges and agrees that the Indexes are selected, compiled, coordinated, arranged and prepared by Dow Jones through the application of methods and standards of judgment used and developed through the expenditure of considerable work, time and money by Dow Jones. The Sublicensee also expressly acknowledges and agrees that the Indexes and the Dow Jones Marks are valuable assets of Dow Jones and the Sublicensee agrees that it will take reasonable measures to prevent any unauthorized use of the information provided to it concerning the selection, compilation, coordination, arrangement and preparation of the Indexes.

(b) Dow Jones and Sublicensor expressly acknowledge and agree that: (i) Sublicensee has the exclusive property rights in and to Market Data; (ii) Market Data constitutes valuable Confidential Information and proprietary rights of Sublicensee; and (iii) Sublicensee's trademarks and trade names, including but not limited to, [**] are valuable assets of Sublicensee. "Market Data" shall mean bids, asks and market prices, opening and closing range prices, high-low prices, settlement prices, estimated and actual contract volume and other information regarding [**] market activity, including exchange for physical transactions (excluding the values of Dow Jones indexes).

(c) Each party shall treat as confidential and shall not disclose or transmit to any third party (i) any documentation or other materials that are marked as "Confidential" by the providing party and (ii) the terms of this Agreement (collectively, "Confidential Information"). Confidential Information as described in clause (i) of the preceding sentence shall not include (A) any information that is available to the public or to the receiving party hereunder from sources other than the providing party (provided that such source is not subject to a confidentiality agreement with regard to such information) or (B) any information that is independently developed by the receiving party without use of or reference to information from the providing party.

(d) Notwithstanding the foregoing, either party may reveal Confidential Information to any regulatory agency or court of competent jurisdiction if such information to be disclosed is (i) approved in writing by the providing party for disclosure of (ii) required by law, regulatory agency or court order to be disclosed by the receiving party, provided, if permitted by law, that prior written notice of such required disclosure is given to the providing party and provided further that the receiving party shall cooperate with the providing party to limit the extent of such disclosure. The provisions of Sections 7(c) and (d) shall survive termination or expiration of this Agreement for a period of [**] from disclosure by either party to the other of the last item of such Confidential Information.

8. Warranties; Disclaimers.

(a) Each party represents and warrants to the other that it has the authority to enter into this Agreement according to its terms, and that its execution and delivery of this Agreement and its performance hereunder will not violate any agreement applicable to it or violate any applicable laws, rules or regulations. Sublicensor represents that it owns and has the right to license hereunder the Intellectual Property licensed hereunder. The Sublicensee represents and warrants to Sublicensor and Dow Jones that the Products listed for trading, and the marketing and promotion thereof, by the Sublicensee will not violate any agreement applicable to the Sublicensee or violate any applicable laws, rules or regulations, including without limitation, securities, commodities, and banking laws.

(b) The Sublicensee shall include the statement contained in Exhibit I hereto in the terms and conditions of any Products (and upon request shall furnish copies thereof to Sublicensor), and the Sublicensee expressly agrees to be bound by the terms of the statement contained in Exhibit I hereto (which terms are expressly incorporated herein by reference and made a part hereof). Any changes in the statement contained in Exhibit I hereto must be approved in advance in writing by an authorized officer of Sublicensor.

(c) Without limiting the disclaimers set forth in this Agreement (including in Exhibit I hereto), in no event shall the cumulative liability of Sublicensor and Dow Jones to the Sublicensee and its affiliates under or relating to this Agreement at any time exceed the aggregate amount of License Fees received by Sublicensor pursuant to this Agreement prior to such time.

(d) Notwithstanding any other provision of this Agreement, in no event shall Sublicensor or Dow Jones be liable to the Sublicensee for damages of any kind (whether monetary, special, indirect, exemplary, incidental, consequential or otherwise) in connection with any breach by Sublicensor of any of its covenants under this Agreement. In addition, in no event shall either Sublicensor or the Sublicensee be liable to the other for more than an aggregate of [**] (in respect of any and all claims) for any special, indirect, exemplary, incidental or consequential damages (including loss of products or savings, but not including under any indemnification obligation under Section 9(a) even if such other party has been advised, knows or should know of the possibility of same arising in connection this Agreement.

9. Indemnification.

(a) Sublicensee shall indemnify and hold harmless Dow Jones, Sublicensor and their respective affiliates, and their respective officers, directors, members, employees and agents (the "Indemnified Parties"), against any and all judgments, damages, liabilities, costs and losses of any kind (including reasonable attorneys' and experts' fees) (collectively, "Losses") that arise out of or relate to (i) any breach by the Sublicensee of its representations and warranties or covenants under this Agreement, or (ii) any claim, action or proceeding that arises out of or relates to (x) this Agreement or (y) the Products, including, in either case, any claim, action or proceeding that the Products or the method by which they are offered for trading infringe the intellectual property rights of any person; provided, however, that Sublicensor or Dow Jones must promptly notify the Sublicensee in writing of any such claim, action or proceeding (but the failure to do so shall not relieve the Sublicensee of any liability hereunder except to the extent that Sublicensee has been materially prejudiced therefrom). Sublicensee may elect, by written notice to Sublicensor and Dow Jones within ten (10) days after receiving notice of such claim, action or proceeding from Sublicensor or Dow Jones, as the case may be, to assume the defense thereof with counsel reasonably acceptable to Sublicensor and Dow Jones. If Sublicensee does not so elect to assume such defense or disputes its indemnity obligation with respect to such claim, action or proceeding, or if Dow Jones or Sublicensor reasonably believes that there are conflicts of interest between Sublicensor or Dow Jones, on the one hand, and Sublicensee, on the other hand, or that additional defenses are available to Sublicensor or Dow Jones with respect to such defense, then Sublicensor or Dow Jones, as the case may be, shall retain its own counsel to defend such claim, action or proceeding, at the Sublicensee's expense. Sublicensee shall periodically reimburse Sublicensor for its expenses incurred under this Section 9. Sublicensor or Dow Jones, as the case may be, shall have the right, at its own expense, to participate in the defense of any claim, action or proceeding against which it is indemnified hereunder; provided, however, that Dow Jones or Sublicensor, as the case may be, shall have no right to control the defense, consent to judgment, or agree to settle any such claim, action or proceeding without the written consent of the Sublicensee unless such party waives its right to indemnity hereunder. Sublicensee, in the defense of any such claim, action or proceeding, except with the written consent of Dow Jones or Sublicensor, as the case may be, shall not consent to entry of any judgment or enter into any settlement which (i) does not include, as an unconditional term, the grant by the claimant to Sublicensor or Dow Jones, as the case may be, of a release of all liabilities in respect of such claims or (ii) otherwise adversely affects the rights of Sublicensor or Dow Jones, as the case may be.

(b) Notwithstanding Section 9(a), the Sublicensee shall not have any obligation to indemnify and hold harmless Sublicensor and its affiliates, and their respective officers, directors, members, employees and agents, to the extent that Losses arise out of or relate to (i) a breach by Sublicensor of its representations, warranties or covenants under this Agreement, (ii) the willful or reckless misconduct of

11 CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

any of Sublicensor's officers, directors, employees or agents acting within the scope of their authority, or (iii) miscalculations or errors in an Index originated by Dow Jones (i.e., not including miscalculations or errors resulting from wrong information received by Dow Jones or from Dow Jones' lack of information).

(c) The indemnification provisions set forth herein are solely for the benefit of Dow Jones and are not intended to, and do not, create any rights or causes of actions on behalf of any third party.

10. Suspension of Performance.

Notwithstanding anything herein to the contrary, none of Dow Jones, Sublicensor or the Sublicensee shall bear responsibility or liability to each other party or to third parties for any Losses arising out of any delay in or interruptions of performance of their respective obligations under this Agreement due to any act of God, act of governmental authority, or act of public enemy, or due to war, the outbreak or escalation of hostilities, riot, fire, flood, civil commotion, insurrection, labor difficulty (including, without limitation, any strike, other work stoppage, or slow-down), severe or adverse weather conditions, power failure, communications line or other technological failure, or other similar cause beyond the reasonable control of the party so affected; provided, however, that nothing in this Section 9 shall affect the Sublicensee's obligations under Section 9(a)(ii).

11. Injunctive Relief.

In the event of a material breach by one party ("Breaching Party") of provisions of this Agreement relating to the Confidential Information of the other party ("Non-breaching Party"), the Breaching Party acknowledges and agrees that damages would be an inadequate remedy and that the Non-breaching Party shall be entitled to preliminary and permanent injunctive relief to preserve such confidentiality or limit improper disclosure of such Confidential Information, but nothing herein shall preclude the Non-breaching Party from pursuing any other action or remedy for any breach or threatened breach of this Agreement. All remedies under this Section 11 shall be cumulative.

12. Other Matters.

(a) This Agreement is solely and exclusively between the parties hereto and, except to the extent otherwise expressly provided herein, shall not be assigned or transferred, nor shall any duty hereunder be delegated, by either party, without the prior written consent of the other party, and any attempt to so assign or transfer this Agreement or delegate any duty hereunder without such written consent shall be null and void. This Agreement shall be valid and binding on the parties hereto and their successors and permitted assigns.

(b) This Agreement, including the Schedules and Exhibits hereto (which are hereby expressly incorporated into and made a part of this Agreement), constitutes the entire agreement of the parties hereto with respect to its subject matter,

and supersedes any and all previous agreements between the parties with respect to the subject matter of this Agreement. There are no oral or written collateral representations, agreements or understandings except as provided herein.

(c) No waiver, modification or amendment of any of the terms and conditions hereof shall be valid or binding unless set forth in a written instrument signed by duly authorized officers of both parties and approved by Dow Jones. The delay or failure by any party to insist, in any one or more instances, upon strict performance of any of the terms or conditions of this Agreement or to exercise any right or privilege herein conferred shall not be construed as a waiver of any such term, condition, right or privilege, but the same shall continue in full force and effect.

(d) No breach, default or threatened breach of this Agreement by either party shall relieve the other party of its obligations or liabilities under this Agreement with respect to the protection of the property or proprietary nature of any property which is the subject of this Agreement.

(e) All notices and other communications under this Agreement shall be (i) in writing, (ii) delivered by hand (with receipt confirmed in writing), by registered or certified mail (return receipt requested), or by facsimile transmission (with receipt confirmed in writing), to the address or facsimile number set forth below or to such other address or facsimile number as either party shall specify by a written notice to the other, and (iii) deemed given upon receipt.

(f) This Agreement shall be interpreted, construed and enforced in accordance with the laws of the State of New York without reference to or inclusion of the principles of choice of law or conflicts of law of that jurisdiction. It is

the intent of the parties that the substantive law of the State of New York govern this Agreement and not the law of any other jurisdiction incorporated through choice of law or conflicts of law principles. Each party agrees that any legal action, proceeding, controversy or claim between the parties arising out of or relating to this Agreement may be brought and prosecuted only in the United States District Court for the Southern District of New York or in the Supreme Court of the State of New York in and for the First Judicial Department, and by execution of this Agreement each party hereto submits to the exclusive jurisdiction of such court and waives any objection it might have based upon improper venue or inconvenient forum. Each party hereby waives any right it may have to a jury trial in connection with any legal action, proceeding, controversy or claim between the parties arising out of or relating to this Agreement.

(g) This Agreement (and any related agreement or arrangement between the parties hereto) is solely and exclusively for the benefit of the parties hereto and their respective successors, and nothing in this Agreement (or any related agreement or arrangement between the parties hereto), express or implied, is intended to or shall confer on any other person or entity (including, without limitation, any purchaser of any Products issued by the Sublicensee), any rights, benefits or remedies of any nature whatsoever under or by reason of this Agreement (or any such related agreement or arrangement between the parties hereto).

(h) Section 4, Sections 7(c) and (d) (as provided therein), Sections 8, 9, 11 and 12(e), (f) and (g), and this Section 12(h), shall survive the expiration or termination of this Agreement.

(i) The parties hereto are independent contractors. Nothing herein shall be construed to place the parties in the relationship of partners or joint ventures, and neither party shall acquire any power, other than as specifically and expressly provided in this Agreement, to bind the other in any manner whatsoever with respect to third parties other than Dow Jones.

(j) All references herein to "reasonable efforts" shall include taking into account all relevant commercial and regulatory factors. All references herein to "regulations" or "regulatory proceedings" shall include regulations or proceedings by self-regulatory organizations such as securities or futures exchange.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed as of the date first set forth above.

The [Products] are not sponsored, endorsed, sold or promoted by Dow Jones & Company, Inc. ("Dow Jones") or the Board of Trade of the City of Chicago, Inc. ("CBOT"). CBOT and Dow Jones makes no representation or warranty, express or implied, to the owners of the [Product(s)] or any member of the public regarding the advisability of trading in the Product(s). Dow Jones' and CBOT's only relationship to the Sublicensee is the licensing of certain trademarks and trade names of Dow Jones and of the [INSERT Name of Index(es)] which is determined, composed and calculated by Sublicensor without regard to [the Sublicensee] or the [Product(s)], Dow Jones and CBOT have no obligation to take the needs of [the Sublicensee] or the owners of the [Product(s)] into consideration in determining, composing or calculating [INSERT Names of Index(es)]. Dow Jones and CBOT are not responsible for and has not participated in the determination of the timing of, prices at, or quantities of the [Product(s)] to be listed or in the determination or calculation of the equation by which the [Product(s)] are to be converted into cash. Dow Jones and CBOT have no obligation or liability in connection with the administration, marketing or trading of the [Product(s)].

DOW JONES DOES NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE [INSERT NAME OF INDEX(ES)] OR ANY DATA INCLUDED THEREIN AND SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. DOW JONES AND CBOT MAKE NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY [THE LICENSEE], OWNERS OF THE [PRODUCT(S)], OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE [INSERT NAME OF INDEX(ES)] OR ANY DATA INCLUDED THEREIN. DOW JONES AND CBOT MAKE NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIM ALL WARRANTIES, OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE [INSERT NAMES OR INDEX(ES)] OR ANY DATA INCLUDED THEREIN, WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL DOW JONES OR CBOT HAVE ANY LIABILITY FOR ANY LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. OTHER THAN DOW JONES, THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN CBOT AND [THE SUBLICENSEE].

Confidential Treatment Requested by CBOT Holdings, Inc.

FINAL

TREASURY INDEX AGREEMENT

This Index Agreement, dated as of March 29, 2004 (the "Effective Date"), is made by and between Dow Jones & Company, Inc. ("Dow Jones"), having an office at 200 Liberty Street, New York, New York 10281, and the Board of Trade of the City of Chicago, Inc. (the "CBOT"), having an office at 141 West Jackson Boulevard, Chicago, Illinois 60604.

WHEREAS, CBOT is a leading derivatives exchange and has developed an index utilizing the prices of government debt futures contracts (the "Index Methodology"), which can be used to create one or more government debt indexes;

WHEREAS, CBOT intends to offer trading in standardized exchange-traded futures and futures options contracts ("Contracts") based on an index employing the Index Methodology and prices of certain U.S. Treasury futures contracts offered for trading on the CBOT (the "Treasury Index"), and other Contracts based on the Index Methodology utilizing the prices of other government debt futures contracts;

WHEREAS, Dow Jones has substantial experience and expertise in the calculation and distribution of indexes;

WHEREAS, CBOT has proposed that Dow Jones calculate and distribute the Treasury Index and perform other related services in exchange for a service fee;

WHEREAS, CBOT intends to grant Dow Jones a sole and exclusive license to sublicense the Treasury Index to certain third parties in return for a license fee;

WHEREAS, the parties have agreed to call the Treasury Index the "Dow Jones CBOT Treasury Index" and shall grant licenses of their respective service marks to each other for that purpose.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

NOW THEREFORE, in consideration of the premises and the mutual covenants and agreements contained herein, it is agreed as follows:

1. Services. CBOT retains Dow Jones to perform the following services (the "Services"):

(a) Dow Jones shall calculate the Treasury Index in accordance with the Index Methodology (attached as Exhibit 1), which may not be modified without the prior written consent of the CBOT and Dow Jones, as of April 1, 2004.

(b) As of April 1, 2004, Dow Jones or its agent shall, or Dow Jones shall arrange for a third party vendor to, calculate, and provide to the CBOT via an electronic feed, the value of the Index at least once every fifteen (15) seconds on each day that the Components (as defined below) are available for trading on or through the facilities of the CBOT, in accordance with procedures established by the CBOT, which procedures may be modified by the CBOT.

(c) Dow Jones shall promptly correct, or instruct its agent to correct, any mathematical errors made in Dow Jones' computation of the Treasury Index of which Dow Jones becomes aware in accordance with Dow Jones' then current data correction policy.

(d) Dow Jones shall respond in a timely fashion to any reasonable request by the CBOT for information regarding the Treasury Index.

(e) Dow Jones shall use reasonable efforts to safeguard the confidentiality of all impending changes in the Components or Index Methodology until the disclosure of such changes is authorized by the CBOT, and shall require the same of any agent with whom it has contracted for computation of the Treasury Index.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

2. Contracts.

(a) Dow Jones is not, and shall not be, obligated to engage in any way or to any extent in any marketing or promotional activities in connection with the Contracts or in making any representation or statement to investors or prospective investors in connection with the marketing or promotion of the Contracts by the CBOT.

(b) The CBOT shall use the statement contained in Exhibit 2 hereto in each contract market designation application and in the terms and conditions of any Contracts (and upon request shall furnish copies thereof to Dow Jones), and the CBOT expressly agrees to be bound by the terms of the statement contained in Exhibit 2 hereto (which terms are expressly incorporated herein by reference and made a part hereof). Any changes in the statement contained in Exhibit 2 hereto must be approved in advance in writing by an authorized officer of Dow Jones.

3. Treasury Index and Component Data. To enable Dow Jones to perform the Services, CBOT shall provide Dow Jones with real time price information of the futures contracts underlying the Treasury Index (the "Components") via a Reuters' data feed (or via Dow Jones' other then-current data supplier) subject to Dow Jones' subscriber agreement with Reuters (or such other data supplier) and the History (as defined below). CBOT shall provide Reuters (or such other data supplier) all fee waivers within its reasonable control for Dow Jones to receive all data reasonably necessary for Dow Jones to perform the Services. Any failure of Dow Jones to fulfill any of its obligations under this Agreement due to CBOT's failure to timely provide accurate information shall not constitute a breach of this Agreement by Dow Jones. CBOT grants to Dow Jones (a) a sole and exclusive during the Term, worldwide, non-transferable, license to (i) use the real-time information related to the Components provided by CBOT to Dow Jones under this Section 3 solely in connection with calculating the real-time values of the Treasury Index in accordance with Section

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

1(b) hereof (except that CBOT may calculate the values of the Treasury Index on an emergency back-up basis if Dow Jones is not able to do so) and (ii) redistribute any end-of-day information with respect to the Components, History and values of the Treasury Index to Third-Party Licensees (as defined in Section 5(a)); (b) a non-exclusive, worldwide, non-transferable, perpetual, royalty-free license to publish and redistribute the list of Components as existed during the Term, end-of-day information related to the Components as existed during the Term, History and the daily high, low and closing values of the Treasury Index that are calculated during the Term (including, without limitation, historical index levels) in Dow Jones' products and services; and (c) a sole, but not exclusive, worldwide non-transferable license to distribute the real-time values of the Treasury Index. The History shall mean daily high, low and closing prices of the Components from November 30, 1999, through March 31, 2004.

4. Proprietary Rights.

(a) Dow Jones disclaims any and all rights in the Treasury Index, the Index Methodology or any of the Intellectual Property related thereto, including U.S. Patent Application No. 10/435,760 titled, "Capital Market Index and Futures Contract", except for the licenses granted in Sections 3, 5 and 9(b) hereof and as may otherwise be provided under applicable law.

(b) Dow Jones expressly acknowledges and agrees that (1) CBOT has the exclusive property rights in and to Market Data (as defined below); and (2) CBOT's trademarks, service marks and trade names, including but not limited to Chicago Board of Trade, Board of Trade, CBOT, e-cbot and the CBOT Treasury Index (collectively, the "CBOT Marks") are valuable assets of CBOT. Market Data shall mean bids, asks and market prices, opening and closing range prices, high-low prices, settlement prices, estimated and actual contract volume and other information regarding the Components, Contracts based on the Treasury Index and traded on the CBOT, and the values of the Treasury Index.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

(c) Each party shall treat as confidential and shall not disclose or transmit to any third party (1) any documentation or other materials that are marked as "Confidential" by the providing party and (2) the terms of this Agreement (collectively, "Confidential Information"). Confidential Information as described in clause (1) of the preceding sentence shall not include (A) any information that is available to the public or to the receiving party hereunder from sources other than the providing party (provided that such source is not subject to a confidentiality agreement with regard to such information) or (B) any information that is independently developed by the receiving party without use or reference to information from the providing party.

(d) Notwithstanding the foregoing, either party may reveal Confidential Information to any regulatory agency or court of competent jurisdiction if such information to be disclosed is (1) approved in writing by the providing party for disclosure or (2) required by law, regulatory agency or court order to be disclosed by the receiving party, provided, if permitted by law, that prior written notice of such required disclosure is given to the providing party and provided further that the receiving party shall cooperate with the providing party to limit the extent of such disclosure. The provisions of Sections (c) and (d) shall survive termination or expiration of this Agreement for a period of five (5) years from disclosure by either party to the other of the last item of such Confidential Information.

5. License

(a) The CBOT grants Dow Jones a sole and exclusive, worldwide, non-transferable license for the term of this Agreement (1) to use the Treasury Index and Index Methodology solely in the performance of the Services and (2) to grant sublicenses to third parties ("Third-Party

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

Licenses”) other than derivatives exchanges to use the Treasury Index and Composite Mark (as defined in Section 8) during the term of this Agreement in connection with the issuance, management, marketing, promotion, sale and trading of financial products (other than standardized exchange-traded futures or exchange-traded futures options contracts), including, without limitation, over the counter financial products and exchange-traded funds (the “Products”).

(b) Dow Jones shall require Third-Party Licensees to enter into Dow Jones standard license agreement (including, without limitation, limitations of liability and indemnification provisions) inuring to the benefit of CBOT. Dow Jones shall further require the Third-Party Licensees to use the statement contained in Exhibit 3 hereto in each application for regulatory approval and in the terms and conditions of any Products (and upon request shall furnish copies thereof to the CBOT), and Dow Jones and CBOT expressly agree to be bound by the terms of the statement contained in Exhibit 3 hereto (which terms are expressly incorporated herein by reference and made a part hereof). Any changes in the statement contained in Exhibit 3 hereto must be approved in advance in writing by an authorized officer of the CBOT.

(c) The CBOT retains the right to distribute the values of the Treasury Index and to grant licenses to persons other than Dow Jones to distribute the values of the Treasury Index.

6. Service Fees.

(a) In consideration of the Services provided by Dow Jones, CBOT shall pay Dow Jones (i) a one-time software set up fee of [**], which shall be payable upon the Effective Date, and (ii) a quarterly fee equal to [**] in such quarter (the “Quarterly Service Fee”). The Quarterly Service Fee shall be payable within thirty (30) days of the end of each calendar quarter.

(b) Dow Jones shall have the right to audit on a confidential basis the relevant books and records of the CBOT to confirm the accuracy of any one or more calculations of Quarterly Service

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Fees. Dow Jones shall bear its own costs of any such audit unless it is determined that CBOT has underpaid by [**] or more with respect to the payments being audited, in which case Dow Jones' costs of such audit shall be paid CBOT.

7. License Fee.

(a) In consideration of the license granted in Section 5(a), Dow Jones agrees to pay to CBOT a quarterly fee equal to [**] (i.e., not including the Quarterly Service Fee) for use with Products (the "Treasury Index License Fee"). The Treasury Index License Fee shall be payable within thirty (30) days of the end of each calendar quarter. For the avoidance of doubt, neither party shall pay the other any revenues related to distribution of data related to the Treasury Index.

(b) [**], and notwithstanding any other provision of this Agreement, [**]. For the avoidance of doubt, the foregoing sentence means that [**].

(c) CBOT shall have the right to audit on a confidential basis the relevant books and records of Dow Jones to confirm the accuracy of any one or more calculations of License Fees. CBOT shall bear its own costs of any such audit unless it is determined that Dow Jones has underpaid by 5% or more with respect to the payments being audited, in which case CBOT's costs of such audit shall be paid by Dow Jones.

8. Name of the Index. The parties agree to refer to, and to require sublicensees to refer to the Treasury Index as the "Dow Jones CBOT Treasury Index" (the "Composite Mark").

9. Service Mark Cross License.

(a) Dow Jones grants CBOT a non-exclusive, non-transferable license to use the service mark "Dow Jones" (the "Dow Jones Marks") during the term of this Agreement only as a component of the Composite Mark in connection with the marketing and promotion of the Treasury Index, the distribution of the values thereof, and the Contracts.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

(b) CBOT grants Dow Jones a non-exclusive, non-transferable license (1) to use the service mark "CBOT" during the term of this Agreement only as a component of the Composite Mark in connection with the sublicensing, marketing and promotion of the Treasury Index and the distribution of the data and information related thereto, and (2) to grant sublicenses to Third-Party Licensees of the Treasury Index to use the CBOT Marks and the Composite Mark in connection with the issuance, management, marketing, promotion, sale and trading of Products.

10. Trademark Filings, Recognition of Intellectual Property Rights, Protection of Intellectual Property, Quality Control

(a) The parties agree that neither party shall own the Composite Mark, neither party shall register or apply for registration of such Composite Mark without the other party's prior written consent. After termination or expiration of this Agreement, each party shall discontinue use of the Composite Mark, shall disclaim any ownership rights in the other party's own trademark forming a part of such mark, and shall assign to the other party any rights in such party's own trademark forming a part of such mark and the goodwill associated therewith that it might have acquired during the term of this Agreement.

(b) During the term of this Agreement, each party shall apply for such trademark and trade name registrations for its Marks only in such jurisdictions, if any, where such party, in its sole discretion, considers such filings appropriate. The parties shall reasonably cooperate with each other in the maintenance of such rights and registrations and shall do such acts and execute such instruments as are reasonably necessary or appropriate for such purpose.

(c) CBOT agrees that the Dow Jones Marks and all Intellectual Property and other rights, registrations and entitlement thereto, together with all applications, registrations and filings with respect to any of the Dow Jones Marks and any renewals and extensions of any such applications, registration and filings, are and shall remain the sole and exclusive property of Dow Jones. CBOT

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

agrees to cooperate with Dow Jones in the maintenance of such rights and registration and shall do such acts and execute such instruments as are reasonably necessary or appropriate for such purpose. CBOT acknowledges that each of the Dow Jones Marks is part of the business and goodwill of Dow Jones and agrees that it shall not, during the term of this Agreement or thereafter, contest the fact that CBOT's rights in the Dow Jones Marks under this Agreement (i) are limited solely to the use of the Dow Jones Marks permitted by Section 9(a), and disclosure about the Contracts under applicable law as provided in Section 4(d), and (ii) shall cease upon termination of this Agreement, except as otherwise expressly provided herein. CBOT recognizes the great value of the reputation and goodwill associated with the Dow Jones Marks and acknowledges that such goodwill associated with the Dow Jones Marks belongs exclusively to Dow Jones, and that Dow Jones is the owner of all right, title and interest in and to the Dow Jones Marks. CBOT further acknowledges that all rights in any translations, derivatives or modifications in the Dow Jones Marks which may be created by or for Dow Jones shall be and shall remain the exclusive property of Dow Jones and said property shall be and shall remain a part of the Intellectual Property subject to the provisions and conditions of this Agreement. CBOT shall never, either directly or indirectly, contest Dow Jones's exclusive ownership of any of the Dow Jones Marks. CBOT shall use the following notice when referring to any of the Dow Jones Marks in any informational materials to be used in connection with the Products (including, where applicable, advertisements, brochures and promotional and any other similar informational materials, and any documents or materials required to be filed with governmental or regulatory agencies) that in any way use or refer to the Treasury Index or any of the Dow Jones Marks (collectively, the "Dow Informational Materials"):

"Dow Jones" is a service mark of Dow Jones & Company, Inc. "Dow Jones CBOT Treasury Index" is a service mark of Dow Jones and the Board of Trade of the City of Chicago, Inc. and the Dow Jones CBOT Treasury Index is owned by CBOT and calculated by Dow Jones. CBOT's futures and futures options contracts based on the Dow Jones CBOT Treasury Index™ are not sponsored, endorsed, sold or promoted by Dow Jones, and Dow Jones makes no representation regarding the advisability of trading in such product(s).

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

or such similar language as may be approved in advance in writing by Dow Jones.

(d) Dow Jones agrees that the CBOT Marks and all Intellectual Property and other rights, registrations and entitlement thereto, together with all applications, registrations and filings with respect to any of the CBOT Marks and any renewals and extensions of any such applications, registration and filings, are and shall remain the sole and exclusive property of CBOT. Dow Jones agrees to cooperate with CBOT in the maintenance of such rights and registration and shall do such acts and execute such instruments as are reasonably necessary or appropriate for such purpose. Dow Jones acknowledges that each of the CBOT Marks is part of the business and goodwill of CBOT and agrees that it shall not, during the term of this Agreement or thereafter, contest the fact that Dow Jones' rights in the CBOT Marks under this Agreement (i) are limited solely to the use of the CBOT Marks permitted by Section 9(b), and (ii) shall cease upon termination of this Agreement, except as otherwise expressly provided herein. Dow Jones recognizes the great value of the reputation and goodwill associated with the CBOT Marks and acknowledges that such goodwill associated with the CBOT Marks belongs exclusively to CBOT, and that CBOT is the owner of all right, title and interest in and to the CBOT Marks. Dow Jones further acknowledges that all rights in any translations, derivatives or modifications in the CBOT Marks which may be created by or for the CBOT shall be and shall remain the exclusive property of CBOT and said property shall be and shall remain a part of the Intellectual Property subject to the provisions and conditions of this Agreement. Dow Jones shall never, either directly or indirectly, contest CBOT's exclusive ownership of any of the CBOT Marks. Dow Jones shall use, and shall require sublicensees to use, the following notice when referring to any of the CBOT Marks in any informational materials to be used in connection with the Treasury Index, the Contracts or the Products (including, where applicable, advertisements,

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

brochures and promotional and any other similar informational materials, and any documents or materials required to be filed with governmental or regulatory agencies) that in any way use or refer to CBOT, the Treasury Index or any of the CBOT Marks (collectively, the "CBOT Informational Materials"):

"CBOT," "e-cbot" and "Chicago Board of Trade" are service marks of the Board of Trade of the City of Chicago, Inc."Dow Jones CBOT Treasury Index" is a service mark of Dow Jones and the Board of Trade of the City of Chicago, Inc. [Products] based on the Dow Jones CBOT Treasury Index " are not sponsored, endorsed, sold or promoted by the CBOT, and the CBOT makes no representation regarding the advisability of trading in such product(s).

or such similar language as may be approved in advance in writing by the CBOT.

(e) In the event that either party learns of any infringement or imitation of any CBOT Mark, Dow Jones Mark or the Composite Mark, or of any use by any person of a trademark similar to any of the CBOT Marks, the Dow Jones Marks or Composite Mark, it shall promptly notify the other party. The party having ownership of the Mark shall take such action as it deems advisable for the protection of rights in and to its Marks and, if requested to do so, the other party shall cooperate in all respects, at such other party's expense, including, without limitation, by being a plaintiff or co-plaintiff and, upon reasonable request, by causing its officers to execute appropriate pleadings and other necessary documents. In no event, however, shall either party be required to take any action it deems inadvisable. Dow Jones shall have no right to take any action which would materially affect the Treasury Index, the Composite Mark and/or any of the CBOT Marks without CBOT's prior written approval. CBOT shall have no right to take any action which would materially affect the Composite Mark and/or any of the Dow Jones Marks without Dow Jones' prior written approval.

(f) Each Party shall use its best efforts to protect the goodwill and reputation of the other party, the Treasury Index, the Composite Mark and the other party's Marks in connection with its use of the Treasury Index, the Composite Mark and any of the other party's Marks under this

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

Agreement. Each party shall submit to the other party, for such other party's review and approval, and each party shall not use until receiving the other party's approval thereof in writing, all Informational Materials. Such other party's approval shall be required with respect to the use of and description of a party, the Treasury Index or any of the party's Marks. The approving party shall notify the other party of its approval or disapproval of any Informational Materials within 72 hours (excluding any day which is a Saturday or Sunday or a day on which the CBOT is closed) following receipt thereof. Once Informational Materials have been approved, subsequent Informational Materials which do not alter the use or description of the party, the Treasury Index or such party's Marks, as the case may be, need not be submitted for review and approval.

(g) Except as may be expressly otherwise agreed in writing, or as otherwise permitted or required under this Agreement, the CBOT Marks and the Dow Jones Marks, the marks of any of their respective affiliates or the marks of any third party, to the extent they appear in any Informational Material, shall appear separately and shall be clearly identified with regard to ownership. For the purpose of this Agreement, an affiliate shall mean a person or entity ("Person") that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, such Person. For the purposes of this definition, control shall mean the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract, or otherwise.

(h) Each party agrees that any proposed change in the use of the other party's Marks shall be submitted to such other party for, and shall be subject to, such other party's prior written consent.

(i) If at any time either party is of the opinion that the other party is not properly using its Intellectual Property in connection with the Services, Products or Informational Materials, or that the

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

standard of quality thereof does not conform to the standards as set forth herein, such party shall give notice to the other party to that effect. Upon receipt of such notice, the party shall forthwith correct the defects in the Services, the sublicensed Products or the Informational Materials so that they comply with all required standards.

11. Term and Termination.

(a) This Agreement shall be effective on the Effective Date and shall expire upon the fifth anniversary thereof (the "Initial Term"), unless terminated earlier as provided herein. At the end of the Term, this Agreement shall automatically renew for successive one-year periods (each, a "Renewal Term") unless either party terminates the Agreement by providing the other party a written notice to that effect ninety (90) days prior to the end of the then-current term. (The Initial Term and the Renewal Term, the "Term".)

(b) If there is a material breach of this Agreement by either party (such party, the "breaching party" and the other party, the "non-breaching party"), or if either party (such party, the "harmed party") believes in good faith that material damage or harm is occurring to its reputation or good will by reason of its continued performance hereunder, then the non-breaching party or the harmed party, as the case may be, may terminate this Agreement, effective thirty (30) days after written notice thereof to the other party (with reasonable specificity as to the nature of the breach or the condition causing such damage or harm, as the case may be, and including a statement as to such party's intent to terminate), unless the other party shall correct such breach or the condition causing such damage or harm, as the case may be, within such thirty (30) day period.

(c) CBOT or Dow Jones may terminate this Agreement upon ninety (90) days prior notice to the other (or such lesser period of time as may be necessary pursuant to law, rule, regulation or court order) if any material litigation or material regulatory proceeding regarding a Product or Contract is

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [***].**

Confidential Treatment Requested by CBOT Holdings, Inc.

commenced and such Party reasonably believes that such litigation or regulatory proceeding is reasonably likely to have a material and adverse effect on the good name or reputation of such Party or on such Party's ability to perform its obligations under this Agreement.

(d) Notwithstanding anything to the contrary herein, in the event that there shall occur any change in law (statutory law, case law or otherwise) relating to or affecting the liability of index providers to third parties, and Dow Jones thereafter ceases to engage in the business of providing real-time data or licensing indexes as the basis of financial products, Dow Jones shall have the right to terminate this Agreement upon written notice to CBOT.

(e) In the event either CBOT or Dow Jones shall (i) give notice of termination pursuant to this Section 11, any Contracts or Products then existing ("Pending Contracts") may continue to be traded to the expiration date thereof, and (ii) to the extent necessary for such purpose, the parties' rights and obligations hereunder shall be deemed to continue until the expiration date of the last of such Pending Contracts. Notwithstanding the above, any Pending Contracts without open interest which expire or mature after the farthest contract month with open interest shall be terminated. Notwithstanding the above, in the event of a termination by either party under Section 11(b) by reason of any breach of the other relating to its obligations under this Agreement with respect to CBOT's Intellectual Property, Section 10(i) shall continue to apply to the breaching party.

(f) Dow Jones may terminate this Agreement, upon written notice to CBOT, if any source of data necessary to calculate, distribute or license the Treasury Index as contemplated herein (i) ceases to provide such data to Dow Jones; (ii) terminates Dow Jones' right to receive necessary data in the form of a "feed" from such source, (iii) materially restricts Dow Jones' right to redistribute necessary data received from such source, (iv) institutes charges (other than normal and customary charges or charges which Dow Jones deems to be reasonable to be incurred in connection

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

with providing or licensing the Treasury Index) for the provision of necessary data to Dow Jones or the redistribution of necessary data by Dow Jones, (v) Dow Jones ceases to compile, calculate and distribute the Dow Jones' proprietary indexes generally; or (vi) Dow Jones ceases to compile, calculate and/or distribute indexes as a service provider for third parties generally (but Dow Jones will use all reasonable efforts to provide CBOT with as much prior notice as is reasonably practicable under the circumstances).

12. Warranties, Disclaimers

(a) (1) Each party represents and warrants to the other that it has the authority to enter into this Agreement according to its terms, and that its execution and delivery of this Agreement and its performance hereunder will not violate any agreement applicable to it or violate any applicable laws (including, without limitation, intellectual property rights of third parties), rules or regulations. (2) CBOT represents that it owns and has the right to license hereunder the Intellectual Property licensed hereunder. CBOT represents and warrants to Dow Jones that the Contracts and the marketing and promotion thereof, by CBOT will not violate any agreement applicable to CBOT or violate any applicable laws, rules or regulations, including without limitation, securities, commodities, and banking laws. (3) Dow Jones represents that it owns and has the right to license hereunder the Dow Jones Marks. Dow Jones shall require that each Third-Party Licensee substantially represent and warrant to Dow Jones that the Products and the marketing and promotion thereof will not violate any agreement applicable to Dow Jones or violate any applicable laws, rules or regulations, including without limitation, securities, commodities and banking laws.

(b) Without limiting the disclaimers set forth in this Agreement, in no event shall the cumulative liability of Dow Jones to CBOT and its affiliates under or relating to this Agreement or the cumulative liability of CBOT to Dow Jones and its affiliates under or relating to this Agreement at any time exceed the greater of (i) [**] and (ii) [**]. The preceding limitations of liability shall not apply to either party's indemnification obligations hereunder.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

(c) Prior to the Commencement Date, the CBOT will adopt, and during the term hereof the CBOT will maintain, as part of its rules, to be set forth in the terms of the Contracts and in the CBOT's Rules and Regulations, a limitation on liability of index administrators, with respect to trading on or through the CBOT, which is in form and substance substantially as set forth in CBOT Regulation 189.01.

(d) In the event that any third party shall commence any litigation, action or proceeding, or make any claim, against Dow Jones which alleges liability of Dow Jones by reason of miscalculation or error in the Index (whether or not any Product is based on such Index), the CBOT shall, at Dow Jones' request, participate in the defense thereof in any manner reasonably requested by Dow Jones, at the CBOT's own expense up to an aggregate of [**] out-of-pocket expenses therefore.

13. Indemnification

(a) The CBOT shall indemnify and hold harmless Dow Jones and its affiliates, and their respective officers, directors, members, employees and agents, against any and all judgments, damages, liabilities, costs and losses of any kind (including reasonable attorneys' and experts' fees) (collectively, "Losses") that arise out of or relate to (i) any breach by the CBOT of its representations and warranties or covenants under this Agreement, or (ii) subject to Section 12(d), any claim, action or proceeding that arises out of or relates to the Contracts; provided, however, that Dow Jones must promptly notify the CBOT in writing of any such claim, action or proceeding (but the failure to do so shall not relieve the CBOT of any liability hereunder except to the extent the CBOT has been materially prejudiced therefrom). The CBOT may elect, by written notice to

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

Dow Jones within ten (10) days after receiving notice of such claim, action or proceeding from Dow Jones, to assume the defense thereof with counsel reasonably acceptable to Dow Jones. If the CBOT does not so elect to assume such defense or disputes its indemnity obligation with respect to such claim, action or proceeding, or if Dow Jones reasonably believes that there are conflicts of interest between Dow Jones and the CBOT or that additional defenses are available to Dow Jones with respect to such defense, then Dow Jones shall retain its own counsel to defend such claim, action or proceeding, at the CBOT's expense. The CBOT shall periodically reimburse Dow Jones for its expenses incurred under this Section 13(a). Dow Jones shall have the right, at its own expense, to participate in the defense of any claim, action or proceeding against which it is indemnified hereunder; provided, however, that Dow Jones shall have no right to control the defense, consent to judgment, or agree to settle any such claim, action or proceeding without the written consent of the CBOT unless Dow Jones waives its right to indemnity hereunder. The CBOT, in the defense of any such claim, action or proceeding, except with the written consent of Dow Jones, shall not consent to entry of any judgment or enter into any settlement which (X) does not include, as an unconditional term, the grant by the claimant to Dow Jones of a release of all liabilities in respect of such claims or (Y) otherwise adversely affects the rights of Dow Jones.

(b) Notwithstanding Section 13(a), the CBOT shall not have any obligation to indemnify and hold harmless Dow Jones and its affiliates, and their respective officers, directors, members, employees and agents, to the extent that Losses arise out of or relate to (1) any claim for which Dow Jones is obligated to indemnify CBOT pursuant to Section 13(d), (2) the willful or reckless misconduct of any of Dow Jones' officers, directors, employees or agents acting within the scope of their authority.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

(c) The indemnification provisions set forth in Sections 13(a) and (b) are solely for the benefit of Dow Jones and are not intended to, and do not, create any rights or causes of actions on behalf of any third party.

(d) Dow Jones shall indemnify and hold harmless CBOT and its affiliates, and their respective officers, directors, members, employees and agents, against any and all judgments, damages, liabilities, costs and losses of any kind (including reasonable attorneys' and experts' fees) (collectively, "Losses") that arise out of or relate to any breach by Dow Jones of its representations and warranties under this Agreement; provided, however, that CBOT must promptly notify Dow Jones in writing of any such claim, action or proceeding (but the failure to do so shall not relieve Dow Jones of any liability hereunder except to the extent Dow Jones has been materially prejudiced therefrom). Dow Jones may elect, by written notice to CBOT within ten (10) days after receiving notice of such claim, action or proceeding from the CBOT, to assume the defense thereof with counsel reasonably acceptable to the CBOT. If Dow Jones does not so elect to assume such defense or disputes its indemnity obligation with respect to such claim, action or proceeding, or if the CBOT reasonably believes that there are conflicts of interest between the CBOT and Dow Jones or that additional defenses are available to the CBOT with respect to such defense, then CBOT shall retain its own counsel to defend such claim, action or proceeding, at Dow Jones' expense. Dow Jones shall periodically reimburse the CBOT for its expenses incurred under this Section 13(d). The CBOT shall have the right, at its own expense, to participate in the defense of any claim, action or proceeding against which it is indemnified hereunder; provided, however, that the CBOT shall have no right to control the defense, consent to judgment, or agree to settle any such claim, action or proceeding without the written consent of Dow Jones unless the CBOT waives its right to indemnity hereunder. Dow Jones, in the defense of any such claim, action or

AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

proceeding, except with the written consent of the CBOT, shall not consent to entry of any judgment or enter into any settlement which (X) does not include, as an unconditional term, the grant by the claimant to the CBOT of a release of all liabilities in respect of such claims or (Y) otherwise adversely affects the rights of the CBOT.

(e) Notwithstanding Section 13(d), Dow Jones shall not have any obligation to indemnify and hold harmless the CBOT and its affiliates, and their respective officers, directors, members, employees and agents, to the extent that Losses arise out of or relate to (1) a breach by the CBOT of its representations, warranties or covenants under this Agreement, or (2) the willful or reckless misconduct of any of the CBOT's officers, directors, employees or agents acting within the scope of their authority.

(f) The indemnification provisions set forth in Sections 13(d) and (e) are solely for the benefit of CBOT and are not intended to, and do not, create any rights or causes of actions on behalf of any third party.

14. Suspension of Performance. Notwithstanding anything herein to the contrary, neither Dow Jones nor the CBOT shall bear responsibility or liability to each other or to third parties for any Losses arising out of any delay in or interruptions of performance of their respective obligations under this Agreement due to any act of God, act of governmental hostility, or act of public enemy, or due to war, the outbreak or escalation of hostilities, riot, fire, flood, civil commotion, insurrection, labor difficulty (including without limitation, any strike, or other work stoppage, or slow-down), severe or adverse weather conditions, power failure, communications line or other technological failure, or other similar cause beyond the reasonable control of the party so affected; provided, however, that nothing in this Section 14 shall affect either party's obligations under Section 13.

15. Injunctive Relief. In the event of a material breach by one party ("Breaching Party") of provisions of this Agreement relating to the Confidential Information of the other party ("Non-breaching Party"), the Breaching Party acknowledges and agrees that damages would be an inadequate remedy and that the Non-breaching Party shall be entitled to preliminary and permanent injunctive relief to preserve such confidentiality or limit improper disclosure of such Confidential Information, but nothing herein shall preclude the Non-breaching Party from pursuing any other action or remedy for any breach or threatened breach of this Agreement. All remedies under this Section 15 shall be cumulative.

16. Other Matters.

(a) This Agreement is solely and exclusively between the parties hereto and, except to the extent otherwise expressly provided herein, shall not be assigned or transferred, nor shall any duty hereunder be delegated, by either party, without the prior written consent of the other party, and any attempt to so assign or transfer this Agreement or delegate any duty hereunder without such written consent shall be null and void; provided, however, that any affiliate of the CBOT identified below may use the Treasury Index and the Composite Mark and the Dow Jones Marks in connection with the issuance, marketing and promotion of the Contracts, provided that such affiliate shall be subject to all of the terms and conditions of this Agreement applicable to the CBOT. This Agreement shall be valid and binding on the parties hereto and their successors and permitted assigns. As of the Effective Date, CBOT's affiliates include Electronic Chicago Board of Trade Inc.

(b) This Agreement, including the Schedules and Exhibits hereto (which are hereby expressly incorporated into and made a part of this Agreement), constitutes the entire agreement of the parties hereto with respect to its subject matter, and supersedes any and all previous agreements between the parties with respect to the subject matter of this Agreement. There are no oral or written collateral representations, agreements or understandings except as provided herein.

AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

(c) No waiver, modification or amendment of any of the terms and conditions hereof shall be valid or binding unless set forth in a written instrument signed by duly authorized officers of both parties. The delay or failure by any party to insist, in any one or more instances, upon strict performance of any of the terms or conditions of this Agreement or to exercise any right or privilege herein conferred shall not be construed as a waiver of any such term, condition, right or privilege, but the same shall continue in full force and effect.

(d) No breach, default or threatened breach of this Agreement by either party shall relieve the other party of its obligations or liabilities under this Agreement with respect to the protection of the property or proprietary nature of any property which is the subject of this Agreement.

(e) All notices and other communications under this Agreement shall be (1) in writing, (2) delivered by hand (with receipt confirmed in writing), by registered or certified mail (return receipt requested), or by facsimile transmission (with receipt confirmed in writing), to the address or facsimile number set forth below or to such other address or facsimile number as either party shall specify by a written notice to the other, and (3) deemed given upon receipt.

(f) This Agreement shall be interpreted, construed and enforced in accordance with the laws of the State of New York without reference to or inclusion of the principles of choice of law or conflicts of law of that jurisdiction. It is the intent of the parties that the substantive law of the State of New York govern this Agreement and not the law of any other jurisdiction incorporated through choice of law or conflicts of law principles. Each party agrees that any legal action, proceeding, controversy or claim between the parties arising out of or relating to this Agreement may be brought and prosecuted only in the United States District Court for the Southern District of New York or in the Supreme Court of the State of New York in and for the First Judicial Department, and by execution of this Agreement each party hereto submits to the exclusive jurisdiction of such court and waives any objection it might have based upon improper venue or inconvenient forum. Each party hereby waives any right it may have to a jury trial in connection with any legal action, proceeding, controversy or claim between the parties arising out of or relating to this Agreement.

(g) This Agreement (and any related agreement or arrangement between the parties hereto) is solely and exclusively for the benefit of the parties hereto and their respective successors, and nothing in this Agreement (or any related agreement or arrangement between the parties hereto), express or implied, is intended to or shall confer on any other person or entity (including, without limitation, any purchaser or seller of any Contract traded on the CBOT or any Product issued by a Third-Party Licensee), any rights, benefits or remedies of any nature whatsoever under or by reason of this Agreement (or any such related agreement or arrangement between the parties hereto).

Confidential Treatment Requested by CBOT Holdings, Inc.

(h) Sections 4(c) and (d) (as provided therein), 8, 11(b), (c), (d), (e) and (f), 13, and 17(e), (f), (g) and (h) shall survive the expiration or termination of this Agreement.

(i) The parties hereto are independent contractors. Nothing herein shall be construed to place the parties in the relationship of partners or joint venturers, and neither party shall acquire any power, other than as specifically and expressly provided in this Agreement, to bind the other in any manner whatsoever with respect to third parties.

(j) All references herein to "reasonable efforts" shall include taking into account all relevant commercial and regulatory factors. All references herein to "regulations" or "regulatory proceedings" shall include regulations or proceedings by self-regulatory organizations such as securities or futures exchanges.

(k) Dow Jones also shall cooperate with the CBOT upon reasonable request by the CBOT in any promotional, marketing or educational activities designed to enhance the acceptance and use of the Treasury Index by bond market professionals and the public so long as such request is consistent with Dow Jones' then-current general marketing plans with respect to Dow Jones' proprietary indexes. For the avoidance of doubt, Dow Jones is not, and shall not be, obligated to engage in any way or to any extent in any marketing or promotional activities in connection with the Contracts or Products or in making any representation or statement to investors or prospective investors in connection with the marketing or promotion of the Contracts or Products, and CBOT is not, and shall not be, obligated to engage in any way or to any extent in any marketing or promotional activities in connection with any Products or in making any representation or statement to investors or prospective investors in connection with the marketing or promotion of Products.

EXHIBIT 1

INDEX METHODOLOGY*

The CBOT Treasury Index is a weighted average price of CBOT 5-Year Note futures, 10-Year Note futures, and Bond futures contracts. Weighting is by modified duration, using standard formulae. The significance of duration is its utility as a measure of bond price volatility.

Definitions: (Macaulay) duration refers to a weighted average term-to-maturity of a bond's cash flows. These weights are the present value of *each* cash flow as a percent of the present value of *all* the bond's cash flows. Modified duration is equal to Macaulay duration divided by: 1 plus half the bond's yield.

For calculation purposes the Treasury Index makes the following assumptions:

- The 5-year futures contract is a 6.00% semi-annual coupon note maturing in 5 years;
- The 10-year futures contract is a 6.00% semi-annual coupon note maturing in 10 years;
- The Bond futures contract is a 6.00% semi-annual coupon bond maturing in 20 years.

The example that follows illustrates calculation of the Treasury Index using hypothetical price data for the March 2004 and June 2004 futures contracts at the hypothetical close of business February 27, 2004.

Table 1

Treasury Index Calculation Examples

Basis March									
Settle (March)	Coupon	Maturity	Price	Yield	Duration	Mod_Dur	Weights	W*P	WAP
12/1/2003	6%	12/1/2008	113 4/32	3.143%	4.436	4.368	2.7588	312.0933	
12/1/2003	6%	12/1/2013	114 8/32	4.237%	7.836	7.674	1.5702	179.3976	
12/1/2003	6%	12/1/2023	111 16/32	5.078%	12.355	12.049	1.0000	111.5000	
							SUM	SUM	
							5.3291	602.9909	113 5/32

Table 1 illustrates the Index calculation for March. Yields are calculated using the hypothetical prices displayed in the price column. Duration and Modified duration (Mod_Dur) are calculated (in Excel) using the yields derived from the prices. Weights are calculated with the Bond's modified duration in the numerator. Using the modified durations in Table 1, weights are calculated as follows:

$$5 \text{ YR} = 12.049 / 4.368 = 2.7588$$

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

10 YR = 12.049 / 7.674 = 1.5702

Bonds = 12.049 / 12.049 = 1.000

The sum of the weights = 2.7588+ 1.5702 + 1.000 = 5.3291

The weighted average price (WAP = 113 5/32) is the sum of the prices times the weights (602.9909) divided by the sum of the weights (5.3291). The weighted average price (WAP) is the Index value for the March expiry.

To determine the Index value for the June Expiry the Index is rebalanced. First the WAP is calculated using June contract prices, yields and durations. Then the June Index WAP is set equal to the closing March Index expiry using a divisor.

Table 2 below displays Index calculations using June contract prices.

Table 2

Basis June (Without Divisor)									
Settle	Coupon	Maturity	Price	Yield	Duration	Mod_Dur	Weights	W*P	WAP (June)
3/1/2004	6%	3/1/2009	112 24/32	3.219%	4.435	4.365	2.7503	310.0912	
3/1/2004	6%	3/1/2014	113 16/32	4.323%	7.828	7.662	1.5667	177.8172	-
3/1/2004	6%	3/1/2024	110 12/32	5.162%	12.314	12.004	1.0000	110.3750	
							SUM	SUM	
							5.3169	598.2834	112 17/32

The Index Value (before rebalancing) is equal to the weighted average price (WAP) of the contracts, in this case 112 17/32nds. This means that at the close business February 27, 2004, the Index value calculated using March contracts would be equal to 113 5/32nds and 112 17/32nds using June contracts. A divisor is used to equalize them.

The divisor used to equalize Index values at expiry is equal to the quotient of the WAP using expiring contracts and the WAP using their replacements. In this case the divisor would be equal to the June WAP divided by the March WAP or 112 17/32 divided by 113 5/32 = 0.9945. See Table 3 below.

Table 3

Divisor Calculation			
WAP March	WAP June (Without Divisor)	June Divisor	WAP June (With Divisor)
113 5/32	112 17/32	0.9945	113 5/32

The June divisor remains 0.9945 until the Index is rebalanced at the close of business the last business day of May 2004.

EXECUTION

AMENDMENT NO. 1
TO THE
SOFTWARE LICENSE AGREEMENT

This Amendment No. 1 to the Software License Agreement (this "Amendment"), by and among LIFFE Administration and Management, a company incorporated in England and Wales ("LIFFE") and Board of Trade of the City of Chicago, Inc., a Delaware corporation (the "CBOT"), is dated as of April 23, 2004 (the "Amendment Effective Date").

Recitals

A. LIFFE and the CBOT are parties to that certain Software License Agreement dated as of January 10, 2003 (the "SLA"). Capitalized terms used herein but not otherwise defined herein shall have the meanings ascribed to them in the SLA.

B. The CBOT is a designated contract market for [**] futures and options on futures and wishes to list [**] futures and options on futures. Pursuant to the terms of the SLA, the CBOT previously agreed that the license granted under the SLA would include the right to use the Licensed Technology with such products only pursuant to a joint listing arrangement mutually agreed upon by LIFFE and the CBOT.

C. Subsequent to the execution of the SLA, LIFFE and the CBOT have agreed that the CBOT may offer [**] futures and options on futures for trading via the Licensed Technology, subject to the terms and conditions of the SLA and this Amendment.

D. Section 23 of the SLA provides that the SLA may be amended only by an instrument in writing signed on behalf of each of the Parties thereof.

E. LIFFE and the CBOT desire to amend the SLA as set forth below.

Agreements

In consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Amendments to Section 1. Section 1 of the SLA is hereby amended to include the following definitions:

"**Amendment Effective Date**" means April 23, 2004.

"[**] **Royalty**" shall have the meaning set forth in Schedule I, Part 3.

"[**] **Termination**" shall have the meaning set forth in Section 12.5.

"**CBOT [**] Market Data**" means any representation that conveys, either directly or indirectly, information and data pertaining to CBOT [**] Products traded on the CBOT

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

Trading Facility, including, but not limited to, market prices of such futures or options on futures, trade prices, opening and closing price ranges, high-low prices, settlement prices, estimated and actual contract volume, information regarding market activity including exchange for physical transactions and other off-exchange trades, best bid, best offer, the size of the best bid or best offer or a discrete number of best bids and best offers then pending on the CBOT Trading Facility, along with the corresponding size of each bid and offer.

“**CBOT [**] Products**” means [**] futures and options on futures listed on the CBOT Electronic Exchange and/or on the CBOT Open Outcry Facility.

“**CBOT [**] Trading Fees**” means fees for the provision of trade matching services in respect of trades of CBOT [**] Products matched on the CBOT Trading Facility. CBOT [**] Trading Fees do not include:

“**CBOT [**] Trading Fee Revenue**” means the CBOT [**] Trading Fees received by the CBOT, [**] with respect to (a) trades of CBOT [**] Products matched on the CBOT Trading Facility and/or (b) the CBOT [**] Trading Fees, as applicable. CBOT [**] Trading Fee Revenue shall not be less than [**].

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

“**CBOT Trading Facility**” means, collectively, the CBOT Electronic Exchange and the CBOT Open Outcry Facility, as applicable.

“**Clearing Fees**” means those fees assessed in respect of the provision of clearing services.

“**[**] Contract**” means that [**] futures contract described by the specifications attached hereto as Schedule J, as such specifications may be amended or modified from time to time by the CBOT in its discretion.

“**Exchange For Physical Transactions**” means the futures component of certain off-exchange transactions which

- (a) with respect to LIFFE, are referred to as basis trades and are described in Euronext.liffe Trading Procedures 4.2 and, with respect to CBOT, are described in CBOT Regulation 444.01(c), (d) or (f); and
- (b) are (1) submitted by a clearing member to the relevant Party or its clearing organization as such; (2) processed by the relevant Party or its clearing organization as such; and (3) cleared by the relevant clearing organization as such.

“**Interface Sublicense and Connection Agreement**” means an Interface Sublicense and Connection Agreement which encompasses, without limitation, the Interface Sublicense Agreement and is entered into by the CBOT and one or more Sublicensees, as such agreement may be amended from time to time (subject to Section 5.1 of the SLA).

“**LIFFE [**] Market Data**” means any representation that conveys, either directly or indirectly, information and data pertaining to LIFFE [**] Products traded on the LIFFE Market, including, but not limited to, market prices of such futures or options on futures, trade prices, opening and closing price ranges, high-low prices, settlement prices, estimated and actual contract volume, information regarding market activity including exchange for physical transactions and other off-exchange trades, best bid, best offer, the size of the best bid or best offer or a discrete number of best bids and best offers then pending on the LIFFE Market, along with the corresponding size of each bid and offer.

“LIFFE [**] Products” means [**] futures and options on futures listed on the LIFFE Market.

“LIFFE [**] Trading Fees” means fees for the provision of trade matching services in respect of trades of LIFFE [**] Products matched on the LIFFE Market. LIFFE [**] Trading Fees do not include:

- (a)

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

“LIFFE **[**] Trading Fee Revenue**” means LIFFE **[**]** Trading Fees received by LIFFE, **[**]** with respect to (a) trades of LIFFE **[**]** Products matched on the LIFFE Market and/or (b) the LIFFE **[**]** Trading Fees. LIFFE **[**]** Trading Fee Revenue shall not be less than **[**]**.

“LIFFE Market” means the markets administered by LIFFE or an Affiliate of LIFFE.

The following definitions from Section 1 of the SLA are hereby amended and restated in their entirety as follows:

“**Products Outside CBOT Field of Use**” means **[**]**.

“**Products Within CBOT Non-Exclusive Field of Use**” means **[**]**.

2. Amendment to Section 3. Section 3.7 of the SLA is hereby deleted in its entirety. As of the Amendment Effective Date, subject to the terms of the SLA, as hereby amended, **[**]**.”

3. Amendment to Section 11. Section 11.2 of the SLA is hereby amended to include the following Section 11.2.3:

11.2.3 **[**] Arrangement**. LIFFE may, upon thirty (30) days’ prior written notice to the CBOT, terminate the rights and obligations of the Parties as set forth in Schedule I, Part 3, in the exercise of its own judgment without limitation as to time.

4. Amendment to Section 12. Section 12 of the SLA is hereby amended to include the following Section 12.5:

12.5 CBOT **[**]** Products. In the event LIFFE exercises its right of termination pursuant to **Section 11.2.3** (the “**[**] Termination**”), the CBOT **[**]**

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY **[**]**.**

Products shall, subject to the terms of this Agreement (including **Section 3.4** of this Agreement), [**] hereunder; *provided, however*, that:

- (a) the CBOT shall not be liable to pay LIFFE any CBOT [**] Trading Fee Revenue in connection with any CBOT [**] Product trades matched on the CBOT Trading Facility subsequent to the effective date of the [**] Termination; and
- (b) LIFFE shall have no obligation to pay the CBOT any LIFFE [**] Trading Fee Revenue in connection with LIFFE [**] Product trades matched on the LIFFE Market subsequent to the effective date of the [**] Termination.

5. Amendment to Section 13. Section 13 of the SLA is hereby amended and restated in its entirety as follows:

13. Proprietary Rights

13.1 LIFFE Property. As between the CBOT and LIFFE, all rights, title and interest in and to the Licensed Technology and all portions thereof (*excluding* the third party software specified in Schedule G), including but not limited to, all Development Services Deliverables; all Upgrades (including Bug Fixes created by or on behalf of the CBOT pursuant to **Section 7.1(d)**); all Confidential Information of LIFFE; all Documentation; the Equipment; LIFFE [**] Market Data; all other materials whatsoever relating to the Licensed Technology and provided by LIFFE to the CBOT and/or any Sublicensees, including any gateways, hubs, routers, cables, cabinets and servers; and any other materials provided by LIFFE to the CBOT and/or any Sublicensees under this Agreement; including all copyrights, trademarks, patents, trade secrets and other intellectual property inherent in the foregoing or appurtenant thereto (collectively, "**LIFFE Property**") shall be and remain vested in LIFFE (or LIFFE's Affiliates, suppliers or licensors, as applicable). To the extent, if any, that ownership of the LIFFE Property does not automatically vest in LIFFE by virtue of this Agreement or otherwise, the CBOT hereby transfers and assigns to LIFFE, as of the date of creation, all rights, title and interest which the CBOT may have in and to such LIFFE Property. The CBOT undertakes, at the CBOT's expense, to do or cease to do all such acts as LIFFE may reasonably direct, and to execute, or cause its employees, agents and/or subcontractors to execute, all such documents as LIFFE deems reasonably necessary or helpful to assure further the rights, title and interest of LIFFE or its nominee in and to such LIFFE Property. Notwithstanding the foregoing, the CBOT shall have access to LIFFE [**] Market Data on demand and for no charge; *provided, however*, that the CBOT shall have no right to copy, redistribute or derive any economic benefit from LIFFE [**] Market Data without the prior written consent of LIFFE.

13.2 CBOT's Property. Notwithstanding the foregoing, as between the CBOT and LIFFE, all rights, title and interest in and to (a) the CBOT Technology (if any); (b) Market Data; (c) CBOT [**] Market Data; (d) all Confidential Information of the CBOT; and (e) all copyrights, trademarks, patents, trade secrets and other intellectual property inherent in the foregoing or appurtenant thereto (collectively, the "**CBOT's Property**") shall be and remain vested in the CBOT. Notwithstanding the foregoing, LIFFE shall

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

have access to CBOT [**] Market Data on demand and for no charge; *provided, however*, that LIFFE shall have no right to copy, redistribute or derive any economic benefit from CBOT [**] Market Data without the prior written consent of the CBOT.

6. Amendment to Section 17. Section 17 of the SLA is hereby amended and restated in its entirety as follows:

17. **Indemnification**

17.1 By LIFFE. LIFFE shall defend, indemnify and hold the CBOT, and the officers, directors, employees, agents, and representatives of the CBOT (“**CBOT Indemnitees**”) harmless from and against all costs, claims, demands, losses, expenses and liabilities of any nature whatsoever (including reasonable attorneys fees) (“**Losses**”) incurred or suffered by such CBOT Indemnitees arising out of, or in connection with, any third party claim, demand, or cause of action (each, a “**Claim**”) to the extent such Claim is based upon or arises out of (a) LIFFE’s gross negligence or willful misconduct; (b) LIFFE’s material breach of this Agreement or any part hereof; (c) [**]; or (d) the LIFFE [**] Products, including the listing, maintenance, and/or trading of the LIFFE [**] Products; *provided that* (i) the CBOT shall take no other action which the CBOT, in its reasonable judgment, believes would be contrary to LIFFE’s interests relative to the Claim; (ii) LIFFE (or any Person acting on behalf of or authorized by LIFFE), at its own expense, shall be entitled to have sole conduct and control of all legal proceedings in connection with the Claim or the settlement or other compromise thereof; (iii) the CBOT shall give LIFFE (and any Person acting on behalf of or authorized by LIFFE) all reasonable assistance therewith, at LIFFE’s reasonable expense; and (iv) the CBOT shall use good faith efforts to notify LIFFE as soon as possible, but in any event within five (5) Business Days, after the CBOT becomes aware of the Claim. Notwithstanding the foregoing, LIFFE shall have no obligation to defend, indemnify, or hold any CBOT Indemnitee harmless from or against any Losses incurred or suffered by such CBOT Indemnitee (x) as a result of the gross negligence or willful misconduct of the CBOT Indemnitee or any Sublicensee, or (y) to the extent any Losses are attributable to the fact that the use of the Licensed Technology by the CBOT, other CBOT Indemnitee, or any Sublicensee has not been in accordance with this Agreement.

17.2 By the CBOT. The CBOT shall defend, indemnify and hold LIFFE, its Affiliates, and the officers, directors, employees, agents, and representatives of LIFFE and its Affiliates (“**LIFFE Indemnitees**”) harmless from and against all Losses incurred or suffered by such LIFFE Indemnitees arising out of, or in connection with, any third party Claim to the extent such Claim is based upon or arises out of: (a) the CBOT’s material breach of this Agreement or any part hereof; (b) the gross negligence or willful misconduct of the CBOT, any of its Affiliates, or any Members or other Sublicensees; (c) the CBOT’s Property or LIFFE’s use thereof; (d) the CBOT’s use of the Licensed Technology in contravention of this Agreement; (e) any breach by any Member, other Sublicensee, or Contractor (as that term is defined Schedule E) of any Interface Sublicense Agreement; (f) any Claim that the License, the Licensed Technology provided hereunder, or the use thereof by or on behalf of the CBOT or Sublicensees, infringes or otherwise violates the Wagner/eSpeed Patent; (g) the CBOT [**] Products, including the

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

listing, maintenance, and/or trading of the CBOT [**] Products; or (h) any Claim that the offering by the CBOT of CBOT [**] Products for trading on the CBOT Electronic Exchange infringes or otherwise violates the [**]; *provided that* (i) LIFFE shall take no action which LIFFE, in its reasonable judgment, believes would be contrary to the CBOT's interests relative to the Claim; (ii) the CBOT (or any Person acting on behalf of or authorized by the CBOT), at its own expense, shall be entitled to have sole conduct and control of all legal proceedings in connection with the Claim or the settlement or other compromise thereof; (iii) LIFFE shall give the CBOT (and any Person acting on behalf of or authorized by the CBOT) all reasonable assistance in connection therewith at the CBOT's reasonable expense; and (iv) LIFFE shall use good faith efforts to notify the CBOT as soon as possible, but in any event within five (5) Business Days, after LIFFE becomes aware of the Claim. Notwithstanding the foregoing, CBOT shall have no obligation to defend, indemnify, or hold any LIFFE Indemnitee harmless from or against any Losses incurred or suffered by such LIFFE Indemnitee as a result of the gross negligence or willful misconduct of the LIFFE Indemnitee.

7. Amendment to Schedule I. Schedule I of the SLA is hereby deleted and the attached Schedule I is hereby substituted therefor.

8. Schedule J. The SLA shall be amended to include Schedule J attached hereto.

9. Reference to and Effect on the SLA. Each reference in the SLA to "this Agreement," "hereunder," "hereof," "herein," or words of like import shall mean and be a reference to the SLA as amended hereby, and each reference to the SLA in any other document, instrument or agreement shall mean and be a reference to the SLA as amended hereby.

10. Full Force and Effect. Except as specifically amended above, the SLA shall remain in full force and effect and is hereby ratified and confirmed.

11. Counterparts. This Amendment may be executed in any number of counterparts and by different Parties in separate counterparts, each of which when so executed and delivered shall be an original, but all of which together shall constitute one and the same instrument.

SCHEDULE I

FEES

Part 1 – Initial Term License Fee

- 1.1 The License Fee payable under this Agreement for the duration of the Initial Term is [**], which shall be paid as follows:
- (a) The CBOT shall pay to LIFFE [**];
 - (b) LIFFE shall invoice the CBOT for [**]; and
 - (c) LIFFE shall invoice the CBOT for [**].

Part 2 – Renewal Term License Fee

- 2.1 The License Fee payable in respect of the Renewal Term immediately following the Initial Term (the “**First Renewal Term**”) shall be calculated as follows: [**] per annum adjusted by the greater of (a) [**] per annum during the Initial Term or (b) the percentage change in the [**] as published by [**] during the Initial Term, as measured by the change between the [**] number for the month before the month in which the Initial Term began and for the month before the month in which the first day of the First Renewal Term begins; *provided that* the License Fee shall not be adjusted by more than [**].
- 2.2 The License Fee payable in respect of the Renewal Term immediately following the First Renewal Term (the “**Second Renewal Term**”) shall be calculated as follows: the annual License Fee payable for the First Renewal Term adjusted by the greater of (a) [**] per annum during the First Renewal Term or (b) the percentage change in the [**] as published by [**] during the Initial Term, as measured by the change between the [**] number for the month before the month in which the First Renewal Term began and for the month before the month in which the first day of the Second Renewal Term begins; *provided that* the License Fee shall not be adjusted by more than [**].
- 2.3 LIFFE shall be entitled to invoice the CBOT for the full amount of the License Fee for each Renewal Term [**].

Part 3 – [] Related Fees**

3.1 CBOT [**] Trading Fees.

- (a) *Establishment of CBOT [**] Trading Fees.* As between LIFFE and the CBOT, the CBOT shall have sole discretion (i) in the establishment of the CBOT [**] Trading Fees, and (ii) in regard to any fee holidays, fee reductions, other market related fee incentives, revenue shares with its members and/or customers, waivers, rebates, holidays or other concessions that may be granted with respect to trades of CBOT [**] Products matched on the CBOT Trading Facility. Without limiting the generality of the foregoing, nothing in this Agreement shall limit the right of the CBOT to set CBOT [**] Trading Fees in respect of the CBOT Electronic Exchange at levels that are different from the levels applicable to the CBOT Open Outcry Facility, or to set CBOT [**] Trading Fees [**] *provided that*, in the event that the CBOT should, at any time, assess a combined fee for the provision of trade matching services and clearing services, respectively, then the proportion of such combined fee to be treated as CBOT [**]

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

Confidential Treatment Requested by CBOT Holdings, Inc.

Trading Fees for the purposes of this Agreement shall be consistent with the CBOT [**] Trading Fees structure in existence immediately prior to the establishment of the combined fee.

- (b) *Payment.* Within thirty (30) days following the end of each calendar quarter subsequent to the Amendment Effective Date and during the term of this Agreement (or, in the event of any [**] Termination, until the effective date of termination of the obligations of Paragraphs 3.1 and 3.2 of this Schedule I), the CBOT shall pay to LIFFE, in U.S. Dollars and via wire transfer of immediately available funds to such bank account as LIFFE may specify, a royalty equal to (i) [**] for trades executed in such calendar quarter minus (ii) [**] for trades executed in such calendar quarter (the “[**] Royalty”). If the [**] Royalty for any calendar quarter is an amount less than [**], then that amount may be carried forward and, at the CBOT’s election, credited against all or part of the [**] Royalty due in respect of subsequent calendar quarters. Each such payment shall be accompanied by a volume and revenue statement substantially in the form of the statement appended as Appendix 1 hereto.
- (c) *Audit.* LIFFE shall have the right to audit, or to engage an independent third party to audit, at LIFFE’s expense, the records of the CBOT relating to the CBOT [**] Trading Fee Revenue, during regular business hours and upon reasonable notice to the CBOT.

3.2 LIFFE [**] Trading Fees.

- (a) *Establishment of LIFFE [**] Trading Fees.* As between LIFFE and the CBOT, LIFFE shall have sole discretion (a) in the establishment of LIFFE [**] Trading Fees, and (b) in regard to any fee holidays, fee reductions, other market related fee incentives, revenue shares with its members and/or customers, waivers, rebates, holidays or other concessions that may be granted with respect to trades of LIFFE [**] Products. Without limiting the generality of the foregoing, nothing in this Agreement shall limit the right of the LIFFE to set LIFFE [**] Trading Fees [**]; *provided that*, in the event that the LIFFE should, at any time, assess a combined fee for the provision of trade matching services and clearing services, respectively, then the proportion of such combined fee to be treated as LIFFE [**] Trading Fees for the purposes of this Agreement shall be consistent with the LIFFE [**] Trading Fees structure in existence immediately prior to the establishment of the combined fee.
- (b) *Notice.* In the event that, subsequent to the Amendment Effective Date:
 - (i) LIFFE lists [**] futures and/or options on futures on the LIFFE Market, or
 - (ii) the average daily trading volume of [**] futures or options on futures contracts or of [**] futures or options on futures contracts traded on the LIFFE Market during any calendar quarter, commencing upon the first full calendar quarter subsequent to the Effective Date, exceeds [**],

LIFFE shall, within thirty (30) days following the listing of such [**] contracts or within thirty (30) days following the end of the relevant calendar quarter, as applicable, notify the CBOT of the U.S. dollar value of the LIFFE [**] Trading Fee Revenue for trades executed in such calendar quarter. Each such notice shall be accompanied by a volume and revenue statement substantially in the form of the statement appended as Appendix 1.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

- (c) *Audit.* The CBOT shall have the right to audit, or to engage an independent third party to audit, at the CBOT's expense, the records of LIFFE relating to the LIFFE [**] Trading Fee Revenue, during regular business hours and upon reasonable notice to LIFFE.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

SCHEDULE J

[] CONTRACT**

January 2004

[**]

Trading Unit	[**].
Price Basis	[**].
Tick Size	One hundredth (0.01) of one point [**].
Daily Price Limits	None.
Contract Months	First three consecutive contracts in the Mar-Jun-Sep-Dec quarterly expiration cycle.
Delivery Day	[**].
Last Trading Day	[**].
Delivery Standard	[**].
Delivery Notification	Market participants with open short positions at close of trading on Last Trading Day must notify the exchange which debt instruments they will deliver by 8:00 pm CET (typically 1:00 pm Chicago time). [**]
Delivery Method	Delivery may be made via accounts at [**]. Delivery is versus payment on Delivery Day. For each individual sovereign debt class entailed in contract delivery, the product of (a) the contract settlement price on Last Trading Day and (b) the price at which the bond designated by the short for delivery would yield 6%, according to tables prepared and provided by the exchange, shall be used in determining the amount at which the short invoices the long. Any holiday, coinciding with Delivery Day, that bears upon an individual deliverable-grade sovereign debt class will entail delivery on the business day immediately following Delivery Day for the affected bonds only.
Trading Platforms	e-CBOT [®] and eSpeed.
Matching Algorithm	First in, first out on e-CBOT. Conventional bond market workup protocols on eSpeed.
Trading Hours	8:00 am to 9:00 pm CET (typically 1:00 am to 2:00 pm Chicago time), Mon through Fri.
Position Limits and Reportable Positions	No position limits. Minimum reportable position is 1,000 contracts.
Performance Bond	To Be Determined.
Ticker Symbols	To Be Determined.

DEVELOPMENT SERVICES AGREEMENT

This Development Services Agreement (this "**Agreement**"), dated as of March 5, 2003, is among LIFFE ADMINISTRATION AND MANAGEMENT, a company incorporated in England and Wales ("**LIFFE**"), and BOARD OF TRADE OF THE CITY OF CHICAGO, INC., a Delaware corporation (the "**CBOT**"). Capitalized terms used but not otherwise defined herein shall have the meanings ascribed thereto in **Section 1**.

RECITALS

A. LIFFE has devised and developed an automated derivatives trading and order matching system known as "LIFFE CONNECT™" to facilitate the trading of certain securities, futures, and options contracts. The CBOT desires LIFFE's assistance in implementing LIFFE CONNECT for use by the CBOT and in commencing live trading of CBOT products via LIFFE CONNECT.

B. LIFFE and the CBOT have entered into a Software License Agreement, dated January 10, 2003 (the "**Software License Agreement**"), whereby LIFFE has agreed to grant to the CBOT a license in respect of certain software components of LIFFE CONNECT, together with (i) any additional software that may be developed pursuant to any Development Services Agreement and/or Managed Services Agreement that may be entered into by LIFFE and the CBOT, and (ii) any Upgrades as LIFFE may provide pursuant to any Managed Services Agreement between LIFFE and the CBOT.

C. LIFFE and the CBOT have agreed upon a description of (i) the functionality of the electronic trading platform required by the CBOT Electronic Exchange, and (ii) all modifications to existing LIFFE CONNECT software necessary to achieve such functionality. The CBOT has requested LIFFE, and LIFFE has agreed subject to the terms and conditions hereof, to develop and deliver to the CBOT such software and related documentation.

D. In addition, LIFFE has agreed, subject to the terms and conditions hereof, to provide to the CBOT a variety of additional services supporting the creation, implementation and future operation of LIFFE CONNECT as a platform for the CBOT Electronic Exchange, including the procurement and/or delivery to locations agreed upon by the Parties of hardware necessary to support the Software, testing of Software, assistance with the CBOT's acceptance testing, training of CBOT staff in respect of certain Components, and assisting the CBOT in providing Market Participants with technical access to the CBOT Electronic Exchange.

E. This Agreement is supplemental to and shall be read in conjunction with the Software License Agreement.

In consideration of the recitals and the mutual covenants and agreements hereinafter set forth, the Parties hereto (each a "**Party**" and collectively the "**Parties**") agree as follows:

AGREEMENT

1. **Definitions**

In this Agreement, the following expressions shall mean, respectively:

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

“AAA” shall have the meaning set forth in **Section 17.3**.

“AAA Rules” shall have the meaning set forth in **Section 17.3**.

“Accepted” means issuance by the CBOT of an Initial Acceptance Certificate or a Final Acceptance Certificate, as appropriate, in relation to a Component.

“Acceptance Criteria” means the criteria derived from the Specifications that must be met by each Component in order to pass the relevant Acceptance Test.

“Acceptance Test” means a test comprised of the Acceptance Criteria, Test Cases and Test Data, and carried out in accordance with the relevant Test Plan and **Section 4**.

“Advance Fee” means any interest or other financing charges due pursuant to any Financing Agreement.

“Affiliate” means any Person that, directly or indirectly, controls, is controlled by or is under common control with a specified Person.

“Agreement” shall have the meaning set forth above.

“API” means the LIFFE CONNECT application programming interface from a Trading Application to the Trading Host.

“Arbitration Fees” shall have the meaning set forth in **Section 17.3.7**.

“Business Day” means any calendar day *other than* any Saturday, Sunday, U.S. bank holiday, and U.K. public or bank holiday.

“Catch Up Period” shall have the meaning set forth in **Section 2.3.3**.

“CBOT Controlled Sites” means those Equipment Installation Sites comprising the CBOT’s Premises and premises owned or controlled by Market Participants.

“CBOT Defect” shall have the meaning set forth in **Section 4.3.2.2**.

“CBOT Deliverables” shall have the meaning set forth in **Section 4.1**.

“CBOT Electronic Exchange” means the electronic facility for the trading of derivatives products listed from time to time by the CBOT in its capacity as a derivatives exchange.

“CBOT Indemnitees” shall have the meaning set forth in **Section 15.1**.

“CBOT’s Premises” means those locations owned or controlled by the CBOT.

“CBOT’s Property” shall have the meaning set forth in **Section 12.2**.

“CBOT Technology” means any software, equipment or other technology that is (i) owned by the CBOT, (ii) licensed to the CBOT by a Person other than LIFFE, or (iii) used by a clearing organization to process or clear contracts traded on the CBOT Electronic Exchange and neither owned by nor licensed to LIFFE or any Person acting on LIFFE’s behalf.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

“**Change Control Procedures**” shall have the meaning set forth in **Section 2.4**.

“**Change Request**” shall have the meaning set forth in **Section 2.4**.

“**Charges**” shall have the meaning set forth in **Section 8.1**.

“**Charge Rates**” shall have the meaning set forth in **Section 8.1**.

“**Claim**” shall have the meaning set forth in **Section 15.1**.

“**Components**” means those software applications identified in **Part 1** of **Schedule C**.

“**Confidential Information**” shall have the meaning set forth in **Section 13.1**.

“**Connection Service Charges**” shall have the meaning set forth in **Section 8.1(b)**.

“**Control**” or “**control**” means the possession, direct or indirect, of fifty percent (50%) or more of the equity interests of another Person or the power otherwise to direct or cause the direction of the management and policies of such other Person, whether through ownership of voting securities, by contract or otherwise.

“**Core Network**” means the shared service comprising data circuits and hardware, including routers, repeaters, hubs, cabinets, monitors, and telecommunication lines, used to provide connectivity between (i) LIFFE data centres and (ii) points of presence in London, Paris, Chicago, New York, Amsterdam and those locations LIFFE deems appropriate, to which points of presence connectivity to Equipment Installation Sites will be provided.

“**Development Service Charges**” shall have the meaning set forth in **Section 8.1(c)**.

“**Disputes**” shall have the meaning set forth in **Section 17.1**.

“**Documentation**” means, collectively, (i) the documentation set forth in **Part 2** of **Schedule C**, which includes all documentation created pursuant to **Section 2.1(c)**, and (ii) any operating manuals, user instructions, technical literature, and other documentation supplied by LIFFE to the CBOT for purposes of assisting the CBOT’s use of and/or access to the Software.

“**Effective Date**” shall mean February 28, 2003.

“**Equipment**” means the computer hardware, including processors, memory, discs, screens, printers, routers, and hubs, to be used with the Software, as set forth in **Schedule E** or as otherwise agreed upon by the Parties.

“**Equipment Service Charges**” shall have the meaning set forth in **Section 8.1(a)**.

“**Equipment Installation Sites**” shall have the meaning set forth in **Section 2.1(a)**.

“**eSpeed**” means eSpeed, Inc., a corporation organized and existing under the laws of the State of Delaware, having a place of business at 135 East 57th Street, New York, New York 10022.

“**Evidence**” means evidence of a defect in a Component or the Software as a whole, including the date the defect is detected; the environment (test or production) in which the defect occurred; the

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

business impact of the defect; Component or subsystem—with the version number in which the defect is detected; the transaction being executed upon detection of the defect; the screen name if the defect can be evidenced by an online component; any inputs (including standing data) evidencing the defect; expected outputs/behavior; outputs (such as messages and message logs) evidencing the defect; whether the market mode at the time of the defect is repeatable (yes/no); any stack trace and core dumps evidencing the defect; the scenario that caused the failure (to be in a step by step format); the settings of the user defined fields within the application (price limit values, etc.); and any information, logs or traces evidencing the defect which are generated by any third party application.

“**Final Acceptance Certificate**” means a certificate issued by the CBOT in accordance with **Section 4.4**, which certificate acknowledges that the Software is ready to be made available for use in a real time live trading environment, and may note any subsequent obligations agreed by the Parties.

“**Financing Agreement**” shall have the meaning set forth in **Section 8.4**.

“**Force Majeure Event**” means any cause beyond a Party’s reasonable control, including, but not limited to, any flood, riot, fire, judicial or governmental action, act of war or terrorism, and labor disputes.

“**Go Live Date**” means the earliest date, agreed by the Parties, upon which Software is made available for use in a real time live trading environment.

“**ICDR**” shall have the meaning set forth in **Section 17.3**.

“**Independent Software Vendors**” and “**ISVs**” mean those independent software providers who develop systems via which access to the Trading Host may be achieved.

“**Initial Acceptance Certificate**” means a certificate issued by the CBOT in accordance with **Section 4.3**.

“**Integration Testing**” shall have the meaning set forth in **Section 2.1(i)**.

“**Interface Sublicense Agreement**” shall have the meaning set forth in the Software License Agreement.

“**Interfaces**” means, collectively, the API, the trade data interface, audit data interface, standing data interface, market data interface and miscellaneous file transfer interface.

“**IRS**” shall have the meaning set forth in **Section 8.2**.

“**Key Milestone**” shall have the meaning set forth in **Section 2.3.2**.

“**License**” shall have the meaning set forth in Section 2 of the Software License Agreement.

“**Licensed Technology**” means, collectively, (a) the object code versions of the Software and (b) the Documentation, licensed to the CBOT pursuant to the Software License Agreement.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

“**LIFFE CONNECT**” means the electronic trading platform which is proprietary to LIFFE, as such trading platform may be modified from time to time.

“**LIFFE Indemnitees**” shall have the meaning set forth in **Section 15.2**.

“**LIFFE Project Personnel**” means the individuals engaged by LIFFE to perform its obligations under this Agreement.

“**LIFFE Property**” shall have the meaning set forth in **Section 12.1**.

“**Losses**” shall have the meaning set forth in **Section 15.1**.

“**Malicious Code**” means any computer virus, Trojan horse, worm, time bomb, or other similar code or hardware component designed to disrupt the operation of, permit unauthorized access to, erase, or modify the Licensed Technology or any operating system upon which the Licensed Technology is installed, *excluding* security keys or other disabling elements of any Software, which elements are designed to effect restrictions on the length of time during which any Software may be used or the number of persons who may use such Software.

“**Managed Services Agreement**” means any agreement that may be entered into by LIFFE and the CBOT subsequent to the Effective Date, pursuant to which LIFFE agrees to provide the CBOT services relating to the operation and support of the CBOT Electronic Exchange.

“**Market Data**” means any representation that conveys, either directly or indirectly, information and data pertaining to futures and/or options traded on the CBOT Electronic Exchange including, but not limited to, market prices of such futures or options, opening and closing price ranges, high-low prices, settlement prices, estimated and actual contract volume, information regarding market activity including exchange for physical transactions, best bid, best offer, the size of the best bid or best offer or a discrete number of best bids and best offers then pending on the CBOT Electronic Exchange along with the corresponding size of each bid and offer.

“**Market Participant**” means any Member, ISV, QV, clearing organization or other Person who participates in, accesses or obtains information from the CBOT Electronic Exchange via an Interface with the Equipment. For the avoidance of doubt, (a) unless otherwise specified by the Parties in writing, the Board of Trade Clearing Corporation is not a Market Participant; and (b) a Person who interfaces with the CBOT Technology, but does not interface with the Equipment via an Interface, is not a Market Participant.

“**Market Participant Testing**” shall have the meaning set forth in **Section 2.1(k)**.

“**Material Defect**” means a defect which results in a failure of the key functionality of a Component to materially conform to the Specifications. For the avoidance of doubt, “Material Defect” shall not include any failures of a cosmetic or trivial nature, failures which do not materially impact upon the use of the Component, or failures with respect to which a viable workaround has been identified.

“**Media**” means the media on which the Software and the Documentation are recorded or printed, as provided by LIFFE to the CBOT.

“**Member**” means any Person authorized by the CBOT to trade on the CBOT Electronic Exchange.

“**Milestones**” shall have the meaning set forth in **Section 2.3**.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

“**Non-Restricted Documentation**” means all Documentation *other than* Restricted Documentation, including the Documentation identified in Part 2(a) of Schedule C.

“**Operating System**” means the operating system listed in Part B of Schedule F on which the Software may be used or such other operating system as may be approved by LIFFE from time to time.

“**Out of Pocket Expenses**” shall have the meaning set forth in **Section 8.1(d)**.

“**Party**” and “**Parties**” shall have the meanings set forth above.

“**Payment Date**” shall have the meaning set forth in **Section 8.3**.

“**Person**” means an individual or a partnership, corporation, limited liability company, trust, joint venture, joint stock company, association, unincorporated organization, government agency or political subdivision thereof, or other entity.

“**Project Manager**” means that individual responsible on behalf of LIFFE or the CBOT, as applicable, for the day to day management of the provision of the Services to the CBOT.

“**Quote Vendors**” and “**QVs**” mean those vendors who receive and disseminate, or wish to receive and disseminate, Market Data via an Interface with the Equipment.

“**Relationship Manager**” means that individual responsible on behalf of LIFFE or the CBOT, as applicable, for the day to day management of the relationship between LIFFE and the CBOT.

“**Replacements**” means, collectively, replacements, improvements, enhancements, additions and modifications to and of any Equipment or any portion thereof.

“**Replacement Value**” means all Losses associated with replacing and/or repairing Equipment, including the installation and commissioning of replacement technology and removal and disposal of existing equipment.

“**Restricted Documentation**” means Documentation that is designated by LIFFE as “LIFFE Restricted” or otherwise specified by LIFFE to be restricted, including the Documentation set forth in Part 2(b) of Schedule C. Notwithstanding the foregoing, all documentation provided by LIFFE to the CBOT prior to the Effective Date which is labeled “LIFFE Confidential” is Restricted Documentation for purposes of this Agreement unless LIFFE, upon the CBOT’s inquiry, notifies the CBOT in writing that specific Documentation is not “Restricted Documentation.”

“**Schematics**” means, collectively, (i) the schematics stated in the following documents set forth in Schedule N hereto: [**]; and (ii) any amendments thereto agreed upon by the Parties. The Schematics are, by their nature, high level and are not intended to provide detailed architectural specifications.

“**Services**” shall have the meaning set forth in **Section 2.1**.

“**Simulations**” shall have the meaning set forth in **Section 2.1(k)**.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

“**Software**” means, collectively, (i) the Components, and (ii) any improvements, enhancements, additions, and modifications to or of the foregoing as LIFFE may provide to the CBOT pursuant to the terms of any Managed Services Agreement.

“**Software Installation Locations**” shall have the meaning set forth in **Section 2.1(e)**.

“**Software License Agreement**” shall have the meaning set forth in Recital B above.

“**Specifications**” means, collectively, (i) the specifications stated in the following documents set forth in Schedule A: [**]; and (iii) any amendments to the foregoing agreed upon by the Parties.

“**Summary Project Plan**” means that Summary Project Plan agreed upon by the Parties and attached as Schedule B hereto.

“**System Software**” shall have the meaning set forth in **Section 3.3.4(c)**.

“**System Testing**” shall have the meaning set forth in **Section 2.1(d)**.

“**Taxes**” shall have the meaning set forth in **Section 8.2**.

“**Technical Conformance Testing**” shall have the meaning set forth in **Section 2.1(j)**.

“**Termination Notice Period**” shall have the meaning set forth in **Section 10.2.1**.

“**Test Cases**” means those scripted tests used to verify Test Data.

“**Test Data**” means a set of input values or conditions and results in either value form or condition form, to verify that a Component’s performance materially conforms to the Specifications.

“**Test Material**” means, collectively, Acceptance Criteria, Test Cases, Test Data and Test Plans.

“**Test Plans**” means one or more documents setting out the procedures (including the detailed timing) for each Acceptance Test, based on the Acceptance Criteria.

“**Third Party Materials**” means any equipment, hardware, software, and/or other products obtained from any third party (*excluding* any such products obtained from any subcontractor or agent of LIFFE in connection with the performance by such subcontractor or agent of Services hereunder).

“**Trading Application**” means any front-end trading application or other software which interfaces with, and has been conformed with, the API.

“**Trading Host**” means the LIFFE CONNECT matching engine as may be developed for the CBOT pursuant to this Agreement and used on such Equipment as LIFFE may specify from time to time.

“**Upgrades**” means, collectively, improvements, enhancements, additions and modifications to and of the Licensed Technology or any portion thereof which LIFFE specifies for use and/or access as Licensed Technology.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

“U.S.” means the United States of America.

“Wagner/eSpeed Patent” means U.S. Letter Patent No. 4,903,201 (the ‘201 patent).

“Wagner License” shall have the meaning set forth in **Section 14.2**.

2. **Services**

2.1 **Overview.** During the term of this Agreement, LIFFE shall use reasonable efforts to provide to the CBOT the following services (collectively, the “**Services**”):

- (a) procurement of the Equipment and delivery of such Equipment to, and installation of such Equipment at, the equipment installation sites identified in **Schedule D** hereto or such other locations as may be agreed upon by the Parties (“**Equipment Installation Sites**”), including handling and management of Equipment;
- (b) procurement from third parties of software specified on **Schedule E** hereto, and installation of such software at the locations set forth in **Schedule E** and such other locations as LIFFE may deem necessary;
- (c) development of Components and user documentation related thereto, in accordance with the Specifications and the Summary Project Plan;
- (d) testing of the Components, prior to releasing such Components to the CBOT for acceptance testing, in order to ascertain whether the Components materially conform to the Specifications (“**System Testing**”);
- (e) physical delivery of the Components to, and installation of such Components at, the locations identified in **Schedule F** hereto or such other locations as may be agreed upon by the Parties (“**Software Installation Locations**”);
- (f) physical delivery of the Documentation to the CBOT;
- (g) training of CBOT staff, in accordance with **Schedule G** hereto;
- (h) assisting the CBOT with acceptance testing of the Components, in accordance with **Section 4**;
- (i) assisting the CBOT, as agreed by the Parties, with testing whether the individual and collective components of the CBOT Technology conform with the Interfaces and whether the Interfaces perform in accordance with the Specifications (“**Integration Testing**”);
- (j) assisting the CBOT, as agreed by the Parties, in its efforts to ensure that trading applications of ISVs and Member developers wishing to participate in the CBOT Electronic Exchange conform with such standards as LIFFE may issue from time to time (“**Technical Conformance Testing**”);
- (k) assisting the CBOT, as agreed by the Parties, in testing processes designed to authorize and prepare Market Participants to participate in the CBOT Electronic Exchange (“**Market Participant Testing**”), including simulations of the CBOT Electronic

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

Exchange (“**Simulations**”); and

(l) management of LIFFE’s delivery of the Services.

2.2 **Schematics.** LIFFE shall use reasonable efforts to provide the Services in a manner consistent with the Schematics, where applicable.

2.3 **Summary Project Plan.**

2.3.1 **Milestones.** LIFFE shall use reasonable efforts to meet those milestones agreed upon by the Parties and set out in the Summary Project Plan (the “**Milestones**”) in respect of the Services and shall have at its disposal the resources necessary to meet the Services Milestones. The CBOT acknowledges that (a) such Milestones are goals, not guarantees; and (b) LIFFE’s ability to meet such Milestones (i) is contingent upon the CBOT’s compliance with its obligations under this Agreement, including fulfillment of its dependencies set forth in **Schedules B** and **M** and the preparation and delivery to LIFFE of the Test Material in accordance with **Section 4**; and (ii) may be affected by (x) the CBOT’s initiation of a Change Request resulting in modification of the nature or scope of the Services and (y) any reinstatement of the Services following suspension of the Services pursuant to **Section 8.5**.

2.3.2 **Key Milestone Likely Not To Be Met.** In the event that LIFFE reasonably anticipates that any of the key Milestones pertaining to the Services and identified on the Summary Project Plan (each a “**Key Milestone**”) may not be met, then LIFFE shall notify the CBOT promptly of the potential delay, and shall inform the CBOT of LIFFE’s basis for such determination. Thereafter, (a) the Parties shall cooperate to identify resources, and to devise and carry out measures, to facilitate the prompt completion of the Services associated with such Key Milestone, and (b) LIFFE’s Project Manager shall report on a daily basis to the CBOT’s Project Manager LIFFE’s progress in endeavoring to meet the Key Milestone.

2.3.3 **Missed Key Milestone.** In the event that any Key Milestone is not met, LIFFE shall promptly notify the CBOT of the missed Key Milestone. Thereafter, (a) the Director of Global Programme Delivery, LIFFE Market Solutions shall report on a daily basis to a representative of the CBOT at an equivalent level LIFFE’s progress towards the completion of the Services associated with such Key Milestone; and (b) the Parties shall (i) continue to carry out any measures devised in accordance with **Section 2.3.2** or, if no such measures have been devised, cooperate to identify resources, and to devise and carry out measures, to facilitate the prompt completion of the Services associated with the missed Key Milestone; (ii) cooperate to identify resources, and to devise and carry out measures, to mitigate the impact upon future Milestones of missing such Key Milestone; and (iii) agree, in advance of carrying out any further endeavors to complete the Services associated with the Key Milestone, [**] associated with the missed Key Milestone during the period between the Key Milestone and the date of completion of the Services associated with such Key Milestone (the “**Catch Up Period**”); *provided, however*, that (x) [**] in the event the delay in meeting the

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

Key Milestone is a result of the CBOT's failure to fulfill any of its obligations under this Agreement; and (y) if the services associated with the missed Key Milestone are solely the responsibility of LIFFE, [**] during the Catch Up Period. Once the Services associated with the Key Milestone have been completed, LIFFE shall notify the CBOT of the date of completion of such Services.

2.3.4 [**]. In the event that any Key Milestone is not met, with respect to Charges for all Services performed by LIFFE during the Catch Up Period, the CBOT may, at its option and upon written notice to LIFFE, [**], either (a) the Payment Date for such Charges or (b) election to finance such Charges in accordance with **Section 8.4**, and the payment of any Advance Fees in respect of any such Charges the CBOT elects to finance in accordance with **Section 8.4**; *provided, however*, that no [**] pursuant to this **Section 2.3.4** shall be made in the event the delay in meeting the Key Milestone is a result of the CBOT's failure to fulfill any of its obligations under this Agreement. Notwithstanding the foregoing, the Parties agree that, upon the Go Live Date, all Services associated with Key Milestones will be deemed to have been completed.

2.3.5 Disputes. In the event of any Dispute with respect to the foregoing **Sections 2.3.1 to 2.3.4**, the Parties shall address such Dispute in accordance with **Section 17**.

2.4 Change Control Procedures. Any requests of either Party for material changes to the nature or scope of the Services to be performed after the Effective Date must be (a) made according to the change control procedures set forth in Schedule H hereto ("**Change Control Procedures**"); and (b) agreed to in writing by both Parties, in the form of the "Change Request Form" set forth in Appendix 2 to Schedule H (each such duly completed and executed Change Request Form, a "**Change Request**"). Each Change Request shall be incorporated in and subject to the terms and conditions of this Agreement.

2.5 Site. Except as otherwise provided in this Agreement, the Services will be performed at LIFFE's offices or at such other locations as LIFFE deems appropriate. LIFFE agrees that when any LIFFE Project Personnel are present on the CBOT's Premises, such LIFFE Project Personnel shall use good faith efforts to comply with the CBOT's Acceptable Use and Harassment Policies as set forth in Schedule I.

2.6 Subcontractors. LIFFE may appoint subcontractors and agents to carry out the whole or any part of its obligations hereunder; *provided, however*, that (a) LIFFE shall provide the CBOT the name of any individual LIFFE has appointed as its subcontractor or agent hereunder whose primary residence is located in the United States and whose activities are to be undertaken at the CBOT's Premises, prior to such individual undertaking such activities, and the CBOT shall have the right, in its reasonable discretion, to deny access to the CBOT's Premises to such individual; *provided, further*, however, that (i) LIFFE shall not be responsible for any delays or other consequences resulting from any such denial and (ii) the CBOT shall indemnify and hold LIFFE, its Affiliates, and the officers, directors, employees, agents and representatives of LIFFE and its Affiliates harmless from and against any and all Losses reasonably incurred or suffered as a result of such denial; and (b) LIFFE shall notify the CBOT of the identity of any subcontractor entity whose primary residence is located in the United States and whose activities are to be undertaken at locations other than the CBOT's Premises. For the avoidance of doubt, LIFFE shall not have an obligation to notify the CBOT of (x) any individual or subcontractor entity

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

whose primary residence is located outside the United States or (y) any individual whose activities are to be undertaken at any site other than the CBOT's Premises.

2.7 Quality of Services. LIFFE shall use good faith efforts to ensure that the LIFFE Project Personnel engaged in carrying out the Services shall have the skills, experience, qualifications and knowledge necessary to perform the Services assigned to such LIFFE Project Personnel. LIFFE shall use (and shall require its subcontractors to use) reasonable skill and care in carrying out the Services and shall use good faith efforts to comply with all applicable laws and regulations in the performance of its obligations under this Agreement.

2.8 Progress Reports. Subject to **Sections 2.3.2 and 2.3.3**, LIFFE shall provide the CBOT written reports regarding the status of LIFFE's performance of the Services, at intervals to be agreed upon by the Parties.

2.9 Delays. LIFFE shall not be responsible for any delays or other consequences arising from any failure by the CBOT to perform any of its obligations under this Agreement.

3. Equipment

3.1 Replacements. LIFFE may, at its option, replace Equipment or components thereof with other equipment or components which are substantially similar to the Equipment being replaced or improvements, enhancements, additions or modifications to such Equipment. Such Replacements will thereafter be deemed "Equipment" for purposes of this Agreement.

3.2 Disablement and Repossession.

3.2.1 At LIFFE's Option. LIFFE may, at its option, disable and/or repossess Equipment; *provided that* LIFFE will not disable and/or repossess Equipment located at a CBOT Controlled Site without either (a) reasonable cause or (b) providing prior notice to the CBOT. Notwithstanding the foregoing, LIFFE shall, to the extent reasonably practicable, provide the CBOT prior notice of any disablement or repossession of Equipment at a CBOT Controlled Site.

3.2.2 At the CBOT's Request. LIFFE shall disable and/or repossess Equipment from any CBOT Controlled Sites as reasonably requested by the CBOT, at the CBOT's cost.

3.3 Responsibilities of the CBOT.

3.3.1 Access. The CBOT shall provide (or require a Market Participant to provide, as applicable) LIFFE such access as LIFFE may reasonably request to all CBOT Controlled Sites:

- (a) for purposes of installing any Replacements;
- (b) to enable LIFFE or its designee to carry out its rights and responsibilities under **Section 3.2**;
- (c) to enable LIFFE or its designee to inspect Equipment or any portion thereof: (i) to determine whether the CBOT is complying or has

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

complied with its obligations under this Agreement; and/or (ii) to facilitate LIFFE's efforts to remedy any defect or error in such Equipment; and

- (d) to enable LIFFE or its designee to disable and/or remove Equipment or any portion thereof: (i) if the CBOT has failed, or is failing, to comply with its obligations under this Agreement; and/or to (ii) facilitate LIFFE's efforts to remedy any defect or error in such Equipment.

3.3.2 Prior to Installation. In connection with each installation of Equipment at a CBOT Controlled Site, the CBOT shall, at the CBOT's expense and by such date(s) and at such time(s) as LIFFE may reasonably request, (a) permit (or require a Market Participant to permit) LIFFE or its designee to inspect such CBOT Controlled Site prior to the delivery of any Equipment thereto; (b) make (or require a Market Participant to make) such modifications, alterations or additions to such CBOT Controlled Site as LIFFE may reasonably request; and (c) provide (or require a Market Participant to provide) LIFFE with any further assistance and facilities as LIFFE may reasonably request, including (i) preparing suitable accommodation and environmental conditions for such Equipment and (ii) making available any equipment, software, ancillary plant, fittings, electrical power supply and other facilities sufficient to meet all reasonable requirements of LIFFE.

3.3.3 Following Installation. With respect to all Equipment located at a CBOT Controlled Site, the CBOT shall (and shall require each Market Participant to) maintain at all times the accommodation, environment and facilities for the Equipment as may be reasonably specified by LIFFE from time to time.

3.3.4 Restrictions on Use.

- (a) All Equipment. With respect to all Equipment, the CBOT agrees, and shall require each Market Participant to agree:
 - (i) not to, and not to permit any other Person (including any Market Participant) to, without the prior written consent of LIFFE, combine the Equipment with any equipment, software, or other technology (*other than* Licensed Technology or other technology approved by LIFFE); or
 - (ii) not to, and not to permit any other Person (including any Market Participant) to, without the prior written consent of LIFFE, repossess or disable any Equipment; *provided, however*, that the CBOT may repossess or disable Equipment on CBOT Controlled Sites as may be necessary in conjunction with the CBOT's monitoring and control of the CBOT Electronic Exchange;
 - (iii) not to, and not to permit any other Person (including any Market Participant) to, create any lien or other encumbrance on the Equipment or any part or parts thereof or do any act (x) which might jeopardize or prejudice the rights of LIFFE or its suppliers

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

in the Equipment or any portion thereof or (y) which might reasonably be expected to result in the Equipment being confiscated, seized, requisitioned, taken in execution, impounded or otherwise taken from the possession of the CBOT or any Market Participant, as applicable; and

(iv) to use or interface with the Equipment only in accordance with applicable manufacturers' recommendations.

(b) Located at or Accessible from CBOT Controlled Sites. With respect to all Equipment located at or accessible from any CBOT Controlled Site, the CBOT agrees, and shall require each Market Participant to agree:

(i) not to, and not to permit any other Person (including any Market Participant) to, interfere or tamper with, alter, amend or modify the Equipment or any part or parts thereof without the prior written consent of LIFFE;

(ii) not to, and not to permit any other Person (including any Market Participant) to, move the Equipment or any portion thereof from the CBOT's Premises without the prior written consent of LIFFE; and

(iii) not to, and not to permit any other Person (including any Market Participant) to, interfere or tamper with any serial numbers, identity plates, trademarks, proprietary notices or other designations, including those of LIFFE or LIFFE's suppliers, on the Equipment or any portion thereof; and

(c) Software. With respect to all software embedded in or otherwise included within the Equipment ("System Software"), CBOT agrees not to, and not to permit any other Person (including any Market Participant) to:

(i) copy, modify, duplicate, decompile, reverse engineer, disassemble or otherwise reduce to a humanly perceivable form, make any attempt to discover the source code of, create derivative works based on, market, sell, provide or make available to any third party, otherwise distribute, or translate the System Software, except as expressly provided herein;

(ii) remove or alter in any manner any trademarks, trade names, copyright notices or other proprietary or confidentiality notices or designations, of the CBOT or other Person, contained or displayed in or on the System Software; or

(iii) upload any computer virus, Trojan horse, worm, time bomb, or other similar code or hardware designed to disrupt the operation of, permit unauthorized access to, erase, or modify the System

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

Software or Equipment, or otherwise use the System Software to further any purpose which is illegal.

- 3.3.5 Insurance. With respect to all Equipment located at any CBOT Controlled Site, the CBOT agrees either to (a) arrange to insure the Equipment comprehensively against all insurable risks with a reputable insurance company, on terms satisfactory to LIFFE (naming LIFFE as a beneficiary), or (b) accept all liability for the Equipment; in each case for the full Replacement Value thereof, from and including the date on which the Equipment or any portion thereof is delivered to the CBOT Controlled Site, until such time as the Equipment is either returned to or repossessed by LIFFE. Where the Equipment has been insured by an insurance company, the CBOT shall, at the request of LIFFE, provide to LIFFE either a copy of the relevant portion of such insurance policy or a written certificate evidencing the currency of the same.
- 3.3.6 Market Participants.
- 3.3.6.1 *Interface Sublicense Agreement*. Prior to the installation of any Equipment on premises owned or controlled by any Person wishing to become a Market Participant, the CBOT shall require such Person to enter into an Interface Sublicense Agreement.
- 3.3.6.2 *Enforcement*. The CBOT shall:
- (a) promptly upon becoming aware of such actions, provide LIFFE written notice of (i) any violation by a Market Participant or any other Person of the restrictions set forth in **Section 3.3.4**; and (ii) any other acts or omissions of any Person which the CBOT believes (x) might jeopardize or prejudice the rights of LIFFE or its suppliers in the Equipment; (y) may result in the Equipment being confiscated, seized, requisitioned, taken in execution, impounded or otherwise taken from any location; or (z) threaten the security or operation of the Equipment; and
 - (b) promptly upon becoming aware of (i) any claim, demand, or cause of action brought against the CBOT by a Market Participant or any other Person, or any subpoena served upon the CBOT or (ii) any employee, officer or director thereof, which relates to the Equipment or any component thereof, provide LIFFE written notice of such claim, demand, cause of action or subpoena.
- 3.3.7 Change Notification. The CBOT shall provide LIFFE's Project Manager prior written notice (or, if prior written notice is not feasible, immediate written notification) of (i) any changes to the physical environment at any CBOT Controlled Site in which Equipment and/or Software operate (e.g. maintenance or shutdowns of power supply or temperature control devices), and (ii) any changes to, relocations of, or maintenance of any CBOT Technology that interfaces with Software and/or Equipment.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

3.4 Responsibilities of LIFFE. In the event any Equipment is confiscated, seized, requisitioned, taken in execution, impounded or otherwise taken from the possession of LIFFE as a result of LIFFE permitting a third party lien or other encumbrance to be placed on such Equipment (*excluding* any such lien or other encumbrance established in connection with the procurement of such Equipment), LIFFE shall, at LIFFE's expense, replace such Equipment. Such Replacements will thereafter be deemed "Equipment" for purposes of this Agreement.

4. Acceptance Testing

4.1 System Testing. Prior to LIFFE's release to the CBOT of the Software for acceptance testing, LIFFE shall test the Components. Prior to the CBOT's commencement of acceptance testing, the CBOT shall test all software required to be provided by the CBOT hereunder (the "**CBOT Deliverables**") to ascertain whether such software materially conforms to the CBOT's specifications for such CBOT Deliverables and those specifications for the Interfaces set forth on Schedule A. Acceptance testing shall not commence until (a) LIFFE has notified the CBOT in writing that LIFFE has reasonably determined that the Software materially conforms to the Specifications and (b) the CBOT has notified LIFFE in writing that the CBOT has reasonably determined that the CBOT Deliverables materially conforms to the CBOT's specifications for such CBOT Deliverables and those specifications for the Interfaces comprising the Specifications. Between delivery of such notice to the other Party and the CBOT's issuance of the Initial Acceptance Certificate, (i) LIFFE shall endeavor to provide the CBOT written notice of any modifications of the Software that may have a material impact on the functionality, performance or operation of the Software, and (ii) the CBOT shall endeavor to provide LIFFE written notice of any modifications to the CBOT Deliverables that may have material impact on the functionality, performance or operation of the CBOT Deliverables.

4.2 Preparation. Acceptance testing will consist of two phases: Integration Testing and Simulations. By no later than the applicable Milestones, or such dates as are otherwise agreed upon by the Parties, the CBOT shall, in consultation with LIFFE, prepare and submit to LIFFE Acceptance Criteria, Test Cases, Test Data, and Test Plans in respect of each Component, suitable to demonstrate that such Component can be integrated with the remaining Components comprising the Software and that the Software materially conforms to the applicable portions of the Specifications. LIFFE shall review each such submission and shall notify the CBOT of its objections or concerns with the submission. The CBOT shall cooperate in good faith to modify the Test Material to address LIFFE's reasonable objections and create mutually acceptable Test Material.

4.3 Integration Testing.

4.3.1 Notification. Commencing upon the relevant Milestone set forth in the Summary Project Plan, or upon any alternative date agreed upon by the Parties, the CBOT shall, with LIFFE's reasonable assistance, carry out Integration Testing at LIFFE's offices in London and the CBOT's facilities in Chicago, or elsewhere as the Parties may agree, as the Parties may deem most appropriate to facilitate acceptance testing and to meet the relevant Milestones.

4.3.2 Suspected Defects.

4.3.2.1 Material Defects. If a Material Defect is suspected, (a) the CBOT shall, immediately upon becoming aware of such suspected Material Defect, provide LIFFE's Project Manager written notice of such suspected Material Defect, together with all Evidence of such suspected Material

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

Defect reasonably available to the CBOT, and (b) at LIFFE's request, the Parties shall re-perform the relevant Integration Testing and present the results thereof to each Party's Project Manager. If the Parties agree that Integration Testing has revealed a Material Defect, the Parties shall document the nature of the Material Defect identified by the Integration Testing. As soon as reasonably practicable thereafter, (i) LIFFE shall use reasonable efforts to remedy the Material Defect and shall notify the CBOT's Project Manager once LIFFE reasonably believes the Material Defect has been remedied; and (ii) the Parties shall repeat the Integration Testing, in whole or in part as necessary, to confirm that such Material Defect has been remedied. If such initial efforts to remedy the Material Defect prove unsuccessful, this cycle shall be repeated until (x) Integration Testing results reveal no Material Defects or (y) the CBOT otherwise agrees to issue an Initial Acceptance Certificate, and the CBOT shall not incur any Charges for LIFFE's Services in respect of such repeated cycle(s) in the event that the need to repeat such cycle is due to LIFFE's failure to remedy the Material Defect.

4.3.2.2 *CBOT Defects.* If Integration Testing reveals a defect in a CBOT Deliverable (a "**CBOT Defect**"), the Parties shall document the nature of the CBOT Defect identified by the Integration Testing and provide to the CBOT's Project Manager any evidence of the CBOT Defect discovered during Integration Testing. As soon as reasonably practicable thereafter, unless otherwise agreed by the Parties, (i) the CBOT shall use reasonable efforts to remedy the CBOT Defect and shall notify LIFFE's Project Manager once the CBOT reasonably believes the CBOT Defect has been remedied; and (ii) the Parties shall repeat the Integration Testing, in whole or in part as necessary, to confirm that such CBOT Defect has been remedied. If such efforts to remedy the CBOT Defect prove unsuccessful, this cycle shall be repeated until Integration Testing results reveal no CBOT Defects.

4.3.3 Initial Acceptance Certificate. Once all of the Software has completed Integration Testing successfully, the CBOT shall promptly sign and deliver to LIFFE's Project Manager an Initial Acceptance Certificate, which shall evidence the CBOT's Acceptance of the Software. Following the delivery of the Initial Acceptance Certificate and subject to the terms thereof, no modifications, other than such configuration changes as are agreed upon by the Parties and may be necessary for purposes of carrying out the Simulations and/or for making the Software and the CBOT Deliverables available for trading in a real time live trading environment, shall be made to the Software or the CBOT Deliverables prior to the Go Live Date, without the written consent of the Parties.

4.4 Simulations.

4.4.1 Notification. Following issuance of the Initial Acceptance Certificate and in accordance with the relevant Milestone, the CBOT shall, with LIFFE's reasonable assistance, carry out Simulations.

4.4.2 Suspected Defects.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

- (a) Material Defects. If a Material Defect is suspected, (a) the CBOT shall, immediately upon becoming aware of such suspected Material Defect, provide LIFFE's Project Manager written notice of such suspected Material Defect, together with all Evidence of such suspected Material Defect reasonably available to the CBOT, and (b) at LIFFE's request, the Parties shall re-perform the relevant Simulation and present the results thereof to each Party's Project Manager. If the Parties agree that a Simulation has revealed a Material Defect, the Parties shall document the nature of the Material Defect identified by the Simulation. As soon as reasonably practicable thereafter, (i) LIFFE shall use reasonable efforts to remedy the Material Defect and shall notify the CBOT's Project Manager once LIFFE reasonably believes the Material Defect has been remedied; and (ii) the Parties shall repeat the Simulation, in whole or in part as necessary, to confirm that such Material Defect has been remedied. If such initial efforts to remedy the Material Defect prove unsuccessful, this cycle shall be repeated until (x) Simulation results reveal no Material Defects or (y) the CBOT otherwise agrees to issue a Final Acceptance Certificate, and the CBOT shall not incur any Charges for LIFFE's Services in respect of such repeated cycle(s) in the event that the need to repeat such cycle is due to LIFFE's failure to remedy the Material Defect.
- (b) CBOT Defects. If a Simulation reveals a CBOT Defect, the Parties shall document the nature of the CBOT Defect identified by the Simulation and provide to CBOT's Project Manager any Evidence of the CBOT Defect discovered during Simulation. As soon as reasonably practicable thereafter, (i) the CBOT shall use reasonable efforts to remedy the CBOT Defect and shall notify LIFFE's Project Manager once the CBOT reasonably believes the CBOT Defect has been remedied; and (ii) the Parties shall repeat the Simulation, in whole or in part as necessary, to confirm that such CBOT Defect has been remedied. If such efforts to remedy the CBOT Defect prove unsuccessful, this cycle shall be repeated until Simulation results reveal no CBOT Defects.

4.4.3 Final Acceptance Certificate. Once the Software has completed Simulations successfully, the CBOT shall promptly sign and deliver to LIFFE's Project Manager a Final Acceptance Certificate. Following the delivery of the Final Acceptance Certificate and subject to the terms thereof, no modifications, other than such configuration changes as are agreed upon by the Parties and may be necessary for purposes of making the Software and the CBOT Deliverables available for trading in a real time live trading environment, shall be made to the Software or the CBOT Deliverables prior to the Go Live Date, without the written consent of the Parties.

4.5 Go Live Date. Notwithstanding any provision to the contrary herein, the Software will not be made available for use in a real time live trading environment until and unless the CBOT has delivered to LIFFE's Project Manager an executed Final Acceptance Certificate in accordance with **Section 4.4.3**.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

4.6 Disputes. Any Dispute relating to acceptance testing shall be addressed in accordance with the dispute resolution procedures set forth in **Section 17**.

5. General Obligations of the CBOT

5.1 Dependencies. In addition to all other obligations of the CBOT set forth in this Agreement, the CBOT shall comply with those dependencies set forth in Schedule M hereto.

5.2 Security. In addition to all other duties of the CBOT specified hereunder in respect of Licensed Technology and Equipment and the use or access thereof by the CBOT, the CBOT (a) shall use reasonable efforts to comply with LIFFE's security policy, a copy of which is attached as Schedule J hereto; (b) shall establish and maintain supervisory and security procedures satisfactory to LIFFE for the purpose of protecting all Licensed Technology and Equipment located at CBOT's Premises and LIFFE's rights, title and interest in and to the Licensed Technology and Equipment; and (c) shall require each Market Participant to establish and maintain supervisory and security procedures appropriate to protect all Licensed Technology and Equipment located at premises owned or controlled by such Market Participant and LIFFE's rights, title and interest in and to the Licensed Technology and Equipment.

5.3 Protection of Licensed Technology and Equipment. The CBOT shall use reasonable efforts to ensure that no personnel of the CBOT, any Affiliates or subcontractors of the CBOT, any Market Participants, or any agents of the foregoing (*other than* LIFFE) shall have access to the Equipment or the Licensed Technology (*excluding* the Interfaces and Non-Restricted Documentation) unless such personnel has received appropriate training.

5.4 CBOT's Premises. In addition to complying with the requirements set forth in **Section 3.3**, the CBOT shall provide LIFFE with such office accommodation, facilities (including telephones, fax machines, computer consumables, printers and Internet access), and access to the CBOT's Premises as LIFFE reasonably deems necessary to facilitate LIFFE's performance of the Services.

5.5 Materials and Assistance. In addition to providing those resources identified in Schedule M and in Sections 3.3 and 5.4, in order to facilitate the Parties' performance of their obligations hereunder, the CBOT shall (a) promptly provide to LIFFE such relevant information and documentation as LIFFE may reasonably request, including information and documentation relating to network infrastructure, hardware, software, equipment, personnel, documentation, space and office space; and (b) ensure that competent personnel are available during normal working hours to provide to LIFFE such information or other support in relation to LIFFE's performance of the Services as LIFFE may reasonably request; and (c) use good faith efforts to ensure that such personnel possesses the skills, experience, qualifications, and knowledge necessary to carry out any tasks to which they may be assigned.

5.6 Upgrades and Replacements. Subject to any applicable obligations of LIFFE pursuant to any Managed Services Agreement entered into by the Parties, nothing herein shall require LIFFE to (a) create any Upgrades or provide any Replacements; (b) deliver or license to the CBOT for use and/or access as "Licensed Technology" any modifications, enhancements, improvements or additions to the Licensed Technology as LIFFE may choose to create; or (c) provide to the CBOT for use and/or access as "Equipment" hereunder any replacements, modifications, enhancements, improvements or additions to the Equipment.

6. General Obligations of Both Parties

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

6.1 **Non-Solicitation.** Each Party agrees that, during a period from (a) the Effective Date to (b) the earlier of twelve (12) months after completion of the Services and the effective date of termination of this Agreement, it shall not employ or engage on any other basis, and offer such employment or engagement to, any of the other Party's employees, contractors, and consultants who have been associated with the performance of such other Party's obligations hereunder, without the other Party's prior agreement in writing. If a Party employs or engages any employee, contractor or consultant of the other Party in breach of the foregoing obligations, it will pay to the other Party damages in an amount equal to the net annual salary of such employee, contractor or consultant for the twelve (12) months prior to the date such individual, contractor or consultant is first employed by the Party breaching such obligation.

6.2 **Export Compliance.** The CBOT and LIFFE each shall comply with all applicable export laws and regulations of the United States and foreign authorities, including regulatory authorities. For purposes of this obligation, export laws and regulations include, but are not limited to, all applicable end use controls and all applicable restrictions on the export, reexport and transfer of encryption items.

7. Project Management

7.1 **Appointments.** Each Party shall appoint and inform the other Party of the identity of (a) a Project Manager and (b) a Relationship Manager, to serve as the primary points of contact between LIFFE and the CBOT with respect to the Services. Additionally, the Parties shall, in accordance with such terms as the Parties agree upon, establish a "Program Board" to address issues arising from the Parties' performance of their obligations under this Agreement.

7.2 **Substitutions.** Each Party shall promptly notify the other in writing of any substitutions for or replacements of such individuals appointed in accordance with **Section 7.1**, as applicable, and shall take all reasonable steps to minimize any potential adverse effects of such changes.

8. Charges

8.1 **Payment.** In consideration for LIFFE's performance of the Services hereunder, the CBOT shall, via wire transfer of immediately available funds to such bank account as LIFFE may specify, (a) pay to LIFFE a fee for procurement of the Equipment, which fee shall be comprised of (i) all actual costs charged to LIFFE in connection with the procurement of such Equipment (estimates of such costs are set forth on Schedule E); *provided, however*, that if LIFFE reasonably anticipates that the costs charged to LIFFE in connection with the procurement of any item of Equipment will be higher than the estimated costs for such item set forth in Schedule E, then, prior to purchasing such item, LIFFE must obtain the CBOT's written approval of such purchase, which approval shall not be unreasonably withheld and (ii) an additional [**] of such costs for the purchase administration, delivery, handling, storage and other activities related to the procurement of such Equipment for the CBOT (collectively, "**Equipment Service Charges**"); (b) pay to LIFFE fees relating to installation of Equipment at the premises of Market Participants, as further detailed on Schedule K hereto ("**Connection Service Charges**"); (c) pay to LIFFE fees for all other Services provided by LIFFE to the CBOT under this Agreement ("**Development Service Charges**"), which fees shall be calculated on a time and materials basis in accordance with the charge rates set forth in Schedule K (the "**Charge Rates**") (which Charge Rates are exclusive of expenses); and (d) reimburse LIFFE for any out of pocket expenses incurred by LIFFE hereunder, including all reasonable travel, hotel, subsistence and other out of pocket expenses charged in accordance with LIFFE's travel and expense policy attached as Schedule L hereto (collectively, "**Out of Pocket Expenses**"; and such Equipment Service Charges, Connection Service Charges, Development Service Charges and Out of Pocket Expenses, collectively, the "**Charges**"). All payments hereunder shall be

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

made in pounds sterling; *provided that* the CBOT may pay in U.S. dollars any Charges based on such costs incurred by LIFFE hereunder, which costs were denominated in U.S. dollars.

8.2 **Taxes.** The Charges shall be exclusive of all international, national or state taxes (including withholding taxes), levies, duties, or similar charges, however designated, that may be assessed by any jurisdiction under current law or as a result of any change in the law following the date thereof (collectively, “**Taxes**”), and the CBOT shall pay or reimburse LIFFE for all such Taxes that may be levied or imposed in relation to this Agreement or any of the rights and licenses granted hereunder, *excluding* (a) any VAT that is recovered by LIFFE and (b) taxes based on the net income of LIFFE. LIFFE will use good faith efforts to recover VAT applicable to any Charges. Prior to receiving from the CBOT any payment which may be subject to United States withholding taxes, LIFFE shall deliver to the CBOT two original copies of (i) Internal Revenue Service (“**IRS**”) Form “W-8BEN” (or any successor forms), accurately completed and duly executed by LIFFE certifying, in Line 9a thereof (or the corresponding line of any successor forms), that the applicable treaty is the United States-United Kingdom Income Tax Convention, and further certifying the matters set forth in Line 9b and 9c of Form “W-8BEN” (or the corresponding lines of any successor forms) or (ii) IRS Form “W-8ECI” (or any successor form); *provided that*, unless required by U.S. law, LIFFE shall not be required to deliver to the CBOT any such Forms if LIFFE assigns, pursuant to **Section 22**, this Agreement and/or its rights and obligations under this Agreement to an Affiliate of LIFFE which is a United States corporation. LIFFE hereby agrees, from time to time after the initial delivery by LIFFE of such forms whenever a lapse in time or change of circumstances renders such forms obsolete or inaccurate in any material respect, to deliver to the CBOT two new original copies of IRS Form “W-8BEN” or IRS Form “W-8ECI” (or any successor forms), accurately completed and duly executed by LIFFE. Notwithstanding this **Section 8.2**, the relevant Charges shall be paid net of any U.S. federal income withholding tax caused by the failure of LIFFE to provide the CBOT with such forms, unless a change in applicable law of the United States, enacted or promulgated after the date hereof, makes it impossible for LIFFE to continue to make the certifications described above.

8.3 **Invoices.** LIFFE shall invoice the CBOT monthly in arrears for the Charges and any additional amounts due hereunder, in pounds sterling; *provided, however*, that LIFFE will invoice in U.S. dollars any Charges based on costs incurred by LIFFE hereunder, which costs were denominated in U.S. dollars. For the avoidance of doubt, any amounts paid by LIFFE in pounds sterling will be invoiced to the CBOT in pounds sterling. Each invoice for Development Service Charges will set forth the name of each of the LIFFE Project Personnel who performed such Services, the categories of work performed by such individual, the grade of each such individual, and the Charge Rate for such individual. Subject to **Section 8.4**, payment of each invoice shall be made by the CBOT within thirty (30) days of the date of receipt of such invoice by the CBOT (the “**Payment Date**”), unless the CBOT makes a good faith objection to the terms of the invoice, in which case (a) the CBOT shall pay the undisputed amount of the invoice, and (b) the Parties shall promptly undertake to resolve the disputed portion of the invoice.

8.4 **Financing.** The Parties may agree upon a financing arrangement (the “**Financing Agreement**”), pursuant to which the CBOT may, upon written notice to LIFFE, elect to finance certain of the Charges set forth on any invoice provided under this Agreement. For the avoidance of doubt, any Charges that the CBOT does not elect to finance pursuant to any Financing Agreement shall be paid by the CBOT in accordance with **Section 8.3**.

8.5 **Suspension.** If the CBOT fails to pay any undisputed Charges due under this Agreement by the Payment Date, then, without prejudice to any other remedy available to LIFFE, LIFFE may, upon fourteen (14) days prior written notice to the CBOT, suspend the Services, *provided that* the CBOT has not made payment within such period of time. In the event of reinstatement of the Services, the CBOT

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

shall be required to install any such Upgrades and/or Replacements to the version(s) of the Licensed Technology or Equipment last utilized by the CBOT, as LIFFE may specify.

8.6 Late Payment. If the CBOT fails to pay any undisputed Charges due under this Agreement by the Payment Date, then interest shall be charged thereon from the date of issuance of the applicable invoice until the date payment is made, at the rate of the lesser of one and one half percent (1.5%) per month, or the maximum amount allowed under applicable law.

9. Term

This Agreement shall commence on the Effective Date and shall continue until the earlier of the completion of the Services and March 1, 2004, unless (a) otherwise agreed by the Parties or (b) terminated in accordance with **Section 10** or as otherwise provided in this Agreement.

10. Termination

10.1 By the CBOT. The CBOT may terminate this Agreement immediately upon notice to LIFFE in the event that the Parties have not entered into a Managed Services Agreement by [**].

10.2 By LIFFE.

10.2.1 [**]. LIFFE may terminate this Agreement, upon twelve (12) months prior written notice to the CBOT ("**Termination Notice Period**"), if [**], or any Affiliate of [**], directly or indirectly acquires control of the CBOT.

10.2.2 Managed Services Agreement. LIFFE may terminate this Agreement immediately upon notice to the CBOT in the event that the Parties have not entered into a Managed Services Agreement by [**].

10.3 By Either Party.

10.3.1 Material Breach. Subject to **Section 11.3**, at any time during the term of this Agreement, either Party may terminate this Agreement immediately upon written notice to the other Party if the other Party commits a breach of any of its material obligations under this Agreement and fails to remedy such material breach within thirty (30) days of receipt of written notice thereof.

10.3.2 Insolvency. At any time during the term of this Agreement, either Party may terminate this Agreement upon thirty (30) days prior written notice if: (a) the other Party (i) becomes insolvent, (ii) voluntarily commences any proceeding or files any petition under the bankruptcy laws of the United States or England and Wales, (iii) becomes subject to any involuntary bankruptcy or insolvency proceedings under the laws of the United States or England and Wales, which proceedings are not dismissed within thirty (30) days, (iv) makes an assignment for the benefit of its creditors, or (v) appoints a receiver, trustee, custodian or liquidator for a substantial portion of, its property, assets or business; or (b) the other Party passes a resolution for its winding up or dissolution, or a court of competent jurisdiction makes an order for such other Party's winding up or dissolution.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

10.4 Automatic Termination. This Agreement will terminate automatically upon termination of the Software License Agreement.

11. Consequences of Termination

11.1 Equipment.

11.1.1 In CBOT's Possession. In addition to complying with those requirements set forth in Section 12.1 of the Software License Agreement, following termination of this Agreement, the CBOT shall (a) immediately cease use of the Equipment; and (b) at LIFFE's request and at the CBOT's expense, (i) within fourteen (14) days of the effective date of termination of this Agreement, permanently erase and certify the erasure of the Software (and all copies thereof) from the Equipment and all backup Media; (ii) immediately return to LIFFE, or destroy and certify as destroyed, any Licensed Technology in the CBOT's possession and/or control (including all Documentation); (iii) as LIFFE may elect, promptly return to LIFFE or permit LIFFE to repossess any Equipment; and (iv) promptly return to LIFFE or, with LIFFE's prior written consent destroy and certify as destroyed, any and all other LIFFE Property in the CBOT's possession and/or control.

11.1.2 In Market Participants' Possession. Upon or prior to the effective date of termination of this Agreement, the CBOT shall, at the CBOT's expense, (a) require each Market Participant to (i) immediately cease use of the Equipment and all Licensed Technology; (ii) promptly return to LIFFE, or certify as destroyed, each item of Licensed Technology within such Market Participant's possession or control; (iii) as LIFFE may elect, either promptly return to LIFFE or permit LIFFE to repossess all Equipment in such Market Participant's possession and/or control; and (iv) promptly return to LIFFE or, with LIFFE's written consent destroy and certify as destroyed, any other LIFFE Property within such Market Participant's possession and/or control; and (b) notwithstanding the foregoing **Section 11.1.2(a)**, return to LIFFE any LIFFE Property that has been provided to the CBOT by any Market Participant, promptly upon the CBOT's receipt thereof.

11.2 Third Party Obligations. In the event of termination of this Agreement, LIFFE will use commercially reasonable efforts to terminate any contracts with third parties relating to LIFFE's obligations hereunder (or relevant portions thereof). Notwithstanding the foregoing, the CBOT shall be obligated to reimburse LIFFE for any and all costs and expenses relevant to this Agreement for which LIFFE is contractually obligated to such third parties as of the termination hereof; *provided that* (a) LIFFE has used commercially reasonable efforts to mitigate such costs and expenses and (b) LIFFE has, within ninety (90) days of the execution of the effective date of termination of this Agreement, notified the CBOT of the existence and term of the contract, the identity of the counterparty to the contract, and the estimated amount of the CBOT's payment obligation in respect of such contract.

11.3 Survival. The termination of this Agreement for any reason will not affect the accrued rights of the Parties or the right of either Party to sue for damages arising from a breach of this Agreement. Notwithstanding termination of this Agreement, the CBOT shall remain liable to pay LIFFE all sums accrued or due on or prior to the effective date of termination. **Sections 1, 3.2, 3.3.1(b), 3.3.1(c)(i), 3.3.1(d)(i), 3.3.3, 3.3.4, 3.3.5, 3.3.6.2, 6, 8, 11, 12, 13, 14, 15, 16, 17, 18, 19, 21, 24, 25, 26,**

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

27, 28, 29 and 31 shall survive beyond the effective date of termination of this Agreement and shall remain in full force and effect.

12. Proprietary Rights

12.1 LIFFE Property. As between the CBOT and LIFFE, all rights, title and interest in and to the Licensed Technology and all portions thereof (*excluding* the third party software specified in Schedule G of the Software License Agreement), including but not limited to, all Software, Upgrades, and Documentation; all Confidential Information of LIFFE; all Equipment; all Replacements; all other materials whatsoever relating to the Licensed Technology and/or the Equipment and provided by LIFFE to the CBOT and/or any Market Participants, including any gateways, hubs, routers, cables, cabinets and servers; and any other materials provided by or on behalf of LIFFE to the CBOT and/or any Market Participants under this Agreement; including all copyrights, trademarks, patents, trade secrets and other intellectual property inherent in the foregoing or appurtenant thereto (collectively, "**LIFFE Property**") shall be and remain vested in LIFFE (or LIFFE's Affiliates, suppliers or licensors, as applicable). To the extent, if any, that ownership of the LIFFE Property does not automatically vest in LIFFE by virtue of this Agreement or otherwise, the CBOT hereby transfers and assigns to LIFFE, as of the date of creation, all rights, title and interest which the CBOT may have in and to such LIFFE Property. The CBOT undertakes, at the CBOT's expense, to do or cease to do all such acts as LIFFE may reasonably direct, and to execute, or cause its employees, agents and/or subcontractors to execute, all such documents as LIFFE deems reasonably necessary or helpful to assure further the rights, title and interest of LIFFE or its nominee in and to such LIFFE Property.

12.2 CBOT's Property. Notwithstanding the foregoing **Section 12.1**, as between the CBOT and LIFFE, all rights, title and interest in and to (a) the CBOT Technology (if any); (b) Market Data; (c) all Confidential Information of the CBOT; and (d) all copyrights, trademarks, patents, trade secrets and other intellectual property inherent in the foregoing or appurtenant thereto (collectively, the "**CBOT's Property**") shall be and remain vested in the CBOT. To the extent, if any, that ownership of the CBOT Property does not automatically vest in the CBOT by virtue of this Agreement or otherwise, LIFFE hereby transfers and assigns to the CBOT, as of the date of creation, all rights, title and interest which LIFFE may have in and to such CBOT Property. LIFFE undertakes, at LIFFE's expense, to do or cease to do all such acts as the CBOT may reasonably direct, and to execute, or cause its employees, agents and/or subcontractors to execute, all such documents as the CBOT deems reasonably necessary or helpful to assure further the rights, title and interest of the CBOT or its nominee in and to such CBOT Property.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

13. Confidentiality

13.1 **Confidential Information.** Subject to **Section 13.2**, each Party shall treat as confidential the terms and conditions of this Agreement (*excluding* the existence of this Agreement), all information (a) marked as confidential, "CBOT Restricted" and/or "LIFFE Restricted" (as applicable) or (b) which the recipient should reasonably know, by its nature or the manner of its disclosure, to be confidential (including, but not limited to, the information and materials the CBOT has obtained rights to use hereunder), which either Party may receive or have access to during or prior to the performance of this Agreement ("**Confidential Information**"). Neither Party shall (i) use the Confidential Information of the other Party for any purpose other than the performance of its obligations under this Agreement, the Software License Agreement, or the Managed Services Agreement, or (ii) divulge such Confidential Information (x) without the other Party's prior written consent, to anyone other than the employees, subcontractors, consultants or advisors of such Party who are subject to nondisclosure obligations and to whom such disclosure is reasonably necessary to facilitate the performance of this Agreement; or (y) unless requested pursuant to a judicial or governmental request, requirement or order under law (including disclosure obligations of the Parties under applicable securities laws), in which case, if not so prohibited by a regulatory or other governmental authority or an order of a court of competent jurisdiction, the receiving Party will promptly notify the other Party of such request; *provided that*, if, in the opinion of counsel to the receiving Party, such disclosure is required under securities laws, the receiving Party, in consultation with the other Party, shall additionally use good faith efforts to secure confidential treatment of the information so disclosed. "Confidential Information" of LIFFE includes, but is not limited to, Restricted Documentation and the source code of the Software. For the avoidance of doubt, with respect to Confidential Information of LIFFE that has been disclosed to the CBOT or to which the CBOT has access, the CBOT shall neither provide or permit [**] access to, nor permit any other Person to provide or permit [**] access to, any Confidential Information of LIFFE or any derivative work based on such Confidential Information.

13.2 **Exclusions.** Notwithstanding **Section 13.1**, Confidential Information will not include information (a) which is independently developed by the receiving Party or is lawfully received free of restriction from another source that, to the receiving Party's knowledge, has the right to furnish such information; (b) after it has become generally available to the public by acts not attributable to the receiving Party or its employees, consultants or advisors; or (c) which, at the time of disclosure to the receiving Party, was known to the receiving Party free of restriction.

14. Warranties

14.1 **LIFFE.** LIFFE warrants that (a) it has the requisite corporate power and authority to execute and perform this Agreement; (b) its execution and performance of its obligations hereunder will not violate any other agreement or regulatory obligation to which it is bound; and (c) to LIFFE's knowledge, the Software contains no Malicious Code. EXCEPT AS SPECIFICALLY PROVIDED IN THIS AGREEMENT, LIFFE MAKES NO, AND HEREBY DISCLAIMS ALL, WARRANTIES, CONDITIONS, UNDERTAKINGS, TERMS OR REPRESENTATIONS, EXPRESSED OR IMPLIED BY STATUTE, COMMON LAW OR OTHERWISE, IN RELATION TO THE SERVICES OR THE LICENSED TECHNOLOGY OR ANY PORTION OF THE SAME OR THE USE THEREOF, INCLUDING BUT NOT LIMITED TO ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. LIFFE FURTHER DISCLAIMS ALL WARRANTIES, IMPLIED OR OTHERWISE, RELATING TO ANY THIRD PARTY MATERIALS.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

14.2 The CBOT. The CBOT hereby warrants to LIFFE that (a) it has the requisite corporate power and authority to execute and perform this Agreement; (b) its execution and performance of its obligations hereunder will not violate any other agreement or regulatory obligation to which it is bound; (c) it is a valid licensee of the Wagner/eSpeed Patent pursuant to Attachment B to that certain "Settlement Agreement" between the CBOT, The Chicago Mercantile Exchange, Electronic Trading Systems Corporation and eSpeed, entered into as of August 26, 2002, in settlement of eSpeed, Inc. and Electronic Trading Systems Corporation v. The Board of Trade of the City of Chicago and The Chicago Mercantile Exchange, before the United States District Court for the Northern District of Texas (Civil Action No. 3:99-CV-1016-M) (the "Wagner License"), a copy of which has been provided to LIFFE; and (d) the Services, the Equipment and Licensed Technology provided hereunder, and the use of such Equipment and Licensed Technology by or on behalf of the CBOT, Sublicensees and Market Participants, are encompassed by such Wagner License and will not violate the terms of the Wagner License. EXCEPT AS SPECIFICALLY PROVIDED IN THIS AGREEMENT, THE CBOT MAKES NO, AND HEREBY DISCLAIMS ALL, WARRANTIES, CONDITIONS, UNDERTAKINGS, TERMS OR REPRESENTATIONS, EXPRESSED OR IMPLIED BY STATUTE, COMMON LAW OR OTHERWISE, IN RELATION TO THE LICENSED TECHNOLOGY AND CBOT PROPERTY OR ANY PORTION OF THE SAME OR THE USE THEREOF, INCLUDING BUT NOT LIMITED TO ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.

15. Indemnification

15.1 By LIFFE. LIFFE shall defend, indemnify and hold the CBOT, and the officers, directors, employees, agents, and representatives of the CBOT ("**CBOT Indemnitees**") harmless from and against all costs, claims, demands, losses, expenses and liabilities of any nature whatsoever (including reasonable attorneys fees) ("**Losses**") incurred or suffered by such CBOT Indemnitees arising out of, or in connection with, any third party claim, demand, or cause of action (each, a "**Claim**") to the extent such Claim is based upon or arises out of (a) LIFFE's gross negligence or willful misconduct; (b) LIFFE's material breach of this Agreement or any part hereof; or (c) [**]; *provided that* (i) the CBOT shall take no other action which the CBOT, in its reasonable judgment, believes would be contrary to LIFFE's interests relative to the Claim; (ii) LIFFE (or any Person acting on behalf of or authorized by LIFFE), at its own expense, shall be entitled to have sole conduct and control of all legal proceedings in connection with the Claim or the settlement or other compromise thereof; (iii) the CBOT shall give LIFFE (and any Person acting on behalf of or authorized by LIFFE) all reasonable assistance therewith, at LIFFE's reasonable expense; and (iv) the CBOT shall use good faith efforts to notify LIFFE as soon as possible, but in any event within five (5) Business Days, after the CBOT becomes aware of the Claim. Notwithstanding the foregoing, LIFFE shall have no obligation to defend, indemnify, or hold any CBOT Indemnitee harmless from or against any Losses incurred or suffered by such CBOT Indemnitee (x) as a result of the gross negligence or willful misconduct of the CBOT Indemnitee or any Market Participant, or (y) to the extent any Losses are attributable to the fact that the use of the Licensed Technology and/or Equipment by the CBOT, other CBOT Indemnitee, or any Market Participant has not been in accordance with this Agreement.

15.2 By the CBOT. The CBOT shall defend, indemnify and hold LIFFE, its Affiliates, and the officers, directors, employees, agents, and representatives of LIFFE and its Affiliates ("**LIFFE Indemnitees**") harmless from and against all Losses incurred or suffered by such LIFFE Indemnitees arising out of, or in connection with, any third party Claim to the extent such Claim is based upon or arises out of: (a) the CBOT's material breach of this Agreement or any part hereof; (b) the gross negligence or willful misconduct of the CBOT, any of its Affiliates, or any Members or Market Participants; (c) the CBOT's Property or LIFFE's use thereof; (d) the CBOT's use of the Licensed

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

Technology in contravention of this Agreement; (e) any violation by any Market Participant of the restrictions set forth in **Section 3.3.4**; or (f) any Claim that the Services provided hereunder, the Equipment or the Licensed Technology provided hereunder, or the use thereof by or on behalf of the CBOT or Market Participants, infringes or otherwise violates the Wagner/eSpeed Patent; *provided that* (i) LIFFE shall take no action which LIFFE, in its reasonable judgment, believes would be contrary to the CBOT's interests relative to the Claim; (ii) the CBOT (or any Person acting on behalf of or authorized by the CBOT), at its own expense, shall be entitled to have sole conduct and control of all legal proceedings in connection with the Claim or the settlement or other compromise thereof; (iii) LIFFE shall give the CBOT (and any Person acting on behalf of or authorized by the CBOT) all reasonable assistance in connection therewith at the CBOT's reasonable expense; and (iv) LIFFE shall use good faith efforts to notify the CBOT as soon as possible, but in any event within five (5) Business Days, after LIFFE becomes aware of the Claim. Notwithstanding the foregoing, the CBOT shall have no obligation to defend, indemnify, or hold any LIFFE Indemnitee harmless from or against any Losses incurred or suffered by such LIFFE Indemnitee as a result of the gross negligence or willful misconduct of the LIFFE Indemnitee.

16. Liability

16.1 **Specific Limitations.** LIFFE shall have no liability to the CBOT for any breach of this Agreement or any Losses (including, but not limited to, the CBOT's inability to use any part of the Licensed Technology or Equipment and the interruption or corruption of any data or information stored, used, generated or transmitted on or via any Licensed Technology or Equipment) under this Agreement arising from (a) any defect in the Licensed Technology or Equipment of which LIFFE has not received notice of from the CBOT within five (5) Business Days following the first date upon which the CBOT discovered or otherwise became aware of such defect, (b) any Force Majeure Event, or (c) any Trading Applications or other Third Party Materials.

16.2 **General Limitation.** EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT, NEITHER PARTY SHALL HAVE LIABILITY TO THE OTHER FOR ANY LOSS, DAMAGE OR INJURY, DIRECT OR INDIRECT, WHETHER OR NOT CAUSED BY THE NEGLIGENCE OF SUCH PARTY, ITS AFFILIATES, OR THE OFFICERS, EMPLOYEES, AGENTS OR REPRESENTATIVES OF SUCH PARTY OR OF ANY OF ITS AFFILIATES, *EXCEPT THAT* EACH PARTY SHALL ACCEPT LIABILITY FOR (A) MATERIAL BREACH OF THIS AGREEMENT, (B) THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF SUCH PARTY, ITS AFFILIATES OR THE OFFICERS, EMPLOYEES, AGENTS OR REPRESENTATIVES OF SUCH PARTY OR OF ANY OF ITS AFFILIATES, AND (C) FOR DEATH, PERSONAL INJURY AND DIRECT PHYSICAL DAMAGE TO THE TANGIBLE PROPERTY OF THE OTHER CAUSED BY SUCH PARTY, ITS AFFILIATES OR THE OFFICERS, EMPLOYEES, AGENTS OR REPRESENTATIVES OF SUCH PARTY OR OF ANY OF ITS AFFILIATES. EXCEPT WITH REGARD TO EITHER PARTY'S BREACH OF ITS CONFIDENTIALITY OBLIGATIONS UNDER **SECTION 13** OR ITS WARRANTIES SET FORTH IN **SECTION 14**, NEITHER PARTY SHALL BE LIABLE TO THE OTHER HEREUNDER FOR ANY INDIRECT OR CONSEQUENTIAL LOSS, OR FOR LOSS OF PROFITS, GOODWILL OR CONTRACTS, WHETHER ARISING FROM NEGLIGENCE, BREACH OF CONTRACT OR OTHERWISE, AND WHETHER OR NOT EITHER PARTY SHALL HAVE BEEN ADVISED OF OR OTHERWISE MIGHT HAVE ANTICIPATED THE POSSIBILITY OF SUCH DAMAGES.

16.3 **Limitation of Liability.** The cumulative liability of LIFFE under this Agreement, the Software License Agreement and the Managed Services Agreement, during the respective terms of this Agreement, the Software License Agreement and the Managed Services Agreement, however arising, will

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

not exceed [**]; *provided, however*, that the limitations set forth in this **Section 16.3** will not apply to (a) liability of LIFFE for death or personal injury; (b) fraudulent acts or omissions; or (c) violations of the confidentiality obligations of **Section 13**.

16.4 **Claims Against Individuals.** Where the liability of a Party (including, but not limited to, any liability with respect to the officers, employees, agents or representatives of a Party or any of its Affiliates) has been excluded or restricted hereunder, each Party agrees that it shall not bring any claim against any officers, employees, agents or representatives of the other Party or any of its Affiliates or join such officers, employees, agents or representatives in any claim such that the liability of such officers, employees, agents or representatives and such other Party, when taken together, would be greater than the liability of such other Party hereunder.

17. **Dispute Resolution**

17.1 **Escalation.** As used herein, “**Disputes**” means any claims, disputes, controversies, and other matters in question between the Parties arising out of or relating to this Agreement or the breach hereof (*excluding* any third party claims against LIFFE or the CBOT subject to indemnification pursuant to **Section 15**, *but including* any disagreements as to indemnification rights hereunder). Any Dispute between the Parties shall in the first instance be referred to the Parties’ Relationship Managers for discussion and resolution. If the Dispute is not resolved by the Relationship Managers within five (5) Business Days, the Dispute will be referred to the Managing Director of LIFFE Market Solutions and a representative of the CBOT at an equivalent level, who must discuss and, if appropriate, meet within five (5) Business Days to attempt to resolve the Dispute. If the Dispute is not resolved by such second representatives within five (5) Business Days, the Dispute will be referred to the Parties’ Chief Executive Officers who must discuss and, if appropriate, meet within five (5) Business Days to attempt to resolve the Dispute. If any representative of either Party referred to in this **Section 17.1** is not available for any reason, the affected Party shall be entitled to appoint an appropriate substitute.

17.2 **Mediation.** If the Parties cannot resolve any Dispute in accordance with **Section 17.1** within thirty (30) Business Days, they may refer the Dispute to mediation, to be conducted by a single mediator in (i) Chicago, Illinois, if LIFFE has initiated the Dispute, or (ii) London, England, if the CBOT has initiated the Dispute. The Parties shall use good faith efforts to agree upon a mediator. If the Parties are unable to agree upon a mediator within thirty (30) Business Days, the Parties may seek judicial resolution and remedy of the Dispute without first proceeding with mediation. The Parties shall use good faith efforts to hold the mediation within thirty (30) Business Days following the selection of a mediator. Unless otherwise agreed by the Parties, no decision resulting from the mediation proceedings will be binding upon the Parties. Unless expressly provided herein, each Party will bear its own costs (including attorneys fees) relating to the mediation, but the Parties will share equally the fees and expenses charged by the mediator.

17.3 **Arbitration.** If a Dispute is not resolved in accordance with **Section 17.2**, then either Party may provide written notice to the other Party of an intention to refer the Dispute to arbitration. Any such arbitration shall be: (a) binding; (b) administered by the International Centre for Dispute Resolution (“**ICDR**”) of the American Arbitration Association (“**AAA**”); (c) conducted in accordance with the International Arbitration Rules of the AAA (the “**AAA Rules**”), as such AAA Rules may be amended from time to time, except to the extent this **Section 17.3** provides otherwise; (d) held in Chicago, Illinois, if the Dispute is initiated by LIFFE and in London, England if the Dispute is initiated by the CBOT; and (e) conducted using the English language. Upon filing a claim, the filing Party will simultaneously provide written notice of such claim to the other Party and to the relevant administrator at the ICDR.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

- 17.3.1 Selection of Arbitrators. Within ten (10) Business Days of receipt of the ICDR initiation letter, each Party shall select one neutral individual to act as arbitrator. In addition, the Parties shall submit a written request to AAA to use its normal procedures pursuant to the AAA Rules to appoint the third arbitrator within five (5) Business Days of AAA's receipt of such request. The arbitrator appointed by AAA shall serve as the chairperson of the arbitration panel. The Parties agree that the selection of arbitrators must be completed within twenty-five (25) Business Days of receipt by both Parties of the ICDR initiation letter.
- 17.3.2 Cooperation. The Parties shall cooperate with each other in causing the arbitration to be held in as efficient and expeditious a manner as practicable, and in this respect to furnish such documents and make available such personnel as the arbitrators may request.
- 17.3.3 Reduction of Losses. The Parties have selected arbitration to expedite the resolution of Disputes and to reduce the costs and burdens associated with litigation. The Parties agree that the arbitrators should take these concerns into account when determining whether to authorize discovery and, if discovery is authorized, the scope of permissible discovery and other hearing and pre-hearing procedures. The arbitrators shall render an award, including a written decision, within ninety (90) calendar days after the arbitration notice is provided, unless the Parties otherwise agree or the arbitrators make a finding that a Party has carried the burden of showing good cause for a longer time period.
- 17.3.4 Binding Decision. The decision or award of the arbitrators will be final and binding, and may be used as a basis for judgment thereon in any jurisdiction. The award shall be in writing, shall be signed by a majority of the arbitrators, and shall include a written decision setting out the reasons for the disposition of any claim.
- 17.3.5 Punitive Damages. Without limiting any other remedies that may be available under applicable law, the arbitrators shall have no authority to award punitive damages.
- 17.3.6 Confidentiality. All proceedings and decisions of the arbitrators shall be maintained in confidence to the extent legally permissible, and shall not be made public by any Party or any arbitrator without the prior written consent of the Parties, *except* as may be required by applicable laws.
- 17.3.7 Losses. Each Party shall bear its own costs and attorneys fees, and the Parties shall equally bear the fees, costs, and expenses of the arbitrators and the arbitration proceedings charged by the arbitrators ("**Arbitration Fees**"); *provided, however*, that (a) the filing Party shall pay any filing fees charged by the AAA; and (b) the arbitrators may exercise discretion to award costs, but not attorneys fees or Arbitration Fees, to the prevailing Party.
- 17.3.8 Obligations. The commencement and pendency of an arbitration under this **Section 17.3** shall not relieve either of the Parties of their respective obligations under this Agreement.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

17.3.9 **Limitations.** A demand for arbitration shall not be made after the date when institution of legal or equitable proceedings based upon such dispute would be barred by the applicable statute of limitations or laches under the laws of the State of Illinois, and the Parties expressly waive any causes of action relating to any Dispute not brought within the period set forth therein.

17.4 **Limitations.** Notwithstanding **Sections 17.2 and 17.3**, nothing herein restricts the rights of either Party to seek judicial resolution and remedy of (i) any Disputes, following compliance with **Sections 17.2 and 17.3**, or (ii) any claims, disputes, controversies, or other matters in question between the Parties arising out of either Party's breach of its obligations pursuant to **Section 13** or **Section 14**.

18. Entire Agreement

This Agreement, together with the Software License Agreement and Managed Services Agreement entered into by the Parties, constitutes the entire understanding between the Parties with respect to the subject matter hereof and supersedes all prior representations, agreements, negotiations and discussions between the Parties, including that Letter Agreement entered into by the Parties as of February 4, 2003.

19. Schedules

Each of the schedules attached hereto is a part of and incorporated into this Agreement. Unless otherwise indicated therein, all capitalized terms contained within the Schedules will have the meanings ascribed to them in the main body of this Agreement.

20. Amendments

Except as expressly provided for herein, this Agreement may be amended only by an instrument in writing signed on behalf of a duly authorized representative of each Party.

21. Binding Provisions/Third Party Beneficiaries

This Agreement is binding upon, and shall inure to the benefit of, the Parties and their respective administrators, legal representatives, successors, and permitted assigns. The Parties agree that no provision of this Agreement is intended, expressly or by implication, to purport to confer a benefit or right of action upon a third party (whether or not in existence, and whether or not named, as of the Effective Date).

22. Assignment and Sublicensing

Except as otherwise expressly provided herein, the CBOT shall not assign, transfer or sublicense any right or obligation under this Agreement without the prior written approval of LIFFE. Notwithstanding the foregoing, the CBOT may assign this Agreement to the Electronic Chicago Board of Trade, Inc., *provided that*, in the event of any assignment, the CBOT will provide to LIFFE a written guarantee of the performance of all obligations of the Electronic Board of Trade, Inc., the specific terms of which guarantee shall be agreed upon by the Parties. LIFFE may, in LIFFE's sole discretion, assign this Agreement and/or some or all of its rights and obligations under this Agreement to an Affiliate of LIFFE that is capable of performing the obligations of LIFFE under this Agreement.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

23. **Force Majeure**

If the performance of this Agreement by either Party is prevented, hindered, delayed or otherwise made impracticable by reason of any Force Majeure Event, that Party shall be excused from such performance to the extent that it is prevented, hindered or delayed by such cause. In the event a Party becomes aware of a Force Majeure Event that will affect its performance under this Agreement, it shall notify the other Party as soon as reasonably practicable. The Parties shall thereafter work together to take reasonable steps to mitigate the effects of any inability to perform, if practicable.

24. **Separability of Provisions**

Each provision of this Agreement shall be considered separable; and if, for any reason, any provision of this Agreement is determined by a court of competent jurisdiction to be invalid, unlawful, or unenforceable, such determination shall not affect the enforceability of the remainder of this Agreement or the validity, lawfulness, or enforceability of such provision in any other jurisdiction.

25. **Waiver**

The failure of a Party to exercise or enforce any right conferred upon it by this Agreement shall not be deemed to be a waiver of any such right or operate so as to bar the exercise or enforcement thereof at any time or times hereafter.

26. **Remedies Not Exclusive**

No remedy conferred by any provision of this Agreement is intended to be exclusive of any other remedy, except as expressly provided in this Agreement, and each and every remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing in law or in equity or by statute or otherwise.

27. **Notices**

Except as otherwise expressly provided herein, all notices, certifications, requests, demands, payments and other communications hereunder: (a) shall be in writing; (b) may be delivered by certified or registered mail, postage prepaid; by hand; by facsimile; or by any internationally recognized private courier; (c) shall be effective (i) if mailed, on the date ten (10) days after the date of mailing or (ii) if hand delivered, faxed, or delivered by private courier, on the date of delivery; and (d) shall be addressed as follows:

28. Announcements

Neither Party may refer to this Agreement in any publicity or advertising materials without the other Party's prior written consent.

29. Interpretation

29.1 Headings, Gender, "Including," "Control" and Person. References to sections and schedules are to sections of and schedules to this Agreement unless otherwise indicated. Section headings are inserted for convenience of reference only and shall not affect the construction of this Agreement. The masculine gender shall include the feminine and the singular number shall include the plural, and vice versa. Any use of the word "including" will be interpreted to mean "including, but not limited to," unless otherwise indicated. Any use of the terms "controlling," "controlled by" or "under common control with" shall have a meaning consistent with the definition of "Control" set forth in **Section 1**. References to any Person (including the Parties and any other entities referred to) shall be construed to mean such Person and its successors in interest and permitted assigns, as applicable.

29.2 Inconsistency. In the event of any inconsistency between the terms of the main body of this Agreement and any schedule hereto, the terms of the main body of this Agreement will govern to the extent of the inconsistency.

30. Further Assurances

The Parties shall execute all such further documents and do all such further acts as may be necessary to carry the provisions of this Agreement into full force and effect.

31. Governing Law

The validity and effectiveness of this Agreement shall be governed by and construed and enforced in accordance with the internal laws of the State of Illinois, without giving effect to the

provisions, policies or principles of any state law relating to choice or conflict of laws. Subject to **Section 17**, any legal action or proceeding with respect to this Agreement may be brought exclusively in the Federal or state courts located in Chicago, Illinois, including the United States District Court for the Northern District of Illinois. The United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Agreement and is hereby disclaimed.

32. Counterparts

This Agreement may be executed in two counterparts, each of which when so executed and delivered shall be deemed an original, and both of which together shall constitute but one and the same instrument.

SCHEDULE H

CHANGE CONTROL PROCEDURES

1. OVERVIEW

The change control procedures set forth herein and diagrammed in chart form in Appendix 1 to this Schedule H, shall be used whenever the CBOT or LIFFE has a requirement to change any component of the Services.

LIFFE's Project Manager will be the principal contact at LIFFE regarding the change control procedures and will serve as the administrator of the Change Control Procedures. The representative of the Party requesting the change will be referred to herein as the "Change Requester."

2. PROCEDURES

2.1 SUBMIT CHANGE REQUEST

- (a) To initiate the change control process, the Change Requester must set forth on a Change Request Form, a copy of which is attached as Appendix 2 to this Schedule H: (i) the name of the Party requesting the change, (ii) the Change Requester's name, (iii) the date of the request, (iv) a description of the desired change, and (v) the reason(s) for requesting the change.
- (b) The Change Requester must then send the Change Request Form to LIFFE's Project Manager.
- (c) LIFFE's Project Manager will thereafter acknowledge receipt of the Change Request Form by (i) issuing a number to correspond with the Change Request Form; (ii) noting on the Change Request Form the date of receipt of the Change Request Form, the name of LIFFE's Project Manager, the Change Request Form number issued, and the date of issuance of such number; and (iii) signing and dating the appropriate portion of the Form. LIFFE's Project Manager will then (x) send to the Change Requester and, if the Party requesting the change is LIFFE, to the CBOT's Project Manager, a copy of the acknowledged Change Request Form and (y) record on the Change Request Form the date such acknowledged Change Request Form was sent.

2.2 PRELIMINARY REVIEW OF CHANGE REQUEST

Following acknowledgment of receipt of the Change Request Form, LIFFE's Project Manager will undertake a preliminary review of the Change Request Form to ensure that the Change Requester has provided the requisite details. If LIFFE's Project Manager, in his or her reasonable judgment, determines that the information provided is insufficient, LIFFE's Project Manager will contact the Change Requester to request additional information. This cycle will continue until (i) the requested information is provided or (ii) the Parties agree to file the Change Request Form and close the matter accordingly. LIFFE's Project Manager will not proceed with further assessment of the change request until and unless such additional information is obtained.

2.3 DETERMINATION OF WHETHER AN INITIAL ASSESSMENT IS TO BE CONDUCTED

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

- (a) Once LIFFE's Project Manager determines a Change Request Form provides sufficient information, LIFFE's Project Manager will, within ten (10) Business Days of completion of the portions of the Change Request Form noted above, contact the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, to discuss (i) whether an initial assessment of the change request is to be undertaken and (ii) the date by which any initial assessment should be completed.
- (b) If LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, agree that no initial assessment of the change request is to be undertaken, LIFFE's Project Manager will file the Change Request Form and close the matter accordingly.
- (c) In the circumstance where more than one initial assessment has been undertaken for a particular change request, the Parties may agree to halt the process of assessing the change request, in which case LIFFE's Project Manager will file the Change Request Form and close the matter accordingly.
- (d) [**]
- (e) [**]

2.4 INITIAL ASSESSMENT

- (a) If LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, agree that an initial assessment is to be undertaken, LIFFE's Project Manager will, unless otherwise agreed, commence such initial assessment within ten (10) Business Days of such agreement and shall use reasonable efforts to complete the initial assessment by the agreed upon completion date.
 - (b) As applicable to the particular change request, [**]
· [**]
- (b) The Party requesting the change shall use reasonable efforts to ensure that the Change Requester and other appropriate personnel are available to provide to LIFFE's Project Manager information or other input or assistance relating to the initial assessment.

2.5 ACCEPTANCE OF INITIAL ASSESSMENT

- (a) Once an initial assessment has been completed, LIFFE's Project Manager will attach to the relevant Change Request Form a copy of any written results of the initial assessment and provide to the Change Requester and, if the Party requesting the change is LIFFE, the CBOT's Project Manager a copy of such results. LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, will then discuss the results of the assessment and determine (i) whether to accept or reject the initial assessment and (ii) if the initial assessment is rejected, whether to file the Change Request Form and close the matter or to continue performing the initial assessment.
- (b) If the initial assessment is rejected and no further work on the initial assessment is to be undertaken, LIFFE's Project Manager will file the Change Request Form and close the matter accordingly.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

- (c) If the initial assessment is rejected and it is agreed that additional work on the initial assessment is to be conducted, LIFFE's Project Manager and Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, will agree upon a revised date of completion of the initial assessment and LIFFE's Project Manager will carry out such further work and repeat the applicable procedures set out in **Paragraphs 2.4(b)** and **2.5(a)**. This cycle will continue until LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, either (i) agree to the initial assessment and senior representatives of each Party have executed the appropriate section of the Change Request Form, or (ii) agree to file the Change Request Form and close the matter accordingly.

2.6 DETAILED PLAN

- (a) If LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, agree to the initial assessment, then senior representatives of each Party will indicate such acceptance on the Change Request Form by signing the appropriate section of the Change Request Form.
- (b) LIFFE's Project Manager will then coordinate the production of a "detailed plan" for the requested change and shall use reasonable efforts to complete the "detailed plan" by the agreed upon completion date. Each such "detailed plan" will include (i) the criteria for acceptance relating to the change requested, as required pursuant to **Section 5.1** of the Development Services Agreement, (ii) an estimated schedule for implementation of the change requested, and (iii) the Charges which would be associated with implementation of the requested change.
- (c) The Parties shall use reasonable efforts to ensure that appropriate personnel are available to provide to LIFFE's Project Manager information or other input or assistance relating to creation of the detailed plan.

2.7 ACCEPTANCE OF DETAILED PLAN

- (a) Once the detailed plan has been completed, LIFFE's Project Manager will attach to the relevant Change Request Form a copy of the detailed plan and provide to the Change Requester and, if the Party requesting the change is LIFFE, the CBOT's Project Manager a copy of such detailed plan. Thereafter, LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, will review the completed detailed plan and determine (i) whether to accept or reject the detailed plan and (ii) if the detailed plan is rejected, whether to file the Change Request Form and close the matter or to continue working on the detailed plan.
- (b) If the detailed plan is rejected and no further work on the detailed plan is to be undertaken, LIFFE's Project Manager will file the Change Request Form and close the matter accordingly.
- (c) If the detailed plan is rejected and it is agreed that additional work on the detailed plan is to be conducted, LIFFE's Project Manager will carry out such further work and repeat the applicable procedures set forth in **Paragraphs 2.6(b)** and **2.7(a)**. This cycle will continue until LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, accept the detailed plan or agree to file the Change Request Form and close the matter accordingly.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

2.8 IMPLEMENT SOLUTION

- (a) If LIFFE's Project Manager and Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, agree to accept the detailed plan, then senior representatives of each Party (i) will indicate acceptance of the change requested and the detailed plan by signing the appropriate section of the Change Request Form and (ii) LIFFE's Project Manager will coordinate the implementation of the change requested as per the detailed plan.
- (b) The Change Requestor shall use reasonable efforts to ensure that appropriate personnel are available to provide assistance with implementing the change requested as per the detailed plan.
- (c) LIFFE's Project Manager will periodically provide to the Parties a report of the current status of the implementation of the change requested.

2.9 COMPLETE CHANGE REQUEST

- (a) Once implementation has been completed, senior representatives of the Parties will each so indicate by signing the appropriate section of the Change Request Form.
- (b) LIFFE's Project Manager will thereafter (i) arrange for an invoice to be sent to the CBOT for any Charges associated with the build, test, and/or implementation as appropriate of the requested change and (ii) file the completed, and fully executed, Change Request Form.

Chicago Board of Trade
Information Security Program Management

Acceptable Use Policy

General Policy

Chicago Board of Trade (CBOT®) requires that the use of the computing systems and facilities located at, or operated by, the Chicago Board of Trade (CBOT) will be conducted in an effective, efficient, ethical, and lawful manner.

This Acceptable Use Policy (referred to as "Policy") supersedes any and all prior policies relating to the subject matter contained herein. The CBOT reserves the right to change or supplement this Policy at any time.

Purpose

The Chicago Board of Trade's Acceptable Use Policy is intended to assure that the use of the computing systems and facilities located at, or operated by, the Chicago Board of Trade (CBOT) is conducted in an effective, efficient, ethical, and lawful manner.

Applicability

This policy applies to all Chicago Board of Trade systems users of the computing systems and facilities located at, or operated by, the Chicago Board of Trade (CBOT).

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

Key Definitions

CBOT Computing Systems and Facilities—Any system including but not limited to individual desktop and laptop computers, file and network servers, networks, floppy disks, magnetic tapes, CDROM devices, telecommunications systems, or other computing and storage devices provided or supported by any CBOT division. Throughout the Policy, the CBOT’s Computing Systems and Facilities are collectively referred to as “CBOT Systems”.

Use—The use of data/programs stored on CBOT Systems.

User—The person granted an account or accounts on CBOT Systems in order to perform work in support of a CBOT program or project. A user may be an employee, temporary help, contractor, consultant, or third party with whom special arrangements have been made.

Note: The terms *user*, *worker*, and *employee* are all used to represent a full-time employee, part-time employee, temporary help, contractor, consultant, or third party that has special arrangements that give telecommuting access to CBOT systems.

Responsibility for Implementing the Policy

Managers of all the Chicago Board of Trade systems users of the computing systems and facilities located at, or operated by, the Chicago Board of Trade (CBOT) are responsible for assuring that the use of these computing systems and facilities is conducted in an effective, efficient, ethical, and lawful manner.

Requirements

3. User Responsibilities The following requirements govern User Responsibilities:

- 3.1 CBOT Systems are owned by CBOT and are operated by CBOT employees, consultants, and other third parties such as temporary workers and are to be used for authorized CBOT purposes only. Users are authorized to prepare and store incidental personal data on CBOT systems provided that such usage does not interfere with or affect the user’s performance or violate the law or any CBOT standards of conduct. The CBOT assumes no liability for loss, damage, disclosure or misuse of any such incidental personal data stored on CBOT Systems.
 - 3.2 Users are responsible for protecting any information used and/or stored within their CBOT accounts in accordance with the CBOT Information Security Policies and Standards.
 - 3.3 Users are required to report any weaknesses in CBOT Systems and any incidents of possible misuse or violation of this Policy to their supervisor and Information Security Program management.
- 4. Prohibited Uses** Prohibited uses of CBOT Systems include but are not limited to the following:
- 4.1 Users shall not attempt to access any data or programs contained on CBOT Systems for which they do not have authorization.
 - 4.2 Users shall not attempt to access CBOT Systems remotely except to transmit or retrieve electronic mail (e-mail) or voicemail messages unless authorized by a Vice President or Department Director.
 - 4.3 Users shall not attempt to access non-CBOT Systems (e.g. the Internet or external dial-up facilities) from CBOT Systems unless authorized by a Vice President or Department Director.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

- 4.4 Users shall not install software programs on CBOT Systems. Software programs may be installed on CBOT Systems only by Departmental LAN (Local Area Network) Administrators or those authorized by Information Technology Department Senior Management.
- 4.5 Users may not use software that is not owned by, or licensed to, the CBOT. This includes using CBOT Systems to copy any software documents or other information protected under copyright law.
- 4.6 Users shall not make unauthorized copies of system configuration files (e.g. password files) for their own personal use or on the behalf of others.
- 4.7 Users shall not purposely engage in activity with the intent to:
- harass, discriminate against, or intimidate others;
 - degrade the performance of CBOT systems;
 - deprive an authorized CBOT user access to a CBOT resource;
 - obtain extra resources beyond those allocated (e.g. circumvent disk quotas or otherwise violate resource allocation policies);
 - circumvent security measures or gain access to a CBOT System for which proper authorization has not been granted.
- 4.8 Users shall not purposely create, store, transmit, or view illegal, offensive, or inappropriate material, including but not limited to pornography, hate/crime/violence-related material, and drug/alcohol-related material.
- 4.9 Users shall not use CBOT Systems to frequently engage in the solicitation of non-CBOT business ventures or any political, religious, charitable, or personal causes unless authorized in writing by the CBOT.
- 4.10 Users shall not download, install, or run security programs or utilities which reveal weaknesses in the security of a system.
- 4.11 Users shall not remove CBOT Systems (e.g. software, hardware, design specifications) from the CBOT premises unless authorized by a Vice President or Department Director.
- 4.12 Users shall not forward any attorney-client message from CBOT legal counsel to anyone else without said counsel's authorization.
- 4.13 Users shall not transmit non-public information or attorney-client communications via the Internet or other extranet connectivity.
5. **Operational Data** The following requirements govern Operational Data:
- 5.1 Users may not access "operational data" on CBOT Systems (i.e. non-public data that relates to the operations of the CBOT, its members, member firms, or other market participants), except pursuant to a regulatory purpose and upon approval by a Vice President or Department Director.
- 5.2 Users authorized to access operational data may not update, delete, or modify any such data unless authorized by a Vice President or Department Director.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

5.3 Non-CBOT users may not access operational data on CBOT Systems except pursuant to a regulatory purpose, upon approval by a Vice President or Department Director and upon execution of a confidentiality agreement.

6. Right to Privacy The following requirements govern Right to Privacy:

The CBOT has legal ownership of all information stored on or transmitted from CBOT Systems. Therefore, users should have no expectation of privacy associated with the information they store in or send through CBOT Systems.

To properly maintain and manage this information, the CBOT reserves the right to access, review, monitor, copy, modify, and delete any information (including personal data) transmitted through or stored on CBOT Systems and, where appropriate, to disclose it to any party.

7. Discoverability of Electronic Information The following requirements govern Discoverability of Electronic Information:

Electronic information transmitted or stored anywhere on CBOT Systems is subject to discovery and may be admissible in court or administrative proceedings.

8. Audits of the System The following requirements govern Audits of the System:

To ensure compliance with these policies, the CBOT may, without notice, conduct periodic audits of CBOT Systems. The CBOT reserves the right to conduct special audits at any time when a violation of this Policy is suspected. The CBOT will investigate all information security incidents and report them to senior management.

9. Monitoring The following requirements govern Monitoring:

9.1 In general terms, the CBOT does not engage in blanket monitoring of employee communications on CBOT systems. The CBOT does, however, reserve the right to monitor, access, retrieve, read, and/or disclose employee communications when: (a) a legitimate business need exists that cannot be satisfied by other means, (b) the involved employee is unavailable and timing is critical to a business activity, (c) there is reasonable cause to suspect criminal activity or policy violation, or (d) monitoring is required by law, regulation, or third-party agreement.

9.2 CBOT employees will be notified of all CBOT Systems monitoring policies. CBOT employees and their managers will be informed about all monitoring activities with the only permissible exception being investigations of suspected criminal activity.

10. Non-Compliance Disciplinary Actions The following requirements govern Non-Compliance Disciplinary Actions:

10.1 The CBOT reserves the right to revoke the privileges of any user at any time. Any noncompliance with these CBOT Systems user requirements will constitute a security violation and will be reported to the management of the CBOT user and Information Security Program Management. Security violations may result in short-term or permanent loss of access to CBOT Systems. Serious violations will result in disciplinary action, including termination of employment.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

- 10.2 Users who abuse their CBOT Systems privileges may also be subject to external disciplinary action including civil or criminal legal action. By making use of CBOT Systems, users consent to allow all information they store on CBOT Systems to be divulged to law enforcement at the discretion of CBOT senior executive management.

Harassment Policy

Sexual harassment is an infringement of an employee's, applicant's or consultant's right to work in an environment free from unlawful sexual pressure. The CBOT® is strongly committed to a workplace free of sexual harassment. In keeping with this policy, the CBOT will not tolerate sexual harassment of employees, applicants, or consultants by other employees or non-employees in the workplace.

Sexual harassment consists of unlawful verbal or physical conduct directed at a person when that conduct is based on that person's sex and has a substantial adverse effect on him or her in the workplace. Such conduct may include, but is not limited to, the following:

1. requests for sexual favors that may or may not be accompanied by threats or promises of preferential treatment with respect to an individual's employment status;
2. verbal, written or graphic communications of a sexual nature, including lewd or sexually suggestive comments, off-color jokes of a sexual nature or displays of sexually explicit pictures, photos, posters, cartoons, books, magazines or other items; or
3. patting, pinching, hitting or any other unnecessary contact with another person's body or threats to take such action.

Any employee, applicant or consultant who believes that he or she has been sexually harassed in the workplace should report the harassment as soon as possible after it occurs to their supervisor. Any complaint regarding harassment by a CBOT employee should be presented to the complaining individual's supervisor or the CBOT Human Resources Department. Any supervisor who receives such a complaint must notify the Human Resources Department of the complaint as soon as possible. Complaints pertaining to harassment by members or member firm employees should be directed to the head of Investigations in the Office of Investigations and Audits. Complaints pertaining to harassment by other non-employees should be directed to the Human Resources Department. The CBOT will thoroughly investigate all complaints and will keep them confidential, only disclosing them on a "need-to-know" basis.

The CBOT will not retaliate against any person who has been harassed and/or has reported the harassment. No supervisor or other employee may in any way base an employment decision regarding a person on the fact that the person has been harassed and/or has reported the harassment to the CBOT.

The CBOT will not tolerate any violations of this policy. Violations of this policy by employees or consultants will subject the offending employee(s) or consultant(s) to appropriate disciplinary action up to and including discharge from employment or termination of services. Members and their employees who violate this policy will also be subject to appropriate disciplinary action.

CHARGE RATES/GRADES/CONNECTION SERVICE CHARGES

CHARGE RATES

Charge Rate Card. The following rate card (“**Charge Rate Card**”) sets forth, in pounds sterling, the daily rates of LIFFE Project Personnel as of the Effective Date of the Development Services Agreement, which rates are based on 7.5 hours worked during a Business Day:

Grade	Rate
Administrator	[**]
Analyst	[**]
Senior Analyst	[**]
Team Leader	[**]
Business Analyst	[**]
Technical Specialist	[**]
Senior Technical Specialist	[**]
Senior Technical Architect	[**]
Project Manager	[**]
Programme Manager	[**]
Department Head/Associate Director	[**]
Director	[**]
Executive Director	[**]

With respect to any Business Day during which any member of the LIFFE Project Personnel works from his or her primary office location for less than 7.5 hours, the rate charged will be a pro rata portion of the daily rate for the relevant LIFFE Project Personnel.

Charge Rate Variations. LIFFE may (a) vary the daily rates set forth in the Charge Rate Card, or (b) if such daily rates set forth in the Charge Rate Card have previously changed, vary the then current daily rates, *provided that* LIFFE must give the CBOT written notice of each variation in a daily rate prior to such daily rate variation becoming effective.

SCHEDULE L

LIFFE TRAVEL/EXPENSE POLICY

1. Air Travel

All LIFFE staff travel British Airways Club Class for any journey in excess of 4 hours. If a Business Class seat is not available or the time or airport of departure is not convenient, then the traveler may choose Business Class with Virgin Atlantic. If Business Class Seats with neither British Airways nor Virgin Atlantic are available within a 2 hour window either side of the preferred departure time, then the traveler may choose Business Class with any other airline.

If the journey is less than 4 hours then Economy Class travel will be used. Within the U.S. we do not have a limitation on which airlines are selected.

2. Hotels

LIFFE staff will reside in reasonable accommodation when staying away from home overnight on business. This is dependant upon location and duration, but LIFFE suggests that a rate no greater than [**] per night is reasonable for the staff in the U.S.

Accommodation for consultants over weekends will be charged.

3. Expenses

LIFFE generally does not expect the staff working away from the office to incur average general expenses in excess of [**] per day. This will include all local travel to and from the CBOT office, meals, calls, laundry, etc.

All expenses except those of an exceptional nature and pre-agreed by the client, will be not be charged. Exceptional expenses will be charged and identified individually on any invoice.

4. General

The CBOT will not be charged for the time a LIFFE consultant is on flights unless LIFFE incurs a charge. This would only be the case where the consultant is a staff contractor.

EXECUTION

MANAGED SERVICES AGREEMENT

This Managed Services Agreement (this “**Agreement**”), dated as of May 13, 2003, is between LIFFE ADMINISTRATION AND MANAGEMENT, a company incorporated in England and Wales (“**LIFFE**”), and BOARD OF TRADE OF THE CITY OF CHICAGO, INC., a Delaware corporation (the “**CBOT**”). Capitalized terms used but not otherwise defined herein shall have the meanings ascribed thereto in **Section 1**.

RECITALS

A. LIFFE has devised and developed an automated derivatives trading and order matching system known as “LIFFE CONNECT[®]” to facilitate the trading of certain securities, futures, and options contracts. The CBOT desires LIFFE’s assistance in operating LIFFE CONNECT for use by the CBOT and in conducting live trading of CBOT products via LIFFE CONNECT.

B. LIFFE and the CBOT have entered into a Software License Agreement, dated January 10, 2003 (the “**Software License Agreement**”), whereby LIFFE has agreed to grant to the CBOT a license in respect of the Software.

C. LIFFE and the CBOT have also entered into a Development Services Agreement, dated March 5, 2003 (the “**Development Services Agreement**”), whereby LIFFE has agreed to provide to the CBOT a variety of services supporting the creation and implementation of LIFFE CONNECT as a platform for the CBOT Electronic Exchange, including the procurement and/or delivery to locations agreed upon by the Parties of hardware necessary to support the Software, testing of Software, assistance with the CBOT’s acceptance testing, training of CBOT staff in respect of certain Components, and assisting the CBOT in providing Market Participants with technical access to the CBOT Electronic Exchange.

D. In addition, LIFFE has agreed, subject to the terms and conditions hereof, to provide to the CBOT a variety of information technology, operational, and other services supporting the ongoing operation of LIFFE CONNECT as a platform for the CBOT Electronic Exchange.

E. This Agreement is supplemental to and shall be read in conjunction with the Software License Agreement and, to the extent applicable, the Development Services Agreement.

In consideration of the recitals and the mutual covenants and agreements hereinafter set forth, the Parties hereto (each a “**Party**” and collectively the “**Parties**”) agree as follows:

AGREEMENT

1. Definitions

In this Agreement, the following expressions shall mean, respectively:

“**AAA**” shall have the meaning set forth in **Section 20.3**.

“**AAA Rules**” shall have the meaning set forth in **Section 20.3**.

“**Affiliate**” means any Person that, directly or indirectly, controls, is controlled by or is under common control with a specified Person.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

“**Agreement**” shall have the meaning set forth above.

“**API**” means the LIFFE CONNECT application programming interface from a Trading Application to the Trading Host.

“**AQS Service**” shall have the meaning set forth in **Section 2.2(e)**.

“**Arbitration Fees**” shall have the meaning set forth in **Section 20.3.7**.

“**Audit Data**” shall have the meaning set forth in **Section 2.2(g)**.

“**Audit Data Interface Service**” shall have the meaning set forth in **Section 2.2(g)**.

“**Business Day**” means any calendar day *other than* any Saturday, Sunday, U.S. bank holiday, and U.K. public or bank holiday.

“**Call**” shall mean any notification, inquiry, request or other communication relating to the CBOT Electronic Exchange, whether conveyed in person or via telephone, email, or other media.

“**Call Management Service**” shall have the meaning set forth in **Section 2.3(a)**.

“**Call Record**” means that information relating to a Call as is required by LIFFE and logged into HEAT in such format as is specified by LIFFE.

“**CBOT Call Management Procedures**” shall have the meaning set forth in **Section 3.1**.

“**CBOT Controlled Sites**” means those Equipment Installation Sites comprising the CBOT’s Premises and premises owned or controlled by Market Participants.

“**CBOT Electronic Exchange**” means the electronic facility for the trading of derivatives products listed from time to time by the CBOT in its capacity as a derivatives exchange.

“**CBOT Electronic Exchange Parameters**” means those parameters for the CBOT Electronic Exchange agreed upon by the Parties and set forth in Paragraph 5 of Schedule A.

“**CBOT Indemnitees**” shall have the meaning set forth in **Section 18.1**.

“**CBOT Marketing Materials**” shall have the meaning set forth in **Section 9.1**.

“**CBOT Matching Engine Service**” shall have the meaning set forth in **Section 2.2(a)**.

“**CBOT’s Premises**” means those locations owned or controlled by the CBOT, including such locations used by the CBOT for disaster recovery for CBOT Technology.

“**CBOT’s Project Manager**” means the individual designated by the CBOT to be responsible on behalf of the CBOT for the day-to-day management of the CBOT’s obligations under the Agreement.

“**CBOT Property**” shall have the meaning set forth in **Section 15.2**.

“**CBOT Rules**” shall have the meaning set forth in **Section 7.5**.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

“**CBOT Technology**” means any software, equipment or other technology that is (i) owned by the CBOT, (ii) licensed to the CBOT by a Person other than LIFFE, or (iii) used by a clearing organization to process or clear contracts traded on the CBOT Electronic Exchange and neither owned by nor licensed to LIFFE or any Person acting on LIFFE’s behalf.

“**CFTC**” means the United States Commodity Futures Trading Commission.

“**Change Control Procedures**” shall have the meaning set forth in **Section 2.6**.

“**Change Management Service**” shall have the meaning set forth in **Section 2.3(d)**.

“**Change Request**” shall have the meaning set forth in **Section 2.6**.

“**Charge Rates**” shall have the meaning set forth in Schedule M.

“**Charges**” shall have the meaning set forth in **Section 11.1**.

“**Claim**” shall have the meaning set forth in **Section 18.1**.

“**Components**” means those software applications identified in Part 1 of Schedule B hereto.

“**Confidential Information**” shall have the meaning set forth in **Section 16.1**.

“**Connect Key Management Facility Service**” shall have the meaning set forth in **Section 2.2(c)**.

“**Connection Services Charges**” shall have the meaning set forth in Schedule M.

“**Control**” or “**control**” means the possession, direct or indirect, of fifty percent (50%) or more of the equity interests of another Person or the power otherwise to direct or cause the direction of the management and policies of such other Person, whether through ownership of voting securities, by contract or otherwise.

“**Core Network**” means the shared service comprising data circuits and hardware, including routers, repeaters, hubs, cabinets, monitors, and telecommunication lines, used to provide connectivity between (i) LIFFE data centres and (ii) points of presence in London, Chicago, New York, Paris, Amsterdam, and those locations agreed by the Parties, to which points of presence connectivity to Equipment Installation Sites will be provided.

“**Core Network Maintenance Fee**” shall have the meaning set forth in Schedule M.

“**Core Network Maintenance Service**” shall have the meaning set forth in **Section 2.4(c)**.

“**Data Storage Management Service**” shall have the meaning set forth in **Section 2.3(e)**.

“**Development Services Agreement**” shall have the meaning set forth in Recital C above.

“**Disaster**” means an Incident in which one or more of the LIFFE data centre facilities hosting the Managed Services has been so severely disrupted as to preclude, in LIFFE’s reasonable judgment, any prospect of providing the affected Managed Services from such data centre(s) in accordance with the Service Targets.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

“Disputes” shall have the meaning set forth in **Section 20.1**.

“Documentation” means, collectively, (i) the documentation set forth in **Part 2 of Schedule B**, and (ii) any operating manuals, user instructions, technical literature, and other documentation supplied by LIFFE to the CBOT for purposes of assisting the CBOT’s use of and/or access to the Software.

“Effective Date” shall be the Go Live Date.

“Equipment” means the computer hardware, including processors, memory, discs, screens, printers, routers, and hubs to be used with the Software, as provided in accordance with either this Agreement or the Development Services Agreement.

“Equipment and Data Centre Maintenance Fee” shall have the meaning set forth in **Schedule M**.

“Equipment and Data Centre Maintenance Service” shall have the meaning set forth in **Section 2.4(b)**.

“Equipment Changes” shall have the meaning set forth in **Section 5.1.3**.

“Equipment Installation Sites” shall have the meaning set forth in the Development Services Agreement, as may be modified from time to time by agreement of the Parties.

“Equipment Services Charges” shall have the meaning set forth in **Schedule M**.

“Equipment Uplifts” shall have the meaning set forth in **Section 5.1.1**.

“Escrow Agreement” shall have the meaning set forth in the Software License Agreement.

“eSpeed” means eSpeed, Inc., a corporation organized and existing under the laws of the State of Delaware, having a place of business at 135 East 57th Street, New York, New York 10022.

“Exclusions” shall have the meaning set forth in **Section 3.2.3**.

“Force Majeure Event” means any cause beyond a Party’s reasonable control, including, but not limited to, any flood, riot, fire, judicial or governmental action, act of war or terrorism, and labor disputes.

“Go Live Date” means the earliest date, agreed by the Parties, upon which Software is made available for use in a real time live trading environment.

“Governance Committee” shall have the meaning set forth on **Schedule C**.

“HEAT” shall have the meaning set forth in **Section 2.3(a)**.

“ICDR” shall have the meaning set forth in **Section 20.3**.

“IMAC Service” shall have the meaning set forth in **Section 2.2(l)**.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

“**Incident**” means an act or omission that impacts the Managed Services in a materially adverse manner.

“**Incident Management Service**” shall have the meaning set forth in **Section 2.3(b)**.

“**Independent Software Vendors**” and “**ISVs**” mean those independent software providers who develop systems via which access to the CBOT Matching Engine may be achieved.

“**Initial Term**” shall have the meaning set forth in **Section 12.1**.

“**Interfaces**” means, collectively, the API, Trade Data Interface, Audit Data Interface, Standing Data Interface, Market Data Interface and Miscellaneous File Transfer Interface.

“**Interface Sublicense Agreement**” shall have the meaning set forth in the Software License Agreement.

“**IRS**” shall have the meaning set forth in **Section 11.3**.

“**License**” shall have the meaning set forth in Section 2 of the Software License Agreement.

“**Licensed Technology**” means, collectively, (a) the object code versions of the Software and (b) the Documentation, licensed to the CBOT pursuant to the Software License Agreement.

“**LIFFE CONNECT**” means the electronic trading platform which is proprietary to LIFFE, as such trading platform may be modified from time to time.

“**LIFFE CONNECT Logo**” means LIFFE’s registered mark “LIFFE CONNECT and Design,” depicted in Schedule L.

“**LIFFE Data Centre Disaster Recovery Service**” shall have the meaning set forth in **Section 2.3(c)**.

“**LIFFE Indemnitees**” shall have the meaning set forth in **Section 18.2**.

“**LIFFE’s Project Manager**” shall have the meaning set forth in Schedule D.

“**LIFFE Project Personnel**” means the individuals engaged by LIFFE to perform its obligations under this Agreement.

“**LIFFE Property**” shall have the meaning set forth in **Section 15.1**.

“**Losses**” shall have the meaning set forth in **Section 18.1**.

“**M&C Export Data**” means a file containing information (i) produced, upon request, by the M&C Observer and (ii) transmitted to the CBOT via the Miscellaneous File Transfer Interface.

“**Maintenance Services**” shall have the meaning set forth in **Section 2.4**.

“**Malicious Code**” means any computer virus, Trojan horse, worm, time bomb, or other similar code or hardware component designed to disrupt the operation of, permit unauthorized access to, erase, or modify the Licensed Technology or any operating system upon which the Licensed

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

Technology is installed, *excluding* security keys or other disabling elements of any Software, which elements are designed to effect restrictions on the length of time during which any Software may be used or the number of persons who may use such Software.

“**Managed IT Services**” shall have the meaning set forth in **Section 2.2**.

“**Managed Services**” shall have the meaning set forth in **Section 2.1**.

“**Managed Services Fee**” shall have the meaning set forth in Schedule M.

“**Managed Support Services**” shall have the meaning set forth in **Section 2.3**.

“**Marks**” shall have the meaning set forth in **Section 9.2**.

“**Market Data**” means any representation that conveys, either directly or indirectly, information and data pertaining to futures and/or options traded on the CBOT Electronic Exchange including, but not limited to, market prices of such futures or options, trade prices, settlement prices, estimated and actual contract volume, information regarding market activity including off-market trades, best bid, best offer, the size of the best bid or best offer or a discrete number of best bids and best offers then pending on the CBOT Electronic Exchange along with the corresponding size of each bid and offer.

“**Market Data Interface Service**” shall have the meaning set forth in **Section 2.2(i)**.

“**Market Participant**” means any Member, ISV, QV, clearing organization or other Person who participates in, accesses or obtains information from the CBOT Electronic Exchange via an Interface with the Equipment. For the avoidance of doubt, (a) unless otherwise specified by the Parties in writing, that clearing organization designated by the CBOT is not a Market Participant; and (b) a Person who interfaces with the CBOT Technology, but does not interface with the Equipment via an Interface, is not a Market Participant.

“**Market Participant Testing**” shall have the meaning set forth in the Development Services Agreement.

“**Material New Software Release**” shall have the meaning set forth in **Section 4.1.1**.

“**MCC**” means one or more of the CBOT’s Monitoring and Control Centres.

“**MCC Monitoring and Control Service**” shall have the meaning set forth in **Section 2.2(b)**.

“**Media**” means the media on which the Software and the Documentation are recorded or printed, as provided by LIFFE to the CBOT.

“**Member**” means any Person authorized by the CBOT to trade on the CBOT Electronic Exchange.

“**Member Site**” means that premises of a Member at which Equipment is installed via the IMAC Service.

“**Miscellaneous File Transfer Interface Service**” shall have the meaning set forth in **Section 2.2(j)**.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

“**Monitoring Tools**” means screen displays, as agreed by the Parties, to monitor activity on the CBOT Electronic Exchange, as agreed by the Parties.

“**Monitoring Tools Service**” shall have the meaning set forth in **Section 2.2(d)**.

“**New Software Releases**” shall have the meaning set forth in **Section 4.1.1**.

“**New Terms**” shall have the meaning set forth in **Section 12.2**.

“**Non-Restricted Documentation**” means all Documentation *other than* Restricted Documentation, including the Documentation identified in **Part 2(a)** of **Schedule B**.

“**OIA**” means the CBOT’s Office of Investigations and Audits.

“**OIA Monitoring and Control Service**” shall have the meaning set forth in **Section 2.2(b)**.

“**On-Site**” shall have the meaning set forth in **Section 3.2.2**.

“**Out of Pocket Expenses**” shall have the meaning set forth in **Section 11.1(h)**.

“**Party**” and “**Parties**” shall have the meanings set forth above.

“**Payment Date**” shall have the meaning set forth in **Section 11.4**.

“**Person**” means an individual or a partnership, corporation, limited liability company, trust, joint venture, joint stock company, association, unincorporated organization, government agency or political subdivision thereof, or other entity.

“**Program Services**” shall have the meaning set forth in **Section 2.1**.

“**Program Services Charges**” shall have the meaning set forth in **Schedule M**.

“**Quote Vendors**” and “**QVs**” mean those vendors who receive and disseminate, or wish to receive and disseminate, Market Data via an Interface with the Equipment.

“**Relationship Manager**” means that individual responsible on behalf of LIFFE or the CBOT, as applicable, for the day to day management of the relationship between LIFFE and the CBOT.

“**Release Notes**” means a summary of any changes applicable to a New Software Release, including a description of additions, enhancements or corrections to existing functionality, together with a list of known bugs and bug fixes applicable to such New Software Release.

“**Renewal Term**” shall have the meaning set forth in **Section 12.2**.

“**Replacements**” means, collectively, replacements, improvements, enhancements, additions and modifications to and of any Equipment or any portion thereof.

“**Replacement Value**” means all Losses associated with replacing and/or repairing Equipment, including the installation and commissioning of replacement technology and removal and disposal of existing equipment.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

“**Restricted Documentation**” means Documentation that is designated by LIFFE as “LIFFE Restricted” or otherwise specified by LIFFE to be restricted, including the Documentation set forth in Part 2(b) of Schedule B.

“**Service Management Service**” shall have the meaning set forth in **Section 2.3(f)**.

“**Service Period**” means that time period, agreed upon by the Parties, [**]

“**Services**” shall have the meaning set forth in **Section 2.1**.

“**Service Target**” means the targeted level of performance of a Managed Service during the applicable Service Period, as set forth in Paragraph 4 of Schedule A. Each Service Target is defined within the context of one or more Service Thresholds.

“**Service Threshold**” means that limit, agreed upon by the Parties, in respect of a Managed Service, beyond which the Service Target(s) for such Managed Service may be adversely impacted. The Service Thresholds for each applicable Managed Service are set forth in Paragraph 4 of Schedule A.

“**Service Time**” means the scheduled availability of a Managed Service during a Trading Day, expressed as the (i) schedule start time of the Managed Service, (ii) scheduled close time of the Managed Service, and (iii) number of minutes per Trading Day the Managed Service is scheduled to be available, as shown in Paragraph 4 of Schedule A.

“**Software**” means, collectively, (i) the Components, and (ii) any improvements, enhancements, additions, and modifications to or of the foregoing as LIFFE may provide to the CBOT under this Agreement.

“**Software Change**” shall have the meaning set forth in **Section 4.2**.

“**Software License Agreement**” shall have the meaning set forth in Recital B above.

“**Software Maintenance Fee**” shall have the meaning set forth in Schedule M.

“**Software Maintenance Service**” shall have the meaning set forth in **Section 2.4(a)**.

“**Specifications**” shall have the meaning set forth in the Development Services Agreement.

“**Standing Data**” means data (including information relating to contracts, traders, and prices) required prior to the commencement of each Trading Day [**] as Schedule A-4 to the Development Services Agreement.

“**Standing Data Interface Service**” shall have the meaning set forth in **Section 2.2(f)**.

“**Summary Statement of Work**” shall have the meaning set forth in **Section 2.7**.

“**Superseded Versions**” shall have the meaning set forth in **Section 4.3**.

“**System Software**” shall have the meaning set forth in **Section 5.3.4(c)**.

“**Taxes**” shall have the meaning set forth in **Section 11.3**.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

“**Technical Conformance Service**” shall have the meaning set forth in **Section 2.2(k)**.

“**Technical Conformance Testing**” shall have the meaning set forth in the Development Services Agreement.

“**Termination Costs**” shall have the meaning set forth in **Schedule M**.

“**Third Party Materials**” means any equipment, hardware, software, and/or other products obtained from any third party (*excluding* any such products obtained from any subcontractor or agent of LIFFE in connection with the performance by such subcontractor or agent of Services hereunder).

“**Trade Data**” means information relating to orders that are (i) [**].

“**Trade Data Interface Service**” shall have the meaning set forth in **Section 2.2(h)**.

“**Trading Application**” means any front-end trading application or other software which interfaces with, and has been conformed with, the API.

“**Trading Day**” means any calendar day, measured by U.S. Central Time, *other than* any Saturday, Sunday, U.S. bank holiday, or other day the CBOT designates as a trading holiday.

“**Trading System**” means LIFFE CONNECT as modified, pursuant to the Development Services Agreement or this Agreement, for use as a platform for the CBOT Electronic Exchange.

“**Transition Period**” shall have the meaning set forth in **Section 14.3**.

“**Upgrades**” means, collectively, improvements, enhancements, additions and modifications to or of the Licensed Technology or any portion thereof, which LIFFE specifies for use and/or access as Licensed Technology.

“**U.S.**” means the United States of America.

“**Wagner/eSpeed Patent**” means U.S. Letter Patent No. 4,903,201 (the ‘201 patent).

“**Wagner License**” shall have the meaning set forth in **Section 17.2**.

“**Wide Area Network Router**” means a router that provides access to and from the Core Network.

2. **Services**

2.1 **Overview**. During the term of this Agreement, LIFFE shall use reasonable efforts to provide to the CBOT (a) managed information technology services and managed support services, as further detailed in **Sections 2.2** and **2.3** and in **Schedule A** (collectively, the “**Managed Services**”); (b) the Maintenance Services; and (c) (i) any Software Changes agreed via a Change Request and, upon the Parties’ agreement, set out in a Summary Statement of Work; and (ii) any other services relating to the operation of the CBOT Electronic Exchange described herein or agreed via a Change Request (collectively, the “**Program Services**” and, together with the Managed Services and the Maintenance Services, the “**Services**”).

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

2.2 **Managed Information Technology Services.** LIFFE shall use reasonable efforts to provide the following managed information technology services (collectively, the “**Managed IT Services**”) in accordance with the relevant Service Times and Service Targets set forth in Schedule A. Subject to **Section 2.5**, LIFFE shall have no obligation to meet (but shall continue to use reasonable efforts to provide the Managed IT Services in accordance with) a Service Target (i) for as long as a relevant Service Threshold or CBOT Electronic Exchange Parameter is exceeded, and (ii) for the duration of the impact upon the Managed Services of such exceeded Service Threshold or CBOT Electronic Exchange Parameter in a manner that impedes LIFFE’s ability to meet the Service Targets. The Components specified in this **Section 2.2** have been licensed to the CBOT pursuant to the Software License Agreement and are set out in Schedule B.

- (a) provision of and [**], the CBOT shall provide to LIFFE a well-founded, reasoned, authoritative opinion of competent United States patent counsel that (i) all Services provided by LIFFE to the CBOT under the Development Services Agreement, this Agreement, the Consultancy Framework Agreement, and/or any other agreements between the Parties relating to the CBOT Electronic Exchange, including the procurement, installation and operation of Equipment; (ii) the Equipment, System Software and Licensed Technology; and (iii) the use of such Equipment, System Software and Licensed Technology by or on behalf of the CBOT and Market Participants, are encompassed by the Wagner License and will not violate the terms of the Wagner License.
- (b) provision of [**] (“**MCC Monitoring and Control Service**”) and (ii) OIA (“**OIA Monitoring and Control Service**”);
- (c) provision of the [**] (“**Connect Key Management Facility Service**”);
- (d) provision of [**], as agreed by the Parties (“**Monitoring Tools Service**”);
- (e) provision of [**] (“**AQS Service**”);
- (f) provision and [**] (“**Standing Data Interface Service**”);
- (g) provision and [**] (“**Audit Data Interface Service**”);
- (h) delivery from the [**] (“**Trade Data Interface Service**”);
- (i) delivery from the [**] (“**Market Data Interface Service**”);
- (j) delivery from the [**] (“**Miscellaneous File Transfer Interface Service**”);
- (k) assisting the CBOT, as agreed by the Parties, in [**] (“**Technical Conformance Service**”); and
- (l) provision of a service to [**] (“**IMAC Service**”).

2.3 **Managed Support Services.** LIFFE shall use reasonable efforts to provide the CBOT the following managed support services (collectively, the “**Managed Support Services**”), in accordance with the relevant Service Times and Service Targets. Subject to **Section 2.5**, LIFFE shall have no obligation to meet (but shall continue to use reasonable efforts to provide the Managed Support Services in accordance with) a Service Target (i) for as long as a relevant Service Threshold or CBOT Electronic Exchange

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

Parameter is exceeded, and (ii) for the duration of the impact upon the Managed Services of such exceeded Service Threshold or CBOT Electronic Exchange Parameter in a manner that impedes LIFFE's ability to meet the Service Targets;

- (a) provision of [**] in accordance with any relevant guidelines as may be agreed upon by the Parties, as further detailed in **Section 3.2** ("**Call Management Service**");
- (b) provision of a service to [**], as further detailed in **Section 3.2** and (y) notify the CBOT of those activities undertaken ("**Incident Management Service**");
- (c) provision of a service to [**], as further detailed in **Section 3.2** and (ii) notify the CBOT of those activities undertaken ("**LIFFE Data Centre Disaster Recovery Service**");
- (d) prior notification, within a reasonable period of time (or if prior notification is not reasonably practicable, prompt notification), [**] ("**Change Management Service**");
- (e) [**] ("**Data Storage Management Service**"); and
- (f) management of LIFFE's delivery of the Managed Services and the Maintenance Services in accordance with Schedule C, including:
[**]
("**Service Management Service**").

2.4 Maintenance Services. LIFFE shall use reasonable efforts to provide the CBOT the following maintenance services (collectively, the "**Maintenance Services**");

- (a) ongoing maintenance of the Software sufficient to enable LIFFE to deliver the Managed IT Services in accordance with Service Targets and the CBOT Electronic Exchange Parameters, and including the provision of any New Software Releases in accordance with **Section 4.1** ("**Software Maintenance Service**").
- (b) ongoing maintenance of the Equipment and of LIFFE data centres hosting the Managed Services sufficient to enable LIFFE to deliver the Managed IT Services in accordance with (i) the Service Targets, (ii) the CBOT Electronic Exchange Parameters, and (iii) any applicable guidelines issued from time to time by the respective manufacturers or suppliers of the Equipment, and including the provision of Equipment Uplifts in accordance with **Section 5.1.1** and the provision of Replacements in accordance with **Section 5.1.2** ("**Equipment and Data Centre Maintenance Service**"); and
- (c) ongoing maintenance of the Core Network sufficient to enable LIFFE to deliver the Managed IT Services in accordance with (i) the Service Targets, (ii) the CBOT Electronic Exchange Parameters, and (iii) any applicable guidelines issued from time to time by the respective manufacturers or suppliers of those

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

data circuits and hardware comprising the Core Network (“**Core Network Maintenance Service**”).

2.5 **Service Targets.** Notwithstanding any provision herein to the contrary, LIFFE shall not be responsible for any Service Target that is not met to the extent such failure to meet such Service Target is caused by any applicable CBOT Electronic Exchange Parameters and/or Service Thresholds having been exceeded.

2.6 **Change Control Procedures.** Any requests of either Party for material changes to the nature or scope of the Services to be performed after the Effective Date must be (a) made according to the change control procedures set forth in **Schedule D** hereto (“**Change Control Procedures**”); and (b) agreed to in writing by both Parties, in the form of the “Change Request Form” set forth in Appendix 2 to **Schedule D** (each such duly completed and executed Change Request Form, a “**Change Request**”). Each Change Request shall be incorporated in and subject to the terms and conditions of this Agreement.

2.7 **Summary Statements of Work.** In the event a Change Request provides for LIFFE’s delivery hereunder of a Software Change, upon the Parties’ agreement, the Parties shall agree upon and execute a summary statement of work in the form of the Master Summary Statement of Work set forth in **Schedule E** hereto (each such duly executed Summary Statement of Work, a “**Summary Statement of Work**”). Each Summary Statement of Work shall be incorporated in and subject to the terms and conditions of this Agreement. All services to be provided pursuant to a Summary Statement of Work will constitute “Program Services” hereunder.

2.8 **Site.** Except as otherwise provided in this Agreement or as otherwise agreed by the Parties, the Services will be performed at LIFFE’s offices or at such other locations as LIFFE deems appropriate. LIFFE agrees that when any LIFFE Project Personnel are present on the CBOT’s Premises, such LIFFE Project Personnel shall use good faith efforts to comply with the CBOT’s Acceptable Use and Harassment Policies as set forth in **Schedule E**.

2.9 **Subcontractors.** LIFFE may appoint subcontractors and agents to carry out the whole or any part of its obligations hereunder; *provided, however*, that (a) LIFFE shall provide the CBOT the name of any individual LIFFE has appointed as its subcontractor or agent hereunder whose primary residence is located in the United States and whose activities are to be undertaken at the CBOT’s Premises, prior to such individual undertaking such activities, and the CBOT shall have the right, in its reasonable discretion, to deny access to the CBOT’s Premises to such individual; *provided, further*, however, that (i) LIFFE shall not be responsible for any delays or other consequences resulting from any such denial and (ii) the CBOT shall indemnify and hold LIFFE, its Affiliates, and the officers, directors, employees, agents and representatives of LIFFE and its Affiliates harmless from and against any and all Losses reasonably incurred or suffered as a result of such denial; and (b) LIFFE shall notify the CBOT of the identity of any subcontractor entity whose primary residence is located in the United States and whose activities are to be undertaken at locations other than the CBOT’s Premises. For the avoidance of doubt, LIFFE shall not have an obligation to notify the CBOT of (x) any individual or subcontractor entity whose primary residence is located outside the United States or (y) any individual whose activities are to be undertaken at any site other than the CBOT’s Premises.

2.10 **Quality of Services.** LIFFE shall use good faith efforts to ensure that the LIFFE Project Personnel engaged in carrying out the Services shall have the skills, experience, qualifications and knowledge necessary to perform the Services assigned to such LIFFE Project Personnel. LIFFE shall use (and shall require its subcontractors to use) reasonable skill and care in carrying out the Services and shall

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

use good faith efforts to comply with all applicable laws and regulations in the performance of its obligations under this Agreement.

2.11 Delays. LIFFE shall not be responsible for any delays or other consequences arising from any failure by the CBOT to perform, or any delay by the CBOT in performing, any of its obligations under this Agreement.

3. Support

3.1 CBOT's Support Obligations. The CBOT shall provide Market Participants first-line support regarding the Managed Services by responding to Calls from Market Participants in accordance with the procedures set forth in Paragraph 1 of Schedule G hereto (the "**CBOT Call Management Procedures**"). In addition, the CBOT shall comply with the Call Management Procedures in respect of all Calls from CBOT personnel, or subcontractors or agents of the CBOT, relating to LIFFE's delivery of the Services.

3.2 LIFFE's Support Obligations.

3.2.1 General Obligations. Following LIFFE's receipt of any Call, LIFFE shall, as part of the Call Management Service, assess the nature of the subject matter of any Call Record routed to LIFFE and handle the Call in accordance with those procedures set forth in Paragraph 2 of Schedule G and the applicable Service Targets set forth in Paragraph 4.2 of Schedule A, subject to the associated Service Thresholds and applicable CBOT Electronic Exchange Parameters.

3.2.2 Incidents. If LIFFE determines a Call Record identifies an Incident, LIFFE shall (a) classify the Incident as (i) a Disaster or, in respect of Incidents other than Disasters, as (ii) Severity 1, 2, 3 or 4, in accordance with the criteria set forth in Paragraph 4.1.4 of Schedule A, and (b) initiate the LIFFE Data Centre Disaster Recovery Service or the Incident Management Service, as appropriate. Such LIFFE Data Centre Disaster Recovery Service or Incident Management Service will be provided (a) remotely, via telephone or on-line, (b) at CBOT Controlled Sites, (c) at such other locations as LIFFE deems appropriate, or (d) at premises where any Equipment, Software or Core Network components to which the relevant Incident likely relates may be located ("**On-Site**"), upon the CBOT's reasonable request. Notwithstanding the foregoing, in the event that the CBOT requests a Service be provided On-Site and LIFFE reasonably believes that the same or substantially similar level of service can be provided remotely, then LIFFE shall be required to provide such Service On-Site only upon the CBOT's written agreement to pay to LIFFE (i) fees for the time expended by LIFFE in connection with such on-site Service, calculated in accordance with the Charge Rates; and (ii) all associated Out of Pocket Expenses.

3.2.3 Scope of Managed Support Services. Unless otherwise expressly stated herein or agreed upon by the Parties (LIFFE's agreement not to be unreasonably withheld), LIFFE shall have no obligation to provide (a) the Call Management Service in respect of any Call that does not relate to LIFFE's delivery of the Managed Services; or (b) any Managed Support Services with respect to any Disaster, other Incident, or other act or omission LIFFE reasonably determines was caused by:

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

- (i) the modification of the Licensed Technology, or the Equipment or any portion of the Core Network by any Person other than LIFFE or a subcontractor or agent of LIFFE, unless such modification was made at LIFFE's direction, with LIFFE's consent, or pursuant to the Escrow Agreement;
- (ii) integration of Software, in whole or in part, by any Person other than LIFFE or a subcontractor or agent of LIFFE, with any software *other than* a Trading Application for which a trader key or view only key has been issued following Market Participant Testing;
- (iii) use of the Software, the Equipment, or the Core Network in a manner or form that is in contravention of this Agreement, the Software License Agreement and/or the Development Services Agreement, or, in respect of Market Participants, an Interface Sublicense Agreement;
- (iv) any other failure by the CBOT to perform its obligations under this Agreement, the Development Services Agreement or the Software License Agreement; or
- (v) Trading Applications, CBOT Technology, other CBOT Property, property of any Market Participant or any other technology, *excluding* the Software, the Equipment, and the Core Network, unless such technology has been (i) provided by or on behalf of LIFFE, or (ii) expressly approved by LIFFE. For the avoidance of doubt, LIFFE's assistance with Market Participant Testing, LIFFE's assistance with Technical Conformance Testing, and LIFFE's performance of the Technical Conformance Service do not constitute LIFFE's "approval" of Trading Applications or other technology for purposes of this **Section 3.2.3**.

(Sections 3.2.3(i) to 3.2.3(v), collectively, the "Exclusions").

3.2.4 Services Outside Scope. In the event that (a) the CBOT routes to LIFFE any Call that LIFFE reasonably determines does not relate to LIFFE's delivery of the Managed Services, or (b) subject to Paragraph 2.2 of Schedule G, LIFFE otherwise provides any Managed Support Services with respect to any act or omission LIFFE reasonably determines was caused by an Exclusion, then (i) the CBOT shall pay to LIFFE (x) fees for the time expended by LIFFE in connection with such Managed Support Services, calculated in accordance with the Charge Rates; and (y) all associated Out of Pocket Expenses and (ii) LIFFE shall have no obligation to provide such Managed Support Services in accordance with the Service Targets.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

4. **Maintenance**

4.1 New Software Releases.

4.1.1 Overview. From time to time and in LIFFE's sole discretion, [**].

4.1.2 Release Notes. [**].

4.1.3 Implementation. [**].

4.2 Software Changes. Any Upgrade to one or more Components that is requested by the CBOT ("Software Change") shall be provided only upon, and in accordance with, (a) the Parties' agreement via a Change Request, and (b) as the Parties deem appropriate, a Summary Statement of Work. The CBOT shall incorporate, and/or require all Market Participants receiving the Software Change to incorporate, such Software Change into the Trading System in accordance with the terms of the relevant Change Request and/or Summary Statement of Work, as applicable. For the avoidance of any doubt, "Software Change" does not include (i) any Software provided pursuant to the IMAC Service or (ii) any New Software Release.

4.3 Superseded Versions. Upon incorporation into the Trading System of a New Software Release or a Software Change, the CBOT shall (a) promptly return to LIFFE or, with LIFFE's prior written consent, destroy and certify as destroyed, the version of the Component(s) superseded by such Upgrade and all copies thereof (the "Superseded Version") in the CBOT's possession and/or control, and (b) require each Market Participant to promptly return to LIFFE or, with LIFFE's prior written consent destroy and certify as destroyed, any Superseded Version in such Market Participant's possession and/or control.

4.4 Scope of Maintenance Services. Unless otherwise expressly stated herein or agreed upon by the Parties (LIFFE's agreement not to be unreasonably withheld), LIFFE shall have no obligation to provide the Maintenance Services in respect of any Exclusion.

4.5 Services Outside Scope. In the event that LIFFE provides any Maintenance Services in respect of any Exclusion, then the CBOT shall pay to LIFFE (i) fees for the time expended by LIFFE in connection with Maintenance Services in respect of any Exclusion, calculated in accordance with the Charge Rates; and (ii) all associated Out-of-Pocket Expenses.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

5. **Equipment**

5.1 **Replacements.**

- 5.1.1 **Equipment Uplifts.** As part of the Equipment and Data Centre Maintenance Service, during the [**] of the Initial Term, and in any event by no later than [**], LIFFE shall (a) procure those Replacements and System Software identified in Schedule H hereto (“**Equipment Uplifts**”), and (b) deliver such Equipment Uplifts to, and install such Equipment Uplifts at, such installation sites as are specified in Schedule H or such other locations as may be agreed upon by the Parties. Such Equipment Uplifts will thereafter be deemed “Equipment” and “System Software,” as appropriate, for purposes of this Agreement.
- 5.1.2 **Replacements.** As part of the Equipment and Data Centre Maintenance Service, LIFFE may, at its option, replace Equipment or components thereof with other equipment or components which are substantially similar to the Equipment being replaced or improvements, enhancements, additions or modifications to such Equipment; *provided that* LIFFE shall provide the CBOT prior notification (or if prior notification is not feasible, prompt notification) and an opportunity for testing of any Replacements, where the Parties agree that testing is necessary. All such Replacements will thereafter be deemed “Equipment” for purposes of this Agreement.
- 5.1.3 **Equipment Changes.** Any Replacements requested by the CBOT, *other than* the Equipment Uplifts, (“**Equipment Changes**”) shall be procured, delivered and installed only upon, and in accordance with the Parties’ agreement via a Change Request. Any such Equipment Changes provided by LIFFE hereunder will be deemed “Equipment” for purposes of this Agreement. For the avoidance of any doubt, “Equipment Changes” does not include any Equipment provided pursuant to the IMAC Service.

5.2 **Disablement and Repossession.**

- 5.2.1 **At LIFFE’s Option.** LIFFE may, at its option, disable and/or repossess Equipment; *provided that* LIFFE will not disable and/or repossess Equipment located at a CBOT Controlled Site without either (a) reasonable cause and (b) providing prior notice to the CBOT, to the extent reasonably practicable. Notwithstanding the foregoing, LIFFE shall, to the extent reasonably practicable, provide the CBOT prior notice of any disablement or repossession of Equipment at a CBOT Controlled Site.
- 5.2.2 **At the CBOT’s Request.** LIFFE shall disable and/or repossess Equipment from any CBOT Controlled Sites as reasonably requested by the CBOT, at the CBOT’s cost.

5.3 **Responsibilities of the CBOT.**

- 5.3.1 **Access.** The CBOT shall provide (or require a Market Participant to provide, as applicable) LIFFE such access as LIFFE may reasonably request to all CBOT Controlled Sites:

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

- (a) for purposes of installing any Replacements;
- (b) to enable LIFFE or its designee to carry out its rights and responsibilities under **Section 5.2**;
- (c) to enable LIFFE or its designee to inspect Equipment or any portion thereof: (i) to determine whether the CBOT is complying or has complied with its obligations under this Agreement; and/or (ii) to facilitate LIFFE's efforts to remedy any defect or error in such Equipment; and
- (d) to enable LIFFE or its designee to disable and/or remove Equipment or any portion thereof: (i) if the CBOT has failed, or is failing, to comply with its obligations under this Agreement; and/or to (ii) facilitate LIFFE's efforts to remedy any defect or error in such Equipment.

5.3.2 **Prior to Installation.** In connection with each installation of Equipment at a CBOT Controlled Site, the CBOT shall, at no expense to LIFFE and by such date(s) and at such time(s) as LIFFE may reasonably request, (a) permit (or require a Market Participant to permit) LIFFE or its designee to inspect such CBOT Controlled Site prior to the delivery of any Equipment thereto; (b) make (or require a Market Participant to make) such modifications, alterations or additions to such CBOT Controlled Site as LIFFE may reasonably request; and (c) provide (or require a Market Participant to provide) LIFFE with any further assistance and facilities as LIFFE may reasonably request, including (i) preparing suitable accommodation and environmental conditions for such Equipment and (ii) making available any equipment, software, ancillary plant, fittings, electrical power supply and other facilities sufficient to meet all reasonable requirements of LIFFE.

5.3.3 **Following Installation.** With respect to all Equipment located at a CBOT Controlled Site, the CBOT shall (and shall require each Market Participant to) maintain at all times the accommodation, environment and facilities for the Equipment as may be reasonably specified by LIFFE from time to time.

5.3.4 **Restrictions on Use.**

- (a) **All Equipment.** With respect to all Equipment, the CBOT agrees, and shall require each Market Participant to agree:
 - (i) not to, and not to permit any other Person (including any Market Participant) to, without the prior written consent of LIFFE, combine the Equipment with any equipment, software, or other technology (*other than* Licensed Technology or other technology approved by LIFFE); or
 - (ii) not to, and not to permit any other Person (including any Market Participant) to, without the prior written consent of LIFFE, repossess or disable any Equipment; *provided, however*, that the CBOT may repossess or disable Equipment on CBOT Controlled

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

Confidential Treatment Requested by CBOT Holdings, Inc.

- Sites as may be necessary in conjunction with the CBOT's monitoring and control of the CBOT Electronic Exchange;
- (iii) not to, and not to permit any other Person (including any Market Participant) to, create any lien or other encumbrance on the Equipment or any part or parts thereof or do any act (x) which might jeopardize or prejudice the rights of LIFFE or its suppliers in the Equipment or any portion thereof or (y) which might reasonably be expected to result in the Equipment being confiscated, seized, requisitioned, taken in execution, impounded or otherwise taken from the possession of the CBOT or any Market Participant, as applicable; and
 - (iv) to use or interface with the Equipment only in accordance with applicable manufacturers' recommendations.
- (b) Located at or Accessible from CBOT Controlled Sites. With respect to all Equipment located at or accessible from any CBOT Controlled Site, the CBOT agrees, and shall require each Market Participant to agree:
- (i) not to, and not to permit any other Person (including any Market Participant) to, interfere or tamper with, alter, amend or modify the Equipment or any part or parts thereof without the prior written consent of LIFFE;
 - (ii) not to, and not to permit any other Person (including any Market Participant) to, move the Equipment or any portion thereof from the CBOT's Premises without the prior written consent of LIFFE; and
 - (iii) not to, and not to permit any other Person (including any Market Participant) to, interfere or tamper with any serial numbers, identity plates, trademarks, proprietary notices or other designations, including those of LIFFE or LIFFE's suppliers, on the Equipment or any portion thereof; and
- (c) Software. With respect to all software embedded in or otherwise included within the Equipment ("**System Software**"), the CBOT agrees not to, and not to permit any other Person (including any Market Participant) to:
- (i) copy, modify, duplicate, decompile, reverse engineer, disassemble or otherwise reduce to a humanly perceivable form, make any attempt to discover the source code of, create derivative works based on, market, sell, provide or make available to any third party, otherwise distribute, or translate the System Software, except as expressly provided herein;
 - (ii) remove or alter in any manner any trademarks, trade names, copyright notices or other proprietary or confidentiality notices

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

or designations, of the CBOT or other Person, contained or displayed in or on the System Software; or

- (iii) upload any computer virus, Trojan horse, worm, time bomb, or other similar code or hardware designed to disrupt the operation of, permit unauthorized access to, erase, or modify the System Software or Equipment, or otherwise use the System Software to further any purpose which is illegal.

5.3.5 Insurance. With respect to all Equipment located at any CBOT Controlled Site, the CBOT agrees either to (a) arrange to insure the Equipment comprehensively against all insurable risks with a reputable insurance company, on terms satisfactory to LIFFE (naming LIFFE as a beneficiary), or (b) accept all liability for the Equipment; in each case for the full Replacement Value thereof, from and including the date on which the Equipment or any portion thereof is delivered to the CBOT Controlled Site, until such time as the Equipment is either returned to or repossessed by LIFFE. Where the Equipment has been insured by an insurance company, the CBOT shall, at the request of LIFFE, provide to LIFFE either a copy of the relevant portion of such insurance policy or a written certificate evidencing the currency of the same.

5.3.6 Market Participants.

5.3.6.1 Interface Sublicense Agreement. Prior to the installation of any Equipment on premises owned or controlled by any Person wishing to become a Market Participant, the CBOT shall require such Person to enter into an Interface Sublicense Agreement.

5.3.6.2 Enforcement. The CBOT shall:

- (a) promptly upon becoming aware of such actions, provide LIFFE written notice of (i) any violation by a Market Participant or any other Person of the restrictions set forth in **Section 5.3.4**; and (ii) any other acts or omissions of any Person which the CBOT believes (x) might jeopardize or prejudice the rights of LIFFE or its suppliers in the Equipment; (y) may result in the Equipment being confiscated, seized, requisitioned, taken in execution, impounded or otherwise taken from any location; or (z) threaten the security or operation of the Equipment; and
- (b) promptly upon becoming aware of (i) any claim, demand, or cause of action brought against the CBOT by a Market Participant or any other Person, or any subpoena served upon the CBOT or (ii) any employee, officer or director thereof, which relates to the Equipment or any component thereof, provide LIFFE written notice of such claim, demand, cause of action or subpoena.

5.3.7 Change Notification. The CBOT shall provide LIFFE's Project Manager prior written notice (or, if prior written notice is not reasonably practicable, immediate

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

written notification) of (a) any changes to the physical environment (i) at CBOT's Premises in which Equipment and/or Software operate (e.g. maintenance or shutdowns of power supply or temperature control devices), and (ii) to the extent that the CBOT is aware, at any other CBOT Controlled Site in which Equipment and/or Software operate; and (b) any changes to, relocations of, or maintenance of any CBOT Technology that interfaces with Software and/or Equipment.

5.4 Responsibilities of LIFFE.

5.4.1 Liens. In the event any Equipment is confiscated, seized, requisitioned, taken in execution, impounded or otherwise taken from the possession of LIFFE as a result of LIFFE permitting a third party lien or other encumbrance to be placed on such Equipment (*excluding* any such lien or other encumbrance established in connection with the procurement of such Equipment), LIFFE shall, at LIFFE's expense, replace such Equipment. Such Replacements will thereafter be deemed "Equipment" for purposes of this Agreement.

5.4.2 Upgrades and Replacements. Except as expressly provided in this Agreement, nothing herein shall require LIFFE to (a) create any Upgrades or procure or provide any Replacements; (b) deliver or license to the CBOT for use and/or access as "Licensed Technology" any modifications, enhancements, improvements or additions to the Licensed Technology as LIFFE may choose to create; or (c) provide to the CBOT for use and/or access as "Equipment" hereunder any replacements, modifications, enhancements, improvements or additions to the Equipment.

6. Core Network

6.1 Permitted Purpose. The CBOT shall use the Core Network solely for purposes of (a) operating (including testing and development pursuant to the Development Services Agreement or hereunder) the CBOT Electronic Exchange via one or more Interfaces with the Equipment, and (b) carrying out rights or obligations of the CBOT pursuant to the Development Services Agreement or the Managed Services Agreement.

6.2 Acceptable Use Policy. The CBOT shall comply, and use reasonable efforts to ensure that all Market Participants comply, with LIFFE's Core Network Acceptable Use Policy, a copy of which is attached as Schedule I hereto.

6.3 Notification

6.3.1 By the CBOT. The CBOT shall promptly notify LIFFE if the CBOT becomes aware of (a) any security vulnerability relating to the Core Network, and (b) any violation of the Acceptable Use Policy.

6.3.2 By LIFFE. Subject to Section 16, if not so prohibited by a regulatory or other governmental authority or an order of a court of competent jurisdiction, LIFFE shall (a) promptly notify the CBOT of any judicial or governmental request, requirement or order under law regarding the investigation and/or prosecution of

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

activities relating to the CBOT Electronic Exchange, and (b) cooperate with the CBOT to respond to any such request, requirement or order.

6.4 Suspension

6.4.1 At LIFFE's Request. In order to protect the CBOT Electronic Exchange and all users of the Core Network, LIFFE may, at its option, suspend access to the Core Network of the CBOT or any Market Participant in the event of a breach of LIFFE's Core Network Acceptable Use Policy or the CBOT's obligations under **Section 6.1** by the CBOT or such Market Participant; *provided that* LIFFE will not suspend such access without reasonable cause and shall use good faith efforts to provide the CBOT prior notice of any such suspension.

6.4.2 At the CBOT's Request. LIFFE shall suspend any Market Participant's access to the Core Network as reasonably requested by the CBOT, at the CBOT's cost.

7. General Obligations of the CBOT

7.1 Dependencies. In addition to all other obligations of the CBOT set forth in this Agreement, the CBOT shall perform those dependencies set forth in Schedule J hereto.

7.2 Security. In addition to all other duties of the CBOT specified hereunder and/or in the Software License Agreement and/or Development Services Agreement in respect of Licensed Technology and Equipment and the use or access thereof by the CBOT and Market Participants, the CBOT shall (a) use reasonable efforts to comply with LIFFE's security policy, a copy of which is attached as Schedule K hereto; (b) establish and maintain supervisory and security procedures satisfactory to LIFFE for the purpose of protecting all Licensed Technology and Equipment located at CBOT's Premises and LIFFE's rights, title and interest in and to the Licensed Technology and Equipment; (c) require each Market Participant to establish and maintain supervisory and security procedures appropriate to protect all Licensed Technology and Equipment located at premises owned or controlled by such Market Participant and LIFFE's rights, title and interest in and to the Licensed Technology and Equipment; and (d) use reasonable efforts to ensure that no personnel of the CBOT, any Affiliates or subcontractors of the CBOT, any Market Participants, or any agents of the foregoing (*other than* LIFFE) shall have access to the Equipment or the Licensed Technology (*excluding* the Interfaces and Non-Restricted Documentation), unless such personnel has received appropriate training.

7.3 CBOT's Premises. In addition to complying with the requirements set forth in **Section 5.3**, the CBOT shall provide LIFFE with such office accommodation, facilities (including telephones, fax machines, computer consumables, printers and Internet access), and access to the CBOT's Premises as LIFFE reasonably deems necessary to facilitate LIFFE's performance of the Services.

7.4 Materials and Assistance. In addition to providing those resources identified in Schedule J and **Sections 5.3** and **7.3**, in order to facilitate the Parties' performance of their obligations hereunder, the CBOT shall (a) promptly provide to LIFFE such relevant information and documentation as LIFFE may reasonably request, including information and documentation relating to network infrastructure, hardware, software, equipment, personnel, documentation, space and office space; (b) ensure that competent personnel are available during normal working hours to provide to LIFFE such information or other support in relation to LIFFE's performance of the Services as LIFFE may reasonably request; and (c) use good faith efforts to ensure that such personnel possesses the skills, experience, qualifications, and knowledge necessary to carry out any tasks to which they may be assigned.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

7.5 Trading Rules. CBOT rules regarding the CBOT Electronic Exchange (the “**CBOT Rules**”) may not conflict with any term set forth in this Agreement, the Software License Agreement, or the Development Services Agreement.

7.6 Compliance with Laws. The CBOT shall use good faith efforts to comply with all applicable laws and regulations relating to the operation of the CBOT Electronic Exchange.

8. General Obligations of Both Parties

8.1 Non-Solicitation. Each Party agrees that, during a period from (a) the Effective Date to (b) the earlier of twelve (12) months after completion of the Services and the effective date of termination of this Agreement, it shall not employ or engage on any other basis, and offer such employment or engagement to, any of the other Party’s employees, contractors, and consultants who have been associated with the performance of such other Party’s obligations hereunder, without the other Party’s prior agreement in writing. If a Party employs or engages any employee, contractor or consultant of the other Party in breach of the foregoing obligations, it will pay to the other Party damages in an amount equal to the net annual salary of such employee, contractor or consultant for the twelve (12) months prior to the date such individual, contractor or consultant is first employed by the Party breaching such obligation.

8.2 Export Compliance. The CBOT and LIFFE each shall comply with all applicable export laws and regulations of the United States and foreign authorities, including regulatory authorities. For purposes of this obligation, export laws and regulations include, but are not limited to, all applicable end use controls and all applicable restrictions on the export, reexport and transfer of encryption items.

9. Marketing

9.1 Marketing. The CBOT shall, in accordance with **Sections 9.2 to 9.7** below, (a) refer to the automated derivatives trading and order matching system utilized by the CBOT Electronic Exchange as the “LIFFE CONNECT[®]” system or platform; and (b) in any and all web pages, brochures, advertisements and all other marketing or promotional materials, press releases, or other media that market, promote or otherwise reference the Trading System (collectively, the “**CBOT Marketing Materials**”), (i) in respect of all visual media, prominently display (x) the Mark LIFFE CONNECT[®] and/or the LIFFE CONNECT Logo and (y) the phrase “e-cbot, powered by LIFFE CONNECT” in such format as may be agreed upon by the Parties; and (ii) in respect of all broadcast media, prominently broadcast (x) the Mark LIFFE CONNECT[®] and (y) the phrase “e-cbot, powered by LIFFE CONNECT[®]” in such format as may be agreed upon by the Parties.

9.2 License. Subject to the terms and conditions hereof, LIFFE hereby grants to the CBOT a non-exclusive, non-transferable (*except* as set forth in **Section 25**) right and license (a) to use, in [**], and in any additional jurisdictions as LIFFE may agree, LIFFE’s registered trademarks “LIFFE CONNECT” and the LIFFE CONNECT Logo (collectively, the “**Marks**”) in connection with the marketing and operation of the CBOT Electronic Exchange and those rights and obligations set forth in this Agreement, the Software License Agreement and the Development Services Agreement; and (b) to sublicense to ISVs the right to use the Marks subject to all of the terms and conditions set forth in this **Section 9** (including **Section 9.5**).

9.3 Use. The CBOT shall (a) in each visual CBOT Marketing Material containing or displaying one or both of the Marks, (i) display each Mark together with a superscript “[®]” placed at the end of the Mark (e.g. LIFFE CONNECT[®]); and (ii) include, at least once in each such CBOT Marketing Material, the following footnote, or a formative thereof as may be agreed by LIFFE: “[LIFFE

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

CONNECT®/The LIFFE CONNECT Logo] is a trademark of LIFFE Administration and Management and is registered in Australia, Hong Kong, Singapore, the United States, and the United Kingdom, is a registered Community Trade Mark, and is the subject of a pending application for registration in Japan”; and (b) otherwise use the Marks in a manner and form consistent with (i) the usage guidelines set forth in Schedule L hereto, as may be amended by LIFFE from time to time, and (ii) any other usage guidelines and modifications thereof as LIFFE may provide to the CBOT from time to time.

9.4 Restrictions. The CBOT acknowledges (a) LIFFE’s exclusive right, title, and interest in and to the Marks and (b) that the CBOT’s permitted use of the Marks will not vest in the CBOT any right, title, or interest in or to the Marks. The CBOT shall not (i) directly or indirectly, cause to be done any act contesting or in any way impairing LIFFE’s right, title, or interest in the Marks, (ii) in any manner represent that it possesses any ownership interest in the Marks, or (iii) except as expressly permitted hereunder, adopt, use, attempt to register, or register, at any time or in any jurisdiction, either of the Marks or any term identical to or confusingly similar to either of the Marks.

9.5 Approval. Prior to the publication, public broadcast or other distribution or dissemination to Market Participants or other members of the public of any CBOT Marketing Material, the CBOT shall submit to the LIFFE Market Solutions Director of Sales and Marketing or his or her designee a representative sample of such CBOT Marketing Material for LIFFE’s prior written approval. The CBOT shall not distribute or disseminate to Market Participants or other members of the public any CBOT Marketing Material in respect of which the CBOT has not obtained LIFFE’s prior written approval. LIFFE has no right under this Agreement to approve the CBOT’s use of trademarks or service marks other than the Marks.

9.6 Inspection. In order to assure the CBOT’s compliance with the standards and requirements provided herein, the CBOT shall, upon LIFFE’s reasonable request, (a) make available to representatives of LIFFE information relating to use of the Marks and copies of all CBOT Marketing Materials; and (b) permit such representatives to inspect all such CBOT Marketing Materials.

9.7 Violations of the Marks. The CBOT shall promptly notify LIFFE in writing of any information relating to suspected infringements or other violations of the Marks which the CBOT possesses or of which it becomes aware. Notwithstanding the foregoing, the CBOT shall have no right to prosecute or otherwise take any action in respect of any such violations; and LIFFE shall have no obligation hereunder to investigate, prosecute or otherwise take any action in respect of any such violations of which it is notified by the CBOT.

9.8 No CBOT License. Unless the Parties agree otherwise (and CBOT shall not unreasonably decline to agree), LIFFE shall not use in any marketing or promotional materials, press releases, or other materials publicly distributed or disseminated by LIFFE any trademarks or service marks of the CBOT, including “e-cbot” and “CBOT.”

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

10. Project Management

10.1 Appointments. In addition to complying with the requirements set forth in Schedule C, each Party shall appoint and inform the other Party of the identity of a Relationship Manager to serve as the individual responsible for the day to day management of the relationship between LIFFE and the CBOT with respect to the Services.

10.2 Substitutions. Each Party shall promptly notify the other in writing of any substitutions for or replacements of such individuals appointed in accordance with **Section 10.1**, as applicable, and shall take all reasonable steps to minimize any potential adverse effects of such changes.

11. Charges

11.1 Payment. In consideration for LIFFE's performance of the Services hereunder, the CBOT shall, via wire transfer of immediately available funds to such bank account as LIFFE may specify:

- (a) pay to LIFFE, for LIFFE's performance of its Equipment procurement obligations under **Sections 5.1.1(a)** and **5.1.3**, the Equipment Services Charges in accordance with Schedule M;
- (b) pay to LIFFE, in addition to any amounts owed pursuant to **Section 3.2.4**, the Managed Services Fee set forth in Schedule M;
- (c) pay to LIFFE, in addition to any amounts owed pursuant to **Section 4.5**, the Software Maintenance Fee set forth in Schedule M;
- (d) pay to LIFFE, in addition to any amounts owed pursuant to **Section 4.5**, for the Equipment and Data Centre Maintenance Service, the Equipment and Data Centre Maintenance Fee set forth on Schedule M;
- (e) pay to LIFFE, in addition to any amounts owed pursuant to **Section 4.5**, the Core Network Maintenance Fee set forth in Schedule M;
- (f) pay to LIFFE, for the IMAC Service, the Connection Services Charges set forth in Schedule M;
- (g) pay to LIFFE, for all Program Services, the Program Services Charges; and
- (h) reimburse LIFFE for any out of pocket expenses incurred by LIFFE hereunder, including all reasonable travel, hotel, subsistence and other out of pocket expenses charged in accordance with LIFFE's travel and expense policy attached as Schedule N hereto (collectively, "**Out of Pocket Expenses**");

(such Equipment Services Charges, Managed Services Fee, Software Maintenance Fee, Equipment and Data Centre Maintenance Fee, Core Network Maintenance Fee, Connection Services Charges, Program Services Charges, Out-of-Pocket Expenses and all other amounts due hereunder, collectively, the "**Charges**").

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

All payments hereunder shall be made in pounds sterling; *provided that* the CBOT may pay in U.S. dollars any Charges based on such costs incurred by LIFFE hereunder, which costs were denominated in U.S. dollars.

11.2 **Fixed Charges.** Notwithstanding any provision herein to the contrary, in the event LIFFE performs any Services (a) specified to be charged on a fixed fee basis, and (b) occasioned by (i) the failure of the CBOT to fulfill, or delay by the CBOT in fulfilling, any of its obligations under this Agreement or (ii) the failure or malfunction of technology not owned, controlled, or provided by or on behalf of LIFFE hereunder, the CBOT shall pay to LIFFE (x) fees for the time expended by LIFFE in connection with such Services, on a time and materials basis, calculated in accordance with the Charge Rates; and (y) all associated Out of Pocket Expenses.

11.3 **Taxes.** The Charges shall be exclusive of all international, national or state taxes (including withholding taxes), levies, duties, or similar charges, however designated, that may be assessed by any jurisdiction under current law or as a result of any change in the law following the date thereof (collectively, "**Taxes**"), and the CBOT shall pay or reimburse LIFFE for all such Taxes that may be levied or imposed in relation to this Agreement or any of the rights and licenses granted hereunder, *excluding* (a) any VAT that is recovered by LIFFE and (b) taxes based on the net income of LIFFE. LIFFE will use good faith efforts to recover VAT applicable to any Charges. Prior to receiving from the CBOT any payment which may be subject to United States withholding taxes, LIFFE shall deliver to the CBOT two original copies of (i) Internal Revenue Service ("**IRS**") Form "W-8BEN" (or any successor forms), accurately completed and duly executed by LIFFE certifying, in Line 9a thereof (or the corresponding line of any successor forms), that the applicable treaty is the United States-United Kingdom Income Tax Convention, and further certifying the matters set forth in Line 9b and 9c of Form "W-8BEN" (or the corresponding lines of any successor forms) or (ii) IRS Form "W-8ECI" (or any successor form); *provided that*, unless required by U.S. law, LIFFE shall not be required to deliver to the CBOT any such Forms if LIFFE assigns, pursuant to **Section 25**, this Agreement and/or its rights and obligations under this Agreement to an Affiliate of LIFFE which is a United States corporation. LIFFE hereby agrees, from time to time after the initial delivery by LIFFE of such forms whenever a lapse in time or change of circumstances renders such forms obsolete or inaccurate in any material respect, to deliver to the CBOT two new original copies of IRS Form "W-8BEN" or IRS Form "W-8ECI" (or any successor forms), accurately completed and duly executed by LIFFE. Notwithstanding this **Section 11.3**, the relevant Charges shall be paid net of any U.S. federal income withholding tax caused by the failure of LIFFE to provide the CBOT with such forms, unless a change in applicable law of the United States, enacted or promulgated after the date hereof, makes it impossible for LIFFE to continue to make the certifications described above.

11.4 **Invoices.** LIFFE shall invoice the CBOT as set forth in **Schedule M**, in pounds sterling; *provided, however*, that LIFFE will invoice in U.S. dollars any Charges based on costs incurred by LIFFE hereunder, which costs were denominated in U.S. dollars. For the avoidance of doubt, any amounts paid by LIFFE in pounds sterling will be invoiced to the CBOT in pounds sterling. Each invoice for Program Services Charges or other Services charged on a time and materials basis hereunder will set forth the name of each of the LIFFE Project Personnel who performed such Program Services, the categories of work performed by such individual, the grade of each such individual, and the Charge Rate for such individual. Payment of each invoice shall be made by the CBOT within thirty (30) days of the date of receipt of such invoice by the CBOT (the "**Payment Date**"), unless the CBOT makes a good faith objection to the terms of the invoice, in which case (a) the CBOT shall pay the undisputed amount of the invoice, and (b) the Parties shall promptly undertake to resolve the disputed portion of the invoice.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

11.5 Suspension. If the CBOT fails to pay any undisputed Charges due under this Agreement by the Payment Date, then, without prejudice to any other remedy available to LIFFE, LIFFE may, upon fourteen (14) days prior written notice to the CBOT's Project Manager and placement of a telephone call to the CBOT's Relationship Manager, suspend the Services; *provided that* the CBOT has not made payment within such period of time. In the event of reinstatement of the Services, the CBOT shall be required to install any such Upgrades and/or Replacements to the version(s) of the Licensed Technology or Equipment last utilized by the CBOT, as LIFFE may specify.

11.6 Late Payment. If the CBOT fails to pay any undisputed Charges due under this Agreement by the Payment Date, then interest shall be charged thereon from the date of issuance of the applicable invoice until the date payment is made, at the rate of the lesser of one and one half percent (1.5%) per month, or the maximum amount allowed under applicable law.

12. Term

12.1 Initial Term. The initial term of this Agreement shall commence on the Effective Date and shall continue for a period of five (5) years from the Effective Date (the "**Initial Term**"), unless terminated earlier in accordance with **Section 13** or as otherwise provided in this Agreement.

12.2 Renewal. The Parties shall use good faith efforts to agree upon, by no later than one (1) year prior to the end of the Initial Term or the then current Renewal Term (as applicable), (a) the nature and scope of the Managed Services and any other Services to be provided during the new Renewal Term, and (b) all associated Service Targets, Service Thresholds, CBOT Electronic Exchange Parameters and Charges; *provided that* variations in the Charge Rate shall remain subject to Paragraph 5.3 of Schedule M (collectively, the "**New Terms**"). UNLESS TERMINATED EARLIER IN ACCORDANCE WITH **SECTION 13** OR AS OTHERWISE PROVIDED IN THIS AGREEMENT, THIS AGREEMENT WILL AUTOMATICALLY RENEW FOR NO MORE THAN [**] SUCCESSIVE PERIODS OF [**] YEARS EACH (EACH, A "**RENEWAL TERM**"); *provided that* the Parties have agreed to the New Terms and amended this Agreement accordingly by an instrument in writing signed by a duly authorized representative of each Party. If the New Terms have not been agreed by a date one (1) year prior to the end of the Initial Term or the then current Renewal Term (as applicable), then CBOT may provide written notice to LIFFE that the CBOT does not intend to renew the Agreement, and the Agreement will expire at the end of the Initial Term or the then current Renewal Term (as applicable). For the avoidance of doubt, the expiration of the Agreement at the end of the Initial Term or a Renewal Term shall not constitute a termination of the Agreement pursuant to **Section 13**, and the CBOT shall not be liable for Termination Costs.

13. Termination

13.1 By CBOT. The CBOT may terminate this Agreement, for any reason, upon written notice to LIFFE provided at least twelve (12) months prior to the end of the Initial Term or the First Renewal Term (if any).

13.2 By LIFFE. LIFFE may terminate this Agreement, upon twelve (12) months prior written notice to the CBOT, if [**], or any Affiliate of [**], directly or indirectly acquires control of the CBOT.

13.3 By Either Party.

13.3.1 Material Breach. Subject to **Section 14.3**, at any time during the term of this Agreement, either Party may terminate this Agreement immediately upon written

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

notice to the other Party if the other Party commits a breach of any of its material obligations under this Agreement and fails to remedy such material breach within thirty (30) days of receipt of written notice thereof.

13.3.2 Insolvency. At any time during the term of this Agreement, either Party may terminate this Agreement upon thirty (30) days prior written notice if: (a) the other Party (i) becomes insolvent, (ii) voluntarily commences any proceeding or files any petition under the bankruptcy laws of the United States or England and Wales, (iii) becomes subject to any involuntary bankruptcy or insolvency proceedings under the laws of the United States or England and Wales, which proceedings are not dismissed within thirty (30) days, (iv) makes an assignment for the benefit of its creditors, or (v) appoints a receiver, trustee, custodian or liquidator for a substantial portion of, its property, assets or business; or (b) the other Party passes a resolution for its winding up or dissolution, or a court of competent jurisdiction makes an order for such other Party's winding up or dissolution.

13.4 Automatic Termination. This Agreement will terminate automatically upon termination of the Software License Agreement.

13.5 Termination Costs. In the event this Agreement is terminated pursuant to **Section 13** (excluding termination by the CBOT pursuant to **Section 13.3**), the CBOT shall pay to LIFFE the Termination Costs as set forth in Schedule M.

14. Consequences of Termination

14.1 Equipment, Licensed Technology, and CBOT Marketing Materials.

14.1.1 In CBOT's Possession. In addition to complying with those requirements set forth in Section 12.1 of the Software License Agreement, upon or prior to the effective date of expiration or termination of this Agreement, the CBOT shall (a) immediately cease use of the Equipment, the Marks, and all Licensed Technology; and (b) at LIFFE's request and at the CBOT's expense, (i) within fourteen (14) days of the effective date of termination of this Agreement, permanently erase and certify the erasure of the Software (and all copies thereof) from the Equipment and all backup Media; (ii) as LIFFE may elect, promptly return to LIFFE or permit LIFFE to repossess any Equipment; and (iii) promptly return to LIFFE or, with LIFFE's prior written consent destroy and certify as destroyed, any and all other LIFFE Property and any and all CBOT Marketing Materials containing or displaying the Marks in the CBOT's possession and/or control.

14.1.2 In Market Participants' Possession. Upon or prior to the effective date of expiration or termination of this Agreement, the CBOT shall, at the CBOT's expense, (a) require each Market Participant to (i) immediately cease use of the Equipment and all Licensed Technology; (ii) as LIFFE may elect, either promptly return to LIFFE or permit LIFFE to repossess all Equipment in such Market Participant's possession and/or control; and (iii) promptly return to LIFFE or, with LIFFE's written consent destroy and certify as destroyed, any and all other LIFFE Property and any and all CBOT Marketing Materials containing

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

or displaying the Marks within such Market Participant's possession and/or control; and (b) notwithstanding the foregoing **Section 14.1.2(a)**, return to LIFFE any LIFFE Property that has been provided to the CBOT by any Market Participant, promptly upon the CBOT's receipt thereof.

14.2 **Third Party Obligations.** In the event of termination of this Agreement, LIFFE will use commercially reasonable efforts to terminate any contracts with third parties relating to LIFFE's obligations hereunder (or relevant portions thereof). Notwithstanding the foregoing, the CBOT shall be obligated to reimburse LIFFE for any and all costs and expenses relevant to this Agreement for which LIFFE is contractually obligated to such third parties as of the termination hereof; *provided that* (a) LIFFE has used commercially reasonable efforts to mitigate such costs and expenses and (b) LIFFE has, within ninety (90) days of the effective date of termination of this Agreement, notified the CBOT of the existence and term of the contract, the identity of the counterparty to the contract, and the estimated amount of the CBOT's payment obligation in respect of such contract.

14.3 **Transition.** In the event of LIFFE's notice of termination to the CBOT pursuant to **Section 13.3.1** for a material breach that is incapable of remedy, LIFFE shall continue to provide to the CBOT the Managed Services for a period of up to nine (9) months from the date upon which notice of termination is given (the "**Transition Period**"); *provided that*, within thirty (30) days following notice of termination, (a) the CBOT has accepted full liability for such material breach via written notice to LIFFE in a form acceptable to LIFFE, in LIFFE's sole discretion; and (b) the CBOT has submitted to LIFFE reasonable assurances that it has employed measures sufficient to prohibit repetition of such material breach. Notwithstanding the foregoing, (i) during any Transition Period, LIFFE shall not be held liable for any failure to perform any obligations under this Agreement (x) that have been transitioned by the CBOT to a Person other than LIFFE, or (y) that have been wound down or phased out; and (ii) in the event of the CBOT's breach of any of its material obligations under this Agreement during any Transition Period, LIFFE may terminate this Agreement immediately upon notice to the CBOT.

14.4 **Survival.** The expiration or termination of this Agreement for any reason will not affect the accrued rights of the Parties or the right of either Party to sue for damages arising from a breach of this Agreement. Notwithstanding expiration or termination of this Agreement, the CBOT shall remain liable to pay LIFFE all sums accrued or due on or prior to the effective date of expiration or termination. **Sections 5.2, 5.3.1(b), 5.3.1(c)(i), 5.3.1(d)(i), 5.3.3, 5.3.4, 5.3.5, 5.3.6.2, 6.4, 6.5, 7.2, 8, 9.4, 11, 14, 15, 16, 17, 18, 19, 20, 21, 22, 24, 27, 28, 29, 30, 31, 32 and 34** shall survive beyond the effective date of termination or expiration of this Agreement and shall remain in full force and effect.

15. **Proprietary Rights**

15.1 **LIFFE Property.** As between the CBOT and LIFFE, all rights, title and interest in and to the Licensed Technology and all portions thereof (*excluding* the third party software specified in Schedule E of the Software License Agreement), including but not limited to, all Software, Upgrades, and Documentation; all Confidential Information of LIFFE; all Equipment; all Replacements; the Core Network; the Marks; all other materials whatsoever relating to the Licensed Technology and/or the Equipment and/or the Core Network and provided by LIFFE to the CBOT and/or any Market Participants, including any gateways, hubs, routers, cables, cabinets and servers; and any other materials provided by or on behalf of LIFFE to the CBOT and/or any Market Participants under this Agreement; including all copyrights, trademarks, patents, trade secrets and other intellectual property inherent in the foregoing or appurtenant thereto (collectively, "**LIFFE Property**") shall be and remain vested in LIFFE (or LIFFE's Affiliates, suppliers or licensors, as applicable). To the extent, if any, that ownership of the LIFFE Property does not automatically vest in LIFFE by virtue of this Agreement or otherwise, the

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

CBOT hereby transfers and assigns to LIFFE, as of the date of creation, all rights, title and interest which the CBOT may have in and to such LIFFE Property. The CBOT undertakes, at the CBOT's expense, to do or cease to do all such acts as LIFFE may reasonably direct, and to execute, or cause its employees, agents and/or subcontractors to execute, all such documents as LIFFE deems reasonably necessary or helpful to assure further the rights, title and interest of LIFFE or its nominee in and to such LIFFE Property.

15.2 CBOT Property. Notwithstanding the foregoing **Section 15.1**, as between the CBOT and LIFFE, all rights, title and interest in and to (a) the CBOT Technology (if any); (b) Market Data; (c) Trade Data; (d) Standing Data; (e) all Confidential Information of the CBOT; and (f) all copyrights, trademarks, patents, trade secrets and other intellectual property inherent in the foregoing or appurtenant thereto (collectively, the "**CBOT Property**") shall be and remain vested in the CBOT. To the extent, if any, that ownership of the CBOT Property does not automatically vest in the CBOT by virtue of this Agreement or otherwise, LIFFE hereby transfers and assigns to the CBOT, as of the date of creation, all rights, title and interest which LIFFE may have in and to such CBOT Property. LIFFE undertakes, at LIFFE's expense, to do or cease to do all such acts as the CBOT may reasonably direct, and to execute, or cause its employees, agents and/or subcontractors to execute, all such documents as the CBOT deems reasonably necessary or helpful to assure further the rights, title and interest of the CBOT or its nominee in and to such CBOT Property.

16. Confidentiality

16.1 Confidential Information. Subject to **Section 16.2**, each Party shall treat as confidential the terms and conditions of this Agreement (*excluding* the existence of this Agreement), all information (a) marked as confidential, "CBOT Restricted" and/or "LIFFE Restricted" (as applicable) or (b) which the recipient should reasonably know, by its nature or the manner of its disclosure, to be confidential (including, but not limited to, the information and materials the CBOT has obtained rights to use hereunder), which either Party may receive or have access to during or prior to the performance of this Agreement ("**Confidential Information**"). Neither Party shall (i) use the Confidential Information of the other Party for any purpose other than the performance of its obligations under this Agreement, the Software License Agreement, or the Development Services Agreement, or (ii) divulge such Confidential Information (x) without the other Party's prior written consent, to anyone other than the employees, subcontractors, consultants or advisors of such Party who are subject to nondisclosure obligations and to whom such disclosure is reasonably necessary to facilitate the performance of this Agreement; or (y) unless requested pursuant to a judicial or governmental request, requirement or order under law (including disclosure obligations of the Parties under applicable securities laws), in which case, if not so prohibited by a regulatory or other governmental authority or an order of a court of competent jurisdiction, the receiving Party will promptly notify the other Party of such request; *provided that*, if, in the opinion of counsel to the receiving Party, such disclosure is required under securities laws, the receiving Party, in consultation with the other Party, shall additionally use good faith efforts to secure confidential treatment of the information so disclosed. "Confidential Information" of LIFFE includes, but is not limited to, Restricted Documentation and the source code of the Software. For the avoidance of doubt, with respect to Confidential Information of LIFFE that has been disclosed to the CBOT or to which the CBOT has access, the CBOT shall neither provide or permit [**] access to, nor permit any other Person to provide or permit [**] access to, any Confidential Information of LIFFE or any derivative work based on such Confidential Information.

16.2 Exclusions. Notwithstanding **Section 16.1**, Confidential Information will not include information (a) which is independently developed by the receiving Party or is lawfully received free of restriction from another source that, to the receiving Party's knowledge, has the right to furnish such

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

information; (b) after it has become generally available to the public by acts not attributable to the receiving Party or its employees, consultants or advisors; or (c) which, at the time of disclosure to the receiving Party, was known to the receiving Party free of restriction.

17. Warranties

17.1 LIFFE. LIFFE warrants that (a) it has the requisite corporate power and authority to execute and perform this Agreement; (b) its execution and performance of its obligations hereunder will not violate any other agreement or regulatory obligation to which it is bound; and (c) to LIFFE's knowledge, the Software contains no Malicious Code. EXCEPT AS SPECIFICALLY PROVIDED IN THIS AGREEMENT, LIFFE MAKES NO, AND HEREBY DISCLAIMS ALL, WARRANTIES, CONDITIONS, UNDERTAKINGS, TERMS OR REPRESENTATIONS, EXPRESSED OR IMPLIED BY STATUTE, COMMON LAW OR OTHERWISE, IN RELATION TO THE SERVICES OR THE LICENSED TECHNOLOGY, EQUIPMENT, CORE NETWORK, OR MARKS, OR ANY PORTION OF THE SAME OR THE USE THEREOF, INCLUDING BUT NOT LIMITED TO ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. LIFFE FURTHER DISCLAIMS ALL WARRANTIES, IMPLIED OR OTHERWISE, RELATING TO ANY THIRD PARTY MATERIALS.

17.2 The CBOT. The CBOT hereby warrants to LIFFE that (a) it has the requisite corporate power and authority to execute and perform this Agreement; (b) its execution and performance of its obligations hereunder will not violate any other agreement or regulatory obligation to which it is bound; (c) it is a valid licensee of the Wagner/eSpeed Patent pursuant to Attachment B to that certain "Settlement Agreement" between the CBOT, The Chicago Mercantile Exchange, Electronic Trading Systems Corporation and eSpeed, entered into as of August 26, 2002, in settlement of eSpeed, Inc. and Electronic Trading Systems Corporation v. The Board of Trade of the City of Chicago and The Chicago Mercantile Exchange, before the United States District Court for the Northern District of Texas (Civil Action No. 3:99-CV-1016-M) (the "Wagner License"), a copy of which has been provided to LIFFE; and (d) the Services, the Equipment and Licensed Technology provided hereunder, and the use of such Equipment and Licensed Technology by or on behalf of the CBOT and Market Participants, are encompassed by such Wagner License and will not violate the terms of the Wagner License. EXCEPT AS SPECIFICALLY PROVIDED IN THIS AGREEMENT, THE CBOT MAKES NO, AND HEREBY DISCLAIMS ALL, WARRANTIES, CONDITIONS, UNDERTAKINGS, TERMS OR REPRESENTATIONS, EXPRESSED OR IMPLIED BY STATUTE, COMMON LAW OR OTHERWISE, IN RELATION TO THE LICENSED TECHNOLOGY AND CBOT PROPERTY OR ANY PORTION OF THE SAME OR THE USE THEREOF, INCLUDING BUT NOT LIMITED TO ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.

18. Indemnification

18.1 By LIFFE, LIFFE shall defend, indemnify and hold the CBOT and its Affiliates, and the officers, directors, employees, agents, and representatives of the CBOT and its Affiliates ("CBOT Indemnitees") harmless from and against all costs, claims, demands, losses, expenses and liabilities of any nature whatsoever (including reasonable attorneys fees) ("Losses") incurred or suffered by such CBOT Indemnitees arising out of, or in connection with, any third party claim, demand, or cause of action (each, a "Claim") to the extent such Claim is based upon or arises out of (a) LIFFE's gross negligence or willful misconduct; (b) LIFFE's material breach of this Agreement or any part hereof; (c) [**] or (d) [**]; *provided that* (i) the CBOT shall take no other action which the CBOT, in its reasonable judgment, believes would be contrary to LIFFE's interests relative to the Claim; (ii) LIFFE (or any Person acting on

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

behalf of or authorized by LIFFE), at its own expense, shall be entitled to have sole conduct and control of all legal proceedings in connection with the Claim or the settlement or other compromise thereof; (iii) the CBOT shall give LIFFE (and any Person acting on behalf of or authorized by LIFFE) all reasonable assistance therewith, at LIFFE's reasonable expense; and (iv) the CBOT shall use good faith efforts to notify LIFFE as soon as possible, but in any event within five (5) Business Days, after the CBOT becomes aware of the Claim. Notwithstanding the foregoing, LIFFE shall have no obligation to defend, indemnify, or hold any CBOT Indemnitee harmless from or against any Losses incurred or suffered by such CBOT Indemnitee (x) as a result of the gross negligence or willful misconduct of the CBOT Indemnitee or any Market Participant, or (y) to the extent any Losses are attributable to the fact that the use of the Licensed Technology and/or Equipment by the CBOT, other CBOT Indemnitee, or any Market Participant has not been in accordance with this Agreement.

18.2 By the CBOT. The CBOT shall defend, indemnify and hold LIFFE, its Affiliates, and the officers, directors, employees, agents, and representatives of LIFFE and its Affiliates ("LIFFE Indemnitees") harmless from and against all Losses incurred or suffered by such LIFFE Indemnitees arising out of, or in connection with, any third party Claim to the extent such Claim is based upon or arises out of: (a) the CBOT's material breach of this Agreement or any part hereof; (b) the gross negligence or willful misconduct of the CBOT, any of its Affiliates, or any Members or Market Participants; (c) the CBOT Property or LIFFE's use thereof; (d) the CBOT's use of the Licensed Technology, the Equipment, the Core Network or the Marks in contravention of this Agreement; (e) any violation by any Market Participant of the restrictions set forth in **Section 5.3.4**; (f) any Claim that the Services provided hereunder, the Equipment, the Core Network or the Licensed Technology provided hereunder, or the use thereof by or on behalf of the CBOT or Market Participants, infringes or otherwise violates the Wagner/eSpeed Patent; and (g) violation of the LIFFE Core Network Acceptable Use Policy by the CBOT and/or any Market Participant, *except that* the CBOT shall have no obligations in respect of this **Section 18.2(a), (d)** or **(g)** with regard to any Claim to the extent such Claim is (i) based on a failure by the CBOT or any Market Participant to comply with the LIFFE Core Network Acceptable Use Policy and (ii) brought by (x) third party exchanges directly using the Core Network or (y) third party members, independent software vendors or quote vendors participating in such third party exchanges or the Euronext.liffe Exchanges (as defined in the Software License Agreement) directly using the Core Network; *provided that* (A) LIFFE shall take no action which LIFFE, in its reasonable judgment, believes would be contrary to the CBOT's interests relative to the Claim; (B) the CBOT (or any Person acting on behalf of or authorized by the CBOT), at its own expense, shall be entitled to have sole conduct and control of all legal proceedings in connection with the Claim or the settlement or other compromise thereof; (C) LIFFE shall give the CBOT (and any Person acting on behalf of or authorized by the CBOT) all reasonable assistance in connection therewith at the CBOT's reasonable expense; and (D) LIFFE shall use good faith efforts to notify the CBOT as soon as possible, but in any event within five (5) Business Days, after LIFFE becomes aware of the Claim. Notwithstanding the foregoing, the CBOT shall have no obligation to defend, indemnify, or hold any LIFFE Indemnitee harmless from or against any Losses incurred or suffered by such LIFFE Indemnitee as a result of the gross negligence or willful misconduct of the LIFFE Indemnitee.

19. Liability

19.1 Specific Limitations. LIFFE shall have no liability to the CBOT for any breach of this Agreement or any Losses (including, but not limited to, the CBOT's inability to use any part of the Licensed Technology or Equipment or Core Network and the interruption or corruption of any data or information stored, used, generated or transmitted on or via any Licensed Technology or Equipment or Core Network) under this Agreement arising from (a) any defect in the Licensed Technology, Equipment or Core Network of which LIFFE has not received notice of from the CBOT within five (5) Business

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

Days following the first date upon which the CBOT discovered or otherwise became aware of such defect, (b) any Force Majeure Event, or (c) any Trading Applications or other Third Party Materials.

19.2 General Limitation. EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT, NEITHER PARTY SHALL HAVE LIABILITY TO THE OTHER FOR ANY LOSS, DAMAGE OR INJURY, DIRECT OR INDIRECT, WHETHER OR NOT CAUSED BY THE NEGLIGENCE OF SUCH PARTY, ITS AFFILIATES, OR THE OFFICERS, EMPLOYEES, AGENTS OR REPRESENTATIVES OF SUCH PARTY OR OF ANY OF ITS AFFILIATES, EXCEPT THAT EACH PARTY SHALL ACCEPT LIABILITY FOR (A) MATERIAL BREACH OF THIS AGREEMENT, (B) THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF SUCH PARTY, ITS AFFILIATES OR THE OFFICERS, EMPLOYEES, AGENTS OR REPRESENTATIVES OF SUCH PARTY OR OF ANY OF ITS AFFILIATES, AND (C) FOR DEATH, PERSONAL INJURY AND DIRECT PHYSICAL DAMAGE TO THE TANGIBLE PROPERTY OF THE OTHER CAUSED BY SUCH PARTY, ITS AFFILIATES OR THE OFFICERS, EMPLOYEES, AGENTS OR REPRESENTATIVES OF SUCH PARTY OR OF ANY OF ITS AFFILIATES. EXCEPT WITH REGARD TO EITHER PARTY'S BREACH OF ITS CONFIDENTIALITY OBLIGATIONS UNDER SECTION 16 OR ITS WARRANTIES SET FORTH IN SECTION 17, NEITHER PARTY SHALL BE LIABLE TO THE OTHER HEREUNDER FOR ANY INDIRECT OR CONSEQUENTIAL LOSS, OR FOR LOSS OF PROFITS, GOODWILL OR CONTRACTS, WHETHER ARISING FROM NEGLIGENCE, BREACH OF CONTRACT OR OTHERWISE, AND WHETHER OR NOT EITHER PARTY SHALL HAVE BEEN ADVISED OF OR OTHERWISE MIGHT HAVE ANTICIPATED THE POSSIBILITY OF SUCH DAMAGES.

19.3 Limitation of Liability. The cumulative liability of LIFFE under this Agreement, the Software License Agreement and the Development Services Agreement, during the respective terms of this Agreement, the Software License Agreement and the Development Services Agreement, however arising, will not exceed [**]; *provided, however*, that the limitations set forth in this Section 19.3 will not apply to (a) liability of LIFFE for death or personal injury; (b) fraudulent acts or omissions; or (c) violations of the confidentiality obligations of Section 16.

19.4 Claims Against Individuals. Where the liability of a Party (including, but not limited to, any liability with respect to the officers, employees, agents or representatives of a Party or any of its Affiliates) has been excluded or restricted hereunder, each Party agrees that it shall not bring any claim against any officers, employees, agents or representatives of the other Party or any of its Affiliates or join such officers, employees, agents or representatives in any claim such that the liability of such officers, employees, agents or representatives and such other Party, when taken together, would be greater than the liability of such other Party hereunder.

20. Dispute Resolution

20.1 Escalation. As used herein, "Disputes" means any claims, disputes, controversies, and other matters in question between the Parties arising out of or relating to this Agreement or the breach hereof (*excluding* any third party claims against LIFFE or the CBOT subject to indemnification pursuant to Section 18, *but including* any disagreements as to indemnification rights hereunder). Any Dispute between the Parties that (a) relates to Program Services or (b) relates to Managed Services and has not been resolved by the Governance Committee in accordance with Schedule C, shall in the first instance be referred to the Parties' Relationship Managers for discussion and resolution. If the Dispute is not resolved by the Relationship Managers within five (5) Business Days, the Dispute will be referred to the Managing Director of LIFFE Market Solutions and a representative of the CBOT at an equivalent level, who must discuss and, if appropriate, meet within five (5) Business Days to attempt to resolve the

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

Dispute. If the Dispute is not resolved by such second representatives within five (5) Business Days, the Dispute will be referred to the Parties' Chief Executive Officers who must discuss and, if appropriate, meet within five (5) Business Days to attempt to resolve the Dispute. If any representative of either Party referred to in this **Section 20.1** is not available for any reason, the affected Party shall be entitled to appoint an appropriate substitute.

20.2 **Mediation.** If the Parties cannot resolve any Dispute in accordance with **Section 20.1** within thirty (30) Business Days, they may refer the Dispute to mediation, to be conducted by a single mediator in (i) Chicago, Illinois, if LIFFE has initiated the Dispute, or (ii) London, England, if the CBOT has initiated the Dispute. The Parties shall use good faith efforts to agree upon a mediator. If the Parties are unable to agree upon a mediator within thirty (30) Business Days, the Parties may seek judicial resolution and remedy of the Dispute without first proceeding with mediation. The Parties shall use good faith efforts to hold the mediation within thirty (30) Business Days following the selection of a mediator. Unless otherwise agreed by the Parties, no decision resulting from the mediation proceedings will be binding upon the Parties. Unless expressly provided herein, each Party will bear its own costs (including attorneys fees) relating to the mediation, but the Parties will share equally the fees and expenses charged by the mediator.

20.3 **Arbitration.** If a Dispute is not resolved in accordance with **Section 20.2**, then either Party may provide written notice to the other Party of an intention to refer the Dispute to arbitration. Any such arbitration shall be: (a) binding; (b) administered by the International Centre for Dispute Resolution ("ICDR") of the American Arbitration Association ("AAA"); (c) conducted in accordance with the International Arbitration Rules of the AAA (the "**AAA Rules**"), as such AAA Rules may be amended from time to time, except to the extent this **Section 20.3** provides otherwise; (d) held in Chicago, Illinois, if the Dispute is initiated by LIFFE and in London, England if the Dispute is initiated by the CBOT; and (e) conducted using the English language. Upon filing a claim, the filing Party will simultaneously provide written notice of such claim to the other Party and to the relevant administrator at the ICDR.

- 20.3.1 **Selection of Arbitrators.** Within ten (10) Business Days of receipt of the ICDR initiation letter, each Party shall select one neutral individual to act as arbitrator. In addition, the Parties shall submit a written request to AAA to use its normal procedures pursuant to the AAA Rules to appoint the third arbitrator within five (5) Business Days of AAA's receipt of such request. The arbitrator appointed by AAA shall serve as the chairperson of the arbitration panel. The Parties agree that the selection of arbitrators must be completed within twenty-five (25) Business Days of receipt by both Parties of the ICDR initiation letter.
- 20.3.2 **Cooperation.** The Parties shall cooperate with each other in causing the arbitration to be held in as efficient and expeditious a manner as practicable, and in this respect to furnish such documents and make available such personnel as the arbitrators may request.
- 20.3.3 **Reduction of Losses.** The Parties have selected arbitration to expedite the resolution of Disputes and to reduce the costs and burdens associated with litigation. The Parties agree that the arbitrators should take these concerns into account when determining whether to authorize discovery and, if discovery is authorized, the scope of permissible discovery and other hearing and pre-hearing procedures. The arbitrators shall render an award, including a written decision, within ninety (90) calendar days after the arbitration notice is provided, unless

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

the Parties otherwise agree or the arbitrators make a finding that a Party has carried the burden of showing good cause for a longer time period.

- 20.3.4 Binding Decision. The decision or award of the arbitrators will be final and binding, and may be used as a basis for judgment thereon in any jurisdiction. The award shall be in writing, shall be signed by a majority of the arbitrators, and shall include a written decision setting out the reasons for the disposition of any claim.
- 20.3.5 Punitive Damages. Without limiting any other remedies that may be available under applicable law, the arbitrators shall have no authority to award punitive damages.
- 20.3.6 Confidentiality. All proceedings and decisions of the arbitrators shall be maintained in confidence to the extent legally permissible, and shall not be made public by any Party or any arbitrator without the prior written consent of the Parties, *except* as may be required by applicable laws.
- 20.3.7 Losses. Each Party shall bear its own costs and attorneys fees, and the Parties shall equally bear the fees, costs, and expenses of the arbitrators and the arbitration proceedings charged by the arbitrators ("**Arbitration Fees**"); *provided, however*, that (a) the filing Party shall pay any filing fees charged by the AAA; and (b) the arbitrators may exercise discretion to award costs, but not attorneys fees or Arbitration Fees, to the prevailing Party.
- 20.3.8 Obligations. The commencement and pendency of an arbitration under this **Section 20.3** shall not relieve either of the Parties of their respective obligations under this Agreement.
- 20.3.9 Limitations. A demand for arbitration shall not be made after the date when institution of legal or equitable proceedings based upon such dispute would be barred by the applicable statute of limitations or laches under the laws of the State of Illinois, and the Parties expressly waive any causes of action relating to any Dispute not brought within the period set forth therein.

20.4 Limitations. Notwithstanding **Sections 20.2** and **20.3**, nothing herein restricts the rights of either Party to seek judicial resolution and remedy of (i) any Disputes, following compliance with **Sections 20.2** and **20.3**, or (ii) any claims, disputes, controversies, or other matters in question between the Parties arising out of either Party's breach of its obligations pursuant to **Section 16** or **Section 17**.

21. Entire Agreement

This Agreement, together with the Software License Agreement and the Development Services Agreement entered into by the Parties, constitutes the entire understanding between the Parties with respect to the subject matter hereof and supersedes all prior representations, agreements, negotiations and discussions between the Parties, including that Letter Agreement entered into by the Parties as of February 4, 2003.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

22. **Schedules**

Each of the schedules attached hereto is a part of and incorporated into this Agreement. Unless otherwise indicated therein, all capitalized terms contained within the Schedules will have the meanings ascribed to them in the main body of this Agreement.

23. **Amendments**

Except as expressly provided for herein, this Agreement may be amended only by an instrument in writing signed by a duly authorized representative of each Party.

24. **Binding Provisions/Third Party Beneficiaries**

This Agreement is binding upon, and shall inure to the benefit of, the Parties and their respective administrators, legal representatives, successors, and permitted assigns. The Parties agree that no provision of this Agreement is intended, expressly or by implication, to purport to confer a benefit or right of action upon a third party (whether or not in existence, and whether or not named, as of the Effective Date).

25. **Assignment and Sublicensing**

Except as otherwise expressly provided herein, the CBOT shall not assign, transfer or sublicense any right or obligation under this Agreement without the prior written approval of LIFFE. Notwithstanding the foregoing, the CBOT may assign this Agreement to the Electronic Chicago Board of Trade, Inc.; *provided that*, in the event of any assignment, the CBOT will provide to LIFFE a written guarantee of the performance of all obligations of the Electronic Chicago Board of Trade, Inc., the specific terms of which guarantee shall be agreed upon by the Parties. LIFFE may, in LIFFE's sole discretion, assign this Agreement and/or some or all of its rights and obligations under this Agreement to an Affiliate of LIFFE that is capable of performing the obligations of LIFFE under this Agreement.

26. **Force Majeure**

If the performance of this Agreement by either Party is prevented, hindered, delayed or otherwise made impracticable by reason of any Force Majeure Event, that Party shall be excused from such performance to the extent that it is prevented, hindered or delayed by such cause. In the event a Party becomes aware of a Force Majeure Event that will affect its performance under this Agreement, it shall notify the other Party as soon as reasonably practicable. The Parties shall thereafter work together to take reasonable steps to mitigate the effects of any inability to perform, if practicable.

27. **Separability of Provisions**

Each provision of this Agreement shall be considered separable; and if, for any reason, any provision of this Agreement is determined by a court of competent jurisdiction to be invalid, unlawful, or unenforceable, such determination shall not affect the enforceability of the remainder of this Agreement or the validity, lawfulness, or enforceability of such provision in any other jurisdiction.

28. **Waiver**

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

The failure of a Party to exercise or enforce any right conferred upon it by this Agreement shall not be deemed to be a waiver of any such right or operate so as to bar the exercise or enforcement thereof at any time or times hereafter.

29. Remedies Not Exclusive

No remedy conferred by any provision of this Agreement is intended to be exclusive of any other remedy, except as expressly provided in this Agreement, and each and every remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing in law or in equity or by statute or otherwise.

30. Notices

Except as otherwise expressly provided herein, all notices, certifications, requests, demands, payments and other communications hereunder: (a) shall be in writing; (b) may be delivered by certified or registered mail, postage prepaid; by hand; by facsimile; or by any internationally recognized private courier; (c) shall be effective (i) if mailed, on the date ten (10) days after the date of mailing or (ii) if hand delivered, faxed, or delivered by private courier, on the date of delivery; and (d) shall be addressed as follows:

If to the CBOT:

Board of Trade of the City of Chicago, Inc.
141 West Jackson Boulevard, Suite 600-A
Chicago, Illinois 60604 U.S.A.
Attention: Carol A. Burke

If to LIFFE:

LIFFE Administration and Management
Cannon Bridge House
1 Cousin Lane
London, EC4R 3XX (England)
Attention: Company Secretary

or to such other address or addresses as may hereafter be specified by notice given by one Party to the other.

31. Announcements

Neither Party may refer to this Agreement in any publicity or advertising materials without the other Party's prior written consent.

32. Interpretation

32.1 Headings, Gender, "Including," "Control" and Person. References to sections and schedules are to sections of and schedules to this Agreement unless otherwise indicated. Section headings are inserted for convenience of reference only and shall not affect the construction of this Agreement. The masculine gender shall include the feminine and the singular number shall include the plural, and vice versa. Any use of the word "including" will be interpreted to mean "including, but not limited to,"

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

unless otherwise indicated. Any use of the terms “controlling,” “controlled by” or “under common control with” shall have a meaning consistent with the definition of “Control” set forth in **Section 1**. References to any Person (including the Parties and any other entities referred to) shall be construed to mean such Person and its successors in interest and permitted assigns, as applicable.

32.2 **Inconsistency**. In the event of any inconsistency between the terms of the main body of this Agreement and any Schedule hereto, the terms of the main body of this Agreement will govern to the extent of the inconsistency.

33. Further Assurances

The Parties shall execute all such further documents and do all such further acts as may be necessary to carry the provisions of this Agreement into full force and effect.

34. Governing Law

The validity and effectiveness of this Agreement shall be governed by and construed and enforced in accordance with the internal laws of the State of Illinois, without giving effect to the provisions, policies or principles of any state law relating to choice or conflict of laws. Subject to **Section 20**, any legal action or proceeding with respect to this Agreement may be brought exclusively in the Federal or state courts located in Chicago, Illinois, including the United States District Court for the Northern District of Illinois. The United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Agreement and is hereby disclaimed.

35. Counterparts

This Agreement may be executed in two counterparts, each of which when so executed and delivered shall be deemed an original, and both of which together shall constitute but one and the same instrument.

B-1

SCHEDULE C

MANAGED SERVICES AND MAINTENANCE SERVICES GOVERNANCE

1. Project Manager and Service Manager

- 1.1 Appointments. LIFFE shall appoint and inform the CBOT of the identity of a service manager to oversee the Managed Services and the Maintenance Services on a day-to-day basis ("LIFFE's Service Manager"). The CBOT shall appoint and inform LIFFE of the identity of CBOT's Project Manager. Each Party shall promptly notify the other Party in writing of any substitutions or replacements of LIFFE's Service Manager or CBOT's Project Manager, as applicable, and shall take all reasonable steps to minimize any potentially adverse effects of such changes.
- 1.2 Meetings. Following the end of each Service Period, LIFFE's Service Manager and CBOT's Project Manager will meet in person and/or conference telephonically, as the Parties may agree ("Service Review"), at least once a month (i) to review the Managed Services and the Maintenance Services and discuss the day-to-day operational issues arising from the provision of such Services by LIFFE, including any management or financial issues relating to the Managed Services or the Maintenance Services, and Change Requests; and (ii) to compare (x) the actual Managed Services provided during the Service Period immediately preceding the date of the meeting to (y) the Service Targets for such Service Period. LIFFE shall, in consultation with the CBOT, prepare (a) a report regarding such comparison of the Managed Services to the Service Targets (a "Service Report"); and (b) minutes of the Service Review meeting.
- 1.3 Service Review. If the reviews conducted pursuant to Paragraph 1.2 above indicate either that (a) a Service Threshold or CBOT Electronic Exchange Parameter in respect of one of the Managed Services was exceeded during the relevant Service Period or (b) a Service Target was not met during the Service Period, LIFFE's Service Manager will initiate a further service review with CBOT's Project Manager to establish an appropriate course of action in relation to the exceeded Service Threshold and/or CBOT Electronic Exchange Parameter, and/or missed Service Target. Such courses of action may include:
- (i) Renegotiation of the relevant Service Threshold and/or Service Target;
 - (ii) No action; or
 - (iii) Changes implemented by LIFFE and/or the CBOT.
- 1.4 Escalation. LIFFE's Service Manager and CBOT's Project Manager shall, as promptly as reasonably practicable, escalate to the Governance Committee any issues LIFFE's Service Manager and CBOT's Project Manager are unable to resolve between them.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

1.5 Reports.

- (a) Service Reports. The Interim Service Reports and the Service Reports shall be prepared by LIFFE, in consultation with the CBOT, as set forth in accordance with Paragraph 1.2 above.
- (b) Reports for Governance Committee. CBOT's Project Manager and LIFFE's Service Manager shall work together to prepare reports relating to (i) any issue requiring escalation to the Governance Committee in accordance with Paragraph 1.4 above, and (ii) any other matters the Parties wish to present to the Governance Committee, including, for example, Market Participant issues relating to the Managed Services or the Maintenance Services and overviews of LIFFE's performance of the Managed Services (the Interim Service Reports, the Service Reports, and such other reports prepared pursuant to this Paragraph 1.5(b), collectively, the "Reports").

2. The Governance Committee

- 2.1 Composition of Committee. In accordance with such terms as the Parties agree upon, the Parties shall establish a "Governance Committee." LIFFE's Service Manager and the CBOT's Project Manager shall co-chair the Governance Committee. Constitution of the remaining members of the Governance Committee shall be as agreed upon by the Parties.
- 2.2 Objectives. The objective of the Governance Committee is to act as a forum for each Party to raise and address any operational issues that may arise with respect to the Managed Services or the Maintenance Services, including (a) issues that have not been resolved between CBOT's Project Manager and LIFFE's Service Manager; (b) Change Requests regarding the Managed Services or the Maintenance Services; (c) Market Participant issues relating to the Managed Services or the Maintenance Services; and (d) an overview of LIFFE's performance of the Managed Services and the Maintenance Services.
- 2.3 Meetings. The Governance Committee shall meet in person and/or conference telephonically, as the Parties may agree, at least monthly. Meetings of the Governance Committee may be called upon reasonable notice by either Party. The agenda for the monthly meetings shall include the following:
 - (i) Managed Services performance levels during the preceding month and, in particular, conformity with the Service Targets;
 - (ii) Progress of Change Requests regarding the Managed Services or the Maintenance Services; and
 - (iii) Any relevant Market Participant issues arising during the preceding month.
- 2.4 Reports. At any meeting of the Governance Committee, the Parties may present (a) Change Requests under consideration pursuant to the Change Control Procedures and (b) any Reports; provided that such Change Requests and/or Reports have been distributed to each Governance Committee member prior to such meeting.

AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

SCHEDULE D
CHANGE CONTROL PROCEDURES

1. OVERVIEW

The change control procedures set forth herein and diagrammed in chart form in Appendix 1 to this Schedule D, shall be used whenever the CBOT or LIFFE has a requirement to change any component of the Services.

The individual designated by LIFFE to handle the day-to-day management of Change Requests and/or Summary Statements of Work on behalf of LIFFE ("LIFFE's Project Manager") will be the principal contact at LIFFE regarding the change control procedures and will serve as the administrator of the Change Control Procedures. The representative of the Party requesting the change will be referred to herein as the "Change Requester."

2. PROCEDURES

2.1 SUBMIT CHANGE REQUEST

- (a) To initiate the change control process, the Change Requester must set forth on a Change Request Form, a copy of which is attached as Appendix 2 to this Schedule D: (i) the name of the Party requesting the change, (ii) the Change Requester's name, (iii) the date of the request, (iv) a description of the desired change, (v) the designated priority of such change (i.e., high, normal or low) and (vi) the reason(s) for requesting the change.
- (b) The Change Requester must then send the Change Request Form to LIFFE's Project Manager.
- (c) LIFFE's Project Manager will, within twenty-four (24) hours of receipt of the Change Request Form, acknowledge such receipt by (i) issuing a number to correspond with the Change Request Form; (ii) noting on the Change Request Form the date of receipt of the Change Request Form, the name of LIFFE's Project Manager, the Change Request Form number issued, and the date of issuance of such number; and (iii) signing and dating the appropriate portion of the Form. LIFFE's Project Manager will then (x) send to the Change Requester and, if the Party requesting the change is LIFFE, to the CBOT's Project Manager, a copy of the acknowledged Change Request Form and (y) record on the Change Request Form the date such acknowledged Change Request Form was sent.

2.2 PRELIMINARY REVIEW OF CHANGE REQUEST

Following acknowledgment of receipt of the Change Request Form, LIFFE's Project Manager will undertake a preliminary review of the Change Request Form to ensure that the Change Requester has provided the requisite details. If LIFFE's Project Manager, in his or her reasonable judgment, determines that the information provided is insufficient, LIFFE's Project Manager will contact the Change Requester to request additional information. This cycle will continue until (i) the requested information is provided or (ii) the Parties agree to file the Change Request Form and close the matter accordingly. LIFFE's

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Project Manager will not proceed with further assessment of the change request until and unless such additional information is obtained. If LIFFE's Project Manager disagrees with the priority of the requested change designated on the Change Request Form, LIFFE's Project Manager and CBOT's Project Manager shall review and discuss the nature of the requested change and agree upon the priority for such change.

2.3 DETERMINATION OF WHETHER AN INITIAL ASSESSMENT IS TO BE CONDUCTED

- (a) Once LIFFE's Project Manager determines a Change Request Form provides sufficient information and the portions of the Change Request Form noted above have been completed, LIFFE's Project Manager will, within (i) ten (10) Business Days, for a low priority change, (ii) four (4) Business Days, for a normal priority change, or (iii) two (2) Business Days, for a high priority change, thereafter contact the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, to discuss (i) whether an initial assessment of the change request is to be undertaken and (ii) the date by which any initial assessment should be completed.
- (b) If LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, agree that no initial assessment of the change request is to be undertaken, LIFFE's Project Manager will file the Change Request Form and close the matter accordingly.
- (c) In the circumstance where more than one initial assessment has been undertaken for a particular change request, the Parties may agree to halt the process of assessing the change request, in which case LIFFE's Project Manager will file the Change Request Form and close the matter accordingly.
- (d) [**]
- (e) [**]

2.4 INITIAL ASSESSMENT

- (a) If LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, agree that an initial assessment is to be undertaken, LIFFE's Project Manager will, unless otherwise agreed, commence such initial assessment within (i) ten (10) Business Days, for a low priority change, (ii) four (4) Business Days, for a normal priority change, or (iii) two (2) Business Days, for a high priority change, thereafter and shall use reasonable efforts to complete the initial assessment by the agreed upon completion date.
- (b) As applicable to the particular change request, [**]:
[**]
- (c) The Party requesting the change shall use reasonable efforts to ensure that the Change Requester and other appropriate personnel are available to provide to LIFFE's Project Manager information or other input or assistance relating to the initial assessment.

2.5 ACCEPTANCE OF INITIAL ASSESSMENT

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

- (a) Once an initial assessment has been completed, LIFFE's Project Manager will attach to the relevant Change Request Form a copy of any written results of the initial assessment and provide to the Change Requester and, if the Party requesting the change is LIFFE, the CBOT's Project Manager a copy of such results. LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, will then discuss the results of the assessment and determine (i) whether to accept or reject the initial assessment and (ii) if the initial assessment is rejected, whether to file the Change Request Form and close the matter or to continue performing the initial assessment.
- (b) If the initial assessment is rejected and no further work on the initial assessment is to be undertaken, LIFFE's Project Manager will file the Change Request Form and close the matter accordingly.
- (c) If the initial assessment is rejected and it is agreed that additional work on the initial assessment is to be conducted, LIFFE's Project Manager and Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, will agree upon a revised date of completion of the initial assessment and LIFFE's Project Manager will carry out such further work and repeat the applicable procedures set out in Paragraphs 2.4(b) and 2.5(a). This cycle will continue until LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, either (i) agree to the initial assessment and senior representatives of each Party have executed the appropriate section of the Change Request Form, or (ii) agree to file the Change Request Form and close the matter accordingly.

2.6 DETAILED PLAN

- (a) If LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, agree to the initial assessment, then senior representatives of each Party will indicate such acceptance on the Change Request Form by signing the appropriate section of the Change Request Form.
- (b) LIFFE's Project Manager will then coordinate the production of a "detailed plan" for the requested change and shall use reasonable efforts to complete the "detailed plan" by the agreed upon completion date. Each such "detailed plan" will include (i) an estimated schedule for implementation of the change requested, and (ii) the Charges which would be associated with implementation of the requested change.
- (c) The Parties shall use reasonable efforts to ensure that appropriate personnel are available to provide to LIFFE's Project Manager information or other input or assistance relating to creation of the detailed plan.

2.7 ACCEPTANCE OF DETAILED PLAN

- (a) Once the detailed plan has been completed, LIFFE's Project Manager will attach to the relevant Change Request Form a copy of the detailed plan and provide to the Change Requester and, if the Party requesting the change is LIFFE, the CBOT's Project Manager a copy of such detailed plan. Thereafter, LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Manager, will review the completed detailed plan and determine (i) whether to accept or reject the detailed plan and (ii) if the detailed plan is rejected, whether to file the Change Request Form and close the matter or to continue working on the detailed plan.

- (b) If the detailed plan is rejected and no further work on the detailed plan is to be undertaken, LIFFE's Project Manager will file the Change Request Form and close the matter accordingly.
- (c) If the detailed plan is rejected and it is agreed that additional work on the detailed plan is to be conducted, LIFFE's Project Manager will carry out such further work and repeat the applicable procedures set forth in Paragraphs 2.6(b) and 2.7(a). This cycle will continue until LIFFE's Project Manager and the Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, accept the detailed plan or agree to file the Change Request Form and close the matter accordingly.

2.8 IMPLEMENT SOLUTION

- (a) If LIFFE's Project Manager and Change Requester and/or, if the Party requesting the change is LIFFE, the CBOT's Project Manager, agree to accept the detailed plan, then senior representatives of each Party (i) will indicate acceptance of the change requested and the detailed plan by signing the appropriate section of the Change Request Form and (ii) LIFFE's Project Manager will coordinate the implementation of the change requested as per the detailed plan.
- (b) The Parties shall use reasonable efforts to ensure that appropriate personnel are available to provide assistance with implementing the change requested as per the detailed plan.
- (c) LIFFE's Project Manager will periodically provide to the Parties a report of the current status of the implementation of the change requested.

2.9 COMPLETE CHANGE REQUEST

- (a) Once implementation has been completed, senior representatives of the Parties will each so indicate by signing the appropriate section of the Change Request Form.
- (b) LIFFE's Project Manager will thereafter (i) arrange for an invoice to be sent to the CBOT for any Charges associated with the build, test, and/or implementation as appropriate of the requested change and (ii) file the completed, and fully executed, Change Request Form.

SCHEDULE E

MASTER SUMMARY STATEMENT OF WORK

This Master Summary Statement of Work (this "SSOW"), dated as of the last date signed below (the "SSOW Execution Date") is between LIFFE ADMINISTRATION AND MANAGEMENT, a company incorporated in England and Wales ("LIFFE"), and BOARD OF TRADE OF THE CITY OF CHICAGO, INC., a Delaware corporation (the "CBOT").

This SSOW, including all Change Requests attached as Appendix A hereto, shall be incorporated by reference into the Managed Services Agreement between the Parties, dated as of May 1, 2003 (the "MSA"), and is subject to the terms and conditions of the MSA. Unless otherwise indicated, capitalized terms used but not otherwise defined herein shall have the meaning ascribed to them in the MSA.

1. **Definitions**

If used in this SSOW, the following expressions shall mean, respectively:

"Accepted" means issuance by the CBOT of an Acceptance Certificate in relation to the Software Change.

"Acceptance Criteria" means the criteria derived from the Software Change Specifications that must be met by the Software Change in order to pass the relevant Acceptance Test.

"Acceptance Test" means a test comprised of the Acceptance Criteria, Test Cases and Test Data, and carried out in accordance with the relevant Test Plan and Paragraph 3.

"Acceptance Testing" shall have the meaning set forth in Paragraph 2.2(c).

"Catch Up Period" shall have the meaning set forth in Paragraph 2.3.2.

"CBOT Defect" shall have the meaning set forth in Paragraph 3.3.2.2.

"CBOT Deliverables" means any and all software, documentation, or other deliverables required to be provided by the CBOT pursuant to this SSOW.

"CBOT Software" shall have the meaning set forth in Paragraph 3.1.

"Documentation" means any operating manuals, user instructions, technical literature, and other documentation supplied by LIFFE to the CBOT for the purposes of assisting the CBOT's use of and/or access to the Software Change and incorporation of the Software Change into the Trading System.

"Evidence" means evidence of a defect in the Software Change, including the date the defect is detected; the environment (test or production) in which the defect occurred; the business impact

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

of the defect; component or subsystem—with the version number in which the defect is detected; the transaction being executed upon detection of the defect; the screen name if the defect can be evidenced by an online component; any inputs (including Standing Data) evidencing the defect; expected outputs/behavior; outputs (such as messages and message logs) evidencing the defect; whether the market mode at the time of the defect is repeatable (yes/no); any stack trace and core dumps evidencing the defect; the scenario that caused the failure (to be in a step by step format); the settings of the user defined fields within the application (price limit values, etc.); and any information, logs or traces evidencing the defect which are generated by any third party application.

“Final Acceptance Certificate” means a certificate issued by the CBOT in accordance with Paragraph 3.4, which certificate acknowledges that the Software Change is ready to be made available for use in a real time live trading environment, and may note any subsequent obligations agreed by the Parties.

“Initial Acceptance Certificate” means a certificate issued by the CBOT in accordance with Paragraph 3.3.3.

“Integration Testing” shall have the meaning set forth in Paragraph 2.2(d).

“Key Milestones” shall have the meaning set forth in Paragraph 2.3.1.

“Material Defect” means a defect which results in a failure of the key functionality of the Software Change to materially conform to the Software Change Specifications. For the avoidance of doubt, “Material Defect” shall not include any failures of a cosmetic or trivial nature, failures which do not materially impact upon the use of the Trading System, including the Software Change, or failures with respect to which a viable workaround has been identified.

“Milestones” shall have the meaning set forth in Paragraph 2.3. “MSA” shall have the meaning set forth above.

“Program Services Deliverables” means any and all Software Change, documentation, or other deliverables required to be provided by LIFFE pursuant to this SSOW.

“Project Manager” means that individual responsible on behalf of LIFFE or the CBOT, as applicable, for the day to day management of the Program Services.

“Simulations” shall have the meaning set forth in Paragraph 2.2(e).

“Software Change Specifications” means any specifications for the Software Change agreed upon by the Parties and set forth in Appendix A.

“SSOW” shall have the meaning set forth above.

“SSOW Effective Date” shall have the meaning set forth above.

“SSOW Go Live Date” means the earliest date, agreed by the Parties, upon which any Software Change delivered by LIFFE under this SSOW is made available for use in a real time live trading environment.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

“System Testing” shall have the meaning set forth in Paragraph 2.2(a).

“Test Cases” means those scripted tests used to verify Test Data.

“Test Data” means a set of input values or conditions and results in either value form or condition form, to verify that the performance of the Software Change materially conforms to the Software Change Specifications.

“Test Material” means, collectively, Acceptance Criteria, Test Cases, Test Data and Test Plans.

“Test Plans” means one or more documents setting out the procedures (including the detailed timing) for each Acceptance Test, based on the Acceptance Criteria.

2. Services

2.1 Overview. LIFFE shall use reasonable efforts to provide to the CBOT the Program Services set forth in Change Request(s) attached as Appendix A, in accordance with the terms of such Appendix A, this SSOW and the remaining portions of the MSA. Any requests by either Party for material changes to the nature or scope of the Program Services to be delivered under this SSOW must be made in accordance with the Change Control Procedures. Appendix A shall (a) set forth any Software Change Specifications; (b) specify any locations agreed upon by the Parties to which such Software Change is to be delivered or at which it is to be installed; and (c) specify the operating system(s) on which the Software Change may be used.

2.2 Software Development Services. Unless otherwise specified in Appendix A, the Program Services to be delivered under this SSOW shall include the following:

- (a) testing of the Software Change, prior to releasing such Software Change to the CBOT for any Acceptance Testing to be conducted under this SSOW, in order to ascertain whether the Software Change materially conforms to any Software Change Specifications (“System Testing”);
- (b) physical delivery of the Software Change and any related Documentation LIFFE has agreed to provide to, and installation of the Software Change at such location(s) as may be agreed upon by the Parties;
- (c) assisting the CBOT with Acceptance Testing of the Software Change, in accordance with the procedures set forth in Paragraph 3 (“Acceptance Testing”);
- (d) assisting the CBOT with testing whether individual and collective components of CBOT Technology conform with the Software Change (or any interface components thereof), and whether any interface components of the Software Change perform in accordance with the Software Change Specifications in accordance with the procedures set forth in Paragraph 3 (“Integration Testing”); and
- (e) assisting the CBOT with simulations of the CBOT Electronic Exchange utilizing the Software Change (“Simulations”).

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

2.3 Milestones. Any milestones in respect of the Program Services agreed upon by the Parties shall be set out in Appendix A (the "Milestones"). LIFFE shall use reasonable efforts to meet any such Milestones, and shall have at its disposal the resources necessary to meet such Milestones. The CBOT acknowledges that (a) such Milestones are goals, not guarantees; and (b) LIFFE's ability to meet such Milestones (i) is contingent upon the CBOT's compliance with its applicable obligations under the MSA, including the CBOT's obligations under Section 11 of the MSA and this SSOW; and (ii) may be affected by the CBOT's initiation of a further Change Request resulting in modification of the nature or scope of the Program Services and any reinstatement of the Program Services following suspension of the Program Services pursuant to Section 10.5 of the MSA.

- 2.3.1 Key Milestone Likely Not To Be Met. In the event that Appendix A identifies any key Milestones pertaining to the Program Services ("Key Milestones") and LIFFE reasonably anticipates that any such Key Milestones may not be met, then LIFFE shall notify the CBOT promptly of the potential delay, and shall inform the CBOT of LIFFE's basis for such determination. Thereafter, (a) the Parties shall cooperate to identify resources, and to devise and carry out measures, to facilitate the prompt completion of the Program Services associated with such Key Milestone, and (b) LIFFE's Project Manager shall report on a daily basis to the CBOT's Project Manager LIFFE's progress in endeavoring to meet the Key Milestone.
- 2.3.2 Missed Key Milestone. In the event that any Key Milestone is not met, LIFFE shall promptly notify the CBOT of the missed Key Milestone. Thereafter, (a) the Director of Global Programme Delivery, LIFFE Market Solutions shall report on a daily basis to a representative of the CBOT at an equivalent level LIFFE's progress towards the completion of the Program Services associated with such Key Milestone; and (b) the Parties shall (i) continue to carry out any measures devised in accordance with Paragraph 2.3.1 or, if no such measures have been devised, cooperate to identify resources, and to devise and carry out measures, to facilitate the prompt completion of the Program Services associated with the missed Key Milestone; (ii) cooperate to identify resources, and to devise and carry out measures, to mitigate the impact upon future Milestones of missing such Key Milestone; and (iii) agree, in advance of carrying out any further endeavors to complete the Program Services associated with the Key Milestone, [**] associated with the missed Key Milestone during the period between the Key Milestone and the date of completion of the Program Services associated with such Key Milestone (the "Catch Up Period"); provided, however, that (x) [**] in the event the delay in meeting the Key Milestone is a result of the CBOT's failure to fulfill any of its obligations under this SSOW or other portions of the MSA; and (y) if the services associated with the missed Key Milestone are solely the responsibility of LIFFE, [**] during the Catch Up Period. Once the Program Services associated with the Key Milestone have been completed, LIFFE shall notify the CBOT of the date of completion of such Program Services.
- 2.3.3 [**]. In the event that any Key Milestone is not met, with respect to Charges for all Program Services performed by LIFFE during the Catch Up Period, the CBOT may, at its option and upon written notice to LIFFE, [**], the Payment Date for such Charges; provided, however, that no [**] pursuant to this Paragraph

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

2.3.3 shall be made in the event the delay in meeting the Key Milestone is a result of the CBOT's failure to fulfill any of its obligations under this SSOW or other applicable portions of the MSA, including its obligations under Section 11 of the MSA. Notwithstanding the foregoing, the Parties agree that, upon the SSOW Go Live Date, all Program Services associated with Key Milestones will be deemed to have been completed.

2.3.4 Disputes. In the event of any Dispute with respect to the foregoing Paragraphs 2.3.1 to 2.3.3, the Parties shall address such Dispute in accordance with Section 19 of the MSA.

2.4 Progress Reports. LIFFE shall provide the CBOT written reports regarding the status of LIFFE's performance of the Program Services, at intervals to be agreed upon by the Parties.

3. Acceptance Testing

3.1 System Testing. Acceptance testing shall not commence until (a) LIFFE has notified the CBOT in writing that LIFFE has reasonably determined that the Software Change materially conforms to the Software Change Specifications and (b) the CBOT has notified LIFFE in writing that the CBOT has reasonably determined that CBOT Deliverables comprising software (the "CBOT Software") materially conforms to the CBOT's specifications for such CBOT Software and any Interfaces specifications identified on Appendix A. Between delivery of such notice to the other Party and the CBOT's issuance of the Initial Acceptance Certificate, (i) LIFFE shall endeavor to provide the CBOT written notice of any modifications of the Software Change, and (ii) the CBOT shall endeavor to provide LIFFE written notice of any modifications to the CBOT Software.

3.2 Preparation. Unless otherwise specified in Appendix A, Acceptance Testing will consist of two phases: Integration Testing and Simulations. By no later than the applicable Milestones, or such dates as are otherwise agreed upon by the Parties, the CBOT shall, in consultation with LIFFE, prepare and submit to LIFFE Acceptance Criteria, Test Cases, Test Data, and Test Plans in respect of the Software Change, suitable to demonstrate that such Software Change can be integrated with the Software (as defined in the MSA) and that the Software Change materially conforms to the applicable portions of the Software Change Specifications. LIFFE shall review each such submission and shall notify the CBOT of its objections or concerns with the submission. The CBOT shall cooperate in good faith to modify the Test Material to address LIFFE's reasonable objections and create mutually acceptable Test Material.

3.3 Integration Testing.

3.3.1 Notification. Unless otherwise specified in Appendix A, commencing upon any relevant Milestone set forth in Appendix A or upon any alternative date agreed upon by the Parties, the CBOT shall, with LIFFE's reasonable assistance, carry out Integration Testing at LIFFE's offices in London and the CBOT's facilities in Chicago, or elsewhere as the Parties may deem most appropriate to facilitate acceptance testing and to meet any relevant Milestones.

3.3.2 Suspected Defects.

3.3.2.1 Material Defects. If a Material Defect is suspected, (a) the CBOT shall, immediately upon becoming aware of such suspected Material Defect,

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

provide LIFFE's Project Manager written notice of such suspected Material Defect, together with all Evidence of such suspected Material Defect reasonably available to the CBOT, and (b) at LIFFE's request, the Parties shall re-perform the relevant Integration Testing and present the results thereof to each Party's Project Manager. If the Parties agree that Integration Testing has revealed a Material Defect, the Parties shall document the nature of the Material Defect identified by the Integration Testing. As soon as reasonably practicable thereafter, (i) LIFFE shall use reasonable efforts to remedy the Material Defect and shall notify the CBOT's Project Manager once LIFFE reasonably believes the Material Defect has been remedied; and (ii) the Parties shall repeat the Integration Testing, in whole or in part as necessary, to confirm that such Material Defect has been remedied. If such initial efforts to remedy the Material Defect prove unsuccessful, this cycle shall be repeated until (x) Integration Testing results reveal no Material Defects or (y) the CBOT otherwise agrees to issue an Initial Acceptance Certificate, and the CBOT shall not repeated cycle (s) in the event that the need to repeat such incur any Charges for Services in respect of such cycle is due to LIFFE's failure to remedy the Material Defect.

3.3.2.2 CBOT Defects. If Integration Testing reveals a defect in the CBOT Software (a "CBOT Defect"), the Parties shall document the nature of the CBOT Defect identified by the Integration Testing and provide to the CBOT's Project Manager any evidence of the CBOT Defect discovered during Integration Testing. As soon as reasonably practicable thereafter, unless otherwise agreed by the Parties, (i) the CBOT shall use reasonable efforts to remedy the CBOT Defect and shall notify LIFFE's Project Manager once the CBOT reasonably believes the CBOT Defect has been remedied; and (ii) the Parties shall repeat the Integration Testing, in whole or in part as necessary, to confirm that such CBOT Defect has been remedied. If such efforts to remedy the CBOT Defect prove unsuccessful, this cycle shall be repeated until Integration Testing results reveal no CBOT Defects.

3.3.3 Initial Acceptance Certificate. Unless otherwise specified in Appendix A, once all of the Software Change has completed Integration Testing successfully, the CBOT shall promptly sign and deliver to LIFFE's Project Manager an Initial Acceptance Certificate, which shall evidence the CBOT's Acceptance of the Software Change. Following the delivery of the Initial Acceptance Certificate and subject to the terms thereof, no modifications, other than such configuration changes as are agreed upon by the Parties and may be necessary for purposes of carrying out the Simulations and/or for making the Software Change and the CBOT Software available for trading in a real time live trading environment, shall be made to the Software Change or the CBOT Software prior to the SSOW Go Live Date, without the written consent of the Parties.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

3.4 Simulations.

- 3.4.1 Notification. Unless otherwise specified in Appendix A, following issuance of the Initial Acceptance Certificate and in accordance with any relevant Milestone, the CBOT shall, with LIFFE's reasonable assistance, carry out Simulations.
- 3.4.2 Suspected Defects.
- 3.4.2.1 Material Defects. If a Material Defect is suspected, (a) the CBOT shall, immediately upon becoming aware of such suspected Material Defect, provide LIFFE's Project Manager written notice of such suspected Material Defect, together with all Evidence of such suspected Material Defect reasonably available to the CBOT, and (b) at LIFFE's request, the Parties shall re-perform the relevant Simulation and present the results thereof to each Party's Project Manager. If the Parties agree that a Simulation has revealed a Material Defect, the Parties shall document the nature of the Material Defect identified by the Simulation. As soon as reasonably practicable thereafter, (i) LIFFE shall use reasonable efforts to remedy the Material Defect and shall notify the CBOT's Project Manager once LIFFE reasonably believes the Material Defect has been remedied; and (ii) the Parties shall repeat the Simulation, in whole or in part as necessary, to confirm that such Material Defect has been remedied. If such initial efforts to remedy the Material Defect prove unsuccessful, this cycle shall be repeated until (x) Simulation results reveal no Material Defects or (y) the CBOT otherwise agrees to issue a Final Acceptance Certificate, and the CBOT shall not incur any Charges for Services in respect of such repeated cycle(s) in the event that the need to repeat such cycle is due to LIFFE's failure to remedy the Material Defect.
- 3.4.2.2 CBOT Defects. If a Simulation reveals a CBOT Defect, the Parties shall document the nature of the CBOT Defect identified by the Simulation and provide to CBOT's Project Manager any Evidence of the CBOT Defect discovered during Simulation. As soon as reasonably practicable thereafter, (i) the CBOT shall use reasonable efforts to remedy the CBOT Defect and shall notify LIFFE's Project Manager once the CBOT reasonably believes the CBOT Defect has been remedied; and (ii) the Parties shall repeat the Simulation, in whole or in part as necessary, to confirm that such CBOT Defect has been remedied. If such efforts to remedy the CBOT Defect prove unsuccessful, this cycle shall be repeated until Simulation results reveal no CBOT Defects.
- 3.4.3 Final Acceptance Certificate. Unless otherwise specified in Appendix A, once the Software Change has completed Simulations successfully, the CBOT shall promptly sign and deliver to LIFFE's Project Manager a Final Acceptance Certificate. Following the delivery of the Final Acceptance Certificate and subject to the terms thereof, no modifications, other than such configuration changes as are agreed upon by the Parties and may be necessary for purposes of making the Software Change and the CBOT Software available for trading in a real time live trading environment, shall be made to the Software Change or the CBOT Software prior to the SSOW Go Live Date, without the written consent of the Parties.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

3.5 SSOW Go Live Date. Notwithstanding any provision to the contrary herein, unless otherwise specified in Appendix A, the Software Change will not be made available for use in a real time live trading environment until and unless the CBOT has delivered to LIFFE's Project Manager an executed Final Acceptance Certificate in accordance with Paragraph 3.4.3.

3.6 Disputes. Any Dispute relating to Acceptance Testing shall be addressed in accordance with the dispute resolution procedures set forth in Section 19 of the MSA.

3.7 Acceptance. All Software Change that has been Accepted pursuant to the terms of this SSOW shall be deemed "Software" within the meaning of the MSA.

4. CBOT's Dependencies

In addition to all other obligations of the CBOT set forth in this SSOW and other portions of the MSA, the CBOT shall comply with those dependencies set forth in Appendix A.

5. Project Managers

5.1 Appointments. Each Party shall appoint and inform the other Party of the identity of a Project Manager to serve as the primary points of contact between LIFFE and the CBOT with respect to the Program Services to be delivered under this SSOW.

5.2 Substitutions. Each Party shall promptly notify the other in writing of any substitutions for or replacements of such individuals appointed in accordance with Paragraph 5.1, as applicable, and shall take all reasonable steps to minimize any potential adverse effects of such changes.

6. Charges

In consideration for LIFFE's performance of the Program Services hereunder, the CBOT shall pay to LIFFE the Program Services Charges, in accordance with Section 10 and Schedule M of the MSA.

7. Term

The term of this SSOW will commence upon the SSOW Effective Date and will continue until the (a) completion of the Program Services or (b) the expiration or termination of the MSA, unless otherwise agreed by the Parties.

8. Proprietary Rights

In accordance with Section 14 of the MSA, as between the CBOT and LIFFE, all rights, title and interest in and to all Program Services Deliverables and other materials provided by LIFFE under this SSOW, including all copyrights, trademarks, patents, trade secrets and other intellectual property inherent in the foregoing or appurtenant thereto, shall be and remain vested in LIFFE (or LIFFE's Affiliates, suppliers or licensors, as applicable).

Acceptable Use Policy

General Policy

Chicago Board of Trade (CBOT®) requires that the use of the computing systems and facilities located at, or operated by, the Chicago Board of Trade (CBOT) will be conducted in an effective, efficient, ethical, and lawful manner.

This Acceptable Use Policy (referred to as "Policy") supersedes any and all prior policies relating to the subject matter contained herein. The CBOT reserves the right to change or supplement this Policy at any time.

Purpose

The Chicago Board of Trade's Acceptable Use Policy is intended to assure that the use of the computing systems and facilities located at, or operated by, the Chicago Board of Trade (CBOT) is conducted in an effective, efficient, ethical, and lawful manner.

Applicability

This policy applies to all Chicago Board of Trade systems users of the computing systems and facilities located at, or operated by, the Chicago Board of Trade (CBOT).

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

Key Definitions

CBOT Computing Systems and Facilities – Any system including but not limited to individual desktop and laptop computers, file and network servers, networks, floppy disks, magnetic tapes, CDROM devices, telecommunications systems, or other computing and storage devices provided or supported by any CBOT division. Throughout the Policy, the CBOT’s Computing Systems and Facilities are collectively referred to as “CBOT Systems”.

Use – The use of data/programs stored on CBOT Systems.

User – The person granted an account or accounts on CBOT Systems in order to perform work in support of a CBOT program or project. A user may be an employee, temporary help, contractor, consultant, or third party with whom special arrangements have been made.

Note: The terms user, worker, and employee are all used to represent a full-time employee, part-time employee, temporary help, contractor, consultant, or third party that has special arrangements that give telecommuting access to CBOT systems.

Responsibility for Implementing the Policy

Managers of all the Chicago Board of Trade systems users of the computing systems and facilities located at, or operated by, the Chicago Board of Trade (CBOT) are responsible for assuring that the use of these computing systems and facilities is conducted in an effective, efficient, ethical, and lawful manner. Requirements

1. User Responsibilities The following requirements govern User Responsibilities:
 - 1.1 CBOT Systems are owned by CBOT and are operated by CBOT employees, consultants, and other third parties such as temporary workers and are to be used for authorized CBOT purposes only. Users are authorized to prepare and store incidental personal data on CBOT systems provided that such usage does not interfere with or affect the user’s performance or violate the law or any CBOT standards of conduct. The CBOT assumes no liability for loss, damage, disclosure or misuse of any such incidental personal data stored on CBOT Systems.
 - 1.2 Users are responsible for protecting any information used and/or stored within their CBOT accounts in accordance with the CBOT Information Security Policies and Standards.
 - 1.3 Users are required to report any weaknesses in CBOT Systems and any incidents of possible misuse or violation of this Policy to their supervisor and Information Security Program management.
2. Prohibited Uses Prohibited uses of CBOT Systems include but are not limited to the following:
 - 2.1 Users shall not attempt to access any data or programs contained on CBOT Systems for which they do not have authorization.
 - 2.2 Users shall not attempt to access CBOT Systems remotely except to transmit or retrieve electronic mail (e-mail) or voicemail messages unless authorized by a Vice President or Department Director.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

- 2.3 Users shall not attempt to access non-CBOT Systems (e.g. the Internet or external dial-up facilities) from CBOT Systems unless authorized by a Vice President or Department Director.
- 2.4 Users shall not install software programs on CBOT Systems. Software programs may be installed on CBOT Systems only by Departmental LAN (Local Area Network) Administrators or those authorized by Information Technology Department Senior Management.
- 2.5 Users may not use software that is not owned by, or licensed to, the CBOT. This includes using CBOT Systems to copy any software documents or other information protected under copyright law.
- 2.6 Users shall not make unauthorized copies of system configuration files (e.g. password files) for their own personal use or on the behalf of others.
- 2.7 Users shall not purposely engage in activity with the intent to:
 - harass, discriminate against, or intimidate others;
 - degrade the performance of CBOT systems;
 - deprive an authorized CBOT user access to a CBOT resource;
 - obtain extra resources beyond those allocated (e.g. circumvent disk quotas or otherwise violate resource allocation policies);
 - circumvent security measures or gain access to a CBOT System for which proper authorization has not been granted.
- 2.8 Users shall not purposely create, store, transmit, or view illegal, offensive, or inappropriate material, including but not limited to pornography, hate/crime/violence-related material, and drug/alcohol-related material.
- 2.9 Users shall not use CBOT Systems to frequently engage in the solicitation of non-CBOT business ventures or any political, religious, charitable, or personal causes unless authorized in writing by the CBOT.
- 2.10 Users shall not download, install, or run security programs or utilities which reveal weaknesses in the security of a system.
- 2.11 Users shall not remove CBOT Systems (e.g. software, hardware, design specifications) from the CBOT premises unless authorized by a Vice President or Department Director.
- 2.12 Users shall not forward any attorney-client message from CBOT legal counsel to anyone else without said counsel's authorization.
- 2.13 Users shall not transmit non-public information or attorney-client communications via the Internet or other extranet connectivity.
3. Operational Data The following requirements govern Operational Data:
 - 3.1 Users may not access "operational data" on CBOT Systems (i.e. non-public data that relates to the operations of the CBOT, its members, member firms, or other market participants), except pursuant to a regulatory purpose and upon approval by a Vice President or Department Director.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

- 3.2 Users authorized to access operational data may not update, delete, or modify any such data unless authorized by a Vice President or Department Director.
- 3.3 Non-CBOT users may not access operational data on CBOT Systems except pursuant to a regulatory purpose, upon approval by a Vice President or Department Director and upon execution of a confidentiality agreement.
- 4. Right to Privacy The following requirements govern Right to Privacy:

The CBOT has legal ownership of all information stored on or transmitted from CBOT Systems. Therefore, users should have no expectation of privacy associated with the information they store in or send through CBOT Systems.

To properly maintain and manage this information, the CBOT reserves the right to access, review, monitor, copy, modify, and delete any information (including personal data) transmitted through or stored on CBOT Systems and, where appropriate, to disclose it to any party.

- 5. Discoverability of Electronic Information The following requirements govern Discoverability of Electronic Information:

Electronic information transmitted or stored anywhere on CBOT Systems is subject to discovery and may be admissible in court or administrative proceedings.

- 6. Audits of the System The following requirements govern Audits of the System:

To ensure compliance with these policies, the CBOT may, without notice, conduct periodic audits of CBOT Systems. The CBOT reserves the right to conduct special audits at any time when a violation of this Policy is suspected. The CBOT will investigate all information security incidents and report them to senior management.

- 7. Monitoring The following requirements govern Monitoring:

- 7.1 In general terms, the CBOT does not engage in blanket monitoring of employee communications on CBOT systems. The CBOT does, however, reserve the right to monitor, access, retrieve, read, and/or disclose employee communications when: (a) a legitimate business need exists that cannot be satisfied by other means, (b) the involved employee is unavailable and timing is critical to a business activity, (c) there is reasonable cause to suspect criminal activity or policy violation, or (d) monitoring is required by law, regulation, or third-party agreement.

- 7.2 CBOT employees will be notified of all CBOT Systems monitoring policies. CBOT employees and their managers will be informed about all monitoring activities with the only permissible exception being investigations of suspected criminal activity.

- 8. Non-Compliance Disciplinary Actions The following requirements govern Non-Compliance Disciplinary Actions:

- 8.1 The CBOT reserves the right to revoke the privileges of any user at any time. Any noncompliance with these CBOT Systems user requirements will constitute a security violation and will be reported to the management of the CBOT user and Information Security Program Management. Security violations may result in short-term or permanent loss of access to CBOT Systems. Serious violations will result in disciplinary action, including termination of employment.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

8.2 Users who abuse their CBOT Systems privileges may also be subject to external disciplinary action including civil or criminal legal action. By making use of CBOT Systems, users consent to allow all information they store on CBOT Systems to be divulged to law enforcement at the discretion of CBOT senior executive management.

Harassment Policy

Sexual harassment is an infringement of an employee's, applicant's or consultant's right to work in an environment free from unlawful sexual pressure. The CBOT® is strongly committed to a workplace free of sexual harassment. In keeping with this policy, the CBOT will not tolerate sexual harassment of employees, applicants, or consultants by other employees or non-employees in the workplace.

Sexual harassment consists of unlawful verbal or physical conduct directed at a person when that conduct is based on that person's sex and has a substantial adverse effect on him or her in the workplace. Such conduct may include, but is not limited to, the following:

1. requests for sexual favors that may or may not be accompanied by threats or promises of preferential treatment with respect to an individual's employment status;
2. verbal, written or graphic communications of a sexual nature, including lewd or sexually suggestive comments, off-color jokes of a sexual nature or displays of sexually explicit pictures, photos, posters, cartoons, books, magazines or other items; or
3. patting, pinching, hitting or any other unnecessary contact with another person's body or threats to take such action.

Any employee, applicant or consultant who believes that he or she has been sexually harassed in the workplace should report the harassment as soon as possible after it occurs to their supervisor. Any complaint regarding harassment by a CBOT employee should be presented to the complaining individual's supervisor or the CBOT Human Resources Department. Any supervisor who receives such a complaint must notify the Human Resources Department of the complaint as soon as possible. Complaints pertaining to harassment by members or member firm employees should be directed to the head of Investigations in the Office of Investigations and Audits. Complaints pertaining to harassment by other non-employees should be directed to the Human Resources Department. The CBOT will thoroughly investigate all complaints and will keep them confidential, only disclosing them on a "need-to-know" basis.

The CBOT will not retaliate against any person who has been harassed and/or has reported the harassment. No supervisor or other employee may in any way base an employment decision regarding a person on the fact that the person has been harassed and/or has reported the harassment to the CBOT.

The CBOT will not tolerate any violations of this policy. Violations of this policy by employees or consultants will subject the offending employee(s) or consultant(s) to appropriate disciplinary action up to and including discharge from employment or termination of services. Members and their employees who violate this policy will also be subject to appropriate disciplinary action.

**SCHEDULE G
CALL MANAGEMENT PROCEDURES**

1. CBOT's Call Management Obligations.

1.1 Market Participants. Upon receipt of each Call from a Market Participant, the CBOT shall:

1.1.1 Assess whether the Call relates to LIFFE's delivery of the Managed Services.

1.1.2 If the CBOT determines the Call relates to LIFFE's delivery of the Managed Services:

[**]

1.1.3 If the CBOT determines the Call does not relate to LIFFE's delivery of the Managed Services:

[**]

1.2 CBOT Personnel. In addition to performing the obligations set forth in Paragraph 1.1, the CBOT shall:

[**]

2. LIFFE's Call Management Obligations.

2.1 Calls Routed by the CBOT. [**]

2.2 Direct Calls from Market Participants. [**]

SCHEDULE I

LIFFE CORE NETWORK ACCEPTABLE USE POLICY

1. Permitted Purpose

Except as otherwise agreed by LIFFE, those Persons authorized to use the Core Network in relation to the CBOT Electronic Exchange (“Users”) shall use the Core Network solely for purposes of participating in, accessing or obtaining information from the CBOT Electronic Exchange via an Interface with the Equipment.

2. Compliance with Laws

Users shall use the Core Network in accordance with all applicable laws and regulations and any additional reasonable requirements as LIFFE may deem necessary to protect the Core Network. Without limiting the foregoing, Users shall not use, transmit, distribute or store via the Core Network any data, information or other material (“Data”) which (i) infringes or otherwise violates any copyright, trademark, trade secret or other intellectual property of any individual or entity; (ii) is pornographic, obscene, or exploitative of a minor; (iii) is menacing, malicious, illegally threatening or defamatory; or (iv) violates export laws or otherwise violates any applicable treaty, law or regulation.

3. Harmful Activities

Users shall not use the Core Network to transmit, distribute or store any Data or undertake any other activities that may be harmful to or otherwise interfere with (i) the Core Network or the use thereof by any other User or other authorized user of the Core Network, or (ii) any system, network or equipment of LIFFE or any third party, including: (i) intercepting or attempting to intercept Data or other transmissions passing over the Core Network; (ii) forwarding chain letters; (iii) sending multiple e-mails or large transmissions that could reasonably be expected to annoy or harass or to impose a disproportionately large load on, or degrade the functionality of, the Core Network (e.g., “mail bombing”); (iv) sending any e-mail containing misleading or incorrect headers or information rendering the origin of the e-mail unclear or deceptive; (v) sending bulk or unsolicited e-mail messages (“spamming”), either directly or by relaying; or (vi) transmitting any virus, worm or Trojan Horse.

4. Security

4.1 Users shall not violate or attempt to violate the security of the Core Network or interfere or attempt to interfere with LIFFE’s systems, networks, authentication measures, servers or equipment or with the use of or access to the Core Network by any other User or any other authorized user of the Core Network. Such prohibited activity includes (i) logging into a server where access is not authorized; (ii) probing, scanning, or testing the security or vulnerability of the Core Network or other networks; and (iii)

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

attempting to gain access via the Core Network to any account or computer resource not belonging to such User (“spoofing”).

4.2 Users shall not monitor Data or traffic on the Core Network except via a Trading Application or Interface.

5. Enforcement

Except as may be agreed between LIFFE and the CBOT, LIFFE shall have no obligation to monitor or exercise control over any Data transmitted, distributed or stored by any User via the Core Network. Notwithstanding the foregoing, LIFFE reserves the right to monitor and control activities undertaken via the Core Network.

6. Responsibility

Each User is fully responsible for all uses of the Core Network undertaken (i) by such User or (ii) via such User’s Trading Application or Interface.

LIFFE Administration and Management is a part of the Euronext Group.

1 Basic elements

[LOGO OF LIFFE CONNECT®]

1.1 Logotype

The LIFFE CONNECT® logotype is legally protected and registered and must be reproduced accurately. The logo has been specially drawn and must not be altered or modified in any way. The logo must always be used horizontally and never at an angle.

1.2 LIFFE CONNECT® colours

The LIFFE CONNECT® logo is made up of three colours: gold, red and black. They are defined and specified below for print and web.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

2 Design Guidelines for Print

2.1 Critical space

Space equivalent to the height of the main lettering of the logotype is to be kept around all four sides of the logotype. This is a minimum and more should always be given if possible.

2.2 Colours

2.2.1 LIFFE CONNECT® Gold

[**]

2.2.2 LIFFE CONNECT® Red

[**]

2.2.3 LIFFE CONNECT® Black

Black

2.3 Logotype backgrounds

Wherever possible, the logotype should be reproduced in LIFFE CONNECT® gold, red and black.

In cases where only one colour reproduction of the logotype is possible it should appear in single colour only using either LIFFE CONNECT® gold, red, black or white.

On single colour items the logotype may appear in the colour that the item is printed.

When appearing out of a coloured background the logotype must appear reversed 'white out' or in one colour black.

On four colour items the pantone colours may be converted to the equivalent in cmyk.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

3 Design Guidelines for the Web

3.1 Critical space

Space equivalent to the height of the logotype L is to be kept around all four sides of the logotype. This is a minimum and more should always be given if possible.

3.2 Colours

3.2.1 LIFFE CONNECT® Gold

[**]

3.2.2 LIFFE CONNECT® Red

[**]

3.2.3 LIFFE CONNECT® Black

[**]

3.3 Logotype backgrounds

Wherever possible, the logotype should be reproduced in LIFFE CONNECT® gold, red and black.

When appearing out of a coloured background the logotype must appear reversed 'white out' or in black.

3.4 Logo rendering

The LIFFE CONNECT® logotype must be rendered in its entirety as an image. It must never be generated client-side. When rendered the logotype should be clear, clean and crisp. Overall dimensions should be to an exact number of pixels to avoid excessive anti-aliasing.

If used in Flash animations the logotype should be imported as a vector image. It should not be modified or distorted.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

4 Text

LIFFE CONNECT® should be written in capitals and with the trademark registration symbol® at all times.

For web sites, this only applies where LIFFE CONNECT® appears in a heading or as body text on a web page. It is not relevant for file names or directory structures.

SCHEDULE N

LIFFE TRAVEL/EXPENSE POLICY

1. Air Travel

All LIFFE staff travel British Airways Club Class for any journey in excess of 4 hours. If a Business Class seat is not available or the time or airport of departure is not convenient, then the traveler may choose Business Class with Virgin Atlantic. If Business Class Seats with neither British Airways nor Virgin Atlantic are available within a 2 hour window either side of the preferred departure time, then the traveler may choose Business Class with any other airline.

If the journey is less than 4 hours then Economy Class travel will be used. Within the U.S. we do not have a limitation on which airlines are selected.

2. Hotels

LIFFE staff will reside in reasonable accommodation when staying away from home overnight on business. This is dependant upon location and duration, but LIFFE suggests that a rate no greater than [**] per night is reasonable for the staff in the U.S.

Accommodation for consultants over weekends will be charged.

3. Expenses

LIFFE generally does not expect the staff working away from the office to incur average general expenses in excess of [**] per day. This will include all local travel to and from the CBOT office, meals, calls, laundry, etc.

All expenses except those of an exceptional nature and pre-agreed by the client, will be not be charged. Exceptional expenses will be charged and identified individually on any invoice.

4. General

The CBOT will not be charged for the time a LIFFE consultant is on flights unless LIFFE incurs a charge. This would only be the case where the consultant is a staff contractor.

Confidential Treatment Requested by CBOT Holding, Inc.**CLEARING SERVICES AGREEMENT****EFFECTIVE THE 16th DAY OF APRIL 2003****BETWEEN**

CHICAGO MERCANTILE EXCHANGE INC., a business corporation organized under the laws of the State of Delaware and having its principal office situated at 30 South Wacker Drive, Chicago, Illinois 60606 U.S.A., duly represented by its Chairman of the Board, Terrence Duffy, and by its President and Chief Executive Officer, James J. McNulty, (hereinafter referred to at times as "CME"),

AND

THE BOARD OF TRADE OF THE CITY OF CHICAGO, INC., a non share corporation organized under the laws of the State of Delaware and having its principal office situated at 141 W. Jackson Blvd., Chicago, Illinois 60604 U.S.A., duly represented by its Chairman, Charles P. Carey, and by its President and Chief Executive Officer, Bernard W. Dan, (hereinafter referred to at times as "CBOT").

Each of CBOT and CME is referred to herein as a "Party", and collectively they are referred to as the "Parties."

RECITALS:

WHEREAS, CME is registered with the Commodity Futures Trading Commission (the "CFTC") as a designated contract market ("DCM") and a "derivative clearing organization" ("DCO") within the meaning of the Commodity Exchange Act, as amended (the "CEA"), and seeks to provide clearing services, as defined herein, for CBOT futures and options contracts;

WHEREAS, CBOT is registered with the CFTC as a DCM and intends to register as a DCO within the meaning of the CEA, as amended, and seeks to have CME provide clearing services, as defined herein, for CBOT futures and options contracts;

WHEREAS, the Parties intend to provide substantial benefits to their customers by clearing their listed contracts through the same clearing house;

WHEREAS, the Parties intend to enhance the efficient use of capital by their members by employing CME's system of financial guarantees and providing for more efficient portfolio risk margining of certain positions held at CME's clearing house; and

WHEREAS, the Parties intend to cooperatively promote the advantages of clearing certain CBOT products by means of CME systems, all on the terms and subject to the conditions set forth in this Agreement.

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES
AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].**

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and with the intent to be legally bound, the Parties hereby agree as follows:

1. INTERPRETATION

1.1. Definitions.

In this Agreement, unless the context otherwise requires:

- 1.1.1. **Agreement** means the Clearing Services Agreement, effective as of April 16, 2003, by and between CME and CBOT.
- 1.1.2. **BOTCC** shall have the meaning set forth in Section 7.3.
- 1.1.3. **CBOT Clearing Member** means an individual or firm that meets CBOT's requirements to clear CBOT Products on or after the Effective Date.
- 1.1.4. **CBOT Core Products** means CBOT's U.S. Treasury, agricultural and federal funds based products as of the Effective Date.
- 1.1.5. **CBOT Data** shall have the meaning set forth in Section 5.1.
- 1.1.6. **CBOT Products** means all futures and futures options listed for trading on CBOT on the Launch Date or thereafter.
- 1.1.7. **CBOT Sole Proprietorship Clearing Member** shall have the meaning set forth in Section 7.4.
- 1.1.8. **CEA** shall have the meaning set forth in the first Recital.
- 1.1.9. **CFTC** shall have the meaning set forth in the first Recital.
- 1.1.10. **Clearing Members** means CBOT Clearing Members and/or CME Clearing Members, as the context requires.
- 1.1.11. **Clearing Services** means the clearing, settlement and related services to be provided by CME under this Agreement, as further described in Schedule A.
- 1.1.12. **Clearing Systems** shall have the meaning set forth in Section 3.4.
- 1.1.13. **CME Clearing Member** means an individual or firm that meets CME's requirements for clearing membership.
- 1.1.14. **CME Rules** means CME's rules and clearing procedures, including interpretations and explanations.
- 1.1.15. **DCM** shall have the meaning set forth in the first Recital.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

- 1.1.16. **DCO** shall have the meaning set forth in the first Recital.
- 1.1.17. **Dispute Notice** shall have the meaning set forth in Section 19.4.
- 1.1.18. **Effective Date** means April 16, 2003.
- 1.1.19. **EFS** shall have the meaning set forth in Section 3.1.
- 1.1.20. **FCMs** shall have the meaning set forth in Section 7.6.
- 1.1.21. **Indemnified Party** shall have the meaning set forth in Section 16.1.
- 1.1.22. **Indemnifying Party** shall have the meaning set forth in Section 16.1.
- 1.1.23. **Initial Term** shall have the meaning set forth in Section 2.
- 1.1.24. **Launch Date** means the first trading day for CBOT Products as to which transactions are required to be cleared through CME. The Launch Date is the trading date of January 2, 2004.
- 1.1.25. **Market Participant** means an individual or firm that engages in trading futures and options contracts.
- 1.1.26. **Material Breach** means a breach of a provision of this Agreement that is material to a Party's obligations under the Agreement.
- 1.1.27. **Operational Policies and Procedures** shall have the meaning set forth in Section 3.2.
- 1.1.28. **Party** and **Parties** shall have the meaning set forth in the Preamble.
- 1.1.29. **Proprietary Business Information** shall have the meaning set forth in Section 13.1.
- 1.1.30. **Renewal Term** shall have the meaning set forth in Section 2.
- 1.1.31. **Replica CBOT Products** shall have the meaning set forth in Section 6.4.
- 1.1.32. **Special CME Clearing Member** means a CBOT Clearing Member that qualifies as a CME Clearing Member for purposes of clearing CBOT Products pursuant to this Agreement, as set forth more fully in Section 7.
- 1.1.33. **Transition Clearing Services** shall have the meaning set forth in Section 12.
- 1.1.34. **Transition Costs** shall have the meaning set forth in Section 12.4.
- 1.1.35. **Term** shall have the meaning set forth in Section 2.
- 1.1.36. **Unexcused Breach** shall have the meaning set forth in Section 10.1.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

1.2. **References.** Unless something in the subject matter or context is inconsistent with the resulting interpretation, all references to Sections and Schedules are to Sections and Schedules of this Agreement. The words “hereto”, “herein”, “of this Agreement”, “under this Agreement” and similar expressions mean and refer to this Agreement.

1.3. **Schedules.** The Schedules forming part of this Agreement are as follows:

- Schedule A Clearing Services
- Schedule B Fees
- Schedule C Project Development Plan

1.4. **Headings.** The inclusion of headings in this Agreement is for convenience of reference only and does not affect the construction or interpretation of this Agreement.

2. **Initial Term; Renewal Term.** This Agreement shall commence on the Effective Date and, unless terminated earlier in accordance with its terms, shall terminate on January 10, 2008 (the “Initial Term”). Upon expiration of the Initial Term, this Agreement shall automatically renew for successive three-year renewal terms (each a “Renewal Term”) unless either Party notifies the other Party in writing at least six (6) months prior to the beginning of the applicable Renewal Term of its decision not to renew. The Initial Term and the Renewal Terms, if any, are collectively referred to in this Agreement as the “Term”.

3. **Clearing Services.**

3.1. **Services Provided.** Commencing with the Launch Date until the termination of this Agreement, whether at the end of the Initial Term or any Renewal Term, each as specified in Section 2 above, and until expiration of any post-termination obligations, CME shall provide to CBOT the Clearing Services described in Schedule A hereto. The Clearing Services shall be provided by CME with proper and reasonable care in conformance with the standards and procedures by which CME performs such services for its listed contracts, except that trades matched by CBOT shall not be guaranteed until the matched trade record is received by CME. CBOT reserves the right to charge fees for post-trade transactions and related services for CBOT Products even if CME does not now charge a fee for such transactions. Subject to the provisions of Section 3.10 respecting change request procedures and payment of development cost, if applicable, CME agrees to facilitate the implementation of such charges, including providing CBOT access to CME’s Exchange Fee System (“EFS”), and to provide CBOT with any necessary data related to such policies and fees. CBOT shall pay CME for any reasonable additional costs it may incur in providing data and other support to CBOT in response to a request authorized by this Section 3.1.

3.2. **Operational Policies and Procedures.** CME’s operational practices, policies and procedures related to implementing and performing Clearing Services, including, without limitation, establishing marking prices that vary from settlement prices submitted by CBOT, where such settlement prices materially deviate from appropriate market prices; the timeline for CME’s receipt of information and data necessary to

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

perform the Clearing Services and CME's delivery of information and data to CBOT, Clearing Members and other third parties; data file formats; the manner in which CME makes information available to Clearing Members; and the mechanics of CME's automated delivery processes shall be the same as CME's existing practices, policies and procedures, including the automated delivery system to be developed by CME as provided by Schedule A (collectively, the "Operational Policies and Procedures"), provided that nothing in the Operational Policies and Procedures shall contravene any provision set forth in this Agreement.

- 3.3. **Fungibility and Cross-Margining of CBOT Products.** CBOT shall have sole authority to determine (i) whether CBOT Products shall be risk offset against other products pursuant to CME's portfolio margining policies or any cross-margining agreement and (ii) whether CBOT Products shall be made fungible, at the clearing level, against products that are cleared by CME and listed for trading by CME, by another contract market, or by any other entity. CME may accept or reject any risk offset or fungibility arrangement against products traded at CME that may be proposed by CBOT. CME shall support cross-margining of CBOT Products as set forth in Schedule A. CME support for cross-margining arrangements or fungibility of CBOT Products other than as set forth above or in Schedule A shall be subject to the change request procedures set forth in Section 3.10, below.
- 3.4. **Clearing Systems.** The systems owned by or licensed to CME that are utilized by CME in connection with providing Clearing Services are referred to herein as the "Clearing Systems." CME shall pay to the appropriate software manufacturers, suppliers and distributors all license fees, royalties, use charges, taxes or other payments associated with the Clearing Systems' intellectual property and technology utilized by CME in providing Clearing Services.
- 3.5. **CME Personnel.** CME shall make available, at all times, a sufficient number of individuals who are properly qualified to perform and who will perform the Clearing Services in accordance with this Agreement.
- 3.6. **Cooperation as to Development Work.** The Parties acknowledge and agree that, after the Effective Date, they will be engaged in development work as described in Schedule C hereto. The Parties agree to cooperate and use all reasonable efforts to perform the tasks necessary to complete such development work in accordance with the time table set forth in Schedule C. CME shall be primarily responsible for such development work.
- 3.7. **Technical Cooperation.** The Parties acknowledge that CME may have to incorporate new equipment into or modify its Clearing Systems in ways that will require testing from time to time. Each Party acknowledges that, in implementing and testing such new equipment or modifications, it may require the technical assistance and cooperation of the other, and both Parties agree to provide such assistance and cooperation. CBOT shall have the obligation of securing any necessary assistance of its third party providers.
- 3.8. **Backup and Disaster Recovery.** CME will provide, as a part of the Clearing Services, backup and disaster recovery services and procedures and functions for the Clearing

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

Systems and the Clearing Services using the backup and disaster recovery systems that CME employs for its own contracts.

- 3.9. CME Modifications.** CME may make modifications to the Clearing Systems and Clearing Services on its own initiative and at its own expense as it may reasonably deem necessary or desirable, provided that any such modifications do not (i) materially increase CBOT's total costs of receiving the Clearing Services, (ii) require CBOT to make material changes to its systems, software, or equipment other than with respect to changes made in the ordinary course of business, or (iii) violate the CEA, applicable rules and regulations thereunder, or other applicable CFTC requirements. If any changes desired by CME would violate the conditions described in clauses (i) or (ii) above, CME will obtain CBOT's written consent, which shall not be unreasonably withheld, prior to making any such change.
- 3.10. Change Requests.** CME will make modifications and enhancements to its Clearing Systems at the request and expense of CBOT, where such changes are necessary to provide Clearing Services for a CBOT Product with characteristics significantly different from futures and futures options products traded as of the Effective Date or additional cross margining arrangements, if in CME's sole judgment such changes will not impair functionality or materially increase operational costs. CBOT shall pay a commercially reasonable fee, to be agreed in advance, to cover the cost of all such changes. All such requests will be addressed to a designated representative of CME's clearing house.
- 3.10.1. *CME response to requests.* CME shall respond to requests from CBOT concerning modifications or enhancements to the Clearing Services by evaluating the request, including the cost of the requested change and the impact of the requested change upon clearing services provided by CME as to other products and upon CME's technical systems, and providing a response in accordance with this Section to CBOT concerning such request within thirty (30) days of CME's receipt of the request (unless the complexity of the request reasonably requires a longer period, in which case CME shall provide an initial response).
- 3.10.2. *No material concerns.* If CME reasonably determines in its sole judgment that the requested change will not materially impair clearing services or materially increase operational costs to CME or CME Clearing Members, CME shall submit to CBOT a reasonably detailed proposal for implementing the change, which need not be binding, and which shall include an estimate of the amount to be paid to CME for the requested change.
- 3.10.3. *Material concerns.* If CME reasonably determines in its sole judgment that the requested change will materially impair functionality or materially increase operational costs to CME or CME Clearing Members, CME may, but shall not be required to, submit to CBOT a reasonably detailed proposal for implementing the change, including cost estimates, which need not be binding.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

3.10.4. *Negotiations in good faith.* In any case, the Parties shall negotiate in good faith as to any requested change and the terms of CME's proposal, if any. Any change implemented by CME pursuant to this Section shall be made at the sole expense of CBOT at a commercially reasonable fee or upon any other financial basis to be agreed upon between the Parties. Such financial arrangement may include upfront fees and/or modifications to the fee structure set forth in Schedule B. Except as otherwise agreed between CME and CBOT in a writing that specifically purports to amend this Agreement and is executed by individuals with authority to do so, CME and/or its licensors, as applicable, shall own all right, title and interest in any intellectual property created by the Parties in connection with any such implemented change that is used by CME in connection with providing Clearing Services. CME will grant CBOT a license covering its free use of its contribution to any intellectual property developed by CME.

3.11. **Assistance with Regulatory Matters.** CME agrees to actively participate in, and make available sufficient human and technical resources for, any submissions or presentations to, or meetings or discussions with, the staff of the CFTC respecting CME's provision of Clearing Services for CBOT Products. If CME reasonably determines that CME's active participation in such submissions, presentations, meetings or discussions with the CFTC may result in the disclosure of CME's confidential or proprietary information, CBOT will cooperate with CME to secure appropriate nondisclosure and confidentiality commitments from the CFTC prior to requiring CME's active participation in any such submissions, presentations, meetings or discussions.

4. **CBOT Payment of Fees and Expenses.**

4.1. **Generally.** CBOT will pay fees for the Clearing Services provided by CME in accordance with this Agreement as set forth in Schedule B hereto.

4.2. **Invoicing.** CME shall invoice CBOT and CBOT shall pay such invoices as provided in Schedule B. If CME does not receive any payment from CBOT in time required by schedule B, CME shall notify CBOT thereof and, if CBOT fails to pay such amount within fifteen (15) days of CBOT's receipt of such notice, CME may declare CBOT in Material Breach of this Agreement and may thereafter exercise its rights set forth in Section 10.1 below.

4.3. **Initial Development Fee.** CBOT shall reimburse CME for start-up costs incurred by CME in connection with preparations to perform its obligations under this Agreement up to a maximum amount of \$2 million. CME's start-up costs may include, without limitation, costs associated with hardware purchased; software purchased, licensed, or developed internally; additional office space and other equipment required to support CME's operations on behalf of CBOT; and CME employee, consultant and independent contractor time billed either at an actual rate per hour or reasonable average rate per hour (including reasonable benefits costs and allocation of overhead). Such start-up costs incurred by CME shall be reimbursed by CBOT and such payments shall be non-

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

refundable, without regard to termination of this Agreement for any reason. Such costs shall be billed monthly and promptly paid.

4.4. **CBOT Costs of Formatting Data.** CBOT shall be responsible for and bear any costs of formatting trading data for use by its compliance and surveillance systems.

5. **CME Intellectual Property.**

5.1. **CME Ownership.** Subject to any different agreement between the Parties pursuant to Section 3.10.4, CME and its licensors, as applicable, shall have sole and exclusive ownership of all right, title and interest in and to the intellectual property and technology developed or used by CME in connection with providing Clearing Services. No provision of this Agreement shall be construed to bind or obligate CME in any way to develop, make further enhancements to or maintain any current or future version of the Clearing 21[®] system software or any of the Clearing Systems, provided that CME agrees that it will provide to CBOT the same Clearing Services utilizing the same systems CME applies to clearing the futures and options contracts traded on CME.

5.2. **CBOT Ownership of Data.** As between CBOT and CME, any and all trading data, surveillance records, investigation reports and other similar data or information created, generated, collected, or processed by CME in the performance of the Clearing Services ("CBOT Data") is and will remain the sole property of CBOT, and CME will and hereby does, without additional consideration, assign to CBOT any and all right, title and interest that CME may now or hereafter possess in and to the CBOT Data. Except as provided below, CBOT Data will not be utilized by CME for any purpose other than the performance of Clearing Services under this Agreement and will not be sold, assigned, leased or otherwise transferred, disposed of or provided to third parties by CME or commercially exploited by or on behalf of CME.

5.3. **CME Delivery of CBOT Data.** CME will promptly retrieve and deliver to CBOT a copy of all CBOT Data (or such portions as will be specified by CBOT), in the format and on the media reasonably prescribed by CBOT, at CBOT's reasonable request from time to time. Upon termination of this Agreement or at the completion of any requested Transition Clearing Services (whichever is later), if requested by CBOT, CME will destroy or securely erase all copies of the CBOT Data in CME's possession or under CME's control, except that CME may retain copies of such CBOT Data for its appropriate regulatory and surveillance purposes.

5.4. **Protection of CBOT Data.** CME will take those measures that CME takes to protect its own most confidential data of like kind, but not less than reasonable measures: (i) to preserve the security of the CBOT Data; (ii) to prevent unauthorized access to or modification of any CBOT Data; and (iii) to establish and maintain environmental, safety, facility and data security procedures and other safeguards against destruction, loss, alteration or theft of, or unauthorized access to, any CBOT Data.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

5.5. **CME Use of CBOT Data.** Notwithstanding CBOT's ownership of CBOT Data as described above, CME shall be free to use CBOT Data with respect to the performance of the Clearing Services.

6. **CBOT Contracts Subject to Clearing Services**

6.1. **Launch Date.** On the Launch Date, CME shall commence clearing of all CBOT Products.

6.2. **CBOT Products.** Except as otherwise specified in this Agreement, all CBOT Products shall be subject to this Agreement and shall be cleared by CME, including any futures and options contracts traded at CME that CBOT also determines to list for trading. However, if a new CBOT Product requires changes to the Clearing Systems, Section 3.10 shall govern the timing of CME's response to a notification by CBOT of such requested change. Products other than futures and futures options products may be cleared by CME as CBOT Products under this Agreement only by mutual written agreement of the Parties.

6.3. **Notification to CME.** CBOT shall notify CME of the classes and maturity dates of the CBOT Products that it intends to list for trading in accordance with the Operational Policies and Procedures. CBOT shall also submit to CME in advance of listing any CBOT Product a copy of the contract specifications for the product, and shall provide CME advance notice thereafter of any changes in contract specifications for the product.

6.4. **Replica CBOT Products.** CME may offer and provide its clearing services to any exchange that lists for trading any product, including CBOT Core Products where the underlying deliverable commodity is the same or substantially the same as in a CBOT Core Product ("Replica CBOT Products"). If CME determines to provide clearing services for Replica CBOT Products traded or executed on any exchange other than CBOT, CME will notify CBOT at the time CME agrees to provide clearing services for, or thirty (30) days before CME begins clearing, such Replica CBOT Products, whichever is sooner. CBOT thereafter shall have ninety (90) days following receipt of such notice to determine whether to terminate this Agreement without penalty in light of such CME decision.

6.5. **Notices.** Notwithstanding Section 19.5, notices required under this Section 6 may be delivered by e-mail or through any other electronic method to which the Parties agree as a part of their operational discussions.

7. **Admission of CBOT Clearing Members.**

7.1. **Generally.** CME shall admit as Special CME Clearing Members all firms, including sole proprietorships, that were CBOT Clearing Members as of the Effective Date. CME shall also admit as Special CME Clearing Members any firms that become CBOT Clearing Members after the Effective Date if such firms meet CME's requirements for clearing members other than requirements respecting ownership of CME memberships or CME common stock. CBOT Clearing Members admitted as Special CME Clearing

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

Members pursuant to this Agreement shall be authorized to clear CBOT Products, to the extent permitted by CBOT as of the Effective Date. The rights of such individuals or firms as Special CME Clearing Members may not be assigned or transferred voluntarily or by operation of law. For the avoidance of doubt, Special CME Clearing Members shall be permitted to clear other products cleared by CME only to the extent permitted by CME.

- 7.2. **Process for Admission.** Following the Effective Date, CME shall, in consultation with CBOT, adopt rules for the admission of CBOT Clearing Members as Special CME Clearing Members. Any CBOT Clearing Member admitted as a Special CME Clearing Member pursuant to Section 7.1 of this Agreement or under the rules adopted pursuant to this Section 7.2 shall be considered to be admitted pursuant to this Agreement and shall be subject to all of the rules, requirements and obligations of CME's clearing house, other than admission requirements, including ownership of CME memberships or CME common stock, and capital rules, except as hereinafter provided in this Section 7.
- 7.3. **Minimum Capital Rules.** Any CBOT Clearing Member that is operating in compliance as of the Effective Date, and that continues to remain in compliance through the Launch Date, with the Board of Trade Clearing Corporation ("BOTCC") rules respecting initial or admission capital requirements that are in effect on the Effective Date shall be deemed to be in compliance with CME minimum capital rules on the Launch Date. After that date, CME may increase or decrease the capital requirements for any Special CME Clearing Member on an individualized basis if the Special CME Clearing Member's risk profile changes materially, provided that CME may not, in any event, treat Special CME Clearing Members as a class or group for these purposes. To the extent any Special CME Clearing Member that is not also a CME Clearing Member is required by CME to increase its minimum capital, such increase may be achieved through the acquisition of additional CBOT memberships.
- 7.4. **Provisions for CBOT Clearing Members Joining After the Effective Date.** Any CBOT Clearing Member that was not a CBOT Clearing Member as of the Effective Date, but that becomes a Special CME Clearing Member thereafter, shall be subject to the following provisions with respect to capital requirements: (i) the CME capital requirement for such Special CME Clearing Member will be equivalent to the BOTCC requirement that would have applied to such CBOT Clearing Member if it had been a CBOT Clearing Member on the Effective Date, but (ii) CME may in its discretion require such Special CME Clearing Member to hold additional assets in an aggregate value equal to the difference between the CME minimum capital requirement and the BOTCC capital requirement described in clause (i) above. If CME requires a Special CME Clearing Member to hold additional assets as set forth in clause (ii) above, the assets allowed to be held in satisfaction of such requirement shall include CBOT memberships.
- 7.5. **Special Rules for CBOT Sole Proprietorship Clearing Members.** Any CBOT Clearing Member that is a sole proprietorship ("CBOT Sole Proprietorship Clearing Member") as of the Effective Date, admitted as a Special CME Clearing Member

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

pursuant to this Section 7, shall be excused from compliance with the CME minimum capital rules for the Initial Term of this Agreement, and shall be subject to no other minimum capital requirements imposed by CME provided that such CBOT Sole Proprietorship Clearing Member (i) was in compliance with the BOTCC rules respecting initial or admission capital requirements that are in effect on the Effective Date, (ii) continues to operate in compliance with such BOTCC rules that were in effect on the Effective Date, and (iii) does not materially change its risk profile (in which case a change in minimum capital requirements by CME shall be subject to the provisions of Section 7.3). Any other CBOT Sole Proprietorship Clearing Member admitted as a Special CME Clearing Member shall be subject to special CME minimum capital rules that shall be agreed to by CME and CBOT. After the Initial Term of this Agreement has expired, all CBOT Sole Proprietorship Clearing Members shall be subject to those special capital rules.

- 7.6. **Lien on CBOT Memberships.** Each CBOT Clearing Member admitted hereunder as a Special CME Clearing Member shall execute in favor of CME a lien against the CBOT membership interests required to be held by CBOT for clearing status, as of the Effective Date, to qualify as a CBOT Clearing Member or otherwise required to be held under Section 7.4. The lien shall be the first lien against such membership interests following release of any prior lien held by BOTCC, which release shall be requested by the CBOT Clearing Member promptly following the Launch Date. Each Special CME Clearing Member will be subject to a requirement to continue to hold at least the same number of CBOT memberships that CBOT required such Special CME Clearing Member to hold for clearing member status as of the Effective Date.
- 7.7. **Audit of Non-FCM CBOT Clearing Members.** CBOT shall periodically audit its Clearing Members that are not futures commission merchants ("FCMs") and shall promptly share the results with CME's clearing house.

8. **Transfer of CBOT Open Interest.**

- 8.1. **CBOT Rules.** Promptly following the execution of this Agreement, CBOT shall draft and submit to the CFTC for approval rules that provide for the clearing of CBOT Products at the CME clearing house, to the extent provided herein, and rules that will facilitate the transfer of open interest in CBOT Products from BOTCC to CME. CBOT shall use its best efforts to ensure that such rules are approved by the CFTC reasonably in advance of the Launch Date, and CME shall use its best efforts to provide such assistance as CBOT may request in securing such approval.
- 8.2. **CME Rules.** Promptly following the execution of this Agreement, CME shall draft and submit to the CFTC for approval rules that provide for the clearing of CBOT Products at the CME clearing house, to the extent provided herein, and that will facilitate the transfer of open interest in CBOT Products from BOTCC to CME. CME shall use its best efforts to ensure that such rules are approved by the CFTC reasonably in advance of the Launch Date, and CBOT shall use its best efforts to provide such assistance as CME may request in securing such approval.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

8.3. CME Margining of Positions. CME shall margin the positions so transferred prior to the opening of trading in CBOT Products on the Launch Date, and the relevant Special CME Clearing Members shall be required to post the necessary performance bonds.

8.4. CBOT Clearing Members. CME may require that, in order to participate in the transfer of open interest described in this Section, CBOT Clearing Members that intend to become Special CME Clearing Members have completed CME's application process for Special CME Clearing Member status, have contributed to CME's security deposit pool, and have established appropriate banking relationships by a date certain prior to the Launch Date.

9. Network Interconnections Between CBOT and CME

9.1. Facilities. CME shall establish and maintain an appropriate router or routers at CBOT for the purposes of (i) delivering data to CME for clearing purposes, (ii) delivering data to CBOT for regulatory purposes, and (iii) exchanging data between the Parties for all other purposes required by this Agreement and the Schedules hereto. CME shall establish and maintain appropriate telecommunications circuits between CBOT and CME as necessary to handle message flow and data delivery as set forth above. CBOT shall provide computer room floor space and inside wiring for such routers and shall provide CME or any telecommunications provider with which it contracts for such services reasonable access for maintenance and testing purposes.

9.2. Outsourcing Permitted. CME may fulfill its obligation to establish and maintain the routers and telecommunications circuits described in Section 9.1 through appropriate contractual arrangements with telecommunications service providers and/or other technology service providers.

9.3. Financial Terms. CBOT shall be responsible for paying, via reimbursement to CME or direct billing, all third party or other direct costs (not to include CME employee or CME independent contractor time) associated with the establishment and maintenance of the telecommunications circuits and routers described in Section 9.1, provided that (i) where CME has a negotiated rate with an applicable telecommunications provider, CME shall attempt to secure for CBOT any preferential rate available under such contract, and (ii) in no event shall the amounts paid by CBOT under this Section exceed the published tariff rate of the applicable telecommunications provider. Unless CME arranges for CBOT to be billed directly by the applicable telecommunications provider, CME shall submit to CBOT an invoice for reimbursement of fees or other third-party costs actually paid by CME, and CBOT shall pay CME such amounts no later than the final business day of the calendar month following the month in which CME invoices CBOT.

10. Breach of Agreement; Termination.

10.1. Breach of Agreement; Termination for Unexcused Breach. If either Party is in breach of this Agreement, the non-breaching Party shall be required to provide written notice specifying such breach to the other Party, within five (5) business days of becoming aware of such breach, prior to submitting any Dispute Notice under Section

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

19.4 or exercising any right to terminate as set forth in this Section 10.1. The breaching Party shall have thirty (30) days from receipt of such notice to cure such breach. If the breaching Party cures such breach within such 30-day period, the right of termination or to submit a Dispute Notice shall expire and the breaching Party shall not be subject to any further remedy or liability in respect of such breach. If the breaching Party does not cure such breach within such 30-day period, the following remedies apply: (i) if the breach is a Material Breach, such breach shall be deemed an "Unexcused Breach" and the non-breaching Party shall have thirty (30) days during which to [**] and (ii) if the breach is not a Material Breach, the non-breaching Party shall have thirty (30) days during which to [**] For the avoidance of doubt, if this Agreement is not terminated by the end of any such thirty 30-day period permitting termination, it shall continue according to its terms.

10.2. Bankruptcy. Either Party may terminate this Agreement immediately upon the occurrence of any of the following events affecting the other Party:

- 10.2.1. *Insolvency.* The other Party admits its inability to pay its debts generally as they become due, or makes an assignment of substantially all of its assets for the benefit of its creditors;
- 10.2.2. *Bankruptcy Filed.* A proceeding in bankruptcy or for the reorganization of the other Party or for the readjustment of its debts, under the United States Bankruptcy Code or any other State or Federal law for the relief of debtors now or hereafter existing, is commenced by or against the other Party and is not discharged within sixty (60) days of commencement; or
- 10.2.3. *Receiver Appointed.* A receiver or trustee is appointed in a bankruptcy proceeding for the other Party or for any substantial part of its assets, or any proceedings are instituted for the dissolution or the full or partial liquidation of such Party, and such receiver or trustee is not discharged within sixty (60) days of his or her appointment or such proceedings are not discharged within sixty (60) days of their commencement, as the case may be.

10.3. Liquidated Damages. [**]

10.4. [**]

10.5. CME Termination If Rules Not Approved. If the CFTC fails to approve the rules that will allow CME to perform the Clearing Services by July 15, 2003, then CME may, within thirty (30) days at its sole discretion, terminate this Agreement (by August 15, 2003) by written notice to CBOT, without application of any cure period, unless the CFTC has approved such rules before CME exercises its right to terminate. Termination by CME pursuant hereto shall not constitute a breach by either Party. If CME does not exercise its right to terminate, then the Agreement shall continue according to its terms.

10.6. Legal Or Regulatory Matters. If either Party is precluded from performing its obligations under the Agreement by statute, regulation or legal action of any

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

governmental agency, including failure of the CFTC to approve necessary rules (including rules necessary to transfer the open interest) by the Launch Date, either Party may terminate this Agreement by written notice, without application of any cure period, and upon such termination both Parties shall be excused, without penalty or liquidated damages, from any further performance under the Agreement. If the Parties elect not to terminate this Agreement, they shall renegotiate in good faith the Launch Date, the Initial Term and payment of CME's costs of continuing to be prepared to begin performance under this Agreement.

- 10.7. [**] If CBOT fails to perform any of its obligations under this Agreement because it is [**] However, if CBOT's failure to perform is [**] In such case CME shall provide written notice of its intent to terminate, and CBOT shall have [**] CBOT shall exert its best efforts to permit CME to intervene or otherwise participate in any action that might result in an injunction barring performance by either Party of its obligations under this Agreement.
- 10.8. **CME Provision of Clearing Services for Replica CBOT Products.** Section 6.4 shall govern the respective rights of the parties if CME notifies CBOT that CME will offer clearing services for Replica CBOT Products.
- 10.9. **Inability to Meet Launch Date.** If CME's provision of services under this Agreement on the Launch Date is deficient to an extent that prevents CBOT from operating its exchange for a substantial portion of the trading day on the Launch Date due solely or primarily to failures or problems that were within CME's ability to prevent or mitigate, failure to perform shall be CME's responsibility and shall constitute a Material Breach by CME. In such case, within five (5) business days thereafter CBOT may either (i) seek to terminate this Agreement by exercising its rights as set forth in Section 10.1, or (ii) without application of any provision of Section 10.1, including any cure period, file a Dispute Notice and pursue a claim for damages, provided that any such claim for damages shall be subject to the special limitation of liability set forth in the first sentence of Section 15.1. If CME's provision of services under this Agreement on the Launch Date is deficient to an extent that prevents CBOT from operating its exchange for a substantial portion of the trading day on the Launch Date due solely or primarily to failures or problems that were within CBOT's ability to prevent or mitigate, and CBOT failed to prevent or mitigate such failures or problems despite receiving notice from CME concerning the risk of failing to meet the Launch Date, then the failure to perform shall be the responsibility of CBOT and shall constitute a Material Breach by CBOT, which shall trigger CME's rights under Section 10.1. For purposes of this Section 10.9, a failure by CBOT's electronic trade matching facility service provider that was within such service provider's ability to prevent or mitigate shall be deemed a failure by CBOT. In any situation described in this Section 10.9 and throughout any applicable cure period, the Parties shall remain in regular communication concerning the failure at issue, and the breaching Party shall give prompt notice to the other Party if it determines that it will not cure the breach within the cure period.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

- 10.10. Joint Press Release.** If either Party terminates this Agreement prior to or immediately following the Launch Date, the Parties shall work together to issue a joint press release and, if appropriate, hold a joint press conference, concerning the termination of the Agreement.
- 10.11. Break-up Fees Reasonable.** The Parties agree that the liquidated damages and break-up fees set forth in this Section 10 represent a reasonable measure of damages to CME or CBOT, as the case may be, under the circumstances resulting in such termination. The Parties agree that calculating the measure of damages to either Party under the circumstances under which break-up fees are to be paid would be extremely difficult given the complexities of the business arrangements, the uncertainty of the revenues to be earned by either Party through the arrangements set forth in this Agreement, and the uncertainty of the value of opportunities that will have been lost by the terminating Party under the circumstances.
- 10.12. Action for Damages.** For the avoidance of doubt, either Party may bring an action for damages against the other Party alleging any breach of this Agreement (except where an alleged breach has been cured, as described in Section 10.1) in lieu of invoking any right to terminate and receive agreed liquidated damages as described in any provision of Section 10. Any such action for damages shall be subject to the applicable limitation of liability set forth in Section 15.1 or Section 15.2.
- 11. Limited Right to Continuance of Clearing Services.** Notwithstanding any other provision of this Agreement, upon termination of this Agreement for any reason, if CBOT is unable to engage another entity prepared and able to provide services comparable to the Clearing Services on commercially reasonable terms, CBOT shall have the right to require that CME continue providing any or all of the Clearing Services, as set forth below. For the avoidance of doubt, pricing terms generally shall be deemed commercially reasonable, and alternate services generally shall be deemed comparable, if such terms and services are reasonably similar to those accepted by other parties receiving services from other clearing services providers.
- 11.1. Six-Month Continuation Period.** In the event that (i) this Agreement is terminated by CME as a result of an Unexcused Breach by CBOT, (ii) CBOT elects not to renew this Agreement pursuant to Section 2 above, or (iii) this Agreement is terminated for any other reason except those described in Section 11.2, CBOT may require that CME continue to provide Clearing Services after the termination of this Agreement or expiration of the Initial Term or Renewal Term of this Agreement, as the case may be, for 180 days.
- 11.2. One-Year Continuation Period.** In the event that (i) this Agreement is terminated by CBOT as a result of an Unexcused Breach by CME, (ii) this Agreement is terminated by CBOT pursuant to Section 6.4, or (iii) CME elects not to renew this Agreement pursuant to Section 2 above, CBOT may require that CME continue providing Clearing Services after the termination or expiration date, as the case may be, for up to one (1) year.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

- 11.3. **Payment of Fees.** In the event that CBOT requires CME to continue to provide all or substantially all of the Clearing Services pursuant to this Section 11, CBOT shall pay CME for these Clearing Services at the fees set forth in Schedule B. In the event that this Agreement is terminated by CME for nonpayment of fees, bankruptcy or insolvency, or if CBOT fails to timely pay fees during the continuation period, CME shall not be required to continue to provide Clearing Services unless CBOT pays CME monthly in advance for the continued provision of such Clearing Services based upon a reasonable estimate of the amounts likely to be due in respect of each month. CME agrees to credit back to CBOT any estimated amounts paid by CBOT that are later determined to be over-payments by CBOT.
- 11.4. **Notice to CME.** If CBOT elects to require the continuation of any Clearing Services under this Section 11, then CBOT shall give at least ninety (90) days prior written notice to CME of the date for cessation of such continuation of Clearing Services.
- 11.5. **Hold Over by CBOT.** If CBOT is unable to transfer to another provider of clearing services at the conclusion of any of the periods provided above for the limited continuation of Clearing Services, CME shall continue to provide the Clearing Services. During the period that CME provides clearing services under this Section 11.5, CBOT shall pay a fee of [**] plus all additional costs incurred by reason of CBOT's failure to transfer to another DCO, including without limitation any necessary retention bonuses or employment benefits or fees, in addition to the fees set forth in Schedule B, for each month that it holds over.
- 11.6. **Continuation is Not Renewal.** Continuation of Clearing Services under this Section 11 shall not be deemed a renewal of this Agreement under Section 2 beyond the termination date.
12. **Transition Clearing Services.** In connection with the termination of this Agreement for any reason or expiration of the Initial Term or Renewal Term of this Agreement, as the case may be, and in order to assist CBOT in terminating the Clearing Services and transitioning such services to another entity in an orderly manner, CME shall, if and as requested by CBOT, provide the following services (the "Transition Clearing Services"):
 - 12.1. **Transition Plan.** CME and CBOT shall cooperate to prepare a transition plan setting forth the respective tasks to be accomplished by each Party in connection with the transition and a schedule pursuant to which such tasks are to be completed;
 - 12.2. **Necessary Date.** CME shall provide CBOT with all data and other information maintained by CME necessary to transfer responsibility for providing the Clearing Services to another entity as of the date services are no longer rendered by CME and all hardcopy records relating to other CBOT Data maintained by CME, except that CME may retain copies of such data and other information for its appropriate regulatory and surveillance purposes; Such data and other information shall be provided to CBOT on magnetic tape or such other storage medium, and in such format, reasonably acceptable to CBOT;

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

12.3. **Transfer of Positions.** CME shall transfer any open positions in CBOT Products from CME to the new DCO selected by CBOT in accordance with directions CME shall receive from CBOT for such transfer; and

12.4. **Reimbursement of Costs.** CBOT shall pay or reimburse CME for any and all costs ("Transition Costs") reasonably and actually incurred by CME that are directly attributable to providing Transition Clearing Services in accordance with this Section 12 (with the rates for any CME employees used to perform such Clearing Services reasonably reflecting CME's fully loaded costs with respect to such employees, plus a commercially reasonable profit margin); provided that CME shall act in good faith and use commercially reasonable efforts to minimize and mitigate any Transition Costs.

13. **Confidentiality.**

13.1. **Generally.** CBOT and CME each acknowledges that it will receive during the term of this Agreement confidential or proprietary information of the other Party relating to the Clearing Services and Clearing Systems. (All such information is collectively referred to in this Agreement as "Proprietary Business Information.") Materials embodying such information and within the scope of this Section 13.1 shall bear reasonable legends to such effect to the extent appropriate. Each Party agrees to take reasonable steps to maintain the confidentiality of the Proprietary Business Information of the other Party, and each Party agrees to use such information only in connection with the performance of its obligations and the exercise of its rights under this Agreement and for appropriate regulatory and surveillance purposes. In the event that this Agreement is terminated for any reason, each Party agrees that it shall use reasonable efforts to return to the other Party or destroy all Proprietary Business Information of the other Party in its possession in tangible form and that it shall not knowingly retain any copies thereof, except that each Party may retain copies of the other Party's Proprietary Business Information for its appropriate regulatory and surveillance purposes.

13.2. **Exclusions.** In no event shall the provisions of this Section 13 apply to any information that: (i) was rightfully known to the receiving Party prior to its receipt from the disclosing Party, or becomes rightfully known to the receiving Party other than as a result of the relationship between the Parties pursuant to this Agreement; (ii) is or becomes public knowledge through no fault of the receiving Party; (iii) is disclosed to the receiving Party by a third Party with the right to disclose the information without restriction or subject to restrictions to which the receiving Party has conformed; or (iv) is independently developed by the receiving Party without use of any confidential or proprietary information of the disclosing Party. Notwithstanding anything in Section 13.1 above to the contrary, each Party may disclose any Proprietary Business Information received by it to the extent that it is required by subpoena or other order of court, law or other regulation, or required or requested by any governmental or regulatory authority having jurisdiction or required pursuant to an information sharing agreement, rule, or policy with another self-regulatory body, to furnish such Proprietary Business Information to any third Party, or as otherwise permitted in this Agreement; provided that, in any such case, the receiving Party shall provide the disclosing Party with prompt

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY

[**].

notice thereof so that the disclosing Party may seek an appropriate protective order. In the absence of a protective order, if the receiving Party is nonetheless, in the opinion of its counsel, compelled to furnish Proprietary Business Information to any third Party or else stand liable for contempt or suffer other censure or penalty, such Party may furnish such information without liability under this Section 13 or otherwise.

14. **Force Majeure.** Each Party shall be excused from performance under this Agreement and shall have no liability to the other Party to the extent that, and for any period during which, it is prevented from performing any of its obligations hereunder as a result of any act, or failure to act, of the other Party or by an act of God, war, civil disturbance, act of terrorism, court order (except as provided in Section 10), or other cause beyond its reasonable control (including, without limitation, failures or fluctuations in the electrical or mechanical equipment, communication lines, heat, light or telecommunications, in each case to the extent beyond its reasonable control), provided that each party agrees to apply fully its disaster recovery system to minimize any reduction in service it has agreed to provide under this Agreement.

15. **Liability Limits; Indemnification.**

15.1. **CME.** In any action brought by CBOT against CME, whether in contract, tort or otherwise, alleging a Material Breach by CME of Section 10.9, and any continuing deficiency, CME's liability to CBOT for consequential damages, excluding punitive damages, caused by CME's failure to provide Clearing Services under this Agreement shall be limited to an amount not to exceed \$30,000,000. In any other action brought by CBOT against CME, whether in contract, tort or otherwise, CME's liability to CBOT under this Agreement shall be limited to an amount not to exceed \$10,000,000, provided that in the event CBOT exercises its right to terminate this Agreement under Section 10.1 and receives \$10,000,000 in liquidated damages, CBOT shall have no other claim for money damages against CME and CBOT shall retain its right to continued and transitional clearing services in accordance with Sections 11 and 12 of this Agreement. Notwithstanding the foregoing, but subject to the provisions of Section 16 below, CME shall indemnify, defend and hold harmless CBOT and its directors, officers, employees and agents, in accordance with the procedures described in Section 16.1 below, from and against any and all losses, liabilities, damages and claims, and all related costs and expenses (including without limitation reasonable attorneys' fees), arising from the willful misconduct on the part of CME, its directors, officers, employees or agents.

15.2. **CBOT.** In any action brought by CME against CBOT, whether in contract, tort or otherwise, CBOT's liability to CME under this Agreement shall be limited to an amount not to exceed \$10,000,000, provided that in the event CME exercises its right to terminate this Agreement under Section 10.1 and receives the liquidated damages specified in that Section 10, CME shall have no other claim for money damages against CBOT. The liability limits provided for in this Section 15.2 shall not apply to liability of CBOT to CME to pay fees owed to CME hereunder. Notwithstanding the foregoing, but subject to the provisions of Section 16 below, CBOT shall indemnify, defend and hold harmless CME and its directors, officers, employees and agents, in accordance with the

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

procedures described in Section 16.1 below, from and against any and all losses, liabilities, damages and claims, and all related costs and expenses (including without limitation reasonable attorneys' fees), arising from the willful misconduct on the part of CBOT, its directors, officers, employees or agents.

16. Indemnity

16.1. Procedure. If any third Party notifies either Party (the "Indemnified Party") with respect to any matter which may give rise to a claim for indemnification against the other Party (the "Indemnifying Party"), then the Indemnified Party shall promptly notify the Indemnifying Party thereof; provided, however, that no delay on the part of the Indemnified Party in notifying the Indemnifying Party shall relieve the Indemnifying Party from any liability or obligation hereunder, except to the extent (if any) that the Indemnifying Party is damaged by such delay. If the Indemnifying Party notifies the Indemnified Party that it is assuming the defense of any claim:

- 16.1.1. *Defense of Claim.* The Indemnifying Party shall defend the Indemnified Party against such claim with counsel of its choice reasonably satisfactory to the Indemnified Party;
- 16.1.2. *Separate Co-counsel Permitted.* The Indemnified Party may retain separate co-counsel at its sole cost and expense (except that the Indemnifying Party shall be responsible for the fees and expenses of the separate co-counsel to the extent that the Indemnified Party concludes reasonably that the counsel the Indemnifying Party has selected has a conflict of interest);
- 16.1.3. *Consent Decree or Settlement.* The Indemnified Party shall not, without foregoing the benefits of this Section 16.1, consent to the entry of any judgment or enter into any settlement with respect to such claim without the prior written consent of the Indemnifying Party, which consent shall not be unreasonably withheld or delayed; and
- 16.1.4. *Full Release.* The Indemnifying Party shall not consent to the entry of any judgment with respect to the matter or enter into any settlement which does not include a provision whereby the plaintiff or claimant releases the Indemnified Party from any and all responsibility and liability with respect to such claim, without the prior written consent of the Indemnified Party.

17. Consequential and Punitive Damages. The Parties have agreed on liquidated damages for various breaches that are the basis for a Party's exercise of its right to terminate this Agreement under certain provisions, and the Parties have also agreed to the liability limits set forth in Section 15. Except with respect to consequential damages authorized under the first sentence of Section 15.1 and an action for indemnification under the last sentence of Section 15.1 and the last sentence of Section 15.2, neither Party shall be liable for, nor will the measure of damages include, any punitive or special damages or amounts for loss of income or profits, even if such damages were foreseeable.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

18. Public Announcements.

- 18.1. Requirements Generally.** CME and CBOT each agree that it will not issue any public announcement concerning CME's provision of Clearing Services, the terms of this Agreement, the negotiations between CME and CBOT leading up to and following the execution of this Agreement, or any other matter related in any way to this Agreement that, for each Party, involves the other Party, without (i) consulting with the other Party prior to issuing the announcement so that such announcements may be issued jointly, if appropriate; (ii) providing the other Party an advance copy of the proposed press release or other announcement not later than three (3) business days prior to its release; and (iii) in the case of public appearances by directors, officers or other officials associated with a Party at which any of the foregoing matters are likely to be discussed, providing advance notice to the other Party of such appearance and, if possible, extending an invitation to the other Party for a representative of its own to be included in such appearance.
- 18.2. Definition.** For purposes of this Section, a "public announcement" shall include, without limitation, (i) any press release, press statement or press conference, (ii) any brochures or notices to be delivered or made available to the public generally (including marketing materials), and (iii) any notice to be circulated to Clearing Members or Market Participants, that, in each case, includes or may include material information that has not previously been released about the terms of or negotiations surrounding this Agreement or the relationship between CME and CBOT that is established through this Agreement.
- 18.3. Joint Press Releases, Statements and Conferences.** Notwithstanding the foregoing, the Parties shall use their best efforts to ensure that any press release, press statement or press conference the primary topic of which concerns this Agreement or the relationship between CME and CBOT shall be a joint press release, press statement or press conference.

19. Miscellaneous.

- 19.1. Benefits of Agreement.** This Agreement shall be binding upon, and inure to the benefit of, the Parties hereto and their respective successors. Except to the extent provided in Sections 15.1 and 15.2 above with respect to the directors, officers, employees and agents of CBOT and CME, respectively, nothing in this Agreement, express or implied, shall give to any other person or entity any benefit or any legal or equitable right or remedy.
- 19.2. Waiver.** Except as expressly provided herein, neither Party shall, by mere lapse of time, without giving notice or taking any other action, be deemed to have waived any breach by the other Party of any of the provisions of this Agreement.
- 19.3. Governing Law.** This Agreement shall be construed and enforced in accordance with the laws of the State of Illinois (other than the laws thereof that would require reference to the laws of any other jurisdiction).

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [**].

- 19.4. Dispute Resolution.** A Party shall not commence a litigation proceeding against the other Party unless that Party first gives written notice to the other Party setting forth the nature of the dispute (“Dispute Notice”). The Parties shall attempt in good faith to resolve the dispute by mediation with a mediator selected by mutual agreement of the Parties. If the Parties cannot agree on the selection of a mediator within twenty (20) days after delivery of the Dispute Notice, or if the dispute has not been resolved by mediation as provided by this Section 19.4 within sixty (60) days after the delivery of the Dispute Notice, then either Party may commence litigation. The state courts of the County of Cook, Illinois and the United States District Court for the Northern District of Illinois shall have the exclusive jurisdiction over any and all litigated claims arising out of or relating to this Agreement or the subject matter hereof. Each of the Parties hereby irrevocably (i) submits to the personal jurisdiction of such courts over such Party in connection with any litigation, proceeding or other legal action arising out of or in connection with this Agreement or the subject matter hereof, (ii) waives to the fullest extent permitted by law any objection to the venue of any such litigation, proceeding or action which is brought in any such court, and (iii) agrees to the mailing of service of process to the address specified below for such Party as an alternative method of service of process in any legal proceeding brought in any such court.
- 19.5. Notices.** All communications or notices required or permitted to be given under this Agreement shall be sufficiently given for all purposes hereunder if given in writing and (i) delivered personally, (ii) deposited in the United States mail, postage prepaid and return receipt requested, (iii) delivered by a recognized document overnight delivery service or (iv) sent by telecopy, facsimile or other electronic transmission service (provided a confirmation of delivery is received). All notices delivered in accordance with this Section 19.5 shall be sent to the appropriate address or facsimile number set forth below, or to such other address or facsimile number or to the attention of such other person as the recipient Party may have specified by prior written notice to the sending Party.

- 19.6. Severability.** If any provision of this Agreement is deemed to be illegal or unenforceable by any court of competent jurisdiction, (i) such provision shall be deemed to be severable from the remainder of this Agreement, (ii) the effect of such determination shall be limited to such provision to the extent reasonably practicable, and

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

(iii) the validity, legality and enforceability of such provision in any other jurisdiction shall not in any way be affected or impaired thereby.

19.7. Amendments. No provision of this Agreement may be amended, modified, supplemented or waived, except by an agreement in writing executed and delivered by authorized representatives of both Parties.

19.8. Entire Agreement. This Agreement, including the Schedules hereto, constitutes the entire agreement and understanding, and supersedes any and all prior agreements and understandings, whether written or oral, between the Parties with respect to the subject matter hereof.

19.9. Relationship of Parties. CME, in providing the Clearing Services, is acting only as an independent contractor. Except as expressly provided in this Agreement or any other agreement to which CME and CBOT are parties, CME does not undertake to perform any obligations of CBOT, whether regulatory or contractual, or to assume any responsibility for the business or operations of CBOT.

19.10. Counterparts. This Agreement may be executed in one or more counterparts, each of which when so executed shall be an original, but all of which together shall constitute but one and the same instrument.

19.11. Assignment. This Agreement may not be assigned in whole or in part by either Party hereto without the prior written consent of the other Party hereto. CBOT may assign this Agreement and its rights and obligations hereunder to an entity to which CBOT is selling all or substantially all of its assets without the prior written consent of CME. The consummation of the transactions contemplated by CBOT's proposed restructuring shall not be deemed to be such an assignment or sale for purposes of this Agreement. CME may assign this Agreement and its rights and obligations hereunder, in their entirety, to an entity to which CME is selling all or substantially all of its clearing assets without the prior written consent of CBOT.

19.12. Survival. Following any termination of this Agreement in accordance with its terms and the expiration of the post-termination obligations of CME pursuant to Sections 11 and 12 hereof, all obligations hereunder of each Party to the other shall terminate and (without limiting the generality of the foregoing) CME shall have no further obligation to provide Clearing Services to CBOT. Notwithstanding the foregoing, however, the provisions of Sections 13, 15, 16 and 17 of this Agreement (including this Section 19.12) shall survive and remain in effect following any termination of this Agreement in accordance with its terms and the expiration of the post-termination obligations of CME.

EXECUTION COPY

SCHEDULE A
DESCRIPTION OF CLEARING AND SETTLEMENT SERVICES

In accordance with the terms of this Agreement, CME shall provide clearing services as follows with respect to transactions in CBOT Products:

Electronic Trade Acceptance. CME shall accept for clearing and guarantee matched trades submitted to CME by CBOT (or CBOT's electronic trade matching facility service provider) in accordance with the CME Rules and the Operational Policies and Procedures in effect from time to time.

Pit Trade Acceptance—Electronic Devices. CME shall receive unmatched trade records submitted to CME by CBOT from electronic pit trading technology devices, and CME shall accept for clearing and guarantee such trades upon matching by CME in accordance with the CME Rules and the Operational Policies and Procedures in effect from time to time.

Pit Trade Acceptance—Open Outcry. CME shall receive unmatched trade records submitted to CME by Special CME Clearing Members for trades executed without benefit of electronic pit trading technology devices, and CME shall accept for clearing and guarantee such trades upon matching by CME in accordance with the CME Rules and the Operational Policies and Procedures in effect from time to time.

Ex-Pit Trade Acceptance. CME shall receive unmatched trade records submitted to CME by Special CME Clearing Members for ex-pit trades (blocks and EFPs) that are executed in accordance with CBOT rules, and CME shall accept for clearing and guarantee such trades upon payment of initial settlement variation and performance bond by the applicable settlement bank for each party to the transaction, as set forth in the CME Rules and the Operational Policies and Procedures in effect from time to time.

Requirements for CME Trade Acceptance. In addition to the other requirements that may be set forth in this Agreement, the CME Rules and the Operational Policies and Procedures, the following requirements apply to CME's receipt and acceptance for clearing of trades as set forth in this Schedule A:

Origins for Matched and Unmatched Trade Records. CME will support up to four origins for transactions in CBOT Products—house, house market-maker, customer, and customer market-maker—subject to final confirmation by CBOT promptly following the effective date.

Report Formats. Message formats for trade records, including but not limited to, trade registers, out-trade and EQC reports, and brokers' matched and unmatched trade reports shall conform to CME specifications.

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

Opposite House Switches. CME will not support the current modified contra matching practice currently employed by BOTCC with respect to unmatched trades in CBOT products. However, CME will facilitate matching of unmatched trades by performing automatic opposite house switches for unmatched trades in CBOT products, as CME does for unmatched trades in its own products, in accordance with the CME Rules and the Operational Policies and Procedures. CME will explore the functional requirements for integrating modified contra-matching processes as a possible enhancement after the Launch Date.

SLEDs. CME will not support single-line spread entry functionality (“SLEDs”) as of the Launch Date. CME will use reasonable efforts, in consultation with CBOT, to implement SLEDs for transactions in CBOT products by February 20, 2004.

Position Maintenance and Settlement. On a daily basis CME shall calculate and collect original margin, premium and variation margin on futures and options trades and positions in the accounts of Special CME Clearing Members. CME shall settle the gains and losses associated with futures and options trades and positions in the accounts of clearing members at least once each business day, typically twice each business day, and more frequently as CME determines is warranted by market volatility.

CME PCS Process. CME’s position change submission (PCS) process will be used for reporting final positions and spreadable positions and to determine each clearing member’s final position for margining purposes and for exercise and assignment of options, as well as for determining the exchange open interest to be reported for each business day.

Net Margining of CBOT Products. CME will support net margining of positions in CBOT Products in substantially the same manner as the current procedures employed by BOTCC with respect to performance bond requirements. Notwithstanding the foregoing, CME may adjust formulas for calculating security deposit requirements or assessment of security deposit contributions with respect to net-margined products, as CME in its reasonable discretion deems appropriate in order to fairly and equitably calculate security deposit requirements, given differences between positions subject to gross margining and positions subject to net margining.

SPAN Files. CME will generate and distribute to Special CME Clearing Members’ and customers’ SPAN files reflecting SPAN margining of positions in CBOT Products. SPAN files will be distributed over the internet and through any other means specified in the CME Rules and the Operational Policies and Procedures. CME may generate and distribute joint SPAN files for positions in CBOT Products, CME products and products of any other exchange for which CME provides clearing services or linked clearing.

Authority Over Clearing Firm Margin Requirements. CME will work with CBOT to develop a coordinated performance bond / margin review process such that CME can receive input from CBOT as to performance bond / margin requirements. Such process

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

Confidential Treatment Requested by CBOT Holdings, Inc.

shall involve monthly meetings with representatives designated by CBOT and will involve data analysis and discussions with respect to how and when to implement changes to clearing firm level performance bond / margin requirements; provided however, that ultimate control over performance bond / margin requirements at the clearing member level shall reside with CME. Notwithstanding the foregoing, CME agrees that determinations by CME with respect to performance bond / margin requirements for CBOT Core Products shall be made strictly on the basis of risk management principles and shall not involve competitive considerations associated with CME products and competing CBOT Products. Additionally, CME shall not recognize clearing member level spreads between CBOT Products and products of any other exchange without the prior written approval of CBOT.

Authority Over Customer Level Requirements. CBOT shall have ultimate control over customer level exchange minimum performance bond / margin and spread requirements, provided that CBOT shall consult with CME as to such requirements as a part of the coordinated review process to be developed between CME and CBOT.

Acceptable Collateral. CME will review the forms of collateral currently accepted by BOTCC that are not currently accepted by CME and, where in CME's judgment such additional forms of collateral are frequently used and not unduly costly or risky to accept, CME will amend the CME Rules to accept such forms of collateral with respect to CBOT Products. Notwithstanding the foregoing, CME will conduct this review process prior to the Launch Date only if time permits.

Transfers. CME shall effect the transfer of positions in CBOT Products between Special CME Clearing Members, where applicable, in accordance with the CME Rules and Operational Policies and Procedures in effect from time to time. Transferred positions will be guaranteed by CME to the transferee only upon payment of initial settlement variation and performance bond by the transferor or the transferee, as applicable.

Give-Up Transactions. CME will make the allocate claim system ("ACS") available to Special CME Clearing Members for processing give-up transactions.

Exercise and Assignment. CME will provide exercise and assignment functionality to Special CME Clearing Members with respect to positions in options products, including at option expiration, as set forth in the CME Rules and the Operational Policies and Procedures. CME will not support option expiration processing on Saturdays, and option expiration processing for CBOT Products as of the Launch Date will be completed on Fridays (or another business day, with respect to Friday holidays) in accordance with the CME Rules and the Operational Policies and Procedures.

Deliveries. CME will provide automated support to CBOT in connection with deliveries management of CBOT Products, including inventory of deliverable positions, inventory of deliverable supply, delivery intent processing, delivery assignment, and delivery invoicing, except that CBOT shall maintain responsibility for management and operation of the registration and delivery process. CME will provide automated deliveries support as of the Launch Date of

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

financial and equity CBOT Products that are listed for trading by CBOT as of the Effective Date. CME will use its best efforts to implement automated deliveries support of other CBOT Products that are listed for trading by CBOT as of the Effective Date, including agricultural products, as of the Launch Date or as soon thereafter as is practicable. CME shall provide automated deliveries support for new CBOT Products (or for changed features of existing CBOT Products) listed for trading by CBOT after the Effective Date, provided that the product characteristics permit automation of deliveries management through means substantially similar to those that CME then employs with respect to other products cleared by CME. If significant development work will be required by CME to provide automated deliveries support for such products listed for trading by CBOT after the Effective Date, the work will be subject to the change request procedures set forth in Section 3.10.

Settlement Banks. CME will interface with all banks that serve as settlement banks for transactions in CME products to provide settlement services for transactions in CBOT Products also, provided that such banks agree to serve as settlement banks for transactions in CBOT Products. Additionally, CME will use best efforts to establish a settlement bank relationship with Lakeside Bank and, as appropriate, Burling Bank, prior to the Launch Date.

Large Trader Reports. CME will collect on CBOT's behalf the large trader submissions from Special CME Clearing Members or their clients and forward such submissions to the CFTC and to CBOT for regulatory purposes. The CME clearing house shall be authorized to use this data to perform the type of account level stress testing it performs on its own products to identify concentration of client exposure at a clearing member. CME shall facilitate reporting of large trader data for CBOT products by accepting transmissions of such data in standard formats. CME shall construct an application that maintains a database of firms, customer accounts, and EINs (the term CBOT uses for the number used to aggregate customer accounts by beneficial owner). For each reported position, the application shall search in the database by the firm and customer account: a) if the firm and customer account is found, the application shall tag the position with the EIN for it; and b) if the firm and customer account is not found, the application shall assign the EIN, using CBOT's standard convention, and tag the position with the newly-assigned EIN. The application shall then prepare a datafile of reported positions for transmission to CBOT, with each position tagged with its EIN. The application shall further provide CBOT staff with an interface for viewing and modifying the EIN assigned to a particular firm and customer account. CBOT shall provide an initial datafile or files for loading this application with its existing EINs and their associated firm and customer accounts. CME shall prepare position limit reports against the large trader data for provision to CBOT. Other than these enumerated processes, all responsibility for large trader reporting analysis and other larger trader-related functions remains with CBOT.

Calculation and Collection of Fees. CME will calculate, bill and collect clearing fees from Special CME Clearing Members for transactions in CBOT Products, using the transaction types for which CME currently bills clearing members with respect to transactions in its own products. The rate billed will be determined by CBOT for the fee for initial cleared transactions, including block trades, EFPs and other alternative execution procedures, and by CME for post-trade

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

transaction types (including, without limitation, give-ups, transfers, option exercise and assignment, and deliveries).

Operational Timeline. Except as otherwise set forth in the CME Rules or the Operational Policies and Procedures, the operational timeline for clearing services and submission of reports for transactions and positions in CBOT Products shall be the same as it is with respect to transactions and positions for CME products. CME anticipates using single, combined clearing process cycles for both CME products and CBOT Products. Consequently, CME's deadlines and requirements shall apply with respect to processes including, but not limited to, trade report submission deadlines, out-trade report production, final reconciliation and option exercise deadlines, mark-to-market and settlement cycles (including intra-day cycles), collateral substitution and withdrawal deadlines, and pay/collect procedures.

Support for Existing and Future CBOT Product Characteristics. Subject to any specific limitations set forth in this Schedule A or elsewhere in this Agreement, in providing the Clearing Services CME will develop systems and adopt practices as necessary to support the product features and characteristics of CBOT products as they are listed for trading as of the Effective Date, including, without limitation, fractional price formats and variable cabinet pricing. CME shall similarly support new product features and characteristics of existing CBOT Products or those that CBOT may list for trading in the future, provided, however, that if the features and characteristics of such products differ materially from those of products then cleared by CME, CME's support of such new product features or characteristics shall be subject to the change request procedures set forth in Section 3.10.

Security Deposit Management and Assessment. CME will calculate and collect from Special CME Clearing Members security deposit contributions in accordance with the CME Rules and the Operational Policies and Procedures in effect from time to time. CME shall have the authority, as set forth in the CME Rules and the Operational Policies and Procedures in effect from time to time, to seize the security deposits of Special CME Clearing Members and to further exercise certain limited assessment powers in the event of a default by either a Special CME Clearing Member or a CME clearing member. For the avoidance of doubt, CME shall manage a joint security deposit pool for the benefit of Special CME Clearing Members and CME clearing members with respect to transactions in CME products, transactions in CBOT Products, and transactions in the products of any other exchange for which CME provides clearing services or linked clearing, unless CME's agreement with such other exchange prohibits a joint guarantee fund. Consequently, the security deposit contributions of CME-only clearing members may be assessed as a result of defaults as to transactions in CBOT Products, and the contributions of CBOT-only clearing members who are Special CME Clearing Members may be assessed as a result of defaults as to transactions in CME products.

Support for Cross-Margining of CBOT Products. CME will provide support for and will participate in cross-margining of positions in CBOT Products held by Special CME Clearing Members pursuant to CBOT's existing cross-margining arrangements with GSCC and OCC, provided that CBOT shall secure any necessary amendments to substitute CME for BOTCC in its current cross-margining agreements with GSCC and OCC. CME will provide support for and

**CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].**

Confidential Treatment Requested by CBOT Holdings, Inc.

will participate in cross-margining of positions in CBOT Products held by Special CME Clearing Members under any other cross-margining agreements (or amendments to existing agreements) into which CBOT may enter in the future, provided that (i) such support, including without limitation the development of necessary interfaces, shall be subject to the change request procedures set forth in Section 3.10, and (ii) CME may decline to support such cross-margining agreement if CME concludes, in its sole reasonable judgment after consultation and negotiation with CBOT and the other party, that such proposed cross-margining arrangement presents an unacceptable credit risk to CME.

Information and Reports for CBOT. With respect to each trading day, CME will deliver to CBOT the following reports in accordance with the Operational Policies and Procedures:

- a. End-of-day volume and open interest file;
- b. End-of-day transaction listing file; and
- c. Large trader data file as submitted by Clearing Members

Information and Reports From CBOT. CBOT (or a third-party service provider to CBOT, if CBOT delegates such obligation) shall provide the following reports and information to CME in accordance with the Operations Policies and Procedures:

- a. A daily data file of the CBOT Products eligible for trading on the next business day;
- b. Information on the performance bond requirements CBOT sets for the customer level exchange minimum requirements, which must be provided at least three to five business days prior to their effective date except in situations where changes are driven by unusual market volatility. Such data is required in order for CME to produce the appropriate customer level SPAN files;
- c. A daily data file of eligible CBOT traders for the next trading day, together with identification of each trader's guarantor Special CME Clearing Member;
- d. Two-sided matched trade record messages, in near real time, for trades executed electronically on LIFFE Connect;
- e. One-sided (unmatched) trade record messages, in near real time, from any electronic trading floor technology devices where CBOT rather than the Special CME Clearing Members will be the source of the trade data;
- f. Two-sided matched trade messages in near real time for any pit trades matched by any trade matching system for such trades as CBOT may implement;
- g. Real time quote stream of CBOT prices for real-time clearing house and Special CME Clearing Member risk management; and

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

- h. End of day settlement prices received both via a datafile and via the real time quote stream to be received by approximately 2:30-2:45 p.m. for products that settle by 2:00 p.m. and by approximately 3:45-4:00 p.m. for products that settle later than 2:00 p.m. The purpose of receiving such end-of-day settlement prices in a timely manner is to facilitate the timely publication of daily SPAN files for CBOT Products and to allow Clearing Members to begin bookkeeping processing in a timely manner.

Information and Reports for Clearing Members. CME will make available to each Special CME Clearing Member on every business day the following information, in machine readable format in accordance with the CME Rules and the Operational Policies and Procedures:

- a. futures and options transactions accepted by CME for each account of the Special CME Clearing Member;
- b. obligations to receive or deliver products or instruments underlying matured physically settled futures contracts in the Special CME Clearing Member's accounts;
- c. give-up trades, position transfers and other transactions in the Special CME Clearing Member's accounts involving CBOT Products;
- d. EFP transactions, which will be identified as such by CME using an available "data field" when such transactions are identified as such to CME by CBOT or Special CME Clearing Members ;
- e. block trades, which will be identified as such by CME using an available "data field" when such transactions are identified as such to CME by CBOT or Special CME Clearing Members;
- f. the daily mark-to-market of each open position in futures held by each Special CME Clearing Member; and
- g. amounts of money due to and from CME from and to each Special CME Clearing Member for each account held by the Special CME Clearing Member with CME.

File Formats Generally. The formats for data files and/or messages to be exchanged among CME, CBOT, any third-party service provider to CBOT or any other entity with which CME must exchange data in connection with providing Clearing Services, shall be as mutually agreed by CME and CBOT promptly after the execution of this Agreement. If any disagreement arises, generally the principle that the receiving party specifies the format shall control.

Special CME Clearing Member Access to CME Clearing Systems. CME will permit Special CME Clearing Members to access CME's automated and online systems for all clearing and position management functionality for use in connection with positions in CBOT Products on substantially the same basis as CME permits such access with respect to positions in its own products (unless unique characteristics of a particular CBOT Product preclude use of such functionality).

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY [].**

Services Complete. Except as otherwise specified in this Agreement, in the CME Rules or the Operational Policies and Procedures, the services set forth above are the complete clearing services that CME will provide to CBOT pursuant to this Agreement. Without limiting the generality of the foregoing, CBOT understands that CME will not provide additional services relating to market regulation, generating statistical information, managing time and sales information, managing membership requirements, or daily bulletin processing.

Schedule C
Project Development Plan

Outlined below are the terms to which the Parties have agreed concerning the development of and compliance with a detailed project plan for implementing the arrangements described in this Agreement.

Terms Relating to Plan

A. Development of the Plan. Immediately following the Effective Date of this Agreement and on an ongoing basis throughout the development period prior to the Launch Date, the Parties will use their best efforts to update the project development plan (the "Plan", as updated from time to time during the development period). The Plan shall identify, with reasonable detail, (i) all material information that must be exchanged between the Parties, (ii) any outstanding matters that must be agreed to between the Parties or decisions that must be reached by one Party, (iii) all material tasks that must be completed by either Party, and (iv) the timeline upon which such tasks must be completed in order to meet the Launch Date. The Parties shall also use their best efforts to jointly develop and incorporate within the Plan an (i) outline and timeline for completing legal documentation, including necessary regulatory filings and any documentation that must be executed by Special CME Clearing Members or other entities, and (ii) and outline and timeline for other communications with Special CME Clearing Members, ISVs, market data vendors, back-office service bureaus and any other entity with which information must be shared in order to effectuate a successful launch of Clearing Services.

B. Mutual Best Efforts to Participate and Adhere to Plan. Each of the Parties shall use its best efforts to participate fully in the planning process and to complete its required tasks in accordance with the timeline identified in the Plan. CME understands and agrees that it has primary responsibility for completing the development work necessary to implement Clearing Services as described in Schedule A. CBOT understands and agrees that it also will have development work to complete in order to effectively implement Clearing Services, including without limitation any development work necessary to provide to CME the information and reports specified to be provided by CBOT in Schedule A. Both Parties understand and agree that their full participation will be required for multiple phases of systems testing, including a comprehensive end-to-end testing phase of the fully integrated systems, which testing may require overtime, weekend and holiday work.

C. Failure to Adhere to Plan. A failure to meet a particular internal deadline set forth in the Plan by either Party shall not be deemed a Material Breach of this Agreement. However, if either Party concludes that a serious failure or multiple failures to conform to the tasks and timelines set forth in the Plan jeopardizes the Parties' ability to meet the Launch Date, the concerned Party shall so notify the relevant management personnel of the other Party (including the individuals identified in Section 19.5) in writing, which may be by e-mail, and the Parties shall use reasonable efforts to resolve the matter and adjust the Plan to the concerned Party's satisfaction. If such efforts are not successful, the concerned Party may, not sooner than ten (10) business days after delivering the notice, submit the matter to arbitration. If the arbitrator concludes that one of the Parties is primarily and substantially at fault for the failure and that the failure does jeopardize the Launch Date, the other Party shall have the option to terminate this

CONFIDENTIAL INFORMATION REDACTED AND FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION. OMITTED PORTIONS INDICATED BY
[**].

Agreement for an Unexcused Breach under Section 10.1, without application of any notice and cure period.

Project Review Teams

Immediately following the Effective Date, each Party will identify individuals to participate in the following review teams, each of which will review matters assigned to it and develop any related elements of the Plan. Where a team is assigned to identify interface requirements or other technical requirements, the team shall produce at least a high-level functional specifications document. The Parties agree that the project review teams shall complete the process of fully defining requirements for each aspect of the project described below by May 16, 2003, meaning that the teams will have decided how to resolve any open issues and have documented and circulated their assigned elements of the Plan, including any functional specifications documents.

A. Product Review Team. Matters to review:

- Review contract specifications in detail
- Identify specifications not currently supported by CME
- Document variable cabinet pricing requirements
- Review product and price file layouts
- Identify product and price interface requirements
- Review market related layouts
- Map MD layouts
- Identify MD interface requirements

B. Deliveries Review Team. Matters to review:

- Review delivery requirements
- Determine information that must be shared to complete automated deliveries processes development work
- Review deliveries file layouts
- Identify deliveries interface requirements

C. Regulatory Review Team. Matters to review:

- Review regulatory file layouts
- Identify regulatory interface requirements

D. Membership Review Team. Matters to review:

- Review membership file layouts
- Identify membership interface requirements

E. Trade Review Team. Matters to review:

AMENDMENT TO
CLEARING SERVICES AGREEMENT

This Amendment to Clearing Services Agreement (the "Amendment") is entered into as of March 1, 2004, by and between Chicago Mercantile Exchange Inc. ("CME"), a business corporation organized under the laws of the State of Delaware and having its principal office situated at 30 South Wacker Drive, Chicago, Illinois 60606, and The Board of Trade of The City of Chicago, Inc. ("CBOT"), a non share corporation organized under the laws of the State of Delaware and having its principal office situated at 141 W. Jackson Blvd., Chicago, Illinois 60604.

RECITALS:

WHEREAS, CME and CBOT entered into a Clearing Services Agreement (the "CSA") effective as of April 16, 2003, pursuant to which CME provides clearing services to CBOT in respect of trading in CBOT Products; and

WHEREAS, CME and CBOT have determined that it is in their mutual best interests to modify the terms of the CSA.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Amendment, the parties agree as follows:

A. Modification of Initial Term. The Initial Term, as defined in Section 2 of the CSA, is modified to begin as of the Effective Date of the CSA and terminate on January 10, 2009.

B. Modification of Schedule B. [**]

[**]

[**]

C. Entire Agreement. Except as otherwise expressly modified or amended by this Amendment, all terms and conditions contained in the CSA remain in full force and effect and are not altered by this Amendment. Capitalized terms used in this Amendment and not defined herein have the meanings given in the CSA. The CSA and this Amendment constitute the complete agreement of the parties with respect to their subject matter and supersede any other agreements or representations, whether oral or written.

IN WITNESS WHEREOF, the parties have caused this Amendment to be executed by their duly authorized representatives as of the date written above.

BOARD OF TRADE OF THE CITY OF CHICAGO, INC.

EMPLOYMENT AGREEMENT

THIS AGREEMENT is made as of this 1st day of September, 2003 ("Agreement"), between the Board of Trade of the City of Chicago, Inc., a Delaware nonstock corporation, with its principal office at 141 West Jackson Boulevard, Chicago, Illinois 60604 (the "CBOT"), and Bernard Dan ("Executive").

In consideration of the mutual covenants herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Employment. The CBOT shall employ Executive, and Executive hereby agrees to accept employment with the CBOT, upon the terms and conditions set forth in this Agreement for the period beginning as of the date hereof and ending as provided in Section 4 hereof (the "Employment Period").

2. Position and Duties. During the Employment Period, Executive shall serve as the President and Chief Executive Officer of the CBOT, subject to the (i) amended and Restated Certificate of Incorporation of the CBOT, as amended, (ii) Amended and Restated Bylaws of the CBOT, as amended (the "Bylaws"), and (iii) Rules and Regulations of the CBOT, as amended.

3. Compensation and Benefits.

(a) During the Employment Period, Executive's annual base salary shall be \$800,000.00 through December 31, 2003, \$900,000.00 through December 31, 2004, \$950,000.00 through December 31, 2005 and \$1,000,000.00 through December 31, 2006 or such other higher rate as the Board may determine from time to time (as increased, and not decreased, from time to time, the "Base Salary"), which salary shall be payable by the CBOT in regular installments in accordance with the CBOT's general payroll practices for senior executive employees. In addition, during the Employment Period, Executive shall be entitled to participate in all of the CBOT's employee benefit programs for which senior executive employees of the CBOT are generally eligible, and Executive shall be entitled to five (5) weeks of paid vacation each year.

(b) In addition to Base Salary, the CBOT shall pay to Executive a cash bonus (the "Performance Bonus") following the end of each calendar year during the Employment Period. The amount of such Performance Bonus shall be determined by the Board of Directors of the CBOT (the "Board") based upon Executive's performance and the CBOT's operating results during the year. The amount of the Performance Bonus for specified periods, however, shall not be less than the amounts set forth below. For the year ending December 31, 2003,

such Performance Bonus shall be \$500,000.00 (\$300,000.00 of which shall be considered a Sign On Bonus) payable upon execution of this Agreement; provided, however, that if Executive voluntarily terminates his employment with the CBOT under this Agreement prior to March 31, 2004, Executive upon such termination shall repay the CBOT the \$300,000.00 Sign On Bonus. For the year ending December 31, 2004, the Performance Bonus shall be not less than \$200,000.00. For the year ending December 31, 2005, the Performance Bonus shall be not less than \$300,000.00. For the year ending December 31, 2006, the Performance Bonus shall be not less than \$400,000.00. Other than the payment due hereunder on execution of this agreement, any Performance Bonus awarded to Executive shall be determined and paid thirty (30) days after the close of the year in which the Performance Bonus was earned.

(c) The CBOT will pay Executive retirement benefits determined under the terms of the CBOT's regular qualified retirement plans (the "Qualified Plans"), the non-qualified CBOT Deferred Compensation Plan (the "Deferred Compensation Plan") and such other non-qualified plans or arrangements as the Board may from time to time adopt for the benefit of senior executive employees of the CBOT ("Other Plans" and together with the Deferred Compensation Plan, "Non-Qualified Plans").

(d) The CBOT shall reimburse Executive for all reasonable expenses incurred by him during the Employment Period in the course of performing his duties and responsibilities under this Agreement, which are consistent with the CBOT's policies in effect from time to time with respect to travel, entertainment and other business expenses, subject to the CBOT's requirements with respect to reporting and documentation of such expenses. In addition, the CBOT will reimburse Executive for reasonable legal and other professional services expenses incurred by Executive as a result of negotiating and documenting Executive's employment arrangements with the CBOT as soon as reasonably practicable following receipt of a written bill or invoice for services performed in form reasonably satisfactory to the CBOT.

4. Term: Termination.

(a) Unless extended by the mutual written agreement of the parties or sooner terminated as provided herein, the term of Executive's employment hereunder (the "Employment Period") shall commence on the date hereof and shall terminate on December 31, 2006. It shall be extended for successive two (2) year terms upon written notice from the CBOT to Executive not later than six (6) months prior to the expiration of the initial or any successive term of the Agreement. If the term of this Agreement is extended beyond December 31, 2006, Executive's Base Salary shall be \$1,200,000.00 and Executive's minimum Performance Bonus shall be \$500,000.00 per year for each successive year or such other sum as the CBOT and Executive may agree to in writing.

(b) The Employment Period and Executive's right to any Base Salary and Performance Bonus shall be terminated as follows: (i) upon the death of Executive; (ii) upon the Permanent Disability (hereinafter defined) of Executive; (iii) upon ten (10) days' prior written notice by the CBOT to Executive; (iv) upon ten (10) days' prior written notice by Executive to the CBOT; and (v) upon the expiration of the term of Executive's employment hereunder as provided in subsection (a) of this Section 4. In the event the Employment Period is terminated because of the death or Permanent Disability of Executive, Executive (or his estate) shall be paid, within ten (10) days after his death or the determination of Permanent Disability, the Termination Amount, as defined below. In the event the Employment Period is terminated by the CBOT, Executive shall be paid the Termination Amount. In the event the Employment Period is voluntarily terminated either by Executive or because of the expiration of the term, the Executive shall be paid an amount equal to one-third (1/3) of the Termination Amount, with such payment to be made within ten (10) days of the termination. Notwithstanding any other provisions of this Agreement and for the avoidance of doubt, the CBOT agrees that it will not terminate Executive's employment without giving him the notice required above and further agrees that no such notice will be effective until the Termination Amount has been paid to Executive. The "Termination Amount" is the amount of Base Salary and minimum Performance Bonus that would have been paid to Executive had he remained employed by the CBOT under this Agreement for eighteen (18) months after the date that Executive's employment with the CBOT is terminated. Any calculation of the Termination Amount shall include the upward adjustments in Base Salary and minimum Performance Bonus provided for in this Agreement. If the eighteen (18) month period to be used to calculate the Termination Amount shall extend beyond the point when the Employment Period would otherwise have been terminated because of the failure of the parties to extend the Employment Period when it was due to expire, the parties shall nonetheless be deemed to have extended the Employment Period (without a reduction in the Base Salary or minimum Performance Bonus) for as many additional months as are necessary to complete the calculation.

(c) For purposes of this Agreement, a "Permanent Disability" shall be deemed to have occurred upon the first to occur of the following events: (i) if Executive, as a result of a mental or physical condition, injury, sickness or incapacity, has become incapable of satisfactorily (as determined by the Board) discharging the essential functions of Executive's duties for one hundred twenty (120) consecutive days during any period of twelve (12) consecutive months; or (ii) the adjudication of such Executive as an incompetent or disabled person by a court of competent jurisdiction.

In the event of any dispute regarding the existence of Executive's Permanent Disability hereunder, the matter will be resolved by the determination of a majority of three physicians qualified to practice medicine in Illinois, one to be selected by each of Executive and the CBOT, and the third to be

selected by the two designated physicians. For this purpose, Executive will submit to appropriate medical examinations by the doctors making the determination of Permanent Disability under this Section 4(c), and Executive hereby authorizes the disclosure and release to the CBOT of such determination and all supporting medical records, which the CBOT will hold in the strictest confidence. If Executive is not legally competent, Executive's legal guardian or duly authorized attorney-in-fact will act in Executive's stead, under this Section 4(c), for the purposes of submitting Executive to the examinations, and providing the authorization of disclosure, required under this Section 4(c).

(d) Except as provided in Section 4(b), Executive's Base Salary, Performance Bonus and accrual of, or participation in plans providing for any other benefits under this Agreement, will cease at the effective date of the termination of the Employment Period, and Executive will be entitled to accrued benefits pursuant to such plans only as provided in such plans or as required by law. Executive will be entitled to receive, as of the effective date of the termination, payment for any vacation, holiday, sick leave, or other leave unused on the date the Employment Period is terminated in accordance with established CBOT policies.

5. Confidential Information. Executive acknowledges that certain information, observations and data (including, for example, trade secrets, strategic or operational plans, ideas for new products, proposals to establish affiliations with other entities, employment information about CBOT employees and other, similar secret, valuable or confidential information) obtained by him while employed by the CBOT and concerning the business or affairs of the CBOT and its subsidiaries (the "Companies") ("Confidential Information") are the property of the CBOT. Therefore, Executive agrees that he shall not disclose to any unauthorized person or use for his own purposes any Confidential Information without the prior written consent of the Board, unless and to the extent that the Confidential Information becomes generally known to and available for use by the public other than as a result of Executive's acts or omissions. Executive shall deliver to the CBOT at the termination of his employment by the CBOT, or at any other time the CBOT may request, all memoranda, notes, plans, records, reports, computer tapes, printout and software and other documents and data (and copies thereof) embodying or relating to the Confidential Information, Work Product (as defined below) or the business of the CBOT, which he may then possess or have under his control.

6. Inventions and Patents. Executive acknowledges that all inventions, innovations, improvements, developments, methods, designs, analyses, drawings, reports and all similar or related information (whether or not patentable) which relate to the Companies actual or anticipated business, research and development or existing or future products or services and which are conceived, developed or made by Executive while employed by the CBOT ("Work Product") belong to the CBOT. Executive shall promptly disclose such Work Product to the Board and, at the CBOT's expense perform all actions reasonably requested by the

Board (whether during or after the Employment Period) to establish and confirm such ownership (including, without limitation, assignments, consents, powers of attorney and other instruments).

In accordance with Section 2872 of the Illinois Employee Patent Act, Ill. Rev. Stat Chap. 140, § 301 et seq. (1983), Executive is hereby advised that this Section 6 regarding the CBOT's ownership of Work Product does not apply to any invention for which no equipment, supplies, facilities or trade secret information of the Companies are used and which are developed entirely on Executive's own time, unless (i) the invention relates to the business of the Companies' or to the Companies' actual or demonstrably anticipated research or development or (ii) the invention result from any work performed by Executive for the Companies.

7. Non-Compete, Non-Solicitation

(a) In further consideration of the compensation to be paid to Executive hereunder, Executive acknowledges that in the course of his employment with the CBOT he shall become familiar with the Companies' trade secrets and with other Confidential Information concerning the Companies and that his services shall be of special, unique and extraordinary value to the CBOT. Therefore, Executive agrees that during the Employment Period, and for one (1) year thereafter (the "Noncompete Period"), he shall not directly or indirectly own any interest in, manage, control, participate in, consult with, render services for, or in any manner engage in any business with a "Competitor." "Competitor", for purposes of this Agreement, means the Chicago Mercantile Exchange, the Chicago Board of Options Exchange, the Board of Trade Clearing Corporation, the Options Clearing Corporation, the London Clearing House, Brokertec, Eurex, Euronext and any entity owned or controlled by any of these entities. Nothing herein shall prohibit Executive from being a passive owner of not more than 2% of the outstanding stock of any class of a corporation which is publicly traded, so long as Executive has no active participation in the business of such corporation. Notwithstanding the foregoing provisions, if the Employment Period is terminated pursuant to Section 4(b)(iv) or Section 4(b)(v) hereof, the Non-Compete Period shall be six (6) months rather than one (1) year.

(b) During the Noncompete Period, Executive shall not for the benefit of any Competitor directly or indirectly through person or entity (i) induce or attempt to induce any employee of the Companies to leave the employ of the Companies, or in any way interfere with the relationship between the Companies and any employee thereof, (ii) hire any person who was an employee of the Companies at any time during the Noncompete Period or (iii) induce or attempt to induce any customer, supplier, licensee, licensor, franchisee or other business relation of the Companies to cease doing business with the Companies, or in any way interfere with the relationship between any such customer, supplier, licensee or business relation and the Companies.

(c) If, at the time of enforcement of this Section 7, a court shall hold that the duration, scope or area restrictions stated herein are unreasonable under circumstances then existing, the parties agree that the maximum duration, scope or area reasonable under such circumstances shall be substituted for the stated duration, scope or area and that the court shall be allowed to revise the restrictions contained herein to cover the maximum period, scope and area permitted by law. Executive acknowledges that the restrictions contained in this Section 7 are reasonable and that he has reviewed the provisions of this Agreement with his legal counsel.

(d) In the event of the breach or a threatened breach by Executive of any of the provisions of this Section 7, the CBOT shall be entitled to, and Executive hereby consents to, the entry of a court order for specific performance and/or injunctive or other equitable relief from a court of competent jurisdiction in order to enforce or prevent any violations of the provisions hereof (without posting a bond or other security). In addition, Executive and the CBOT acknowledge that the harm to the CBOT from such a breach or threatened breach is difficult to ascertain in pecuniary terms, and, accordingly, Executive agrees to pay to the CBOT, and the CBOT agrees to accept, as liquidated damages for any such breach a sum of money equal to two (2) times the amount of the termination benefits that were paid to Executive pursuant to Section 4(b) hereof. In addition, in the event of an alleged breach or violation by Executive of this Section 7, the Noncompete Period shall be tolled until such breach or violation has been duly cured.

8. Defense of Claims and Indemnity.

(a) During the Employment Period, and continuing after the termination of Executive's employment by the CBOT for a period of two (2) years, Executive shall reasonably cooperate with the CBOT at its request in the defense or prosecution of any claim that may be made by or against the Companies. Such cooperation shall include, without limitation, serving as a witness at trial or hearing, being deposed, and preparation for same or otherwise cooperating with the CBOT as determined to be necessary by the CBOT at its sole discretion, for the defense or prosecution of a claim. During the two (2) year period after termination of Executive's employment by the CBOT, the CBOT shall reimburse Executive for all reasonable expenses in connection therewith, including travel expenses, and shall compensate him at a daily rate equal to his Base Salary on the date the Employment Period terminated, divided by 200, with days used for preparation, travel and other related matters being included for purposes of determining the compensation due to Executive. To the extent reasonably practicable, the CBOT shall provide Executive with notice at least ten (10) days prior to the date on which any such travel is required.

(b) Executive shall be indemnified by the CBOT against liability as an officer of the CBOT as, and to the extent, provided for in the Bylaws, provided that Executive's right to indemnification shall not, in any event, result in a benefit to Executive that is less than provided by the Bylaws in effect on the date of this Agreement.

9. Trading Prohibition. The trading prohibitions contained in the CBOT's Personnel policies and Procedures Manual shall apply to Executive during the Employment Period.

10. Survival Independent Provisions. Sections 4, 5, 6, 7 and 8 shall survive and continue in full force in accordance with their terms notwithstanding the expiration or termination of the Employment Period. Executive's covenants in Sections 5, 6, 7 and 8, are independent covenants and the existence of any claim by Executive against any of the Companies under this Agreement or otherwise will not excuse Executive's breach of any covenant in Sections 5, 6, 7 and 8. The CBOT's obligations to pay Base Salary, minimum Performance Bonus and specified termination payments are independent obligations, and the failure of the CBOT to make any such payments in a timely manner will (after ten (10) days prior written notice from Executive the CBOT) relieve Executive of his obligations under Section 7 hereof.

11. Notices. Any notice provided for in this Agreement shall be in writing and shall be either personally delivered, sent by reputable overnight courier service or mailed by first class mail, return receipt requested, to the recipient at the address below indicated.

Notices to Executive:

Bernard Dan
President and Chief Executive Officer
Board of Trade of the City of Chicago, Inc.
141 West Jackson Boulevard
Chicago, Illinois 60604

and

Bernard Dan
309 N. Montclair Avenue
Glen Ellyn, IL 60137

With a copy to:

John F. Adams, Esq.
Schiff Hardin & Waite
6600 Sears Tower
Chicago, Illinois 60606-6473

Notices to the CBOT:

Carol A. Burke, Esq.
Executive Vice President and General Counsel
Board of Trade of the City of Chicago
141 West Jackson Boulevard
Chicago, Illinois 60604

With a copy to:

Garrett B. Johnson, Esq.
Kirkland & Ellis
200 East Randolph Drive
Chicago, Illinois 60601

or such other address to the attention of such other person as the recipient party shall have specified by prior written notice to the sending party. Any notice under this Agreement shall be deemed to have been given the second business day after it has been so delivered, sent or mailed.

12. Severability. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect under any applicable law or rule in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provision or any action in any jurisdiction, but this Agreement shall be reformed, construed and enforce in such jurisdiction as if such invalid, illegal or unenforceable provision had never been contained herein.

13. Complete Agreement. This Agreement embodies the complete agreement and understanding among the parties and supersedes and preempts any prior understandings, agreements or representations by or among the parties, written or oral, which may have related to the subject matter hereof in any way.

14. No Strict Construction. The language used in this Agreement shall be deemed to be the language chosen by the parties hereto to express their mutual intent, and no rule of strict construction shall be applied against any party.

15. Counterparts. This Agreement may be executed in separate counterparts, each of which is deemed to be an original and all of which taken together constitute one and the same agreement.

16. Successors and Assigns. This Agreement is intended to bind and inure to the benefit of and be enforceable by Executive, the CBOT and their respective heirs, successors and assigns, except that neither party may assign their

rights or delegate their duties or obligations hereunder without the prior written consent of the other party. The consummation of the transactions contemplated by the CBOT's proposal restructuring shall not be deemed to be an assignment for purposes of this Agreement.

17. Choice of Law. All issues and questions concerning the construction validity, enforcement and interpretation of this Agreement shall be governed by, and construed in accordance with, the laws of the State of Illinois, without giving effect to any choice of law or conflict of law rules or provisions (whether of the State of Illinois or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Illinois.

18. Amendment and Waiver. The provisions of this Agreement may be amended or waived only with the prior written consent of the CBOT (as approved by the Board) and Executive.

* * * *

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first written above.

CONSENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We consent to the use in this Amendment No. 7 to Registration Statement No. 333-72184 of CBOT Holdings, Inc. of our report dated February 18, 2004 (which report expresses an unqualified opinion and includes an explanatory paragraph relating to the adoption of Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities") appearing in the Proxy Statement and Prospectus, which is a part of such Registration Statement, and to the reference to us under the headings "Selected Financial Data" and "Experts" in such Proxy Statement and Prospectus.

/s/ Deloitte & Touche

June 17, 2004

BOARD OF TRADE OF THE CITY OF CHICAGO, INC.
141 West Jackson Boulevard
Chicago, Illinois 60604

Solicited by the Board of Directors

In connection with the restructuring transactions described in the proxy statement and prospectus (the "Proxy Statement and Prospectus") accompanying this proxy ballot, the undersigned hereby appoints Paul J. Draths, Terry Livingston, and Carol A. Burke and each of them, proxies, with full power of substitution and revocation, acting together or, if only one is present and voting, then that one, to vote the membership of the Board of Trade of the City of Chicago, Inc., a nonstock, not-for-profit corporation (the "CBOT"), which the undersigned is entitled to vote, at the special meeting of the membership to be held on _____, 2004 and any adjournments or postponements thereof, with all the powers the undersigned would possess if personally present, as designated herein and authorizes the proxies to vote in accordance with the recommendations of the management of the CBOT upon such other business as may properly come before the special meeting of the membership.

THE RESTRUCTURING TRANSACTIONS

**THE BOARD OF DIRECTORS OF THE CBOT RECOMMENDS A VOTE
"FOR" PROPOSITIONS 1, 2, 3, 4 AND 5.**

(1) The approval and adoption of the agreement and plan of merger relating to the reorganization merger, which provides for the reorganization merger and the adoption of an amended and restated certificate of incorporation of the CBOT to take effect as of the effective time of the reorganization merger;

FOR AGAINST

(2) The approval and adoption of the amended and restated bylaws of the CBOT, which will become the bylaws of the CBOT subsidiary, and certain technical amendments to the bylaws of the CBOT identifying the holders of Full Memberships, Associate Memberships, GIMs, IDEMs and COMs, and clarifying the status of holders of GIM, IDEM and COM membership interests as members of the CBOT for purposes of Delaware corporation law;

FOR AGAINST

(3) The approval of the allocation of CBOT equity (i.e., the CBOT Holdings common stock) among the classes of CBOT members in accordance with the settlement allocation established by the terms of the settlement agreement;

FOR AGAINST

(4) The ratification of the August 7, 2001 agreement as amended and restated as of _____, 2004 relating to the exercise right entered into by us and the CBOE; and

FOR AGAINST

(5) The ratification of all other matters relating to the restructuring transactions, including, among other things, the proposed changes to our corporate governance structure, as set forth in the amended and restated certificate of incorporation and bylaws for each of CBOT Holdings and the CBOT subsidiary, and certain changes to the rules and regulations of the CBOT subsidiary, which, collectively, will facilitate the demutualization and the modernization of certain aspects of our corporate governance structure.

FOR AGAINST

ALTHOUGH YOU ARE BEING ASKED TO APPROVE EACH OF THESE FIVE PROPOSITIONS SEPARATELY, EACH OF THESE PROPOSITIONS IS RELATED TO, AND EXPRESSLY CONDITIONED UPON THE APPROVAL OF, THE OTHER PROPOSITIONS. THIS MEANS THAT THE CBOT WILL NOT TAKE ANY ONE OR MORE OF THESE ACTIONS RELATING TO THE RESTRUCTURING TRANSACTIONS WITHOUT TAKING ALL ACTIONS, SUBJECT TO THE TERMS AND CONDITIONS OF SUCH TRANSACTIONS. ACCORDINGLY, UNLESS ALL FIVE OF THE ABOVE PROPOSITIONS RELATING TO THE RESTRUCTURING TRANSACTIONS ARE APPROVED BY THE REQUISITE VOTE OF THE MEMBERS AS DESCRIBED IN THE PROXY STATEMENT AND PROSPECTUS, THE RESTRUCTURING TRANSACTIONS WILL NOT HAVE BEEN APPROVED BY THE MEMBERS AND, ACCORDINGLY, WILL NOT BE COMPLETED.

Signature

Date

Print Name Here

By executing this proxy ballot the undersigned hereby revokes any and all prior proxy ballots and hereby affirms that, as of the date hereof, the undersigned had the power to deliver a proxy ballot with respect to the applicable membership.

PLEASE MARK, SIGN, DATE AND RETURN THIS PROXY BALLOT PROMPTLY
