1849.04 Payment - Payment shall be made in federal funds. The long obligated to take delivery must take delivery and make payment before 1:00 p.m. on the day of delivery except on banking holidays when delivery must be taken and payment made before 9:30 a.m. the next banking business day. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in accordance with its By-laws and Resolutions. 3013 (10/01/94)

1849.05 Buyers Banking Notification - The long Clearing Member shall provide the short Clearing Member by 4:00 p.m. (5:00 p.m. EST) on the day of intention, one business day prior to delivery day, with a Banking Notification. The Banking Notification form will include the following information: the identification number and name of the long Clearing Member; the delivery date; the notification number of the delivery assignment; the identification number and name of the short Clearing Member making delivery; the quantity of the contract being delivered; the long Clearing Member's bank, account number and specific Federal Wire instructions for the transfer of U.S. securities. (10/01/94)

1850.00 Duties of Members - (See Rule 1050.00) (10/01/94)

1851.01 Office Deliveries Prohibited - (See Regulation 1051.01) (10/01/94)

1854.00 Failure to Accept Delivery - (See Rule 1054.00) (10/01/94)

1880.01 Banks - For purposes of these regulations relating to trading in long term U.S. Treasury bonds, the word "Bank" (Regulation 1842.01) shall mean a U.S. commercial bank (either Federal or State charter) that is a member of the Federal Reserve System and with capital (capital, surplus and undivided earnings) in excess of one hundred million dollars ($100,000,000). 3015 (10/01/94)

Chapter m18
CBOT mini-sized U.S. Treasury Bonds

Chapter m18
CBOT mini-sized U.S. Treasury Bonds

Chm18 Trading Conditions

m1801.01 Authority - Trading in mini-sized long term U.S. Treasury bond futures may be conducted under such terms and conditions as may be prescribed by regulation. (10/01/01)

m1802.01 Application of Regulations - Futures transactions in mini-sized long term U.S. Treasury bonds shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in mini-sized long term U.S. Treasury bonds. (10/01/01)

m1803.01 Derivative Markets - Settlement prices shall be set in accordance with this regulation consistent with the settlement prices of the primary market. Contract settlement prices shall be set equal to the settlement prices of the corresponding contracts of the primary market for such commodity. Where a particular contract has opened on the Exchange for which the primary market has established no settlement price, the manager of the clearing house shall set a settlement price consistent with the spread relationships of other contracts; provided, however, that if the contract is not subject to daily price fluctuation limits then the settlement price shall be set at the fair market value of the contract at the close of trading. (10/01/01)

m1804.01 Unit of Trading - The unit of trading shall be United States Treasury bonds having a face value at maturity of fifty thousand dollars ($50,000) or multiples thereof. (10/01/01)

m1805.01 Months Traded In - (See Regulation 1805.01) (10/01/01)

m1806.01 Price Basis - Minimum price fluctuations shall be in multiples of one thirty-second (1/32) point per 100 points ($15.625 per contract). Par shall be on the basis of 100 points. Contracts shall not be made on any other price basis. (10/01/01)

m1807.01 Hours of Trading - The hours of trading for future delivery in mini-sized U.S. Treasury Bonds shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 12:00 noon, subject to the provisions of Regulation 9B.02. (11/01/01)

m1809.01 Last Day of Trading - (See Regulation 1809.01) (10/01/01)

m1809.02 Liquidation in the Last Seven Days of the Delivery Month - (See Regulation 1809.02) (10/01/01)

m1810.01 Margin Requirements - (See Regulation 431.03) (10/01/01)

m1812.01 Position Limits and Reportable Positions - (See 425.01 and 425.09) (10/01/01)

Chm18 Delivery Procedures

m1836.01 Standards - (See Regulation 1836.01) (10/01/01)

m1842.01 Deliveries on Futures Contracts - (See Regulation 1842.01) (10/01/01)

m1842.02 Wire Failure - (See Regulation 1842.02) (10/01/01)

m1846.01 Date of Delivery -(See Regulation 1846.01) (10/01/01)

m1847.01 Delivery Notices - (See Regulation 1047.01) (10/01/01)

m1848.01 Method of Delivery - (See Regulation 1048.01) (10/01/01)

m1849.00 Time of Delivery, Payment, Form of Delivery Notice - (See Rule 1049.00) (10/01/01)

m1849.02 Buyer's Report of Eligibility to Receive Delivery - (See Regulation 1049.02) (10/01/01)

m1849.03 Seller's Invoice to Buyers - (See Regulation 1849.03) (10/01/01)

m1849.04 Payment - (See Regulation 1849.04) (10/01/01)

m1849.05 Buyers Banking Notification - (See Regulation 1849.05) (10/01/01)

m1854.00 Failure to Accept Delivery - (See Rule 1054.00) (10/01/01)

Chapter 19
Long-Term Municipal Bond Index Futures

Chapter 19
Long-Term Municipal Bond Index Futures

Ch19 Trading Conditions

1901.00 Authority - (See Rule 1701.00) (10/01/94)

1902.01 Application of Regulation - Futures transactions in Long-Term Municipal Bond Index contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in Long-Term Municipal Bond Index futures contracts. (10/01/94)

1904.01 Unit of Trading - The unit of trading shall be $1,000.00 times The Bond Buyer Municipal Bond Index*. (10/01/94)

1905.01 Months Traded In - Trading in Long-Term Municipal Bond Index futures may be scheduled in such months as determined by the Exchange. (09/01/99)

1906.01 Price Basis - The price of Long-Term Municipal Bond Index futures shall be quoted in points. One point equals $1,000.00. The minimum price fluctuation shall be 1/32 of one point or thirty-one dollars and twenty-five cents ($31.25) per contract. Contracts shall not be made on any other price basis. (10/01/94)

1907.01 Hours of Trading - The hours of trading for future delivery in Long-Term Municipal Bond Index futures shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 2:00 p.m. Chicago time (3:00 p.m. New York time) subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. The market shall be opened and closed for all months simultaneously or in such other manner as the Regulatory Compliance Committee shall direct. (10/01/94)

1909.01 Last Day of Trading - No trades in Long-Term Municipal Bond Index futures contracts deliverable in the current delivery month shall be made during the last seven business days of that month. If on the last day of trading The Bond Buyer does not publish a closing Bond Buyer Municipal Bond Index* value, the last day of trading shall be the next business day for which a closing Bond Buyer Municipal Bond Index* value is published. (10/01/94)

1909.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 1909.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 1942.01. (10/01/94)

1910.01 Margin Requirements - (See Regulation 431.03). (10/01/94)

1912.01 Position Limits and Reportable Positions - (See Regulation 425.01). (10/01/94)

1913.01 All-Or-None Orders - The minimum threshold established for All-Or-None orders in Long-Term Municipal Bond Index futures is one hundred contracts. Such orders must be executed in accordance with Regulation 331.03. (07/01/00)

1936.01 Standards - The contract grade shall be $1,000.00 times the closing value of The Bond Buyer Municipal Bond Index* on the last day of trading. The Bond Buyer Municipal Bond Index* shall be that index which shall be composed and determined by The Bond Buyer in accordance with the criteria set forth in Regulation 1950.01 and which shall be known as The Bond Buyer Municipal Bond Index*. The closing value of The Bond Buyer Municipal Bond Index* shall be determined by The Bond Buyer. (10/01/94)

1942.01 Delivery on Futures Contracts - Delivery against Long-Term Municipal Bond Index futures contracts shall be made through the Clearing House. Delivery under these regulations shall be accomplished by cash settlement as hereinafter provided.

After trading ceases on the last day of trading the Clearing House shall advise clearing members holding open positions in current month Long-Term Municipal Bond Index futures contracts of the closing value of The Bond Buyer Municipal Bond Index* on the last day of trading. Clearing members shall make and receive payment through the Clearing House in accordance with normal variation settlement procedures. The settlement price on the last day of trading is equal to $1,000.00 times the closing value of The Bond Buyer Municipal Bond Index* on the last day of trading. (10/01/94)

1947.01 Payment - (See Regulation 1049.04) (10/01/94)

1950.01 Index Composition - The Bond Buyer Municipal Bond Index* (the "Index") shall be constructed by The Bond Buyer in accordance with the following criteria:

(a) General Index Composition-The Index, at all times, shall be composed of 40 term municipal bonds that are generally exempt from federal income taxation including those generally exempt issues whose interest payments may be subject to an alternative minimum tax. The term bonds selected shall be the most current issues which meet each of the following criteria:

1. Size-Each term bond (term component only) shall have a principal value of at least $50 million except for term housing bonds which shall have a principal value of at least $75 million to be eligible for inclusion in the Index.

2. Rating-Each term bond shall be rated by either Standard and Poor's (S&P) or Moody's Investors Service (MIS) or both. Each term bond shall be rated either A- or higher by S&P, or A or higher by MIS (A3 or higher for bonds rated by MIS using the 1-3 suffix) upon initial inclusion in the Index.

3. Maturity-Each term bond shall have a remaining maturity of 19 years or longer on the date of a bond's initial inclusion in the Index.

4. Call Provisions-Each term bond may or may not be callable. If callable, the first call shall be between 7 and 16 years upon a bond's initial inclusion in the Index. In addition, each callable term bond must have at least one call-at-par date prior to maturity.

5. Par Issue-Each term bond must have been reoffered at a price between 85 and 105 to be eligible for inclusion in the Index.

6. Trading Eligibility-Each term bond shall be reoffered, out of syndicate, and eligible for dealer-to-dealer broker trading at least one business day prior to inclusion in the Index, provided that The Bond Buyer can gather the information necessary to make a determination to include such bond by such time.

7. Private Placements-A term bond issued as a private placement is not eligible for inclusion in the Index.

8. Coupon-Each term bond shall pay semiannual interest at a fixed coupon rate.

9. Term Bond Limit-No more than three term bonds from the same issuer shall be included in the Index. If three term bonds from the same issuer are included in the Index, at least one of these bonds must be insured by either Ambac Indemnity Corporation, Financial Guaranty Insurance Corporation, Financial Security Assurance, or MBIA Insurance Corporation. If more than three term bonds from the same issuer are available for inclusion in the Index, the three largest term bonds in terms of principal value shall be added. If three or more term bonds are the same size, the term bonds with the longest maturity shall be added to the Index.

A bond shall be deemed to have been issued by the same issuer if such bond has the same nominal and generic security, that is, the same ultimate source of payment for debt service, of another bond in the Index. A first or second lien bond of the same generic security shall be defined as having been issued by the same issuer.

The Bond Buyer shall determine which bonds meet the above listed inclusion criteria. The Bond Buyer, in its discretion, may exclude term bonds which meet the above listed criteria but which have other unusual characteristics. Such characteristics may include, but shall not be limited to, bonds with unusual tender provisions, early redemption options, or contingent takedown options.

(b) Index Computation-The Bond Buyer shall compute the closing value of the Index each day the municipal bond cash market is open using the following procedures:

1. Price Evaluation-At least three major municipal bond dealer-to-dealer brokers, who broker the type and variety of bonds fully representative of this Index shall evaluate the price of each bond in the Index daily. An evaluation shall be defined as the broker's assessment of the price at which a minimum $1,000,000 or higher face value of each of such bonds could be sold in the cash market between 1:45 p.m. and 2:00 p.m. Chicago time (2:45 p.m. and 3:00 p.m. New York time). In addition, the brokers shall also evaluate the price of each bond between 10:45 a.m. and 11:00 a.m. Chicago time (11:45 a.m. and 12:00 noon New York time), in order that The Bond Buyer may compute the Index twice daily. If the Secretary of the Exchange determines in advance that circumstances in the cash market will occasion either an early halt to cash market trading or an otherwise unscheduled holiday which would impede a price evaluation, the Secretary may suspend or reschedule the price evaluation(s) for that day provided that such determination is published before the start of trading on the day in question and provided that such day is not the last day of trading in a contract month. In the event that circumstances prevent at least three major municipal bond dealer-to-dealer brokers from pricing each of the bonds in the index, the Secretary of the Exchange may allow, without prior notice, the price evaluation for that day to be calculated with less than three major municipal bond dealer-to-dealer brokers or may suspend or revise the day's calculation, provided that the day in question is not the last day of trading in a contract month.

2. Computation-The Bond Buyer shall compute the median value for each bond. The median value is defined as the price arrived at by dropping the one highest and the one lowest price evaluations and calculating the simple average (mean) of the remaining price evaluations. Each median value shall be divided by a conversion factor to arrive at a converted price. The 40 converted prices shall be summed and divided by 40 to arrive at the average converted price. The average converted price shall be divided by a divisor or multiplied by a coefficient (see subsection (d) below) and rounded to the nearest 1/32 (rounded up if the Index value is exactly at the midpoint between two 1/32s) to arrive at the daily Index value.

3. Conversion Factor-The conversion factor for any bond shall be the price at which it will yield 6% (rounded to 4 decimal places) based on the formula found in Standard Securities Calculation Methods published by the Securities Industry Association. The coupon is the actual bond coupon rounded to the nearest 1/8% (rounded up in the case of ties). The time

to maturity is calculated in complete three month increments from the first business day of the quarter following the bond's reoffer date to the first call-at-par date for callable bonds and to the maturity date for non-callable bonds. The conversion factor for each bond shall be published in The Bond Buyer.

(c) Composition Changes-After 2:00 p.m. Chicago time (3:00 p.m. New York time) on the 15th calendar day and on the last business day of each month (the "revision days") the Index shall be revised by adding bonds to and deleting bonds from the Index as provided below. If the 15th calendar day of any month is not an Association business day, or is an Association business day that is subject to an early halt in cash market trading, the Index revision shall occur after 2:00 p.m. Chicago time (3:00 p.m. New York time) on the immediately preceding Association business day that is not subject to an early halt in cash market trading. If the last business day of the month is an Association business day that is subject to an early halt in cash market trading, the Index revision shall occur after 2:00 p.m. Chicago time (3:00 p.m. New York time) on the immediately preceding business day that is not subject to an early halt in cash market trading.

Bonds shall be added to and deleted from the Index in the following manner:

1. (i) Any bond that includes a provision for extraordinary redemption in the Official Statement, and that is priced at 102 or higher on both of the two business days immediately preceding the revision day shall be deleted. An extraordinary redemption shall be defined as a provision which permits the issuer to call (redeem) the bond, in whole or in part, at a price of par (100) as a result of: (a) prepayments; (b) uncommitted or unexpended bond proceeds; or (c) other funds available in excess of the amounts required for the payment of debt service and expenses.

   (ii) Any bond which no longer meets the minimum rating criterion listed in 1950.01(a)(2) shall be deleted. Any bond in default shall be deleted from the Index. Each term bond shall be rated either A - or higher by S&P, or A or higher by MIS (A3 or higher for bonds rated by MIS using the 1-3 suffix) upon initial inclusion in the Index).

2. Newly issued bonds meeting the criteria listed in subsection (a) above shall be added.

   (i) In order to be included in the revised Index, bonds must be reoffered, out of syndicate, and eligible for dealer-to-dealer broker trading at least one business day prior to inclusion in the Index.

   (ii) In the event that a newly issued term bond meets the criteria, but would cause the total number of term bonds from a single issuer to exceed three, the term bond of that issuer previously in the Index which has the lowest trading volume since the previous revision day shall be deleted from the Index until the total number of term bonds does not exceed three. Trading volume shall be based on the dealer-to-dealer trades matched by the National Securities Clearing Corporation. Volume data supplied by the National Securities Clearing Corporation will be cumulative data covering the last revision period. Only bonds for which trading data can be collected for the entire previous revision period will be eligible for deletion under the foregoing trading volume criterion. If bonds of that issuer have equal trading volume, or are bonds for which trading data cannot be collected for the entire previous revision period, and are eligible for deletion, the smallest bonds of that issuer in terms of principal value shall be deleted first. If the bonds of that issuer have equal trading volume, or are bonds for which trading data cannot be collected for the entire previous revision period, and are the same size in terms of principal value and are eligible for deletion, the bonds with the shortest maturity shall be deleted first. If bonds of that issuer have equal trading volume, or are bonds for which trading data cannot be collected for the entire previous revision period, and are the same size in terms of principal value and have the same maturity, and are also eligible for deletion, the bonds which have been in the Index for the longest period of time be deleted first.

3. (i) If the Index contains more than 40 bonds, bonds that have 5-1/2 years or less to first call or 17-1/2 years or less to maturity or both shall be deleted until the number of bonds in the Index equals 40. If bonds have 5-1/2 years or less to first call or 17-1/2 years or less to maturity or both, the smallest bonds in terms of principal value shall be deleted first. If bonds have 5-1/2 years or less to first call or 17-1/2 years or less to maturity or both and are the same size in terms of principal value, the bonds with the shortest maturity shall be deleted first. If the Index still contains more than 40 bonds, the bonds previously in the Index with the lowest trading volume since the previous revision day shall be deleted until the number of bonds in the Index equals 40. Trading volume shall be based on the dealer-to-dealer trades matched by the National Securities Clearing Corporation. Volume data supplied by the National Securities Clearing corporation will be cumulative data covering the last revision period. Only bonds for which trading data can be collected for the entire previous revision period will be eligible for deletion under the foregoing trading volume criterion. If bonds have equal trading volume, the smallest bonds in terms of principal value shall be deleted first.

   If bonds have equal trading volume and are the same size in terms of principal value, the bonds with the shortest maturity shall be deleted first. For bonds which are equivalent on all three criteria the bonds that have been in the Index for the longest period shall be deleted first.

   Under extraordinary circumstances The Bond Buyer, in its discretion, may choose to delete bonds other than the bonds with the lowest trading volume. Such

circumstances may include, but shall not be limited to, extraordinary redemptions and prerefundings.

(ii) If the Index contains less than 40 bonds, previously deleted bonds shall be added beginning with the most recently deleted bond until the number of bonds in the Index equals 40. If bonds are the same size in terms of principal value, the bonds with the longest maturity shall be added first. If bonds are the same size in terms of principal value and have the same maturity, the bonds that have been in the Index for the shortest period of time shall be added first. Bonds priced at 102 or above and which are subject to an extraordinary redemption provision (see subsection (c)(1) above) shall not be added to the Index.

On the business day preceding the revision day, the bonds to be added to the Index and the bonds to be deleted from the Index shall be announced by The Bond Buyer.

(d) Divisor (Coefficient) Computation and Changes-As of December 12, 1983, the Index divisor (coefficient) shall equal one. The Index divisor (coefficient) shall be changed each time the Index is revised. On each revision day, a new divisor (coefficient) shall be chosen such that the closing level of the revised Index shall equal the closing level of the Index had it not been revised. The divisor is defined as the number arrived at by dividing the average converted price (see 1950.01(b)(2)) for the bonds in the revised ("new") Index by the value of unrevised ("old") Index on revision day. The coefficient is defined as the reciprocal of the divisor. The divisor (coefficient) is rounded to four decimal places. The Index divisor (coefficient) shall be reset to one, on March 1, 1995. The index divisor (coefficient) applicable to Municipal Bond Index futures contracts based on 6 percent conversion factors shall be reset when the 6 percent contract(s) is (are) first listed.

Chapter 20
X-Fund Futures

Chapter 20

X-Fund Futures

Ch 20 Trading Conditions

2001.01 Authority - Trading in CBOT(R) X-Fund futures may be conducted under such terms and conditions as may be prescribed by Regulation. (02/01/02)

2002.01 Application of Regulations - Futures transactions in CBOT X-Fund futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in CBOT X-Fund futures contracts. (02/01/02)

2004.01 Unit of Trading - The unit of trading shall be $1,000 times the CBOT X-Fund Index. (02/01/02)

2005.01 Periods Traded In - Trading in CBOT X-Fund futures may be conducted in the current two week period only. The commencement of trading in the current bi-weekly CBOT X-Fund futures is a Friday designated by the Exchange and every other Friday thereafter. If such Friday is not a business day, the commencement of trading shall be the business day prior to such Friday. (02/01/02)

2006.01 Price Basis - The price of the CBOT X-Fund futures shall be quoted in points and tenths of a point (1/10). One point equals $1,000.00. The minimum price fluctuation shall be one tenth of a point per contract, or $100.00. Contracts shall not be made on any other price basis. (02/01/02)

2007.01 Hours of Trading - The hours of trading for future delivery in CBOT X-Fund futures shall be determined by the Exchange. (02/01/02)

2008.01 Trading Limits - None. (02/01/02)

2009.01 Last Day of Trading - No trades in the current bi-weekly CBOT X-Fund futures shall be made after the business day preceding the Friday two weeks following the commencement of trading in the current bi-weekly CBOT X-Fund futures. If such Friday is not a business day, the last day of trading shall be two business days prior to such Friday. (02/01/02)

2009.02 Liquidation During the Delivery Period - After trading in CBOT X-Fund futures contracts for future delivery in the current bi-weekly period has ceased, in accordance with Regulation 2009.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 2042.01. (02/01/02)

2010.01 Margin Requirements - Margin requirements shall be as determined by the Exchange. (02/01/02)

2012.01 Position Limits and Reportable Positions - (See Regulation 425.01) Participants in CBOT X-Fund Futures must provide information to the Exchange on their trading activity, including but not limited to, volume and open interest in component futures contracts, including those listed on other designated contract markets, upon request of the Exchange. (03/01/02)

2036.01 Standards - The contract grade shall be based on the value of the CBOT X-Fund Index on final settlement day.

a) CBOT X-Fund Index Composition

i) The designer of the CBOT X-Fund Index selects the components making up the composition of the CBOT X-Fund Index. The CBOT X-Fund Index underlies the current bi-weekly CBOT X-Fund futures contract.

ii) The CBOT X-Fund Index composition shall be limited to a maximum of any four eligible futures contracts, long and/or short. The Exchange shall determine, from time to time, which futures contracts are eligible.

(1) Security futures products, as defined in Sections 1a(31) or 1a(32) of the Commodity Exchange Act, are not eligible.

(2) At a minimum, no futures contract shall be determined to be eligible unless it has been listed on a U.S. designated contract market for a minimum of twelve months and it has had an average daily trading volume of at least 5,000 contracts for all months combined for the most recent calendar quarter. Individual contract months with historical trading volume of at least 1,000 contract per day are eligible.

(3) Cash settled index futures contracts are eligible based on their components meeting criteria (2).

(4) Derivative Markets futures contracts are eligible based on their underlying primary market futures contracts meeting criteria (2).

iii) The CBOT X-Fund Index shall not contain component contracts on or after the second business day prior to the first day of delivery or cash settlement for such contracts.

iv) No changes to the component contracts or contract positions in the CBOT X-Fund Index are permitted for the duration of trading in the current bi-weekly CBOT X-Fund futures contract.

v) Changes to the component contracts or contract positions in the CBOT X-Fund Index are permitted bi-weekly, following the final settlement of the current bi-weekly CBOT X-Fund futures contract and prior to the commencement of trading in the successive bi-weekly CBOT X-Fund futures contract.

vi) On the business day preceding the commencement of trading in the current bi-weekly CBOT X-Fund futures contract the component contracts of the CBOT X-Fund Index shall be announced by the Exchange.

b) CBOT X-Fund Index Computation

i) The value of the CBOT X-Fund Index at its inception is set at $100,000.00 or 100.0 points.

ii) The value of the CBOT X-Fund Index at the commencement of trading of each successive bi-weekly CBOT X-Fund futures contract is set equal to the special quotation

value, rounded to the nearest tenth of a point (1/10), up if .05 or more, of the X-Fund Index on the final trading day of the prior bi-weekly CBOT X-Fund futures contract.

iii) The value of the CBOT X-Fund Index, marked-to-the-market, based on the settlement prices of the component contracts, shall be posted by the Exchange at the start of trading on each trading day. (05/01/02)

2042.01 Delivery on Futures Contracts - Delivery against the CBOT X-Fund futures contract must be made through the Clearing Corporation. Delivery under these regulations shall be on the final settlement day (as described in Regulation 2042.03) and shall be accomplished by cash settlement as hereinafter provided. Clearing members holding open positions in a CBOT X-Fund futures contract at the time of termination of trading shall make payments to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price. (02/01/02)

2042.02 Final Settlement Price - The final settlement price shall be based on a special quotation of the CBOT X-Fund Index, rounded to the nearest one hundredth of a point (1/100), up if .005 or more, which corresponds to the expiring contract at the close of business on the last trading day (as described in Regulation 2009.01). This special quotation will consist of the CBOT X-Fund Index which corresponds to the expiring contract calculated using the settlement prices of the component contracts on the last trading day, except as noted below.

If a component contract month's settlement price on the last trading day is unavailable because of an anticipated or unanticipated closure of trading in the component contract, then the contribution to the final settlement price of the affected component shall be cased on the settlement price of the first preceding trading day. (05/01/02)

2042.03 The Final Settlement Day - The final settlement day shall be the business day following the last trading day of the expiring contract. (02/01/02)

2043.01 Discontinuation - In the event that the CBOT X-Fund Index special quotation is below 50.0 points, the CBOT X-Fund Index is discontinued and no subsequent bi-weekly CBOT X-Fund futures on this CBOT X-Fund Index shall be listed. (02/01/02)

2047.01 Payment - See Regulation 1049.04 (02/01/02)

2048.01 Disclaimer - The CBOT is not responsible for, and does not participate in, determining the composition of the futures contracts in the CBOT X-Fund Index, other than ensuring that such contracts meet the eligibility criteria established by the Exchange. The CBOT X-Fund Index Designer has no obligation to take the needs of the traders of CBOT X-Fund futures into consideration in determining the composition of the futures contracts in the CBOT X-Fund Index. Subject to compliance with CBOT Rules and Regulation, the CBOT X-Fund Designer, and any firm of which he is a principal, may take long and short positions in CBOT X-Fund futures based on the Index that he designs and in any of the Index components. The CBOT X-Fund Designer, and such firm, shall not have any liability to any third party as a result of the fact that any such positions have been taken in compliance with CBOT Rules and Regulations and CFTC requirements.

THE CBOT X-FUND INDEX DESIGNER AND THE CBOT MAKE NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CBOT, TRADERS OF CBOT X-FUND FUTURES, OR ANY OTHER PERSON OR ENTITY, FROM THE COMPOSITON OF THE CBOT X-FUND INDEX. THE CBOT X-FUND INDEX DESIGNER AND THE CBOT MAKE NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIM ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE CBOT X-FUND INDEX. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL THE CBOT X-FUND INDEX DESIGNER OR THE CBOT HAVE ANY LIABILITY

FOR INDIRECT, PUNITIVE, SPECIAL, OR CONSEQUENTIAL DAMAGES, INCLUDING LOST PROFITS, EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN THE CBOT X-FUND INDEX DESIGNER AND THE CBOT. (03/01/02)

2049.01 Information Sharing - Notwithstanding Regulation 170.02, the Office of Investigations and Audits shall cooperate with, and provide information to, another designated contract market, upon its request, in connection with any investigation that such designated contract market may conduct relating to trading activity in a futures contract as a result of its inclusion as a component of a CBOT X-Fund futures contract. (03/01/02)

Chapter 21
30-Day Fed Fund Futures

Chapter 21
30-Day Fed Fund Futures

Ch21 Trading Conditions

2101.01 Authority - (See Rule 1701.00) (10/01/94)

2102.01 Application of Regulation - Futures transactions in 30-Day Fed Fund futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in 30-Day Fed Fund futures. (10/01/94)

2104.01 Unit of Trading - The unit of trading shall be interest on Fed funds having face value of $5,000,000 or multiples thereof for one month calculated on a 30-day basis at a rate equal to the average overnight Fed funds rate for the contract month. (10/01/94)

2105.01 Months Traded In - Trading shall be for delivery in the current calendar month, and in the following twenty-four calendar months, and in the March, June, September, and December cycle months for a forty-two month period beginning with the first such cycle month following the last spot month, provided however that the Exchange may determine not to list a contract month. (10/01/94)

2106.01 Price Basis - Prices will be quoted on an index basis, i.e., 100 minus the monthly average overnight Fed funds rate (e.g., a rate of 6.50% is quoted at 93.50). Minimum price fluctuations shall be in increments of one-half of one-hundredth of one percent of five million dollars on a 30 day basis ($20.835 per one-half basis point), rounded up to the nearest cent. (07/01/99)

2107.01 Hours of Trading - The hours of trading for future delivery in 30-Day Fed Fund futures shall be as determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 2:00 p.m. Chicago time subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. The market shall be opened and closed for all months simultaneously or in such other manner as the Regulatory Compliance Committee shall direct. (10/01/94)

2109.01 Last Day of Trading - The last day of trading shall be the last business day of the delivery month. (10/01/94)

2109.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 2109.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 2142.01. (10/01/94)

2110.01 Margin Requirements - (See Regulation 431.03). (10/01/94)

2112.01 Position Limits and Reportable Positions - (See Regulation 425.01). (10/01/94)

2113.01 Strip Transactions - A 30-Day Fed Fund futures strip transaction involving the simultaneous purchase or sale of an equal amount of futures contract months at a differential to the previous settlement prices is permitted on this Exchange provided:

1. that each month of the strip is for the same account. Provided that, when an order has been executed in the wrong month, and the erroneous transaction has been placed in the broker's or firm's error account, the error may be corrected by a spread transaction in which one leg of the spread offsets the position in the error account and the other leg is the correct execution of the order. Provided further that the liability of the floor broker or FCM shall be determined in accordance with Regulation 350.04.

2. that all months of the strip are priced at prices within the daily trading limits specified in Regulation 1008.01.

3. that the strip is offered by public outcry in the pit assigned to 30-Day Fed Fund futures.

4. that the transaction shall be reported, recorded and publicized as a strip.

5. that when such transactions are executed simultaneously, the executing member on each side of the transaction shall designate each part of the trade as a strip on his cards or order by an appropriate word or symbol clearly identifying each part of such transactions.

Brokers may not couple separate orders and execute them as a strip, nor may a broker take one part of a strip for his own account and give the other part to a customer on an order. (10/01/94)

2136.01 Standards - The contract grade shall be 100 minus the average daily Fed funds overnight rate for the delivery month. The average daily Fed funds overnight rate is a simple average of the daily Fed funds overnight rates as determined by the Federal Reserve Bank of New York. This simple average will be rounded to the nearest tenth of a basis point and rounded up on the case of a tie.

For days for which the Federal Reserve Bank of New York does not compute a rate (e.g. weekends and holidays), the rate shall be the rate determined on the last business day for which a rate was determined. (08/01/01)

2142.01 Delivery on Futures Contracts - Delivery against 30-Day Fed Fund futures contracts shall be made by cash settlement through the Clearing House following normal variation margin procedures. The final settlement price will be calculated on the business day that the Federal Reserve Bank of New York releases the overnight Fed funds rate for the last day of trading. The final settlement price shall be 100 minus the average daily Fed funds overnight rate for the delivery month. On the last day of trading open contracts will be marked to market based on the closing futures price. A final mark to market will be made on the day the final settlement price is determined. (10/01/94)

2147.02 Payment - (See 1049.04) (10/01/94)

Chapter 22
Long-Term Municipal Bond Index Futures Options

Chapter 22
Long-Term Municipal Bond Index Futures Options

Ch22 Trading Conditions

2201.00 Authority - (See Rule 2801.00) (10/01/94)

2201.01 Application of Regulations - Transactions in put and call options on Long-Term Municipal Bond Index futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this Chapter which are exclusively applicable to trading in put and call options on Long-Term Municipal Bond Index futures contracts. (See Rule 490.00.) (10/01/94)

2202.01 Nature of Long-Term Municipal Bond Index Futures Put Options - The buyer of one (1) Long-Term Municipal Bond Index futures put option may exercise his option at any time prior to expiration (subject to Regulation 2207.01), to assume a short position in one (1) Long-Term Municipal Bond Index futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Long-Term Municipal Bond Index futures put option incurs the obligation of assuming a long position in one (1) Long-Term Municipal Bond Index futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

2202.02 Nature of Long-Term Municipal Bond Index Futures Call Options - The buyer of one (1) Long-Term Municipal Bond Index futures call option may exercise his option at any time prior to expiration (subject to Regulation 2207.01), to assume a long position in one (1) Long-Term Municipal Bond Index futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Long-Term Municipal Bond Index futures call option incurs the obligation of assuming a short position in one (1) Long-Term Municipal Bond Index futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

2203.01 Trading Unit - One (1) Long-Term Municipal Bond Index futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

2204.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one (1) point per Long-Term Municipal Bond Index futures contract. At the commencement of trading for such option contracts, the following strike prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying Long-Term Municipal Bond Index futures contract, the next six consecutive higher and the next six consecutive lower striking prices closest to the previous day's settlement price; and all strike prices listed for all other option contract months listed at the time. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. When a sale in the underlying Long-Term Municipal Bond Index futures contract occurs at a price greater than or equal to the sixth largest striking price, a new striking price one increment higher than the existing striking prices will be added. When a sale in the underlying Long-Term Municipal Bond Index futures contract occurs at a price less than or equal to the sixth smallest striking price, a new striking price one increment lower than the existing striking prices will be added. When a new strike price is added for an option contract month, the same strike price will be added to all option contract months for which that strike price is not already listed. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (10/01/94)

2205.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

2206.01 Option Premium Basis - The premium for Long-Term Municipal Bond Index futures options shall be in multiples of one sixty-fourth (1/64) of one point ($1,000) of a Long-Term Municipal

Bond Index futures contract which shall equal $15.63 per 1/64 and $1,000 per full point. However, for box spreads* the option premium shall be in multiples of one-half of one sixty-fourth of one point ($1000) which shall equal $7.81 per one-half of one sixty-fourth and $1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract.

* A box spread is defined as a position long one call option, short one call option, long one put option, and short one put option, in split dhe long call option and the short put option have the same exercise price, the short call option and the long put option have the same exercise price, and all options are in the same contract month. (10/01/94)

2207.01 Exercise of Option - The buyer of a Long-Term Municipal Bond Index futures option may exercise the option on any business day up to and including the day such option expires by giving notice of exercise to the Clearing House by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. In-the-money options that have not been liquidated or exercised on the last day of trading in such option shall be automatically exercised in the absence of contrary instructions delivered to the Clearing House by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading by the clearing member representing the option buyer. (12/01/99)

**An option is in-the-money if the settlement price of the underlying futures contract is less in the case of a put, or greater in the case of a call, than the exercise price of the option.

2208.01 Expiration of Option - Unexercised Long-Term Municipal Bond Index futures options shall expire at 6:00 p.m. on the day of termination of trading. (See Regulation 2213.01.) (10/01/94)

2209.01 Months Traded In - Trading may be conducted in Long-Term Municipal Bond Index futures options for a thirty-six month period extending from the nearby contract month, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which the futures are not traded, the underlying futures is the next futures that is nearest to the expiration of the option. For options that are traded in the same months in which the futures are traded and expire on the same day in which the futures expires, the underlying futures is the expiring futures. For options that are traded in the same months in which the futures are traded but expire on a different day than the futures, the underlying futures is the next futures following that delivery month. (10/01/94)

2210.01 Trading Hours - The hours of trading of options on Long-Term Municipal Bond Index futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Long-Term Municipal Bond Index futures contract, subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. Long-Term Municipal Bond Index futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (04/01/00)

2211.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

2212.01 Margin Requirements - (See Regulation 431.03) (10/01/94)

** An option is in-the-money if the settlement price of the underlying futures contract is less in the case of a put, or greater in the case of a call than the exercise price for the option.

2213.01 Last Day of Trading - For options that do not expire on the same day of the underlying futures contract, the last day of trading shall be the last Friday which precedes by at least two business days, the last business day of the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday.

For options that expire on the same day of the underlying futures contract, the last day of trading will be the same as the last day of trading of the underlying futures contract. (07/01/01)

2215.01 Disclaimer - The Bond Buyer Municipal Bond Index futures and futures options are not sponsored, endorsed, sold or promoted by Thomson Holdings, Inc., its subsidiaries, The

CBBB Partnership, or the various brokers who evaluate bonds for purposes of the Index ("Entities"). These Entities make no representation or warranty, express or implied, to the owners of Bond Buyer Municipal Bond Index futures or futures options or any member of the public regarding the advisability of trading in Bond Buyer Municipal Bond Index futures and futures options. These Entities have no obligation to take the needs of the Chicago Board of Trade or the owners of the Bond Buyer Municipal Bond Index futures and futures options into consideration in determining, composing or calculating the Index. These Entities are not responsible for and have not participated in the determination of when the Bond Buyer Municipal Bond Index futures and futures options are listed for trading and (in the case of 71F2B options) at what strike prices or in the determination or calculation of how such Index futures and futures options may be converted into cash. These Entities have no obligation or liability in connection with the administration, marketing or trading of the Bond Buyer Municipal Bond Index futures and futures options.

THESE ENTITIES DO NO GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE BOND BUYER MUNICIPAL BOND INDEX OR ANY DATA INCLUDED THEREIN AND SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. THESE ENTITIES MAKE NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CHICAGO BOARD OF TRADE, OWNERS OF THE BOND BUYER MUNICIPAL BOND INDEX FUTURES AND FUTURES OPTIONS, OR ANY OTHER PERSON OR ENTITY, FROM THE USE OF SUCH INDEX OR ANY DATA INCLUDED THEREIN. THESE ENTITIES MAKE NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIM ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE BOND BUYER MUNICIPAL BOND INDEX OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL THESE ENTITIES HAVE ANY LIABILITY FOR LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN THESE ENTITIES AND BETWEEN THESE ENTITIES AND THE CHICAGO BOARD OF TRADE OR THE CBBB PARTNERSHIP. (04/01/98)

Chapter 23
Short Term U.S. T-Notes (2-Year)

Chapter 23
Short Term U.S. T-Notes (2-Year)

Ch23 Trading Conditions

2301.00 Authority - (See Rule 1701.00) (10/01/94)

2302.01 Application of Regulation - Futures transactions in short term U.S. Treasury Notes shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in short term U.S. Treasury Notes.

For the purpose of this chapter, the trading day begins with the commencement of trading on Project A at 2:15 p.m. and ends with the close of trading of regular daytime trading. (10/01/98)

2303.01 Emergencies, Acts of God, Acts of Government - If the delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. For example, and without limiting the Board's power, it may extend delivery dates and designate alternative delivery points in the event of conditions interfering with the normal operations of approved facilities.

In the event the Board determines that there exists a shortage of deliverable U.S. Treasury Notes, it may, upon a two-thirds vote under Rule 180.00, take such action as may in the Board's sole discretion appear necessary to prevent, correct or alleviate the condition. Without limiting the foregoing or the authority of the Board under Rule 180.00, the Board may:

(1) designate as deliverable, U.S. Treasury Bonds or U.S. Treasury Notes otherwise meeting the specifications and requirements stated in this chapter;

(2) designate as deliverable one or more issues of U.S. Treasury Notes and/or U.S. Treasury Bonds having maturities shorter than one year, nine months or longer than two years and otherwise meeting the specifications and requirements stated in this chapter; and/or

(3) determine a cash settlement based on the current cash value of a 6% coupon rate, one year nine months to two years U.S. Treasury Note, as determined by using the current market yield curve for U.S. Treasury securities on the last day of trading. (03/01/00)

2304.01 Unit of Trading - The unit of trading shall be United States Treasury Notes having a face value at maturity of two hundred thousand dollars ($200,000) or multiples thereof. (10/01/94)

2305.01 Months Traded In - Trading in Short-Term U.S. Treasury Notes futures may be scheduled in such months as determined by the Exchange. (03/01/00)

2306.01 Price Basis - Minimum price fluctuations shall be in multiples of one-quarter of one thirty-second (1/32) point per 100 points ($15.625 rounded up to the nearest 1 cent per contract). Par shall be on the basis of 100 points. Contracts shall not be made on any other price basis. (10/01/94)

2307.01 Hours of Trading - The hours of trading for future delivery in short term U.S. Treasury Notes shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 12:00 noon, subject to the provisions of the second paragraph of Rule 1007.00. The market shall be opened and closed for all months simultaneously, or in such other manner as the Regulatory Compliance Committee shall direct. (10/01/94)

2309.01 Last Day of Trading - No trades in short term U.S. Treasury Note futures deliverable in the current month shall be made following the last business day of the calendar month or two business days prior to issuance of two year notes by the U.S. Treasury auctioned in the current month, whichever occurs first, and any contracts remaining open must be settled by delivery or as provided in Regulation 2309.02 after trading in such contract has ceased. (10/01/94)

2309.02 Liquidation after Trading has Ceased - After trading in contacts for future delivery in the current delivery month has ceased in accordance with Regulation 2309.01 of this chapter, outstanding contracts may be liquidated by the delivery of book-entry U.S. Treasury Notes (Regulation 2342.01) or by mutual agreement by means of a bona fide exchange of such current futures for actual U.S. Treasury Notes or comparable instruments. Such exchange must, in any event be made no later than 12:00 p.m. (Chicago time) on the second business day immediately preceding the last business day of the delivery month as defined in Regulation 2346.01. (10/01/94)

2313.01 All-Or-None Orders -The minimum threshold established for All-Or-None orders in short term U.S. Treasury Note futures is one hundred contracts. Such orders must be executed in accordance with Regulation 331.03. (07/01/00)

Ch23 Delivery Procedures

2336.01 Standards - The contract grade for delivery on futures contracts made under these regulations shall be U.S. Treasury Notes which have an original maturity no greater than five years three months and remaining maturity not less than one year, nine months and not more than two years as defined below. All notes delivered against a contract must be of the same issue. For settlement or for determining remaining maturity for delivery eligibility, the time to maturity of a given issue is calculated in complete one month increments (i.e. 1 year, 10 months, 17 days is taken to be 1 year, 10 months) from the first day of the delivery month. The price at which a note with this time to maturity and with the same coupon rate as this issue will yield 6%, according to bond tables prepared by the Financial Publishing Co. of Boston, Mass., is multiplied by the settlement price to arrive at the amount at which the short invoices the long.

Interest accrued on the notes shall be charged to the long by the short in accordance with Department of the Treasury Circular 300, Subpart P.

New issues of U.S. Treasury Notes which satisfy the standards in this regulation shall be added to the deliverable grade as they are issued. If during the auction of a note which will meet the standards of this chapter the Treasury re-opens an existing issue, thus rendering the existing issue indistinguishable from the newly auctioned one, the older issue is deemed to meet the standards of this chapter and would be deliverable. The Exchange shall have the right to exclude any new issue from deliverable status or to further limit outstanding issues from deliverable status. (03/01/00)

2342.01 Deliveries on Futures Contracts - Deliveries against short-term U.S. Treasury Notes futures contracts shall be by book-entry transfer between accounts of Clearing Members at qualified banks (Regulation 2380.01) in accordance with Department of Treasury Circular 300, Subpart 0: Book-Entry Procedure. Delivery must be made no later than the last business day of the month. Notice of intention to deliver shall be given to the Board of Trade Clearing Corporation by 8:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the second business day preceding delivery day. In the event the long Clearing Member does not agree with the terms of the invoice received from the short Clearing Member, the long Clearing Member must notify the short Clearing Member, and the dispute must be settled by 9:30 a.m. (Chicago time) on delivery day. The short Clearing Member must have contract grade U.S. Treasury notes at his bank in acceptable (to his bank) delivery form by 10:00 a.m. (Chicago time) on delivery day. The short Clearing Member must notify his bank (Regulation 2380.01) to transfer contract grade U.S. Treasury notes by book-entry to the long Clearing Member's account on a delivery versus payment basis. That is, payment shall not be made until the notes are delivered. On delivery day, the long Clearing Member must make funds available by 7:30 a.m. (Chicago time) and notify his bank (Regulation 2380.01) to accept contract grade U.S. Treasury notes and to remit federal funds to the short Clearing Members' account at the short Clearing Member's bank (Regulation 2380.01) in payment for delivery of the notes. Contract grade U.S. Treasury notes must be transferred and payment must be made before 1:00 p.m. (Chicago time) on delivery day. All deliveries must be assigned by the Clearing Corporation. Where a commission house as a member of the Clearing Corporation has an interest both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it received from its customers who are short. (12/01/99)

2342.02 Wire Failure - In the event that delivery cannot be accomplished because of a failure of the Federal Reserve wire or because of a failure of either the long Clearing Member's bank or the short Clearing Member's bank access to the Federal Reserve wire, delivery shall be made before 9:30 a.m. on the next business day on which the Federal Reserve wire is operable. Interest shall accrue to the long paid by the short beginning on the day at which the notes were to be originally delivered.

In the event of such failure, both the long and short must provide documented evidence that the instructions were given to their respective banks in accordance with Regulations 2342.01 and 2349.04 and that all provisions of Regulations of 2342.01 and 2349.04 have been complied with. (10/01/94)

2346.01 Date of Delivery - Delivery of short term U.S. Treasury Notes may be made by the short upon any permissible delivery day of the delivery month the short may select. The delivery month extends to and includes the third business day following the last trading day in the current month. Delivery of short term U.S. Treasury Notes must be made no later than the last business day

Chapter 24
Long Term T-Notes (6 1/2 -10 Year)

Chapter 24
Long Term T-Notes (6 1/2 -10 Year)

Ch24 Trading Conditions

2401.00 Authority - (See Rule 1701.00) (10/01/94)

2402.01 Application of Regulations - Futures transactions in long term U.S. Treasury Notes shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in long term U.S. Treasury Notes. (09/01/00)

2403.01 Emergencies, Acts of God, Acts of Government - If the delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. For example, and without limiting the Board's power, it may extend delivery dates and designate alternative delivery points in the event of conditions interfering with the normal operations of approved facilities.

In the event the Board determines that there exists a shortage of deliverable U.S. Treasury Notes, it may, upon a two-thirds vote under Rule 180.00, take such action as may be in the Board's sole discretion appear necessary to prevent, correct or alleviate the condition. Without limiting the foregoing or the authority of the Board under Rule 180.00, the Board may:

(1) designate as deliverable, callable U.S. Treasury Bonds otherwise meeting the specifications and requirements stated in this chapter;

(2) designate as deliverable one or more issues of U.S. Treasury Notes and/or U.S. Treasury Bonds having maturities shorter than six and one-half years, or longer than ten years and otherwise meeting the specifications and requirements stated in this chapter; and/or

(3) determine a cash settlement based on the current cash value of a 6% coupon rate, six and one-half years to ten years U.S. Treasury Note, as determined by using the current market yield curve for U.S. Treasury securities on the last day of trading. (03/01/00)

2404.01 Unit of Trading - The unit of trading shall be United States Treasury Notes having a face value at maturity of one hundred thousand dollars ($100,000) or multiples thereof. (10/01/94)

2405.01 Months Traded In - Trading in Long-Term U.S. Treasury notes futures may be scheduled in such months as determined by the Exchange. (03/01/00)

2406.01 Price Basis - Minimum price fluctuations shall be in multiples of one-half of one thirty-second (1/32) point per 100 points ($15.625 per contract) except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one thirty-second point per 100 points ($7.8125 per contract). Par shall be on the basis of 100 points. Contracts shall not be made on any other price basis. (02/01/01)

2407.01 Hours of Trading - The hours of trading for future delivery in long term U.S. Treasury Notes shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 12:00 noon subject to the provisions of the second paragraph of Rule 1007.00.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Regulatory Compliance Committee shall direct. (10/01/94)

2409.01 Last Day of Trading - No trades in long term U.S. Treasury Note futures deliverable in the current month shall be made during the last seven business days of that month and any contracts

remaining open must be settled by delivery or as provided in Regulation 2409.02 after trading in such contracts has ceased. (10/01/94)

2409.02 Liquidation in the Last Seven Days of Delivery Months - After trading in contracts for future delivery in the current delivery month has ceased in accordance with Regulation 2409.01 of this chapter, outstanding contracts may be liquidated by the delivery of book-entry U.S. Treasury Notes or Bonds (Regulation 2442.01) or by mutual agreement by means of a bona fide exchange of such current futures for actual U.S. Treasury Notes or Bonds or comparable instruments. Such exchange must, in any event, be made no later than the fifth business day immediately preceding the last business day of the delivery month. (10/01/94)

2412.12 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/94)

2436.01 Standards - The contract grade for delivery on futures contracts made under these regulations shall be U.S. Treasury Notes which have an actual maturity of not less than six and one-half years and not more than ten years. All notes delivered against a contract must be of the same issue. For settlement, the time to maturity of a given issue is calculated in complete quarter year increments (i.e. 8 years, 10 months, 17 days is taken to be 8 years, 9 months) from the first day of the delivery month. The price at which a note with this time to maturity and with the same coupon rate as this issue will yield 6%, according to bond tables prepared by the Financial Publishing Co. of Boston, Mass., is multiplied by the settlement price to arrive at the amount at which the short invoices the long.

U.S. Treasury Notes deliverable against futures contracts under these regulations must have semi-annual coupon payments.

Interest accrued on the notes shall be charged to the long by the short in accordance with Department of the Treasury Circular 300, Subpart P.

New issues of U.S. Treasury Notes which satisfy the standards in this regulation shall be added to the deliverable grade as they are issued. If during the auction of a note which will meet the standards of this chapter the Treasury re-opens an existing issue, thus rendering the existing issue indistinguishable from the newly auctioned one, the older issue is deemed to meet the standards of this chapter and would be deliverable. The Exchange shall have the right to exclude any new issue from deliverable status or to further limit outstanding issues from deliverable status. (03/01/00)

2442.01 Deliveries of Futures Contracts - Deliveries against long term U.S. Treasury Note futures contracts shall be by book-entry transfer between accounts of Clearing Members at qualified banks (Regulation 2480.01) in accordance with Department of Treasury Circular 300, Subpart O: Book-Entry Procedure. Delivery must be made no later than the last business day of the month. Notice of intention to deliver shall be given to the Board of Trade Clearing Corporation by 8:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the second business day preceding delivery day. In the event the long Clearing Member does not agree with the terms of the invoice received from the short Clearing Member, the long Clearing Member must notify the short Clearing Member, and the dispute must be settled by 9:30 a.m. (Chicago time) on delivery day. The short Clearing Member must have contract grade U.S. Treasury notes in place at his bank in acceptable (to his bank) delivery form no later than 10:00 a.m. (Chicago time) on delivery day. The short Clearing Member must notify his bank (Regulation 2480.01) to transfer contract grade U.S. Treasury notes by book-entry to the long Clearing Member's account at the long Clearing Member's bank on a delivery versus payment basis. That is, payment shall not be made until the notes are delivered. On delivery day, the long Clearing Member must make funds available by 7:30 a.m. (Chicago time) and notify his bank (Regulation 2480.01) to accept contract grade U.S. Treasury notes and to remit federal funds to the short Clearing Member's account at the short Clearing Member's bank (Regulation 2480.01) in payment for delivery of the notes. Contract grade U.S. Treasury notes must be transferred and payment must be made before 1:00 p.m. (Chicago time) on delivery day. All deliveries must be assigned by the Clearing Corporation. Where a commission house as a member of the Clearing Corporation has an interest both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it received from its customers who are short. (12/01/99)

2442.02 Wire Failure - In the event that delivery cannot be accomplished because of a failure of the Federal Reserve wire or because of a failure of either the long Clearing Member's bank or thbulletinClearing Member's bank access to the Federal Reserve wire, delivery shall be made before 9:30 a.m. on the next business day on which the Federal Reserve wire is operable. Interest shall accrue to the long paid by the short beginning on the day at which the notes were to be originally delivered.

In the event of such failure, both the long and short must provide documented evidence that the instructions were given to their respective banks in accordance with Regulations 2442.01 and 2449.04 and that all other provisions of Regulations of 2442.01 and 2449.04 have been complied with. (10/01/94)

2446.01 Date of Delivery - Delivery of long term U.S. Treasury Notes may be made by the short upon any permissible delivery day of the delivery month the short may select. Delivery of long term U.S. Treasury Notes must be made no later than the last business day of that month. (10/01/94)

2447.01 Delivery Notices - (See Regulation 1047.01) (10/01/94)

2448.01 Method of Delivery - (See Regulation 1048.01) (10/01/94)

2449.00 Time of Delivery, Payment, Form of Delivery Notice - (See Rule 1049.00) (10/01/94)

2449.02 Buyer's Report of Eligibility to Receive Delivery - (See Regulation 1049.02) (10/01/94)

2449.03 Sellers Invoice to Buyers - Upon determining the buyers obligated to accept deliveries tendered by issuers of delivery notices, the Clearing House shall promptly furnish each issuer the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing House to each such buyer. Thereupon, sellers (issuers of delivery notices) shall prepare invoices addressed to their assigned buyers describing the documents to be delivered to each such buyer. Such invoices shall show the amount which buyers must pay to sellers in settlement of the actual deliveries, based on the delivery prices established by the Clearing House, and adjusted for applicable interest payments. Such invoices shall be delivered to the Clearing House by 2:00 p.m., or by such other time designated by the Board of Directors, on the day of intention except on the last intention day of the month, where such invoices shall be delivered to the Clearing House by 3:00 p.m., or by such other time designated by the Board of Directors. Upon receipt of such invoices, the Clearing House shall promptly make them available to buyers to whom they are addressed, by placing them in buyer's mail boxes provided for that purpose in the Clearing House. (12/01/99)

2449.04 Payment - Payment shall be made in federal funds. The long obligated to take delivery must take delivery and make payment before 1:00 p.m. on the day of delivery, except on banking holidays when delivery must be taken and payment made before 9:30 a.m. the next business day. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in accordance with its by-laws and resolutions. (10/01/94)

2449.05 Buyers Banking Notification - The long Clearing Member shall provide the short Clearing member by 4:00 p.m. (5:00 p.m. EST) on the day of intention, one business day prior to delivery day, with a Banking Notification. The Banking Notification form will include the following information: the identification number and name of the long Clearing Member; the delivery date; the notification number of the delivery assignment; the identification number and name of the short Clearing Member making delivery; the quantity of the contract being delivered; the long Clearing Member's bank, account number and specific Federal Wire instructions for the transfer of U.S. securities. (10/01/94)

2480.01 Banks - For purposes of these regulations relating to trading in long term U.S. Treasury Notes, the word "Bank" (Regulation 2442.01) shall mean a U.S. commercial bank (either Federal or State charter) that is a member of the Federal Reserve System and with capital (capital, surplus and undivided earnings) in excess of one hundred million dollars ($100,000,000). (10/01/94)

Chapter 25
Medium Term U.S. Treasury Notes (5 Year)

Chapter 25
Medium Term U.S. Treasury Notes (5 Year)

Ch25 Trading Conditions

2501.00 Authority - (See Rule 1701.00) (10/01/94)

2502.01 Application of Regulations - Futures transactions in medium term U.S. Treasury Notes shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in medium term U.S. Treasury Notes. (09/01/00)

2503.01 Emergencies, Acts of God, Acts of Government - If the delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. For example, and without limiting the Board's power, it may extend delivery dates and designate alternative delivery points in the event of conditions interfering with the normal operations of approved facilities.

In the event the Board determines that there exists a shortage of deliverable U.S. Treasury Notes, it may, upon a two-thirds vote under Rule 180.00, take such action as may in the Board's sole discretion appear necessary to prevent, correct or alleviate the condition. Without limiting the foregoing or the authority of the Board under Rule 180.00, the Board may:

(1) designate as deliverable, U.S. Treasury Bonds otherwise meeting the specifications and requirements stated in this chapter;

(2) designate as deliverable one or more issues of U.S. Treasury Notes and/or U.S. Treasury Bonds having maturities shorter than four years and two months, or longer than five years and two months and otherwise meeting the specifications and requirements stated in this chapter.

(3) determine a cash settlement based on the current cash value of a 6% coupon rate, five year U.S. Treasury Note, as determined by using the current cash market yield curve for U.S. Treasury securities on the last day of trading. (03/01/00)

2504.01 Unit of Trading - The unit of trading shall be United States Treasury Notes having a face value at maturity of one hundred thousand dollars ($100,000) or multiples thereof. (10/01/94)

2505.01 Months Traded In - Trading in Medium-Term U.S. Treasury notes futures may be scheduled in such months as determined by the Exchange. (03/01/00)

2506.01 Price Basis - Minimum price fluctuations shall be in multiples of one-half of one thirty-second (1/32) point per 100 points ($15.625 rounded up to the nearest 1c per contract) except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one thirty-second point per 100 points ($7.8125 per contract). Par shall be on the basis of 100 points. Contracts shall not be made on any other price basis. (02/01/01)

2507.01 Hours of Trading - The hours of trading for future delivery in U.S. Treasury Notes shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 12:00 noon subject to the provisions of the second paragraph of Rule 1007.00. The market shall be opened and closed for all months simultaneously or in such other manner as the Regulatory Compliance Committee shall direct. (10/01/94)

2509.01 Last Day of Trading - No trades in medium term U.S. Treasury Note futures deliverable in the current month shall be made during the last seven business days of that month and any contracts remaining open must be settled by delivery as provided in Regulation 2509.02 after trading in such contracts has ceased. (10/01/94)

Chapter m24
CBOT mini-sized Long Term U.S. Treasury Notes

Chapter m24
CBOT mini-sized Long Term U.S. Treasury Notes

Chm24 Trading Conditions

m2401.01 Authority - Trading in mini-sized long term U.S. Treasury Note futures may be conducted under such terms and conditions as may be prescribed by regulation. (10/01/01)

m2402.01 Application of Regulations - Futures transactions in mini-sized long term U.S. Treasury Notes shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in mini-sized long term U.S. Treasury Notes. (10/01/01)

m2403.01 Emergencies, Acts of God, Acts of Government - (See Regulation 2403.01) (10/01/01)

m2403.02 Derivative Markets - Settlement prices shall be set in accordance with this regulation consistent with the settlement prices of the primary market. Contract settlement prices shall be set equal to the settlement prices of the corresponding contracts of the primary market for such commodity. Where a particular contract has opened on the Exchange for which the primary market has established no settlement price, the manager of the clearing house shall set a settlement price consistent with the spread relationships of other contracts; provided, however, that if the contract is not subject to daily price fluctuation limits then the settlement price shall be set at the fair market value of the contract at the close of trading. (10/01/01)

m2404.01 Unit of Trading - The unit of trading shall be United States Treasury Notes having a face value at maturity of fifty thousand dollars ($50,000) or multiples thereof. (10/01/01)

m2405.01 Months Traded In - (See Regulation 2405.01) (10/01/01)

m2406.01 Price Basis - Minimum price fluctuations shall be in multiples of one-half of one thirty-second (1/32) point per 100 points ($7.8125 per contract). Par shall be on the basis of 100 points. Contracts shall not be made on any other price basis. (10/01/01)

m2407.01 Hours of Trading - The hours of trading for future delivery in mini-sized Long Term U.S. Treasury Notes shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 12:00 noon, subject to the provisions of Regulation 9B.02. (11/01/01)

m2409.01 Last Day of Trading - (See Regulation 2409.01) (10/01/01)

m2409.02 Liquidation in the Last Seven Days of the - (See Regulation 2409.02) (10/01/01) Delivery Month

m2436.01 Standards - (See Regulation 2436.01) (10/01/01)

m2442.01 Deliveries on Futures Contracts - (See Regulation 2442.01) (10/01/01)

m2442.02 Wire Failure - (See Regulation 2442.02) (10/01/01)

m2446.01 Date of Delivery -(See Regulation 2446.01) (10/01/01)

m2447.01 Delivery Notices - (See Regulation 2447.01) (10/01/01)

m2448.01 Method of Delivery - (See Regulation 1048.01) (10/01/01)

m2449.00 Time of Delivery, Payment, Form of Delivery Notice - (See Rule 1049.00) (10/01/01)

m2449.02 Buyer's Report of Eligibility to Receive Delivery - (See Regulation 1049.02) (10/01/01)

m2449.03 Seller's Invoice to Buyers - (See Regulation 2449.03) (10/01/01)

m2449.04 Payment - (See Regulation 2449.04) (10/01/01)

m2449.05 Buyer's Banking Notification - (See Regulation 2449.05) (10/01/01)

m2454.00 Failure to Accept Delivery - (See Rule 1054.00) (10/01/01)

Chm24 Regularity of Banks

m2480.01 Banks - (See Regulation 2480.01) (10/01/01)

2509.02 Liquidation in the Last Seven Days of the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased in accordance with Regulation 2509.01 of this chapter, outstanding contracts may be liquidated by the delivery of book-entry U.S. Treasury Notes (Regulation 2542.01) or by mutual agreement by means of bona fide exchange of such current futures for actual U.S. Treasury Notes or comparable instruments. Such exchange must, in any event, be made no later than the fifth business day immediately preceding the last business day of the delivery month. (10/01/94)

2510.01 Margin Requirements - (See Regulation 431.03) (10/01/94)

2536.01 Standards - The contract grade for delivery on futures contracts made under these regulations shall be U.S. notes which have an original maturity of not more than 5 years three months and which have a remaining maturity of not less than four years and two months as defined below. To be delivered in the current month, the note must have been issued by the Treasury before the last day of trading in the current month. All notes or bonds delivered against a contract must be of the same issue. For settlement, the time to maturity of a given issue is calculated in complete one month increments (i.e. 4 years, 5 months and 14 days is taken to be 4 years and 5 months) from the first day of the delivery month. The price at which a note with this time to maturity and with the same coupon rate as this issue will yield 6%, according to bond tables prepared by the Financial Publishing Co. of Boston, Mass., is multiplied by the settlement price to arrive at the amount which the short invoices the long.

Interest accrued on the notes shall be charged to the long by the short in accordance with Department of the Treasury Circular 300, Subpart P.

New issues of U.S. Treasury Notes which satisfy the standards in this regulation shall be added to the deliverable grade as they are issued. If during the auction of a note which will meet the standards of this chapter the Treasury re-opens an existing issue, thus rendering the existing issue indistinguishable from the newly auctioned one, the older issue is deemed to meet the standards of this chapter and would be deliverable. The Exchange shall have the right to exclude any new issue from deliverable status or to further limit outstanding issues from deliverable status. (03/01/00)

2542.01 Deliveries on Futures Contracts - Deliveries against medium term U.S. Treasury Note futures contracts shall be by book-entry transfer between accounts of Clearing Members at qualified banks (Regulation 2580.01) in accordance with Department of Treasury Circular 300, Subpart O: Book-Entry Procedure. Delivery must be made no later than the last business day of the month. Notice of intention to deliver shall be given to the Board of Trade Clearing Corporation by 8:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the second business day preceding delivery day. In the event the long Clearing Member does not agree with the terms of the invoice received from the short Clearing Member, the long Clearing Member must notify the short Clearing Member, and the dispute must be settled by 9:30 a.m. (Chicago time) on delivery day. The short Clearing Member must have contract grade U.S. Treasury notes at his bank in acceptable (to his bank) delivery form by 10:00 a.m. (Chicago time) on delivery day. The short Clearing Member must notify his bank (Regulation 2580.01) to transfer contract grade U.S. Treasury notes by book-entry to the long Clearing Member's account on a delivery versus payment basis. That is, payment shall not be made until the notes are delivered. On delivery day, the long Clearing Member must make funds available by 7:30 a.m. (Chicago time) and notify his bank (Regulation 2580.01) to accept contract grade U.S. Treasury notes and to remit federal funds to the short Clearing Member's account at the short Clearing Member's bank (Regulation 2580.01) in payment for delivery of the notes. Contract grade U.S. Treasury notes must be transferred and payment must be made before 1:00 p.m. (Chicago time) on delivery day. All deliveries must be assigned by the Clearing Corporation. Where a commission house as a member of the Clearing Corporation has an interest both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it received from its customers who are short. (12/01/99)

2542.02 Wire Failure - In the event that delivery cannot be accomplished because of a failure of the Federal Reserve wire or because of a failure of either the long Clearing Member's bank or the short Clearing Member's bank access to the Federal Reserve wire, delivery shall be made before 9:30 a.m. on the next business day on which the Federal Reserve wire is operable. Interest shall accrue to the long paid by the short beginning on the day at which the notes were to be originally delivered.

In the event of such failure, both the long and short must provide documented evidence that the instructions were given to their respective banks in accordance with Regulations 2542.01 and 2549.04 and that all other provisions of Regulations of 2542.01 and 2549.04 have been complied with. (10/01/94)

2546.01 Date of Delivery - Delivery of medium term U.S. Treasury Notes may be made by the short upon any permissible delivery day of the delivery month the short may select. Delivery of

medium term U.S. Treasury Notes must be made no later than the last business day of that month. (10/01/94)

2547.01 Delivery Notices - (See Regulation 1047.01) (10/01/94)

2548.01 Method of Delivery - (See Regulation 1048.01) (10/01/94)

2549.00 Time of Delivery, Payment, Form of Delivery Notice - (See Rule 1049.00) (10/01/94)

2549.02 Buyer's Report of Eligibility to Receive Delivery - (See Regulation 1049.02) (10/01/94)

2549.03 Seller's Invoice to Buyers - Upon determining the buyers obligated to accept deliveries tendered by issuers of delivery notices, the Clearing House shall promptly furnish each issuer the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing House to each such buyer. Thereupon, sellers (issuers of delivery notices) shall prepare invoices addressed to their assigned buyers, describing the documents to be delivered to each such buyer. Such invoices shall show the amount which buyers must pay to sellers in settlement of the actual deliveries, based on the delivery prices established by the Clearing House, and adjusted for applicable interest payments. Such invoices shall be delivered to the Clearing House by 2:00 p.m., or by such other time designated by the Board of Directors, on the day of intention except on the last intention day of the month, where such invoices shall be delivered to the Clearing House by 3:00 p.m., or by such other time designated by the Board of Directors. Upon receipt of such invoices, the Clearing House shall promptly make them available to buyers to whom they are addressed, by placing them in buyer's mail boxes provided for that purpose in the Clearing House. (12/01/99)

2549.04 Payment - Payment shall be made in federal funds. The long obligated to take delivery must take delivery and make payment before 1:00 p.m. on the day of delivery, except on banking holidays when delivery must be taken and payment made before 9:30 a.m. the next banking business day. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in accordance with its by-laws and resolutions. (10/01/94)

2549.05 Buyers Banking Notification - The long Clearing Member shall provide the short Clearing member by 4:00 p.m. (5:00 p.m. EST) on the day of intention, one business day prior to delivery day, with a Banking Notification. The Banking Notification form will include the following information: the identification number and name of the long Clearing Member; the delivery date; the notification number of the delivery assignment; the identification number and name of the short Clearing Member making delivery; the quantity of the contract being delivered; the long Clearing Member's bank, account number and specific Federal Wire instructions for the transfer of U.S. securities. (10/01/94)

2550.00 Duties of Members - (See Rule 1050.00) (10/01/94)

2551.01 Office Deliveries Prohibited - (See Regulation 1051.01) (10/01/94)

2554.00 Failure to Accept Delivery - (See Rule 1054.00) (10/01/94)

2580.01 Banks - For purposes of these regulations relating to trading in U.S. Treasury notes, the word "Bank" (Regulation 2542.01) shall mean a U.S. commercial bank (either Federal or State charter) that is a member of the Federal Reserve System and with capital (capital, surplus, and undivided earnings) in excess of one hundred million dollars ($100,000,000). (10/01/94)

Chapter 26
CBOT mini-sized Three-Month Eurodollar Time Deposits

Chapter 26
CBOT mini-sized Three-Month Eurodollar Time Deposits

Ch26 Trading Conditions

2601.01 Authority - Trading in mini-sized Eurodollar futures may be conducted under such terms and conditions as may be prescribed by regulation. (12/01/01)

2602.01 Application of Regulations - Futures transactions in mini-sized Eurodollars shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in mini-sized Eurodollars. (12/01/01)

2603.01 Derivative Markets - Settlement prices shall be set in accordance with this regulation consistent with the settlement prices of the primary market. Contract settlement prices therein shall be set equal to the settlement prices of the corresponding contracts of the primary market for such commodity. Where a particular contract has opened on the Exchange for which the primary market has established no settlement price, the manager of the clearing house shall set a settlement price consistent with the spread relationships of other contracts; provided, however, that if the contract is not subject to daily price fluctuation limits then the settlement price shall be set at the fair market value of the contract at the close of trading. (12/01/01)

2604.01 Unit of Trading - The unit of trading shall be three-month Eurodollar time deposits in the amount of $500,000. (12/01/01)

2605.01 Months Traded in - Trading in mini-sized Eurodollar futures may be scheduled in such months as determined by the Exchange. (12/01/01)

2606.01 Price Basis - Minimum price fluctuations shall be one-half of one basis point (0.005) of $500,000 on a 90-day basis, or $6.25 per contract. Prices shall be quoted in terms of an index consisting of the difference between the number 100.00 and the three-month Eurodollar yield on an annual basis for a 360-day year. (For example, a deposit rate of 4.50 percent shall be quoted as 95.50.) Contracts shall not be made on any other price basis. (12/01/01)

2607.01 Hours of Trading - The hours of trading for future delivery in mini-sized Eurodollar futures shall be determined by the Exchange. (12/01/01)

2609.01 Last Day of Trading The last day of trading in Eurodollar futures contracts, deliverable in the current month, shall be the second London bank business day immediately preceding the third Wednesday of the contract month. On the last day of trading in an expiring future, the closing time for such future shall be 11:00 a.m. (London time)*, subject to the provisions of Regulation 9B.02. (12/01/01)

*This is 5:00 a.m. (Chicago time) except when Daylight Saving Time is in effect in either, but not both, London or Chicago.

2610.01 Margin Requirements - (See Regulation 431.03) (12/01/01)

2612.01 Position Limits and Reportable Positions - (See Regulation 425.01) (12/01/01)

2636.01 Standards - Each contract which is not offset prior to the expiration of trading shall be offset with the clearing house on the second London bank business day immediately preceding the third Wednesday of the contract month at a settlement price established by the International Monetary Market for settlement of its corresponding expiring Three-Month Eurodollar Time Deposits futures contract. If the foregoing date for cash settlement is an Exchange holiday, each contract which is not offset prior to the expiration of trading shall be offset with the clearing house on the next succeeding Exchange business day. (12/01/01)

2642.01 Deliveries of Futures Contracts - Deliveries against mini-sized Eurodollar futures contracts must be made through the Clearing Corporation. Delivery under these regulations shall be made on settlement day and shall be accomplished by cash settlement as hereinafter provided.

The Clearing Corporation will advise clearing members holding open positions in mini-sized Eurodollar futures contracts deliverable in the current month of the final settlement price established for that month, as soon as practicable on settlement day. Clearing members shall then make payment to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures, based on the settlement price. (12/01/01)

2647.01 Payment - (See Regulation 1049.04) (12/01/01)

Chapter 27A (Standard Options)
Long Term Treasury Note Futures Options

Ch27A Trading Conditions

A2701.00 Authority - (See Rule 2801.00) (10/01/94)

A2701.01 Application of Regulations - Transactions in put and call options on Long Term Treasury Note futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Long Term Treasury Note futures contracts. (See Rule 490.00) (09/01/00)

A2702.01 Nature of Long Term Treasury Note Futures Put Options - The buyer of one (1) Long Term Treasury Note futures put option may exercise his option at any time prior to expiration (subject to Regulation 2707.01), to assume a short position in one (1) Long Term Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Long Term Treasury Note futures put option incurs the obligation of assuming a long position in one (1) Long Term Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

A2702.02 Nature of Long Term Treasury Note Futures Call Options - The buyer of one (1) Long Term Treasury Note futures call option may exercise his option at any time prior to expiration (subject to Regulation 2707.01), to assume a long position in one (1) Long Term Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Long Term Treasury Note futures call option incurs the obligation of assuming a short position in one (1) Long Term Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

A2703.01 Trading Unit - One (1) $100,000 face value Long Term Treasury Note futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

A2704.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one (1) point per Long Term Treasury Note futures contract. At the commencement of trading for such option contracts, the following strike prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying Long Term Treasury Note futures contract, and the next fifteen consecutive higher and the next fifteen consecutive lower striking prices closest to the previous day's settlement price; and all strike prices listed for all other option contract months listed at the time. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. When a sale in the underlying Long Term Treasury Note futures contract occurs at a price greater than or equal to the fifteenth largest striking price, a new striking price one increment higher than the existing striking prices will be added. When a sale in the underlying Long Term Treasury Note futures contract occurs at a price less than or equal to the fifteenth smallest striking price, a new striking price one increment lower than the existing striking prices will be added. When a new strike price is added for an option contract month, the same strike price will be added to all option contract months for which that strike price is not already listed. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (01/01/99)

A2705.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

A2706.01 Option Premium Basis - The Premium for Long Term Treasury Note futures options

shall be in multiples of one sixty-fourth (1/64) of one percent (1%) of a $100,000 Long Term Treasury Note futures contract which shall equal $15.63 per 1/64 and $1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract.

If options are quoted in volatility terms, the minimum fluctuation shall be .10 percent (i.e.-10.0%, 10.1%, 10.2%, etc.) (10/01/94)

A2707.01 Exercise of Option - The buyer of a Long Term Treasury Note futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A2707.02 Automatic Exercise - Notwithstanding the provisions of Regulation 2707.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A2708.01 Expiration of Option - Unexercised Long Term Treasury Note futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

A2709.01 Months Traded In - Trading may be conducted in Long Term Treasury Note futures options for a thirty six month period extending from the nearby contract month, provided however, that the Exchange may determine not to list a contract month. Both serial and quarterly options may be listed to expire into either front-month or deferred futures as determined by the Board. (06/01/99)

A2710.01 Trading Hours - The hours of trading of options on Long Term Treasury Note futures contracts shall be determined by the Board. On the last day of trading in an expiring option the closing time for such option shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Long Term Treasury Note futures contract, subject to the provisions of the second paragraph of Rule 1007.00. Long Term Treasury Note futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (04/01/00)

A2711.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

A2712.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

A2713.01 Last Day of Trading - No trades in Long Term Treasury Note futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Long Term Treasury Note futures contract, on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, or there is a Friday which is not a business day which precedes by one business day the last business day of the month preceding the option month, the last day of trading shall be the business day prior to such Friday. (07/01/01)

2704A

Chapter 27B (Flexible Options)
Long Term Treasury Note Flexible Options

Chapter 27B (Flexible Options)
Long Term Treasury Note Flexible Options

Note: The following Flexible option regulations with the exception noted in the second paragraph of Regulation 2702.03 supersede the corresponding standard regulations presented in Part A of this chapter. Regulations 2701.00, 2701.01, 2702.01, 2702.02, 2705.01, 2706.01, 2710.01, 2711.01, 2712.01, and 2714.01 remain in effect for both standard and Flexible options.

Ch27B Trading Conditions

B2702.03 Nature of Flexible Options - Flexible options on Long Term Treasury Note futures shall be permitted in puts and calls which do not have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options.

However, Flexible Options on Long Term Treasury Note futures shall also be permitted in puts and calls which have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options that are not at the time listed for trading in the standard options pit or on e-cbot. All Flexible Option regulations except 2707.01, 2707.02, 2708.01, and 2713.01 will pertain for these options.*

Trading shall be permitted in any CBOT recognized option/option or option/futures spread involving puts, calls or futures. (09/01/00)

B2703.01 Trading Unit - The minimum size for requesting a quote and/or trading in a flexible option series is 50 contracts, where each contract represents one of the underlying futures contracts at the Chicago Board of Trade. Parties may request a quote and/or trade for less than 50 contracts in order to entirely close out a position in a flexible series.

For a flexible options series, respondents to a request for quote, must be willing to trade at least 50 contracts, with the exception that a respondent may trade less than 50 contracts if the respondent is entirely closing out a position in the series. (07/01/99)

B2704.01 Strike Prices - Strike prices for flexible options must be specified in points and 32nd's of points per Long Term Treasury Note futures contract. However, for a Request for Quote (RFQ), strike prices may be specified in one 32nd point increments relative to the underlying futures contract. Strike prices cannot be outside the range of the currently listed strike prices for standard options. (06/01/95)

B2707.01 Exercise of Flexible Options - Notification of the intent to exercise a flexible option must be received by the Clearing Corporation by 4:10 p.m. Chicago time, or by such other time designated by the Board of Directors. No exceptions to the 4:10 p.m. exercise deadline, or such other deadline designated by the Board of Directors, shall be permitted.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2702.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B2707.02 Automatic Exercise - After the close on the last day of trading, all in-the-money flexible options will be automatically exercised unless notice to cancel automatic exercise is given to the Clearing Corporation by 4:10 p.m., or by such other time designated by the Board of Directors, on that day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2702.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B2708.01 Expiration Date - Flexible option expiration may be specified for any Monday through Friday that is not an Exchange holiday except that expiration may not occur following the last Friday that precedes by at least two business days the last business day of the calendar month preceding the underlying future contract month. Flexible options expire at 4:30 p.m. on the last trading

day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2702.03 will follow expiration and exercise procedures as specified in the standard option regulations. (07/01/01)

B2709.01 Months Traded In - Trading my be conducted in flexible options in any month up through the most distant underlying futures contract in which a trade has occurred. (05/01/94)

B2713.01 Last Day of Trading - The last day of trading in a flexible option shall be the expiration day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2702.03 will follow expiration and exercise procedures as specified in the standard option regulations. (05/01/94)

B2715.01 Exercise Style - Flexible options may be American or European exercise style. (10/01/94)

B2716.01 Underlying Futures Contract for Flexible Options - The underlying futures contract for a flexible option shall be the same as the underlying futures contract month of the nearest March quarterly cycle standard futures option expiring on or after the expiration of the flexible option. (10/01/94)

B2717.01 Initiating a Flexible Option Contract Series - The opening of trading in any flexible option series shall occur through the submission of an RFQ or at such time that a trade takes place in the particular flexible option series. If so desired, participants can submit additional RFQ's for any open series. However, in this situation no priority period (Regulation 2719.01) will exist. (02/01/01)

B2719.01 RFQ Trading Interval - If the submitter of the first RFQ of the day in a flexible series requests either a bid or an offer but not both, then they shall have up to a one minute priority period during which they shall have the sole right to either buy or sell as specified in their RFQ. The exact length of the priority period shall be determined by the Exchange.

If more than one RFQ is the first RFQ of the day in a flexible series, all the RFQ's individually ask for either a bid or an offer but not both, and all the RFQ's collectively are for the same side of the market (all bids or all offers) then the submitters shall jointly share priority during the priority period.

Priority for RFQ's is determined by submission to the RFQ official, except that all RFQ's submitted before the open shall be treated equally. (02/01/01)

B2720.01 Expiration of an RFQ - Trading in a given flexible option series following an RFQ shall remain open for the remainder of the trading session. Trading in a given flexible option series following a transaction in that series shall remain open through the remainder of the trading session in which the transaction was executed and through each subsequent session in which there is open interest in the flexible option series. (02/01/01)

B2721.01 Reporting of Flexible Option Trades - It shall be the responsibility of the participants in a flexible option trade to report the quantities and prices to the flexible pit reporter in a timely manner, including any later trades in open flexible contract term series. (10/01/94)

* The effect of the second paragraph of Regulation 2702.03 is to permit trading in standard options under certain Flexible trading procedures prior to the listing of such options in the standard options pit or on e-cbot. Once and if these options are listed for trading in the standard options pit or on e-cbot, they will be traded only in the standard options pit or on e-cbot subject to standard options trading requirements. Upon such listing, all existing open positions established under Flexible trading procedures shall be fully fungible with transactions in the respective standard option series for all purposes under these regulations.

Chapter 28A (Standard Options)
T-Bond Futures Options

Ch28A Trading Conditions

A2801.00 Authority - Trading in put and call options on futures contracts and on commodities may be conducted under such terms and conditions as may be prescribed by regulation. (10/01/94).

A2801.01 Application of Regulations - Transactions in put and call options on U.S. Treasury Bond futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on U.S. Treasury Bond futures contracts. (See Rule 490.00) (09/01/00)

A2802.01 Nature of U.S. Treasury Bond Futures Put Options - The buyer of one (1) U.S. Treasury Bond futures put option may exercise his option at any time prior to expiration (subject to Regulation 2807.01), to assume a short position in one (1) U.S. Treasury Bond futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) U.S. Treasury Bond futures put option incurs the obligation of assuming a long position in one (1) U.S. Treasury Bond futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

A2802.02 Nature of U.S. Treasury Bond Futures Call Options - The buyer of one (1) U.S. Treasury Bond futures call option may exercise his option at any time prior to expiration (subject to Regulation 2807.01), to assume a long position in one (1) U.S. Treasury Bond futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) U.S. Treasury Bond futures call option incurs the obligation of assuming a short position in one (1) U.S. Treasury Bond futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

A2803.01 Trading Unit - One (1) $100,000 face value U.S. Treasury Bond futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

A2804.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of two (2) points and one (1) point per U.S. Treasury Bond futures contract as follows: At the commencement of trading for quarterly expirations the following strike prices in two point intervals shall be listed: one with a striking price closest to the previous day's settlement price on the underlying U.S. Treasury Bond futures contract, the next fifteen consecutive higher and the next fifteen consecutive lower striking prices closest to the previous day's settlement price; and all two point strike prices listed for all other option contract months listed at the time. If the previous day's settlement price is midway between two striking prices, the closest striking price shall be the larger of the two. Over time new two point striking prices will be added to ensure that at least fifteen two point striking prices always exist above and below the previous day's trading range in the underlying futures. When a new two point strike price is added for an option contract month, the same strike price will be added to all option contract months for which that strike price is not already listed. At the commencement of trading for a non-quarterly expiration and for a quarterly expiration on the day they become the second deferred month, the following striking prices in one point intervals shall be listed: one with a striking price closest to the U.S. Treasury Bond futures contract's previous day's settlement price, the next thirty consecutive higher and lower striking prices in one point intervals and all other striking prices in two point intervals that exist for other option contract months. Over time, new one point striking prices will be added to ensure that at least thirty one point striking prices always exist above and below the previous day's trading range in the underlying futures. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (09/01/00)

A2805.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time

that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

A2806.01 Option Premium Basis - The Premium for U.S. Treasury Bond futures options shall be in multiples of one sixty-fourth (1/64) of one percent (1%) of a $100,000 U.S. Treasury Bond futures contract which shall equal $15.63 per 1/64 and $1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract.

If options are quoted in volatility terms, the minimum fluctuation shall be .10 percent (i.e.-10.0%, 10.1%, 10.2%, etc.) (10/01/94)

A2807.01 Exercise of Option - The buyer of a U.S. Treasury Bond futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A2807.02 Automatic Exercise - Notwithstanding the provisions of Regulation 2807.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A2808.01 Expiration of Option- Unexercised U.S. Treasury Bond futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

A2809.01 Months Traded In - Trading may be conducted in U.S. Treasury Bond futures options for a thirty-six month period extending from the nearby contract month, provided however, that the Exchange may determine not to list a contract month. Both serial and quarterly options may be listed to expire into either front-month or deferred futures as determined by the Board (06/01/99)

A2801.01 Trading Hours - The hours of trading of options in U.S. Treasury Bond futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding U.S. Treasury Bond futures contracts, subject to the provisions of the second paragraph of Rule 1007.00. U.S. Treasury Bond futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regular Compliance Committee shall direct. (04/01/00) A28011.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

A2812.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

A2813.01 Last Day of Trading - No trades in U.S. Treasury Bond futures options expiring in the current month shall be made after the close of the Regular Daytime open outcry trading session for the corresponding U.S. Trading Bond futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If

such Friday is not a business day, or there is a Friday which is not a business day which precedes by one [four] business day the last business day of the month preceding the option month, the last day of trading shall be the business day prior to such Friday. (07/01/01)

Chapter 28B (Flexible Options)
Treasury Bond Flexible Options

Note: The following Flexible option regulations with the exception noted in the second paragraph of Regulation 2802.03 supersede the corresponding standard regulations presented in Part A of this chapter. Regulations 2801.00, 2801.01, 2802.01, 2802.02, 2805.01, 2806.01, 2810.01, 2811.01, 2812.01, and 2814.01 remain in effect for both standard and Flexible options.

Ch28B Trading Conditions

B2802.03 Nature of Flexible Options - Flexible options on U.S. Treasury Bond futures shall be permitted in puts and calls which do not have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options.

However, Flexible Options on U.S. Treasury Bond futures shall also be permitted in puts and calls which have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options that are not at the time listed for trading in the standard options pit or on e-cbot. All Flexible Option regulations except 2807.01, 2807.02, 2808.01, and 2813.01 will pertain for these options.*

Trading shall be permitted in any CBOT recognized option/option or option/futures spread involving puts, calls or futures. (09/01/00)

B2803.01 Trading Unit - The minimum size for requesting a quote and/or trading in a flexible option series is 50 contracts, where each contract represents one of the underlying futures contracts at the Chicago Board of Trade. Parties may request a quote and/or trade for less than 50 contracts in order to entirely close out a position in a flexible series.

For a flexible options series, respondents to a request for quote, must be willing to trade at least 50 contracts, with the exception that a respondent may trade less than 50 contracts if the respondent is entirely closing out a position in the series. (07/01/99)

B2804.01 Strike Prices - Strike prices for flexible options must be specified in points and 32nd's of points per U.S. Treasury Bond futures contract. However, for a Request for Quote (RFQ), strike prices may be specified in one 32nd point increments relative to the underlying futures contract. Strike prices cannot be outside the range of the currently listed strike prices for standard options. (06/01/95)

B2807.01 Exercise of Flexible Options - Notification of the intent to exercise a flexible option must be received by the Clearing Corporation by 4:10 p.m. Chicago time, or by such other time designated by the Board of Directors. No exceptions to the 4:10 p.m. exercise deadline, or such other deadline designated by the Board of Directors, shall be permitted.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2802.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B2807.02 Automatic Exercise - After the close on the last day of trading, all in-the-money flexible options will be automatically exercised unless notice to cancel automatic exercise is given to the Clearing Corporation by 4:10 p.m., or by such other time designated by the Board of Directors, on that day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2802.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B2808.01 Expiration Date - Flexible option expiration may be specified for any Monday through Friday that is not an Exchange holiday except that expiration may not occur following the last Friday that precedes by at least two business days the last business day of the calendar month preceding the underlying future contract month. Flexible options expire at 4:30 p.m. on the last trading

day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2902.03 will follow expiration and exercise procedures as specified in the standard option regulations. (07/01/01)

B2809.01 Months Traded In - Trading may be conducted in flexible options in any month up through the most distant underlying futures contract in which a trade has occurred. (10/01/94)

B2813.01 Last Day of Trading - The last day of trading in a flexible option shall be the expiration day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2802.03 will follow expiration and exercise procedures as specified in the standard option regulations. (05/01/94)

B2815.01 Exercise Style - Flexible options may be American or European exercise style. (10/01/94)

B2816.01 Underlying Futures Contract for Flexible Options - The underlying futures contract for a flexible option shall be the same as the underlying futures contract month of the nearest March quarterly cycle standard futures option expiring on or after the expiration of the flexible option. (10/01/94)

B2817.01 Initiating a Flexible Option Contract Series - The opening of trading in any flexible option series shall occur through the submission of an RFQ or at such time that a trade takes place in the particular flexible option series.

If so desired, participants can submit additional RFQ's for any open series. However, in this situation no priority period (Regulation 2819.01) will exist. (02/01/01)

B2819.01 RFQ Trading Interval - If the submitter of the first RFQ of the day in a flexible series requests either a bid or an offer but not both, then they shall have up to a one minute priority period during which they shall have the sole right to either buy or sell as specified in their RFQ. The exact length of the priority period shall be determined by the Exchange.

If more than one RFQ is the first RFQ of the day in a flexible series, all the RFQ's individually ask for either a bid or an offer but not both, and all the RFQ's collectively are for the same side of the market (all bids or all offers) then the submitters shall jointly share priority during the period.

Priority for RFQ's is determined by submission to the RFQ official, except that all RFQ's submitted before the open shall be treated equally. (02/01/01)

B2820.01 Expiration of an RFQ - Trading in a given flexible option series following an RFQ shall remain open for the remainder of the trading session. Trading in a given flexible option series following a transaction in that series shall remain open through the remainder of the trading session in which the transaction was executed and through each subsequent session in which there is open interest in the flexible option series. (02/01/01)

B2821.01 Reporting of Flexible Option Trades - It shall be the responsibility of the participants in a flexible option trade to report the quantities and prices to the flexible pit reporter in a timely manner,

including any later trades in open flexible contract term series. (10/01/94)

* The effect of the second paragraph of Regulation 2802.03 is to permit trading in standard options under certain Flexible trading procedures prior to the listing of such options in the standard options pit or e-cbot. Once and if these options are listed for trading in the standard options pit or on e-cbot, they will be traded only in the standard options pit or on e-cbot subject to standard options trading requirements. Upon such listing, all existing open positions established under Flexible trading procedures shall be fully fungible with transactions in the respective standard option series for all purposes under these regulations.

Chapter 29
Soybean Futures Options

Chapter 29
Soybean Futures Options

Ch29 Trading Conditions

2901.00 Authority - (See Rule 2801.00). (10/01/94)

2901.01 Application of Regulations - Transactions in put and call options on Soybean futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Soybean futures contracts. (See Rule 490.00). (10/01/94)

2902.01 Nature of Soybean Futures Put Options - The buyer of one (1) Soybean futures put option may exercise his option at any time prior to expiration, (subject to Regulation 2907.01), to assume a short position in one (1) Soybean futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Soybean futures put option incurs the obligation of assuming a long position in one (1) Soybean futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

2902.02 Nature of Soybean Futures Call Options - The buyer of one (1) Soybean futures call option may exercise his option at any time prior to expiration, (subject to Regulation 2907.01), to assume a long position in one (1) Soybean futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Soybean futures call option incurs the obligation of assuming a short position in one (1) Soybean futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

2903.01 Trading Unit - One (1) 5,000 bushel Soybean futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

2904.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of ten (10) cents per bushel per Soybean futures contract (i.e., 6.10, 6.20, 6.30, etc) in integral multiples of twenty (20) cents per bushel per Soybean futures contract (i.e., 6.20, 6.40, 6.60, etc.) and in integral multiples of forty (40) cents per bushel per Soybean futures contract (i.e., 6.00, 6.40, 6.80, etc.) as follows:

1. a. In integral multiples of twenty cents, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying Soybean futures contract, the next five consecutive higher and the next five consecutive lower strikes (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.

   b. In integral multiples of forty cents, at the commencement of trading for an option contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.

   c. In integral multiples of twenty cents, over time, strikes shall be added as necessary to ensure that all strikes within $1.10 of the previous day's trading range of the underlying futures contract are listed (the "minimum band").

   d. In integral multiples of forty cents, over time, strikes shall be added as necessary to ensure that the next four consecutive strikes above the minimum band are listed.

   e. No new strikes may be added by these procedures in the month in which an option expires.

2. a. In integral multiples of ten cents, at the commencement of trading for options that are traded in months in which Soybean futures are not traded, and for standard option months, the business day they become the second deferred month, the following strike prices shall be listed: one with a strike closest to the previous day's settlement price of the underlying Soybean futures contract and the next five consecutive higher and the next five consecutive

lower strikes. For example, ten-cent strike price intervals for the September 2000 contract month would be added on June 26, which is the business day after the expiration of the July contract month.

b. Over time, new ten-cent strike prices will be added to ensure that at least five strike prices exist above and below the previous day's trading range in the underlying futures.

3. a. In integral multiples of forty cents, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading. However, no new strikes may be added by this procedure to an option month unless open positions exist in that contract month.

b. In integral multiples of twenty cents, during the month in which an option expires, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading.

4. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (09/01/00)

2905.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

2906.01 Option Premium Basis - The premium for Soybean futures options shall be in multiples of one-eighth (1/8) of one cent per bushel of a 5,000 bushel Soybean futures contract which shall equal $6.25 per contract.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $6.00 in $1.00 increments per option contract. (10/01/94)

2907.01 Exercise of Option - The buyer of a Soybean futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

2907.02 Automatic Exercise - Notwithstanding the provisions of Regulation 2907.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

2908.01 Expiration of Option - Unexercised Soybean futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

2909.01 Months Traded - Trading may be conducted in the nearby Soybean futures options

contract month plus any succeeding months, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which Soybean futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract. (09/01/00)

2910.01 Trading Hours - The hours of trading of options on Soybean futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Soybean futures contract, subject to the provisions of the second paragraph of Rule 1007.00. On the last day of trading in an expiring option, the expiring Soybean futures options shall be closed with a public call made striking price by striking price, conducted by such persons as the Regulatory Compliance Committee shall direct. On all other days, Soybean futures options shall be opened and closed for all months and striking prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (03/01/00)

2911.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

2912.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

2913.01 Last Day of Trading - No trades in Soybean futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Soybean futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday. (07/01/01)

2914.01 Option Premium Fluctuation Limits -Trading is prohibited during any day except for the last day of trading in a Soybean futures option at a premium of more than the trading limit for the Soybean futures contract above and below the previous day's settlement premium for that option as determined by the Clearing Corporation. On the first day of trading, limits shall be set from the lowest premium of the opening range. (10/01/94)

Chapter 30
Corn Futures Options

Chapter 30
Corn Futures Options

Ch30 Trading Conditions

3001.00 Authority - (See Rule 2801.00). (10/01/94)

3001.01 Application of Regulations - Transactions in put and call options on Corn futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Corn futures contracts. (See Rule 490.00). (10/01/94)

3002.01 Nature of Corn Futures Put Options - The buyer of one (1) Corn futures put option may exercise his option at any time prior to expiration, (subject to Regulation 3007.01), to assume a short position in one (1) Corn futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Corn futures put option incurs the obligation of assuming a long position in one (1) Corn futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

3002.02 Nature of Corn Futures Call Options - The buyer of one (1) Corn futures call option may exercise his option at any time prior to expiration, (subject to Regulation 3007.01), to assume a long position in one (1) Corn futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Corn futures call option incurs the obligation of assuming a short position in one (1) Corn futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

3003.01 Trading Unit - One (1) 5,000 bushel Corn futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

3004.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of five (5) cents per bushel per Corn futures contract (i.e., 2.55, 2.60, 2.65, etc.), in integral multiples of ten (10) cents per bushel per Corn futures contract (i.e., 2.50, 2.60, 2.70, etc.) and in integral multiples of twenty (20) cents per bushel per Corn futures contract (i.e., 2.80, 3.00, 3.20, etc.) as follows:

1. a. In integral multiples of ten cents, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying Corn futures contract, the next five consecutive higher and the next five consecutive lower strikes (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.

   b. In integral multiples of twenty cents, at the commencement of trading for an option contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.

   c. In integral multiples of ten cents, over time, strikes shall be added as necessary to ensure that all strikes within 55 cents of the previous day's trading range of the underlying futures contract are listed (the "minimum band").

   d. In integral multiples of twenty cents, over time, strikes shall be added as necessary to ensure that the next four consecutive strikes above the minimum band are listed.

   e. No new strikes may be added by these procedures in the month in which an option expires.

2. a. In integral multiples of five cents, at the commencement of trading for options that are traded in months in which Corn futures are not traded, and for standard option months, the business day they become the second deferred month, the following strike prices shall be listed: one with a strike closest to the previous day's settlement price of the underlying Corn futures contract and the next five consecutive higher and the next five consecutive lower strikes. For example, five-cent strike price intervals for the September 2000 contract month would be added on June 26, which is the business day after the expiration of the July

contract month.

b. Over time, new-five cent strike prices will be added to ensure that at least five strike prices exist above and below the previous day's trading range in the underlying futures.

3. a. In integral multiples of twenty cents, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading. However, no new strikes may be added by this procedure to an option month unless open positions exist in that contract month.

b. In integral multiples of ten cents, during the month in which an option expires, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading.

4. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (09/01/00)

3005.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

3006.01 Option Premium Basis - The premium for Corn futures options shall be in multiples of one-eighth (1/8) of one cent per bushel of a 5,000 bushel Corn futures contract which shall equal $6.25 per contract.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $6.00 in $1.00 increments per option contract. (10/01/94)

3007.01 Exercise of Option - The buyer of a Corn futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3007.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3007.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3008.01 Expiration of Option - Unexercised Corn futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

3009.01 Months Traded - Trading may be conducted in the nearby Corn futures options contract

month plus any succeeding months, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which Corn futures are not trading underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract. (09/01/00)

3010.01 Trading Hours - The hours of trading of options on Corn futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as close of trading of the Regular Daytime open outcry trading session for the corresponding Corn futures contract, subject to the provisions of the second paragraph of Rule 1007.00. On the last day of trading in an expiring option, the expiring Corn futures options shall be closed with a public call made striking price by striking price, conducted by such persons as the Regulatory Compliance Committee shall direct. On all other days, Corn futures options shall be opened and closed for all months and striking prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (03/01/00)

3011.01 Position Limits - (See Regulation 425.01) (10/01/00)

3012.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

3013.01 Last Day of Trading - No trades in Corn futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Corn futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday. (07/01/01)

3014.01 Option Premium Fluctuation Limits - Trading is prohibited during any day except for the last day of trading in a Corn futures option at a premium of more than the trading limit for the Corn futures contract above and below the previous day's settlement premium for that option as determined by the Clearing Corporation. On the first day of trading, limits shall be set from the lowest premium of the opening range. (10/01/94)

Chapter 31
Wheat Futures Options

Chapter 31
Wheat Futures Options

Ch31 Trading Conditions

3101.00 Authority - (See Rule 2801.00). (10/01/94)

3101.01 Application of Regulations - Transactions in put and call options on Wheat futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Wheat futures contracts. (See Rule 490.00). (10/01/94)

3102.01 Nature of Wheat Futures Put Options - The buyer of one (1) Wheat futures put option may exercise his option at any time prior to expiration, (subject to Regulation 3107.01), to assume a short position in one (1) Wheat futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Wheat futures put option incurs the obligation of assuming a long position in one (1) Wheat futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

3102.02 Nature of Wheat Futures Call Options - The buyer of one (1) Wheat futures call option may exercise his option at any time prior to expiration, (subject to Regulation 3107.01), to assume a long position in one (1) Wheat futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Wheat futures call option incurs the obligation of assuming a short position in one (1) Wheat futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

3103.01 Trading Unit - One (1) 5,000 bushel Wheat futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

3104.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of five (5) cents per bushel per Wheat futures contract (i.e. 3.70, 3.75, 3.80, etc.), in integral multiples of ten (10) cents per bushel per Wheat futures contract (i.e., 3.70, 3.80, 3.90, etc.) and in integral multiples of twenty (20) cents per bushel per Wheat futures contract (i.e., 4.00, 4.20, 4.40, etc.) as follows:

1. a. In integral multiples of ten cents, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying Wheat futures contract, the next five consecutive higher and the next five consecutive lower strikes (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.

   b. In integral multiples of twenty cents, at the commencement of trading for an option contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.

   c. In integral multiples of ten cents, over time, strikes shall be added as necessary to ensure that all strikes within 55 cents of the previous day's trading range of the underlying futures contract are listed (the "minimum band").

   d. In integral multiples of twenty cents, over time, strikes shall be added as necessary to ensure that the next four consecutive strikes above the minimum band are listed.

   e. No new strikes may be added by these procedures in the month in which an option expires.

2. a. In integral multiples of five cents, at the commencement of trading for options that are traded in months in which Wheat futures are not traded, and for standard option months, the business day they become the second deferred month, the following strike prices shall be listed: one with a strike closest to the previous day's settlement price of the underlying Wheat futures contract and the next five consecutive higher and the next five consecutive lower strikes. For example, five-cent strike price intervals for the September 2000 contract month would be added on June 26, which is the business day after the expiration of the July

contract month.

b. Over time, new five-cent strike prices will be added to ensure that at least five strike prices exist above and below the previous day's trading range in the underlying futures.

3. a. In integral multiples of twenty cents, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading. However, no new strikes may be added by this procedure to an option month unless open positions exist in that contract month.

b. In integral multiples of ten cents, during the month in which an option expires, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading.

4. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (09/01/00)

3105.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

3106.01 Option Premium Basis - The premium for Wheat futures options shall be in multiples of one-eighth (1/8) of one cent per bushel of a 5,000 bushel Wheat futures contract which shall equal $6.25 per contract.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $6.00 in $1.00 increments per option contract. (10/01/94)

3107.01 Exercise of Option - The buyer of a Wheat futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3107.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3107.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3108.01 Expiration of Option - Unexercised Wheat futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

3109.01 Months Traded - Trading may be conducted in the nearby Wheat futures options

contract month plus any succeeding months, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which Wheat futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract. (09/01/00)

3110.01 Trading Hours - The hours of trading of options on Wheat futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Wheat futures contract, subject to the provisions of the second paragraph of Rule 1007.00. On the last day of trading in an expiring option, the expiring Wheat futures options shall be closed with a public call made striking price by striking price, conducted by such persons as the Regulatory Compliance Committee shall direct. On all other days, Wheat futures options shall be opened and closed for all months and striking prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (03/01/00)

3111.01 Position Limits - (See Regulation 425.01) (10/01/00)

3112.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

3113.01 Last Day of Trading - No trades in Wheat futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Wheat futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday. (07/01/01)

3114.01 Option Premium Fluctuation Limits - Trading is prohibited during any day except for the last day of trading in a Wheat futures option at a premium of more than the trading limit for the Wheat futures contract above and below the previous day's settlement premium for that option as determined by the Clearing Corporation. On the first day of trading, limits shall be set from the lowest premium of the opening range. (10/01/94)

Chapter 32
Soybean Oil Futures Options

Chapter 32
Soybean Oil Futures Options

Ch32 Trading Conditions

3201.00 Authority - (See Rule 2801.00). (10/01/94)

3201.01 Application of Regulations - Transactions in put and call options on Soybean Oil futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Soybean Oil futures contracts. (See Rule 490.00). (10/01/94)

3202.01 Nature of Soybean Oil Futures Put Options - The buyer of one (1) Soybean Oil futures put option may exercise his option at any time prior to expiration, (subject to Regulation 3207.01), to assume a short position in one (1) Soybean Oil futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Soybean Oil futures put option incurs the obligation of assuming a long position in one (1) Soybean Oil futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

3202.02 Nature of Soybean Oil Futures Call Options - The buyer of one (1) Soybean Oil futures call option may exercise his option at any time prior to expiration, (subject to Regulation 3207.01), to assume a long position in one (1) Soybean Oil futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Soybean Oil futures call option incurs the obligation of assuming a short position in one (1) Soybean Oil futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

3203.01 Trading Unit - One (1) 60,000 pound Soybean Oil futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

3204.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of one-half cent per pound per Soybean Oil futures contract (i.e., .210, .215, .220, etc.) for all strikes less than thirty cents and in integral multiples of one cent per pound per Soybean Oil futures contract (i.e., .300, .310, .320, etc.) for all strikes greater than or equal to thirty cents (the "first tier"); and in integral multiples of one cent per pound per Soybean Oil futures contract (i.e., .210, ..220, .230, etc.) for all strikes less than thirty cents and in integral multiples of two cents per pound per Soybean Oil futures contract (i.e., .320, ..340, .360, etc.) for all strikes greater than or equal to thirty cents (the "second tier") as follows:

1. a. Per the first tier, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying Soybean Oil futures contract and a consecutive series within 5.5 cents above and below that strike (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.

   b. Per the second tier, at the commencement of trading for an option contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.

   c. Per the first tier, over time, strikes shall be added as necessary to insure that all strikes within 5.5 cents of the previous day's trading range of the underlying futures contract are listed (the "minimum band").

   d. Per the second tier, over time, strikes shall be added as necessary to insure that the next four consecutive strikes above the minimum band are listed.

   e. No new strikes may be added by these procedures in the month in which an option expires.

2. a. Per the second tier, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive

business days will be listed for trading. However, no new strikes may be added by this procedure to an option month unless open positions exist in that contract month.

b. Per the first tier, during the month in which an option expires, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading.

3. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (07/01/95)

3205.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

3206.01 Option Premium Basis - The premium for Soybean Oil futures options shall be in multiples of five thousandths (5/1000) of one cent per pound of a 60,000 pound Soybean Oil futures contract which shall equal $3.00 per contract.

However, when both sides of the trade are closing transactions, the option premium may be equal to $1.00 or $2.00 per option contract. (10/01/94)

3207.01 Exercise of Option - The buyer of a Soybean Oil futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3207.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3207.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3208.01 Expiration of Option - Unexercised Soybean Oil futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

3209.01 Months Traded - Trading may be conducted in the nearby Soybean Oil futures options contract month plus any succeeding months, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which Soybean Oil futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract. (09/01/00)

3210.01 Trading Hours - The hours of trading of options on Soybean Oil futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Soybean Oil futures contract, subject to the provisions of the second paragraph

of Rule 1007.00. On the last day of trading in an expiring option, the expiring Soybean Oil futures options shall be closed with a public call made striking price by striking price, conducted by such persons as the Regulatory Compliance Committee shall direct. On all other days, Soybean Oil futures options shall be opened and closed for all months and striking prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (03/01/00)

3211.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

3212.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

3213.01 Last Day of Trading - No trades in Soybean Oil futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Soybean Oil futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday. (07/01/01)

3214.01 Option Premium Fluctuation Limits - Trading is prohibited during any day except for the last day of trading in a Soybean Oil futures option at a premium of more than the trading limit for the Soybean Oil futures contract above and below the previous day's settlement premium for that option as determined by the Clearing Corporation. On the first day of trading, limits shall be set from the lowest premium of the opening range. (10/01/94)

Chapter 33
Soybean Meal Futures Options

Chapter 33
Soybean Meal Futures Options

Ch33 Trading Conditions

3301.00 Authority - (See Rule 2801.00). (10/01/94)

3301.01 Application of Regulations - Transactions in put and call options on Soybean Meal futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Soybean Meal futures contracts. (See Rule 490.00). (10/01/94)

3302.01 Nature of Soybean Meal Futures Put Options - The buyer of one (1) Soybean Meal futures put option may exercise his option at any time prior to expiration, (subject to Regulation 3307.01), to assume a short position in one (1) Soybean Meal futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Soybean Meal futures put option incurs the obligation of assuming a long position in one (1) Soybean Meal futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

3302.02 Nature of Soybean Meal Futures Call Options - The buyer of one (1) Soybean Meal futures call option may exercise his option at any time prior to expiration, (subject to Regulation 3307.01), to assume a long position in one (1) Soybean Meal futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Soybean Meal futures call option incurs the obligation of assuming a short position in one (1) Soybean Meal futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

3303.01 Trading Unit - One (1)100 ton Soybean Meal futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

3304.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of five (5) dollars per ton per Soybean Meal futures contract (i.e., 185, 190, 195, etc.) for all strikes less than two hundred dollars and in integral multiples of ten (10) dollars per ton per Soybean Meal futures contract (i.e., 200, 210, 220, etc.) for all strikes greater than or equal to two hundred dollars (the "first tier"); and in integral multiples of ten (10) dollars per ton per Soybean Meal futures contract (i.e., 200, 210, 220, etc.) for all strikes less than two hundred dollars and in integral multiples of twenty (20) dollars per ton per Soybean Meal futures contract (i.e., 200, 220, 240, etc.) for all strikes greater than or equal to two hundred dollars (the "second tier") as follows:

1. a. Per the first tier, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying Soybean Meal futures contract, the next ten consecutive higher strikes and the next ten consecutive lower strikes (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.

   b. Per the second tier, at the commencement of trading for an option contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.

c. Per the first tier, over time, strikes shall be added as necessary to insure that at least ten strikes above and below the previous day's trading range of the underlying futures are listed (the "minimum band").

d. Per the second tier, over time, strikes shall be added as necessary to insure that the next four consecutive strikes above the minimum band are listed.

e. No new strikes may be added by these procedures in the month in which an option expires.

2. a. Per the second tier, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading. However, no new strikes may be added by this procedure to an option month unless open positions exist in that contract month.

b. Per the first tier, during the month in which an option expires, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading.

3. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (03/01/99)

3305.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

3306.01 Option Premium Basis - The premium for Soybean Meal futures options shall be in multiples of five (5) cents per ton of a 100 ton Soybean Meal futures contract which shall equal $5.00 per contract.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $4.00 in $1.00 increments per option contract. (10/01/94)

3307.01 Exercise of Option - The buyer of a Soybean Meal futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or at such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3307.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3307.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or at such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3308.01 Expiration of Option - Unexercised Soybean Meal futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

3309.01 Months Traded - Trading may be conducted in the nearby Soybean Meal futures options contract month plus any succeeding months, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which Soybean Meal futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract. (09/01/00)

3310.01 Trading Hours - The hours of trading of options on Soybean Meal futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Soybean Meal futures contract, subject to the provisions of the second paragraph of Rule 1007.00. On the last day of trading in an expiring option, the expiring Soybean Meal futures options shall be closed with a public call made striking price by striking price, conducted by such persons as the Regulatory Compliance Committee shall direct. On all other days, Soybean Meal futures options shall be opened and closed for all months and striking prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (03/01/00)

3311.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

3312.01 Margin Requirements - (See Regulation 431.03) (10/01/94)

3313.01 Last Day of Trading - No trades in Soybean Meal futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Soybean Meal futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday. (07/01/01)

3314.01 Option Premium Fluctuation Limits - Trading is prohibited during any day except for the last day of trading in a Soybean Meal futures option at a premium of more than the trading limit for the Soybean Meal futures contract above and below the previous day's settlement premium for that option as determined by the Clearing Corporation. On the first day of trading, limits shall be set from the lowest premium of the opening range. (10/01/94)

Chapter 35A (Standard Options)
Medium Term U.S. Treasury Note Futures Options

Ch35A Trading Conditions

A3501.00 Authority - (See Rule 2801.00.) (10/01/94)

A3501.01 Application of Regulations - Transactions in put and call options on Medium Term U.S. Treasury Note futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this Chapter which are exclusively applicable to trading in put and call options on Medium Term U.S. Treasury Note futures contracts. (See Rule 490.00.) (09/01/00)

A3502.01 Nature of Medium Term U.S. Treasury Note Futures Put Options - The buyer of one (1) Medium Term U.S. Treasury Note futures put option may exercise his option at any time prior to expiration (subject to Regulation 3507.01), to assume a short position in one (1) Medium Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Medium Term U.S. Treasury Note futures put option incurs the obligation of assuming a long position in one (1) Medium Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

A3502.02 Nature of Medium Term U.S. Treasury Note Futures Call Options - The buyer of one (1) Medium Term U.S. Treasury Note futures call option may exercise his option at any time prior to expiration (subject to Regulation 3507.01), to assume a long position in one (1) Medium Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Medium Term U.S. Treasury Note futures call option incurs the obligation of assuming a short position in one (1) Medium Term U.S. Treasury Note futures call option incurs the obligation of assuming a short position in one (1) Medium Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

A3503.01 Trading Unit - One (1) Medium Term U.S. Treasury Note futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

A3504.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one-half (1/2) point per Medium Term U.S. Treasury Note futures contract. At the commencement of trading for such option contracts, the following strike prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying Medium Term U.S. Treasury Note futures contract, the next twelve consecutive higher and the next twelve consecutive lower striking prices closest to the previous day's settlement price; and all strike prices listed for all other option contract months listed at that time. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. When a sale in the underlying Medium Term U.S. Treasury Note futures contract occurs at a price greater than or equal to the twelfth largest striking price, a new striking price one increment higher than the existing striking prices will be added. When a sale in the underlying Medium Term U.S. Treasury Note futures contract occurs at a price less than or equal to the twelfth smallest striking price, a new striking price one increment lower than the existing striking prices will be added. When a new strike price is added for an option contract month, the same strike price will be added to all options contract months for which that strike price is not already listed. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (10/01/94)

A3505.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

A3506.01 Option Premium Basis - The premium for Medium Term U.S. Treasury Note futures options shall be in multiples of one sixty-fourth (1/64) of one point ($1,000) of a Medium Term U. S. Treasury Note futures contract which shall equal $15.63 per 1/64 and $1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract

If options are quoted in volatility terms, the minimum price fluctuation shall be .10 percent (i.e.-10.0%, 10.1%, 10.2%, etc.) (10/01/94)

A3507.01 Exercise of Option - The buyer of a Medium Term U.S. Treasury Note futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A3507.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3507.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A3508.01 Expiration of Option - Unexercised Medium Term U.S. Treasury Note futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

A3509.01 Months Traded In - Trading may be conducted in Medium Term U.S. Treasury Note futures options for a thirty-six month period extending from the nearby contract month, provided however, that the Exchange may determine not to list a contract month. Both serial and quarterly options may be listed to expire into either front-month or deferred futures as determined by the Board. (06/01/99)

A3510.01 Trading Hours - The hours of trading of options on Medium Term U.S. Treasury Note futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Medium Term U.S. Treasury Note futures contract, subject to the provisions of the second paragraph of Rule 1007.00. Medium Term U.S. Treasury Note futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (04/01/00)

A3511.01 Position Limits and Reportable Positions - (See Regulation 425.01.) (10/01/00)

A3512.01 Margin Requirements - (See Regulation 431.05.) (10/01/94)

A3513.01 Last Day of Trading - No trades in Medium Term U.S. Treasury Note futures put and call options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding U.S. Treasury Bond futures contract on the last Friday which precedes by at least two business days, the last business day of the month

preceding the option month. If such Friday is not a business day, or there is a Friday which is not a business day which precedes by one business day the last business day of the month preceding the option month, the last day of trading will be the business day prior to such Friday. (07/01/01)

Chapter 35B (Flexible Options)
Medium Term Treasury Note Flexible Options

Chapter 35B (Flexible Options)
Medium Term Treasury Note Flexible Options

Note: The following Flexible option regulations with the exception noted in the second paragraph of Regulation 3502.03 supersede the corresponding standard regulations presented in Part A of this chapter. Regulations 3501.00, 3501.01, 3502.01, 3502.02, 3501.01, 3506.01, 3510.01, 3511.01, 3512.01, and 3514.01 remain in effect for both standard and Flexible options.

Ch35B Trading Conditions

B3502.03 Nature of Flexible Options - Flexible options on Medium Term Treasury Note futures shall be permitted in puts and calls which do not have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options.

However, Flexible Options on Medium Term Treasury Note futures shall also be permitted in puts and calls which have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options that are not at the time listed for trading in the standard options pit or on e-cbot. All Flexible Option regulations except 3507.01, 3507.02, 3508.01 and 3513.01 will pertain for these options.*

Trading shall be permitted in any CBOT recognized option/option or option/futures spread involving puts, calls or futures. (09/01/00)

B3503.01 Trading Unit - The minimum size for requesting a quote and/or trading in a flexible option series is 50 contracts, where each contract represents one of the underlying futures contracts at the Chicago Board of Trade. Parties may request a quote and/or trade for less than 50 contracts in order to entirely close out a position in a flexible series.

For a flexible options series, respondents to a request for quote, must be willing to trade at least 50 contracts, with the exception that a respondent may trade less than 50 contracts if the respondent is entirely closing out a position in the series. (07/01/99)

B3504.01 Strike Prices - Strike prices for flexible options must be specified in points and 64th's of points per Medium Term Treasury Note futures contract. However, for a Request for Quote (RFQ), strike prices may be specified in one 64th point increments relative to the underlying futures contract. Strike prices cannot be outside the range of the currently listed strike prices for standard options. (06/01/95)

B3507.01 Exercise of Flexible Options - Notification of the intent to exercise a flexible option must be received by the Clearing Corporation by 4:10 p.m. Chicago time, or by such other time designated by the Board of Directors. No exceptions to the 4:10 p.m. exercise deadline, or such other deadline designated by the Board of Directors, shall be permitted.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3502.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B3507.02 Automatic Exercise - After the close on the last day of trading, all in-the-money flexible options will be automatically exercised unless notice to cancel automatic exercise is given to the Clearing Corporation by 4:10 p.m., or by such other time designated by the Board of Directors, on that day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3502.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B3508.01 Expiration Date - Flexible option expiration may be specified for any Monday through Friday that is not an Exchange holiday except that expiration may not occur following the last Friday that precedes by at least two business days the last business day of the calendar month

preceding the underlying future contract month. Flexible options expire at 4:30 p.m. on the last trading day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3502.03 will follow expiration and exercise procedures as specified in the standard option regulations. (07/01/01)

B3509.01 Months Traded In - Trading may be conducted in flexible options in any month through the most distant underlying futures contract in which a trade has occurred. (10/01/94)

B3513.01 Last Day of Trading - The last day of trading in a flexible option shall be the expiration day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3502.03 will follow expiration and exercise procedures as specified in the standard option regulations. (05/01/94)

B3515.01 Exercise Style - Flexible options may be American or European exercise style. (10/01/94)

B3516.01 Underlying Futures Contract for Flexible Options - The underlying futures contract for a flexible option shall be the same as the underlying futures contract month of the nearest March quarterly cycle standard futures option expiring on or after the expiration of the flexible option. (10/01/94)

B3517.01 Initiating a Flexible Option Contract Series - The opening of trading in any flexible option series shall occur through the submission of an RFQ or at such time that a trade takes place in the particular flexible option series.

If so desired, participants can submit additional RFQ's for any open series. However, in this situation no priority period (Regulation 3519.01) will exist. (02/01/01)

B3519.01 RFQ Trading Interval - If the submitter of the first RFQ of the day in a flexible series requests either a bid or an offer but not both, then they shall have up to a one minute priority period during which they shall have the sole right to either buy or sell as specified in their RFQ. The exact length of the priority period shall be determined by the Exchange.

If more than one RFQ is the first RFQ of the day in a flexible series, all the RFQ's individually ask for either a bid or an offer but not both, and all the RFQ's collectively are for the same side of the market (all bids or all offers) then the submitters shall jointly share priority during the priority period.

Priority for RFQ's is determined by submission to the RFQ official, except that all RFQ's submitted before the open shall be treated equally. (02/01/01)

B3520.01 Expiration of an RFQ - Trading in a given flexible option series following an RFQ shall remain open for the remainder of the trading session. Trading in a given flexible option series following a transaction in that series shall remain open through the remainder of the trading session in which the transaction was executed and through each subsequent session in which there is open interest in the flexible option series. (02/01/01)

B3521.01 Reporting of Flexible Option Trades - It shall be the responsibility of the participants in a flexible option trade to report the quantities and prices to the flexible pit reporter in a timely manner, including any later trades in open flexible contract term series. (10/01/94)

* The effect of the second paragraph of Regulation 3502.03 is to permit trading in standard option under certain Flexible trading procedures prior to the listing of such options in the standard options pit or on e-cbot. Once and if these options are listed for trading in the standard options pit or on e-cbot, they will be traded only in the standard options pit or on e-cbot, they will be traded only in the standard options pit or e-cbot subject to standard options trading requirements. Upon such listing, all existing open positions established under Flexible trading procedures shall be fully fungible with transactions in the respective standard option series for all purposes under these regulations.

Chapter 36A (Standard Options)
Short Term U.S. Treasury Note Futures Options

Ch36A Trading Conditions

A3601.00 Authority - (See Rule 2801.00.) (10/01/94)

A3601.01 Application of Regulations - Transactions in put and call options on Short Term U.S. Treasury Note futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Short Term U.S. Treasury Note futures contracts. (See Rule 490.00.) (09/01/00)

A3602.01 Nature of Short Term U.S. Treasury Note Futures Put Options - The buyer of one (1) Short Term U.S. Treasury Note futures put option may exercise his option at any time prior to expiration (subject to Regulation 3607.01), to assume a short position in one (1) Short Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Short Term U.S. Treasury Note futures put option incurs the obligation of assuming a long position in one (1) Short Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

A3602.02 Nature of Short Term U.S. Treasury Note Futures Call Options - The buyer of one (1) Short Term U.S. Treasury Note futures call option may exercise his option at any time prior to expiration (subject to Regulation 3607.01), to assume a long position in one (1) Short Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Short Term U.S. Treasury Note futures call option incurs the obligation of assuming a short position in one (1) Short Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

A3603.01 Trading Unit - One (1) $200,000 face value Short Term U.S. Treasury Note futures contract at a specified contract month on the Chicago Board of Trade. (10/01/94)

A3604.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one-quarter (1/4) point per Short Term U.S. Treasury Note futures contract. At the commencement of trading for such option contracts, the following strike prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying Short Term U.S. Treasury Note futures contract, the next six consecutive higher and the next six consecutive lower striking prices closest to the previous day's settlement price; and all strike prices listed for all other option contract months listed at that time. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. When a sale in the underlying Short Term U.S. Treasury Note futures contract occurs at a price greater than or equal to the sixth largest striking price, a new striking price one increment higher than the existing striking prices will be added. When a sale in the underlying Short Term U.S. Treasury Note futures contract occurs at a price less than or equal to the sixth smallest striking price, a new striking price one increment lower than the existing striking prices will be added. When a new strike price is added for an option contract month, the same strike price will be added to all option contract months for which that strike price is not already listed. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (10/01/94)

A3605.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

A3606.01 Option Premium Basis - The premium for Short Term U.S. Treasury Note futures options shall be in multiples of one half of one sixty-fourth (1/64) of one point ($15.63) of a Short Term U.S. Treasury Note futures contract which shall equal $2,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract.

If options are quoted in volatility terms, the minimum price fluctuation shall be .10 percent (i.e.-10.0%, 10.1%, 10.2%, etc.) (10/01/94)

A3607.01 Exercise of Option - The buyer of a Short Term U.S. Treasury Note futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A3607.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3607.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A3608.01 Expiration of Option - Unexercised Short Term U.S. Treasury Note futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

A3609.01 Months Traded In - Trading may be conducted in Short Term U.S. Treasury Note futures options for a forty-two month period extending from the nearby contract month, provided however, that the Exchange may determine not to list a contract month. Both serial and quarterly options may be listed to expire into either front-month or deferred futures as determined by the Board. (06/01/99)

A3610.01 Trading Hours - The hours of trading of options on Short Term U.S. Treasury Note futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Short Term U.S. Treasury Note futures contract, subject to the provisions of the second paragraph of Rule 1007.00. Short Term U.S. Treasury Note futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (04/01/00)

A3611.01 Position Limits and Reportable Positions - (See Regulation 425.01.) (10/01/00)

A3612.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

A3613.01 Last Day of Trading - No trades in Short Term U.S. Treasury Note futures put and call options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Short Term U.S. Treasury Note futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, or there is a Friday which is not a

business day which precedes by one business day[s] the last business day of the month preceding the option month, the last day of trading shall be the first business day prior to such Friday. (07/01/01)

Chapter 36B (Flexible Options)
Short Term Treasury Note Flexible Options

Chapter 36B (Flexible Options)
Short Term Treasury Note Flexible Options

Note: The following Flexible option regulations with the exception noted in the second paragraph of Regulation 3602.03 supersede the corresponding standard regulations presented in Part A of this chapter. Regulations 3601.00, 3601.01, 3602.01, 3602.02, 3605.01, 3606.01, 3610.01, 3611.01, 3612.01, and 3614.01 remain in effect for both standard and Flexible options.

Ch36B Trading Conditions

B3602.03 Nature of Flexible Options - Flexible options on Short Term Treasury Note futures shall be permitted in puts and calls which do not have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options.

However, Flexible Options on Short Term Treasury Note futures shall also be permitted in puts and calls which have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options that are not at the time listed for trading in the standard options pit or on e-cbot. All Flexible Option regulations except 3607.01, 3607.02, 3608.01 and 3613.01 will pertain for these options.*

Trading shall be permitted in any CBOT recognized option/option or option/futures spread involving puts, calls or futures. (09/01/00)

B3603.01 Trading Unit - The minimum size for requesting a quote and/or trading in a flexible option series is 50 contracts, where each contract represents one of the underlying futures contracts at the Chicago Board of Trade. Parties may request a quote and/or trade for less than 50 contracts in order to entirely close out a position in a flexible series.

For a flexible options series, respondents to a request for quote, must be willing to trade at least 50 contracts, with the exception that a respondent may trade less than 50 contracts if the respondent is entirely closing out a position in the series. (07/01/99)

B3604.01 Strike Prices - Strike prices for flexible options must be specified in points and 64th's of points per Short Term Treasury Note futures contract. However, for a Request for Quote (RFQ), strike prices may be specified in one 64th point increments relative to the underlying futures contract. Strike prices cannot be outside the range of the currently listed strike prices for standard options. (06/01/95)

B3607.01 Exercise of Flexible Options - Notification of the intent to exercise a flexible option must be received by the Clearing Corporation by 4:10 p.m. Chicago time, or by such other time designated by the Board of Directors. No exceptions to the 4:10 p.m. exercise deadline, or such other deadline designated by the Board of Directors, shall be permitted.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3602.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B3607.02 Automatic Exercise - After the close on the last day of trading, all in-the-money flexible options will be automatically exercised unless notice to cancel automatic exercise is given to the Clearing Corporation by 4:10 p.m., or by such other time designated by the Board of Directors, on that day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3602.03 will follow expiration and exercise procedures as specified in the standard option regulations. (`12/01/99)

B3608.01 Expiration Date - Flexible option expiration may be specified for any Monday through Friday that is not an Exchange holiday except that expiration may not occur following the last Friday that precedes by at least two business days the last business day of the calendar month preceding the underlying future contract month. Flexible options expire at 4:30 p.m. on the last trading

day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3602.03 will follow expiration and exercise procedures as specified in the standard option regulations. (07/01/01)

B3609.01 Months Traded In - Trading may be conducted in flexible options in any month up through the most distant underlying futures contract in which a trade has occurred. (10/01/94)

B3613.01 Last Day of Trading - The last day of trading in a flexible option shall be the expiration day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3602.03 will follow expiration and exercise procedures as specified in the standard option regulations. (05/01/94)

B3615.01 Exercise Style - Flexible options may be American or European exercise style. (10/01/94)

B3616.01 Underlying Futures Contract for Flexible Options - The underlying futures contract for a flexible option shall be the same as the underlying futures contract month of the nearest March quarterly cycle standard futures option expiring on or after the expiration of the flexible option. (10/01/94)

B3617.01 Initiating a Flexible Option Contract Series - The opening of trading in any flexible option series shall occur through the submission of an RFQ or at such time that a trade takes place in the particular flexible option series.

If so desired, participants can submit additional RFQ's for any open series. However, in this situation no priority period (Regulation 3619.01) will exist. (02/01/01)

B3619.01 RFQ Trading Interval - If the submitter of the first RFQ of the day in a flexible series requests either a bid or an offer but not both, then they shall have up to a one minute priority period during which they shall have the sole right to either buy or sell as specified in their RFQ. The exact length of the priority period shall be determined by the Exchange.

If more than one RFQ is the first RFQ of the day in a flexible series, all the RFQ's individually ask for either a bid or an offer but not both, and all the RFQ's collectively are for the same side of the market (all bids or all offers) then the submitters shall jointly share priority during the priority period.

Priority for RFQ's is determined by submission to the RFQ official, except that all RFQ's submitted before the open shall be treated equally. (02/01/01)

B3620.01 Expiration of an RFQ - Trading in a given flexible option series following an RFQ shall remain open for the remainder of the trading session. Trading in a given flexible option series following a transaction in that series shall remain open through the remainder of the trading session in which the transaction was executed and through each subsequent session in which there is open interest in the flexible option series. (002/01/01)

B3621.01 Reporting of Flexible Option Trades - It shall be the responsibility of the participants in a flexible option trade to report the quantities and prices to the flexible pit reporter in a timely manner, including any later trades in open flexible contract term series. (10/01/94)

* The effect of the second paragraph of Regulation 3602.03 is to permit trading in standard options under certain Flexible trading procedures prior to the listing of such options in the standard options pit or on e-cbot. Once and if these options are listed for trading in the standard options pit or on e-cbot, they will be traded only in the standard options pit or on e-cbot subject to standard options trading requirements. Upon such listing, all existing open positions established under Flexible trading procedures shall be fully fungible with transactions in the respective standard option series for all purposes under these regulations.

Chapter 37
CBOT Rough Rice Futures

Chapter 37
CBOT Rough Rice Futures

Ch37 Trading Conditions

3700.01 Introduction - This chapter is limited in application to futures trading in rough rice. The procedures for trading, clearing, inspection, delivery, settlement and any other matters not specifically covered herein shall be governed by the Rules and Regulations of the Exchange. (11/01/94)

3701.01 Contract Specifications - All futures contracts shall be for U.S. No. 2 or better long grain rough rice as the same is established by standards promulgated by the United States Department of Agriculture (U.S.D.A.) at the time of the first day of trading in a particular contract. No other grade is deliverable.

To be deliverable, rough rice shall have a milling yield of not less than 65%, including not less than 48% head rice. Each percent of head rice over or below 55% shall receive a 1.5% premium or discount, respectively, toward the settlement price for long grain rough rice and each percent of broken rice over or below 15% shall receive a .75% premium or discount, respectively. All rough rice shall be of a Southern origin or such other origin as the Exchange may approve. (11/01/94)

3701.02 Trading Months and Hours - Futures contracts shall be traded initially for delivery during the months of September, November, January, March, May and July of each year. The number of months to be open at one time shall be at the discretion of the Exchange. Trading shall be conducted from 9:15 a.m. to 1:30 p.m. Chicago Time, except in the expiring contract on the last day of trading when trading shall cease at 12:00 Noon. (11/01/98)

3701.03 Trading Unit - The unit of trading shall be 2,000 hundredweight (200,000 pounds). (11/01/94)

3701.04 Price Increments - All bids and offers shall be in multiples of $.005 per hundredweight. (11/01/94)

3701.05 Daily Price Limits - (See 1008.01) (11/01/94)

3701.06 Termination of Trading - No trades shall be made during the last seven business days of the trading month. Any trades remaining open during this period shall be settled by delivery or a bona fide exchange of futures for the cash commodity. (11/01/94)

3701.07 Contract Modifications - Contract specifications shall be fixed as of the first day of trading of the contract and must conform to government grading standards in force at that time. If any federal governmental agency issues an order, ruling, directive or law that conflicts with requirements of these regulations, such order, ruling, directive or law shall be construed to become part of these regulations, and all new contracts shall be subject to such governmental orders. (11/01/94)

3701.08 Position Limits and Trading Limits - (See Regulation 425.01) (11/01/94)

3702.01 Delivery by Warehouse Receipts - Deliveries of rough rice shall be made only by delivery of rough rice warehouse receipts issued by warehouses located in the Arkansas counties of Craighead, Jackson, Poinsett, Woodruff, Cross, St. Francis, Lonoke, Prairie, Monroe, Jefferson, Arkansas and DeSha and designated by the Exchange as regular. Rough rice warehouse receipts issued by otherwise regular warehouses licensed under the U.S. Warehouse Act shall be eligible for delivery in satisfaction of Exchange contracts regardless of whether such warehouses are or are not also licensed by any state. In order to effect a valid delivery, each receipt shall (a) be endorsed by holder making delivery; (b) be marked "INSURED"; (c) indicate payment for storage charges up to and including the 18th day of the preceding month; (d) be negotiable; (e) be registered with the registrar of the Exchange; (f) specify the warehouse; and (g) specify the grade, milling yield and quantity of the rough rice stored. Unpaid accumulated storage charges shall be allowed and credited to the buyer by the seller up to and including the date of delivery. No warehouse receipt shall be valid for delivery if the receipt has expired prior to the delivery or has an expiration date in the month in which delivered.

Endorsement by the holder shall constitute a warranty of the genuineness of the warehouse receipt and of good title thereto, but shall not constitute a guarantee of performance by the issuer. (11/01/94)

3702.02 Registration of Warehouse Receipts - Registration of rough rice warehouse receipts shall be subject to the following requirements:

A. Warehouses which are regular for delivery may have their warehouse receipts registered at any time. Warehouse receipts must not be more than one year old, and must not have an expiration date in the month in which they are delivered. The holder of a registered warehouse receipt may cancel its registration at any time. A warehouse receipt which has been canceled may not be registered again.

B. The clearing house shall issue a weekly report showing the total number of warehouse receipts under registration as of 4:00 p.m. on the last trading day of each week. In addition to the information posted on the Exchange floor, this weekly report shall show the names of warehouses whose receipts are registered. (11/01/94)

3702.03 Delivery Dates - For the trading months of January, March, May, July, September and November, delivery may be made by the seller upon any business day of the delivery month the seller may select. Delivery must be made no later than the last business day of the delivery month. (11/01/94)

3702.04 Storage - Rough rice shall be stored in a bin or bins in a warehouse declared regular by the Exchange, and may contain rough rice from one or more different lots of the same quality and milling yield. Rough rice may be added to or withdrawn from such lots, provided any rice added shall be of the same quality and milling yield and shall conform to the specifications of this chapter and any withdrawal shall not reduce the amount of rice stored in such lots to an amount less than the total amount required to satisfy all outstanding warehouse receipts issued thereagainst. (11/01/94)

3702.05 Par Delivery Unit - Par delivery is 2,000 hundredweight (200,000 pounds) of U.S. No. 2 or better long-grain rough rice. A weight variation of 1% shall be permitted, such variation to be priced at the previous day's settlement price if the expiring future is still trading and at the expiration price of the nearest previous future if no expiring future is trading. (11/01/94)

3702.06 Par Delivery Point - The par delivery points for rough rice shall be mill site warehouses within the boundaries of the Arkansas counties of Craighead, Jackson, Poinsett, Woodruff, Cross, St. Francis, Lonoke, Prairie, Monroe, Jefferson, Arkansas and DeSha. Designation as a mill site warehouse shall be determined by the Exchange. Rough rice may be delivered in satisfaction of the rough rice futures contract at rice mill warehouses regular for delivery at the contract price. Rough rice may be delivered at regular warehouses within the twelve-county area which are not at mill sites in accordance with a schedule of discounts established and published by the Exchange pursuant to 3702.07. No warehouse regular for delivery of rough rice shall be located outside the twelve Arkansas counties listed above. (11/01/94)

3702.07 Delivery Differentials - Delivery of rough rice in satisfaction of the rough rice futures contract at regular warehouses other than regular mill site warehouses shall be subject to a delivery differential of -15 cents per hundredweight (cwt.) subject to the following:

1. At the time of filing an initial or renewal application for regularity, a warehouse shall be required to declare whether or not it is a mill site warehouse as defined in Appendix A.

2. If a regular mill site warehouse (non-mill site warehouse) renews regularity as a non-mill site warehouse (mill site warehouse) for a two-year term beginning July 1, the change in the delivery differential will become effective for the new crop delivery month of September within that two-year term.

3. Whenever the Exchange receives a bona fide renewal application for regularity which will cause the warehouse's delivery differential to change for the next crop year, a notice of the receipt of the application will be posted on the floor of the Exchange after the close of the market that day.

4. A warehouse which has been declared regular for delivery as a non-mill site warehouse (mill site warehouse) for a current regularity term ending June 30 may not be declared regular for

delivery as a mill site warehouse (non-mill site warehouse) during the balance of that term.

Pursuant to the provisions of this regulation, 3702.06 and Appendix A of these rules and regulation, the Exchange shall publish a list of all regular warehouses and the applicable discount.

3702.08 Delivery and Loading Out - Delivery shall be made on the basis of the actual weight of rough rice loaded into rail cars or trucks. A load-out charge not to exceed the tariff as filed with the Exchange in accordance with 3704.01.H shall be paid by the buyer to cover loading and weighing. The maximum load-out charge for the loading-out of rough rice against a rough rice registered warehouse receipt is 22.222 cents per cwt. which will be subject to an evaluation by the Exchange at the time of renewal of regularity of rice warehouses. An increase or decrease in the maximum load-out charge for rough rice may become effective 30 days after a notice has been posted on the Exchange floor. The notice will state the amount of the maximum load-out charge, the applicable warehouse receipts and the date that the charge will become effective.

Load-outs shall begin not later than the third business day following the day on which loading instructions are given to the warehouseman; provided, however, that the withdrawing party has within that period furnished rail cars or trucks to receive the rice. The warehouseman shall be required to load-out rice at the normal rate of load-out for the facility, but not less than 20 trucks or its equivalent weight loaded-out in rail cars per business day and shall be able to load out the warehouse's entire regular capacity in 45 calendar days or less. A party taking delivery shall receive the quantity ordered loaded out as soon as reasonably possible but no more than 45 calendar days after load-out begins. Rough rice regular warehouses shall not be required to meet these minimum load-out rates when transportation equipment is not clean and load ready, inspection services are not available, a condition of force majeure exists, or inclement weather prevents loading.

In addition, rough rice regular warehouses shall not be required to meet the minimum load-out rate for rail cars when rail cars have been constructively placed for load-in prior to constructive placement of rail cars for load-out. However, when rail cars for load-out are constructively placed after rail cars for load in, the warehouse will load-in grain from the rail cars at the normal rate of load-in for the facility. This rate shall not be less than the equivalent weight of 20 trucks loaded-in from rail cars. Rough rice regular warehouses shall not be required to meet these minimum load-in rates when a condition of force majeure exists, inspection services are not available or inclement weather prevents unloading.

The warehouse operator is not obligated to commence load-out of rough rice to a given party sooner than three business days after he receives canceled warehouse receipts and written loading instructions from such party, even if such party may have a conveyance positioned to accept load-out of rough rice before that time. If the party taking delivery presents transportation equipment of a different type (rail or truck) than that specified in the loading instructions, he is required to provide the warehouse operator with new loading orders, and the warehouse operator shall not be obligated to begin load-out of rough rice to such party sooner than three business days after he receives the new loading orders. Written loading orders received after 2:00 p.m. (Chicago time) on a given business day shall be deemed to be received on the following business day.

The warehouseman upon receipt of the canceled receipts by his agent and loading instructions from the owner by 2:00 p.m. on a given day, shall notify the owner by telex or telefax by 4:00 p.m. on that given day the scheduled day for load-out. The daily tariff load-out rate and the amount of tonnage which is scheduled for load-out before owner's load-out shall also be provided in the notification.

The owner upon acceptance of the scheduled load-out date, and if he so requests on a given day prior to load-out, shall receive a telex or telefax from the warehouseman specifying the amount of tonnage remaining before owner's equipment is loaded.

The warehouseman upon cancellation of loading instructions on any business day prior to the day of actual loading of rice, and if requested by the owner, shall reissue and register warehouse receipts for the amount of rough rice which remains unloaded. Storage fees shall begin on the date of re-issuance of the new warehouse receipts.

Storage charges on rough rice to be shipped pursuant to loading instructions shall cease no later than three calendar days following the day on which canceled warehouse receipts are surrendered or

loading instructions are given, whichever occurs later; provided, however, that the owner makes transportation available for loading on the scheduled load-out date or has not canceled loading instructions.

The warehouse operator shall be permitted a two percent deviation above or below the yield of head rice shown on the warehouse receipt issued for delivery on the contract. The warehouse operator shall also be permitted a two percent deviation above or below the total milling yield shown on the warehouse receipt issued for delivery on the contract.

The warehouse operator is responsible for maintaining the milling yield of rice specified on said warehouse receipt, within the stated allowable deviations, for the total quantity of rice represented by said warehouse receipt and not for sub-lots (i.e. truckloads) of said warehouse receipt. The warehouse operator is also responsible for maintaining the numerical grade of rice specified on said warehouse receipt for the total quantity of rice represented by said warehouse receipt for the total quantity of rice represented by said warehouse receipt, however, the numerical grade for sub-lots (i.e., truckloads) shall be no more than one numerical grade below the deliverable grade specified in 3701.01. Averaging the grade or milling yield of multiple receipts is not permissible.

When the rough rice is ordered out-of-store, the warehouse operator will be reimbursed by the buyer in cash if the total milling yield or the yield of head rice of the rice loaded out is over the total milling yield or the yield of head rice listed on the warehouse receipt (up to two percent).

Conversely, the warehouse operator will reimburse the buyer in cash if the total milling yield or the yield of head rice of the rice loaded out is under the total milling yield or the yield of head rice listed on the warehouse receipt (up to two percent). Calculations shall be made daily for each receipt loaded out that day and shall be based on the nearby month rough rice future's settlement price on the day of load out. Such payments to or from the warehouse operator for excess or deficit head and broken rice shall be at the premium and discount schedule specified in 3701.01, Contract Specifications. Adjustments on the milling yield of head rice shall be based on an official test.

Both the buyer and the warehouseman will provide for an analysis of the rough rice for grade and milling yield. If there is a disagreement, then a duplicate sample taken at origin shall be analyzed by the Federal Grain Inspection Service (FGIS), or a mutually agreed-upon third party to resolve the disagreement.

Notwithstanding the above, the buyer retains the right, at his expense, to an official sampling and anaylsis by FGIS, or a mutually agreed-upon third party, at orgin, of rough rice loaded-out at any time. (03/01/97)

3702.09 Notice of Intention - A clearing member intending to deliver shall, not later than 4:00 p.m. on position day, the second business day prior to the intended delivery day, provide to the Clearing House, a notice of intention in the form prescribed by the Exchange. On the last notice day of the delivery month, however, delivery notices may be delivered to the Clearing House until 2:00 p.m. No intra-office delivery may be made. If a clearing member has both long and short interest on its books, it must tender to the Clearing House such notices as it receives from its customers who are short. Prior to the opening of the market of the following business day, the Clearing House shall pass such notice to the clearing member having the oldest long contract as of the close of trading on the day of receipt by the Clearing House of the notice of intent (position day).

Upon receipt of the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing House to each such buyer, the seller shall prepare invoices addressed to its assigned buyers describing the amount which buyers must pay to the seller in settlement of the actual deliveries, based on the delivery prices established by the Clearing House for that purpose adjusted for applicable premiums, discounts, storage charges, quantity variations and other items for which provision is made in these rules and regulations and other items for which provision is made in these rules and regulations relating to contracts. Such invoices shall be delivered to the Clearing House by 4:00 p.m. on notice day. Upon receipt of such invoices, the Clearing House shall promptly made them available to buyers to whom they are addressed. A buyer receiving such an invoice from the Clearing House shall, not later than 1:00 p.m. of the following day, present the invoice at the office of the seller by whom it was issued together with a certified check for the amount due, and thereupon warehouse receipts shall be delivered by the seller to the buyer.

(11/01/94)

3703.01 Weighing - Weighing shall be done in accordance with the current custom of the trade. The official shipped weight so obtained shall be final provided, however, that railroad weights shall be acceptable and shall be final if the negotiable warehouse receipt holder and the seller so agree in writing. (11/01/94)

3703.02 Storage Charges - Storage charges on rough rice shall not exceed such charges as have been filed with the Exchange in accordance with 3704.01H. (which shall be designed to cover costs of storage, insurance and taxes). (11/01/94)

Storage charges on rough rice shall not exceed 34/100 of a cent per hundredweight per day. (Amended -effective May 1, 1995.)

3704.01 Conditions of Regularity for Warehouses - The following shall constitute the requirements and conditions for regularity:

A. The warehouse shall at all times meet standards of construction, sanitation and dust control, insurability and physical maintenance applicable generally to commercial warehouses.

B. It shall be situated with respect to transportation facilities deemed adequate by the Exchange.

C. It shall be located in such states as the Exchange may designate from time to time as delivery locations for particular commodities.

D. It shall be in good financial standing and credit, and shall meet the minimum financial requirements and financial reporting requirements set forth in Appendix D. It shall file a bond with sufficient sureties in such sum and subject to such conditions as the Exchange may require. The Exchange may, at its option, waive bond requirements.

E. It shall maintain all licenses required by state or federal law.

F. It shall have standard equipment and appliances for the convenient and expeditious receiving, handling and shipping of commodities in bulk, in railroad cars, barges or in trucks, and shall be properly safeguarded and patrolled.

G. It shall cooperate with the Exchange's system of registration of negotiable warehouse receipts and furnish to the Registrar all needed information to enable him to keep a correct record and account of all commodities remaining in store and receipts issued as of the close of each week.

H. It shall file its tariffs listing in detail the maximum charges for the handling and storage of all commodities for which regularity is sought, and thereafter it shall file with the Exchange any proposed changes in such tariffs. The effective date of the change will be on the first day of the month that follows a two-month time period after the day a written notice of the change is received by the Exchange.

I. Its warehouse receipts rendered in satisfaction of futures contracts shall not, because of the warehouse's accessibility, tariffs, insurance rates or other characteristics, adversely affect the value of the commodity delivered or impair the efficiency of futures trading in the particular commodity.

J. It shall not engage in unethical conduct, or fail to be operated in accordance with accepted commercial practices or fail to comply with governmental statutes, rules and regulations governing warehouses and the commodities stored therein.

K. It shall make such reports, keep such records, and permit such warehouse visitations and examinations of documents as the Exchange, the Commodity Futures Trading Commission pursuant to Commission Regulation 1.44(a) - (c) and the United States Department of Justice may prescribe or undertake; it shall comply with all applicable rules, regulations and orders promulgated by the Commodity Futures Trading Commission and with all requirements established by the Exchange because of such rules or orders. (11/01/94)

3704.02 Application For Declaration of Regularity - Persons operating warehouses for the storage of Rough Rice traded on the Exchange who desire to have such warehouses made regular for delivery of Rough Rice under the rules and regulations shall make application for an initial declaration of regularity on a form prescribed by the Exchange prior to May 1, 1994, and every even year thereafter, for a two-year term beginning the following July 1, and every even year thereafter, and at any time during a current term for the balance of that term. Regular warehouses who desire to change their regular capacity during a current term shall make application for the desired amount of total regular capacity on the same form. Initial regularity for the current term and changes in regularity shall be effective either thirty days after a notice that a bona fide application has been received, is posted on the floor of the exchange, or the day after the application is approved by the Exchange, whichever is later. Applications for a renewal of regularity shall be made prior to May 1, 1994, and every even year

thereafter, for the respective years beginning July 1, 1994 and every even year thereafter, and shall be on the same form.

As part of its application for regularity, the warehouseman expressly agrees to consent to the disciplinary jurisdiction of the Exchange for five (5) years after regularity lapses for conduct pertaining to regularity which occurred while the warehouse was regular.

3704.03 Duties of Warehousemen - It shall be the duty of operators of all regular warehouses:

A. RESERVED

B. To notify the Exchange of any change in the condition of their warehouse which might materially affect their physical or financial ability to continue to meet the requirements for regularity under these rules and regulations. Any warehouse must immediately notify the Exchange of any material reduction of its capital, including the incurring of a contingent liability which would materially affect capital should such liability become fixed. Such notice must be in writing and signed by an officer of the warehouse.

   For purposes of this requirement, a reduction amounting to twenty percent (20%) or more from the total capital reported as of the last date for which a financial statement was filed under this requirement shall be deemed material. In determining total capital, there shall be taken into consideration equities and deficits in all proprietary accounts properly included in the determination of net worth.

C. To insure adequately and fully commodities covered by warehouse receipts tendered for delivery against loss by fire, tornado and the contingencies provided for in the standard form of "extended coverage" endorsements or policies. Commodities shall be deemed so insured when the warehouse shall maintain such insurance for the benefit of all depositories of grain under tariffs, rules or regulations authorized and promulgated under the authority of the United States Warehouse Act. In any warehouse declared regular by the Exchange, the charge for insurance on commodities delivered on futures contracts shall be limited to a maximum of $1.00 per $100.00 evaluation annually. Any charges for insurance in excess of this amount shall be paid by the warehouseman.

D. To remove no commodity covered by negotiable warehouse receipts registered with the Exchange from the designated warehouse or, if appropriate, from the designated bond save at the request of the negotiable warehouse receipt holder upon surrender of the receipt.

E. To register with the Exchange all negotiable warehouse receipts relating to commodities for which the warehouse is declared regular and to cancel such registrations before releasing property.

F. To have a representative in Chicago, Illinois authorized and known to the Exchange to act in matters pertaining to negotiable warehouse receipts including shipping instructions.

G. To load vehicles furnished by holders of negotiable warehouse receipts of the Exchange within the time specified by these rules and regulations.

H. To furnish the Exchange with copies of policies or certificates of insurance under which deliverable commodities in the warehouse are insured.

I. To deliver commodities ordered out of the warehouse in buyer's vehicles within such times as specified by these rules and regulations showing no preference in out-loading, unless conditions such as acts of God, fire, flood, windstorm, explosion or other force majeure interfere therewith; provided, the warehouse shall make no charge for storage after three days following receipt of the load-out order notwithstanding delivery is prevented because of such act of God, etc.

   If no time period for out-loading is set forth in the rules or regulations of a given contract, load-out under such contract shall occur not later than three business days after vehicles are ready for loading, except as provided herein.

J. To inspect the transportation facilities furnished by the negotiable warehouse receipt holder. If, in the warehouseman's judgement, cleaning is necessary, he shall immediately notify the

receipt holder and thereafter abide by the holder's instructions.

K. To load each vehicle to its capacity providing sufficient negotiable warehouse receipts are tendered.

L. To bear the costs of all expenses contingent upon transfer of title of the warehoused commodity to another regulated warehouse satisfactory to the owners of such commodity in the event of expiration or revocation of regularity or in the event of abandonment or sale of the properties where regularity is not reissued. (11/01/94)

3704.04 Safeguarding Condition Of Stored Commodities -

A. Whenever in the opinion of the operator of the warehouse any commodity stored in a public warehouse under his jurisdiction should be loaded out in order to protect the best interests of the parties concerned, such operator shall notify the Exchange giving the location and grades of such commodity. The Exchange shall immediately notify an appropriate inspection service which shall at once proceed to the warehouse in which the commodity is stored and examine it in conjunction with the operator of such warehouse. If the inspection service agrees with the operator that the commodity should be moved, it shall so notify the Registrar. If the inspection service does not agree with the operator that the commodity should be moved, the operator of the warehouse shall have the right to appeal to the Business Conduct Committee of the Exchange. If on such appeal the Business Conduct Committee shall agree with the operator that the commodity should be moved, the committee shall so notify the Registrar, and the warehouse receipts covering the above specified lot or lots shall no longer be regular for delivery on futures contracts. Upon receiving such notice, either from the inspection service or from the Business Conduct Committee, the Registrar shall notify the holder, or holders, or their agents, together with the Chairman of the Business Conduct Committee, of the total quantity of the grade of commodity in question (selecting the oldest registered warehouse receipt first, then such additional registered warehouse receipts in the order of their issuance as may be necessary to equal such total quantity of the commodity).

When this information reaches the Chairman of the Business Conduct Committee, he shall appoint a Committee consisting of five disinterested handlers of the cash commodity. This Committee shall meet at once and after taking into consideration various factors that establish the value of the grade of the receipts held by such owner or owners, shall determine the fair value of the commodity, which price shall be that to be paid by the operator. If the price offered is not satisfactory, a Committee appointed by the Chairman of the Business Conduct Committee (at the request of such owner), shall procure other offers for such commodity, and such offers shall be immediately reported to the owner or his agent. If the owner refuses to accept any such offers, he shall have the two following business days to order and furnish facilities for loading the commodity out of store, and during this period the warehouse shall be obliged to deliver the commodity called for by the warehouse receipts, but not more than three (3) days may elapse after notification by the Registrar to the holder of the receipt before satisfactory disposition shall have been made of the commodity, either by sale to the operator or by the ordering out and furnishing facilities to load the same, provided the amount of such commodity does not exceed 20,000 hundredweight of rough rice in any one warehouse. If the amount of commodity in question exceeds such amount, the owner, or owners, of the warehouse receipts shall be allowed forty-eight hours of grace over and above the aforementioned three days for each additional 20,000 hundredweight.

B. In the event that the holder of the warehouse receipt, or his agent, fails to move the commodity or make other satisfactory disposition of same within the prescribed time, it shall be held for his account, and any loss in grade sustained shall likewise be for his account.

C. Nothing in the foregoing provisions shall be construed as prohibiting the warehouseman from fulfilling contracts from other stocks under his control. (11/01/94)

3704.05 Damage To Commodity In Store - Notice - The operator of a warehouse shall promptly advise the Exchange of any damage to a commodity held in store by it whenever such damage shall

occur to an extent that will render it unwilling to purchase and withdraw from store, at its cost, all such damaged commodity. (11/01/94)

3704.06 Revocation of Regularity - Any declaration of regularity may be withdrawn by the Exchange at any time if the warehouse does not comply with the conditions above set forth or fails to carry out prescribed duties; providing, however, the Exchange has theretofore given notice to the warehouseman of the deficiencies and a reasonable time, under the circumstances, to cure them.

If the designation is revoked, the Exchange shall post such revocation on the bulletin board together with the period of time, if any, during which the negotiable warehouse receipts issued by the warehouse will be deliverable in satisfaction of futures contracts.

Once such period of time, if any, has expired, and the negotiable warehouse receipts issued by the warehouse are no longer deliverable in satisfaction of futures contracts, the warehouse shall bear the cost of the transfer of the warehoused commodity to another regulated warehouse, in accordance with 3704.03, paragraph L. (11/01/94)

3704.07 Federal Warehouses - In compliance with the provisions of Section 5a(7) of the Commodity Exchange Act, providing that the commodity may be delivered from a warehouse subject to the United States Warehouse Act, 7 U.S.C. Sections 241-273, a receipt issued under that Act shall be accepted for delivery on any futures contract provided the commodity represented by the receipt meets contract specifications and the warehouse issuing the receipt meets the requirements imposed by this chapter on all other warehouses. (11/01/94)

3704.08 Finality of USDA Or Other Required Inspection Certificate - The Exchange assumes no responsibility and disclaims all liability on account of the grade, quantity or specifications of any commodity delivered on the basis of a USDA or other required inspection certificate. Such certificate shall constitute conclusive evidence of the grade, quantity or other specifications of the commodity described therein. (11/01/94)

3705.01 Delivery Through Clearing House - All deliveries on maturing contracts shall be made through the Clearing House. The Clearing House shall prescribe such forms and requirements for initiating and completing delivery as are consistent with this chapter and the various contract specification chapters. (11/01/94)

3705.02 Payment Upon Delivery - The receiver of a Notice of Intention from the Clearing House shall present the delivery invoice at the office of the deliverer not later than 1:00 p.m. on the next business day, i.e., delivery day, together with a certified or cashier's check drawn on a Chicago bank, and shall receive therefore, properly endorsed, warehouse receipts or shipping certificates in accordance with the Notice and any other contract documents required under these rules and regulations.

If said delivery day is a banking holiday, delivery and payment must be made before 9:30 a.m. the next banking business day and the seller shall be responsible for storage charges up to and including that banking holiday. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in accordance with its Regulations. (11/01/94)

3705.03 Necessity Of Possession Of Documents - The deliverer shall at such time as the Notice of Intent is delivered to the Clearing House have possession of all documents (except a warehouse receipt in the case of a redelivery) necessary to make good delivery. (11/01/94)

3705.04 Suspended Member Out Of Line For Delivery - When a member of the Clearing House who has open purchases is suspended from the clearing House for default or insolvency, he shall be deemed out of line for delivery and tender shall be made to the buyer obligated upon the next oldest contract. Also, if tender be made to a buyer who is thereafter suspended for default or insolvency before delivery is accepted, the Notice shall be withdrawn and another immediately served upon the buyer obligated upon the next oldest contract. (11/01/94)

3705.05 Failure to Deliver - A clearing member who has not tendered a Notice on or before 8:00 p.m. on the last day in a delivery month on which such notice is permitted shall be in default. Failure to make delivery shall constitute improper conduct. In addition to the penalties provided under Exchange

rules and regulations, the Exchange shall determine and assess the damages incurred by the buyer, taking into account the settlement price and such other factors as it may deem just. (11/01/94)

3705.06 Failure To Accept Delivery -

A. If a clearing member fails to accept delivery, the commodity shall be sold for the account of the buyer by the Exchange. If the proceeds are insufficient to pay the seller the full delivery price, the clearing member failing to accept delivery shall be liable for the difference.

B. If a clearing member is unable or refuses to make full payment to the seller, the Clearing House shall bear the seller's loss in the first instance.

C. Failure to accept delivery or make full payment shall also constitute improper conduct. (11/01/94)

3705.07 Transfer Of Cash For Futures After Termination Of Contract - Subject to the Exchange approval, a transfer of cash merchandise for futures may be permitted during the contract month after termination of the contract.

Such transfer of cash for futures shall be cleared through the Clearing House in accordance with normal procedures and shall be made at the prices as are mutually agreed upon by the two parties to the transaction. Such transfers shall be clearly designated by proper symbol as transfer transactions and shall be recorded by the Exchange and the clearing member to the transactions, and proper notice given to the membership. Each party to such transaction must satisfy the Exchange that the transaction is bona fide and must file with the Clearing House all memoranda necessary to establish the nature of the transaction, the kind and quantity of the cash commodity, the kind, quantity and price of the commodity future, the names of all clearing members to the transaction and such other information as the Clearing House or Exchange may require.

Such transfer of cash for futures shall bear the normal commission charges pursuant to deliveries. (11/01/94)

3705.08 Risk Of Loss And Charges -

A. Title and the risk of loss or damage pass to the buyer at the time of delivery of the warehouse receipts.

B. The deliverer shall be responsible for all warehouse charges until the time when title passes and thereafter the receiver shall be responsible.

C. The receiver shall be responsible for all inspection and weighing charges at load-out. (11/01/94)

Chapter 38
CBOT Rough Rice Options

Chapter 38
CBOT Rough Rice Options

Ch38 Trading Conditions

3800.01 Scope Of Chapter - This chapter is limited in application to the trading of put and call options exercisable for Chicago Board of Trade Rough Rice futures contracts. Procedures for trading, clearing and any other matters not specifically covered herein shall be governed by the rules of the Association. (11/01/94)

3801.01 Unit Of Trading - The unit of trading shall be a put or call option exercisable for (1) 2,000 hundredweight Chicago Board of Trade rough rice futures contract. (11/01/94)

3802.01 Options Call -

A. Hours Of Trading - The hours of options trading shall be concurrent with the hours of the underlying futures contract.

B. Contract Months - Trading may be conducted in the nearby rough rice options contract month plus any succeeding months, provided however that the Exchange may determine not to list a contract month. For options that are traded in months in which rough rice futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract.

C. Termination Of Trading - No trades in rough rice futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Rough Rice futures contract on the last Friday which precedes, by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, then trading shall terminate on the preceding business day prior to such Friday.

On the last day of trading in an expiring option class, the expiring options shall be closed with a public call made striking price by striking price, conducted by such persons as the Exchange shall direct.

D. Option Expiration - The contractual rights and obligations arising from the unexercised option contract expire at 10:00 a.m. on the first Saturday following the last trading day.

E. Option Premium Basis - The minimum price fluctuation of the option premium shall be $0.0025 per hundredweight or $5.00 per contract.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $4.00 in $1.00 increments per option contract.

F. Position Limits And Reportable Positions - (See Regulation 425.01) (07/01/01)

3803.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of twenty (20) cents per hundredweight per rough rice futures contract (i.e., 7.80, 8.00, 8.20, etc.) and in integral multiples of forty (40) cents per hundredweight per rough rice futures contract (i.e. 8.00, 8.40, 8.80, etc.) as follows:

A. 1. In integral multiples of twenty cents, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying rough rice futures contract, the next five consecutive higher and the next five consecutive lower strikes (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.

2. In integral multiples of forty cents, at the commencement of trading for an option

contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.

3. In integral multiples of twenty cents, over time, strikes shall be added as necessary to insure that all strikes within $1.10 of the previous day's trading range of the underlying futures contract are listed (the "minimum band").

4. In integral multiples of forty cents, over time, strikes shall be added as necessary to insure that the next four consecutive strikes above the minimum band are listed.

5. No new strikes may be added by these procedures in the month in which an option expires.

B. 1. In integral multiples of forty cents, all strikes in which the previous day's delta factors (as determined by the Exchange) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading. However, no new strikes may be added by this procedure to an option month unless open positions exist in that contract month.

2. In integral multiples of twenty cents, during the month in which an option expires, all strikes in which the previous day's delta factors (as determined by the Exchange) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading.

C. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (11/01/94)

3804.01 Option Exercise - An option holder intending to exercise shall present to the clearing house, no later than 6:00 p.m., or by such other time designated by the Board of Directors, on any business day through and including the last trading day, on a form prescribed thereby, a notice of exercise.

The clearing house shall assign such a notice promptly and at random to a clearing member carrying a short position in the option series. Said clearing member in turn shall assign such notice to accounts with an open short option position in a fair and non-preferred manner in accordance with written procedures. By the opening of the next trading session, in the case of a call option, the writer shall sell to the holder by book entry the underlying futures contract at the contracted striking price. In the case of a put option, the writer shall buy from the holder by book entry the underlying futures contract at the contracted striking price. Thenceforth, the writer and the holder assume the rights and obligations associated with their respective positions in the underlying futures contract.

Notwithstanding the foregoing, an option holder may exercise an option prior to 10:00 a.m. on the expiration date:

A. to correct errors or mistakes made in good faith;

B. to take appropriate action as the result of unreconciled Exchange option transactions;

C. in exceptional cases involving a customer's inability to communicate exercise instructions to the member firm or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3805.01 Daily Price Limits - Trading in a rough rice futures option shall be confined to a premium no greater than the trading limit for the rough rice futures contract above and below the option's previous day settlement premium for all trading days except the last. (11/01/94)

3806.01 Automatic Exercise - Notwithstanding the provisions of Regulation 3804.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the clearing house.

Notice to cancel automatic exercise shall be given to the clearing house by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the clearing house prior to 10:00 a.m. on the expiration date:

A. to correct errors or mistakes made in good faith;

B. to take appropriate action as the result of unreconciled Exchange option transactions;

C. in exceptional cases involving a customer's inability to communicate exercise instructions to the member firm or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

Chapter 43
CBOT(R) Dow Jones Industrial Average(SM) Index Futures

Chapter 43
CBOT(R) Dow Jones Industrial Average(SM) Index/1/ Futures

Ch 43 Trading Conditions

4301.00 Authority - (See 1701.00) (11/01/97)

4302.01 Application of Regulations - Futures transactions in CBOT Dow Jones Industrial Average(SM) ("DJIA") Index contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in CBOT Dow Jones Industrial Average(SM) Index contracts. (09/01/00)

4303.01 Emergencies, Acts of God, Acts of Government - If delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. (11/01/97)

4304.01 Unit of Trading - The unit of trading shall be $10.00 times the Dow Jones Industrial Average(SM). The Dow Jones Industrial Average(SM) is a price-weighted composite index of 30 stocks. (11/01/97)

4305.01 Months Traded In - The months listed for trading are March, June, September and December, at the discretion of the Exchange. (11/01/97)

4306.01 Price Basis - The price of the CBOT Dow Jones Industrial Average(SM) Index futures shall be quoted in points. One point equals $10.00. The minimum price fluctuation shall be one point per contract. Contracts shall not be made on any other price basis. (11/01/97)

4307.01 Hours of Trading - The hours of trading for future delivery in CBOT Dow Jones Industrial Average(SM) Index futures shall be determined by the Board.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Regulatory Compliance Committee shall direct. (11/01/97)

4308.01 Price Limits and Trading Halts - (See Regulation 1008.01) (11/01/97)

4309.01 Last Day of Trading - The last day of trading in CBOT Dow Jones Industrial Average

---

1 "Dow Jones(SM)", "The Dow(SM)", Dow Jones Industrial Average(SM)" and "DJIA(SM)" are service marks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by the Board of Trade of the City of Chicago ("CBOT".). The CBOT's futures and futures option contracts based on the Dow Jones Industrial Average(SM) are not sponsored, endorsed, sold or promoted by Dow Jones, and Dow Jones, and Dow Jones makes no representation regarding the advisability of trading in such product(s).

Index futures contracts deliverable in the current delivery month shall be the trading day immediately preceding the final settlement day (as described in Regulation 4342.03). (11/01/97)

4309.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 4309.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 4342.01. (11/01/97)

4310.01 Margin Requirements - (See Regulation 431.03) (11/01/97)

4312.01 Position Limits and Reportable Positions - (See Regulation 425.01) (11/01/97)

4336.01 Standards - The contract grade shall be the final settlement price (as described in Regulation 4342.02) of the Dow Jones Industrial Average(SM) Index on final settlement day (as described in Regulation 4342.03). (11/01/97)

4342.01 Delivery on Futures Contracts - Delivery against the CBOT Dow Jones Industrial Average(SM) Index Futures contract must be made through the Clearing Corporation. Delivery under these regulations shall be on the final settlement day (as described in regulation 4342.03) and shall be accomplished by cash settlement as hereinafter provided.

Clearing members holding open positions in a CBOT Dow Jones Industrial Average(SM) Index futures contract at the time of termination of trading shall make payment to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Regulation 4342.02). (11/01/97)

4342.02 Final Settlement Price - The final settlement price shall be determined on the final settlement day. The final settlement price shall be $10 times a Special Open Quotation (SOQ) of the Dow Jones Industrial Average(SM) Index based on the opening prices of the component stocks in the index, or on the last sale price of a stock that does not open for trading on the regularly scheduled day of final settlement (as described in Regulation 4342.03).

If the New York Stock Exchange ("NYSE") does not open on the day scheduled for the determination of the final settlement price, then the NYSE-stock component of the final settlement price shall be based on the next opening prices for NYSE stocks. (11/01/97)

4342.03 The Final Settlement Day - The final settlement day shall be defined as the third Friday of the contract month, or if the Dow Jones Industrial Average(SM) is not published for that day, the first preceding business day for which the Dow Jones Industrial Average(SM) is scheduled to be published. (11/01/97)

4347.01 Payment - (See Regulation 1049.04.) (11/01/97)

4348.01 Disclaimer -

CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts are not sponsored, endorsed, sold or promoted by Dow Jones. Dow Jones makes no representation or warranty, express or implied, to the owners of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts or any member of the public regarding the advisability of trading in CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts. Dow Jones' only relationship to the Exchange is the licensing of certain trademarks and trade names of Dow Jones and of the Dow Jones Industrial Average(SM) which is determined, composed and calculated by Dow Jones without regard to the Chicago Board of Trade or CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts. Dow Jones has no obligation to take the needs of the Chicago Board of Trade or the owners of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts into consideration in determining, composing or calculating the Dow Jones Industrial Average(SM). Dow Jones is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts to be listed or in the determination or calculation of the equation by which CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts are to be converted into cash. Dow Jones has no obligation or liability in connection with the administration, marketing or trading of the CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts.

DOW JONES DOES NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES INDUSTRIAL AVERAGE(SM) OR ANY DATA INCLUDED THEREIN AND DOW JONES SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. DOW JONES MAKES NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CHICAGO BOARD OF TRADE, OWNERS OF CBOT DOW JONES INDUSTRIAL AVERAGE(SM) INDEX FUTURES AND FUTURES OPTIONS CONTRACTS, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE DOW JONES INDUSTRIAL AVERAGE(SM) OR ANY DATA INCLUDED THEREIN. DOW JONES MAKES NO EXPRESS OR IMPLIED

WARRANTIES, AND EXPRESSLY DISCLAIMS ALL WARRANTIES, OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE DOW JONES INDUSTRIAL AVERAGE(SM) OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL DOW JONES HAVE ANY LIABILITY FOR ANY LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN DOW JONES AND THE CHICAGO BOARD OF TRADE. (11/01/97)

CBOT(R) Dow Jones Industrial Average(SM) Index Futures Options

Chapter 44
CBOT(R) Dow Jones Industrial Average(SM) Index/1/
Futures Options

Ch 44 Trading Conditions

4401.00 Authority - (See Rule 2801.00) (11/01/97)

4401.01 Application of Regulations - Transactions in put and call options on CBOT Dow Jones Industrial Average(SM) ("DJIA") Index futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on CBOT Dow Jones Industrial Average(SM) Index futures contracts. (See Rule 490.00) (09/01/00)

4402.01 Nature of CBOT Dow Jones Industrial Average(SM) Index Futures Put Options- The buyer of one (1) CBOT Dow Jones Industrial Average(SM) Index futures put option may exercise his option at any time prior to expiration (subject to Regulation 4407.01), to assume a short position in one (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) CBOT Dow Jones Industrial Average(SM) Index futures put option incurs the obligation of assuming a long position in one (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (11/01/97)

4402.02 Nature of Dow Jones Industrial Average(SM) Index Futures Call Options -The buyer of one (1) CBOT Dow Jones Industrial Average(SM) Index futures call option may exercise his option at any time prior to expiration (subject to Regulation 4407.01), to assume a long position in one (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) CBOT Dow Jones Industrial Average(SM) Index futures call option incurs the obligation of assuming a short position in one (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (11/01/97)

4403.01 Trading Unit - One (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month on the Chicago Board of Trade. (11/01/97)

4404.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one hundred (100) index points per CBOT Dow Jones Industrial Average Index futures contract and in integral multiples of two hundred (200) index points per CBOT Dow Jones Industrial Average(SM) Index futures contract as follows:

A. At the commencement of trading for quarterly and non-quarterly expirations, the following strike prices in one hundred point intervals shall be listed: one with a striking price closest to the previous day's settlement price on the underlying CBOT Dow Jones Industrial Average Index futures contract and the next twenty consecutive higher and the next twenty consecutive lower striking prices closest to the previous day's settlement price. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. Over time new striking prices will be added

---

/1/ "Dow Jones(SM)", "The Dow(SM)", "Dow Jones Industrial Average(SM)", and "DJIA(SM)" are service marks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by the Board of Trade of the City of Chicago ("CBOT."). The CBOT's futures and futures options contracts based on the Dow Jones Industrial Average(SM) are not sponsored, endorsed, sold or promoted by Dow Jones, and Dow Jones makes no representation regarding the advisability of trading in such product(s).

to ensure that at least twenty one hundred point striking prices always exist above and below the previous day's settlement price in the underlying futures.

B. At the commencement of trading for quarterly and non-quarterly expirations, the following strike prices in two hundred point intervals shall be listed: the next twenty consecutive higher and the next twenty consecutive lower strike prices above and below the strike price band as stipulated in Regulation 4404.01(A). Over time new striking prices will be added to ensure that at least twenty striking prices in two hundred point intervals always exist above and below the strike price band as stipulated in Regulation 4404.01(A).

C. All new strike prices will be added prior to the opening of trading on the following business day. The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (10/01/99)

4405.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (11/01/97)

4406.01 Option Premium Basis - The premium for CBOT Dow Jones Industrial Average(SM) Index futures options shall be in multiples of one-half (1/2) of one index point of a CBOT Dow Jones Industrial Average(SM) Index futures contract which shall equal $5.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $5.00 in $1.00 increments per option contract. (11/01/97)

4407.01 Exercise of Option - The buyer of a CBOT Dow Jones Industrial Average(SM) Index futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. (12/01/99)

4407.02 Automatic Exercise - Notwithstanding the provisions of Regulation 4407.01, for options with quarterly expirations, all in-the-money2 options shall be automatically exercised after 6:00 p.m. on the business day following the last day of trading, unless notice to cancel automatic exercise is given to the Clearing Corporation. Notwithstanding the provisions of Regulation 4407.01, for options with non-quarterly expirations, all in-the-money options shall be automatically exercised after 6:00 p.m. on the last day of trading, unless notice to cancel automatic exercise is given to the Clearing Corporation.

For options with quarterly expirations, notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the business day following the last day of trading. For options with non-quarterly expirations, notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading. (12/01/99)

4408.01 Expiration of Option - Unexercised CBOT Dow Jones Industrial Average(SM) Index futures options with quarterly expirations shall expire at 7:00 p.m. on the business day following the last day of trading.

Unexercised CBOT Dow Jones Industrial Average(SM) Index futures options with non-quarterly expirations shall expire at 7:00 p.m. on the last day of trading. (11/01/97)

4409.01 Months Traded In - The months listed for trading are January through December at the discretion of the Exchange; provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which CBOT Dow Jones Industrial Average(SM) Index futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the October or November option contract is the December futures contract. (01/01/98)

4410.01 Trading Hours - The hours of trading of options on CBOT Dow Jones Industrial

---

/2/ An option is in-the-money if the settlement price of the underlying futures contract is less in the case of a put, or greater in the case of a call than the exercise price for the option.

Average(SM) Index futures contracts shall be determined by the Board. On the last day of trading in an expiring option the closing time for such option shall be the same as the underlying futures contract, subject to the provisions of the second paragraph of Rule 1007.00. On the last day of trading in an expiring option, the expiring CBOT Dow Jones Industrial Average(SM) Index futures options shall be closed with a public call, made strike price by strike price, conducted by such persons as the Regulatory Compliance Committee shall direct. CBOT Dow Jones Industrial Average(SM) Index futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (11/01/97)

4411.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

4412.01 Margin Requirements - (See Regulation 431.05) (11/07/97)

4413.01 Last Day of Trading - For options expiring on the quarterly cycle, trading shall terminate at the same date and time as the underlying futures contract. For options that expire in months other than those in the quarterly cycle, options trading shall terminate on the third Friday of the option contract month, at the end of the regular trading session. If that day is not an Exchange business day, options trading shall terminate on the first preceding business day. (11/01/97)

4414.01 Option Premium Fluctuation Limits - Option premium limits for the CBOT Dow Jones Industrial Average(SM) Index futures options shall correspond to the daily trading limit in effect at that time for the underlying futures contract as specified in Regulation 1008.01F. There shall be no trading in any option contract during a period in which trading in the underlying future is halted as specified in Regulation 1008.01F. On the first day of trading, limits shall be set from the lowest premium of the opening range. (11/01/97)

4414.02 Trading Halts on e-cbot - There shall be no trading in any option contract during e-cbot trading hours when the CBOT Dow Jones Industrial Average(SM) Index primary futures contract is limit bid or limit offered at the e-cbot price limit. (09/01/00)

4415.01 Disclaimer -

CBOT Dow Jones Industrial Average(SM) Index futures and futures options are not sponsored, endorsed, sold or promoted by Dow Jones. Dow Jones makes no representation or warranty, express or implied, to the owners of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts or any member of the public regarding the advisability of trading in CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts. Dow Jones' only relationship to the Exchange is the licensing of certain trademarks and trade names of Dow Jones and of the Dow Jones Industrial Average(SM) which is determined, composed and calculated by Dow Jones without regard to the Chicago Board of Trade or CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts. Dow Jones has no obligation to take the needs of the Chicago Board of Trade or the owners of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts into consideration in determining, composing or calculating the Dow Jones Industrial Average(SM). Dow Jones is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts to be listed or in the determination or calculation of the equation by which CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts are to be converted into cash. Dow Jones has no obligation or liability in connection with the administration, marketing or trading of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts.

DOW JONES DOES NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES INDUSTRIAL AVERAGE(SM) OR ANY DATA INCLUDED THEREIN AND DOW JONES SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. DOW JONES MAKES NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIMS ALL WARRANTIES, OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE DOW JONES INDUSTRIAL AVERAGE(SM) OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF

THE FOREGOING, IN NO EVENT SHALL DOW JONES HAVE ANY LIABILITY FOR ANY LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN DOW JONES AND THE CHICAGO BOARD OF TRADE. (11/01/97)

Chapter 45
Long Term Fannie Mae(R)Benchmark Notes(SM) and Freddie Mac Reference Notes(SM)
(6 Years 6 Months - 10 Years 3 Months)

Chapter 45
Long Term Fannie Mae(R)Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) (6 Years 6 Month - 10 Years 3 Months)

*Note: These contracts are listed for trading by the Chicago Board of Trade pursuant to Commodity Futures Trading Commission exchange certification procedures.

Ch45 Trading Conditions

4501.00 Authority - (See Rule 1701.00) (04/01/00)

4502.01 Application of Regulation - Futures transactions in Long Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in Long Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes. Long Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes are listed for trading by the Association pursuant to Commodity Futures Trading Commission exchange certification procedures. (02/01/01)

4503.01 Emergencies, Acts of God, Acts of Government - If the delivery or acceptance or any precondition or requirement of either is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. For example, and without limiting the Board's power, it may extend delivery dates and designate alternative delivery points in the event of conditions interfering with the normal operations of approved facilities.

In the event the Board determines that there exists a shortage of deliverable Fannie Mae Benchmark Notes and/or Freddie Mac Reference Notes, it may, upon a two-thirds vote under Rule 180.00, take such action as may be in the Board's sole discretion appear necessary to prevent, correct or alleviate the condition. Without limiting the foregoing or the authority of the Board under Rule 180.00, the Board may:

(1) designate as deliverable, callable Fannie Mae Benchmark Notes and Bonds, and/or Freddie Mac Reference Notes and Bonds otherwise meeting the specifications and requirements stated in this chapter;

(2) designate as deliverable one or more issues of Fannie Mae Benchmark Notes and Freddie Mac Reference Notes and/or Fannie Mae Benchmark Bonds and Freddie Mac Reference Bonds having maturities shorter than six and one-half years, or longer than ten years three months and otherwise meeting the specifications and requirements stated in this chapter; and/or

(3) determine a cash settlement based on the current cash value of an 6% coupon rate, six and one-half years to ten years three months Fannie Mae Benchmark Note and/or Freddie Mac Reference Note, as determined by using the current market yield curve for Fannie Mae Benchmark Notes and Freddie Mac Reference Notes on the last day of trading. (04/01/00)

4504.01 Unit of Trading - The unit of trading shall be Fannie Mae Benchmark Notes or Freddie Mac Reference Notes having a face value at maturity of one hundred thousand dollars ($100,000) or multiples thereof. (04/01/00)

4505.01 Months Traded In - Trading in Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures may be scheduled in such months as determined by the Exchange. (04/01/00)

4506.01 Price Basis - Minimum price fluctuations shall be in multiples of one-half of one thirty-second (1/32) point per 100 points ($15.625 rounded up to the nearest 1(cent) per contract) except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one thirty-second point per 100 points ($7.8125 per contract). Par shall be on the basis of 100 points. Contracts shall not be made on any other price basis. (02/01/01)

4507.01 Hours of Trading - The hours of trading for future delivery in Long Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 12:00 noon (Chicago time), subject to the provisions of the second paragraph of Rule 1007.00.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Regulatory Compliance Committee shall direct. (04/01/00)

4509.01 Last Day of Trading - No trades in Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures deliverable in the current month shall be made during the last seven business days of that month and any contracts remaining open must be settled by delivery or as provided in Regulation 4509.02 after trading in such contracts has ceased. (04/01/00)

4509.02 Liquidation in the Last Seven Days of Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased in accordance with Regulation 4509.01 of this chapter, outstanding contracts may be liquidated by the delivery of book-entry Fannie Mae Benchmark Notes or Freddie Mac Reference Notes (Regulation 4542.01) or by mutual agreement by means of a bona fide exchange of such current futures for actual Fannie Mae Benchmark Notes or Bonds and/or Freddie Mac Reference Notes or Bonds or comparable instruments. Such exchange must, in any event, be made no later than the fifth business day immediately preceding the last business day of the delivery month. (04/01/00)

4510.01 Margin Requirements - (See Regulation 431.03) (04/01/00)

4512.01 Position Limits and Reportable Positions - (See Regulation 425.01) (04/01/00)

4513.01 All-Or-None Orders - The minimum threshold established for All-Or-None orders in Long- Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) futures and the Long-Term U.S. Treasury Note Futures/Long-Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) futures spreads is one hundred contracts. Such orders must be executed in accordance with Regulation 331.03. (07/01/00)

Ch45 Delivery Procedures

4536.01 Standards - The contract grade for delivery on futures contracts made under these regulations shall be non-callable Fannie Mae Benchmark Notes or non-callable Freddie Mac Reference Notes which have an original issue size of at least $3 billion and an original maturity of not more than ten years three months and which have a remaining maturity of not less than six years six months as defined below. All notes delivered against a contract must be of the same issue. For settlement, the time to maturity of a given issue is calculated in complete quarter year increments (e.g., 8 years, 10 months, 17 days is taken to be 8 years, 9 months) from the first day of the delivery month. The price at which a note with this time to maturity and with the same coupon rate as this issue will yield 6%, according to bond tables prepared by the Financial Publishing Co. of Boston, Mass., is multiplied by the settlement price to arrive at the amount at which the short invoices the long.

Fannie Mae Benchmark Notes and Freddie Mac Reference Notes deliverable against futures contracts under these regulations must have semi-annual fixed coupon payments.

Interest accrued on the notes shall be charged to the long by the short on the basis of a 360-day year consisting of 12 30-day months.

New issues of Fannie Mae Benchmark Notes and Freddie Mac Reference Notes which satisfy the standards in this regulation shall be added to the deliverable grade as they are issued. To be eligible for delivery in the current month, the newly issued notes must have been issued and settled at least three business days before the first eligible day for delivery (see 4542.01).

If during the issuance of notes Fannie Mae or Freddie Mac re-opens an existing issue, thus rendering the existing issue indistinguishable from the newly issued one, the older issue would be deliverable if it meets the following standards. The reopening must have an original issue size of at least $3 billion, and meet the maturity standards of this chapter at the time of the reopening.

The Exchange reserves the right to exclude any new issue from deliverable status or to further limit outstanding issues from deliverable status. (06/01/01)

4542.01 Deliveries of Futures Contracts - Deliveries against Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contracts shall be by book-entry transfer between accounts of Clearing Members at qualified banks (Regulation 4580.01) in accordance with Department of Housing and Urban Development Title 24 CFR Part 81. Delivery must be made no earlier than the first business day of the month and no later than the last business day of the month. Notice of intention to deliver shall be given to the Board of Trade Clearing Corporation by 8:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the second business day preceding delivery day. In the event the long Clearing Member does not agree with the terms of the invoice received from the short Clearing Member, the long Clearing Member must notify the short Clearing Member, and the dispute must be settled by 9:30 a.m. (Chicago time) on delivery day. The short Clearing Member must have contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes in place at his bank in acceptable (to his bank) delivery form no later than 10:00 a.m. (Chicago time) on delivery day. The short Clearing Member must notify his bank (Regulation 4580.01) to transfer contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes by book-entry to the long Clearing Member's account at the long Clearing Member's bank on a delivery versus payment basis. That is, payment shall not be made until the notes are delivered. On delivery day, the long Clearing Member must make funds available by 7:30 a.m. (Chicago time) and notify his bank (Regulation 4580.01) to accept contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes and to remit federal funds to the short Clearing Member's account at the short Clearing Member's bank (Regulation 4580.01) in payment for delivery of the notes. Contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes must be transferred and payment must be made before 1:00 p.m. (Chicago time) on delivery day. All deliveries must be assigned by the Clearing Corporation. Where a commission house as a member of the Clearing Corporation has an interest both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it received from its customers who are

short. (04/01/00)

4542.02 Wire Failure - In the event that delivery cannot be accomplished because of a failure of the Federal Reserve wire or because of a failure of either the long Clearing Member's bank or the short Clearing Member's bank access to the Federal Reserve wire, delivery shall be made before 9:30 a.m. (Chicago time) on the next business day on which the Federal Reserve wire is operable. Interest shall accrue to the long paid by the short beginning on the day at which the notes were to be originally delivered.

In the event of such failure, both the long and short must provide documented evidence that the instructions were given to their respective banks in accordance with Regulations 4542.01 and 4549.04 and that all other provisions of Regulations 4542.01 and 4549.04 have been complied with. (04/01/00)

4546.01 Date of Delivery - Delivery of Long Term Fannie Mae Benchmark Notes or Freddie Mac Reference Notes may be made by the short upon any permissible delivery day of the delivery month the short may select. Delivery of Long Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes must be made no later than the last business day of that month. (04/01/00)

4547.01 Delivery Notices - (See Regulation 1047.01) (04/01/00)

4548.01 Method of Delivery - (See Regulation 1048.01) (04/01/00)

4549.00 Time of Delivery, Payment, Form of Delivery Notice - (See Rule 1049.00) (04/01/00)

4549.02 Buyer's Report of Eligibility to Receive Delivery - (See Regulation 1049.02) (04/01/00)

4549.03 Seller's Invoice to Buyers - Upon determining the buyers obligated to accept deliveries tendered by issuers of delivery notices, the Clearing House shall promptly furnish each issuer the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing House to each such buyer. Thereupon, sellers (issuers of delivery notices) shall prepare invoices addressed to their assigned buyers describing the documents to be delivered to each such buyer. Such invoices shall show the amount which buyers must pay to sellers in settlement of the actual deliveries, based on the delivery prices established by the Clearing House, and adjusted for applicable interest payments. Such invoices shall be delivered to the Clearing House by 2:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the day of intention except on the last intention day of the month, where such invoices shall be delivered to the Clearing House by 3:00 p.m. (Chicago time), or by such other time designated by the Board of Directors. Upon receipt of such invoices, the Clearing House shall promptly make them available to buyers to whom they are addressed, by placing them in buyers' mail boxes provided for that purpose in the Clearing House. (04/01/00)

4549.04 Payment - Payment shall be made in federal funds. The long obligated to take delivery must take delivery and make payment before 1:00 p.m. (Chicago time) on the day of delivery, except on banking holidays when delivery must be taken and payment made before 9:30 a.m. (Chicago time) the next business day. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in accordance with its by-laws and resolutions. (04/01/00)

4549.05 Buyers Banking Notification - The long Clearing Member shall provide the short Clearing member by 4:00 p.m. (Chicago time) on the day of intention, one business day prior to delivery day, with a Banking Notification. The Banking Notification form will include the following information: the identification number and name of the long Clearing Member; the delivery date; the notification number of the delivery assignment; the identification number and name of the short Clearing Member making delivery; the quantity of the contract being delivered; the long Clearing Member's bank, account number and specific Federal Wire instructions for the transfer of Fannie Mae Benchmark Notes or Freddie Mac Reference Notes. (04/01/00)

4550.00 Duties of Members - (See Rule 1050.00) (04/01/00)

Delivery Procedures

4551.01 Office Deliveries Prohibited - (See Regulation 1051.01) (04/01/00)

4554.00 Failure to Accept Delivery - (See Rule 1054.00) (04/01/00)

Ch45 Regularity of Banks

4580.01 Banks - For purposes of these regulations relating to trading in Long Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes, the word "Bank" (Regulation 4542.01) shall mean a U.S. commercial bank (either Federal or State charter) that is a member of the Federal Reserve System and with capital (capital, surplus and undivided earnings) in excess of one hundred million dollars ($100,000,000). (04/01/00)

Chapter 46A (Standard Options)
Long Term Fannie Mae(R)Benchmark Note(SM) and Freddie Mac Reference Note(SM)
Futures Options

*Note: These contacts are listed for trading by the Chicago Board of Trade pursuant to Commodity Futures Trading Commission exchange certification procedures.

Ch46A Trading Conditions

A46601.00 Authority - (See Rule 2801.00) (04/01/00)

A4601.01 Application of Regulations - Transactions in put and call options on Long Term Fannie Mae(R) Benchmark Note(SM) and Freddie Mac Reference Note(SM) futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contracts. (See Rule 490.00.) Options on Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures are listed for trading pursuant to Commodity Futures Trading Commission exchange certification procedures. (02/01/01)

A4602.01 Nature of Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note Futures Put Options - - The buyer of one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures put option may exercise his option at any time prior to expiration (subject to Regulation A4607.01), to assume a short position in one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures put option incurs the obligation of assuming a long position in one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (04/01/00)

A4602.02 Nature of Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note Futures Call Options - The buyer of one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures call option may exercise his option at any time prior to expiration (subject to Regulation A4607.01), to assume a long position in one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures call option incurs the obligation of assuming a short position in one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (04/01/00)

A4603.01 Trading Unit - One (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month on the Chicago Board of Trade. (04/01/00)

A4604.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one (1) point per Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract. At the commencement of trading for such option contracts, the following strike prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract, the next fifteen consecutive higher and the next fifteen consecutive lower striking prices closest to the previous day's settlement price; and all strike prices listed for all other option

contract months listed at that time. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. When a sale in the underlying Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract occurs at a price greater than or equal to the fifteenth largest striking price, a new striking price one increment higher than the existing striking prices will be added. When a sale in the underlying Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract occurs at a price less than or equal to the fifteenth smallest striking price, a new striking price one increment lower than the existing striking prices will be added. When a new strike price is added for an option contract month, the same strike price will be added to all options contract months or which that strike price is not already listed. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (04/01/00)

A4605.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (04/01/00)

A4606.01 Option Premium Basis - The premium for Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options shall be in multiples of one sixty-fourth (1/64) of one point ($1,000) of a Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract which shall equal $15.63 per 1/64 and $1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract

If options are quoted in volatility terms, the minimum price fluctuation shall be .10 percent (e.g., 10.0%, 10.1%, 10.2%, etc.). (04/01/00)

A4607.01 Exercise of Option - The buyer of a Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. (Chicago time) on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions; and

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. (Chicago time) on the last day of trading. (04/01/00)

A4607.02 Automatic Exercise - Notwithstanding the provisions of Regulation 4607.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. (Chicago time) on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions; and

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. (Chicago time) on the last day of trading. (04/01/00)

A4608.01 Expiration of Option - Unexercised Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options shall expire at 10:00 a.m. (Chicago time) on the first Saturday following the last day of trading. (04/01/00)

A4609.01 Months Traded In - Trading in Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options may be scheduled in such months as determined by the Exchange. For options that are traded in months in which Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the October or November option contract is the December futures contract. (04/01/00)

A4610.01 Trading Hours - The hours of trading of options on Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such option shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract, subject to the provisions of the second paragraph of Rule 1007.00. Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (04/01/00)

A4611.01 Position Limits and Reportable Positions - (See Regulation 495.01) (04/01/00)

A4612.01 Margin Requirements - (See Regulation 431.05) (04/01/00)

A4613.01 Last Day of Trading - No trades in Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures put and call options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract on the last Friday which precedes by at least two business days the last business day of the month preceding the option month. If such Friday is not a business day, or there is a Friday which is not a business day which precedes by one business day the last business day of the month preceding the option month, the last day of trading will be the business day prior to such Friday. (07/01/01)

Chapter 49
10-Year Interest Rate Swap Futures

Chapter 49
10-Year Interest Rate Swap Futures

Ch49 Trading Conditions

4901.01 Authority - Trading in 10-Year Interest Rate Swap futures may be conducted under such terms and conditions as may be prescribed by regulation. (11/01/01)

4902.01 Application of Regulations - Transactions in 10-Year Interest Rate Swap futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in 10-Year Interest Rate Swap futures contracts. 10-Year Interest Rate Swap futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (11/01/01)

4904.01 Unit of Trading - The unit of trading shall be the notional price of the fixed-rate side of a 10-year interest rate swap that has notional principal equal to $100,000, and that exchanges semiannual interest payments at a fixed rate of 6% per annum, measured according to a 30/360 daycount convention, for floating interest rate payments, based on the 3-month London interbank offered rate (hereafter, LIBOR) and measured according to an actual/360 daycount convention, and that otherwise conforms to the terms prescribed by the International Swap and Derivatives Association, Inc. (hereafter, ISDA) for the purpose of computing the daily fixing of ISDA Benchmark Rates for U.S. dollar interest rate swaps. (06/01/02)

4905.01 Months Traded In - Trading in 10-Year Interest Rate Swap futures may be scheduled in such months as determined by the Exchange. (11/01/01)

4906.01 Price Basis - The price of 10-Year Interest Rate Swap futures contracts shall be quoted in points. One point equals $1,000.00. The minimum price fluctuation shall be one thirty-second (1/32) of one point or thirty-one dollars and twenty-five cents ($31.25) per contract except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one thirty-second point per 100 points ($7.8125 per contract. Contracts shall not be made on any other price basis. (04/01/02)

4907.01 Hours of Trading - The hours of trading in 10-Year Interest Rate Swap futures shall be determined by the Board. Trading in an expiring 10-Year Interest Rate Swap futures contract shall cease at 11:00 a.m. New York time on the last trading day of said futures contract, subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. That is, on the last day of trading in an expiring future, a bell shall be rung at 11:00 a.m. New York time designating the beginning of the close of the expiring future. Trading shall be permitted thereafter for a period not to exceed one minute, and quotations made during this time shall constitute the close. Following the above-described closing procedure, the Modified Closing Call will be conducted in accordance with Regulation 1007.02. The market shall be opened and closed for all months simultaneously or in such other manner as the Regulatory Compliance Committee shall direct. (06/01/02)

4909.01 Last Day of Trading - The last trading day of a 10-Year Interest Rate Swap futures contracts shall be the second London business day before the third Wednesday of the contract's delivery month. (11/01/01)

4909.02 Liquidation During the Delivery Month - After trading has ceased in contracts for future delivery in the current delivery month (in accordance with Regulation 4909.01 of this chapter), outstanding contracts shall be liquidated by cash settlement as prescribed in Regulation 4942.01. (11/01/01)

4910.01 Margin Requirements - (See Regulation 431.03). (11/01/01)

4912.01 Position Limits and Reportable Positions - (See Regulation 425.01). (11/01/01)

4936.01 Standards - The contract grade shall be the final settlement price of the unit of trading (as defined in Regulation 4904.01 of this chapter) on the last day of trading (as defined in Regulation 4909.01 of this chapter).

The final settlement price shall be based upon the ISDA Benchmark Rate** for a 10-year U.S. dollar interest rate swap for the last day of trading, as published on the last day of trading on Reuters page ISDAFIX1 (or other Reuters page as shall be designated by ISDA for the purpose of publishing and disseminating ISDA Benchmark Rates for U.S. Dollar interest rate swaps). Determination of the final settlement price on the basis of said ISDA Benchmark Rate shall be as prescribed in Regulation 4942.01 of this chapter.

Hereafter in this chapter, the ISDA Benchmark Rate for a 10-year U.S. dollar interest rate swap shall be referenced as "the ISDA Benchmark," and ISDAFIX1 (or other Reuters page as shall be designated by ISDA for the purpose of publishing and disseminating ISDA Benchmark Rates for U.S. dollar interest rate swaps) shall be referenced as "Reuters".

If Reuters fails to report the ISDA Benchmark for the last day of trading on the last day of trading, then the final settlement price shall be based upon the ISDA Benchmark for the next available business day to be reported by Reuters. (06/01/02)

4942.01 Delivery on Futures Contracts - Delivery against 10-Year Interest Rate Swap futures contracts shall be made by cash settlement through the Clearing House following normal variation margin procedures. Generally, final settlement value (defined below) shall be calculated on the last day of trading after Reuters has published the ISDA Benchmark for the last day of trading. Generally, such publications will occur at 11:30 a.m. New York time on the last day of trading. For exceptions to this, see 4936.01.

The final settlement value shall be determined as follows:

$$\text{Final Settlement Value} = \$100{,}000 * [6/r + (1-6/r)*(1 + 0.01*r/2)/-20/]$$

where r represents the ISDA Benchmark for the last day of trading, expressed in percent terms. For example, if the ISDA Benchmark for the last day of trading is five and one quarter percent, then r is equal to 5.25.

The final settlement price shall be the final settlement value, so determined, rounded to the nearest one quarter of one thirty-second of a price point.

Example: Suppose the ISDA Benchmark on the last day of trading is 5.50. The final settlement value will be $103,806.81. To render this in terms of price points and quarters of thirty-seconds of price points, note that it is between 103-25.75/32nds and 103-26/32nds (where each price point equals $1,000) --

103-26/32nds	=	$ 103,812.50
Final settlement value	=	$ 103,806.81
103-25.75/32nds	=	$103,804.6875

The final settlement value is nearer to 103-25.75/32nds. Thus, the final settlement price is obtained by rounding down to 103-25.75/32nds.

In the event that the final settlement value is at the exact midpoint between any two adjacent quarters of one thirty-second of a price point, the final settlement price will be obtained by rounding up to the nearest one quarter of a thirty-second of a price point. (06/01/02)

4947.01 Payment - (See Regulation 1049.04) (11/01/01)

- ----------

Chapter 51

5-Year Interest Rate Swap Futures

Chapter 51
5-Year Interest Rate Swap Futures

Ch51 Trading Conditions

5101.01 Authority - Trading in 5-Year Interest Rate Swap futures may be conducted under such terms and conditions as may be prescribed by regulation. (07/01/02)

5102.01 Application of Regulations - Transactions in 5-Year Interest Rate Swap futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in 5-Year Interest Rate Swap futures contracts. 5-Year Interest Rate Swap futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (07/01/02)

5104.01 Unit of Trading - The unit of trading shall be the notional price of the fixed-rate side of a 5-year interest rate swap that has notional principal equal to $100,000, and that exchanges semiannual interest payments at a fixed rate of 6% per annum, measured according to a 30/360 daycount convention, for floating interest rate payments, based on the 3-month London interbank offered rate (hereafter, LIBOR) and measured according to an actual/360 daycount convention, and that otherwise conforms to the terms prescribed by the International Swap and Derivatives Association, Inc. (hereafter, ISDA) for the purpose of computing the daily fixing of ISDA Benchmark Rates for U.S. dollar interest rate swaps. (07/01/02)

5105.01 Months Traded In - Trading in 5-Year Interest Rate Swap futures may be scheduled in such months as determined by the Exchange. (07/01/02)

5106.01 Price Basis - The price of 5-Year Interest Rate Swap futures contracts shall be quoted in points. One point equals $1,000.00. The minimum price fluctuation shall be one thirty-second (1/32) of one point or thirty-one dollars and twenty-five cents ($31.25) per contract, except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one thirty-second point per 100 points ($7.8125) per contract. Contracts shall not be made on any other price basis. (07/01/02)

5107.01 Hours of Trading - The hours of trading in 5-Year Interest Rate Swap futures shall be determined by the Board.

Trading in an expiring 5-Year Interest Rate Swap futures contract shall cease at 11:00 a.m. New York time on the last trading day of said futures contract, subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. That is, on the last day of trading in an expiring future, a bell shall be rung at 11:00 a.m. New York time designating the beginning of the close of the expiring future. Trading shall be permitted thereafter for a period not to exceed one minute, and quotations made during this time shall constitute the close. Following the above-described closing procedure, the Modified Closing Call will be conducted in accordance with Regulation 1007.02.

The market shall be opened and closed for all months simultaneously or in such other manner as the Regulatory Compliance Committee shall direct. (07/01/02)

5109.01 Last Day of Trading - The last trading day of a 5-Year Interest Rate Swap futures contract shall be the second London business day before the third Wednesday of the contract's delivery month. (07/01/02)

5109.02 Liquidation During the Delivery Month - After trading has ceased in contracts for future delivery in the current delivery month (in accordance with Regulation 5109.01 of this chapter), outstanding contracts shall be liquidated by cash settlement as prescribed in Regulation 5142.01. (07/01/02)

5110.01 Margin Requirements - (See Regulation 431.03). (07/01/02)

5112.01 Position Limits and Reportable Positions - (See Regulation 425.01). (07/01/02)

Ch51 Delivery Procedures

5136.01 Standards - The contract grade shall be the final settlement price of the unit of trading (as defined in Regulation 5104.01 of this chapter) on the last day of trading (as defined in Regulation 5109.01 of this chapter).

The final settlement price shall be based upon the ISDA Benchmark Rate** for a 5-year U.S. dollar interest rate swap for the last day of trading, as published on the last day of trading on Reuters page ISDAFIX1 (or other Reuters page as shall be designated by ISDA for the purpose of publishing and disseminating ISDA Benchmark Rates for U.S. Dollar interest rate swaps). Determination of the final settlement price on the basis of said ISDA Benchmark Rate shall be as prescribed in Regulation 5142.01 of this chapter.

Hereafter in this chapter, the ISDA Benchmark Rate for a 5-year U.S. dollar interest rate swap shall be referenced as the "the ISDA Benchmark," and ISDAFIX1 (or other Reuters page as shall be designated by ISDA for the purpose of publishing and disseminating ISDA Benchmark Rates for U.S. dollar interest rate swaps) shall be referenced as "Reuters".

If Reuters fails to report the ISDA Benchmark for the last day of trading on the last day of trading, then the final settlement price shall be based upon the ISDA Benchmark for the next available business day to be reported by Reuters. (07/01/02)

5142.01 Delivery on Futures Contracts - Delivery against 5-Year Interest Rate Swap futures contracts shall be made by cash settlement through the Clearing House following normal variation margin procedures. Generally, final settlement value (defined below) shall be calculated on the last day of trading after Reuters has published the ISDA Benchmark** for the last day of trading. Generally, such publications will occur at 11:30 a.m. New York time on the last day of trading. For exceptions to this, see 5136.01.

The final settlement value shall be determined as follows:

$$\text{Final Settlement Value} = \$100{,}000 * [\ 6/r + (\ 1-6/r)*(1 + 0.01*r/2)^{-10}\ ]$$

where r represents the ISDA Benchmark for the last day of trading, expressed in percent terms. For example, if the ISDA Benchmark for the last day of trading is five and one quarter percent, then r is equal to 5.250.

The final settlement price shall be the final settlement value, so determined, rounded to the nearest one quarter of one thirty-second of a price point.

Example: Suppose the ISDA Benchmark on the last day of trading is 5.500. The final settlement value will be $102,160.02. To render this in terms of price points and quarters of thirty-seconds of price points, note that it is between 102-05/32nds and 102-05.25/32nds (where each price point equals $1,000) --

102-05.25/32nds	$102,164.0625
Final settlement value	$ 102,160.02
102-05/32nds	$ 102,156.25

The final settlement value is nearer to 102-05/32nds. Thus, the contract expiration price is obtained by rounding down to 102-05/32nds.

In the event that the final settlement value is at the exact midpoint between any two adjacent quarters of one thirty-second of a price point, the final settlement price will be obtained by rounding up to the nearest one quarter of a thirty-second of a price point. (07/01/02)

5147.01 Payment - (See Regulation 1049.04) (07/01/02)

** ISDA Benchmark mid-market par swap rates collected at 11:00 a.m. by Reuters Limited and Garban Intercapital plc and published on Reuters page ISDAFIX1. Source: Reuters Limited.

Chapter 53
CBOT(R) mini-sized Dow/SM/ Futures ($5 Multiplier)

Chapter 53
CBOT(R) mini-sized DowSM Futures ($5 Multiplier)/1/

Note: These contracts are listed for trading by the Chicago Board of Trade pursuant to Commodity Futures Trading Commission exchange certification procedures.

Ch53 Trading Conditions

5301.01 Authority - Trading in CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) may be conducted under such terms and conditions as may be prescribed by regulation. (04/01/02)

5302.01 Application of Regulation - Futures transactions in CBOT(R) mini-sized Dow/SM/ ($5 multiplier) contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in CBOT(R) mini-sized Dow/SM/ ($5 multiplier) contracts. CBOT(R) mini-sized Dow/SM/ ($5 multiplier) futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (04/01/02)

5303.01 Emergencies, Acts of God, Acts of Government - If the delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. (04/01/02)

5304.01 Unit of Trading -- The unit of trading shall be $5.00 times the Dow Jones Industrial Average/SM/. The Dow Jones Industrial Average/SM/ is a price-weighted index of 30 of the largest and most liquid U.S. stocks. (04/01/02)

5305.01 Months Traded In - The months listed for trading are March, June, September and December, at the discretion of the Exchange. (04/01/02)

5306.01 Price Basis - The price of CBOT(R) mini-sized Dow/SM/ ($5 multiplier) futures shall be quoted in index points. One index point is worth $5.00. The minimum price fluctuation shall be one point per contract ($5.00). Contracts shall not be made on any other price basis. (04/01/02)

5307.01 Hours of Trading - The hours of trading for future delivery in CBOT(R) mini-sized Dow/SM/ futures ($5.00 multiplier) shall be determined by the Board.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Exchange shall direct. (04/01/02)

5308.01 Price Limits and Trading Halts - (See Regulation 1008.01.) (04/01/02)

5309.01 Last Day of Trading - The last day of trading in CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts deliverable in the current delivery month shall be the trading day immediately preceding the final settlement day (as described in Regulation 5342.03). (04/01/02)

5309.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 5309.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 5342.01. (04/01/02)

/1/ "Dow Jones/SM/", "The Dow/SM/", Dow Jones Industrial Average/SM/" and "DJIA/SM/" are service marks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by the Board of Trade of the City of Chicago, Inc. ("CBOT(R)"). The CBOT's futures and futures option contracts based on the Dow Jones Industrial Average/SM/ are not sponsored, endorsed, sold or promoted by Dow Jones/SM/, and Dow Jones/SM/ makes no representation regarding the advisability of trading in such products.

5310.01 Margin Requirements - (See Regulation 431.03.) (04/01/02)

5312.01 Position Limits and Reportable Positions - (See Regulation 425.01.) (04/01/02)

Ch 53 Delivery Procedures

5336.01 Standards - The contract grade shall be the final settlement price (as described in Regulation 5342.02) of the CBOT(R) mini-sized Dow/SM/ ($5 multiplier) on final settlement day (as described in Regulation 5342.03). (04/01/02)

5342.01 Delivery on Futures Contracts - Delivery against the CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contract must be made through the Clearing Corporation. Delivery under these regulations shall be on the final settlement day (as described in regulation 5342.03) and shall be accomplished by cash settlement as hereinafter provided.

Clearing members holding open positions in a CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contract at the time of termination of trading shall make payment to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Regulation 5342.02). (04/01/02)

5342.02 Final Settlement Price - The final settlement price shall be determined on the final settlement day. The final settlement price shall be $5 times a Special Open Quotation (SOQ) of the Dow Jones Industrial Average/SM/ based on the opening prices of the component stocks in the index, or on the last sale price of a stock that does not open for trading on the regularly scheduled day of final settlement (as described in Regulation 5342.03).

If the designated primary market for a component stock does not open on the day scheduled for the determination of the final settlement price, then the final settlement price shall be based on the next opening price for the component stock.

If a component stock does not trade on the day scheduled for determination of the final settlement price while the primary market for the stock is open for trading, the last sale price of the stock will be used to calculate the final settlement price. (04/01/02)

5342.03 The Final Settlement Day - The final settlement day shall be defined as the third Friday of the contract month, or if the Dow Jones Industrial Average/SM/ is not scheduled to be published for that day, the first preceding business day for which the Dow Jones Industrial Average/SM/ is scheduled to be published. (04/01/02)

5347.01 Payment - (See Regulation 1049.04.) (04/01/02)

5348.01 Disclaimer -

CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) are not sponsored, endorsed, sold or promoted by Dow Jones. Dow Jones makes no representation or warranty, express or implied, to the owners of CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts or any member of the public regarding the advisability of trading in CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts. Dow Jones' only relationship to the Exchange is the licensing of certain trademarks and trade names of Dow Jones and of the Dow Jones Industrial Average/SM/ which is determined, composed and calculated by Dow Jones without regard to the Chicago Board of Trade or CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts. Dow Jones has no obligation to take the needs of the Chicago Board of Trade or the owners of CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts into consideration in determining, composing or calculating the Dow Jones Industrial Average/SM/. Dow Jones is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts to be listed or in the determination or calculation of the equation by which CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts are to be converted into cash. Dow Jones has no obligation or liability in connection with the administration, marketing or trading of CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts.

DOW JONES DOES NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN AND DOW JONES SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. DOW JONES MAKES NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CHICAGO BOARD OF TRADE, OWNERS OF CBOT(R) mini-sized DOW/SM/ FUTURES ($5 MULTIPLIER) CONTRACTS, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN. DOW JONES MAKES NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL DOW JONES HAVE ANY LIABILITY FOR ANY LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. CBOT(R) mini-sized Dow(SM)Futures/1/ ($2 multiplier)

==========
- ----------
Note: These contracts are listed for trading by the Chicago Board of Trade pursuant to Commodity Futures Trading Commission exchange certification procedures.

Ch 54 Trading Conditions

5401.01 Authority - Trading in CBOT mini-sized Dow(SM) futures ($2 multiplier) may be conducted under such terms and conditions as may be prescribed by regulation. (04/01/02)

5402.01 Application of Regulations - Futures transactions in CBOT mini-sized Dow(SM) ($2 multiplier) contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in CBOT mini-sized Dow(SM) ($2 multiplier) contracts. CBOT mini-sized Dow(SM) ($2 multiplier) futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (04/01/02)

5403.01 Emergencies, Acts of God, Acts of Government - If delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. (10/01/01)

5404.01 Unit of Trading - The unit of trading shall be $2.00 times the Dow Jones Industrial Average(SM). The Dow Jones Industrial Average(SM) is a price-weighted index of 30 of the largest and most liquid U.S. stocks. (10/01/01)

5405.01 Months Traded In - The months listed for trading are March, June, September and December, at the discretion of the Exchange. (10/01/01)

5406.01 Price Basis - The price of the CBOT mini-sized Dow(SM) futures ($2 multiplier) shall bequoted in index points. One index point is worth $2.00. The minimum price fluctuation shall be one point per contract ($2.00). Contracts shall not be made on any other price basis. (04/01/02)

5407.01 Hours of Trading - The hours of trading for future delivery in CBOT mini-sized Dow(SM) futures ($2 multiplier) shall be determined by the Board.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Exchange shall direct. (04/01/02)

5408.01 Price Limits and Trading Halts - (See Regulation 1008.01) (10/01/01)

5409.01 Last Day of Trading - The last day of trading in CBOT mini-sized Dow(SM) futures ($2 multiplier) contracts deliverable in the current delivery month shall be the trading day immediately preceding the final settlement day (as described in Regulation 5442.03). (04/01/02)

5409.02 Liquidation During The Delivery Month - After trading in contracts for future delivery in
- ----------

/1/"Dow Jones(SM)", "The Dow(SM)", Dow Jones Industrial Average(SM) " and "DJIA(SM)" are service marks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by the Board of Trade of the City of Chicago, Inc. ("CBOT/R/"). The CBOT'S futures and futures option contracts based on the Dow Jones Industrial Average(SM) are not sponsored, endorsed, sold or promoted by Dow Jones(SM), and Dow Jones(SM) makes no representation regarding the advisability of trading in such products.

the current delivery month has ceased, in accordance with Regulation 5409.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 5442.01. (10/01/01)

5410.01 Margin Requirements - (See Regulation 431.03) (10/01/01)

5412.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/01)

CH 54 DELIVERY PROCEDURES

5436.01 STANDARDS - The contract grade shall be the final settlement price (as described in Regulation 5442.02) of the CBOT mini-sized Dow/SM/ ($2 multiplier) on final settlement day (as described in Regulation 5442.03). (04/01/02)

5442.01 DELIVERY ON FUTURES CONTRACTS - Delivery against the CBOT mini-sized Dow/SM/ futures ($2 multiplier) contract must be made through the Clearing Corporation. Delivery under these regulations shall be on the final settlement day (as described in regulation 5442.03) and shall be accomplished by cash settlement as hereinafter provided.

Clearing members holding open positions in a CBOT mini-sized Dow/SM/ futures ($2 multiplier) contract at the time of termination of trading shall make payment to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Regulation 5442.02). (04/01/02)

5442.02 FINAL SETTLEMENT PRICE - The final settlement price shall be determined on the final settlement day. The final settlement price shall be $2 times a Special Open Quotation (SOQ) of the Dow Jones Industrial Average/SM/ based on the opening prices of the component stocks in the index, or on the last sale price of a stock that does not open for trading on the regularly scheduled day of final settlement (as described in Regulation 5442.03).

If the designated primary market for a component stock does not open on the day scheduled for the determination of the final settlement price, then the final settlement price shall be based on the next opening price for the component stock.

If a component stock does not trade on the day scheduled for determination of the final settlement price while the primary market for the stock is open for trading, the last sale price of the stock will be used to calculate the final settlement price. (10/01/01)

5442.03 THE FINAL SETTLEMENT DAY - The final settlement day shall be defined as the third Friday of the contract month, or if the Dow Jones Industrial Average/SM/ is not scheduled to be published for that day, the first preceding business day for which the Dow Jones Industrial AverageSM is scheduled to be published. (10/01/01)

5447.01 PAYMENT - (See Regulation 1049.04.) (10/01/01)

5448.01 DISCLAIMER -

CBOT mini-sized Dow/SM/ futures ($2 multiplier) are not sponsored, endorsed, sold or promoted by Dow Jones. Dow Jones makes no representation or warranty, express or implied, to the owners of CBOT mini-sized Dow/SM/ futures ($2 multiplier) contracts or any member of the public regarding the advisability of trading in CBOT mini-sized Dow/SM/ futures ($2 multiplier) contracts. Dow Jones' only relationship to the Exchange is the licensing of certain trademarks and trade names of Dow Jones and of the Dow Jones Industrial Average/SM/ which is determined, composed and calculated by Dow Jones without regard to the Chicago Board of Trade or CBOT mini-sized Dow/SM/ futures ($2 multiplier) contracts. Dow Jones has no obligation to take the needs of the Chicago Board of Trade or the owners of mini-sized Dow/SM/ futures ($2 multiplier) contracts into consideration in determining, composing or calculating the Dow Jones Industrial Average/SM/. Dow Jones is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of CBOT mini-sized Dow/SM/ futures ($2 multiplier) contracts to be listed or in the determination or calculation of the equation by which CBOT mini-sized Dow/SM/ futures ($2 multiplier) contracts are to be converted into cash. Dow Jones has no obligation or liability in connection with the administration, marketing or trading of the mini-sized Dow/SM/ futures ($2 multiplier) contracts.

DOW JONES DOES NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN AND DOW JONES SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. DOW JONES MAKES NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CHICAGO BOARD OF TRADE, OWNERS OF CBOT mini-sized DOW/SM/ FUTURES CONTRACTS, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN. Chapter 56
CBOT(R) Dow Jones-AIG Commodity Index(SM) Futures

Chapter 56
CBOT(R) Dow Jones-AIG Commodity Index(SM) Futures/1/

Ch56 Trading Conditions

5601.01 Authority - Trading in CBOT Dow Jones-AIG Commodity Index(SM) futures may be conducted under such terms and conditions as may be prescribed by Regulation. (11/01/01)

5602.01 Application of Regulations - Futures transactions in CBOT Dow Jones-AIG Commodity Index(SM) ("DJ-AIGCI(SM)") futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in CBOT Dow Jones-AIG Commodity Index(SM) futures. CBOT Dow Jones-AIG Commodity Index(SM) futures contracts are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (11/01/01)

5603.01 Emergencies, Acts of God, Acts of Government - If delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. (11/01/01)

5604.01 Unit of Trading - The unit of trading shall be $100.00 times the Dow Jones-AIG Commodity Index(SM) Futures Price Index which corresponds to each futures contract.

The Dow Jones-AIG Commodity Index(SM) (DJ-AIGCI(SM)) is a liquidity and world production, dollar-weighted, arithmetic average of prices of up to 23 exchange-traded physical commodity futures contracts which satisfy specified criteria. The futures price index is calculated as the fair value of the basket of futures contracts in the DJ-AIGCI(SM) for a specific contract month. The futures price index is identical to the calculation of the weighted average value (WAV1) of the lead futures in the DJ-AIGCI(SM) divided by two and rounded to one decimal place. The futures price index incorporates no rolling forward of futures contracts and is quoted only until the expiration of the corresponding DJ-AIGCI(SM) futures contract. For any January contract, the futures price index shall be determined using the prior year's DJ-AIGCI(SM) specifications. February through December contracts shall use the current year's DJ-AIGCI(SM) specifications. The DJ-AIGCI(SM) specifications criteria, calculation, and roll procedures are defined in the Dow Jones-AIG Commodity Index(SM) Handbook. (11/01/01)

5605.01 Months Traded In - The months listed for trading are January, February, April, June, August, October and December, at the discretion of the Exchange. (11/01/01)

5606.01 Price Basis - The price of the CBOT Dow Jones-AIG Commodity Index(SM) futures shall be quoted in points. One point equals $100.00. The minimum price fluctuation shall be 0.1 (1/10) points per contract ($10.00 per contract). Contracts shall not be made on any other price basis. (11/01/01)

5607.01 Hours of Trading - The hours of trading for future delivery in CBOT Dow Jones-AIG Commodity Index(SM) futures shall be determined by the Exchange.

The market shall be opened and closed for all months simultaneously, or in such other manner as the

The CBOT Dow Jones-AIG Commodity Index futures and futures options are not sponsored, endorsed or sold by Dow Jones, AIG, American International Group, or any of their respective subsidiaries or affiliates, and none of Dow Jones, AIG, American International Group, or any of their respective subsidiaries or affiliates, makes any representation regarding the advisability of investing in such product(s)."

Exchange shall direct. (11/01/01)

5608.01 Price Limits and Trading Halts - There are no price limits for CBOT Dow Jones-AIG Commodity Index(SM) futures. (11/01/01)

5609.01 Last Day of Trading - The last day of trading in CBOT Dow Jones-AIG Commodity Index(SM) futures contracts deliverable in the current delivery month shall be the eleventh business day of the contract month (as described in Regulation 5642.03). (11/01/01)

5609.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 5609.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 5642.01. (11/01/01)

5609.02 Margin Requirements - (See Regulation 431.03) (11/01/01)

5612.01 Position Limits and Reportable Positions - (See Regulation 425.01) (11/01/01)

5636.01 Standards - The contract grade shall be the final settlement price (as described in Regulation 5642.02) of the Dow Jones-AIG Futures Price Index on final settlement day (as described in Regulation 5642.03). (11/01/01)

5642.01 Delivery on Futures Contracts - Delivery against the CBOT Dow Jones-AIG Commodity Index(SM) futures contracts must be made through the Clearing Corporation. Delivery under these regulations shall be on the final settlement day (as described in regulation 5642.03) and shall be accomplished by cash settlement as hereinafter provided.

Clearing members holding open positions in a CBOT Dow Jones-AIG Commodity Index(SM) futures contract at the time of termination of trading shall make payment to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Regulation 5642.02). (11/01/01)

5642.02 Final Settlement Price - The final settlement price shall be based on a special quotation of the Dow Jones-AIG Futures Price Index which corresponds to the expiring contract as the close of business on the final settlement day (as described in Regulation 5642.03). This special quotation will consist of the Dow Jones-AIG Futures Price Index which corresponds to the expiring contract calculated using the settlement prices of the component futures on final settlement day, except as noted below.

If an exchange that a component or components of the futures price index is trading on is not open on the final settlement day because of a schedule closing, then the contribution to the final settlement price for the affected component or components shall be based on the settlement quotation of the first preceding trading day.

If a component contract month's settlement price on the final settlement day is unavailable because of an unanticipated and/or unannounced closure of the component contract market, then the price of such component contract to be used in calculating the final settlement price shall be the next available settlement price.

If the settlement price of a component contract is a limit bid or offer on the final settlement day, then that contract's contribution to the final settlement price is deferred up to ten business days. In the event that a component contract's settlement price is a limit bid or offer on the final settlement day, the price to be used is the first settlement price after the final settlement day that is not a limit bid or offer. If the settlement price is a limit bid or offer for ten consecutive business days following the final settlement day, the contract's settlement price on the tenth subsequent business day shall be used as the contract's contribution to the final settlement price. (11/01/01)

5642.03 The Final Settlement Day - The final settlement day shall be defined as the eleventh business day of the contract month, or if the Dow Jones-AIG Futures Price Index is not published for that day, the first preceding business day for which the Dow Jones-AIG Futures Price Index was published. (11/01/01)

5647.01 Payment - (See Regulation 1049.04.) (11/01/01)

5648.01 Disclaimer - The CBOT Dow Jones-AIG Commodity Index(SM) futures and futures options are not sponsored, endorsed or sold by Dow Jones, American International Group, AIG or any of their affiliates. None of Dow Jones, American International Group, AIG or any of their affiliates makes any representation or warranty, express or implied, to the owners of or counterparts to the futures and futures options or any member of the public regarding the advisability of investing in securities or commodities generally or in the futures or futures options particularly. The only relationship of such persons to the Licensee is the licensing of certain trademarks, trade names and service marks and of the Dow Jones-AIG Commodity Index(SM), which is determined, composed and calculated by Dow Jones in conjunction with AIG without regard to the CBOT or the CBOT Dow Jones-AIG Commodity Index(SM) futures or futures options. Dow Jones and AIG have no obligation to take the needs of the CBOT or the owners of the futures or futures options into consideration in determining, composing or calculating Dow Jones-AIG Commodity Index(SM). None of Dow Jones, American International Group, AIG or any of their affiliates is responsible for or has participated in the determination of the timing of, prices at, or quantities of the Dow Jones-AIG Commodity Index(SM) futures or futures options to be issued or in the determination or calculation of the equation by which the futures or futures options are to be converted into cash. None of Dow Jones, American International Group, AIG or any of their affiliates shall have any obligation or liability in connection with the administration, marketing or trading of the futures or futures options. Notwithstanding the foregoing, AIG, American International Group and their respective affiliates may independently issue and/or sponsor financial products unrelated to the Products currently being issued by Licensee, but which may be similar to and competitive with the Products.

NONE OF DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES GUARANTEES THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES-AIG COMMODITY INDEX(SM) OR ANY DATA INCLUDED THEREIN AND NONE OF DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES SHALL HAVE ANY LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. NONE OF DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES MAKES ANY WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CBOT, OWNERS OF THE DOW JONES-AIG COMMODITY INDEX(SM) FUTURES OR FUTURES OPTIONS, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE DOW JONES-AIG COMMODITY INDEX(SM) OR ANY DATA INCLUDED THEREIN. NONE OF DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES MAKES ANY EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE DOW JONES-AIG COMMODITY INDEX(SM) OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES HAVE ANY LIABILITY FOR ANY LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES OR LOSSES, EVEN IF NOTIFIED OF THE POSSIBILITY THEREOF. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS AMONG DOW JONES, AIG AND THE CBOT, OTHER THAN AMERICAN INTERNATIONAL GROUP. (11/01/01)

Chapter 57
Medium Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) (4 Years to 5 Years 3 Months)

Chapter 57
Medium Term Fannie Mae(R)Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) (4 Years to 5 Years 3 Months)

*Note: These contracts are listed for trading by the Chicago Board of Trade pursuant to Commodity Futures Trading Commission exchange certification procedures.

Ch57 Trading Conditions

5701.00 Authority - (See Rule 1701.00) (02/01/01)

5702.01 Application of Regulation - Futures transactions in Medium Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in Medium Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes. Medium Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes are listed for trading by the Association pursuant to Commodity Futures Trading Commission exchange certification procedures. (02/01/01)

5703.01 Emergencies, Acts of God, Acts of Government - If the delivery or acceptance or any precondition or requirement of either is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. For example, and without limiting the Board's power, it may extend delivery dates and designate alternative delivery points in the event of conditions interfering with the normal operations of approved facilities.

In the event the Board determines that there exists a shortage of deliverable Fannie Mae Benchmark Notes and/or Freddie Mac Reference Notes, it may, upon a two-thirds vote under Rule 180.00, take such action as may be in the Board's sole discretion appear necessary to prevent, correct or alleviate the condition. Without limiting the foregoing or the authority of the Board under Rule 180.00, the Board may:

(1) designate as deliverable, callable Fannie Mae Benchmark Notes and Bonds, and/or Freddie Mac Reference Notes and Bonds otherwise meeting the specifications and requirements stated in this chapter;

(2) designate as deliverable one or more issues of Fannie Mae Benchmark Notes and Freddie Mac Reference Notes and/or Fannie Mae Benchmark Bonds and Freddie Mac Reference Bonds having maturities shorter than four years, or longer than five year three months and otherwise meeting the specifications and requirements stated in this chapter; and/or

(3) determine a cash settlement based on the current cash value of an 6% coupon rate, four year to five year three month Fannie Mae Benchmark Note and/or Freddie Mac Reference Note, as determined by using the current cash market yield curve for Fannie Mae Benchmark Notes and Freddie Mac Reference Notes on the last day of trading. (02/01/01)

5704.01 Unit of Trading - The unit of trading shall be Fannie Mae Benchmark Notes or Freddie Mac Reference Notes having a face value at maturity of one hundred thousand dollars ($100,000) or multiples thereof. (02/01/01)

5705.01 Months Traded In - Trading in Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures may be scheduled in such months as determined by the Exchange. (02/01/01)

5706.01 Price Basis - Minimum price fluctuations shall be in multiples of one-half of one thirty-second (1/32) point per 100 points ($15.625 rounded up to the nearest 1(cent) per contract) except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one thirty-second point per 100 points ($7.8125 per contract). Par shall be on the basis of 100 points. Contracts shall not be made on any other price basis. (02/01/01)

5707.01 Hours of Trading - The hours of trading for future delivery in Medium Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 12:00 noon (Chicago time), subject to the provisions of the second paragraph of Rule 1007.00.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Regulatory Compliance Committee shall direct. (02/01/01)

5709.01 Last Day of Trading - No trades in Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures deliverable in the current month shall be made during the last seven business days of that month and any contracts remaining open must be settled by delivery or as provided in Regulation 5709.02 after trading in such contracts has ceased. (02/01/01)

5709.02 Liquidation in the Last Seven Days of Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased in accordance with Regulation 5709.01 of this chapter, outstanding contracts may be liquidated by the delivery of book-entry Fannie Mae Benchmark Notes or Freddie Mac Reference Notes (Regulation 5742.01) or by mutual agreement by means of a bona fide exchange of such current futures for actual Fannie Mae Benchmark Notes or Bonds and/or Freddie Mac Reference Notes or Bonds or comparable instruments. Such exchange must, in any event, be made no later than the fifth business day immediately preceding the last business day of the delivery month. (02/01/01)

5710.01 Margin Requirements - (See Regulation 431.03) (02/01/01)

5712.01 Position Limits and Reportable Positions - (See Regulation 425.01) (02/01/01)

5713.01 All-Or-None Orders - The minimum threshold established for All-Or-None orders in Medium Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) futures and the Medium Term U.S. Treasury Note Futures/Medium-Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) futures spreads is one hundred contracts. Such orders must be executed in accordance with Regulation 331.03. (02/01/01)

Ch57 Delivery Procedures

5736.01 Standards - The contract grade for delivery on futures contracts made under these regulations shall be non-callable Fannie Mae Benchmark Notes or non-callable Freddie Mac Reference Notes which have an original issue size of at least $3 billion and an original maturity of not more than five years three months and which have a remaining maturity of not less than four years as defined below. All notes delivered against a contract must be of the same issue. For settlement, the time to maturity of a given issue is calculated in complete one month increments (e.g., 4 years, 5 months, and 14 days is taken to be 4 years and 5 months) from the first day of the delivery month. The price at which a note with this time to maturity and with the same coupon rate as this issue will yield 6%, according to bond tables prepared by the Financial Publishing Co. of Boston, Mass., is multiplied by the settlement price to arrive at the amount at which the short invoices the long.
Fannie Mae Benchmark Notes and Freddie Mac Reference Notes deliverable against futures contracts under these regulations must have semi-annual fixed coupon payments.

Interest accrued on the notes shall be charged to the long by the short on the basis of a 360-day year consisting of twelve 30-day months.

New issues of Fannie Mae Benchmark Notes and Freddie Mac Reference Notes which satisfy the standards in this regulation shall be added to the deliverable grade as they are issued. To be eligible for delivery in the current month, the newly issued notes must have been issued and settled at least three business days before the first eligible day for delivery (see 5742.01).

If during the issuance of notes Fannie Mae or Freddie Mac re-opens an existing issue, thus rendering the existing issue indistinguishable from the newly issued one, the older issue would be deliverable if it meets the following standards. The reopening must have an original issue size of at least $3 billion, and meet the maturity standards of this chapter at the time of the reopening.

The Exchange reserves the right to exclude any new issue from deliverable status or to further limit outstanding issues from deliverable status. (06/01/01)

5742.01 Deliveries of Futures Contracts - Deliveries against Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contracts shall be by book-entry transfer between accounts of Clearing Members at qualified banks (Regulation 5780.01) in accordance with Department of Housing and Urban Development Title 24 CFR Part 81. Delivery must be made no earlier than the first business day of the month and no later than the last business day of the month. Notice of intention to deliver shall be given to the Board of Trade Clearing Corporation by 8:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the second business day preceding delivery day. In the event the long Clearing Member does not agree with the terms of the invoice received from the short Clearing Member, the long Clearing Member must notify the short Clearing Member, and the dispute must be settled by 9:30 a.m. (Chicago time) on delivery day. The short Clearing Member must have contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes in place at his bank in acceptable (to his bank) delivery form no later than 10:00 a.m. (Chicago time) on delivery day. The short Clearing Member must notify his bank (Regulation 5780.01) to transfer contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes by book-entry to the long Clearing Member's account at the long Clearing Member's bank on a delivery versus payment basis. That is, payment shall not be made until the notes are delivered. On delivery day, the long Clearing Member must make funds available by 7:30 a.m. (Chicago time) and notify his bank (Regulation 5780.01) to accept contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes and to remit federal funds to the short Clearing Member's account at the short Clearing Member's bank (Regulation 5780.01) in payment for delivery of the notes. Contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes must be transferred and payment must be made before 1:00 p.m. (Chicago time) on delivery day. All deliveries must be assigned by the Clearing Corporation. Where a commission house as a member of the Clearing Corporation has an interest both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it received from its customers who are short. (02/01/01)

5742.02 Wire Failure - In the event that delivery cannot be accomplished because of a failure of the Federal Reserve wire or because of a failure of either the long Clearing Member's bank or the short Clearing Member's bank access to the Federal Reserve wire, delivery shall be made before 9:30 a.m. (Chicago time) on the next business day on which the Federal Reserve wire is operable. Interest shall accrue to the long paid by the short beginning on the day at which the notes were to be originally

delivered.

In the event of such failure, both the long and short must provide documented evidence that the instructions were given to their respective banks in accordance with Regulations 5742.01 and 5749.04 and that all other provisions of Regulations 5742.01 and 5749.04 have been complied with. (02/01/01)

5746.01 Date of Delivery - Delivery of Medium Term Fannie Mae Benchmark Notes or Freddie Mac Reference Notes may be made by the short upon any permissible delivery day of the delivery month the short may select. Delivery of Medium Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes must be made no later than the last business day of that month. (02/01/01)

5747.01 Delivery Notices - (See Regulation 1047.01) (02/01/01)

5748.01 Method of Delivery - (See Regulation 1048.01) (02/01/01)

5749.00 Time of Delivery, Payment, Form of Delivery Notice - (See Rule 1049.00) (02/01/01)

5749.02 Buyer's Report of Eligibility to Receive Delivery - (See Regulation 1049.02) (02/01/01)

5749.03 Seller's Invoice to Buyers - Upon determining the buyers obligated to accept deliveries tendered by issuers of delivery notices, the Clearing House shall promptly furnish each issuer the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing House to each such buyer. Thereupon, sellers (issuers of delivery notices) shall prepare invoices addressed to their assigned buyers describing the documents to be delivered to each such buyer. Such invoices shall show the amount which buyers must pay to sellers in settlement of the actual deliveries, based on the delivery prices established by the Clearing House, and adjusted for applicable interest payments. Such invoices shall be delivered to the Clearing House by 2:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the day of intention except on the last intention day of the month, where such invoices shall be delivered to the Clearing House by 3:00 p.m. (Chicago time), or by such other time designated by the Board of Directors. Upon receipt of such invoices, the Clearing House shall promptly make them available to buyers to whom they are addressed, by placing them in buyers' mail boxes provided for that purpose in the Clearing House. (02/01/01)

5749.04 Payment - Payment shall be made in federal funds. The long obligated to take delivery must take delivery and make payment before 1:00 p.m. (Chicago time) on the day of delivery, except on banking holidays when delivery must be taken and payment made before 9:30 a.m. (Chicago time) the next business day. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in accordance with its by-laws and resolutions. (02/01/01)

5749.05 Buyers Banking Notification - The long Clearing Member shall provide the short Clearing member by 4:00 p.m. (Chicago time) on the day of intention, one business day prior to delivery day, with a Banking Notification. The Banking Notification form will include the following information: the identification number and name of the long Clearing Member; the delivery date; the notification number of the delivery assignment; the identification number and name of the short Clearing Member making delivery; the quantity of the contract being delivered; the long Clearing Member's bank, account number and specific Federal Wire instructions for the transfer of Fannie Mae Benchmark Notes or Freddie Mac Reference Notes. (02/01/01)

5750.00 Duties of Members - (See Rule 1050.00) (02/01/01)

5751.01 Office Deliveries Prohibited - (See Regulation 1051.01) (02/01/01)

5754.00 Failure to Accept Delivery - (See Rule 1054.00) (02/01/01)

Ch57 Regularity of Banks

5780.01 Banks - For purposes of these regulations relating to trading in Medium Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes, the word "Bank" (Regulation 5742.01) shall mean a U.S. commercial bank (either Federal or State charter) that is a member of the Federal Reserve System and with capital (capital, surplus and undivided earnings) in excess of one hundred million dollars ($100,000,000). (02/01/01)

Chapter 58A
Medium Term Fannie Mae(R)Benchmark Notes(SM) and Freddie Mac
Reference Notes(SM) Futures Options

*Note: These contacts are listed for trading by the Chicago Board of Trade pursuant to Commodity Futures Trading Commission exchange certification procedures.

Ch58A Trading Conditions

A58601.00 Authority - (See Rule 2801.00) (02/01/01)
A5801.01 Application of Regulations - Transactions in put and call options on Medium Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contracts. (See Rule 490.00.) Options on Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures are listed for trading pursuant to Commodity Futures Trading Commission exchange certification procedures. (02/01/01)

A5802.01 Nature of Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note Futures Put Options - The buyer of one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures put option may exercise his option at any time prior to expiration (subject to Regulation A5807.01), to assume a short position in one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures put option incurs the obligation of assuming a long position in one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (02/01/01)

A5802.02 Nature of Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note Futures Call Options - The buyer of one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures call option may exercise his option at any time prior to expiration (subject to Regulation A5807.01), to assume a long position in one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures call option incurs the obligation of assuming a short position in one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (02/01/01)

A5803.01 Trading Unit - One (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month on the Chicago Board of Trade. (02/01/01)

A5804.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one-half (1/2) point per Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract. At the commencement of trading for such option contracts, the following strike prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract, the next twelve consecutive higher and the next twelve consecutive lower striking prices closest to the previous day's settlement price; and all strike prices listed for all other option contract months listed at that time. If the previous day's settlement price is midway

between two striking prices, the closest price shall be the larger of the two. When a sale in the underlying Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract occurs at a price greater than or equal to the twelfth largest striking price, a new striking price one increment higher than the existing striking prices will be added. When a sale in the underlying Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract occurs at a price less than or equal to the twelfth smallest striking price, a new striking price one increment lower than the existing striking prices will be added. When a new strike price is added for an option contract month, the same strike price will be added to all options contract months for which that strike price is not already listed. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (02/01/01)

A5805.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (02/01/01)

A5806.01 Option Premium Basis - The premium for Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options shall be in multiples of one sixty-fourth (1/64) of one point ($1,000) of a Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract which shall equal $15.63 per 1/64 and $1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract

If options are quoted in volatility terms, the minimum price fluctuation shall be .10 percent (e.g., 10.0%, 10.1%, 10.2%, etc.). (02/01/01)

A5807.01 Exercise of Option - The buyer of a Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. (Chicago time) on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions; and

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. (Chicago time) on the last day of trading. (02/01/01)

A5807.02 Automatic Exercise - Notwithstanding the provisions of Regulation 5807.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. (Chicago time) on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions; and

iii) in exceptional cases involving a customer's inability to communicate to the member firm

exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. (Chicago time) on the last day of trading. (02/01/01)

A5808.01 Expiration of Option - Unexercised Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options shall expire at 10:00 a.m. (Chicago time) on the first Saturday following the last day of trading. (02/01/01)

A5809.01 Months Traded In - Trading in Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options may be scheduled in such months as determined by the Exchange. For options that are traded in months in which Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the October or November option contract is the December futures contract. (02/01/01)

A5810.01 Trading Hours - The hours of trading of options on Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such option shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract, subject to the provisions of the second paragraph of Rule 1007.00. Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (02/01/01)

A5811.01 Position Limits and Reportable Positions - (See Regulation 425.01) (02/01/01)

A5812.01 Margin Requirements - (See Regulation 431.05) (02/01/01)

A5813.01 Last Day of Trading - No trades in Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures put and call options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract on the last Friday which precedes by at least two business days the last business day of the month preceding the option month. If such Friday is not a business day, or there is a Friday which is not a business day which precedes by one business day the last business day of the month preceding the option month, the last day of trading will be the business day prior to such Friday. (07/01/01)

APPENDIX 3A - GUIDELINES FOR GUESTS AND VISITORS WHILE ON THE EXCHANGE FLOOR OF THE CHICAGO BOARD OF TRADE

1. Bringing guests on the Exchange Floor is a privilege extended to all members who comply with the Rules pertaining thereto.

2. Guests shall be admitted to the Exchange Floor between 1/2 hour before the opening on each Floor and 1/2 hour after the close on each Floor.

3. No more than 50 guests shall be allowed on the Exchange Floor at any one time during trading hours.

4. A member may reserve a time for five guests, which reservation will be held no longer than ten minutes. Such reservation privileges will be denied if they are abused.

5. Guests must be accompanied by a member at all times. Both the guest and the host member will sign on to and off of the Floor. The guest will wear, on visible display, a guest badge. The member will be responsible for the guest's conduct on the Floor.

6. A) A guest may remain on the Floor for a period of 30 minutes; if he has not signed out, he will be paged. It will be the member's responsibility to see that the guest leaves the Floor within five minutes of being paged and that the guest returns the badge to the Service Desk on the 4th Floor. Failure to return the guest badge immediately will subject the member to a minimum fine of twenty-five dollars.

B) At the end of the initial 30 minutes, a guest may ask to extend his visit for (a) subsequent period(s) of 30 minutes, although such extension(s) will not be granted if there are more than 50 guests on the Floor at any one time.

C) If necessary, an All Day Guest Pass may be obtained for a foreign visitor, firm executive, firm branch employee, customer or consultant (and other persons with the approval of the Floor Conduct Committee Chairman) by completing a short application form at the fourth floor Service Desk. Except for the 30-minute time limit, the same guidelines apply to All Day Guests, including the requirement that they be accompanied at all times by a member.

7. No privileges other than admittance to the Floor any be extended to a guest. A guest is specifically prohibited from performing any functions of an employee of a member or of a member firm. Entering a trading pit, using a telephone, using the market display equipment and blocking the area are also prohibited.

8. Guests of management for business purposes only shall be allowed in the Exchange Floor.

9. The President of the Exchange may issue special permits beyond the above limit (five individuals) when he deems it in the interest of the Exchange to do so. On a case-by-case basis, he may schedule admission to the Floor for small groups who have made appropriate arrangements.

(Tour Groups: can be no larger than 12, can visit between the hours of 10:30 a.m. and 12:15 p.m., must be escorted at all times, are limited to 15 minutes per tour, will be limited to no more than two groups on the Floor at any one time, and all such groups must be coordinated through the Communications Department.)

10. No other guests of staff members may be allowed on the Exchange Floor.

11. Members shall accompany guests in the Member's cafeteria.

12. No guests may be allowed on the Exchange Floor more than five times in one month.

13. No guest may be allowed on the Exchange Floor who is under twelve years of age.

14. Members who violate and/or allow their guest(s) to violate any of these guidelines may be denied visitor's privileges for a period of up to six months and/or fined appropriately.

APPENDIX 3B - INSTRUCTIONS FOR FLOOR CLERK ACCESS TO THE FLOOR OF THE BOARD OF TRADE OF THE CITY OF CHICAGO

Please be advised that access to the Floor of the Board of Trade of the City of Chicago (hereinafter referred to as the Exchange) is a right of membership. Associate Members and GIM, IDEM and COM Membership Interest Holders have floor access rights only with respect to specified contracts (See Rules 211.00, 291.00, 292.00 and 293.00). Any and all access by non-members is solely a privilege extended by the membership for the strictly limited purposes outlined below. Any violation of any of these instructions shall be just cause for the revocation of the privilege.

Functions and Responsibilities of Floor Clerks on the Exchange Floor:

A. Floor Clerks and Trainee-Floor Clerks may perform only the following duties and no others while on the Floor of the Exchange:

1. Receive messages (including trading cards and written orders) from their employers or members representing such employers;

2. Deliver said messages (including trading cards and written orders) and communicate orders to the pit from their position or communication instrument by use of hand signals or verbal communication;

3. Write broker's cards from endorsed orders, endorse orders from broker's cards and write the brokers' acronym on the broker's order, during trading hours on the Exchange Floor and for a reasonable period of time thereafter;

4. Operate order processing terminals;

5. Receive and write up orders from, and report order status to, their employers and their employers' duly registered Associated Persons, Introducing Brokers, proprietary traders and customers with respect to commodities traded on the Floor;

6. Communicate information of any nature directly to an individual Member, provided that the information communicated may only concern a contract which is within that individual Member's membership category;

7. Communicate information of any nature to a trader who is trading for the proprietary account of the clerk's member firm employer or for the proprietary account of a firm which has one of the following relationships to the clerk's member firm employer:

- 100% parent firm;

- Wholly owned subsidiary; or

- Affiliate through a common 100% parent firm;

8. Provide market information (not the clerk's own personal opinion) regarding activities on the Floor to any of the following:

- duly registered Associated Persons of the clerk's member firm employer;

- duly registered Introducing Brokers of the clerk's member firm employer; and

- established customers of the clerk's member firm employer;

For the purposes of this section 8., an "established customer" shall be defined as an individual or entity which has an open and active trading account with the clerk's member firm employer.

A clerk may initiate contact with any of the foregoing to provide market information provided that the clerk expresses no personal opinion regarding market direction or specific trades.

A clerk may relay the opinions of a member or of the clerk's member firm employer with the prior approval of such member or member firm employer to any of the following:

- duly registered Associated Persons of the clerk's member firm employer;

- duly registered Introducing Brokers of the clerk's member firm employer; and

- established customers of the clerk's member firm employer.

9. Initiate contact with a customer of the clerk's member firm employer to report the status of that customer's order;

Floor Clerks and Trainee-Floor Clerks may not, while on the Floor of the Exchange, perform any other duties except those explicitly prescribed above. The following Exchange Floor activities are permissible only for members and only with respect to the contracts in which they have membership privileges. The following activities are prohibited for Floor Clerks and Trainee Floor Clerks:

1. Soliciting customer business;

2. Trading for their own accounts or having any interest in a trading account, except as prescribed in Regulation 301.05;

3. Being an RCR or an Associated Person, a Commodity Pool Operator or a Commodity Trading Advisor under the Commodity Exchange Act.

4. Initiating orders or trades of any sort, including arbitrage;

5. Exercising discretion of any sort with respect to any order, including arbitrage;

6. Loitering by or in the trading pits;

7. Being compensated on a commission or per contract basis.

B. Trade Checkers (only) may perform only the following duty and no others while on the Floor of the Exchange.

1. Check and reconcile trades of, for, and on behalf of their member firm employers. Absent extraordinary circumstances, the Floor Governors Committee would expect such Trade Checkers to be off the Floor of the Exchange by 10:30 a.m.

This 10:30 a.m. limitation does not apply to floor clerks who are employed by individual members.

Trade Checkers may not, while on the Floor of the Exchange, perform any other duties except that explicitly prescribed above. The following is a list of the most common abuses of the Trade Checker privilege:

1. Loitering by or in the trading pits or congregating in unassigned areas;

2. Communicating in any manner with members or member firms;

3. Entering verbal orders with members or member firms;

4. Trading for their own accounts;

5. Being or acting in any other capacity, including chartist, with a member or member firm;

6. Being an RCR or Associated Person under the Commodity Exchange Act, as amended by the Commodity Futures Trading Commission Act of 1974.

C. Personnel

1. Emergency Personnel - See Floor Clerks and Trainee-Floor Clerks (Paragraph A above);

2. Summer Personnel - See Floor Clerks and Trainee-Floor Clerks (Paragraph A above);

D. Registered Commodity Representatives (RCRs) and Applicant Observers may perform only the following duty and no other while on the Floor of the Exchange:

1. Observe the various floor activities of the members and other privileged non-members who have been allowed access to the Floor. Such observation shall be limited to a period of two weeks (ten market days).

RCR Observers and Applicant Observers may not, while on the Floor of the Exchange, perform any other duties except that explicitly prescribed above. The following are the areas most prone to abuse and which the RCR Observer and Applicant Observer must be especially aware of:

1. Loitering by or in the Trading pits or congregating in unassigned areas;

2. Answering phones;

3. Placing verbal orders with members of member firms;

4. Writing orders;

5. Trading for their own accounts;

6. Being or acting in any other capacity, including chartist, with a member or member firm.

E. The Floor Conduct Committee has established a special broker assistant badge, in addition to a regular floor clerk badge, and has set up the following guidelines to be used in issuing this special badge.

A broker assistant badge will only be issued for the following purposes:

- a broker having a high volume of orders and who needs an assistant to hold and sort the orders;

- Consistent with these duties, a broker assistant also may communicate market information by means of hand signals and verbal communication.

A badge will not be issued if used for the following reasons:

- card counting - if a floor clerk is a card counter, he/she must quickly enter and take the cards and count them outside of the pit and;

- Information - a floor clerk who obtains information about other brokers or another commodity.

Please keep in mind that the abuses of the floor clerk badge will still be upheld for those issued a broker assistant badge, as follows:

1. Loitering by or in the trading pits or congregating in unassigned areas.

2. Not properly displaying their assigned floor badges.

3. Trading for their own accounts.

4. Being or acting in any other capacity, including chartist, with a member or member firm. A limited exception to this provision applies, only with respect to agricultural markets, as follows. Clearing firms may arrange with floor brokers to place clearing firm floor clerks in pits to perform broker assistant responsibilities for such floor brokers when conditions of high volume/high volatility occur. Such arrangements must be registered with the Exchange as prescribed by the Exchange. Under these arrangements, clearing firms will continue to be responsible for these clerks' supervision and compensation. When conditions of high volume/high volatility are not present, such clerks will return to their normal duties on behalf of their clearing firm employers.

5. Being an Associated Person under the Commodity Exchange Act, as amended by the Commodity Futures Trading Commission Act of 1974.

The committee advises members that the Board of Directors gave fining authority to the Floor Conduct Committee of up to $500 for conduct violations of Floor Employees of Members. The fining authority begins December 21, 1981.

Your cooperation in this matter would be greatly appreciated.

F. The Exchange has established guidelines regarding the use of headsets in the Trading Pits:

1. Brokers' Assistants and Floor Clerks with headset privileges shall be subject to all applicable CBOT Rules and Regulations, including Rule 301.00; Regulations 301.01, 301.05 and 310.01; and this Appendix. In addition, members who either sponsor or employ an individual utilizing a headset are responsible for ensuring that the sponsored or employed individual complies with the Exchange's Headset Policy.

2. All members and member firms are eligible to receive authorization to utilize headsets. The authority to govern the administration of the use of headsets (including who has authorization and where an authorized individual may utilize the headset apparatus) rests with the Floor Committee. The Floor Committee should establish fair and equitable guidelines for

administering the use of headsets, and when administering its guidelines, the Floor Committee should consult with the relevant Pit Committee. The Floor Committee shall not arbitrarily deny any member or member firm the use of a headset.

3. Headsets may be worn by Brokers' Assistants, Floor Clerks, and Members who have been authorized by the Floor Committee. "Brokers' Assistants" and "Floor Clerks" as used in preceding sentence may include members and membership interest holders who do not have membership privileges in the contract for which the headset is being utilized.

4. A Broker's Assistant or Floor Clerk wearing a headset may communicate order information and fill information but may not communicate his or her personal opinion regarding activities in the trading pit including, but not limited to, interpretations of technical or fundamental market factors or perspective with respect to member trading sentiment or trading bias. Any other information may be communicated via a headset if the information has been conveyed to the headset operator directly by a member (providing that the member conveying the information has trading privileges in the relevant underlying market). In addition, Brokers' Assistants and Floor Clerks wearing headsets may communicate via a headset any market information that is clearly within the respective pit's "public domain". In other words, individuals who are wearing headsets may communicate any market information that has been "publicly" exposed to the respective trading pits. The member sponsor or member employer of the individual wearing the headset is responsible for the content and nature of any headset communications.

Only members on the floor may communicate with non-members located off the floor for the purposes of communicating or receiving market news and personal opinion regarding interpretations of technical or fundamental market factors or perspective with respect to a member's trading sentiment or trading bias. This level of communication is restricted to members with trading privileges in the respective contract who are located on the floor communicating with other members or non-members located either on or off of the trading floor.

5. Headsets may communicate between trading pits and from pit to Exchange floor booth spaces in any CBOT(R) trading room. This includes COM Membership Interest Holders communicating with a floor broker or the floor broker's broker assistant in a futures pit for the purposes of entering futures orders.

Direct communication via headsets located in or around the Exchange's trading pits to and from off-site locations is only allowed provided the individual assigned to a headset adheres to the following requirements when communicating with any individual off the Exchange floor:

- Headset communications shall be permissible between the DowSM pits and the floors of other exchanges which trade equity-related products.

- An individual member located outside a trading pit (e.g., at a floor booth or in an off-site office) may communicate via headset with a member or clerk in or around a trading pit provided that the individual member has trading privileges in the contract which is traded in the pit which the individual accesses.

- Members off the floor can enter orders via headsets for their customer, proprietary and personal accounts provided they have trading privileges in the respective contract.

- Members off the floor utilizing headsets for the purposes of entering customer orders directly into the pit must comply with Exchange audit trail regulations previously mandated by the CFTC which require that customer orders be: recorded on member firm floor order tickets; contain the account identification of the customer; contain an exchange designated time stamp upon receipt and upon confirmation of an execution. The Exchange provides a telephonic link between the booth and the pit to allow for a floor broker to communicate directly with a member who is located off the floor, while simultaneously allowing personnel at the member firm's booth to record the required audit trail information.

- Floor brokers who utilize headsets in conjunction with an electronic order routing/endorsement system are not required to maintain a booth to pit link provided that customer orders are entered electronically and the order entry system provides the requisite audit trail.

- Floor brokers receiving orders from another member not present on the Exchange Floor may record such trades on their trading cards in lieu of obtaining an order ticket. However, the executing member must record the order instructions, account designation, and execution time on the member's order.

- Only Members located on the floor may communicate with non-members located off the floor for the purpose of placing orders for the member's personal trading account or the member firm's proprietary account in CBOT contracts and non-CBOT markets.

- Members or members' broker assistants located on the floor may communicate with non-members located off of the trading floor to accept orders or instructions to change orders from the non-member for agricultural and financial futures and options contracts. The requisite audit trail requirements must be met utilizing the booth to pit link unless the FCM authorizes the executing floor broker to accept the non-member's order without the booth to pit link. Under such authorization of the FCM, the executing floor broker is responsible for meeting all audit trail requirements including: recording customer orders on member firm floor order tickets; recording the account identifier of the customer; and time stamping the customer order upon receipt and upon confirmation of an execution.

  Member firms may also permit member or non-member employees (including APs) located off the floor to communicate orders for its proprietary or customer accounts directly to a floor broker or his broker assistant without requiring the booth to pit link upon the member firm's sole discretion. Under this provision, the floor broker would be responsible for capturing the required audit trail information.

6. Any and all headset communications must be voice recorded by the member or member firm authorized to use the headset(s). Members and member firms are permitted to utilize their own recording devices, providing that the devices meet reasonable standards with respect to quality and reliability, or members and member firms may utilize an Exchange administered voice recording system for a fee to be paid to the Exchange by the member or member firm utilizing the Exchange's system.

7. For reasons relating to the general safety and space concerns that arise out of the use of wired headsets, the Floor Committee is encouraged to facilitate, as the development of technology permits, a movement to a wireless headset only environment.

8. Authorization to use a headset does not entitle the authorized individual to a particular spot or site within a pit. In addition, Floor Clerks utilizing headsets may not loiter in the trading pits and must exit the trading pits when they are not conducting business. (06/01/01)

APPENDIX 3C - DRESS CODE

APPENDIX 3-C - DRESS CODE

Members and member firms must make every effort to ensure that their employees and guests conform to the Chicago Board of Trade's Dress Code, as hereafter defined. The Dress Code is designed to provide a safe and businesslike atmosphere on the trading floor for all members and employees; an individual may be refused access to the trading floor for violating the Dress Code. Members and Member firms are subject to fines and/or other disciplinary measures imposed by the Floor Conduct Committee for individual violations of the dress code and violations of the dress code by their employees.

The Chicago Board of Trade Dress Code requires "Business Dress Attire" to be worn at all times on the trading floor-not only during trading hours. "Business Dress Attire" is defined as conventional and businesslike attire which is neat, clean and presentable; does not pose a safety hazard or distraction to the wearer or others; and that which conforms to the following provisions:

A) Jackets (Suit Coat, Blazer or a Trading Jacket as prescribed by the Association) must be worn on the trading floor by Members and employees at all times. No trading jackets from other Exchanges are allowed on the floor. Guests may not wear trading jackets on the Exchange floor during trading hours. The display of patches or buttons with crude or offensive slogans is prohibited.

B) Badges, as prescribed by the Association, designating Member trading and access rights and non-member affiliation and access rights must be worn at all times. Badges must be worn in plain view, on the upper front of the jacket (not inside pockets or attached to lower pockets.) Badges from other Exchanges are prohibited. The wearing of out-dated, unauthorized or lapsed membership badges from the Exchange is prohibited. Badges must not be defaced, altered, or affixed with stickers or pictures not approved by the Association.

C) Men must wear ties (bow ties or neckties) at all times on the trading floor, with the exception of days when there is an early close for any part of the Exchange. Ties must be in good condition, knotted in a conventional manner, and drawn up to at least the second button from the collar. Collared shirts that can be worn with a tie must be worn at all times on the trading floor and must be neat, presentable and businesslike. Shirts must be clean, neat, presentable, tucked in and buttoned up to at least the second button from the collar. Golf-type shirts are permitted. Turtleneck sweaters for men are not allowed. Crewneck sweaters worn over a collared shirt are permitted if a necktie is visible; a trading jacket must also be worn. Shirts with offensive, crude or distracting slogans or pictures are prohibited. Pants or slacks must be neat, presentable and businesslike. Work pants, athletic pants and blue jeans are prohibited.

D) Women must wear pants, skirts or dresses that are neat, presentable, and businesslike. Skirts may be no shorter than two inches above the knee and must be significantly longer than the trading coat. Full, generously cut, businesslike split skirts may be worn. Shirts, blouses, sweaters or other tops must be neat, presentable, and businesslike. Shirts with offensive, crude or distracting slogans or pictures are prohibited. Work pants, athletic pants and blue jeans are prohibited. Attire should not expose the body in an inappropriate manner (e.g. bare midriffs, backs or thighs.)

E) Shoes must be worn at all times. Shoes must neither be of a design nor worn in a manner which presents a safety hazard. Slippers and sandals with no backs are prohibited. Women may wear slingback or open-toe sandals that are businesslike. High platform shoes or high heeled shoes or boots with soles and/or heels greater than three inches are not permitted. Athletic shoes are permitted. Shoes must be in neat condition and must be tied or fastened at all times.

F) Shirts: T-Shirts, sweatshirts, athletic jerseys, hooded shirts, flannel shirts, hospital scrubs and shirts bearing messages, advertisements, pictures or slogans are prohibited. Attire should not expose the body in a manner inappropriate for business (e.g. bare midriffs, chests, or backs.)

G) Pants: The following are all prohibited: blue jeans, stone washed jeans, bib overalls, fatigues, tie dyes, shorts of any kind, tightly fitting stretch pants, spandex pants, bicycling pants, painter pants, sweat pants, athletic/exercise pants, pants with elastic at the ankles, tights worn in lieu of pants, pants with slogans, advertisements, or work loops, and any pants shorter than 2 inches above the ankle.

H) Piercing & Jewelry: Jewelry may not be worn if it presents a safety hazard to the wearer or others.

I) Miscellaneous: All headgear or head coverings are prohibited, except for religious reasons. Sunglasses are prohibited unless they have prescription lenses.

In Summary: All dirty, frayed, faded, torn, badly wrinkled, revealing or unbusinesslike clothing is prohibited. All clothing intended for athletic activity or appropriate for manual labor is prohibited. Attire, worn by members, employees or their guests, which exposes the body in a manner inappropriate for a business atmosphere is prohibited from the trading floor at all times.

While the foregoing is comprehensive and employers and security staff shall enforce the dress code as defined above, they are not limited to the specific examples given. 02/01/02

APPENDIX 3G - GUIDELINES - BADGE VALIDATION AND RETURN

1. In each of the following circumstances, the referenced individual's membership floor access badge must be returned to the Member Services and Member Firm Staff Services ("Member Services") Department as indicated if the transaction involves the individual's only membership or all of his/her memberships:

   a. A membership seller within 30 days the effective date of the membership sale; (Membership sale proceeds will not be released to the seller unless the badge has been returned).

   b. A membership transferor within 30 days after the transfer has occurred.

   c. A membership delegator within 30 days after the effectiveness of the delegation agreement.

2. Each membership delegate must return the applicable delegate badge to the Member Services Department within 30 days after the delegation agreement's termination or expiration.

3. Upon the effective date of any Exchange suspension of membership privileges, the suspended individual must return his/her membership floor access badge to the Member Services Department within 30 days of the effective date of the suspension for the suspension's duration.

4. Upon the termination or expiration of any delegation agreement, the Exchange will delete the terminated delegate's identifying acronym from Exchange computer records after the delegate's 30-day grace period expires.

5. Only Exchange-issued badges will be permissible for floor access. Sewn-on badges will not be permissible.

6. No member, membership interest holder or delegate will be relieved of responsibility for returning the badge, even if lost, without specific approval of the Floor Conduct Committee.

   All cases involving lost membership floor access badges should be referred to the Member Services Department which shall have the authority to issue a replacement badge. Member Services will issue a replacement badge only to individuals with valid membership floor access privileges and who are current in their dues. Any problems or unusual circumstances involving a lost membership floor access badge will be referred to the Floor Conduct Committee.

   All cases involving lost floor clerk badges will be referred to the Co-Chairman or, in his absence, the Vice-Chairman of the Floor Conduct Committee. No floor clerk will be issued a replacement badge or be relieved of responsibility for returning the badge without specific approval of the Co-Chairman or, in his absence, the Vice Chairman of the Floor Conduct Committee.

7. Floor clerk badge applicants must present acceptable identification when filing their applications. Exchange staff will verify member's co-signatures on floor clerk badge applications and will process such applications in no less than 24 hours after receipt.

03/01/94

PROCEDURES FOR RELIEF REQUESTS/FINANCIAL REQUIREMENTS

Procedures for Relief Requests Under CBOT Regulation 285.05 Financial Requirements and Related CFTC Regulations

A member FCM that has filed any relief request with the Exchange need not file such request with the CFTC. The Exchange will promptly advise the CFTC of the request and use its best efforts to provide the CFTC with all pertinent information available to the Exchange. "Relief request" means a request -

1. under CFTC Regulation 1.17(d) for exemption from the minimum debt/equity ratio;

2. under CFTC Regulation 1.17(e) to withdraw equity capital;

3. under CFTC Regulation 1.17(f)(2)(ii) for approval of consolidation;

4. under CFTC Regulation 1.17(f)(1)(v)(B) for approval of terms in a secured demand note relating to conditions for the making of a demand;

5. under CFTC Regulation 1.17(h)(2)(vii) to prepayment of subordinated borrowings;

6. under CFTC Regulation 1.17(h)(4) for approval of emergency subordination;

7. under CFTC Regulation 1.10(e) approval of a change in fiscal-year election; or

8. under CFTC Regulation 1.10(f) and Section 1.16(f) for a filing extension.

APPENDIX 4E - MINIMUM FINANCIAL REQUIREMENTS FOR AGRICULTURAL REGULARITY

The minimum financial requirements for firms which are regular to deliver agricultural products are:

1. Working Capital - (current assets less current liabilities) must be greater than or equal to $2,000,000. Firms which do not have $2,000,000 in Working Capital must deposit with the Exchange $5,000 per contract which it is regular to deliver, up to a maximum of $2,000,000, less SEC haircuts, as specified in SEC Rule 15c3-1(c)(2)(vi), (vii) and (viii) plus 3% in the event of liquidation;

2. New Worth - (Total assets less total liabilities) divided by the firm's allowable capacity (measured in contracts) must be greater than $5,000; The net worth of a firm regular to deliver corn or soybeans must be greater than or equal to $5,000,000. The operator of a shipping station issuing corn or soybean shipping certificates may only issue new shipping certificates when the total value of all outstanding shipping certificates and the new shipping certificates, at the time of issuance of the new shipping certificates, does not exceed 25% of net worth;

3. Each firm which is regular to deliver agricultural products is required to file a yearly certified financial statement within 90 days of the firm's year-end. Each such firm is also required to file within 45 days of the statement date an unaudited semi-annual financial statement. However, each operator of a shipping station issuing corn or soybean shipping certificates is required to file within 45 days of the statement dates unaudited quarterly financial statements for each of the three quarters which do not end on such firm's year-end. In addition, the Exchange may request additional financial information as it deems appropriate;

4. A Letter of Attestation must accompany all unaudited financial statements. The Letter of Attestation must be signed by the Chief Financial Officer or if there is none, a general partner, executive officer, or managerial employee who has the authority to sign financial statements on behalf of the firm and to attest to their correctness and completeness.

5. For the requirements for notification of capital reductions, see Regulation 285.03.

6. Any change in the organizational structure of a firm that is regular for delivery requires that the firm notify the Exchange prior to such change. Changes in organizational structure shall include, but not be limited to, a corporation, limited liability company, general partnership, limited partnership or sole proprietorship that changes to another form. Prior to any such change occurring, the firm is also required to notify the Exchange in writing of any name change.

Carbon per page (Daily copy)	$ .90/page

*Only for oral hearings.

APPENDIX 6B - FEE SCHEDULE: Customer and Non-Member Claims

Amount of Claim	
$2,500 or less	$150.00
More than $2,500	$350.00

Unassociated Arbitrators*

$50 per unassoicated arbitrator per hearing** for claims heard pursuant to Regulation 630.12 [$2,500 or less] [minimum charge of $150].

$100 per unassociated arbitrator per hearing date** for claims heard pursuant to Regulation 630.08 [more than $2,500] [minimum charge of $300].***

Stenographic Fees*	
For attendance at a meeting:	
2-1/2 hour minimum	$ 50.00
Per Hour	$ 20.00
Per Half Hour	$ 10.00
For transcript:	
Original per page	$ 2.00/page
Carbon per page	$ .90/page
Original per page (Daily copy)	$ 2.60/page
Carbon per page (Daily copy)	$ .90/page

* Optional

** Hearings are normally scheduled for 2:15 p.m. and seldom last more than 2-1/2 hours. If a hearing lasts in excess of 2-1/2 hours, requires an additional hearing date, or is continued on less than 24 hours' notice to the Administrator, fees will be charged for an additional hearing date.

*** These direct incremental costs attendant upon the provision of unassociated arbitrators will be paid by the member in cases involving customer claims regardless of the outcome of the arbitration unless the arbitrators decide that the customer has acted in bad faith in initiating, or participating in, the arbitration proceeding. Such incremental costs shall be allocated between the parties in the arbitrators' discretion in cases involving non-member claims.

APPENDIX 9B - IMPLEMENTATION REGULATIONS OF e-cbot CONCERNING TECHNICAL EQUIPMENT

1 Definitions

1.1 Network

The Network (the "Network") includes the entirety of all hardware elements combined in each network node as well as all necessary components for the connection of the network nodes (transmission lines for telecommunications, etc.) which form the technical basis for the implementation of trading on e-cbot, Eurex Deutschland and Eurex Zurich (the "Alliance Exchanges"). The Network is constructed in a radial form and contains, as network nodes in particular, the central host node of e-cbot, the central host node of the Eurex Deutschland and Eurex Zurich ("the Eurex Exchanges"), and the access points and all components of Participant Front End Installations.

1.2 Electronic Data Processing System

The Electronic Data Processing System (the "EDP System") includes both the Network and the operation-ready installed application of one or more of the Alliance Exchanges.

1.3 Participant Front End Installation

A Participant Front End Installation consists of one or more computers which enable trading on e-cbot (a Participant Front End System according to subsection 1.4 or a Multi-Member- Front End System according to subsection 1.5) and Network components by which the connection to the Network is made. In addition, the Participant Front End Installation shall include all necessary components for the maintenance of such Exchange Participant's internal network connections (e.g., Gateways, Routers, etc.), provided that they are located in a network area reserved for the Exchange (the 'Logical Network'). Additional hardware elements are not components of the Participant Front End Installation, although they may be connected thereto, to the extent that they satisfy the interfacing demands established by the Exchange and - if required- have been registered at the Exchange.

1.4 Participant Front End System

A Participant Front End System consists of at least one Exchange Participant's computer integrated into the Network, and is equipped with sufficient capacity and data security options in order to secure the technical basis on the part of the Exchange Participant for participation on e-cbot. A Participant Front End System is a component of the Participant Front End Installation (subsection 1.3) and as such is part of the Network.

1.5 Multi-Member-lntegrated System Server

(a) Two or more Exchange Participants may access e-cbot by means of a common Front End System (Multi- Member-Front End System), which is a component of the Front End Installation (subsection 1.3). In such cases, the Exchange Participants should notify the Exchange to adjust the capacity of the telecommunications connection accordingly. A Multi-Member Front End System-should be installed as a 2-LAN configuration and connected as a MISS group with two servers.
(b) CBOT Direct - e-cbot may maintain a MISS group as part of a Front End Installation through which one or more Exchange Participants may access e-cbot with the approval of their primary clearing member.

1.6 Logical Network

The Logical Network includes, in addition to the Network, all components at the Exchange Participant's site which are connected for technical reasons to the Network. Such components must be located in a network area reserved for the Exchange.

1.7 Data Transmission Equipment

Telecommunication within the Network occurs by means of Data Transmission Equipment, consisting of access points, routers and data transmission lines. A Participant Front End System or a Multi-Member Front End System shall always be connected by at least two data transmission lines to an access point.

1.8 Network Parameters

Network Parameters are values, dependent on the network software and its underlying operating system software, which control the communication between computers within a network. Network Parameters are installed with standard settings prescribed by the Exchange upon the initial installation of the software relating to network functions.

1.9 Auto-Quote Machines

Auto-Quote Machines are automatic quotation systems for options and futures. On the basis of pricing information and additional parameters determined by the Exchange Participant, quotes are automatically generated by an Auto-Quote Machine and transmitted into the EDP System.

1.10 Electronic Eyes

Electronic Eyes are computer programs which continuously receive market prices of Exchange products from the EDP System and evaluate such market prices. As soon as the price of an order or quote which is received by the Electronic Eye lies within the range previously set by the Exchange Participant, the Electronic Eye automatically generates an order which is then transmitted through the programmable interfaces made available via the Participant Front End System to the EDP System for execution.

1.11 Third Party Software

Third party software is software which is not provided by or on behalf of e-cbot and which is connected by an Exchange Participant to the programmable interface of the EDP System.

1.12 Location

Subject to Regulation 9X.06, Location within the meaning of this provision means the entirety of all business premises occupied by an Exchange Participant within a building in which Participant Front End Installations have been installed for the purpose of active options and futures trading. Business premises in which Participant Front End Installations are only employed in emergencies or for the purpose of engaging in technical simulated tests are not deemed to constitute a Location within the meaning of this provision.

2 Connection to the EDP System

2.1 Requirements

Upon admission to participate in options and futures trading, the Exchange Participant is connected to the EDP System. This connection is subject to the Exchange Participant's compliance with Exchange Rules, including these Implementation Regulations. By the establishment of such connection, the EDP System shall not be compromised on the basis of Location or any other technical grounds. Each Exchange Participant undertakes to ensure that it is entitled to connect each of its Participant Front End Installations to the EDP System and to execute trading on e-cbot, according to the national laws and regulations effective in the country of each respective Location.

2.2 Installation of Participant Front End Installations

Each of an Exchange Participant's Front End Installations, if not employed in emergencies or for the purpose of participating in technical simulated tests (subsection 1.12) must be installed at a Location of the Exchange Participant and should be configured redundantly.

Upon receipt of prior notification from an Exchange Participant or from an applicant for Exchange admission, the Exchange may permit the installation and the operation of a Participant Front End Installation at the business premises of a third party engaged by the Exchange Participant or applicant for Exchange admission to operate such Participant Front End Installation, if the application of and compliance with the provisions of the rules and regulations of the Exchange and supplemental conditions thereto are ensured, in particular in respect of such third party. By means of appropriate agreements concluded with the third party, the Exchange Participant or applicant for Exchange admission shall secure the granting to the Exchange by the third party of the right to inspect the business premises of such third party at all times for the purpose of determining compliance with the requirements for the installation and operation of a Participant Front End Installation.

2.3 Installation of Several Participant Front End Systems

An Exchange Participant may apply for the connection of several Participant Front End Systems. The Exchange may limit the number of Participant Front End Systems applied for by an Exchange Participant for cause, including reasons relating to system performance.

2.4 Connection of Quote Machines/Electronic Eyes

Upon special application by an Exchange Participant, the Exchange may permit the connection of Auto-Quote Machines and/or Electronic Eyes to the EDP System through the programmable interfaces made available via the Participant Front End System, provided that the Exchange Participant continuously ensures that the Auto-Quote Machines and/or Electronic Eyes

.. are installed at the Locations of the Exchange Participant and

.. are given parameters which correspond to at least one member for the Exchange Participant and

.. are controlled by at least one such person during trading hours.

3 Technical Requirements

The technical requirements set forth herein are binding on all Exchange Participants; divergence from such regulations shall require the written consent of the Exchange. The Exchange may at any time examine the configurations and Network Parameters of an Exchange Participant and require the modification of divergent values. In modifying such values, the Exchange Participant is required to effect such technical modifications to its Participant Front End Installation as are required by the Exchange within any timeframe imposed by the Exchange. Upon request from the Exchange , the Exchange Participant is obligated to grant the Exchange access to the technical infrastructure employed by it for establishing a connection with the EDP System to facilitate the carrying out of technical inspections. Such access and/or any right of inspection is subject to applicable local law. If modifications are not completed within the time frame imposed by the Exchange, the Exchange may restrict or bar the Exchange Participant's access to the EDP System.

4 Hardware

4.1 Requirements

EDP equipment which ensures the orderly execution of trading over the EDP System must be made available by Exchange Participants.

4.2 Permitted Trading Platforms

The Alliance Exchanges shall specify permitted trading platforms for installation on the Participant Front End Installation connected to the EDP System.

4.3 Approved Hardware Configurations

All hardware configurations planned by an Exchange Participant must be approved by the Exchange - by submitting the configuration questionnaire supplied by or on behalf of the Exchange and filled in by the Exchange Participant- prior to their installation; the same shall apply to modifications.

4.4 Responsibility for Operation

The operation of the Participant Front End Installation (including integrated Routers) is the sole responsibility of the Exchange Participant. Each Exchange Participant shall guarantee that it will operate its Participant Front End Installation in an orderly manner, and that, by such operation, the operation and functionality of trading and clearing on the Alliance Exchanges shall not be compromised.

5 Software

5.1 Exchange Software

The Exchange shall make available to the Exchange Participants the application software without source code. Subject to the rules and regulations of the Exchange, including these Implementation Regulations, an Exchange Participant is hereby granted a non-exclusive, non-transferable, revocable license to use the current version of the application software as made available by the Exchange solely for trading on e-cbot at an approved Location and may neither alter nor copy such software without the consent of the Exchange. The foregoing shall not apply to the production of copies of the application software if such copies are produced solely for data storage purposes. Each Exchange Participant is responsible for the installation of the application software on the components of his Participant Front-End installation.

5.2 Participant's Operating System Software

The Exchange shall specify each version of the operating system software valid at the time, including all necessary components, used for operation of the current version of the application software on the Participant Front End Installation.

5.3 Registration of Third Party Software

If an Exchange Participant intends to connect Third Party Software to the programmable interface of the EDP System, the Exchange Participant shall assign an electronic identifier to such Third Party Software before connecting it to the programmable interface, observing the Exchange's instructions as to the

systematic composition of such identifier, and shall have the Third Party Software registered at the Exchange.

Each Exchange Participant shall ensure that the identifier assigned to Third Party Software used by it will be sent together with each transmission to the EDP System, when the registered Third Party Software communicates with the EDP System via the programmable interface. In case the EDP System is impaired by the Third Party Software connected to the programmable interface, the Exchange may prohibit the connection of such software with immediate effect.

5.4 Responsibility for the Use of Third Party Software

The application software made available by the Exchange includes interfaces for front and back office systems. The Exchange Participant itself is responsible for the software which uses these interfaces.

6 Extent of Use of Data Transmission Equipment

An Exchange Participant may use the Data Transmission Equipment which serves trading on e-cbot solely for trading on e-cbot unless otherwise approved in writing by the Exchange. However, the Exchange reserves the right to use the Data Transmission Equipment also for trading and clearing on other institutions.

7 Transmission Lines for Telecommunication

7.1 Control of Transmission Lines

The Exchange shall control the lines for the entire physical network/Network. Installation and operation of the transmission lines for telecommunications which are necessary for the connection between the Participant Front End Installation and the Exchange shall be carried out by the Exchange or may be contracted out by the Exchange.

7.2 Range of Transmission Lines

e-cbot shall make available a connection to the Location of the Exchange Participant, provided that the transmission paths and types of connection supported by e-cbot are available for such Exchange Participant and, under normal conditions and adequate expense, able to be established and operated while meeting the security and quality standards set forth by e-cbot.

7.3 Connection to Network

A Participant Front End Installation may only be connected to the access point designated by the Exchange, and such connection must be by means of at least two transmission lines.

7.4 Security Against Failure

In order to increase security against failure, Participant Front End Installations may be connected to the Network by means of more than two lines.

7.5 Number of Transmission Lines

Notwithstanding these regulations, the Exchange can set a minimum and maximum number of the transmission lines necessary for an Exchange Participant to connect its Participant Front End Installation to the EDP System, to the extent that such action is necessary for reasons relating to system performance or for other serious reasons.

8 Network Parameters

8.1 Specification of Network Parameters

To ensure the security of the Network and to protect the Participant Front End Installations, each Exchange Participant shall comply with the following Network Parameters.

.. An Exchange Participant's computers which are not components of the Participant Front End Installation may only access the Participant Front End Systems of such Exchange Participant and may not access other computers in the Network;

.. Only the computers of the Participant Front End Installation may access or be accessed from the Network;

.. Unauthorized access by a Participant Front End Installation to the computers of the Alliance Exchanges is prohibited,

.. Communication between Exchange Participants by means of the Network is prohibited.

8.3 Compliance With Network Parameters

Upon installation of the Participant Front End Installation and Network components, the Exchange Participant shall establish and maintain the Network Parameters selected by the Exchange.

8.4 Reservation of Network Areas

The Exchange reserves network areas for its Logical Network. The network areas selected by the Exchange can only be used for participation on the Exchange. Within its own network, each Exchange Participant may use any network areas that are not reserved for the Exchange.

8.5 Node Numbers/Node Names

The Exchange shall assign node numbers and node names for the entire Logical Network. Within the Network, only the nodes authorized by the Exchange by assignment of node numbers may communicate with the EDP System.

Consequently, no computer that has not received a corresponding node number from the Exchange may be connected by the Exchange Participants in the network areas reserved by the Exchange. The transfer of the assigned node number and the related node name to a computer with a function other than that as applied for is prohibited.

9 Emergency Plan

9.1 Responsibility

Each Exchange Participant is responsible for taking appropriate measures for emergency planning and management.

9.2 Emergency Computer Center

An Exchange Participant may establish an inactive emergency computer center (computer failure center) and, if necessary, may connect this center with an inactive line to an access point. The costs incurred by the Exchange shall in such case be paid by the Exchange Participant.

9.3 Connection Between Two Locations

It an Exchange Participant operates at two or more Locations, he may supply any two Locations with a connection in order to ensure breakdown protection in the event of a disruption of the connection between one Location and an access point.

10 Personnel

Each Exchange Participant is obligated to maintain a sufficient number of qualified personnel at all times during trading hours and to guarantee their availability by telephone in order to ensure the orderly operation of the components of the EDP System which are in the control of the Exchange Participant, particularly in order to take the necessary measures at the instruction of the Exchange in the event of a technical disruption. In addition, each Exchange Participant shall provide the Exchange with the name and telephone number of a person to be contacted in the event of a technical disruption.

11 Costs

11.1 Hardware and Software

The costs for the purchase, installation and maintenance of all hardware and software used by an Exchange Participant shall be borne by the Exchange Participant, and shall not be borne by the Exchange, provided that the application software referred to in subsection 5.1 shall be made available by the Exchange without additional cost.

11.2 Telecommunications Networks

The one-time and the continuing costs for establishing and operating the Network, including the expenses for telecommunications transmission lines, will be levied on Exchange Participants in the form of a fee established by the Exchange.

12 Technical Problems

12.1 Measures

During technical disruptions, the Board may suspend or restrict access to the EDP System for one, several or all Exchange Participants, regardless of whether such problems appear at one or more of the Alliance Exchanges or at one, several or all Exchange Participants. The Exchange may resume trading or re-commence after an interruption, even if one or several Exchange Participants still do not have access to the EDP System for e-cbot if in the opinion of the Board of Directors an orderly market continues to exist or is once again possible.

12.2 Information to Exchange Participants / Exchange Participants' Obligation to Cooperate

Exchange Participants are obligated to inform themselves about technical requirements and changes by means of the media made available by the Exchange. The Exchange shall, to the extent possible, inform the Exchange Participants without undue delay of any technical problems. In case of technical problems of the EDP System, Exchange Participants are obligated to grant the Exchange or its representatives access to their Locations in which Participant Front End Systems are installed for problem resolution.

12.3 Suspension of Options and Futures Trading

In the event of the suspension of trading on the basis of technical problems, the Exchange shall place the EDP System on 'halt status', so that no more inputs can be effected by Exchange Participants.

The resumption of trading after a trading suspension pursuant to the foregoing regulation shall begin with a new Pre-Trading Period pursuant to Regulation 9x.09. Subsequently, trading will proceed consistently with Exchange Rules and Regulations.

The Exchange shall inform Exchange Participants without delay of the reduced time of the trading period.

APPENDIX 10A - ELEVATORS IN THE CHICAGO AND BURNS HARBOR SWITCHING DISTRICTS
(WHEAT & OATS)

Following is a listing of the elevators in the Chicago and Burns Harbor Switching Districts approved as regular for the delivery of Wheat and Oats through June 30, 2004:

WAREHOUSE	LOCATION	CAPACITY IN BUSHELS
Cargill, Inc.	Cargill Burns Harbor Portage, IN	5,473,000
Chicago & Illinois River Marketing LLC	Chicago	9,156,000

Note: All elevators are Federally licensed.

07/01/02

APPENDIX 10B - ELEVATORS IN THE ST. LOUIS AND EAST ST. LOUIS SWITCHING DISTRICTS
(WHEAT)

Following is a listing of the elevators in the St. Louis, East St. Louis and Alton Switching districts approved as regular for the delivery of Wheat through June 30, 2004:

WAREHOUSE	LOCATION		CAPACITY IN BUSHELS
Archer-Daniels-Midland Co.	St. Louis St. Louis, MO	Elevator	2,154,000
Cargill Inc.	East St. Louis, IL	Elevator	2,481,000

Note: All Elevators listed are Federally licensed.

07/01/02

APPENDIX 10C - ELEVATORS IN THE MINNEAPOLIS AND ST. PAUL SWITCHING DISTRICTS
(OATS)

Following is a listing of the elevators in the Minneapolis and St. Paul, MN Switching Districts which are approved as regular for the delivery of Oats through June 30, 2004:

WAREHOUSE	LOCATION	CAPACITY IN BUSHELS
Bunge North America, Inc.	Midway Elevator Minneapolis, MN	2,643,000
	Port Bunge Elevator Savage, MN	9,275,000
Cargill, Inc.	Port Cargill Elevator "C" Savage, MN	13,762,000
Cenex Harvest States Co-Operatives	HSC Savage Elevator Savage, MN	641,000
	Elevator #2 St. Paul, MN	1,400,000
	St. Paul Elevator "M" St. Paul, MN	1,331,000
ConAgra, Inc.	Calumet Elevator Minneapolis, MN	1,323,000
	Electric Steel Elevator Minneapolis, MN	4,579,000
	Malt-One Elevator Minneapolis, MN	2,348,000
	Marquette Elevator Minneapolis, MN	3,830,000
	Shakopee Elevator Shakopee, MN	1,122,000
General Mills Operations, Inc.	Delmar #4/Washburn C Minneapolis, MN	9,636,000
	Washburn Elevator Checkerboard Elevator B Minneapolis, MN	2,400,000
	Washburn D-Elevator T Minneapolis, MN	4,047,000
	Fridley Elevator Fridley, MN	4,955,000
	Washburn E. S00 Elevator Washburn, MN	3,553,000

NOTE: ALL ELEVATORS ARE FEDERALLY LICENSED.

07/01/02

APPENDIX 10D - ELEVATORS IN THE TOLEDO, OHIO SWITCHING DISTRICT (WHEAT)

Following is a listing of the elevators in the Toledo, Ohio Switching District which are approved as regular for the delivery of Wheat through June 30, 2004:

WAREHOUSE	LOCATION	CAPACITY IN BUSHELS
The Andersons Agricultural Group L.P.	Andersons-Illinois Elevator Maumee, Ohio	20,559,000
	Reynolds Road Elevator Toledo, Ohio	983,000
	River Elevator Toledo, Ohio	7,232,000
	Conant Street Elevator Maumee, Ohio	6,316,000
	Edwin Drive Elevator Toledo, Ohio	6,732,000
Archer-Daniels-Midland Co. d/b/a ADM Grain Company	Toledo Elevator Toledo, Ohio	9,795,000
	Ottawa Lake Elevator Ottawa Lake, MI	7,680,000

NOTE: ALL ELEVATORS ARE FEDERALLY LICENSED.

07/01/02

APPENDIX 10E - GRAIN

Beginning with new crop 1993 delivery months, the following maximum storage rates, as specified in Regulation 1056.01, will be applicable to Chicago Board of Trade approved elevators regular for the storage of grain:

Wheat: Effective July 1, 1993, the storage rate shall not exceed 15/100 of one cent per bushel per day.

Oats: Effective September 1, 1993, the storage rate shall not exceed 13/100 of one cent per bushel per day.

The following is a listing of the storage rates effective prior to the implementation of the maximum rates. Storage rates which are below the maximum rates will remain in effect after implementation of the maximum rates.

WAREHOUSE & LOCATION	RATE	EFFECTIVE DATE
The Andersons		
Maumee Elevator Maumee, OH	15/100 of a cent per bushel per day	July 1, 1993
Conant Street Toledo, OH	15/100 of a cent per bushel per day	July 1, 1998
Riverfront Elevator Toledo, OH	15/100 of a cent per bushel per day	July 1, 1993
Edwin Drive Toledo, Ohio	15/100 of a cent per bushel per day	July 1, 1998
Reynolds Road Toledo, OH	15/100 of a cent per bushel per day	July 11, 1996
ADM/Countrymark L.L.C., Inc.		
Elevator Toledo, OH	15/100 of a cent per bushel per day (Wheat, Corn & Soybeans)	April 30, 1998
Ottawa Lake Elevator Ottawa Lake, MI	15/100 of a cent per bushel per day	April 30, 1998
Archer-Daniels-Midland		
St. Louis Elevator St. Louis, MO	10/100 of a cent per bushel per day	October 1, 1993
Bunge North America, Inc.	13/100 of a cent per bushel per day	September 1, 1993
Midway Elevator Minneapolis, MN	13/100 of a cent per bushel per day	September 1, 1993
Port Bunge		
Savage, MN	13/100 of a cent per bushel per day	April 3, 1996
Cargill, Inc. East St. Louis, IL	15/100 of a cent per bushel per day	August 18, 1999
Cargill Maumee Elevator Maumee, OH	15/100 of a cent per bushel per day	July 1, 1993
Cargill Maumee Elevator Toledo, OH	13/100 of a cent per bushel per day	September 1, 1993
Port Cargill Elevator "C" Savage, MN	15/100 of a cent per bushel per day	July 1, 1993
Cargill Burns Harbor Portage, IN	10/100 of a cent per bushel per day	October 1, 1993
Cenex/Harvest States Cooperatives		
St. Paul Elevator #B St. Paul, MN	13/100 of a cent per bushel per day (Oats)	September 1, 1993
Harvest States Savage Elevator Savage, MN	13/100 of a cent per bushel per day	September 1, 1993
Elevator M St. Paul, MN	13/100 of a cent per bushel per day (Oats)	September 1, 1993
Chicago & Illinois River Marketing L.L.C.	15/100 of a cent per bushel per day	November 1, 1999
ConAgra Flour Mill Elevator Alton, IL ConAgra, Inc.	15/100 of a cent per bushel per day	July 1, 1993

Electric Steel Minneapolis, MN	Elevator	13/100 of a cent per bushel per day	September 1, 1993
Calumet Minneapolis, MN	Elevator	13/100 of a cent per bushel per day	September 1, 1993
Malt-one Minneapolis, MN	Elevator	13/100 of a cent per bushel per day	September 1, 1993
Marquette Minneapolis, MN	Elevator	13/100 of a cent per bushel per day	October 4, 2000
Shakopee Shakopee, MN	Elevator	13/100 of a cent per bushel per day	September 24,1994
General Mills, Inc.			
Fridley Minneapolis, MN	Elevator	13/100 of a cent per bushel per day	September 1, 1993
Washburn Minneapolis, MN	Elevator	13/100 of a cent per bushel per day (Oats)	April 20, 1994
Washburn Checkerboard Minneapolis, MN	Elevator	13/100 of a cent per bushel per day Oats)	September 1, 1993

NOTE: ALL ELEVATORS LISTED ARE FEDERALLY LICENSED.

APPENDIX 10F - RECIPROCAL AND INTERMEDIATE SWITCHING CHARGES

REFERENCE GUIDE ONLY - EFFECTIVE MAY 1, 1997
THE FOLLOWING RECIPROCAL AND INTERMEDIATE SWITCHING CHARGES APPLY AT ELEVATORS REGULAR FOR DELIVERY WITHIN THE CHICAGO, IL AND BURNS HARBOR, IN SWITCHING DISTRICTS. RATES ARE IN DOLLARS PER CAR UNLESS OTHERWISE INDICATED.

ELEVATOR:	RESULT AND/OR INTERMEDIATE RECIPROCAL CARRIER:	CARRIER AND END RESULT:
CARGILL BURNS HARBOR, IN	CR OR IHB LINE HAUL RATE	DIRECT CONNECTION WITH ALL OTHER CARRIERS. OTHER CARRIERS.
CHICAGO & ILLINOIS MARKETING, L.L.C. 117/TH/ & TORRENCE CHICAGO, IL	RIVER	IHB - $242.00 PER CAR $166.00 PER CAR (25-CAR) $ 95.00 PER CAR (50-CAR) (PRIVATE CARS, CR, NS)
DIRECT CONECTION WITH ALL OTHER CARRIERS		IHB $261.00 PER CAR $184.00 PER CAR (25-CAR) $110.00 PER CAR (50-CAR) (ALL OTHER CARRIERS) CRL - $187.00 PER CAR

THIS APPENDIX IS ONLY A REFERENCE GUIDE AND SHOULD NOT BE CONSTRUED AS A TRADING RECOMMENDATION OF THE CHICAGO BOARD OF TRADE. DUE TO THE RAPID CHANGES IN FREIGHT TARIFFS, WE DO NOT GUARANTEE THIS APPENDIX AS TO ACCURACY OR COMPLETENESS. FOR CURRENT INFORMATION ON SWITCHING CHARGES CONTACT THE RESPECTIVE RAIL CARRIER DIRECTLY.

01/01/00

APPENDIX 10G - GRAIN LOAD-OUT PROCEDURES

The following is a general outline of procedures for the load-out of grain covered by Chicago Board of Trade ("CBOT") registered warehouse receipts/shipping certificates. The procedures are based upon a combination of CBOT Rules and Regulations and trade practice. Where applicable, CBOT Rules and Regulations are cited.

1. Cancellation of the Warehouse Receipt/Shipping Certificate at CBOT Registrar's Office.

    a. To initiate the load-out process, the receipt/certificate holder, or owner, requests his clearing firm to cancel the warehouse receipt/shipping certificate at the CBOT Registrar's Office or requests load-out using the electronic form provided by the Clearing House's online system.

    b. The Registrar bills the owner's clearing firm a cancellation fee per receipt/certificate. (Internal policy of CBOT Registrar's Office.)

    c. The holder of the shipping certificate will notify the shipper of load-out instructions. Notification will be by telephone, telex or telefax.

2. Surrender of the Cancelled Warehouse Receipt/Shipping Certificate.

    a. The next step is for the owner to surrender the cancelled receipt/certificate to the regular warehouseman/shipper or his representative agent in Chicago. The agent must be a registered clearing member of the CBOT, be located in the vicinity of the CBOT and be available during business hours (except Exchange holidays). Business hours are 8:00 a.m. - 4:30 p.m., Monday - Thursday and 8:00 a.m. - 3:00 p.m. on Friday.

    b. At this time, the warehouseman/shipper, at his option, may require the owner to pay storage/premium and insurance charges that have accumulated up to and including the date of surrender. (See items 6(a) and (b) below.) The warehouseman's/shipper's agent shall accept these payments during business hours.

    c. At this time, the warehouseman, at his option, may also require the owner to pay the warehouseman or his agent a load-out fee of up to 6 cents per bushel. A fobbing charge of 4 cents per bushel was already paid at the time of delivery of corn and soybean shipping certificates. (The maximum load-out/fobbing fee, subject to change, is 6 cents per bushel for receipts and 4 cents per bushel for certificates. CBOT Regulation 1081.01(11).)

    d. If the owner decides against loading out grain, he may notify the warehouseman's/shipper's agent that warehouse receipts/shipping certificates are to be re-issued. The warehouseman's/shipper agent, if requested by the owner, shall obtain the receipts/certificates from the warehouseman/shipper, and if agent is notified by 12:00 noon, re-issued receipts shall be deliverable by 4:00 p.m. the following business day. (Any reimbursement of expenses for making the grain available for loading must be mutually accepted by the maker and taker. Notification of agents is notification of principal. All fees are a matter between agent and principal.)

3. Arrangement of Transportation Conveyance.

    a. Next, the owner arranges for proper conveyance of the grain to be loaded out with a carrier; the conveyance may be rail cars, barge, or vessel, and must be clean and ready-to-load.

    b. The owner provides the warehouseman/shipper with written loading orders that identify the vessel, barge, or number of rail cars that will take delivery of the grain, and that specify the grade and estimated number of bushels to be loaded.

    c. An owner requesting vessel load-out, having surrendered canceled receipts/certificates and tendered written loading orders to the warehouseman/shipper, is entitled to the warehouse's/shipper's current scheduled load-in and load-out lineups, provided the owner gives to the warehouseman/shipper the identity of the vessel and the estimated-time-of-arrival no more than 5 calendar days prior to constructive placement of the vessel.

In addition, an owner is entitled to receive updated information, upon request, on the elevator's/shipping station's scheduled load-in and load-out lineups.

d. The carrier or its agent notifies the warehouseman/shipper of the "constructive placement" of the conveyance. The term "constructive placement" is defined in CBOT Regulations 1081.01(12)A. (1), (2) and (3). Only the warehouseman/shipper can order the conveyance to the elevator/shipping station for actual placement for loading.

e. The warehouseman/shipper is not responsible for the failure of the carrier to present clean, ready-to-load conveyance to the warehouseman/shipper. (CBOT Regulation 1081.01(12) B.)

4. Request for Grain Inspection or Stevedoring Service.

a. The owner may, at his option and expense, request the warehouseman/shipper to arrange inspection and weighing service provided by the Federal Grain Inspection Service ("FGIS").

b. In case of water load-out (barge or vessel), the owner should request the warehouseman/shipper to arrange stevedoring service. In this regard, the owner may designate to the warehouseman/shipper the stevedoring service he would like to use. The owner is responsible for charges incurred for stevedoring service.

c. The warehouseman/shipper does not control the availability of the FGIS and the stevedoring services.

5. Actual Load-Out.

a. The warehouseman/shipper must load-out all conveyances in the order of their constructive placement. An operator of a regular facility in Chicago, Burns Harbor, along the Illinois Waterway, and St. Louis has the obligation of loading grain represented by warehouse receipts or shipping certificates giving preference to takers of delivery. (CBOT Regulation 1081.01(12) A.)

b. The warehouseman/shipper informs the owner of the time of loading completion and the release time of the conveyance to the carrier.

c. The warehouseman/shipper must advise the owner of any load-out difficulties. Inclement weather may delay loading.

d. The owner should be familiar with the tariff of the warehouse/shipping station where the load-out is to occur.

6. Final Settlement of All Charges By Invoice

a. The owner pays the warehouseman/shipper storage/premium charges that have accumulated up to and including the 10th business day after constructive placement of the conveyance or the date of loading completion, whichever is earlier. (CBOT Regulation 1081.01(12).) If the owner paid storage/premium charges when he surrendered the cancelled warehouse receipt/shipping certificate (see item 2(b) above) he now pays storage/premium charges that have accumulated since that time as invoiced.

b. The owner pays the warehouseman for the FGIS service and the stevedoring company for stevedoring service as invoiced.

c. With some exceptions for Burns Harbor delivery, the owner pays all transportation costs, including switching charges and demurrage, if any, to the appropriate transportation company.

*/ The outline provided above is intended to serve only as a general guide to grain load-out procedures; certain of the discussed obligations of the warehouseman and owners may not apply in a particular situation or may be open to negotiation between the parties. Care has been taken in the preparation of this outline, but there is no warranty or representation expressed or implied by the Chicago Board of Trade or its member firms as to the accuracy or completeness of the material herein. In particular, CBOT rules and regulations may be revised from time accordingly, current rules and regulations, if applicable, should be consulted when there is a question about load-out. Please be advised that the U.S. Warehouse Act, as amended, a state law may also apply to, or govern, a particular situation. If you have legal questions concerning load-out, we recommend that you consult your legal counsel. (10/01/01)

APPENDIX 10C A - CORN AND SOYBEAN SHIPPING STATIONS

Following is a listing of the shipping stations approved as regular for the delivery of Corn and Soybeans for the period through June 30, 2004:

BOTCC Code	Firm	Location	Mile Marker	Approved Capacity (bu)	Daily Loading Rate (bu/day)	Max. Certs	Location Differential (cents/bu)

11/01/94

APPENDIX 37D - MINIMUM FINANCIAL REQUIREMENTS FOR ROUGH RICE REGULARITY

The minimum financial requirements for firms which are regular to deliver Rough Rice are:

1. Working Capital - (current assets less current liabilities) must be greater than or equal to $1,000,000. Firms which do not have $1,000,000 in working capital must deposit with the Exchange $5,000 per contract which they are regular to deliver, up to a maximum of $1,000,000 less SEC haircuts, as specified in SEC Rule 15c3-1(c) (2) (vi), (vii) and (viii) plus 3% in the event of liquidation.

2. Net Worth - (Total assets less total liabilities) divided by the firm's allowable capacity (measured in contracts) must be greater than $5,000.

3. Each firm which is regular to deliver Rough Rice is required to file a yearly certified financial statement within 90 days of the firm's year-end. Each such firm is also required to file within 90 days of the statement date an unaudited semi-annual financial statement. In addition, the Exchange may request additional financial information as it deems appropriate;

4. A Letter of Attestation must accompany all financial statements. The Letter of Attestation must be signed by the Chief Financial Officer or if there is none, a general partner, executive officer, or managerial employee who has the authority to sign financial statements on behalf of the firm and to attest to their correctness and completeness.

5. For the requirements for notification of capital reductions, see Regulation 285.03.

6. Any change in the organizational structure of a firm that is regular for delivery requires that the firm notify the Exchange prior to such change. Changes in organizational structure shall include, but not be limited to a corporation, limited liabilty company, general partnership, limited partnership or sole proprietorship that changes to another form. Prior to such change occurring, the firm is also required to notify the Exchange in writing of any name change.

AMENDED AND RESTATED
CERTIFICATE OF INCORPORATION
OF
BOARD OF TRADE OF THE
CITY OF CHICAGO, INC.
(Originally incorporated in the State of Delaware under the name
Delaware CBOT, Inc. on May 12, 2000)

ARTICLE I

NAME

The name of the corporation is Board of Trade of the City of Chicago, Inc. (hereinafter referred to as the "Corporation").

ARTICLE II

REGISTERED AGENT

The address of the registered office of the Corporation in the State of Delaware is 9 Loockerman Street, in the City of Dover, County of Kent, Delaware 19901. The name of the registered agent of the Corporation at such address is National Registered Agents, Inc.

ARTICLE III

CORPORATE PURPOSES

The nature of the business or purposes to be conducted or promoted by the Corporation are to engage in any lawful act or activity for which corporations may be organized under the General Corporation Law of the State of Delaware (as amended from time to time, the "DGCL").

ARTICLE IV

MEMBERSHIP

A. General.

The Corporation shall have no authority to issue capital stock. The terms and conditions of membership in the Corporation shall be as provided in or pursuant to this Certificate of Incorporation and the Bylaws of the Corporation (the "Bylaws").

B. Classes and Series of Membership.

Membership in the Corporation shall be divided into classes and series as set forth in this Article IV.

1. Class A Membership.

There shall be one Class A Membership, which Class A Membership shall be held by CBOT Holdings, Inc., a Delaware corporation (including any successor thereto, "CBOT Holdings"). Except to the extent (if any) expressly provided herein or required by law, CBOT Holdings, as the holder of the sole Class A

Membership, shall have the right to vote on any matter to be voted on by the members of the Corporation other than on those matters expressly reserved to the vote of the Series B-1 and Series B-2, Class B members of the CBOT subsidiary and shall have the exclusive right to receive any dividend or other distribution (including upon liquidation, dissolution, winding-up or otherwise) to be declared, paid or distributed by the Corporation (except as provided in Section B(2) of this Article IV), and no other member of or class or series of membership in the Corporation shall be entitled to vote on any matter except as set forth below or to receive any such dividend or other distribution (except as provided in Section B(2) of this Article IV).

2. Class B Membership.

Class B Memberships shall represent the right to trade on and otherwise utilize the facilities of the Corporation in accordance with and to the extent permitted by this Certificate of Incorporation, the Bylaws and the Rules and Regulations of the Corporation (collectively, the "Rules," which shall be incorporated into and made part of the Bylaws). There shall be three thousand seven hundred nine (3,706) Class B Memberships, which shall be divided into five (5) series ("Series") as follows:

1,402 Series B-1, Class B Memberships;

867 Series B-2, Class B Memberships;

152 Series B-3, Class B Memberships;

642 Series B-4, Class B Memberships; and

643 Series B-5, Class B Memberships.

Class B Memberships shall have no right to receive any dividend or other distribution (including upon liquidation, dissolution, winding-up or otherwise) to be declared, paid or distributed by the Corporation with the sole exception of the dividend of shares of CBOT Holdings, Inc. to be declared and paid in connection with reorganization of the Company and the creation of the Class B Memberships. The respective rights and privileges of each Series of Class B Membership shall be as provided in or pursuant to this Certificate of Incorporation, the Bylaws and the Rules.

3. Class C Membership.

Class C Memberships shall represent the right, subject to satisfaction of certain requirements set forth in the Rules, to become a member of the Chicago Options Exchange Incorporated (including any successor thereto, the "CBOE") without having to purchase a membership on the CBOE pursuant to Article Fifth(b) of CBOE's certificate of incorporation. There shall be one thousand four hundred two (1,402) Class C Memberships. Class C Memberships shall have no right to receive any dividend or other distribution (including upon liquidation, dissolution, winding-up or otherwise) to be declared, paid or distributed by the Corporation. The holders of Class C Memberships shall not be entitled to vote on any matter. The respective rights and privileges of Class C Memberships shall be as provided in or pursuant to this Certificate of Incorporation, the Bylaws and the Rules.

C. Class B Voting Rights.

Except as otherwise expressly provided in this Certificate of Incorporation, the holders of Class B Memberships shall not be entitled to vote on any matter. On any matter on which the holders of Series B-1, Class B Memberships and Series B-2, Class B Memberships are entitled to vote together as a single class pursuant to Section D(2) of this Article IV, each holder of Series B-1, Class B Memberships shall be entitled to one (1) vote per such membership and each holder of Series B-2, Class B Memberships shall be entitled to one-sixth (1/6) of one (1) vote per such membership.

D. Special Rights of Class B Membership.

The holders of each Series of Class B Membership shall have the trading rights and other rights and privileges, and shall be subject to the restrictions, terms and conditions, set forth below.

1. Series Trading Rights.

(a) Series B-1. Each holder of a Series B-1, Class B Membership who satisfies the qualifications for and requirements of Full Membership in the Corporation as set forth in the Rules shall be entitled to the rights and privileges of, and shall be subject to the restrictions, conditions and limitations on, a Full Member as set forth in this Certificate of Incorporation, the Bylaws and the Rules.

(b) Series B-2. Each holder of a Series B-2, Class B Membership who satisfies the qualifications for and requirements of Associate Membership in the Corporation as set forth in the Rules shall be entitled to the rights and privileges of, and shall be subject to the restrictions, conditions and limitations on, an Associate Member as set forth in this Certificate of Incorporation, the Bylaws and the Rules.

(c) Series B-3. (1) Each holder of a Series B-3, Class B Membership who satisfies the qualifications for and requirements of being a holder of a one-half Associate Membership as set forth in clause (2) of Rule 296.00 of the Rules shall be entitled to the rights and privileges of, and subject to the restrictions, conditions and limitations on, a holder of a one-half Associate Membership as set forth in the Certificate of Incorporation, the Bylaw and the Rules.

(2) Each holder of a Series B-3, Class B Membership who satisfies the qualifications for and requirements of being a holder of a GIM Membership Interest in the Corporation as set forth in clause (1) of Rule 296.00 of the Rules shall be entitled to the rights and privileges of, and shall be subject to the restrictions, conditions and limitations on, a holder of a GIM Membership Interest as set forth in this Certificate of Incorporation, the Bylaws and the Rules.

(d) Series B-4. Each holder of a Series B-4, Class B Membership who satisfies the qualifications for and requirements of being a holder of an IDEM Membership Interest in the Corporation as set forth in the Rules shall be entitled to the rights and privileges of, and shall be subject to the restrictions, conditions and limitations on, a holder of an IDEM Membership Interest as set forth in this Certificate of Incorporation, the Bylaws and the Rules.

(e) Series B-5. Each holder of a Series B-5, Class B Membership who satisfies the qualifications for and requirements of being a holder of a COM Membership Interest in the Corporation as set forth in the Rules shall be entitled to the rights and privileges of, and shall be subject to the restrictions, conditions and limitations on, a holder of a COM Membership Interest as set forth in this Certificate of Incorporation, the Bylaws and the Rules.

(f) In addition to the rights and privileges set forth above, except as otherwise provided in the Certificate of Incorporation, the Bylaws or the Rules, each holder of a Class B Membership of any Series shall be entitled to all trading rights and privileges with respect to those products that such holder is entitled to trade on the open outcry exchange system of the Corporation or any electronic trading system maintained by the Corporation or any of its affiliates or any of their respective successors or successors-in-interest.

2. Series B-1 and B-2, Class B Voting Rights.

(a) In addition to any approval of the Board of Directors required by this Certificate of Incorporation, the Bylaws or applicable law, the affirmative vote of the holders of a majority of the voting power of the then-outstanding Series B-1, Class B Memberships and Series B-2, Class B Memberships, voting together as a class based on their respective voting rights, shall be required to adopt any amendment or make any change to this Certificate of Incorporation, the Bylaws or the Rules that, in the sole and absolute determination of the Board of Directors, adversely affects:

(1) the allocation of products that the holders of any Series of Class B Membership are permitted to trade on the exchange facilities of the Corporation (including both the open outcry trading system and the electronic trading system),

(2) the requirement that, except as provided in that certain Agreement, dated August 7, 2001, between the Corporation and CBOE, as modified by that certain Letter Agreement, dated October 24, 2001, between the Corporation, CBOT Holdings and the CBOE, in each case, as may be amended from time to time in accordance with their respective terms, holders of Class B Memberships who meet the applicable membership and eligibility requirements will be charged transaction fees for trades of the Corporation's products for their accounts that are lower than the transaction fees charged to any participant who is not a holder of Class B Membership for the same products, whether trading utilizing the open outcry trading system or the electronic trading system,

(3) the authorized number of any classes or series of memberships,

(4) the membership qualifications or eligibility requirements for holding any Series of Class B Membership or exercising any of the membership rights and privileges associated with such Series, or

(5) the Commitment to Maintain Open Outcry Markets set forth in Section F of Article IV of this Certificate of Incorporation.

For purposes of clause (1) of this Section, the allocation of products that the holders of any Series of Class B Membership are permitted to trade on the exchange facilities of the Corporation shall be deemed to be adversely affected only if a product is eliminated from the allocation of products the holders of a particular Series of Class B Memberships are permitted to trade. The right of the holders of Series B-1, Class B Memberships and Series B-2, Class B Memberships to vote on the amendments and changes specified in this Section D(2)(a) shall apply only if any such amendment or change is first approved by the Board of Directors or the holder of the Class A Membership, and the holders of Series B-1, Class B Memberships and Series B-2, Class B Memberships shall have no right to propose, initiate or unilaterally take any of the actions as to which they are entitled to vote pursuant to this Section D(2)(a). For purposes of any vote of the holders of Series B-1, Class B Memberships and Series B-2, Class B Memberships permitted by this Certificate of Incorporation, the Board of Directors shall be entitled to fix a record date, and only holders of record as of such record date shall be entitled to vote on the matter to be voted on.

(b) In addition to their right to vote on the matters specified in the preceding paragraph (a), holders of Series B-1 and Series B-2, Class B Memberships shall also be entitled, at any annual or special meeting of members, to (i) adopt, repeal or amend the Bylaws of the Corporation, or (ii) make non-binding recommendations that the Board of Directors of the Corporation consider a proposed amendment to the Certificate of Incorporation, in each case subject to such requirements and conditions for the initiation of proposals by members as may be stated in this Certificate of Incorporation or in the Bylaws.

(c) In addition to any approval of the Board of Directors required by this Certificate of Incorporation, the affirmative vote of the holders of a majority of the voting power of the then-outstanding Series B-1, Class B Memberships and Series B-2, Class B Memberships, voting together as a class based on their respective voting rights, shall be required to adopt any amendment or make any change to Section E of Article IV.

(d) On any matter on which holders of Series B-1 and Series B-2, Class B Memberships are entitled to vote pursuant to paragraphs (a), (b) and (c) of this Article IV(D)(2), such holders of Series B-1 and Series B-2, Class B Memberships shall be the only members of the Corporation entitled to vote thereon, and any such matter shall be approved thereby if approved by the affirmative vote of a majority of the votes cast by such holders, voting together as a class based on their respective voting rights. Holders of Series B-1 and Series B-2, Class B Memberships shall have no other voting rights except as expressly set forth herein and shall not have the right to take action by written consent in lieu of a meeting. One-third of the total voting power of the Series B-1 and Series B-2, Class B Memberships present in person or by proxy shall constitute a quorum at any meeting to take action on the matters as to which such holders are entitled to vote pursuant to paragraphs (a)(b) and (c) of this Article IV(D)(2). Series B-3, Series B-4 and Series B-5, Class B Memberships shall have no right to vote on any matters or to initiate any proposals at or for any meeting of members.

3. Conversion Rights of Series B-3.

(a) Conversion. Subject to, and upon compliance with, the provisions of this Section D(3) of Article IV, any two (2) Series B-3, Class B Memberships shall be convertible at the option of the holder into one (1) Series B-2, Class B Membership.

(b) Mechanics of Conversion. A holder of Series B-3, Class B Memberships may exercise the conversion right specified in Section D(3)(a) of Article IV by surrendering to the Corporation or any transfer agent of the Corporation the certificates or other instruments, if any, representing the memberships to be converted, accompanied by written notice stating that the holder elects to convert such memberships represented thereby. Conversion shall be deemed to have been effected on the date when delivery of such certificate or other instrument, if any, accompanied by such written notice, is made, and such date is referred to herein as the Conversion Date. As promptly as practicable after the Conversion Date, the Corporation shall issue and deliver to or upon the written order of such holder a certificate or other instrument representing the number of Series B-2, Class B Memberships to which such holder is entitled as a result of the exercise of such conversion right. The person in whose name the certificates or other instruments representing Series B-2, Class B Memberships are to be issued shall be deemed to have become the holder of record of such Series B-2, Class B Memberships on the applicable Conversion Date.

(c) Memberships Reserved for Issuance. The Corporation shall take all actions necessary to reserve and make available at all times for issuance upon the conversion of Series B-3, Class B Memberships, such number of Series B-2, Class B Memberships as are issuable upon the conversion of all outstanding Series B-3, Class B Memberships.

E. Restriction on Transfer of Class B Memberships. Except as otherwise provided in this Article IV.E, no Class B Membership may be sold, transferred or otherwise disposed of (excluding any hypothecation thereof) except (a) by operation of law, (b) in a transaction specifically approved by the Board of Directors of the Corporation or a duly authorized committee thereof or (c) in a transaction consummated in connection with and conditioned upon the sale, transfer or disposition of shares of common stock (including any successor interests, the "Common Stock") of CBOT Holdings, that results in the number of shares of Common Stock of CBOT Holdings associated with the series of such Class B Membership, as set forth hereinafter in this Section E, being simultaneously sold, transferred or disposed of to the same transferee of such Class B Membership. The number of shares of Common Stock of CBOT Holdings that must be sold, transferred or otherwise disposed of in accordance with the preceding sentence is as follows: twenty five thousand (25,000) shares of Common Stock with one (1) Series B-1, Class B Membership; five thousand (5,000) shares of Common Stock with one (1) Series B-2, Class B Membership; two thousand five hundred (2,500) shares of Common Stock with one (1) Series B-3, Class B Membership; three hundred (300) shares of Common Stock with one (1) Series B-4, Class B Membership; and three hundred fifty (350) shares of Common Stock with one (1) Series B-5, Class B Membership. The restrictions contained in this Article IV.E shall be terms and conditions of membership in the Corporation and any purported sale, transfer or other disposition of a Class B Membership not in accordance with this Article IV.E shall be void and shall not be recorded on the books of or otherwise recognized by the Corporation.

F. Commitment to Maintain Open Outcry Markets. Subject to the terms and conditions of this Section F of Article IV, the Corporation shall maintain open outcry markets operating as of the effective date of the amendment and restatement of this Certificate of Incorporation creating Class B Memberships with the State of Delaware and provide financial support to each such market for technology, marketing and research, which the Board of Directors determines, in its sole and absolute discretion, is reasonably necessary to maintain each such open outcry market.

Notwithstanding the foregoing or any other provision of this Certificate of Incorporation, the Board of Directors may discontinue any open outcry market at such time and in such manner as it may determine if (1) the Board of Directors determines, in its sole and absolute discretion, that a market is no longer "liquid" or (2) the holders of a majority of the voting power of the then outstanding Series B-1, Class B Memberships and Series B-2, Class B Memberships, voting together as a single class based on their respective voting rights, approve the discontinuance of such open outcry market.

For purposes of the foregoing, an open outcry market will be deemed "liquid" for so long as it meets either of the following tests, in each case as measured on a quarterly basis:

(a) if a comparable exchange-traded product exists, the open outcry market has maintained at least 30 percent (30%) of the average daily volume of such comparable product (including for calculation purposes, volume from Exchange-For-Physicals transactions in such open outcry market); or

(b) if no comparable exchange-traded product exists, the open outcry market has maintained at least 40 percent (40%) of the average quarterly volume in that market as maintained by the Corporation in 2001 (including, for calculation purposes, volume from Exchange-For-Physicals transactions in such open outcry market).

ARTICLE V

MANAGEMENT OF AFFAIRS

The following provisions are inserted for the management of the business and the conduct of the affairs of the Corporation, and for further definition, limitation and regulation of the powers of the Corporation and of its directors and stockholders:

A. In accordance with Sections 141(a) and 141(j) of the DGCL, the business and affairs of the Corporation shall be managed by or under the direction of a governing body, which shall be known as the "Board of Directors." The composition of the Board of Directors shall be as set forth in Article VI of this Certificate of Incorporation. In addition to the powers and authority expressly conferred upon them by statute or by this Certificate of Incorporation, the Bylaws or the Rules, the directors are hereby empowered to adopt, amend or repeal the Bylaws and the Rules of the Corporation, subject to Section D(2) of Article IV of this Certificate of Incorporation, and to exercise all powers and do all acts and things as may be exercised or done by the Corporation. Any adoption, amendment or repeal of the Bylaws or the Rules by the Board of Directors shall require the approval of a majority of the Whole Board.

B. Special meetings of the members of the Corporation may be called only by the Chairman of the Board or by the Board of Directors acting pursuant to a resolution adopted by a majority of the Whole Board. For purposes of this Certificate of Incorporation, the term "Whole Board" shall mean the total number of authorized directors whether or not there exist any vacancies in previously authorized directorships.

ARTICLE VI

BOARD OF DIRECTORS

The holder of the Class A Membership shall have the exclusive right to vote for and elect the members of the Board of Directors. To qualify for election to, and continued service on, the Board of Directors as of any particular time, a person must, as of such time, be a member of the board of directors of CBOT Holdings. The Chairman of the Board of CBOT Holdings shall, whenever he or she is serving as a member of the Board of Directors, be Chairman of the Board of Directors.

ARTICLE VII

AMENDMENT OF BYLAWS

The Board of Directors is expressly empowered to adopt, amend or repeal the Bylaws of the Corporation. Any adoption, amendment or repeal of the Bylaws by the Board of Directors shall require the approval of a

majority of the Whole Board. The Series B-1 and Series B-2, Class B members shall also have power to adopt, amend or repeal the Bylaws. The only members of the Corporation with any power to adopt, amend or repeal the Bylaws or the Rules of the Corporation shall be the holders of the Series B-1 and Series B-2 Class B memberships, as set forth in Article IV.D.2 of this certificate of incorporation, and no other member of, or class or series of membership in, the Corporation shall have any such power.

ARTICLE VIII

LIMITATION OF LIABILITY

A director of the Corporation shall not be personally liable to the Corporation or its members for monetary damages for breach of fiduciary duty as a director, except for liability (A) for any breach of the director's duty of loyalty to the Corporation or its members, (B) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (C) under Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit. If the DGCL is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the DGCL, as so amended.

Any repeal or modification of the foregoing paragraph shall not adversely affect any right or protection of a director of the Corporation existing at the time of such repeal or modification. For purposes of this Article, the term "director" shall, to the fullest extent permitted by the DGCL, include any person who, pursuant to this Certificate of Incorporation, is authorized to exercise or perform any of the powers or duties otherwise conferred upon a board of directors by the DGCL.

ARTICLE IX

AMENDMENT OF CERTIFICATE OF INCORPORATION

The Corporation reserves the right to amend or repeal any provision contained in this Certificate of Incorporation in the manner prescribed by the laws of the State of Delaware, and all rights conferred upon the members of the Corporation are granted subject to this reservation. Any amendment of, or repeal of any provision contained in, this Certificate of Incorporation shall require the approval of (A) the holder of the Class A Membership and, (B) if and to the extent required by Section D(2) of Article IV hereof, the holders of a majority of the voting power of the then-outstanding Series B-1, Class B Memberships and Series B-2, Class B Memberships voting as a single class.

* * * *

AMENDED AND RESTATED BYLAWS

OF

BOARD OF TRADE OF THE
CITY OF CHICAGO, INC.

These Bylaws shall take effect at the effective time (the "Effective Time") of the Amended and Restated Certificate of Incorporation (as amended from time to time, the "Certificate of Incorporation") of Board of Trade of the City of Chicago, Inc. (the "Corporation") to be filed with the Secretary of State of the State of Delaware in connection with the merger of the Corporation and the demutualization and restructuring thereof (the "Restructuring") as described in the Registration Statement filed with the Securities and Exchange Commission in connection with the Restructuring; provided that, effective immediately upon the approval and adoption of these Bylaws by the membership of the Corporation at the meeting thereof called to vote upon the propositions relating to the Restructuring, for the avoidance of doubt, any limitation or restriction heretofore contained in the Bylaws, Rules (the "Rules") and Regulations (the "Regulations") of the Corporation with respect to the rights of any holder of a Full Membership, Associate Membership, one-half participation interest in an Associate Membership, which shall constitute a membership in the Corporation of the same class as the GIM Membership Interest, GIM Membership Interest, IDEM Membership Interest or COM Membership Interest to receive the dividend to be declared and distributed in connection with the Restructuring shall be and hereby is eliminated and the holders of each of the foregoing classes of membership shall, until the Effective Time, be deemed to be members of the Corporation (of their respective class) as that term is used in the Delaware General Corporation Law.

ARTICLE I--RULES AND REGULATIONS

Section 1. Incorporation of Rules and Regulations.

In accordance with the Certificate of Incorporation of the Corporation, the Rules and the Regulations, each as they may be amended from time to time, are hereby incorporated by reference into and made part of these Bylaws.

Section 2. Member Consent to Be Bound.

The Board of Directors may adopt, amend or repeal the Regulations, which shall not be in conflict with the Rules, and which shall have the binding effect of Rules. By majority vote, the Board of Directors may delegate, to particular committees as designated by the Board of Directors, the power to adopt, amend or repeal Regulations. Applicants for membership and any person or entity holding any membership in the Corporation shall be required to sign a written agreement to observe and be bound by the Certificate of Incorporation, the Bylaws, Rules and Regulations of the Corporation, as each may be amended from time to time. In addition, the Board of Directors may adopt interpretations of the Certificate of Incorporation, Bylaws, Rules and Regulations ("Interpretations") which shall be incorporated into and deemed to be Regulations.

ARTICLE II--MEMBERSHIP

Section 1. Terms and Conditions.

The terms and conditions of membership in the Corporation, including, without limitation, the rights and obligations of members, member firms and delegates, shall be as provided herein, in the Certificate of Incorporation and in the Rules and Regulations. Without limiting the foregoing, requirements with respect to, and restrictions and limitations on, the ownership, use, purchase, sale, transfer or other disposition of any membership or interest therein, or any other interest of or relating to the Corporation or membership therein,

including the payment of proceeds from the sale, transfer or other disposition of any membership or interest therein, shall be as provided herein, in the Certificate of Incorporation and in the Rules and Regulations, or as otherwise provided in accordance with applicable law.

Section 2. Voting Rights.

In accordance with the Certificate of Incorporation, the holder of the Class A Membership shall have the right to vote on all matters set forth therein, and no other member of or class or series of membership in the Corporation shall be entitled to vote on any matter, except as expressly provided otherwise in the Certificate of Incorporation. To the extent authorized by the Certificate of Incorporation, the Board of Directors shall be entitled to fix a record date for purposes of determining the members entitled to vote on any matter. Except as expressly provided in the Certificate of Incorporation of the Corporation, on any vote upon which the Class B members of the Corporation are otherwise entitled to vote, the members shall have the authority to authorize such proposal on the affirmative vote of a majority of votes cast at any annual or special meeting of the members of the Corporation.

Section 3. Annual and Special Meetings.

The directors of the Corporation shall be elected by the holder of the Class A Membership at an annual meeting to be held on a date designated by the Board of Directors, provided that no annual meeting need be held if the holder of the Class A Membership has elected directors by written consent without a meeting. Special meetings of the members may be called only by those persons, and in the manner specified, in the Certificate of Incorporation; provided that a special meeting shall be called by the Chairman of the Board or the Board of Directors acting pursuant to a resolution adopted by a majority of the Whole Board upon receipt by the Chairman of the Board or the Secretary of the Corporation of a written demand of Class B Members entitled to cast 10% of the total number of votes entitled to be cast at such meeting. Any such written demand shall specify the purpose of such special meeting and the special meeting so called shall be limited to the purpose so set forth. The written demand shall also specify the date of such special meeting that shall be a business day not less than ten (10) nor more than 60 (60) days from the date of such written demand. The purpose of any special meeting shall be stated in the notice thereof.

Section 4. Notice of Meetings.

Written notice of the place, date, and time of all meetings of the members shall be given, not less than ten (10) nor more than sixty (60) days before the date on which the meeting is to be held, to each member entitled to vote at such meeting, except as otherwise provided herein or required by law (meaning, here and hereinafter, as required from time to time by the Delaware General Corporation Law or the Certificate of Incorporation of the Corporation). The notice of any special meeting of members shall also state the purpose or purposes for which such meeting is called.

When a meeting is adjourned to another place, date or time, written notice need not be given of the adjourned meeting if the place, date and time thereof are announced at the meeting at which the adjournment is taken; provided, however, that if the date of any adjourned meeting is more than thirty (30) days after the date for which the meeting was originally noticed, or if a new record date is fixed for the adjourned meeting, written notice of the place, date, and time of the adjourned meeting shall be given in conformity herewith. At any adjourned meeting, any business may be transacted which might have been transacted at the original meeting without regard to the presence of a quorum at such adjournment.

Section 5. Quorum.

The presence of the holder of the Class A Membership, in person or by proxy, shall constitute a quorum for any meeting of members; provided that, with respect to any matter on which the holders of Class B Memberships are entitled to vote pursuant to the Certificate of Incorporation, or any meeting called solely to

vote on such matters, the presence of holders of Class B Memberships, in person or by proxy, representing one-third of the votes entitled to be cast on such matters, shall also be necessary to constitute a quorum. If a quorum shall fail to attend any meeting, the chairman of the meeting or, in his or her absence, the Chairman of the Board of Directors or the President, or the holder of the Class A Membership, may adjourn the meeting to a subsequent time.

Section 6. Organization.

Such person as the Board of Directors may have designated or, in the absence of such a person, the Chairman of the Board of Directors or, in his or her absence, such person as may be chosen by the holder of the Class A Membership, shall call to order any meeting of the members and act as chairman of the meeting. In the absence of the Secretary of the Corporation, the secretary of the meeting shall be such person as the chairman appoints.

Section 7. Conduct of Business.

The chairman of any meeting of members shall determine the order of business and the procedure at the meeting, including such regulation of the manner of voting and the conduct of discussion as seem to him or her in order.

Section 8. Written Consent of Members in Lieu of Meeting.

Any action required to be taken at any annual or special meeting of members of the Corporation, or any action which may be taken at any annual or special meeting of the members, may be taken without a meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action so taken, shall be signed by the number of members that would be necessary to authorize or take such action at a meeting at which all members entitled to vote thereon were present and voted and shall be delivered to the Corporation by delivery to its registered office in Delaware, its principal place of business, or an officer or agent of the Corporation having custody of the book in which proceedings of meetings of members are recorded. Delivery made to the Corporation's registered office shall be made by hand or by certified or registered mail, return receipt requested.

Every written consent shall bear the date of signature of each member who signs the consent and no written consent shall be effective to take the corporate action referred to therein unless, within sixty (60) days of the date the earliest dated consent is delivered to the Corporation, a written consent or consents signed by a sufficient number of members to take action are delivered to the Corporation in the manner prescribed in the first paragraph of this Section.

ARTICLE III--BOARD OF DIRECTORS

Section 1. General. The Board of Directors shall be comprised of such persons, who shall be subject to such qualifications, shall be appointed in such manner and shall have and exercise such powers, as provided in the Certificate of Incorporation.

Section 2. Quorum. A majority of the total number of directors then in office shall constitute a quorum of the Board of Directors.

Section 3. Attendance at Board Meetings.

Members of the Board of Directors or any committee who are physically present at a meeting of the Board of Directors or any committee may adopt as the procedure of such meeting that, for quorum purposes or otherwise, any member not physically present but in continuous communication with such meeting shall be deemed to be present. Continuous communication shall exist only when, by conference telephone or similar

communications equipment, a member not physically present is able to hear and be heard by each other member deemed present, and to participate in the proceedings of the meeting.

Section 4. Regular Meetings.

The Board of Directors shall hold regular meetings at such times as the Board of Directors may determine from time to time.

Section 5. Special Meetings.

Special meetings of the Board of Directors may be called by the Chairman of the Board of Directors or the President, and shall be called by the Secretary upon the written request of three Directors. The Secretary shall give at least one hour's notice of such meetings either by announcement on Change or by call letter.

Section 6. Certain Rights and Restrictions.

The right of any person to vote, participate or take any action in any capacity as a member of the Board of Directors or any committee, panel or other body shall be subject to such requirements and restrictions as may be provided herein, in the Certificate of Incorporation and in the Rules and Regulations.

ARTICLE IV--COMMITTEES AND DEPARTMENTS

Section 1. General.

To the fullest extent permitted by law and the Certificate of Incorporation, the Board of Directors shall have the power to appoint, and to delegate authority to, such committees of the Board of Directors as it determines to be appropriate from time to time.

Section 2. Additional and Standing Committees.

In addition to such committees as may be authorized by the Board of Directors from time to time, the Corporation shall have such additional and standing committees, which shall be comprised of such persons having such powers and duties, as provided in the Rules and Regulations. Any person may be disqualified from serving on or participating in the affairs of any committee to the extent provided in the Rules and Regulations.

Section 3. Departments.

The Corporation shall have such departments as are authorized in or in accordance with the Rules and Regulations.

ARTICLE V--OFFICERS

Section 1. General.

The Corporation shall have such officers, with such powers and duties, as provided herein and in the Certificate of Incorporation.

Section 2. Chairman of the Board.

The Chairman of the Board of Directors of CBOT Holdings, Inc. shall, whenever he or she is serving as a member of the Board of Directors of the Corporation, be the Chairman of the Board of Directors of the Corporation.

Section 3. President.

The President shall be the Chief Executive Officer of the Corporation. Subject to the provisions of these Bylaws and to the direction of the Board of Directors, he or she shall have the responsibility to carry on the day to day activities of the Corporation, subject to the Board's authority to review the activities of the President and determine the policies of the Corporation, and for the general management and control of the business and affairs of the Corporation and shall perform all duties and have all powers which are commonly incident to the office of chief executive and which are delegated to him or her from time to time by the Board of Directors.

Section 4. Officers Other Than President.

The Board of Directors shall appoint such Vice Presidents as it may deem necessary or desirable for the efficient management and operation of the Corporation. The Executive Vice President and any other Vice Presidents shall be responsible to the President. The Board of Directors shall also appoint such other officers as may be necessary. The Board of Directors may prescribe the duties and fix the compensation of all such officers and they shall hold office during the will of the Board of Directors.

Section 5. Bonding of Employees.

The President, Secretary, Assistant Secretary, Treasurer and Assistant Treasurer shall be placed under bond of $50,000 each, premiums to be paid out of the general funds of the Corporation; and such other employees of the Office of the Secretary, who handle funds of the Corporation, shall be bonded in the sum of $5,000 each, premiums to be paid out of the general funds of the Corporation.

Section 6. Secretary.

The Secretary shall perform such duties as may be delegated to him or her by the Board of Directors or the President. In addition he or she shall be charged with the following specific duties:

(a) To take charge of the books, papers, and corporate seal of the Corporation;

(b) To attend all meetings of the Corporation and the Board of Directors, and to keep official records thereof;

(c) To give notices when required of all Board of Directors and membership meetings;

(d) To conduct the correspondence of the Corporation under the direction of the proper officers;

(e) To furnish to the Chairman of every Special Committee a copy of the resolution whereby such Committee was created;

(f) To post all notices which may be required to be posted upon the bulletin board;

(g) To keep his or her office open during usual business hours;

(h) To see that the rooms and property of the Corporation are kept in good order;

(i) To attest, upon behalf of the Corporation, all contracts and other documents requiring authentication;

(j) To permit members to examine the records of the Corporation upon reasonable request; and

(k) To post on the bulletin board from time to time the names of all warehouses, the receipts of which are declared regular for delivery, and also, upon direction of the Board of Directors, to post any fact tending to impair the value of receipts issued by such warehouses.

Section 7. Assistant Secretaries.

Assistant Secretaries shall perform such duties as the Secretary or the Board of Directors may require, and shall act as Secretary in the absence or disability of the Secretary.

Section 8. Treasurer.

The Treasurer shall have general charge of all funds belonging to the Corporation, and shall be charged with the following specific duties:

(a) The Treasurer shall receive from the Secretary deposit of funds belonging to the Corporation. Checks in amounts over $10,000 shall be signed by either the President, the Chief Financial Officer, the Treasurer, the Secretary or the Assistant Secretary and countersigned by the Chairman of the Board of Directors, a Vice Chairman of the Board of Directors or one (1) of the three (3) other elected members of the Executive Committee;

(b) To make an annual report to the Corporation of all receipts and disbursements; and

(c) To keep all of his or her accounts in permanent books of account belonging to the Corporation, which books shall at all times be open to the examination of the Board of Directors or any committee thereof.

Section 8. Assistant Treasurer.

The Assistant Treasurer shall perform such duties as the Treasurer or the Board of Directors may require, and shall act as Treasurer in the absence or disability of the Treasurer.

ARTICLE VI--NOTICES

Section 1. Notices.

Except as otherwise specifically provided herein or required by law, all notices required to be given to any member, director, committee member, officer, employee or agent shall be in writing and may in every instance be effectively given by hand delivery to the recipient thereof, by depositing such notice in the mails, postage paid, or by sending such notice by prepaid telegram or mailgram. Any such notice shall be addressed to such member, director, committee member, officer, employee or agent at his or her last known address as the same appears on the books of the Corporation. The time when such notice is received, if hand delivered, or dispatched, if delivered through the mails or by telegram or mailgram, shall be the time of the giving of the notice.

Section 2. Waivers.

A written waiver of any notice, signed by a member, director, committee member, officer, employee or agent, whether before or after the time of the event for which notice is to be given, shall be deemed equivalent to the notice required to be given to such member, director, committee member, officer, employee or agent. Neither the business nor the purpose of any meeting need be specified in such a waiver.

ARTICLE VII--MISCELLANEOUS

Section 1. Facsimile Signatures.

Facsimile signatures of any officer or officers of the Corporation may be used whenever and as authorized by the Board of Directors or a committee thereof.

Section 2. Corporate Seal.

The Board of Directors may provide a suitable seal, containing the name of the Corporation, which seal shall be in the charge of the Secretary. If and when so directed by the Board of Directors or a committee thereof, duplicates of the seal may be kept and used by the Treasurer or by an Assistant Secretary or Assistant Treasurer.

Section 3. Reliance upon Books, Reports and Records.

Each director and each member of any committee designated by the Board of Directors, shall, in the performance of his or her duties, be fully protected in relying in good faith upon the books of account or other records of the Corporation and upon such information, opinions, reports or statements presented to the Corporation by any of its officers or employees, or committees of the Board of Directors so designated, or by any other person as to matters which such director or committee member reasonably believes are within such other person's professional or expert competence and who has been selected with reasonable care by or on behalf of the Corporation.

Section 4. Fiscal Year.

The fiscal year of the Corporation shall be as fixed by the Board of Directors from time to time.

Section 5. Time Periods.

Except as otherwise specifically provided, in applying any provision of these Bylaws which requires that an act be done or not be done a specified number of days prior to an event or that an act be done during a period of a specified number of days prior to an event, calendar days shall be used, the day of the doing of the act shall be excluded, and the day of the event shall be included.

ARTICLE VIII--INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 1. Right to Indemnification.

Each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter a "proceeding"), by reason of the fact that he or she is or was a director, officer, committee member or employee of the Corporation or is or was serving at the request of the Corporation as a Director, officer, trustee, committee member or employee of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to an employee benefit plan (hereinafter an "indemnitee"), whether the basis of such proceeding is alleged action in an official capacity as a Director, officer, trustee, committee member or employee or in any other capacity while serving as a Director, officer, trustee, committee member or employee, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the Delaware General Corporation Law, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than such law permitted the Corporation to provide prior to such amendment), against all expense, liability and loss (including attorneys' fees, judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement) reasonably incurred or suffered by such indemnitee in connection therewith; provided, however, that, except as provided in Section 3 of this Article VIII with respect to proceedings to enforce rights to indemnification, the Corporation shall indemnify any such indemnitee in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Board of Directors of the Corporation.

Section 2. Right to Advancement of Expenses.

The right to indemnification conferred in Section 1 of this Article VIII shall include the right to be paid by the Corporation the expenses (including attorney's fees) incurred in defending any such proceeding in advance of its final disposition (hereinafter an "advancement of expenses"); provided, however, that, if the Delaware General Corporation Law requires, an advancement of expenses incurred by an indemnitee in his or her capacity as a Director or officer (and not in any other capacity in which service was or is rendered by such indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to the Corporation of an undertaking (hereinafter an "undertaking"), by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal (hereinafter a "final adjudication") that such indemnitee is not entitled

to be indemnified for such expenses under this Section 2 or otherwise. The rights to indemnification and to the advancement of expenses conferred in Sections 1 and 2 of this Article VIII shall be contract rights and such rights shall continue as to an indemnitee who has ceased to be a Director, officer, committee member or employee and shall inure to the benefit of the indemnitee's heirs, executors and administrators.

Section 3. Right of Indemnitee to Bring Suit.

If a claim under Section 1 or 2 of this Article VIII is not paid in full by the Corporation within sixty (60) days after a written claim has been received by the Corporation, except in the case of a claim for an advancement of expenses, in which case the applicable period shall be twenty (20) days, the indemnitee may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim. If successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the indemnitee shall be entitled to be paid also the expense of prosecuting or defending such suit. In (i) any suit brought by the indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by the indemnitee to enforce a right to an advancement of expenses) it shall be a defense that, and (ii) in any suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the Corporation shall be entitled to recover such expenses upon a final adjudication that, the indemnitee has not met any applicable standard for indemnification set forth in the Delaware General Corporation Law. Neither the failure of the Corporation (including its Board of Directors, independent legal counsel, or its members) to have made a determination prior to the commencement of such suit that indemnification of the indemnitee is proper in the circumstances because the indemnitee has met the applicable standard of conduct set forth in the Delaware General Corporation Law, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel, or its members) that the indemnitee has not met such applicable standard of conduct, shall create a presumption that the indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the indemnitee, be a defense to such suit. In any suit brought by the indemnitee to enforce a right to indemnification or to an advancement of expenses hereunder, or brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the indemnitee is not entitled to be indemnified, or to such advancement of expenses, under this Article VIII or otherwise shall be on the Corporation.

Section 4. Non-Exclusivity of Rights.

The rights to indemnification and to the advancement of expenses conferred in this Article VIII shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, the Corporation's Certificate of Incorporation, Bylaws, agreement, vote of members or disinterested Directors or otherwise.

Section 5. Insurance.

The Corporation may maintain insurance, at its expense, to protect itself and any Director, officer, committee member or employee of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the Delaware General Corporation Law.

Section 6. Indemnification of Agents of the Corporation.

The Corporation may, to the extent authorized from time to time by the Board of Directors, grant rights to indemnification and to the advancement of expenses to any agent of the Corporation to the fullest extent of the provisions of this Article with respect to the indemnification and advancement of expenses of directors and officers of the Corporation.

Section 7. Corporation Defense Expenses.

Any member or member firm who fails to prevail in a lawsuit or any other type of legal proceeding instituted by that member or member firm against the Corporation or any of its officers, Directors, committee members, employees or agents must pay to the Corporation all reasonable expenses, including attorney's fees, incurred by the Corporation in the defense of such proceeding. Any member or member firm required to compensate the Corporation pursuant to this section shall be assessed interest on such amount at the rate of Prime plus one percent (1%), which interest shall accrue from the date such amount was demanded in writing after the member or member firm failed to prevail in a lawsuit or any other type of legal proceeding against the Corporation.

ARTICLE IX--AMENDMENTS

The Board of Directors is expressly empowered to adopt, amend or repeal the Bylaws of the Corporation. Any adoption, amendment or repeal of the Bylaws of the Corporation by the Board of Directors shall require the approval of a majority of the Whole Board. The Series B-1 and Series B-2, Class B members of the Corporation shall also have power to adopt, amend or repeal the Bylaws of the Corporation; provided, however, that any adoption, amendment or repeal of the Bylaws of the Corporation by the Series B-1 and Series B-2, Class B members shall require the affirmative vote of a majority of the votes cast on any such properly presented proposal at any annual or special meeting of the members of the Corporation.

* * * *

Board of Trade of the City of Chicago, Inc.

Rules and Regulations

, 2002

These Rules and Regulations shall take effect at the effective time (the "Effective Time") of the Amended and Restated Certificate of Incorporation (as amended from time to time, the "Certificate of Incorporation") of Board of Trade of the City of Chicago, Inc. (the "Corporation") to be filed with the Secretary of State of the State of Delaware in connection with the merger of the Corporation and the demutualization and restructuring thereof (the "Restructuring") as described in the Registration Statement filed with the Securities and Exchange Commission in connection with the Restructuring.

Chapter 1
Government

Ch1 Committees

157.00 Business Conduct Committee - (See 542.00) (08/01/94)

158.00 Floor Governors Committee - (See 543.00) (08/01/94)

159.00 Membership Committee - All applications for membership shall be referred to the Membership Committee. The Membership Committee, in its discretion, may require an applicant who resides in the continental United States to appear in person for an examination either before the full committee, a duly authorized subcommittee thereof, or a representative of the Member Services Department. The Committee may also impose different requirements for other applicants in lieu of personal appearance.

The Membership Committee may, at its discretion, require the personal appearance and examination of the sponsor. The Membership Committee, by a majority vote of its members present at a duly constituted meeting, shall approve or deny the admission of the applicant to membership. A decision of the Membership Committee to deny the application may be appealed to the Regulatory Compliance Committee. 102 (07/01/01)

159.01 Membership Committee Panels - The Chairman of the Membership Committee may appoint panels of Committee members to hold duly constituted meetings, in accordance with Rule 159.00, for the purpose of approving or denying applications for membership. Any such panel must consist of not fewer than three members of the Committee. (08/01/94)

160.00 Committee of Arbitration; Committee of Appeals - (See 600.00) (08/01/94)

163.00 Investigating Committee - (See 541.00) (08/01/94)

165.01 Regulatory Compliance Committee - The Chairman of the Board, with the approval of the Board, shall appoint a Regulatory Compliance Committee, which shall be comprised of the following voting members:

- Three members of the Board, all of whom shall be Full Members or Associate Members; and

- The chairmen of the Arbitration, Business Conduct, Financial Compliance, Floor Conduct, Floor Governors and Membership Committees.

Each year the Chairman of the Board shall appoint, from among the Board members on the Committee, the Chairman of the Regulatory Compliance Committee for a one-year term, provided that the term of the first Committee chairman so appointed shall expire in January 1995.

The Regulatory Compliance Committee shall be responsible for (a) the approval of legislative priorities and responses to legislative and regulatory initiatives; (b) the determination of membership capital requirements; (c) the establishment of risk management policies; (d) the establishment of membership criteria; (e) hearing appeals from denials of membership applications; (f) the monitoring of compliance policies; and (g) establishing ranges for penalties and fines for violations of the Rules and Regulations of the Association.

The Committee shall instruct the Office of Investigations and Audits to administer a statement of Member's Rights to each member (or employee of a member) who is the subject of an investigation. (See below.)

Members of the Committee shall be appointed by the Chairman of the Board with the approval of the Board. The Chairman of the Board, with the approval of the Board, shall fill any vacancy in the Board members serving on the Committee by appointing another member of the Board to serve on the Committee.

STATEMENT OF MEMBER'S RIGHTS APPURTENANT TO EXCHANGE PROCEEDINGS

The Chicago Board of Trade ("Exchange" or "CBOT") is a self-regulatory organization subject to supervisory regulation of the Commodity Futures Trading Commission ("CFTC"). In order to fulfill its self-regulatory obligations the Exchange is required by the CFTC to undertake certain surveillance activities and to maintain an enforcement staff that prosecutes possible violations of Exchange rules before Exchange committees. At the CBOT these responsibilities are carried out by the Office of investigations and Audits ("OIA") pursuant to CBOT Regulations 170.01 and 170.02.

Investigations may be initiated by staff, members, the CFTC of the public. When an investigation is completed, an Investigations Report concerning the alleged violation is prepared and submitted to the appropriate Exchange disciplinary committee for review and action. An Investigation Report is a privileged document and not subject to disclosure, although the essential elements of an Investigative Report include a summary of the case and evidence gathered by OIA, along with an OIA recommendation on whether to proceed.

A member, member firm or any other person subject to questioning during an investigation is afforded the following rights, in addition to those rights contained in Chapter 5 of the Exchange Rulebook:

1) The right to be represented by counsel during questioning and at any subsequent proceeding before an Exchange committee. Regulation 540.03(g).

2) The right to be informed of the general act or conduct which is the subject of the investigation, in so far as is determinable at the time of questioning.

3) The right not to answer any question, if the answer would convict or tend to convict the person of any State of Federal law. Rule 548.00.

4) The right to examine any statements or documents which are relevant to the issued charges, excluding privileged work product and the Investigative Report. Regulation 540.03(a).

5) The right to call relevant witnesses at any hearing and, for those witnesses within the jurisdiction of the Association, compel their attendance.

6) The right of one peremptory (for no reason) challenge to the presence of a member of an Exchange disciplinary committee impaneled to hear the matter and unlimited challenges for cause.

In addition, members, member firms or any other persons subject to questioning during an investigation should be aware that Section 9(a)(4) of the Commodity Exchange Act makes it a felony to willfully falsify or conceal a material fact, to make a false, fictitious or fraudulent statement, or to knowingly make or use a false document to any representative of the Exchange, including OIA employees, who are performing their official duties.

I hereby acknowledge that I have read this Statement of Member's Rights this _____ day of _____, 20 _____.

_____

170.01 Office of Investigations and Audits - Under authority of Rule 170.00 there is established a Department of the Association to be known as the Office of Investigations and Audits. The Office shall function under the supervision of an individual who shall be at least a Vice President of the Association. The Office of Investigations and Audits shall initiate and conduct investigations and audits on behalf of the President and Chief Executive Officer and on behalf of the Association. No employee of such office shall have any interest in the business of any member, member firm, or other person with trading privileges. The individual who supervises such Office shall function also as a liaison officer between the Business Conduct Committee and the Financial Compliance Committee and the Commodity Futures Trading Commission. 1785 (08/01/94)

170.02 Office of Investigations and Audits - All officers, committees and departments of the Association shall be entitled to use and shall make the fullest possible use of the services provided by the Office of Investigations and Audits consistent with their respective responsibilities and special needs, and the President shall work out and establish policies and procedures governing the initiation and handling of needed investigations, audits and Exchange business. All such policies and procedures shall be consistent with and not in conflict with the following declared policies of the Board:

(a) All information obtained by the Office of Investigations and Audits regarding market positions and identity of traders shall be considered confidential, regardless of source, and shall be disclosed only to the Chairman or acting Chairman of the Business Conduct Committee and/or the Financial Compliance Committee, and authorized Exchange employees, and shall be disclosed to the Business Conduct Committee and/or the Financial Compliance Committee sitting as a committee when and after the individual in charge of the Office of Investigations and Audits or the Chairman or acting Chairman of the Business Conduct Committee and/or the Financial Compliance Committee shall have reason to believe that such Committee would or should take preventive or disciplinary action if such information were presented to it. This shall not preclude the Business Conduct Committee and/or the Financial Compliance Committee from ordering investigations or audits to be made at any time for the special purpose of obtaining information regarding the market position and identity of any trader or traders, and in such cases the Office of Investigations and Audits shall report fully and completely to the Committee any and all such information so obtained or in its possession.

(b) It shall be considered a breach of trust for any employee of the Office of Investigations and Audits or authorized Exchange employees to divulge, or allow or cause to be divulged, to any unauthorized person, any confidential, commercially sensitive, or non-public information, including any information regarding the market position, financial condition, or identity of any trader or firm or to disclose the name of any customer of one firm to any other firm, except as provided for in paragraph (a) hereof or when required in connection with disciplinary proceedings or other formal proceedings or actions of a duly authorized committee of the Association or of the Board, or in response to a duly authorized subpoena, or in response to a request or demand by any administrative or legislative body of government having jurisdiction of the subject matter and authority to obtain the information requested, or on behalf of the Association in any proceeding authorized by the Board of Directors. Such information shall not be divulged by any employee of the Office of Investigations and Audits or authorized Exchange employee without the prior approval of the individual responsible for supervision of the Office of Investigations and Audits. 1786 (07/01/02)

170.03 Department of Member Services - Under the authority of Rule 170.00 there is established a Department of Member Services. The function of such Department shall be (1) to act in accordance with Regulations of the Board and policies and procedures established by the Membership Committee and (2) to develop and process information in behalf of the Board, the Membership Committee, the Business Conduct Committee and all other Committees and Departments of the Association. The services of such Department shall not, however, be used in connection with the investigation of market positions nor shall it demand information from which knowledge of market

positions could be obtained. The Department shall function under the supervision of a Vice President who shall be a full time employee of the Association. No employee of such Department shall have an interest in the business of any member or member firm. 1787 (08/01/94)

170.04 Department of Member Services - Any irregularities that may be found by the Department incidental to its routine analysis of financial statements shall be immediately reported to the Financial Compliance Committee. Except as otherwise provided, all financial information obtained by the Department shall be considered confidential and shall be disclosed only to the appropriate committee or department requesting the information or to an Officer of the Association. 1788 (08/01/94)

170.05 Department of Member Services - The Board, Committees and Departments of the Association shall make the fullest possible use of the services provided by the Department of Member Services consistent with their respective responsibilities and special needs, and in cooperation with such Department shall work out and establish policies and procedures governing the use of such services. 1789 (08/01/94)

170.07 Market Report Department - The records and reports of the Market Report Department shall be considered and treated as portions of the official records of the Association and may not be given out or disseminated except pursuant to the conditions and restrictions prescribed by these Regulations.

The Exchange shall have charge of all matters relating to collection, dissemination, and use of quotations in connection with commodities or securities. It shall have the power to approve or disapprove any application for quotation service to a non-member or to telephonic or telegraphic wire or wireless connection between the office of a member or a member's firm and the office of any corporation, firm, or individual not a member of the Association transacting a banking or brokerage business and it shall have power at any time to disapprove the furnishing of any such quotation service or any such wire or wireless connection and to require the discontinuance thereof. It may inquire into wire or wireless connections of every kind whatsoever between the office of a member and any member or non-member, and may require the discontinuance of any such connection. 1030 (08/01/94)

180.00 Emergencies

(a) The Board, upon the affirmative vote of two-thirds of the members voting at a meeting where a quorum is deemed present and at least one-third of the full Board is physically present, may adopt an emergency Regulation or Resolution which shall supersede and supplant all contrary or inconsistent Rules, Regulations, Resolutions or Rulings. Notice of the adoption of an emergency Regulation or Resolution shall be posted promptly on the floor of the Exchange.

(b) An emergency Regulation or Resolution shall expire upon the happening of any of the following events:

(i) the Board shall have voted to rescind the emergency Regulation or Resolution in the same manner as for its adoption;

(ii) the Commodity Futures Trading Commission shall have failed to authorize the extension of the emergency Regulation or Resolution within thirty (30) days after its adoption for a period not to exceed sixty (60) additional days; or

(iii) the Board or the Members of the Association shall have failed to adopt the emergency Regulation or Resolution in accordance with Rules 107.00 or 132.00 during the time period when the emergency is in effect.

(c) All Exchange contracts shall be subject to the exercise of these emergency powers by the Board as well as the exercise by the Clearing House of the powers reserved to it by its charter, bylaws and resolutions.

(d) The Term "emergency" shall include all emergency circumstances now or hereafter referenced in the Commodity Exchange Act and the regulations of the Commodity Futures Trading Commission thereunder, and all other circumstances in which an emergency can lawfully be declared by the Board.

(e) Except as otherwise stated in an emergency Regulation or Resolution adopted hereunder, the powers exercised by the Board under this Rule shall be in addition to and not in derogation of the authority granted by the Rules and Regulations to a committee or officer of the Association to take action as specified therein. (08/01/94)

180.01 Physical Emergencies - In the event the physical functions of the Association are, or are threatened to be, severely and adversely affected by a physical emergency such as but not limited to fire or other casualty, bomb threats, substantial inclement weather, power failures, communications or automated system breakdowns, or transportation breakdowns, either the Chairman, the President, or in their absence a member of the Executive Committee or another officer of the Exchange, is authorized to take such action as he shall deem necessary or appropriate to deal with such emergency including but not limited to suspending trading, provided that no trading suspension shall continue for more than five days without the approval of the Board under Rule 180.00; restoring trading; temporarily extending, limiting or changing the hours of trading; and extending the last day of trading and the delivery dates for expiring contracts. In addition, an officer of the Exchange, or his designee, may take such action as he shall deem necessary or appropriate to deal with a physical emergency, even if the Chairman and the President are not absent, if such authority has been delegated by the Chairman and the President. (06/01/00)

180.02 Emergency Actions Under Rule 180.00 - Pursuant and subject to the provisions of Rule 180.00, the Board may take or direct such actions as it deems necessary or appropriate to meet an emergency, including but not limited to such actions as:

(a) limited trading to liquidation only, in whole or in part;

(b) limited trading to liquidation only, except new sales for delivery;

(c) extending or shortening the time for the expiration of trading;

(d) extending the time for delivery;

(e) ordering liquidation of contracts;

(f) ordering the fixing of settlement prices;

(g) ordering the reduction of positions;

(h) ordering the transfer of positions, and the money, securities and property securing such positions, held on behalf of customers by a member, to another member or members willing to assume such positions;

(i) extending, limiting or changing the hours of trading;

(j) suspending trading;

(k) changing or removing daily price fluctuation limits;

(l) modifying or suspending any of the Rules and Regulations. (08/01/94)

188.01 Governing Members Possessing Material, Non-Public Information - - No member of the Association who is a member of the Board of Directors or a Committee of the Association knowingly shall use or disclose, for any purpose other than the performance of such member's official duties as a member of the Board of Directors or any such Committee, material, non-public information obtained as a result of such member's participation on the Board of Directors or any such committee. (08/01/94)

188.02 Service on Board of Directors, Disciplinary Committees, Oversight Committees and Arbitration Panels - No person shall serve on any disciplinary committee (i.e., Appellate Committee, Business Conduct Committee, Financial Compliance Committee, Floor Governors Committee, Floor Conduct Committee or Hearing Committee), oversight committee (i.e. Regulatory Compliance Committee), arbitration panel or the Board of Directors of the Association:

1) who is found by a final decision or settlement agreement (or absent a finding in the settlement agreement if any acts charged included a disciplinary offense) to have committed a disciplinary offense, as defined in Commodity Futures Trading Commission ("Commission") Regulation 1.63 (a) (6); or

2) whose Commission registration in any capacity has been revoked or suspended; or

3) who is subject to an agreement with the Commission or any self-regulatory organization not to apply for registration; or

4) who is subject to a denial, suspension or disqualification from serving on a disciplinary committee,

oversight committee, arbitration panel or governing board of any self-regulatory organization as that term is defined in Section 3(a)(26) of the Securities Exchange Act of 1934; or

5) who has been convicted of any felony listed in Section 8a(2) (D) (ii) through (iv) of the Commodity Exchange Act;

for a period of three years from the date of such final decision or for such time as the person remains subject to any suspension, expulsion or has failed to pay any portion of a fine imposed for committing a disciplinary offense, whichever is longer.

All terms used herein shall be defined consistent with Commission Regulation 1.63(a). (11/01/94)

188.03 Exchange Liability -

A. Except as provided in the Commodity Exchange Act and/or the regulations of the Commodity Futures Trading Commission, and except in instances where there has been a finding of willful or wanton misconduct, gross negligence, bad faith or fraudulent or criminal acts, in which case the party found to have engaged in such misconduct cannot invoke the protection of this provision, neither the Exchange nor any of its directors, officers, employees, agents or consultants shall have or incur any liability whatsoever to its members, any persons associated therewith, their customers or any third parties related thereto or their successors, assigns, or representatives, for any loss, damage, cost, claims or expense (including but not limited to indirect, incidental or consequential damages) that arise out of the use or enjoyment of the facilities or services afforded by the Exchange, any interruption in or failure or unavailability of any a such facilities or services, any action taken or omitted to be taken with respect to the business of the Exchange or any information or data provided or withheld by the Exchange. Such limitation of liability shall apply to all claims, whether in contract, tort, negligence, strict liability or otherwise.

   The Exchange makes no warranty, express or implied, as to the results to be obtained by any person or entity from the use of any data or information transmitted or disseminated by or on behalf of the Exchange. The Exchange makes no express or implied warranties of merchantability or fitness for a particular purpose or use with respect to any data or information transmitted or disseminated by or on behalf of the Exchange.

B. Subject to the limitations set forth above, neither the Exchange nor any of its directors, officers, employees, agents or consultants shall have or incur any liability whatsoever to its members, their customers or any third parties associated therewith, or their successors, assigns, or representatives, for any loss, damage, cost or expense (including but not limited to indirect, incidental or consequential damages) incurred by members or customers as a result of any failure, malfunction, fault, delay, omission, inaccuracy, interruption or termination of service in connection with the furnishing, performance, operation, maintenance or use of or inability to use all or any part of any Exchange systems. Such limitation of liability shall apply regardless of the cause of such systems failure even if due to Exchange error, omission or negligence. Further, such limitation of liability shall apply to all claims, whether in contract, tort, negligence, strict liability or otherwise.

   Additionally, the Exchange, its directors, officers, employees, agents or consultants shall have or incur absolutely no liability whatsoever for any errors or inaccuracies in information provided by any Exchange systems or for any losses resulting from unauthorized access or any other misuse of any Exchange systems by any person.

C. As used in this regulation, the term "systems" includes, but is not limited to, electronic order entry/delivery, trading through any electronic means, electronic communication of market data or information, workstations used by members and authorized employees of members, price reporting systems and any and all terminals, communications networks, central computers, software, hardware, firmware and printers relating thereto.

D. As used in this regulation, the term "Exchange" shall mean the Board of Trade of the City of Chicago, as well as any entity in which the Board of Trade is now or will become a general partner, a member, or a shareholder, including but not limited to Ceres Trading Limited Partnership, C.B.T. Corporation, and Chicago Board Brokerage, Inc. (08/01/97)

188.04 Conflicts of Interest -

(a) Relationship with a Named Party in Interest

(1) Nature of Relationship. A member of the Board of Directors, the Executive Committee, the Regulatory Compliance Committee, the Appellate Committee, the Hearing Committee, the Business Conduct Committee, the Floor Governors Committee, the Financial Compliance Committee, or the Floor Conduct Committee must recuse himself from such body's deliberations and voting on any matter involving a person or entity that is identified by name as a subject of the matter ("named party in interest"), except with regard to summary penalties for violating rules relating to decorum, attire, floor recordkeeping or submission of trade data to the Clearing House, where such member:

(i) is the named party in interest;

(ii) has a family relationship with the named party in interest. A family relationship includes the member's spouse, former spouse, parent, child, sibling, grandparent, grandchild, uncle, aunt, nephew, niece or in-law;

(iii) is an employer, employee, or fellow employee of the named party in interest; or

(iv) has a direct and substantial financial relationship with the named party in interest, but not including relationships limited to executing futures or options transactions opposite each other.

When a CTR violation is not treated as a summary offense, and the preliminary penalty is not more than $5,000, a member of the CTR Subcommittee or the Business Conduct Committee must only recuse himself from deliberations and voting on the recommendation, issuance or settlement of charges against a member firm if the committee member is a principal or employee of that member firm.

(2) Recusal. Prior to the consideration of any matter involving a named party in interest, each member who believes that he has a relationship of the type specified in section (a)(1) of this Regulation must voluntarily recuse himself from deliberations and voting on the matter. If the member is not sure if his relationship meets the criteria specified in section (a)(1), he must disclose the relationship to the designated Exchange staff liaison who will determine whether recusal is required based on the information provided by the member.

(b) Financial Interest in an Emergency Action

(1) Nature of Interest. A member of the Board of Directors, the Executive Committee, or the Business Conduct Committee must recuse himself from such body's deliberations and voting with regard to recommending or taking action to address an emergency, as defined in CFTC Regulation 40.1, if the member knowingly has a direct and substantial financial interest in the result of the vote based upon either Exchange or non-Exchange positions that could reasonably be expected to be affected by the action.

(2) Recusal. Prior to the consideration of an emergency action, each member who believes that he has such a financial interest must voluntarily recuse himself from deliberations and voting on the matter, except as provided in section (c). If the member is not sure if a financial interest, of which he has knowledge, is direct and substantial, he must disclose the interest to the designated Exchange staff liaison who will determine whether recusal is required based on the information provided by the member.

In determining whether a financial interest is direct and substantial, a member should consider the following positions: (a) those held in accounts in which he has an ownership interest; (b) those held in accounts for which he directs trading; (c) those which he knows are held in proprietary accounts of any firm of which he is an employee or principal, as defined in CFTC Regulation 3.1(a); and (d) those which he knows are held in customer accounts of any firm of which he is an employee or principal.

(c) Participation in Deliberations

A member of the Board of Directors, the Executive Committee, or the Business Conduct Committee may participate in deliberations prior to a vote to recommend or take emergency action, from which he otherwise would be required by section (b)(2) to recuse himself, if the deliberating body determines that such participation is necessary for such body to achieve a quorum in the matter, or if the member has unique or special expertise, knowledge or experience in the matter. If such a member participates in deliberations, he must recuse himself from voting on the matter.

(d) Business Conduct Committee Surveillance of Expiring Contracts

A member of the Business Conduct Committee must recuse himself from the Committee's deliberations and voting with regard to all matters relating to its surveillance of expiring futures contracts, except with regard to recommending or taking action to address an emergency, which is governed by paragraph (b) above,

if the member personally owns or controls positions in the expiring futures contract or in its corresponding options contract.

(e) Documentation

The Board of Directors or the relevant committee must reflect in its minutes: (a) the names of all members who attended the meeting in person or who otherwise were present by electronic means, and (b) the names of any members who recused themselves from deliberating or voting on any matter.

* Note: Members of the Board of Directors may be required to recuse themselves from deliberations and voting for other reasons or in other circumstances than those discussed above, as required by Delaware corporate law. (01/01/02)

188.05 Board's Interpretive Authority - The Board of Directors, pursuant to authority granted to it by Article I, Section 2 of the Amended and Restated Bylaws of the CBOT (the "Bylaws"), may from time to time adopt Interpretations of the Amended and Restated Certificate of Incorporation of the CBOT (the "Charter"), the Bylaws, which include the Rules of the CBOT, and Regulations of the CBOT in a manner that replicates, to the largest extent permissible under the Delaware General Corporation Law, the comparable provisions of the Special Charter, Rules and Regulations of the Board of Trade of the City of Chicago, except as otherwise set forth in the Chapter, Bylaws and Regulations. (10/01/00)

189.01 Limitation of Liability of Index Licensors or Administrators -

A. No Index Licensor or Administrator shall have any liability for any loss, damages, claim or expense arising from or occasioned by any inaccuracy, error or delay in, or omission of or from, (i) any index or index information or (ii) the collection, calculation, compilation, maintenance, reporting or dissemination of any index or index information, resulting either from any negligent act or omission by the Exchange, any Related Entity or any Index Licensor or Administrator or from any act, condition or cause beyond the reasonable control of the Exchange, any Related Entity or any Index Licensor or Administrator, including, but not limited to, flood, extraordinary weather conditions, earthquake or other act of God, fire, war, insurrection, riot, labor dispute, accident, action of government, communications or power failure, or equipment of software malfunction.

B. No Index Licensor or Administrator makes any express or implied warranty as to results that any person or party may obtain from using any index or index information, for trading or any other purpose. Each Index Licensor and Administrator makes no express or implied warranties, and disclaims all warranties of merchantability or fitness for a particular purpose or use, with respect to any such index or index information.

C. For purposes of this regulation, "Related Entity" includes, but is not limited to, any subsidiary, affiliate or related partnership or entity of the Chicago Board of Trade, including without limitation, Ceres Trading Limited Partnership, MidAmerica Commodity Exchange, Board of Trade Clearing Corporation, the Clearing Corporation for Options and Securities, Chicago Board Brokerage, L.L.C., The CBBB Partnership (including its individual partners) and C-B-T Corporation.

D. For the purpose of this regulation, "Index Licensor or (and) Administrator" includes, but is not limited to, any person who:

   1. licenses to the Exchange the right to use (i) an index that is the basis for a futures or futures option contract made available for trading on or through the facilities of the Exchange or a Related Entity or (ii) any trademark or service mark associated with such an index;

   2. collects, calculates, compiles, reports and/or maintains such an index or index information relating to such an index;

   3. provides price data or evaluations used in the calculation of such an index including, but not limited to, the entities identified in Appendix 19 of these Rules and Regulations

   4. provides facilities for the dissemination of an index or index information; and/or

   5. is responsible for or participates in any of the activities described above. (04/01/98)

189.02 Limitation of Liability -

A. Neither the Exchange nor any Related Entity shall have any liability for any loss, damages, claim or expense arising from or occasioned by any inaccuracy, error or delay in, or omission of or from, (i) any index or index information or (ii) the collection, calculation, compilation, maintenance, reporting or dissemination of any index or index information, resulting either from any negligent act or omission by the Exchange, any Related Entity or any Index Licensor or Administrator or from any act, condition or cause beyond the reasonable control of the Exchange, any Related Entity or any

Index Licensor or Administrator, including, but not limited to, flood, extraordinary weather conditions, earthquake or other act of God, fire, war, insurrection, riot, labor dispute, accident, action of government, communications or power failure, or equipment or software malfunction.

B. Neither the Exchange nor any Related Entity makes any express or implied warranty as to results that any person or party may obtain from using any index or index information for trading or any other purpose. The Exchange and its Related Entities make no express or implied warranties, and disclaim all warranties of merchantability or fitness for a particular purpose or use, with respect to any such index or index information.

C. Nothing in this regulation shall limit the applicability of the Commodity Exchange Act or the regulations of the Commodity Futures Trading Commission.

D. For purposes of this regulation, "Related Entity" includes, but is not limited to, any subsidiary, affiliate or related partnership or entity of the Chicago Board of Trade, including without limitation, Ceres Trading Limited Partnership, MidAmerica Commodity Exchange, Board of Trade Clearing Corporation, the Clearing Corporation for Options and Securities, Chicago Board Brokerage, L.L.C., The CBBB Partnership (including its individual partners) and C-B-T Corporation.

E. For the purpose of this regulation, "Index Licensor or (and) Administrator" includes any person who:

1. licenses to the Exchange the right to use (i) an index that is the basis for a futures or futures option contract made available for trading on or through the facilities of the Exchange or a Related Entity or (ii) any trademark or service mark associated with such an index;

2. collects, calculates, compiles, reports and/or maintains such an index or index information relating to such an index;

3. provides price data or evaluations used in the calculation of such an index including, but not limited to, the entities identified in Appendix 19 of these Rules and Regulations;

4. provides facilities for the dissemination of an index or index information; and/or

5. is responsible for or participates in any of the activities described above. (04/01/98)

Resolution - The following Resolution was adopted by the Board of Directors on June 24,1987:

WHEREAS, the Board of Trade of the City of Chicago ("Board of Trade") has consistently followed a policy of trading options contracts on all liquid futures contracts to the maximum extent permitted by federal law and regulation; and

WHEREAS, it is the unanimous consensus of this Board of Directors that options on futures contracts have proven to be a successful product of great benefit to both the membership and public market participants; and

WHEREAS, the Board of Directors this day approved and recommended for membership approval an agreement to establish a joint venture with the Chicago Board Options Exchange which includes commitments regarding future trading on options on futures contracts;

THEREFORE, BE IT HEREBY RESOLVED: That it is the unanimous consensus of this Board of Directors and the recommendation of this Board to future Boards of Directors that the policy of establishing options on liquid futures contracts to the maximum extent permissible by law be continued when in the best interest of the membership and the public.

Chapter 2
Membership

Chapter 2
Membership

Ch2 Applicants

200.00 Applicants for Membership - Any individual, other than an employee of the Association, at least twenty-one years of age, of good character, reputation, financial responsibility and credit who satisfies the Membership Committee that such individual is suitable to assume the responsibility and privileges of membership shall be eligible. 100 (08/01/94)

201.00 Application for Membership - Each application for membership shall be in writing and filed with the Exchange together with the names of one member sponsor. All applicants for membership shall be investigated as to the representations contained in the application. Upon receipt of the application for membership, the Secretary shall, within fifteen days thereafter, make available to members of the Association the name of the applicant and of the sponsor, and shall post the same information on the bulletin board for a period of at least ten days after such notification to the Membership.

The foregoing provisions do not apply to those applicants seeking to become Full Members or Full Member Delegates of the Exchange solely for the purpose of becoming regular members of the Chicago Board Options Exchange ("CBOE") pursuant to Rule 210.00 and Article FIFTH(b) of the CBOE's Certificate of Incorporation. Such applicants need only submit an application in writing in the form and manner prescribed by the Exchange. 101 (07/01/01)

201.00A Examination Requirement - Individuals applying for membership, who have not evidenced a broad experience in the commodity industry, will be required to pass a general futures examination covering the basics of the commodity industry before their membership application can be approved by the Membership Committee. The foregoing provision does not apply to those applicants seeking to become Full Members or Full Member Delegates of the Exchange solely for the purpose of becoming regular members of the Chicago Board Options Exchange ("CBOE") pursuant to Rule 210.00 and Article FIFTH(b) of the CBOE's Certificate of the Incorporation. 47R (11/01/99)

201.01 Responsibilities of Applicant for Membership and His Sponsors - Any undue delay by an applicant or his sponsors in the submission of documents required for processing of the membership application or any undue delay by the applicant or his sponsors in appearing may be deemed as a withdrawal of the membership application. 1807A (08/01/94)

201.01A Sponsoring Applicants for Membership - When the Exchange considers the qualifications of applicants for membership in the Chicago Board of Trade, it relies to a large extent upon the statements of members who are sponsoring the applicant.

Sponsorship, therefore, entails considerable responsibility; and the Exchange feels that such responsibility is not met when a member recommends for membership an individual whom the member sponsor does not know to be fully qualified. Such sponsorship is of no assistance whatever to the Exchange and only results in the rejection of the sponsorship-often to the embarrassment of both the applicant and the sponsor.

The Exchange requires that an applicant have one sponsor.

- - For applicants who will not have a primary clearing member ("PCM") firm, the sponsor must be either: (1) a registered member, partner or officer of a CBOT(R) member firm; or (2) a member who has been acquainted with the applicant for a period of at least ninety days.

- - For applicants who will have a PCM, the member sponsor must be a registered member, partner or officer of the applicant's PCM.

In every case it is imperative that a sponsor make a thorough investigation of the applicant and be fully informed regarding the applicant's character, integrity, financial standing and business history.

The foregoing provisions do not apply to those applicants seeking to become Full Members or Full Member Delegates of the Exchange solely for the purpose of becoming regular members of the Chicago Board Options Exchange ("CBOE") pursuant to Rule 210.00 and Article FIFTH(b) of the CBOE's Certificate of Incorporation.
21R (07/01/01)

201.02 Maintenance of Membership Qualifications

1. Each applicant for membership, in accordance with the provisions of Regulation 203.01, member and member firm immediately shall notify the Association, in writing, upon the occurrence of any of the following events:

   - Such member's suspension or expulsion from any other contract market or self-regulatory organization;

   - Such member's plea of guilty to or conviction of any felony.

   Failure to so notify the Association within ten days shall be an act detrimental to the Association. For the purpose of this regulation, "felony" shall mean any criminal sanction that is punishable by imprisonment of more than a year or a fine in excess of $10,000.

   Upon the Association's receipt of notification, by whatever means, of the occurrence of any of the above-referenced events, the matter shall be referred to the Membership Committee, which immediately shall review the matter to determine if there is sufficient basis to recommend that membership status be reconsidered. The Membership Committee shall advise the Chairman of the Association of its determinations in this regard.

2. The Chairman of the Association, upon the advice of the Membership Committee, is authorized to take summary action pursuant to this regulation, when immediate action is necessary to protect the best interests of the marketplace, without affording prior opportunity for hearing. The following procedures shall apply to such actions:

   (a) The respondent shall, whenever practicable, be served with a notice before the action is taken. If prior notice is not practicable, the respondent shall be served with a notice at the earliest possible opportunity. The notice shall:

      (1) State the action,

      (2) Briefly state the reasons for the action, and

      (3) State the effective time and date and the duration of the action;

   (b) The respondent shall have the right to be represented by legal counsel or any other representative of his choosing in all proceedings subsequent to any summary action taken;

   (c) The respondent shall be given an opportunity for a subsequent hearing, within five business days, before the Membership Committee. The hearing shall be conducted in accordance with the following requirements:

      (1) The hearing shall be promptly held before disinterested members of the hearing body after reasonable notice to the respondent. No member of the hearing body may serve on that body in a particular matter if he or any person or firm with which he is affiliated has a financial, personal or other direct interest in the matter under consideration.

      (2) Formal rules of evidence need not apply, but the hearing shall not be so informal as to be unfair;

      (3) The respondent shall have the right to invoke Rule 548.00, if applicable;

      (4) The Member Services Department shall be a party to the hearing and shall present its case on those matters which are the subject of the hearing;

      (5) The respondent shall be entitled to appear personally at the hearing and to be represented by counsel;

(6) The respondent shall be entitled to cross-examine any person(s) appearing as witness(es);

(d) Within five business days following the conclusion of the hearing, the Membership Committee shall render a written decision based upon the weight of the evidence contained in the record of the proceeding and shall provide a copy to the respondent. The decision shall include:

(1) A description of the summary action taken;

(2) The reasons for the summary action;

(3) A brief summary of the evidence produced at the hearing;

(4) Findings and conclusions;

(5) A determination that the summary action should be affirmed, modified, or reversed; and

(6) A declaration of any action to be taken pursuant to the determination specified in (5) above and the effective date and duration of such action.

3. After the hearing conducted pursuant to Section 2(c) above is held before the Membership Committee, the following additional provisions shall apply.

The Regulatory Compliance Committee, pursuant to the provisions of Rule 540.00 and Regulation 540.05, shall consider the Membership Committee's findings and recommendations, as well as the record developed before the Membership Committee, at the next regularly scheduled meeting of the Regulatory Compliance Committee or at a meeting specially called by the Chairman as the Chairman may direct. The member under review shall have the opportunity to appear before and address the Reguatory Compliance Committee solely with regard to the record made before the Membership Committee; the Regulatory Compliance Committee shall not be required to entertain any new evidence absent a showing that such evidence could not reasonably have been presented previously to the Membership Committee. Upon full consideration of all the evidence before it, the Regulatory Compliance Committee may confirm the member's good standing status, restrict the member's membership status, deny the member's floor access, issue fines, or recommend to the Board of Directors that the member should be expelled or prohibited from association with any member or member firm.

4. The Regulatory Compliance Committee shall vote by secret ballot to take any action pursuant to this regulation. If two-thirds of the members present and voting cast votes in favor of such action, the action shall be adopted. (03/01/01)

202.00 Approval for Membership - If two-thirds of the Membership Committee present and voting cast affirmative votes, the applicant shall be approved. The power to deny such applications is expressly reserved to the Regulatory Compliance Committee. 103 (08/01/94)

202.01 Delegation of Authority to Approve Change in Status Request - The Chairman of the Membership Committee or a member of the Membership Committee who has been designated by the Membership Committee Chairman, or upon delegation by the Chairman, the Member Services and Member Firm Staff Service Department, will have the power to approve the request of a Full or Associate Member, a Membership Interest Holder or a Full Member of the MidAmerica Commodity Exchange to obtain additional Full or Associate Memberships, Membership Interests, or to change his or her delegate status. The power to deny such a request is expressly reserved to the Regulatory Compliance Committee.

For the purpose of this regulation, the Chairman may not delegate approval authority to the Member Services and Member Firm Staff Services Department when the following factors are present:

1. The applicant has answered affirmatively to any question in the "Disciplinary Action" section of the application;

2. The applicant has indicated on the application that he or she is indebted to any member or

member firm;

3. The applicant has indicated that he or she has a negative net worth; or

4. The applicant has trading privileges on the MidAmerica Commodity Exchange only.

The foregoing provisions shall not apply to a Full Member or Full Member Delegate of the Exchange who was initially approved for membership pursuant to Regulation 202.01A, unless such applicant intends to become a Full Member or Full Delegate solely for the purpose of becoming a regular member of the Chicago Board Options Exchange ("CBOE") pursuant to Rule 210.00 and Article FIFTH(b) of the CBOE's Certificate of Incorporation. (11/01/99)

202.01A Delegation of Authority to Approve "CBOE Exerciser Only" Applicants - The Chairman or a Vice Chairman of the Membership Committee, or another member of the Committee if designated by the Chairman, will have the power to approve the application of an individual seeking to become a Full Member or Full Member Delegate of the Exchange solely for the purpose of becoming a regular member of the Chicago Board Options Exchange ("CBOE") pursuant to Rule 210.00 and Article FIFTH(b) of the CBOE's Certificate of Incorporation. (11/01/99)

202.02 Procedures for Hearings on Preliminary Denials by the Membership Committee - In connection with all hearings conducted with respect to preliminary denials of applications for membership or any other denial by the Membership Committee, the following procedures shall be followed:

(a) The respondent shall be entitled in advance of the hearing to examine all books, documents, or other tangible evidence in the possession or under the control of the Association upon which the Member Services and Member Firm Staff Services Department will rely in presenting the issue(s) contained in the Preliminary Denial Letter or which are relevant to that (those) issue(s). Respondent shall make its request to examine any materials by submitting it in writing to the Member Services and Member Firm Staff Services Department as soon as practicable. At least ten (10) business days in advance of the hearing, the respondent shall submit to the hearing officer, with a copy to the Member Services and Member Firm Staff Services Department, copies of all documents which the respondent intends to rely upon in presenting his or her case, as well as the names of any witnesses the respondent intends to call.

(b) The Member Services and Member Firm Staff Services Department shall be entitled in advance of the hearing to examine all books, documents, or other tangible evidence in the possession or under the control of the respondent which will be relied upon by the respondent in presenting the issue(s) contained in the Preliminary Denial Letter or which are relevant to those issues. The Member Services and Member Firm Staff Services Department shall make its request to examine any materials by submitting it in writing to the respondent as soon as practicable. At least ten (10) business days in advance of the hearing, the Member Services and Member Firm Staff Services Department shall submit to the hearing officer, with a copy to respondent, copies of all documents which the Member Services and Member Firm Staff Services Department intends to rely upon in presenting its case, as well as the names of any witnesses the Department intends to call;

(c) Any dispute over a request to examine any book, document. or other tangible evidence in the possession or under the control of either party shall be submitted to the Chairman of the Committee for resolution only after the parties have made all reasonable attempts to resolve the dispute among themselves;

(d) If objected to or upon its own motion, the hearing panel may refuse to consider any book, record, document or other tangible evidence which was not made available to the opponent of the evidence or was not disclosed in accordance with this paragraph. The panel may also exclude the testimony of any witness whose name was not submitted to the opponent of the witness as provided above. The hearing panel may consider such evidence or testimony upon a clear showing that such evidence was not ascertainable by due diligence at least ten (10) business days in advance of the hearing and that there was insufficient time prior to the hearing to bring such evidence to the attention of the opposing party;

(e) The hearing shall be promptly held before disinterested member of the Membership Committee or any duly appointed Subcommittee thereof after reasonable notice to the parties. No member of the Membership Committee may serve on a hearing panel in a particular matter if he or she or any person or firm with which he or she is affiliated has financial, personal or other direct interest in the matter under consideration. After service of the preliminary denial letter, both parties to the hearing are prohibited from making any ex parte contacts with any member of the Membership Committee. For the purpose of this paragraph, an "ex parte contact" shall mean any communication, either written or oral, which relates directly or indirectly to the issue to be heard and which is made to a member of the Membership Committee who will be a member of the panel which shall decide the issue.

(f) Formal rules of evidence need not apply, but the hearing shall not be so informal as to be unfair;

(g) The respondent shall have the right to invoke Rule 548.00, if applicable;

(h) The Member Services and Member Firm Staff Services Department shall be a party to the hearing and shall present its case on those issues which are the subject of the hearing;

(i) The respondent shall be entitled to appear personally at the hearing and to be represented by counsel;

(j) The parties shall be entitled to cross-examine any person(s) appearing as witness(es);

(k) The parties shall be entitled to call witnesses and to present such evidence as may be relevant to he issue(s) presented;

(l) Pursuant to Rule 545.00, all persons within the jurisdiction of the Association who are called as witnesses shall be obliged to appear at the hearing and/or to produce evidence;

(m) Substantially verbatim record of the hearing, capable of being accurately transcribed, shall be made and shall become part of the record of the proceeding. (07/01/97)

202.03 Membership Committee's Preliminary Decisions - All preliminary decisions rendered by the Membership Committee shall be in writing and be based upon the weight of the evidence contained in the record of the proceeding. A copy of the decision shall be provided to the respondent and shall include:

(a) The issue(s) presented to the Committee;

(b) The response submitted by the applicant or member, if any, or a summary of the answer;

(c) A brief summary of the evidence produced at the hearing;

(d) A statement of findings and conclusions with respect to the issue(s) presented;

(e) A declaration containing the Committee's preliminary decision;

(f) All such decisions shall be rendered within thirty business days after the conclusion of the hearing, unless, by virtue of the complexity of the issue or other special circumstances, additional time is required;

(g) The Committee shall give respondent reasonable notice of the date on which its recommendation, based on its preliminary decision, will be forwarded to the Regulatory Compliance Committee for its consideration. (07/01/97)

203.01 Procuring a Membership or Membership Interest - An individual who wishes to procure a membership privilege may do so either prior or subsequent to being approved for a particular membership status. A person who has acquired a membership privilege prior to being approved for a particular membership status as provided in Regulation 249.01 shall become a member or membership interest holder following such approval upon signing the appropriate register of the Association. A person approved for a particular membership status prior to acquiring a membership or membership interest shall become a member or membership interest holder if within six (6) months after he/she has been notified of such approval, or within such extension of said period as may be granted by the Exchange, he/she shall procure a membership or membership interest and sign the appropriate register of the Association; otherwise his/her approval for a particular membership status

shall be deemed vacated. (03/01/01)

204.00 Membership Obtained by Fraud - A membership obtained by fraudulent representations or concealment shall be disposed of by the Board. 106 (08/01/94)

205.00 Agreement to Observe Rules and Regulations - Applicants for membership shall be required to sign a written agreement to observe and be bound by the Charter, Rules, and Regulations of the Association, and all amendments subsequently made thereto. 107 (08/01/94)

205.01 Acquisition of Class A Units of Ceres Trading Limited Partnership - Any person or entity who acquires ownership of a membership or a membership interest after July 17, 1992 shall, simultaneously with the acquisition of ownership of such membership or membership interest, purchase a Class A unit of limited partnership interest of Ceres Trading Limited Partnership, a Delaware limited partnership, of the appropriate sub-class (as set forth in Section 3.8 of the Agreement of Limited Partnership governing Ceres Trading Limited Partnership) from the person or entity from which he, she or it is acquiring ownership of the membership or membership interest (the "Transferor"), or if such Transferor does not own a unit of limited partnership interest of Ceres Trading Limited Partnership, from the General Partner of Ceres Trading Limited Partnership. The proceeds payable to a Transferor who does not own a unit of limited partnership interest of Ceres Trading Limited Partnership shall be equal to (a) the aggregate proceeds paid by the Purchaser for the membership or membership interest plus a unit of limited partnership interest reduced by (b) the amount paid to the General Partner for such unit of limited partnership interest under Section 10.3(b) of the Agreement of Limited Partnership. The acquisition of ownership of a membership or membership interest shall constitute a request of the acquirer that the books and records of Ceres Trading Limited Partnership reflect the acquirer's admission as a substituted limited partner thereof, and shall constitute the acquirer's agreement to be bound by the Agreement of Limited Partnership. (08/01/94)

206.02 Gratuities - No member of the Association shall employ any employee of the Association or of the Clearing House, for any service outside the hours of regular employment by the Association or such corporation, without having first obtained the approval therefor of the President or of said Clearing House, as the case may be, and registering therewith the name of said employee, the nature of the services rendered, and the amount of said compensation.

No member shall give any compensation or gratuity to an employee of the Clearing House unless the giving of such compensation or gratuity be first submitted in writing to the Clearing House and approved.

No member, member firm or employee thereof shall directly or indirectly give or offer to give any compensation or gratuity in excess of $250 (or having a reasonable aggregate value in excess of $250) per person per year to any employee of the Association. Employees of the Association are forbidden to accept any compensation or gratuity in excess of $250 from any member, member firm or employee thereof for any service rendered or to be rendered unless the giving of such compensation or gratuity be first submitted in writing to the President and approved. A gift of any kind is considered a gratuity.

No member, member firm or employee thereof, shall give or offer to give gratuities to any other member, member firm or employee thereof in an amount exceeding that which may be considered reasonable and proper under normal business practices as determined by the Business Conduct Committee. The giving or offering to give gratuities to a member, member firm or employee thereof is not to become a vehicle to obtain Exchange related business in a non-competitive fashion. Failure to comply with this Regulation may be deemed an act detrimental to the interest or welfare of the Association. (08/01/94)

207.00 Office Address - Every member shall register with the Secretary an address and subsequent changes thereof where notices may be served. 128 (08/01/94)

207.01 Primary Clearing Member - Every member shall register the name and clearing house number of his or her Primary and Secondary Clearing Member with the Member Services and Member Firm Staff Services Department. If applicable, the registration shall include the name and clearing house number of any division of the clearing member firm. In addition, every member shall notify the

Member Services and Member Firm Staff Services Department of any changes in his or her Primary and/or Secondary Clearing Member, including the name and clearing house number of the division thereof if applicable. (07/01/97)

208.00 Conducting Business Under a Firm Name - An individual may conduct his business under a firm name provided it is clearly stated on all letterheads, statements, and other business forms that the individual is the sole owner of the firm. 132 (08/01/94)

208.01 Conducting Business Under a Firm Name - An individual conducting business under a firm name as a sole proprietor pursuant to Rule 208.00 shall submit a statement to the Department of Member Services of this Association giving the name, address, and nature of the business conducted. The member shall report immediately any change in the required information. 1803 (08/01/94)

209.00 Indemnification of Association - In any legal proceeding brought against the Association and alleging its failure to prevent, detect or require certain conduct of a member or registered eligible business organization, which conduct or inaction is alleged to be in violation of any law or of the Rules and Regulations of the Association, such member or registered eligible business organization shall indemnify and hold the Association harmless for the full amount of any expense (including attorney's fees), judgment or settlement paid by it in respect to such proceeding. 134 (04/01/98)

209.01 Floor Trading Permits - The Board of Directors may at any time in its discretion establish a limited number of floor trading permits as needed to promote orderly and liquid markets in new and existing contracts. Such permits shall convey to qualified individuals a temporary right to trade as principal and/or broker for others in designated contracts on the floor of the Exchange. Such permits shall not be convertible into memberships or membership interests or carry any other rights or incidents not expressly specified in creating such permits. (08/01/94)

209.02 MidAmerica Floor Access Members' Trading Privileges - Floor Access Members of the MidAmerica Commodity Exchange shall be eligible to trade as principal and as broker for others in Institutional Index futures contracts on the Exchange Floor. Such persons may communicate from the Exchange Floor with non-member customers in the same manner as members may do so, but only with respect to Institutional Index futures contracts.

In the exercise of these privileges, such persons shall be subject to the jurisdiction of the Association and to all duties and obligations imposed upon members, registered firms or other approved persons under the Rules and Regulations; provided, however, that the Board may exempt such persons from any such duty or obligation which, in its sole judgement, is incompatible or in conflict with, or is unrelated to, the activities performed by them. (08/01/94)

209.03 Product Sponsor Programs - The Board of Directors may at any time in its discretion establish product sponsor programs as needed to promote orderly and liquid markets in new contracts. A product sponsor program shall convey to qualified members and member firms such inducements as the Board may grant in return for a product sponsor's participation in a particular contract market. A product sponsor program shall not create any interests or carry any other rights or incidents thereto which are not expressly specified in creating the program. (08/01/94)

209.04 Mini-Sized Contract Permit Holders' Trading Privileges - Floor Access Members of the MidAmerica Commodity Exchange who are on record as of September 1, 2001 and who remain Floor Access Members thereafter shall be reclassified as CBOT Mini-Sized Contract Permit Holders and thereby will be eligible to trade as principal and as broker for others in CBOT mini-sized contracts in 30 Year Treasury Bond, 10 Year Treasury Note, Eurodollar, NY Silver, NY Gold, Corn, Soybean, and Wheat futures on the a/c/e trading platform and in Rough Rice futures and futures options contracts on the Exchange Floor through December 31, 2002. Such persons may communicate from the Exchange Floor with non-member customers in the same manner as members may do so, but only with respect to Rough Rice contracts.

In the exercise of these privileges, such persons shall be subject to the jurisdiction of the Association and to all duties and obligations imposed upon members, registered firms or other approved persons under the Rules and Regulations; provided, however, that the Association may exempt such persons from any such duty or obligation which, in its sole judgement, is incompatible or in conflict with, or is unrelated to, the activities performed by them. (10/01/01)

210.00 Full Member CBOE "Exercise" Privilege - In accordance with the Agreement entered into on September 1, 1992 (the "Agreement") between the Exchange and the Chicago Board Options Exchange ("CBOE"), Eligible CBOT Full Members who maintain all appurtenant trading rights and

privileges of a full membership, including any new trading rights or privileges granted, assigned or issued to a CBOT full membership to the extent such right or privilege is deemed under the provisions of such Agreement to be appurtenant to a CBOT Full Membership, are eligible to become regular members of the CBOE pursuant to Article Fifth(b) of CBOE's Certificate of Incorporation. A CBOT Full Member may delegate all of his trading rights and privileges of full membership to an individual who will then be eligible to become a regular CBOE member pursuant to Article Fifth(b) of CBOE's Certificate of Incorporation; provided, however, if a CBOT Full Member delegates some, but not all, of the appurtenant trading rights and privileges of full membership, then neither the member nor the delegate will be eligible to be a CBOE regular member pursuant to Article Fifth(b). No person who is not either an Eligible CBOT Full Member or an Eligible CBOT Full Member Delegate (See Rule 221.00(g)(ii)) shall knowingly apply to become, or knowingly remain, a regular member of CBOE pursuant to Article Fifth(b) of CBOE's Certificate of Incorporation.

For purposes of the Agreement entered into on September 1, 1992 between the Exchange and the CBOE, an Eligible CBOT Full Member means an individual who at the time is the holder of one of the One Thousand Four Hundred Two (1,402) CBOT full memberships ("CBOT Full Memberships") existing on the date of the Agreement and who is in possession of all trading rights and privileges appurtenant to such CBOT Full Membership. In the event a CBOT Full Membership is registered for a partnership, corporation or other entity, only the individual who is the holder of such CBOT Full Membership and who is in possession of all trading rights and privileges appurtenant to such CBOT Full Membership shall be deemed to be an "Eligible CBOT Full Member." "Trading rights and privileges appurtenant to such CBOT Full Membership" means (1) the rights and privileges of a CBOT Full Membership which entitle a holder or delegate to trade as principal and broker for others in all contracts traded on the CBOT, whether by open outcry, by electronic means, or otherwise during any segment of a trading day when trading is authorized; and (2) every trading right or privilege granted, assigned or issued by CBOT after the effective date of this Agreement to holders of CBOT Full Membership, as a class, but excluding any right or privilege which is the subject of an option granted, assigned or issued by CBOT to a CBOT Full Member and which is not exercised by such CBOT Full Member. (08/01/94)

211.00 Associate Memberships - A personal privilege designated as an Associate Membership is hereby created to promote orderly and liquid markets and to provide for the future growth of the Association through increased liquidity and participation in the trading on the Floor of the Exchange. Associate Members shall be allowed to trade, as hereinafter provided, all existing and prospective future contracts and options contracts which shall be listed from time to time in the Government Instruments Market; Index, Debt and Energy Market; and Commodity Options Market categories pursuant to Rule 290.00. An Associate Member shall have the right, subject to the Rules and Regulations of the Association, to trade as principal and as broker for others and to solicit orders from others on the Floor of the Exchange, in all eligible contracts and options as designated above. Associate Memberships shall not carry with them the attributes of full memberships of the Association under the Fifth Article of the Certificate of Incorporation of the Chicago Board Options Exchange. In the event of liquidation of the Association, the Associate Member's share of the proceeds from dissolution shall be 1/6th of a full member's share. (08/01/94)

212.00 Reciprocal Trading Privileges with LIFFE -

(a) (1) Subject to the provisions of the Link Agreement with LIFFE and the LIFFE rules, one who owns or is registered for an undelegated Full or Associate Membership and is authorized by the Association for these purposes may (A) enter the trading floor of the LIFFE market, (B) trade contracts in the terms of Designated CBOT Contracts on the trading floor of the LIFFE market and (C) communicate from the trading floor of the LIFFE market to persons not on that floor, with respect to Designated CBOT Contracts.

(2) A member who trades contracts in the terms of Designated CBOT Contracts on the trading floor of the LIFFE market shall be eligible for member transaction fees assessed by the Exchange on positions transferred to the Clearing House.

(3) During any period when the rights granted by this Rule are being exercised at LIFFE, the membership may not be used by anyone to trade on the floor of the Exchange.

(b) (1) Subject to the provisions of the Link Agreement with LIFFE and the rules and regulations of the Association, a member of LIFFE or a trader registered with a member of LIFFE (but not a leaseholder) who is authorized by LIFFE for these purposes, may (A) enter the floor of the Exchange, (B) trade contracts in the terms of Designated LIFFE Contracts on the floor of the Exchange and (C) communicate from the Floor of the Exchange with persons not on the Floor of the Exchange, with respect to Designated LIFFE Contracts.

(2) The primary clearing member of such a person, referred to in (b)(1) above, shall guarantee his obligations under Rules 252.00 and 253.00.

(3) Upon revocation of such a person's primary clearing authorization, the Secretary shall give written notice thereof to all members and delegates. Thereafter, all members and delegates who may have claims against him may file claims in the same manner as provided in Rules 252.00 and 253.00 of the Association. The primary clearing member shall be responsible for the payment of those claims allowed by the Board and not satisfied promptly by such a person whose primary clearing authorization has been revoked. (06/01/97)

213.00 Assessments and Fees - Associate Members shall be responsible for all operating assessments and exchange service fees as if a full member of the Association. 863 (08/01/94)

214.00 Obligations and Duties - Associate Members shall be subject to all Rules and Regulations of the Association including all specific duties and obligations imposed on them by the Rules and Regulations, as well as those duties and obligations imposed upon members, registered firms or other approved persons under the Rules and Regulations; provided, however, the Board may exempt Associate Members from any such duty or obligation which is incompatible with or in conflict with or unrelated to, the activities performed by them. 864 (08/01/94)

215.00 Associate Members Committee - There will be an elected Committee of Associate Members whose purpose will be to represent the rights and privileges of the Associate Membership and to promote those rights and privileges to the mutual benefit of the general membership.

The Committee shall consist of fifteen (15) Associate Members elected on the Annual Election date by the Associate Membership. At the first election following the adoption of this Rule, eight members will be elected for a two-year term and seven members will be elected for a one-year term. Thereafter, seven members will begin a new two-year term each even-numbered year and eight members will begin a new two-year term each odd-numbered year. The Committee will select its Chairman and Vice Chairman. The Chairman of this Committee will be the liaison to the Chairman of the Board of Directors. 865 (08/01/94)

217.00 Applicants - Applicants for Associate Memberships shall be approved in the same manner and under the same conditions and procedures as are applicants for full membership. 867 (08/01/94)

219.00 Communications From Floor - Associate Members may communicate from the Floor of the Exchange during business hours with non-member customers in the same manner as members, but only with respect to eligible futures contracts or options as defined in Rule 211.00. 869 (08/01/94)

220.00 Violations - In addition to being bound to comply with the Rules and Regulations of the Association to which all members are bound, unless exempted by the Board under Rule 214.00, it shall be an offense against the Association for an Associate Member to:

(1) Execute a trade in any futures contracts or options that are not eligible as defined in Rule 211.00;

(2) Place an order on the Floor of the Exchange for the execution of any futures contracts or options that are not eligible as defined in Rule 211.00; or

(3) Engage in words or deeds which represent, or are reasonably calculated to represent, that he is a holder of a full membership. 870 (08/01/94)

221.00 Delegation - An individual member may delegate the rights and privileges of Full and/or Associate Memberships to an individual (a "delegate") upon the following terms and conditions:

(a) The delegate shall first be approved by the Exchange under the standards of Rule 200.00 and shall sign a written agreement to observe and be bound by the Charter, Rules, and Regulations of the

Association, and all amendments subsequently made thereto: Provided, however, an approved delegate having no outstanding disciplinary penalties and no restrictions pursuant to Rule 511.00 or 512.00 shall remain approved to enter a new delegation agreement within six (6) months following the termination of the previous delegation agreement. The Exchange may, in its discretion, grant extensions of this six (6) month approval period.

(b) The delegation agreement, any amendment thereto, and any termination, revocation, or renewal thereof, shall be in writing in such form as the Exchange may prescribe, and a copy thereof shall be filed by the member with the Exchange as a precondition to its effectiveness: Provided, however, the delegation agreement shall be null and void automatically upon the happening of any of the following events:

(1) Loss of any of the qualifications for entering a delegation agreement, such as sale of the membership of the member or expulsion of the member or the delegate; or

(2) The suspension of the member by the Association within three months of the date of the filing of the delegation agreement by the member with the Exchange;

(c) (1) The member shall remain liable (for an amount up to, but not in excess of, the value of the seat the member has leased) for the debts, acts and delinquencies of the delegate arising from the delegate's exercise of rights and privileges of membership. The membership so delegated may be sold to satisfy any such liability in accordance with the Rules and Regulations of the Association. Delegation shall not relieve the member of any of his obligations or liabilities which he might otherwise have by the virtue of being a member of the Association to other members of the Association;

(2) Upon the termination or expiration of the delegation agreement, the Secretary shall make notice thereof available to the membership. Thereafter, all members and delegates who may have claims against the delegate may file claims in the same manner as provided in Rule 252.00 of the Association. The member entering into a delegation agreement shall be responsible for the payment of those claims allowed by the Board and not satisfied promptly by the delegate, but only to the extent of the value of the membership so delegated;

(d) A delegate shall not be entitled to register under Rule 230.00 for an eligible business organization;

(e) The Finance Committee, in its discretion, may impose fees, charges and assessments upon members and delegates under this Rule; and

(f) Upon the filing of a delegation agreement or renewal notice with the Exchange, notice thereof shall be posted promptly on the bulletin board, and shall be made available upon request to the Membership and to the primary clearing member for the member party to the delegation agreement.

(g)(i) In accordance with the Agreement entered into on September 1, 1992 ("the Agreement") between the Exchange and the Chicago Board Options Exchange ("CBOE"), only an individual who is an "Eligible CBOT Full Member" or an "Eligible CBOT Full Member Delegate", as those terms are defined in the Agreement, is a "member" of the Exchange within the meaning of paragraph (b) of Article Fifth of CBOE's Certificate of Incorporation ("Article Fifth(b)") and only such individuals are eligible to become and to remain regular members of the CBOE pursuant to Article Fifth(b). No person who is not either an Eligible CBOT Full Member or an Eligible CBOT Full Member Delegate shall knowingly apply to become, or knowingly remain, a regular member of CBOE pursuant to Article Fifth(b) of CBOE's Certificate of Incorporation.

(g)(ii) For purposes of the "Agreement" referenced in Rule 221.00(g)(i), an "Eligible CBOT Full Member Delegate" means the individual to whom a CBOT Full Membership is delegated (leased) and who is in possession of all trading rights and privileges appurtenant to such CBOT Full Membership. "Trading rights and privileges appurtenant to such CBOT Full Membership" means (1) the rights and privileges of a CBOT Full Membership which entitle a holder or delegate to trade as principal and broker for others in all contracts traded on the CBOT, whether by open outcry, by electronic means, or otherwise, during any segment of a trading day when trading is authorized; and (2) every trading right or privilege granted, assigned or issued by CBOT after the effective date of this Agreement to holders of CBOT Full Memberships, as a class, but excluding any right or privilege which is the subject of an option granted, assigned or issued by CBOT to a CBOT Full Member

and which is not exercised by such CBOT Full Member. (05/01/01)

221.01 Delegation by Deceased Member's Estate - The legal representative of a deceased member's estate, during the pendency of probation of the deceased member's estate, may delegate such deceased member's trading privileges in accordance with Rule 221.00. Upon transfer of the estate assets to the deceased member's heirs, the provisions of Regulation 249.01 shall apply. (08/01/94)

221.02 Floor Access of Delegating Members and Delegates

(a) A full or associate member who has delegated the rights and privileges of his only membership, or of all his memberships, for any of the three trading segments, pursuant to Rule 221.00, and who does not hold a Floor Clerk or Broker Assistant badge, shall not have physical access to the Floor of the Exchange for such trading segment(s) during the effective period of such delegations; provided that this Regulation shall not apply to "Twenty-Five Year Members" as described in Regulation 301.10.

Provided further, that members of the Board of Directors who have delegated the rights and privileges of their only membership, or of all of their memberships, may have physical access to the Floor of the Exchange to the same extent as do "Twenty-Five Year Members" as described in Regulation 301.10.

(b) A delegate who does not hold a Floor Clerk or Broker Assistant badge shall not have physical access to the Floor of the Exchange during the trading segment(s) in which he is not entitled to the rights and privileges of membership. (07/01/99)

221.03 Minimum Delegation Term - No delegation agreement shall have a term of less than thirty (30) days. The foregoing limitation shall not apply to delegation agreements for Full Member Delegates who will utilize their memberships solely for the purpose of becoming a regular member of the Chicago Board Options Exchange ("CBOE") pursuant to Rule 210.00 and Article FIFTH(b) of the CBOE's Certificate of Incorporation. (11/01/99)

221.05 Delegates' Clearing Members -

(1) Except as provided in paragraph (2) below, no delegate may receive clearing authorization from any Primary Clearing Member, or from any other Clearing Member, pursuant to Rule 333.00 without first having:

(a) obtained written permission from his/her member-delegator; and

(b) filed such written permission with the Department of Member Services.

(2) In the event that a delegate cannot obtain written permission from his/her member-delegator before he or she receives clearing authorization from a new Primary Clearing Member, such delegate may nevertheless obtain such clearing authorization if the new Primary Clearing Firm executes and submits to the Department of Member Services a suretyship agreement inuring to the benefit of the member-delegator and in a form approved by the Exchange. However, the delegate must obtain his/her member-delegator's permission within 30 days of changing Primary Clearing Members. If the delegate does not obtain the permission within that period, he or she will be denied access to the floor. The delegate will not be able to regain access to the floor until such permission is submitted to the Department of Member Services. (04/01/99)

221.07 Voting Rights - On and after June 21, 1982, no full or associate member may delegate to any other person the right to vote on any matter subject to a ballot vote among the general membership. (08/01/94)

221.08 Requirements for Delegates of Membership Interests* - The Board, in its discretion, may require that each person who is granted status as a delegate of a COM, GIM or IDEM Membership Interest pursuant to a delegation agreement entered into on or after (effective date to be determined), execute up to a specified percentage, not to exceed 20%, or a specified number not to exceed 200 of such person's round turn principal transactions per month in one or more contracts designated by the Board.

The Board may establish different proportions or levels applicable to each membership interest

category, and any such proportion or level shall be applied in uniform fashion to every delegate in each respective membership interest category. Consistent with these standards, the Board may alter such proportion or level at any time.

Failure to comply with the provisions of this regulation or the directives of the Board adopted pursuant to this regulation may be considered an act detrimental to the welfare of the Association. Effective June 1, 1984. (08/01/94)

221.09 Delegation of Firm-Owned Memberships and Membership Interests - An eligible business organization registered as a member firm under Rule 230.00 may delegate the rights and privileges of a firm-owned membership or membership interest to an individual ("delegate") upon the terms and conditions set forth in Rule 221.00, but only if the membership being leased is not necessary to satisfy the requirements for registration as a member firm or, if applicable, as a clearing member firm. (04/01/98)

221.10 Indemnification of Delegators - To the extent consistent with the Association's claims Rules and Regulations, the Board of Directors shall honor and enforce valid indemnifications given by a clearing member to a member or membership interest holder who delegates the rights and privileges of his membership or membership interest (the "delegator") in connection with the delegator's potential liability under Rule 221.00 (c). The indemnification shall be in writing in such form as the Exchange may prescribe. (08/01/94)

221.11 Delegation by Trust - A trust may delegate the rights and privileges of any membership(s) or membership interest(s) held by the trust upon the terms and conditions set forth in Rule 221.00. (07/01/95)

222.00 Multiple Membership - A member may own more than one membership in his name, and a member firm may own the title and value of more than one membership pursuant to Regulation 249.01(b). 872 (08/01/94)

224.00 Trades of Non-Clearing Permit Holders - Each permit holder's Primary Clearing Member is responsible for the payment of the permit holder's dues, fees and assessments. (08/01/94)

225.00 General Enabling Rule for Market Maker Programs - The Chief Executive Officer of the Exchange shall have the authority to approve the implementation of Market Maker programs, pursuant to which Market Makers would be authorized to maintain two-sided markets, for products in the municipal bond complex, the equity index complex, and all products launched after December 31, 1999. To the extent that the terms of any such Market Maker program may be in conflict with any Rules or Regulations of the Exchange, such terms shall supersede such Rules or Regulations. However, nothing in this Rule shall alter or waive a member's responsibility to comply with provisions of the Commodity Exchange Act or Rules or Regulations of the Commodity Futures Trading Commission unless exempted by the Commission. (04/01/01)

Ch2 Registration

230.00 Registration - An eligible business organization as determined by the Membership and Financial Compliance Committees may be a member firm of this Association with respect to all contracts by virtue of a Full membership held in the name of one of its managerial employees. An eligible business organization as determined by the Membership and Financial Compliance Committees, which is wholly owned by one or more members or member firms, or which wholly owns a member firm, may be a member firm of this Association only with respect to those contracts in which Associate Members have trading privileges, by virtue of an Associate Membership held in the name of one of its managerial employees. A managerial employee who desires to designate an eligible business organization for either of the above purposes shall make application to the Membership Committee, giving therein such information as may be requested. If the application is granted, the membership shall be registered for the benefit of the eligible business organization, and such eligible business organization shall be entitled to member firm privileges with respect to all contracts or only with respect to Contracts in which Associate Members have trading privileges, as the case may be. For purposes of this Rule and the regulations hereunder, the term "managerial employee" shall mean any senior employee of the eligible business organization who is in a managerial position and who is in a position to influence the firm's operations with respect to commodity futures and options business on this Exchange. Whether or not a particular employee qualifies as "managerial employee" shall be in the sole discretion of the Membership Committee and shall be based on the circumstances and qualifications of the individual applicant.

A member firm may be a member of the Clearing House and entitled to privileges therein with respect to all contracts, pursuant to the membership registration requirements of Rule 703.00. All such memberships shall be registered hereunder in the manner described above, and under the criteria prescribed in Rule 703.00. Member firms shall be subject to all requirements and prohibitions contained in the Rules and Regulations applicable to members, and in such cases, all registered members shall be subject to discipline and their memberships subject to sale by the Board for the acts or delinquencies of the firm for which they are registered. All such designations may be terminated at any time by the Board, or by the registered member with the written approval of the Exchange.

A member who is a partner of a partnership, an officer, director or substantial stockholder of a corporation, or a member or manager of a limited liability company which is engaged in the securities, commodities, or grain business on a broker or dealer basis or in the processing or storing of commodities shall register his or her membership for the benefit of such partnership, corporation, or limited liability company pursuant to the provisions of this Rule, unless another membership is already registered for such partnership corporation, or limited liability company; or unless such partnership, corporation, or limited liability company has filed with the Exchange a duly authorized undertaking that it will, when required by the Exchange, submit its books and papers or any portion thereof to the Exchange and furnish any information to or cause any of its officer, directors, partners, managers, members, and/or employees to appear and testify before the Exchange. 226 (04/01/98)

230.01 Eligible Business Organizations - Trading Authority - Each member of the Association whose membership privilege is registered for the use of an eligible business organization must have the authority to enter into Exchange and Members' contracts for or on behalf of his or her eligible business organizational. Each registered partnership must keep on file with the Exchange a copy of its Partnership Agreement and amendments thereto showing the authority of its designated managerial employees to transact business on the Exchange for or on behalf of the partnership. Each registered corporation must keep on file with the Exchange copies of resolutions of its directors, attested to by the secretary of the corporation, showing the authority of its designated managerial employees to transact business on the Exchange for or on behalf of the corporation. Each registered limited liability company must keep on file with the Exchange copies of the Unanimous Consent of the Members showing the authority of its designated managerial employees to transact business on the Exchange for or on behalf of the limited liability company. 1783

Notwithstanding any other Regulation, any member or membership interest holder who is associated as a partner, shareholder, member, officer, manager, employee, or consultant with any entity or natural person that is or should be registered as an Introducing Broker, a Futures Commission Merchant, or a Commodity Trading Advisor as those terms are defined in Section 1a of the Commodity Exchange Act and/or 17 C.F.R. 1.3 may not solicit orders of others from the Floor of the Exchange unless the entity or natural person for which or for whom the member is soliciting orders is also a member firm or a member of the Exchange. (08/01/01)

230.02 Registration of Membership for Eligible Business Organizations - A member desiring to register his or her membership for an eligible business organization under Rule 230.00 shall submit

a statement giving the name of the eligible business organization and the business in which it is engaged. If the eligible business organization is organized as a corporation, the statement must also include the corporation's authorized and outstanding capital stock. The statement must also show that the member is a managerial employee of the eligible business organization and is duly empowered by the eligible business organization to enter into contracts for and on behalf of the eligible business organization. In addition, the statement must designate the type(s) of business activity, as measured by the following list, for which registration is requested:

(1) Clear customer business.

(2) Non-clearing firm handling customers' business.

(3) Non-clearing firm handling customers' business on a disclosed (agent)/ Introducing Broker basis.

(4) Clear house trades.

(5) Professional Trading firms.

(6) Member access privilege for trading advisors.

(7) Any other form of business acceptable to the Membership Committee.

If activity levels (1) or (2) have been designated and the eligible business organization intends to engage in the commodities or grain business on a broker or dealer basis, including solicitation or acceptance of orders for the purchase or sale of commodities futures contracts, the member shall submit a certified financial report of the eligible business organization, prepared by an independent Certified Public Accountant as of a date which is no more than 90 days prior to the date of submission. If any other activity level is designated, the member shall submit a current balance sheet disclosing the eligible business organization's assets and liabilities. The certified financial report or complete balance sheet is required only when the member is registering for an eligible business organization not currently registered with the Exchange.

The Exchange may in its discretion waive or modify the foregoing requirements in the case of changes in registration necessitated by reorganization of firms currently registered with the Exchange.

Approval is required for a registered eligible business organization changing or expanding its type of business to a higher level of business activity as set forth above. An eligible business organization requesting approval to operate as a type (1) or (2) firm which was previously registered as a type (3), (4), (5), (6) or (7) firm must submit a certified financial statement prior to approval. This certified financial statement must be prepared by an independent Certified Public Accountant as of a date which is not more than 90 days prior to the date of submission.

The Exchange may in its discretion grant temporary approval in the case of changes in registration necessitated by reorganization of firms currently registered with the Exchange.

Upon receipt of an application for new firm registration for an eligible business organization, the Secretary shall, within fifteen days thereafter, make available to the membership the name of the eligible business organization, and shall post the same information on the bulletin board for a period of at least ten days after such notification to the Membership.

An eligible business organization that represents to the Membership Committee that it will conduct business on the Exchange as a category (5) Professional Trading Firm must employ at least one active trader who personally executes a significant portion of his or her orders on the trading floor and/or the e-cbut electronic trading system and for the eligible business organization's proprietary account. The failure to maintain at least one active trader on the floor could be deemed a violation of Rule 204.00 and/or Rule 503.00 and may result in sanctions as provided by those rules.

No member may register his or her membership for more than one eligible business organization.

No member may register his or her membership for any eligible business organization under the Rules

of this Exchange, where such membership is or becomes delegated under the provisions of Rule 221.00.

An eligible business organization which has been conditionally approved for member firm status shall have six (6) months after the date that it was notified of such approval, or within such extension of said period as may be granted by the Exchange, to satisfy any conditions or contingencies imposed on such approval. If the conditions or contingencies are not satisfied by the applicable deadline, the Committee's approval of the eligible business organization for member firms status shall be deemed void. 1060 (05/01/01)

230.03 Designated Persons -

(a) Subject to approval by the Association, which approval is in the absolute discretion of the Association, each eligible business organization ("member") of the Association shall designate one or more senior managerial employees responsible for the member's financial, compliance, operational and ultimate supervisory obligations and activities as a member. Such individuals must either: (i) have a membership registered on behalf of the member, or (ii) be registered with the Association by the member as a "Designated Person". A Designated Person shall be subject to the Rules and Regulations of the Association as if a member; provided, however, that a Designated Person shall not be liable for the actions and/or omissions of other employees, agents or independent contractors if the member of the Designated Person demonstrates to the satisfaction of the Association that all of his or her relevant conduct on behalf of the member was performed in good faith with reasonable care.

(b) Any individual not a registered member or Designated Person or nonmember eligible business organization which holds more than a 25% financial interest in a member eligible business organization ("member") or who exercises actual control over the management of the member may, at the Association's sole discretion, be required to execute a Consent to Jurisdiction in such form as may be prescribed by the Association. Upon the member's request, the Membership and Financial Compliance Committees may exempt individuals and/or eligible business organizations from this requirement for good cause shown. (04/01/98)

230.04 Cooperative Association of Producers - A lawfully formed and conducted cooperative association of producers having adequate financial responsibility, engaged in any cash commodity business, conforming to the following requirements:

FIRST: The Cooperative Association must have not less than 75 per centum of the voting capital stock or membership capital, in good faith owned and controlled, directly or indirectly by producers of agricultural products;

SECOND: The Cooperative Association, if organized without capital stock, shall not allow a member of the Cooperative Association more than one vote, or if organized with capital stock, the Cooperative Association shall not pay dividends on any class of capital stock in excess of 8 per cent per annum cumulative;

THIRD: The Cooperative Association shall not, during any fiscal year, deal in the products of non- members of the Cooperative Association to an amount greater in value than such as is handled by it for members of the Cooperative Association;

FOURTH: The Cooperative Association, not more frequently than semi-annually, may pay out of its accumulated or current earnings and savings, patronage dividends to members of the Cooperative Association only and upon the basis of business transacted with such members for the period covered by transactions in which such earnings and savings have accrued; and

FIFTH: The Cooperative Association, if organized under the Cooperative Laws of any state, or recognized as a cooperative association of producers by the United States Government, or any agency thereof;

may be a member firm of the Association with respect to all contracts and may be entitled to do business in cash grain on the Floor, by virtue of a membership held in the name of one of its duly authorized representatives and registered under Rule 230.00 on behalf of the cooperative association. A member who desires to designate such a cooperative association of producers for that purpose shall make application to the Membership Committee, giving therein such information as may be requested

(Rule 230.00). Such designation may be terminated at any time by the Board, or by such member with the written approval of the Exchange. A cooperative association of producers shall be subject to all requirements and prohibitions contained in the Rules and Regulations applicable to members (except as may be exempted by the Commodity Exchange Act and the regulations of the Commodity Futures Trading Commission issued thereunder) and in such cases the member shall be subject to discipline and the membership subject to sale by the Board for the acts or delinquencies of the cooperative association. 1062 (04/01/98)

230.05 Registration for Trading on the Floor in Cash Grain - An eligible business organization may be entitled to trade in cash grain in its own name if one of its managerial employees, a member of the Association, has registered his or her membership for the eligible business organization in accordance with Rule 230.00 and Regulation 230.02. 1061 (04/01/98)

230.06 Eligible Business Organization Status Upon Death or Withdrawal of Registered Member - Upon the death or withdrawal of a member whose membership is registered on behalf of an eligible business organization, where such death or withdrawal would result in failure of the eligible business organization to meet the requirements of Rule 230.00, Rule 703.00, Regulation 230.02 or Regulation 230.05, the Exchange may, upon application of the registered eligible business organization, grant the eligible business organization an extension of privileges under the applicable Rules and Regulations for such period and under such conditions as the Exchange may fix. Upon the death or withdrawal of a member whose membership is registered on behalf of an eligible business organization, the eligible business organization shall, within five business days of such death or withdrawal, notify the Exchange of the departure of its registered member. Failure to comply with the provisions of this Regulation shall be referred to the Business Conduct Committee, for possible disciplinary action pursuant to Rule 540.00. 1063 (04/01/98)

230.07 Primary Clearing Member Permission for Member Registration - A member may register his or her membership for an eligible business organization under Rule 230.00, if that eligible business organization is not his or her Primary Clearing Member, only if he or she has written permission to do so from his or her Primary Clearing Member. Such written permission of the Primary Clearing Member must be filed with the Member Services Department. (04/01/98)

230.08 Doing Business in Firm (or Trade) Name - No member may conduct business with the public as a partnership under a firm name unless the partnership has at least one general partner other than such member; provided, however, that if by death or otherwise, the member becomes the sole general partner of the firm, he or she may continue business in the firm name for such period as may be allowed by the Exchange. 1070 (04/01/98)

230.09 Formation of Partnerships or Limited Liability Companies - When a member intends to form a partnership or admit other individuals to an existing partnership, he or she shall notify the Secretary in writing to that effect. On receipt of such notice from a member, the Secretary shall cause the same to be posted upon the bulletin board of the Association. A member shall promptly notify the Secretary of the retirement of any partner from the member firm partnership or of the dissolution of such partnership.

When a member intends to form a limited liability company or admit other individuals to an existing limited liability company, he or she shall notify the Secretary in writing to that effect. On receipt of such notice from a member, the Secretary shall cause the same to be posted upon the bulletin board of the Association. A member shall promptly notify the Secretary of the retirement of any other member from the member firm limited liability company or of the dissolution of such limited liability company. (04/01/98)

230.10 Suspended or Insolvent Members - A member shall not form a partnership or limited liability company nor, unless permitted by the Regulatory Compliance Committee, continue in a partnership or limited liability company with any of the following:

(a) A member whose membership privileges have been suspended by the Association;

(b) Any person who has been expelled from the Association as permitted by Rule 560.00;

(c) An insolvent person; or

(d) Any previous member of the Association against whom any member holds a claim which

arises out of transactions made during the time of such membership and which have not been released or settled. (04/01/98)

230.11 Discipline of Partners or Members of Limited Liability Companies - A member of the Association who is a general partner of a member firm of the Association is liable to the same discipline and penalties for any act or omission of said firm as for his or her own personal act or omission, but the Regulatory Compliance Committee may, in its discretion, by a vote of not less than two-thirds of its members present, relieve him or her from the penalty therefor.

A member of the Association who is also a member of a limited liability company which is a member firm of the Association is liable to the same discipline and penalties for any act or omission of said firm as for his or her own personal act or omission, but the Regulatory Compliance Committee may, in its discretion, by a vote of not less than two-thirds of its members present, relieve him or her from the penalty therefor. 1076 (04/01/98)

230.12 Dissolution of Partnership or Limited Liability Company - Whenever it shall appear to the Regulatory Compliance Committee that a member has formed a partnership or limited liability company or has become an officer, employee, or stockholder of a corporation or established an office or headquarters or is individually, or through any member of his or her firm, interested in a partnership or other business organization, or has formed any business connection whatever whereby the interest or good repute of the Association may suffer, the Regulatory Compliance Committee may require the dissolution of any such partnership or limited liability company or discontinuance of such business office, or headquarters, or business connection as the case may be. (04/01/98)

230.13 Relations Controlling Policy - Whenever it shall appear to the Regulatory Compliance Committee that a member individually or through his or her firm or a partner or partners therein, has such a business connection with a corporation or other business organization that the corporation or other business organization dominates the business of the member or firm or controls the policy of such business, the Regulatory Compliance Committee may require the discontinuance of such business connection. (04/01/98)

230.14 Delegation of Approval Authority - The Chairman of the Membership Committee, or a member of the Membership Committee who has been designated by the Membership Committee Chairman or the Member Services and Member Firm Staff Services Department upon delegation by the Chairman, will have the authority to approve the application of a Full or Associate Member to register his or her membership for an eligible business organization under Rule 230.00 and the regulations thereunder; provided that the eligible business organization is currently registered in accordance with Rule 230.00. The power to deny such applications is expressly reserved to the Regulatory Compliance Committee. With respect to firm-owned Full and Associate Memberships under Regulation 249.01(b), the Chairman of the Membership Committee or a member of the Membership Committee who has been designated by the Membership Committee Chairman may determine that such memberships are needed by the registered eligible business organization to carry out its business at the Association.

For the purpose of this regulation, the Chairman may not delegate approval authority to the Member Services and Member Firm Staff Services Department when the applicant has answered affirmatively to any question in the "Disciplinary Action" section of the Member Firm Registration application. (12/01/98)

230.15 Financial Requirements - (See Reg. 285.05) (04/01/97)

230.16 Designated Liaison - An eligible business organization registered as a member firm of this Association under Rule 230.00 and Regulation 230.02 is required to designate a specific managerial employee as liaison to the Exchange. This designated liaison will be responsible for ensuring the firm's compliance with and understanding of the Exchange's Rules and Regulations, and must have a command of the English language. This designated liaison must have a membership registered for the eligible business organization. (04/01/98)

230.17 Changes in Organization - Any change in the organizational structure of a member firm requires the Exchange's prior approval. Organizational changes shall include, but not be limited to: i) a corporation, limited liability company, general partnership, limited partnership or sole proprietorship

which changes to another form; or ii) replacement of any general partner or member of any limited liability company. Any failure to comply with this Regulation and any such change in organizational structure that does not comply with the requirements to be a member firm shall be referred to the Business Conduct Committee for possible disciplinary action pursuant to Rule 540.00. The Exchange may grant the member firm a period of time in which to come into compliance with the requirements for member firm status. The Business Conduct Committee may also determine whether such a member firm is entitled to member transaction fees for any time period in which the firm fails to comply with requirements. (04/01/98)

231.00 Ownership and Registration of Associate Memberships - With the approval of the Membership Committee ownership of title and value of an Associate membership of an individual, approved under Rules 200.00, 201.00, 159.00, and 202.00, may be vested in an eligible business organization registered in accordance with Rule 230.00 provided that all of the provisions of Regulation 249.01 - Transfer of Membership - are complied with, where applicable.

Associate memberships may be registered on behalf of an eligible business organization pursuant to Rule 230.00. 875 (04/01/98)

Ch2 Assessments and Fees

240.00 Assessments - The Board, prior to the Annual Meeting and quarterly thereafter during each year, shall levy upon the membership such assessments as it may deem necessary or advisable to meet any anticipated operating deficit of the ensuing quarter and any actual deficit of the preceding quarter and such assessment as the Board may deem necessary or advisable to meet any capital expenditures of the ensuing quarter, including the retirement of mortgage indebtedness encumbering the Board of Trade Building. It shall be the duty of the President to prepare and submit to the Board, in advance of the meeting at which any such assessment is levied, a detailed budget showing the deficit, if any, for the preceding quarter and the amount of each such assessment proposed to be levied. Each such quarterly assessment shall be billed to the members as near the beginning of the quarter as may be practicable and shall become due and payable within thirty days after such billing. 108 (08/01/94)

241.00 Members in Military Service - The Board shall have authority to remit the assessments of a member during the period in which such member is in the military service of the United States, as such service is defined in the Soldiers' and Sailors' Civil Relief Act of 1940, as passed by Congress and as it may be amended. 108B (08/01/94)

241.01 Dues of Members in Military Service - In accordance with the authority granted the Board under the provisions of Rule 241.00 no assessment of a member shall be remitted under Rule 241.00 except under the following conditions:

1. Each petition for the benefits of Rule 241.00 will be considered on its merits.

2. No petition will be considered unless accompanied with funds sufficient to pay all dues up to and including the full month in which the Board acts on the request.

3. No petition will be approved unless the petitioner became a member of the Association prior to January 1, 1953.

4. When a petition is granted the member is required to notify the Secretary promptly of the termination of his military service. 1844A (08/01/94)

242.00 Neglect to Pay Assessment - Any member who neglects to pay his assessment, or installments thereof, within thirty days after such assessment, or installments thereof, has been called for payment may be suspended until such assessment, or installments thereof, is paid. If a member neglects to pay such assessment, or installments thereof, during a period of six consecutive months, his membership (a) may be disposed of by the Board; (b) or may be forfeited and cancelled by the Board. 109 (08/01/94)

243.00 Transfer Fees - No transfer of membership may be consummated unless the transferee pays to the Association a transfer fee. The amount of this fee is established from time to time, by the Board of Directors. The transfer fee so collected shall be used to purchase, retire or redeem indebtedness to finance improvements to the Board of Trade Buildings or to pay the cost of such improvements. The transfer fee described in this Rule 243.00 shall not apply when the transferor is the estate of a deceased member or membership interest holder and the transferee is the decedent's spouse or the decedent's child. 111 (07/01/98)

243.01 Sale and Transfer of Membership Privileges - Each individual submitting an application for membership shall include with the application a non-refundable application fee established by the Board. The application fee described in this Regulation 243.01 shall not apply when the applicant is the spouse or the child of a deceased member or membership interest holder. The application fee will also not apply when a deceased member or membership interest holder's membership or membership interest is held in trust pursuant to Regulation 249.01(i), the applicant is the spouse or the child of the decedent, and under the terms of the trust, the applicant is the successor trustee to the deceased member or membership interest holder. 1807 (04/01/98)

Ch2 Purchase and Sale or Transfer of Membership or Membership Interest

249.01 Purchase and Sale or Transfer of Membership or Membership Interest - Membership status in this Association is a personal privilege, not subject to sale or transfer except as herein authorized.

(a) Purchase and Sale of Memberships and Membership Interest by Individuals -

(i) When an individual wishes to sell his full or associate membership or membership interest, he shall sign an offer to sell including an offer price, in such form as shall be prescribed by the Exchange.

When an offer is matched to a bid, the member or registered eligible business organization may receive the sale proceeds prior to the expiration of the claims period or the resolution of any claims by depositing treasury bills with the Association, equivalent to the sale price of the membership or membership interest. All amounts deposited shall be available, without restriction, to satisfy claims against the departing member or the registered eligible business organization under this Chapter. In lieu of a deposit, the member or registered eligible business organization may file a clearing firm guaranty, letter of credit, or such other form as the Association may permit, equivalent to the sale price of the membership or membership interest, for the satisfaction of claims.

(ii) Any individual who wishes to purchase a full or associate membership or membership interest subsequent to his approval for a particular membership status shall execute and deliver to the Department of Member Services a bid to purchase such membership or membership interest, in such form as may be prescribed by the Exchange. The bid shall be accompanied by a certified or cashier's check representing an earnest money deposit in the amount of fifteen percent of the bid, by an irrevocable letter of credit in the amount of fifteen percent of the bid, or by an agreement on a form prescribed by the Exchange and executed by a clearing member of the Association as provided in this section (ii).

Any individual who wishes to purchase a full or associate membership or membership interest prior to his approval for a particular membership status shall execute and deliver to the Department of Member Services a bid to purchase such membership or membership interest, in such form as may be prescribed by the Exchange. The bid shall be accompanied by a check in the amount of the applicable transfer fee. The bid shall also be accompanied by a certified or cashier's check in the amount of such bid or by an agreement on a form prescribed by the Exchange and executed by a clearing member of the Association which shall provide that in the event the prospective purchaser's bid is matched to an offer, as provided in section (iii) below, and the prospective purchaser fails to make payment in the amount of his bid by 5:00 p.m. of the next business day following the day on which he was notified by the Department of Member Services that his bid was matched to an offer, such clearing member shall purchase the membership or membership interest in question for the full amount of such bid.

The bid shall contain an agreement by such individual to take no recourse against the Association in the event he is not approved for membership, except as may be permitted under Section 8c of the Commodity Exchange Act as amended and a release of the Association of any claim or right that such individual would otherwise have had by reason of such failure to be so elected. The bid also shall contain an agreement by such individual that he or she consents to and accepts the Exchange's jurisdiction with respect to any disciplinary action or other matter within the purview of any Exchange committee from the date of purchase of a membership or membership interest until the date the individual is approved for membership status or, if such individual fails to be approved for membership status, until the date of a sale of the membership or membership interest is effected in accordance with this regulation. With respect to the purchase of a membership which will be registered pursuant to Rule 230.00 for the benefit of an eligible business organization which is not currently a member firm, a consent to jurisdiction also must be executed on behalf of the firm. The consent to jurisdiction shall expressly state that the Exchange may hold the membership or membership interest pending the disposition of any proceeding before any Exchange Committee and apply the proceeds from the sale of the membership or membership interest toward the satisfaction of any decision that may be rendered against the individual or firm.

Nothing herein shall be construed in any way to limit the Exchange's jurisdiction over all individuals and firms which have been approved for membership. If any purchase of a membership or membership interest is being financed by a person other than the purchaser, such purchaser shall file satisfactory proof as required by the Department of Member Services that the financing party is aware of the provisions of this Regulation and Rule 252.00.

(iii) The Department of Member Services shall post continually on the Bulletin Board the lowest offer to sell and the highest bid to buy full and associate memberships and membership interests, respectively. In the event of a match between any such bid and offer, the Department of Member Services shall notify the purchaser and the seller. In the event there are two bids and/or two offers in the same amount, the oldest offer shall be matched to the oldest bid. Title and value of the membership or membership interest shall be transferred to the purchaser upon payment being effected in the full amount of the bid.

In the event that the prospective purchaser fails to make payment in the amount of his bid by 5:00 p.m. of the next business day following the day on which he was notified by the Department of Member Services that his bid was matched to an offer, the clearing member who has executed an agreement to purchase the membership or membership interest as provided in section (a)(ii) of this Regulation shall make payment in the full amount of the bid by 5:00 p.m. of the business day following the day upon which payment was due from the prospective purchaser. Upon becoming the owner of the title and value of the membership or membership interest, the clearing member shall either sell or transfer the membership or membership interest or cause the membership or membership interest to be registered on its behalf in accordance with Rule 230.00 of these Rules and Regulations.

Failure to fulfill the obligations set forth in said agreement shall constitute acts detrimental to the interest and welfare of the Association.

Within ten (10) business days of notice to the purchaser by the Department of Member Services that his or her bid has been matched to an offer, each purchaser of a full or associate membership who is not a full or associate member in good standing, and each purchaser of a membership interest who is not a full or associate member, membership interest holder or nominee thereof, or delegate in good standing, shall file with the Department of Member Services an application for the appropriate membership status, in such form as may be prescribed by the Exchange, in order to be eligible for approval for membership status. Such form shall include an agreement by the applicant to take no recourse against the Association in the event he or she is not approved for a particular membership status, except as may be permitted under Section 8c of the Commodity Exchange Act as amended and a release of the Association of any claim or right that such individual would otherwise have had by reason of such failure to be so elected. No person may exercise the rights of a particular membership status until he or she is approved for such membership status in accordance with these rules.

(iv) If a purchaser of a membership or membership interest fails to file an application with the Department of Member Services as required in paragraph (iii) above, is not approved for membership status, or if for any reason his application is withdrawn, the Exchange shall retain the transfer fee and the purchaser shall assume all risk of gain or loss from the resale of the membership or membership interest purchased by him. The purchaser shall take all necessary steps to effect a sale of the membership or membership interest purchased by him within thirty (30) days of notification of his failure to be approved for membership status, withdrawal of his application, or the purchase of the membership or membership interest if he failed to file an application.

(v) If the purchaser fails to effect a sale within the time period specified in paragraph (iv) above, the Department of Member Services shall effect a sale at the price of the highest bid to purchase then on file with the Department of Member Services on the next business day following the thirtieth (30) day after notification of his failure to be approved for membership status, withdrawal of his application, or the purchase of the membership or membership interest if he failed to file an application. If on the next business day following the thirtieth day after such notification, withdrawal, or purchase if he failed to file an application, there is no bid to purchase on file with the Department of Member Services, the membership or membership

interest shall be offered for sale by the Exchange at the same price as the lowest offer to sell then on file with the Department of Member Services. Such offer shall be matched with a bid in accordance with Regulation 249.01(a)(iii). The total amount realized from the sale of the membership or membership interest shall be remitted to the unsuccessful applicant in full satisfaction of all obligations of the Association, subject to Exchange Rule 252.00.

(vi) An individual whose offer to sell his only membership or membership interest has been accepted by a purchaser, shall not make any Exchange contracts after the date of such consummation of the transfer.

An individual whose membership or membership interest status was terminated through a sale in accordance with this paragraph (a), and who was a member or membership interest holder in good standing, not subject to any Exchange investigation, charges, suspension or disciplinary action at the time of such sale, shall remain eligible, for a period of six (6) months following such sale, to purchase another membership or membership interest under the provisions of this paragraph (a), to be the transferee of a membership or membership interest pursuant to subparagraphs 249.01(b) (c) or (d) or to become a delegate, in accordance with provisions of Regulation 202.01. The Exchange may, in its discretion, grant extensions to this six (6) month approval period.

(b) Transfer by registered eligible business organization

(i) With the approval of the Membership Committee, ownership of the title and value of a full or associate membership of an individual, approved under Rules 200.00, 201.00, 159.00 and 202.00 may be vested in an eligible business organization registered in accordance with Rule 230.00 provided that (i) the approved individual is a managerial employee as that term is defined in Rule 230.00 of such registered eligible business organization; (ii) the managerial employee's membership is registered for such eligible business organization; and (iii) the Membership Committee determines that such membership is needed by the registered eligible business organization to carry on its business at the Association. Additionally, with the approval of the Membership Committee, a registered eligible business organization may own GIM, COM and IDEM membership interests on behalf of individual nominees who are full-time employees of such firm in accordance with the provisions of Rules 291.00, 292.00 and 293.00. In such circumstances, all rights and responsibilities of membership shall remain the exclusive personal privilege of the approved individual, except that the registered eligible business organization shall be entitled to transfer such membership or membership interest, and to receive the net proceeds from transfer of such membership or membership interest after satisfaction of all claims against the approved individual, or against the registered eligible business organization, in accordance with Rules 252.00 and 253.00 of this Chapter.

(ii) A registered eligible business organization owning the title and value of a full membership, associate membership, or membership interest may transfer said membership or membership interest to another approved individual who is also a managerial employee of the eligible business organization, by delivering to the Department of Member Services a report of intention to transfer upon such form as shall be prescribed by the Exchange. In addition, with respect to the transfer of a full or associate membership, the firm must deposit with the Department of Member Services an amount equal to the weighted average of all full or associate membership sales for the preceding calendar month, as appropriate. With respect to the transfer of a membership interest, the firm must deposit the greater of $50,000 or an amount equal to the weighted average of all GIM, COM or IDEM sales, for the preceding calendar month, as appropriate. Such amount may be deposited in cash, treasury bills, or such other form as the Association may permit. All amounts deposited shall be available, without restriction, to satisfy claims against the departing approved individual or against the registered eligible business organization under this Chapter. In lieu of a deposit, a firm may file a clearing firm guaranty for the satisfaction of claims in an amount that accords with the formulas set forth in this sub-paragraph. Should the departing approved individual be leaving the employ of the member firm, the application for membership or transfer documents of the transferee must be submitted to the Association within thirty (30) days from the termination date of the departing approved individual. The Exchange may, in its discretion, grant extensions of this 30 day approval period. No such extension shall exceed 60 days total length for any individual.

(iii) Nothing herein shall preclude or impair the right of the Exchange to impose discipline upon the registered eligible business organization, or upon the approved individual, or to dispose of the membership or membership interest of any approved individual, for the acts or delinquencies of the registered eligible business organization, or for the acts or delinquencies of the approved individual, in accordance with the Rules and Regulations of the Association.

(iv) An approved individual whose only remaining membership or membership interest has been transferred in accordance with this paragraph (b) shall not make any Exchange contracts after the date of such transfer.

(v) In the event that a registered eligible business organization owning the title and value of a full or associate membership or membership interest is acquired by another registered eligible business organization through the purchase of 100% of the partnership or limited liability company property or corporate stock, the acquiring eligible business organization may transfer said membership or membership interest to another approved individual who is a managerial employee of the acquiring eligible business organization by complying with the procedures set forth in sub-paragraph (ii), hereof.

A registered corporation that owns the title and value of a full or associate membership or member interest may transfer said membership or membership interest to another approved individual who is a managerial employee of its wholly-owned registered subsidiary corporation or its registered parent partnership or corporation which owns 100% of its stock, or a sister corporation that is 100% owned by the parent entity, by complying with the procedures set forth in sub-paragraph (ii), hereof. A registered partnership that owns the title and value of a full or associate membership or membership interest may transfer said membership or membership interest to another approved individual who is a managerial employee of its wholly-owned registered subsidiary or a sister entity that is 100% owned by the parent entity, by complying with the procedures set forth in sub-paragraph (ii), hereof. A registered limited liability company that owns the title and value of a full or associate membership or membership interest may transfer said membership or membership interest to another approved individual who is a managerial employee of its wholly-owned registered affiliate or a sister affiliate that is 100% owned by the parent entity by complying with the procedures set forth in sub-paragraph (ii), hereof. Each such transfer of a GIM Membership Interest shall count toward the two transfers specified in Rule 296.00 (2).

(vi) The parties to the transfer set forth in sub-paragraph (ii) of this paragraph may elect not to deposit a sum of money or file a clearing firm guaranty agreement as provided therein, in which case the transferee shall, for a period of time equal to that set forth in paragraph (e) of this Regulation, be ineligible to exercise any of the rights and privileges of the transferred membership or membership interest and, during this time and no other, all claims as set forth in sub-paragraph (ii) of this paragraph against the transferor shall be filed. If such claims are filed the transferee shall remain ineligible until the claims are satisfied or otherwise disposed. In order to satisfy claims set forth in sub-paragraph (ii), which have been properly filed and allowed by the Association, as provided by the Rules and Regulations, the transferred membership or membership interest may be sold by the Association. In the event of such sale and after the claims have been paid, the remaining surplus, if any, of the proceeds of sale shall be paid to the registered eligible business organization upon execution by it of a release which is satisfactory to the Association. In order to preclude the sale of the membership or membership interest by the Association for the satisfaction of claims, and for the transferee to become immediately eligible to exercise the rights and privileges of the transferred membership or membership interest, the registered eligible business organization may, in the alternative, deposit a sum of money or file a clearing firm guaranty as provided in sub-paragraph (ii) hereof.

(vii) An approved individual whose membership or membership interest status was terminated through a transfer in accordance with this paragraph (b), and who was a member or membership interest holder in good standing, not subject to any Exchange investigation, charges, suspension or disciplinary action at the time of such transfer, shall remain eligible, for a period of thirty (30) days following such transfer, to purchase another membership or membership interest under the provisions of this paragraph (a) or to be the transferee of a membership or membership interest pursuant to subparagraphs 249.01 (b) (c) or (d) in accordance with provisions of Regulations 202.01 and/or 230.18, as applicable. The

Exchange may, in its discretion, grant extensions of this 30 day approval period. No such extension shall exceed 60 days in total length for any individual.

(c) Transfer by member under loan agreement -

(i) Whenever, under the Rules and Regulations, a registered eligible business organization is required to register a certain number of full or associate memberships or is required to maintain memberships for other purposes, such eligible business organization may execute with an employee, approved for membership under this Chapter, a loan agreement in such form as the Association may prescribe, advancing to such employee the cost of membership and providing for the enforced repayment of such advance. The employee may transfer his membership to another employee of the same registered eligible business organization, approved for membership under this Chapter, upon the deposit with the Department of Member Services of an amount equal to the sum specified in sub-paragraph (ii) of paragraph (b) of this Regulation. All amounts so deposited shall be available, without restriction, to satisfy claims under this Chapter. Should the transferor be leaving the employ of the registered eligible business organization, the application for membership of the transferee must be submitted to the Association within thirty (30) days from the termination date of the transferor.

(ii) Transfer under this paragraph (c) except as provided in sub-paragraph (i) hereof, shall be governed by the provisions of paragraph (a) of this Regulation.

(d) Transfer within family -

(i) It shall be permissible, under the Rules and Regulations, to transfer a full or associate membership or membership interest between members of the same family (a spouse, parent, child, grandparent, or grandchild), or a decedent's membership or membership interest within the same family, provided such transferee is approved for the appropriate membership status under this Chapter and a clearing firm guaranty is filed, or sum of money as described in paragraph (b) is deposited with the Department of Member Services in order to satisfy claims.

(ii) The parties to the transfer may elect not to deposit a sum of money as provided in paragraph (b), in which case the transferee shall, for a period of time equal to that set forth in paragraph (e) of this Regulation, be ineligible to exercise any of the rights and privileges of the transferred membership or membership interest, and during this time and no other, all claims against the transferor shall be filed. If such claims are filed the transferee shall remain ineligible until the claims are satisfied or otherwise disposed. In order to satisfy claims against the transferor, which have been properly filed and allowed by the Association, as provided by the Rules and Regulations, the transferred membership or membership interest may be sold by the Association. In the event of such sale and after the claims have been paid, the remaining surplus, if any, of the proceeds of sale shall be paid to the transferee, or his legal representative, upon execution by him of a release which is satisfactory to the Association. In order to preclude the sale of the membership or membership interest by the Association for the satisfaction of claims, and to become immediately eligible to exercise the rights and privileges of the transferred membership or membership interest, the transferee may, in the alternative, comply with the provisions of sub-paragraph (i), hereof.

(iii) Transfer under this paragraph (d), except as provided in sub-paragraph (i) and (ii) hereof, shall be governed by the provisions of paragraph (a) of this Regulation.

(e) Notice of membership sale or transfer and filing claims -

(i) On the first and sixteenth calendar day of each month (or if the first or sixteenth is not a business day on the following business day ("notice days")), the Secretary shall post on the bulletin board located on the Exchange floor a notice listing each sale or transfer of a membership, each termination or expiration of a delegation agreement, each termination of an individual member registration and each termination of a member firm registered in accordance with the provisions of Rule 230.00 that occurred during the period beginning on the preceding notice day and ending on the business day preceding the current notice day. The Secretary shall also make this information available to the membership. The last day for filing claims pursuant to Rule 253.00 against the proceeds of the sale or

transfer of a membership, the termination of an individual member registration, a termination of a member firm or pursuant to Rule 221.00 (c)(2) against a delegate whose delegation agreement has terminated or expired is the business day immediately preceding the notice day that follows the notice day on which the Secretary posts a notice on the bulletin board announcing such sale or transfer or such termination or expiration of a delegation agreement. The Exchange shall hold the proceeds from the sale or transfer of a membership until such time as the relevant claims period has run and/or any disputed claims have been resolved.

(ii) Upon the effective date of sale or transfer of an individual's sole membership, all Exchange contracts of the seller or transferor shall mature, and if not settled, shall be closed out as in the case of insolvency, unless the same are assumed or taken over by another member of the Association.

(iii) The name of a member whose membership or membership interest has been disposed of by the Board shall be posted as in the case of a voluntary sale and such posting shall have the same effect in respect to open contracts and unmatured debts and obligations of the former member as in the case of a voluntary sale.

(f) Sale by Legal Representative -

(i) The membership or membership interest of a deceased member or membership interest holder may be sold pursuant to an offer to sell executed by the executor, administrator or other duly qualified and appointed legal representative of his estate.

(ii) The full or associate membership or membership interest of a member or membership interest holder who has been adjudicated incompetent may be sold pursuant to an offer to sell executed by his duly appointed guardian, conservator or other duly qualified legal representative.

(g) Indirect Exchange of Memberships -

(i) A member may exchange an associate membership for a full membership (an "AM Swap"), a full membership for an associate membership (an "FM Swap"), a GIM membership interest for an associate membership (a "GIM to AM Swap"), a GIM membership interest for a full membership (a "GIM to FM Swap"), a COM membership interest for an associate membership (a "COM to AM Swap"), a COM membership interest for a full membership (a "COM to FM swap") an IDEM membership interest for an associate membership (an "IDEM to AM swap") or an IDEM membership interest for a full membership (an "IDEM to FM swap"), by signing an offer to exchange in such form as shall be prescribed by the Exchange. The offer to exchange shall specify the category of membership being relinquished (the "relinquished membership"); the category of membership the exchanging member wishes to acquire (the "replacement membership"), and the "Price Differential" at which the exchange is to be effected (as described below).

The offer to exchange shall be accompanied by: (1) In the case of an AM, GIM to AM, GIM to FM, COM to AM, COM to FM, IDEM to AM or IDEM to FM Swap, a certified or cashier's check in the amount of the Price Differential, or an agreement of a clearing member of the Association as described in section (a)(ii) of this Regulation; and (2) an agreement of a clearing member of the Association to pay to the Association in cash upon demand the amount of any assessments or claims against the exchanging member's relinquished membership according to Rule 252.00 up to the value of the relinquished membership at the time the exchange is accepted. For this purpose, the value of the relinquished membership will be the bid price for such membership.

(ii) The Department of Member Services shall post continually on the Bulletin Board the highest Price Differential for AM, GIM to AM, GIM to FM, COM to AM, COM to FM, IDEM to AM and IDEM to FM swaps, and the lowest Price Differential for FM swaps. In the event there are two or more AM swaps, two or more FM swaps, two or more GIM to AM Swaps, two or more GIM to FM Swaps, two or more COM to AM Swaps, two or more COM to FM Swaps, two or more IDEM to AM swaps or two or more IDEM to FM Swaps offered at the same Price Differential, the oldest offer shall be listed first.

(iii) The Department of Member Services shall notify an exchanging member that the member's offer to exchange has been accepted when (1) the difference between the bid price for

memberships in the category of the relinquished membership and the offer price for memberships in the category of the replacement membership equals (2) the Price Differential for the offer to exchange. Upon notification of acceptance of the offer to exchange, the Department of Member Services shall cause the Association to acquire the relinquished membership from the exchanging member, sell the relinquished membership at its bid price, acquire the replacement membership at its offered price, and transfer the replacement membership to the exchanging member. The exchanging member shall pay the applicable transfer fee not later than 5:00 p.m. of the first business day following acceptance of the offer to exchange.

(iv) If, prior to acceptance of an offer to exchange, the posted Price Differential for AM Swaps matches the posted Price Differential for FM Swaps, the Department of Member Services will notify the respective members and will effect a direct exchange of their memberships according to paragraph (h) below.

(v) Title and value of the relinquished membership shall pass to the Association, and title and value of the replacement membership shall be transferred to the exchanging member, upon notification by the Association that the exchange offer has been accepted.

(vi) The proceeds from the sale of the relinquished membership shall be applied to payment for the replacement membership. Any excess proceeds shall be applied in the manner specified in Rule 252.00 to satisfy assessments and claims against the relinquished membership. The exchanging member shall only be entitled to the replacement membership and any excess proceeds (subject to application of Rule 252.00); in no event shall the exchanging member be entitled to demand receipt of the proceeds from the sale of the relinquished membership in lieu of receipt of the replacement membership.

(vii) If the exchanging member in an AM, GIM to AM, GIM to FM, COM to AM, COM to FM, IDEM to AM or IDEM to FM swap fails to make payment for the Price Differential by 5:00 p.m. of the next business day following the day on which the member was notified by the Department of Member Services that the member's offer to exchange was accepted, the exchanging member shall forfeit ownership of the title and value of the replacement membership and the clearing member who has executed an agreement to purchase the membership as provided in section (a)(ii) of this Regulation shall make such payment by 5:00 p.m. of the next business day following the day upon which payment was due from the exchanging member. Upon such payment, the clearing member shall be the owner of the title and value of the replacement membership. The clearing member shall either sell or transfer the replacement membership or cause the replacement membership to be registered on its behalf in accordance with Rule 230.00 of these Rules and Regulations. The clearing member shall account to the exchanging member for the portion of the replacement membership bid price paid from the proceeds from the sale of the relinquished membership.

Failure to fulfill the obligations set forth in said agreement shall constitute acts detrimental to the interest and welfare of the Association.

(viii) The person who purchases the relinquished membership from the Association and the person who sells the replacement membership to the Association shall follow the procedures specified in section (a) or (b) of this regulation as applicable. Exchanges under this section (g), except as provided herein, shall be governed by the provisions of this Chapter.

(h) Direct Exchange of Memberships -

(i) A member in good standing may transfer (1) an associate membership in direct exchange for a full membership of another member, (2) a full membership for an associate membership of another member, (3) a GIM membership interest for an associate membership of another member, (4) a GIM membership interest for a full membership of another member, (5) a COM membership interest for an associate membership of another member, (6) a COM membership interest for a full membership of another member, (7) an IDEM membership interest for an associate membership of another member, or (8) an IDEM membership interest for a full membership of another member. The exchanging members shall jointly execute and deliver to the Department of Member Services an agreement of direct exchange in such form as may be prescribed by the Exchange and setting forth the agreed Price Differential between the memberships. The agreement shall be accompanied by (1) a check

from each member in the amount of the applicable transfer fee, (2) a certified or cashier's check for the Price Differential, and (3) for each member, an agreement of a clearing member of the Association to pay to the Association in cash upon demand the amount of any assessments or claims against the exchanging member's relinquished membership according to Rule 252.00 up to the value of the relinquished membership at the time the exchange is accepted. For this purpose, the value of the relinquished membership shall be the average of the posted bid and offer prices for such memberships; provided that if there is either no posted bid or no posted offer, the value shall be the price paid in the last sale of such memberships. Title and value of the memberships shall be transferred to the respective exchanging members upon notification from the Department of Member Services that it has accepted the exchange.

(ii) Exchanges under this section (h), except as provided herein, shall be governed by the provisions of this Chapter.

(i) Transfer to a Trust -

(i) A member or membership interest holder (collectively referred to as "member" under this section) or a member's personal representative (including his or her agent under a durable power of attorney) may transfer his or her membership(s) or membership interest(s) to a trust of which the member is a grantor, if: (1) while the member is living and competent, the member is the sole trustee of the trust, (2) the member retains the right to revoke the trust during his or her life, and (3) all beneficiaries of the trust are members of the grantor's family who would be eligible for a family transfer from the grantor pursuant to section (d) of this regulation.

(ii) A trust shall take the membership subject to all of the rules of the Exchange, including Rules 230.00 and 252.00; however, Rule 252.00 shall not apply to the transfer of a membership or membership interest to a trust wherein the member/grantor is the trustee. The transfer of a GIM membership interest to a trust wherein the member/grantor is the trustee shall not constitute a transfer under Rule 296.00(1).

(iii) The interests in the membership that inure to the beneficiaries of the trust shall be subject to all of the rules of the Exchange; the Exchange's rights with respect to the membership shall be superior to those of the beneficiaries; and the Exchange shall have no liability to the beneficiaries of the trust in the event of the mishandling of the trust assets by the trustee. The grantor and the trustee (and any successor) shall each provide in the form provided by the Exchange an acknowledgement that the trust takes the membership subject to all of the rules of the Exchange and that the trust is in compliance with the requirements of this regulation.

(iv) The trustee (and any successor), if not already a member, shall be required to qualify for membership and satisfy the requirements of Chapter 2 of these Rules and Regulations.

(v) The grantor's liability to the Exchange under Rule 209.00 shall continue with respect to any claim arising out of an act or omission occurring prior to such transfer, and the membership will continue to be treated as the asset of the grantor for the purposes of Rule 209.00 and for otherwise meeting any obligations to the Exchange arising out of the grantor's use of the membership prior to the transfer to the trust, including fines imposed with respect to conduct occurring prior to the transfer.

A membership or membership interest held in a trust of which the member/grantor is the sole trustee may be temporarily transferred, subject to the provisions of section (j) of this regulation, to an individual within the member/grantor's same family, as defined in section (d)(I) of this regulation.

(vi) A membership held in trust may not be registered for member firm privileges.

(vii) Subparagraph (vi) shall not apply to self-owned registered memberships, provided that the member demonstrates, to the satisfaction of the Association and before the membership is placed in trust, that the declaration of the trust into which the membership will be transferred incorporates by express reference the Rules and Regulations of the Association.

This subparagraph shall have no effect on the provision of Regulation 249.01(j)(iv) that prohibits the use of a membership that is the subject of a revocable intra-family transfer for

member firm privileges.

(viii) The transfer shall be revoked and the membership shall revert to the transferor upon official notice to the Exchange that the trust has been revoked.

(j) Notwithstanding the provisions of section (d) of this regulation pertaining to permanent family transfers, a member or membership interest holder may temporarily transfer his or her respective membership or membership interest to a member of his or her immediate family, as defined in section (d)(i) of this regulation, who shall be subject to all Exchange Rules and Regulations.

Transfers under this section shall be subject to the following terms and conditions:

(i) The transferor may revoke the transfer upon written notice to the transferee, and a copy thereof shall be filed by the transferor with the Member Services Department as a precondition to its effectiveness. The transferee shall remain approved for membership under the same conditions which are applicable in the event of a termination of a delegation agreement, as set forth in Rule 221.00(a).

(ii) The transfer shall be revoked and the membership or membership interest shall revert to the transferor's estate or conservator upon official notice of the death or formally declared incompetence of the transferor.

(iii) Upon election to membership, the transferee shall be treated as a member for all purposes, except that the transferee shall have no authority to sell, transfer or assign the membership or membership interest. The right to vote on all matters subject to a ballot vote among the general membership will remain with the transferor. A Full or Associate Member shall not be ineligible for elective office or committee appointments based on such member's having temporarily transferred his or her Full or Associate Membership pursuant to this section (j).

(iv) While a transfer under this section is in effect, the membership involved would not qualify the transferee for elective office and the membership may not be registered under Rule 230.00 for member firm privileges.

(v) The provisions of Rule 221.00(c) shall apply to the transferor and the transferee in the same manner that those provisions apply to a member and his delegate.

(vi) The transferor may sell or transfer the membership at any time in accordance with the provisions of this regulation. The family transfer shall automatically be null and void upon such a sale or transfer by the transferor. The proceeds of the sale of the membership will be distributed to the transferor following the settlement of all claims pursuant to Rule 252.00

(vii) The transfer of a GIM membership interest under this section shall not constitute a transfer under Rule 296.00(1).

(viii) In the case of a membership or membership interest held in trust pursuant to subsection (i), the trustee may transfer the membership or membership interest in accordance with the provisions of this subparagraph (j). The trustee shall have the rights, duties and obligations of a transferor as provided by this subsection (subject to the provisions of subsection (i)). Where the transferor is the trustee of a membership or membership interest held in trust pursuant to subsection (i), and either (1) the trustee revokes the transfer; (2) the settlor is officially declared dead or (3) the settlor is decreed to be legally incompetent by a court of proper jurisdiction, then the membership or membership interest shall automatically revert to the trustee. (05/01/01)

250.01 Sale and Transfer of Membership Privileges - A member or his legal representative desiring to sell his membership or membership interest shall deliver to the Department of Member Services a signed authorization of sale which is notarized or otherwise officially authenticated, or a telecopy thereof, in the form prescribed below. The authorization of sale shall contain a specific offer price. The member must also deliver to the Department of Member Services a signed consent to jurisdiction in a form prescribed by the Exchange before his authorization of sale will be accepted. With respect to the sale of a firm-owned membership, the consent to jurisdiction must be signed by the last member holding the membership and, if the sale would terminate the firm's member firm status, a consent to jurisdiction must also be executed on behalf of the firm. The consent to jurisdiction form provides that the member and, if applicable, the member firm, consents to and accepts the

Association's jurisdiction with respect to any potential or current disciplinary matter of which the Association is aware or becomes aware prior to the distribution of proceeds and further that the Exchange may retain all of the proceeds from the sale of the member's seat pending the outcome of any disciplinary action. The following shall apply to persons elected to membership and to registered member firms for a period of five years after the termination of such individual's or firm's membership status. Each such individual and firm:

- Remains responsible for any violations of Exchange rules and regulations committed while a member or member firm; and

- Agrees to have any disputes which arose while a member or member firm and which relate to or arose out of any transaction upon the Exchange or membership in the Exchange, resolved in accordance with Exchange rules and regulations.

An individual wishing to purchase a membership or membership interest shall inform the Department of Member Services in such form as shall be prescribed by the Exchange of his desire to purchase a membership or membership interest. When the purchaser's bid has been matched with an offer to sell, the purchaser shall sign a confirmation of purchase and shall by 5:00 p.m. of the next business day following the day on which he was notified by the Department of Member Services that his bid was matched to an offer deposit with the Department of Member Services the balance, if any, owing on the purchase price on the membership or membership interest.

AUTHORIZATION OF SALE

To the Department of Member Services, ---------20--------

Board of Trade of the City of Chicago

I hereby offer to sell my membership privilege on the Board of Trade of the City of Chicago for the sum of $----------to any purchaser, and I authorize you to transfer my membership privilege to such purchaser upon his deposit of said purchase price with you and his payment of the transfer fee, it being understood that I shall pay all assessments up to the end of the quarter in which my membership is thus transferred. I have this date knowingly entered the date and offer price set forth above.

---Please check here if this offer revises and replaces a previous offer to sell your membership privilege.

I ACKNOWLEDGE THAT I AM PERSONALLY LIABLE FOR ANY DAMAGES THAT MAY RESULT IF THIS OFFER REVISES AND REPLACES A PREVIOUS OFFER AND I FAIL TO NOTE THIS BY CHECKING THE SPACE INDICATED ABOVE.

CONFIRMATION OF PURCHASE

Mr. _____, 20 _____

I hereby confirm my purchase of your membership privilege on the Board of Trade of the City of Chicago in accordance with Regulations 243.01 and 250.01 for the sum of $_____, it being understood that I have paid to the Board of Trade of the City of Chicago the transfer fee of $_____.

Signed in the presence of

(01/01/00)

250.02 Memberships Held Under Regulation 249.01(b) - The title and value of a membership procured under Regulation 249.01(b) is owned by the registered eligible business organization acquiring it, but the personal privileges of that membership can only be exercised by one of the registered firm's managerial employees who has been approved by the Membership Committee. For that reason, the registered firm is allowed to designate a qualified individual to exercise the personal privileges of that membership. Any such designation can be terminated by the registered firm at any time. In that event, the individual's right to exercise the personal privileges of that membership terminates immediately and automatically. In the event that an individual wrongfully exercises any personal privilege of membership after termination, the registered firm shall remain responsible for that individual's liabilities and actions until written notice of the termination has been posted on the bulletin board. 1806 (04/01/98)

250.03 Power-of-Attorney - In connection with membership transfers and delegations, a power-of- attorney is permitted to be used only for the following functions;

1. To submit a bid to purchase a membership or membership interest.

2. To sign the membership register.

3. To execute, amend, terminate or file a delegation agreement. (08/01/94)

251.00 Membership Transfer - All purchases or sales of membership privileges shall be made pursuant to Regulations adopted by the Exchange and no commission or other compensation for services in connection with the purchase or sale of a membership in the Association shall be paid. 127 (08/01/94)

251.01 Member Under Investigation - No member may transfer his membership privilege by intrafamily transfer and no member firm may transfer a firm-owned membership from one member employee to another employee under Regulation 249.01(b), unless the approval of the Regulatory Compliance Committee is first secured, when the member is under investigation by any standing committee or by a special committee appointed under the provisions of Rule 541.00 or when charges are preferred against him or when he is under suspension for causes other than default, insolvency, or non-payment of assessments. 1835 (08/01/94)

252.00 Proceeds of Membership -

(a) ORDER OF DISTRIBUTION. Upon any transfer of membership, whether made by a member voluntarily or by the Board, the proceeds shall be applied to the following purposes and in the following order of priority:

(1) FIRST, the payment of all dues, assessments, service fees, fines, contributions, and charges payable to the Association by the member whose membership is transferred, and all other indebtedness of such member to the Association.

(2) SECOND, the payment of all dues, assessments, fines and charges payable by such member to the Clearing House, and all other indebtedness of such member to the Clearing House.

(3) THIRD, the payment to such member's Primary Clearing Member or Members, as specified in Rule 333.00, of all claims filed under Rule 253.00 for trading losses of such member arising out of Transactions on Change, and which claims have been allowed by the Board.

(4) FOURTH, the payment to other Clearing Members of all claims filed under Rule 253.00 for trading losses of such member arising out of Transactions on Change, and which claims have been allowed by the Board.

(5) FIFTH, the payment to members and member firms of all claims filed under Rule 253.00 for money owed on loans which had been made to the member whose membership was transferred, exclusively for the purpose of financing the purchase of such membership, and

which had been promptly recorded with the Secretary of the Association, and which claims have been allowed by the Board.

(6) SIXTH, the payment to members and member firms of all claims filed under Rule 253.00 otherwise arising from Member's Contracts, exclusive of personal debts which are not related to the conduct of business as a broker, trader or commission merchant, and which claims have been allowed by the Board. Provided, however, that this provision shall not apply to a membership subject to Regulation 249.01(b) or 249.01(c).

(b) PRO RATA PAYMENT. If the proceeds of a transfer of membership are insufficient to pay all filed claims allowed by the Board, such claims, within the priorities listed in (a) above, shall be paid pro rata, except as provided in (e) below.

(c) SURPLUS, IF ANY. Claims which are not filed during the period specified in Regulation 249.01 but which would otherwise qualify under (a) above may, if allowed by the Board, be paid out of any surplus after all other claims allowed by the Board have been paid in full and shall be paid in preference to claims referred to in (e) below. The remaining surplus, if any, of the proceeds of a transfer of membership, after payment of all claims allowed by the Board under this Rule, shall be paid to the person whose membership is transferred, or to his legal representatives, upon the execution by him or them of a release or releases satisfactory to the Board.

(d) VALUATION.

(1) Claims which have not matured at the time of the transfer of the membership may be treated as though they had matured, and the amount due may be fixed and determined by the Board on the basis of market values or such other basis as the Board deems to be fair and just.

(2) If a claim is contingent or the amount that will ultimately be due cannot be immediately ascertained and determined, the Board may reserve and retain such amount from the proceeds as it deems appropriate, pending determination of the amount due on the claim.

(3) A claim shall be allowed by the Board only for the amount due after credit is given for the proceeds of the sale of any collateral held by the claimant of the fair value of such collateral as determined by the Board, The Board may require, before passing on the claim, that all such collateral be sold.

(e) CLAIMS OF PARTNERS. Claims growing out of transactions between partners, who are members of the Association, shall not share in the proceeds of the membership of one of such partners until all other claims as allowed by the Board have been paid in full.

(f) RIGHTS OF CREDITORS OF DECEASED, INCOMPETENT, SUSPENDED, OR EXPELLED MEMBER. The death, incompetency, expulsion or suspension of a member shall not affect the right of creditors under the provisions of this Rule.

(g) DEATH OR INCOMPETENCY OF CREDITOR MEMBERS. When a member is in debt to another member, the death or incompetency of the creditor member or the transfer of his membership either by his estate or by the Board, shall not affect the rights of the creditor member, his firm, corporation, or estate, to share in proceeds of the membership of the debtor member under this Rule, in the same manner and to the same extent as if the creditor member had not died, become incompetent or his membership had not been transferred.

(h) DEBTS EXISTING AS OF THE EFFECTIVE DATE OF THIS RULE AS AMENDED. Within 20 business days after the effective date of this Rule, as amended, all members and member firms shall notify the Secretary of the Association of all member debts outstanding as of the effective date which debts have arisen out of members' contracts had between the parties thereto in the ordinary course of business. The Secretary shall record such debts. All recorded debts still remaining unpaid at the time of the transfer of the debtor's membership, if allowed by the Board, shall be included in Category 3 of this Rule to be paid pro rata if necessary along with claims under that category, provided such debts are determined by the Board to have arisen out of members contracts had between the parties thereto in the ordinary course of business. The notice to the Secretary shall include the debtor member's acknowledgment of the debt; provided, however, that

any contested debts will be provisionally recorded by the Secretary. (08/01/94)

252.00A Claims Filed by Corporations - Your Rules and Claims and Insolvencies Committees concur in the attorney's opinion that a corporation cannot share in the proceeds of the sale of memberships against which the corporation has filed claims (even claims filed prior to the cancellation of the registration of its officer's membership) after the member has cancelled the registration of his membership for the benefit of the corporation, leaving no other member registered for the corporation. 3R (08/01/94)

252.00B Interpretation of Rule 252(e) - The Rules Committee has interpreted Rule 252(e) as follows:

Where a partnership is the primary or other clearing member for one of its member partners, such partnership may make claims against the proceeds from the sale of such partner's membership under the provisions of Rule 252.00(a) (3) or (4) for trading losses. A partnership may make claims against the proceeds from the sale of a partner's membership under Rule 252.00(a) (5) where such loan had been made exclusively for the purpose of financing the purchase of the partner's membership. (08/01/94)

253.00 Filing Claims - A member to establish his claim and to become entitled to his rights under Rule 252.00 of this Chapter to share in the proceeds of a membership, shall file a statement of his claim during the period specified in Regulation 249.01. Claims if not so filed and allowed by the Board may be paid out of any surplus after all claims allowed by the Board have been paid in full and shall be paid in preference to claims referred to in Rule 252.00(e) of this chapter. 113 (08/01/94)

253.01 Pending Arbitration - In the event an Exchange arbitration action is pending against a member who sells his membership, the entire proceeds from such membership sale shall be reserved and retained by the Exchange towards satisfaction of any resulting arbitration award in accordance with Rule 252.00. However, prior to the arbitration hearing, a selling member whose sale proceeds are being held by the Exchange pending the outcome of an arbitration may make application to the Executive Committee who, upon such application, shall have the discretion to authorize release to the selling member of any of the proceeds in excess of the amount claimed in the arbitration and claims filed pursuant to Rule 252.00. (08/01/94)

255.00 Deceased or Incompetent Member - When a member dies, or when a conservator is appointed for him or his estate, his membership may be disposed of by the Board. If the deceased or incompetent member has neglected to pay assessments, Rule 242.00 shall apply to the disposition of his membership by the Board. 115 (08/01/94)

256.00 Expelled Member - When a member is expelled or becomes ineligible for reinstatement, his membership may be disposed of forthwith by the Board. 116 (08/01/94)

270.00 Insolvency - A member, or any other person with trading privileges, who fails to perform his contracts, is insolvent, or is the subject of petition for bankruptcy, or whose membership is registered for a member firm which fails to perform its contracts, is insolvent, or is the subject of a petition for bankruptcy, shall immediately inform the Secretary in writing that he or his firm or corporation is unable to meet his or its engagements, and prompt notice thereof shall be given to the Association. Subject to the provisions of Regulation 540.06, he shall thereby become suspended from membership until, after having settled with his creditors or the creditors of his firm or corporation, he has been reinstated by the Board.

If a clearing member firm learns that any of the above-specified conditions apply to a member or member firm whose trades it clears, the clearing member firm must also immediately provide written notice thereof to the Secretary, and prompt notice thereof shall be given to the Association. For purposes of this provision, a clearing member firm will be deemed to have learned of such conditions, if a member who is registered for the firm, and is also a general partner of a partnership, an officer or director of a corporation, or a manager of a limited liability company, has actual knowledge thereof.

Nothing in this Rule shall preclude disciplinary action for the violation of any Rule or Regulation of the Association which contributed to the condition for which the person is suspended under this Rule. (06/1/00)

270.01 Restrictions on Operations - The Financial Compliance Committee shall advise the Chairman or Acting Chairman of the Board whenever it appears that a member, registered eligible business organization, wholly-owned affiliate of such member or registered eligible business organization or any other person with trading privileges is insolvent; is failing to meet the minimum capital requirements of the Association and cannot demonstrate its ability to achieve compliance; is in such financial condition that it cannot be permitted to continue in business with safety to its customers, its creditors, or the Association; or such other condition or practice exists which may adversely affect the safety of funds or positions carried for others. Upon the receipt of such advice, the Chairman or Acting Chairman may, subject to the provisions of Regulation 540.06, impose any restriction upon the operations of a member, registered eligible business organization, wholly-owned affiliate or any other person with trading privileges as he deems appropriate in the circumstances, including but not limited to the following:

(a) Restrictions upon the solicitation and or acceptances of new positions or new accounts;

(b) In the case of positions or funds not otherwise protected by law which are carried for the benefit of others, restrictions upon the uses to which such positions or funds may be applied, and

(c) Restrictions upon the carrying of funds or positions of others on an omnibus account basis.

Any member, registered eligible business organization, their wholly-owned affiliates, or persons with trading privileges failing or refusing to comply promptly with a restriction imposed by the Chairman shall be fined, suspended, or expelled by the Board.

Nothing in this Regulation shall preclude disciplinary action for the violation or any Rule or Regulation of the Association which contributed to the condition for which restrictions are imposed under this Regulation. 1794 (04/01/98)

270.02 Procedures for Member Responsibility Actions - (See 540.06) (08/01/94)

270.03 Finality of Disciplinary Decisions and Member Responsibility Actions - (See 540.07) (08/01/94)

271.00 Announcement of Suspension - Whenever a member, registered eligible business organization or any other person with trading privileges has been suspended pursuant to Regulation 540.06, the Secretary shall immediately announce to the Association the suspension of such member, eligible business organization, or other person. If such suspension is modified or rescinded after hearing, the Secretary shall announce the revised action to the membership. 120 (04/01/98)

272.00 Insolvent Member - When announcement is made of a suspension of a member, firm or

corporation pursuant to the Rules and Regulations, members have Exchange contracts with the member, firm or corporation may proceed to close the same on the Exchange or in the best available market, except insofar as the By-Laws and Resolutions of the Clearing House are applicable and provide the method of closing. Should a contract not be closed, as above provided, the price of settlement shall be fixed by the Regulatory Compliance Committee.

Such suspended member, firm or corporation shall upon request of any customer immediately arrange for the transfer of each open position of such customer to such other person, firm or corporation as such customer may designate. 121 (08/01/94)

272.01 Bankruptcy of a Member or Non-Member - Whenever an order for relief under the Bankruptcy Code as defined in Regulation 272.02 is entered for a member, firm or corporation, or for a non-member, members having Exchange contracts with the bankrupt member or non-member may proceed to close the same on the Exchange in accordance with the provisions of Rule 272.00. (08/01/94)

272.02 Deliveries in Bankruptcy Situation -

(a) For purposes of this Regulation:

(i) The term "customer" shall mean any person for whom a member carries an Exchange futures contract except a non-public customer as that term is defined in CFTC Regulation 190.01(bb).

(ii) The term "debtor" shall mean any member with respect to which an order for relief is entered under the Bankruptcy Code.

(iii) The term "order for relief" means the filing of a petition in bankruptcy in a voluntary case and the adjudication of bankruptcy in an involuntary case.

(iv) The term "tender" with respect to a notice of delivery shall mean, in the case of a short clearing member that has presented such a notice to the Clearing House, the assignment of such notice by the Clearing House to a long clearing member, and, in the case of a long clearing member, the acceptance by such member of such notice from the Clearing House if such notice is not transferred by such long clearing member within the time permitted under the Rules of the Association or the Clearing House.

(b) This Regulation shall apply only in the event and under the circumstances set forth in paragraph (c) hereof, and only in the event that the opposite clearing member referred to in said paragraph (c) is not itself a debtor.

(c) Any provisions of the Rules or the Clearing House Rules to the contrary notwithstanding, in the event that any member becomes a debtor, and that at that time such member carries for a customer any Exchange futures contract in the current delivery month with respect to which the underlying physical commodity has not become a part of the debtor's estate on the date of the entry of the order for relief, and with respect to which:

(i) trading has ceased on the date of the entry of the order for relief; or (ii) notice of delivery has been tendered on or before the date of the entry of the order for relief; or

(iii) trading ceases before such futures contract can be liquidated by the trustee of the debtor's estate;

then, any customer for whose account such member is holding any such futures contract shall make delivery of and receive payment for, or receive delivery of and make payment for, the physical commodity as required to fulfill such contract directly between the customer and the opposite clearing member identified by the Clearing House as the party to whom delivery should be made or from whom delivery should be taken by such customer, through and in accordance with the bylaws of the Clearing House, and such opposite clearing member shall receive delivery of and make payment for, or make delivery of and receive payment for, such commodity in accordance with the bylaws of the Clearing House; provided, however, that nothing contained herein shall prevent such customer and such opposite clearing member from settling any such contract on such terms as may be mutually agreed upon.

(d) The making or taking of delivery or payment with respect to any futures contract in accordance with paragraph (c) shall discharge in full the obligations of such customer and such opposite clearing member to the debtor and to every other person with respect thereto, but shall not discharge the debtor from any of its obligations with respect to such contract except to the extent that such delivery or payment is made.

(e) Nothing contained in this Regulation shall relieve any customer of its obligation to make or take delivery under any Exchange futures contract for the sole reason that delivery must be made to or taken from a commodity broker which is a debtor. (08/01/94)

273.00 Investigation - Every person suspended under the provisions of Rule 270.00 shall immediately afford every facility required by the Office of Investigations and Audits for the investigation of his affairs, and shall, after the announcement of his suspension, file with the Office of Investigations and Audits a written statement covering all information required by the Office of Investigations and Audits, including a complete list of his creditors and amount owing to each. 122 (08/01/94)

273.01 Insolvency - When the Financial Compliance Committee from any preliminary investigations or otherwise, has reason to suspect that any member of the Association is threatened with insolvency, it shall co-operate with such member, in any feasible manner not contrary to the Rules and Regulations of the Association, to save such member from open and judicial bankruptcy. When this is not practicable, the Committee shall then take such other action as will in its judgment assist in securing a prompt, efficient, and economic administration of the member's assets for the bankrupt, as well as for the members of the Association and customers of such bankrupt, who are creditors. Nothing herein, however, shall authorize such Committee to bind the Association to any pecuniary obligation. 1815 (08/01/94)

274.00 Reinstatement - When a person suspended under the provisions of this Chapter applies for reinstatement, the Secretary shall make notice thereof available to the membership and shall post notice thereof, upon the bulletin board at least fifteen days prior to the consideration by the Board of such application. The applicant shall furnish to said Board the list of his creditors, a statement of the amounts originally owing and the nature of the settlement in each case. The application shall be heard in accordance with Regulation 540.03.

If the applicant fails to receive the approving vote of two-thirds of the members of the Board present, the applicant shall be entitled to be balloted for at two subsequent regular meetings of the Board to be designated by himself; provided, however, that the three ballots to which the applicant shall be entitled, shall be within six months from the date of his suspension, or until such time as the membership is sold, or within such further extended time for settlement as may have been granted by the Board. 124 (05/01/01)

275.00 Suspended or Expelled Member Deprived of Privileges - (See 561.00) (08/01/94)

276.00 Suspended Member-Time for Settlement - If a person suspended under the provisions of this Chapter fails to settle with his creditors and fails to apply for reinstatement within (30) thirty days from the date of his suspension, or within such further time as the Board may grant, or fails to obtain reinstatement as elsewhere herein provided, his membership may be disposed of by the Board.

The Board may, by a two-thirds vote of the members present, extend the time of settlement for periods not exceeding one year each. 123 (06/01/99)

277.00 Discipline During Suspension - (See 562.00) (08/01/94)

278.00 Suspension for Default - Where a member, or any other person with trading privileges, fails or refuses to (a) perform an Exchange contract with (b) pay obligations arising out of such contracts to another member, or (c) pay obligations owed to the Association, the defaulting member, on complaint of the other member or, in the case of a debt owed to the Association, of the Treasurer of the Association, shall, subject to the provisions of Regulation 540.06, be suspended until the contract is performed or the debt satisfied. Registered firms and corporations shall be deemed members under this Rule. Application for reinstatement shall allege, under oath, that all such debts have been discharged, and notice of such application shall be posted on the bulletin board fifteen days prior to the hearing of such application pursuant to Rule 274.00.

Nothing in this Rule shall preclude disciplinary action for the violation of any Rule or Regulation of the Association which contributed to the condition for which the member is suspended under this Rule. 130 (12/01/96)

278.01 Arbitration of Default - If the member alleged to be in default pursuant to Rule 278.00 denies the default, he shall be entitled to have the claim arbitrated. If the claim is admitted or established by a final arbitration award, the defaulting member shall be suspended until he has satisfied and discharged the debts owing to members on Exchange contracts. (08/01/94)

285.01 Financial Questionnaire - Each member, registered eligible business organization or wholly-owned affiliate of such member or registered eligible business organization shall furnish to the Business Conduct Committee or the Financial Compliance Committee, at such times as the Committee may designate, an answer to a financial questionnaire in such form as the Committee may prescribe. 1781 (04/01/98)

285.02 Audits - The Business Conduct or Financial Compliance Committee may require any member, registered eligible business organization or its wholly-owned affiliates carrying margin accounts for customers or transacting business involving the purchase and sale of cash commodities for customers, to cause to be made as of the date of an answer to a financial questionnaire, an audit of his or its assets, liabilities, accounts and affairs, including securities held for safekeeping, in accordance with such audit requirements as may be prescribed by said Committee, and to file with said Committee a statement to the effect that such an audit has been made and that the answers to the questionnaire are in accord therewith.

Such statement shall in the case of any such member of the Association not a partner of a registered partnership, a manager of a registered limited liability company, nor an officer of a registered corporation, be signed by such member. In the case of a registered partnership, such statement shall be signed by two general partners of the partnership, one of whom must be a member of the Association. In the case of a registered corporation, such statement shall be signed by at least two of the bona fide, active executive officers of the corporation, one of whom must be a member of the Association whose membership is registered on behalf of the corporation. In the case of a registered limited liability company, such statement shall be signed by at least two managers of the limited liability company, one of whom must be a member of the Association whose membership is registered on behalf of the limited liability company. In the case of a wholly-owned affiliate of a member, registered partnership, registered limited liability company or registered corporation, such statement must be signed as indicated above, as well as by an active executive officer of the wholly-owned affiliate. The statement must also certify that a copy of it has been made available to each general partner in the case of partnerships, to each of the members of a limited liability company and in the case of corporations each member of the Association whose membership is registered on behalf of the corporation.

The signature of a partner of such partnership, a member of such limited liability company or an officer of such corporation, may be waived by the Committee at the discretion of the Committee.

Such above statement shall in all cases be attested to by the auditors and a copy of the report of the audit signed by the auditors shall be retained as part of the books and records of the member, registered partnership or registered corporation. 1782 (04/01/98)

285.03 Notification of Capital Reductions - Any firm that has been approved to deliver against a CBOT contract must

> notify the Exchange in writing within two business days of any event or series of events, including any withdrawal, advance, loan or loss that, on a net basis, causes a twenty percent (20%) or more reduction of its Net Worth as last reported by submission of a financial statement or financial questionaire. Failure to so notify the Financial Compliance Committee shall be considered an act detrimental to the interest and welfare of the Association under Rule 504.00. (07/01/01)

285.04 Restrictions on Operations - (See 270.01) (08/01/94)

285.05 Financial Requirements -

A. All member firms that are registered as Futures Commission Merchants must comply with the requirements set forth in the following CFTC Regulations:

1. 1.10 - Financial reports of futures commission merchants; and

a. In addition to the requirements set forth in CFTC Regulation 1.10 each FCM member firm must file:

1. An unaudited quarterly financial statement as of the firm's fiscal year end; and

2. Submit with the certified year-end financial report a reconciliation between the certified financial report and the quarterly unaudited report; and

3. For all financial statement filings, submit a Statement of Income (Loss) for the period between the date of the most recent financial statement or, at the option of the member, the most recent certified financial statement filed with the Exchange; and

4. Each member FCM which also is a member of any other security or commodity exchange or self-regulatory organization or federal agency must promptly submit to the Exchange, unless specifically exempted, copies of any financial statements (for example, Focus Reports) submitted pursuant to the requirements of those exchanges, organizations or agencies.

b. Statement Certification and Attestation Requirements:

1. For a member FCM which is a registered partnership, financial report must be signed in a manner as determined by the Exchange (i.e. - electronic or manual) by the individual designated as the Chief Financial Officer (or as having these responsibilities), in accordance with Chicago Board of Trade Regulation 230.03(a), provided that he is a general partner.

2. For a member FCM which is any type of eligible business organization other than a partnership, financial reports must be signed in a manner as determined by the Exchange (i.e. - electronic or manual) by the individual designated as the Chief Financial Officer (or as having these responsibilities) in accordance with Chicago Board of Trade Regulation 230.03(a).

3. An attestation letter must accompany all audited financial reports which are filed with the Exchange, as well as any financial reports which are not filed electronically. The attestation letter must certify that copies of the financial reports must be made available to: (a) each member of the Chicago Board of Trade whose membership is registered for the FCM: (b) each individual designated by the FCM, in accordance with Regulation 230.03(a): and (c) each general partner in the case of a partnership.

4. The signature of the Chief Financial Officer, or the person who has these responsibilities, may be waived by the Exchange, at the discretion of the Exchange. In the event of such waiver, an FCM will be required, in the case of a partnership, to have a general partner sign the financial reports. In the case of any other type of eligible business organization, the FCM will be required to have the Chief Executive Officer sign the financial reports. In either event, this individual must either be a member of the Chicago Board of Trade, or must have been designated by the FCM, in accordance with Regulation 230.03(a).

5. Financial report audited by an independent public accountant must be attested to by the independent public accountant.

6. Financial reports which are filed through Exchange-approved electronic transmission must be accompanied by the CBOT assigned Personal

Identification Numbers (PINS) of the authorized signers. The PIN number will constitute and become a substitute for the manual signature of the authorized signer to the electronically filed financial report. The PIN is a representation by the authorized signer that, to the best of his or her knowledge, all information contained in the statement being transmitted under the PIN is true, correct and complete.

7. The unauthorized use of a CBOT assigned Personal Identification Number for electronic attestation by an unauthorized party is forbidden.

2. 1.12 - Maintenance of minimum financial requirements by futures commission merchants; and

3. 1.16 - Qualifications and reports of accountants; and

4. 1.17 - Minimum financial requirements for futures commission merchants and introducing brokers; and

5. 1.18 - Records for and relating to financial reporting and monthly computation by futures commission merchants; and

6. 1.20 through 1.30 - Customers' Money, Securities, and Property; and

7. 1.32 - Segregated account; daily computation and record; and

8. 30.7 - Treatment of foreign futures or foreign options secured amount.

Notwithstanding the foregoing requirements, the CBOT may impose additional accounting, reporting, financial and/or operational requirements as determined necessary.

B. For firms that are regular to deliver agricultural products see Appendix 4E.

C. For firms that are regular to deliver Rough Rice see Appendix 37D. (07/01/00)

285.07 Member Joint Accounts - No member shall, directly or indirectly, hold any interest or participate in any joint account for which a member participant exercises discretionary trading authority and executes trades for buying or selling any Chicago Board of Trade futures or options contracts unless each participant in such joint account is a member or member organization. For the purposes of this regulation, a "joint account" shall mean: (1) any account which is initially funded by two or more parties; (2) any account in which two or more parties have an ongoing obligation to contribute additional funds to the account when necessary; (3) any account in which two or more parties share a risk of loss of the capital contributed to that account; and (4) any account where two or more parties share in the profits generated by the account. All trades made on behalf of a joint account shall pay exchange service fees, as required by Rule 450.00, equal to the highest fee required of any of the individual participant (member or non-member) in the account. In addition, a trading account which is funded via a loan shall be deemed a joint account unless the terms of the loan demonstrate that it is a bona fide loan that was made as a part of an arm's length transaction between the borrower and the lender. (08/01/01)

285.08 Financial Arrangements - Each member who makes an arrangement to finance his transactions must identify to the Exchange the source of the financing and its terms. The Exchange must be informed immediately of the intention of any party to terminate or change any such arrangement. (12/01/94)

285.09 Trading Associations - Each member who makes an arrangement to be on the floor of the Exchange or on the Project A electronic trading system for the purpose of making discretionary trading decisions and executing discretionary trades for a firm must ensure that the firm is registered as a member firm of the Exchange. (08/01/99)

286.00 Trades of Non-Clearing Members - On the first business day of each month each clearing member who is creditor of any member as a result of debts related to the conduct of business as a broker, trader or commission merchant shall report to the Business Conduct Committee the name of each member whose unsecured indebtedness to him is in the amount of five thousand dollars ($5,000) or more. The Business Conduct Committee is authorized to furnish to any clearing member,

on written request, the names of all members or member firms, to whom a specified member is indebted as reported hereunder, and the names of members and member firms as reported pursuant to Rule 252.00(h).

The phrase "unsecured indebtedness" as used in the rules means the amount of indebtedness in excess of collateral security valued in accordance with the provisions of paragraph 3 and 4 of Regulation 431.02.

Failure of a member or member firm to report such indebtedness may be considered to be an act detrimental to the interest or welfare of the Association under the provisions of Rule 504.00 and may be relied on by the Board of Directors in deciding not to allow a claim for such indebtedness under Rules 252.00 and 253.00. (08/01/94)

287.00 Advertising - No member shall publish any advertisement of other than strictly legitimate business character. 604 (08/01/94)

Ch2 Membership Interests

290.00 Market Categories - Each existing and prospective futures contract and options contract traded on the Exchange shall be listed in one of the following four market categories: Agricultural and Associated Market (AAM), Government Instruments Market (GIM), Index, Debt and Energy Market (IDEM), and Commodity Options Market (COM). The Board shall provide for the initial listing of such futures contracts and options contracts by adopting Regulations and may alter any such listing by amending these Regulations. No such listing shall affect any of the rights of full or associate members or other persons with trading access, except as may be specifically provided for herein. (08/01/94)

290.01 Agricultural and Associated Market (AAM) - The AAM consists of the following futures contracts: soybeans, soybean meal, soybean oil, oats, wheat, corn, anhydrous ammonia, diammonium phosphate, barge freight rate index, FOSFA International Edible Oils Index, sunflower seeds, catastrophe insurance and rough rice. (09/01/01)

290.02 Government Instruments Market (GIM) - The GIM consists of the following futures contracts: U.S. Treasury Bonds, U.S. Treasury Notes (6-10 years), U.S. Treasury Notes (5 years), U.S. Treasury Notes (2 years), Long Term and Medium Term Agency (Fannie Mae(R) Benchmark and Freddie Mac Reference) NotesSM, Mortgage, Inflation-Indexed U.S. Treasury Bonds, Long-Term Inflation-Indexed Treasury Notes, Medium-Term Inflation-Indexed Treasury Notes, German Government Bonds, Canadian Government Bonds (10 year), Cash Settled U.S. Treasury Notes (2 years), Zero Coupon Treasury Bonds, Zero Coupon Treasury Notes, U.S. Treasury Bills (90 days), Long-Term Japanese Government Bonds, Mortgage-Backed 10-Year Interest Rate Swap, 5-Year Interest Rate Swap, GNMA-CDR, Domestic CDs, and Treasury Repos (30-day and 90-day) (when designated). (07/01/02)

290.03 Index, Debt and Energy Market (IDEM) - The IDEM consists of the following futures contracts: 30-Day Fed Fund, Portfolios (when designated), Stock Indexes, CBOT Dow Jones - AIG Commodity Index(SM), CBOT X-Fund, Corporate Bond Index, Commercial Paper (30 days), Commercial Paper (90 days), Municipal Bonds (when designated), Municipal Bond Index, Eurodollars, Crude Oil (when designated), Leaded Gasoline (when designated), Unleaded Gasoline (when designated), Heating Oil (when designated), Silver, Gold, Gold Coins (when designated) Plywood, Structural Panel Index, CBOT U.S. Dollar Composite Index, CBOT Argentina, Brazil and Mexico Brady Bond Indexes, U.S. Treasury Yield Curve Spread, ComEdTM and TVA Hub Electricity. (02/01/02)

290.04 Commodity Options Market (COM) - The COM consists of the following options contracts: U.S. Treasury Bond Futures Options and all other options that are listed for trading by the Exchange. (08/01/94)

291.00 GIM Membership Interest - A GIM Membership Interest is a personal right, which shall entitle the holder thereof to trade as principal and broker for others in all contracts listed in the GIM pursuant to Regulation 290.02. In addition, the holder of a GIM Membership Interest may communicate from the Floor of the Exchange with persons not on the Floor of the Exchange in the same manner as may members, but only with respect to contracts traded in the GIM. An eligible business organization may own a GIM Membership Interest on behalf of an individual nominee who is a full-time employee of the eligible business organization, provided that the Membership Committee determines that such GIM Membership Interest is needed by the eligible business organization to carry on its business at the Association and that all rights and obligations of the GIM Membership Interest shall remain the exclusive responsibility of the individual nominee. An eligible business organization which owns a GIM Membership Interest may transfer it from one nominee to another individual employee of the eligible business organization who has been duly approved for membership subject to the provisions of Regulation 249.01(b).

(A) A GIM Membership Interest shall not carry any voting rights on any matter which is the subject of a ballot vote of the general membership.

(B) GIM Membership Interest holders, annually, may elect a Committee consisting of 11 GIM Membership Interest holders, including a Chairman thereof. The Chairman of this Committee shall be liaison to the Chairman of the Board.

(C) In the event of full liquidation of the Association, the holder of a GIM Membership Interest shall

share in the proceeds from dissolution in an amount equal to eleven percent (.11) of a full member's share. No holder of a GIM Membership Interest shall have the right to share in any other distribution made by the Association.

(D) No GIM Membership Interest shall carry with it the attributes of membership in the Association under the Fifth Article of the Certificate of Incorporation of the Chicago Board Options Exchange.

(E) Each holder of a GIM Membership Interest shall be responsible for paying all dues, fees and assessments that are applicable to full memberships for each GIM Membership Interest held.

(F) Each GIM Membership Interest may be sold or delegated according to the Rules and Regulations applicable to the sale and delegation of full and associate memberships. No GIM Membership Interest may be registered on behalf of an eligible business organization.

(G) Each person who seeks to purchase or be delegated a GIM Membership Interest shall make application according to the Rules and Regulations governing applications for full and associate membership. Each such applicant shall be considered eligible to assume the rights and obligations of a GIM Membership Interest according to the procedures and standards that apply to full and associate members, as set forth in the Rules and Regulations.

(H) Each holder of a GIM Membership Interest shall be subject to all Rules and Regulations of the Association including all specific duties and obligations imposed on such holders by the Rules and Regulations, as well as those duties and obligations imposed upon members or other approved persons under the Rules and Regulations; provided however, the Board may exempt holders of GIM Membership Interests from any such duty or obligation which is incompatible with, or in conflict with or unrelated to the duties performed by them. All references to "members" and "membership" in the Rules and Regulations shall apply with equal force to holders of GIM Membership interest and GIM Membership Interests, respectively, unless superseded or specifically negated by this Rule or by Rule 290.00 or Rule 294.00 or the Regulations thereunder. (04/01/98)

292.00 IDEM Membership Interest - An IDEM Membership Interest is a personal right, which shall entitle the holder thereof to trade as principal and broker for others in all contracts listed in the IDEM pursuant to Regulation 290.03. In addition, the holder of an IDEM Membership Interest may communicate from the Floor of the Exchange with persons not on the Floor of the Exchange in the same manner as may full members, but only with respect to contracts traded in the IDEM. An eligible business organization may own an IDEM Membership Interest on behalf of an individual nominee who is a full-time employee of the eligible business organization, provided that the Membership Committee determines that such IDEM Membership Interest is needed by the eligible business organization to carry on its business at the Association and that all rights and obligations of the IDEM Membership Interest shall remain the exclusive responsibility of the individual nominee. An eligible business organization which owns an IDEM Membership Interest may transfer it from one nominee to another individual employee of the eligible business organization who has been duly approved for membership subject to the provisions of Regulation 249.01(b).

(A) An IDEM Membership Interest shall not carry any voting rights on any matter which is the subject of a ballot vote of the general membership.

(B) IDEM Membership Interest holders, annually, may elect a Committee consisting of 11 IDEM Membership Interest holders, including a Chairman thereof. The Chairman of this Committee shall be liaison to the Chairman of the Board.

(C) In the event of full liquidation of the Association, the holder of an IDEM Membership Interest shall share in the proceeds from dissolution in an amount equal to one-half of one percent (.005) of a full member's share. No holder of an IDEM Membership Interest shall have the right to share in any other distribution made by the Association.

(D) No IDEM Membership Interest shall carry with it the attributes of membership in the Association under the Fifth Article of the Certificate of Incorporation of the Chicago Board Options Exchange.

(E) Each holder of an IDEM Membership Interest shall be responsible for paying all dues, fees and assessments that are applicable to full memberships for each IDEM Membership Interest held.

(F) Each IDEM Membership Interest may be sold or delegated according to the Rules and Regulations applicable to the sale and delegation of full and associate memberships. No IDEM Membership Interest may be registered on behalf of a eligible business organization.

(G) Each person who seeks to purchase or be delegated an IDEM Membership Interest shall make application according to the Rules and Regulations governing applications for full and associate membership. Each such applicant shall be considered eligible to assume the rights and obligations of an IDEM Membership Interest according to the procedures and standards that apply to full and associate members, as set forth in the Rules and Regulations.

(H) Each holder of a IDEM Membership Interest shall be subject to all Rules and Regulations of the Association including all specific duties and obligations imposed on such holders by the Rules and Regulations, as well as those duties and obligations imposed upon members or other approved persons under the Rules and Regulations; provided however, the Board may exempt holders of IDEM Membership Interests from any such duty or obligation which is incompatible with, or in conflict An eligible business organizationith or unrelated to the duties performed by them. All references to "members" and "membership" in the Rules and Regulations shall apply with equal force to holders of IDEM Membership Interest and IDEM Membership Interests, respectively, unless superseded or specifically negated by this Rule or by Rule 290.00 or Rule 294.00 or the Regulations thereunder. (04/01/98)

293.00 COM Membership Interests - A COM Membership Interest is a personal right, which shall entitle the holder thereof to trade as principal and broker for others in all contracts listed in the COM pursuant to Regulation 290.04. In addition, the holder of a COM Membership Interest may communicate from the Floor of the Exchange with persons not on the Floor of the Exchange in the same manner as may full members, but only with respect to options contracts traded in the COM. An eligible business organization may own a COM Membership Interest on behalf of an individual nominee who is a full-time employee of the eligible business organization, provided that the Membership Committee determines that such COM Membership Interest is needed by the eligible business organization to carry on its business at the Association and that all rights and obligations of the COM Membership Interest shall remain the exclusive responsibility of the individual nominee. An eligible business organization which owns a COM Membership Interest may transfer it from one nominee to another individual employee of the eligible business organization who has been duly approved for membership subject to the provisions of Regulation 249.01(b).

(A) A COM Membership Interest shall not carry any voting rights on any matter which is the subject of a ballot vote of the general membership.

(B) COM Membership Interest holders, annually, may elect a Committee consisting of 11 COM Membership Interest holders, including a Chairman thereof. The Chairman of this Committee shall be liaison to the Chairman of the Board.

(C) Upon the inception of options trading on the Exchange, and in the event of full liquidation of the Association, the holder of a COM Membership Interest shall share in the proceeds from dissolution in an amount equal to one-half of one percent (.005) of a full member's share. No holder of a COM Membership Interest shall have the right to share in any other distribution made by the Association.

(D) No COM Membership Interest shall carry with it the attributes of membership in the Association under the Fifth Article of the Certificate of Incorporation of the Chicago Board Options Exchange.

(E) Each holder of a COM Membership Interest shall be responsible for paying all dues, fees and assessments that are applicable to full memberships for each COM Membership Interest held.

(F) Each COM Membership Interest may be sold or delegated according to the Rules and Regulations applicable to the sale and delegation of full and associate memberships. No COM Membership Interest may be registered on behalf of an eligible business organization.

(G) Each person who seeks to purchase or be delegated a COM Membership Interest shall make application according to the Rules and Regulations governing applications for full and associate membership. Each such applicant shall be considered eligible to assume the rights and obligations of a COM Membership Interest according to the procedures and standards that apply to full and associate members, as set forth in the Rules and Regulations.

(H) Each holder of a COM Membership Interest shall be subject to all Rules and Regulations of the Association including all specific duties imposed on such holders by the Rules and Regulations, as well as those duties and obligations imposed upon members or other approved persons under the Rules and Regulations; provided however, the Board may exempt holders of COM Membership Interests from any such duty or obligation which is incompatible with, or in conflict with or unrelated to the duties performed by them. All references to "members" and "membership" in the Rules and Regulations shall apply with equal force to holders of COM Membership Interest and COM Membership Interests, respectively, unless superseded or specifically negated by this Rule or by Rule 290.00 or Rule 294.00 or the Regulations thereunder.

(I) Upon the effective date of any termination of commodity options trading by the Commodity Futures Trading Commission, all rights and privileges specified in this Rule shall automatically expire and become null and void. (04/01/98)

293.01 COM Membership Rights - Holders of COM Membership Interests shall be permitted to transmit orders verbally, by hand signals, or in writing to brokers in the underlying Treasury Bond futures, Long-Term Municipal Bond Index futures, Short-Term Treasury Note futures, Medium-Term Treasury Note futures or in Long-Term Treasury Note futures from the Treasury Bond options trading pit provided that such orders are for hedge purposes only. (09/01/97)

293.02 AM and COM Membership Rights - Holders of Associate Memberships and COM Membership Interests shall be permitted to transmit orders verbally, by hand signals, or in writing to brokers in the underlying Soybean futures from the Soybean Options trading pit provided that such orders are for hedge purposes only. (08/01/94)

293.03 AM and COM Membership Rights - Holders of Associate Memberships and COM Membership Interests shall be permitted to transmit orders verbally, by hand signals, or in writing to brokers in the underlying Corn futures from the Corn Options trading pit provided that such orders are for hedge purposes only. (08/01/94)

293.04 AM and COM Membership Rights - Holders of Associate Memberships and COM Membership Interests shall be permitted to transmit orders verbally, by hand signals, or in writing to brokers in the underlying Silver futures from the Silver Options trading pit provided that such orders are for hedge purposes only. (08/01/94)

293.05 COM Membership Rights - Holders of COM Membership Interests shall be permitted to transmit orders verbally, by hand signals, or in writing to brokers in the underlying Long-Term Treasury Note futures, Long-Term Municipal Bond Index futures, Medium-Term Treasury Note futures, Short-Term Treasury Note futures or in U.S. Treasury Bond futures from the Long-Term Treasury Note Options trading pit provided that such orders are for hedge purposes only. (09/01/97)

293.06 COM Membership Rights - Holders of COM Membership Interests shall be permitted to transmit orders verbally, by hand signals, or in writing to brokers in the underlying Long-Term Municipal Bond Index futures, Long-Term Treasury Note futures, Medium-Term Treasury Note futures, Short-Term Treasury Note futures or in U.S. Treasury Bond futures from the Long-Term Municipal Bond Index Options trading pit provided that such orders are for hedge purposes only. (09/01/97)

293.07 AM and COM Membership Rights - Holders of Associate Memberships and COM Membership Interests shall be permitted to transmit orders verbally, by hand signals, or in writing to brokers in the underlying Wheat futures from the Wheat Options trading pit provided that such orders are for hedge purposes only. (08/01/94)

293.08 AM and COM Membership Rights - Holders of Associate Memberships and COM Membership Interests shall be permitted to transmit orders verbally, by hand signals, or in writing to brokers in the underlying Soybean Meal futures from the Soybean Meal Options trading pit provided that such orders are for hedge purposes only. (08/01/94)

293.09 AM and COM Membership Rights - Holders of Associate Memberships and COM Membership Interests shall be permitted to transmit orders verbally, by hand signals, or in writing to brokers in the underlying Soybean Oil futures from the Soybean Oil Options trading pit provided that such orders are for hedge purposes only. (08/01/94)

Ch2 Membership Interests

293.10 COM Membership Rights - Holders of COM Membership Interests shall be permitted to transmit orders verbally, by hand signals, or in writing to brokers in the underlying Short-Term Treasury Note futures, Medium-Term Treasury Note futures, Long-Term Treasury Note futures, Long-Term Municipal Bond Index futures or in U.S. Treasury Bond futures from the Short-Term Treasury Note Options trading pit provided that such orders are for hedge purposes only. (09/01/97)

293.12 IDEM Membership Rights - Holders of IDEM Membership Interests shall be permitted to transmit orders verbally, by hand signals or in writing to brokers in U.S. Treasury Bond futures, Long- Term Treasury Note futures, Short-Term Treasury Note futures, or Medium-Term Treasury Note futures from the Municipal Bond Index futures pit, provided that such orders are for hedge purposes only. (08/01/94)

293.14 AM and COM Membership Rights - Holders of Associate Memberships and COM Membership Interests shall be permitted to transmit orders verbally, by hand signals, or in writing to brokers in the underlying Oat futures from the Oat Options trading pit provided that such orders are for hedge purposes only. (08/01/94)

293.15 COM Membership Rights - Holders of COM Membership Interests shall be permitted to transmit orders verbally, by hand signals, or in writing to brokers in the underlying Medium-Term Treasury Note futures, Short-Term Treasury Note futures, Long-Term Municipal Bond Index futures, Long-Term Treasury Note futures or in U.S. Treasury Bond futures from the Medium-Term Treasury Note Options trading pit provided that such orders are for hedge purposes only. (09/01/97)

293.16 IDEM Membership Rights - Holders of IDEM Membership Interests shall be permitted to transmit orders verbally., by hand signals, in writing, or by any other means deemed acceptable by the Board to brokers in options on CBOT(R) Dow Jones Industrial AverageSM Index futures, from the CBOT(R) Dow Jones Industrial AverageSM Index futures trading pit, provided that such orders are for hedge purposes only. (11/01/97)

293.17 COM Membership Rights - Holders of COM Membership Interests shall be permitted to transmit orders verbally, by hand signals, in writing, or by any other means deemed acceptable by the Board to brokers in CBOT(R) Dow Jones Industrial AverageSM Index futures, from the CBOT(R) Dow Jones Industrial AverageSM Index options trading pit, provided that such orders are for hedge purposes only. (11/01/97)

294.00 Membership Interest Participations - On April 30, 1982 there shall be created one thou- sand four hundred and two (1,402) one-quarter participations each in GIM Membership Interests, IDEM Membership Interests, and COM Membership Interests. Each full member of the Association as of the close of business on April 30, 1982 shall be entitled to receive as of May 3, 1982 a one-quarter participation in a GIM Membership Interest, a one-quarter participation in an IDEM Membership Interest and a one-quarter participat ion in a COM Membership Interest for each full membership held by such full member. Further, on April 30, 1982 there shall be created a quantity of one-half participations each in IDEM Membership Interests and COM Membership Interests equal to the number of associate memberships that appear on the membership list of the Association as of the close of business on April 30, 1982. Each associate member of the Association as of the close of business on April 30, 1982 shall be entitled to receive as of May 3, 1982 a one-half participation in an IDEM Membership Interest and a one-half participation in a COM Membership Interest for each associate membership held by such associate member. (08/01/94)

294.01 Transfer of Membership Interest Participations - One-quarter participations in GIM Membership Interests, IDEM Membership Interests and COM Membership Interests, and one-half participations in IDEM Membership Interests and COM Membership Interests shall be transferable only to and among full, associate and conditional associate members of the Association; GIM, IDEM and COM Membership Interest holders; and member firms. Membership Interest fractional participations may be sold or purchased by authorized individuals or firms in accordance with the mechanics of the bid/ask market for Membership and Membership Interests as set forth in Regulation 249.01(a) or may be transferred intra-family between authorized individuals in accordance with the transfer procedures set forth in Regulation 249.01(d), including the deposit requirement. Membership Interest fractional participations may not be sold or transferred in any other manner. (08/01/94)

294.02 Registration of Membership Interests - Any authorized person or firm who acquires or

accumulates four one-quarter participations in GIM Membership Interests may surrender to the Association such four one-quarter participations for one GIM Membership Interest, subject to meeting all qualifications required by the Rules and Regulations relating to membership. Any authorized person or firm who acquires or accumulates any combination of one-quarter and/or one-half participations in IDEM Membership Interests that equals one full participation may surrender to the Association such fractional participations for one IDEM Membership Interest, subject to meeting all qualifications required by the Rules and Regulations relating to membership. Any authorized person or firm who acquires or accumulates any combination of one-quarter and/or one-half participations in COM Membership Interests that equals one full participation may surrender to the Association such fractional participations for one COM Membership Interest, subject to meeting all qualifications required by the Rules and Regulations relating to membership. Any person or firm who surrenders participations in accordance with this Regulation shall pay a registration fee as may be established by the Board. (08/01/94)

294.03 Dues and Assessments on Membership Interest Participations - No authorized person who holds fractional participations in GIM, IDEM, or COM Membership Interests shall be responsible for the payment of any dues, fees or assessments in respect of such fractional participations. (08/01/94)

294.04 Accumulation of Membership and Membership Interest Participations by the Board - The Board of Directors, in its discretion, may accumulate, pool and require all outstanding fractional participations in Associate Memberships and IDEM and COM Membership Interests to be surrendered between April 30, 1989 and August 31, 1989. All such fractional participations in Associate Memberships and IDEM and COM Membership Interests so surrendered shall be accumulated into full Associate Memberships or IDEM or COM Membership Interests respectively and sold at prevailing market prices to any individuals who are authorized to purchase such Memberships or Membership Interests under the Rules and Regulations. The proceeds from the sale of such Associate Memberships and IDEM and COM Membership Interests shall be distributed pro- rata to those authorized persons surrendering such fractional participations in Associate Memberships and IDEM and COM Membership Interests in proportion to the number of such fractional participations in Associate Memberships and IDEM and COM Membership Interests respectively surrendered by the authorized person to the total number of such fractional participations in Associate Memberships and IDEM and COM Membership Interests respectively surrendered by all authorized persons. (08/01/94)

294.05 Time Limit for Accumulating AM Participations - To implement the provisions of Rule 294.00, any member or associate member who accumulates one-quarter AM participations and surrenders them for an associate membership by the close of business on May 28, 1982 shall be entitled to receive as of June 1, 1982, in respect of each such associate membership, a one-half participation in an IDEM Membership Interest and a one-half participation in a COM Membership Interest. A sufficient quantity of such IDEM and COM Membership Interest participations shall be created on May 28, 1982 to allow any such distribution. (08/01/94)

294.06 Claims Procedures Regarding Membership Interest Fractional Participations - Proceeds from the sale of a Membership Interest fractional participation, and the deposit required for Membership Interest fractional participations transferred pursuant to Regulations 249.01 (d) and 294.01, shall be deemed to be subject to the provisions of Rule 252.00. Claims may be filed against such proceeds in the same manner and subject to the same terms as set forth in Rule 253.00 and Regulation 249.01 (e) with respect to the filing of claims against the proceeds of the sale or transfer of a Membership or Membership Interest. The Secretary shall provide notice of sales or transfers of Membership Interest fractional participations in the same manner as he provides notice pursuant to Regulation 249.01(e) of sales or transfers of Memberships and Membership Interests. (08/01/94)

296.00 Transfer Restrictions on GIM Membership Interests/One-Half Associate Memberships--At the Effective Time, each GIM Membership and one-half Associate Membership shall be subject to the restrictions, conditions and limitations set forth below.

(1) Non-Transferred GIM Memberships. Except as otherwise provided below, GIM Memberships that have not been sold or transferred prior to the Effective Time ("Non-Transferred GIM Memberships") may continue as a GIM Membership holder following the Effective Time with all the privileges and obligations such Membership entails. However, in the event that any Non-Transferred GIM Membership is sold or transferred after the Effective Time, such Non-Transferred GIM Membership shall be treated as a Transferred GIM Membership (as defined in clause (2) below). This limitation shall not apply when (x) the transferor is the estate of a deceased

Non-Transferred GIM Membership holder and the transferee is the decedent's spouse and (y) the Non-Transferred GIM Membership has not already been transferred pursuant to this sentence.

(2) Transferred GIM Memberships/One-Half Associate Memberships. One-half Associate Memberships and Non-Transferred GIM memberships that have been sold or transferred after the Effective Time in a manner other than as permitted in clause (1) above below (collectively, "Transferred GIM Memberships") shall not be permitted to exercise the trading rights and privileges associated with the GIM Memberships; provided that Transferred GIM Memberships shall retain the right to be converted into a one-half Associate Memberships, but shall have no further rights or privileges associated with the GIM Membership. Except as set forth below, Transferred GIM Memberships shall carry no privileges of a Membership, including but not limited to trading and voting privileges.

None of the foregoing shall preclude the holders of Transferred GIM Memberships or Non-Transferred GIM Memberships from exercising their right to convert their GIM Membership into an one-half Associate Membership and to redeem two one-half Associate Memberships in exchange for an Associate Membership.

296.01 Transfer of Associate Membership Participations - In accordance with the mechanics of the bid/ask market for Memberships and Membership Interests as set forth in Regulation 249.01(a), member firms and individuals may purchase or sell one-eighth or one-half participations in Associate Memberships created pursuant to Rule 296.00 or Regulation 296.03. Individuals may also transfer Associate Membership fractional participations in accordance with the transfer procedures set forth in Regulation 249.01(d), including the deposit requirement. Associate Membership fractional participations may not be sold or transferred in any other manner. Each individual who acquires a fractional participation in an Associate Membership but who is not a Full Member, Associate Member, GIM Membership Interest holder or GIM Membership Interest nominee in good standing shall apply for election to Associate Membership status under the same procedures and requirements as are specified in Regulation 249.01(a)(iii) for purchasers of Associate Memberships, and also shall be subject to the provisions of Regulation 249.01(a)(iv) and (v). However, any individual whose status as a GIM Membership Interest holder or nominee automatically ceases pursuant to Rule 296.00 on the effective date of such Rule shall have 60 days thereafter in which to acquire an Associate Membership and become an Associate Member without applying for election to Associate Membership status. Any individual required to apply for Associate Membership status under this regulation and who is elected to such status must acquire an Associate Membership within 60 days of notification of such election or within such extension of this period as may be granted by the Board of Directors. If he is unable to do so, he must, at his option, either re-apply for Associate Membership status or take all necessary steps to effect a sale of the Associate Membership fractional participations he has acquired within 30 days of the end of the period specified in the preceding sentence. (08/01/94)

296.02 Registration of New Associate Memberships - Any person or firm which acquires and accumulates any combination of fractional participations in Associate Memberships that equals one complete Associate Membership may surrender such fractional participations to the Department of Member Services for one Associate Membership, subject to meeting all qualifications required by the Rules and Regulations relating to membership. Any GIM Membership Interest holder or nominee in good standing who surrenders fractional participations under this Regulation shall not be required to apply for election to Associate Membership status. Once two or more fractional participations have been combined, they may not be separated. (08/01/94)

296.03 Additional Associate Membership Participations or GIM Membership Interests - The

Board of Directors may at any time at its discretion create additional fractional participations in Associate Memberships but only if necessary to facilitate the combination of existing fractional participations into Associate Memberships. The Board of Directors may also create new GIM Membership Interests to sell to individuals who applied for approval as GIM Membership Interest holders prior to January 21, 1986, and/or to individuals whose bids to purchase GIM Membership Interests were on file with the Association as of January 21, 1986. Such new GIM Membership Interests shall be created and sold only if, in the judgement of the Board, GIM Membership Interests are not otherwise available to such individuals through bona fide purchases in the Exchange's bid/ask market. (08/01/94)

296.04 Waiver of Transfer and Registration Fees - No fees shall be charged for transfers of fractional participations in Associate Memberships effected through the Exchange's bid/ask market or for registrations of new Associate Memberships acquired by accumulation of fractional participations under Regulation 296.02. (08/01/94)

296.05 Dues and Assessments - Associate Members shall pay full dues, fees and assessments as provided for by the Association. However, each person or firm who acquires an Associate Membership by the accumulation and surrender of fractional participations pursuant to Regulation 296.02 shall be exempted from member dues assessed on such Associate Membership pursuant to Rule 240.00 for a period of twelve (12) consecutive calendar quarters beginning with the quarter following the quarter in which the fractional participations for such Associate Membership are surrendered. Only the original owner of each newly created Associate Membership shall be eligible for the dues waiver referenced herein. (08/01/94)

296.06 Claims Procedures Regarding Associate Membership Participations - The proceeds of Associate Membership fractional participation sales, and the deposit required for Associate Membership fractional participations transferred pursuant to Regulations 249.01(d) and 296.01, shall be deemed proceeds of membership for purposes of Rule 252.00. Claims may be filed against such proceeds in the same manner and subject to the same terms as set forth in Rule 253.00 and Regulation 249.01(e) with respect to the filing of claims against the proceeds of the sale or transfer of a membership or membership interest. The Secretary shall provide notice of sales or transfers of Associate Membership fractional participations in the same manner as he provides notice pursuant to Regulation 249.01(e) of sales or transfers of memberships and membership interests.

Interpretation - The Board of Directors adopted the following on April 17, 1990 as a formal rule interpretation which confirms established Exchange practice:

"A person shall achieve Full Membership status (i.e. - Full Membership voting rights and trading privileges) only through the purchase of a Full Membership.

The foregoing shall not affect the existing Exchange provisions for the delegation, member firm transfer, or intra-family transfer of Full Memberships." (08/01/94)

Chapter 3
Exchange Floor Operations and Procedures

Chapter 3
Exchange Floor Operations and Procedures

Ch3 Exchange Halls

300.00 Exchange Halls - The Board shall provide Exchange Halls which shall be open for trading during such hours as the Board of Directors shall designate. For the purpose of Exchange rules, Exchange Halls may be deemed to include an approved automated order entry facility. Complete jurisdiction over the Exchange Halls, all parts of the building and any automated systems of the Association is vested in the Board. 69 (08/01/94)

301.00 Admission to the Floor - No one but a member shall make any transaction or execute orders in securities or commodities traded in or upon the Floor of the Exchange. No one but a member shall be admitted to the Floor of the Exchange, except as provided by Regulations adopted by the Regulatory Compliance Committee. 259 (08/01/94)

301.01 Non-Members - No non-member shall be admitted to the Floor of the Exchange except as provided in this Chapter 3. Persons not wearing a valid badge shall not be admitted to the floor of the Exchange. 1370 (08/01/94)

301.02 Guest Badges - The Safety and Security Department may, upon application of a member, issue a badge to a guest of the Exchange or, upon its own initiative, issue a badge to a guest permitting access to the floor of the Exchange. 1371 (08/01/94)

301.03 Guests - All guests of a member shall be accompanied by a member while on the Exchange Floor and shall obey all Rules and Regulations respecting floor conduct established herein for members. Members shall be responsible for all violations of the Chicago Board of Trade Rules and Regulations committed by their guests and for resulting fines. 1372 (08/01/94)

301.04 Press - Annual courtesy cards to the Press, permitting admission to the Exchange Hall, may be issued and recalled by the written authorization of the Communications Department. 1373 (08/01/94)

301.05 Floor Clerks - With the prior approval of the Floor Conduct Committee, or designated Exchange staff pursuant to delegated authority, a non-member employee of a member or member firm registered under Rule 230.00 may be admitted to the Exchange Floor upon the payment by the employer of such periodic fees as may be established by the Finance Committee. No floor clerk shall be permitted to enter the Exchange Floor without a badge. Floor clerks may perform only such services and other clerical, telephone and informational duties as may be specifically permitted by the Regulatory Compliance Committee. (See Appendix 3B.)

Floor clerks are strictly prohibited from soliciting orders. Floor clerks may not be registered as an Associated Person except as provided in Regulation 301.07. They may communicate orders to the pit from their position or communications instrument by use of hand signals or verbal notification. When communicating orders in either fashion, a record must immediately be made and time-stamped in accordance with Regulation 465.01.

Floor clerks are not permitted to run on the Exchange Floor or in the corridors of the building and shall at all times maintain decorum. The Floor Conduct Committee may recall floor clerk badges for cause and may exclude from the Floor any non-member employee of any member.

The responsibility of conduct and appearance of employees on the Exchange Floor shall be that of the member employer.

Notwithstanding Rule 420.00, nonmembers holding a Floor Clerk badge or a Broker Assistant badge shall not have any interest whatsoever in a commodity futures or commodity options account which contains positions in contracts traded on the Exchange or the MidAmerica Commodity Exchange. No member or member firm may jointly hold such an account with a nonmember Floor Clerk or Broker Assistant, and no member firm may accept or carry any such account in which a nonmember Floor

Clerk or Broker Assistant holds any interest. Provided, however, that the following shall apply to any person who has Associate Membership, Membership Interest, or permit holder status on the Exchange or Membership status on the MidAmerica Commodity Exchange and who also holds a Floor Clerk or Broker Assistant badge:

Such person shall not trade for, or carry in his account or an account in which he has any interest, any positions in contracts traded on the Exchange or the MidAmerica Commodity Exchange except for those contracts which he is entitled to trade as principal or broker for others by virtue of his Membership, Membership Interest or permit holder status as referenced above. However, a Member, Membership Interest Holder or permit holder who holds a Broker Assistant badge, and who stands in an area designated for broker assistants outside of a financial futures or financial options pit, may carry in his account or an account in which he has an interest, any positions in contracts traded on the Exchange or the MidAmerica Commodity Exchange, provided that the orders for such positions are placed through the normal customer order flow process.

These provisions shall not be interpreted to prohibit an individual from being employed as a Floor Clerk or a Broker Assistant simply because another family member is a member of the Exchange who trades for his or her own personal account, whether such individual is employed by the family member or by another member. However, Floor Clerks and Brokers Assistrants are strictly prohibited from initiating trades or advising on the initiation of trades for a family member's account or any other account.

Violations of this Regulation shall be cause for suspension or revocation of a person's floor access privileges and for suspension or expulsion of his employer, or such other action as the Floor Conduct Committee may deem appropriate, in accordance with the applicable procedures set forth in Chapter 5. In the event a floor clerk is registered as an Associated Person in violation of this Regulation, after notice and for good cause shown, the Floor Conduct Committee may cause such floor clerk's floor access keycard to be immediately deactivated and take whatever other disciplinary action it deems necessary consistent with this Regulation. Upon termination of the Associated Person status, a floor clerk's keycard may be reactivated.

A non-clearing member holding a Floor Clerk or Broker Assistant badge shall be required to notify his Primary Clearing Member, as defined in Rule 333.00, of the name, address and immediate supervisor of the member or member firm by whom he is employed as a Floor Clerk or Broker Assistant. Upon a Primary Clearing Member's revocation of clearing authorization in accordance with Rule 333.00(c), the Primary Clearing Member immediately shall give written notice to the member or member firm who employs a non-clearing member as a Floor Clerk or Broker Assistant that the non-clearing member's clearing authorization has been revoked. A non-clearing member holding a Floor Clerk or Broker Assistant badge shall be denied floor access privileges upon the revocation of clearing authorization by his Primary Clearing Member. The floor access privileges of a non-clearing member who holds a Floor Clerk or Broker Assistant badge may be reinstated upon the filing of a release with the Member Services Department by the non-clearing member's Primary Clearing Member in accordance with Rule 333.00(d). (04/01/97)

301.06 Floor Access by Annual Election Candidates and Non-Member (Public) Directors -

The following are permitted physical access to the Floor of the Exchange:
a) Candidates in the current year's Annual Election who:

- Have been nominated either by the Nominating Committee or by petition pursuant to Rule 102.00; and

- Do not already have Exchange Floor access by virtue of a membership privilege.

b) Non-member (public) Directors on the Association's Board.

Individuals who are admitted to the Exchange Floor pursuant to this regulation shall not be authorized thereby to execute trades or to perform any other functions which are reserved to members or clerks on the Exchange Floor. (06/01/00)

301.07 Floor Clerk-Special Badges - The Floor Conduct Committee, or designated Exchange staff pursuant to delegated authority, may issue special badges authorizing non-member employees of

members or member firms to perform the duties of a "Floor Clerk" as defined in Regulation 301.05. Such authorization shall be for a specific period not to exceed two weeks. The Member Firm Staff Services Department shall maintain proper records of these authorizations.

When such non-member employees are Associated Persons, such authorization may be granted for a specific period not to exceed three business days but only if the employer demonstrates to the satisfaction of the Floor Conduct Committee, or designated staff pursuant to delegated authority, that it temporarily lacks enough available Floor Clerks to meet its business needs. No particular employee can be so authorized for more than three days in any calendar month. Applicants for membership may be issued special badges by the Exchange Services Department for a period of ten business days. (08/01/94)

301.08 Trainee Non-Members - The Floor Conduct Committee, or designated Exchange staff pursuant to delegated authority, shall, upon written request signed by a member and directed to the Secretary, issue badges to trainee non-member employees of members or member firms, authorizing admission of such trainees to the Exchange Hall. Such authorization shall be limited to a thirty-day period as to any trainee and no member or member firm shall be allowed to have more than one trainee on the Exchange Floor at any one time. Trainees may perform the duties of a "Floor Clerk" as defined in Regulation 301.05. The member or member firm which is the employer of the trainee shall be responsible for his conduct while he is on the Floor. The Member Firm Staff Services Department shall maintain proper records of these authorizations. No member or member firm shall use the provisions of this Regulation to avoid the purchase of a membership. 1377 (08/01/94)

301.10 Twenty-Five Year Member - When a member who has been a member for twenty-five years or more transfers his Membership privilege or delegates the rights and privileges of his Membership under Rule 221.00, said member shall be issued an Honorary Membership Badge by the Secretary's Office which will entitle the former member to access to the Trading Floor (with the exception of the Trading Pits), and to remain on the Association's mailing lists. 1379 (11/01/94)

301.11 AP - With the prior approval of the Floor Conduct Committee, or designated Exchange staff pursuant to delegated authority, an Associated Person and an applicant for membership may be admitted to the Floor of the Exchange for the limited purpose of observing various Floor activities of the members and other privileged non-members who have been allowed access to the Floor. Such admittance shall be limited to a period of two weeks (ten business days). 1380 (08/01/94)

301.12 Membership Floor Access Badges - Any member, membership interest holder or delegate whose floor access trading privileges have been revoked, suspended or lawfully discontinued for any reason must return the floor access membership badge and access card to the Member Services and Member Firm Staff Services Department within 30 days from the termination of floor access privileges. Any failure to comply with this Regulation will be referred to the Floor Conduct Committee.

Willful possession of a membership floor access badge or access cards by anyone not then entitled to the privileges of that membership shall be an act detrimental to the Association. (09/01/00)

305.00 Exchange Floor Fines - (See 519.00) and (See 520.00A) (08/01/94)

310.00 Time and Place for Trading - Dealings upon the Exchange shall be limited to the hours during which the Exchange is open for the transaction of business, and no member shall make any transaction in securities with another member except at the post designated for the particular security in which the transaction is made and no member shall make any transaction for future delivery of a commodity except in the pit assigned to trading in such commodity, except as provided in Regulations 444.01, 444.03, and Chapter 9B. No member shall make, in the rooms of the Association, a transaction with a non-member, in any commodity or in any security admitted to dealing on the Exchange; but this Regulation shall not apply to transactions with an employee of the Association or of the Clearing House engaged in carrying out arrangements approved by the Regulatory Compliance Committee to facilitate the borrowing and lending of money. 258 (11/01/94)

310.01 Access to Trading Pit - Trading in any commodity or option thereon shall be limited to an area specified by the Exchange Services Department. Non-members shall not be authorized to enter the trading areas except as otherwise provided in the Rules and Regulations. (08/01/94)

311.00 Hours for Trading - (See 1007.00) (08/01/94)

311.00A Hours for Trading - Your Rules and Floor Committees have given careful consideration to reports of trading outside of the hours prescribed and recommend enforcement of Rule 1007.00. We feel that disciplinary action is warranted on any infractions.

Strict observance of the above requires that after the closing bell no orders should be transmitted to the Floor, nor should any orders be accepted by brokers for filling, nor should any public wire orders be sent to the pit,-all such being reported back to senders 'received too late, market closed.'

All members should caution clients who want orders filled on or near the close to enter such orders to be filled 'about the close,' so that the broker may handle them properly. On the last trading day of a current month it is essential that all orders to close contracts reach the traders in sufficient time to permit filling without congestion.

Members who trade the options underlying the Soybean Meal, Soybean Oil, Oat and Silver Futures markets may enter futures orders during the respective futures markets' "closing call rotations" providing that the futures orders are entered for the purpose of hedging an option position. 13R (04/01/99)

312.01 Holidays - The following days are declared to be holidays, to wit: New Year's Day (January 1), Martin Luther King, Jr. Day (3rd Monday in January), Washington's Birthday (3rd Monday in February), Good Friday, Memorial Day (last Monday in May), Independence Day (July 4), Labor Day (1st Monday in September), Thanksgiving Day (4th Thursday in November) and Christmas Day (December 25).

When any such holidays fall on Sunday, the Monday next following shall be considered such holiday. When any such holidays fall on Saturday, the Friday immediately preceding shall be considered such holiday. 1937 (12/01/99)

313.00 Sundays or Holidays - When a contract in commodities matures on Sunday, or on a holiday, performance thereof shall be made on the preceding business day. 256 (08/01/94)

320.02 Wire and Other Connections - The privilege of telephonic or other wire connection between the office of a member and the Exchange shall not be enjoyed as a right of the member, but shall rest in the discretion of the Exchange.

The Exchange, in its discretion may grant or withhold such privilege from a member, and, in its discretion, without being obliged to assign any reason or cause for its action, may disconnect or cause to be disconnected any apparatus or means for such communication or may deprive any member of the privilege of using any public telephone or means of communication installed by the Exchange for the use of members. This Regulation shall not apply to wire or other connections relating to the Exchange's e-cbot system. 1031 (09/01/00)

320.03 Decisions of Exchange - Every decision of the Exchange, whereby a member is deprived of any such privilege, shall be immediately posted upon the bulletin board in the Exchange, and every member shall be deemed to have notice thereof.

No member shall, after such notice shall have been posted directly or indirectly furnish to the member named therein any facilities for communication between the office of the member so named and the Floor of the Exchange or between the office of the member so named and the office of any other member. 1032 (10/01/94)

320.04 Consent Required for Wires - No member shall establish or maintain wire connection of any description whatsoever or permit wireless communication between his office and the office of any nonmember corporation, firm, or individual transacting a banking or brokerage business, without having first obtained the approval of the Exchange therefor.

The applications for such connections or means of communication shall be in a form prescribed by the Exchange.

The use of public telephone or telegraph service in such manner as to amount to private connection shall be deemed to be within this Regulation. 1033 (08/01/94)

320.05 Registration with Exchange - Every such means of communication shall be registered with the Exchange, together with the telegraphic, telephonic, or wireless calls used in connection therewith; the Exchange may make such requirements governing said matters as it shall deem necessary or desirable. 1034 (08/01/94)

320.06 Notice of Discontinuance of Communications - Notice of the discontinuance of any such means of communication shall be promptly given to the Exchange; and the Exchange shall have power, at any time in its discretion, to order any such means of communication discontinued.

No such communication shall be other than by means of a wire or wireless system approved by the Exchange. 1035 (08/01/94)

320.07A Telephones - Exchange policy permits direct telephone communications to the Trading Floor from the members or member firms to the table or booth of a clearing member on the Trading Floor. 34R (08/01/94)

320.08 Conduct of Private Offices - The Exchange is empowered to examine into the conduct of all private offices or places of business receiving the continuous market quotations of the Association, and, in such places where the Exchange shall deem the continuance of such service detrimental to the best interests of this Association, the Exchange shall forthwith order a discontinuance of the quotations and shall report the facts immediately to the Finance Committee, which shall take whatever further action is necessary to uphold the good name and dignity of this Association. 1040 (08/01/94)

320.09 Telephone Wires and Television - No member of this Association shall, by messenger, signal, telephone, telegraph, or any other means whatsoever, convey or transmit continuously the market quotations from the Floor of the Exchange to any person, firm, or corporation located off the Floor of the Exchange, except with the permission and pursuant to the requirements of the Exchange. This does not prohibit ordinary conversation where dissemination of quotations is not contemplated.

Such permission for telephone wires, if granted, shall be subject to charges as prescribed by Regulation 320.13. Such permission for closed-circuit television, if granted, shall be subject to charges as may be prescribed by the Finance Committee. 1041 (08/01/94)

320.12 Radio Broadcasting -

(a) No member, firm, corporation or employee thereof shall transmit, by any kind of radio service, any market quotations, either securities, futures, cash grain on spot or to arrive, or any market information or gossip without the approval of the Exchange.

(b) No quotations except those prevailing at the opening of the market; and at each thirty minutes thereafter; and at the close of the market, may be used for broadcasting.

(c) Radio broadcasting stations must name the periods at which the quotations prevailed and designate them as furnished by the Board of Trade of the City of Chicago.

(d) No member, firm, corporation, or employee thereof shall in any manner claim or be given credit for furnishing information for radio service, except as provided in section (c) of this Regulation.

(e) Upon application, the Exchange may grant permission to individuals, firms, corporations, or employees thereof, to furnish the quotations of this Association to radio stations. The name of the individual, firm, corporation, or employees thereof, may be mentioned at the beginning and at the end of each period at which quotations are broadcast. In case there is more than one request to furnish this service at any location, the Exchange may divide the time equally upon a yearly basis. 1044 (08/01/94)

320.13 Commodity and Commodity Option Quotations - The transmission by private wire or other means of market quotations of any commodity or commodity option made on the Exchange shall be subject to the approval and control of the Exchange. Such quotations shall include all bids, asks, and market prices of any commodity or commodity option traded on the Exchange each business day between the opening of trading in such commodity or option and until thirty minutes after the close of such trading. Such quotations constitute valuable property of the Board of Trade which are not within the public domain. The transmission and receipt of such quotations shall be subject to such conditions, including the payment of applicable fees, as the Exchange shall impose. Failure to comply with such conditions shall subject any member receiving or distributing such quotations to disciplinary action including suspension from the Association. (08/01/94)

320.14 Transactions Made at other than Current Market - Transactions made at a price above that at which the same futures contract or options series is offered, or below that at which such futures or options contract is bid, are not made at the current market price for such futures or options contracts and shall be disallowed by the action of any two members of the relevant Pit Committee. If so disallowed, such transactions shall not be reported or recorded by the Exchange or, if already reported, shall be cancelled. A determination on whether a price(s) should be disallowed must be made within 10 minutes after the Pit Committee has been notified that the price has been called into question, otherwise the quote(s) in question must stand. A determination pursuant to this Regulation to disallow a transaction shall be final. (05/01/97)

320.15 Market Quotations - The reporter in each pit shall be the judge of what constitutes a proper range of quotations to be sent out, subject to the supervision of the Pit Committee in the respective pits.

Quotations sent out must be based on transactions made in the open market. The term "open market" means a bid or an offer openly and audibly made by a public outcry and in such a manner as to be open to all members in the pit at the time.

It is not permissible for members to reform a trade by changing the price at which orders have been filled, nor to report as filled orders that have not been filled. Any quotations based on a transaction made in the open market, already distributed or sent out over the wire, shall not be cancelled except as provided by Regulations 320.17, 320.18 and 320.14. (08/01/94)

320.16 Fast Quotations - Whenever price fluctuations in the pit(s) are rapid and the volume of business is large, the pit reporter, upon authorization of the Pit Committee Chairman or his designated representative from the Pit Committee, shall cause the "FAST" symbol to be used in conjunction with

all Exchange quotation displays and records. (The "FAST" symbol shall be abbreviated "F" when used on Exchange quotation and display devices.) The Pit Committee shall determine at what time "FAST" market conditions began and terminated. When a market is designated "FAST", the Pit Reporter shall endeavor to activate a "FAST" market indicator clearly visible to the entire trading floor.

All prices in the range between those quoted immediately prior to and immediately following the "FAST" market designation are considered officially quoted whether or not such prices actually appear as trades on Exchange quotation displays and records. There shall be no discontinuances.

The consequence of "FAST" market conditions is that a penetrated limit order may not be able to be executed at the specified limit price.

In the event that a dispute arises concerning the execution of an order, the fact that a market was designated "FAST" shall constitute evidence that market conditions were rapid and volatile. A "FAST" designation does not nullify or reduce the obligations of the floor broker to execute orders with due diligence according to the terms of the order. Trading activities which violate the Rules and Regulations of the Exchange remain violations under "FAST" market conditions. (08/01/94)

320.17 Authority of Pit Committees over Quotation Changes and Insertions -

(a) The Pit Committee Chairmen, Vice Chairmen or their Pit Committee designees may change an opening range only within 30 minutes after the opening of the commodity.

(b) The Pit Committee Chairmen, Vice Chairmen or their Pit Committee designees may change a closing range only within 15 minutes after the closing of the commodity.

(c) The Pit Committee Chairmen, Vice Chairmen or their Pit Committee designees may authorize the insertion of a quotation which affects a high or low at any time prior to 15 minutes after the closing of the commodity.

(d) The Pit Committee Chairmen, Vice Chairmen or their Pit Committee designees may authorize any quotation change or insertion which does not affect an open, high, low or close at any time prior to the opening of the commodity on the next business day.

No Pit Committee member may authorize any quotation change, insertion or cancellation, if such individual has a personal or financial interest in such change, insertion or cancellation.

All quotation changes, insertions, or cancellations must be authorized by at least two Pit Committee members. However, if there is only one Pit Committee member who does not have a personal or financial interest in a change, insertion or cancellation, that one Pit Committee member may authorize such change, insertion or cancellation.

When a Pit Committee member is requested to authorize a quotation change, insertion or cancellation, the relevant pit shall be notified of such request. 1037 (09/01/96)

320.17A Authority of Pit Committees over Quotation Changes and Insertions - Silver:

In respect to Quotation Changes and Insertions under Regulation 320.17 the Pit Committee may change a closing range only within 20 minutes after the close of Silver and may authorize the insertion of a quotation which affects a high and low at any time prior to 20 minutes after the close of Silver. (08/01/94)

320.17B Authority of Pit Committees over Quotation Changes and Insertions - Futures Options (Puts and Calls) - In respect to Quotation Changes and Insertions under Regulation 320.17, the Pit Committee may change a closing range only within 30 minutes after the close of each Futures Options contract (Puts and Calls) and may authorize the insertion of a quotation which affects a high and low at any time prior to 30 minutes after the close of each Futures Options contract (Puts and Calls). (08/01/94)

320.18 Authority of the Market Report Department and the Regulatory Compliance Committee over Quotation Changes and Insertions -

(a) The Market Report Department may review and authorize any request for a quotation change or insertion which does not affect an open, high, low or close and which was not reviewed by the Pit Committee.

(b) The Market Report Department may review and make recommendations to the Regulatory Compliance Committee on all requests for quotation changes and insertions which affect an open, high, low or close and are not encompassed by Regulation 320.17. The final disposition of such requests will be left to the Regulatory Compliance Committee. 1038 (09/01/94)

320.19 Opening and Closing Orders - For open outcry Regular Trading Hours, orders entered prior to or on the opening (or resumption) of the market, as applicable and orders effected by such opening (or resumption) orders, as applicable shall not be required to be executed at a specified price due to the unique and rapid market conditions existing during an opening or a resumption. Similarly, orders entered for execution on the close of the market and orders effected by such closing orders shall not be required to be executed at a specific price due to the unique and rapid market conditions existing during a close.

If stop orders are elected within the opening or resumption range, floor brokers who are unable to execute those orders within the opening or resumption range, as applicable, while diligently acting in conformity with the rules and regulations of the Association, shall not be held liable. Stop orders elected during the opening (or resumption) range automatically become market orders and should be executed at the prevailing market, which may or may not be within the opening (or resumption) range. If stop orders are elected within the closing range, floor brokers who are unable to execute such orders, while diligently acting in conformity with the rules and regulations of the Association, shall not be held liable. (09/01/98)

321.00 Price Limits - The Regulatory Compliance Committee at any time, upon ten hours' notice by Regulation, may provide that there shall be no trading during any day in any grain, provisions, or cottonseed oil for delivery in any specified month at prices more than a fixed limit above or below the average closing price of the preceding business day. 83 (C.R. 1008.01) (08/01/94)

325.02 Foreign Crop Reports - When a member, employing a crop reporter, receives from the reporter a statement concerning foreign crop conditions to which publicity is given, the member shall file immediately a verbatim copy of the report in the office of the Secretary. 1802

(08/01/94)

Ch3 Floor Practices

330.00 Floor Brokers - A member, who executes orders for another member and who is not a member of the Clearing House, must immediately give up the name of a clearing member. A floor broker trading for a member shall be liable as principal for the performance of the contract except that in the case of commodities his liability shall terminate when the transaction is accepted by the principal. 200 (08/01/94)

330.00A Brokers and Clearing Members - Trades between members of the Clearing House must be confirmed within one hour by depositing at the office of the Clearing House a check slip or memorandum giving the name of the buyer and seller, the commodity sold, the amount thereof, the delivery month, and the purchase price. 4R (08/01/94)

330.01 Floor Broker and Floor Trader Registration - No member may execute any trade on the floor of the Exchange for any other person unless the member is registered or has been granted a temporary license as a floor broker, nor may a member execute any trades on the floor of the Exchange for his or her own account unless the member is registered or has been granted a temporary license as a floor trader, or has been granted a temporary license as a floor broker to act as a floor trader, in accordance with Section 4f of the Commodity Exchange Act and Commodity Futures Trading Commission Regulations 3.11 and 3.40, and such temporary license or registration has not been terminated, revoked or withdrawn.

A floor broker or floor trader shall be prohibited from engaging in any activities requiring registration, or from representing himself to be registered or the representative or agent of any registrant, during the period of any suspension of registration or membership privileges or the denial of floor access. Willful failure to comply with this Regulation may be deemed an act detrimental to the interest of the Association. (08/01/94)

330.02 Maintenance of Floor Broker and Floor Trader Registration - Each member registered as a floor broker or floor trader must promptly submit to the Exchange any changes in the information contained in such member's registration application (Form 8-R) or any supplement thereto. All floor brokers and floor traders must review their registration information every three years in accordance with Commodity Futures Trading Commission ("CFTC") Regulation 3.11(d). Additionally, the Exchange shall periodically require such members to confirm that their floor broker registration applications contain complete and accurate information.

Requests for withdrawal of floor broker or floor trader registration must be made on Form 8-W and filed with the National Futures Association and the Association in accordance with CFTC Regulation 3.33.

All registered floor brokers and floor traders must comply with Appendix B to Part 3 of the CFTC's Regulations - Statement of Acceptable Practices with respect to Ethics Training. In this regard, all registered floor brokers and floor traders shall become familiar with, and keep abreast of changes to, the Rules and Regulations of the Exchange, rule interpretations issued by the Exchange, and relevant provisions of the Commodity Exchange Act and CFTC Regulations. (12/01/01)

330.03 Broker Associations - Two or more Exchange members with floor trading privileges, of whom at least one is acting as a floor broker, shall be required to register with the Exchange as a Broker Association, within ten days after establishment of the Broker Association, if they: (1) engage in floor brokerage activity on behalf of the same employer, (2) have an employer and employee relationship which relates to floor brokerage activity, (3) share profits and losses associated with their brokerage or trading activity, or (4) regularly share a deck of orders.

The Broker Association shall file its registration statement in a form provided by the Exchange. Such registration statement shall specifically disclose whether the members of the broker association share commissions, profits, losses or expenses associated with their brokerage or trading activity with each other or with any other individual or entity. In addition, such registration statement shall disclose whether or not the members of the broker association have any other business relationships with one another, whether related or unrelated to Exchange business. Members of the broker association shall be required to provide information regarding such other business relationships, including books and records relating to such businesses, upon the request of OIA. Any registration information provided to the Exchange which becomes deficient or inaccurate must be updated or corrected promptly.

A member of a Broker Association shall be prohibited from receiving or executing an order unless the Broker Association is registered with the Exchange.

Members of a broker association may not share profits or losses associated with their personal trading activity by direct or indirect means.

No registered broker association or member thereof shall permit a non-member or non-member firm to have any direct or indirect profit or ownership interest in a registered broker association. Moreover, no registered broker association or member thereof shall permit a member who is not involved in the pre-execution or execution of customer orders to have any direct or indirect profit or ownership interest in a registered broker association.

The Board may establish limits on the percentage of trading between a member of a broker association and (1) other members of broker associations with which he is affiliated; or (2) members of other broker associations which are positioned contiguously to his broker association in the trading pit.

Any such limits established by the Board shall take account of liquidity and such other conditions, from contract to contract, and shall only apply to the most active month or months of any contract. Compliance shall be measured separately for each full calendar month.

The Regulatory Compliance Committee may grant exceptions to the percentage limits on intra-association or contiguous association trading in circumstances where a broker association can demonstrate that compliance with the limits may reduce liquidity or impede the creation of new business in the affected market. (04/01/98)

330.04 Registration of Members Trading in U.S. Treasury Bond Futures - Each Exchange member with floor trading privileges who customarily stands on the top step of the U.S. Treasury Bond futures pit shall be required to register with the Exchange, identifying his affiliation, location and occupation or duties. Such individuals shall file their registration statements in a form provided by the Exchange. Any registration information provided to the Exchange which becomes deficient or inaccurate must be updated or corrected promptly. (09/01/94)

331.01 Price of Execution Binding - The price at which an order for commodities is executed on the Exchange shall be binding notwithstanding the fact that an erroneous report in respect thereto may have been rendered. A member shall not guarantee the price of execution to any customer, but a floor broker's or clearing firm's error in handling a customer order may be resolved by a monetary adjustment in accordance with Regulation 350.04. 1841 (09/01/94)

331.01a Acceptable Orders - Market orders to buy or sell, closing orders to buy or sell, spread orders, straight limit orders to buy or sell, and straight stop orders to buy or sell shall be permitted during the last day of trading in an expiring future. Time orders, contingency orders of all kinds, market on close intermonth spread orders involving an expiring future and cancellations that reach the Trading Floor after 11:45 a.m. on the last day of trading in an expiring future may involve extraordinary problems and hence will be accepted solely at the risk of the customer. This Regulation shall only apply to open outcry Regular Trading hours. 32R (09/01/98)

331.02 Acceptable Orders - The following orders are acceptable for execution in this market.

(1). Market order to buy or sell - A market order is an order to buy or sell a stated amount of commodity futures contracts at the best price obtainable.

(2). Closing orders to buy or sell - A closing order to buy or sell is a market order which is to be executed at or as near the close as practicable or on the closing call in a call market.

(3). Limit order to buy or sell - A limit order is an order to buy or sell a stated amount of commodity futures contracts at a specified price, or at a better price, if obtainable.

(4). Stop order to buy or sell - A stop order to buy becomes a market order when the stop price is bid or a transaction in the commodity futures contracts occurs at or above the stop price. A stop order to sell becomes a market order when the stop price is offered or a transaction in the commodity futures contract occurs at or below the stop price.

(5). Stop limit order to buy or sell (where the price of the limit is the same as the stop price only) - A stop limit order to sell becomes a limit order executable at the limit price or at a better price, if obtainable when a transaction in the commodity futures contract is offered or occurs at or below the stop price. A stop limit order to buy becomes a limit order executable at the limit price or at a

better price, if obtainable when a transaction in the commodity futures contract is bid or occurs at or above the stop price.

(6). DRT ("Disregard Tape" or "Not Held") Order - An order giving the floor broker complete discretion over price and time in execution of a trade, including discretion to execute all, some or none of the order. It is understood the floor broker accepts such an order solely at the risk of the customer on a "not held" basis.

(7). All-Or-None order to buy or sell - An order to be executed only for its entire quantity at a single price and with a size at or above a predetermined threshold. Such orders must be executed in accordance with Regulation 331.03.

Orders other than those listed above will be accepted solely at the broker's discretion on a not held basis. This Regulation shall only apply to Regular and Night trading hours. (07/01/00)

331.03 All-Or-None Transactions - Board of Directors shall determine the minimum thresholds for and the commodities in which All-Or-None transactions shall be permitted. The following provisions shall apply to All-Or-None trading:

(a) A member may request an All-Or-None bid and/or offer for a specified quantity at or in excess of the applicable minimum threshold designated. The request shall be made during the hours of regular trading in the appropriate trading area.

(b) A member may respond by quoting an All-Or-None bid or offer price. A bid or offer in response to an All-Or-None request shall be made only when it is the best bid or offer in response to such request, but such price need not be in line with the bids and offers currently being quoted in the regular market.

(c) A member shall not execute any orders by means of an All-Or-None transaction unless the order includes specific instructions to execute an All-Or-None transaction or the All-Or-None bid offer is the best price available to satisfy the terms of the order.

(d) An All-Or-None bid or offer may only be accepted by a single member for the total amount offered or bid. No partial fills are permitted.

(e) The price at which an All-Or-None transaction is bid, offered or executed will not elect conditional orders (e.g., limit orders, stop orders, etc.) in the regular market or otherwise affect such orders.

(f) All-Or-none transactions must be reported to the reporter in each pit who shall record the price quotes for All-Or-None transactions.

(g) A member who has received both buying and selling All-Or-None orders from different account owners for the same commodity and the same delivery month, or, for options, the same option, may execute such orders for and directly between such account owners provided that the member shall first bid and offer openly and competitively by open outcry at the same price, stating the number of contracts. If neither the bid nor the offer is accepted within a reasonable time, the orders may then be matched by the member in the presence of a member of the Pit Committee. The member making the trade shall clearly identify it on the order or other document used to record the trade, shall note thereon the time of execution to the nearest minute, and shall present such record to such member of the Pit Committee for verification and initialing. Each such transaction shall be recorded by such Pit Committee member on a cross-trade form that shall show the trade data and be made a matter of permanent record by the Exchange. (07/01/00)

331.04 Execution of Simultaneous Buy and Sell Orders for Different Account Owners - A member who has received both buying and selling orders from different account owners for the same commodity and the same delivery month or, for options, the same option, may execute such orders for and directly between such account owners provided that the member shall first bid and offer openly and competitively by open outcry at the same price, stating the number of contracts. If neither the bid nor the offer is accepted within a reasonable time, the orders may then be matched by the member in the presence of a member of the Pit Committee. If either the bid or the offer is accepted in part, the remainder of the orders may be matched pursuant to the requirements of this Regulation. The member making the trade shall clearly identify it on the order or other document used to record the trade, shall note thereon the time of execution to the nearest minute, and shall present such record to such member of the Pit Committee for verification and initialing.

Each such transaction shall be recorded by such Pit Committee member on a cross-trade form that shall show the trade data and be made a matter of permanent record by the Exchange. (07/01/2000)

332.00 Orders Must Be Executed in The Public Market - All orders received by any member of this Association, firm or corporation, doing business on Change, to buy or sell for future delivery any of the commodities dealt in upon the Floor of the Exchange (except when in exchange for cash property) must be executed competitively by open outcry in the open market in the Exchange Hall during the hours of regular trading and, except as specifically provided in Regulations 331.03, 331.04 and 350.10 under no circumstances shall any member, firm or corporation assume to have executed any of such orders or any portion thereof by acting as agent for both buyer and seller either directly or indirectly, in their own name or that of an employee, broker or other member of the Association; provided, that on transactions where brokers as agents for other members meet in the execution of orders in the open market and without prearrangement unintentionally consummate a contract for the one and same clearing member principal, such transactions shall not be considered in violation of this Rule. 202A (07/01/00)

332.01 Open Market Execution Requirement - All futures transactions resulting in change of ownership (except those involving the exchange of futures in cash transactions) must be made in the open market in the manner prescribed by Rules 332.00 and 310.00. 1866 (08/01/94)

332.01A Bidding and Offering Practices - Bidding and offering practices on the Floor of the Exchange must at all times be conducive to competitive execution of orders, as required by Rule 332.00. Bids or offers of 'all the way to,' 'all you have up (or down) to, 'everything you have up (or down) to,' and similar expressions, are not conducive to competitive execution of orders, and are expressly deemed to be in violation of Rule 332.00. 47R (08/01/94)

332.01B Conformation with Section 1.39 of The Commodity Exchange Act - The Board of Directors at their regular meeting held on Tuesday, September 6th, 1955, ruled that inasmuch as the Chicago Board of Trade has no Rule that conforms to Section 1.39 of the Commodity Exchange Act, Rule 332.00 of the Board's Rules and Regulations prevails. 28R (08/01/94)

332.02 Trade Data - Each member executing transactions on the Floor of the exchange shall enter or cause to be entered on the record of those transactions an indicator designating the time bracket within the trading session in which each execution occurred. Each clearing member shall enter only the bracket information submitted to the clearing member by the member executing the trades in the designated form on the record of transactions submitted to the Clearing House. The brackets and their designations will be as follows:

7:00-7:15 a.m.	A	11:30-11:45 a.m.	S	5:00-5:15 p.m.	A
7:15-7:30 a.m.	B	11:45-12:00 noon	T	5:15-5:30 p.m.	B
7:30-7:45 a.m.	C	12:00-12:15 p.m.	U	5:30-5:45 p.m.	C
7:45-8:00 a.m.	D	12:15-12:30 p.m.	V	5:45-6:00 p.m.	D
8:00-8:15 a.m.	E	12:30-12:45 p.m.	W	6:00-6:15 p.m.	E
8:15-8:30 a.m.	F	12:45-1:00 p.m.	X	6:15-6:30 p.m.	F
8:30-8:45 a.m.	G	1:00-1:15 p.m.	Y	6:30-6:45 p.m.	G
8:45-9:00 a.m.	H	1:15-1:30 p.m.	Z	6:45-7:00 p.m.	H

9:00-9:15 a.m.	I	1:30-1:45 p.m.	2	7:00-7:15 p.m.	I
9:15-9:30 a.m.	J	1:45-2:00 p.m.	3	7:15-7:30 p.m.	J
9:30-9:45 a.m.	K	2:00-2:15 p.m.	4	7:30-7:45 p.m.	K
9:45-10:00 a.m.	L	2:15-2:30 p.m.	5	7:45-8:00 p.m.	L
10:00-10:15 a.m.	M	2:30-2:45 p.m.	6	8:00-8:15 p.m.	M
10:15-10:30 a.m.	N	2:45-3:00 p.m.	7	8:15-8:30 p.m.	N
10:30-10:45 a.m.	O	3:00-3:15 p.m.	8	8:30-8:45 p.m.	O
10:45-11:00 a.m.	P	3:15-3:30 p.m.	9	8:45-9:00 p.m.	P
11:00-11:15 a.m.	Q			9:00-9:15 p.m.	Q
11:15-11:30 a.m.	R			9:15-9:30 p.m.	R

The first time bracket in the trading session of each respective commodity will be less than 15 minutes, as determined by the Regulatory Compliance Committee for each particular contract, and will be designated by a "dollar" sign "$".

The last time bracket in the trading session of each respective commodity will be one minute or less, as determined by the Regulatory Compliance Committee for each particular contract, and will be designated by a "percent" sign "%"; provided however, that each respective contract market's close may be expanded or reduced by an amount of time which shall not exceed one minute due to unique market conditions on a particular trade date as determined in the discretion of each commodity's Pit Committee; any closing period other than that established by the Regulatory Compliance Committee shall be communicated to the market at least five minutes prior to the commencement of the revised close for that date.

The modified closing call in the trading session of each respective commodity will be designated by a "pound" sign "#".

If the member executing the trades does not submit a bracket designation to the clearing member, the clearing member shall enter "?" as the bracket designation when submitting the record of such transaction to the Clearing House. 1979 (09/01/94)

332.03 Lost Orders - Any broker who has reason to believe that an order has been lost or misplaced, shall immediately notify the Secretary of the Exchange, who shall thereupon have the matter investigated. (08/01/94)

332.04 Records of Floor Traders - Each member executing transactions on the Floor of the Exchange for his or her personal account [Type 1 trades as defined in CFTC Regulation 1.35(e)] must execute such transactions on the Floor of the Exchange using pre-printed sequentially pre-numbered trading cards. A new trading card must be used at the beginning of each time bracket as designated in Regulation 332.02.

Each member must record the transactions in exact chronological order of execution on sequential lines of the trading card (no lines may be skipped). Provided, however, that if lines remain after the last execution recorded on a trading card, the remaining lines must be marked through. All transactions which are recorded on a single trading card must be recorded on the same side of such trading card. No more than six transactions may be recorded on each trading card.

The trading cards must contain pre-printed member identification which will include, but will not be limited to, the trading acronym and the full name of the member. The trading cards must also contain preprinted bracket designations. (01/01/96)

332.041 Accountability of Trading Cards - Each member executing transactions on the Floor of the Exchange, and his clearing member(s), shall establish and maintain procedures that will assure the complete accountability of all pre-printed sequentially pre-numbered trading cards used by such member on a daily basis. Such trading cards must be distinguishable from other trading cards used by the member during a one week period. (08/01/94)

332.05 Card Collection - At such times and in such manner as designated by the Regulatory Compliance Committee, each member shall provide his clearing member with trading documents which are relied upon for transactional information necessary for submission to the clearing system

containing those trades that have been executed thus far during that day. Trading documents include trading cards of members' personal and proprietary trades, trading cards of one member reflecting trades of another member (CTI 3 pursuant to CFTC Regulation 1.35 (e)) and floor order tickets.

A member may correct any errors on trading documents by crossing out erroneous information without obliterating or otherwise making illegible any of the originally recorded information. Alternatively, with regard to trading cards only, a member may correct any errors by rewriting the trading card. However, if a trading card is rewritten to correct erroneous information, the member shall provide his clearing member with the top ply of the original trading card, or in the absence of plies, the original trading card, which has been subsequently rewritten, in accordance with the same collection schedule designated by the Regulatory Compliance Committee for trading documents relied upon for clearing purposes.

Following the collection of the above-stated documents, the clearing member shall ensure that all such documents receive an Exchange-designated time stamp upon collection. (12/01/96)

332.06 Records of Proprietary Orders - Immediately upon receipt on the Floor of the Exchange of an order from a proprietary or house account (Type 2 trades as defined in CFTC Regulation 1.35(e)) each member or registered eligible business organization shall prepare a written record of the order. It shall be dated and time stamped when the order is received and shall show the account designation.

Such written records of proprietary orders of both clearing and non-clearing member firms need not be prepared if the members executing such transactions on the Floor of the Exchange are employed by such member firms and meet the recordkeeping requirements set forth in Regulation 332.04. However, such members must register with the Exchange and may not trade for their personal accounts. The executing members may record proprietary orders in this manner if they have initiated such orders, or if their employing firm has placed proprietary orders with them for execution. (10/01/00)

332.07 Accountability of Trading Documents - A member is accountable for all documents used in the execution of trades, including trading cards used for his personal account and other documents used by the member in the execution of trades made for others.

Floor brokers who record flashed order executions on broker cards must record on the broker card, the corresponding clearing firm number and order ticket number for every flashed order execution. In addition, floor brokers who record flashed order executions on broker cards must use non-erasable ink and may correct any errors by crossing out the erroneous information without obliterating or otherwise making illegible any of the originally recorded information. (12/01/96)

332.08 CTR Recordkeeping and Data Entry Requirements - Pursuant to Regulations 332.02, 332.04, 332.041, 332.05, 332.06 and 332.07 and 332.09, each member and member firm shall keep, in an accurate and complete manner, all books and records required to be made or maintained under the Rules and Regulations regarding submission of data to the Exchange or the Clearing Corporation for CTR purposes. All trade data submissions must be done in a correct and timely manner.

Trade data includes, but is not limited to, the time bracket, executing broker, opposite broker, transaction type, customer type indicator ("CTI") code [as defined in CFTC Regulation 1.35 (e)], trade timing and trade sequencing information.

If the member executing the trade does not provide the required data to the clearing member, the clearing member shall enter "?" as the designation when submitting the record of such transaction to the Clearing House. If the trade cannot clear without the specific information, it is the clearing firm's obligation to enter a "?" designation and to obtain promptly from the member who executed the trade the complete and correct information concerning the trade. (08/01/94)

332.09 Member Trading for Another Member on the Trading Floor -

(a) At the time of execution, every order, which is not reduced to writing, that a member receives from another member who is present on the trading floor must be recorded. The member executing the order must record the time of execution to the nearest minute on the trading card or other document used to record the trade and must return this card or document to the initiating member.

    A member placing a verbal order, except for orders involving options-futures combinations and other spread trades where the initiating member personally executes at least one leg of the spread,

shall simultaneously make a written record of the order and record the time of placement to the nearest minute. The order and the time shall be recorded on the member's trading card, which shall be in sequence with other trading cards used by that member. The trading card used to record the placement of the verbal order and the trading card or document used to record the execution of the order must be submitted together to the clearing member by the member placing the order or designated representative in accordance with the collection schedule established by the Exchange.

(b) Every written order that is initiated by a member for his own account while on the Exchange floor must be dated and time stamped upon transmission for execution, and when returned or, in the case of an arbitrage or a flashed transaction, when confirmed or cancelled. (08/01/94)

332.10 Prohibition of Trading or Placing Verbal or Flashed Orders from the Clerks Step in Financial Futures and Options Contracts - Any Exchange member who performs the functions of a floor clerk or broker assistant who also stands in the area designated for broker assistants in any financial future or option pit which is clearly defined as the area behind the top step is prohibited from placing verbal orders or flashed orders for his personal account while standing in that location. Such members are also prohibited from executing trades while standing in this location. For the purposes of this Regulation, trading is defined as executing trades for one's personal account, an account of another member or a customer. Such members may only enter orders for their personal accounts by placing such orders through the normal customer order flow process which requires that the member leave the pit to place an order. (07/01/97)

333.00 Trades of Non-Clearing Members -

(a) PRIMARY CLEARING MEMBER. Each non-clearing member who executes trades on Change must have one and only one Primary Clearing Member who will accept and clear the member's personal trades. A written authorization must be on file with the Member Services Department authorizing such non-clearing member, without qualification, to submit trades through such Primary Clearing Member, and designating such clearing member as the non-clearing member's Primary Clearing Member. Such Primary Clearing Member acts as Commission merchant for the non-clearing member. Such Primary Clearing Member, acting as commission merchant, shall be liable upon all trades made by the non-clearing member for the account of the Primary Clearing Member (unless authorization is revoked as provided in (c) below) and shall be a party to all disputes arising from trades between the authorized non-clearing member and another member or member firm made for the account of the Primary Clearing Member.

(b) OTHER CLEARING MEMBERS. A non-clearing member may have one or more clearing members, in addition to his Primary Clearing Member, through whom he may also clear his trades, provided he has written permission to do so from his Primary Clearing Member. However, as provided in Rule 252.00, such clearing member's claims shall be subordinated to the claims of the Primary Clearing Member(s). Such written permission of the Primary Clearing Member must be filed with the Member Services Department. Written authorization from the other clearing member, authorizing the nonclearing member to make trades on Change for the account of the clearing member, must also be filed with the Member Services Department. Thereafter, such clearing member acting as commission merchant, shall be liable upon all trades made by the non-clearing member for the account of the clearing member (unless authorization is revoked as provided for in (c) below) and shall be a party to all disputes arising from trades between the authorized non-clearing member and another member or member firm made for the account of the clearing member. Notwithstanding the above, a non-clearing member may only obtain clearing authorization for transactions entered through the e-cbot system from a single clearing member in accordance with 9B.08.

(c) REVOCATION OF AUTHORIZATION. A revocation of authorization, either by a Primary Clearing Member or another clearing member, must, to be effective, be in writing and be posted by the Secretary upon the bulletin board of the Exchange. A non-clearing member whose Primary Clearing Member has revoked authorization shall be denied access to the Floor until another clearing member has designated itself as the non-clearing member's Primary Clearing Member, pursuant to (a) above. Revocation of a non-clearing member's authorization to execute transactions through the e-cbot system shall be in accordance with 9B.08.

(d) The non-clearing member will not be permitted to submit a new primary clearing member authorization or clear trades through a new primary clearing member until such time as the former primary clearing member files a release with the Member Services Department. A primary clearing member who has revoked primary clearing member status to a non-clearing member must give the non-clearing member release upon the non-clearing member's request when the non-clearing member has obtained a new primary clearing member unless (1) the non-clearing member has current debts related to the conduct of business as a broker, trader or commission merchant at the primary clearing member equal to or greater than the amount specified in Rule 286.00; or (2) the clearing member is the guarantor under an existing valid guarantee of a loan which had been made to the non-clearing member exclusively for the purpose of financing the purchase of the non-clearing member's membership, such guarantee in an amount equal to or greater than the amount specified in Rule 286.00.

(e) PRIORITY OF DEBTS FOR PURPOSES OF RULE 252.00. Upon transfer of the non-clearing member's membership, any indebtedness owed to a former Primary Clearing Member at the time of revocation which was incurred subsequent to authorization and which continues to be owed such former Primary Clearing Member(s) shall be paid in the chronological order of revocation (oldest debt first), in the manner and to the extent allowed under Rule 252.00. 204 (09/01/00)

333.01 Error Accounts -

(a) Each non-clearing member who acts as a floor broker or is registered with the Commodity Futures Trading Commission or a registered futures association as a floor broker (i) shall maintain a personal account with his Primary Clearing Member into which he places brokerage errors; (ii) may maintain personal error accounts at one or more secondary clearing members, in addition to his Primary Clearing Member, provided he has written permission to do so from his Primary Clearing Member on file with Member Services Department.

(b) Each clearing member who carries an error account agrees to accept and clear the broker's trades involving brokerage errors. A written authorization must be filed with the Member Services Department authorizing the broker, without qualification, to submit trades involving brokerage errors through such clearing member. Such clearing member shall be liable upon all trades involving brokerage errors that are submitted to the error account (unless authorization is revoked as provided herein) and shall be a party to all disputes involving trades between the broker, in his capacity as a broker, and another member or member firm that may ultimately be submitted to the error account. Revocation of authorization granted pursuant to this Regulation must be filed in writing with the Member Services Department and will become effective when written notice thereof is posted on the Exchange bulletin board by the Secretary. (08/01/94)

333.02 Primary Clearing Members' Membership File Review - Before a clearing member grants Primary Clearing Member authorization to any individual pursuant to Rule 333.00 a duly authorized representative of such clearing member must:

a) review such individual's membership file as maintained by the Association; and

b) confirm, in writing, to the Department of Member Services of the Association, that this review was conducted.

The written confirmation referenced above will be on a form prescribed by the Association and will be retained by the Association in the applicable individual membership file. (08/01/94)

333.03 Funds in Trading Accounts Carried by Clearing Members - The following shall apply to trading accounts which are carried for non-clearing members by clearing members pursuant to Rule 333.00:

(a) If a non-clearing member trades in excess of written limits prescribed by the carrying clearing member, and/or if the non-clearing member is alleged to have engaged in reckless and unbusinesslike dealing inconsistent with just and equitable principles of trade, the disposition of any and all funds in the applicable trading accounts(s) may be suspended by the carrying clearing member, or by the Association through the Board of Directors, Executive Committee, Floor Governors Committee or Arbitration Executive Committee pending a determination by the Arbitration Committee regarding the appropriateness of the non-clearing member's conduct.

Any Arbitration Committee decision to release trading account funds to the non-clearing member shall include the payment of interest by the clearing member to the non-clearing member as determined by the Arbitration Committee.

(b) Either the carrying clearing member or the Association may direct that the disposition of trading account funds be suspended pursuant to subparagraph a) of this regulation. However, if such suspension is initiated by the clearing member the suspension will be subject to review within one business day by the Board or one of the Committees designated in paragraph (a). The purpose of this review will be determine if sufficient grounds exist to warrant continuation of the suspension pending a final determination by the Arbitration Committee. Association proceedings in this regard will be conducted in accordance with Regulation 540.60 "Procedures for Member Responsibility Actions". (05/01/94)

334.00 Trades of Non-Clearing Members - (See 431.00) (08/01/94)

335.00 Bids and Offers in Commodities Subject to First Acceptance - Any offer made on Change to buy or sell any commodity for future delivery is subject to immediate acceptance by any other member. All such offers shall be general offers and shall not be specified for acceptance by particular members. 254 (08/01/94)

336.00 Bids and Offers in Commodities Subject to Partial Acceptance - If an offer is made on Change (the Exchange) to buy or sell any specified quantity of any commodity for future delivery, such offer shall be deemed an offer to buy or sell all or any part of such specified quantity and, if not immediately accepted for the entire quantity, it may be accepted for a quantity less than specified. Orders or offers to buy or sell a specified quantity or none shall not be allowed, except as specifically provided in Regulation 331.03. 255 (07/01/00)

336.01 Guaranteeing Terms of Execution - Any member or member firm who receives an order to buy or sell a futures contract or option on a futures contract for execution on the Exchange is prohibited from directly or indirectly guaranteeing the execution of the order or any of its terms such as the quantity or price. A member may only report an execution that has occurred as a result of open outcry or has been effected through an Exchange approved automated order entry facility.

This regulation shall not be construed to prevent a member or member firm from assuming or sharing in the losses resulting from an error or mishandling of an order. (08/01/94)

337.01 Orders Involving Cancellations Accepted on a 'Not Held' Basis - All orders involving cancellations that reach the Trading Floor 10 minutes or less before the opening or resumption of the market, as applicable and all orders involving cancellations that reach the Trading Floor 10 minutes or less before the close of the market may involve extraordinary problems and hence will be accepted solely at the risk of the customer on a 'not held' basis.

All orders must be received by the floor broker within a reasonable time prior to the opening, the resumption or the close of the market, as applicable. Such other orders not received by the floor broker within a reasonable time prior to the opening, the resumption or the close of the market will be accepted solely at the risk of the customer on a 'not held' basis. 1847 (09/01/98)

350.00 Trade Checking Penalties - (See 563.00) (08/01/94)

350.01 Failure to Check Trades - If any member, firm or corporation is unable with diligent effort to check any future delivery transaction made with another member, firm or corporation, then such transaction shall be closed out for the account of whom it may concern by the member, firm or corporation claiming the contract at the earliest reasonable opportunity in order to establish any claim for loss because of such failure to check by the other party to the contract. 1811 (08/01/94)

350.02 Responsibility For Customer Orders - A floor broker or clearing member shall exercise due diligence in the handling and execution of customer orders. The Exchange's Arbitration Committee is authorized to determine whether a broker or clearing firm fulfilled their obligations and whether an adjustment is due to the customer. The Committee may consider the nature of the order and existing market conditions, including the existence of a "FAST" market, at the time the broker or clearing member acted or failed to act. However, a "FAST" designation does not nullify or reduce the

obligations of the floor broker to execute orders with due diligence according to the terms of the order.

Except in instances where there has been a finding of willful or wanton misconduct, in which case the party found to have engaged in such conduct cannot avail itself of the protections in this provision, neither floor brokers nor member firms, or other persons acting as agents nor any of their officers, directors or employees, shall be liable for any loss, damage or cost (including attorney's fees and court costs), whether direct, indirect, special, incidental, consequential, lost profits or otherwise of any kind, regardless or whether any of them has been advised or is otherwise aware of the possibility of such damages, arising out of the use or performance of the CBOT's Electronic Order Routing System, any component(s) thereof, or any fault, failure, malfunction or other alleged defect in the Electronic Order Routing System, including any inability to enter or cancel orders, or any fault in delivery, delay, omission, suspension, inaccuracy or termination, or any other cause in connection with the furnishing, performance, maintenance, use of or inability to use all or any part of the Electronic Order Routing System, including but not limited to, any failure or delay in transmission of orders or loss of orders resulting from malfunction of the Electronic Order Routing System, disruption of common carrier lines, loss of power, acts or failures to act of any third party, natural disasters or any and all other causes.

The foregoing shall apply regardless of whether a claim arises in contract, tort, negligence, strict liability or otherwise. The foregoing limitations are cumulative and shall not limit or restrict the applicability or any other limitation or any rule, regulation or bylaw of the Exchange or the Clearing House. The foregoing shall not limit the liability of any floor broker or member firms, or other person acting as agent or any of their respective officers, directors or employees for any act, incident, or occurrence within their control.

If any of the foregoing limits on the liability of the floor brokers or member firms or other persons acting as agents or any of their officers, directors or employees should be deemed to be invalid, ineffective, or unenforceable and a customer sustains a loss, damage or cost (including attorney's fees and court costs) resulting from use of the Electronic Order Routing System, the entire liability of the floor brokers or member firms and their agents or any of their officers, directors or employees shall not exceed the brokerage commissions and any other charges actually paid by the customer.

Notwithstanding any of the foregoing provisions, this provision shall in no way limit the applicability of any provision of the Commodity Exchange Act, as amended, and Regulations, thereunder. (01/01/99)

350.03 Identification of Floor Trading Personnel and Floor Traders - Every member is required to wear an identification badge issued by the Association in a prominent position and in proper fashion to be admitted to the Trading Floor and must so wear the badge at all times while he is on the Trading Floor. Failure to wear a badge shall be considered an act detrimental to the welfare of the Association (Rule 504.00). 1955 (08/01/94)

350.04 Outtrades and Errors and Mishandling of Orders -

A. Outrades - If a floor broker discovers, either intraday or interday, that all or some portion of a customer order was executed but cannot be cleared, the broker shall do one of the following:

1. Re-execute the order in the market and adjust the customer by check if the re-execution price is worse than the original execution price. If the re-execution price is better than the original execution price, the customer is entitled to the better price.

2. Assign the opposite side of the portion that cannot be cleared to his or her error account and assign a fill to the customer at the execution price. The floor broker shall not liquidate the assigned position until at least ten minutes have elapsed after the execution of the order giving rise to the outtrade and, in any event, after the bracket period in which the outtrade arose has ended. These liquidation restrictions shall not apply to a liquidation during a Modified Closing Call. Any profits resulting from the liquidation of the assigned position belong to the floor broker, and may be retained or disbursed to whomever he chooses, in his discretion.

A floor broker may not use the assignment process to clear unfilled or underfilled orders, orders that were

erroneously executed in the wrong contract month, strike price, put vs. call or side of the market, or price outtrades.

B. Errors and Mishandling of Orders - If a broker fails to execute an order in accordance with its instructions, or underbuys or undersells on an order, and the order, or the remainder of the order, is subsequently filled at a better price, then the customer is entitled to the better price. The customer is also entitled to an adjustment if he incurs a loss because of the delay in execution. However, if a broker overbuys or oversells on an order, the customer is not entitled to any of the excess.

A position that has been established in an erroneous or mishandled attempt to execute a customer order must be placed in the error account of the broker or firm responsible for the error or mishandling. When an order has been executed in the wrong contract month or strike price, and the erroneous transaction has been placed in the broker's or firm's error account, the error may be corrected by a spread transaction, in accordance with Regulation 352.01. Any profits resulting from the liquidation of the trades placed in a broker's or firm's error account belong to the relevant broker or firm, and may be retained or disbursed to whomever they choose at their discretion. (10/01/99)

350.05 Floor Practices - The following acts are detrimental to the welfare of the Association:

(a) for a floor broker to purchase any commodity for future delivery, purchase any call commodity option or sell any put commodity option for his own account, or for any account in which he has an interest, or for those accounts falling within the exception of paragraph (c) of this Regulation, while holding an order of another person for the purchase of any future, purchase of any call commodity option, or sale of any put commodity option, in the same commodity which is executable at the market price or at the price at which such purchase or sale can be made for the member's own account or the account in which he has an interest, or for those accounts falling within the exception of paragraph (c) of this Regulation.

(b) for a floor broker to sell any commodity for future delivery, sell any call commodity option or purchase any put commodity option for his own account, or for any account in which he had an interest, or for those accounts falling within the exception of paragraph (c) of this Regulation, while holding an order of another person for the sale of any future, sale of any call commodity option, or purchase of any put commodity option in the same commodity which is executable at the market price or at the price at which such sale or purchase can be made for the member's own account or the account in which he has an interest, or for those accounts falling within the exception of paragraph (c) of this Regulation;

(c) for a floor broker to execute a transaction in the trading pit for an account over which he has discretionary trading authority.

The above restriction shall not apply to:

1. transactions for another member of the Exchange;

2. transactions for members of the floor broker's family which include; spouse, parent, child, grandparent, grandchild, brother, sister, uncle, aunt, nephew, niece, or inlaw;

3. transactions for proprietary accounts of member firms.

(d) for a member to disclose at any time that he is holding an order of another person or to divulge any order revealed to him by reason of his relationship to such other person, except pursuant to paragraph (c) of this Regulation, in the legitimate course of business or at the request of an authorized representative of the Exchange or of the Commission; the mere statement of opinions or indications of the price at which a market may open or resume trading does not constitute a violation of the Association's Rules and Regulations; however, nothing herein shall alter or waive a member's responsibility to comply with existing provisions of the Commodity Exchange Act, Commission Rules, and the Rules and Regulations of the Association; furthermore, it shall be a violation of this Regulation for any individual to solicit or induce a member to disclose order information in a manner prohibited by this Regulation;

(e) for a member to take, directly or indirectly, the other side of any order of another person revealed to him by reason of his relationship to such other person, except with such other person's prior consent and in conformity with Exchange rules or except for transactions done in accordance with

Regulation 350.04 to resolve bonafide outtrades;

(f) for a member to make any purchase or sale which has been pre-arranged;

(g) for a member to withhold or withdraw from the market any order or part of an order of another person for the convenience of another member;

(h) for a member to execute any order after the closing bell is sounded except in a call market close;

(i) for a member to buy and sell as an accommodation at any time or, except as specifically provided in Regulations 331.03, 331.04 and 350.10, to use one order to fill another order, or any part thereof;

(j) for parties to a transaction to fail to properly notify the pit recorder of the price at which trades have been consummated;

(k) for a floor broker to allocate executions of orders in any manner other than an equitable manner.

(l) for a member to initiate during the same trading session a transaction for future delivery in a CBOE 50 or CBOE 250 Stock Index future(s) for his or her own account, or for any account in which he or she has an interest, or for the account of his or her family including spouse, parents, children, grandparents, grandchildren, brothers, sisters, uncles, aunts, nephews, nieces and in-laws, and to execute as a floor broker any order for future delivery in a CBOE 50 or CBOE 250 Stock Index future(s). This restriction shall not apply to any transaction made by the member to offset a transaction made in error by the same floor member. (07/01/00)

350.06 Give-Ups - A member must have prior permission from a clearing member to give-up its name for a trade executed on the Exchange. For give-up orders, the executing clearing member must first clear the trade and then transfer it in accordance with Regulation 444.01(f). A floor broker is prohibited from giving up in the pit a name other than the executing clearing member placing the order. Give-up orders are prohibited when used as a pricing mechanism in connection with cash market contracts. Pricing in connection with cash market contracts must be done only on a versus-cash basis pursuant to the requirements of Regulation 444.01. (11/01/97)

350.07 Checking and Recording Trades - Members must within fifteen minutes after each transaction confirm with the opposite member trader every execution of a futures transaction with respect to executing member, price, quantity, commodity, future and respective clearing members. Members must within fifteen minutes after each transaction confirm with the opposite member trader every execution of an options transaction with respect to executing member, premium, quantity, option series, and respective clearing members. Each record of transactions must show the relevant foregoing information and also must include and clearly identify the date and appropriate time bracket, and the opposite executing member.

In addition, each member who, on the Floor of the Exchange receives a customer's or options customer's order which is not in the form of a written record including the account identification, order number and date and time, to the nearest minute, such order was received on the floor of the Exchange, shall immediately upon receipt thereof prepare a written record of such order, including the account identification and order number, and shall record thereon the date and time, to the nearest minute, such order is received.

Non-erasable ink must be used to record all such information. (11/01/94)

350.08 Notification of Unchecked Trades - Any clearing firm that is unable with diligent effort to check a transaction with another member, shall notify the floor member who executed the transaction. Such notice shall be given prior to the following day's Regular Trading Hours opening or resumption, as applicable. In the case of agricultural contracts, such notice shall be given no later than twenty minutes prior to the following day's opening or resumption, as applicable.

In all cases, such notice shall be given in sufficient time as to allow the floor member to make provisions for any adjustment. In the case of agricultural contracts, the floor member will have resolved his trades by no later than twenty minutes prior to the relevant opening or resumption, as applicable.

The opening range or resumption range, as applicable, of the following day's Regular Trading Hours

market shall be the limit of liability as a result of an unchecked trade. (09/01/98)

350.10 Exemption for Certain Joint Venture Products - Notwithstanding any other provisions of these Rules and Regulations, a member who simultaneously holds orders on behalf of different principals to buy and sell any of the inter-regulatory or intermarket spreads designated below, may execute such spread orders for and directly between principals; provided that the member shall first offer such spread orders competitively by open outcry in the open market (a) by both bidding and offering at the same price, and neither such bid nor offer is accepted or (b) by bidding and offering to a point where such offer is higher than such bid by not more than the minimum permissible price fluctuation applicable to such spread orders and neither such bid nor offer is accepted. If any such order is not accepted within a reasonable amount of time, then the member may, execute such order for and directly between the principals. The following requirements must also be met in the execution of such spread orders:

(1) The member who executes such order must do so in the presence of a Chicago Board Options Exchange Floor Official, who is a member qualified to trade Joint Venture futures contracts.

(2) Such member shall clearly identify all such spreads on his trading card or similar record by appropriate symbol or descriptive words and shall note on such card or record the exact time of execution. Such member shall thereupon promptly present said card or record to the Floor Official for verification and initialing.

(3) No futures commission merchant or floor broker who receives any of the inter-regulatory or intermarket spread orders designated below from another person shall take the other side of such spread orders, except with such other person's prior consent.

This Regulation applies to the following spread strategies:

(a) inter-regulatory strategies involving a CBOE 50 and/or CBOE 250 Stock Index future(s) spread against a Standard and Poor's 100 and/or Standard and Poor's 500 option(s) traded on the Chicago Board Options Exchange;

(b) intermarket futures spreads involving a CBOE 50 Stock Index future(s) spread against a CBOE 250 Stock Index future(s); or

(c) any other inter-regulatory or intermarket spread designated under this Regulation by the Board of Directors of the Association. (08/01/94)

350.11 Resolution of Outtrades - Outtrades shall be resolved by issuing a check in an amount agreed to by the members making the trade(s).

A. Price Outtrades

When an outtrade exists due to a discrepancy as to price, members making the trade may choose to resolve the discrepancy by electing either of the two prices in question, if they agree that the trade was executed at that price.

If an outtrade involves a price discrepancy between a local and a broker, and the members cannot agree on the price of execution, the price recorded by the broker shall be used to clear the trade. Any adjustments shall then be made by check, in compliance with this Regulation.

If an outtrade between locals or an outtrade between brokers involves a price discrepancy, and these members cannot agree on the price of execution, the buyer's price shall be used to clear the trade. Any adjustments shall then be made by check, in compliance with this Regulation.

B. Quantity Outtrades

When an outtrade exists due to a discrepancy as to quantity, members making the trade may choose to resolve the discrepancy by electing either of the two quantities in question, if they agree that the trade was executed in that quantity.

If any outtrade between locals involves a quantity discrepancy and these members cannot agree on the quantity that was executed, the higher quantity shall be used to clear the trade. Any adjustments shall then be made by check, in compliance with this Regulation.

A broker may assign the opposite side of any excess quantity on his order, which he believes that he has executed, to his error account, pursuant to Regulation 350.04, and he may agree to the clearing of the transaction according to the quantity recorded by the other member, whether the other member was a broker or a local.

C. Bona Fide Contract Month, Strike, Put vs. Call and Side of Market (Buy vs. Buy or Sell vs. Sell) Outtrades

When an outtrade exists due to a discrepancy as to the contract month, strike price, whether an option trade involved a put or a call, or side of the market, and any party who executed a customer order believes that the order has been executed in accordance with its instructions, the outtrade may be resolved in any one of the following ways:

1. The trade may be busted. If a broker re-executes his order, any losses incurred by the customer as a result of the delay in execution must be adjusted by check. If the order is executed at a more favorable price, the customer is entitled to the better price.

2. The members making the trades(s) may agree that either trade or both trades may be cleared in accordance with the members' recorded trade data.

3. A broker may assign the opposite side of his own order to his error account, pursuant to Regulation 350.04, and he may agree to the clearing of the transaction according to the terms of the other member's recorded trade data, whether the other member was a broker or a local.

4. If both members were brokers, they may both assign their respective trades to their error accounts, pursuant to Regulation 350.04.

A customer shall not be entitled to any portion of any profits realized by a local who was on the opposite side of an outtrade between the local and the customer's broker, as a result of the local's liquidation of his position. Such profits belong to the local, and may be retained or disbursed to whomever he chooses, in his discretion. If the local chooses to disburse any portion of such profits to the broker, and the broker's customer has received a fill in accordance with the broker's recorded trade data, the broker is not obligated to offer such profits to this customer.

It shall be an offense against the Association for members to prearrange a trade to reconcile an outtrade.

Nothing herein shall in any way limit a member's right to submit an outtrade to Exchange arbitration if an outtrade cannot be resolved by agreement. (10/01/99)

352.01 Spreading Transactions - A spread transaction involving options, or the purchase and sale of different futures, at a price or yield difference or simultaneously at a separate price for each side of the spread is permitted on this Exchange provided:

1. that each side of the spread (the purchase of one future and the sale of another future) is for the same account, or in the case of spreads in options, all sides are for the same account. Provided that, when an order has been executed in the wrong month, wrong strike price or wrong commodity, and the erroneous transaction has been placed in the broker's or firm's error account, the error may be corrected by a spread transaction in which one leg of the spread offsets the position in the error account and the other leg is the correct execution of the order. Provided further that the liability of the floor broker or FCM shall be determined in accordance with Regulation 350.04.

2. that all sides of the spread are priced at prices within the daily trading limits specified in Regulation 1008.01;

3. that the spread is offered by public outcry in the pit assigned to the commodity(ies) or option(s) involved.

4. that the transaction shall be reported, recorded and publicized as a spread in the ratio in which it was executed.

5. that when such transactions are executed simultaneously, the executing member on each side of

the transaction shall designate each part of the trade as a spread on his cards by an appropriate word or symbol clearly identifying each part of such transaction.

6. that for options the spreads must conform to one of the following definitions, any multiple or combination of these strategies, or any generally accepted relationship between options and the underlying futures, including but not limited to:

   a. Vertical and Horizontal Spreads. Short one call (put) and long another call (put) with a different strike price and/or expiration month.

   b. Straddles. Short (long) puts and calls in a generally accepted spread ratio.

   c. Conversions and Reverse Conversions. Short (long) calls, long (short) puts, and long (short) futures in a generally accepted spread ratio.

   d. Butterflies. Two vertical spreads which share one common strike price.

   e. Boxes. Long a call and short a put at one strike price and short a call and long a put at another strike price.

   f. Synthetic Straddles. Long (short) futures and short (long) calls or long (short) puts in a generally accepted spread ratio.

   g. Ratio Spreads. Long calls (puts) and short calls (puts) in a generally accepted spread ratio.

   h. Ratio Writes. Short calls (puts) and long (short) futures in a generally accepted spread ratio.

   i. Ratio Purchases. Long calls (puts) and short (long) futures in a generally accepted spread ratio.

   j. Synthetic Futures. Long calls (puts) and short puts (calls) in a generally accepted spread ratio.

7. that in executing a ratio spread, a member shall bid or offer by open outcry either both the spread portion at a price difference and the remaining portion (i.e., the "tails") at a specific price for each, or the entire ratio spread at a separate price for each side of the transaction. A ratio spread and if applicable each part of it must be executed competitively by open outcry in accordance with this regulation and Rule 332.00. A bid or offer for a ratio spread is subject to partial acceptance in ratioed units in accordance with Rule 336.00.

8. that for spread transactions at a yield difference the following conditions are met:

   a. one side of the spread is a yield-based futures contract, i.e. where the final contract settlement price is calculated by subtracting a yield measurement from 100.

   b. the sides are priced at the price spread implied by the yield spread.

   c. the prices for Short, Medium, and Long Term U.S. Treasury Note and U.S. Treasury Bond futures are those implied for 8% coupon, semi-annual non-amortizing instruments with exactly two, five, ten, and twenty years remaining maturity as calculated and published by the Exchange.

   d. the prices for the yield-based futures contracts are calculated by subtracting the yield from 100.

   e. the yields are quoted in increments no smaller than one half basis point.

   f. the Regulatory Compliance Committee has designated the spread for trading on a yield basis.

Brokers may not couple separate orders and execute them as a spread, nor may a broker take one part of a spread for his own account and give the other part to a customer on an order. (08/01/00)

352.01A Unacceptable Spread Orders - Certain orders that involve the trading of different contracts, when the contracts involved are traded in different designated trading pits and when the resulting positions do not offset to reduce economic risk, do not represent legitimate spreading transactions and are specifically deemed to be unacceptable orders. Such transactions must be

executed on separate orders in the respective designated trading areas. The foregoing provisions apply to, but are not limited to, the following examples:

There are separate trading pits for options and futures. An order to buy a put (or sell a call) and sell the underlying future establishes a short position only, and therefore there is no offsetting feature. An order to sell a put (or buy a call) and buy the underlying future establishes a long position only, and therefore there is no offsetting feature. These orders are unacceptable as spread orders. (08/01/94)

352.02 Joint Venture Intermarket and Inter-Regulatory Spreads - - Notwithstanding any other provisions of these Rules and Regulations to the contrary, the following principles shall apply to spreading transactions involving Joint Venture Products.

1. Futures spreads involving CBOE 50 and/or CBOE 250 Stock Index futures contracts may be bid or offered at a differential and if so bid or offered, such spreads may not be separated into their individual components.

2. Inter-Regulatory spread strategies involving CBOE 50 or CBOE 250 Stock Index futures spread against Standard and Poor's 100 or Standard and Poor's 500 options traded on the Chicago Board Options Exchange ("CBOE") may be bid or offered at a differential. If such spreads are bid or offered at a differential, they may not be separated into individual parts. The futures side of such spreads must be priced within the daily quotation range. The price of the options side of such spreads shall not touch the best bid or offer contained in the CBOE order book but may touch but shall not go through the current best bid or offer prevailing in the trading crowd. The prices for both sides of such spreads shall be disseminated immediately and shall be identified as a spread. The price differential shall also be disseminated immediately.

3. Inter-Regulatory spreads involving CBOE 50 and/or CBOE 250 Stock Index futures contracts spread against Standard and Poor's 100 and/or Standard and Poor's 500 options may be executed in any location in the Standard and Poor's 100 or the Standard and Poor's 500 option pit(s).

4. Joint Venture inter-regulatory or intermarket spreads may not be used to establish opening prices for Joint Venture futures contracts. (08/01/94)

360.01 Pit Supervisory and Enforcement Authority of the Respective Pit Committees - It shall be the function and duty of the Pit Committees to supervise and enforce decorum and trading etiquette within their respective trading pits.

I. Supervision and Enforcement of Pit Decorum

Each Pit Committee shall have the authority over its respective pit to discipline any individual who has committed a decorum offense within the pit, as set forth in Rule 519.00, by the imposition of a fine not to exceed $5,000.00

Pit Committee members shall issue a ticket to the offender notifying the offender that the Pit Committee has imposed a warning or designated fine in accordance with the following schedule guidelines:

1st offense	Warning or fine between $250.00 - $2,500.00
2nd offense and subsequent offenses	Fine between $500.00 - $5,000.00

Any Exchange member may request that the Pit Committee issue a ticket; however, the Pit Committee Chairman or Vice-Chairman or in the alternative, a member of the Floor Governors Committee, must sign and thereby authorize each and every ticket issued by the Pit Committee. Any ticket not authorized by the Pit Committee Chairman or Vice-Chairman, or in the alternative, a member of the Floor Governors Committee, will be deemed to be invalid.

The recipient of a Pit Committee ticket may either pay the corresponding fine or request a summary hearing before the respective Pit Committee to contest the ticket. The summary hearing shall be held after the close of trading on the afternoon of the day the ticket was issued or as soon

as possible thereafter. The attendance of either a simple majority or five members of the respective Pit Committee, whichever is less, shall constitute a quorum for the purpose of a summary hearing.

Application of Regulations - The Chairman, Vice-Chairman, or Pit Committee Member who initiated a ticket may not sit on the panel; however, he may participate at the hearing as a witness. The Chairman or Vice-Chairman who simply authorized, but did not initiate the ticket, may sit on the panel that hears the matter.

No member of the summary hearing panel may have a direct financial or personal interest in the outcome of the matter.

If a ticket was issued by the Pit Committee at the request of a member, the requesting member must appear at the summary hearing. If the requesting member fails to appear, the ticket will be voided. Furthermore, the requesting individual's failure to appear may be deemed to constitute an act detrimental to the welfare of the Association.

Members may not be represented by an attorney at the summary hearing.

The decision of the summary hearing panel shall be final; however, a member shall have a limited right to appeal the decision to the Exchange's Appellate Committee on the grounds that the decision was:

a. In excess of the summary hearing panel's authority, jurisdiction, or limitations; or

b. Without observance of the required procedures.

Any member or individual with floor access privileges who has received a Pit Committee ticket for a decorum offense of Disorderly Conduct, Intentional Physical Abuse, Sexual Harassment, and/or Use of Profane or Obscene Language and during the same trading session, engages in a further Rule or Regulation violation relating to Disorderly Conduct, Intentional Physical Abuse, Sexual Harassment, and/or Use of Profane or Obscene Language may, in addition to other sanctions (including but not limited to fines, suspensions, and expulsions imposed by the Association pursuant to the Rules and Regulations), be immediately and summarily removed from the Exchange trading floor and denied trading floor access for the remainder of the trading session pursuant to the following procedures:

a. Certification by a Chairman of the Pit Committee (or, in the Chairman's absence, by a Vice-Chairman of the Pit Committee) that the individual has continued to engage in Disorderly Conduct, Intentional Physical Abuse, Sexual Harassment, and/or Use of Profane or Obscene Language after having previously received a Pit Committee ticket for the same offense in the same trading session; and

b. Approval of such summary action by a member of the Floor Governors Committee and a member of the Board of Directors or by two members of the Board of Directors, provided that no individual granting such approval shall have been involved in the altercation.

Additionally, should the first such offense be of such a serious nature, the individual may be denied trading floor access for the duration of the trading session pursuant to the above procedure.

II. Supervision and Enforcement of Pit Trading Etiquette

Each Pit Committee shall have the authority over its respective pit to issue a ticket to any member who has allegedly violated the pit's trading etiquette. Each pit, by and through its Pit Committee, shall be responsible for determining the nature and extent of its pit trading etiquette. However, the Floor Governors Committee will be responsible for standardizing the pit trading etiquette that is common to all of the Exchange's trading pits.

A breach of trading etiquette does not in itself constitute a specific violation of an Exchange Rule or Exchange Regulation. However, any particularly egregious violation of a trading etiquette or repeated violation of trading etiquette may result in disciplinary action by the Floor Governors Committee pursuant to the general provisions of Exchange Rule 500.00 (Inequitable Proceedings) and/or Rule 504.00 (Acts Detrimental to the Welfare of the Association).

Any member may request that a ticket be issued and any member of the respective Pit Committee may issue a ticket. However, the Pit Committee Chairman or Vice-Chairman must sign and thereby authorize each ticket.

If the recipient of a ticket wishes to contest the ticket he shall immediately notify the Chairman or Vice-Chairman of the Pit Committee and a summary hearing shall be held by the Pit Committee after the close of that day's trading, or as soon as possible thereafter.

The purpose of the hearing will be for the Pit Committee, to determine by majority vote, whether the ticket should stand or whether the ticket should be voided.

The attendance of either a simple majority or five members, whichever is less, shall constitute a Pit Committee Hearing Panel quorum.

No member of the Pit Committee Hearing Panel may have a financial or personal interest in the matter.

The Chairman, Vice-Chairman or Pit Committee Member who initiated a ticket may not sit on the panel, however, he may participate at the hearing as a witness. The Chairman or Vice-Chairman who simply authorized, but did not initiate the ticket, may sit on the panel that hears the matter.

Failure of the member who requested the ticket to appear will result in the ticket being voided, and the failure to appear may constitute an act detrimental to the Association.

Members may not be represented by an attorney at a hearing.

Staff will not be present during any hearing, except at the specific request of the Pit Committee.

Decisions of the panel will be final. Respondents will not be able to appeal the panel's decision.

If a member reaches a total of any three violations (all pits inclusive), within six months, the member shall be automatically referred to Floor Governors for possible disciplinary action pursuant to Rule 500.00 and/or Rule 504.00. However, a pit committee may, at its discretion, refer any single offense committed within its respective pit to the Floor Governors Committee. A simple majority of the pit committee shall be required before a single offense may be referred to the Floor Governors Committee.

A ticket will expire and be expunged from any and all records after twelve months from the date of the ticket's issuance unless the ticket has been referred to Floor Governors Committee. In the event that a ticket has been referred to Floor Governors Committee, the ticket will expire and be expunged from the records only after the Floor Governors Committee decides not to pursue formal charges.

Tickets referred to the Floor Governors Committee will serve as the basis of O.I.A's investigation, and the tickets may be submitted as evidence in support of O.I.A.'s case before the Floor Governors Committee. However, O.I.A. will conduct its own separate and distinct investigation of the matter.

III. Pit Committee Grievance Meetings

On a monthly basis, or more frequently as needed, each Pit Committee shall convene and hold an informal grievance meeting. The purpose of the informal grievance meetings will be to:

a. review and discuss general issues relating to pit etiquette and pit trading practices;

b. formulate and submit to the Floor Governors Committee recommendations for trading standards;

c. review and consider specific complaints relating to pit etiquette and pit trading practices; and

d. determine by simple majority whether to recommend that the Floor Governors Committee investigate specific instances of pit etiquette and pit trading practices that the Pit Committee believes may be inequitable.

The Pit Committees shall conduct and determine the time, location, manner and form of their

respective Pit Committee Grievance Meetings. Staff will not be present during any Pit Committee Grievance Meeting, except at the specific request of the Pit Committee. (01/01/00)

Chapter 4
Futures Commission Merchant

Chapter 4
Futures Commission Merchant

Ch4 General

400.00 Commission Merchant - A member who makes a trade, either for another member or for a non-member, but who makes the trade in his own name and becomes liable as principal as between himself and the other party to the trade. 13 (08/01/94)

401.00 Corporations and Partnerships - (See 230.00) (08/01/94)

401.01 Partnerships and Corporations - Trading Authority - (See 230.01) (08/01/94)

401.02 Registration of Membership for Corporation - (See 230.02) (08/01/94)

401.03 Registration of Membership for Partnership - (See 230.06) (08/01/94)

402.00 Business Conduct Committee - (See 542.00) (08/01/94)

403.00 Testimony and Production of Books and Papers - (See 545.00) (08/01/94)

403.01 Approval of Customer Accounts - No firm or any of its wholly-owned affiliates shall carry customer accounts without prior approval obtained either at the time of registration under Regulation 230.02 or 230.06 or prior to change in the nature of business previously authorized. In order to originate and carry on a business with public customers, a firm is subject to the minimum capital requirements established by the Financial Compliance Committee.

No member sole proprietorship shall carry customer accounts without prior approval. A member requesting approval to carry customer accounts shall submit a certified financial report of the sole proprietorship, prepared by an independent Certified Public Accountant as of a date which is no more than 90 days prior to the date of submission. In order to originate and carry on a business with public customers, a sole proprietorship is subject to the minimum capital requirements established by the Financial Compliance Committee. 1780 (08/01/94)

403.02 Financial Questionnaire - (See 285.01) (08/01/94)

403.03 Audits - (See 285.02) (08/01/94)

403.04 Reduction of Capital - (See 285.03) (08/01/94)

403.05 Restrictions on Operations - (See 285.04) (08/01/94)

403.07 Financial Requirements - (See 285.05) (04/01/97)

403.08 Expulsion from a Designated Contract Market - Upon review of the decision or record which resulted in a person or a firm's expulsion from membership in, or the privileges of membership on, any recognized domestic or foreign board of trade or securities exchange, should the Board of Directors find that there exists a demonstrable connection between the type of conduct which resulted in the expulsion and the protection afforded the Exchange, its members and customers through a trading prohibition against the expelled individual or firm, the Board may direct that no member or member firm may carry any account, accept an order, or handle a transaction, relating to futures contracts or options on futures contracts traded on the Exchange, for or on behalf of such expelled person or firm. Such an order may by modified or revoked by a vote of two-thirds of the Directors. (08/01/94)

404.00 Advertising - (See 287.00) (08/01/94)

405.00 Trade Checking Penalties - (See 563.00) (08/01/94)

414.00 Trades of Non-Clearing Members - - (See 286.00) and (See 431.00) (08/01/94)

415.00 Trades of Non-Clearing Members - (See 333.00) (08/01/94)

416.01 Correspondent Accounts - Each registered eligible business organization must maintain a complete listing of all correspondent accounts carried on its books. Such list shall be promptly provided to authorized representatives of the Association. Information for each correspondent account must include name and address, classification of the account as customer or house, regulated or non-regulated. 1780A (04/01/98)

416.02 Members Responsible for Correspondents - Members doing business with correspondents must keep themselves well informed regarding their financial standing and shall immediately report to the Secretary any information that does in any way indicate that a correspondent is insolvent, or threatened with insolvency, or guilty of any irregularities or practices affecting the good name of the Association. 1043 (08/01/94)

416.02A Correspondents - In May, 1935, the Rules Committee ruled that the word "correspondents" as it is used in Regulation 416.02 means the following:

1. A correspondent, under the provisions of Regulation 170.07 is a person, firm or corporation (member or non-member) transacting a banking or a brokerage business connected by telephone or telegraphic wire or wireless connection with the office of a member.

2. A non-clearing member who solicits and turns over security or future delivery orders to a clearing member for execution, is a correspondent of the clearing member whether or not his office is connected by telephonic, telegraphic wire connections to that of the clearing member.

3. Under the provisions of Regulation 416.02, any member doing business with correspondents has the responsibilities therein outlined. 17R (08/01/94)

416.04 Correspondent Accounts - Consistent with its duties under Rule 542.00, the Business Conduct Committee may require that the identities and positions of the beneficial owners of any correspondent account be immediately disclosed to the Business Conduct Committee or to authorized representatives of the Association. If disclosure is not provided and the Business Conduct Committee determines that such failure to provide information is an impediment to the Committee in the discharge of its duties under Rule 542.00, appropriate summary action may be ordered up to and including immediate liquidation of all or a portion of the positions in the correspondent account. Any such summary action shall be taken in accordance with the procedures set forth in Regulation 540.06. (08/01/94)

416.05 Limitations On Acceptance of Agent Business - No member FCM shall solicit or accept any options order for execution on the Exchange which has been solicited, accepted or serviced by any person who is not registered as an associated person of such member FCM. Provided, however, that at such time as any futures association registered under Section 17 of the Commodity Exchange Act has determined to provide for the regulation of the options-related activity of its members in a manner equivalent to that required of contract markets by the Commission, any FCM member of such futures association may solicit or accept options orders for execution on the Exchange in the same manner as FCMs which are members of the Exchange.

Further, no member FCM may solicit or accept options orders from any person whom it has reason to believe may be soliciting options orders in contravention of this Regulation or Regulation 33.3 or the Commission. (08/01/94)

417.01 Notice and Processing of Transfer of Accounts - When a commission merchant goes out of business, or closes one or more offices, or withdraws ordinary facilities for transacting business from one or more offices, the following shall apply:

Upon the transfer of customer accounts in commodity futures contracts by a member or registered eligible business organization, to any other futures commission merchant (member or non-member), the transferor shall immediately give written notice of the transfer to the Secretary of the Association. Such written shall notice shall contain: (1) the name and address of the transferee; (2) the date of the transfer; (3) the number of customer accounts; (4) the net equity of customer funds, and (5) a statement certified by the member, or by a general partner or executive officer whose membership is registered for the transferor, that (a) the transferor has provided prior notice of the transfer to each customer whose account is thus transferred and (b) the transfer has been preceded by reasonable investigation of the transferee by the transferor and that the transferee is a suitable recipient of the transferred accounts.

Upon the transfer of customer accounts by a non-member of the Association, to any member or registered eligible business organization, the transferee shall immediately notify the Secretary in writing that such transfer has occurred and such written notice shall identify the transferor, the date of transfer, the number of customer accounts, and the net equity of customer funds being transferred to such member or registered eligible business organization.

A member or registered eligible business organization, acting as a transferor or transferee, must be able to facilitate a bulk transfer of accounts by use of an automated system as prescribed by the Association.

This regulation applies to all transfers of customer accounts involving members or registered eligible business organizations, who or which are closing facilities unless they are initiated at the unsolicited request of the customers. 1809C (04/01/98)

418.01 Non-Members' Accounts - When a non-clearing member has trading authority over a non-members account carried on a disclosed basis he shall so inform the clearing member carrying the account.

Non-clearing members may be permitted to carry both omnibus and disclosed accounts with clearing members provided that when the non-clearing member used both types of accounts, he shall guarantee the clearing member carrying any disclosed accounts against any loss in such accounts.

The non-clearing member must notify the carrying member that he is carrying both omnibus and disclosed accounts. 1819 (08/01/94)

419.00 Trading for Employees - No member shall accept orders or clear trades for a non-member who is employed by another member nor shall another member accept orders or clear trades for a member who is employed by another member when the name of the employer appears in the transaction. 205 (08/01/94)

420.00 Trading by Employees - No member shall accept marginal accounts of any employee, whether member or non-member, of the Association or of the Clearing House or of another member unless written consent of the employer be first obtained. 206 (08/01/94)

420.01 Gratuities - (See 206.02) (08/01/94)

420.01A Elective Officers and Non-Member Directors - For purposes of Rule 420.00, Elective Officers and non-member Directors of the Association shall not be considered employees of the Association. (08/01/94)

421.00 Confirmation to Customers - A commission merchant who makes a trade for a member or non-member customer shall confirm the trade to the customer no later than the business day following the day upon which the transaction was consummated. Such confirmation shall be in writing and shall show the commodity or security bought or sold, the amount, the price, and the name of the other party to the contract, and, in the case of a commodity, the delivery month. A non-resident member may give to his customer the name of his resident commission merchant in lieu of the name of the other party to the contract, subject to the right of the customer to receive the name of the other party to the contract upon request.

Where a trade is made by a branch office of a resident member, such branch office being outside of Illinois, the branch office may confirm the trade to the customer without giving the name of the other party to the contract, provided the confirmation has prominently printed or stamped thereon the words, "Name of other party to contract furnished on request." 207 (08/01/94)

421.01 Confirmations - A confirmation of a commission merchant to the customer need not contain the name of the other party to the contract, provided the confirmation has prominently printed or stamped thereon the words, "name of other party to contract furnished on request." 1845 (08/01/94)

421.02 Options Confirmations -

(a) A commission merchant who makes an options trade for a member or non-member customer shall confirm the trade to the customer no later than the business day following the day upon which the transaction was consummated. Such confirmation shall be in writing and shall indicate the customer's account identification number; a separate listing of the amount of the premium and all other commissions, costs and fees; the option series; the expiration date; and the date of the transaction.

(b) In addition, upon the expiration or exercise of any commodity option, each commission merchant must furnish to each customer holding any such option which has expired or been exercised, not later than the next business day, a written confirmation statement which shall include the date of such occurrence, a description of the option involved, and in the case of exercise, the details of the futures position which resulted therefrom.

(c) Notwithstanding paragraphs (a) and (b) of this Regulation, a commodity options transaction that is executed for a commodity pool (investment company) need be confirmed only to the operator of the commodity pool.

(d) With respect to any account controlled by any person other than the customer for whom the account is carried, each commission merchant shall promptly furnish in writing to such other person the information set forth in paragraphs (a) and (b) of this Regulation. (08/01/94)

421.03 Average Price Orders - Member firms may confirm to customers an average price when multiple execution prices are received on an order or series of orders for futures, options or combination transactions. An order or series of orders executed during the same trading day at more than one price may only be averaged pursuant to this regulation if each order is for the same account or group of accounts and for the same commodity and month for futures, or for the same commodity, month, put/call and strike for options.

Any member or member firm that accepts an order pursuant to this regulation must comply with requirements of this regulation and all order recordation requirements.

Upon receipt of an execution at multiple prices for any order subject to this regulation, an average price will be computed by multiplying the execution prices by the quantities at those prices divided by the total quantities. An average price for a series of orders will be computed based on the average prices of each order in that series.

Each Clearing firm that confirms to a customer an average price, must indicate on the confirmation and monthly statement that the price is not an execution price. (10/01/01)

421.05 Allocation of Exercise Notices - The Clearing House, in an equitable, random manner, shall assign exercise notices tendered by options purchasers to clearing members holding open short options positions; and each clearing member and commission merchant, in an equitable, random or proportional manner, shall assign exercise notices it receives on behalf of customer accounts to such customer accounts holding open short options positions. (08/01/94)

422.00 Investment Company Accounts - (See 507.00) (08/01/94)

423.00 Discretionary Orders - No member or registered eligible business organization shall permit any employee, whether member or non-member, to exercise discretion in the handling of any transaction for a customer for execution on this Exchange, unless prior written authorization for the exercise of such

discretion has been received. A discretionary order is defined as an order that lacks any of the following elements: the commodity, year and delivery month of the contract, number of contracts, and whether the order is to buy or sell.

All partners of a registered partnership, all managers and members of a registered limited liability company and all officers of a registered corporation, shall be considered employees of their firm or corporation for purposes of these discretionary rules and regulations. 151 (04/01/98)

423.01 Discretionary Accounts - It shall be a violation of this regulation for any member or registered eligible business organization

1. To accept or carry an account over which the member or employee thereof exercises trading authority or control for another person in whose name the account is carried, without-

   a. obtaining a signed copy of the Power of Attorney, trading authorization, or other document by which such trading authority or control is given;

   b. sending direct to the person in whose name the account is carried a written confirmation of each trade as provided in Rule 421.00 and a monthly statement showing the exact position of the account, including all open trades figured to the market; and

   c. reflecting the discretionary nature of the account on all statements sent to the account owner.

2. To accept or carry an account over which any third party individual or organization other than the person in whose name the account is carried exercises trading authority or control, without -

   a. obtaining a signed copy of the Power of Attorney, trading authorization, or other document by which such trading authority or control is given; and

   b. obtaining a written acknowledgment from the person in whose name the account is carried that he has received a copy of the account controller's disclosure document, prepared pursuant to CFTC Regulation 4.31, or a written statement explaining why the account controller is not required to provide a disclosure document to the customer.

   (The above acknowledgement of paragraph b. need not be obtained (i) when the person in whose name the account is carried and the individual given trading authority or control are of the same family; or (ii) when the person given trading authority or control is (A) a member, (B) an officer, partner, member, manager or managerial employee of the eligible business organization carrying the account; (C) a bank or trust company organized under federal or state laws or (D) an insurance company regulated under the laws of any state; or (iii) when the account is carried in the name of (A) an employee benefit plan subject to ERISA or organized under the laws of any state (B) an investment company registered under the Investment Company Act of 1940, (C) a bank or trust company organized under federal or state law, (D) an insurance company regulated under the laws of any state; or (E) an exempt organization, as defined in section 501 (c) (3) of the Internal Revenue Code, with net assets of more than $100 million.)

3. To accept or carry the account of a non-member who has given trading authority to a member unless the member carrying the account requires that all orders entered for the account be executed by an individual or individuals other than the member to whom such trading authority is given. This requirement shall not apply where the non-member customer and the member having such trading authority are of the same family. This Regulation shall only apply to open outcry Regular and open outcry Night Trading Hours.

4. For purposes of this Regulation, a person does not exercise trading authority or control if the person in whose name the account is carried or the account controller specifies (1) the precise commodity interest to be purchased or sold, and (2) the exact amount of the commodity interest to be purchased or sold. Provided the foregoing provisions are met, the provisions of this Regulation shall not apply to discretion as to the price at which or the time when an order shall be executed.

The provisions of this Regulation relate only to transactions executed on this Exchange. 1990 (04/01/98)

423.01B Discretionary Trading - The increasing utilization of trading by programmed recommendations, whether by computer, charts or by any means, has brought several questions to the

Rules Committee regarding discretion. These methods tend to create situations requiring the use of discretion and the Rules Committee recommends that member firms treat all such accounts as discretionary accounts unless the member can be certain that the customer(s) has given specific instructions, including price limits and any subsequent price changes relative to orders placed in connection with such trading.

In connection with the above, your attention is called to Rule 423.00 and Regulations 423.01 through 423.03 all having to do with the handling of discretionary accounts. 41R (08/01/94)

423.02 Presumption That Trades Are Pursuant to Discretionary Authority - Every trade in an account over which any individual or organization other than the person in whose name the account is carried exercises trading authority or control shall be rebuttably presumed to have been made pursuant to such trading authority or control. The Power of Attorney, trading authorization or other document by which any individual or organization other than the person in whose name an account is carried exercises trading authority or control over such account can be terminated only by a written revocation signed by the person in whose name the account is carried; by the death of the person in whose name the account is carried; or, where the individual or organization that exercises authority or control over the account is the member carrying the account or an employee thereof, by written notification from the member to the person in whose name the account is held that such member will no longer act pursuant to such trading authorization as of the date provided in the notice. 1991 (08/01/94)

423.03 Supervision of Discretionary Trading by Employees - A Power of Attorney or trading authorization signed by the customer and naming the employee to whom trading authority is given will be considered written authorization of the customer with respect to any discretionary transaction handled by such employee pursuant to such Power of Attorney or trading authorization.

Each account with respect to which an employee has discretionary authority must be given daily supervision by the employer, or by a partner or officer or such other person designated as a compliance officer if the employer is an eligible business organization, to see that trading in such account is not excessive in size or frequency in relation to financial resources in that account. The provisions of this paragraph shall not apply where only one employee of an eligible business organization member firm has discretionary authority if that individual is also the only principal who supervises futures trading activity.

No employee who has not been registered for a minimum of two continuous years as an Associated Person (AP) under CFTC Regulations may exercise the discretion permitted by Rule 423.00. The foregoing requirement may be waived in particular cases by the Business Conduct Committee upon a showing by the applicant of experience equivalent to such a two-year registration. 1992 (04/01/98)

423.04 Customer Orders During Concurrent Sessions - For orders involving concurrently traded contracts, the customer will designate whether the order is to be executed in the open outcry market or on e-cbot. (09/01/00)

Ch4 Position Limits and Reportable Positions
425.01 Position Limits -
(a) For the purposes of this Regulation, the following are definitions of titles used in position limit chart-

Spot Month - Spot month futures-equivalent position limit net long or net short effective at the start of trading on the first business day prior to the first trading day of the spot month.

Single Month - Futures-equivalent position limit net long or net short in any one month other than the spot month.

All Months - Position limit net long or net short in all months and all strike prices combined. Note: Long futures contracts, long call options, and short put options are considered to be on the long side of the market while short futures contracts, long put options, and short call options are considered to be on the short side of the market. For each commodity, the futures-equivalents for both the options and futures contracts are aggregated to determine compliance with the net long or net short same side position limits.

Reportable Futures Level - Reportable futures position in any one month.

Reportable Options Level - Reportable options position in any one month in each option category. Note: Option categories are long call, long put, short call, and short put.

Net Equivalent Futures Position - Each option contract has been adjusted by the prior day's risk factor, or delta coefficient, for that option which has been calculated by the Board of Trade Clearing Corporation.

For the purpose of this Regulation:

(i) An option contract's futures-equivalency shall be based on the prior day's delta factor for the option series, as published by the Board of Trade Clearing Corporation. For example, 8 long put contracts, each with a delta factor of 0.5, would equal 4 futures-equivalent short contracts.

(ii) Long futures contracts shall have a delta factor of +1, and short futures contracts shall have a delta factor of -1.

(iii) Long call options and short put options shall have positive delta factors.

(iv) Short call options and long put options shall have negative delta factors.

(v) An eligible option/option or option/futures spread is defined as an intra-month or inter-month position in the same Chicago Board of Trade commodity in which the sum of the delta factors is zero.

(b) Except as provided in Regulations 425.03, 425.04 and 425.05, the maximum positions which any person may own, control, or carry are as follows:

(Note: All position limits and reportable positions are in number of contracts and are based on futures or *Net Equivalent Futures Positions.

*Please see section (a) of this Regulation for definition.

CONTRACT	*SPOT MONTH	*SINGLE MONTH	*ALL MONTH	*REPORTABLE FUTURES LEVEL	*REPORTABLE OPTIONS LEVEL
Long Term Fannie Mae(R) Benchmark Notes/sm/ and Freddie Mac Reference Notes/sm/	5,000	None	5,000	100	50

#1 Additional futures contracts may be held outside of the spot month as part of futures/futures spreads within a crop year provided that the total of such positions, when combined with outright positions, do not exceed the all months combined limit. In addition, a person may own or control additional options in excess of the futures-equivalent limits provided that those option contracts in excess of the futures-equivalent limits are part of an eligible option/futures spread.

#2 No more than 500 futures-equivalent contracts net on the same side of the market are allowed in a single month in all strike prices combined. Additional options contracts may be held as part of option/options or option/futures spreads between months within the same crop year provided that the total of such positions, when combined with outright positions, does not exceed the all months combined limit. The futures-equivalents for both the options and futures contracts are aggregated to determine compliance with these net same side single month position limits.

#3 No more than 5,500 futures-equivalent contracts net on the same side of the market are allowed in a single month in all strike prices combined. Additional options contracts may be held as part of option/option or option/futures spreads between months within the same crop year provided that the total of such positions, when combined with outright positions, does not exceed the all months combined limit. The futures-equivalents for both the options and futures contracts are aggregated to determine compliance with these net same side single month position limits.

#4 No more than 3,500 futures-equivalent contracts net on the same side of the market are allowed in a single month in all strike prices combined. Additional options contracts may be held as part of option/option or option/futures spreads between months within the same crop year provided that the total of such positions, when combined with outright positions, does not exceed the all months combined limit. The futures-equivalents for both the options and futures contracts are aggregated to determine compliance with these net same side single month position limits.

#5 On and after the first notice day of the expiring futures months of July, the limit for the July futures month will be reduced to 200 contracts, for both hedging and speculative positions.

#6 No more than 1,000 futures-equivalent contracts net on the same side of the market are allowed in a single month in all strike prices combined. Additional options contracts may be held as part of option/option or option/futures spreads between months within the same crop year provided that the total of such positions, when combined with outright positions, does not exceed the all months combined limit. The futures/equivalents for both the options and futures contracts are aggregated to determine compliance with these net same side single month position limits.

#7 No more than 3,000 futures-equivalent contracts net on the same side of the market are allowed in a single month in all strike prices combined. Additional options contracts may be held as part of option/option or option futures spreads between months within the same crop year provided that the total of such positions, when combined with outright positions, does not exceed the all months combined limit. The futures-equivalents for both the options and futures contracts are aggregate to determine compliance with these net same side single month limits.

#8 In the last five trading days of the expiring futures month, the speculative position limit for the March futures month will be 350 contracts and for the May futures month the limit will be 220 contracts.

#9 The aggregate position limit in CBOT mini-sized Dow/sm/ ($2 multiplier) futures, CBOT mini-sized Dow/sm/ ($5 multiplier) futures and CBOT DJIA/sm/ futures and options is 50,000 DJIA/sm/ contracts, net long or net short in all contract months combined. For the purposes of these regulations, one mini-sized Dow/sm/ ($2 multiplier) contract shall be deemed to be equivalent to one-fifth of a DJIA/sm/ futures contract and one mini-sized Dow/sm/ ($5 multiplier) contract shall be deemed to be equivalent to one-half of a DJIA/sm/ futures contract.

Except for the interest of a limited partner or shareholder (other than the commodity pool operator) in a commodity pool, ownership, including a 10% or more financial ownership interest, shall constitute control over an account except as provided in Regulation 425.05.

The maximum positions which any person, as defined in Regulation 425.01 (c), may own or control shall be as set forth herein. However, with respect to the maximum positions which a member firm may carry for its customers, it shall not be a violation of the limits set forth herein to carry customer positions in excess of such limits for such reasonable period of time as the firm may require to discover and liquidate the excess positions or file the appropriate hedge or exemption statements for the customer accounts in question in accordance with Regulations 425.03 and 425.04. For the purposes of this regulation, a "reasonable period of time" shall generally not exceed one business day for those positions that are not subject to the provisions of Regulations 425.03 and 425.04.

However, for any option position that exceeds position limits for passive reasons such as a market move or exercise assignment, the person shall be allowed one business day to liquidate the excess position without being considered in violation of the limits. In addition, if at the close of trading, an option position exceeds position limits when evaluated using the previous day's delta factors, but does not exceed the limits when evaluated using the

delta factors for that day's close of trading, then the position shall not constitute a position limit violation.

Note: The Commodity Futures Trading Commission has imposed speculative position limits on Corn, Oats, Soybean, Wheat, Soybean Oil and Soybean Meal futures contracts as provided in Part 150 of CFTC Regulations.

(c) The term "net" shall mean the long or short position held after offsetting long futures positions against short futures positions. The word "person" shall include individuals, associations, partnerships, limited liability companies, corporations and trusts.

(d) The foregoing limits on positions shall not apply to bona fide hedging positions which meet the requirements of Regulations 425.02 and 425.03, nor to positions subject to particular limits granted pursuant to Regulation 425.04.

(e) The Board, or a Committee authorized by the Board may direct any member or registered eligible business organization owning, controlling or carrying a position for a person whose total position as defined in subsection (f) below exceeds the position limits as set forth in subsection (b) above or as specifically determined pursuant to Regulations 425.03 or 425.04 to liquidate or otherwise reduce the position.

(f) In determining whether any person has exceeded the position limits specified in subsection (b) of this Regulation or those limits determined pursuant to Regulations 425.03 or 425.04, or whether a position is a reportable position as set forth in subsections (b) and (g) herein, all positions in accounts for which such person by power of attorney or otherwise directly or indirectly controls trading, except as provided in Regulation 425.05, shall be included with the positions held by such person. Such limits upon positions shall apply to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by a single person.

(g) If a person owns, controls or carries a position equal to or greater than the number of contracts specified in subsection (b) above long or short in any one month, then all such futures and options on such futures contract owned, controlled or carried by that person, whether above the given level or not, shall necessarily be deemed reportable positions. Every member or registered eligible business organization shall report each and every reportable position to the Office of Investigations and Audits at such times and in such form and manner as shall be prescribed by the Business Conduct Committee.

(1) On or before the first day on which any position must be reported as provided above, the member or registered eligible business organization carrying the position must furnish to the Office of Investigations and Audits a report, in the form, manner and content prescribed by the Business Conduct Committee, identifying the owner of the account for which the position must be reported and all persons associated with the account as described in subsection (f) above.

(2) Every member or registered eligible business organization must report each and every reportable position and provide the report required in subsection (1) above for each person within any account carried on an omnibus basis, unless, upon application of the member or registered eligible business organization to the Business Conduct Committee, the nonmember omnibus account specifically is approved to report directly to the Office of Investigations and Audits. (07/01/02)

425.02 Bona Fide Hedging Positions -

(a) General Definition. Bona fide or economically appropriate hedging positions in futures or options shall mean positions in a contract or positions in options on a contract for future delivery on this Exchange, where such positions normally represent a substitute for positions to be taken at a later time in a physical marketing channel, and where they are economically appropriate to the reduction of risks in the conduct and management of a commercial enterprise, and where they arise from:

(1) The potential change in the value of assets which a person owns, refines or merchandises or anticipates owning, refining or merchandising,

(2) The potential change in the value of liabilities which a person owes or anticipates incurring, or

(3) The potential change in the value of services which a person provides, purchases or anticipates providing or purchasing.

Notwithstanding the foregoing, no positions of a person shall be classified as bona fide hedging unless their purpose is to offset price risks incidental to that person's commercial cash or spot operations and such positions are established and liquidated in an orderly manner in accordance with sound commercial practices and unless the provisions of Regulation 425.03 have been satisfied.

(b) Enumerated Hedging Positions. For purposes of Regulation 425.03, the definition of bona fide or economically appropriate hedging positions in subsection (a) above includes, but is not limited to, the following specific positions:

(1) Sales of any commodity for future delivery, purchases of any put options on futures contracts and/or sales of any call options on futures contracts, which do not exceed in quantity:

(i) Ownership of the same cash commodity by the same person, and

(ii) Fixed-price purchases of the same cash commodity by the same person.

(2) Purchases of any commodity for future delivery, sales of any put options on futures contracts and/or purchases of any call options on futures contracts, which do not exceed in quantity:

(i) Fixed-price sales of the same cash commodity by the same person; and

(ii) The quantity equivalent of fixed-price sales of the cash products and derivative products of such commodity by the same person.

(3) Sales and purchases of commodities for future delivery or of options on contracts for future delivery described in subsections (b)(1) and (b)(2) may also be offset by the same or other quantities of a different cash commodity, provided that the fluctuations in the value of the position for future delivery or of the commodity underlying the option contract are substantially related to the fluctuations in the value of the actual cash position.

(c) Non-Enumerated Hedging Positions. The Board, or a Committee authorized by the Board, may recognize positions other than those enumerated in subsection (b) as bona fide or economically appropriate hedging positions, in accordance with the general definition of bona fide or economically appropriate hedging positions in Regulation 425.02(a), upon the filing of a satisfactory initial statement in accordance with Regulation 425.03. Such positions may include:

(1) Short-hedging positions (including long put options or short call options) of unsold anticipated positions in the same cash commodity by the same person;

(2) Long-hedging positions (including long call options or short put options) of unfilled anticipated requirements of the same cash commodity by the same person;

(3) Short or long cross-hedging positions, provided that the fluctuations in the value of the positions for future delivery or the commodity underlying the options positions are substantially related to the fluctuations in the value of the anticipated cash positions; or

(4) Any other positions in commodities for future delivery or options on futures contracts, including those established under the concept of "delta-ratio hedging", under such terms and conditions as the Board, or a Committee authorized by the Board, may specify.

(d) Cash positions described in subsections (b) and (c) above shall not include those positions or portions of positions which are bona fide hedging positions in futures or economically appropriate hedging positions in options pursuant to Regulations 425.02 and 425.03.

Note: Corn, Oats, Soybean, Soybean Oil, Soybean Meal and Wheat futures contracts are subject to Commodity Futures Trading Commission Regulation 1.3(z), which defines bona fide hedging transactions and positions. (10/01/00)

425.03 Reporting Requirements For Bona Fide or Economically Appropriate Hedging Positions in Excess of Limits -

(a) Initial Statement. Every member or registered eligible business organization which owns, controls, or carries positions on behalf of a person who seeks classification of such positions as bona fide or economically appropriate hedging positions must file a statement satisfactory to designated staff or a Committee authorized by the Board in order to classify such positions as bona fide or economically appropriate hedging positions within the meaning of Regulation 425.02. The initial statement of the member or registered eligible business organization filed on behalf of a person shall be filed no later than 10 business days after the day on which the person's position exceeds the speculative limit for each contract specified in Regulation 425.01 (a), and shall include:

(1) A description of the kinds of intended positions and their potential size;

(2) A statement affirming that the kinds of intended positions are bona fide or economically appropriate hedging positions; and

(3) With respect to the kinds of intended positions that are described as non-enumerated hedging positions under Regulation 425.02(c), a justification that the kinds of intended positions are consistent with the definition of bona fide or economically appropriate hedging positions within the meaning of Regulation 425.02(a).

(b) Supplemental Statements. Whenever there is a material change in the information provided in the person's most recent statement pursuant to this Regulation, a supplemental statement which updates and confirms previous information shall be filed with designated staff or a Committee authorized by the Board by every member or registered eligible business organization owning, controlling or carrying such person's position. The supplemental statement shall be filed no later than 10 business days after the day on which the person's position exceeds the level specified in the most recent statement.

(c) A Committee or designated staff authorized by the Board will monitor bona fide or economically appropriate hedging positions. The initial and supplemental statements prescribed in subsections (a) and (b) above must be submitted to the Office of Investigations and Audits and shall be maintained on a confidential basis. The Board, or a Committee or designated staff authorized by the Board may request additional relevant information necessary to ensure compliance with this Regulation 425.03. (10/01/00)

425.04 Exemptions From Position Limits -

(a) The Board, or a Committee authorized by the Board, may establish particular position limits on those positions of a person normally known as "spreads, straddles or arbitrage," including:

(1) intramarket spreads;

(2) intermarket spreads;

(3) cash-futures arbitrage, where "cash" is defined as spot or forward positions; or

(4) eligible option/option or option/futures spreads as defined in Regulation 425.01.

In addition, the Board or a Committee authorized by the Board, may establish, on a case by case basis, particular maximum position limits on certain risk management positions in interest rate, stock index and currency futures and options, including:

(1) Long positions (futures, long calls, short puts) whose underlying commodity value does not exceed the sum of:

(i) Cash set aside in an identifiable manner, or any of the following unencumbered instruments so set aside, with maturities of less than 1 year: U.S. Treasury obligations; U.S. agency discount notes; commercial paper rated A2 or better by Standard & Poors and P2 or better by Moody's; banker's acceptances; or certificates of deposit, plus any funds deposited as margin on such positions; and

(ii) Accrued profits on such positions held at the futures commission merchant.

(2) Long positions (futures, long calls) whose underlying commodity value does not exceed the sum of:

(i) The value of equity securities, debt securities, or currencies owned and being hedged by the trader holding such futures or option position, provided that the fluctuations in value of the position used to hedge such securities are substantially related to the fluctuations in value of the securities themselves; and

(ii) Accrued profits on such positions held at the futures commission merchant.

(3) Short calls whose underlying commodity value does not exceed the sum of:

(i) The value of securities or currencies underlying the futures contract upon which the option is based or underlying the futures contract upon which the option is based or underlying the option itself and which securities or currencies are owned by the trader holding such option position; and

(ii) The value of securities or currencies whose price fluctuations are substantially related to the price fluctuations of the securities or currencies underlying the futures contract upon which the option is based or underlying the option itself and which securities or currencies are owned by the trader holding such option position.

Risk management positions eligible for particular position limits under this Regulation do not include

those considered as bona fide or economically appropriate hedging positions as defined in Regulation 425.02.

(b) Requirements for Exemptions from Position Limits. Every member or registered eligible business organization which owns, controls or carries positions on behalf of a person who wishes to make purchases or sales of any commodity for future delivery or any option on a contract for future delivery in excess of the position limits then in effect, shall file statements on behalf of the person with the Exchange, in such form and manner as shall be prescribed by the Board, or by a Committee authorized by the Board, in conformity with the requirements of this subsection.

(1) Initial Statement. Initial statements concerning the classification of positions normally known in the trade as "spreads, straddles or arbitrage," or risk management positions, as described in subsection (a) above, for the purpose of subjecting such positions to particular position limits above those specified in Regulation 425.01 (a), shall be filed with designated staff or Committee authorized by the Board no later than 10 business days after the day on which such positions exceed the position limits then in effect. Such statements shall include information necessary to enable the Board, or a Committee authorized by the Board, to make a determination that the particular kinds of intended positions should be eligible for a higher position limit, including, but not limited to:

(i) A description of the specific nature and size of positions for future delivery or in options on contracts for future delivery and offsetting cash, forward or futures positions, where applicable, and affirmation that intended positions to be maintained in excess of the limits set forth in Regulation 425.01 (a) will be positions as set forth in subsection (a) above; and

(ii) In the case of risk management positions, information on the cash portfolio being managed and/or any cash or cash market instruments held in connection with the intended risk management position, as well as other information relevant to the conditions specified in subsection (a) above. Of particular interest are whether the cash market underlying the futures or option market has a high degree of demonstrated liquidity relative to the size of the positions, and whether there exist opportunities for arbitrage which provide a close linkage between the cash market and the futures or options market in question; and whether the positions are on behalf of a commercial entity, including parents, subsidiaries or other related entities, which typically buys, sells or holds the underlying or a related cash market instrument.

(2) Supplemental Statements. Whenever there is a material change in the information provided in the person's most recent statement pursuant to this Regulation, a supplemental statement which updates and confirms previous information shall be filed with designated staff or a Committee authorized by the Board by every member or registered eligible business organization owning, controlling or carrying such person's position. The supplemental statement shall be filed no later than 10 business days after the day on which the person's position exceeds the level specified in the most recent statement.

(c) A Committee or designated staff authorized by the Board will monitor the positions maintained by persons who have obtained particular position limits under the provisions of this Regulation. The initial and supplemental statements prescribed in subsections (b)(1) and (b)(2) above must be submitted to the Office of Investigations and Audits and shall be maintained on a confidential basis. The Board, or a Committee or designated staff authorized by the Board, may request additional relevant information necessary to ensure compliance with this Regulation 425.04, and may, for any good reason, amend, revoke or otherwise limit the particular position limits established.

(d) The provisions of this Regulation 425.04 shall not apply to Corn, Oats, Soybean, Wheat, Soybean Oil and Soybean Meal futures and options contracts traded on the Exchange. (10/01/00)

425.05 Exemption from Aggregation for Position Limit Purposes -

(a). Positions carried for an eligible entity as defined in Commodity Futures Trading Commission Regulation 150.1(d), in a separate account or accounts of an independent account controller, as

defined in Commodity Futures Trading Commission Regulation 150.1(e) may exceed the position limits set forth in Regulation 425.01 to the extent such positions are positions not for the spot month and which are carried for an eligible entity as defined by Commodity Futures Trading Commission Regulation 150.1 or such other persons as the Commission deems exempt pursuant to Regulation 150.3, in the separate account or accounts of an independent account controller provided however, that the overall positions held or controlled by each such independent account controller may not exceed the limits specified in Regulation 425.01.

(b) Additional Requirements for Exemption of Affiliated Entities - If the independent account controller is affiliated with the eligible entity or another independent account controller, each of the affiliated entities must:

1) Have and enforce, written procedures in place to preclude such account controllers from having knowledge of, gaining access to, or receiving data about, trades of other account controllers. Such procedures must include document routing, and other procedures or security arrangements, including separate physical locations, which would maintain the independence of their activities provided, however, that such procedures may provide for the disclosure of information which is reasonably necessary for an eligible entity to maintain the level of control consistent with the fiduciary responsibilities and necessary to fulfill its duty to supervise diligently the trading done on its behalf;

2) Trade such accounts pursuant to separately developed and independent trading systems and market such trading systems separately; and

3) Solicit funds for such trading by separate Disclosure Documents that meet the standards of Commodity Futures Trading Commission Regulation 4.21.

(c) Upon request by the Board or a Committee authorized by the Board or such person responsible for the supervision of the Office of Investigations and Audits, any person claiming an exemption from speculative position limits under this Regulation must provide to the Exchange such information as specified in the request relating to the positions owned or controlled by that person; trading done pursuant to the claimed exemption; the futures, options, or cash market positions which support the claim of the exemption; and the relevant business relationships supporting a claim of exemption. (10/01/00)

425.06 Position Accountability for U.S. Treasury Bonds - A person as defined in Regulation 425.01(c), who owns or controls an aggregate position in U.S. Treasury Bond futures and mini-sized U.S. Treasury Bond futures of more than 10,000 U.S. Treasury Bond futures contracts, and/or futures-equivalent contracts net long or net short in all months and strike prices combined, or net long or net short futures contracts in the spot month, or 25,000 option contracts for all months and all strike prices combined in each option category as defined in Regulation 425.01 (a) shall thereby be subject to the following provisions:

- - Such person shall provide, in a timely manner upon request by the Association, information regarding the nature of the position, trading strategy, and hedging information if applicable.

- - Such positions must be initiated and liquidated in an orderly manner.

For purposes of this regulation, all positions in accounts for which a person, by power of attorney or otherwise, directly or indirectly controls trading shall be included with the positions held by such person. The provisions of this regulation shall apply to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by a single person.

Nothing herein shall limit the jurisdiction of the Association. (10/01/01)

425.07 Position Accountability for Long-Term and Medium-Term Treasury Notes - A person as defined in Regulation 425.01(c), who owns or controls an aggregate position in Long-Term Treasury Note futures and/or futures-equivalent contracts or more than 7,500 Medium-Term Treasury Note futures and mini-sized Long-Term U.S. Treasury Note futures of more than 7,500 Long-Term Treasury Note futures contracts, and/or futures-equivalent contracts, net long or net short in all months and strike prices combined, or net long or

net short futures contracts in the spot month, or 20,000 option contracts for all months and all strike prices combined in each option category as defined in Regulation 425.01 (a) shall thereby be subject to the following provisions:

- - Such person shall provide, in a timely manner upon request by the Association, information regarding the nature of the position, trading strategy, and hedging information if applicable.

- - Such person automatically shall consent, when so ordered by the Association acting in its discretion, not to increase further the position in Long-Term Treasury Notes mini-sized Long-Term U.S. Treasury Notes, or Medium-Term Treasury Notes which exceeds the above-referenced 7,500 futures and/or futures-equivalent contracts or 20,000 option contracts level.

- - Such positions must be initiated and liquidated in an orderly manner.

For purposes of this regulation, all positions in accounts for which a person, by power of attorney or otherwise, directly or indirectly controls trading shall be included with the positions held by such person. The provisions of this regulation shall apply to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by a single person.

Nothing herein shall limit the jurisdiction of the Association. (10/01/01)

425.08 Position Accountability for 30-Day Fed Funds Futures - A person as defined in Regulation 425.01(b), who owns or controls more than 3,000 30-Day Fed Fund futures contracts, net long or net short in all months combined, or net long or net short in the spot month, shall thereby be subject to the following provisions:

- Such person shall provide, in a timely manner upon request by the Association, information regarding the nature of the position, trading strategy, and hedging information if applicable.

- Such person automatically shall consent, when so ordered by the Association acting in its discretion, not to increase further the position in 30-Day Fed Fund futures contracts which exceeds the above-referenced 3,000 contract level.

- Such positions must be initiated and liquidated in an orderly manner.

For purposes of this regulation, all positions in accounts for which a person, by power of attorney of otherwise, directly or indirectly controls trading shall be included with the positions held by such person. The provisions of this regulation shall apply to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by a single person.

Nothing herein shall limit the jurisdiction of the Association. (04/01/96)

425.09 Position Accountability for mini-sized U.S. Treasury Bonds- A person as defined in Regulation 425.01(c), who owns or controls an aggregate position in mini-sized U.S. Treasury Bond futures and U.S. Treasury Bond futures of more than 20,000 mini-sized U.S. Treasury Bond futures, and/or futures-equivalent contracts net long or net short in all months combined, or net long or net short futures contracts in the spot month as defined in Regulation 425.01(a) shall thereby be subject to the following provisions:

- Such person shall provide, in a timely manner upon request by the Association, information regarding the nature of the position, trading strategy, and hedging information if applicable.

- Such positions must be initiated and liquidated in an orderly manner.

For purposes of this regulation, all positions in accounts for which a person, by power of attorney or otherwise, directly or indirectly controls trading shall be included with the positions held by such person. The provisions of this regulation shall apply to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by a single person.

Nothing herein shall limit the jurisdiction of the Association. (10/01/01)

425.10 Position Accountability for mini-sized Long-Term U.S. Treasury Notes- A person as defined in Regulation 425.01(c), who owns or controls an aggregate position in mini-sized Long-Term U.S. Treasury Note futures and Long-Term Treasury Note futures of more than 15,000 mini-sized Long-Term U.S. Treasury Note futures and/or futures-equivalent contracts, net long or net short in all months combined, or net long or net short futures contracts in the spot month as defined in Regulation 425.01(a) shall thereby be subject to the following provisions:

- Such person shall provide, in a timely manner upon request by the Association, information regarding the nature of the position, trading strategy, and hedging information if applicable.

- Such person automatically shall consent, when so ordered by the Association acting in its discretion, not to increase further the position in mini-sized Long Term U.S. Treasury Notes, which exceeds the above-referenced 15,000 futures and/or futures-equivalent contracts.

- Such positions must be initiated and liquidated in an orderly manner.

For purposes of this regulation, all positions in accounts for which a person,

by power of attorney or otherwise, directly or indirectly controls trading shall be included with the positions held by such person. The provisions of this regulation shall apply to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by a single person. (10/01/01)

Ch4 Margins and Deposits

430.00 Deposits by Customers - A member acting as commission merchant for a customer (member or non-member) may require from such customer a deposit, as indemnity against liability, and subsequent deposits to the extent of any adverse fluctuations in the market price. Such deposits must be made with the commission merchant within a reasonable time after demand, and, in the absence of unusual circumstances, one hour shall be deemed a reasonable time. The failure of the customer to make such deposit within such time, shall entitle, but shall not obligate, the commission merchant to close out the trades of the defaulting customer. If the commission merchant is unable to effect personal contact with the customer, a written demand left at the office of the customer, during business hours, shall be deemed sufficient. 209 (08/01/94)

431.00 Margins - No member may accept or carry an account for a customer, whether a member or non-member, without proper and adequate margin. The Exchange shall fix minimum margin requirements.

The provisions of the foregoing paragraph do not apply to a non-clearing member who makes his own trades or who on the Floor gives his orders for trades which are exclusively for his own account and pays the brokerage thereon. 210 (08/01/94)

431.00A Permit Holder Interpretation - The term 'non-clearing member' in paragraph 2 of Rule 431.00 should be interpreted to include Permit Holders. (08/01/94)

431.01 Margins - Non-Clearing Members - A non-clearing member who makes his own futures trades or who on the Floor gives his orders for futures trades which are exclusively for his account shall be subject solely to the provisions of this Regulation. All futures transactions in such account shall be margined to the market. 1822B (08/01/94)

431.02 Margin Requirements - Margin requirements shall at all times be those requirements currently in effect. Changes in margin requirements shall be effective on all transactions.

1. Transferred to Regulations 431.03 and 431.05.

2. Clearing members may carry contracts for future delivery for foreign and domestic correspondents on a gross margin basis as provided in Paragraph 3 of Regulation 431.03, but only to the extent that such contracts are those of customers and non-customers of the foreign and domestic correspondents.

3. If stocks, bonds or similar collateral, which must be free from liens and from any impediments to negotiability, are deposited with a member specifically to secure transactions which are executed on this Exchange, the current market value less the applicable haircut as specified in SEC Rule 15c3-1(c)(2)(vi) may be considered as margin value to such transactions.

   A registered futures commission merchant shall not accept as margin, pledge, hypothecate, assign or factor any customer owned warehouse receipt other than a warehouse receipt that is eligible for delivery in satisfaction of futures contracts at a contract market.

4. Foreign currencies or foreign government securities which are deposited with a member for margin purposes must be reported at the current rate of exchange to the dollar equivalent. The margin value will be determined by Regulation 431.02 paragraph 3.

5. In computing minimum margin requirements for any customer equities or impairment resulting from change in market prices shall be regarded as money equivalents.

6. No member shall extend any credit or give any rebate or gratuity of any kind to any person for the purpose of circumventing or evading minimum margin requirements.

7. It shall be incumbent upon each member to require satisfactory evidence that all hedging trades are bona fide hedging trades. A letter from a customer so stating will be considered "satisfactory evidence" under this paragraph unless there is reason to suspect otherwise.

8. An account shall be entitled to spread margins, whenever said account is in a spread position. The carrying member shall designate spread position on his margin records.

9. When a correspondent member's account with the Clearing House member consists of trades which are spreading trades, such account may be carried as a spreading account by the clearing member.

10. It shall be incumbent upon each member financing purchases of cash grain for country elevator customers to require satisfactory evidence that funds so loaned are not used to margin future contracts other than for the purpose of hedging cash grain.

    When a customer states that funds required to fully margin his account are being transmitted at once, the member may consider this assurance in lieu of cash for a reasonable period. Members are required to keep written records of all margin calls, whether made in writing or by telephone.

11. Members shall not accept orders for new trades from a customer, unless the minimum initial margin on the new trades is deposited and unless the margin on old commitments in the account equals or exceeds the initial requirements on hedging and spreading trades and/or the maintenance requirements specified in Regulations 431.03 and 431.05 on all other trades. If the customer has a credit in excess of the initial margin requirements on all old commitments in his account, this may be used as part or all of the initial margins required on new commitments. However, credits in excess of maintenance margins and less than initial margin requirements may not be used.

12. No customer shall be permitted to make withdrawals from an account when the margin therein is less than the minimum initial margin specified in Regulations 431.03 and 431.05 or when the withdrawals would impair such minimum requirements.

13. No member may carry for a customer spreading transactions when the customer's account, figured to the market, would result in a deficit. Minimum maintenance margins required on other transactions are specified in Regulations 431.03 and 431.05. When a customer's account drops below the maintenance margin level, the account must be brought back to initial margin requirements. The failure of a member to close the customer's account before it results in such deficit or undermargined condition shall not relieve the customer of any liability to the member, nor shall such failure on the part of a member amount to an extension of credit to the customer if the member in the exercise of reasonable care has been unable to close the account without incurring such deficit or undermargined condition.

14. A member may use his discretion in permitting a customer having an established account to trade during any day without margining each transaction, provided the net position resulting from the day's trading is margined as required by Rules 286.00, 431.00 and Regulations 431.02, 431.03 and 431.05.

15. When a customer switches an open interest in the same grain from one future to another and the orders for the purchase and sale are placed simultaneously, no additional margins need be required by his commission merchant because of such switch. However, if such orders are not placed simultaneously, the new position should be margined on the basis of minimum initial margin requirements.

16. A bona fide hedger, in financial instruments, reporting positions on a gross basis pursuant to Regulation 705.01, must pay appropriate margins on the gross positions reported during the delivery month. 1822 (08/01/94)

431.02A Hedging Transactions - WHEREAS, Regulation 431.02(7) makes it incumbent "upon each member to require satisfactory evidence that all hedging trades are bona fide hedging trades," and

WHEREAS, Regulation 431.02(7) further states that "a letter from a customer so stating will be considered 'satisfactory evidence' unless there is reason to suspect otherwise;"

NOW THEREFORE, BE IT RESOLVED that whenever a non-member customer of a member or member firm carries in its hedging account an open position in any Board of Trade futures contract exceeding speculative position limits established by the Association, it shall be incumbent upon the member or member firm to satisfy itself, and to be able to confirm to the Business Conduct Committee that the open position of such non-member customer, to the extent that it exceeds such speculative position limits, represents bona fide hedging transactions.

BE IT FURTHER RESOLVED that this resolution be published as a Ruling of the Association. 42R (08/01/94)

431.03 Margin on Futures - (07/01/02)

(1) MAINTENANCE AND INITIAL MARGINS. Other than Hedging or Spreading. Under the provisions of Rule 431.00, the Exchange hereby fixes the following minimum maintenance and initial margins for futures transactions, other than hedging and spreading transactions:

	Maintenance Margin	Initial Margin Mark-Up Percentage	Initial Margin
Agricultural Group			
Corn	$ 300 per contract	135%	$ 405
Oats (July 2002)	$ 600 per contract	135%	$ 810
Oats (Sep. 2002 forward)	$ 400 per contract	135%	$ 540
Rough Rice	$ 400 per contract	135%	$ 540
Soybeans	$ 600 per contract	135%	$ 810
Soybean Meal	$ 550 per contract	135%	$ 743
Soybean Oil	$ 400 per contract	135%	$ 540
Wheat	$ 550 per contract	135%	$ 743
Metals Group			
mini-sized N.Y. Gold	$ 200 per contract	135%	$ 270
Silver - 1000 Ounce	$ 200 per contract	135%	$ 270
mini-sized N.Y. Silver	$ 150 per contract	135%	$ 203
Financial Instrument Group			
Treasury Bonds	$1,800 per contract	135%	$2,430
mini-sized Treasury Bonds	$ 900 per contract	135%	$1,215
Treasury Note (6 1/2-10 year)	$1,200 per contract	135%	$1,620
mini-sized 10 Year Treasury Notes	$ 600 per contract	135%	$ 810
Treasury Note (5 year)	$ 900 per contract	135%	$1,215
Treasury Note (2 year)	$ 800 per contract	135%	$1,080
Agency Notes (10 year)	$1,200 per contract	135%	$1,620
Agency Notes (5 Year)	$ 600 per contract	135%	$ 810
10-Year Interest Rate Swap	$1,200 per contract	135%	$1,620

5-Year Interest Rate Swap	$1,150 per contract	135%	$1,553
30-Day Fed Funds	$ 400 per contract	135%	$ 540
Municipal Bond Index	$1,000 per contract	135%	$1,350
mini-sized Eurodollars	$ 250 per contract	135%	$ 338
X-Funds (set bi-weekly per contract)			
Stock Index Group			
DJIA(SM) Index	$3,000 per contract	135%	$4,050
mini-sized DJIA(SM) Index ($5 mult.)	$1,500 per contract	135%	$2,025
mini-sized DJIA(SM) Index ($2 mult.)	$ 600 per contract	135%	$ 810
Commodity Index Group			
CBOT Dow Jones - AIG(SM) Index	$1,000 per contract	135%	$1,350

(2) HEDGING MARGINS. Subject to the provisions of Paragraphs 8, 9,10 and 11 of Regulation 431.02, minimum initial and maintenance hedging margins on all commitments in futures shall be as follows:

	Maintenance Margin	Initial Margin Mark-Up Percentage	Initial Margin
Agricultural Group			
Corn	$ 300 per contract	100%	$ 300
Oats (July 2002)	$ 600 per contract	100%	$ 600
Oats (Sep. 2002 forward)	$ 400 per contract	100%	$ 400
Rough Rice	$ 400 per contract	100%	$ 400
Soybeans	$ 600 per contract	100%	$ 600
Soybean Meal	$ 550 per contract	100%	$ 550
Soybean Oil	$ 400 per contract	100%	$ 400
Wheat	$ 550 per contract	100%	$ 550
Metals Group			
mini-sized N.Y. Gold	$ 200 per contract	100%	$ 200
Silver - 1000 Ounce	$ 200 per contract	100%	$ 200
mini-sized N.Y. Silver	$ 150 per contract	100%	$ 150
Financial Instrument Group			
Treasury Bonds	$1,800 per contract	100%	$1,800
mini-sized Treasury Bonds	$ 900 per contract	100%	$ 900
Treasury Note (6 1/2-10 year)	$1,200 per contract	100%	$1,200
mini-sized 10 Year Treasury Notes	$ 600 per contract	100%	$ 600
Treasury Note (5 year)	$ 900 per contract	100%	$ 900
Treasury Note (2 year)	$ 800 per contract	100%	$ 800
Agency Notes (10 year)	$1,300 per contract	100%	$1,300
Agency Notes (5 year)	$ 600 per contract	100%	$ 600

5-Year Interest Rate Swap	$1,150 per contract	100%	$1,150
10-Year Interest Rate Swap	$1,200 per contract	100%	$1,200
30-Day Fed Funds	$ 400 per contract	100%	$ 400
Municipal Bond Index	$1,100 per contract	100%	$1,100
mini-sized Eurodollars	$ 250 per contract	100%	$ 250
X-Funds	(set bi-weekly/ per contract)		
Stock Index Group			
DJIA(SM) Index	$3,000 per contract	100%	$3,000
mini-sized DJIA(SM) Index ($5 mult.)	$1,500 per contract	100%	$1,500
mini-sized DJIA(SM) Index ($2 mult.)	$ 600 per contract	100%	$ 600
Commodity Index Group			
CBOT Dow Jones - AIG(SM) Index	$1,000 per contract	100%	$1,000

(3) SPREADING MARGINS. The minimum maintenance margin of spreading transactions shall be as follows:

Intra-market spreads (involving the same commodity) where both sides of the transaction are carried on the books of one member firm shall be margined to the market, except for the following commodities which will be margined as indicated:

Old Crop/New Crop:	Initial/Maintenance
Corn	$ 135 / $ 100
Soybeans	$ 338 / $ 250
Soybean Meal	$ 405 / $ 300
Soybean Oil	$ 135 / $ 100
Wheat	$ 270 / $ 200
Oats	$ 270 / $ 200

Inter-market spreads where both sides of the transaction are carried on the books of one member firm shall be as follows (See paragraph (1) for initial margin mark-up percentage):

Ratio	Spread	Spread Credit %
1:1	Soybeans vs. Soybean Oil	50%
1:1	Soybeans vs. Soybean Meal	65%
1:1	1000 oz. Silver vs. mini-sized N.Y. Silver	100%
1:1	Treasury Note (6-1/2-10 year) vs. Treasury Bond	80%
2:1	Treasury Note (6-1/2-10 year) vs. Treasury Bond	85%
1:2	Treasury Bond vs. mini-sized Treasury Bond	100%
1:2	10 Yr. Treasury Note vs. mini-sized Treasury Bond	80%
1:1	10 Yr. Treasury Note vs. mini-sized Treasury Bond	85%
1:1	10 Yr. Treasury Note vs. 10 Yr. Swap	80%
5:4	5 Yr. Treasury Note vs. mini-sized Treasury Bond	70%
1:2	5 Yr. Treasury Note vs. mini-sized Treasury Bond	70%
1:2	Municipal Bond Index vs. mini-sized Treasury Bond	75%

1:1	10 Yr. Agency vs. mini-sized Treasury Bond	75%
5:4	5 Yr. Agency vs. mini-sized Treasury Bond	55%
3:2	Treasury Note (5 year) vs. Treasury Note (6-1/2-10 year)	85%
1:2	mini-sized Bond vs. mini-sized 10 Yr. Treasury Note	85%
1:1	mini-sized Bond vs. mini-sized 10 Yr. Treasury Note	80%
1:2	10 Yr. Treasury Note vs. mini-sized 10 Yr. Treasury Note	100%
1:2	Treasury Bond vs. mini-sized 10 Yr. Treasury Note	80%
1:4	Treasury Bond vs. mini-sized 10 Yr. Treasury Note	85%
3:4	5 Yr. Treasury Note vs. mini-sized 10 Yr. Treasury Note	85%
1:2	5 Yr. Treasury Note vs. mini-sized 10 Yr. Treasury Note	80%
3:4	2 Yr. Treasury Note vs. mini-sized 10 Yr. Treasury Note	75%
1:2	2 Yr. Treasury Note vs. mini-sized 10 Yr. Treasury Note	70%
1:2	10 Yr. Swap vs. mini-sized 10 Yr. Treasury Note	80%
1:2	Municipal Bond Index vs. mini-sized 10 Yr. Treasury Note	75%
1:2	10 Yr. Agency vs. mini-sized 10 Yr. Treasury Note	80%
3:4	5 Yr. Agency vs. mini-sized 10 Yr. Treasury Note	75%
1:1	Treasury Note (6-1/2-10 year) vs. Municipal Bond Index	75%
1:1	Treasury Bond vs. Municipal Bond Index	75%
1:1	Treasury Note (5 year) vs. Treasury Note (6-1/2-10 year)	80%
1:1	Treasury Note (5 year) vs. Treasury Bond	70%
5:2	Treasury Note (5 year) vs. Treasury Bond	80%
1:1	Treasury Note (5 year) vs. Municipal Bond Index	70%
1:1	Treasury Note (2 year) vs. Treasury Note (6-1/2-10 year)	70%
1:1	Treasury Note (2 year) vs. Treasury Note (5 year)	85%
1:1	2 Yr. Treasury Note vs. mini-sized Eurodollar	50%
3:2	Treasury Note (2 year) vs. Treasury Note (6-1/2-10 year)	75%
1:2	Treasury Bond vs. 10 Yr. Agency	75%
1:1	10 Yr. Agency vs. 10 Yr. Treasury Note	80%
2:3	10 Yr. Agency vs. 5 Yr. Treasury Note	80%
2:3	10 Yr. Agency vs. 2 Yr. Treasury Note	80%
1:1	10 Yr. Agency vs. 10 Yr. Swap	85%
1:2	10 Yr. Swap vs. 5 Yr. Swap	80%
1:1	5 Yr. Swap vs. 5 Yr. Treasury Note	75%
2:5	Treasury Bond vs. 5 Yr. Agency	55%
2:3	10 Yr. Treasury Note vs. 5 Yr. Agency	75%
1:1	5 Yr. Treasury Note vs. 5 Yr. Agency	85%
1:1	2 Yr. Treasury Note vs. 5 Yr. Agency	80%
2:3	10 Yr. Agency vs. 5 Yr. Agency	75%

5:3	mini-sized Eurodollar vs. 30-Day Fed Funds	80%
1:5	DJIA(R) vs. mini-sized DJIA(R) ($2 mult.)	100%
1:1:1	Crush Spread (Same Crop Year) Soybeans (September Forward) vs. Soybean Meal (October Forward) vs. Soybean Meal (October) vs. Soybean Oil (October Forward)	80%
10:11:9	Crush Spread-Soybeans vs. Soybean Meal vs. Soybean Oil	80%

For the purpose of this paragraph, a crush spread is a position of 5,000 bushels of soybeans against one contract of soybean meal and one contract of soybean oil or a ratio of contracts that conforms to generally accepted soybean processor crush relationships. The number of crush spreads is limited to the net positions within any of the commodities.

(4) INTER-MARKET SPREADS. Inter-market spreads (involving the same commodity) where both sides of the transaction are carried on the books of one member firm shall be margined on the Chicago Board of Trade side as follows (SPAN-does not currently recognize inter-market spreads):

Ratio	Spread	Spread Credit %
1:1	CBOT Wheat vs. Kansas City Board of Trade Wheat	80%
1:1	CBOT Wheat vs. Minneapolis Grain Exchange Spring Wheat	70%
5:1	CBOT 1,000 oz. Silver vs. Comex 5,000 oz. Silver	50%
5:1	mini-sized N.Y. Silver vs. Comex Silver	50%
3:1	mini-sized N.Y. Gold vs. Comex Gold	50%
Other inter-market spreads		
2:3	CBOT T-Note (2 year) vs. CME Eurodollar	70%
5:2	CBOT T-Note (2 year) vs. FINEX T-Note (5 year)	80%
5:2	CBOT T-Note (5 year) vs. FINEX T-Note (5 year)	80%
5:2	CBOT T-Note (5 year) vs. FINEX T-Note (2 year)	80%
1:1	CBOT DJIA (SM) vs. KCBOT Mini-Value Line	70%
5:2	CBOT DJIA (SM) vs. KCBOT Value Line	70%
5:1	mini-sized CBOT DJIA (SM) ($2) vs. KCBOT Mini-Value Line	70%
25:1	mini-sized CBOT DJIA (SM) ($2) vs. KCBOT Mini-Value Line	70%
1:10	CBOT DJIA (SM) vs. Amex Diamonds	$800 (per CBOT side)
3:1	CBOT DJIA (SM) vs. CME S&P 500	65%
6:1	mini-sized CBOT DJIA (SM) ($5) vs. CME S&P 500	65%
15:1	mini-sized CBOT DJIA (SM) ($2) vs. CME S&P 500	65%
1:2	CBOT DJIA (SM) vs. CME mini-S&P 500	65%
1:1	mini-sized CBOT DJIA (SM) ($5) vs. CME mini-S&P 500	65%
3:1	mini-sized CBOT DJIA (SM) ($2) vs. CME mini-S&P 500	65%

(5) INTER-MARKET SPREADS FOR CBOT AND MIDAM CONTRACTS

(a) Customers

For purposes of Regulations 431.03 and 431.05, any spread or other recognized strategy specified therein may consist of a combination of positions in Chicago Board of Trade and MidAmerica Commodity Exchange (MidAm) contracts, provided that each MidAm position in such a combination is equivalent in size, and is in the same commodity, as is specified with respect to a Chicago Board of Trade position.

(b) Non-Clearing Members

For purposes of Regulations 431.01, 431.03 and 431.06, any spread or other

recognized strategy specified therein may consist of a combination of positions in Chicago Board of Trade and MidAmerica Commodity Exchange (MidAm) contracts, provided that each MidAm position in such a combination:

-- is equivalent in size, and is in the same commodity, as is specified with respect to a Chicago Board of Trade position;

and

-- is in a contract in which the non-clearing member has MidAm membership privileges.

431.03A Margins-Spreads involving soybeans versus only crude soybean oil or only soybean meal or spreads involving crude soybean oil versus soybean meal do not meet the requirements of Paragraph 4(a) of Regulation 431.03 and, therefore, do not qualify for margins on one side only. 34R (08/01/94)

431.03B Margins-The Rules Committee was asked the following questions:

(1) Is it permissible for a carrying broker to maintain an account with a bank where it is specified that the deposits therein are made at the request of a particular client - such funds not necessarily being those of the client.

(2) Is it permissible to maintain such an account, limiting it to the amounts deposited by such client.

The Committee is unanimously of the opinion that these practices are a violation of the Association's minimum margin Rules and Regulations. They constitute the extending of credit for margins. 40R (08/01/94)

431.04 Notice of Undermargined Omnibus Accounts-(See 285.05) (08/01/94)

431.05 Margin on Options-Under the provisions of Rule 431.00, the Board hereby establishes that minimum margins for option transactions will be determined by the *Standard Portfolio Analysis of Risk- (SPAN-) margin calculations.

Maintenance margin will equal the maximum of:

(a) Market Risk Margin calculation

(b) Extreme Market Risk calculation

(c) Gross Short Option calculation

(d) Initial margins for each commodity are identified in Regulations 431.03(1), (2) and (3).

For all long option positions premium must be paid in full when the position is initiated. See Regulations 1305.01, 2205.01, 2705.01, 2805.01, 2905.01, 3005.01, 3105.01, 3205.01, 3305.01, 3505.01, 3605.01, 4405.01, 4605.01, and 5805.01.

The values of the following policy variables will be determined by the Board of Directors:

1. Normal range of futures price changes.

2. Normal range of implied volatility changes.

3. Intermonth spread margin for determining intermonth spread risk.

4. Extreme range of futures price changes.

5. Backup margin collection ratio for the Extreme calculation.

6. Gross short option assessment level. (02/01/02)

431.06 Margin on Options-Non-Clearing Members--A non-clearing member who makes his own option trades or who on the Floor gives his orders for option trades which are exclusively for his account shall be subject solely to the provisions of the *Standard Portfolio Analysis of Risk-margin (SPAN-).

Maintenance margin will equal the maximum of:

(a) Market Risk Margin calculation.

(b) Extreme Market Risk calculation.

(c) Gross Short option calculation.

For all long option positions premium must be paid in full when the position is initiated. See Regulations

1305.01, 2205.01, 2705.01, 2805.01, 2905.01, 3005.01, 3105.01, 3205.01, 3305.01, 3505.01, 3605.01, 4405.01, 4605.01, and 5805.01. (02/01/02)

*"SPAN-" and "Standard Portfolio Analysis of Risk-" are trademarks of the Chicago Mercantile Exchange. The Chicago Mercantile Exchange assumes no liability in connection with the use of SPAN by any person or entity.

B. Inter-Market Option Spreads--(See 431.03) section 5 (12/01/01)

432.00 Customers' Securities--The improper use of a customer's securities is inconsistent with just and equitable principles of trade. 211 (08/01/94)

433.00 Agreement for Use of Securities--An agreement between a member and a customer, authorizing the member to pledge securities, either alone or with other securities carried for the account of the customer, either for the amount due thereon or for a greater amount, or to lend such securities, does not justify the member in pledging or loaning more of such securities than is fair and reasonable in view of the indebtedness of said customer to said member.

No form of general agreement between a member and a customer shall warrant the member in using securities carried for the customer for delivery on sales made by the member for his own account, or for any account in which the firm or corporation of said member or of any general or special partner therein is directly or indirectly interested. 212 (08/01/94)

433.01 Construction of Rules 432.00 and 433.00--A customer's wholly owned securities and/or excess collateral (securities in excess of the approximate amount required to enable the member carrying the account to finance it) must be segregated in a manner which clearly identifies their ownership. The member carrying the account shall keep a record of the location of such segregated securities and the means by which their ownership may be identified. When such securities are in the custody of another broker, the member carrying the account shall keep such other broker fully informed at all times as to the specific securities to be segregated. This Regulation applies to both odd lots and round lots. (08/01/94)

443.00 Exempt Transactions--The provisions of the Rules and Regulations respecting member rates of commission and brokerage rates shall be superseded not later than March 4, 1978. 219A (08/01/94)

444.01 Transfer Trades; Exchange of Futures for Physicals and Give-up Transactions--Transfer trades, or office trades, are defined and limited to trades made upon the books of a commission merchant for the purpose of: (a) transferring existing trades from one account to another within the same office where no change in ownership is involved; or, (b) transferring existing trades from the office of one commission merchant to the office of another commission merchant where no change in ownership is involved, provided that no such transfer may be made for the purpose of evading and avoiding delivery on such trades and provided further that if such transfer is made after receipt from the Clearing House of a notice of intention to deliver applicable to such trades, then the notice of intention to deliver must be passed through the Clearing House along with the trades so transferred and the Clearing House shall thereupon pass the notice of intention to deliver to the commission merchant to whom such transfer has been made and delivery shall be taken by such commission merchant; or, (c) exchanging futures for cash commodities or in connection with cash commodities transactions; or, (d) exchanging futures for, or in connection with, swap transactions involving Dow Jones-AIG Commodity Index(SM) futures, Municipal Bond Index futures, 10-Year Interest Rate Swap futures, 5-Year Interest Rate Swap futures and Long Term and Medium Term (Fannie Mae(R) Benchmark and Freddie Mac Reference) Note(sm) futures; or, (e) to establish the prices of cash commodities; or, (f) correcting errors on cleared trades, provided the original trade documentation confirms the error and the special clearing code or screen designated by the Board of Directors has been used to identify these transfers; or (g) transferring trades executed on behalf of another commission merchant from the account of the executing commission merchant to the account of the other commission merchant customer where no change of ownership is involved, provided that the special clearing code or screen designated by the Board of Directors has been used to identify these transfers. The Business Conduct Committee ("BCC") may, in its discretion, upon written request, exempt a transfer trade from the requirements of this provision providing that the transfer trade is made for the purpose of combining the positions held by two or more commodity pools which are operated by the same commodity pool operator and traded by the same commodity trading advisor, pursuant to the same strategy, into a single account so long as the transfer does not result in the liquidation of any open positions, and the pro rata allocation of interests in the consolidating account does not result in more than a de minimis change in the value of the interest of any pool participant and such other transfers as the BCC, in its discretion, shall exempt in connection with or as a result of, a merger, asset purchase, consolidation or similar non-recurring transaction between two or more entities where one or more entities become the successor in interest to one or more other entities.

Give-up transactions must be transferred in accordance with the procedure provided in subparagraph (g) above. In the case of give-up transactions, the commission merchant ("executing commission merchant") executing a trade on behalf of another commission merchant (the "carrying commission merchant") (including such carrying commission merchant's customers) must submit the trade to the Clearing House for clearing, and remains responsible for the clearing and settlement of such trade as prescribed by the Clearing House. Executing commission merchants and carrying commission merchants must utilize an automated invoicing system for commission payments resulting from give-up transactions, as determined by the Board of Directors. Notwithstanding the foregoing, the executing commission merchant, carrying commission merchant and, as applicable, the customer on the account at the carrying commission merchant for which the trade is executed, may by agreement set out their respective obligations and financial responsibility to one another relating to the transfer of the trade.

Exchange of futures in connection with cash commodity transactions or of futures for cash commodities or of futures for, or in connection with, swap transactions involving Dow Jones-AIG Commodity Index(SM) futures, Municipal Bond Index futures, 10-Year Interest Rate Swap futures, 5-Year Interest Rate Swap futures and Long Term and Medium Term (Fannie Mae(R) Benchmark and Freddie Mac Reference) Note(sm) futures may be made at such prices as are mutually agreed upon by the two parties to the transaction.

All transfer trades made between the offices of two commission merchants and all office trades made in connection with cash commodity transactions or the exchange of futures for cash commodities or the exchange of futures for, or in connection with, swap transactions involving Dow Jones-AIG Commodity Index(SM) futures, Municipal Bond Index futures, 10-Year Interest Rate Swap futures, 5-Year Interest Rate Swap futures and Long Term and Medium Term (Fannie Mae(R) Benchmark and Freddie Mac Reference) Note(sm) futures shall be

designated by proper symbol as transfer or office trades and must be cleared through the Clearing House in the regular manner.

Transfer trades must be made at the same price or prices which appear on the books of the transferring commission merchant, and the transfer must also show the date when such trade or trades were originally made; provided, however, that those transfers involving a debtor as defined by and in accordance with Regulation 272.02 shall retain the original trade date for purposes of delivery but shall be entered on the books of the transferee at the settlement price on the day of the transfer. In addition, each party to transfer trade transactions shall file with the Clearing House a memorandum stating the nature of the transaction, whether the transaction has resulted in a change of ownership, the kind and quantity of cash commodity, if any is involved, the kind, quantity and price of the commodity future, the name of the opposite Clearing member, if any, and such other information as the Clearing House may require. 1809A (07/01/02)

444.01A Transfer Trades and Inter-Market Spreads - - Owing to the fact that some questions have arisen as to what may properly be handled in the way of give-ups, as office trades or transfer trades, particularly in connection with the new Commodity Exchange Act, the Directors have found it necessary to clarify this situation with certain interpretations which will be mailed to all members shortly. In the meantime, there is one point which seems important because of the past custom of the trade, and we wish to call attention to it. In case a house has spread orders between markets at a guaranteed difference, such as buying Winnipeg or Minneapolis or Kansas City and selling Chicago at a fixed difference, it has been customary in the past in the event they found some other house going the other way at the same difference to exchange futures in the two markets in order to consummate the spread. In other words, this was done by give-ups rather than by pit executions. Under the new interpretation, such a give-up is not permissible, inasmuch as it involves a change of ownership and is not a give-up against a cash transaction, as interpreted by the Commodity Exchange Act or the Board of Trade Rules. Accordingly, it will not be permissible to exchange futures in the form of give-ups under such circumstances, which will compel the actual filling of these limited spreads by means of pit executions.

While this appears to work a certain amount of hardship, it seems to be required in order to conform to the law and to the Rules of the Association; and, accordingly, attention is directed to it in order to avoid possible confusion where spreads are being worked between two markets. (08/01/94)

444.01B Prohibition on Exchange of Futures for Cash Commodities and on Exchange of Futures for, or in Connection with, Swap Transactions Involving Multi-Parties--The exchange of futures for cash commodities or in connection with cash commodity transactions or of futures for, or in connection with, swap transactions involving Dow Jones-AIG Commodity Index futures, Municipal Bond Index futures, 10-Year Interest Rate Swap futures, 5-Year Interest Rate Swap futures and Long Term and Medium Term (Fannie Mae(R) Benchmark and Freddie Mac Reference) Note(sm) futures may only occur when the buyer of the futures contracts is the seller of the cash commodity and the seller of the futures contracts is the buyer of the cash commodity. The transaction must be submitted to the clearing house by a clearing firm acting on its own behalf or for the beneficial account of a customer who is a party to the transaction. (07/01/02)

444.02 Clearance of Exchanges of Futures for Physicals Transactions and of Exchanges of Futures for, or in Connection with, Swap Transactions--With respect to the futures portion of an exchange of future for physical transaction or swap transaction involving Dow Jones-AIG Commodity Index futures, Municipal Bond Index futures, 10-Year Interest Rate Swap futures, 5-Year Interest Rate Swap futures and Long Term and Medium Term (Fannie Mae(R) Benchmark and Freddie Mac Reference) Note(sm) futures, clearing firm on opposite sides of the transaction must subsequently approve the terms of the transaction, including the clearing firm (division), price, quantity, commodity, contract month and date prior to submitting the transaction to the Clearing House. (07/01/02)

444.03 Transfer Trades in a Delivery Month--During the delivery month and 2 business days prior to the first delivery day, (or in the case of crude petroleum during position month) transfer trades for the purpose of offsetting existing positions where no change of ownership is involved are prohibited when the date of execution of the position being transferred is not the same as the transfer date. Positions carried at different houses for the same owner 2 business days prior and to a delivery month and thereafter (or in the case of crude petroleum during position month) are required to be offset in the pit or through the normal delivery process. The receiving firm has the responsibility to assure compliance with this regulation. (08/01/94)

444.04 Exchange of Futures for, or in Connection with, Swap Transactions Involving Dow Jones-AIG Commodity Index futures, Municipal Bond Index Futures, 10-Year Interest Rate Swap Futures, 5-Year Interest Rate Swap futures and Long Term and Medium Term Fannie Mae(R) Benchmark and Freddie Mac Reference Note(sm) Futures--An exchange of futures for, or in connection with, a swap transaction (EFS) consists of two discrete, but related, transactions; a swap transaction and a futures transaction. At the time such transaction is effected, the buyer and seller of the futures must be, respectively, the seller and the buyer of the swap. The swap component shall involve the commodity underlying the futures contract (or a derivative, by-product or related product of such commodity). The quantity covered by the swap must be approximately equivalent to the quantity covered by the futures contracts. (07/01/02)

444.05 Transfer Trades for the Purpose of Offsetting mini-sized Dow/sm/ Futures ($2 multiplier), mini-sized Dow/SM/ Futures ($5 multiplier), and CBOT(R) Dow Jones Industrial Average/SM/ (DJIA/SM/) Futures - With the consent of the account controller, a clearing member may offset and liquidate long mini-sized Dow/SM/ futures ($2 multiplier) positions against short DJIA/SM/ futures

positions, or short mini-sized Dow/SM/ futures ($2 multiplier) positions against long DJIA/SM/ futures positions, held in the same contract month and year and in the same account in a ratio of 5 mini-sized Dow/SM/ ($2 multiplier) contracts to 1 (one) DJIA/SM/ contract. With the consent of the account controller, a clearing member may offset and liquidate long mini-sized Dow/SM/ futures ($5 multiplier) positions against short DJIA/SM/ futures positions, or short mini-sized Dow/SM/ futures ($5 multiplier) positions against long DJIA/SM/ futures positions, held in the same contract month and year and in the same account in a ratio of 2 (two) mini-sized Dow/SM/ ($5 multiplier) contracts to 1 (one) DJIA/SM/ contract. With the consent of the account controller, a clearing member may offset and liquidate long mini-sized Dow/SM/ futures ($2 multiplier) positions against short mini-sized Dow/SM/ futures ($5 multiplier) positions, or short mini-sized Dow/SM/ futures ($2 multiplier) positions against long mini-sized Dow/SM/ futures ($5 multiplier) positions, held in the same contract month and year and in the same account in a ratio of 5 (five) mini-sized Dow/SM/ ($2 multiplier) contracts to 2 (two) mini-sized Dow/SM/ ($5 multiplier) contracts. The clearing member shall notify the Clearing House of offsetting positions by submitting reports to the Clearing House in such form and manner as the Clearing House shall specify. The positions being offset shall be transferred to a holding account at the Clearing House and long and short positions in the same contract month in the holding account will be netted, thus reducing the number of open positions in such contract. (04/01/02)

450.00 Exchange Service Fees -

(a) members, membership interest holders and member firms. Each Full and Associate Member, Membership Interest Holder and member firm shall be obligated to pay to the Association, at such times and in such manner as the Board may prescribe, fees for transactions executed by open outcry, in accordance with the following fee schedules. All rate specifications are per contract/per side. All volume specifications are per calendar month.

(1) Full or Associate Member or Membership Interest holder trading from the Exchange Floor for such Member's or Membership Interest holder's own account and/or executing trades as a floor broker for others: 5 cents.

(2) Trades made for a member firm's account:

(i) 6 cents for contract volume up to 50,000;
(ii) 5 cents for contract volume from 50,000 to 150,000; and
(iii) 4 cents for contract volume in excess of 150,000.

(3) Full or Associate Member or Membership Interest holder trading for such Member's or Membership Interest holder's own account from any location other than the Exchange Floor:

(i) 6 cents for contract volume up to 50,000;
(ii) 5 cents for contract volume from 50,000 to 150,000; and
(iii) 4 cents for contract volume in excess of 150,000.

The maximum of fees paid per year by any Full or Associate Member pursuant to subsections (1) and (3) above shall be $25,000. This fee cap shall apply only to the fees specified in this section (a), subsections (1) and (3).

(b) non-member. Each member or registered eligible business organization handling the funds of non-member customers shall include, in the statements to each customer, an Exchange Service Fee, for transactions executed by open outcry, in accordance with the following fee schedule for each Board of Trade contract bought or sold for the account of the non-member customer. All rate specifications are per contract/per side. All volume specifications are per calendar month.

(1) Non-agricultural contracts:

(i) 50 cents for contract volume up to 50,000;
(ii) 40 cents for contract volume from 50,000 to 150,000; and
(iii) 30 cents for contract volume in excess of 150,000.

(2) Agricultural contracts:

(i) 60 cents for contract volume up to 50,000;
(ii) 50 cents for contract volume from 50,000 to 150,000; and
(iii) 40 cents for contract volume in excess of 150,000.

All Exchange Service Fees collected from non-member customers shall be remitted by the member or registered eligible business organization to the Association at such times and in such manner as the Board may prescribe.

(c) e-cbot fees for members, membership interest holders and member firms. Each Full and Associate Member, Membership Interest holder and member firm shall be obligated to pay, at such times and in such manner as the e-cbot Board may prescribe, fees for e-cbot transactions in accordance with the following fee schedules. All rate specifications are per contract/per side. All volume specifications are per calendar month.

(1) Full or Associate Member or Membership Interest holder trading from the Exchange Floor or from any other location for such Member's or Membership Interest holder's own account:

(i) 20 cents for contract volume up to 50,000;
(ii) 18 cents for contract volume from 50,000 to 150,000; and
(iii) 15 cents for contract volume in excess of 150,000.

(2) Trades made for a member firm's account:

(i) 35 cents for contract volume up to 50,000;
(ii) 30 cents for contract volume from 50,000 to 150,000; and
(iii) 25 cents for contract volume in excess of 150,000.

Notwithstanding the foregoing, e-cbot fees for mini-sized contracts shall be at such rates as the e-cbot Board shall prescribe.

(d) e-cbot fees for non-members. Each member or registered eligible business organization handling the funds of non-member customers shall include, in the statements to each customer, an e-cbot fee in accordance with the following schedule for each Board of Trade contract bought or sold through e-cbot for the account of the non-member customer. All rate specifications are per contract/per side. All volume specifications are per calendar month.

(1) Non-agricultural contracts:

(i) 1 dollar 25 cents for contract volume up to 50,000;
(ii) 95 cents for contract volume from 50,000 to 150,000; and
(iii) 70 cents for contract volume in excess of 150,000.

(2) Agricultural contracts: 1 dollar 50 cents.

Notwithstanding the foregoing, e-cbot fees for mini-sized contracts shall be at such rates as the e-cbot Board shall prescribe.

All e-cbot fees collected from non-member customers shall be remitted by the member or registered eligible business organization at such times and in such manner as the e-cbot Board may prescribe.

(e) licensed contract fee. In addition to the fees specified in Rule 450.00(a) through 450.00(d), as applicable, the Board may establish Licensed Contract Fees applicable to transactions in contracts which the Exchange lists for trading pursuant to a licensing arrangement, including, but not limited to, Dow Jones/sm/ and Municipal Bond Index contracts. The maximum rate for any such Licensed Contract Fee shall be 20 cents per contract/per side.

(f) EFP/EFS surcharge. In addition to the fees specified above, as applicable, a surcharge per contract shall apply to Member, Membership Interest holder, member firm and non-member Exchange for Physicals ("EFP") and Exchange for Swap ("EFS") transactions in accordance with the following fee schedule:

(1) Non-agricultural transactions: 25 cents.
(2) Agricultural transactions: 15 cents.

(g) electronic order routing fee. In addition to the fees specified in Rule 450.00(a) or 450.00(b), as applicable, a fee of 5 cents per contract shall apply to transactions resulting from orders which are routed to the Exchange Floor by an electronic order routing mechanism.

(h) other fees. Fees shall apply on a per contract basis for exercises, deliveries, assignments and expirations in accordance with the following fee schedule:

(1) For the account of a Member, Membership Interest holder or member firm: 5 cents.
(2) For the account of a non-member: 50 cents.

(i) CBOT X-Fund surcharge for non-members. In addition to the fees specified in Rule 450.00(b)(1) and Rule 450.00(h)(2), as applicable, the Board may establish a surcharge applicable to transactions in CBOT X-Fund contracts, bought or sold, and for exercises, deliveries, assignments and expirations for the account of a non-member customer. Any such surcharge shall be on a per side basis.

(j) temporary authorization for fee revisions. The following provisions shall apply in connection with the first amendments to this rule which are adopted by membership vote after November 1, 2001.

(1) For a period of six months after the implementation of the above-referenced amendments, the Board of Directors and/or the e-cbot Board of Directors, as applicable, (the "applicable Board"), upon recommendation of the Executive Committee, shall be authorized to adjust the fee provisions specified in this rule, without submitting such adjustments to a membership vote.

(2) The applicable Board may approve such adjustments based on a determination, in that Board's sole discretion, that such adjustments are in the best interests of the Exchange and are consistent with Regulation 450.05.

(3) The temporary authorization set forth in this section (i) shall expire at the end of the six-month period specified in subsection (1) above.

(k) fee obligations, collections and remittals. Members, Membership Interest holders and member firms shall be obligated to pay, to the Association, the applicable fees and surcharges specified in Rule 450.00 (e) through (i) in the same manner as is specified in Rule 450.00(a). Fees and surcharges specified in Rule 450.00 (e) through (i) which are applicable to non-member transactions shall be collected and remitted in the same manner as is specified in Rule 450.00(b).

(l) revenue. The applicable Board shall have the authority in its discretion to suspend member transaction fees, fees on the execution of trades and non-member Exchange Service Fees at any time during a fiscal year upon making a determination that year-to-date Exchange revenues have attained a sufficient level to render the further collection of such fees unwarranted.

(m) reports. Each member or registered eligible business organization subject to the provisions of this Rule shall submit to the Association such reports as the applicable Board may deem necessary for the administration of this Rule.

(n) enforcement. No member or registered eligible business organization shall be obligated to the Association for the payment of Exchange Service Fees attributable to non-member transactions except to the extent that such fees are collected from non-member customers; provided, however, that each member or registered eligible business organization responsible for the collection of Exchange Service Fees shall make a bona fide and diligent effort to collect such amounts and shall not have the right, without prior approval of the Association, to release or forgive any indebtedness of a non-member to the Association for Exchange Service Fees. In the event of delinquencies in the payment of Exchange Service Fees by a non-member, the applicable Board in its discretion may order that further trading in the accounts of such non-member shall be for liquidation only until the indebtedness is paid.

(o) special assessments. This Rule shall not be construed to supersede Rule 240.00 in any way nor to abrogate the responsibility and right of the Board to levy such additional assessments, charges or fees pon the membership as may be necessary to meet the obligations of the Association. 136 (02/01/02)

450.01 Exchange Service Fees - Payment of the Exchange Service Fee in respect to transactions executed by a Member, Membership Interest Holder, or Delegate on the Floor as a floor broker for the account of others, under Rule 450.00, must be remitted to the Exchange's Accounting Department within thirty days commencing from the date of the Exchange's invoice to the member. Failure to pay the invoiced transaction fees within the prescribed thirty days may result in the suspension (pursuant to the provisions of Exchange Regulation 540.06) of the defaulting member's membership privileges, including

floor access and the benefit of member transaction fees.

Payment of the Exchange Service Fee in respect to transactions for Members' Membership Interest Holders' or Delegates' own accounts or Member firms' accounts, under Rule 450.00, must be remitted to the Exchange's Accounting Department by the member firm clearing such transactions within twenty-one days commencing from the date of the Exchange's invoice to such clearing member firm.

No member or registered eligible business organization shall identify on its statements to nonmember customers any charge as an "Exchange Service Fee" unless the amount shown is actually due and payable to the Association under Rule 450.00. (04/01/00)

450.01A Exchange Service Fees - BE IT RESOLVED, that Regulation 450.01 be adopted with effective date of April 1, 1974 for Exchange Service Fees on member transactions and May 1, 1974 for Exchange Service Fees on non-member transactions. (08/01/94)

450.02A Member's Own Account - For the purpose of implementing Rule 450.00, the term "member's own account" shall refer only to those commodity futures or commodity options trading accounts that are wholly owned by and held in the name of one or more members. For any account held by more than one member, all trades made for such account shall pay transaction fees equal to the highest fee required of any of the individual participants in the account, in accordance with Regulation 285.07. An account owned by and held in the name of a non-member spouse or other relative of a member shall not be considered a member's account. (01/01/02)

450.02B Member's Own Account in Trust - For the purpose of Rule 450.00, a commodity futures or commodity options trading account placed in trust shall be deemed a "members own account" if the following are true:

(1) the member is the sole settlor of the trust; and

(2) the member is one of the trustees of the trust and as such trustee, has sole control over the investment-making decisions of the trust; and

(3) the beneficiaries of the trust include only the member, the member's spouse and/or the member's descendants; and

(4) the trust declaration expressly incorporates the Rules and Regulations of the Exchange, as may be amended; and

(5) the interest in the trust that inures to the beneficiaries of the trust shall be subject to all Rules and Regulations of the Exchange, as may be amended; and

(6) the non-member trustee, if any, expressly agrees in the trust declaration, to be subject to all Rules and Regulations of the Exchange, as amended.

The member must provide the Exchange, via the Member Services Department, a copy of the trust declaration creating the trust described in the preceding sentence as well as any amendments thereto along with a letter from an attorney stating that in the attorney's opinion, the trust created is designed to achieve the estate planning objectives of the member. Upon the member's death or if the member is adjudged incompetent, any commodity futures or commodity options trading account placed in trust pursuant to this section by such member will be treated as a non-member trading account for purposes of implementing Rule 450.00. (01/01/02)

450.02C Member Firm's Proprietary Account - For the purpose of implementing Rule 450.00, the term "member firm's account" shall refer only to those commodity futures or commodity options trading accounts that are wholly owned by and held in the name of the member firm. The term "member firm" shall refer only to a firm registered with the Exchange pursuant to Regulation 230.02. For an account to qualify as member firm proprietary account, delegates and individuals who are non-members with respect to the contracts being traded, who initiate and/or enter trades on behalf of the proprietary account must meet the following requirements:

(1) may not provide trading capital for the account; and

(2) may not have responsibility for downside risk of trading losses or responsibility to provide capital based on losses; and

(3) individuals other than delegates must be issued a W-2 (or comparable documentation in jurisdictions other than the United States) and must be included in the firm's payroll tax records; and

(4) may not contribute subordinated debt, unless the individual is a partner or shareholder of the member firm; and

(5) gross trading profits and losses must be reported in the firm's income statement; and

(6) the time period for which a trader is evaluated (for the determination of the percentage of trading profits) may not exceed a twelve-month period and may not carry over the firm's fiscal year-end.

Any account where the member firm shares ownership with another entity or individual must comply with Regulation 285.07. (07/01/02)

450.02D Affiliates of Member Firms - An entity which is wholly-owned by one or more member firms or which wholly owns a member firm, and which delegates (leases) a Full or Associate Membership on its own behalf, shall thereby qualify for delegate fee treatment with respect to its transactions on the Exchange. The term "member firm" shall refer only to a firm registered with the Exchange pursuant to Regulation 230.02. (02/01/02)

450.04 Exchange Service Fees - Adjustments - Exchange Service Fee adjustments may be granted to or required of member firms which have made overpayments to or underpaid the Exchange for any reason. The Exchange will only grant adjustments to member firms for the overpayment of exchange service fees for a period of up to one year back from the month-end preceding the date when a rebate request is made by the firm. The Exchange will only require member firms to make adjustments for the underpayment of exchange service fees for a period of up to three years back from the end of the audit period selected by the Exchange. Interest and or costs may be assessed in accordance with policies established by the Exchange. (10/01/01)

450.05 Fees -- Members and member firms will be granted lower fees than non-members. (11/01/00)

450.06 Member Fee Cap Clarification - The maximum amount of fees paid of $25,000 as described in Rule 450.00 (a) applies only to trades executed on the Exchange trading floor and not to trades executed through e-cbot. (01/01/02)

Ch4 Adjustments

460.01 Errors and Mishandling of Orders - (See 350.04) (08/01/94)
460.02 Checking and Reporting Trades - (See 350.02) (08/01/94)
460.03 Failure to Check Trades - (See 350.01) (08/01/94)
460.04 Price of Execution Binding - (See 331.01) (08/01/94)

465.01 Records of Customers' Orders - Immediately upon receipt in the sales office of a customer order each member or registered eligible business organization shall prepare a written record of the order. It shall be dated and time-stamped when the order is received and shall show the account designation, except that in the case of a bunched order the account designation does not need to be recorded at that time if the order qualifies for and is executed pursuant to and in accordance with CFTC Regulation 1.35(a-1)(5). The order shall also be time-stamped when it is transmitted to the Floor of the Exchange and when its execution, or the fact that it is unable to be executed, is reported from the Floor of the Exchange to the sales office. All time-stamps required by this paragraph shall show the time to the nearest minute.

Immediately upon receipt on the Floor of the Exchange of a customer order, each member or registered eligible business organization shall prepare a written record of the order. It shall be dated and time-stamped when the order is received on the Floor and shall show the account designation, except that in the case of a bunched order the account designation does not need to be recorded at that time if the order qualifies for and is executed pursuant to and in accordance with CFTC Regulation 1.35(a-1)(5). The order shall also be time-stamped:

(a) when it is transmitted to the floor broker if it is not transmitted immediately after it is received on the Floor, and

(b) if the written order is transmitted to the floor broker, when the order is received back from the floor broker, or

(c) if the order is transmitted to the floor broker verbally or by hand signals, when a report of its execution, or the fact that it is unable to be executed, is received from the floor broker.

Only time-stamps which are specified by the Exchange and synchronized with the Exchange Floor master clock may be used on the Exchange Floor.

It shall be an offense against the Association to manipulate or tamper with any time-stamp on the Exchange Floor, so as to put it out of synchronization with the master clock. Records of customer orders executed through the Exchange's Project A system facility shall be governed by 9B.20.

Any errors on written records of customer orders prepared on the Floor of the Exchange may be corrected by crossing out the erroneous information without obliterating or otherwise making illegible any of the originally recorded information. (07/01/99)

465.02 Application and Closing Out of Offsetting Long and Short Positions -

(a) APPLICATION OF PURCHASES AND SALES. Any commission merchant, subject to the Rules of the Association, who

(1) Shall purchase any commodity for future delivery for the account of any customer (other than the "Customers' Account" of another commission merchant) when the account of such customer at the time of such purchase has a short position in the same future of the same commodity on the same market, or

(2) Shall sell any commodity for future delivery for the account of any customer (other than the "Customers' Account" of another commission merchant) when the account of such customer at the time of such sale has a long position in the same future of the same commodity on the same market, or

(3) Shall purchase a put or call option for the account of a customer when the account of such customer at the time of such purchase has a short put or call option position in the same option series as that purchased, or

(4) Shall sell a put or call option for the account of a customer when the account of such customer at the time of such sale has a long put or call option position in the same option series as that sold

shall on the same day apply such purchase or sale against such previously held short or long futures or options position, as the case may be, and shall promptly furnish such customer a purchase and sale statement showing the financial result of the transactions involved.

(b) CUSTOMERS'S INSTRUCTIONS. In all instances wherein the short or long futures or options position in such customer's account immediately prior to such offsetting purchase or sale is greater than the quantity purchased or sold, the commission merchant shall apply such offsetting purchase or sale to such portion of the previously held short position as may be specified by the customer. In the absence of specific instructions from the customer, the commission merchant shall apply such offsetting purchase or sale to the oldest portion of the previously held long or short position, as the case may be. Such instructions also may be accepted from any person who, by power of attorney or otherwise, actually directs trading in the customer's account unless the person directing the trading is the commission merchant (including any partner thereof), or is an officer, employee, or agent of the commission merchant. With respect to every such offsetting transaction that, in accordance with such specific instructions, is not applied to the oldest portion of the previously held futures or options position, the commission merchant shall clearly show on the purchase and sale statement issued to the customer in connection with the futures or options transaction, that as a result of the specific instructions given by or on behalf of the customer the transaction was not applied in the usual manner i.e., against the oldest portion of the previously held futures or option position. However, no such showing need be made if the commission merchant has received such specific instructions in writing from the customer for whom such an account is carried.

(c) IN-AND-OUT TRADES; DAY TRADES. Notwithstanding the provisions of paragraphs (a) and (b) above, this Regulation shall not be deemed to require the application of purchases or sales closed out during the same day (commonly known as "in-and-out trades" or "day trades") against short or long positions carried forward from a prior date.

(d) EXCEPTIONS. The provisions of this Regulation shall not apply to:

(1) purchases or sales of futures contracts for the purpose of covering the granting of options on a contract market, if such purchases or sales are accompanied by instructions and other evidence that such futures contracts are cover for granted options.

(2) Purchases or sales constituting "bona fide hedging transactions" as defined in C.F.T.C. Regulation 1.3(z).

(3) sales during a delivery period for the purpose of making delivery during such delivery period if such sales are accompanied by instructions to make delivery thereon, together with warehouse receipts or other documents necessary to effectuate such delivery.

(4) Purchases or sales made in separate account of a commodity pool, provided that:

(i) The trading for such pool is directed by two or more unaffiliated commodity trading advisors acting independently, each of which is directing the trading of a separate account;

(ii) The commodity pool operator maintains only such minimum control over the trading for such pool as is necessary to fulfill its duty to supervise diligently the trading for such pool;

(iii) Each trading decision made by a commodity trading advisor for such pool is determined independently of all trading decisions made by any other commodity trading advisor for such pool;

(iv) The purchases and sales for such pool directed by different commodity trading advisors acting independently are executed by open and competitive means on or subject to the rules of a contract market; and

(v) No position held for or on behalf of separate pool accounts traded in accordance with paragraphs (d) (4) (i), (d) (4) (ii), (d) (4) (iii) and (d) (4) (iv) of this section may be closed

out by transferring such an open position from one of the separate accounts to another account of the pool.

(5) Purchases or sales made in separate accounts owned by a customer or option customer, provided that:

(i) Each person directing trading for one of the separate accounts is unaffiliated with and acts independently from each other person directing trading for a separate account;

(ii) Each person directing trading for one of the separate accounts, unless he is the account owner himself, does so pursuant to a power of attorney signed and dated by the customer, and which includes, at a minimum, the name, address and telephone number of the person directing trading and the account number over which such power is granted;

(iii) Each trading decision made for each separate account is determined independently of all trading decisions made for the other separate account or accounts;

(iv) The purchases and sales for such accounts are executed by open and competitive means on or subject to the rules of a contract market;

(v) No position held for or on behalf of separate accounts traded in accordance with paragraphs (d) (5) (i), (d) (5) (ii), (d) (5) (iii) and (d) (5) (iv) of this section may be closed out by transferring such an open position from one of the separate accounts to another of such accounts; and

(vi) The customer or option customer and each person directing trading for the customer or option customer provides the futures commission merchant with written confirmation that the trading and the operation of the customer's or option customer's accounts will be in accordance with paragraphs (d) (5) (i), (d) (5) (ii), (d) (5) (iii), (d) (5) (iv) and (d) (5) (v) of this section. The written confirmation must be signed and dated, and received by the futures commission merchant before it can avail itself of this exception provided by this paragraph.

(6) Purchases or sales made in separate accounts of a p|) }) anted an exemption in accordance with 425.05 and 495.05 of this chapter, provided that:

(i) The purchases and sales for such accounts are executed in open and competitive means on or subject to the rules of a contract market; and

(ii) No position held for or on behalf of separate accounts traded in accordance with this paragraph may be closed out by transferring such an open position from one of the separate accounts to another of such accounts.

(7) Purchases or sales held in error accounts, including but not limited to floor broker error accounts, and purchases or sales identified as errors at the time they are assigned to an account that contains other purchases or sales not identified as errors and held in that account ("error trades"), provided that:

(i) Each error trade does not offset another error trade held in the same account;

(ii) Each error trade is offset by open and competitive means on or subject to the rules of a contract market by not later that the close of business on the business day following the day the error trade is discovered and assigned to an error account or identified as error trade, unless at the close of business on the business day following the discovery of the error trade, the relevant market has reached a daily price fluctuation limit and the trader is unable to offset the error trade, in which case the error trade must be offset as soon as practicable thereafter; and

(iii) No error trade is closed out by transferring such an open position to another account also controlled by that same trader.

(8) Purchases or sales held in the separate accounts of a customer who has granted discretionary authority to a futures commission merchant, an associated person of a futures commission merchant, or a commodity trading advisor trading separate trading programs which have been marketed separately, provided that:

(i) The purchases or sales for such accounts are executed in open and competitive means on or subject to the rules of a contract market; and

(ii) No position held for or on behalf of separate accounts traded in accordance with this paragraph (d)(8) may be closed out by transferring such an open position from one of the separate accounts to another of such accounts.

(e) With respect to the exception from the provisions of this section set forth in paragraph (d) (5) of this section, if a futures commission merchant that carries the separate accounts of a customer or option customer, or if an associated person of such futures commission merchant, directs trading for one of the separate accounts:

(1) the futures commission merchant must first furnish the customer or option customer with a written statement disclosing that, if held open, offsetting long and short positions in the separate accounts may result in the charging of additional fees and commissions and the payment of additional margin, although offsetting positions will result in no additional market gain or loss. Such written statement shall be attached to the risk disclosure statement required to be provided to a customer or option customer under CFTC Regulation 1.55. (07/01/94)

465.02A Exchange's No Position Stance on FCM's Internal Bookkeeping Procedures - The Exchange takes no position regarding the internal bookkeeping procedures of a commission merchant who, for the convenience of a customer, may hold concurrent long and short position in the same commodity, month (and strike price). This does not relieve the commission merchant of its responsibilities under Regulation 465.02 of offsetting the position for Exchange reporting purposes (i.e., Large Trader, Open Interest and Long Positions Eligible for Delivery) and promptly furnishing the customer a purchase and sale statement showing the financial result of the transactions involved. (08/01/94)

465.03 Orders and Cancellations Accepted On A 'Not Held' Basis - (See 337.01) (08/01/94)

465.04 Records of Floor Order Forms - Clearing Members shall establish and maintain procedures that will assure the complete accountability of all floor order forms used on the Exchange Floor. Machine and handwritten orders are required to be machine sequentially prenumbered and maintained by the firm in sequential order (except as otherwise provided in Regulation 465.05). (10/01/01)

465.05 Floor Order Forms - All floor orders must be in a form approved by the Floor Governors Committee or an employee of the Office of Investigations and Audits designated by the Floor Governors Committee.

Floor order forms must be machine sequentially prenumbered and contain the following machine preprinted information:

(1) the name of the Clearing Member (except as provided below);

(2) bracket designations,

(3) a space designated for the customer account number; and

(4) a space designated for the executing broker identification. (10/01/01)

Should a Clearing Member authorize a customer to enter orders directly with a floor broker in accordance with Appendix 3B(F), the Clearing Member, at its sole discretion, may authorize the floor broker to enter the Clearing Member's name on a floor order ticket that does not include the pre-printed name of the Clearing Member. In such circumstances, the floor broker must utilize machine sequentially pre-numbered orders that include the machine pre-printed acronym of the floor broker, and the floor broker must assure the complete accountability of all floor order forms used on the Exchange Floor.

465.06 Broker's Copy of Floor Orders - Upon request, a clearing firm must provide its broker, in an expeditious and reasonable manner, with a copy of every floor order he is asked to execute. (08/01/94)

465.07 Designation of Order Number Sequences - To facilitate Exchange monitoring of order flow volume, the Exchange may prescribe particular sequences of order form numbers for member firms to use in specified areas of the Exchange Floor. (07/01/94)

465.08 Post-Execution Allocation - All trades entered and executed in accordance with CFTC Regulation 1.35(a-1)(5) regarding orders eligible for post-execution allocation, must be allocated in sufficient time to meet the requirements of the Board of Trade Clearing Corporation trade submission for the trade date of the order. (07/01/99)

466.00 Orders Must be Executed in the Public Market - (See 332.00) (08/01/94)

Ch4 Offices and Branch Offices

475.00 Offices and Branch Offices - Member firms and member sole proprietors may establish offices other than main offices. All offices of member firms and member sole proprietors and employees thereof shall be subject to the Rules and Regulations of the Association, and shall be subject to the jurisdiction of the Business Conduct Committee in connection therewith; provided, however, that the Business Conduct Committee may exempt such offices and employees from any such Rule or Regulation which is incompatible with, in conflict with or unrelated to the functions performed by them. The term "branch office" shall include each branch office or wholly-owned subsidiary of the member firm that solicits, accepts, or services Commodity Futures Contracts or Options and/or is listed by the member firm as a branch office with the National Futures Association.

A branch office must conduct business under the same name as the parent firm or corporation. 129 (01/01/99)

Ch4 APs and Other Employees

480.01 APs - An Associated Person ("AP") is an employee of a member sole proprietor or member firm who solicits, accepts or services business other than in a clerical capacity in commodity futures and commodity options, and who has been granted registration as an Associated Person ("AP") by the Commodity Futures Trading Commission (CFTC) or the National Futures Association (NFA) pursuant to the Commodity Exchange Act. (08/01/94)

480.02 Employers Responsible for APs - Employers, in all instances, shall be responsible for the acts and omissions of their APs and branch office managers. (08/01/94)

480.09 Other Employees - The Business Conduct Committee may require that the name, remuneration, term of employment and actual duties of any employee of a member or of a member firm shall be stated to the Committee, together with such other information with respect to the employee as the Committee may deem requisite. The Committee may, in its discretion, disapprove of said employment, remuneration or term of employment. (08/01/94)

480.10 Supervision - Any willful act or omission by which a member fails to ensure compliance with the rules, regulations and bylaws of the Association by such member's partners, employees, agents or persons subject to his supervision shall constitute an offense against the Association by the member.

Any willful act or omission by which a member firm fails to ensure compliance with the rules, regulations and bylaws of the Association by such member firm's partners, directors, officers, employees or agents shall constitute an offense against the Association by the member firm. (07/01/95)

Ch4 Options Transactions

490.00 Application of Rules and Regulations - Unless specifically negated or unless superseded, each Rule or Regulation of the Association pertaining to transactions in future delivery contracts shall apply with equal force and effect to transactions in options. (08/01/94)

490.02 Option Customer Complaints - Each commission merchant engaging in the offer or sale of options pursuant to these Rules and Regulations shall, with respect to all written option customer complaints and oral option customer complaints which result in, or which would result in an adjustment to the option customer's account in an amount in excess of one thousand dollars:

(1) Retain all such written complaints and make and retain written records of all such oral complaints; and

(2) Make and retain a record of the date the complaint was received, the employee who serviced the account, a general description of the matter complained of, and what, if any, action was taken by the commission merchant in regard to the complaint. (08/01/94)

490.03 Supervision Procedures - Each commission merchant engaging in the offer or sale of options pursuant to these Rules and Regulations shall adopt and enforce written procedures pursuant to which it will be able to supervise adequately each option customer's account, including but not limited to, the solicitation of such account; provided that, as used in this Regulation, the term "option customer" does not include another commission merchant. (08/01/94)

490.03A Introducing Brokers Guaranteed by Member FCMs/Supervision Procedures - The Board of Directors in a special polling held on Friday, February 3, 1984 approved the following Resolution of the Member Services Committee pursuant to Regulation 490.03 of the Association.

WHEREAS, The Commodity Futures Trading Commission has provided by regulation that introducing brokers operating pursuant to a guarantee agreement with an FCM be permitted to solicit and/or accept orders for exchange-traded options if the Exchange of which the guarantor FCM is a member has adopted rules which govern the commodity option related activity of the guaranteed introducing broker; and

WHEREAS, it is the desire of certain members to permit the solicitation and/or acceptance of Chicago Board of Trade options by introducing brokers guaranteed by a member FCM;

NOW THEREFORE, be it -

RESOLVED, that each Rule or Regulation of the Association pertaining to the options sales practices of members or their employees shall apply with equal force and effect to the options sales practices of introducing brokers who are operating pursuant to a guarantee agreement with a member FCM and such member FCM shall be fully responsible therefor, and that this Resolution shall remain in effect until rescinded by a vote of the members or until such time as the National Futures Association or other registered futures association adopts rules which are approved by the Commodity Futures Trading Commission to govern the commodity option related activity of such guaranteed introducing brokers. (08/01/94)

490.05 Disclosure - Each commission merchant engaging in the offer or sale of options pursuant to these Rules and Regulations shall enforce the following requirements pertaining to disclosure statements:

(1) Prior to opening an options account for an options customer, each commission merchant must furnish the options customer with a separate written risk disclosure statement, as set forth and described in Commodity Futures Trading Commission Regulation 33.7, and receive from the options customer an acknowledgement, signed and dated by the options customer, that he received and understood the disclosure statement.

(2) Each disclosure statement and acknowledgement must be retained by the commission merchant in accordance with applicable Regulations of the Commodity Futures Trading Commission.

(3) Prior to the entry into an options transaction pursuant to these Rules and Regulations, each commission merchant or the person soliciting or accepting the order therefor must provide each options customer with all of the information required under the disclosure statement; Provided, further, that the commission merchant must provide current information to an options customer if the information provided previously has become inaccurate.

(4) Prior to the entry into an options transaction pursuant to these Rules and Regulations, each options customer or prospective options customer shall, to the extent the following amounts are known or can reasonably be approximated, be informed by the person soliciting or accepting the order therefore of the amount of the premium, commissions, costs, fees and other charges to be incurred in connection with the options transaction, as well as the strike price and all costs to be incurred by the options customer if the option is exercised; in addition, the limitations, if any, on the transfer of an options customer's account to a commission merchant other than the one through whom the options transaction is to be executed shall also be provided in writing.

(5) For the purposes of this Regulation, a commission merchant shall not be deemed to be an options customer. (08/01/94)

490.06 Promotional Material - Each commission merchant engaging in the offer or sale of futures and options pursuant to these Rules and Regulations shall promptly make available upon request to the Office of Investigtions and Audits all promotional material pertaining to trading in such futures and options.

For the purposes of this Regulation, the term "promotional material" includes:

(1) any text of a standardized oral presentation, or any communication for publication in any newspaper, magazine or similar medium, or for broadcast over television, radio, or other electronic medium, which is disseminated or directed to a customer or prospective customer concerning a commodity futures or option transaction;

(2) any standardized form of report, letter, circular, memorandum or publication which is disseminated or directed to a customer or prospective customer; and

(3) any other written material disseminated or directed to a customer or prospective options customer for the purpose of soliciting a futures or options order, including any disclosure statement. (08/01/94)

490.07 Sales Communication - Each commission merchant engaging in the offer or sale of futures and options pursuant to these Rules and Regulations is prohibited from making fraudulent or high-pressure sales communications relating to the offer or sale of such futures and options. (08/01/94)

490.09 Reports by Commission Merchants - Each commission merchant shall make and submit such reports showing options positions held by any of its customers, in such form as may be required from time to time by the Office of Investigations and Audits or the Business Conduct Committee. Specifically, and without limiting the authority of the Office of Investigations and Audits or the Business Conduct Committee under this Regulation, all information needed to comply with Part 16 of the Commission's Regulations (17 CFR Part 16) may be collected from any member. (08/01/94)

Chapter 5
Disciplinary Proceedings

Chapter 5
Disciplinary Proceedings

Ch5 Offenses

500.00 Inequitable Proceedings - It shall be an offense against the Association to violate any Rule or Regulation of the Association or any By-Law or Resolution of the Clearing House, regulating the conduct or business of members, or any agreement made with Association, or engage in fraud, dishonorable or dishonest conduct, or in conduct or proceedings inconsistent with just and equitable principles of trade, or make default relating to the delivery of contracts traded for future delivery (unless such default was unintentional). 141 (08/01/94)

501.00 Fictitious Transactions - It shall be an offense against the Association to create fictitious transactions or to give an order for the purchase or sale of futures or options the execution of which would involve no change in ownership, or to execute such an order with knowledge of its character. 142 (08/01/94)

502.00 Demoralization of Market - Purchases or sales of commodities or securities, or offers to purchase or sell commodities or securities, made for the purpose of upsetting the equilibrium of the market and bringing about a condition of demoralization in which prices will not fairly reflect market values, are forbidden and any member who makes or assists in making such purchase or sale or offers to purchase or sell with knowledge of the purpose thereof, or who, with such knowledge shall be a party to assist in carrying out any plan or scheme for the making of such purchases or sales or offers to purchase or sell, shall be deemed to be guilty of an act inconsistent with just and equitable principles of trade. 143 (08/01/94)

503.00 Misstatements - It shall be an offense against the Association to make a misstatement upon a material point to the Board, or to a Standing or Special Committee, or to the Executive Committee, or to the Board of Governors of the Clearing House, or on an application for membership.

If, after notice and opportunity for hearing in compliance with Regulation 540.02 and 540.03, the Hearing Committee finds that a member, prior to his application for membership, has been guilty of a fradulent, dishonorable, or dishonest act and that the facts and circumstances thereof were not disclosed on his application for membership, the member may be expelled or suspended in accordance with this chapter. 144 (08/01/94)

504.00 Acts Detrimental to Welfare of the Association - It shall be an offense against the Association to engage in any act which may be detrimental to the interest or welfare of the Association. 145 (08/01/94)

504.00A Transactions in Warehouse Receipts - Rule 504.00

It has come to the attention of the Directors that certain member firms have entered into contracts for the purchase and/or sale for deferred delivery of warehouse receipts for grain in store in Chicago.

In the opinion of the Directors, this practice is unusual and irregular and is in violation of various Rules and Regulations of the Association and is detrimental to the interest and welfare of the Association under Rule 504.00.

You are hereby notified that members are liable to discipline if they enter into contracts for the purchase or sale for deferred delivery of grain in store in Chicago or of warehouse receipts issued against grain in elevators located in the Chicago Switching District.

This interpretation does not affect the purchase and sale of grain for future delivery consummated in accordance with the Rules and Regulations relating to futures contracts; nor sales in store when payment and delivery is made on the following day nor the purchase and sale of warehouse receipts on a 'when

delivered' basis entered into after the expiration of trading in a contract and requiring performance on or before the end of the delivery month. 3R (08/01/94)

505.00 Commodity Exchange Act - Any member or any registered eligible business organization adjudged guilty of a violation of the Commodity Exchange Act or of any Regulation or Order thereunder, by the final decision in a federal administrative or judicial proceeding may be deemed to have violated Rule 504.00 of the Association. 603 (04/01/98)

506.00 Reckless Dealing - Reckless and unbusinesslike dealing is inconsistent with just and equitable principles of trade. 146 (08/01/94)

507.00 Investment Trust Corporation - Participation by a member, or by a firm or corporation, registered under the provisions of these Rules and Regulations, in the formation or management of investment trust corporations, or similar organizations, which in the opinion of the Board involve features which do not properly protect the interests of investors therein, may be held to be an act detrimental to the interests or welfare of the Association. 148 (08/01/94)

508.00 Circulation of Rumors - The circulation in any manner of rumors of a sensational character by a member, in any case where such act does not constitute fraud or conduct inconsistent with just and equitable principles of trade, is an act detrimental to the interest or welfare of the Association.

Members shall report to the Secretary any information which comes to their notice as to the circulation of such rumors. 149 (08/01/94)

509.00 Other Offenses

A. It shall be an offense against the Association to:

(a) Attempt extortion;

(b) Trade systematically against the orders or position of his customers;

(c) Manipulate prices of or attempt to corner the market in any commodity or security;

(d) Disseminate false or inaccurate market information;

(e) Trade or accept margins after insolvency;

(f) Make any trade for the account of or give up the name of any clearing member without authority from such clearing member;

(g) Be deprived of the privilege of trading under the Commodity Exchange Act;

(h) Trade for any person deprived of the privilege of trading under the Commodity Exchange Act;

(i) Accept an order or make a trade for the Manager, Assistant Manager, or other employee of the Clearing House except in the exercise of their official duties;

(j) Fail to comply with an order or award of the Committee of Arbitration. 150

B. No member shall be directly or indirectly interested in or associated in business with, or have his office directly or indirectly connected by public or private wire or other method or contrivance with, or transact any business directly or indirectly with or for

(a) Any bucket shop; or

(b) Any organization, firm, or individual making a practice of dealing on differences in market quotations; or

(c) Any organization, firm or individual engaged in purchasing or selling commodities or securities for customers and making a practice of taking the side of the market opposite to the side taken by customers. 152 (08/01/94)

511.00 Trading on Other Exchanges - No member of this Association shall be permitted to trade on any exchange in the City of Chicago whose Constitution, By-Laws, Rules, or Regulations prescribe or

519.00A Unauthorized Entry - Unauthorized entry into the trading areas (see 310.01) shall be deemed to constitute presence in restricted areas. (08/01/94)

519.01 Committee Procedure -

(a) FLOOR CONDUCT COMMITTEE.

(i) The Floor Conduct Committee may impose minor penalties against members for decorum offenses committed by such members or by any person or persons for whom such members are responsible. The Floor Conduct Committee may impose minor penalties for the offenses set forth in Regulation 520.00A. Minor penalties for the purpose of this Regulation shall be defined as a warning, fines not exceeding $5,000 for any one offense and/or access denial not to exceed five days. A respondent may request a hearing by filing a written request for a hearing with the Exchange Services Department within ten (10) business days after the penalty is imposed; the Floor Conduct Committee shall hear the matter in accordance with Regulation 540.02 through 540.05. The decision of the Floor Conduct Committee may be appealed to the Appellate Committee as provided in Regulation 519.02(d). Failure to request a hearing shall be deemed a consent to the warning or fine. Unless a hearing is requested, if a fine is not paid within thirty (30) days after it was due, the Floor Conduct Committee may, without hearing, revoke the badge or suspend the floor privileges of a floor clerk for whose conduct the fine was imposed.

(ii) The Floor Conduct Committee pursuant to this Regulation may impose minor penalties for disorderly conduct, intentional physical abuse, sexual harassment and the use of profane or obscene language. The Floor Conduct Committee, in its discretion, may impose a fine not to exceed $5,000, in addition to any access denial, for any violation within its jurisdiction regardless of the number of the offense.

(iii) Any member or individual with floor access privileges who has received a Floor Conduct Committee Notice of Rule(s) Violation ("ticket") for a decorum offense of Disorderly Conduct, Intentional Physical Abuse, Sexual Harassment and/or Use of Profane or Obscene Language

and, during the same trading session, engages in a further Rule or Regulation violation relating to Disorderly Conduct, Intentional Physical Abuse, Sexual Harassment and/or Use of Profane or Obscene Language may, in addition to other sanctions (including, but not limited to, fines, suspensions and expulsions imposed by the Association pursuant to the Rules and Regulations) be immediately and summarily removed from the Exchange trading floor and denied trading floor access for the remainder of the trading session pursuant to the following procedures:

(1) Certification by the Chairman of the Pit Committee (or, in the Chairman's absence, by a Vice Chairman of the Pit Committee) that the individual has continued to engage in Disorderly Conduct, Intentional Physical Abuse, Sexual Harassment and/or Use of Profane or Obscene Language after having previously received a Floor Conduct Committee Notice of Rule (s) Violation ("ticket") for the same offense in the same trading session; and

(2) Approval of such summary action by a member of the Floor Governors Committee and a member of the Board of Directors or by two members of the Board of Directors, provided that no individual granting such approval shall have been involved in the altercation.

Additionally, should the first such offense be of such a serious nature, the individual similarly may be denied trading floor access for the duration of the trading session pursuant to the above procedure.

(b) CTR SUBCOMMITTEE.

(i) The Chairman of the Business Conduct Committee and the Chairman of the Floor Governors Committee may each appoint at least two members of their respective Committees to serve on a joint CTR Subcommittee. The CTR Subcommittee shall, by a majority vote, elect a Chairman. The CTR Subcommittee shall address violations involving the accurate and complete maintenance of books and records, including errors or omissions in the submission of Computerized Trade Reconstruction Data. In fulfilling its responsibilities, the CTR Subcommittee shall have the same authority granted to the Business Conduct Committee and the Floor Governors Committee in Rules 542.00 and 543.00, respectively, to issue preliminary charges and to conduct hearings with regard to specified penalties, and shall have the same authority granted to such Committees to impose penalties pursuant to settlement agreements in accordance with Regulation 540.09.

(ii) The CTR Subcommittee may, without hearing, impose minor penalties against members or member firms for violations of Regulations 332.02, 332.04, 332.041, 332.05, 332.06, 332.07, 332.08 or 332.09 that are within the jurisdiction of either the Floor Governors Committee or the Business Conduct Committee. Minor penalties for the purpose of this subparagraph shall be defined as fines not exceeding $1,000 for any one offense.

(iii) Following is the schedule of minor penalties the CTR Subcommittee may impose pursuant to subparagraph (ii); however, this schedule is non-binding, and the CTR Subcommittee, in its discretion, may impose a fine not to exceed $1,000 for any violation within its jurisdiction regardless of the number of the offense:

ERRORS OR OMISSIONS IN BRACKETING	1st Offense	$ 100 fine
TRADES:	2nd Offense	$ 250 fine
	3rd Offense	$ 500 fine
	4th Offense	$1,000 fine
ERRORS OR OMISSIONS IN SUBMISSION OF	1st Offense	$ 100 fine
COMPUTERIZED TRADE RECONSTRUCTION	2nd Offense	$ 250 fine
DATA:	3rd Offense	$ 500 fine
	4th Offense	$1,000 fine

(iv) The Floor Governors Committee may, without hearing, impose minor penalties against members for intra-association or contiguous association trading in excess of the percentages permitted by the Board pursuant to Regulation 330.03. Minor penalties for the purpose of this subparagraph shall be defined as fines not exceeding $5,000 for any one offense.

(v) Following is the schedule of minor penalties the Floor Governors Committee may impose pursuant to subparagraph (iv); however, this schedule is non-binding, and the Floor Governors Committee, in its discretion, may impose a fine not to exceed $5,000 for any violation within its jurisdiction regardless of the number of the offense

1st Offense	$ 500 fine
2nd Offense within 24 months	$1,000 fine
3rd Offense within 24 months	$2,500 fine
Any subsequent offense within 24 months	$5,000 fine

(vi) At the time of an offense of the type set forth in subparagraph (iv), or as soon thereafter as practical, a representative of the Office of Investigations and Audits, shall upon the authorization of one member of the Floor Governors Committee, issue a ticket to the offender notifying the member or member firm that the Floor Governors Committee may impose a summary penalty in accordance with this regulation or may issue charges against the member or member firm and impose penalties as authorized in Rule 543.00. A representative of the Office of Investigations and Audits shall submit a copy of the ticket to the Floor Governors Committee. The Committee shall then determine whether to summarily impose a minor penalty or to issue charges. The Committee shall also have the authority to summarily impose minor penalties or to issue charges for the types of offenses set forth in subparagraph (iv) on the basis of reports presented to the Committee by the Office of Investigations and Audits.

(vii) A respondent may request an appeal of a minor penalty by filing a written request for a hearing with the Office of Investigations and Audit within ten (10) business days after the penalty is imposed. The CTR Subcommittee shall hear the matter and its decision shall be final and may not be appealed. Failure to request a hearing shall be deemed a consent to the fine.

(viii) Whenever the CTR Subcommittee summarily imposes a minor penalty against a member or member firm, the member or member firm shall be given written notification of the penalty. The notice shall inform the member or member firm of the right to appeal the penalty to the CTR Subcommittee and the consequences of a failure to pay a fine if no hearing is requested.

(ix) Nothing contained herein shall be construed to limit or restrict the powers and authority of the Business Conduct Committee or the Floor Governors Committee. (05/01/02)

519.02 Floor Conduct Committee -

(a) The Chairman of the Association may, with the consent of the Board, appoint members to a Floor Conduct Committee. Members of the Committee may not be members of the Floor Governors Committee.

(b) Meetings. The Floor Conduct Committee shall determine the time and place of its meetings and the manner and form in which such meetings shall be conducted. In the interest of efficiency, the Chairman of the Floor Conduct Committee may appoint panels of Floor Conduct Committee members to hold duly constituted meetings. Any such panel shall consist of three or more members of the Floor Conduct Committee. The majority vote of such a panel of the Committee shall be the official act or decision of the Committee. The Chairman of the Floor Conduct Committee shall determine for each meeting, in his or her sole discretion, whether a panel or the full Floor Conduct Committee shall convene.

(c) Duties of Committee. It shall be the function and duty of the Floor Conduct Committee to ensure decorum on the Floor of the Exchange in regard to decorum offenses set forth in Regulations 520.00A, 519.00A, 519.05 and 519.07 and in accordance with Rule 519.00 and Regulation 519.01. Floor Conduct Committee members shall issue a ticket to an offender notifying him that the Floor Conduct Committee has imposed a warning or fine as described in Regulations 520.00A, 519.00A and/or 519.05 and in accordance with Rule 519.00 and Regulation 519.01 for such violations which occur in the trading pits, including the steps leading into the pit. The ticket requires the signature of two members of the Floor Conduct Committee.

The Committee shall have the authority to discipline a member or other person with trading privileges found to have violated any Rule or Regulation within its jurisdiction by reprimand, by denial of the

privileges of the Floor of the Exchange not to exceed five (5) days and/or by the imposition of a fine not to exceed $5,000.

The Chairman and Vice Chairman of the Pit Committee shall be considered members of the Floor Conduct Committee for the sole purpose of issuing tickets for decorum offenses within their pit.

The Floor Conduct Committee shall be responsible for issuing badges to and recalling badges from all non-members, except as otherwise provided within the Rules and Regulations.

(d) Appeal. A member, member firm, or other person with floor privileges, may appeal from the decision of the Committee by filing with the Secretary of the Association, within ten business days after the Committee's decision is sent to the respondent, a Notice of Appeal to the Appellate Committee requesting a review by the Appellate Committee of all or part of the Committee's decision.

(e) Offense Against the Association. Any member of the Association, member firm, or other person with floor privileges who fails to comply with the disciplinary action of the Committee after such action becomes effective shall be charged with an offense against the Association, and if found guilty, shall either be fined, suspended, or expelled by the Board.

(f) Hold-over Member. Whenever the Committee members have begun to hear or review evidence and argument in any proceeding, and the term of one or more of the members expires, such member or members may continue in office until the proceeding has ended. A hold-over member shall not participate in any other Committee business, nor shall his continuation in office impair the appointment of his successor or his successor's right to participate in all other Committee business. (01/01/96)

519.03 Bracketing Violations - The Floor Governors Committee may levy fines for violations of Regulation 332.02, pertaining to the recording of bracket data, in accordance with the Summary Procedures as provided in Regulation 519.01(b). (08/01/94)

519.04 Pit Committee Supervision and Enforcement of Pit Decorum - It shall be the function and duty of each Pit Committee to supervise and enforce any and all Decorum Offenses within its particular pit. (See 360.01.) The Pit Committees' authority is meant to supersede and replace the authority of the Floor Conduct Committee for Decorum Offenses committed within the respective trading pits. The Floor Conduct Committee maintains jurisdictional authority for any and all Decorum Offenses that occur outside of the respective trading pits. (03/01/97)

519.05 Weapons Prohibition - No weapons shall be permitted on the Exchange Floor or in the lobby area adjacent to the Exchange Floor. Any violation of this Regulation shall be deemed a decorum offense and penalties may be imposed pursuant to Rule 519.00 and Regulation 519.01. (08/01/94)

519.06 Submission of Computerized Trade Reconstruction Data - The Floor Governors Committee may levy fines for violations of Regulation 545.02, 332.04, 332.041, 332.05, 332.06, 332.07, 332.08, and 332.09, pertaining to the accurate and complete maintenance of books and records, including the submission of Computerized Trade Reconstruction data, in accordance with the Summary Procedures as provided in Regulation 519.01(b). (07/01/95)

519.07 Sexual Harassment - Sexual harassment will not be tolerated on the Floor or Halls of the Exchange. Sexual harassment consists of unlawful verbal or physical conduct directed at a person when that conduct is based on that person's sex and has a substantial adverse effect on him or her in the workplace. Such conduct may include, but is not limited to, the following:

1. requests for sexual favors that may or may not be accompanied by threats or promises of preferential treatment with respect to an individual's employment status;

2. verbal, written or graphic communications of a sexual nature, including lewd or sexually suggestive comments, off-color jokes of a sexual nature or displays of sexually explicit pictures, photos, posters, cartoons, books, magazines or other items; and

3. patting, pinching, hitting or any other unnecessary contact with another person's body or threats to take such action.

Any violation of this Regulation shall be deemed a decorum offense and penalties may be imposed pursuant to Rule 519.00 and Regulation 519.01. (01/01/96)

520.00 Smoking - Smoking of cigarettes and other smoking materials is prohibited in the Exchange Halls (during trading hours or business days). Any member, or any person affiliated with a registered eligible business organization who violates this Rule shall be guilty of an offense against the Association and, in the case of persons affiliated with a registered eligible business organization, such firm may also be found guilty of an offense against the Association. 164 (04/01/98)

520.00A Exchange Floor Fines - The Secretary of the Association shall impose a fine of $25 to $5,000, as directed by the Floor Conduct Committee for each violation of Rules, Regulations, directives or guidelines issued by the Floor Conduct Committee relating to smoking and other use of tobacco products, badges, food and beverage, dress code, decorum, and guests and visitors on the Exchange Floor.

The following schedule of fines is approved; however, this schedule is non-binding, and the Floor Conduct Committee, in its discretion, may impose a fine not to exceed $5,000, in addition to any access denial, for the violations set forth below regardless of the number of the offense.

BADGES: (improper usage)	1st offense $25.00
	2nd offense $50.00
	3rd offense denial of access to the Floor
(Failure to display Exchange issued badge)	$200.00 each offense
(unauthorized entry into pits)	1st offense $100.00
	2nd offense $200.00
	3rd offense $500.00
(unauthorized usage of a key card)	1st offense $1,000.00
	2nd offense denial of Floor access
SMOKING/USE OF TOBACCO PRODUCTS:	1st offense $100.00
	2nd offense $200.00
	3rd offense $500.00
	4th offense disciplinary action
FOOD AND BEVERAGE:	1st offense $50.00
	2nd offense $100.00
	additional offense by individual - $500.00
GUESTS AND VISITORS:	1st offense $25.00
	2nd offense $50.00
	3rd offense $100.00
DRESS CODE:	1st offense $25.00
	2nd offense $50.00
	3rd offense $100.00
	No jeans are to be permitted on the Exchange Floor.
RUNNING:	1st offense by individual - $25.00
	2nd offense by individual - $50.00

	3rd offense by individual - $75.00
	4th offense by individual - $100.00
PROPERTY OFFENSES:	1st offense $200.00
	2nd offense $500.00
THROWING OF OBJECTS:	1st offense $50.00
	2nd offense $200.00
	3rd offense $500.00

The procedure for the imposition of a fine shall be as follows:

As set forth in Regulation 519.02(c), Floor Conduct Committee members shall issue a ticket to an offender for offenses which occur in the trading pits, including the steps leading into the pit. The ticket requires the signature of two Committee members.

Security guards shall issue tickets for offenses which occur outside the boundaries of the trading pits and the entrance area to the Exchange Floor.

A guard shall take the name of the offender and submit it to the Floor Conduct Committee. The Committee may issue a directive to the Secretary of the Exchange to impose a fine in the amount stated in the directive. The directive shall be signed by two members of the Floor Conduct Committee. Fines for offenses may be imposed on a member committing a violation, or upon a member or member firm for a violation committed by an employee of such member or member firm.

The Secretary of the Exchange shall give the member or member firm written notification of the fine. The notice shall inform the member or member firm of the right to request a hearing and the consequences of a failure to pay the fine if no hearing is requested.

Property offenses, for the purpose of this Ruling 520.00A, shall include sitting or standing on floor booths, standing on chairs or stools on the trading floor, extending telephone cords across an aisle, defacing property, or any other action which may damage property or impede communications or traffic on the trading floor. The privilege of the Floor will be denied, for a period of time as determined by the Floor Conduct Committee, for extending a telephone cord into a pit.

For purposes of this Ruling, the fine shall have been imposed as of the date that the written notice is delivered to the member or member firm. (02/01/95)

521.00 Floor Access - Upon receipt by the Association of actual notice that any member or registered eligible business organization, or any other person with trading privileges, has entered a plea of guilty to or has been adjudged guilty of a violation of any criminal statute involving moral turpitude, the Chairman of the Board may order an investigation (unless already in progress) to ascertain whether violations of the Rules and Regulations have occured, and the Board may, when immediate action is necessary to protect the best interests of the marketplace, and subject to the provisions of Regulation 540.06, forthwith deny access to the trading floor to such person or registered eligible business organization until the investigation, including any disciplinary proceedings, is concluded.

The issues in a Regulation 540.06 hearing under this Rule are limited to (1) whether or not the member or registered eligible business organization, or other person with trading privileges, has entered a plea of guilty to or has been adjudged guilty of a violation of any criminal statute involving moral turpitude, and (2) whether or not immediate action is necessary to protect the best interests of the marketplace. (04/01/98)

540.00 Proceedings Before The Board - The Board may review decisions of the Appellate Committee, and may agree to hear disciplinary matters referred to it by the Appellate Committee or the Hearing Committee. Whenever the respondent shall have had an opportunity to present evidence or legal defenses in connection with the pending matter before any Standing or Special Committee in accordance with Regulations 540.02 and 540.03, and the jurisdiction of the Board is based upon either an appeal by the respondent from the decision of such Committee or is a referral of the matter by such Committee to the Board, the Board shall not entertain any new evidence or new legal defenses not raised before such Committee except upon a clear showing by the respondent that such new evidence or new legal defense did not exist or was not ascertainable by due diligence at the time of the Committee proceedings, and that there was insufficient time within the intervening period prior to the hearing of the Board for the respondent to bring such new evidence or legal defense to the attention of such Committee.

After hearing all the witnesses and the respondent, if he desires to be heard, the Board shall determine whether to affirm, reverse, modify or remand the decision of the Committee under review and may impose penalties in accordance with Rule 560.00. The finding of the Board shall be final and conclusive when rendered.

If the respondent has not been given notice and opportunity for hearing, pursuant to Regulations 540.02 and 540.03, before a disciplinary committee, the Board may, rather than holding a hearing remand the matter to the appropriate disciplinary committee. 155 (08/01/94)

540.00A Committee Authority To Refer Matters for Investigation - Any Committee of the Association which in the course of its activities discovers a possible violation of the Rules and Regulations of the Association may, refer the matter to the Office of Investigations and Audits or the appropriate disciplinary committee. 39R (08/01/94)

540.01 Review Of Investigation Report - The disciplinary committee shall promptly review each investigation report. In the event the disciplinary committee determines that additional investigation or evidence is needed, it shall promptly direct the enforcement staff to conduct its investigation further. Within a reasonable period of time not to exceed 30 days after the receipt of a completed investigation report, the disciplinary committee shall take one of the following actions:

(a) If the disciplinary committee determines that no reasonable basis exists for finding a violation or that prosecution is otherwise unwarranted, it may direct that no further action be taken. Such determination must be in writing and contain a brief statement setting forth the reasons therefor.

(b) If the disciplinary committee determines that a reasonable basis exists for finding a violation which should be adjudicated, it shall direct that the person alleged to have committed the violation be served with a notice of charges and shall proceed in accordance with these regulations. (08/01/94)

540.02 Notice and Answer in Connection with Disciplinary Proceedings -

(a) Prior to the imposition of any penalty by the Board of Directors or a committee under the Rules and Regulations, the respondent shall be served with a statement of charges either personally or by leaving the same at his or its office address during business hours or by mailing it to him at his place of residence, which charges shall:

(1) State the acts, practices, or conduct in which the respondent is believed to have engaged;

(2) State the Rule or Regulations believed to have been violated;

(3) Advise the respondent that he or it is entitled to be represented by an attorney;

(4) Advise the respondent that he or it is entitled to a hearing.

(5) State the period of time, which in no event shall be less than five (5) business days after the service of the charges, within which a hearing on the charges may be requested;

(6) Advise the respondent that failure to request a hearing within the period stated, except for good

cause, shall be deemed a waiver of the right to a hearing; and

(7) State the penalty which will be imposed if a hearing is waived.

(b) If the respondent elects to answer the charges, such answer shall be filed within five (5) business days after the date of service of the charges, or within such further time as the Board of Directors or the appropriate Committee in its discretion deems proper.

The answer shall be in writing, signed by the respondent, and filed with the Office of Investigations and Audits; except that in connection with proceedings initiated under Rule 519.00 or Regulation 519.01 by the Floor Conduct Committee, such answers shall be filed with the Exchange Services Department. (08/01/94)

540.03 Procedures for Hearings on Charges - In connection with all hearings on charges, except those held pursuant to Regulation 540.05:

(a) The respondent shall be entitled in advance of the hearing to examine all books, documents, or other tangible evidence in the possession or under the control of the Association which is to be relied upon by the Office of Investigations and Audits or Exchange Services Department in presenting the charges contained in the notice of charges or which are relevant to those charges;

(b) At least ten (10) business days in advance of the hearing, the respondent shall submit to the Office of Investigations and Audits copies of all documents which the respondent intends to rely on in presenting his case and shall provide the Office of Investigations and Audits with a list of, and make available for inspection by the Office of Investigations and Audits, all books, records, names of witnesses, and other tangible evidence which the respondent intends to rely on; except that in any hearing held pursuant to Rule 519.00 or Regulation 519.01 by the Floor Conduct Committee, the documents and lists shall be submitted to and the books, records and other tangible evidence shall be made available for inspection by the Exchange Services Department. The hearing body, in its discretion, may refuse to consider any books, records, documents or other tangible evidence which was not made available or witnesses whose names were not submitted to the Office of Investigations and Audits, or the Exchange Services Department pursuant to this section. However, the hearing body will consider such evidence upon a clear showing that such evidence was not ascertainable by due diligence at least ten (10) business days in advance of the hearing and that there was insufficient time prior to the hearing to bring such evidence to the attention of the Office of Investigations and Audits or the Exchange Services Department.

(c) The hearing shall be promptly held before disinterested members of the hearing body after reasonable notice to the respondent. No member of a disciplinary body may serve on that body in a particular matter if he or any person or firm with which he is affiliated has a financial, personal or other direct interest in the matter under consideration.

(d) Formal rules of evidence need not apply, but the hearing shall not be so informal as to be unfair;

(e) The respondent shall have the right to invoke Rule 548.00, if applicable;

(f) The Office of Investigations and Audits shall be a party to the hearing and shall present its case on those charges and penalties which are the subject of the hearing; or in the case of any hearing held pursuant to Rule 519.00 or Regulation 519.01 by the Floor Conduct Committee, the Exchange Services Department shall be a party to the hearing and shall present its case on those charges and penalties which are the subject of the hearing.

(g) The respondent shall be entitled to appear personally at the hearing and to be represented by counsel;

(h) The respondent shall be entitled to cross-examine any person(s) appearing as witness(es);

(i) Subject to the provisions of Rule 540.00, the respondent shall be entitled to call witnesses and to present such evidence as may be relevant to the charges;

(j) Persons within the jurisdiction of the Association who are called as witnesses shall be obliged to appear at the hearing and to produce evidence (see 545.00);

(k) If the hearing is held at the request of the respondent, a substantially verbatim record of the hearing, capable of being accurately transcribed, shall be made and shall become part of the record of the proceeding. (10/01/95)

540.04 Disciplinary Decisions - All disciplinary decisions rendered pursuant to the Rules and Regulations shall be in writing and be based upon the weight of the evidence contained in the record of the proceeding. A copy of the decision shall be provided to the respondent and shall include:

(a) The charges, or a summary of the charges;

(b) The answer, if any, or a summary of the answer;

(c) A brief summary of the evidence produced at the hearing or, where appropriate, incorporation by reference of the investigation report;

(d) A statement of findings and conclusions with respect to each charge, including the specific Rules and Regulations which the respondent is found to have violated;

(e) A declaration of any penalty imposed and the effective date of the penalty;

(f) A statement that the respondent shall pay the cost of the transcription of the record of the hearing if an appeal or petition for review to the Commission is requested by the respondent.

All such decisions shall be rendered within thirty business days after the conclusion of the hearing, unless, by virtue of the complexity of the case or other special circumstances, additional time is required. (08/01/94)

540.05 Appeals from a Decision of a Disciplinary Committee - The following procedures shall apply to appeals to the Appellate Committee and the Board from the decisions of any Committee from which appeals are allowed under the Rules and Regulations.

(a) An appeal by the respondent from the decision of a committee or a referral of the matter by such committee to the Appellate Committee shall be heard by the Appellate Committee as provided in Regulations 540.02 and 540.03. Provided, however, that whenever the respondent shall have had an opportunity to present evidence or legal defenses in connection with the pending matter before any Standing or Special Committee in accordance with Regulations 540.02 and 540.03, the appeal shall be heard solely on the record of the proceedings before such committee, the written exceptions filed by the parties and the oral or written arguments of the parties. Further, the Appellate Committee shall not entertain any new evidence or new legal defenses not raised in the prior proceeding except upon a clear showing by the respondent that such new evidence or new legal defense did not exist or was not ascertainable by due diligence at the time of the proceedings, and that there was insufficient time within the intervening period prior to the hearing of the Appellate Committee for the respondent to bring such new evidence or legal defense to the attention of the committee.

The Appellate Committee shall not reverse any finding of a Standing or Special Committee or reverse or reduce any sanction imposed by a Standing or Special Committee unless the Appellate Committee determines that the finding or sanction is "clearly erroneous."

(b) Subject to the provisions of Rule 540.00, an appeal shall be heard by the Board solely on the record before the Committee, the written exceptions filed by the parties; and the oral and written arguments of the parties;

(c) Within thirty days after the conclusion of the hearing of the appeal, or within such additional time as may be necessary by virtue of the complexity of the case or other special circumstances, the Appellate Committee or the Board shall issue a written decision and provide a copy to the respondent. The decision shall include a statement of findings and conclusions with respect to each charge or penalty reviewed, including the specific rules which the respondent was found by the Committee to have violated, and the effective date of the disciplinary penalties, if affirmed, or of any modified penalties.

(d) No member of the Board or Appellate Committee shall hear an appeal if such member participated in any prior stage of the disciplinary proceeding or if he or any person or firm with which he is affiliated

has a financial, personal, or other direct interest in the matter. (10/01/97)

540.06 Procedures For Member Responsibility Actions - The Chairman or Acting Chairman of the Association, upon the advice of the Floor Governors Committee, Financial Compliance Committee or Business Conduct Committee, has jurisdiction to take summary action when immediate action is necessary to protect the best interests of the marketplace or membership, without affording an opportunity for a prior hearing ("member responsibility actions"). The following procedures shall apply to such actions:

(a) The respondent shall, whenever practicable, be served with a notice before the action is taken. If prior notice is not practicable, the respondent shall be served with a notice at the earliest possible opportunity. The notice shall:

(1) State the action;

(2) Briefly state the reasons for the action, and

(3) State the effective time and date and the duration of the action;

(b) The respondent shall have the right to be represented by legal counsel or any other representative of his choosing in all proceedings subsequent to any summary action taken;

(c) The respondent shall be given an opportunity for a subsequent hearing, within five business days, before the Floor Governors Committee, Financial Compliance Committee or the Business Conduct Committee. The hearing shall be conducted in accordance with the requirements of Regulation 540.03 (c)-(j);

(d) Within five business days following the conclusion of the hearing, the body before which the hearing is held shall render a written decision based upon the weight of the evidence contained in the record of the proceeding and shall provide a copy to the respondent. The decision shall include:

(1) A description of the summary action taken;

(2) The reasons for the summary action;

(3) A brief summary of the evidence produced at the hearing;

(4) Findings and conclusions;

(5) A determination that the summary action should be affirmed, modified, or reversed; and

(6) A declaration of any action to be taken pursuant to the determination specified in (5) above and the effective date and duration of such action.

The Chairman or Acting Chairman of the Association has jurisdiction to reverse summary action taken against an individual member pursuant to Rule 270.00 or Rule 278.00, or against a member firm pursuant to Regulation 416.04, at any time prior to a hearing held pursuant to this Regulation, or, if no hearing is held, prior to the expiration of five business days after the summary action is taken, without the prior approval of the Financial Compliance Committee or the Business Conduct Committee, if the affected member or member firm demonstrates to the satisfaction of the Chairman or Acting Chairman that the condition which was the basis for the action no longer exists. (07/01/97)

540.07 Finality Of Disciplinary Decisions And Member Responsibility Actions - All disciplinary decisions rendered or member responsibility actions taken pursuant to the Rules and Regulations shall be final and conclusive when rendered, unless appealable, in which case the decision shall become final the first business day after the time for appeal has passed, if no appeal is taken, or when the decision of the appeals body is rendered.

The person or body rendering such decision shall determine the effective date of such action. Provided, however, that the effective date shall be at least fifteen (15) days after written notice is delivered to the person against whom the action is taken, and to the Commodity Futures Trading Commission, except that such action may become effective prior to that time if:

(1) The action was taken according to the provisions of Regulation 540.06;

(2) The person against whom the action is taken has consented to the sanction to be imposed; or

(3) The action was taken by the Secretary under Rule 563.00. (08/01/94)

540.08 Offers of Settlement - Any member, member firm or other person who is the subject of charges filed before the Board or who has filed an appeal of a disciplinary action with the Board, may submit a written offer of settlement in connection with such proceedings to the President. The President is authorized to consider such settlement offers, negotiate alternative provisions therein, and recommend to the Board that it either accept or reject any settlement offer. The Board, by majority vote of a duly convened quorum, has the sole authority to accept or reject any such settlement offer. If an offer of settlement is accepted by the Board, it shall issue a written decision specifying the rule violations it has reason to believe were committed and any penalty to be imposed. Where applicable, the decision also shall include a statement that the respondent has accepted the penalties imposed without either admitting or denying the rule violations.

The member, member firm or other person who submits a written settlement offer to the President may withdraw it at any time before final acceptance by the Board. If a settlement offer is withdrawn or is rejected by the Board, the person submitting such offer neither shall be deemed to have made any admission nor shall in any manner be prejudiced by having submitted the settlement offer.

Any member, member firm or other person who is the subject of charges before the Appellate Committee or who has filed an appeal of a disciplinary action with the Appellate Committee, may submit a written offer of settlement in connection with such proceedings to the Appellate Committee. The Appellate Committee is authorized to consider such settlement offers, negotiate alternative provisions therein, and either accept or reject any settlement offer. If an offer of settlement is accepted by the Committee it shall issue a written decision specifying the rule violations it has reason to believe were committed and any penalty to be imposed. Where applicable, the decision shall also include a statement that the respondent has accepted the penalties imposed without either admitting or denying the rule violations.

The member, member firm or other person who submits a written settlement offer to the Appellate Committee may withdraw it at any time before final acceptance by the Committee. If a settlement offer is withdrawn or rejected by the Committee, the person submitting such offer neither shall be deemed to have made any admission nor shall in any manner be prejudiced by having submitted the settlement offer.

Each settlement offer presented to the Board or to the Appellate Committee shall be deemed to incorporate the following terms:

(1) Respondent acknowledges that the Office of Investigations and Audits will have the opportunity to present its views on the proposed settlement to the President, the Board, or the Appellate Committee, as applicable; and

(2) Respondent waives any objection to having the Board or the Appellate Committee, as applicable, hear the case even it the Board or the Appellate Committee has previously considered and rejected a settlement offer. (08/01/97)

540.09 Offers of Settlement - Any member, member firm, their wholly-owned affiliates or other person who is the subject of preliminary charges issued by the Business Conduct Committee, Financial Compliance Committee or Floor Governors Committee ("respondent"), may submit a written offer of settlement in connection with such proceedings to the Business Conduct Committee, Financial Compliance Committee, Floor Governors Committee or the Hearing Committee. The Business Conduct Committee, Financial Compliance Committee, Floor Governors Committee and Hearing Committee are authorized to consider such settlement offers, negotiate alternative provisions therein, and either accept or reject any settlement offer. When preliminary charges are pending before the Hearing Committee, before a hearing begins, the Committee that issued the charges has the sole authority to consider settlement offers. Once the Hearing Committee has begun hearing evidence, the Hearing Committee has exclusive settlement authority. The Business Conduct Committee, Financial Compliance Committee, Floor Governors Committee and Hearing Committee may, in their discretion, permit a respondent to accept a penalty without either admitting or denying any rule violations upon which the penalty is based. If an offer

of settlement is accepted by any such Committee, it shall issue a written decision specifying the rule violations it has reason to believe were committed and any penalty to be imposed. Where applicable, the decision also shall include a statement that the respondent has accepted the penalties imposed without either admitting or denying the rule violations.

Each settlement offer presented to any such Committee shall be deemed to incorporate the following terms:

(1) Respondent acknowledges that the Office of Investigations and Audits will have the opportunity to present its views on the proposed settlement to the Committee; and

(2) Respondent waives any objection to having the appropriate Committee hear the case even if that Committee has previously considered and rejected a settlement offer.

The member, member firm, wholly-owned affiliate or other person who submits a written settlement offer to any such Committee may withdraw it at any time before final acceptance by the Committee. If a settlement offer is withdrawn or rejected by any such Committee, the person submitting such offer neither shall be deemed to have made any admission nor shall in any manner be prejudiced by having submitted the settlement offer. (08/01/97)

540.10 Disciplinary Jurisdiction Over Agricultural Regular Firms - In addition to the disciplinary authority of the Hearing Committee, Appellate Committee, Business Conduct Committee and Financial Compliance Committee over agricultural regular firms, as set forth in paragraphs (f) and (g) of Rule 542.00 and paragraphs (f) and (g) of Rule 551.00, each of these Committees may discipline an agricultural regular firm for violation of any Rules and Regulations by imposing a fine on such firm, and/or by revoking the firm's regularity status. Subject to and in accordance with Regulation 540.08, an agricultural regular firm that is the subject of charges filed before the Board or that has filed an appeal of a decision with the Appellate Committee or the Board, may submit a written offer of settlement in connection with such proceeding to the Appellate Committee or, in matters before the Board, to the President of the Association. (08/01/94)

540.11 Appellate Committee -

(a) Membership. Each year the Chairman of the Board, with the approval of the Board, shall appoint from those members of the Association who currently serve or who shall have previously served as an elective officer of the Association and who shall not be a member of a standing disciplinary committee, to serve as a member of the Appellate Committee. The Committee shall consist of five (5) members, at least one of whom is currently an elective officer of the Association. A vacancy in the Committee shall be filled by appointment by the Chairman of the Board, with the approval of the Board.

(b) Meetings and Quorum. The Appellate Committee shall determine the time and place for its meetings and the manner and form in which its meetings shall be conducted. The attendance of three (3) Appellate Committee members shall constitute a quorum of the Committee. The majority vote of the quorum of the Appellate Committee shall be the official act or decision of the Committee.

(c) Duties of the Committee. It shall be the function of the Committee to serve as the appellate body in review of disciplinary decisions of committees of the Association or, upon referral by such committee to hear the matter, in accordance with Regulation 540.05. After hearing all the witnesses and the respondent, if he/she decides to be heard, the Committee shall determine whether the respondent is guilty of the offense or offenses charged. If the Committee determines that the accused is guilty, the Committee may impose penalties in accordance with Rule 560.00.

(d) Appeal. The findings of the Appellate Committee shall be final and conclusive when rendered, although subject to review by the Board of Directors in accordance with Regulation 540.05(b) upon the request of the Board or upon referral by the Committee. A request that the Board review a decision must be made:

- if on the motion of the Board, upon review of the notice of the decision in the materials for the first regularly scheduled Board meeting not less than twenty (20) days after the date of the

decision;

- if by the Appellate Committee, within fifteen (25) days of the date of the decision; and

- if by a person against whom the decision has been rendered within ten (10) days of the date he receives the decision.

(e) Offense Against The Association. Any member of the Association, member firm, or other person with trading privileges who fails to comply with the disciplinary action of the Committee after such action becomes effective shall be charged with an offense against the Association, and if found guilty, shall either be fined, suspended or expelled by the Board.

(f) Oath. Every member of the Appellate Committee shall take an oath not to divulge, or allow or cause to be divulged, any information acquired by such member in his capacity as an Appellate Committee member if such information is confidential, commercially sensitive, or non-public, except when required in connection with disciplinary proceedings or other formal proceedings or actions of a duly authorized committee of the Association or of the Board, or in response to demand by an authority to obtain the information requested, or on behalf of the Association in any proceeding authorized by the Board of Directors.

(g) Holdover Member. Whenever the Committee members have begun to hear or review evidence and argument in any proceeding and the term of the members expires, the members may continue in office until the proceeding has ended. A holdover member shall not participate in any other Committee business, nor shall continuation in office impair the appointment of a successor Committee or the successor Committee's right to participate in all other Committee business.

(h) Associate Members as Appellate Committee Members. Associate Members of the Exchange are eligible for appointment to the Appellate Committee as full voting members, provided that such Associate Member qualifies pursuant to paragraph (a) of this Regulation, and further provided that Associate Members shall not be eligible to serve as Chairman of the Committee. The Committee shall at no time have more than two Associate Members on the Committee. (08/01/94)

540.12 Hearing Committee -

(a) Membership. The Hearing Committee shall consist of twenty-one (21) individual members of the Association appointed each year by the Chairman of the Board with the approval of the Board. For all purposes under these Rules, the Hearing Committee shall be considered a disciplinary committee. Hearing Committee members shall have previously served on the Board, the Business Conduct Committee, the Floor Governors Committee, the Financial Compliance Committee or the Arbitration Committee, but no person shall be a member of the Committee who, at the same time, is a member of the Board or any other standing disciplinary committee. A panel of seven members shall be selected from the Committee for each hearing, in a manner established by the Committee, consistent with the requirements of Regulation 540.14. Each panel shall, by a majority vote, elect a Chairman.

(b) Hearing Executive Committee. The Chairman of the Board, with the approval of the Board, shall appoint a Chairman of the entire Committee, along with two other members from among the members of the Committee, to serve as a Hearing Executive Committee.

(c) Meetings and Quorum. The Hearing Committee shall determine the time and place of its meetings and the manner and form in which its meetings shall be conducted. The attendance of four Hearing Committee members shall constitute a quorum of the Committee. The majority vote of the quorum of the Hearing Committee shall be the official act or decision of the Committee.

(d) Duties of the Committee. The Hearing Committee shall conduct disciplinary hearings pursuant to the Rules and Regulations of the Association. Following notice and answer in accordance with Regulation 540.02, the Hearing Committee shall conduct hearings in connection with proceedings initiated under Rule 542.00(f), Rule 551.00(f) and Rule 543.00(d). Procedures for the hearing shall be in accordance with Regulation 540.03. After hearing all the witnesses and the respondent, if he/she decides to be heard, the Committee shall determine whether the respondent is guilty of the offense or offenses

charged. If the Hearing Committee determines that the accused is guilty, the Committee may impose penalties in accordance with the rule pursuant to which the proceedings were initiated. In the event there is a finding of multiple violations of any Rules or Regulations, it shall be within the Committee's discretion to apply its suspension powers either in a consecutive or concurrent manner.

(e) Appeal. A member, member firm, person with trading privileges or agricultural regular firm may appeal from the decision of the Committee by filing with the Secretary of the Association within ten (10) business days after the Committee's decision is sent to the respondent a Notice of Appeal to the Appellate Committee requesting a review by the Appellate Committee of all or part of the Committee's decision.

(f) Offense Against the Association. Any member, member firm, other person with trading privileges or agricultural regular firm who fails to comply with the disciplinary action of the Committee after such action becomes effective shall be charged with an offense against the Association, and if found guilty, shall either be fined, suspended or expelled by the Board.

(g) Oath. Every Hearing Committee member shall take an oath not to divulge, or allow or cause to be divulged, any information acquired by such member in his official capacity as a Hearing Committee member if such information is confidential, commercially sensitive, or nonpublic, except when required in connection with disciplinary proceedings or other formal proceedings or actions of a duly authorized committee of the Association or of the Board, or in response to a request or demand by an administrative or legislative body of government having jurisdiction of the subject matter and authority to obtain the information requested, or on behalf of the Association in any proceeding authorized by the Board of Directors.

(h) Hold-over Member. Whenever the Committee members have begun to hear or review evidence and argument in any proceeding, and the term of one or more of the members expires, such member or members may continue in office until the proceeding has ended. A holdover member shall not participate in any other Committee business, nor shall his continuation in office impair the appointment of a successor or the successor's right to participate in all other Committee business. (12/01/94)

540.13 Application of Rules and Regulations - The provisions of this Chapter shall apply to all members, registered partnerships and corporations, their wholly-owned affiliates, other persons with trading privileges, agricultural regular firms, guaranteed introducing brokers, and any employee or Associated Person of any such individual or firm, unless specifically exempted. (07/01/97)

540.15 Failure to Pay a Disciplinary Fine - When the Treasurer of the Association certifies to a Committee that imposed a fine that such fine is due and has not been paid, the person who was ordered to pay the fine shall be suspended from all membership privileges (including but not limited to floor and electronic access, member transaction fees and the right to lease a membership or membership interest), subject to Regulation 540.06, until the Treasurer certifies to the Committee that the fine has been paid. (06/01/94)

541.00 Special Investigations By Board - If at any time the Board shall have reason to suspect that any member, member firm, or other person with trading privileges, has been guilty of any offense against the Association and no investigation has been initiated into the matter, the Board shall direct the Office of Investigations and Audits to conduct an investigation and shall direct the appropriate disciplinary committee, or if necessary appoint a Special Committee outside of its own number, to review the investigation as to whether there is just ground for such suspicion. If the Committee decides that there is just ground for such suspicion, it shall direct that charges be filed with the Board as provided in Rule 540.00. (08/01/94)

542.00 Business Conduct Committee -

(a) Membership. The Chairman of the Board, with the approval of the Board, shall appoint the members of the Business Conduct Committee. Only members of the Association who are not Directors or Officers of the Association shall be eligible for appointment as members of the Committee. All Committee Members shall be Full Members except that one Committee Member may be an Associate Member. Four members shall be appointed for staggered three-year terms. Additional members may be appointed for one-year terms, but no more than four such members may be appointed. Terms currently in effect at the time of adoption of this amended Rule shall continue to be in effect until they expire. At the time this amended Rule becomes effective, a member shall be appointed to serve a term expiring February 1, 1984. Each year the Chairman of the Board shall appoint one member of the Committee for a three-year term and may appoint no more than four members for one-year terms, except that for February 1, 1984, and every third year thereafter, the Chairman of the Board shall appoint two members of the Committee for three-year terms and may appoint no more than four members for one-year terms. A vacancy in the Committee shall be filled for the unexpired term in the same manner as provided above, except that unexpired one-year terms may be left vacant at the discretion of the Chairman of the Board. The President shall be an ex officio member of the Committee.

(b) Chairman and Vice-Chairman of the Committee. The Chairman of the Board, with the approval of the Board, shall appoint a Chairman and a Vice-Chairman of the Committee from among the members of the Committee. The Chairman and Vice Chairman shall be appointed to serve as Chairman and Vice Chairman for a one-year term.

(c) Oath of Members. Every member of the Committee shall take an oath not to divulge, or allow or cause to be divulged, any information acquired by such member in his official capacity if such information is confidential, commercially sensitive or non-public, including any information regarding the market position, financial condition, or identity of any trader or firm, except when required in connection with his official duties, or in connection with disciplinary proceedings or other formal

proceedings or actions of a duly authorized committee of the Association, or of the Board, or in response to a duly authorized subpoena, or in response to a request or demand by an administrative or legislative body of government having jurisdiction of the subject matter and authority to obtain the information requested, or on behalf of the Association in any proceeding authorized by the Board.

(d) Quorum. The attendance of three members at a meeting shall constitute a quorum. The actions of a majority of the members present shall be the actions of the Committee.

(e) Business Conduct Committee on Particular Matter. If the Business Conduct Committee shall determine that it is improper for any or all of its regular members to serve during the consideration and decision of any particular matter, or if any or all the regular members shall be unable to serve during the consideration and decision of any particular matter, the Business Conduct Committee may request the Chairman of the Board to appoint an alternate or alternates to sit throughout the investigation, hearing, and decision of such matter. The Chairman of the Board shall have the power to appoint any member or members as such alternate or alternates. When so appointed such alternate or alternates shall, with respect to such particular matter, have all the powers and duties of the regular member or members for whom he is or they are acting, and the "Committee on Particular Matter," consisting of such alternate or alternates, and the remaining regular members of the Business Conduct Committee, if any, shall with respect to such particular matter have all the duties and powers of the regular Business Conduct Committee. During such period as a Committee or Committees on a Particular Matter or Matters are functioning, the regular Business Conduct Committee and the regular members thereof shall continue to have all the powers and to perform all the duties concerning matters not under consideration by a Committee or Committees on Particular Matters.

(f) Duties of Committee. The Committee shall determine the manner and form in which its proceedings shall be conducted. The Committee shall provide for the prevention of manipulation of prices and the cornering of any commodity on the Exchange, and shall also have general supervision of the business conduct of members, member firms, any other persons with trading privileges, wholly-owned affiliates, guaranteed introducing brokers, and any employees or associated persons of any such individual or firm, particularly insofar as such conduct affects (1) non-member customers; (2) the public at large; (3) the State Government; (4) the Federal Government; (5) public opinion; and (6) the good name of the Association. The Committee shall also have general supervision, other than financial supervision, over all agricultural regular firms and their employees, member and non-member alike, with respect to each such firm's compliance with the Association's Rules and Regulations pertaining to its regularity. The Committee in performing its duties may investigate the dealings, transactions and financial condition of members, member firms, any other persons with trading privileges, wholly-owned affiliates, agricultural regular firms, guaranteed introducing brokers, and any employees or associated persons of any such individual or firm, and may examine their books and papers upon request. The Committee may employ such auditors and other assistants as it may deem necessary, and all expenses incident thereto shall be payable from the funds of the Association.

The Committee shall have the authority to charge a member, member firm, person with trading privileges, wholly-owned affiliate, agricultural regular firm, guaranteed introducing broker, or any employee or associated person of any such individual or firm alleged to have violated any Rule or Regulation within its jurisdiction and may impose any one or more of the following preliminary penalties: a reprimand, a cease and desist order, a fine not to exceed $25,000 for each such violation, and/or restitution. The Committee may also impose upon any such individual member, person with trading privileges, or employee of a member or member firm a preliminary denial of the privileges of the Floor of the Exchange or suspension from membership status for a period not in excess of ninety (90) business days for each such violation. Except in the case of specified penalties, which shall be heard by the Committee in accordance with Regulations 540.02 and 540.03, proceedings shall be conducted by the Hearing Committee in accordance with Regulations 540.02 and 540.03. The specified penalties which shall be heard by the Committee shall be defined as a reprimand, fines not exceeding $5,000.00 for any one violation, and a denial of the privileges of the Floor for a period not exceeding five (5) business days for any one violation. In the event there is a finding of multiple violations of any Rules or Regulations it shall be within the relevant Committee's discretion to apply its

denial or suspension powers either in a consecutive or concurrent manner.

A party under a cease and desist order may apply to the Committee to review and terminate such order, provided that such order has been in effect for at least five years prior to application.

The decision of the Business Conduct Committee or the Hearing Committee may be appealed to the Appellate Committee in accordance with Regulation 540.05 by filing with the Secretary of the Association, within ten (10) business days after the decision is sent to the respondent, a Notice of Appeal to the Appellate Committee requesting a review by the Appellate Committee of all or part of the decision.

Any member, member firm, other person with trading privileges, wholly-owned affiliate, agricultural regular firm, guaranteed introducing broker, or employee or associated person of any such individual or firm who fails to appear before the Committee pursuant to its request, or to submit his or its books and records to the Committee at its request, shall be guilty of an offense against the Association.

The Committee may review at any time the operations or procedures of members, member firms, any other persons with trading privileges, wholly-owned affiliates, agricultural regular firms, guaranteed introducing brokers, and any employees or associated persons of any such individuals or firms to assure compliance with the Rules and Regulations of the Association. Whenever such review discloses a condition or practice which, in the Committee's judgment, falls within the provisions of Regulation 270.01 or Regulation 540.06, it shall so advise the Chairman of the Board and recommend such action as it deems appropriate in the circumstances.

(g) Offense Against the Association. It shall be an act detrimental to the interest and welfare of the Association for any member of the Association, member firm, other person with trading privileges, wholly-owned affiliate, agricultural regular firm, guaranteed introducing broker, or employee or associated person of any such individual or firm to fail to comply with the disciplinary action of the Committee after such action becomes effective.

(h) Hold-Over Members. Whenever the Committee members have begun to hear or review evidence and argument in any proceeding, and the term of one or more of the members expires, such member or members may continue in office until the proceeding has ended. A holdover member shall not participate in any other Committee business, nor shall his continuation in office impair the appointment of his successor or his successor's right to participate in all other Committee business. (08/01/98)

543.00 Floor Governors Committee-

(a) Membership. The Chairman of the Board, with the approval of the Board, shall appoint from the Membership of the Association the members of a Floor Governors Committee who shall not be Directors or Officers of the Association. The Committee shall consist of seven members. Each year the Chairman of the Board, with the approval of the Board, shall appoint one member of the Committee for a term of three years dating from February 1 of such year. Each year, the Chairman of the Board, with the approval of the Board shall also appoint from the Membership two members of the Committee to serve for a one year term dating from February 1 of such year. In addition, each year, beginning with 1985, the Chairman of the Board, with the approval of the Board, shall also appoint from the Membership a member of the Committee for a two year term dating from February 1 of such year. A vacancy in the Committee shall be filled for the unexpired term by appointment by the Chairman of the Board, with the approval of the Board.

(b) Chairman and Vice Chairman of the Committee. The Chairman of the Board, with the approval of the Board, shall appoint a Chairman and a Vice Chairman of the Committee from among the members of the Committee. The Chairman and Vice Chairman shall be appointed to serve as Chairman and Vice Chairman for a one-year term.

(c) Meetings and Quorum. The Floor Governors Committee shall determine the time and place of its meetings and the manner and form in which its meetings shall be conducted. The attendance of four Floor Governors shall constitute a quorum of the Committee. The majority vote of the quorum of the Floor Governors Committee shall be the official act or decision of the Committee.

(d) Duties of the Committee. It shall be the function and duty of the Floor Governors Committee to assure

that the practices and conduct of the members of the Association, member firms, other persons with trading privileges, and employees of any such individual or firm on the Floor of the Exchange are in compliance with the Rules and Regulations. Whenever any violation of the Rules or Regulations is suspected by the Committee, and the Committee determines, after investigation by the Office of Investigations and Audits, that action should be taken, the Committee shall provide notice and opportunity for a hearing in compliance with Regulations 540.02 and 540.03. The Committee shall have the authority to charge a member, member firm, person with trading privileges, or any employee of any such individual or firm alleged to have violated any Rule or Regulation within its jurisdiction and may impose any one or more of the following preliminary penalties: a reprimand, a cease and desist order, a fine not to exceed $25,000 for each such violation, and/or restitution. The Committee may also impose upon any such individual member, person with trading privileges, or employee of a member or member firm a preliminary denial of the privileges of the Floor of the Exchange or suspension from membership status for a period not in excess of ninety (90) business days for each such violation. Except in the case of specified penalties, which shall be heard by the Committee in accordance with Regulations 540.02 and 540.03, proceedings shall be conducted by the Hearing Committee in accordance with Regulations 540.02 and 540.03. The specified penalties which shall be heard by the Committee shall be defined as a reprimand, fines not exceeding $5,000 for any one violation, and a denial of the privileges of the Floor for a period not exceeding five (5) business days for any one violation. In the event there is a finding of multiple violations of any Rules or Regulations, it shall be within the relevant Committee's discretion to apply its denial or suspension powers either in a consecutive or concurrent manner.

Also fines not to exceed $5,000 for any act may be imposed as specifically authorized in Regulation 519.03.

A party under a cease and desist order may apply to the Committee to review and terminate such order, provided that such order has been in effect for at least five years prior to application.

(e) Appeal. A member, member firm, other person with trading privileges, or any employee of any such individual or firm, may appeal from the decision of the Floor Governors Committee or the Hearing Committee in accordance with Regulation 540.05 by filing with the Secretary of the Association within ten (10) business days after the decision is sent to the respondent a Notice of Appeal to the Appellate Committee requesting a review by the Appellate Committee of all or part of the decision.

(f) Offense Against The Association. It shall be an act detrimental to the interest and welfare of the Association for any member of the Association, member firm, other person with trading privileges, or employee of any such individual or firm to fail to comply with the disciplinary action of the Committee after such action becomes effective.

(g) Oath. Every Floor Governor shall take an oath not to divulge, or allow or cause to be divulged, any information acquired by such member in his official capacity as a Floor Governor if such information is confidential, commercially sensitive, or non-public, except when required in connection with his official duties, or in connection with disciplinary proceedings or other formal proceedings or actions of a duly authorized committee of the Association or of the Board, or in response to a duly authorized subpoena, or in response to a request or demand by an administrative or legislative body of government having jurisdiction of the subject matter and authority to obtain the information requested, or on behalf of the Association in any proceeding authorized by the Board of Directors.

(h) Hold-over Member. Whenever the Committee members have begun to hear or review evidence and argument in any proceeding, and the term of one or more of the members expires, such member or members may continue in office until the proceeding has ended. A holdover member shall not participate in any other Committee business, nor shall his continuation in office impair the appointment of his successor or his successor's right to participate in all other Committee business.

(i) Associate Members as Floor Governors. Associate Members of the Exchange are eligible for appointment to the Floor Governors Committee as full voting members, provided that Associate Members shall not be eligible to serve as Chairman of the Committee. The Committee shall at all times have at least two Associate Members on the Committee. (08/01/98)

543.01 Investigations - The President or the Executive Vice-President shall have the authority to

order investigations into any complaints made to the Association or into any situation no matter how brought to their attention involving possible violations of the Rules and Regulations of the Association. 1792 (08/01/94)

544.00 Waiver of Hearing - The statement of charges may provide that if the respondent fails, except for good cause, to request a hearing within a specified period of time, which in no event shall be less than five business days after the service of the charges, he shall be deemed to have accepted a penalty stated in the charges. (08/01/94)

545.00 Testimony And Production Of Books And Records - If a member of the Association, member firm, or other person with trading privileges, is required to submit his books and records, or the books and records of his firm, or corporation, or any portion thereof, to the Board, or to any authorized Standing or Special Committee, or to the individual responsible for the supervision of the Office of Investigations and Audits as provided for in Regulation 170.01, or, subject to the provisions of Rule 548.00, to furnish any information to or to appear and testify before, or to cause any of his partners or employees to appear and testify before such Board, or such authorized Committee, or at the request of such individual responsible for the supervision of the Office of Investigations and Audits, it shall be an offense against the Association to fail or refuse to comply with such requirements. 153 (08/01/94)

545.01 Furnishing Information - Pursuant to Rule 545.00 and Regulations 545.02 and 545.03, each clearing member shall furnish to the Board or to any committee or department specified by the Board, such information respecting daily trading, deliveries, exchanges of futures for cash commodities or other activity as the Board deems necessary for compliance by the Association with the provisions of Regulations Sections 16.00 through 16.03 under the Commodity Exchange Act or as required to be made or maintained under the Rules and Regulations. Such data shall be furnished at such times and in such manner and form as the Board or the committee or department acting for the Board may prescribe.

The Business Conduct Committee, the Financial Compliance Committee, or the Floor Governors Committee may, without hearing, impose minor penalties against members or member firms for failure by such members or member firms, or for failure by any persons for whom such members or member firms are responsible, to submit requested routine trade documentation within the respective Committees' jurisdiction in the manner prescribed by the Committee. Minor penalties for the purpose of this Regulation shall be defined as fines not exceeding $1,000 for any one offense.

If the documents requested are one year old or less, they must be produced and submitted to the Office of Investigations and Audits within five (5) business days. If the documents requested are more than one year old and less than five years old, they must be produced and submitted to the Office of Investigations and Audits within ten (10) business days. The Business Conduct Committee, the Financial Compliance Committee, or the Floor Governors Committee may impose a fine of up to $1,000 for each business day thereafter on which the member, member firm or any person for whom such member or member firm is responsible, has not produced and submitted the requested documents to the Office of Investigations and Audits.

A respondent may request an appeal of a minor penalty by filing a written request for a hearing with the Office of Investigations and Audits within ten (10) business days after the penalty is imposed; the Business Conduct Committee, the Financial Compliance Committee, or the Floor Governors Committee shall hear the matter in accordance with Regulations 540.02 through 540.05. The decision of the Business Conduct Committtee, the Financial Compliance Committee, or the Floor Governors Committee may be appealed to the Appellate Committee as provided in Rule 542.00(f) or 543.00(e). Failure to request a hearing shall be deemed a consent to the fine. Unless a hearing is requested, failure to pay a fine within thirty (30) days after the penalty is imposed shall automatically triple the amount of the fine. 1973 (08/01/94)

545.02 Record Keeping - Pursuant to Rule 545.00 and Regulation 545.03, each member and member firm shall keep in an accurate and complete manner all books and records required to be made or maintained under the Rules and Regulations. All books and records required to be kept shall be kept for a period of five (5) years from the date thereof and shall be readily accessible for a period of two (2)

years from the date thereof. All reports required to be submitted to the Association or its delegate shall be reported accurately and completely. (08/01/94)

545.03 Record Keeping Qualifications - Each member, member firm and other person with membership privileges shall be required, pursuant to the rules and regulations, to keep, maintain and furnish only those books and records that relate directly to the trading of futures and options contracts, satisfaction of the minimum financial requirements for futures commission merchants and qualifications for membership. (08/01/94)

545.04 Equity Runs Transmission Requirement - Each member shall be required to have the ability to electronically transmit the complete bookkeeping reports to its Chicago office or to the Board of Trade Clearing Corporation by 8:00 a.m. central time on the day following the report date. The reports must, at a minimum, include the margin equity run, master file of customer account names and addresses, open position listing, day trade listing, cash adjustment sheets, margin call and debit/deficit report. (08/01/94)

545.05 Maintenance of Telephone Recordings - Members and member firms which record conversations conducted on their Exchange Floor telephone lines shall maintain the resultant recordings for a period of 10 business days following the day when such recordings are made. In addition, all recordings of Exchange Floor headset communications shall be maintained for a period of 10 business days following the day when such recordings are made. (07/01/98)

546.00 Testimony Before Other Exchanges - If the Board shall deem it is to the interest and welfare of the Association, or to the public interest, or in the interest of just and equitable principles of trade, to facilitate the examination by the authorities of another exchange of any transaction in which a member of the Association has been concerned and that the testimony of such member, his partners, or employees, or his books and papers, or the books and papers of his firm, or corporation, or any partner therein are material to such examination, and shall direct such member to appear and testify, or to cause any of his partners or employees to appear and testify, or to produce such books and papers before the authorities of said other exchange, or any committee thereof, for the purposes of such examination, and the member of the Association shall refuse or fail to comply with such direction, he may be adjudged guilty of an act detrimental to the interest or welfare of the Association. 154 (08/01/94)

548.00 Incriminating Evidence - Upon any investigation or trial before the Board, or before any committee, or before any other tribunal of the Association, no member or agricultural regular firm shall be required to answer, or be subject to any penalty for failing to answer any question, when such member or agricultural regular firm shall make oath that the answer, if given, would convict or tend to convict such member or agricultural regular firm of the violation of any law of the United States or any state. 161 (08/01/94)

549.00 Depositions of Witnesses - Upon any investigation authorized under the Rules and Regulations of the Association, the oral depositions of witnesses may be taken. The party under investigation shall be given at least five (5) days written notice of the time of the deposition and place where the witness will be deposed, which may be at any location within the United States. The party under investigation shall have the right to be present in person or by representative at the oral deposition, with right of cross-examination. All oral depositions of witnesses shall be taken under oath, before an officer qualified in the place of the deposition to administer oaths, and the complete testimony of the witnesses shall be transcribed by such officer or by a person under his supervision. Oral depositions taken in accordance with this provision shall be admissible in evidence at any hearing of the board or a Committee, reserving to the party under investigation the right to object at the hearing to the relevancy or materiality of the testimony contained therein. 162 (08/01/94)

550.00 Rehearing - A suspended or expelled member or member firm, and any member or member firm that has been fined, may petition the Appellate Committee for a rehearing. Upon presentation of the petition, the Appellate Committee, by a majority vote, may order a rehearing to determine whether the disciplinary action was the result of false testimony or was otherwise unjust or improper.

The rehearing will be conducted in accordance with Regulations 540.02 and 540.03.

If, after a rehearing the Appellate Committee unanimously finds that such member or member firm was mistakenly expelled, suspended, or fined, or that the penalty imposed was excessive, the prior disciplinary action against such member or member firm may be set aside or the penalty mitigated. No prior disciplinary action or penalty shall be set aside or mitigated if any member of the Appellate Committee votes against such action.

The petition of a member or member firm who has been suspended, expelled, or fined, for a rehearing shall be posted upon the bulletin board of the Exchange for at least one week prior to its presentation to the Appellate Committee.

A member or member firm whose prior expulsion, suspension, and/or fine is set aside or mitigated in accordance with this Rule shall have no claim in law or equity against the Association or any Director, committee member, officer or employee thereof by virtue of such prior action thus set aside or mitigated.

A rehearing is not a right. An action of the Appellate Committee is final when rendered as provided in Regulation 540.07, but may be reviewed by the Board pursuant to Regulation 540.05. Every suspension, expulsion, or fine will be considered final until set aside or reduced under this Rule. 157 (08/01/94)

551.00 Financial Compliance Committee-

(a) Membership. The Chairman of the Board, with the approval of the Board, shall appoint the members of the Financial Compliance Committee. The Committee shall consist of five Full Members at least three of whom shall be an officer or partner of a member firm and who shall not be Directors or Officers of the Association. Initially, two members of the Committee shall serve for a term of two years. At the time this Rule becomes effective, three members shall be appointed to serve a term expiring February 1, 1992. Each year thereafter, beginning in 1992, the Chairman of the Board, with the approval of the Board, shall appoint two members of the Committee to serve a term of two years and one member to serve a term of one year. A vacancy in the Committee shall be filled for the unexpired term in the same manner as provided above, except that unexpired one-year terms may be left vacant at the discretion of the Chairman of the Board. The President and Chief Executive Officer of the Board of Trade Clearing Corporation shall be a non-voting advisor to the Committee.

(b) Chairman and Vice-Chairman of the Committee. The Chairman of the Board, with the approval of the Board, shall appoint a Chairman and a Vice-Chairman of the Committee from among the members of the Committee. The Chairman and Vice-Chairman shall be appointed to serve as Chairman and Vice-Chairman for a one-year term.

(c) Oath of Members. Every member of the Committee shall take an oath not to divulge, or allow or cause to be divulged, any information acquired by such member in his official capacity if such information is confidential, commercially sensitive or non-public, including any information regarding the market position, financial condition, or identity of any trader or firm, except when required in connection with his official duties, or in connection with disciplinary proceedings or other formal proceedings or actions of a duly authorized committee of the Association, or of the Board, or in response to a duly authorized subpoena, or in response to a request or demand by an administrative or legislative body of government having jurisdiction of the subject matter and authority to obtain the information requested, or on behalf of the Association in any proceeding authorized by the Board.

(d) Quorum. The attendance of three (3) members at a meeting shall constitute a quorum. The actions of a majority of the members present shall be the actions of the Committee.

(e) Financial Compliance Committee on Particular Matter. If the Financial Compliance Committee shall determine that it is improper for any or all of its regular members to serve during the consideration and decision of any particular matter, or if any or all the regular members shall be unable to serve during the consideration and decision of any particular matter, the Financial Compliance Committee may request the Chairman of the Board to appoint an alternate or alternates to sit throughout the investigation, hearing, and decision of such matter. The Chairman of the Board shall have the power to appoint, consistent with paragraph (a) above, any member or members as such alternate or alternates.

When so appointed, such alternate or alternates shall, with respect to such particular matter, have all the powers and duties of the regular member or members for whom he is or they are acting, and the "Committee on Particular Matter," consisting of such alternate or alternates, and the remaining regular members of the Financial Compliance Committee, if any, shall with respect to such particular matter have all the duties and powers of the regular Financial Compliance Committee. During such period as a Committee or Committees on a Particular Matter or Matters are functioning, the regular Financial Compliance Committee and the regular members thereof shall continue to have all the powers and to perform all the duties concerning matters not under consideration by a Committee or Committees on Particular Matters.

(f) Duties and Authority of the Committee. The duty of the Committee is to monitor and ensure the capital and financial integrity of members and member firms. The Committee may determine, in its sole discretion, that there is reason to believe that the financial status of a member or member firm represents a condition inconsistent with sound business practices and financial integrity, and may exercise the following authority, without limitation, over the financial organization of members and member firms.

The Committee shall determine the manner and form in which its proceedings shall be conducted. The Committee shall have authority, without limitation, over the financial organization of member firms and the financial inter-relationships between member firms and their wholly-owned affiliated entities, including parents and subsidiaries. The Committee shall also have the authority, without limitation, to supervise the nature of capital formation and the capital compliance of members, member firms, wholly-owned affiliates, any other persons with trading privileges, guaranteed introducing brokers, and any employees or associated persons of any such individual or firm, particularly insofar as such conduct may have an adverse impact on the member's, member firm's or wholly-owned affiliate's capital or financial stability. The Committee shall also have the authority, without limitation, to supervise the financial organization, nature of capital formation and the capital compliance of all agricultural regular firms and their employees, member and non-member alike.

The Committee in performing its duties may investigate the dealings, transactions and financial interrelationships and condition of members, member firms, wholly-owned affiliates, agricultural regular firms, any other persons with trading privileges, guaranteed introducing brokers, and any employees or associated persons of any such individual or firm, may examine their books and papers upon request, and, with respect to member firms, may prescribe such capital requirements as it deems appropriate, including, without limitation, requiring the immediate or expeditious infusion of additional capital (subject to the procedures contained herein). Upon approval by the Chairman of the Board, the Committee may employ such experts, auditors, counsel and other assistants as it may deem necessary on a case-by-case basis, and all expenses incident thereto shall be payable from the funds of the Association.

(1) Where immediate action is necessary, the Committee shall have the authority prior to a hearing, only upon written approval by the Chairman of the Board, to take summary action consistent with this rule subject to a subsequent hearing to be held within five (5) days from the date of the summary action in accordance with Regulation 540.06. This hearing, conducted before the Committee or Board, shall follow the requirements of Regulation 540.03(c)-(j).

The member, member firm, person with trading privileges, wholly-owned affiliate, agricultural regular firm, guaranteed introducing broker, or employee or associated person of any such individual or firm will be immediately notified in writing of the Committee's or Board's decision, in the form of an order signed by the Chairman of the Committee and the Chairman of the Board of Directors. Upon written notification of the decision, the respondent may request a hearing to be held within five (5) days. After this hearing, the respondent may appeal the decision to the Board of Directors. The Board of Directors may modify the conditions of the original order.

Alternatively, any such summary order may be appealed directly to the Board of Directors within one business day. The member, member firm, person with trading privileges, wholly-owned affiliate, agricultural regular firm, guaranteed introducing broker, or employee or associated

person of any such individual or firm subject to such order must give written notice of appeal to the Secretary immediately upon receipt of the Committee's order; the Board shall hear the appeal within one business day following receipt of said appeal notice or such later date as the Board may establish pursuant to the written waiver of the one business day hearing requirement by the member, member firm, person with trading privileges, wholly-owned affiliate, agricultural regular firm, guaranteed introducing broker, or employee or associated person of any such individual or firm.

(2) The Committee shall have the authority to charge a member, member firm, wholly-owned affiliate, agricultural regular firm, person with trading privileges, guaranteed introducing broker, or any employee or associated person of any such individual or firm alleged to have violated any Rule or Regulation or written policy within its jurisdiction and may impose any one or more of the following preliminary penalties: a reprimand, a cease and desist order, a fine not to exceed $25,000 for each such violation, and/or restitution. The Committee may also impose upon any such individual member, person with trading privileges, or employee of a member or member firm a preliminary denial of the privileges of the Floor of the Exchange or suspension from membership status for a period not in excess of ninety (90) business days for each such violation. Except in the case of specified penalties, which shall be heard by the Committee in accordance with Regulations 540.02 and 540.03, proceedings shall be conducted by the Hearing Committee in accordance with Regulations 540.02 and 540.03. The specified penalties which shall be heard by the Committee shall be defined as a reprimand, fines not exceeding $5,000.00 for any one violation, and a denial of the privileges of the Floor for a period not exceeding five (5) business days for any one violation. In the event there is a finding of multiple violations of any Rules or Regulations it shall be within the relevant Committee's discretion to apply its denial or suspension powers either in a consecutive or concurrent manner.

A party under cease and desist order may apply to the Committee to review and terminate such order, provided that such order has been in effect for at least five years prior to application.

The decision of the Financial Compliance Committee or the Hearing Committee may be appealed to the Appellate Committee in accordance with Regulation 540.05 by filing with the Secretary of the Association, within ten (10) business days after the decision is sent to the respondent, a Notice of Appeal to the Appellate Committee requesting a review by the Appellate Committee of all or part of the decision.

(3) Any member, member firm, wholly-owned affiliate, agricultural regular firm, other person with trading privileges, guaranteed introducing broker, or employee or associated person of any such individual or firm who fails to appear before the Committee pursuant to its request, or to submit his or its books and records to the Committee at its request, shall be guilty of an offense against the Association.

The Committee may review at any time the operations or procedures of members, member firms, wholly-owned affiliates, agricultural regular firms, any other persons with trading privileges, guaranteed introducing brokers, and any employees or associated persons of any such individuals or firms to assure compliance with the Rules and Regulations of the Association. Whenever such review discloses a condition or practice which, in the Committee's judgment, falls within the provisions of Regulation 270.01 or Regulation 540.06, it shall so advise the Chairman of the Board and recommend such action as it deems appropriate in the circumstances.

(g) Offense Against the Association. It shall be an act detrimental to the interest and welfare of the Association for any member of the Association, member firm, wholly-owned affiliate, agricultural regular firm, other person with trading privileges, guaranteed introducing broker, or employee or associated person of any such individual or firm to fail to comply with the disciplinary action of the Committee after such action becomes effective.

(h) Hold-Over Members. Whenever the Committee members have begun to hear or review evidence and argument in any proceeding, and the term of one or more of the members expires, such member or

members may continue in office until the proceeding has ended. A hold-over member shall not participate in any other Committee business, nor shall his continuation in office impair the appointment of his successor or his successor's right to participate in all other Committee business. (08/01/98)

560.00 Expulsion and Suspension from Membership - Unless otherwise specifically provided, the penalty of suspension from membership may be inflicted, and the period of suspension determined, by the vote of a majority of the members of the Appellate Committee or the Board present, and the penalty of expulsion from membership or of ineligibility of a suspended member for reinstatement may be inflicted only by a vote of two-thirds of the members of the Board present.

At any disciplinary hearing the Appellate Committee or the Board may impose a fine upon any member or member firm for each Rule or Regulation violated. By majority vote of the Appellate Committee members or Directors present, the fine for each Rule or Regulation violated shall not exceed $250,000. The time for payment of any such fine shall be determined by the Appellate Committee or the Board. Failure of any member or member firm to pay the fine during the prescribed period shall be considered an act detrimental to the interest and welfare of the Association. 140 (08/01/94)

560.01 Disciplinary Notice - Any member who is suspended, expelled, denied access to the Floor of the Exchange or otherwise disciplined shall be notified of such action in writing, with notification to the Commodity Futures Trading Commission in a manner permitted by the Commission, within thirty (30) days. The notification shall include the reasons for the Exchange action in the form and manner the Commission prescribes. 1795 (01/01/00)

560.02 Association Bar - Unless otherwise specifically provided, the penalty of a bar from association with any member or member firm may be imposed, and the period of an association bar determined, by the vote of a majority of the members of the Appellate Committee or the Board present. A permanent bar from association may be imposed only by the Board by a vote of two-thirds of the members of the Board present. For purposes of this regulation, a bar from association with any member or member firm includes, but is not limited to, a member's acting in the capacity of a partner, officer, director, employee and/or agent of a member or member firm. (08/01/94)

561.00 Suspended or Expelled Member Deprived of Privileges - When a member is suspended by a Committee of the Association or the Board, such member shall be deprived during the term of his suspension of all rights and privileges of membership, but he may be proceeded against by the Board for an offense other than that for which he was suspended.

The expulsion of a member terminates all rights and privileges arising out of his membership, except such rights in respect to the proceeds of the transfer thereof as he may have under the provisions of Chapter 2 hereof. 159 (08/01/94)

562.00 Discipline During Suspension - A member suspended under the provisions of this Chapter may be proceeded against by the Board for any offense committed by him either before or after the announcement of his suspension, in all respects as if he were not under suspension. (08/01/94)

563.00 Trade Checking Penalties - The Floor Conduct Committee may assess a penalty not to exceed $1,000.00 for each day that a member or registered eligible business organization fails to make adequate provisions for the checking of trades that have been rejected by the Clearing House. Such penalty may be appealed to the Appellate Committee on the ground that it is excessive or unreasonable, and the Appellate Committee may thereupon revoke, modify, or impose a greater or different penalty. (04/01/98)

Chapter 6
Arbitration of Member Controversies

Chapter 6
Arbitration of Member Controversies

600.00 Arbitration of Member Controversies - Any controversy between parties who were members at the time such controversy arose and which arises out of the Exchange business of such parties shall, at the request of any such party, be submitted to arbitration in accordance with regulations prescribed by the Exchange. Every member, by becoming such, agrees to arbitrate all such disputes with other members in accordance with this Rule and the regulations prescribed by the Exchange pursuant to this Rule, and further agrees and obligates himself to abide by and perform any awards made thereunder. (06/01/95)

600.01 Member to Member Statute of Limitations - Except as provided in the a/c/e mistrade policy, a controversy shall be submitted to arbitration within two years from the date the member knew or should have known of the dispute. (09/01/01)

601.00 Arbitration of Customers' Claims and Grievances - The Exchange shall by regulation establish procedures in conformity with Section 5a(11) of the Commodity Exchange Act and Regulations thereunder for the settlement through arbitration of customers' claims and grievances against members and their employees. Every member, by becoming such, agrees to abide by all regulations prescribed by the Exchange pursuant to this Rule, and further agrees to abide by and perform any awards made thereunder. (08/01/94)

601.01 Award of Actual Damages - If an award of actual damages is made against a floor broker in connection with the execution of a customer order, the futures commission merchant that selected the floor broker may be required to satisfy such award. (08/01/94)

601.02 Award of Punitive or Exemplary Damages - Punitive or exemplary damages may be awarded to a customer in addition to losses proximately caused by a floor broker, if the floor broker acted wilfully and intentionally in bringing about the customer's losses. The punitive or exemplary damages may not exceed an amount equal to two times the amount of the actual damages proximately caused by the floor broker. In addition, the futures commission merchant that selected the floor broker may be required to satisfy the award of punitive or exemplary damages if the floor broker fails to do so and only if the futures commission merchant wilfully and intentionally selected the floor broker with the intent to assist or facilities the floor broker's violation. (08/01/94)

602.00 Arbitration of Other Member-Nonmember Controversies - - The Exchange may by regulation establish procedures for the voluntary arbitration of controversies between members and nonmembers arising out of Exchange business, other than customers' claims and grievances, where neither the claim, nor any counterclaim, is in excess of $50,000. Every member, by becoming such, agrees to abide by all regulations which the Exchange may prescribe pursuant to this Rule, and further agrees to abide by and perform any awards made thereunder. (08/01/94)

Ch6 A. Definitions

603.00 Member Defined - For purposes of this Chapter, the term "member" includes all individual members of the Association, and all partnerships, corporations, and cooperative associations registered with the Association pursuant to Rule 230.00 or related regulations. (11/01/94)

603.01 Definitions -

For purposes of this Chapter:

A. "Member" of the Association includes all individual members of the Association, and all partnerships, corporations, and cooperative associations that are registered with the Association pursuant to Rule 230.00 or Regulation 230.17. For purposes of Rule 600.00 and Regulation 620.01(A), "member" shall also be deemed to include the operator or manager of a warehouse or shipping plant that has been declared regular by the Exchange for the delivery of grains, soybean oil or soybean meal in Board of Trade contracts.

B. "Claims or grievance" is any dispute which arises out of any transaction on or subject to the rules of the Exchange (including any transaction on or subject to the Rules of another contract market if such transaction is part of the same cause of action), executed by or effected through a member of the Association, or by or through an employee of a member of the Association, which dispute does not require for adjudication the presence of essential witnesses or third parties over whom the Association does not have jurisdiction and who are not otherwise available. A "claim or grievance" does not include disputes arising from cash market transactions which are not part of or directly connected with any transaction for the purchase or sale of any commodity for future delivery.

C. "Customer" does not include any member of the Association.

D. "Unassociated person" excludes all persons who are either members of or associated with members of the Association, who are employees of the Association, or who are otherwise associated with the Association. For the purpose of customer claims or grievances in connection with this chapter only, "unassociated person" excludes all persons who are members of, or associated with members of, or are employees of, or otherwise associated with, the Association or any other contract market. (08/01/94)

610.01 Arbitration Committee - The Arbitration Committee shall consist of twenty-eight (28) individual members of the Association appointed by the Chairman of the Board with the approval of the Board. Seven (7) shall be chosen from each of the following four (4) categories: seven (7) shall be principally engaged as floor traders; seven (7) shall be principally engaged as floor brokers; seven (7) shall be affiliated with brokerage firms; and seven (7) shall be affiliated with commercial firms. Fourteen (14) members shall be appointed for a term to end January, 1992, and fourteen (14) members shall be appointed for a term to end January, 1993. Beginning January, 1992, fourteen (14) members shall be appointed each year for a term of two years. A vacancy shall be filled for the unexpired term in the same manner as is provided above. No person shall be a member of the Committee who, at the same time, is a member of the Board or a member of any standing disciplinary committee. A member of the Arbitration Committee shall not be disqualified to serve on the Committee or any panel thereof due to a change in categories subsequent to his appointment. If the category of a member of the Arbitration Committee should change subsequent to his appointment, he shall be considered for all purposes to be in the category from which he was chosen on the date of his appointment. (08/01/94)

610.02 Administrator of Arbitration - The Administrator of Arbitration ("Administrator") shall be appointed by the President to serve at his will. The Administrator shall assist the Arbitration Committee in the performance of its work, and perform all ministerial duties in connection therewith including the following: he shall receive and file all submissions, pleadings and awards; he shall select unassociated persons to serve on Mixed Panels; he shall schedule and give notice of all hearings, keep a record of all cases, and keep such other books, and memoranda as the Committee shall from time to time direct; he shall receive and disburse all deposits and costs and keep careful and accurate account thereof under the supervision of the Arbitration Committee; and he shall perform all other duties incident to his office. (08/01/94)

610.03 Unassociated Persons - The Administrator shall maintain a list of unassociated persons available to serve as arbitrators on Mixed Panels constituted pursuant to Regulation 620.02 for the arbitration of customers' claims and grievances and other member-nonmember controversies. The Administrator shall from time to time select unassociated persons and place on the list the names of such unassociated persons who are willing to serve as arbitrators. (08/01/94)

Ch6 C. Jurisdiction, Submission, Selection of Arbitrators

620.01 Jurisdiction and Submission -

A. Member Controversies. The Arbitration Committee has jurisdiction to arbitrate all controversies between members arising out of Exchange business. A member party may compel another member party to arbitrate such controversies by delivering to the Administrator a Statement of Claim.

B. *Customer's Claims and Grievances. The Arbitration Committee and Mixed Panels constituted pursuant to Regulation 620.02 have jurisdiction to arbitrate all customer's claims and grievances against any member or employee thereof which have arisen prior to the date the customer's claim is asserted. If the customer elects to initiate an arbitration proceeding of any customer claim or grievance, the member shall submit to arbitration in accordance with these Arbitration Rules and Regulations. The arbitration shall be initiated by delivery to the Administrator of (a) a Statement of Claim and a "Chicago Board of Trade Arbitration Submission Agreement for Customers' Claims and Grievances" signed by the customer or (b) a Statement of Claim and another arbitration agreement between the parties, which agreement conforms in all respects with any applicable requirements prescribed by the Commodity Futures Trading Commission. The refusal of any member or employee to sign the ''Chicago Board of Trade Arbitration Submission Agreement for Customer's Claims and Grievances" shall not deprive the Arbitration Committee or a mixed Panel constituted pursuant to Regulation 620.02 of jurisdiction to arbitrate customers' claims under these Arbitration Rules and Regulations. The Committee and Mixed Panels have jurisdiction to arbitrate a counterclaim asserted in such an arbitration, but only if it arises out of the transaction or occurrence that is the subject of the customers' claim or grievance and does not require for adjudication the presence of essential witnesses, parties or third persons over whom the Association does not have jurisdiction. Other counterclaims are subject to arbitration by the Committee, or a Mixed Panel, only if the customer agrees to the submission after the counterclaim has arisen.

C. Other Member-Nonmember Controversies. The Arbitration Committee, and Mixed Panels constituted pursuant to Regulation 620.02, have jurisdiction to arbitrate all controversies between members and nonmembers arising out of Exchange business, other than customers' claims and grievances, where neither the claim nor the counterclaim is in excess of $50,000 and where the claim is filed no more than one year after the date of the transaction giving rise to the claim or controversy. Any party may request the arbitration of such controversy by delivering to the Administrator (1) a Statement of Claim and a ''Chicago Board of Trade Arbitration Submission Agreement" signed by all the parties or (2) a Statement of Claim and another arbitration agreement between the parties, which agreement conforms in all respects with any applicable requirements prescribed by the Commodity Futures Trading Commission.

*The following is the text of Regulation 620.01(B) as amended by CFTC Rule 7.201. The legality of Rule 7.201, and thus the obligation of Board of Trade members to arbitrate customer's claims and grievances, has been the subject of litigation between the Board of Trade and one of its member firms against the CFTC since 1982. On December 30, 1986, the United States District Court for the Northern District of Illinois declared CFTC Rule 7.201 to be invalid as an unconstitutional denial of a member firm's Seventh Amendment right to a jury trial. However, on December 22,1987, the Seventh Circuit Court of Appeals overturned the District Court's decision, thereby upholding CFTC Rule 7.201. The Board of Trade, with a member firm, filed with the United States Supreme Court a petition to review the Seventh Circuit's decision. On October 3,1988, the Supreme Court denied the petition. The Supreme Court's ruling, in effect, reaffirms the Seventh Circuit's decision validating CFTC Rule 7.201 and compelling Association members, at the option of the customer, to arbitrate customer disputes arising out of Exchange business. (08/01/94)

620.02 Selection of Arbitrators and Chairman

A. Customers' Claims and Grievances. Prior to the time of a customer's submission of a claim or grievance to the arbitration procedure established herein, he shall be informed that he may elect at the time of submission of the claim or grievance to have his dispute heard by an arbitration panel consisting of members selected pursuant to Subsection C of this Regulation, or by a Mixed

Panel selected pursuant to this Subsection. The customer shall be advised, prior to election of a Mixed Panel

1. that any increased expenses attendant to having such a Mixed Panel shall be borne by the member(s) regardless of the outcome of the arbitration unless the arbitrators determine that the customer acted in bad faith in initiating, or participating in, the arbitration proceeding.

2. that the Mixed Panel may have more or less knowledge in the area of commodities relevant to his claim that a panel composed entirely of members of the Arbitration Committee.

Such Mixed Panel shall be composed of five (5) persons, three of whom shall be unassociated persons, and two of whom shall be members of the Arbitration Committee, both of whom may be from the same category. The unassociated persons on such Mixed Panel shall be chosen by the Administrator by lot from the list of available unassociated persons maintained by the Administrator. The members of the Arbitration Committee shall be selected in a manner to be established by the Committee. Each panel shall be chaired by a member of the Executive Subcommittee of the Arbitration Committee.

B. Other Member-Nonmember Controversies. The provisions of Subsection A of the Regulation shall be applicable to the arbitration of member-nonmember controversies, as well as to the arbitration of customers' claims and grievances.

C. Other Controversies. In the case of controversies between members, or in the event that a customer or nonmember party does not elect a Mixed Panel as outlined in Subsections A and B of this Regulation, the arbitration panel shall consist of five (5) Arbitrators, to be selected from the Arbitration Committee in a manner to be established by the Committee, with at least one Arbitrator to be selected from each category described in Regulation 610.01. Each panel shall be chaired by a member of the Executive Subcommittee of the Arbitration Committee.

D. Executive Subcommittee of the Arbitration Committee. For the purpose of this Regulation 620.02, the Executive Subcommittee of the Arbitration Committee shall consist of one Chairman, one Vice Chairman and three other members, all of whom have been appointed by the Chairman of the Board with the approval of the Board of Directors. One member of the Subcommittee must be principally engaged as a floor trader, one member must be principally engaged as a floor broker, one member must be affiliated with a brokerage firm, and one member must be affiliated with a commercial firm. The Chairman of the Subcommittee may come from any of the four categories cited in the preceding sentence. (11/01/97)

620.03 Special Arbitrators - Where the controversy is of a highly technical nature, if the parties desire, they may arrange between themselves for one or more Special Arbitrators to be convened by the Administrator, in which event such Special Arbitrator or Special Arbitrators shall proceed in accordance with the provisions of this Chapter. (08/01/94)

620.04 Time Limit for Filing Customers' Claims and Grievances - The Arbitration Committee and Mixed Panels constituted pursuant to Regulation 620.02 do not have jurisdiction to arbitrate customers' claims and grievance which are filed more than one year after the date of the transaction giving rise to the claim or controversy. (08/01/94)

620.05 Time Limit for Filing Claims in Member/Agricultural Regular Firm Controversies - The Arbitration Committee does not have jurisdiction to arbitrate controversies between members and agricultural regular firms which are filed more than one year after the date of the events giving rise to the claim or controversy. (08/01/94)

Ch6 D. Procedure

630.01 Pleadings

A. Form of Pleadings. Pleadings shall be sufficient if they contain information which reasonably informs the other party of the nature of the claim, counterclaim, or defense. The amount of the claim or counterclaim shall be stated where possible. Provided, however, in any controversy submitted between non-members (parties who are neither customers nor members) and members or their employees, the parties shall be deemed to have agreed between themselves that no award upon a claim or counterclaim shall exceed $50,000.

B. Notice. The Administrator shall deliver or mail copies of all pleadings to the parties as soon as practicable.

C. Answer and Counterclaim. The respondent shall have ten (10) business days from receipt of the Statement of Claim in which to file an answer and counterclaim, if any, with the Administrator. If the respondent does not file an answer and counterclaim, if any, within the time prescribed, the respondent will be deemed to have denied the claim and to have waived any counterclaim. The Administrator, in his discretion, may extend the filing period upon request of the respondent.

D. Reply. The claimant shall be given the same opportunity to reply to any counterclaim as was given the respondent to answer. (08/01/94)

630.02 Third Party Actions - In an arbitration between members pursuant to the provisions of Regulation 620.01(A).

1. A party may bring in a third party member against whom a claim is asserted arising out of or in connection with transactions referred to in the pleadings.

2. A member may, in the discretion of the Arbitrators, intervene in a pending arbitration proceeding and become a party if the Arbitrators are satisfied that the claim which he asserts against either or both of the parties arises out of or in connection with the transactions referred to in the pleadings.

3. The procedures to be followed in any third party action shall be determined by the Arbitrators. (08/01/94)

630.03 Cross Claims - In an arbitration between members pursuant to the provisions of Regulation 620.01(A), parties shall have the right to assert cross claims. (08/01/94)

630.04 Representation by Attorney - A party is not required to be represented by an attorney; however, he has the right to be represented by an attorney at his own expense if he so chooses. A party who is represented by an attorney shall so notify the Administrator and shall furnish to him the attorney's name and address. Subsequent papers in the proceeding may be delivered or mailed to the party through his attorney. The arbitrators may award a party all or any portion of the party's reasonable attorneys fees and expenses incurred as a result of another party's frivolous claim or defense. The party so awarded shall submit an affidavit, detailing his attorney fees and expenses, to the Administrator with notice to the opposing party. (08/01/96)

630.05 Time and Place for Hearing - The Administrator shall set a date for the hearing after all pleadings have been filed, and shall notify the parties at least five (5) business days in advance of the time and place, with a copy of the notification to the Arbitrators. All hearings shall be held in the City of Chicago, State of Illinois. If it is determined by the Administrator that it is necessary, for any reason, to postpone the time of hearing, he shall notify the parties. When a new date for hearing is set, the parties shall be notified as soon as practicable and no less than five (5) business days before the hearing unless the time limit is waived. (08/01/94)

630.06 Witnesses, Subpoenas, Depositions - Arbitrators and parties shall have such powers in regard to compelling attendance of witnesses or the production of documents or things, or the taking of depositions, as are provided in the Uniform Arbitration Act of Illinois. (08/01/94)

630.07 Oath of Arbitrators - All Arbitrators shall be sworn faithfully and fairly to hear, examine, and determine all controversies and to make awards according to the best of their understanding. Such oath may be administered by any person authorized to administer oaths. (08/01/94)

630.08 Hearing Procedures

A. The Arbitrators may allow stipulations and establish such other procedures as may simplify the issues and expedite the hearing. The Arbitrators may hear and determine the controversy upon the evidence produced, notwithstanding the failure of a party duly notified to appear or to present evidence.

B. Each of the parties or his attorney shall be permitted to make an opening statement; present witnesses and evidence material to the controversy; cross-examine witnesses, including parties to the arbitration; and present closing arguments orally or in writing as may be determined at the hearing by the Arbitrators. The Arbitrators shall not be bound by formal rules of evidence. The Arbitrators shall receive and consider the evidence of witnesses by affidavit, but shall give it only such weight as they deem it entitled to after consideration of any objections made to its submission. All testimony shall be taken under oath or affirmation. The hearing shall be formally declared closed by the Arbitrators. Such hearings may, however, in the discretion of the Arbitrators, be reopened at any time prior to the making of an award.

C. The Arbitrators may, when they deem it appropriate, record the proceedings in whatever manner they determine. Any party may require the proceedings to be transcribed if he agrees to pay the actual cost of such transcription. The Administrator shall make the necessary arrangements for the taking of a stenographic record whenever such record is requested. (08/01/94)

630.09 Amendments To Pleadings - At any time before the hearings are declared closed, any party may move to amend his pleadings to conform to the evidence and, if the Arbitrators shall permit the amendment, the case shall be determined on the amended pleadings. (08/01/94)

630.10 Adjournments - The Arbitrators may adjourn the hearings from time to time upon the application of either party for good cause or at their own instance. (08/01/94)

630.11 Notice and Communications - Notices shall be given to the parties by the Administrator or otherwise as the Arbitrators may direct. (08/01/94)

630.12 Arbitration Procedures For Claims Under $2,500

A. Where claims of the parties including counterclaims, if any, are under $2,500 in the aggregate, the dispute shall be resolved by the Arbitrators solely upon the pleadings and documentary evidence filed by the parties. A party shall have the right to take the deposition of any other party in the manner and upon terms designated by the Arbitrators.

B. Notwithstanding the provisions of this Regulation, the Arbitrators may request the submission of further evidence in the proceedings, and the Arbitrators may, by a majority vote, call and conduct a hearing if such is deemed to be necessary. (08/01/94)

630.13 Rulings and Awards

A. All rulings and awards shall be by a majority vote of the Arbitrators.

B. The award shall be in writing and signed by the Arbitrators joining in the award. Such award shall be promptly rendered according to the Rules and Regulations of the Association and the laws of the land, and the award shall be final. The Arbitrators shall file the award with the Administrator and the Administrator shall deliver or mail a copy to each party.

C. Failure to comply with an order or award of the Arbitration Committee or to pay the full amount of the award to the Exchange as escrow agent within thirty (30) days of notice of the order or award shall be deemed to be a failure to perform an Exchange contract in accordance with Rule 278.00

The amount of the award placed in escrow with the Exchange plus accrued interest shall be released to the prevailing party ninety-one days after notice of the award is issued unless a timely motion to vacate, modify or correct the award has been filed with a court of competent jurisdiction, in which case the amount shall continue to be held by the Exchange and together with accrued interest shall be disbursed upon the entry of and in accordance with a final order disposing of such motion. (08/01/94)

630.14 Change of Award - On application of a party to the Arbitrators, the Arbitrators may modify or correct the award in accordance with the Uniform Arbitration Act of Illinois. (08/01/94)

Ch6 E. Miscellaneous Provisions

640.01 Fees and Expenses - A schedule of arbitration fees shall be established from time to time by the Arbitration Committee, with the approval of the Board. The Arbitrators, in the award, shall fix expenses and assess fees, in accordance with the Committee's schedule, in whatever manner they deem appropriate, provided that incremental costs associated with the selection of a Mixed Panel by a customer shall be borne by the member regardless of the outcome of the arbitration unless the arbitrators shall determine that the customer acted in bad faith in initiating, or participating in, the arbitration proceeding. Parties shall be notified prior to the submission of a claim of the nature and amount of fees and expenses which may be assessed against the parties to the extent that the amount of such fees and expenses may be determined prior to submission and hearing of the claim. (08/01/94)

640.02 Ex Parte Contacts - Parties are prohibited from making ex parte contacts with any Arbitrator hearing an arbitration between the parties. (08/01/94)

640.03 Holdover Arbitrators - Whenever the Arbitrators have begun to hear or review evidence and argument in any arbitration proceeding, and the term of one or more of the Arbitrators expires, such Arbitrator or Arbitrators shall continue in office until the arbitration proceeding has ended. A holdover member shall not participate in any other Committee business, nor shall his continuation in office impair the appointment of his successor or his successor's right to participate in all other Committee business. (08/01/94)

640.04 Power to Decline Jurisdiction - Arbitrators may decline jurisdiction in any case, except as provided by law. The Arbitrators may, at any time during the proceeding, except as provided by law, and shall, upon the joint request of the parties, dismiss the proceeding. (08/01/94)

640.05 Compliance With Applicable Laws - The Regulations of this Chapter shall be so construed as to comply with applicable mandatory provisions of the Commodity Exchange Act (including Regulations thereunder) and all mandatory provisions of the Uniform Arbitration Act of Illinois and, where in conflict with the mandatory provisions of such Act or Acts, the Acts shall prevail. However, these Regulations, being an integral part of all agreements for the arbitration of disputes pursuant hereto, shall supersede all provisions of the Acts which are waivable by agreement. (08/01/94)

Chapter 7
Clearing House, Deposits for Security

Chapter 7
Clearing House, Deposits for Security

Ch7 Clearing House

700.00 Settlement by Clearance - All contracts, including contracts made by members upon behalf of non-members, shall be cleared through the Clearing House, and all such contracts shall be subject to the Charter, By-Laws, and Clearing Regulations of the Clearing House; except in security contracts unless otherwise stipulated in the bid or offer or it is otherwise agreed by the parties to the contract, or the Clearing House, either in the particular instance or in pursuance of its By-Laws and Resolutions, will not act in the matter. 310 (09/01/94)

701.00 Rights of Board - During 1936 the Board, by the affirmative vote of fourteen Directors and thereafter by the affirmative vote of twelve Directors, may discontinue the clearance of commodities and securities contracts through the Clearing House, and provide for such other method of clearance as may be selected. 311 (08/01/94)

702.00 Clearing House By-Laws - The Clearing House may not change its By-Laws without the consent of the Board. 312 (08/01/94)

703.00 Membership in Clearing House - The Clearing House may prescribe the qualifications of its own members. However, no person, corporation, limited liability company, partnership, or any other type of eligible business organization (hereinafter collectively referred to as "Eligible Business Organization") shall become a member of the Clearing House until approved by the Membership Committee, subject to the following conditions:

(a) No Eligible Business Organization shall become a member of the Clearing House for the purpose of clearing trades for others unless the chief executive officer of a corporation, the managing partner of a partnership, or the managing member of a limited liability company has registered his or her membership privilege for the use of the Eligible Business Organization pursuant to Rule 230.00 and the provisions of paragraph (d) below are met. For good cause shown and if approved by the Membership Committee with the concurrence of the Governors of the Clearing House, the Eligible Business Organization may designate its principal managerial employee instead of the individual referred to above. For the purpose of this Rule, a principal managerial employee shall be the highest ranking managerial employee in the Eligible Business Organization whose duties pertain to the management of the Eligible Business Organization or any division thereof, and who is in a position to influence the Eligible Business Organization's operations with respect to commodities business. The ability to influence the eligible Business Organization's operation with respect to commodities business includes, but is not limited to, the following:

    (1) the ability to commit the Eligible Business Organization's capital whenever required by the Exchange or the Board of Trade Clearing Corporation.

    (2) the ability to liquidate or otherwise adjust the Eligible Business Organization's commodity futures or options positions as directed by the Exchange; and

    (3) the authority to appear before and respond to any committee of the Exchange on behalf of the Eligible Business Organization.

(b) An individual member of the Association or a registered partnership or a limited liability company consisting of a husband and wife who are members, may be a member of the Clearing House provided that they clear trades exclusively for their own account.

(c) No Eligible Business Organization may be a member of the Clearing House for the purpose of clearing its own trades exclusively unless one of its managerial employees has registered his or her membership for the use of the Eligible Business Organization as provided in Rule 230.00.

    The provisions of the foregoing paragraph shall apply to an Eligible Business Organization which is solely owned provided that the sole owner is a member of the Association and has registered his or her membership for the use of the Eligible Business Organization with the approval of the Membership Committee under the provisions of Rule 230.00. In such a case, the Eligible Business

Organization may be a member of the Clearing House for the purpose of clearing its own trades exclusively.

(d) An Eligible Business Organization may be a member of the Clearing House and clear trades for others if it conducts a substantial and continuing business in commodity futures contracts on the Exchange directly with the trading public and if two memberships for the use of the Eligible Business Organization are registered under the provisions of Rule 230.00. One of the memberships to be registered must be that of the chief executive officer of a corporation, the managing partner of a partnership, or the managing member of a limited liability company, as applicable. The second membership to be registered must be that of the second ranking managerial employee of the Eligible Business Organization.

The Membership Committee, in its discretion and for good cause shown, may allow an Eligible Business Organization to register a membership in the name of a managerial employee of the Eligible Business Organization other than the second ranking managerial employee in order to satisfy the requirements of this paragraph (d) when the second ranking managerial employee fails to meet the qualifications of the term managerial employee as defined in Rule 230.00.

(e) A lawfully formed and conducted cooperative association of producers having adequate financial responsibility and which is engaged in any cash commodity business, may clear trades through the Clearing House provided it meets the registration requirements for Eligible Business Organizations as set forth in this Rule.

(f) A member firm which is also a clearing member firm of the Association or a managerial employee of such firm shall not be prohibited from owning, controlling, or being a shareholder, member or limited partner in one other clearing member firm provided that when both clearing members are corporations, the second clearing member is a 100% wholly owned subsidiary of the first clearing member corporation and further provided that each clearing member must, in its own right, meet all the conditions and requirements contained in this chapter.

(g) An Eligible Business Organization which is not a clearing member of this Association shall not be prohibited from owning and controlling two clearing members, provided that each of the two clearing members is a 100% wholly-owned subsidiary of the Eligible Business Organization and provided that each of the two clearing members meets all of the conditions and requirements contained in this chapter in its own right.

(h) For the purpose of Rule 703.00 (c), (f) and (g), the registrant of a corporation shall be its chief executive officer or, for good cause shown, its principal managerial employee as defined in paragraph (a) above; the registrant of a partnership shall be its managing partner or, for good cause shown, its principal managerial employee as defined in paragraph (a) above; and the registrant of a limited liability company shall be its managing member or, for good cause shown, its principal managerial employee as defined in paragraph (a) above. (04/01/98)

703.00A Office Location and Operation - To be eligible for clearing privileges, an Eligible Business Organization must:

Operate under the direct supervision of the clearing member, if an individual, or of a member in good standing having full authority to transact business with the Clearing House for and on behalf of the clearing member, including entering into Exchange and members' contracts, if an Eligible Business Organization; or

Back-office operations may be located outside Chicago provided the clearing member, or applicant for clearing membership, meets any systems requirements, documentation and/or agreements as prescribed by The Chicago Board of Trade and The Board of Trade Clearing Corporation in order to ensure that the clearing member/applicant will be able to comply with The Chicago Board of Trade's and The Board of Trade Clearing Corporation's Bylaws, rules, policies and procedures.

Provided, however, that the Board of Governors of the Clearing House may permit individual members, as well as partnerships and limited liability companies composed only of members, to share office space if they clear only their personal trades and carry no accounts for customers. 31R (07/01/01)

703.00B Transition Period for Amended Rule 703.00 - Any eligible business organization which is not in compliance with the terms of amended Rule 703.00 on its effective date shall have six (6) months from that date to comply with the terms of the Rule as amended. (04/01/98)

704.00 Substitution - Where a future delivery contract is cleared through the Clearing House,

the Clearing House shall be deemed substituted as seller to the buyer, and shall also be deemed substituted as buyer to the seller, and thereupon the Clearing House shall have all of the rights and be subject to all of the liabilities of the original parties with respect to such contract. 314 (08/01/94)

705.00 Offsets - Where a member buys and sells the same commodity for the same delivery, and such contracts are cleared through the Clearing House, the purchases and sales shall be offset to the extent of their equality, and the member shall be deemed a buyer from the Clearing House to the extent that his purchases exceed his sales, or a seller to the Clearing House to the extent that his sales exceed his purchases. 315 (08/01/94)

705.01 Reporting (Margins) - A bona fide hedger, in financial instruments, may report positions on a gross basis provided appropriate margins are paid during the delivery month, on the gross positions reported, as required by Regulation 431.02. (18) (08/01/94)

705.02 Reporting (Offsets) - A bona fide hedger, in financial instruments, reporting consistently on a gross basis under Regulation 705.01 shall, during a delivery month settle gross positions only by offsetting such positions through trades in the pit. During non-delivery months, and not later than three days prior to the first day of the delivery month, gross positions may be offset as provided for in the Rules of the Association. (08/01/94)

706.00 Trades for Customers* - Where a member makes a trade for future delivery of commodities for a customer (member or non-member) and the trade is cleared through the Clearing House, the Clearing House becomes the principal who is liable to the customer and to whom the customer is liable, subject to the following: (a) the trade shall remain subject to the Charter, By-Laws, and Resolutions of the Clearing House; (b) the trade may be offset against other trades of the clearing member as provided in Rule 705.00; (c) if the trade is not offset and the member being a seller, tenders a delivery notice to the Clearing House, the member to whom such delivery is assigned, under Rule 1048.00, shall thereupon be substituted as buyer in lieu of the Clearing House; (d) if the trade is not offset, and the member, being a buyer, is assigned a delivery under Rule 1048.00, the seller whose delivery is thus assigned shall thereupon be substituted as seller in lieu of the Clearing House; (e) if the trade is offset, the Clearing House shall be discharged, and the member himself shall be substi-tuted for the Clearing House as principal. For the purpose of this Rule, the first trades made shall be deemed the first trades offset. 316

*See also Board of Trade Clearing Corporation By-Law 515. (08/01/94)

Ch7 Deposits for Security

720.00 Amount Callable - On future delivery contracts, buyers may require sellers and sellers may require buyers to deposit, as security for faithful performance, such percentage of the market price of the commodities bought or sold as shall not be in excess of the standing margin requirements of the Clearing House. 260 (08/01/94)

721.00 Depositaries - All such deposits shall be made with the Treasurer, or with a bank approved by the Board. Such bank must have at least one executive officer who is a member, and must file a bond, approved by the Board, conditioned to dispose of such deposits according to the Rules. 261 (08/01/94)

722.00 Certificates - The depositary shall issue a certificate of deposit in duplicate, giving the date and amount of the deposit and the name of the depositor and the beneficiary. It shall also state that the certificate is subject to the Rules of the Association. 262 (08/01/94)

723.00 Disposition of Duplicate Certificates - The depositor, within one hour after the call for the deposit, must deliver the duplicate certificate of deposit to the Clearing House or to the beneficiary. 263 (08/01/94)

724.00 Existing and Future Exchange Contracts - Unless otherwise provided all deposits shall constitute security for the performance of all existing or future Exchange contracts between the parties. 264 (08/01/94)

725.00 Notice of Call - Calls for deposits may be served personally upon the party called or upon his clerk or representative on Change, or by written notice left at his place of business. If he has no place of business and cannot be found, the call may be made by written notice left at the Office of the Secretary. 265 (08/01/94)

726.00 Failure to Make Deposit - Failure to make deposits for one hour after demand shall authorize but not obligate the other party to close out the trades for which security was demanded. If such trades are closed, the delinquent shall be immediately notified, whereupon any loss upon such trades shall be immediately payable through the Clearing House. 266 (08/01/94)

727.00 Return of Deposits - Upon performance or closing out of contracts secured by deposits, or upon the assumption of such contracts by the Clearing House, such deposits may be withdrawn upon the joint endorsement of depositor and beneficiary. If they cannot agree as to the disposition of the deposit, either party may apply to the Chairman of the Arbitration Committee, who shall appoint a special committee of three arbitrators before whom the dispute shall be arbitrated. The Committee shall report their findings to the Chairman of the Arbitration Committee, and thereupon the Chairman of the Arbitration Committee shall endorse the original or duplicate certificate in accordance therewith. Such endorsement shall authorize the depositary to pay the deposit as directed. 267 (08/01/94)

728.00 Release of Excessive Deposits - If, by reason of market fluctuations, any deposit becomes excessive, the excess shall be released, either by the joint action of the interested parties, or by the Chairman of the Arbitration Committee, as provided in Rule 727.00. 268 (08/01/94)

729.00 Deposits to Secure Clearing House - The foregoing provisions of this Chapter shall not apply as between clearing members and the Clearing House. Deposits to secure the Clearing House shall be pursuant to the By-Laws of the Clearing House. 269 (08/01/94)

Chapter 9
Definitions

Definitions

Chapter 9
Definitions

Ch9 Definitions

901.00 Authority - Whenever used in these Rules and Regulations, unless the context otherwise requires, the following words and expressions shall be defined as follows: 1 (08/01/94)

902.00 And - May be construed as "or," and vice versa when the sense requires. 2 (08/01/94)

903.00 Association - The Board of Trade of the City of Chicago. 3 (08/01/94)

903.01 Association - The term "Association" as defined in Rule 903.00 shall include all wholly-owned subsidiaries of the Board of Trade of the City of Chicago. (08/01/94)

904.00 Board - The Directors, the Chairman of the Board, the Vice Chairman of the Board and the President. 4 (08/01/94)

905.00 Bulletin Board - The bulletin board in the Exchange Hall where notices are customarily posted. 5 (08/01/94)

906.00 Business Day - Days when the Association is open for business. 6 (08/01/94)

906.03 Regular Trading Hours ("RTH") - Those hours designated by the Board of Directors for trading during daytime hours by means of open outcry. (08/01/94)

906.04 Trading Day - (a) For agricultural contracts, each trading day (1) shall consist of two trading sessions, the e-cbot trading session and the Regular Daytime open outcry session, and (2) shall begin with the e-cbot trading session and end with the close of Regular Daytime open outcry session. (b) For contracts which are traded concurrently on e-cbot and by open outcry, the trading day (1) shall consist of two trading sessions, the e-cbot trading session and the Regular Daytime open outcry trading session, and (2) shall begin with the e-cbot trading session and end with the later of the close of the e-cbot trading session or the close of the Regular Daytime open outcry session.

Settlement prices will be derived from the close of the Regular Daytime open outcry session, except in the case of contracts which are traded exclusively on e-cbot. For contracts traded exclusively on e-cbot, settlement prices will be derived from the close of the e-cbot trading session. (09/01/00)

906.05 Trading Session - A trading session shall mean either the hours designated for e-cbot trading or the hours designated for regular daytime trading. (09/01/00)

906.06 e-cbot Trading Hours - Those hours designated by the Board of Directors for trading through the e-cbot automated order entry facility for particular contracts. (09/01/00)

907.00 Cash Grain - Spot grain and grain to arrive. 7 (08/01/94)

908.00 Cash Grain Broker - A member who negotiates purchases or sales of cash grain for a brokerage. 8 (08/01/94)

909.00 Chicago District - The Chicago District as now or hereafter defined in the joint railroad tariffs of the railroads entering Chicago. 9 (08/01/94)

910.00 Check Slips - Confirmation of trades between members, as defined in the By-Laws or Resolutions of the Clearing House. 10 (08/01/94)

911.00 Clearing House - The Board of Trade Clearing Corporation, or such other corporation or agency as may be authorized to clear trades for members. 11 (08/01/94)

912.00 Clearing Member - A member of the Association who is also a member of the Clearing House. 12 (08/01/94)

913.00 Commission Merchant - A member who makes a trade, either for another member or for a non-member, but who makes the trade in his own name and becomes liable as principal as between himself and the other party to the trade. 13 (08/01/94)

Definitions

914.00 Commodity - Any commodity which may be dealt in under Rules or Regulations of the Association. 14 (08/01/94)

915.01 DRT ("Disregard Tape" or "Not Held") Order - An order giving the floor broker complete discretion over price and time in execution of a trade, including discretion to execute all, some or none of the order. It is understood the floor broker accepts such an order solely at the risk of the customer on a "not held" basis. (02/01/95)

915.02 All-or-None Order - An order to be executed only for its entire quantity at a single price and with a size at or above a predetermined threshold. (07/01/00)

916.00 Exchange Contracts and Members' Contracts - All contracts of members of the Association, or of firms or corporations registered under the Rules and Regulations, with other members of the Association, or firms or corporations registered under the Rules and Regulations, for the purchase or sale of commodities, or for the purchase, sale, borrowing, loaning, or hypothecation of securities, or for the borrowing, loaning or payment of money, whether occurring upon the floor of the Exchange or elsewhere, are members' contracts.

Exchange Contracts shall include all Members' Contracts:

(1) Made on the Exchange;

(2) Not made on the Exchange, unless made subject to the rules of another Exchange, or unless the parties thereto have expressly agreed that the same shall not be Exchange Contracts.

The provisions of the Rules and Regulations of the Association shall be part of the terms and conditions of all Exchange Contracts and all such contracts shall be subject to the exercise by the Board, the Standing Committees, and the Clearing House of the powers in respect thereto, vested in them by the Rules and Regulations. And all such contracts shall be subject to all Rules or Regulations subsequently adopted, where such Rules or Regulations are expressly made applicable to existing contracts. 16 (08/01/94)

917.00 Floor Broker - A member who makes contracts for the account of other members. 17 (08/01/94)

918.00 Following Day, or other similar expression - The following business day. 18 (08/01/94)

919.00 Future Delivery Contract - A contract made on Change for the purchase or sale of any commodity for delivery in the future pursuant to the Rules and Regulations. (08/01/94)

920.00 Grain - Wheat, corn, oats, rye, barley, flaxseed, soybeans and grain sorghum. 20 (08/01/94)

921.00 Grain to Arrive - Grain originating at outside points for shipment to or shipped to the Chicago District, subject to Chicago Board of Trade weights or Chicago inspection. 21 (08/01/94)

922.00 Holiday - Any day declared to be a holiday by Regulation or Resolution adopted by the Board of Directors of this Association. 22 (08/01/94)

923.00 List - The list of securities admitted to dealings on the Exchange. 23 (08/01/94)

924.00 Member - A member of the Association. 24 (08/01/94)

924.01 Membership on Committees - The term "member", as used throughout these Rules and Regulations for eligibility for membership on Standing or Special Committees, shall include only those members who hold a Full or Associate Membership.

Delegates of Full or Associate Memberships who do not hold in their own name a Full or Associate Membership are eligible to serve as full voting members on any Standing or Special Committee of the Association, unless otherwise specified in these Rules and Regulations, except for the following Committees:

Appellate; Arbitration; Business Conduct; Executive; Finance; Financial Compliance; Floor Broker; Floor Conduct; Floor Governors; Hearing; Strategy; Membership; Nominating; Regulatory Compliance; Audit; and Human Resources.

The Chairman of the Board, or the Board, may appoint any such delegate to a Special or Ad Hoc Committee if that delegate has unique and valuable expertise to offer to that Committee. However, if any such Special or Ad Hoc Committee shall later be determined to be a Standing Committee, the eligibility of any such delegate as a full voting member on that Committee shall be referred to the Regulatory Compliance Committee.

None of the foregoing shall prohibit the Chairman of the Board, or the Board, from appointing such delegates as non-voting advisors to any committee. (02/01/99)

924.02 Status of GIMS, IDEMs and COMs - The holders of GIM, IDEM and COM membership Interests are, and shall deemed to be, "members" of the Board of Trade of the City of Chicago, Inc. For purpose of the Delaware General Corporation law, as amended from time to time.

925.00 Non-clearing Member - A member of the Association who does not clear trades in his own name. 25 (08/01/94)

926.00 Non-member - A non-member of the Association. 26 (08/01/94)

927.00 Notice - A notice in writing served personally upon the person to be notified, or left at his usual place of business during business hours, or mailed by registered mail to his residence. 27 (08/01/94)

928.00 On the Exchange, or on Change - In the Exchange Halls or through Exchange facilities including an approved automated order entry facility during trading hours on business days. 28 (08/01/94)

929.00 Outside Points - Points outside of the Chicago District. 29 (08/01/94)

930.00 President - The Chief Executive Officer of the Association. 30 (08/01/94)

931.00 Privilege of the Floor - The privilege of coming on the floor of the Exchange. 31 (08/01/94)

932.00 Railroad Receipts - Bills of lading, or railroad receipts therefor, or switching receipts. 32 (08/01/94)

933.00 Regulations - The Regulations of the Association adopted by the Board or a Committee designated pursuant to Rule 132.00 to promulgate regulations. 33 (08/01/94)

934.00 Rules - The Rules of the Association adopted by the membership.

In all such expressions as "under the Rules," "according to the Rules:" or "subject to the Rules," the word "Rules" shall mean the Charter, Rules, and Regulations of the Association and all amendments thereto. 34 (08/01/94)

935.00 Secretary - The Secretary of the Association. 35 (08/01/94)

936.00 Security or Securities - Stocks, Bonds, Notes, Certificates of Deposit or Participation, Trust Receipts, Rights, Warrants, and other similar instruments. 36 (08/01/94)

937.00 Singular - Shall import the plural, and vice versa, when the sense requires. 37 (08/01/94)

939.00 Spot Grain - Grain located in the Chicago District subject to sale for immediate delivery. 39 (08/01/94)

940.00 Stop Order or Stop Loss Order - An order to buy or sell when the market reaches a specified point. A stop order to buy becomes a market order when the commodity or security sells (or is bid) at or above the stop price. A stop order to sell becomes a market order when the commodity or security sells (or is offered) at or below the stop price. 40 (08/01/94)

941.00 Board Order or Market If Touched Order - An order to buy or sell when the market reaches a specified point. A board order, or a market if touched order to buy becomes a market order when the commodity or security sells (or is offered) at or below the order price. A board order or a market if touched order to sell becomes a market order when the commodity or security sells (or is bid) at or above the order price. 40A (08/01/94)

942.00 Trade - Transaction on change executed in the Exchange Halls or through Exchange facilities including an approved automated order entry facility. 41 (08/01/94)

Definitions

943.00 Transaction on Change - Any purchase or sale of any commodity or security in the Exchange Halls or through Exchange facilities including an approved automated order entry facility system during trading hours on business days. 42 (08/01/94)

944.00 Treasurer - The Treasurer of the Association. 43 (08/01/94)

945.00 Chairman of the Board - The presiding officer of the Board of Directors. 29A (08/01/94)

946.00 Financial Instrument Contract - Financial Instrument Contract means any contract in respect to Mortgage Backed Certificates Guaranteed by the Government National Mortgage Association, obligation of the United States or other public agencies, private commercial paper and any other instrument evidencing or securing a contribution, loan or borrowing of funds which may be designated as a Financial Instrument Contract by the Board of Directors. (08/01/94)

948.00 Volatility Quote - An alternative means of quoting options, or combinations involving options, by bidding or offering the implied volatility. Any transactions quoted in volatility terms will be translated into price terms for clearing purposes by means of a standard options model maintained and disseminated by the Exchange. (08/01/94)

949.01 e-cbot - e-cbot is a screen-based electronic trading system for trading futures and options on futures contracts and such other products as determined by the Board pursuant to Chapter 9B. (09/01/00)

949.02 e-cbot Terminal Operator - An e-cbot terminal operator is a person who has been identified to the Exchange by an individual member or member firm as authorized to enter orders through e-cbot. (09/01/00)

949.03 User - A User is a non-member, including an affiliate of a member firm, that has been authorized by its clearing member to have a direct connection to e-cbot in accordance with Regulation 98.04(b). (12/01/01)

Chapter 9B
e-cbot(R)

Chapter 9B
e-cbot(R)

9B.01 Applicability of Rules - The rules and regulations contained in this Chapter govern those Exchange contracts which are traded through the e-cbot system. To the extent that the provisions in this Chapter conflict with rules and regulations in other sections of this Rulebook, this Chapter supersedes such rules and regulations and governs the manner in which contracts are traded through the e-cbot system. Otherwise, contracts traded on the e-cbot system are fully subject to applicable general rules and regulations of the Exchange unless specifically and expressly excluded therefrom. (09/01/00)

9B.02 Hours - The Board of Directors shall expressly determine the hours during which the e-cbot system shall operate for the trading of each contract or product; however, any such agricultural contract or product shall be precluded from trading through the e-cbot system during those hours which are now or in the future designated for trading that contract or product by means of open outcry.

On the last day of trading of an expiring future, a system notice will be sent to all users on the e-cbot system designating the beginning of the one minute close of the expiring future. Trading shall be permitted thereafter for a period not to exceed one minute.

The following additional provisions shall apply with respect to agricultural contracts and agricultural products:

- - The Board of Directors shall determine e-cbot trading hours only if such hours are between 6:00 p.m. and 6:00 a.m. (Chicago time).
- - e-cbot trading hours outside of the 6:00 p.m. to 6:00 a.m. timeframe shall be subject to approval by membership ballot vote pursuant to Rule 109.00. (09/01/00)

9B.03 Products - The Board of Directors shall determine the contracts and/or products which shall be traded through or listed on the e-cbot system, subject to the following restriction:

Each existing and prospective agricultural futures and options contract shall be restricted from trading through or listed on the e-cbot system unless approved by affirmative vote of a majority of votes cast in a vote of the membership pursuant to Rule109.00. (09/01/00)

9B.04 Direct Connection - (a) Direct Member Connection - Every member of the Exchange who has registered with the Exchange is eligible to effect transactions through the e-cbot system. Solely for purposes of this Chapter, the owner or delegate of a Full or Associate Membership shall be entitled to register under Rule 230.00 for an eligible business organization admitted to trading at Eurex Deutschland, solely to conduct non-clearing business on e-cbot. (b) Direct User Connection - A Primary Clearing Member may authorize the extension of a direct e-cbot connection to one or more of its non-member customers or affiliates, who are registered with the Exchange as Users and for whom no other Clearing Member has authorized a direct connection. Such Primary Clearing Member guarantees the financial obligations of such User arising from its use of e-cbot, and shall give the Exchange notice of its authorization for a direct connection in writing signed by an authorized officer of the Primary Clearing Member. All transactions by or on behalf of a User on e-cbot shall be subject to non-member transaction fees. (12/01/01)

9B.05 Training Requirement - Members, Users and terminal operators must complete a general proficiency course prior to obtaining a direct connection to e-cbot. (12/01/01)

9B.06 e-cbot Terminal Location - Terminals which are directly connected to e-cbot may be placed in the following locations:

(a) Floor Terminals - Terminals which are directly connected to e-cbot may be located on the floor of the Exchange for use by members registered with the Exchange. Terminals may also be placed within a member firm's floor booth space for use by members and by non-member terminal operators who do not maintain an associated person registration.

(b) Office Terminals - Upon application to the Exchange, a terminal which is directly connected to e-cbot may be located within the offices of a member or member firm. The number of terminals located within the offices of a member firm, excluding individual members' terminals, with a direct connection to e-cbot at any one time shall not exceed the number of memberships registered with the Exchange on behalf of the member firm pursuant to Rule 230.00; provided that the foregoing limitation shall not apply to a member firm for terminals which are located within its offices and which: (1) are utilized for the entry of orders on behalf of customers of the member firm or (2) are utilized for the entry of orders for the member firm's own accounts as that term is used in Regulation 450.02.

(c) Terminals which are directly connected to e-cbot may be placed in other locations with the approval of the Board. (12/01/01)

9B.07 e-cbot Terminal Operators (a) Employees of Members - Each e-cbot terminal operator shall be identified to the Exchange by the individual member or member firm employing such terminal operator, in the manner prescribed by the Exchange, and shall be subject to the rules of the Exchange, including but not limited to the rules of this Chapter and rules relating to order handling, trade practices and disciplinary proceedings. It shall be the duty of the member or member firm to supervise the e-cbot terminal operator's compliance with Exchange rules, and any violation thereof by such terminal operator may be considered a violation by the member or member firm. Each member or member firm employing an e-cbot terminal operator shall notify the Exchange immediately, in the manner prescribed by the Exchange, whenever the terminal operator's authority to act as such has been revoked. Each member firm employing an e-cbot terminal operator must make appropriate provisions, consistent with the rules of the Exchange, for the entry of any e-cbot orders in the event that its terminal operator is, or all of its terminal operators are, unavailable to perform such function. (b) Users and Employees of Users -- Each User and each e-cbot terminal operator employed by a User shall be identified to the Exchange by such User's Primary Clearing Member, and shall be subject to the rules of the Exchange, including but not limited to the rules of this Chapter and rules relating to order handling, trade practices and disciplinary proceedings. It shall be the duty of the Primary Clearing Member to supervise the compliance by such User and its e-cbot terminal operators with the Exchange rules, and any violation thereof by such User or such e-cobt terminal operator may be considered a violation by the Primary Clearing Member. A User's Primary Clearing Member shall notify the Exchange immediately when the authority of a User or an e-cbot terminal operator employed by a User to be connected to e-cbot has been revoked. (12/01/01)

9B.08 Clearing Member Authorization - Each non-clearing member or User who enters transactions through the e-cbot system for contracts which are guaranteed and cleared by the Clearing House, must obtain authorization from a single clearing member (the "Primary Clearing Member"). The Primary Clearing Member shall guarantee and assume financial responsibility for all such contracts traded through e-cbot by such non-clearing member or User . A non-clearing member or User must furnish the Exchange with written authorization from the Primary Clearing Member permitting such non-clearing member or User, without qualification, to submit trades effected through the e-cbot system through the Primary Clearing Member. The Primary Clearing Member shall be liable upon all such trades made by the non-clearing member or User and shall be a party to all disputes arising from trades between the authorized non-clearing member or User and another member, member firm or User.

A non-clearing member or User may be authorized to enter transactions through the e-cbot system by a clearing member other than the its Primary Clearing Member pursuant to Rule 333.00, provided written permission has been granted by such non-clearing member's Primary Clearing Member, and provided further that the non-clearing member or User is not authorized to enter transactions through the e-cbot system by his Primary Clearing Member or any other clearing member.

A clearing member that provides e-cbot trading authorization to a non-clearing member or User may, revoke such authorization and may terminate such person's connection to e-cbot without prior notice. Written notice of the revocation of clearing authorization shall be provided to the Exchange, and shall thereby cancel all orders of the non-clearing member or User in the e-cbot system. Unless otherwise specified by the Primary Clearing Member, a member whose connection to e-cbot has been terminated shall not automatically be denied access to the Floor of the Exchange during Regular Trading Hours. A person whose Primary Clearing Member has revoked authorization shall not be connected to e-cbot until another clearing member has designated itself as that person's Primary Clearing Member.

In the case of a person who has been provided an e-cbot authorization from a clearing member other than his Primary Clearing Member, the Primary Clearing Member may terminate the person's ability to place orders through the e-cbot system by notifying the clearing member providing the authorization, who will be responsible for ensuring that such person is not able to place orders through the e-cbot system. (12/01/01)

9B.09 e-cbot Opening -

(a) Prior to the commencement of trading, orders and quotes may be entered into the e-cbot system until the time set by the Exchange.

(b) Trading begins with the determination of an opening price for each option series and each futures contract. The Opening Period consists of the Pre-Opening period and the netting process. For the purpose of determining a particular opening price, additional orders and quotes may be entered until a time established by the Exchange; a preliminary opening price will be continuously displayed during this period (the "Pre-Opening Period"). Quotes may be individually canceled or amended during the Pre-Opening Period, but all quotes for an individual product may not collectively be changed, canceled or withdrawn from trading during this period. During the subsequent netting process, the greatest possible number of

orders and quotes contained in the system shall be matched for the purpose of determining a final opening price of each option series and futures contract. The Exchange does not guarantee the execution of any order or quote at such opening price.

The Opening Period with respect to a product shall end as soon as the netting process has been completed for all option series and/or all futures contracts based on such product.

If no market orders exist for any option series or futures contract and matching between limit orders or limit orders and quotes is not possible, the Opening Period shall end without the determination of an opening price.

(c) Options contracts will not open until the underlying futures contract has opened. (09/01/00)

9B.10 e-cbot Orders - An e-cbot order may contain one of the following designations:

(a) Day Open - an order which, by its terms, will be cancelled, if not executed, at the conclusion of the trading day.

(b) Good-Till-Cancelled ("GTC") Open - an order which, by its terms, will be eligible for execution for the current and all subsequent e-cbot trade sessions until executed or cancelled.

(c) Stop orders to buy or sell futures contracts that specify a price and are designated as "stop orders" at the time of entry. If the price specified in a stop order (the trigger price) is reached or exceeded, the stop order will be converted into a market order pursuant to an automatic selection process in the chronological order of their entry. These orders will then be executed in the order of the times of their conversions to market orders along with any other incoming market orders, in accordance with the general principles for matching of market orders for futures contracts. Stop orders will be entered into a separate order book.

(d) Market orders - an order to buy or sell a stated quantity at the best price obtainable.

(e) Fill-or-kill - an order which, by its terms, is cancelled if it is not filled in full immediately.

(f) Limit order to buy or sell - an order to buy or sell a stated quantity at a specified price, or at a better price, if obtainable. (09/01/00)

9B.11 Order Entry - (a) Individual members are eligible for member transaction rates on such e-cbot orders as their membership category permits.

(b) An individual member, a User or a non-member terminal operator who is registered as a floor broker or associated person or in a comparable capacity under applicable law may (1) enter orders on behalf of customers of a clearing member or (2) supervise the entry of orders with the prior approval of the clearing member responsible to clear such orders.

(c) Customer orders must be (1) entered from a terminal located on the floor, in a main office or in a branch office, as defined in Rule 475.00, or (2) received from an automated order entry system at a server located at a main office or branch office registered with the Exchange, or (3) entered by a User.

(d) However, if an individual member does not maintain an associated person or floor broker registration, but is employed in the office or branch office of a member firm, the member may enter customer orders subject to the same restrictions that apply to a non-member employee except that a member may enter his own orders.

(e) Member firms are eligible for member transaction rates on such proprietary e-cbot orders as their membership registration permits.

(f) Non-member employees of a member firm who do not maintain an associated person or floor broker registration with the Commodity Futures Trading Commission or comparable registration under applicable law may:

(1) Enter customer orders only on a non-discretionary basis;

(2) Enter orders for the member firm's account from e-cbot terminals located on the trading floor only on a non-discretionary basis;

(3) Enter orders for the proprietary account of the member firm or its wholly-owned affiliate from e-cbot

terminals located off of the trading floor on a discretionary or non-discretionary basis. However, such individuals may enter proprietary orders on a discretionary basis only if they trade solely for such proprietary accounts, and do not enter or handle customer orders; and

(4) Not be compensated on a commission or per contract basis for customer orders; and

(5) Not enter orders into a terminal located within a pit on the Floor. A non-member employee of a single individual member may enter orders into a terminal located within a pit solely for the account of that employing member.

(g) Non-member employees of a member firm or User who are registered as associated persons or floor brokers may enter customer orders and orders for its proprietary account on a discretionary or non-discretionary basis.

(h) Non-member employees of a member or member firm shall not have any interest whatsoever in an account which contains positions in contracts or products traded through e-cbot.

(i) A non-member employee of an individual member, member firm or User may enter orders for customers of an individual or entity other than his/her employer solely for purposes of disaster recovery.

(j) A non-member terminal operator registered as an associated person or floor broker is prohibited from entering orders into terminals located on the Floor.

(k) It shall be the duty of each member, User or terminal operator entering orders into the e-cbot System to: (1) sign onto the e-cbot System before entering orders by inputting the e-cbot user identification and (2) input for each order, the price, quantity, commodity, contract month, CTI code and account designation, and, for options, the strike price, "put" or "call," expiration month, and whether the order initiates or closes a position.

With respect to orders received by a member, User or terminal operator which are capable of being immediately entered into the e-cbot system no record other than that set forth above need be made. However, if a member or terminal operator receives an order which cannot be immediately entered into the e-cbot system, the member or terminal operator must prepare a written order and include the account designation, date, time of receipt and other required information. The order must be entered into the e-cbot system when it becomes executable. (04/01/02)

9B.12 Spreads/Reversals/Conversion Transactions- (See 352.01) and (See 352.01A) (09/01/00)

9B.13 Give-ups - Give-ups shall be handled in accordance with Regulation 444.01. (09/01/00)

9B.14 Bunched Orders - Bunched orders for discretionary accounts may be entered through e-cbot. Such orders may be entered by using a series designation rather than including each of the individual account numbers on the order. The series designation may only be used when a written, pre-determined allocation scheme that defines the series has been provided to the futures commission merchant accepting the order prior to the time that such order is given. If such information has not been provided to the futures commission merchant prior to the time of order entry, each account number must be entered into e-cbot. Bunched orders for non-discretionary accounts may be entered through e-cbot only in the following instances:

A. The orders underlying the bunched order are either stop orders or stop/limit orders;

B. Each stop order or stop/limit order underlying the bunched order must be reduced to writing in accordance with Regulation 465.01;

C. Each order underlying the bunched order must reflect the same stop price in instances of a stop order or the same stop price and limit price in instances of a stop/limit order;

D. Each terminal operator must provide a bunched order indicator when entering a bunched order; and

E. Allocation of the executed bunched order must be based only on time of receipt of the underlying orders.

The Exchange shall make available to clearing members, at regular intervals, notifications that bunched orders have been executed through e-cbot. Each clearing member shall be responsible for providing to the Exchange the account allocation for bunched orders entered through its terminals and those terminals that it guarantees for others. Each clearing member that is required to provide account allocations to the Exchange must do so within the time limit specified by the Exchange. (09/01/00)

9B.15 Misuse of e-cbot - Misuse of the e-cbot system is strictly prohibited. It shall be deemed an act detrimental to the interest and welfare of the Exchange either willfully or negligently to engage in

unauthorized access to e-cbot, to assist in any individual's obtaining unauthorized access to an e-cbot terminal, to trade on the e-cbot system without the authorization of a clearing member, to alter the equipment associated with the system, to interfere with the operation of the system, to use or configure a component of the system in a manner which does not conform to the Technical Regulations set forth at Appendix 9B, to intercept or interfere with information provided on or through the system, or in any way to use the system in a manner contrary to the rules of the Exchange. (09/01/00)

9B.16 Trading Against Customers' Orders Prohibited '- (a) During an e-cbot trading session, a member, e-cbot terminal operator or User shall not knowingly cause to be entered, or enter into a transaction in which he (or any other person or entity with whom he has a relationship) assumes the opposite side of any order entered on behalf of a customer.

A limit order to buy and a limit order to sell and/or quotes relating to the same contract, if they are immediately executable against each other, and if they are for different account owners, may be entered consecutively by a member, e-cbot terminal operator or User subject to paragraph (b) below.

(b) Cross Trades or Trades Based on Pre-Execution Discussions:

Members, employees of member firms or Users may communicate with potential counterparties regarding interest in executing a particular transaction prior to the entry of an order on e-cbot pursuant to an understanding based on pre-execution discussions (a pre-arranged trade) if:

(1) the elapsed time between the two entries is:

(A) at least 15 seconds in the case of options contracts, and
(B) at least 5 seconds in the case of futures contracts; and

(2) prior to entering the order, the member, e-cbot terminal operator or User enters a cross-request into the e-cbot system.

If a member, e-cbot terminal operator or User issues a cross-request (including the intended quantity), orders or quotes giving rise to the cross-trade must be entered within the following time parameters or the cross-request will expire:

- in the case of options, no less than 15 seconds but no more than 75 seconds after entry of the cross-request,

- in the case of futures contracts, no less than 5 seconds but no more than 35 seconds after the entry of the cross-request.

Pre-execution discussions within the same firm are prohibited. A member or employee of a member firm who receives an order cannot contact proprietary traders or other customers within that firm or its affiliates to negotiate interest in taking the other side of an order.

Violation of this provision shall constitute an act detrimental to the interest and welfare of the Exchange. (12/01/01)

9B.16A Trading Against Own Orders Prohibited - During an e-cbot trading session, a member or User shall not knowingly cause to be entered, or enter into, a transaction in which he assumes the opposite side of an order entered on behalf of the his own account. (12/01/01)

9B.17 Priority of Execution - Orders received by a member or e-cbot terminal operator shall be entered into the e-cbot system in the order received. Orders that cannot be immediately entered into e-cbot must be entered when the orders become executable in the sequence in which the orders were received. (09/01/00)

9B.18 Disciplinary Procedures - All suspensions, expulsions and other restrictions imposed upon a member, a terminal operator or a User by the Exchange pursuant to disciplinary procedures contained in Chapters 2 and 5 of the

Exchange's rules shall restrict with equal force and effect access to and use of the e-cbot system. (12/01/01)

9B.19 Termination of e-cbot Connection - The Exchange shall have the right summarily to terminate the connection of a member, terminal operator or User to e-cbot in accordance with Regulation 201.02, Rule 270.00, Regulation 270.01, Rule 278.00, Rule 521.00 and Regulation 540.06. Users shall be subject to the foregoing rules and regulations. (12/01/01)

9B.20 Records of Transactions Effected Through the e-cbot System - All written orders and any other original records pertaining to transactions effected through the e-cbot system must be retained for five years. Otherwise, the data contained in the e-cbot system shall be deemed the original record of the transaction. The President or his designee may require immediate proof of compliance with this provision. Violation of this provision may constitute an act detrimental to the interest and welfare of the Exchange. (09/01/00)

9B.21 e-cbot Limitation of Liability - Except in instances where there has been a finding of willful or wanton misconduct, in which case the party found to have engaged in such conduct cannot avail itself of the protections in this provision, neither the Exchange (including its subsidiaries and affiliates), the Clearing House, Ceres Trading Limited Partnership, Ceres Alliance L.L.C., CBOT/Eurex Alliance L.L.C., Eurex Zurich AG, Eurex Frankfurt AG, Deutsche Borse AG, the Swiss Stock Exchange, Deutsche Borse Systems AG, members, clearing members, or other persons acting as agents nor any of their officers, directors or employees, shall be liable for any loss, damage or cost (including attorney's fees and court costs), whether direct, indirect, special, incidental, consequential, lost profits or otherwise of any kind, regardless of whether any of them has been advised or is otherwise aware of the possibility of such damages, arising out of the use or performance of the e-cbot system, any component(s) thereof, or any fault, failure, malfunction or other alleged defect in the e-cbot system, including any inability to enter or cancel orders in the e-cbot system, or any fault in delivery, delay, omission, suspension, inaccuracy or termination, or any other cause in connection with the furnishing, performance, maintenance, use of or inability to use all or any part of the e-cbot system, including but not limited to, any failure or delay in transmission of orders or loss of orders resulting from malfunction of the e-cbot system, disruption of common carrier lines, loss of power, acts or failures to act of any third party, natural disasters or any and all other causes.

The foregoing shall apply regardless of whether a claim arises in contract, tort, negligence, strict liability or otherwise. The foregoing limitations are cumulative and shall not limit or restrict the applicability of any other limitation or any rule, regulation or bylaw of the Exchange or the Clearing House. The foregoing shall include and apply to any action or inaction of any employee or agent of the Electronic Trading Systems Control Center. The foregoing shall not limit the liability of any member, clearing member, or other person acting as agent or any of their respective officers, directors or employees for any act, incident, or occurrence within their control.

There are no express or implied warranties or representations provided by the Exchange (including its subsidiaries and affiliates), the Clearing House, Ceres Trading Limited Partnership, Ceres Alliance L.L.C., CBOT/Eurex Alliance L.L.C., Eurex Zurich AG, Eurex Frankfurt AG, Deutsche Borse AG, the Swiss Stock Exchange, Deutsche Borse Systems AG, members, clearing members, or their agents, relating to the e-cbot system or any Exchange services or facilities used to support the e-cbot system, including, but not limited to, warranties of merchantability and warranties of fitness for a particular purpose or use.

If any of the foregoing limits on the liability of the Exchange (including its subsidiaries and affiliates), the Clearing House, Ceres Trading Limited Partnership, Ceres Alliance L.L.C., CBOT/Eurex Alliance L.L.C., Eurex Zurich AG, Eurex Frankfurt AG, Deutsche Borse AG, the Swiss Stock Exchange, Deutsche Borse Systems AG, members, clearing members or other persons acting as agents or any of their officers, directors or employees should be deemed to be invalid, ineffective, or unenforceable and a third party sustains a loss, damage or cost (including attorney's fees and court costs) resulting from use of the e-cbot system, the entire liability of the Exchange (including its subsidiaries and affiliates), the Clearing House, Ceres Trading Limited Partnership, Ceres Alliance L.L.C., CBOT/Eurex Alliance L.L.C., Eurex Zurich AG, Eurex Frankfurt AG, Deutsche Borse AG, the Swiss Stock Exchange, Deutsche Borse Systems AG, members, clearing members and their agents or any of their officers, directors or employees shall not exceed the brokerage commissions and any other charges actually paid by the third party for services in connection with the e-cbot trading system.

Notwithstanding any of the foregoing provisions, this provision shall in no way limit the applicability of any provision of the Commodity Exchange Act, as amended, and Regulations thereunder. (09/01/00)

9B.22 Volatility Quotes - Any options contract and/or combination (i.e., a transaction including both

options and futures contracts), which has been approved for trading through e-cbot in accordance with Rule 9B.03, may at the discretion of the Board of Directors trade by means of quoting the implied volatility for the underlying futures contract, in addition to and simultaneous with trading the actual premium price of the option. Upon execution of a transaction in an option or combination quoted in terms of implied volatility, the quote shall be assigned a price in accordance with a standard option pricing model approved by the Board.

Implied volatility quotations for options and combinations, whether quoted in terms of implied volatility or price, shall be deemed an Exchange market quotation subject to the approval and control of the Exchange. (09/01/00)

9B.23 e-cbot Customer Information Statement - No member or clearing member shall accept an order from, or on behalf of, a customer for entry into e-cbot, unless such customer is first provided with an e-cbot Customer Information Statement in a form approved by the Exchange. (09/01/00)

9B.24 Foreign Users and Affiliates - The foreign office of a non-member foreign affiliate or foreign User may be connected directly to e-cbot for the entry of proprietary and customer orders, provided: the member firm and its non-member foreign affiliate or foreign User shall comply with all the terms and conditions set forth in Commodity Futures Trading Commission Interpretive Letter 92-11, as modified by Interpretive Letter 93-83 and any future modifications; that the member firm shall supervise and be responsible for the non-member foreign affiliate or User and shall guarantee and assume financial responsibilities for each such transaction effected through e-cbot; and, that each Rule and Regulation of the Exchange shall apply with equal force and effect to the foreign affiliate and to the User and to those transactions entered into e-cbot by the non-member foreign affiliate or non-member foreign User.

An e-cbot "Foreign Affiliate" shall be defined as a foreign affiliate entity of a member firm or an entity which is controlled by a parent entity which also controls the member firm. (12/01/01)

9B.25 Cabinet trades - Notwithstanding any other provision of these rules, cabinet trades shall not be permitted in futures options contracts on e-cbot. (09/01/00)

Chapter 10
Grains

Chapter 10
Grains

Ch10 Trading Conditions

1004.00 Unit of Trading - On future delivery contracts calling for the delivery of commodities, delivery shall be made in the following quantities or multiples thereof:

Wheat, corn, oats and soybeans-5,000 bushels

Other commodities - Units of trading established by these Rules and Regulations

Each delivery of grain may be made up of various lots of grain of the various authorized grades situated in or for shipment from various eligible warehouses or shipping stations, provided that no lot delivered shall contain less than 5,000 bushels of any one grade in any one warehouse or shipping station. 290 (03/01/00)

1005.01A Months Traded In - Trading in wheat, corn and oats is regularly conducted in five different months - March, May, July, September and December but shall be permitted in the current delivery month plus any succeeding months. The number of months to be open at one time shall be at the discretion of the Exchange.

Trading in soybeans is regularly conducted in seven different months - January, March, May, July, August, September and November but shall be permitted in the current delivery month plus any succeeding months. The number of months to be open at one time shall be at the discretion of the Exchange.

Trading in Crude Soybean Oil and Soybean Meal is regularly conducted in eight different months - January, March, May, July, August, September, October and December but shall be permitted in the current delivery month plus any succeeding months. The number of months to be open at any one time shall be at the discretion of the Exchange. 30R (04/01/02)

1006.00 Price Basis - Future delivery contracts on grain shall be in multiples as set by the Board by Regulation. (09/01/94)

1006.01 Price Basis -

A. Soybeans. The minimum fluctuation shall be 1/4 cent, including spreads.

B. Corn. The minimum fluctuation shall be 1/4 cent, including spreads.

C. Wheat. The minimum fluctuation shall be 1/4 cent, including spreads.

D. Oats. The minimum fluctuation shall be 1/4 cent, including spreads.

Settlements are to be calculated to the nearest 1/4 cent. 1972 (09/01/94)

1007.00 Hours for Trading - Hours for trading for future delivery in grains, crude soybean oil and soybean meal shall be from 9:30 a.m. to 1:15 p.m. except that on the last day of trading in an expiring future the hours with respect to such futures shall be from 9:30 a.m. to 12 o'clock noon, subject to the provisions of the next succeeding paragraph of this Rule 1007.00.

On the last day of trading in an expiring future, a bell shall be rung at 12 o'clock noon designating the beginning of the close of the expiring future. Trading shall be permitted thereafter for a period not to exceed one minute and quotations made during this time shall constitute the close. The above time constraints do not apply to options contracts which close by public call.

The hours may be shortened or the Exchange may be closed on any day or days pursuant to

Regulation adopted by the Board.

Hours for trading for future delivery in other commodities shall be fixed by Regulation adopted by the Board.

No such trading shall take place except in the Exchange Hall or on Exchange facilities including an approved automated order entry facility during such hours as the Board shall designate. The Association shall conform to Chicago time. 252 (04/01/97)

1007.01 The Opening and Closing of Oats Trading - Trading for future delivery in Oats shall be opened and closed with a public call made month by month, conducted by such persons as the Regulatory Compliance Committee shall direct. 1975 (08/01/96)

1007.02 Modified Closing Call - Immediately following the prescribed closing procedure for all contracts, there shall be a two (2) minute trading period (the "modified closing call"). All trades which may occur during regularly prescribed trading hours may occur during the call at prices within the lesser of the actual closing range or a range of three (3) official trading increments, i.e., one (1) increment above and below the settlement price; at prices within the lesser of the actual closing range or a range of five (5) official trading increments, i.e., two (2) increments above and below the settlement price; or at prices within the lesser of the actual closing range or a range of nine (9) official trading increments, i.e., four (4) increments above and below the settlement price, as the Regulatory Compliance Committee shall prescribe; (ii) no new customer orders may be entered into the call; (iii) cancellations may be entered into the call; (iv) stop, limit and other resting orders elected by prices during the close may be executed during the call; (v) individual members may trade as a principal and/or agent during the call; (vi) individual members may enter orders for their own accounts into the call; and (vii) member firms, and those entities which are wholly-owned by member firms or that wholly-own member firms, trading for such firms' or entities' own proprietary accounts may initiate trades or enter orders into the call. The proposed settlement price shall be the midpoint of the closing range unless extenuating circumstances exist under which the pit committee can justify setting the proposed settlement price at a price different from the midpoint. If the proposed settlement price differs from the midpoint of the closing range, then the pit committees are required to document the basis for the deviation. Such documentation must be signed by two members of the pit committee.

In accordance with the determination of the Regulatory Compliance Committee, CBOT contracts shall be traded during the Modified Closing Call as follows:

Lesser of actual closing range or three trading increments	Lesser of actual closing range or nine trading increments
	Corn Futures and Options
	Wheat Futures and Options
	Soybean Futures and Options
	Soybean Oil Futures and Options
U.S. Treasury Bond Futures and Options	Soybean Meal Futures and Options
Five Year Note Futures and Options	Oat Futures and Options
Two Year Note Futures	Rough Rice Futures and Options
Municipal Bond Index Futures and Options	
Thirty Day Fed Fund Futures	CBOT Dow Jones Industrial Average/SM/ Index Futures and Options
	CBOT X-Fund Futures

Lesser of actual closing range or five trading increments
Ten Year Note Futures and Options Long Term Agency Note Futures and Options Medium Term Agency Note Futures and Options 10-Year Interest Rate Swap Futures 5-Year Interest Rate Swap Futures

(07/01/02)

1008.01 Trading Limits -

A. Limits. Trading is prohibited during any Trading Day (as defined in Regulation 906.04) in futures contracts of commodities traded on this Exchange at a price or yield higher or lower than either:

1. The settlement price or yield for such commodity on the previous business day, or

2. The average of the opening range or the first trade during the first day of trading in a futures contract, or

3. The price or yield established by the Exchange in an inactive future, plus or minus the following sums with respect to such commodities:

Corn	$.20 per bushel - $1,000
Oats	$.20 per bushel - $1,000
Rough Rice	$.50 per hundredweight - $1,000
1000 Ounce Silver	$1.50 per unit of trading - $1,500
Soybeans	$.50 per bushel - $2,500
Soybean Meal	$20 per unit of trading - $2,000
Soybean Oil (Crude)	$.02 per unit of trading - $1,200
Wheat	$.30 per bushel - $1,500

B. Current Month Exclusions. Limits shall not apply to trading in current month contracts on and after the second business day prior to the first day of the current month.

Notwithstanding the foregoing, limits shall remain in effect for purposes of trading agricultural contracts on e-cbot.

The provisions of Paragraph B do not apply to CBOT(R) Dow Jones/SM/ Index futures, which will be governed solely by Paragraph D.

C. Limit Bid; Limit Sellers Definitions. The terms "close on the limit bid" or "close on the limit sellers" are defined as follows:

Limit Bid. Restricted to a situation in which the market closes at an upward price limit on an unfilled bid. When a close is reported as a range of different prices, the last price quoted must be limit bid.

Limit Sellers. Restricted to a situation in which the market closes at a downward price limit on an unfilled offer. When a close is reported as a range of different prices, the last price quoted must be a limit ask.

D. Daily Price Limits and Trading Halts for CBOT Dow Jones Industrial and mini-sized Dow/SM/ Index Futures. Daily price limits and trading halts of the CBOT Dow Jones Industrial Average/SM/ Index and mini-sized Dow/SM/ Index Futures contracts shall be coordinated with trading halts of the underlying stocks listed for trading in the primary securities market.

For purposes of this regulation, the primary futures contract shall be defined as the futures contract trading in the lead month configuration in the pit, or for those contracts only listed electronically, on the electronic trading system (ETS), and the Executive Committee or its designee shall have the responsibility of determining whether the primary futures contract is limit bid or offered.

For the first day of trading in a newly listed contract, there will be an implied previous business day's settlement price, created by the Exchange for the sole purpose of establishing price limits. The implied settlement price will be created by extrapolating the annualized percentage carry between the two contract months immediately prior to the newly listed contract.

Price Limits: There shall be three successive price limits for each index, Level 1, Level 2, and Level 3, below the settlement price of the preceding regular trading session. Levels 1, 2, and 3 shall be calculated at the beginning of each calendar quarter, using the average daily closing value of each index for the calendar month prior to the beginning of the quarter. Level 1 shall be 10% of such average closing value calculation; Level 2 shall be 20% of such average closing value calculation; Level 3 shall be 30% of such average closing value calculation. For the Dow Jones Industrial Average/sm/, each Level shall be rounded to the nearest fifty points. The values of Levels 1, 2 and 3 shall remain in effect until the next calculation.

Price Limits and Trading Halts When the U.S. Primary Securities Market is Open for Regular Trading Hours: The following price limits and trading halts shall apply when the primary securities market in the United States underlying the DJIAsm is open for regular trading hours.

(a) Level 1:

Except as provided below, the Level 1 price limit shall be in effect until a trading halt has been declared in the primary securities market, trading in the primary securities market has resumed, and fifty percent (50%) of the stocks underlying the DJIA/SM/ Index (selected according to capitalization weights) have reopened. The Level 2 price limit shall apply to such reopening.

Until 1:00 p.m. Chicago time (2:00 p.m. Eastern time), the trading halt shall be a one-hour trading halt. Between 1:00 p.m. and 1:30 p.m. Chicago time (2:00 p.m. and 2:30 p.m. Eastern time), the trading halt shall be a one-half hour trading halt.

The Level 1 price limit shall not apply after 1:30 p.m. Chicago time (2:30 p.m. Eastern time). If the futures contract is limit offered at the Level 1 price limit and a trading halt has not been declared in the primary securities market, the Level 1 price limit shall be lifted and the Level 2 price limit shall apply thereafter.

(b) Level 2:

Except as provided below, the Level 2 price limit shall be in effect until a trading halt has been declared in the primary securities market, trading in the primary securities market has resumed, and fifty percent (50%) of the stocks underlying the DJIASM Index (selected according to capitalization weights) have reopened. The Level 3 price limit shall apply to such reopening.

Until 12:00 noon Chicago time (1:00 p.m. Eastern time), the trading halt shall be a two-hour trading halt. Between 12:00 noon and 1:00 p.m. Chicago time (1:00 p.m. and 2:00 p.m. Eastern time), the trading halt shall be a one-hour trading halt. After 1:00 p.m. Chicago time (2:00 p.m. Eastern time), the trading halt declared in the primary securities market will remain in place for the rest of the primary securities market trading day.

(c) Level 3:

The Level 3 price limit shall be in effect during the entire regular daytime trading session.

Trading Halts: If the primary futures contract for the DJIA/sm/ is limit offered at either the Level 1 or Level 2 price limit as described above and there is a trading halt declared in the primary securities market, trading shall be halted for all Dow Jones/sm/ Index futures contracts that have reached their respective price limits. In the event that trading in the primary securities market resumes after a trading halt, trading in each of the Dow Jones/SM/ Index futures contracts (that have halted) shall resume only after fifty percent (50%) of the stocks underlying the DJIA/SM/ Index (selected according to capitalization weights) have reopened. The next applicable price limit enumerated

above shall apply to the reopening indexes and to those indexes that had not reached their previous respective price limits during the period of the halt.

If after 1:00 p.m. Chicago time (2:00 p.m. Eastern time), the primary futures contract for the DJIAsm is limit offered at the Level 2 price limit, or if the primary futures contract for the DJIAsm is limit offered at the Level 3 price limit at any time during the trading day, and the primary securities market declares a trading halt for the rest of its trading day, the Exchange will also declare a trading halt for the rest of its trading day for all Dow Jonessm Index futures contracts that have reached their respective price limits.

If the primary futures contract for the DJIAsm trades at the Level 1, 2, or 3 price limits described above during that portion of the e-cbot trading session when the primary securities market is open for regular trading hours, trading will be halted for all Dow Jonessm futures contracts that have reached their respective price limits. In the event that e-cbot trades occur through the price limits described above, any such trades may be busted with the approval of the Exchange.

Price Limits When the U.S. Primary Securities Market is Not Open for Regular Trading Hours: When the primary securities market is not open for regular trading hours, there shall be a price limit of 10% of the average daily closing value of the index for the calendar month prior to the beginning of the quarter. The value of this limit shall remain in effect until the next calculation. This price limit shall apply above or below the previous trading day's settlement price. (07/01/02)

1008.01A Trading Limits - The Crude Soybean Oil and Soybean Meal Committee has been asked to interpret the following sentence:

"These provisions (trading limits) shall not apply to trading in the current month on or after the first notice day thereof."

The question that arises is whether this means the first business day of the delivery month or the first notice day of the contract which would be the last business day of the previous month.

The Committee is of the opinion that it is the intention of the Regulations that the meaning of the sentence includes the first notice day which is the last business day of the month preceding the delivery month. 36R (09/01/94)

1008.02 Trading Limit Corrections - Daily trading limits determined pursuant to Regulation 1008.01A (1) may be corrected as specified in this regulation only in cases where the applicable settlement price is related to an erroneous closing price quotation.

Such a correction may be made:

- - only to the level which would have been specified had the error not occurred; and

- - only if the error is identified prior to the next day's opening of trading.

Such a correction may be adopted by approvals of the relevant Pit Committee Chairman, or the Pit Committee Vice Chairman in the absence of the Pit Committee Chairman, and the Chairman or Vice Chairman of the Regulatory Compliance Committee within 15 minutes after the closing of the applicable futures contract or within 30 minutes after the closing of the applicable futures option contract. Thereafter, such a correction may be adopted by approval of the Regulatory Compliance Committee.

No such correction may be made after the next day's opening of trading. (09/01/94)

1009.01 Last Day of Trading of Delivery Month - Wheat and Oats - No trades in wheat or oat futures deliverable in the current month shall be made after the business day preceding the 15th calendar day of that month. Any contracts remaining open after the last day of trading must be either:

(a) Settled by delivery no later than the seventh business day following the last trading day.

(b) Liquidated by means for a bona fide exchange of futures for the actual cash commodity, no later than the sixth business day following the last trading day. (03/01/00)

1009.02 Last Day of Trading of Delivery Month-Corn and Soybeans - No trades in corn and

soybean futures deliverable in the current month shall be made after the business day preceding the 15th calendar day of that month. Any contracts remaining open after the last day of trading must be either:

(a) Settled by delivery no later than the second business day following the last trading day (tender on business day prior to delivery).

(b) Liquidated by means of a bona fide exchange of futures for the actual cash commodity, no later than the business day following the last trading day. 1832a (03/01/00)

1010.01 Margins on Futures - (See 431.03) (09/01/94)

1012.01 Position Limits - (See 425.01) (09/01/94)

Ch10 Delivery Procedures

1035.00 Scope of Chapter - Commodities bought or sold for future delivery under Exchange contracts shall be delivered and accepted in accordance with the provisions of this Chapter. Any Regulation or Ruling which is inconsistent with the requirements or procedures set forth in this Chapter 10 is hereby superseded by the Chapter to the extent of such inconsistency. 280 (09/01/94)

1036.00 Grade Differentials - Unless otherwise specified, contracts for the sale of wheat, corn, soybeans and oats shall be deemed to call for "contract" wheat, corn, soybeans and oats respectively. Upon such contracts, sellers, at their option, may deliver all or part of the following grades at the following price differentials, provided that lots of grain of any one grade must conform to the minimum lot requirements of Rule 1004.00:

WHEAT GRADE DIFFERENTIALS

At 3c Premium	At Contract Price
No. 1 Soft Red Winter	No. 2 Soft Red Winter
No. 1 Hard Red Winter	No. 2 Hard Red Winter
No. 1 Dark Northern Spring	No. 2 Dark Northern Spring
No. 1 Northern Spring	No. 2 Northern Spring

Wheat which contains moisture in excess of 13.5% is not deliverable.

CORN DIFFERENTIALS

No. 1 Yellow Corn (maximum 15% moisture)	at 1 1/2 cents per bushel over contract price.
No. 2 Yellow Corn (maximum 15% moisture)	at contract price.
No. 3 Yellow Corn (maximum 15% moisture)	at 1 1/2 cents per bushel under contract price.

SOYBEAN GRADE DIFFERENTIALS

U.S. No. 1 Yellow Soybeans (maximum 13% moisture)	at 6 cents per bushel over contract price.
U.S. No. 2 Yellow Soybeans (maximum 14% moisture)	at contract price.
*U.S. No. 3 Yellow Soybeans (maximum 14% moisture)	at 6 cents per bushel under contract price.

* All factors equal to U.S. No. 2 grade or better (including test weight; splits; heat damage; brown, black and/or bicolored soybeans in yellow soybeans) except foreign material (maximum 3%).

OATS GRADE DIFFERENTIALS

No. 1 Extra Heavy Oats	At 7 cents per bushel over contract price.
No. 2 Extra Heavy Oats	At 4 cents per bushel over contract price.
No. 1 Heavy Oats	At 3 cents per bushel over contract price.
No. 2 Heavy Oats	At contract price.
No. 1 Oats	At contract price.

No. 2 Oats (36 Ib. minimum test weight)	At 3 cents per bushel under contract price.
No. 2 Oats (34 Ib. minimum test weight)	At 6 cents per bushel under contract price.

Bright Oats shall carry no additional premium or discount. Oats with more than 14% moisture are not deliverable. (03/01/00)

1036.00A Test Weight Designation for Oats - The Rules Committee has determined that, in the future, warehouse receipts of No. 2 Oats should carry the test weight designation on the face of the receipt. In connection with warehouse receipts currently outstanding which do not contain any such designation, it was determined that unless the designation "36 Ib. minimum test weight" appears on the face of the receipt, that the grade is considered to be 34 Ib. minimum test weight (6 cents per bushel under contract price). In consideration of any holder of outstanding Oat receipts that for some reason are "36 Ib. minimum test weight" and the receipt fails to reflect such, the holder can contact the Registrar's Office for updating the receipt. (09/01/94)

1036.00C Soybean Differentials - The Board has determined that in accordance with Rule 1036.00, No. 1 Yellow Soybeans which contain moisture in excess of 13% but not more than 14% are deliverable at par. (09/01/94)

1036.01 Location Differentials - Unless otherwise specified, contracts for the sale of wheat, corn, soybeans and oats shall be deemed to call for "contract" wheat, corn, soybeans and oats respectively. Upon such contracts, sellers, at their option, may deliver all or part at the following locations at the following price differentials, subject to the differentials for grade outlined in Rule 1036.00, provided that lots of grain of any one grade must conform to the minimum lot requirements of Rule 1004.00:

WHEAT LOCATION DIFFERENTIALS

In accordance with the provisions of Rule 1041.00C, wheat in regular warehouses located within the Chicago Switching District, the Burns Harbor, Indiana Switching District or the Toledo, Ohio Switching District may be delivered in satisfaction of Wheat futures contracts at contract price, subject to the differentials for class and grade outlined above. Only No. 1 Soft Red Winter and No. 2 Soft Red Winter Wheat in regular warehouses located within the St. Louis-East St. Louis and Alton Switching districts may be delivered in satisfaction of Wheat futures contracts at a premium of 10 cents per bushel over contract price, subject to the differentials for class and grade outlined above.

CORN LOCATION DIFFERENTIALS

(See Regulation 10C36.01-Location Differentials for Corn futures contracts.)

SOYBEAN LOCATION DIFFERENTIALS

(See Regulation 10S36.01-Location Differentials for Soybean futures contracts.)

OATS LOCATION DIFFERENTIALS

In accordance with the provisions of Rule 1041.00B, oats in regular warehouses located within the Chicago Switching District, the Burns Harbor, Indiana Switching District, the Minneapolis, Minnesota Switching District, or the St. Paul, Minnesota Switching District may be delivered in satisfaction of Oats futures contracts at contract price, subject to the differentials for class and grade outlined above. (06/01/02)

1038.00 Grades - A contract for the sale of commodities for future delivery shall be performed on the basis of the grades officially promulgated by the Secretary of Agriculture as conforming to United States Standards at the time of making the contract. If no such United States grades shall have been officially promulgated, then such contract shall be performed on the basis of the grades established by the Department of Agriculture of the State of Illinois, or the standards established by the Rules and Regulations of the Association in force at the time of making the contract. 293 (09/01/94)

1038.01 United States Origin Only - Effective September 1, 1992, a futures contract for the sale of corn, soybeans or wheat shall be performed on the basis of United States origin only upon written request by a taker of delivery at the time loading orders are submitted. (09/01/94)

1038.02 Deoxynivalenol (Vomitoxin) Limit in Wheat - Effective September 1, 1999, a taker of delivery of wheat shall have the option to request in writing load-out of wheat which contains no more than 5 (five) parts per million of deoxynivalenol (vomitoxin). At the taker's expense, a determination of the level of vomitoxin shall be made at the point of load-out by the Federal Grain Inspection Service or by a third party inspection service which is mutually agreeable to the maker and taker of delivery. (12/01/98)

1041.00 Delivery Points -

A. Corn.

See Rule 10C41.00-Delivery Points for Corn futures contracts.

B. Oats. Oats in regular warehouses located within the Chicago Switching District, the Burns Harbor, Indiana Switching District or the Minneapolis, Minnesota or St. Paul, Minnesota Switching Districts may be delivered in satisfaction of oats futures contracts.

C. Wheat. Wheat in regular warehouses located within the Chicago Switching District, the Burns Harbor, Indiana Switching District or the Toledo, Ohio Switching District may be delivered in satisfaction of wheat futures contracts. Only No. 1 Soft Red Winter and No. 2 Soft Red Winter Wheat in regular warehouses located within the St. Louis-East St. Louis and Alton Switching Districts may be delivered in satisfaction of Wheat futures.

D. Soybeans.

See Rule 10S41.00-Delivery Points for Soybean futures contracts. (06/01/02)

1041.01 Burns Harbor, Indiana Switching District - When used in these Rules and Regulations, the Burns Harbor, Indiana Switching District will be that area geographically defined by the boundaries of Burns Waterway Harbor at Burns Harbor, Indiana which is owned and operated by the Indiana Port Commission. (09/01/94)

1042.00 Delivery of Commodities by Warehouse Receipts - Except as otherwise provided,

delivery of commodities shall be made by the delivery of registered warehouse receipts issued by warehousemen against stocks in warehouses which have been declared regular by the Regulatory Compliance Committee. The Regulatory Compliance Committee by Regulation may prescribe the conditions upon which warehouses and warehousemen may become regular except that in the case of federally licensed warehouses and warehousemen, the Regulatory Compliance Committee may impose only such reasonable requirements as to location, accessibility and suitability as may be imposed on other regular warehouses and warehousemen.

The Regulatory Compliance Committee by Regulation may prescribe conditions not inconsistent with the provisions of this Chapter upon which warehouse receipts issued by regular warehouses shall be deliverable. 281 (02/01/99)

1042.01 Registration of Grain Warehouse Receipts - In order to be valid for delivery against futures contracts, grain warehouse receipts must be registered with the official Registrar appointed by the Board and in accordance with the requirements issued by the Registrar. Except in the case of delivery on the last delivery day of a delivery month, in which case the warehouse receipt must be registered before 1:00 p.m. on the last delivery day of the delivery month, the grain warehouse receipt must be registered before 4:00 p.m. on notice day, the business day prior to the day of delivery. If notice day is the last business day of a week, grain warehouse receipts must be registered before 3:00 p.m. on that day. (03/01/00)

1043.01 Delivery of Corn and Soybeans by Shipping Certificates - Deliveries of Corn and Soybeans shall be made by delivery of Shipping Certificates issued by Shippers designated by the Exchange as regular to issue Shipping Certificates for Corn and Soybeans using the electronic fields which the Board of Trade Clearing Corporation requires to be completed. In order to effect a valid delivery each Shipping certificate must be endorsed by the holder making the delivery, and transfer as specified above constitutes endorsement. Such endorsement shall constitute a warranty of the genuineness of the Certificate and of good title thereto, but shall not constitute a guaranty, by an endorser, of performance by the issuer of the Certificate. Such endorsement shall also constitute a representation that all premium charges have been paid on the commodity covered by the certificate, in accordance with Regulation C1056.01 or Regulation S1056.01, as applicable. (05/01/01)

1043.02 Registration of Corn and Soybean Shipping Certificates - Corn and Soybean Shipping Certificates in order to be eligible for delivery must be registered with the Official Registrar and in accordance with the requirements issued by the Registrar. Registration of Corn and Soybean Shipping Certificates shall also be subject to the following requirements:

(a) Shippers who are regular for delivery may register certificates at any time. The holder of a registered certificate may cancel its registration at any time. A certificate which has been canceled may not be registered again.

(b) No notice of intention to deliver a certificate shall be tendered to the Clearing House unless said certificate is registered and in possession of the Clearing House member tendering the notice or unless a shipping certificate is registered and outstanding.

(c) When a notice of intention to deliver a certificate has been tendered to the Clearing House, said certificate shall be considered to be "outstanding" until its registration is canceled. The member issuing such notice shall transmit to the Registrar, at the same time the notice is tendered to the Clearing House, the certificate number and the name of the registered shipper. Such certificate shall remain outstanding until either its registration is declared or the issuing shipper declares the certificate is not outstanding. From this information and his own records of registration and of cancellations of outstanding certificates, the Registrar shall maintain a current record of the number of certificates that are outstanding and shall be responsible for posting this record on the Exchange Floor and the CBOT website.

(d) When a registered shipper regains control of an outstanding certificate calling for shipment from one of his shipping stations, which in any manner relieves him of the obligation to ship corn or soybeans upon demand of a party other than himself, the shipper shall by noon of the next business day either cancel the registration of said certificate or declare that said certificate is not outstanding but is to remain registered by transmitting to the Registrar the certificate number and the name and location of the shipping plant, except in the case where a notice of intention to redeliver said certificate for the shipper has been tendered to the Clearing House by 4:00 p.m. of the day that the shipper regained control of said certificate.

(e) The Registrar shall not divulge any information concerning the registration, delivery or cancellation of certificates other than the record posted on the Exchange Floor, except that he shall issue a

weekly report showing the total number of certificates outstanding as of 4:00 P.M. on the last trading day of each week. In addition to the information posted on the Exchange Floor, this weekly report will show the names of shippers whose certificates are outstanding and the location of the shipping stations involved. (10/01/01)

1044.01 Certificate Format - The electronic fields which the Board of Trade Clearing Corporation requires to be completed shall indicate the registration number and date, shipping station, commodity, quantity, grade and class, and premium charge.

The electronic shipping certificate obligates the shipper, for value received and receipt of the certificate properly endorsed, and subject to a lien for payment of premium charges, to deliver the specified quantity of the relevant commodity conforming to the standards of the Exchange, and to ship the commodity in accordance with orders of the lawful owner of the certificate and in accordance with the Rules and Regulations of the Exchange. Delivery shall be by water or rail conveyance according to the registered loading capability of the shipper.

Delivery of the electronic shipping certificate to the issuer by the owner of the certificate, for the purpose of shipment of the commodity, is conditioned upon loading of the commodity in accordance with the Rules and Regulations of the Exchange, and a lien is claimed until all loadings are complete and proper shipping documents presented accompanying demand draft for freight and premium charges due which the owner of the certificate agrees to honor upon presentation. (05/01/01)

1045.01 Lost or Destroyed Negotiable Warehouse Receipts Shipping Certificate

(a) Unless a federal or state law prescribes different procedures to be followed in the case of lost or destroyed warehouse receipts or shipping certificates, the following procedures shall be followed. A replacement receipt/certificate may be issued upon compliance with the conditions set forth in paragraph (b) of this Regulation. Such replacement receipt/certificate must be issued upon the same terms, must be subject to the same conditions, and must bear on its face the number and the date of the receipt/certificate in lieu of which it is issued. It must also contain a plain and conspicuous statement that it is a replacement receipt/certificate issued in lieu of a lost or destroyed receipt/certificate.

(b) Before issuing such replacement receipt/certificate, the warehouseman/shipper may require the person requesting the receipt/certificate to make and file with the warehouseman/shipper: (1) an affidavit stating that the requestor is the lawful owner of the original receipt/certificate, that the requestor has not negotiated, sold, assigned or encumbered it, how the original receipt/certificate was lost or destroyed, and if lost, that diligent effort has been made to find the receipt/certificate without success, and (2) a bond in an amount double the value, at the time the bond is given, of the commodity represented by the lost or destroyed receipt/certificate.

Such bond shall indemnify the warehouseman/shipper against any loss sustained by reason of the issuance of such replacement receipt/certificate. The bond shall have as surety thereon a surety company which is authorized to do business, and is subject to service of process in a suit on the bond, in the state in which the warehouse/shipping station, as named on the warehouse receipt/certificate, is located, or at least two individuals who are residents of such state, and each of whom owns real property in that state having a value, in excess of all exemptions and encumbrances, equal to the amount of the bond.

In the alternative, upon the approval of the U.S. Department of Agriculture where applicable, or otherwise upon the approval of the Exchange, a warehouseman/shipper may issue a replacement receipt/certificate upon the execution of an agreement by the requestor to indemnify the warehouseman/shipper against any loss sustained by reason of the issuance of

such replacement receipt/certificate, in a form acceptable to the warehouseman/shipper. (04/01/00)

1046.00 Date of Delivery - Where any commodity is sold for delivery in a specified month, delivery of such commodity may be made by the seller upon such business day of the specified month as the seller may select and, if not previously delivered, delivery must be made upon the last business day of the specified month; provided, however, that the Exchange may, by Regulation pertaining to a particular commodity, prescribe specific days or dates within such specified month on which delivery of such commodity may or may not be made. 284 (09/01/94)

1046.00A Location for Buying or Selling Delivery Instruments - In order to facilitate liquidation of outstanding contracts during the final seven business days of a delivery month (Regulation 1009.03) floor brokers, locals and clearing or non-clearing members who need warehouse receipts or shipping certificates in order to make delivery or who anticipate receiving warehouse receipts or shipping certificates on delivery and wish to dispose of them may meet at 2:00 p.m. on the last day of trading in an expiring future at the cash grain table between the corn and soybean pits to make arrangements for the acquisition or disposition of such receipts or certificates.

All actual deliveries against outstanding futures positions must, in any event, be made by sellers through the Clearing House and will be received by buyers through the Clearing House. 34R (09/01/94)

1047.01 Delivery Notices - A seller obligated or desiring to make delivery of a commodity shall issue and deliver to the Clearing House a delivery notice containing the name and business address of the issuer; the date of issue; the date of delivery; the name of the commodity; the total contracted quantity in satisfaction of which the delivery is being tendered and such other information as the Regulatory Compliance Committee shall direct in regard to any particular commodity.

A delivery notice shall be furnished to the Clearing House in computer readable form. The Clearing House, acting as agent for the seller, shall provide the notice to the buyer.

The seller or its agent shall reduce the notice to written form and retain a copy of the notice for the period of time required by the Commodity Futures Commission.

Upon determining the buyers obligated to accept deliveries tendered by issuers of delivery notices, the Clearing House shall promptly furnish to each issuer the names of the buyers obligated to accept delivery from him for each commodity for which a notice was tendered and shall also inform the issuer of the number of contracts for which each buyer is obligated. Failure of the seller to object to such assignment by 7:00 a.m. on intention day shall establish an irrebuttable presumption that the issuance of the delivery notice was authorized by the person in whose name the notice was issued. (09/01/94)

1048.01 Method of Delivery - Delivery notices must be delivered to the Clearing House which shall assign the deliveries to clearing members (buyers) having contracts to take delivery of the same amounts of the same commodities. The Clearing House shall notify such clearing members of the deliveries which have been assigned to them and shall furnish to issuers of delivery notices the names of clearing members obligated to accept their deliveries. Clearing Members receiving delivery notices shall assign delivery to the oldest open contracts on their books at the close of business on the previous day (position day). 286 (09/01/94)

1049.00 Time of Delivery, Payment, Form of Delivery Notice - The requirements of the form of delivery notice, time of delivery, and payment shall be fixed by the Regulatory Compliance Committee. 287 (09/01/94)

1049.01 Time of Issuance of Delivery Notice - Unless a different time is prescribed by Regulation pertaining to a particular commodity, delivery notices must be delivered to the Clearing House by 4:00 p.m., or by such other time designated by the Board of Directors, on position day except that, on the last notice day of the delivery month, delivery notices may be delivered to the Clearing House until 2:00 p.m., or by such other time designated by the Board of Directors, on intention day. The Clearing House shall, on the same day, assign the deliveries to eligible buyers as provided in Regulation 1048.01 and shall issue to each such buyer a delivery assignment notice describing the delivery which has been assigned to him. (12/01/99)

1049.01B Interpretation: Sellers' Obligation for Storage Charges - The Directors have issued the following interpretation of Rule 1042.00, Rule 1041.00, and Regulation 1049.01 in connection with the time the responsibility for storage charges changes from seller to buyer.

The responsibility for storage charges shall remain the obligation of the seller until such time as the warehouse receipts or weight certificates are presented to the buyer and payment is made therefore in conformity with the Regulations concerning payment. (09/01/94)

1049.02 Buyers' Report of Eligibility to Receive Delivery - Prior to 8:00 p.m., or by such other time designated by the Board of Directors, of each day on which delivery notices may be delivered to the Clearing House, each clearing member shall report to the Clearing House, at such times and in such manner as shall be prescribed by the Clearing House, the amounts of its purchases of the various commodities then eligible for delivery which remain open on its books in accordance with law and with the Rules and Regulations of the Association. Such reports shall show the dates on which such purchases were made, and shall exclude purchases to which the clearing member has applied deliveries assigned to it but which remain open on its books pending receipt of delivery. With respect to omnibus accounts, the reports described above shall show the dates on which such purchases were made, as reflected on the ultimate customers' account statements. (12/01/99)

1049.03 Sellers' Invoices to Buyers - Upon receipt of the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing House to each such buyer, the seller shall prepare invoices addressed to its assigned buyers describing the documents to be delivered to each such buyer and, in the case of deliveries under Rule 1041.00, the information required in said Rule. Such invoices shall show the amount which buyers must pay to sellers in settlement of the actual deliveries, based on the delivery prices established by the Clearing House for that purpose adjusted for applicable premiums, discounts, storage charges, premium charges, premium for FOB conveyance, quantity variations and other items for which provision is made in these Rules and Regulations relating to contracts, and shall be in the form set forth hereunder unless a different form is prescribed by Regulation pertaining to a particular commodity. Such invoices shall be delivered to the Clearing House by 10:00 a.m. for those commodities utilizing the electronic delivery system via the Clearing House's on-line system or 4:00 p.m. for other commodities, or by such other time designated by the Board of Directors, on the day of intention except on the last notice day in the delivery month when a skeleton notice has been delivered to the Clearing House, in which case invoices for said delivery may be delivered to the Clearing House until 10:00 a.m. on the last delivery day of the delivery month. Upon receipt of such invoices, the Clearing House shall promptly make them available to buyers to whom they are addressed, by placing them in buyers' mail boxes provided for that purpose in the Clearing House, except that invoices for all commodities utilizing the electronic delivery system shall be made available to buyers via the Clearing House's on-line system.

Financial instruments futures contracts will follow the invoicing procedure that is prescribed in the respective contract's invoicing regulation. Delivery invoicing forms for financial instruments futures contracts shall be restricted to that form which the Board of Trade Clearing Corporation specifically provides.

1049.04 Transfer Obligations - Payment is to be made in same day funds 1) by a check drawn on and certified by a Chicago bank or 2) by a Cashier's check issued by a Chicago bank. The long clearing member may effect payment by wire transfer only if this method of payment is acceptable to the short clearing member. Unless a different time is prescribed by Regulation pertaining to a particular commodity, buyers obligated to accept delivery must take delivery and make payment and sellers obligated to make delivery must make delivery before 1:00 p.m. of the day of delivery, except on banking holidays when delivery must be taken or made and payment made before 9:30 a.m. the next banking business day. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in according with its By-Laws and Resolutions. 1639 (05/01/97)

1050.00 Duties of Members - Members shall deliver warehouse receipts, bills of lading, shipping certificates or demand certificates tendered for delivery pursuant to the Rules and Regulations of the Association and in accordance with the assignment thereof to eligible buyers by the Clearing House, and shall make no other disposition thereof. A member who alters or makes a false endorsement on a notice of assignment of delivery issued by the Clearing House under Rule 1048.00, for the purpose of avoiding acceptance of the delivery specified, therein, should be deemed guilty of an act detrimental to the Welfare of the Association. 288 (09/01/94)

1051.01 Office Deliveries Prohibited - No office deliveries of warehouse receipts or shipping certificates may be made by members of the Clearing Corporation. Where a commission house as a member of the Clearing Corporation has an interest both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it receives from its customers who are short. 1870 (03/01/00)

1052.00 Delivery of Grain in Cars (Chicago only) - Regular deliveries of contract grades of grain on contracts for future delivery may be made in cars on track during the last three business days in the delivery month subject to the following:

(a) Cars must be within the Chicago District, in a railroad yard where samples are taken by an official grain inspection agency approved by the U.S.D.A.

(b) Cars must be consigned or ordered to a regular warehouse.

(c) Delivery shall not be complete until the grain is unloaded and warehouse receipts or weight certificates are issued therefor unless the buyer elects otherwise. During this time, title to the grain remains in the seller, the purchase price is not payable, and the seller remains liable for any change in grade. The buyer, however, may elect and order the cars unloaded at any other place where they will be weighed provided the buyer makes payment in advance. In making such election and paying in advance the buyer assumes title and all responsibility for any change in grade occuring after the original inspection as provided in subsection (d) of this Rule and for any and all charges occasioned by such election of the buyer.

(d) Grain delivered in cars on track in settlement of futures contracts must be inspected during the last four delivery days of the delivery month by an official grain inspection agency approved by the U.S.D.A. In the event another grade determination is made subsequent to date of tender and the original grade is changed, the delivery will not be disqualified as a result thereof. Price adjustment will be made between the buyer and the seller at the prevailing fair market difference based on the cost of replacement. In the event of a dispute, the Chairman of the Regulatory Compliance Committee will appoint an impartial committee of three to fix a fair and proper differential.

(e) Deliveries of grain in cars shall be made by the tender of delivery notices based on the shippers' certificates of weight (if attached thereto) or railroad weights, or, in the absence of such weights, the marked capacity of the cars.

(f) Where there is an excess or deficit upon delivery, such excess or deficit shall be settled for on the basis of the market price at the time when such excess or deficit becomes known to both parties; provided that the buyer, if he so elects, may cancel the contract as to any deficit.

(g) On all grain tendered under this Rule, the party making the original tender shall keep on file and deliver on request, at tenderer's option, the samples of the official grain inspection agency.

(h) Delivery of wheat, corn, oats or soybeans in cars shall be for quantities of 5,000 bushels or multiples thereof. 283 (03/01/00)

1052.00A Track Deliveries -

1. Under subparagraph (d) of Rule 1052.00 when notices of intention to deliver are issued on the day prior to the three days during which regular deliveries may be made in carlots, the requirement that the delivery notice be accompanied by certificate showing approval by the Illinois State Grain Inspection Department for storage must be attached to the delivery notice will be satisfied if that certificate is furnished the next day.

2. During the last three delivery days of the month split notices of delivery may be tendered, that is to say, part of the notice may cover grain in store and part of the notice may cover grain in cars on track. 14R (03/01/00)

1052.00B Track Deliveries - The matter of the origin of grain which may be delivered in satisfaction of futures contracts under Rule 1052.00 (Delivery of Grain in Cars), was brought before the Directors. After a discussion upon motion duly made, seconded, and unanimously carried, it was

Resolved, only grain arriving in cars from points outside of the Chicago Switching District and which has not previously been unloaded at a warehouse in the Chicago Switching District may be delivered in satisfaction of futures contracts under Rule 1052.00; and

Further Resolved, that grain loaded in cars from warehouses in the Chicago Switching District shall not be deliverable in satisfaction of futures contracts under said Rule 1052.00. 23R (09/01/94)

1052.00C Track Deliveries -

1. The question was submitted to the Directors as to whether or not under Rule 1052.00 (Delivery of Grain in Cars) out-of-town weights can be used on carlot deliveries provided there is an agreement between the buyer and seller. It was the ruling of the Directors and the Rules Committee that under the provisions of this Rule out-of-town weights may not be used even where mutual agreement might exist.

2. The question was submitted to the Directors as to whether deliveries of grain in cars might be settled on the aggregate or on the basis of individual contracts under Rule 1052.00.

   The Directors and the Rules Committee held that the settlement must be made on the individual contracts of 5,000, 2,000, 1,000 bushels or multiples thereof, and may not be settled on the aggregate.

3. The Directors and the Rules Committee have made the following interpretation of Regulation 1047.01 (Delivery Notice). A person issuing a skeleton notice on the last notice day in a delivery month must by 10:00 a.m. on the next day furnish all information which is required on the usual delivery notice. A person re-issuing a skeleton notice on the first position day of a successive delivery month (i.e. -the next calendar month) must furnish all information which is required on the usual delivery notice by 1:00 p.m. on first notice day. 23R (05/01/95)

1054.00 Failure to Accept Delivery - Where a buyer to whom a delivery has been assigned by the Clearing House under Regulation 1048.01 fails to take such delivery and make payment when payment is due, the seller tendering such delivery shall promptly sell the commodity on the open market for the account of the delinquent. He shall then immediately notify the Clearing House of the default, the contract price, and the re-sale price, and the Clearing House shall immediately serve a like

notice upon the delinquent. Thereupon the delinquent shall be obligated to pay to the seller, through the Clearing House, the difference between the contract price and the re-sale price. 289 (05/01/95)

1054.00A Failure to Accept Delivery - Rule 1054.00 provides that when a buyer fails to take delivery and make payment at the prescribed time, the issuer of the delivery 'shall promptly sell the commodity on the open market for the account of the delinquent'.

Does this mean that the seller is to sell the warehouse receipts in the cash market or sell futures in the pit and make a new tender? Also, what is the meaning of the term 'promptly'? If the deliverer, thinking to accommodate the delinquent, waits until 1:10, at which time the market is 5 lower than at 1:00 has he assumed any liability because of the delay? If it is the warehouse receipts which are to be sold out, what determines the market price? Frequently an elevator operator will pay more for his own receipts than for another's; or a processor may pay a higher basis for one grade than another, grade differential to the contrary. If futures are to be sold in the pit, who then is responsible for the mechanics of tender and the assumption of interest?

The Board approved the opinion of the Rules Committee that the seller must have the right to act in either the cash or futures market at his discretion without recourse on the part of the defaulting buyer so long as action is taken prior to 9:45 A.M. the next business day. 38R (09/01/94)

1056.01 Storage Rates for Wheat and Oats and Premium Charges for Corn and Soybeans - To be valid for delivery on futures contracts, all warehouse receipts and shipping certificates covering wheat and oats in regular store or corn and soybeans under obligation for shipment must indicate the applicable storage rate or premium charge. No warehouse receipts or shipping certificates shall be valid for delivery on futures contracts unless the storage rates or premium charges on such grain shall have been paid up to and including the 18th calendar day of the preceding month, and such payment endorsed on the warehouse receipt or shipping certificate. Unpaid accumulated storage rates and premium charges at the posted rate applicable to the warehouse or shipping station where the grain is stored or under obligation for shipment shall be allowed and credited to the buyer by the seller to and including date of delivery. Further, no wheat or oats warehouse receipt shall be valid for delivery if the receipt has expired prior to delivery or has an expiration date in the month in which delivered. 1641

If storage rates or premium charges are not paid on-time up to and including the 18th calendar day preceding the delivery months of March, July and September and by the first calendar day of each of these delivery months, a late charge will apply. The late charge will be an amount equal to the total unpaid accumulated storage rates or premium charges multiplied by the "prime interest rate" in effect on the day that the accrued storage rates are paid plus a penalty of 5 percentage points, all multiplied by the number of calendar days that storage is overdue, divided by 360 days. The term "prime interest rate" shall mean the lowest of the rates announced by each of the following four banks at Chicago, Illinois, as its "prime rate": Bank of America-Illinois, Bank One, Harris Trust & Savings Bank, and the Northern Trust Company.

The storage rates on Wheat and Premium Charges on Corn and Soybeans for delivery shall not exceed 15/100 of one cent per bushel per day.

The storage rates on Oats for delivery shall not exceed 13/100 of one cent per bushel per day.

Ch10 Regularity of Warehouses

1081.01 Regularity of Warehouses and Issuers of Shipping Certificates - Persons operating grain warehouses or shippers who desire to have such warehouses or shipping stations made regular for the delivery of grain under the Rules and Regulations shall make application for an initial Declaration of Regularity on a form prescribed by the Exchange prior to May 1, 1994, and every even year thereafter, for a two-year term beginning July 1, 1994, and every even year thereafter, and at any time during a current term for the balance of that term. Regular grain warehouses or shippers who desire to increase their regular capacity during a current term shall make application for the desired amount of total regular capacity on the same form. Initial regularity for the current term and increases in regularity shall be effective either thirty days after a notice that a bona fide application has been received is posted on the floor of the exchange, or the day after the application is approved by the Exchange, whichever is later. Applications for a renewal of regularity shall be made prior to May 1, 1994, and every even year thereafter, for the respective years beginning July 1, 1994, and every even year thereafter, and shall be on the same form.

The following shall constitute the requirements and conditions for regularity:

(1) The warehouse or shipping station making application shall be inspected by the Registrar or the United States Department of Agriculture. Where application is made to list as regular a warehouse which is not regular at the time of such application, the applicant may be required to remove all grain from the warehouse and to permit the warehouse to be inspected and the grain graded, after which such grain may be returned to the warehouse and receipts issued therefor.

See Regulation 10C81.01(1)-Regularity of Warehouses and Issuers of Shipping Certificates for Corn futures contracts.

See Regulation 10S81.01(1)-Regularity of Warehouses and Issuers of Shipping Certificates for Soybean futures contracts.

(2) Such warehouse shall be connected by railroad tracks with one or more railway lines.

See Regulation 10C81.01(2)-Regularity of Warehouses and Issuers of Shipping Certificates for Corn futures contracts

See Regulation 10S81.01(2)-Regularity of Warehouses and Issuers of Shipping Certificates for Soybean futures contracts.

(3) The proprietor or manager of such warehouse or shipping station shall be in good financial standing and credit, and shall meet the minimum financial requirements and financial reporting requirements set forth in Appendix 4E. No warehouse or shipping station shall be declared regular until the person operating the same files a bond and/or designated letter of credit with sufficient sureties in such sum and subject to such conditions as the Exchange may require.

(4) Such warehouse or shipping station shall be provided with modern improvements and appliances for the convenient and expeditious receiving, handling and shipping of grain in bulk.

(5) The proprietor or manager of such warehouse or shipping station shall honestly and cordially cooperate with the system of registration of warehouse receipts or shipping certificates as established by law, and furnish to the Registrar all needed information to enable him to keep a correct record and account of all grain, together with the grades thereof, received and delivered by them daily and of that remaining in store at close of each week.

(6) Safeguarding Condition of Grain in Warehouses.

(a) The Board of Trade shall designate an agency for registration of public warehouse receipts, and only public warehouse receipts registered with such agency shall be within the provisions of paragraph (b) following.

(b) Whenever in the opinion of the operator of the warehouse any grain stored in a public warehouse under his jurisdiction should be loaded out in order to protect the best interests of the parties concerned, such operator shall notify the agency giving the location and grades of such grain. The agency shall immediately notify an appropriate grain inspection service who shall at once proceed to the warehouse in which the grain is stored and examine it in conjunction with the Superintendent of such warehouse. If the grain inspection service agrees with the Superintendent that the grain should be moved, it shall so notify the Registrar of the Chicago Board of Trade. If the grain inspection service does not agree with the Superintendent that the grain should be moved, the operator of the warehouse shall have a right to appeal to the Business Conduct Committee of the Board of Trade. If on such appeal the Business Conduct Committee shall agree with the Superintendent that the grain should be moved, the Business Conduct Committee shall so notify the Registrar of the Board of Trade, and the warehouse receipts covering the above specified lot or lots of grain shall no longer be regular for delivery on Board of Trade future contracts. Upon receiving such notice, either from the grain inspection service, or from the Business Conduct Committee, the Registrar shall notify the holder, or holders, or their agents, together with the Chairman of the Business Conduct Committee, of the total quantity of the grade of grain in question (selecting the oldest registered warehouse receipt for such grain first, then such additional registered warehouse receipts in the order of their issuance as may be necessary to equal such total quantity of grain). When this information reaches the Chairman of the Business Conduct Committee he shall appoint a Committee consisting of five disinterested handlers of cash grain, which Committee shall meet at once and after taking into consideration various factors that establish the value of the grade of the receipts held by such owner or owners, shall determine the fair value of the grain, which price shall be that to be paid by the operator. If the price offered is not satisfactory, a Committee appointed by the Chairman of the Business Conduct Committee (at the request of such owner), shall procure other offers for such grain, and such offers shall be immediately reported to the owner or his agent. If the owner refuses to accept any such offers, he shall have the two following business days to order and furnish facilities for loading such grain out of store, and during this period the warehouseman shall be obliged to deliver the grain called for by the warehouse receipts, but not more than three (3) days may elapse after notification by the Registrar to the holder of the receipt before satisfactory disposition shall have been made of the grain, either by sale to the operator or by the ordering out and furnishing facilities to load the same, provided the amount of such grain does not exceed 100,000 bushels in any one elevator. If the amount of grain in question exceeds 100,000 bushels, the owner, or owners, of the warehouse receipts shall be allowed forty-eight hours of grace over and above the before mentioned three days for each 100,000 bushels in excess of the first 100,000 bushels.

(c) In the event that the holder of the warehouse receipt, or his agent, fails to move the grain or make other satisfactory disposition of same within the prescribed time, it shall be held for his account, and any loss in grade sustained shall likewise be for his account.

(d) Nothing in the foregoing provisions shall be construed as prohibiting the warehouseman from fulfilling contracts from other stocks under his control.

(7) The proprietor or manager of such warehouse shall promptly, by the proper publication, advise the trade and the public of any damage to grain held in store by it, whenever such damage shall occur to an extent that will render it unwilling to purchase and withdraw from store, at its own cost, all such damaged grain.

(8) The Board shall be assured that the operator or manager of the warehouse or shipping station will agree to conform to Regulation 1049.03.

(9) The proprietor or manager of such warehouse shall accord every facility to any duly authorized committee, for the examination of its books and records, for the purpose of ascertaining the stocks of all kinds of grain which may be on hand at any time. Such examination and verification may be made at any time by the Business Conduct Committee or its approved inspection agents or, any other duly authorized committee to be appointed by the Chairman of the Board, which committee shall have the authority to employ experts to determine the quantity of grain in the elevators and to compare the books and records of the said regular warehouses with the records of the State or Federal Grain Warehouse Registrar.

(10) The proprietor or manager of a regular warehouse or shipping station shall give assurance that all grain received in and shipped out of such warehouse shall be weighed under the supervision of an agency approved by the Exchange.

(11) No warehouse or shipping station shall be deemed suitable to be declared regular if its location, accessibility, tariffs, insurance rates, or other qualifications shall depart from uniformity to the extent that its receipts or shipping certificates, if tendered in satisfaction of futures contracts, will unduly depress the values of futures contracts or impair the efficacy of futures trading in this market, or if the warehouseman or shipper operating such warehouses or shipping stations engaged in unethical or inequitable practices, or if, being a federally licensed warehouse, fails to comply with the federal statute, rules or regulations, or, being a state licensed Warehouse, fails to comply with the state statutes, rules and regulations.

All warehousemen and shippers are and shall be and remain subject to the Rules, Regulations and Rulings of the Board of Trade of the City of Chicago on all subjects and in all areas with respect to which the U.S. Department of Agriculture does not assert jurisdiction pursuant to the U.S. Warehouse Act, as amended.

A regular warehouseman or an owner of warehouse receipts can make delivery in a strike bound elevator. The taker of delivery is liable for all storage charges. However, where the owner of warehouse receipts in a strike bound elevator delivered against futures contracts has a bona fide bid for like receipts in a strike free elevator and decides to load the grain out or sell his receipts, the strike bound warehouseman has the option:

(a) to provide that same quantity and like quality of grain in store in another regular warehouse, not on strike, in the same delivery market, or

(b) to provide that same quantity and like quality of grain in store at another location on mutually acceptable terms, or

(c) if no initial agreement can be reached as provided above, the strike bound warehouseman must buy his warehouse receipts back at the bid price in store for that same quantity and like quality of grain in a strike free elevator in the same delivery market or he has the alternative of proceeding as in (a) above. The bid (which must be a basis bid versus futures) referred to in this paragraph must be good for a minimum period of one hour and must be tendered in writing to the strike bound warehouseman between 1:30 p.m. and 4:30 p.m. on a business day and prior to 8:30 a.m., but not before 7:30 a.m., on the following business day.

The warehouseman must respond to the bid as outlined above within the time period during which the bid is alive.

Should the warehouseman question the validity of the bid, the question shall be referred to a Standing Committee which shall have been appointed on an annual basis by the Chairman of the Board, with the approval of the Board. The Committee shall consist of three members including one regular warehouseman with suitable alternates. In case the strike bound elevator involved is in a market other than that directly represented by the warehouseman appointed, the Chairman may designate a member in said alternate market who is familiar with cash grain values in that market. The sole duty of the Committee shall be to determine that the bid is bona fide. The Committee shall not express any opinion with respect to the economics of the bid.

Within the context of this Regulation, a strike bound elevator is defined as the facility itself

being on strike.

The maximum load-out charge on wheat and oats which has been tendered in satisfaction of the Board of Trade futures contracts shall be 6 cents per bushel.

The maximum premium for FOB conveyance on Corn and Soybean Shipping Certificates which have been tendered in satisfaction of Board of Trade futures contracts shall be 4 cents per bushel.

All fees for stevedoring services to load Corn and Soybeans into barges are to be paid by the issuer of the Corn or Soybean Shipping Certificate.

The premium for FOB conveyance is payable at the time of invoice.

(12) Load-Out Procedures.

A. Load-Out Procedures Grains -

1. Corn and Soybeans; Wheat from Chicago, Burns Harbor and St. Louis; and Oats from Chicago and Burns Harbor. An operator of a regular facility has the obligation of loading grain represented by warehouse receipts or shipping certificates giving preference to takers of delivery. When an operator of a facility regular for the delivery of grain receives one or more written loading orders for loading of grain against canceled warehouse receipts or shipping certificates, the operator shall begin loading against them within 3 business days following their receipt. When loadings against written loading orders cannot be completed on the fourth business day following their receipt, the operator shall continue loading against such loading orders on each business day thereafter. All warehousemen and shippers shall outload grain against canceled delivery instruments consecutively without giving preference of the type of delivery instrument, kind of grain or mode of transportation. He shall outload all such products in the order in which suitable transportation, clean and ready to load is constructively placed at his facility by the holder of the warehouse receipt or shipping certificate, pursuant to bona fide loading orders previously received, and at the loading rates provided in part B of this Regulation.

2. Wheat from Toledo and Oats from Minneapolis-St. Paul - All warehousmen shall inload and outload all agricultural products consecutively without giving preference to the products owned by him over the products of others, and without giving preference to one depositor over another. He shall inload all such products consecutively in the order in which they arrive at his warehouse, pursuant to the inloading orders previously received so far as the warehouse capacity for grain and grade permits. He shall outload all such product s in the order in which suitable transportation, clean and ready to load is constructively placed at his warehouse by the holder of the warehouse receipt, pursuant to bona fide outloading orders previously received, except as provided in part B of this Regulation.

It shall be the responsibility of the warehouse receipt or shipping certificate holder to supply suitable transportation. Hopper cars shall be considered suitable transportation if they can be sampled by pelican in a manner approved by the appropriate grain sampling agency. Trucks and non-suitable hopper cars may be loaded only with the express agreement of the warehouseman.

Constructive placement at a warehouse or shipping station shall be defined as follows:

(1) Rail cars-as defined in the appropriate Railroad Freight Tariff on file with the Interstate Commerce Commission;

(2) Barges-Positioned at an appropriate fleeting service serving the designated delivery point;

(3) Vessels-In possession of the appropriate Federal Grain Inspection Service and/or National Cargo Bureau documents certifying readiness to accept load-out at the designated delivery point.

It shall be the responsibility of the warehouse receipt or shipping certificate holder to request the warehouseman to arrange for all necessary Federal Grain Inspection Service and stevedoring service. The warehouse receipt or shipping certificate holder may specify the stevedoring service to be called. The warehouseman shall not be held responsible for non-availability of these

services.

B. Load-Out Rates for Grain - In the event a regular grain warehouse or shipping station receives written loading orders for load-out of grain against canceled warehouse receipts or shipping certificates, the warehouseman or shipper shall be required to load out grain beginning on the third business day following receipt of such loading orders or on the day after a conveyance of the type identified in the loading orders is constructively placed, whichever occurs later. The rate of load-out for warehouses in Toledo and Minneapolis-St. Paul shall be at the normal rate of load-out for the facility and the load-out rate for all grain warehouses and shipping stations shall depend on the conveyance and type of grain being loaded and shall not be less than the following per business day:

	Rail Conveyance or Water Conveyance			
	(When receipt holder requests in writing individual weights and grades per car load)	(When receipt holder requests in writing batch weights and grades)/1/	Vessel or	Barge
Wheat, Corn, Soybeans	25 Hopper Cars	35 Hopper Cars	300,000 Bushels	3 Barges
Oats	15 Hopper Cars	20 Hopper Cars	180,000 Bushels	2 Barges

/1/ A batch weight and grade shall refer to a buyer's request in writing for 1 weight and 1 grade per 5 rail cars.

Barge load-out rates for corn and soybeans will be at the shipping station's registered daily rate of loading. When wheat and corn or soybeans or when oats and corn or soybeans are in the lineup for loading, the higher loading rate will apply for total barge loadings on that day. However, a warehouseman or shipper is not obligated to load barges of one type of grain that exceeds the daily barge loading rate for that type of grain. Corn and soybeans are considered one type of grain for this regulation pertaining to barge loading rates.

Regular grain warehouses and shipping stations shall not be required to meet these minimum load-out rates when transportation has not been actually placed at the warehouse, transportation equipment is not clean and load ready, inspection services are not available, a condition of force majeure exists, inclement weather prevents loading, or stevedoring services are not available in the case of water conveyance. However, the exceptions to load-out requirements shall not include grains or soybeans which have not made grade.

In addition, regular warehouses in Toledo and Minneapolis-St. Paul shall not be required to meet the minimum load-out rate for a conveyance when a "like" conveyance has been constructively placed for load-in prior to the "like" conveyance for load-out. However, when a conveyance for load-out is constructively placed after a "like" conveyance for load-in, the warehouse will load-in grain from the "like" conveyance at the normal rate of load-in for the facility. This rate of load-in shall depend on the conveyance(s) being unloaded and shall not be less than the following minimums per business day:

	Rail Conveyance or Water Conveyance		
		Vessel or	Barge
Wheat, Corn, Soybeans	35 Hopper Cars	50,000 Bushels	1 Barge
Oats	20 Hopper Cars	50,000 Bushels	1 Barge

Regular warehouses shall not be required to meet these minimum load-in rates when a condition of force majeure exists, inspection services are not available, inclement weather prevents unloading, or stevedoring services are not available in the case of water conveyance.

Any increased overtime costs and charges for trimming and FGIS to meet minimum load-out requirements shall be borne by warehouseman.

Vessel loading shall require 3 days pre-advice to warehouseman prior to the date of arrival of the vessel. Failure to provide pre advice may delay loading by the same number of days pre-advice is delayed prior to date of arrival of the vessel.

Inability of a warehouse receipt holder to provide conveyance at an elevator in a timely manner will affect load-out of barges accordingly.

For purposes of this regulation, vessel and barge are "like" conveyances.

C. Notification to Warehouse - The warehouse operator or shipping station shall load-in and load-out grains in the order and manner provided in parts A and B of this Regulation, except that his obligation to load-out grain to a given party shall commence no sooner than three business days after he receives cancelled warehouse receipts and written loading orders from such party, even if such party may have a conveyance positioned to accept load-out of grain before that time. If the party taking delivery presents transportation equipment of a different type (rail, barge, or vessel) than that specified in the loading orders, he is required to provide the warehouse operator with new loading orders, and the warehouse operator shall be obligated to load-out grain to such party no sooner than three business days after he receives the new loading orders. Written loading orders received after 2:00 p.m. (Chicago time) on a given business day shall be deemed to be received on the following business day.

D. Storage and Premium Charges - Storage payments [and Premium Charges] on [grain] wheat and oats to be shipped pursuant to loading orders shall cease on the tenth business day after suitable transportation is constructively placed for load-out or loading is complete, whichever is earlier. Premium charges for corn and soybeans to be shipped pursuant to loading orders shall cease on the business day loading is complete.

E. Records - All warehousemen and shippers shall keep adequate permanent records showing compliance with the requirements of this Regulation. Such records shall at all times be open for inspection by the designated official or officials of the contract market.

F. Certification of Corn, Soybeans and Wheat - Effective September 1, 1992 and upon written request by a taker of delivery at the time loading orders are submitted for the delivery of corn, soybeans or wheat against canceled warehouse receipts, the delivery warehouseman shall certify in writing to the taker of delivery on the day that the transportation conveyance is loaded that the grain is of U.S. origin only. Warehouse receipts issued prior to September 1, 1992 will be deliverable against futures contracts beginning September 1992 only if the regular warehouseman provides certification on the warehouse receipt that the U.S. origin-only option is available to the taker of delivery of corn, soybeans and wheat.

G. Barge Load-Out Procedures for Corn and Soybeans - When corn or soybeans represented by shipping certificates are ordered out for shipment by water conveyance, the regular shipper has the obligation to load-out grain at his registered daily rate of loading. The shipper's obligation shall begin to a party no sooner than 3 business days after he receives canceled certificates and written loading orders from the party or 1 business day after the constructive placement of the water conveyance, whichever is later.

(1) All loading orders and shipping instructions received prior to 2:00 p.m. on a given business day shall be considered dated that day and shall be entitled to equal treatment. Orders received after 2:00 p.m. on a business day shall be considered dated the following business day. Loading against all loading orders dated on a given business day shall be completed before loading begins on any loading orders dated on a subsequent business day.

(2) When loading orders and shipping instructions are received by 2:00 p.m. of any given business day, the shipper will advise the owner by 10:00 a.m. the following business day of loading dates and tonnage due. Notification will be by telephone, telex or telefax.

(3) Official grades as loaded into the water conveyance shall govern for delivery purposes.

(4) Official weights as loaded into the barge shall govern for delivery purposes when available, otherwise, it is the responsibility of the taker to obtain official weights at the destination. Any other governing weights and methods of obtaining weights and any such other information on the weighing process must be mutually accepted by the maker and taker of delivery before the barge is loaded. When the official weight becomes known for a barge, overfills and underfills will be settled on the market value, expressed as a basis, for grain FOB barge at the barge loading station on the day that the grain is loaded. Before the barge is loaded, the taker and maker of delivery will agree on a basis over or under the nearby futures that overfills and underfills will be settled on. On the day that the weight tolerance becomes known to both parties, the flat price settlement will be established by applying the basis to the nearby futures month settlement price on the day of unloading or the day of loading if origin weights are used. If the day of unloading is the last trading day in the nearby futures month, the next following futures month will be used for settlement. If the day of unload is not a business day, the next following business day will be used to establish the flat price. In order to convert the agreed upon basis on the day that the grain was loaded to a basis relative to the current nearby futures month, the futures spread on the day of loading will be used, provided that, the nearby futures did not close outside of the price limits set for all other futures months. In this case, the spread on the first following business day that the nearby futures closed within the price limits applicable for all other futures months would be used.

(5) The shipper shall not be required to meet his minimum daily barge load-out rate when transportation has not been actually placed at the shipping station, transportation equipment is not clean and load ready, inspection services are not available, a condition of force majeure exists, or inclement weather prevents loading. However, the exceptions to load-out requirements shall not include corn or soybeans that have not made grade.

(6) For Illinois Waterway barge loading at Burns Harbor, Regulation 1081.01(13)(A.)(a) pertaining to the protection of the Chicago barge rate and inclement weather will apply.

(7) Any expense for making the grain available for loading on the Illinois Waterway will be borne by the party making delivery, provided that the taker of delivery presents barge equipment clean and ready to load within 10 calendar days following the scheduled loading date of the barge on the Illinois Waterway. If the taker's barges are not made available within 10 calendar days following the scheduled loading date of the barge on the Illinois Waterway or the taker cancels loading instructions and requests that cancelled shipping certificates be re-issued, the taker shall reimburse the shipper for any expenses for making the grain available. Taker and maker of delivery have three days to agree to these expenses.

(8) The shipper shall load water conveyance at the shipping station designated in the Shipping Certificate. If it becomes impossible to load at the designated shipping station because of an Act of God, fire, flood, wind, explosion, war, embargo, civil commotion, sabotage, law, act of government, labor difficulties or unavoidable mechanical breakdown, the shipper will arrange for water conveyance to be loaded at another regular shipping station in conformance with the Shipping Certificate and will compensate the owner for any transportation loss resulting from the change in the location of the shipping station. If the aforementioned condition of impossibility prevails at a majority of regular shipping stations, then shipment may be delayed for

the number of days that such impossibility prevails at a majority of regular shipping stations.

(9) See Regulation 10C81.01(12)G(9)-Regularity of Warehouses and Issuers of Shipping Certificates for Corn futures contracts.

See Regulation 10S81.01(12)G(9)-Regularity of Warehouses and Issuers of Shipping Certificates for Soybean futures contracts.

(10) In the event less than eleven shipping certificates of a like grade/quality are outstanding at a shipping station the owner of all such outstanding shipping certificates may cancel the shipping certificates and obligate the shipper to provide a market value at which the shipper will either buy back all the canceled shipping certificates or sell the balance of Corn or Soybeans of a like grade/quality to complete a barge loading of at least 55,000 bushels, the choice being at the discretion of the taker of delivery.

(13) Location.

A. Corn. See Regulation 10C81.01(13)-Location for Corn futures contracts.

No such warehouse or shipping station within the Chicago Switching District shall be declared regular unless it is conveniently approachable by vessels of ordinary draft and has customary shipping facilities. Ordinary draft shall be defined as the lesser of (1) channel draft as recorded in the Lake Calumet Harbor Draft Gauge, as maintained by the Corps of Engineers, U.S. Army, minus one (1) foot, or (2) 20 feet.

Delivery in Burns Harbor must be made "in store" in regular elevators or by shipping certificate at regular shipping stations providing water loading facilities and maintaining water depth equal to normal seaway draft of 27 feet.

In addition, deliveries of grain may be made in regular elevators or shipping stations within the Burns Harbor Switching District PROVIDED that:

(a) When grain represented by warehouse receipts or shipping certificates is ordered out for shipment by a barge, it will be the obligation of the party making delivery to protect the barge freight rate from the Chicago Switching District (i.e. the party making delivery and located in the Burns Harbor Switching District will pay the party taking delivery an amount equal to all expenses for the movement of the barge from the Chicago Switching District, to the Burns Harbor Switching District and the return movement back to the Chicago Switching District).

If inclement weather conditions make the warehouse or shipping station located in the Burns Harbor Switching District unavailable for barge loadings for a period of five or more calendar days, the party making delivery will make grain available on the day following this five calendar day period to load into a barge at one mutually agreeable water warehouse or shipping station located in the Chicago Switching District; PROVIDED that the party making delivery is notified on the first day of that five-day period of inclement weather that the barge is available for movement but cannot be moved from the Chicago Switching District to the Burns Harbor Switching District, and is requested on the last day of this five day calendar period in which the barge cannot be moved.

(b) When grain represented by warehouse receipts or shipping certificates is ordered out for shipment by vessel, and the party taking delivery is a recipient of a split delivery of grain between a warehouse or shipping station located in Burns Harbor and a warehouse or shipping station in Chicago, and the grain in the Chicago warehouse or

shipping station will be loaded onto this vessel; it will be the obligation of the party making delivery at the request of the party taking delivery to protect the holder of the warehouse receipts or shipping certificates against any additional charges resulting from loading at one berth in the Burns Harbor Switching District and at one berth in the Chicago Switching District as compared to a single berth loading at one location. The party making delivery, at his option, will either make the grain available at one water warehouse or shipping station operated by the party making delivery and located in the Chicago Switching District for loading onto the vessel, make grain available at the warehouse in Burns Harbor upon the surrender of warehouse receipts or shipping certificates issued by other regular elevators or shipping stations located in the Chicago Switching District at the time vessel loading orders are issued, or compensate the party taking delivery in an amount equal to all applicable expenses, including demurrage charges, if any, for the movement of the vessel between a berth in the other switching district. On the day that the grain is ordered out for shipment by vessel, the party making delivery will declare the regular warehouse or shipping station in which the grain will be available for loading.

See Regulation 10C81.01(13)-Location for Corn futures contracts.

B. Oats. For the delivery of oats, regular warehouses may be located within the Chicago Switching District or within the Burns Harbor, Indiana Switching District (subject to the provisions of paragraph A above) or within the Minneapolis, Minnesota or St. Paul, Minnesota Switching Districts.

Delivery in the Minneapolis or St. Paul Switching District must be made "in store" in regular elevators providing barge-loading facilities and maintaining water depth equal to the average draft of the current barge loadings in the Minneapolis and St. Paul barge-loading districts.

However, deliveries of oats may be made in interior off-water elevators within the Minneapolis or St. Paul Switching District, PROVIDED that the party making delivery makes the oats available upon call within seven calendar days to load into a barge at one river location in the Minneapolis or St. Paul barge-loading district. The party making delivery must declare, within one business day after receiving warehouse receipts and loading orders, the river location at which the oats will be made available. Any additional expense incurred to move delivery oats from an off-water elevator into barges shall be borne by the party making delivery; PROVIDED that the party taking delivery presents barge equipment clean and ready to load within fifteen calendar days from the time warehouse receipts and loading orders are tendered to the delivering party.

Official weights and official grades as loaded into the barge shall govern for delivery

purposes.

C. Wheat. For the delivery of wheat, regular warehouses may be located within the Chicago Switching District or within the Burns Harbor, Indiana Switching District (subject to the provisions of Paragraph A above), within the Toledo, Ohio Switching District, or with respect to only No. 1 Soft Red Winter and No. 2 Soft Red Winter Wheat, within the St. Louis-East St. Louis or Alton Switching Districts.

Delivery in Toldeo must be made "in store" in regular elevators providing water loading facilities and maintaining water depth equal to normal seaway draft of 27 feet.

However, deliveries of wheat may be made in off-water elevators within the Toledo, Ohio Switching District PROVIDED that the party making delivery makes the grain available upon call within five calendar days to load into water equipment at one water location within the Toledo, Ohio Switching District. The party making delivery must declare within one business day after receiving warehouse receipts and loading orders the water location at which wheat will be made available.

Any additional expense incurred to move delivery grain from an off-water elevator into water facilities shall be borne by the party making delivery; PROVIDED that the party taking delivery presents water equipment clean and ready to load within fifteen calendar days from the time the grain has been made available.

Official weights and official grades as loaded into the water equipment shall govern for delivery purposes.

Delivery in the St. Louis-East St. Louis or Alton Switching Districts must be "in store" in regular elevators providing barge loading facilities and maintaining water depth equal to the average draft of the current barge loadings in the St. Louis-East St. Louis and Alton barge loading districts.

D. Soybeans. See Regulation 10S81.01(13)-Location for Soybean futures contracts.

(14) Billing

A. Wheat, Corn, Soybeans and Oats (Chicago delivery). The Chicago warehouseman is not required to furnish transit billing on grain represented by warehouse receipt deliveries in Chicago, Illinois. Delivery shall be flat.

B. Oats (Minneapolis, St. Paul delivery).

(1) When oats represented by warehouse receipts delivered in Minneapolis or St. Paul are ordered out for shipment by rail, it shall be the obligation of seller to furnish, no later than when cars are placed or constructively placed at the elevator, to the party taking delivery, inbound Freight Bills (rail tonnage or order equivalent truck or barge tonnage) protecting the applicable proportional rate applicable to Chicago from the warehouse in which the grain is located. The Freight Bills shall be for the kind and quantity of the commodity designated by the warehouse receipt and must permit such commodity to be shipped at the minimum proportional rate applicable to Chicago effective as of the date of shipment from point of origin shown by the Freight Bill.

(a) Delivery at Minneapolis. When delivery is made at an elevator within the Minneapolis Switching District, such Freight Bills must permit one further free transit stop at interior transit points or be accompanied by a check to cover one such transit stop.

(b) Delivery at St. Paul. When delivery is made at an elevator within the St. Paul Switching District, such Freight Bills must permit one further free transit stop at interior transit points, or be accompanied by a check to cover such transit stop, and in addition must also permit movement to industries within the switching limits of Minneapolis at no greater cost than the maximum switching charges between industries located with the switching limits of Minneapolis.

(2) In lieu of the Freight Bills or order equivalent tonnage specified above, seller may furnish to the party taking delivery "short-rate" Freight Bills or make compensation as specified in Section (b).

(a) "Short-rate" Freight Bills (which otherwise conform to the requirements of this Regulation). "Short-rate" Freight Bills shall be accompanied by a certified check, or other acceptable payment, in an amount equal to the difference between the freight charges which would be incurred in shipping the quantity of the commodity from Minneapolis to Chicago (based on the proportional rate applicable in connection with such "short-rate" Freight Bills) and the freight charges for such shipment based on the minimum proportional tariff rate applicable in connection with Freight Bills other than "short-rate" Freight Bills showing shipment from points of origin as of the same date as the "short-rate" Freight Bills furnished.

(b) Compensation in Lieu of Freight Bills or order equivalent tonnage. A certified check or other acceptable payment may be substituted for Freight Bills provided it is in an amount equal to the difference between the freight charges which would be incurred in shipping the commodity from Minneapolis to Chicago based on the flat tariff rate effective as of the date of loading for rail shipment and the charges for such shipment based on the minimum proportional tariff rate effective as of the same date.

(3) Due Bills issued by the Western Weighing and Inspection Bureau may be used when necessary in lieu of Freight Bills that conform to the provisions of this Regulation. Such Due Bills may be surrendered by the seller to the party loading out delivery grain by rail when such Freight Bills are not yet available because of the unloading of the commodity into an elevator during the last few days of the delivery month or on the delivery of "Track" grain. Such Due Bills shall specify the date, origin and rate of the Freight Bills in lieu of which they are issued and shall be completely filled out except for the signature.

(4) The term Freight Bills as used in this Regulation means the recorded inbound paid Freight Bills, authorized duplicates thereof, or tonnage credit slips, conforming to the rules and regulations of Western Trunk Line Tariff No. 331-Z, Fred Ofcky, Agent, ICC No. A-4774, amendments thereto or reissues thereof.

C. Wheat (Toledo and St. Louis delivery). The warehouseman is not required to furnish transit billing on wheat represented by warehouse receipts delivery in Toledo, Ohio, St. Louis, Missouri, East St. Louis, Illinois, or Alton, Illinois. Delivery shall be flat.

D. Corn. See Regulation 10C81.01(14)-Billing for Corn futures contracts.

E. Soybeans. See Regulation 10S81.01(14)-Billing for Soybean futures contracts.

F. Wheat, Corn, Soybeans and Oats (Burns Harbor Delivery). When grain represented by warehouse receipts delivered in Burns Harbor is ordered out for shipment by rail, it will be the obligation of the party making delivery to protect the Chicago rail rate, if lower, which would apply to the owner's destination had a like kind and quantity of grain designated on warehouse receipts been loaded out and shipped from a regular warehouse located in the Chicago Switching District. If grain is loaded out and shipped to an industry in the Chicago Switching District, the party making delivery will protect the minimum, crosstown switch charge in the Chicago Switching District.

When rail loading orders are submitted, the party taking delivery shall state in writing if he elects to receive the applicable rail rates from Burns Harbor or Chicago. If the party taking delivery specifies Burns Harbor, the party making delivery will load rail cars at the Burns Harbor warehouse and will not be required to protect the Chicago rates.

If the party taking delivery specifies Chicago rates, the party making delivery will declare on the day that the grain is ordered out for shipment by rail, the warehouse at which the grain will be made available, which is operated by the party making delivery and is located either in the Burns Harbor or the Chicago Switching Districts. If the declared warehouse is located in the Chicago Switching District, the party making delivery will provide only that billing specified in Regulation 1081.01(14)A.

However, if the declared warehouse is located in Burns Harbor and the rail rate from Chicago or the minimum Chicago crosstown switch charge requires protection, the party making delivery will compensate the party taking delivery. The compensation shall be in an amount equivalent to the difference of the freight charges from Burns Harbor and the freight charges which would be applicable had the grain been loaded at and shipped from a warehouse located in the Chicago Switching District to the owner's destination.

(15) All applications for a declaration of regularity or for renewal of regularity, in an amount in excess of previously approved regularity will be subject to a diligent and prudent analysis by the Exchange to insure that the warehouseman or shipper meets all rules and regulations prescribed by the Board of Trade and that the grant of regularity for the requested storage capacity or maximum number of certificates allowed to be issued, or any part thereof, will not unduly distort the values of grain futures contracts or impair the efficacy of futures trading in these markets.

(16) Persons operating regular warehouses or shipping stations shall be subject to the Association's Rules and Regulations pertaining to arbitration procedures, as set forth in Chapter 6, and, with respect to compliance with Rules and Regulations pertaining to a warehouse's or shipper's regularity, shall be subject to the Association's Rules and Regulations pertaining to disciplinary procedures, as set forth in Chapter 5.

(17) Persons operating regular warehouses or shipping stations shall consent to the disciplinary

jurisdiction of the Exchange for five years after such regularity lapses, for conduct pertaining to regularity which occurred while the warehouse or shipping station was regular. (06/01/02)

1081.01A Inspection - Chicago Elevators - Any Grain Warehouses in Chicago, regular for the delivery of grain under the Rules and Regulations of the Association, shall require inbound and outbound inspections as mandated by the U.S. Grain Standards Act and/or the U.S. Warehouse Act.

Nothing herein shall negate the rights of persons shipping grain into or out of such Warehouses to request and obtain on such grain official sample lot inspections as defined in the U.S. Grain Standards Act, and such inspections or any appeal therefrom, shall be the settlement grade.

When grain is delivered in satisfaction of warehouse or shipping certificate, receipts, the holder of the warehouse receipts or shipping certificates shall be entitled to an official sample lot inspection as defined in the U.S. Grain Standards Act unless otherwise agreed. 3R (03/01/00)

1081.01B Billing When Grain is Loaded Out - The Board makes the following interpretations:

1. Is it then the obligation of the operator of the elevator to have such billing on hand backing all deliveries -or only (as the Regulation seems to state) when such grain is loaded out?

   The Regulations are explicit in stating that billing need be available when such grain is loaded out. The warehouseman makes the decision and takes the risk at the time of delivery and any time until the grain is ordered loaded if he does not have billing.

2. What is meant by equities?

   Equities are defined in the Regulation and do not include values occasioned by changes in freight rates as they would apply to the outboard movement. 43R (09/01/94)

1081.01C Car of Specified Capacity - Where a seller of an 80,000 Ib. capacity car shows conclusively that an 80,000 Ib. capacity car was ordered, and the railroad for its own convenience provided a 100,000 Ib. capacity car, the basis for settlement should be the same as though an 80,000 Ib. capacity car had been supplied. 14R (09/01/94)

1082.00 Insurance - Grain covered by warehouse receipts tendered for delivery must be insured against the contingencies provided for in a standard "All Risks" policy (including earthquake) to such an extent and in such amounts as required by the Board of Directors. It shall be the duty of the operators of all regular warehouses to furnish the Exchange with either a copy of the current insurance policy or policies, or a written confirmation from the insurance company that such insurance has been effected. 292 (08/01/96)

1082.00A Insurance - The warehouseman shall insure grain and soybeans covered by warehouse receipts tendered for delivery against the contingencies provided for in the standard "All Risks" policy (including earthquakes). (09/01/94)

1083.00 Variation Allowed - Deliveries of grain in store may vary not more than one percent from the quantity contracted for: provided, however, that no lot in any one warehouse shall contain less than 5,000 bushels of any one grade. 291 (09/01/94)

1083.01 Excess or Deficiency in Quantity - In the load-out of grain from an elevator or warehouse, the quantity of gross grain covered by the warehouse receipt shall be loaded out, and any excess or deficiency between the quantity of net grain loaded out and the quantity of net grain covered by the warehouse receipt shall be paid for to or by (as the case may be) the elevator or warehouse proprietor or manager at the average market price on the day of load-out: the buyer to pay storage on the net weight covered by the warehouse receipt. In the event that in the final out-turn there is a shortage in the gross quantity called for in the receipt, the net quantity of grain required by the receipt shall be the factor in settlement, and any variation therefrom in the net amount of grain loaded out against the receipt shall be paid for by the elevator or warehouse proprietor or manager to the owner of the receipt at the average market price on the day of load-out. In the load-out of grain the gross quantity of grain, which includes dockage shall not exceed the net quantity by more than one percent.

1640 (09/01/94)

1084.01 Revocation, Expiration or Withdrawal of Regularity - Any regular warehouse or shipper may be declared by the Business Conduct Committee, or pursuant to Regulation 540.10, the Hearing Committee to be irregular at any time if it does not comply with the conditions above set forth. If the designation of a warehouse or shipper as regular shall be revoked, a notice shall be posted on the bulletin board announcing such revocation and also the period of time, if any, during which the receipts or certificates issued by such house or shipper shall thereafter be deliverable in satisfaction of futures contracts under the Rules and Regulations.

In the event of revocation, expiration or withdrawal of regularity, or in the event of sale or abandonment of the properties where regularity is not reissued, holders of outstanding warehouse or shipping certificates receipts shall be given thirty days to take load-out of the commodity from the facility. If a holder of an outstanding warehouse receipt or shipping certificate chooses not to take load-out during this period, the facility must provide him with another warehouse receipt or shipping certificate at another, mutually acceptable regular warehouse or shipping station, with adjustments for differences in
-
contract differentials. Alternatively, if such warehouse receipt or shipping certificate is unavailable, the facility must provide the holder with 0an equivalent quantity and quality of the grain designated in the warehouse receipt or shipping certificate at a mutually acceptable location. 1621 (03/01/00)

1085.01 Application for Declaration of Regularity - All applications by operators of warehouses for a declaration of regularity under Regulation 1081.01 shall be on the following form:

WAREHOUSEMAN'S/SHIPPER'S APPLICATION FOR A DECLARATION OF REGULARITY
UPON CONTRACTS FOR FUTURE DELIVERY UNDER THE CHARTER,
RULES AND REGULATIONS OF THE BOARD OF TRADE OF THE CITY
OF CHICAGO FOR THE DELIVERY OF_____

_____, 20_____

Board of Trade of the
City of Chicago
Chicago, Illinois
Gentlemen:
We, the_____ (hereinafter called
the Warehouseman/Shipper) owner or lessee of the
warehouse _____
located at_____
and/or shipping station located at mile marker _____.
having a storage capacity of_____ bushels of grain
and/or applying for _____ bushels as a registered total daily rate
of loading barges and having a bond under the United States Warehouse Act
_____ in the sum of
_____ Dollarsand/or a designated letter of credit, do
hereby make application to the Board of Trade of the City of Chicago
(hereinafter called Exchange) for a declaration of regularity to handle, and
to receive and store or issue Shipping Certificates for
_____ for delivery upon contracts for future delivery for a
period beginning_____ and ending Midnight June 30,_____.

Conditions of Regularity

Such declaration of regularity, if granted, shall be cancellable by the Exchange whenever the following conditions shall not be observed.
1. The Warehouseman/Shipper must:

(1) give such bonds and/or designated letter of credit to the Exchange as it may require.
(2) submit to the Exchange with such application for a declaration of regularity, a tariff listing in detail the rates for the handling and storage of grain; submit promptly to the Exchange all changes in said tariff, publish and display such tariff.
(3) remove no grain from the warehouse/shipping station save at the request of the owner or owners thereof upon surrender of the warehouse receipts/shipping certificates.
(4) notify the Exchange immediately of any change in capital ownership and of any reduction in total capital of 20 percent or more from the level reported in the last financial statement filed with the Exchange.
(5) make such reports, keep such records, and permit such warehouse visitation as the Secretary of Agriculture may prescribe; comply with all applicable Rules and Regulations and orders promulgated by the Secretary of Agriculture or the Government agency administering the Commodity Exchange Act; and comply with all requirements of the Exchange permitted or required by such Rules and Regulations or orders.
(6) maintain and furnish to all holders of warehouse receipts/shipping/certificates on grain tendered in satisfaction of futures contracts insurance as provided in Rule 1004.00.
(7) make application for renewal of a declaration of regularity in writing on or before May 1, 1994, and every even year thereafter.

2. The Warehouse/Shipper must be:

(1) subject to the prescribed examination and approval of the Exchange.
(2) properly safeguarded and patrolled.

(3) equipped to handle grain expeditiously.

3. The Warehouse/Shipping Station and Warehouseman/Shipper must conform to the uniform requirements of the Exchange as to location, accessibility and suitability as may be prescribed in the Rules and Regulations of the Exchange.

AGREEMENTS OF WAREHOUSEMAN

The Warehouseman/Shipper expressly agrees:

(1) that all grain tendered in satisfaction of futures contracts shall be weighed by an Official Weigher. An Official Weigher shall be a person or agency approved by the Exchange.
(2) that all warehouse receipts/shipping certificates shall be registered with the Registrar of the Exchange.
(3) to abide by all of the Rules and Regulations of the Exchange relating to the warehousing or shipping of commodities deliverable in satisfaction of futures contracts and the delivery thereof in satisfaction of futures contracts.
(4) that the Exchange may cancel said declaration of regularity, if granted, for any breach of said agreements.
(5) that the signing of this application constitutes a representation that the conditions of regularity are complied with and will be observed during the life of the declaration of regularity and, if found to be untrue, the Exchange shall have the right to cancel said declaration of regularity immediately.
(6) to be subject to the Association's Rules and Regulations pertaining to arbitration procedures, as set forth in Chapter 6, and with respect to compliance with Rules and Regulations pertaining to regularity, to be subject to the Association's Rules and Regulations pertaining to disciplinary procedures, as set forth in Chapter 5; and to abide by and perform any disciplinary decision imposed upon it or any arbitration award issued against it pursuant to such Rules and Regulations.
(7) to consent to the disciplinary jurisdiction of the exchange for five years after regularity lapses for conduct pertaining to regularity which occurred while the warehouse/shipper was regular.

1622 (03/01/00)

1086.01 Federal Warehouses - In compliance with Section 5a, subparagraph (7) of Commodity Exchange Act, receipts for grain stored in elevators (listed as Federally licensed in Appendices 10A, 10B, 10C, 10D and 10E) licensed under the United States Warehouse Act of August 11, 1916, as amended will be deliverable in satisfaction of futures contracts. 1829 (09/01/94)

Chapter 10C
Corn Futures

Ch10C Trading Conditions

C1001.01 Application of Regulations - Transactions in Corn futures shall be subject to the General Rules of the Association as far as applicable and shall also be subject to Regulations contained in this chapter which are exclusively applicable to trading in Corn. (08/01/98)

C1004.01 Unit of Trading - (see 1004.00) (08/01/98)

C1005.01 Months Traded in - (see 1005.01A) (08/01/98)

C1006.01 Price Basis - (see 1006.00 and 1006.01) (08/01/98)

C1007.01 Hours of Trading - (see 1007.00 and 1007.02) (08/01/98)

C1008.01 Trading Limits - (see 1008.01 and 1008.02) (08/01/98)

C1009.01 Last Day of Trading - (see 1009.02) (08/01/98)

C1010.01 Margin Requirements - (see 431.03) (08/01/98)

C1012.01 Position Limits and Reportable Positions - (see 425.01) (08/01/98)

Ch10C Delivery Procedures

C1036.00 Grade Differentials - (see 1036.00) (08/01/98)

C1036.01 Location Differentials - Corn for shipment from regular shipping stations located within the Chicago Switching District or the Burns Harbor, Indiana Switching District may be delivered in satisfaction of Corn futures contracts at contract price, subject to the differentials for class and grade outlined above. Corn for shipment from regular shipping stations located within the Lockport-Seneca Shipping District may be delivered in satisfaction of Corn futures contracts at a premium of 2 cents per bushel over contract price, subject to the differentials for class and grade outlined above. Corn for shipment from regular shipping stations located within the Ottawa-Chillicothe Shipping District may be delivered in satisfaction of Corn futures contracts at a premium of 2 1/2 cents per bushel over contract price, subject to the differentials for class and grade outlined above. Corn for shipment from regular shipping stations located within the Peoria-Pekin Shipping District may be delivered in satisfaction of Corn futures contracts at a premium of 3 cents per bushel over contract price, subject to the differentials for class and grade outlined above. (08/01/98)

C1038.01 Grades- (see 1038.00 and 1038.01) (08/01/98)

C1041.01 Delivery Points - Corn Shipping Certificates shall specify shipment from one of the warehouses or shipping stations currently regular for delivery and located in one of the following territories:

A. Chicago and Burns Harbor, Indiana Switching District - When used in these Rules and Regulations, the Chicago Switching District will be that area geographically defined by Tariff ICC WTL 8020-Series and that portion of the Illinois Waterway at or above river mile 304 which includes the Calumet Sag Channel and the Chicago Sanitary & Ship Canal. When used in these Rules and Regulations, Burns Harbor, Indiana Switching District will be that area geographically defined by the boundaries of Burns Waterway Harbor at Burns Harbor, Indiana which is owned and operated by the Indiana Port Commission.

B. Lockport-Seneca Shipping District - When used in these Rules and Regulations, the Lockport-Seneca Shipping District will be that portion of the Illinois Waterway below river mile 304 at the junction of the Calumet Sag Channel and the Chicago Sanitary & Ship Canal and above river mile 244.6 at the Marseilles Lock and Dam.

C. Ottawa-Chillicothe Shipping District - When used in these Rules and Regulations, the Ottawa-Chillicothe Shipping District will be that portion of the Illinois Waterway below river mile 244.6 at the Marseilles Lock and Dam and at or above river mile 170 between Chillicothe and Peoria, IL.

D. Peoria-Pekin Shipping District - When used in these Rules and Regulations, the Peoria-Pekin Shipping District will be that portion of the Illinois Waterway below river mile 170 between Chillicothe and Peoria, IL and at or above river mile 151 at Pekin, IL. (11/01/01)

C1043.01 Deliveries by Corn Shipping Certificate - (see 1043.01) (08/01/98)

C1043.02 Registration of Corn Shipping Certificates - (see 1043.02) (08/01/98)

C1046.01 Location for Buying or Selling Delivery - (see 1046.00A) (08/01/98) Instruments

C1047.01 Delivery Notices - (see 1047.01) (08//01/98)

C1048.01 Method of Delivery - (see 1048.01) (08/01/98)

C1049.01 Time of Delivery, Payment, Form of Delivery - (see 1049.00) (08/01/98) Notice

C1049.02 Time of Issuance of Delivery Notice - (see 1049.01) (08/01/98)

C1049.03 Buyer's Report of Eligibility to Receive Delivery' - (see 1049.02) (08/01/98)

C1049.04 Seller's Invoice to Buyers' - (see 1049.03) (08/01/98)

C1049.05 Payment - Payment shall be made utilizing the electronic delivery system via the Clearing House's Online System. Payment will be made during the 6:45 a.m. collection cycle thus the cost of the delivery will be debited or credited to a clearing firms settlement account. Unless a different time is prescribed by Regulation pertaining to a particular commodity, buyers obligated to accept delivery must take delivery and make payment and sellers obligated to make delivery must make delivery during the 6:45 a.m. settlement process on the day of delivery, except on banking holidays when delivery must be taken or made and payment made before 9:30 a.m. the next banking business day. (10/01/01)

C1050.01 Duties of Members - (see 1050.00) (08/01/98)

C1051.01 Office Deliveries Prohibited - (see 1051.01)

C1054.01 Failure to Accept Delivery - (see 1054.00 and 1054.00A) (08/01/98)

C1056.01 Payment of Premium Charges - (see 1056.01) (11/01/01)

Ch10C Regularity of Issuers of Shipping Certificates

C1081.01 Regularity of Warehouses and Issuers of Shipping Certificates -Persons operating grain warehouses or shippers who desire to have such warehouses or shipping stations made regular for the delivery of grain under the Rules and Regulations shall make application for an initial Declaration of Regularity on a form prescribed by the Exchange prior to May 1, 1994, and every even year thereafter, for a two-year term beginning July 1, 1994, and every even year thereafter, and at any time during a current term for the balance of that term. Regular grain warehouses or shippers who desire to increase their regular capacity during a current term shall make application for the desired amount of total regular capacity on the same form. Initial regularity for the current term and increases in regularity shall be effective either thirty days after a notice that a bona fide application has been received is posted on the floor or the exchange, or the day after the application is approved by the Exchange, whichever is later. Applications for a renewal of regularity shall be made prior to May 1, 1994, and every even year thereafter, for the respective years beginning July 1, 1994, and every even year thereafter, and shall be on the same form.

The following shall constitute the requirements and conditions for regularity:

(1) The warehouse or shipping station making application shall be inspected by the Registrar or the United States Department of Agriculture. Where application is made to list as regular a warehouse which is not regular at the time of such application, the applicant may be required to remove all grain from the warehouse and to permit the warehouse to be inspected and the grain graded, after which such grain may be returned to the warehouse and receipts issued therefor.

The operator of a shipping station issuing Corn Shipping Certificates shall limit the number of Shipping Certificates issued to an amount not to exceed:

(a) 20 times his registered total daily rate of loading barges, or in the case of Chicago, Illinois and Burns Harbor, Indiana Switching Districts, his registered storage capacity,

(b) and a value greater than 25 percent of the operator's net worth.

The shipper issuing Corn Shipping Certificates shall register his total daily rate of loading barges at his maximum 8 hour loadout capacity in amount not less than:

(a) one barge per day at each shipping station within the Lockport-Seneca Shipping District, within the Ottawa-Chillicothe Shipping District, within the Peoria-Pekin Shipping District, within the Havana-Grafton Shipping District, and within the St. Louis-East St. Louis and Alton Switching Districts, and

(b) three barges per day at each shipping station in the Chicago, Illinois and Burns Harbor, Indiana Switching District.

(2) Shippers located in the Chicago, Illinois and Burns Harbor, Indiana Switching District shall be connected by railroad tracks with one or more railway lines.

10C81.01(3) through 10C81.01(12)G(8) - (see 1081.01(3) through 1081.01(12)G(8))

10C81.01(12)G(9) In the event that it has been announced that river traffic will be obstructed for a period of fifteen days or longer as a result of one of the conditions of impossibility listed in regulation 1081.01(12)(G)(8) and in the event that the obstruction will affect a majority of regular shipping stations, then the following barge load-out procedures for Corn shall apply to shipping stations upriver from the obstruction:

(a) The maker and taker of delivery may negotiate mutually agreeable terms of performance.

(b) If the maker and/or the taker elect not to negotiate mutually agreeable terms of performance, then the maker is obligated to provide the same quantity and like quality of grain pursuant to the terms of the shipping certificate(s) with the following exceptions and additional requirements:

(i) The maker must provide loaded barge(s) to the taker on the Illinois River between the lowest closed lock and St. Louis, inclusive, or on the Mid-Mississippi River between Lock 11 at Dubuque, Iowa and St. Louis, inclusive.

(ii) The loaded barge(s) provided to the taker must have a value equivalent to C.I.F. NOLA, with the maker of delivery responsible for the equivalent cost, insurance and freight.

(iii) The taker of delivery shall pay the maker 18 cents per bushel for Chicago and Burns Harbor Switching District shipping certificates, 16 cents per bushel for Lockport-Seneca District shipping certificates, 15 1/2 cents per bushel for Ottawa-Chillicothe District shipping certificates, and 15 cents per bushel for Peoria-Pekin District shipping certificates, as a reimbursement for the cost of barge freight.

(c) In the event that the obstruction or condition of impossibility listed in regulation 1081.01(12)(G)(8) will affect a majority of regular shipping stations, but no announcement of the anticipated period of obstruction is made, then shipment may be delayed for the number of days that such impossibility prevails.

10C81.01(13) Location - For the delivery of Corn, regular warehouses or shipping stations may be located within the Chicago Switching District or within the Burns Harbor, Indiana Switching District or within the Lockport-Seneca Shipping District or within the Ottawa-Chillicothe Shipping District or within the Peoria-Pekin Shipping District.

No such warehouse or shipping station within the Chicago Switching District shall be declared regular unless it is conveniently approachable by vessels of ordinary draft and has customary shipping facilities. Ordinary draft shall be defined as the lesser of (1) channel draft as recorded in the Lake Calumet Harbor Draft Gauge, as maintained by the Corps of Engineers, U.S. Army, minus one (1) foot, or (2) 20 feet.

Delivery in Burns Harbor must be made "in store" in regular elevators or by shipping certificate at regular shipping stations providing water loading facilities and maintaining water depth equal to normal seaway draft of 27 feet.

In addition, deliveries of grain may be made in regular elevators or shipping stations within the Burns Harbor Switching District PROVIDED that:

(a) When grain represented by shipping certificates is ordered out for shipment by a barge, it will be the obligation of the party making delivery to protect the barge freight rate from the Chicago Switching District (i.e. the party making delivery and located in the Burns Harbor Switching District will pay the party taking delivery an amount equal to all expenses for the movement of the barge from the Chicago Switching District, to the Burns Harbor Switching District and the return movement back to the Chicago Switching District).

If inclement weather conditions make the warehouse or shipping station located in the Burns Harbor Switching District unavailable for barge loadings for a period of five or more calendar days, the party making delivery will make grain available on the day following this five calendar day period to load into a barge at one mutually agreeable water warehouse or shipping station located in the Chicago Switching District; PROVIDED that the party making delivery is notified on the first day of that five-day period of inclement weather that the barge is available for movement but cannot be moved from the Chicago Switching District to the Burns Harbor Switching District, and is requested on the last day of this five day calendar period in which the barge cannot be moved.

(b) When grain represented by shipping certificates is ordered out for shipment by vessel, and the party taking delivery is a recipient of a split delivery of grain between a warehouse or shipping station located in Burns Harbor and a warehouse or shipping station in Chicago, and the grain in the Chicago warehouse or shipping station will be loaded onto this vessel; it will be the obligation of the party making delivery at the request of the party taking delivery to protect the holder of the shipping certificates against any additional charges resulting from loading at one berth in the Burns Harbor Switching District and at one berth in the Chicago Switching District as compared to a single berth loading at one location. The party making delivery, at his option, will either make the grain available at one water warehouse or shipping station operated by the party making delivery and located in the Chicago Switching District for loading onto the vessel, make grain available at the warehouse or shipping station in Burns Harbor upon the surrender of shipping certificates issued by other regular elevators or shipping stations located in the Chicago Switching District at the time vessel loading orders are issued, or compensate the party taking delivery in an amount equal to all applicable expenses, including demurrage charges, if any, for the movement of the vessel between a berth in the other switching district. On the day that the grain is ordered out for shipment by vessel, the party making delivery will declare the regular warehouse or shipping station in which the grain will be available for loading.

Delivery within the Lockport-Seneca Shipping District or within the Ottawa-Chillicothe Shipping District or within the Peoria-Pekin Shipping District or within the Havana-Grafton Shipping District must be made at regular shipping stations providing water loading facilities and maintaining water depth equal to the draft of the Illinois River maintained by the Corps of Engineers.

Chapter 10S
Soybean Futures

Chapter 10S
Soybean Futures

Ch10S Trading Conditions

S1001.01 Application of Regulations - Transactions in Soybean futures shall be subject to the General Rules of the Association as far as applicable and shall also be subject to Regulations contained in this chapter which are exclusively applicable to trading in Soybeans.

S1004.01 Unit of Trading - (see 1004.00) (08/01/98)

S1005.01 Months Traded in - (see 1005.01A) (08/01/98)

S1006.01 Price Basis - (see 1006.00 and 1006.01) (08/01/98)

S1007.01 Hours of Trading - (see 1007.00 and 1007.02) (08/01/98)

S1008.01 Trading Limits - (see 1008.01 and 1008.02) (08/01/98)

S1009.01 Last Day of Trading - (see 1009.02) (08/01/98)

S1010.01 Margin Requirements - (see 431.03) (08/01/98)

S1012.01 Position Limits and Reportable Positions - (see 425.01) (08/01/98)

S1036.00 Grade Differentials - (see 1036.00) (08/01/98)

S1036.01 Location Differentials - Soybeans for shipment from regular shipping stations located within the Chicago Switching District or the Burns Harbor, Indiana Switching District may be delivered in satisfaction of Soybean futures contracts at contract price, subject to the differentials for class and grade outlined above. Soybeans for shipment from regular shipping stations located within the Lockport-Seneca Shipping District may be delivered in satisfaction of soybean futures contracts at a premium of 2 cents per bushel over contract price, subject to the differentials for class and grade outlined above. Soybeans for shipment from regular shipping stations located within the Ottawa-Chillicothe Shipping District may be delivered in satisfaction of Soybean futures contracts at a premium of 2 1/2 cents per bushel over contract price, subject to the differentials for class and grade outlined above. Soybeans for shipment from regular shipping stations located within the Peoria-Pekin Shipping District may be delivered in satisfaction of Soybean futures contracts at a premium of 3 cents per bushel over contract price, subject to the differentials for class and grade outlined above. Soybeans for shipment from regular shipping stations located within the Havana-Grafton Shipping District may be delivered in satisfaction of soybean futures contracts at a premium of 3 1/2 cents per bushel over contract price, subject to the differentials for class and grade outlined above. Soybeans for shipment from regular shipping stations located in the St. Louis-East St. Louis and Alton Switching Districts may be delivered in satisfaction of Soybean futures contracts at a premium of 6 cents per bushel over contract price, subject to the differentials for class and grade outlined above. (08/01/98)

S1038.01 Grades - (see 1038.00 and 1038.01) (08/01/98)

S1041.01 Delivery Points - Soybean Shipping Certificates shall specify shipment from one of the warehouses or shipping stations currently regular for delivery and located in one of the following territories:

A. Chicago and Burns Harbor, Indiana Switching District - When used in these Rules and Regulations, the Chicago Switching District will be that area geographically defined by Tariff ICC WTL 8020-Series and that portion of the Illinois Waterway at or above river mile 304 which includes the Calumet Sag Channel and the Chicago Sanitary & Ship Canal. When used in these Rules and Regulations, Burns Harbor, Indiana Switching District will be that area geographically defined by the boundaries of Burns Waterway Harbor at Burns Harbor, Indiana which is owned and operated by the Indiana Port Commission.

B. Lockport-Seneca Shipping District - When used in these Rules and Regulations, the Lockport-Seneca Shipping District will be that portion of the Illinois Waterway below river mile 304 at the junction of the Calumet Sag Channel and the Chicago Sanitary & Ship Canal and above river mile 244.6 at the Marseilles Lock and Dam.

C. Ottawa-Chillicothe Shipping District - When used in these Rules and Regulations, the Ottawa-Chillicothe Shipping District will be that portion of the Illinois Waterway below river mile 244.6 at the Marseilles Lock and Dam and at or above river mile 170 between Chillicothe and Peoria, IL.

D. Peoria-Pekin Shipping District - When used in these Rules and Regulations, the Peoria-Pekin Shipping District will be that portion of the Illinois Waterway below river mile 170 between Chillicothe and Peoria, IL and at or above river mile 151 at Pekin, IL.

E. Havana-Grafton Shipping District - When used in these Rules and Regulations, the Havana-Grafton Shipping District will be that portion of the Illinois Waterway below river mile 151 at Pekin, IL to river mile 0 at Grafton, IL.

F. St. Louis-East St. Louis and Alton Switching Districts - When used in these Rules and Regulations, St. Louis-East St. Louis and Alton Switching Districts will be that portion of the upper Mississippi River below river mile 218 at Grafton, IL and above river mile 170 at Jefferson Barracks Bridge in south St. Louis, MO. (11/01/01)

S1043.01 Deliveries by Soybean Shipping Certificate - (see 1043.01) (08/01/98)

S1043.02 Registration of Soybean Shipping Certificates - (see 1043.02) (08/01/98)

S1046.01 Location for Buying or Selling Delivery Instruments - (see 1046.00A) (08/01/98)

S1047.01 Delivery Notices - (see 1047.01) (08//01/98)

S1048.01 Method of Delivery - (see 1048.01) (08/01/98)

S1049.01 Time of Delivery, Payment, Form of Delivery Notice - (see 1049.00) (08/01/98)

S1049.02 Time of Issuance of Delivery Notice - (see 1049.01) (08/01/98)

S1049.03 Buyer's Report of Eligibility to Receive Delivery - (see 1049.02) (08/01/98)

S1049.04 Seller's Invoice to Buyers - (see 1049.03) (08/01/98)

C1049.05 Payment - Payment shall be made utilizing the electronic delivery system via the Clearing House's Online System. Payment will be made during the 6:45 a.m. collection cycle thus the cost of the delivery will be debited or credited to a clearing firms settlement account. Unless a different time is prescribed by Regulation pertaining to a particular commodity, buyers obligated to accept delivery must take delivery and make payment and sellers obligated to make delivery must make delivery during the 6:45 a.m. settlement process on the day of delivery, except on banking holidays when delivery must be taken or made and payment made before 9:30 a.m. the next banking business day. (10/01/01)

S1050.01 Duties of Members - (see 1050.00) (08/01/98) (see 1056.01) (11/01/01)

S1051.01 Office Deliveries Prohibited - (see 1051.01)

S1054.01 Failure to Accept Delivery - (see 1054.00 and 1054.00A) (08/01/98)

S1056.01 Payment of Premium Charges - (see 1056.01) (11/01/01)

Ch10s Delivery Procedures

Ch10S Regularity of Issuers of Shipping

S1081.01 Regularity of Warehouses and Issuers of Shipping Certificates - Persons operating grain warehouses or shippers who desire to have such warehouses or shipping stations made regular for the delivery of grain under the Rules and Regulations shall make application for an initial Declaration of Regularity on a form prescribed by the Exchange prior to May 1, 1994, and every even year thereafter, for a two-year term beginning July 1, 1994, and every even year thereafter, and at any time during a current term for the balance of that term. Regular grain warehouses or shippers who desire to increase their regular capacity during a current term shall make application for the desired amount of total regular capacity on the same form. Initial regularity for the current term and increases in regularity shall be effective either thirty days after a notice that a bona fide application has been received is posted on the floor or the exchange, or the day after the application is approved by the Exchange, whichever is later. Applications for a renewal of regularity shall be made prior to May 1, 1994, and every even year thereafter, for the respective years beginning July 1, 1994, and every even year thereafter, and shall be on the same form.

The following shall constitute the requirements and conditions for regularity:

(1) The warehouse or shipping station making application shall be inspected by the Registrar or the United States Department of Agriculture. Where application is made to list as regular a warehouse which is not regular at the time of such application, the applicant may be required to remove all grain from the warehouse and to permit the warehouse to be inspected and the grain graded, after which such grain may be returned to the warehouse and receipts issued therefor.

The operator of a shipping station issuing Soybean Shipping Certificates shall limit the number of Shipping Certificates issued to an amount not to exceed:

(a) 20 times his registered total daily rate of loading barges, or in the case of Chicago, Illinois and Burns Harbor, Indiana Switching Districts, his registered storage capacity,

(b) and a value greater than 25 percent of the operator's net worth.

The shipper issuing Soybean Shipping Certificates shall register his total daily rate of loading barges at his maximum 8 hour loadout capacity in amount not less than:

(a) one barge per day at each shipping station within the Lockport-Seneca Shipping District, within the Ottawa-Chillicothe Shipping District, within the Peoria-Pekin Shipping District, within the Havana-Grafton Shipping District, and within the St. Louis-East St. Louis and Alton Switching Districts, and

(b) three barges per day at each shipping station in the Chicago, Illinois and Burns Harbor, Indiana Switching District.

(2) Shippers located in the Chicago, Illinois and Burns Harbor, Indiana Switching District shall be connected by railroad tracks with one or more railway lines.

10S81.01(3) through 10S81.01(12)G(8) - (see 1081.01(3) through 1081.01(12)G(8))

10S81.01(12)G(9) In the event that it has been announced that river traffic will be obstructed for a period of fifteen days or longer as a result of one of the conditions of impossibility listed in regulation 1081.01(12)(G)(8) and in the event that the obstruction will affect a majority of regular shipping stations, then the following barge load-out procedures for soybeans shall apply to shipping stations upriver from the obstruction:

(a) The maker and taker of delivery may negotiate mutually agreeable terms of performance.

(b) If the maker and/or the taker elect not to negotiate mutually agreeable terms of performance, then the maker is obligated to provide the same quantity and like quality of grain pursuant to the terms of the shipping certificate(s) with the following exceptions and additional requirements:

(i) The maker must provide loaded barge(s) to the taker on the Illinois River between the lowest closed lock and St. Louis, inclusive, or on the Mid-Mississippi River between Lock 11 at Dubuque, Iowa and St. Louis, inclusive.

(ii) The loaded barge(s) provided to the taker must have a value equivalent to C.I.F. NOLA, with the maker of delivery responsible for the equivalent cost, insurance and freight.

(iii) The taker of delivery shall pay the maker 18 cents per bushel for Chicago and Burns Harbor Switching District shipping certificates, 16 cents per bushel for Lockport-Seneca District shipping certificates, 15 1/2 cents per bushel for Ottawa-Chillicothe District shipping certificates, 15 cents per bushel for Peoria-Pekin District shipping certificates, and 14 1/2 cents per bushel for Havana-Grafton District shipping certificates as a reimbursement for the cost of barge freight.

(c) In the event that the obstruction or condition of impossibility listed in regulation 1081.01(12)(G)(8) will affect a majority of regular shipping stations, but no announcement of the anticipated period of obstruction is made, then shipment may be delayed for the number of days that such impossibility prevails.

10S81.01(13) Location - For the delivery of Soybeans, regular warehouses or shipping stations may be located within the Chicago Switching District or within the Burns Harbor, Indiana Switching District or within the Lockport-Seneca Shipping District or within the Ottawa-Chillicothe Shipping District or within the Peoria-Pekin Shipping District or within the Havana-Grafton Shipping District or in the St. Louis-East St. Louis and Alton Switching Districts.

No such warehouse or shipping station within the Chicago Switching District shall be declared regular unless it is conveniently approachable by vessels of ordinary draft and has customary shipping facilities. Ordinary draft shall be defined as the lesser of (1) channel draft as recorded in the Lake Calumet Harbor Draft Gauge, as maintained by the Corps of Engineers, U.S. Army, minus one (1) foot, or (2) 20 feet.

Delivery in Burns Harbor must be made "in store" in regular elevators or by shipping certificate at regular shipping stations providing water loading facilities and maintaining water depth equal to normal seaway draft of 27 feet.

In addition, deliveries of grain may be made in regular elevators or shipping stations within the Burns Harbor Switching District PROVIDED that:

(a) When grain represented by shipping certificates is ordered out for shipment by a barge, it will be the obligation of the party making delivery to protect the barge freight rate from the Chicago Switching District (i.e. the party making delivery and located in the Burns Harbor Switching District will pay the party taking delivery an amount equal to all expenses for the movement of the barge from the Chicago Switching District, to the Burns Harbor Switching District and the return movement back to the Chicago Shipping District).

If inclement weather conditions make the warehouse or shipping station located in the Burns Harbor Switching District unavailable for a period of five or more calendar days, the party making the delivery will make grain available on the day following this five calendar day period to load into a barge at one mutually agreeable water warehouse or shipping station located in the Chicago Switching District; PROVIDED that the party making delivery is notified on the first day of that five-day period of inclement weather that the barge is available for movement but cannot be moved form the Chicago Switching District to the Burns Harbor Switching District, and is requested on the last day of this five day calendar period in which the barge cannot be moved.

(b) When grain represented by shipping certificates is ordered out for shipment by vessel, and the party taking delivery is a recipient of a split delivery of grain between a warehouse or shipping station located in Burns Harbor and a warehouse or shipping station in Chicago, and the grain in the Chicago warehouse or shipping station will be loaded onto this vessel; it will be the obligation of the party making delivery at the request of the party taking delivery to protect the holder of the shipping certificates against any additional charges resulting from loading at one berth in the Burns Harbor Switching District and at one berth in the Chicago Switching District as compared to a single berth loading at one location. The party making delivery, at his option, will either make the grain available at one water warehouse or shipping station operated by the party making delivery and located in the Chicago Switching District for loading onto the vessel, make grain available at the warehouse or shipping station in Burns Harbor upon the surrender of shipping certificates issued by other regular elevators or shipping stations located in the Chicago Switching District at the time vessel loading orders are issued, or compensate the party taking delivery in an amount equal to all applicable expenses, including demurrage charges, if any, for the movement of the vessel between a berth in the other switching district. On the day that the grain is ordered out for shipment by vessel, the party making delivery will declare the regular warehouse or shipping station in which the grain will be available for loading.

Delivery within the Lockport-Seneca Shipping District or within the Ottawa-Chillicothe Shipping District or within the Peoria-Pekin Shipping District or within the Havana-Grafton Shipping District must be made at regular shipping stations providing water loading facilities and maintaining water depth equal to the draft of the Illinois River maintained by the Corps of Engineers.

Delivery in the St. Louis-East St. Louis and Alton Switching District must be made at regular shipping stations providing water loading facilities and maintaining water depth equal to the draft of the Mississippi River maintained by the Corps of Engineers. (12/01/00)

Chapter 11
Soybean Oil

Chapter 11
Soybean Oil

Ch11 Trading Conditions

1101.00 Authority - On or after January 30, 1950, trading in Crude Soybean Oil futures may be conducted under such terms and conditions as may be prescribed by Regulation. 801 (09/01/94)

1102.01 Application of Regulations - Transactions in Crude Soybean Oil futures shall be subject to the general rules of the association as far as applicable and shall also be subject to the Regulations contained in this Chapter which are exclusively applicable to trading in Crude Soybean Oil. 2000 (09/01/94)

1104.01 Unit of Trading - The unit of trading for Crude Soybean Oil shall be 60,000 pounds. Bids and offers may be accepted in lots of 60,000 pounds or multiples thereof. For trading purposes, one tank car shall be equivalent to 60,000 pounds. 2003 (09/01/94)

1105.01 Months Traded In - Trading in Crude Soybean Oil may be conducted in the current month and any subsequent months. 2004 (09/01/94)

1106.01 Price Basis - All prices of Crude Soybean Oil shall be basis Decatur, Illinois in multiples of 1/100th of one cent per pound. Contracts shall not be made on any other price basis. 2005 (09/01/94)

1107.01 Hours of Trading - The hours of trading for future delivery in Crude Soybean Oil shall be from 9:30 a.m. to 1:15 p.m. except that on the last day of trading in an expiring future the hours with respect to such future shall be from 9:30 a.m. to 12 o'clock noon subject to the provisions of the second paragraph of Rule 1007.00. Market shall be opened and closed with a public call made month by month, conducted by such persons as the Regulatory Compliance Committee shall direct. 2007 (09/01/94)

1108.01 Trading Limits - (See 1008.01) (09/01/94)

1108.01A Trading Limits - (See 1008.01A) (09/01/94)

1109.01 Last Day of Trading - No trades in Crude Soybean Oil futures deliverable in the current month shall be made after the business day preceding the 15th calendar day of that month and any contracts remaining open may be settled by delivery after trading in such contracts has ceased; and, if not previously delivered, delivery must be made on the last business day of the month. 2008 (01/01/00)

1109.02 Trading in the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased in accordance with Regulation 1109.01 of this Chapter, outstanding contracts for such delivery may be liquidated by means of (a bona fide) exchange of such current futures for the (actual) cash commodity. 2009 (08/01/98)

1110.01 Margin Requirements - (See Regulation 431.03) (09/01/94)

1111.01 Disputes - All disputes between interested parties may be settled by arbitration as provided in the Rules and Regulations. 2011 (09/01/94)

1112.01 Position Limits and Reportable Positions - (See 425.01) (09/01/94)

1136.01 Standards - The contract grade for delivery on futures contracts made under these Regulations shall be Crude Soybean Oil which conforms to the following specifications:

(a) It shall be one of the following types: Expeller pressed, expeller pressed degummed, solvent extracted, or solvent extracted degummed. Mixtures of one type with any other type shall not be deliverable;

(b) It shall contain not more than 0.3% moisture and volatile content;

(c) It shall be lighter in green color than Standard "A" and when refined and bleached shall produce a refined and bleached oil of not deeper color than 3.5 red on the Lovibond scale;

(d) It shall refine with a loss not exceeding 5% as determined by the "neutral oil" method;

(e) It shall have a flash point not below 250 degrees Fahrenheit, closed cup method;

(f) It shall contain no more than 1.5% unsaponifiable matter (exclusive of moisture and volatile matter).

No lower grade shall be delivered in satisfaction of contracts for future delivery. A higher grade may be delivered at contract price except that where the refining loss is less than 5% as determined by the "neutral oil" method, a premium of one percent of the cash market price at the time of loading shall be paid for each one percent under the 5% loss (fractions figured throughout) with a maximum credit of 41-2%.

American Oil Chemists' Society methods shall be followed for sampling and analysis for all tests, except for determining green color, which test shall be the National Soybean Processors Association tentative method.

A tolerance of 150 lbs. of sludge shall be allowed for each trading unit of 60,000 lbs. If the car contains more than 150 lbs. of sludge or if a truck contains more than 125 lbs. of sludge, an allowance shall be made to the Buyer for a total amount of sludge up to 1,000 lbs. at 50% of the price at time of unloading car. Sludge in excess of 1,000 lbs. shall be allowed for at the price at time of unloading car.

Sludge shall be considered to be solid residue which cannot be pumped and squeegeed from the car for the net out-turn weight. 2002 (09/01/94)

1136.02 United States Origin Only - Effective September 1, 1992, a futures contract for the sale of soybean oil shall be performed on the basis of United States origin only upon written request by a taker of delivery at the time loading orders are submitted. (09/01/94)

1137.01 Official Chemist's Certificates - Certificates for quality analysis by any Official Chemists shall be acceptable and binding on all parties except as otherwise provided.

The official chemists are Woodson-Tenent Laboratories with laboratories located at Memphis, Tenn. and Des Moines, Ia.; and Barrow-Agee Laboratories, Memphis, Tenn. 2029 (10/01/01)

1138.01 Sampling - Samples shall be drawn at time of loading by Official Samplers licensed by the Exchange. The Official Sample shall be 2 one-quart and 1 half-gallon samples. These portions should be packaged in clean, dry and new containers. Either tinned metal containers or high density polyethylene bottles fitted with metal caps having oil resistant cap liners are acceptable. Polythylene containers must be enclosed for shipping in custom-made, close fitting cardboard containers. The sample must be drawn at the time of loading in accordance with A.O.C.S. Official Method for sampling crude oils (C1-47-Continuous Flow and Trier methods) and shall be so indicated on invoice. If the Shipper neglects to provide such a sample at the time of loading or fails to show on invoice than an Official Sample has been taken, a sample drawn at destination shall be official when taken in accordance with the A.O.C.S. Official Methods as noted above. Shipper shall forward to Consignee one of the one-quart portions at no expense to Consignee within one working day of completion of loading and label of sample must designate type of oil and plant destination. The one-half gallon portion (third portion) is to be retained by Shipper as the referee sample for a minimum of thirty days

after loading.

Each sample must be accompanied by a certificate in the following form:

Board of Trade of the City of Chicago

OFFICIAL SAMPLERS CERTIFICATE

I hereby certificate that sample marked_____was drawn by me on this_____day of_____, 20_____, within 24 hours after loading tank car or truck in accordance with the requirements of Regulation 1138.01 of the Board of Trade of the City of Chicago, and that it is a fair and true sample of the contents of:

Car/Truck No. (and initial)_____, located at_____ containing approximately_____pounds, of_____

_____
(Expeller pressed. Expeller pressed degummed, Solvent Extracted,_____ _____type Crude Soybean Oil. Solvent Extracted Degummed)

_____Solvent used.
That sample was taken in a manner prescribed by the American Oil Chemists Society.

2023
(01/01/00)

1139.01 Weighing - On all deliveries, the weight as determined by an Official Weigher shall be binding on all interested parties. Due allowance shall be made to cover the loss of weight due to sampling, if sample is drawn from weighing. An official weigher is a person or agency approved by the Exchange. 2024 (09/01/94)

1140.01 Grading - Shipper shall have option, and advise warehouse receipt holder of his selection at time of receipt of loading instructions, of having grade determined by one of the following methods:

A. Official Chemist Analysis, shipper to pay the cost.

B. Comparison between consignee's and shipper's analyses.

1. Each party must mail to other party his analysis within 15 days after bill of lading date.

2. If parties do not agree as to quality (refining loss excepted) either one may request analysis by Official Chemist. The findings of the Official Chemist shall be binding on both parties and the cost of such analysis shall be charged to the party against whom the decision results.

3. In case of refining loss, based on the "neutral oil" method, if the difference is not over three tenths of one percent the settlement shall be made on the average of the two, otherwise the retained sample shall be sent to Official Chemist for analysis. If the Official Chemist's results are the mean of the shippers' and consignees' analyses, then the cost shall be shared equally; otherwise, the cost shall be charged to the party against whom the decision results. 2025 (09/01/94)

*1141.01 Delivery Points - Crude Soybean Oil may be delivered in satisfaction of Soybean Oil futures contracts from regular warehouses located in Illinois Territory, Eastern Territory, Eastern Iowa Territory, Southwest Territory, Western Territory or [Northwest] Northern Territory as defined in this
- ----------------- --------
regulation and at the following price differentials:

(a) Illinois Territory (That portion of the state of Illinois north of latitude 38(degrees)00' N.) .... at contract price.

(b) Eastern Territory (Those portions of the states of Indiana and Kentucky west of the Ohio-Indiana border and its extension and north of latitude 38(degrees)00'N.) . . . at 30/100ths of one cent per pound under contract price.

(c) Eastern Iowa Territory (That portion of the state of Iowa east of longitude 93(degrees)50'W.) . . . at 20/100ths of one cent per pound under contract price.

(d) Southwest Territory (Those portions of the states of Missouri and Kansas north of latitude 38(degrees)00'N. and east of longitude 97(degrees)00'W.) . . . at 5/100ths of one cent per pound over contract price.

[(e) Northwest Territory (Those portions of the state of Minnesota south of latitude 45 (degrees) 10'N., South

Dakota south of latitude 45 (degrees) 10N., and east of 979 (degrees)00'W., Iowa west of longitude 93 (degrees)50'W., and Nebraska east of longitude 97 (degrees)00'W.). . . at 55/100ths of one cent per pound under contract price.]

(e) Western Territory (Those portions of the states of Iowa west of longitude 93 E 50' W., and Nebraska east of longitude 97 E 00' W.)... at XX/100ths of one cent per pound under contract price.

(f) Nothern Territory (Those portions of the state of Minnesota south of latitude 45 E 10' N., and South Dakota south of latitude 45 E 10' N., and east of 97 E 00' W.)... at XX/100ths of one cent per pound under contract price.

(g)[f] For a given soybean crop year ending August 31, excluding the period September 1 through December 31, and for a given Soybean Oil futures delivery territory except the "Illinois Territory:" when the weekly (as of Friday) cumulative average ratio of outstanding Soybean Oil Warehouse Receipts to CBOT maximum 24 hour soybean crushing capacity within that Soybean Oil futures delivery territory, relative to that ratio for the combined remaining Soybean Oil territories, is less than or equal to 0.5, payment for Warehouse Receipts issued from that Soybean Oil territory will be at a premium of 10 cents per hundredweight over contract price in addition to the delivery territorial differential adjustment.

(h)[g] For a given soybean crop year ending August 31, excluding the period September 1 through December 31, when the "Illinois Territory's" weekly (as of Friday) cumulative average ratio of outstanding Soybean Oil Warehouse Receipts to maximum CBOT 24 hour soybean crushing capacity within the Illinois Soybean Oil futures delivery territory, relative to that ratio for the combined remaining Soybean Oil territories, is less than or equal to 0.5, payment for Warehouse Receipts issued from all other Soybean Oil territories will be at a discount of 10 cents per hundredweight under contract price in addition to the delivery territorial differential adjustments.

(i)[h] For a given soybean crop year ending August 31, excluding the period September 1 through December 31, and for a given Soybean Oil futures delivery territory except the "Illinois Territory," when the weekly (as of Friday) cumulative average ratio of outstanding Soybean Oil Warehouse Receipts to CBOT maximum 24 hour soybean crushing capacity within that Soybean Oil futures delivery territory, relative to that ratio for the combined remaining Soybean Oil territories, is greater than or equal to 2.0, payment for Warehouse Receipts issued from that Soybean Oil territory will be at a discount of 10 cents per hundredweight under contract price in addition to the delivery territorial differential adjustment.

(j)[i] For a given soybean crop year ending August 31, excluding the period September 1 through December 31, when the "Illinois Territory's" weekly (as of Friday) cumulative average ratio of outstanding Soybean Oil Warehouse Receipts to CBOT maximum 24 hour soybean crushing capacity within the Illinois Soybean Oil futures delivery territory, relative to that ratio for the combined remaining Soybean Oil territories, is greater than or equal to 2.0, payment for Warehouse Receipts issued from all other Soybean Oil territories will be at a premium of 10 cents per hundredweight over contract price in addition to the delivery territorial differential adjustments.

(k)[j] Items [(f) through (i)](g) through (j) of Regulation 1141.01 shall apply to all CBOT Soybean Oil futures contracts delivered during a one calendar year period beginning with January following the soybean crop year ending August 31, provided t hat there are on a weekly average at least 150 outstanding Soybean Oil Warehouse Receipts in all Soybean Oil delivery territories combined during that previous soybean crop year.

(l)[k] Based on the adjustments made to territorial delivery differentials during a given calendar year as outlined in items [(f) through (j)](g) through (k) of Regulation 1141.01, the CBOT shall announce and publish by September 15 of that given calendar year new territorial delivery differentials applicable to all Soybean Oil futures contracts delivered during the next calendar year. 2015 (07/01/02)

* Additions underlined; deletions bracketed for contracts from January 2004 forward.

1142.01 Deliveries By Warehouse Receipts - Except as otherwise provided, deliveries on Crude Soybean Oil shall be made by delivery of warehouse receipts issued by warehouses which have been approved and designated as regular warehouses by the Exchange for the storage of Crude Soybean Oil. The warehouse receipt shall be accompanied by insurance certificates or the warehouse receipt marked "insured". In order to effect a valid delivery each warehouse receipt must be endorsed by the holder making the delivery. 2012 (06/01/01)

1143.01 Registration of Warehouse Receipts - Warehouse receipts, in order to be eligible for delivery, must be registered with the Official Registrar. Registration of warehouse receipts shall also be subject to the following requirements:

(a) Warehousemen who are regular for delivery may register warehouse receipts at any time. The holder of a registered warehouse receipt may cancel its registration at any time. A warehouse receipt which has been canceled may not be registered again.

(b) No notice of intention to deliver a warehouse receipt shall be tendered to the Clearing House unless said warehouse receipt is registered and in the possession of the Clearing House member tendering the notice or unless a warehouse receipt is registered and outstanding.

(c) When a notice of intention to deliver a warehouse receipt has been tendered to the Clearing House, said warehouse receipt shall be considered to be "outstanding". The member issuing such notice shall transmit to the Registrar, at the same time the notice is tendered to the Clearing House, the warehouse receipt number and the name and location of the regular warehouse. Said warehouse receipt shall remain outstanding until either its registration is canceled or the issuing warehouseman declares the receipt is not outstanding. From this information and his own records of registration and of cancellations of outstanding warehouse receipts, the Registrar shall maintain a current record of the number of warehouse receipts that are outstanding and shall be responsible for posting this record on the Exchange Floor.

(d) When a regular warehouseman regains control of an outstanding warehouse receipt issued against stocks in one of his regular warehouses, which in any manner relieves him of the obligation to loadout crude soybean oil upon demand of a party other than himself, the warehouseman shall by noon of the next business day either cancel the registration of said warehouse receipt or declare that said warehouse receipt is not outstanding but is to remain registered by transmitting to the Registrar the warehouse receipt number and the name and location of the regular warehouse, except in the case where a notice of intention to redeliver said warehouse receipt for the warehouseman has been tendered to the Clearing House by 4:00 p.m. of the day that the warehouseman regained control of said warehouse receipt.

(e) The Registrar shall not divulge any information concerning the registration, delivery or cancellation of warehouse receipts other than the record posted on the Exchange Floor, except that he shall issue a weekly report showing the total number of warehouse receipts outstanding as of 4:00 p.m. on the last trading day of each week. In addition to the information posted on the Exchange Floor, this weekly report will show the names of warehousemen whose warehouse receipts are outstanding and the location of the warehouses involoved. 2013 (06/01/01)

1144.01 Receipt Format - The following form of warehouse receipt shall be used:

Date_____

No._____
Received in store_____,20_____, in_____
Warehouse, located at_____
in the Illinois _____ Territory,_____pounds
Eastern _____
Eastern Iowa _____
Southwest _____
Northwest _____

of Crude Soybean Oil under standards of the Board of Trade of the City of Chicago, which will be delivered, subject to and in conformity with the Rules and Regulations of the Board of Trade of the City of Chicago, to the order of

_____

upon surrender of this receipt and payment of all charges.

This oil is stored subject to the provisions of the laws of the State in relation to warehousemen, any applicable Federal Laws, and subject to the Rules and Regulations of the Board of Trade of the City of Chicago, as filed with the Commodity Exchange Authority.

The warehouseman acknowledges that the oil so received into store complies with the requirements of said Rules and Regulations of the Board of Trade of the City of Chicago and that said oil is tenderable on contracts for future delivery made

under said Rules and Regulations.

The warehouseman states that at the warehouseman's own expense said oil is insured and will be kept insured for the current market value against loss or damage from fire, lightning and/or any of the contingencies covered in the standard extended coverage form for the benefit of the holder of this receipt.

Storage rates of_____per hundred pounds, per day shall include the cost of insurance. The cost of loading into tank cars shall be _____ of 1(cent) per pound. The cost of loading into trucks shall be _____ of 1(cent) per pound.

The warehouseman claims a lien for the following:

All storage charges have been paid on Crude Soybean Oil covered by this receipt up to and including the last date endorsed below.

(01/01/00)

1145.01 Lost or Destroyed Negotiable Warehouse Receipts - (See Regulation 1045.01) (04/01/00)

1146.01 Date of Delivery - Where Crude Soybean Oil is sold for delivery in a specified month, delivery of such Crude Soybean Oil may be made by the Seller upon such day of the specified month as the Seller may select. If not previously delivered, delivery must be made upon the last business day of the month. 2017 (09/01/94)

1147.00 Delivery Notice - (See 1047.00) (09/01/94)

1147.01 Delivery Notices - (See 1047.01) (09/01/94)

1148.00 Method of Delivery - (See 1048.00) (09/01/94)

1149.00 Time of Delivery, Payment, Form of Delivery Notice - (See 1049.00) (09/01/94)

1149.02 Buyers' Report of Eligibility to Receive Delivery - (See 1049.02) (09/01/94)

1149.03 Sellers' Invoice to Buyers - (See 1049.03) (09/01/94)

1149.04 Payment - (See 1049.04) (09/01/94)

1150.00 Duties of Members - (See 1050.00) (09/01/94)

1151.01 Office Deliveries Prohibited - No office deliveries of warehouse receipts may be made by members of the Clearing Corporation. Where a commission house as a member of the Clearing Corporation has an interest both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it receives from its customers who are short. 2009 (09/01/94)

1154.00 Failure to Accept Delivery - (See 1054.00) (09/01/94)

1156.01 Storage Charges - No Soybean Oil Warehouse Receipts shall be valid for delivery on future contracts unless the storage charges shall have been paid up to and including the 18/th/ day of the preceding month and such payment endorsed on the Soybean Oil Warehouse Receipt unless registration is at a later date. Unpaid accumulated storage charges at the posted tariff applicable to the warehouse where the soybean oil is stored shall be allowed and credited to the buyer by the seller to and including date of delivery.

If storage rates are not paid on-time up to and including the 18/th/ calendar day preceding the delivery month of July and by the first calendar day of this delivery month, a late charge will apply. The late charge will be an amount equal to the total unpaid accumulated storage rates multiplied by the "prime interest rate" in effect on the day that the accrued storage rates are paid, all multiplied by the number of calendar days that storage is overdue, divided by 360 days. The term "prime interest rate" shall mean the lowest of the rates announced by each of the following four banks at Chicago, Illinois, as its "prime rate": Bank of America-Illinois, Bank One, Harris Trust & Savings Bank, and the Northern Trust Company.

The storage rates on Crude Soybean Oil shall not exceed 3/10th of one cent per day per 100 pounds. When shipper schedules tank car loading, storage shall continue through the date of surrender of a properly cancelled warehouse receipt and shall begin again on the sixth day after surrender date if loading has not been completed and continue until the oil has been loaded. When shipper schedules truck loading storage, charges shall continue through the date of loading. Regular Soybean Oil warehousemen shall maintain in the immediate vicinity of the Exchange either an office, or duly authorized representative or agent approved by the Exchange, to whom Soybean Oil Storage charges may be paid. 2033 (06/01/01)

1156.02 Storage, Car Rental, Etc. - Except as otherwise provided, all charges for storage, car

rental, etc., shall remain the responsibility of the Seller until payment is made. Payment is to be made by a check drawn on and certified by a Chicago bank or by a Cashier's check issued by a Chicago bank. 2020 (09/01/94)

1156.03 Fees - Sampling: The charge for drawing Official samples shall be $5.00 for each tank car or truck on inbound shipments to a warehouse.

If sampling is ordered at a location where an Official Sampler is not regularly located, all extra costs must be paid by the party ordering the sample.

These charges shall include the cost of delivering the samples to the Official Chemists. 2028 (09/01/94)

1156.04 Loading Charges - The maximum charge for loading tank cars at delivery point shall not exceed 1/40/th/ of one cent per pound and the combined charge for unloading and loading tank cars at delivery point shall not exceed 1/10/th/ of one cent per pound including heating. The maximum charge for loading tank trucks at delivery point shall not exceed 1/25/th/ of one cent per pound. (06/01/01)

Ch11 Regularity of Warehouses

*1180.01 Duties of Warehouse Operators - It shall be the duty of the operators of all regular warehouses:

(a) To accept Crude Soybean Oil for delivery on Chicago Board of Trade contracts, provided such Crude Soybean Oil is of contract grade when received at such warehouses, and all space in such warehouses is not already filled or contracted for, to pay no premium on refining loss but to receive allowance for sludge. All inbound freight (including the transit charge necessary to obtain the transit balance rate) shall be prepaid by the depositor of the oil. Upon surrender of the inbound billing to the warehouseman the depositor of the oil shall be furnished with a regular Board of Trade Warehouse Receipt endorsed thereon with the transit balance freight to New York.

(b) To notify the Exchange of any change in the condition of their warehouses.

(c) To insure soybean oil covered by warehouse receipts tendered for delivery against the contingencies provided for in a standard "All Risks" policy (including earthquake) to such an extent and in such amounts as required by the Exchange.

Any loss or damage to oil caused by leakage or discharge from the storage facilities resulting from the cracking, rupture, bursting, collapse, subsidence or disruption of the containing system, or the negligence of the warehouse operator shall be for the account of the warehouse operator, unless such loss or damage by leakage or discharge from the storage facilities is due to causes required to be insured against under this Regulation.

(d) To furnish the Exchange with either a copy of the current insurance policy or policies, or a written confirmation from the insurance company that such insurance has been effected.

(e) To advise the holder of the warehouse receipts when oil is tendered on a futures contract. the freight rate on the oil upon request to New York, N.Y., or to any other specific destinations; and to forward the oil on the basis of these rates whenever shipping instructions are received if orders are received within three days.

(f) To register their daily load-out rate in jumbo rail tank car equivalents (minimum of 4) with the Exchange. Warehouse Operators shall limit warehouse receipts issued to an amount of soybean oil equal to the lesser of their approved regular space or 30 times the registered daily loading rate for jumbo tank cars times [152,500] 185,000 pounds.

(g) To ship oil ordered out of the warehouses in Buyer's tank cars, if so arranged and to begin loading out soybean oil on or before the third business day following the date the car is ready for loading or the receipt is cancelled, whichever occurs later, at a daily rate per business day equal to the equivalent of shipper's registered daily rate of loading jumbo rail tank cars.

All rail loading orders received prior to 2:00 p.m. on a given business day shall be considered dated that day and shall be entitled to equal treatment. Rail loading orders received after 2:00 p.m. on a business day shall be considered dated the following business day. When loading against rail loading orders and shipping instructions received by a shipper prior to 2:00 p.m. on a given business day, as determined hereunder, cannot be completed on the third following business day, the shipper shall allocate daily loading against such loading orders as equitably as possible on a pro-rata basis on subsequent business days. Loading against all rail orders scheduled for a given business day shall be completed before loading of any orders scheduled for a subsequent business day.

(h) To load each tank car to its stenciled capacity upon surrender of sufficient warehouse receipts tendered on futures contracts. Any excess or deficiency from amount of warehouse receipt shall be settled at market price as of date of loading. Warehouse to make sight draft on shipper with Bill of Lading attached for any amounts due them in connection with loading oil, including premium for refining loss, unless otherwise mutually agreed.

(i) To hold tank car after loading free of expense to shipper (except for car rental) until grade is

ascertained, and if grade is not of contract grade to unload car and reload oil of contract quality free of expense to shipper, and at all times to keep oil fully insured until car is released to railroad.

(j) To ship oil ordered out of the warehouse in Buyer's tank truck, if so arranged, and to load the oil at a daily rate per business day equal to the equivalent of shipper's registered daily rate of loading for jumbo rail tank cars.

All truck loading orders received prior to 2:00 p.m. on a given business day shall be considered dated that day and shall be entitled to equal treatment. Truck orders received after 2:00 p.m. on a business day shall be considered dated the following business day.

When loading orders are received by 2:00 p.m. of any given business day, the shipper will advise the owner by 4:00 p.m. the same day of loading dates and tonnage due. Notification will be by telephone, telegraph or teletype.

When a shipper has received one or more truck loading orders he shall begin loading against them not later than the third business day following their receipt. When loading against loading orders and shipping instructions received by a shipper prior to 2:00 p.m. on a given business day cannot be completed on the third following business day shipper shall allocate daily loadings against such loading orders as equitably as possible on a pro rata basis on subsequent business days.

Loading against all truck orders scheduled for a given business day shall be completed before loading begins on any orders scheduled for a subsequent business day. Warehouseman will load tank trucks as promptly as possible on the day scheduled. Under no conditions will warehouseman be responsible for truck demurrage as long as it is loaded on day scheduled. Additional loadings may be arranged for by mutual agreement.

(k) Notwithstanding any other provisions of this Regulation, on days when both rail cars and trucks are loaded, the warehouseman shall be required to load at a minimum daily rate equal to the equivalent of shipper's registered daily rate of loading rail tank cars.

All rail and truck loading orders received prior to 2:00 p.m. on a given business day shall be considered dated that day and shall be entitled to equal treatment. Loading orders received after 2:00 p.m. on a business day shall be considered dated the following business day. When loading against loading orders and shipping instructions received by a shipper prior to 2:00 p.m. on a given business day, as determined hereunder, cannot be completed on the third following business day, the shipper shall allocate daily loading against such loading orders as equitably possible on a pro-rata basis on subsequent business days. Loading against orders scheduled for a given business day shall be completed before loading of any orders for a subsequent business day.

(l) To keep stock of Crude Soybean Oil in storage in balance with oil represented by outstanding warehouse receipts.

It shall be the privilege of all regular warehouses to mingle or store together oil which is tenderable on contracts for future delivery under these Regulations, with other oil of like type and to deliver on loading orders oil of any contract type. 2031

(m) Certification of Soybean Oil - Effective September 1, 1992 and upon written request by a taker of delivery at the time loading orders are submitted for the delivery of soybean oil against canceled warehouse receipts, the delivery warehouseman shall certify in writing to the taker of delivery on the day that the transportation conveyance is loaded that the soybean oil is produced from soybeans of U.S. origin only. Warehouse receipts issued prior to September 1, 1992 will be deliverable against futures contracts beginning September 1992 only if the regular warehouseman provides certification on the warehouse receipt that the U.S. origin-only option is available to the taker of delivery of soybean oil. (07/01/02)

* Addition underlined; deletion bracketed for contracts from January 2004 forward.

1180.01A Responsibility for Furnishing Tank Cars - It shall be the responsibility of the buyer of Crude Soybean Oil on a futures contract to furnish tank cars when ordering Soybean Oil shipped from a warehouse. 26R (09/01/94)

1180.01B Car Ready for Loading - Regulation 1180.01(f) A car is ready for loading when it has

been constructively placed and when the shipper has used due diligence in preparing and placing the car on his property for loading. 30R1180.01C Transit vs. Flat Rate (09/01/94)

1180.01C Transit vs. Flat Rate Billing - If warehouseman furnishes transit billing on crude soybean oil applicable to warehouse receipts holder's destination, the warehouse receipt holder shall pay to warehouseman the difference between the transit balance rate and the flat rate. 27R (09/01/94)

1180.01D Freight Differentials - Jumbo Tank Cars - The Board of Directors at its regular meeting held on Tuesday, March 10, 1964, approved the following Ruling recommended by the Crude Soybean Oil and Soybean Meal Committee in light of the reduced rate on jumbo tank cars which became effective on February 9, 1964:

"Effective on March 1964 contracts the freight differentials in Regulations 1141.02 and 1180.02 shall be calculated on the basis of the jumbo tank car rate since it is the lowest lawful carload rate and will be applicable to warehouse receipts bearing no billing and any other warehouse receipts carrying billing that will protect the jumbo tank car rate." 36R (09/01/94)

1180.02 Transit Billing - Transit billing may be applied to shipments at warehouseman's option with warehouseman to get any advantage of such transit application; however, warehouseman must protect the lowest lawful local carload rate from point of loading stated in warehouse receipt to destination indicated in shipping instructions, and such transit billing must allow at least one additional transit beyond delivery points. 2016 (09/01/94)

1180.03 Freight Charges - A warehouseman that is not served by a Class I railroad must compensate the taker of delivery for the switching charge and/or the rail rate to the nearest Class I railroad interchange point for the movement of soybean oil beyond the interchange point by the Class I railroad, if requested by the owner of the soybean oil. The request must be in writing when loading orders and canceled warehouse receipts are presented to the warehouse. (01/01/00)

1181.01 Conditions of Regularity - Persons operating bulk oil warehouses who desire to have such warehouses made regular for delivery of Crude Soybean Oil under the Rules and Regulations shall make application for an initial Declaration of Regularity on a form prescribed by the Exchange prior to May 1, 1994, and every even year thereafter, for a two year term beginning July 1, 1994, and every even year thereafter, and at any time during a current term for the balance of that term. Regular Soybean Oil Warehouses who desire to increase their regular capacity during a current term shall make application for the desired amount of total regular capacity on the same form. Initial regularity for the current term and increases in regularity shall be effective either thirty days after a notice that a bona fide application has been received is posted on the floor of the exchange, or the day after the application is approved, whichever is later. Applications for renewal of regularity must be made prior to May 1, 1994, and every even year thereafter, for the respective years beginning July 1, 1994, and every even year thereafter, and shall be on the same form.

The following shall constitute the requirements and conditions for regularity:

1) The warehouse making application shall be inspected.

2) Such warehouse shall be within the limitation of an area not east of the Indiana-Ohio boundary; nor south of Louisville, KY.

3) Such warehouse shall be connected by railroad tracks with one or more railway lines.

4) The proprietor or manager of such warehouse shall be in good financial standing and credit, and shall meet the minimum financial requirements and financial reporting requirements set forth in Appendix 4E. No warehouse shall be declared regular until the person operating the same files a bond with sufficient sureties in such sum and subject to such conditions as the Exchange may require.

5) Such warehouse shall maintain on-site standard equipment and appliances for the receiving, handling, and shipping of Crude Soybean Oil in bulk, including equipment to issue official origin weight. Official origin weight may be obtained by using one of the following which is recognized by the Soybean Oil Committee of the Board of Trade of the City of Chicago: (1) platform scale (either rail or truck); (2) tank scale; or, (3) batch scale.

6) The proprietor or manager of such warehouse shall honestly and cordially cooperate with the system of registration of warehouse receipts and other than oil owned by warehouseman furnish to the Registrar of such receipts all needed information to enable him to keep a correct record and account of all Crude Soybean Oil received and delivered by them daily and of that remaining in store at the close of each week.

7) The proprietor or manager of such warehouse shall accord every facility to any duly authorized committee for the examination of its books or records for the purpose of ascertaining the stocks of Crude Soybean Oil which may be on hand at any time. Such examination and verification may be made at any time by the Business Conduct Committee, which committee shall have the authority to employ experts to determine the quantity of Crude Soybean Oil in said warehouse and to compare the books and records of said regular warehouse with the records of the Official Registrar of Crude Soybean Oil warehouse receipts.

8) No warehouse shall be deemed suitable to be declared regular if its location, accessibility, tariffs, insurance rates or other qualifications shall depart from uniformity to the extent that its receipts as tendered in satisfaction of futures contracts will unduly depress the value of futures contracts or impair the efficacy of futures trading in this market, or if the warehouseman operating such warehouses engages in unethical or inequitable practices, or if the warehouseman fails to comply with any laws, Federal or State, or Rules or Regulations promulgated under those laws.

9) The warehouseman shall make such reports, keep such records, and permit such warehouse visitation as the Secretary of Agriculture may prescribe, and shall comply with all applicable Rules and Regulations and orders promulgated by the Secretary of Agriculture or the government agency administering the Commodity Exchange Act, and shall comply with all requirements made by the Exchange because of such Rules and Regulations or orders.

10) The operator or manager of such warehouse shall be subject to the Association's Rules and Regulations pertaining to arbitration procedures, as set forth in Chapter 6, and, with respect to compliance with Rules and Regulations pertaining to a warehouse's regularity, shall be subject to the Association's Rules and Regulations pertaining to disciplinary procedures, as set forth in Chapter 5.

11) The operator or manager of such warehouse shall consent to the disciplinary jurisdiction of the Exchange for five years after such regularity lapses, for conduct pertaining to regularity which occurred while the warehouse was regular.

12) If the warehouseman leases the warehouse or has entered into some form of service arrangement pursuant to which an agent or contractor performs the daily operations of the warehouse, the warehouseman shall submit an indemnification as prescribed by the Exchange. 2030 (10/01/96)

1181.02 Leasing and Service Arrangements - The warehouseman of a regular warehouse is not required to own the warehouse and may lease the facility from the owner. The warehouseman may also enter into a service arrangement pursuant to which an agent or contractor performs the daily operations of the warehouse. The warehouseman shall be responsible for the conduct of its agents or contractors.

In the event that the warehouseman is unable properly to store or load out oil for receipt holders because of another party's ownership of or control over the warehouse, the warehouseman shall, at its own expense, provide each holder of an outstanding receipt with either (a) a replacement warehouse receipt at another, mutually acceptable regular warehouse, with adjustments for differences in contract differentials or, if such replacement receipt is unavailable, (b) an equivalent quantity and quality of the soybean oil designated in the warehouse receipt at a mutually acceptable location. (09/01/94)

1184.01 Revocation, Expiration or Withdrawal of Regularity - Any regular warehouse may be declared irregular at any time if it does not comply with the conditions above set forth, or fails to carry out the prescribed duties of the warehouseman. If the designation of a warehouse as regular shall be revoked a notice of such revocation and the period of time, if any, during which the receipts issued by such house shall thereafter be deliverable in satisfaction of futures contracts in Crude Soybean Oil under the Rules and Regulations, shall be posted on the bulletin board.

In the event of revocation, expiration or withdrawal of regularity, or in the event of sale or abandonment

of the properties where regularity is not reissued, holders of outstanding warehouse receipts shall be given thirty days to take load-out of the commodity from the facility. If a holder of an outstanding warehouse receipt chooses not to take load-out during this period, the facility must provide him with another warehouse receipt at another, mutually acceptable regular warehouse, with adjustments for differences in contract differentials. Alternatively, if such warehouse receipt is unavailable, the facility must provide the holder with an equivalent quantity and quality of the soybean oil designated in the warehouse receipt at a mutually acceptable location. 2032 (09/01/94)

1185.01 Application for Declaration of Regularity - All applications by operators of warehouses for a Declaration of Regularity under Regulation 1181.01 shall be on the following form:

WAREHOUSEMAN'S APPLICATION FOR A DECLARATION OF REGULARITY FOR THE DELIVERY OF CRUDE SOYBEAN OIL UPON CONTRACTS FOR FUTURE DELIVERY UNDER THE CHARTER, RULES AND REGULATIONS OF THE BOARD OF TRADE OF THE CITY OF CHICAGO

having a storage capacity of_____ pounds of Crude Soybean Oil, licensed/not licensed under the Warehouse Act of the State of _____ having a bond in the sum of_____ Dollars, and having/not having a soybean processing plant attached with a maximum 24 hour crushing capacity of_____bushels of Soybeans per day, do hereby make application to the Board of the Trade of the City of Chicago (hereinafter called Exchange) for a declaration of regularity to handle, receive, and store Crude Soybean Oil for delivery upon contracts for future delivery, for a period beginning_____ and ending midnight June 30 ____.

Conditions of Regularity

Such declaration of regularity, if granted, shall be cancellable by the Exchange whenever the following conditions shall not be observed:

1. The Warehouseman must:
(1) give such bonds to the Exchange as it may require.
(2) submit to the Exchange for approval with such application for a declaration of regularity, a tariff listing in detail the maximum rates for the handling and storage of Crude Soybean Oil; submit promptly to the Exchange all changes in said tariff, publish and display such tariff.
(The maximum charge for loading tank cars at delivery point shall not exceed 1/40th of one cent per pound on any loading during the term of this application. The maximum charge for loading trucks at delivery point shall not exceed 1/25th of one cent per pound on any loading during the term of this application.)
(3) remove no Crude Soybean Oil from the warehouse other than oil owned by the warehouseman save at the request of the owner or owners thereof upon surrender of the warehouse receipts.
(4) notify the Exchange immediately of any change in capital ownership, or any reduction in total capital of 20 percent or more from the level reported in the last financial statement filed with the Exchange, or of any change of conditions of its warehouse.
(5) make such reports, keep such records, and permit such warehouse visitation as the Secretary of Agriculture may prescribe; comply with all applicable Rules and Regulations and orders promulgated by the Secretary of Agriculture or the Government Agency administering the Commodity Exchange Act; and comply with all requirements of the Exchange permitted or required by such Rules and Regulations or orders.
(6) make application for renewal of a declaration of regularity in writing on or before May 1, 1994, and every even year thereafter.
(7) submit an indemnification as prescribed by the Exchange if the Warehouseman leases the warehouse or has entered into some form of service arrangement pursuant to which an agent or contractor performs the daily operations of the warehouse.
(8) notify the Exchange immediately of any change in the maximum 24 hour crushing capacity of soybeans for a soybean processing plant attached to its warehouse.
2. The Warehouse must be:
(1) subject to the prescribed examination and approval of the Exchange.
(2) properly safeguarded and patrolled.
(3) connected to a railroad.
(4) equipped with standard equipment and appliances for the convenient and expeditious handling of Crude Soybean Oil in bulk.
3. The Warehouse and Warehouseman must conform to the uniform requirements of the Exchange as to location, accessibility, and suitability as may be prescribed by the Rules and Regulations of the Exchange.

Agreements of Warehouseman

The Warehouseman expressly agrees:

(1) that all Crude Soybean Oil tendered in satisfaction of futures contracts will be weighed by an Official Weigher of the Exchange.
(2) that all Crude Soybean Oil tendered in satisfaction of futures contracts will, when shipped from warehouse, be sampled by an Official Sampler and tested in accordance with Regulation 1140.01 of the Exchange.
(3) that all warehouse receipts shall be registered with the Registrar of the Exchange.
(4) to fulfill the duties set forth in Regulation 1180.01 of the Exchange.
(5) to abide by the Rules and Regulations of the Exchange relating to the warehousing of Crude Soybean Oil deliverable in satisfaction of futures contracts and the delivery thereof in satisfaction of futures contracts.
(6) that the Exchange may cancel said declaration of regularity, if granted, for any breach of such agreements.
(7) that the signing of this application constitutes a representation that the conditions of regularity are complied with and will be observed during the life of the declaration of regularity and, if found to be untrue, the Exchange shall have the right to cancel said declaration of regularity immediately.
(8) to have a representative in Chicago authorized and known to the Exchange to act in matters pertaining to warehouse receipts.
(9) to be subject to the Association's Rules and Regulations pertaining to arbitration procedures, as set forth in Chapter 6, and with respect to compliance with Rules and Regulations pertaining to regularity, to be subject to the Association's Rules and Regulations pertaining to disciplinary procedures, as set forth in Chapter 5; and to abide by and perform any disciplinary decision imposed upon it or any arbitration award issued against it pursuant to such Rules and Regulations.
(10) to consent to the disciplinary jurisdiction of the Exchange for five years after regularity lapses for conduct pertaining to regularity which occurred while the firm was regular.

Chapter 12
Soybean Meal

Chapter 12
Soybean Meal

Ch12 Trading Conditions

1201.00 Authority - On and after August 1,1951, trading in Soybean Meal futures may be conducted under such terms and conditions as may be prescribed by Regulation. 802 (09/01/94)

1202.01 Application of Regulations - Transactions in Soybean Meal futures shall be subject to the general Rules of the Association as far as applicable and shall also be subject to the Regulations contained in this Chapter which are exclusively applicable to trading in Soybean Meal. 2051 (09/01/94)

1204.01 Unit of Trading - The unit of trading for Soybean Meal shall be 100 tons (2,000 pounds per ton). Bids and offers may be accepted in lots of 100 tons of multiples thereof. 2056 (09/01/94)

1205.01 Months Traded In - Trading in Soybean Meal may be conducted in the current month and any subsequent months. 2057 (09/01/94)

1206.01 Price Basis - All prices of soybean meal shall be basis free on board cars, bulk; Decatur, Illinois, in multiples of 10 cents per ton. Contracts shall not be made on any other price basis. 2058 (09/01/94)

1207.01 Hours of Trading - The hours of trading for future delivery in Soybean Meal shall be from 9:30 A.M. to 1:15 P.M. except on the last day of trading in an expiring future the hours with respect to such future shall be from 9:30 A.M. to 12 o'clock noon subject to the provisions of the second paragraph of Rule 1007.00. Market shall be opened and closed with a public call made month by month, conducted by such persons as the Regulatory Compliance Committee shall direct. 2061 (09/01/94)

1208.01 Trading Limits - (See 1008.01) (09/01/94)

1208.01A Trading Limits - (See 1008.01A) (09/01/94)

1209.01 Last Day of Trading - No trades in Soybean Meal futures deliverable in the current month shall be made after the business day preceding the 15th calendar day of that month. Any contracts remaining open after the last day of trading must be either:

(a) Settled by delivery no later than the second business day following the last trading day (tender on business day prior to delivery).

(b) Liquidated by means of a bona fide exchange of futures for the actual cash commodity, no later than the business day following the last trading day. 2063 (01/01/00)

1210.01 Margin Requirements - (See Regulation 431.03) 2065 (09/01/94)

1211.01 Disputes - All disputes between interested parties may be settled by arbitration as provided in the Rules and Regulations. 2066 (09/01/94)

1212.01 Position Limits and Reportable Positions - (See 425.01) (09/01/94)

Ch12 Delivery Procedures

1236.01 Standards - The contract grade for delivery on futures contracts made under these Regulations shall be Soybean Meal in bulk which conforms to the following specifications:

48% Protein Soybean Meal, produced by conditioning ground soybeans and reducing the oil content of the conditioned product by the use of hexane or homologous hydrocarbon solvents. Standard specifications are:

Protein	minimum 48.0%
Fat	minimum 0.5%
Fiber	maximum 3.5%
Moisture (when shipped by Processor)	maximum 12.0%

It may contain a non-nutritive inert, non-toxic conditioning agent to reduce caking and improve flowability. In an amount not to exceed that necessary to accomplish its intended effect, but in no case exceed 0.5%. The name of the conditioning agent must be shown as an added ingredient.

Testing methods shall be those approved by the Association of Official Analytical Chemists and American Oil Chemists Society. 2053 (09/01/94)

1236.02 United States Origin Only - Effective September 1, 1992, a futures contract for the sale of soybean meal shall be performed on the basis of United States origin only upon written request by a taker of delivery at the time loading orders are submitted. (09/01/94)

1237.01 Official Chemists - An official Chemist shall be any chemist who is currently designated as an Official Referee Chemist for Meal by the National Soybean Processors Association. Certificates of quality analysis by an Official Chemist shall be binding on all parties. (09/01/94)

1238.01 Sampling - The official sample will be taken at origin by Automatic Mechanical Sampler (A.O.C.S. Official Method BA 1-38, Rev. 1966) or Pneumatic Probe Sampler (A.O.C.S. Official Method BA 1-38, Rev. 1966). Shipper shall, on the next business day after loading, mail a portion of the official sample in an air tight container properly identified to the owner at an address specified by the owner when he submits loading orders.

Any shipment testing 12.5% moisture or less based on official sample shall not be subject to rejection or penalty on account of moisture content. Penalty for excess moisture:

Excess moisture two times delivered market price on date of shipment for excess moisture from 12% to 13% and 21-2 times delivered market price on date of shipment for excess moisture above 13%.

Any shipment testing no more than 0.3% of fiber above the fiber specification (based on official sample adjusted to 12% moisture) shall not be subject to rejection or penalty on account of fiber content. When the amount of fiber exceeds 3.8% (based on official sample adjusted to 12% moisture), the shipment shall be discounted 1.0% of the delivered market price on date of shipment for each 0.1% fiber in excess of 3.5%.

Any shipment of soybean meal testing within 0.5% of protein below 48% protein (basis official sample moisture 12.0% or less; protein to be calculated on 12.0% moisture basis if official sample moisture exceeds 12.0%) shall not be subject to rejection or penalty on account of protein content. Protein deficiency claims shall be settled between the parties on the basis of two times the delivered market price per unit of protein on date of shipment and shall be calculated on the same moisture basis as for protein rejection.

If the owner's analysis of the official sample indicates quality deficiency, the owner shall submit his analysis and claim in writing to the shipper within 30 days after arrival of car. The shipper shall, within five (5) business days, after receipt of the owner's analysis and claim, report his analysis of the official sample to the owner. In the event that the owner and the shipper do not reach agreement on analysis and/or settlement, the third portion of the official sample shall be sent to an Official Chemist and his analysis will be binding upon both parties for final settlement. The expense of the analysis will be borne

by the party in error.

If the owner and the shipper cannot agree that the official sample is representative of the shipment, a representative sample shall be obtained at destination by a disinterested qualified person mutually agreed upon by the owner and shipper. Such destination sample must be obtained within 24 hours of arrival and prior to unloading. "Constructive placement" shall be considered arrival at destination. The official procedure for sampling at destination shall be the Pneumatic Probe Sampler. (A.O.C.S. Method BA 1-38, Rev. 1966) and the sample shall be submitted to an official chemist. The results of his analysis of the destination sample shall be binding on both parties for final settlement. The expense of such sampling and analysis, shall be borne by the owner if the owner insists on destination sampling and analysis unless the shipper has failed to take an official sample at origin, in which event, the expense of taking and analyzing the destination sample shall be borne by the shipper. (09/01/94)

1239.01 Weighing - Weighing and official weights, as defined in the National Soybean Processors Association Trading Rules for the Purchase and Sale of Soybean Meal, shall be binding on all interested parties. (09/01/94)

1241.01 Shipping Plants - Soybean Meal Shipping Certificates shall specify shipment from one of the plants currently regular for delivery and located in Central Territory, Northeast Territory, Mid South Territory, Missouri Territory, Eastern lowa Territory, or Northern Territory as defined in this Regulation.

The Exchange may declare additional shipping plants regular for delivery which shall apply on all contracts outstanding or made thereafter.

SHIPPING PLANTS

(a) All loadings of soybean meal against Soybean Meal Shipping Certificates shall be in bulk free on board railroad cars at shipping plants.

(b) Payment for Shipping Certificates issued in "Central Territory" (viz.: shipping plants located in Illinois and Kentucky) will be at contract price.

(c) Payment for Shipping Certificates issued in "Northeast Territory" (viz.: shipping plants located in Indiana and Ohio) will be at a premium of $1.50 per ton over contract price.

(d) Payment for Shipping Certificates issued in "Mid South Territory" (viz.: shipping plants located in all of Tennessee and Arkansas and that part of Mississippi and Alabama north of a line extending eastward from the Arkansas and Louisiana border) will be at a premium of $6.50 per ton over contract price.

(e) Payment for Shipping Certificates issued in "Missouri Territory" (viz.: shipping plants located in Missouri) will be at a premium of $1.00 per ton over contract price.

(f) Payment for Shipping Certificates issued in "Eastern lowa Territory" (viz.: shipping plants located in lowa on and South of the main line of the Illinois Central Gulf RR from Dubuque, lowa to lowa Falls, lowa; and on and East of the main line of the Chicago Rock Island RR from lowa Falls to the Chicago & Northwestern RR from Des Moines through Blockton, lowa) will be made at a discount of $4.50 per ton under contract price.

(g) Payment for Shipping Certificates issued in "Northern Territory" (viz.: shipping plants located in that portion of lowa not included in "Eastern lowa Territory") will be at a discount of $4.00 per ton under contract price.

(h) For a given soybean crop year ending August 31 and a given Soybean Meal futures delivery territory except the "Central Territory," when the weekly (as of Friday) cumulative average ratio of outstanding Soybean Meal Shipping Certificates to CBOT maximum 24 hour soybean meal production capacity within that Soybean Meal futures delivery territory, relative to that ratio for the combined remaining Soybean Meal territories, is less than or equal to 0.5, payment for Shipping Certificates issued from that territory will be at a premium of $.50 per ton over contract price in addition to the territorial delivery differential adjustment.

(i) For a given soybean crop year ending August 31, when the "Central Territory's" weekly (as of Friday) cumulative average ratio of outstanding Soybean Meal Shipping Certificates to maximum

CBOT 24 hour soybean meal production capacity within the Central Soybean Meal futures delivery territory, relative to that ratio for the combined remaining Soybean Meal territories, is less than or equal to 0.5, payment for Shipping Certificates issued from all other territories will be at a discount of $.50 per ton under contract price in addition to the territorial delivery differential adjustments.

(j) For a given soybean crop year ending August 31 and a given Soybean Meal futures delivery territory except the "Central Territory," when the weekly (as of Friday) cumulative average ratio of outstanding Soybean Meal Shipping Certificates to CBOT maximum 24 hour soybean meal production capacity within that Soybean Meal futures delivery territory, relative to that ratio for the combined remaining Soybean Meal territories, is greater than or equal to 2.0, payment for Shipping Certificates issued from that territory will be at a discount of $.50 per ton under contract price in addition to the territorial delivery differential adjustment.

(k) For a given soybean crop year ending August 31, when the "Central Territory's" weekly (as of Friday) cumulative average ratio of outstanding Soybean Meal Shipping Certificates to CBOT maximum 24 hour soybean meal production capacity within the Central Soybean Meal futures delivery terriory, relative to that ratio for the combined remaining Soybean Meal territories, is greater than or equal to 2.0, payment for Shipping Certificates issued from all other territories will be at a premium of $.50 per ton over contract price in addition to the territorial delivery differential adjustments.

*(l) Items (h) through (k) of Regulation 1241.01 shall apply to all CBOT Soybean Meal futures contracts delivered during a one calendar year period beginning with January following the soybean crop year ending August 31, provided that there are on a weekly average at least 150 CBOT outstanding Soybean Meal Shipping Certificates in all Soybean Meal delivery territories combined during that previous soybean crop year.

(m) Based on the adjustments made to territorial delivery differentials during a given calendar year as outlined in items (h) through (I) of Regulation 1241.01, the CBOT shall announce and publish by September 15 of that given calendar year new territorial delivery differentials applicable to all Soybean Meal futures contracts delivered during the next calendar year. (01/01/00)

1242.01 Deliveries by Soybean Meal Shipping Certificates - Deliveries of Soybean Meal shall be made by delivery of Soybean Meal Shipping Certificates issued by Shippers designated by the Exchange as regular to issue Soybean Meal Shipping Certificates for Soybean Meal. In order to effect a valid delivery each Soybean Meal Shipping Certificate must be endorsed by the holder making the delivery. Such endorsement shall constitute a warranty of the genuineness of the Certificate and of good title thereto, but shall not constitute a guaranty, by any endorser, of performance by the issuer of the Certificate. 2067 (09/01/94)

1243.01 Registration of Soybean Meal Shipping Certificates - Soybean Meal Shipping Certificates in order to be eligible for delivery must be registered with the Official Registrar and in accordance with the requirements issued by the Registrar. Registration of Soybean Meal Shipping Certificates shall also be subject to the following requirements:

(a) Shippers who are regular for delivery may register certificates at any time. The holder of a registered certificate may cancel its registration at any time. A certificate which has been cancelled may not be registered again.

(b) No notice of intention to deliver a certificate shall be tendered to the Clearing House unless said certificate is registered and in the possession of the Clearing House member tendering the notice or unless a shipping certificate is registered and outstanding.

(c) When a notice of intention to deliver a certificate has been tendered to the Clearing House, said certificate shall be considered to be "outstanding" until its registration is cancelled. The member issuing such notice shall transmit to the Registrar, at the same time the notice is tendered to the Clearing House, the certificate number and the name of the registered shipper. Said certificate shall remain outstanding until either the registration is cancelled or the issuing shipper declares the certificate is not outstanding. From this information and his own records of registration and of cancellations of outstanding certificates, the Registrar shall maintain a current record of the number of

certificates that are outstanding and shall be responsible for posting this record on the Exchange Floor.

(d) When a registered shipper regains control of an outstanding certificate calling for shipment from one of his plants, which in any manner relieves him of the obligation to ship meal upon demand of a party other than himself, the shipper shall by noon of the next business day either resume the registration or said certificate or declare that said certificate is not outstanding but is to remain registered by transmitting to the Registrar the certificate number and the name and location of the shipping plant, except in the case where a notice of intention to redeliver said certificate for the shipper has been tendered to the Clearing House by 4:00 p.m. of the day that the shipper regained control of said certificate.

(e) The Registrar shall not divulge any information concerning the registration, delivery or cancellation of certificates other than the record posted on the Exchange Floor, except that he shall issue a weekly report showing the total number of certificates outstanding as of 4:00 P.M. on the last trading day of each week. In addition to the information posted on the Exchange Floor, this weekly report will show the names of shippers whose certificates are outstanding and the location of the shipping plants involved. 2069 (06/01/01)

1244.01 Certificate Format - The following form of Soybean Meal Shipping Certificate shall be used with proper designation, indicating Central Territory, Northeast Territory, Mid South Territory, Missouri Territory, Eastern lowa Territory or Northern Territory.

BOARD OF TRADE OF THE CITY OF CHICAGO
SOYBEAN MEAL SHIPPING CERTIFICATE FOR DELIVERY
IN SATISFACTION OF CONTRACT FOR 100 TONS
(2,000 POUNDS EACH) OF SOYBEAN MEAL

This certificate not valid unless registered by the Registrar of the Board of Trade of the City of Chicago.

_____

48% Protein Soybean Meal

Shipping Plant of_____

Located at_____

Registered total daily rate of loading of_____ tons.

Total rate of loading per day shall be in accordance with Regulation 1290.01 (c) and (d). A premium charge of 7 cents per ton per calendar day for each day is to be assessed starting the day after registration by the Registrar of this Certificate. When loading orders specify rail shipment within four days, the premium charge shall continue through the business day following receipt of loading orders; otherwise, the premium charge shall continue through the day of loading. In the case of shipment by truck, the premium charge shall continue through the day of loading.

For value received and receipt of this document properly endorsed and lien for payment of premium charges the undersigned shipper, regular for delivery under the Rules and Regulations of the Board of Trade of the City of Chicago, hereby agrees to deliver 100 tons (2,000 pounds each) of Soybean Meal in bulk conforming to the standards of the Board of Trade of the City of Chicago and ship said Soybean Meal in accordance with orders of the lawful owner of this document and in accordance with Rules and Regulations of the Board of Trade of the City of Chicago. Delivery shall be by covered hopper car or truck according to the registered loading capability of the

shipper.

1245.01 Lost or Destroyed Negotiable Warehouse Receipts - (See Regulation 1045.01) (04/01/00)

1246.01 Date of Delivery - Delivery of Soybean Meal Shipping Certificates may be made by the Seller upon any permissible delivery day of the delivery month but no later than the second business day following the last day of trading in a delivery month. 2072 (09/01/94)

1247.00 Delivery Notice - (See 1047.00) (09/01/94)

1247.01 Delivery Notices - (See 1047.01) (09/01/94)

1248.00 Method of Delivery - (See 1048.00) (09/01/94)

1249.00 Time of Delivery, Payment, Form of Delivery Notice - (See 1049.00) (09/01/94)

1249.01 Billing - (See 1241.01) (09/01/94)

1249.02 Buyers' Report of Eligibility to Receive Delivery - (See 1049.02) (09/01/94)

1249.03 Sellers' Invoice to Buyers - (See 1049.03) (09/01/94)

1249.04 Payment - Payment is to be made by a check drawn on and certified by a Chicago bank or by a Cashier's check issued by a Chicago Bank. 2073 (09/01/94)

1250.00 Duties of Members - (See 1050.00) (09/01/94)

1251.01 Office Deliveries Prohibited - No office deliveries of soybean meal shipping certificates may be made by Members of the Clearing Corporation. Where a commission house as a Member of the Clearing Corporation has an interest in both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it receives from its customers who are short. 2064 (09/01/94)

1254.00 Failure to Accept Delivery - (See 1054.00) (09/01/94)

1256.01 Premium Charges - No Soybean Meal Shipping Certificates shall be valid for delivery on future contracts unless the premium charges shall have been paid up to and including the 18th day of the preceding month and such payment endorsed on the Soybean Meal Shipping Certificate unless registration is at a later date. Unpaid accumulated premium charges shall be allowed and credited to the Buyer by the Seller to and including the date of delivery.

If premium charges are not paid on-time up to and including the 18/th/ calendar day preceding the delivery months of March and September and by the first calendar day of each of these delivery months, a late charge will apply. The late charge will be an amount equal to the total unpaid accumulated premium charges multiplied by the "prime interest rate" in effect on the day that the accrued storage rates are paid, all multiplied by the number of calendar days that premium is overdue, divided by 360 days. The term "prime interest rate" shall mean the lowest of the rates announced by each of the following four banks at Chicago, Illinois, as its "prime rate": Bank of America-Illinois, Bank One, Harris Trust & Savings Bank, and the Northern Trust Company.

The premium charges on Soyabean Meal for delivery shall not exceed 7 cents per ton per day. 2068 (06/01/01)

1256.03 Payment of Fees - All outloading fees, including weighing, to load Soybean Meal into railroad car, are to be paid by issuer of Soybean Meal Shipping Certificate. 2075 (09/01/94)

Ch12 Regularity of Issuers of Shipping Certificates
1290.01 Loading and Shipment of Meal Against Soybean Meal Shipping Certificates -

(a) The operator of a shipping plant issuing Soybean Meal Shipping Certificates shall limit the number of Shipping Certificates issued to an amount not in excess of 15 times its registered total daily rate of loading plus the amount of meal or flakes in store (not limited to meal meeting minimum contract standards). All such meal or flakes in store must be stored in facilities for which the capacity has been registered with the Board of Trade and which have been inspected by the Registrar. The shipper shall register his total daily rate of loading covered hopper cars at not less than 40% nor more than 100% of his maximum 24 hour soybean meal production capacity. Each plant must be regular for a minimum total daily rate of loading of 200 tons per day.

(b) Each regular plant must also register a daily rate of loading for truck. The daily rate of loading for truck must be registered at not less than 40% of the registered total daily rate of loading for the plant.

(c) Each regular plant shall be required to load-out soybean meal against cancelled Shipping Certificates at a daily rate equivalent to the greater of either its registered total daily rate of loading, or 1/21st of the total amount of soybean meal represented by Shipping Certificates issued by the plant but not yet loaded.

(d) Each regular plant shall be required to load covered hopper cars against Shipping Certificates at a rate not greater than that established in paragraph (c), and trucks at a rate not greater than that determined by multiplying the rate established in paragraph (c) by the share of the registered total daily rate of loading registered by the plant as its daily rate of loading for truck. However, on days when rail and truck loading against Shipping Certificates takes place concurrently, the required daily rate of loading into each conveyance shall be determined by prorating the rate established in paragraph (c).

(e) The shipper shall assess a premium charge of 7 cents per ton per calendar day for each day a Soybean Meal Shipping Certificate is outstanding starting the day after the date of registration by the Registrar. When rail loading orders specify shipment within four business days the premium charge shall continue through the business day following the receipt of loading orders. Otherwise, the premium charge shall continue through the day of rail loading. "Business days" are those on which the Exchange is open for trading Soybean Meal. In the case of shipment by truck, the premium charge shall continue through the day of loading.

(f) The shipper shall maintain, in the immediate vicinity of the Exchange, either an office, or a duly authorized representative or agent approved by the Exchange, where owners of Shipping Certificates may pay premium charges, surrender properly endorsed Shipping Certificates for cancellation and file loading orders and shipping instructions.

(g) Rail Loading Procedures

(1) The owner requesting rail load-out will furnish written rail loading orders and shipping instructions to the shipper by the close of business on the first business day following the date of cancellation of the Shipping Certificates in the Registrar's office. The loading orders shall specify if rail equipment will be the owner's (including leased cars) or shall specify the owner's election as to the type and size of covered hopper car to be ordered by the shipper. The shipper will load covered hopper cars with a capacity of 75 tons or larger. Loadings will be in bulk, and shipments will be subject to the existing freight tariff Rules and Regulations of the railroads on file with the Interstate Commerce Commission at the time of loading. The shipper is responsible for loading suitable railroad owned or leased cars or owner's cars (including leased cars) which are available for loading at the facility. Owner and shipper will cooperate to ensure timely placement and loading of rail equipment or alternate shipping modes.

(2) All loading orders and shipping instructions received prior to 2:00 p.m. on a given business day shall be considered dated that day and shall be entitled to equal treatment. Orders received after 2:00 p.m. on a business day shall be considered dated the following business day. Loading against all rail loading orders dated on a given business day shall be

completed before loading begins on any rail loading orders dated on a subsequent business day subject to the provisions of subparagraph 4 of this paragraph.

(3) When rail loading orders and shipping instructions are received by 2:00 p.m. of any given business day, the shipper will advise the owner by 10:00 a.m. the following business day of loading dates and tonnage due. Notification will be by telephone, telex or telefax.

(4) When a shipper has received one or more rail loading orders and shipping instructions, he shall begin loading against them within 4 business days following their receipt, unless the owner requests a deferred loading date in his loading orders. When loadings against rail loading orders cannot be completed on the fourth following business day of their receipt, the shipper shall continue loading against such loading orders on each calendar day thereafter. Shipping instructions are to be provided to the Shipper by the owner 2 business days before loading is to begin. The shipper shall load at the rate specified in paragraph (d) of this Regulation.

(5) When loading against rail loading orders and shipping instructions received by a shipper prior to 2:00 p.m. on a given business day cannot be completed by the fourth following business day, the shipper shall allocate daily loadings against such loading orders as equitably as possible on a pro-rata basis. Starting of loading against small orders may be delayed until the first day when pro-ration entitles such an order to an allocation of a full car, but in such a case loading of the last car against the order shall be accelerated by the same number of days as loading of the first car was delayed.

(6) The shipper shall load cars at the shipping plant designated in the Shipping Certificate. If it becomes impossible to load at the designated shipping plant because of an Act of God, fire, flood, wind, explosion, war, embargo, civil commotion, sabotage, law, act of government, labor difficulties or unavoidable mechanical breakdown, the shipper will arrange for covered hopper cars to be loaded at another regular shipping plant in conformance with the Shipping Certificate and will compensate the owner for any transportation loss resulting from the change in the location of the shipping plant. If the aforementioned condition of impossibility prevails at a majority of regular shipping plants, then shipment may be delayed for the number of days that such impossibility prevails at a majority of regular shipping plants.

(7) Rail loading orders involving one or more Shipping Certificates shall be considered as one lot. The minimum amount shipped against each loading order shall be the number of Shipping Certificates specified therein times 100 tons. A tolerance of 5 tons over the total may be shipped to be settled at the market price at the time of shipment of the last car of the order.

(8) Rail cars must be loaded to "full visible capacity" unless tonnage on cancelled shipping certificates does not cover rail car capacity.

(9) The owner will be responsible for whatever demurrage costs that are involved in loading multiple car or trainload shipments. All demurrage charges must be substantiated with a citation of car numbers loaded against cancelled Shipping Certificates either by proper notations on the shipper's average demurrage agreement with the carrier or actual demurrage bills rendered against cars shipped. 2078

(h) Truck Loading Procedures

(1) The owner requesting truck load-out shall furnish written loading orders and shipping instructions to the shipper by the close of business on the first business day following the date of cancellation of Shipping Certificates in the Registrar's Office. The owner shall supply the trucks. Open-top trucks with a minimum capacity of 20 tons must be provided. No vans or trucks with porthole loading shall be acceptable. Owner and shipper shall cooperate to ensure timely placement and loading of truck equipment.

(2) All truck loading orders and shipping instructions received prior to 2:00 p.m on any given business day shall be considered dated that day and shall be entitled to equal treatment. Orders received after 2:00 p.m. on a business day shall be considered dated the following business day.

(3) When truck loading orders and shipping instructions are received by 2:00 p.m. on any given business day, the shipper will advise the owner of loading dates and tonnage due by 10:00 a.m. the next business day. Notification will be by telephone, telex or telefax.

(4) The shipper shall begin loading against truck loading orders and shipping instructions on the fourth business day after their receipt. The shipper shall load at the rate specified in paragraph (d) of this Regulation.

(5) Truck loading shall occur during normal truck loading hours, as declared in the plant's application for regularity, and on normal business days. "Normal business days" shall be those on which the Exchange is open for trading Soybean Meal futures.

(6) A premium of $3.50/ton shall be applied to all shipments of meal loaded out by truck and shall be payable when shipping orders are filed.

(7) The owner shall present his trucks for loading at the shipping plant designated in the Shipping Certificate by 12:00 noon on the scheduled loading day. If trucks arrive by 12:00 noon, the shipper shall load the same day or be subject to the penalties and procedures specified in subparagraphs (10) and (11) of this paragraph (Truck Loading Procedures). If trucks arrive after 12:00 noon, the shipper shall be under no obligation to load and the owner shall be subject to the penalties and procedures specified in subparagraphs (8) and (9) of this paragraph.

(8) If the owner fails to present his trucks on time on the scheduled loading day, he shall be subject to a grace period until 12:00 noon the next business day and shall not be liable for a penalty up to that time. If the owner fails to present his trucks by 12:00 noon of the business day following the scheduled loading day, he shall be liable for a penalty of $4/ton/day for all meal not loaded out as scheduled.

(9) If, for any reason, the owner is unable to present his trucks for three consecutive normal business days, beginning with the originally scheduled loading day, the shipper may at his election:

i) Load the meal into rail cars for the owner and inform him of rail car numbers, or

ii) Reissue a Shipping Certificate to the owner. If a Shipping Certificate is reissued, the premium charge specified in paragraph (e) of this Regulation shall be assessed retroactively, beginning the day after the business day following the receipt of loading orders.

In these cases the owner is liable for the penalty specified in subparagraph (8) of this paragraph, if any, for two business days. The truck loading premium specified in subparagraph (6) of this paragraph shall be credited against any penalties due or refunded in full if there are no penalties due. If shipper elects either of these options he must promptly notify the owner.

(10) If the shipper fails to load the owner's trucks by 12:00 midnight on the scheduled loading day he shall be subject to a grace period until the next business day and shall not be subject to a penalty up to that time. If the shipper fails to load the owner's truck by 12:00 midnight of the business day following the scheduled loading day, he shall be liable for a penalty of $4/ton/day for all meal not loaded out as scheduled.

(11) If, for any reason, the shipper is unable to load the owner's trucks for three consecutive normal business days, beginning with the originally scheduled loading day, the shipper shall, with the owner's consent, make the meal available for truck load-out on the third day at another regular plant, in conformance with the Shipping Certificate, and will compensate the owner for any transportation loss resulting from the change in the location of the shipping plant.

(12) A tolerance of five tons over the total truck shipment may be loaded and settled at the market price at the time the last truck is loaded.

(i) Change of Election for Mode of Load-Out Due to Unavailability of Rail Cars

The owner may elect to amend rail loading orders to load-out by truck in the event of rail car unavailability. Rail loading orders amended in this manner shall be entitled to equal treatment. A premium of $3.50/ton shall be applied to all shipments of meal loaded-out by truck and shall be payable on the day loading orders were amended to specify the owner's election for load-out by truck.

(j) Certification of Soybean Meal - Effective September 1, 1992 and upon written request by a taker of delivery at the time loading orders are submitted for the delivery of soybean meal against canceled shipping certificates, the shipper shall certify in writing to the taker of delivery on the day that the transportation conveyance is loaded that the soybean meal is produced from soybeans of U.S. origin only. Shipping certificates issued prior to September 1, 1992 will be deliverable against futures contracts beginning September 1992 only if the regular shipper provides certification on the shipping certificate that the U.S. origin-only option is available to the taker of delivery of soybean meal. (05/01/95)

1291.01 Conditions of Regularity - Persons operating Soybean Meal Shipping Plants who desire to have such plants made regular for delivery of Soybean Meal under the Rules and Regulations shall make application for an initial Declaration of Regularity on a form prescribed by the Board prior to May 1, 1994, and every even year thereafter, for a two year term beginning the following July 1, 1994, and every even year thereafter, and at any time during a current term for the balance of that term. Regular Soybean Meal Shipping Plants who desire to increase their regular capacity during a current term shall make application for the desired amount of total regular capacity on the same form. Initial regularity for the current term and increases in regularity shall be effective either thirty days after a notice that a bona fide application has been received is posted on the floor of the exchange, or the day after the application is approved by the Exchange, whichever is later. Applications for renewal of regularity must be made prior to May 1, 1994, and every even year thereafter, for the respective years beginning July 1, 1994, and every even year thereafter and shall be on the same form.

The following shall constitute the requirements and conditions of regularity:

1. The plant of the shipper making application shall be inspected by the Exchange.

2. Such shipping plant shall be connected by railroad tracks with one or more railway lines.

3. The operator or manager of such shipping plant shall be in good financial standing and credit, and shall meet the minimum financial requirements and financial reporting requirements set forth in Appendix 4E. No shipping plant shall be declared regular until the person operating the same files a bond with sufficient sureties in such sum and subject to such conditions as the Exchange may require.

4. Such shipping plant shall be provided with standard equipment and appliances for the convenient and expeditious shipping of Soybean Meal in bulk in the conveyances for which the plant is registered with the Exchange according to Regulation 1290.01 (a) and (b).

5. The operator or manager of such shipping plant shall honestly and cordially cooperate with the system of registration of Soybean Meal Shipping Certificates for Soybean Meal to be shipped in satisfaction of deliveries on futures contracts.

6. No shipper shall engage in any unethical or inequitable practice or fail to comply with any law, Federal or State, or any rule or regulation promulgated thereunder.

7. The shipper shall make such reports, keep such records, and permit such processing plant visitations as the Secretary of Agriculture may prescribe, and shall comply with all applicable Rules and Regulations and orders promulgated by the Secretary of Agriculture or the government agency administering the Commodity Exchange Act, and shall comply with all requirements made by the Exchange because of such Rules and Regulations or orders.

8. The plant must not have been continuously out of operation for the two consecutive years prior to application for regularity or renewal thereof.

9. The operator or manager of such shipping plant shall accord every facility to the Exchange for the examination of the facility and the stocks of soybean meal which may be on hand at any time. Such examination may be made at any time.

10. Soybean Meal inventory which is covered by shipping certificates tendered for delivery shall be insured against the contingencies provided for in a standard "All Risks" policy (including earthquake) to such an extent and in such amounts as required by the Exchange. The shipper shall furnish the Exchange with either a copy of the current insurance policy or policies, or a written confirmation from the insurance company that such insurance has been effected.

11. The operator or manager of such shipping plant shall be subject to the Association's Rules and Regulations pertaining to arbitration procedures, as set forth in Chapter 6, and, with respect to compliance with Rules and Regulations pertaining to a shipping plant's regularity, shall be subject to the Association's Rules and Regulations pertaining to disciplinary procedures, as set forth in Chapter 5. 2077

12. The operator or manager of such shipping plant shall consent to the disciplinary jurisdiction of the Exchange for five years after such regularity lapses, for conduct pertaining to regularity which occurred while the shipping plant was regular. (09/01/94)

1294.01 Revocation, Expiration or Withdrawal of Regularity - Any regular shipper may be declared irregular at any time if he fails to carry out the duties of delivery by Soybean Meal Shipping Certificate as prescribed by these Regulations or violate any conditions of regularity. If designation of a shipper as regular shall be revoked, the Exchange shall announce such revocation on the bulletin board of the Exchange and also the period of time, if any, during which the Soybean Meal Shipping Certificates issued by such shipper shall thereafter be deliverable in satisfaction of futures contracts in Soybean Meal under the Rules and Regulations.

In the event of revocation, expiration or withdrawal of regularity, or in the event of sale or abandonment of the properties where regularity is not reissued, holders of outstanding shipping certificates shall be given thirty days to take load-out of the commodity from the facility. If a holder of an outstanding shipping certificate chooses not to take load-out during this period, the facility must provide him with another shipping certificate at another, mutually acceptable regular shipping plant, with adjustments for differences in contract differentials. Alternatively, if such shipping certificate is unavailable, the facility must provide the holder with an equivalent quantity and quality of the soybean meal designated in the shipping certificate at a mutually acceptable location. 2079 (09/01/94)

1295.01 Application for Declaration of Regularity - All applications by operators of shipping plants for a Declaration of Regularity under Regulation 1291.01 shall be on the following form:

SHIPPER'S APPLICATION FOR A DECLARATION OF REGULARITY
FOR THE DELIVERY OF SOYBEAN MEAL UPON CONTRACTS FOR
FUTURE DELIVERY UNDER THE CHARTER RULES AND REGULATIONS OF
THE BOARD OF TRADE OF THE CITY OF CHICAGO

_____,20_____

BOARD OF TRADE OF THE CITY OF CHICAGO
Chicago, Illinois

Gentlemen:
We, the_____ (hereinafter called Shipper), owner or lessee of the_____ located at_____ having a maximum 24 hour crushing capacity of_____ bushels of soybeans per day multiplied by the factor 0.022 for a maximum 24 hour production capacity of_____ tons of Soybean Meal per day, having storage capacity for_____ tons of Soybean Meal, and applying_____ tons as a registered total daily rate of loading (not less than 40% nor more than 100% of his maximum 24 hour production capacity of soybean meal and a minimum of 200 tons of regularity per day), (_____ % of which shall be the registered daily rate of loading for truck. *Minimum 40%), as the basis of calculation for the purpose of Regulations 1290.01 (a) 1290.01 (c) and 1290.01 (d), do hereby make application to the Board of Trade of the City of Chicago (herein after called Exchange), for a Declaration of Regularity to issue Soybean Meal Shipping Certificates for the Delivery of Soybean Meal upon contracts for future delivery for a period beginning July 1,_____ and ending Midnight, June 30,_____. __ Central Territory __ Mid South Territory __ Eastern Iowa Territory __ Northeast Territory __ Missouri Territory __ Northern Terrritory * As applicable, normal truck loading hours are_____ a.m. to_____ p.m., Central Daylight Saving Time.

Conditions of Regularity

Such declaration of regularity, if granted, shall be cancellable by the Exchange whenever the following conditions shall not be observed:

1. The Shipper must:

(1) give such bonds to the Exchange as it may require.

(2) notify the Exchange immediately of any change in its capital ownership, of any reduction in total capital of 20 percent or more from the level reported in the last financial statement filed with the Exchange, or of any change in the condition of its shipping facilities.

(3) make such reports, keep such records, and permit such shipping plant visitation as the Secretary of Agriculture may prescribe; comply with all applicable Rules and Regulations and orders promulgated by the Secretary of Agriculture or the Government agency administering the Commodity Exchange Act; and comply with all requirements of the Exchange permitted or required by such Rules and Regulations or orders.

(4) make application for renewal of the declaration of regularity in writing on or before May 1, 1994, and every even year thereafter.

(5) notify the Exchange immediately of any change in the maximum 24 hour crushing capacity of soybeans at the soybean meal shipping plant.

2. The Shipping Plant must be:

(1) subject to the prescribed examination and approval of the Exchange.

(2) connected by railroad tracks to one or more railway lines.

(3) equipped with standard equipment and appliances for the convenient and expeditious shipping of Soybean Meal in bulk.

3. The Shipping Plant and the Shipper must conform to the requirements of the Exchange as to location, accessibility and suitability as may be prescribed in the Rules and Regulations of the Exchange.

Agreements of the Shipper

The Shipper expressly agrees:

(1) that all Soybean Meal tendered in satisfaction of futures contracts shall be weighed by an Official Weigher of the Exchange.

(2) that all Soybean Meal Shipping Certificates will be registered with the Registrar of the Exchange.

(3) to fulfill the duties of a shipper issuing Soybean Meal Shipping Certificates as set forth in the Regulations in the Chapter of the Rules and Regulations of the Board of Trade of the City of Chicago pertaining to Soybean Meal.

(4) to abide by the Rules and Regulations of the Exchange applicable to the issuance of Soybean Meal Shipping Certificates, shipping, application of billing, standards, and inspection of Soybean Meal.

(5) that the Exchange may cancel said declaration of regularity, if granted, for any breach of said agreements.

(6) that the signing of this application constitutes a representation that the conditions of regularity are complied with and will be observed during the life of the declaration of regularity and, if found to be untrue, the Exchange shall have the right to cancel said declaration of regularity immediately.

(7) to be subject to the Association's Rules and Regulations pertaining to arbitration procedures, as set forth in Chapter 6, and with respect to compliance with Rules and Regulations pertaining to regularity, to be subject to the Association's Rules and Regulations pertaining to disciplinary procedures, as set forth in Chapter 5; and to abide by and perform any disciplinary decision imposed upon it or any arbitration award issued against it pursuant to such Rules and Regulations.

(8) to consent to the disciplinary jurisdiction of the Exchange for five years after regularity lapses for conduct pertaining to regularity which occurred while the firm was regular.

1296.01 Regular Shippers - (See Appendix 12A) (09/01/94)

Chapter 13
Oats Futures Options

Chapter 13
Oats Futures Options

Ch13 Trading Conditions

1301.00 Authority - (See Rule 2801.00.) (09/01/94)

1301.01 Application of Regulations - Transactions in put and call options on Oats futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this Chapter which are exclusively applicable to trading in put and call options on Oats futures contracts. (See Rule 490.00) (09/01/94)

1302.01 Nature of Oats Futures Put Options - The buyer of one (1) Oats futures put option may exercise his option at any time prior to expiration (subject to Regulation 1307.01), to assume a short position in one (1) Oats futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Oats futures put option incurs the obligation of assuming a long position in one (1) Oats futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (09/01/94)

1302.02 Nature of Oats Futures Call Options - The buyer of one (1) Oats futures call option may exercise his option at any time prior to expiration (subject to Regulation 1307.01), to assume a long position in one (1) Oats futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Oats futures call option incurs the obligation of assuming a short position in one (1) Oats futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (09/01/94)

1303.01 Trading Unit - One (1) Oats futures contract of a specified contract month on the Chicago Board of Trade 09/01/94)

1304.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of five (5) cents per Oat futures contract (i.e., 2.50, 2.55, 2.60, etc.) in integral multiples of ten (10) cents per bushel per Oat futures contract (i.e., 2.50, 2.60, 2.70, etc.) and in integral multiples of twenty (20) cents per bushel per Oat futures contract (i.e., 2.80, 3.00, 3.20, etc.) as follows:

1. a. In integral multiples of ten cents, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying Oat futures contract, the next five consecutive higher and the next five consecutive lower strikes (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.

   b. In integral multiples of twenty cents, at the commencement of trading for an option contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.

   c. In integral multiples of ten cents, over time, strikes shall be added as necessary to insure that all strikes within 55 cents of the previous day's trading range of the underlying futures contract are listed (the "minimum band").

   d. In integral multiples of twenty cents, over time, strikes shall be added as necessary to insure that the next four consecutive strikes above the minimum band are listed.

   e. No new strikes may be added by these procedures in the month in which an option expires.

2. a. In integral multiples of five cents, at the commencement of trading for options that are traded in months in which Oat futures are not traded, and for standard option months, the business day they become the second deferred month, the following strike prices shall be listed: one with a strike closest to the previous day's settlement price of the underlying Oat futures contract and the next five consecutive higher and the next five consecutive lower strikes. For example, five-cent strike price intervals for the September 2001 contract would be added on June 25, which is the business day after the expiration of the July contract month.

   b. Over time, new five-cent strike prices will be added to ensure that at least five strike prices exist above and below the precious day's trading range in the underlying futures.

3. a. In integral multiples of twenty cents, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading. However, no new strikes may be added by this procedure to an option month unless open positions exist in that contract month.

   b. In integral multiples of ten cents, during the month in which an option expires, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put

and call options are 0.10 or greater for two consecutive business days will be listed for trading.

4. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (05/01/01)

1305.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (09/01/94)

1306.01 Option Premium Basis - The premium for Oats futures options shall be in multiples of one-eighth (1-8) of one cent per bushel of a 5,000 bushel Oats futures contract which shall equal $6.25 per contract.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $6.00 in $1.00 increments per option contract. (09/01/94)

1307.01 Exercise of Option - The buyer of an Oats futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

1307.02 Automatic Exercise - Notwithstanding the provisions of Regulation 1307.01 after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

1308.01 Expiration of Option - Unexercised Oats futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (09/01/94)

1309.01 Months Traded In - Trading may be conducted in the nearby Oats futures options contract month plus any succeeding months, provided however, that the Board or a Committee authorized by the Board may determine not to list a contract month. For options that are traded in months in which Oats futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract. (09/01/00)

1310.01 Trading Hours - The hours of trading of options on Oats futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Oats futures contract, subject to the provisions of the second paragraph in Rule 1007.00. On the last day of trading in an expiring option, the expiring Oats futures options shall be closed with a public call, made strike price by strike price, conducted by such persons as the Regulatory Compliance Committee shall direct. Oats futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Committee shall direct. (03/01/00)

1311.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

1312.01 Margin Requirements - (See Regulation 431.05) (09/01/94)

1313.01 Last Day of Trading - No trades in Oats futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Oats futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday. (07/01/01)

1314.01 Option Premium Fluctuation Limits - Trading is prohibited during any day except for the last day of trading in an Oats futures option at a premium of more than the trading limit for the Oats futures contract above and below the previous day's settlement premium for that option as determined by the Clearing Corporation. On the first day of trading, limits shall be set from the lowest premium of the opening range. (09/01/94)

Chapter 14A
1,000 Ounce Silver Futures

Chapter 14A
1,000 Ounce Silver Futures

Ch14A Trading Conditions

A1401.00 Authority - On or after August 1,1969 trading in Silver may be conducted under such terms and conditions as may be prescribed by regulation. (09/01/94)

A1402.01 Application of Regulations - Transactions in Silver futures shall be subject to the general rules of the Association as far as applicable to trading in Silver. (09/01/94)

A1404.01 Unit of Trading - Silver shall be traded in units of 1,000 troy ounces after the effective date of this regulation. Bids and offers may be accepted in lots of 1,000 troy ounces or multiples thereof. (09/01/94)

A1405.01 Months Traded In - Trading in Silver may be conducted in the current month and any subsequent months. (05/01/01)

A1406.01 Price Basis - All prices of Silver shall be basis Chicago, Illinois, or New York, New York in multiples of 10/100 of one cent per troy ounce. Contracts shall not be made on any other price basis. (05/01/01)

A1407.01 Hours of Trading - The hours of trading for future delivery in Silver shall be from 7:25 a.m. to 1:25 p.m. On the last day of trading in an expiring future the closing time with respect to such future shall be 1:25 p.m. subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. Market shall be opened and closed with a public call made month by month, conducted by such persons as the Exchange shall direct. (09/01/94)

A1408.01A Trading Limits - (See 1008.01) (09/01/94)

A1409.01 Last Day of Trading - No trades in Silver futures deliverable in the current month shall be made during the last three business days of that month and any contracts remaining open must be settled by delivery or as provided in Regulation 1409.02 after trading in such contracts has ceased; and if not previously delivered, delivery must be made no later than the last business day of the month. Tender shall be one business day prior to delivery. (09/01/94)

A1409.02 Trading in the Last Three Days of the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased in accordance with Regulation 1409.01 of this chapter, outstanding contracts for such delivery may be liquidated by means of a bona fide exchange of such current futures for the actual cash commodity. Such exchange must, in any event, be made no later than the last business day of the delivery month. (09/01/94)

A1410.01 Margin Requirements - (See Regulation 431.03) (09/01/94) (See 431.03)

A1411.01 Disputes - All disputes between interested parties may be settled by arbitration as provided in the Rules and Regulations. 7060 (09/01/94)

A1412.01 Position Limits and Reportable Positions - (See 425.01) (09/01/94)

Ch14A Delivery Procedures

A1436.01 Standards - The contract grade for delivery on futures contracts made under these regulations shall be refined Silver in bars cast in basic weights of 1,000 troy ounces (each bar may vary no more than 12% more or less); assaying not less than 999 fineness and must be a brand and marking officially listed by the Exchange. 7051 (09/01/94)

A1440.01 Brands or Markings of Silver Bars - Brands or markings may be listed with the Board of Trade to be deliverable in satisfaction of futures contracts upon application and approval by the Exchange. The Exchange may require such sureties as it deems necessary to accompany said applications. The Secretary's Office shall keep on file descriptions and/or replicas of the brands or markings of silver bars which are deliverable. The addition of brands or markings shall be binding upon all such contracts outstanding as well as those entered into after approval. 7073 (09/01/94)

A1440.02 Withdrawal of Approval of Silver Brand or Marking - If at any time the metallurgical assay of any silver bars bearing a brand or marking on the official list depreciates below 999 fineness, the Exchange may exclude said brand or marking from the official list unless deliveries of bars bearing said brand or markings are accompanied by certificates of analysis of an official assayer showing a silver fineness of not less than 999. Notice of such action shall be posted upon the bulletin board of the Association and the official list shall indicate the limitation upon deliveries of said brand or marking. 7074 (09/01/94)

A1440.03 Approved Brands - (See Appendix 14A) (09/01/94)

A1440.04 Assaying - The Board of Trade at its sole discretion shall have the authority at anytime to have assayed any silver bars covered by vault receipts delivered against futures contracts. Costs to be borne by the Board of Trade. 7072 (09/01/94)

A1441.01 Delivery Points - Silver located at regular vaults at points approved by the Exchange may be delivered in satisfaction of futures contracts. 7064 (09/01/94)

A1442.01 Deliveries by Vault Receipts - Deliveries on Silver futures contracts shall be made by the delivery of depository vault receipts issued by vaults which have been approved and designated as regular vaults by the Exchange for the storage of Silver. Silver in bars must come to the regular vault directly from an approved refiner or from another regular vault either on the Chicago or New York contract by insured or bonded carrier. Vaults may issue receipts for silver based on receipts for one bar each issued by said vault when the five receipts originated from silver that was deliverable and registered on the Board of Trade contract and subsequently broken into small lots and that said silver bars were never removed from the vault in which it was originally deposited.

The vault receipts shall evidence that storage charges have been paid up to and including December 31st of the current calendar year. Prepaid storage charges shall be charged to the buyer by the seller from the date of the delivery to the expiration of the storage charge period. Penalty charges for late storage payments shall not be charged to the buyer by the seller. In order to effect a valid delivery, each vault receipt must be endorsed by the clearing member making delivery.

By the tender of a warehouse or vault receipt for silver duly endorsed for delivery of the lot on an Exchange contract, the endorser shall be deemed to warrant, to his transferee and each subsequent transferee of the receipt for delivery on Exchange contracts, and their respective immediate principals, the genuineness, validity, and worth of such receipt, the rightfulness and effectiveness of his transfer thereof, and the quantity and quality of the silver shown on the receipt.

In the event such Exchange member or principal shall claim a breach of such warranty, and such claim relates to the quantity or quality of the silver, the lot shall be immediately submitted for sampling and assaying to an assayer approved by the Exchange. The expense of sampling and assaying shall, in the first instance, be borne by the claimant. If a deficiency in quantity or quality shall be determined by the assayer, the claimant shall have the right to recover the difference in the market value and expenses incurred in connection with the sampling and assaying and any cost of replacement of the silver. The claimant may, at his option, proceed directly against the original endorser of the warehouse or vault receipt upon Exchange delivery, or against any endorser prior to claimant without seeking recovery from his immediate deliverer on the Exchange contract and if the claim is satisfied by the original

endorser of the warehouse or vault receipt, or any other endorser, all the endorsers will be thereby discharged from liability to the claimant. If the claimant seeks recovery from any endorser prior to him and his claim is satisfied by such endorser, the party thus satisfying the claim will have a similar option to claim recovery directly from any endorser prior to him.

Such claims as are in dispute between members of the Exchange may in each case be submitted to arbitration under the Rules of the Exchange.

The liability of an endorser of a warehouse or vault receipt as provided herein shall not be deemed to limit the rights of such endorser against any person or party for whose account the endorser acted in making delivery on an Exchange contract. If it shall be determined in such arbitration proceeding that any endorser of a warehouse or vault receipt or the person or party for whom such endorser acted was aware of the breach of warranty or was involved in a plan or arrangement with the original endorser (or his principal) to place such inferior silver in licensed store for use in deliveries upon Exchange contracts, such endorsers shall not be entitled to recover from any prior endorser for the breach of warranty. 7061 (09/01/94)

A1442.02 Approved New York Contract Vaults - (See Appendix 14C) (09/01/94)

A1443.01 Issuance of Vault Receipts - Vault receipts, in order to be eligible for delivery, must be issued by a regular vault according to the following procedures and with the following documentation retained by the regular vault:

(1) For all vault receipts:

  (a) Receipts shall be issued in numerical order.

  (b) Copies shall be kept of any cancelled or voided receipts.

  (c) A record shall be kept of the bar number and the corresponding receipt number.

(2) For silver delivered into the vault directly from a refiner or an approved source:

  (a) Copy of the bar listing which depicts the date of smelting, serial numbers, brand marking and troy ounces.

  (b) Copy of the bonded carrier receipt for the transport of the silver from the approved source directly into the regular vault.

(3) For silver converted from a receipt issued by another exchange:

  (a) A copy of such other exchange's receipt which has been cancelled.

Regular vaults shall also notify the Board of Trade each day that there is a change in the number of its outstanding vault receipts. (09/01/94)

A1443.02 Deposit of Silver with Vaults - Silver in bars must be ordered into a regular vault by a clearing member of the Association who shall furnish the vault with the following information:

1. Authorization to receive silver.

2. Brand or markings.

3. Number of bars.

4. Identification (serial number) of each bar.

5. Weight of each bar.

6. Source (assay report when required-Regulation 1442.01).

7. Clearing member.

8. Carrier.

9. Date of arrival.

Shipments must be prepaid unless otherwise arranged with the regular vault. 7063 (09/01/94)

A1444.01 Receipt Format - The following form of vault receipt shall be used:

Ch14A Delivery Procedures

(01/01/00)

A1446.01 Date of Delivery - Where Silver is sold for delivery in a specified month, delivery of such Silver may be made by the Seller upon such day of the specified month as the Seller may select. If not previously delivered, delivery must be made upon the last business day of the month. 7066 (09/01/94)

A1447.01 Delivery Notices - (See 1047.01) (09/01/94)

A1448.01 Method of Delivery - (See 1048.01) (09/01/94)

A1449.00 Time of Delivery, Payment, Form of Delivery Notice - (See 1049.00) (09/01/94)

A1449.02 Buyers' Report of Eligibility to Receive Delivery - (See 1049.02) (09/01/94)

A1449.03 Sellers' Invoice to Buyers - In addition to the requirements of 1049.03, the seller shall mail a copy of the invoice to the vault or vaults who issued the vault receipts being delivered. The seller will thereby notify the vault of the transfer of ownership of the indicated vault receipts from the seller to the buyer. The seller will be responsible for the payment of storage charges unless the vault has been notified thereby. (09/01/94)

A1449.04 Payment - Payment is to be made by a check drawn on and certified by a Chicago bank or by a Cashier's check issued by a Chicago bank. 7071 (09/01/94)

A1450.00 Duties of Members - (See 1050.00) (09/01/94)

A1451.01 Office Deliveries Prohibited - (See 1051.01) (09/01/94)

A1454.00 Failure to Accept Delivery - (See 1054.00) (09/01/94)

A1456.01 Storage and Transfer Fees - Storage charges, transfer fees and in-and-out charges shall be set by each depository vault and the schedule of such rates shall be posted with the Association, which should be notified at least 60 days in advance of any changes in the rate schedule. Except as otherwise provided, all charges for storage, etc., shall remain the responsibility of the Seller until payment is made. 7065 (09/01/94)

Ch14A Regularity of Vaults

A1480.01 Duties of Vault Operators - It shall be the duty of the operators of all regular vaults:

(a) To accept Silver for delivery on Chicago Board of Trade contracts, provided such Silver is ordered into the Vault by a Clearing Member of the Association, and all space in such vaults is not already filled or contracted for.

(b) To notify the Board of Trade of any change in the condition of their vaults.

(c) To release to the bearer of the receipt the bars covered by said receipt upon presentation of the receipt and payment of all storage and outloading charges no later than the business day following compliance with these provisions.

(d) To keep stocks of Silver in storage in balance with Silver represented by its outstanding vault receipts. 7076 (09/01/94)

A1481.01 Conditions of Regularity - Persons operating depository vaults who desire to have such vaults made regular for delivery of silver under the Rules and Regulations shall make application for a Declaration of Regularity on a form prescribed by the Exchange for a two year term expiring June 30, 1994, and every even year thereafter. Regularity shall be effective 30 days after all terms and conditions have been met and notice to that effect has been posted on the bulletin board of the Association. Applications for renewal of regularity must be made prior to May 1, 1994, and every even year thereafter, in each year for the respective years beginning July 1, 1994, and every even year thereafter and shall be on the same form. The following shall constitute the requirements and conditions for regularity:

(1) The vault making application shall be inspected by the Exchange.

(2) The operator of such vault must be a U.S. Bank (either federal or state charter) or a corporation that acts in a fiduciary capacity with capital (capital, surplus and undivided earnings) in excess of $250,000,000. The Exchange may require the operator of the vault to file a bond with sufficient sureties in such sum and subject to such conditions as the Exchange sees fit.

(3) Such vault shall be provided with standard equipment and appliances for the convenient and safe storage of Silver and provide for proper security.

(4) The operator of such vault shall furnish to the Registrar all needed information to enable him to keep a correct record and account of all Silver received and delivered by them daily and of that remaining in store at the close of each week.

(5) The operator of such vault shall accord every facility to any duly authorized committee for the examination of its books or records for the purpose of ascertaining the stocks of Silver. The Exchange shall have the authority to employ experts to determine the quantity and quality of Silver in said vault.

(6) No vault shall be deemed suitable to be declared regular if its location, accessibility, tariffs, or other qualifications shall depart from uniformity to the extent that its receipts as tendered in satisfaction of futures contracts impair the efficacy of futures trading in this market, or if the operator of such vault engages in unethical or inequitable practices, or if the operator fails to comply with any laws, Federal or State, or Rules or Regulations promulgated under those laws.

(7) The operator shall make such reports, keep such records, and permit such vault visitation as the Board of Trade may prescribe, and shall comply with all applicable Rules and Regulations.

(8) Depository vaults must be located at points approved by the Exchange.

(9) Vault operator shall maintain, in the immediate vicinity of the Exchange, either an office, or a duly authorized representative or agent (who must be a clearing member of the Exchange) approved by the Exchange, where owners of Vault Receipts may pay charges and surrender receipts for loading and shipment. 7075 (05/01/01)

A1484.01 Revocation of Regularity - Any regular vault may be declared by the Business Conduct Committee or, pursuant to Regulation 540.10, the Hearing Committee, to be irregular at any time if it

does not comply with the conditions above set forth, or fails to carry out its prescribed duties. If the designation of a vault as regular shall be revoked a notice shall be posted on the bulletin board announcing such revocation and also the period of time, if any, during which the receipts issued by such vault shall thereafter be deliverable in satisfaction of futures contracts in Silver under the Rules and Regulations. 7077 (09/01/94)

A1485.01 Application for Declaration of Regularity - All applications by operators of vaults for a Declaration of Regularity under Regulation 1481.01 shall be on the following form:

APPLICATION FOR A DECLARATION OF REGULARITY FOR THE STORAGE OF SILVER UPON CONTRACTS FOR FUTURE DELIVERY UNDER THE CHARTER, RULES AND REGULATIONS OF THE BOARD OF TRADE OF THE CITY OF CHICAGO.

Board of Trade of the City of Chicago
141 West Jackson Boulevard
Chicago, Illinois 60604

Gentlemen:

_____(hereinafter called Vault), located at_____, Chicago, Illinois 606_____ and licensed/Incorporated under the laws of_____, having allocated storage capacity of_____ Troy ounces (hereinafter called Regular Capacity) for the storage of silver for delivery in satisfaction of futures contracts on the Board of Trade of the City of Chicago (hereinafter called Exchange), does hereby make application to the Exchange for a Declaration of Regularity to handle, receive and store such silver (hereinafter called Silver) for a period beginning_____ and ending midnight June 30, 20_____.

Conditions of Regularity

Such Declaration of Regularity, if granted, shall be cancellable by the Exchange whenever the following conditions shall not be observed:

1. The Vault must:

   (1) give such bonds to the Exchange as may be reasonably require.

   (2) notify the Exchange promptly of any material change in ownership or condition of its premises.

   (3) make such reports, keep such records, and permit such inspections as the Exchange may reasonably prescribe.

   (4) comply with all applicable Rules and Regulations of the Exchange; and comply with all requirements of the Exchange permitted or required by such Rules and Regulations.

2. The Vault must be:

   (1) continuously located at a delivery point approved by the Exchange.

   (2) properly safeguarded and equipped to provide safe and convenient storage of Silver.

Agreements of Vault

The Vault expressly agrees:

(1) in the event of revocation or expiration of regularity, to bear the expenses of the transfer of Silver to another regular vault satisfactory to the holders of its vault receipts.

(2) neither to withdraw as a regular vault nor withdraw any Regular Capacity during the life of this Declaration of Regularity except after sixty (60) days notice to the Exchange or having obtained the consent of the Exchange.

(3) to notify the Exchange at least sixty (60) days in advance of any changes in its maximum storage, penalty for late storage payment and handling charges as shown in the attached schedule.

Submitted herewith is a specimen of the Vault's proposed vault receipt.

Date Title

(05/01/01)

A1486.01 Regular Vaults - (See Appendix 14B) (05/01/01)

Chapter m14
mini-sized New York Silver Futures

Chapter m14
mini-sized New York Silver Futures

Chm14 Trading Conditions

m1401.00 Authority - Trading of mini-sized New York Silver futures as may be prescribed by Regulation. (10/01/01)

m1402.01 Application of Regulations - Futures transactions in mini-sized New York shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in mini-sized New York Silver futures contracts. (10/01/01)

m1403.01 Derivative Markets - Settlement prices shall be set in accordance with this regulation consistent with the settlement prices of the primary market. Contract settlement prices shall be set equal to the settlement prices of the corresponding contracts of the primary market for such commodity. Where a particular contract has opened on the Exchange for which the primary market has established no settlement price, the clearing house shall set a settlement price consistent with the spread relationships of other contracts; provided, however, that if the contract is not subject to daily price fluctuation limits then the settlement prices shall be set at the fair market value of the contract at the close of trading. (10/01/01)

m1404.01 Unit of Trading - The unit of trading for Silver shall be one thousand troy ounces. Bids and offers may be accepted in lots of one thousand troy ounces or multiples thereof. (10/01/01)

m1405.01 Months Traded In - Trading in Silver for future delivery may be conducted in the current calendar month and any subsequent months. (10/01/01)

m1406.01 Price Basis - All prices of Silver shall be basis New York, New York, or basis any other location designated by the primary market, in multiples of 10/100 of one cent per troy ounce. Contracts shall not be made on any other price basis. (10/01/01)

m1407.01 Hours of Trading - The hours of trading for future delivery in Silver futures shall be determined by the Exchange. On the last day of trading in an expiring future, the closing time for such future shall be 1:25 p.m. (10/01/01)

m1409.01 Last Day of Trading - No trades in Silver futures deliverable in the current month shall be made during the last two business days of that month and any contracts remaining open must be settled by delivery or as provided in Regulation m1409.02 after trading in such contracts has ceased; and if not previously delivered, delivery must be made no later than the last business day of the month. (10/01/01)

m1409.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased in accordance with the previous rule of this chapter, outstanding contracts for such delivery may be liquidated by means of a bona fide exchange of such current futures for the actual cash commodity. Such exchange must, in any event, be made no later than the last business day of the delivery month. (10/01/01)

m1410.01 Margin Requirements - Margin requirements shall be determined by the Board. (See Regulation 431.03) (10/01/01)

m1411.01 Disputes - All disputes between interested parties may be settled by arbitration as provided in the Rules and Regulations. (10/01/01)

m1412.01 Position Limits and Reportable Positions - (See Regulation 425.01)(10/01/01)

m1413.01 Contract Modification - Specifications shall be fixed as of the first day of trading of a contract except that all deliveries must conform to government regulations in force at the time of delivery. If the U.S. government, an agency, or duly constituted body thereof issues an order, ruling, directive, or law inconsistent with the trading pursuant to these rules, such order, ruling, directive, or law shall be construed to take precedence and become part of these rules and all open and new contracts shall be subject to such governmental orders. (10/01/01)

Chm14 Delivery Procedures

m1436.01 Standards - The contract grade for delivery on futures contracts made under these regulations shall be refined Silver in a bar cast in a basic weight of either 1,000 troy ounces or 1,100 troy ounces (each bar may vary no more than 10% more or less); assaying not less than 999 fineness; and made up of one of the brands and markings officially listed by the Exchange as provided in Regulation m1440.01, current at the date of delivery of such silver. (10/01/01)

m1440.01 Brands and Markings of Silver - Brands and markings deliverable in satisfaction of futures contracts shall be listed with the Exchange upon approval by the Exchange. The Exchange may require such sureties as it deems necessary. The Secretary's Office shall make available a list of the brands and markings of silver bars which are deliverable. The addition of brands and markings shall be binding upon all such contracts outstanding as well as those entered into after approval. (10/01/01)

m1440.02 Withdrawal of Approval of Silver Brands or Markings - If at any time a brand or marking fails to meet the requirements adopted by the Exchange or the metallurgical assay of any silver bars bearing a brand or marking on the official list depreciates below 999 fineness, the Exchange may exclude said brand or marking from the official list unless deliveries of bars bearing said brand or marking are accompanied by certificates of analysis of an official assayer showing a silver fineness of not less than 999, and such additional bond as the Exchange may deem necessary. Notice of such action shall be posted upon the bulletin board of the Exchange and the official list shall indicate the limitation upon deliveries of said brand or marking. (10/01/01)

m1440.03 Approved Brands - (See Appendix m14A) (10/01/01)

m1440.04 Product Certification and Shipment - To be eligible for delivery on the Exchange, all silver must be certified as to fineness and weight by an Exchange approved refiner, assayer, or other Exchange approved certifying authority and must be shipped directly from the Exchange approved refiner, assayer, or certifying authority via Exchange approved carriers to Exchange approved vaults.

All silver, if not continuously in the custody of an Exchange approved vault or carrier, must be recertified as to fineness and weight to be eligible for delivery.

The Exchange at its sole discretion shall have the authority at any time to have assayed any silver bars covered by vault receipts delivered against futures contracts. In such an event, costs are to be borne by the Exchange. (10/01/01)

m1440.05 Refiners, Vaults, Weighmasters, and Assayers - Exchange approved refiners, vaults, assayers, and weighmasters may be listed with the Exchange upon approval by the Exchange. The Secretary's Office shall maintain and make available such lists. The addition of refiners and vaults shall be binding upon all contracts outstanding as well as those entered into after approval. (10/01/01)

m1440.06 Cost of Inspection, Weighing, Storage and Delivery - All charges associated with the delivery of silver and all costs associated with inspections, weighing, and Exchange documentations, through the day of delivery, shall be paid by the delivering party. The delivering party shall pay storage charges through the business day following the day of delivery. The receivers shall pay all charges including storage charges incurred after the business day following the day of delivery.

A holder of an Exchange approved vault receipt for silver may request recertification at his expense at any time while the unit represented by such receipt is in the Exchange approved vault. Such recertification shall be made by an Exchange approved certifying authority or assayer, selected by such holder. (10/01/01)

m1441.01 Delivery Points - Silver located at regular vaults at points approved by the Exchange may be delivered in satisfaction of futures contracts. (10/01/01)

m1442.01 Deliveries by Vault Receipts - In order to be valid for delivery against futures contracts, the vault receipt must be registered with the official Registrar of the Exchange and in accordance with the requirements issued by the Registrar. The vault receipt must be registered before 4:00 p.m. on notice day, the business day prior to the day of delivery; however, in the case of delivery on the last delivery day of the delivery month, the vault receipt must be registered before 1:00 p.m. Deliveries on silver futures contracts shall be made by the delivery of depository vault receipts issued by vaults which have been approved and designated as regular vaults by the Exchange for the storage of silver.

Chm14 Delivery Procedures

Silver in bars must come to the regular vaults directly from an approved source or from another regular vault either on the Chicago Board of Trade or the Commodity Exchange, Inc., by insured or bonded carrier.

The vault receipts shall evidence that storage charges have been paid up to and including the business day following the day of delivery. If such charges are not so paid, registration may be canceled at the request of the issuing vault. Prepaid storage charges shall be charged to the buyer by the seller for a period extending beyond the business day following the day of delivery (but not in excess of thirty days) pro rata for the unexpired term and adjustments made upon the invoice thereof. In order to effect a valid delivery, each vault receipt must be endorsed by the clearing member making the delivery.

By the tender of a vault receipt for silver duly endorsed for delivery of the lot on an Exchange contract, the endorser shall be deemed to warrant, to his transferee and each subsequent transferee of the receipt for delivery on Exchange contracts, and their respective immediate principals, the genuineness, validity, and worth of such receipt, the rightfulness and effectiveness of his transfer thereof, and the quantity and quality of the silver shown on the receipt.

In the event such Exchange member or principal shall claim a breach of such warranty, and such claim relates to the quantity or quality of the silver, the lot shall be immediately submitted for sampling and assaying to an assayer approved by the Exchange; the silver must be shipped under bond, and at the owner's expense, to the assayer. The expense of sampling and assaying shall, in the first instance, be borne by the claimant. If a deficiency in quantity or quality shall be determined by the assayer, the claimant shall have the right to recover the difference in the market value and all expenses incurred in connection with the sampling and assaying and any cost of replacement of the silver. The claimant may, at his option, proceed directly against the original endorser of the vault receipt upon Exchange delivery, or against any endorser prior to claimant without seeking recovery from his immediate deliverer on the Exchange contract, and if the claim is satisfied by the original endorser of the vault receipt, or any other endorser, all the endorsers will be thereby discharged from liability to the claimant. If the claimant seeks recovery from any endorser and his claim is satisfied by such endorser, the party thus satisfying the claim will have a similar option to claim recovery directly from any endorser prior to him. Such claims as are in dispute between members of the Exchange may in each case be submitted to arbitration under the Rules of the Exchange.

The liability of an endorser of a vault receipt as provided herein shall not be deemed to limit the rights of such endorser against any person or party for whose account the endorser acted in making delivery on an Exchange contract. If it shall be determined in such arbitration proceeding that any endorser of a vault receipt or the person or party for whom such endorser acted was aware of the breach of warranty or was involved in a plan or arrangement with the original endorser (or his principal) to place such inferior silver in store in a regular vault for use in deliveries upon Exchange contracts, such endorsers shall not be entitled to recover from any prior endorser for the breach of warranty. (10/01/01)

m1443.01 Deposit of Silver with Vaults - Silver in bars shall be placed into a regular vault accompanied by the following information:

A. Brand or markings;

B. Identification (serial number) of each bar;

C. Weight of each bar; and

D. Fineness. (10/01/01)

m1443.02 Issuance of Vault Receipts - After the silver has been placed in a regular vault, negotiable vault receipts shall be issued to its owners with the following information:

A. Brand or markings;

B. Identification (serial number) of each bar;

C. Weight of each bar;

D. Fineness.

Receipts shall be lettered or numbered consecutively by each vault. No two receipts shall bear the

same letter or number. No receipt shall be issued for more or less than one contract unit.

Where a clearing member of the Exchange delivers silver in bars on an Exchange contract, but did not order such silver into a regular vault, the clearing member shall, for the purposes of Regulation m1442.01, be deemed the original endorser of the vault receipt, and shall warrant to his transferee and each subsequent transferee that such silver was delivered to the regular vault under the terms of Regulation m1442.01. (10/01/01)

M1444.01 Form of Vault Receipt - The following form of vault receipt shall be used:

(Name of Issuer)

(Address)

(Designated by the Exchange as Regular for Delivery of Silver)

Bearer Receipt No._____

Location, _____ _____, 20------

RECEIVED from_____

and stored in the vaults of the undersigned at the above facility, are _____ (____) BARS. Said bars are deliverable only at said vaults to them (or him) or order or, if endorsed in blank, to the bearer hereof upon surrender hereof and payment of the storage and other proper charges and for expenses for notice, advertisement and sale.

_____ (the "Vault"), acknowledges receipt, from Depositor named above, of the bullion bars described in Schedule I (the "Bars"), stamped to indicate the aggregate amount shown of silver 999 fine. Vault has recorded the specifications concerning the bars as indicated thereon. The Vault is not responsible for the authenticity for markings on, or for the weight, fineness, or contents of, the Bars.

Storage charges are payable on the date of issue of this receipt to the end of the current month; and monthly thereafter, in advance, on the first business day of each calendar month. Unearned prepaid storage charges will be refunded to the holder upon surrender of this receipt.

Detailed specifications of bars covered by this receipt have been recorded by the undersigned as indicated on said bars.

THIS RECEIPT IS VOID unless signed by two (2) persons authorized to sign on behalf of the Vault.

m1454.00 Failure to Accept Delivery - (See 1054.00) (10/01/01)

m1456.01 Storage and Transfer Fees - Storage charges, transfer fees and in-and-out charges shall be set by each depository vault and the schedule of such charges shall be posted with the Exchange, which shall be notified at least 60 days in advance of any changes in the rate schedule. Except as otherwise provided, all such charges and fees shall remain the responsibility of the Seller until payment is made. (10/01/01)

Chm14 Regularity of Vaults

m1480.01 Duties of Vault Operators - It shall be the duty of the operators of all regular vaults:

(a) To accept Silver for delivery on Chicago Board of Trade contracts, provided such Silver is ordered into the Vault by a Clearing Member of the Exchange, and all space in such vaults is not already filled or contracted for.

(b) To notify the Board of Trade of any change in the condition of their vaults.

(c) To release to the bearer of the receipt the bars covered by said receipt upon presentation of the receipt and payment of all storage and outloading charges no later than the business day following compliance with these provisions.

(d) To keep stocks of Silver in storage in balance with Silver represented by its outstanding vault receipts. (10/01/01)

m1481.01 Conditions of Regularity - Silver may be delivered against a Silver contract from any vault designated by the Exchange specifically for the storage of silver, and may not be delivered except from such vault. The following shall constitute the requirements for regularity, and by accepting a Declaration of Regularity the vault agrees to abide by these conditions:

(1) The vault must notify the Exchange promptly of any material change in ownership or condition of its premises.

(2) The vault is required to submit a certified financial statement within 90 days of the firm's year-end. A letter of attestation must accompany all financial statements signed by the Chief Financial Officer or if there is none, a general partner or executive officer.

(3) Such vault shall be provided with standard equipment and appliances for the convenient and safe storage of Silver and provide for proper security.

(4) The operator of such vault shall furnish to the Registrar all needed information to enable him to keep a correct record and account of all Silver received and delivered by the vault daily and of that remaining in store at the close of each week.

(5) The operator of such vault shall accord every facility to any duly authorized committee for the examination of its books or records for the purpose of ascertaining the stocks of Silver. The Exchange shall have the authority to employ experts to determine the quantity and quality of Silver in said vault.

(6) No vault shall be deemed suitable to be declared regular if its location, accessibility, tariffs, or other qualifications shall depart from uniformity to the extent that its receipts as tendered in satisfaction of futures contracts impair the efficacy of futures trading in this market, or if the operator of such vault engages in unethical or inequitable practices, or if the operator fails to comply with any laws, Federal or State, or Rules or Regulations promulgated under those laws.

(7) The operator shall make such reports, keep such records, and permit such vault visitation as the Board of Trade may prescribe, and shall comply with all applicable Rules and Regulations.

(8) The operator of such vault must give such bonds to the Exchange as may be required by the Exchange.

(9) The vault shall neither withdraw as a regular vault nor withdraw any regular capacity except after a sixty (60) day notice to the Exchange or having obtained the consent of the Exchange.

(10) The vault shall notify the Exchange at least sixty (60) days in advance of any changes in its maximum storage rates, penalty for late storage payment and handling charges. (10/01/01)

m1484.01 Revocation of Regularity - Any regular vault may be declared by the Business Conduct Committee or, pursuant to Regulation 540.10, the Hearing Committee, to be irregular at any time if it does not comply with the conditions above set forth, or fails to carry out its prescribed duties. If the designation of a vault as regular shall be revoked a notice shall be posted on the bulletin board and on the Exchange website announcing such revocation and also the period of time, if any, during which the receipts issued by such vault shall thereafter be deliverable in satisfaction of futures contracts in Silver under the Rules and Regulations.

Chm14 Regularity of Vaults

By accepting a Declaration of Regularity the vault agrees, in the event of revocation or expiration of regularity, to bear the expenses of the transfer of silver under bond to another regular vault satisfactory to the holders of its vault receipts. (10/01/01)

m1486.01 Regular Vaults - (See Appendix m14B) (10/01/01)

Chapter 20
X-Fund Futures

Chapter 20

X-Fund Futures

Ch 20 Trading Conditions

2001.01 Authority - Trading in CBOT(R) X-Fund futures may be conducted under such terms and conditions as may be prescribed by Regulation. (02/01/02)

2002.01 Application of Regulations - Futures transactions in CBOT X-Fund futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in CBOT X-Fund futures contracts. (02/01/02)

2004.01 Unit of Trading - The unit of trading shall be $1,000 times the CBOT X-Fund Index. (02/01/02)

2005.01 Periods Traded In - Trading in CBOT X-Fund futures may be conducted in the current two week period only. The commencement of trading in the current bi-weekly CBOT X-Fund futures is a Friday designated by the Exchange and every other Friday thereafter. If such Friday is not a business day, the commencement of trading shall be the business day prior to such Friday. (02/01/02)

2006.01 Price Basis - The price of the CBOT X-Fund futures shall be quoted in points and tenths of a point (1/10). One point equals $1,000.00. The minimum price fluctuation shall be one tenth of a point per contract, or $100.00. Contracts shall not be made on any other price basis. (02/01/02)

2007.01 Hours of Trading - The hours of trading for future delivery in CBOT X-Fund futures shall be determined by the Exchange. (02/01/02)

2008.01 Trading Limits - None. (02/01/02)

2009.01 Last Day of Trading - No trades in the current bi-weekly CBOT X-Fund futures shall be made after the business day preceding the Friday two weeks following the commencement of trading in the current bi-weekly CBOT X-Fund futures. If such Friday is not a business day, the last day of trading shall be two business days prior to such Friday. (02/01/02)

2009.02 Liquidation During the Delivery Period - After trading in CBOT X-Fund futures contracts for future delivery in the current bi-weekly period has ceased, in accordance with Regulation 2009.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 2042.01. (02/01/02)

2010.01 Margin Requirements - Margin requirements shall be as determined by the Exchange. (02/01/02)

2012.01 Position Limits and Reportable Positions - (See Regulation 425.01) Participants in CBOT X-Fund Futures must provide information to the Exchange on their trading activity, including but not limited to, volume and open interest in component futures contracts, including those listed on other designated contract markets, upon request of the Exchange. (03/01/02)

2036.01 Standards - The contract grade shall be based on the value of the CBOT X-Fund Index on final settlement day.

a) CBOT X-Fund Index Composition

i) The designer of the CBOT X-Fund Index selects the components making up the composition of the CBOT X-Fund Index. The CBOT X-Fund Index underlies the current bi-weekly CBOT X-Fund futures contract.

ii) The CBOT X-Fund Index composition shall be limited to a maximum of any four eligible futures contracts, long and/or short. The Exchange shall determine, from time to time, which futures contracts are eligible.

(1) Security futures products, as defined in Sections 1a(31) or 1a(32) of the Commodity Exchange Act, are not eligible.

(2) At a minimum, no futures contract shall be determined to be eligible unless it has been listed on a U.S. designated contract market for a minimum of twelve months and it has had an average daily trading volume of at least 5,000 contracts for all months combined for the most recent calendar quarter. Individual contract months with historical trading volume of at least 1,000 contract per day are eligible.

(3) Cash settled index futures contracts are eligible based on their components meeting criteria (2).

(4) Derivative Markets futures contracts are eligible based on their underlying primary market futures contracts meeting criteria (2).

iii) The CBOT X-Fund Index shall not contain component contracts on or after the second business day prior to the first day of delivery or cash settlement for such contracts.

iv) No changes to the component contracts or contract positions in the CBOT X-Fund Index are permitted for the duration of trading in the current bi-weekly CBOT X-Fund futures contract.

v) Changes to the component contracts or contract positions in the CBOT X-Fund Index are permitted bi-weekly, following the final settlement of the current bi-weekly CBOT X-Fund futures contract and prior to the commencement of trading in the successive bi-weekly CBOT X-Fund futures contract.

vi) On the business day preceding the commencement of trading in the current bi-weekly CBOT X-Fund futures contract the component contracts of the CBOT X-Fund Index shall be announced by the Exchange.

b) CBOT X-Fund Index Computation

i) The value of the CBOT X-Fund Index at its inception is set at $100,000.00 or 100.0 points.

ii) The value of the CBOT X-Fund Index at the commencement of trading of each successive bi-weekly CBOT X-Fund futures contract is set equal to the special quotation

value, rounded to the nearest tenth of a point (1/10), up if .05 or more, of the X-Fund Index on the final trading day of the prior bi-weekly CBOT X-Fund futures contract.

iii) The value of the CBOT X-Fund Index, marked-to-the-market, based on the settlement prices of the component contracts, shall be posted by the Exchange at the start of trading on each trading day. (05/01/02)

2042.01 Delivery on Futures Contracts - Delivery against the CBOT X-Fund futures contract must be made through the Clearing Corporation. Delivery under these regulations shall be on the final settlement day (as described in Regulation 2042.03) and shall be accomplished by cash settlement as hereinafter provided. Clearing members holding open positions in a CBOT X-Fund futures contract at the time of termination of trading shall make payments to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price. (02/01/02)

2042.02 Final Settlement Price - The final settlement price shall be based on a special quotation of the CBOT X-Fund Index, rounded to the nearest one hundredth of a point (1/100), up if .005 or more, which corresponds to the expiring contract at the close of business on the last trading day (as described in Regulation 2009.01). This special quotation will consist of the CBOT X-Fund Index which corresponds to the expiring contract calculated using the settlement prices of the component contracts on the last trading day, except as noted below.

If a component contract month's settlement price on the last trading day is unavailable because of an anticipated or unanticipated closure of trading in the component contract, then the contribution to the final settlement price of the affected component shall be cased on the settlement price of the first preceding trading day. (05/01/02)

2042.03 The Final Settlement Day - The final settlement day shall be the business day following the last trading day of the expiring contract. (02/01/02)

2043.01 Discontinuation - In the event that the CBOT X-Fund Index special quotation is below 50.0 points, the CBOT X-Fund Index is discontinued and no subsequent bi-weekly CBOT X-Fund futures on this CBOT X-Fund Index shall be listed. (02/01/02)

2047.01 Payment - See Regulation 1049.04 (02/01/02)

2048.01 Disclaimer - The CBOT is not responsible for, and does not participate in, determining the composition of the futures contracts in the CBOT X-Fund Index, other than ensuring that such contracts meet the eligibility criteria established by the Exchange. The CBOT X-Fund Index Designer has no obligation to take the needs of the traders of CBOT X-Fund futures into consideration in determining the composition of the futures contracts in the CBOT X-Fund Index. Subject to compliance with CBOT Rules and Regulation, the CBOT X-Fund Designer, and any firm of which he is a principal, may take long and short positions in CBOT X-Fund futures based on the Index that he designs and in any of the Index components. The CBOT X-Fund Designer, and such firm, shall not have any liability to any third party as a result of the fact that any such positions have been taken in compliance with CBOT Rules and Regulations and CFTC requirements.

THE CBOT X-FUND INDEX DESIGNER AND THE CBOT MAKE NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CBOT, TRADERS OF CBOT X-FUND FUTURES, OR ANY OTHER PERSON OR ENTITY, FROM THE COMPOSITON OF THE CBOT X-FUND INDEX. THE CBOT X-FUND INDEX DESIGNER AND THE CBOT MAKE NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIM ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE CBOT X-FUND INDEX. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL THE CBOT X-FUND INDEX DESIGNER OR THE CBOT HAVE ANY LIABILITY

FOR INDIRECT, PUNITIVE, SPECIAL, OR CONSEQUENTIAL DAMAGES, INCLUDING LOST PROFITS, EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN THE CBOT X-FUND INDEX DESIGNER AND THE CBOT. (03/01/02)

2049.01 Information Sharing - Notwithstanding Regulation 170.02, the Office of Investigations and Audits shall cooperate with, and provide information to, another designated contract market, upon its request, in connection with any investigation that such designated contract market may conduct relating to trading activity in a futures contract as a result of its inclusion as a component of a CBOT X-Fund futures contract. (03/01/02)

Chapter m15
mini-sized New York Gold Futures

Chm15 Trading Conditions

m1501.00 Authority - Trading of mini-sized New York Gold futures may be conducted under such terms and conditions as may be prescribed by Regulation. (10/01/01)

m1502.01 Application of Regulations - Futures transactions in mini-sized New York Gold futures shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in mini-sized New York Gold futures contracts. (10/01/01)

m1503.01 Derivative Markets - Settlement prices shall be set in accordance with this regulation consistent with the settlement prices of the primary market. Contract settlement prices shall be set equal to the settlement prices of the corresponding contracts of the primary market for such commodity. Where a particular contract has opened on the Exchange for which the primary market has established no settlement price, the clearing house shall set a settlement price consistent with the spread relationships of other contracts; provided, however, that if the contract is not subject to daily price fluctuation limits then the settlement prices shall be set at the fair market value of the contract at the close of trading. (10/01/01)

m1504.01 Unit of Trading - The unit of trading for Gold shall be for 33.2 fine troy ounces of Gold not less than 0.995 fine contained in one bar. Bids and offers may be accepted in lots of 33.2 fine troy ounces or multiples thereof. (10/01/01)

m1505.01 Months Traded In - Trading in Gold for future delivery may be conducted in the current calendar month and any subsequent months. (10/01/01)

m1506.01 Price Basis - All prices of Gold shall be basis New York, New York, or basis any other location designated by the primary market, in multiples of $0.10 (10 cents) per fine troy ounce. Contracts shall not be made on any other price basis. (10/01/01)

m1507.01 Hours of Trading - The hours of trading for future delivery in Gold futures shall be determined by the Exchange. On the last day of trading in an expiring future, the closing time for such future shall be 1:30 p.m. (10/01/01)

m1509.01 Last Day of Trading - No trades in Gold futures deliverable in the current month shall be made during the last two business days of that month and any contracts remaining open must be settled by delivery or as provided in Regulation m1509.02 after trading in such contracts has ceased; and if not previously delivered, delivery must be made no later than the last business day of the month. (10/01/01)

m1509.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased in accordance with the previous rule of this chapter, outstanding contracts for such delivery may be liquidated by means of a bona fide exchange of such current futures for the actual cash commodity. Such exchange must, in any event, be made no later than the last business day of the delivery month. (10/01/01)

m1510.01 Margin Requirements - Margin requirements shall be determined by the Board. (See Regulation 431.03) (10/01/01)

m1511.01 Disputes - All disputes between interested parties may be settled by arbitration as provided in the Rules and Regulations. (10/01/01)

m1512.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/01)

m1513.01 Contract Modification - Specifications shall be fixed as of the first day of trading of a contract except that all deliveries must conform to government regulations in force at the time of delivery. If the U.S. government, an agency, or duly constituted body thereof issues an order, ruling, directive, or law inconsistent with the trading pursuant to these rules, such order, ruling, directive, or law shall be construed to take precedence and become part of these rules and all open and new contracts shall be subject to such governmental orders. (10/01/01)

Chm15 Delivery Procedures

m1536.01 Standards - Each futures contract shall be for 33.2 fine troy ounces of Gold no less than 995 fineness contained in no more than one bar.

Variations in the quantity of the delivery unit not in excess of ten percent of 33.2 fine troy ounces shall be permitted.

In accordance with the accepted practices of the trade, each bar for good delivery must be of good appearance, easy to handle, and convenient to stack. The sides and bottom should be reasonably smooth and free from cavities and bubbles. The edges should be rounded and not sharp. Each bar, if not marked with the fineness and stamp of an approved refiner, assayer, or other certifying authority must be accompanied by a certificate issued by an approved refiner, assayer, or other certifying authority, stating the serial number of the bar(s), the weight, and the fineness. (10/01/01)

m1540.01 Brands and Markings of Gold - Brands and markings deliverable in satisfaction of futures contracts shall be listed with the Exchange upon approval by the Exchange. The Exchange may require such sureties as it deems necessary. The Secretary's Office shall make available a list of the brands and markings of Gold bars which are deliverable. The addition of brands and markings shall be binding upon all such contracts outstanding as well as those entered into after approval. (10/01/01)

m1540.02 Withdrawal of Approval of Gold Brands or Markings - If at any time a brand or marking fails to meet the requirements adopted by the Exchange or the metallurgical assay of any Gold bars bearing a brand or marking on the official list depreciates below 995 fineness, the Exchange may exclude said brand or marking from the official list unless deliveries of bars bearing said brand or marking are accompanied by certificates of analysis of an official assayer showing a Gold fineness of not less than 995, and such additional bond as the Exchange may deem necessary. Notice of such action shall be posted upon the bulletin board of the Exchange and the official list shall indicate the limitation upon deliveries of said brand or marking. (10/01/01)

m1540.03 Approved Brands - (See Appendix m15A) (10/01/01)

m1540.04 Product Certification and Shipment - To be eligible for delivery on the Exchange, all Gold must be certified as to fineness and weight by an Exchange approved refiner, assayer, or other Exchange approved certifying authority and must be shipped directly from the Exchange approved refiner, assayer, or certifying authority via Exchange approved carriers to Exchange approved vaults.

All Gold, if not continuously in the custody of an Exchange approved vault or carrier, must be recertified as to fineness and weight to be eligible for delivery.

The Exchange at its sole discretion shall have the authority at any time to have assayed any Gold bars covered by vault receipts delivered against futures contracts. In such an event, costs are to be borne by the Exchange. (10/01/01)

m1540.05 Refiners, Vaults, Weighmasters, and Assayers - Exchange approved refiners, vaults, assayers, and weighmasters may be listed with the Exchange upon approval by the Exchange. The Secretary's Office shall maintain and make available such lists. The addition of refiners and vaults shall be binding upon all contracts outstanding as well as those entered into after approval. (10/01/01)

m1540.06 Cost of Inspection, Weighing, Storage and Delivery - All charges associated with the delivery of Gold and all costs associated with inspections, weighing, and Exchange documentations, through the day of delivery, shall be paid by the delivering party. The delivering party shall pay storage charges through the business day following the day of delivery. The receivers shall pay all charges including storage charges incurred after the business day following the day of delivery.

A holder of an Exchange approved vault receipt for Gold may request recertification at his expense at any time while the unit represented by such receipt is in the Exchange approved vault. Such recertification shall be made by an Exchange approved certifying authority or assayer, selected by such holder. (10/01/01)

m1541.01 Delivery Points - Gold located at regular vaults at points approved by the Exchange may be delivered in satisfaction of futures contracts. (10/01/01)

m1542.01 Deliveries by Vault Receipts - In order to be valid for delivery against futures contracts,

the vault receipt must be registered with the official Registrar of the Exchange and in accordance with the requirements issued by the Registrar. The vault receipt must be registered before 4:00 p.m. on notice day, the business day prior to the day of delivery; however, in the case of delivery on the last delivery day of the delivery month, the vault receipt must be registered before 1:00 p.m. Deliveries on Gold futures contracts shall be made by the delivery of depository vault receipts issued by vaults which have been approved and designated as regular vaults by the Exchange for the storage of Gold. Gold in bars must come to the regular vault directly from an approved source or from another regular vault either on the Chicago Board of Trade or the Commodity Exchange, Inc., by insured or bonded carrier.

The vault receipts shall evidence that storage charges have been paid up to and including the business day following the day of delivery. If such charges are not so paid, registration may be canceled at the request of the issuing vault. Prepaid storage charges shall be charged to the buyer by the seller for a period extending beyond the business day following the day of delivery (but not in excess of thirty days) pro rata for the unexpired term and adjustments made upon the invoice thereof. In order to effect a valid delivery, each vault receipt must be endorsed by the clearing member making the delivery.

By the tender of a vault receipt for Gold duly endorsed for delivery of the lot on an Exchange contract, the endorser shall be deemed to warrant, to his transferee and each subsequent transferee of the receipt for delivery on Exchange contracts, and their respective immediate principals, the genuineness, validity, and worth of such receipt, the rightfulness and effectiveness of his transfer thereof, and the quantity and quality of the Gold shown on the receipt.

In the event such Exchange member or principal shall claim a breach of such warranty, and such claim relates to the quantity or quality of the Gold, the lot shall be immediately submitted for sampling and assaying to an assayer approved by the Exchange; the Gold must be shipped under bond, and at the owner's expense, to the assayer. The expense of sampling and assaying shall, in the first instance, be borne by the claimant. If a deficiency in quantity or quality shall be determined by the assayer, the claimant shall have the right to recover the difference in the market value and all expenses incurred in connection with the sampling and assaying and any cost of replacement of the Gold. The claimant may, at his option, proceed directly against the original endorser of the vault receipt upon Exchange delivery, or against any endorser prior to claimant without seeking recovery from his immediate deliverer on the Exchange contract, and if the claim is satisfied by the original endorser of the vault receipt, or any other endorser, all the endorsers will be thereby discharged from liability to the claimant. If the claimant seeks recovery from any endorser and his claim is satisfied by such endorser, the party thus satisfying the claim will have a similar option to claim recovery directly from any endorser prior to him. Such claims as are in dispute between members of the Exchange may in each case be submitted to arbitration under the Rules of the Exchange.

The liability of an endorser of a vault receipt as provided herein shall not be deemed to limit the rights of such endorser against any person or party for whose account the endorser acted in making delivery on an Exchange contract. If it shall be determined in such arbitration proceeding that any endorser of a vault receipt or the person or party for whom such endorser acted was aware of the breach of warranty or was involved in a plan or arrangement with the original endorser (or his principal) to place such inferior Gold in store in a regular vault for use in deliveries upon Exchange contracts, such endorsers shall not be entitled to recover from any prior endorser for the breach of warranty. (10/01/01)

m1543.01 Deposit of Gold with Vaults - Gold in bars shall be placed into a regular vault accompanied by the following information:

A. Brand or markings;

B. Identification (serial number) of each bar;

C. Weight of each bar; and

D. Fineness. (10/01/01)

m1543.02 Issuance of Vault Receipts - After the Gold has been placed in a regular vault, negotiable vault receipts shall be issued to its owners with the following information:

A. Brand or markings;

B. Identification (serial number) of each bar;

C. Weight of each bar;

D. Fineness.

Receipts shall be lettered or numbered consecutively by each vault. No two receipts shall bear the same letter or number. No receipt shall be issued for more or less than one contract unit.

m1544.01 Form of Vault Receipt - The following form of vault receipt shall be used:

(Name of Issuer)

(Address)

(Designated by the Exchange as Regular for Delivery of Gold)

Bearer Receipt No._____

Location, _____ _____, 20____

RECEIVED from_____
and stored in the vaults of the undersigned at the above facility, are _____ (____) BARS. Said bars are deliverable only at said vaults to them (or him) or order or, if endorsed in blank, to the bearer hereof upon surrender hereof and payment of the storage and other proper charges and for expenses for notice, advertisement and sale.

_____ (the "Vault"), acknowledges receipt, from Depositor named above, of the bullion bars described in Schedule I (the "Bars"), stamped to indicate the aggregate amount shown of Gold 995 fine. Vault has recorded the specifications concerning the bars as indicated thereon. The Vault is not responsible for the authenticity for markings on, or for the weight, fineness, or contents of, the Bars.

Storage charges are payable on the date of issue of this receipt to the end of the current month; and monthly thereafter, in advance, on the first business day of each calendar month. Unearned prepaid storage charges will be refunded to the holder upon surrender of this receipt.

Detailed specifications of bars covered by this receipt have been recorded by the undersigned as indicated on said bars.

THIS RECEIPT IS VOID unless signed by two (2) persons authorized to sign on behalf of the Vault.

The following form of warehouse depository receipt shall be used:

Board of Trade of the City of Chicago, Inc.

141 W. Jackson Blvd.* Chicago, IL 60604
(312) 435-3592

Original Negotiable Warehouse Depository Receipt

Date Issued: _____ No. _____

The issuer of this instrument will, upon notice and demand, deliver to: _____ or his or its order 33.2 troy ounces of Gold contained in a bar conforming to the delivery specifications contained in the Rules and Regulations of the Board of Trade of the City of Chicago, Inc. Delivery shall be based upon identification markings appearing on said bar. The issuer has not ascertained, and is not responsible for, the authenticity or correctness of markings on, or content, weight or fineness of, said bar. Upon the return of this receipt, properly endorsed, to issuer, and payment of all storage charges pertaining to the Gold represented, for which the Board of Trade of the City of Chicago, Inc. claims a lien, the Gold will be transferred into the account of the bearer of this certificate.

Board of Trade of the City of Chicago, Inc.

By: _____
Authorized Signature

Notice: This receipt expires one year from date of issuance. Return to issuer prior to expiration for reissue or delivery. (10/01/01)

m1546.01 Date of Delivery - Where Gold is sold for delivery in a specified month, delivery of such Gold may be made by the seller upon such day of the specified month as the seller may select. If not previously delivered, delivery must be made upon the last business day of the month. (10/01/01)

m1547.01 Delivery Notices - (See 1047.01) (10/01/01)

m1548.01 Method of Delivery - (See 1048.01) (10/01/01)

m1549.01 Time of Delivery, Payment, Form of Delivery Notice - (See 1049.00) (10/01/01)

m1549.02 Buyers' Report of Eligibility to Receive Delivery - (See 1049.02) (10/01/01)

m1549.03 Sellery' Invoice to Buyers - In addition to the requirements of 1049.03, the seller shall mail a copy of the invoice to the vault or vaults who issued the vault receipts being delivered. The seller will thereby notify the vault of the transfer of ownership of the indicated vault receipts from the seller to the buyer. The seller will be responsible for the payment of storage charges unless the vault has been notified thereby. (10/01/01)

m1549.04 Payment - Payment shall be made on the basis of the number of fine troy ounces of Gold contained and delivered. The fine Gold content of a bar for good delivery is calculated to 0.001 of an ounce troy by multiplying the gross weight by the assay, but in no case by more than 0.9999. The fourth decimal place in the product of the multiplication is ignored unless it is a nine, in such case the

third decimal place is increased by 0.001.

Payment is to be made by a check drawn on and certified by a Chicago bank or by a Cashier's check issued by a Chicago bank. The long clearing member may effect payment by wire transfer only if this method of payment is acceptable to the short clearing member. (10/01/01)

m1550.00 Duties of Members - (See 1050.00) (10/01/01)

m1551.01 Office Deliveries Prohibited - (See 1051.01) (10/01/01)

m1554.00 Failure to Accept Delivery - (See 1054.00) (10/01/01)

m1556.01 Storage and Transfer Fees - Storage charges, transfer fees and in-and-out charges shall be set by each depository vault and the schedule of such charges shall be posted with the Exchange, which shall be notified at least 60 days in advance of any changes in the rate schedule. Except as otherwise provided, all such charges and fees shall remain the responsibility of the Seller until payment is made. (10/01/01)

Chm15 Regularity of Vaults

m1580.01 Duties of Vault Operators - It shall be the duty of the operators of all regular vaults:

(a) To accept Gold for delivery on Chicago Board of Trade contracts, provided such Gold is ordered into the Vault by a Clearing Member of the Exchange, and all space in such vaults is not already filled or contracted for.

(b) To notify the Board of Trade of any change in the condition of their vaults.

(c) To release to the bearer of the receipt the bars covered by said receipt upon presentation of the receipt and payment of all storage and outloading charges no later than the business day following compliance with these provisions.

(d) To keep stocks of Gold in storage in balance with Gold represented by its outstanding vault receipts. (10/01/01)

m1581.01 Conditions of Regularity - Gold may be delivered against a Gold contract from any vault designated by the Exchange specifically for the storage of Gold, and may not be delivered except from such vault. The following shall constitute the requirements for regularity, and by accepting a Declaration of Regularity the vault agrees to abide by these conditions:

(1) The vault must notify the Exchange promptly of any material change in ownership or condition of its premises.

(2) The vault is required to submit a certified financial statement within 90 days of the firm's year-end. A letter of attestation must accompany all financial statements signed by the Chief Financial Officer or if there is none, a general partner or executive officer.

(3) Such vault shall be provided with standard equipment and appliances for the convenient and safe storage of Gold and provide for proper security.

(4) The operator of such vault shall furnish to the Registrar all needed information to enable him to keep a correct record and account of all Gold received and delivered by the vault daily and of that remaining in store at the close of each week.

(5) The operator of such vault shall accord every facility to any duly authorized committee for the examination of its books or records for the purpose of ascertaining the stocks of Gold. The Exchange shall have the authority to employ experts to determine the quantity and quality of Gold in said vault.

(6) No vault shall be deemed suitable to be declared regular if its location, accessibility, tariffs, or other qualifications shall depart from uniformity to the extent that its receipts as tendered in satisfaction of futures contracts impair the efficacy of futures trading in this market, or if the operator of such vault engages in unethical or inequitable practices, or if the operator fails to comply with any laws, Federal or State, or Rules or Regulations promulgated under those laws.

(7) The operator shall make such reports, keep such records, and permit such vault visitation as the Board of Trade may prescribe, and shall comply with all applicable Rules and Regulations.

(8) The operator of such vault must give such bonds to the Exchange as may be required by the Exchange.

(9) The vault shall neither withdraw as a regular vault nor withdraw any regular capacity except after a sixty (60) day notice to the Exchange or having obtained the consent of the Exchange.

(10) The vault shall notify the Exchange at least sixty (60) days in advance of any changes in its maximum storage rates, penalty for late storage payment and handling charges. (10/01/01)

m1584.01 Revocation of Regularity - Any regular vault may be declared by the Business Conduct Committee or, pursuant to Regulation 540.10, the Hearing Committee, to be irregular at any time if it does not comply with the conditions above set forth, or fails to carry out its prescribed duties. If the designation of a vault as regular shall be revoked a notice shall be posted on the bulletin board and on the Exchange website announcing such revocation and also the period of time, if any, during which the receipts issued by such vault shall thereafter be deliverable in satisfaction of futures contracts in Gold under the Rules and Regulations.

By accepting a Declaration of Regularity the vault agrees, in the event of revocation or expiration of regularity, to bear the expenses of the transfer of Gold under bond to another regular vault satisfactory to the holders of its vault receipts. (10/01/01)

m1586.01 Regular Vaults - (See Appendix m15B) (10/01/01)

Chapter 18
U.S. Treasury Bonds

Chapter 18
U.S. Treasury Bonds

Ch18 Trading Conditions

1801.00 Authority - (See Rule 1701.00) (10/01/94)

1802.01 Application of Regulations - Futures transactions in long term U.S. Treasury bonds shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in long term U.S. Treasury bonds. 3000 (09/01/00)

1804.01 Unit of Trading - The unit of trading shall be United States Treasury bonds having a face value at maturity of one hundred thousand dollars ($100,000) or multiples thereof. 3002 (10/01/94)

1805.01 Months Traded In - Trading in long-term U.S. Treasury bonds may be scheduled in such months as determined by the Exchange. (03/01/00)

1806.01 Price Basis - Minimum price fluctuations shall be in multiples of one thirty-second (1/32) point per 100 points ($31.25 per contract) except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one-thirty-second point per 100 points ($7.8125 per contract). Par shall be on the basis of 100 points. Contracts shall not be made on any other price basis. 3004 (02/01/01)

1807.01 Hours of Trading - The hours of trading for future delivery in U.S. Treasury Bonds shall be determined by the Board. On the last day of the trading in an expiring future, the closing time for such future shall be 12:00 noon, subject to the provisions of the second paragraph of Rule 1007.00. The market shall be opened and closed for all months simultaneously, or in such other manner as the Regulatory Compliance Committee shall direct. 3007 (10/01/94)

1809.01 Last Day of Trading - No trades in long term U.S. Treasury bond futures deliverable in the current month shall be made during the last seven business days of that month and any contracts remaining open must be settled by delivery or as provided in Regulation 1809.02 after trading in such contracts has ceased. 3008 (10/01/94)

1809.02 Liquidation in the Last Seven Days of the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased in accordance with Regulation 1809.01 of this chapter, outstanding contracts may be liquidated by the delivery of book-entry U.S. Treasury bonds (Regulation 1842.01) or by mutual agreement by means of a bona fide exchange of such current futures for the actual long term U.S. Treasury bonds or comparable instruments. Such exchange must, in any event, be made no later than the fifth business day immediately preceding the last business day of the delivery month. 3009 (10/01/94)

1810.01 Margin Requirements - (See Regulation 431.03) (10/01/94)

1812.01 Position Limits and Reportable Positions - (See 425.01) (10/01/94)

Ch18 Delivery Procedures

1836.01 Standards - The contract grade for delivery on futures contracts made under these regulations shall be long term U.S. Treasury bonds which if callable are not callable for at least 15 years or if not callable have a maturity of at least 15 years. All bonds delivered against a contract must be of the same issue. For settlement, the time to maturity (time to call if callable) of a given issue is calculated in complete three month increments (i.e. 15 years and 5 months = 15 years and 1 quarter) from the first day of the delivery month. The price at which a bond with this time to maturity (time to call if callable) and with the same coupon rate as this issue will yield 6% according to bond tables prepared by the Financial Publishing Co. of Boston, Mass., is multiplied times the settlement price to arrive at the amount which the short invoices the long.

U.S. Treasury Bonds deliverable against futures contracts under these regulations must have semi-annual coupon payments.

Interest accrued on the bonds shall be charged to the long by the short in accordance with Department of the Treasury Circular 300, Subpart P.

New issues of long term U.S. Treasury bonds which satisfy the standards in this regulation shall be added to the deliverable grade as they are issued. The Board shall have the right to exclude any new issue from deliverable status or to further limit outstanding issues from deliverable status. 3001 (03/01/00)

1842.01 Deliveries on Futures Contracts - Deliveries against long term U.S. Treasury bond futures contracts shall be by book-entry transfer between accounts of Clearing Members at qualified banks (Regulation 1880.01) in accordance with Department of the Treasury Circular 300, Subpart O: Book-Entry Procedure. Delivery must be made no later than the last business day of the month. Notice of intention to deliver shall be given to the Board of Trade Clearing Corporation by 8:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the second business day preceding delivery day. In the event the long Clearing Member does not agree with the terms of the invoice received from the short Clearing Member, the long Clearing Member must notify the short Clearing Member, and the dispute must be settled by 9:30 a.m. (Chicago time) on delivery day. The short Clearing Member must have contract grade U.S. Treasury bonds in place at his bank in acceptable (to his bank) delivery form no later than 10:00 a.m. (Chicago time) on delivery day. The short Clearing Member must notify his bank (Regulation 1880.01) to transfer contract grade U.S. Treasury bonds by book-entry to the long Clearing Member's account at the long Clearing Member's bank on a delivery versus payment basis. That is, payment shall not be made until the bonds are delivered. On delivery day, the long Clearing Member must make funds available by 7:30 a.m. (Chicago time) and notify his bank (Regulation 1880.01) to accept contract grade U.S. Treasury bonds and to remit federal funds to the short Clearing Member's account at the short Clearing Member's bank (Regulation 1880.01) in payment for delivery of the bonds. Contract grade U.S. Treasury bonds must be transferred and payment must be made before 1:00 p.m. (Chicago time) on delivery day. All deliveries must be assigned by the Clearing Corporation. Where a commission house as a member of the Clearing Corporation has an interest both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it received from its customers who are short. 3011 (12/01/99)

1842.02 Wire Failure - In the event that delivery cannot be accomplished because of a failure of the Federal Reserve wire or because of a failure of either the long Clearing Member's bank or the short Clearing Member's bank access to the Federal Reserve wire, delivery shall be made before 9:30 a.m. on the next business day on which the Federal Reserve wire or bank access to it is operable. Interest shall accrue to the long paid by the short beginning on the day on which the bonds were to be originally delivered.

In the event of such failure, both the long and short must provide documented evidence that the instructions were given to their respective banks in accordance with Regulations 1842.01 and 1849.04 and that all other provisions of Regulations 1842.01 and 1849.04 have been complied with. 3014 (10/01/94)

1846.01 Date of Delivery - Delivery of U.S. Treasury bonds may be made by the short upon any

permissible delivery day of the delivery month the short may select. Delivery of U.S. Treasury bonds must be made no later th an the last business day of that month. 3012 (10/01/94)

1847.01 Delivery Notices - (See Regulation 1047.01) (10/01/94)

1848.01 Method of Delivery - (See Regulation 1048.01) (10/01/94)

1849.00 Time of Delivery, Payment, Form of Delivery Notice - (See Rule 1049.00) (10/01/94)

1849.02 Buyer's Report of Eligibility to Receive Delivery - (See Regulation 1049.02) (10/01/94)

1849.03 Seller's Invoice to Buyers - Upon determining the buyers obligated to accept deliveries tendered by issuers of delivery notices, the Clearing House shall promptly furnish each issuer the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing House to each such buyer. Thereupon, sellers (issuers of delivery notices) shall prepare invoices addressed to their assigned buyers, describing the documents to be delivered to each such buyer. Such invoices shall show the amount which buyers must pay to sellers in settlement of the actual deliveries, based on the delivery prices established by the Clearing House, and adjusted for applicable interest payments. Such invoices shall be delivered to the Clearing House by 2:00 p.m., or by such other time designated by the Board of Directors, on the day of intention except on the last intention day of the month, where such invoices shall be delivered to the Clearing House by 3:00 p.m., or by such other time designated by the Board of Directors. Upon receipt of such invoices, the Clearing House shall promptly make them available to buyers to whom they are addressed, by placing them in buyer's mail boxes provided for that purpose in the Clearing House. (12/01/99)

1849.04 Payment - Payment shall be made in federal funds. The long obligated to take delivery must take delivery and make payment before 1:00 p.m. on the day of delivery except on banking holidays when delivery must be taken and payment made before 9:30 a.m. the next banking business day. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in accordance with its By-laws and Resolutions. 3013 (10/01/94)

1849.05 Buyers Banking Notification - The long Clearing Member shall provide the short Clearing Member by 4:00 p.m. (5:00 p.m. EST) on the day of intention, one business day prior to delivery day, with a Banking Notification. The Banking Notification form will include the following information: the identification number and name of the long Clearing Member; the delivery date; the notification number of the delivery assignment; the identification number and name of the short Clearing Member making delivery; the quantity of the contract being delivered; the long Clearing Member's bank, account number and specific Federal Wire instructions for the transfer of U.S. securities. (10/01/94)

1850.00 Duties of Members - (See Rule 1050.00) (10/01/94)

1851.01 Office Deliveries Prohibited - (See Regulation 1051.01) (10/01/94)

1854.00 Failure to Accept Delivery - (See Rule 1054.00) (10/01/94)

1880.01 Banks - For purposes of these regulations relating to trading in long term U.S. Treasury bonds, the word "Bank" (Regulation 1842.01) shall mean a U.S. commercial bank (either Federal or State charter) that is a member of the Federal Reserve System and with capital (capital, surplus and undivided earnings) in excess of one hundred million dollars ($100,000,000). 3015 (10/01/94)

Chapter 19
Long-Term Municipal Bond Index Futures

Chapter 19
Long-Term Municipal Bond Index Futures

Ch19 Trading Conditions

1901.00 Authority - (See Rule 1701.00) (10/01/94)

1902.01 Application of Regulation - Futures transactions in Long-Term Municipal Bond Index contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in Long-Term Municipal Bond Index futures contracts. (10/01/94)

1904.01 Unit of Trading - The unit of trading shall be $1,000.00 times The Bond Buyer Municipal Bond Index*. (10/01/94)

1905.01 Months Traded In - Trading in Long-Term Municipal Bond Index futures may be scheduled in such months as determined by the Exchange. (09/01/99)

1906.01 Price Basis - The price of Long-Term Municipal Bond Index futures shall be quoted in points. One point equals $1,000.00. The minimum price fluctuation shall be 1/32 of one point or thirty-one dollars and twenty-five cents ($31.25) per contract. Contracts shall not be made on any other price basis. (10/01/94)

1907.01 Hours of Trading - The hours of trading for future delivery in Long-Term Municipal Bond Index futures shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 2:00 p.m. Chicago time (3:00 p.m. New York time) subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. The market shall be opened and closed for all months simultaneously or in such other manner as the Regulatory Compliance Committee shall direct. (10/01/94)

1909.01 Last Day of Trading - No trades in Long-Term Municipal Bond Index futures contracts deliverable in the current delivery month shall be made during the last seven business days of that month. If on the last day of trading The Bond Buyer does not publish a closing Bond Buyer Municipal Bond Index* value, the last day of trading shall be the next business day for which a closing Bond Buyer Municipal Bond Index* value is published. (10/01/94)

1909.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 1909.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 1942.01. (10/01/94)

1910.01 Margin Requirements - (See Regulation 431.03). (10/01/94)

1912.01 Position Limits and Reportable Positions - (See Regulation 425.01). (10/01/94)

1913.01 All-Or-None Orders - The minimum threshold established for All-Or-None orders in Long-Term Municipal Bond Index futures is one hundred contracts. Such orders must be executed in accordance with Regulation 331.03. (07/01/00)

1936.01 Standards - The contract grade shall be $1,000.00 times the closing value of The Bond Buyer Municipal Bond Index* on the last day of trading. The Bond Buyer Municipal Bond Index* shall be that index which shall be composed and determined by The Bond Buyer in accordance with the criteria set forth in Regulation 1950.01 and which shall be known as The Bond Buyer Municipal Bond Index*. The closing value of The Bond Buyer Municipal Bond Index* shall be determined by The Bond Buyer. (10/01/94)

1942.01 Delivery on Futures Contracts - Delivery against Long-Term Municipal Bond Index futures contracts shall be made through the Clearing House. Delivery under these regulations shall be accomplished by cash settlement as hereinafter provided.

After trading ceases on the last day of trading the Clearing House shall advise clearing members holding open positions in current month Long-Term Municipal Bond Index futures contracts of the closing value of The Bond Buyer Municipal Bond Index* on the last day of trading. Clearing members shall make and receive payment through the Clearing House in accordance with normal variation settlement procedures. The settlement price on the last day of trading is equal to $1,000.00 times the closing value of The Bond Buyer Municipal Bond Index* on the last day of trading. (10/01/94)

1947.01 Payment - (See Regulation 1049.04) (10/01/94)

1950.01 Index Composition - The Bond Buyer Municipal Bond Index* (the "Index") shall be constructed by The Bond Buyer in accordance with the following criteria:

(a) General Index Composition-The Index, at all times, shall be composed of 40 term municipal bonds that are generally exempt from federal income taxation including those generally exempt issues whose interest payments may be subject to an alternative minimum tax. The term bonds selected shall be the most current issues which meet each of the following criteria:

1. Size-Each term bond (term component only) shall have a principal value of at least $50 million except for term housing bonds which shall have a principal value of at least $75 million to be eligible for inclusion in the Index.

2. Rating-Each term bond shall be rated by either Standard and Poor's (S&P) or Moody's Investors Service (MIS) or both. Each term bond shall be rated either A- or higher by S&P, or A or higher by MIS (A3 or higher for bonds rated by MIS using the 1-3 suffix) upon initial inclusion in the Index.

3. Maturity-Each term bond shall have a remaining maturity of 19 years or longer on the date of a bond's initial inclusion in the Index.

4. Call Provisions-Each term bond may or may not be callable. If callable, the first call shall be between 7 and 16 years upon a bond's initial inclusion in the Index. In addition, each callable term bond must have at least one call-at-par date prior to maturity.

5. Par Issue-Each term bond must have been reoffered at a price between 85 and 105 to be eligible for inclusion in the Index.

6. Trading Eligibility-Each term bond shall be reoffered, out of syndicate, and eligible for dealer-to-dealer broker trading at least one business day prior to inclusion in the Index, provided that The Bond Buyer can gather the information necessary to make a determination to include such bond by such time.

7. Private Placements-A term bond issued as a private placement is not eligible for inclusion in the Index.

8. Coupon-Each term bond shall pay semiannual interest at a fixed coupon rate.

9. Term Bond Limit-No more than three term bonds from the same issuer shall be included in the Index. If three term bonds from the same issuer were included in the Index, at least one of these bonds must be insured by either Ambac Indemnity Corporation, Financial Guaranty Insurance Corporation, Financial Security Assurance, or MBIA Insurance Corporation. If more than three term bonds from the same issuer are available for inclusion in the Index, the three largest term bonds in terms of principal value shall be added. If three or more term bonds are the same size, the term bonds with the longest maturity shall be added to the Index.

A bond shall be deemed to have been issued by the same issuer if such bond has the same nominal and generic security, that is, the same ultimate source of payment for debt service, of another bond in the Index. A first or second lien bond of the same generic security shall be defined as having been issued by the same issuer.

The Bond Buyer shall determine which bonds meet the above listed inclusion criteria. The Bond Buyer, in its discretion, may exclude term bonds which meet the above listed criteria but which have other unusual characteristics. Such characteristics may include, but shall not be limited to, bonds with unusual tender provisions, early redemption options, or contingent takedown options.

(b) Index Computation-The Bond Buyer shall compute the closing value of the Index each day the municipal bond cash market is open using the following procedures:

1. Price Evaluation-At least three major municipal bond dealer-to-dealer brokers, who broker the type and variety of bonds fully representative of this Index shall evaluate the price of each bond in the Index daily. An evaluation shall be defined as the broker's assessment of the price at which a minimum $1,000,000 or higher face value of each of such bonds could be sold in the cash market between 1:45 p.m. and 2:00 p.m. Chicago time (2:45 p.m. and 3:00 p.m. New York time). In addition the brokers shall also evaluate the price of each bond between 10:45 a.m. and 11:00 a.m. Chicago time (11:45 a.m. and 12:00 noon New York time), in order that The Bond Buyer may compute the Index twice daily. If the Secretary of the Exchange determines in advance that circumstances in the cash market will occasion either an early halt to cash market trading or an otherwise unscheduled holiday which would impede a price evaluation, the Secretary may suspend or reschedule the price evaluation(s) for that day provided that such determination is published before the start of trading on the day in question and provided that such day is not the last day of trading in a contract month. In the event that circumstances prevent at least three major municipal bond dealer-to-dealer brokers from pricing each of the bonds in the index, the Secretary of the Exchange may allow, without prior notice, the price evaluation for that day to be calculated with less than three major municipal bond dealer-to-dealer brokers or may suspend or revise the day's calculation, provided that the day in question is not the last day of trading in a contract month.

2. Computation-The Bond Buyer shall compute the median value for each bond. The median value is defined as the price arrived at by dropping the one highest and the one lowest price evaluations and calculating the simple average (mean) of the remaining price evaluations. Each median value shall be divided by a conversion factor to arrive at a converted price. The 40 converted prices shall be summed and divided by 40 to arrive at the average converted price. The average converted price shall be divided by a divisor or multiplied by a coefficient (see subsection (d) below) and rounded to the nearest 1/32 (rounded up if the Index value is exactly at the midpoint between two 1/32s) to arrive at the daily Index value.

3. Conversion Factor-The conversion factor for any bond shall be the price at which it will yield 6% (rounded to 4 decimal places) based on the formula found in Standard Securities Calculation Methods published by the Securities Industry Association. The coupon is the actual bond coupon rounded to the nearest 1/8% (rounded up in the case of ties). The time

to maturity is calculated in complete three month increments from the first business day of the quarter following the bond's reoffer date to the first call-at-par date for callable bonds and to the maturity date for non-callable bonds. The conversion factor for each bond shall be published in The Bond Buyer.

(c) Composition Changes-After 2:00 p.m. Chicago time (3:00 p.m. New York time) on the 15th calendar day and on the last business day of each month (the "revision days") the Index shall be revised by adding bonds to and deleting bonds from the Index as provided below. If the 15th calendar day of any month is not an Association business day, or is an Association business day that is subject to an early halt in cash market trading, the Index revision shall occur after 2:00 p.m. Chicago time (3:00 p.m. New York time) on the immediately preceding Association business day that is not subject to an early halt in cash market trading. If the last business day of the month is an Association business day that is subject to an early halt in cash market trading, the Index revision shall occur after 2:00 p.m. chicago time (3:00 p.m. New York time) on the immediately preceeding business day that is not subject to an early halt in cash market trading.

Bonds shall be added to and deleted from the Index in the following manner:

1. (i) Any bond that includes a provision for extraordinary redemption in the Official Statement, and that is priced at 102 or higher on both of the two business days immediately preceding the revision day shall be deleted. An extraordinary redemption shall be defined as a provision which permits the issuer to call (redeem) the bond, in whole or in part, at a price of par (100) as a result of: (a) prepayments; (b) uncommitted or unexpended bond proceeds; or (c) other funds available in excess of the amounts required for the payment of debt service and expenses.

   (ii) Any bond which no longer meets the minimum rating criterion listed in 1950.01(a)(2) shall be deleted. Any bond in default shall be deleted from the Index. Each term bond shall be rated either A - or higher by S&P, or A or higher by MIS (A3 or higher for bonds rated by MIS using the 1-3 suffix) upon initial inclusion in the Index.

2. Newly issued bonds meeting the criteria listed in subsection (a) above shall be added.

   (i) In order to be included in the revised Index, bonds must be reoffered, out of syndicate, and eligible for dealer-to-dealer broker trading at least one business day prior to inclusion in the Index.

   (ii) In the event that a newly issued term bond meets the criteria, but would cause the total number of term bonds from a single issuer to exceed three, the term bond of that issuer previously in the Index which has the lowest trading volume since the previous revision day shall be deleted from the Index until the total number of term bonds does not exceed three. Trading volume shall be based on the dealer-to-dealer trades matched by the National Securities Clearing Corporation. Volume data supplied by the National Securities Clearing Corporation will be cumulative data covering the last revision period. Only bonds for which trading data can be collected for the entire previous revision period will be eligible for deletion under the foregoing trading volume criterion. If bonds of that issuer have equal trading volume, or are bonds for which trading data cannot be collected for the entire previous revision period, and are eligible for deletion, the smallest bonds of that issuer in terms of principal value shall be deleted first. If the bonds of that issuer have equal trading volume, or are bonds for which trading data cannot be collected for the entire previous revision period, and are the same size in terms of principal value and are eligible for deletion, the bonds with the shortest maturity shall be deleted first. If bonds of that issuer have equal trading volume, or are bonds for which trading data cannot be collected for the entire previous revision period, and are and the same size in terms of principal value and have the same maturity, and are also eligible for deletion, the bonds which have been in the Index for the longest period of time shall be deleted first.

3. (i) If the Index contains more than 40 bonds, bonds that have 5-1/2 years or less to first call or 17-1/2 years or less to maturity or both longer shall be deleted until the number of bonds in the Index equals 40. If bonds have 5-1/2 years or less to first call or 17-1/2 years or less to maturity or both, the smallest bonds in terms of principal value shall be deleted first. If bonds have 5-1/2 years or less to first call or 17-1/2 years or less to maturity or both and are the same size in terms of principal value, the bonds with the shortest maturity shall be deleted first. If the Index still contains more than 40 bonds, the bonds previously in the Index with the lowest trading volume since the previous revision day shall be deleted until the number of bonds in the Index equals 40. Trading volume shall be based on the dealer-to-dealer trades matched by the National Securities Clearing Corporation. Volume data supplied by the National Securities Clearing corporation will be cumulative data covering the last revision period. Only bonds for which trading data can be collected for the entire previous revision period will be eligible for deletion under the foregoing trading volume criterion. If bonds have equal trading volume, the smallest bonds in terms of principal value shall be deleted first.

   If bonds have equal trading volume and are of the same size in terms of principal value, the bonds with the shortest maturity shall be deleted first. For bonds which are equivalent on all three criteria the bonds that have been in the Index for the longest period shall be deleted first.

   Under extraordinary circumstances The Bond Buyer, in its discretion, may choose to delete bonds other than the bonds with the lowest trading volume. Such

circumstances may include, but shall not be limited to, extraordinary redemptions and prerefundings.

(ii) If the Index contains less than 40 bonds, previously deleted bonds shall be added beginning with the most recently deleted bond until the number of bonds in the Index equals 40. If bonds are the same size in terms of principal value, the bonds with the longest maturity shall be added first. If bonds are the same size in terms of principal value and have the same maturity, the bonds that have been in the Index for the shortest period of time shall be added first. Bonds priced at 102 or above and which are subject to an extraordinary redemption provision (see subsection (c)(1) above) shall not be added to the Index.

On the business day preceding the revision day, the bonds to be added to the Index and the bonds to be deleted from the Index shall be announced by The Bond Buyer.

(d) Divisor (Coefficient) Computation and Changes-As of December 12, 1983, the Index divisor (coefficient) shall equal one. The Index divisor (coefficient) shall be changed each time the Index is revised. On each revision day, a new divisor (coefficient) shall be chosen such that the closing level of the revised Index shall equal the closing level of the Index had it not been revised. The divisor is defined as the number arrived at by dividing the average converted price (see 1950.01(b)(2)) for the bonds in the revised ("new") Index by the value of unrevised ("old") Index on revision day. The coefficient is defined as the reciprocal of the divisor. The divisor (coefficient) is rounded to four decimal places. The Index divisor (coefficient) shall be reset to one, on March 1, 1995. The index divisor (coefficient) applicable to Municipal Bond Index futures contracts based on 6 percent conversion factors shall be reset when the 6 percent contract(s) is (are) first listed.

Chapter 21
30-Day Fed Fund Futures

Chapter 21
30-Day Fed Fund Futures

Ch21 Trading Conditions

2101.01 Authority - (See Rule 1701.00) (10/01/94)

2102.01 Application of Regulation - Futures transactions in 30-Day Fed Fund futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in 30-Day Fed Fund futures. (10/01/94)

2104.01 Unit of Trading - The unit of trading shall be interest on Fed funds having face value of $5,000,000 or multiples thereof for one month calculated on a 30-day basis at a rate equal to the average overnight Fed funds rate for the contract month. (10/01/94)

2105.01 Months Traded In - Trading shall be for delivery in the current calendar month, and in the following twenty-four calendar months, and in the March, June, September, and December cycle months for a forty-two month period beginning with the first such cycle month following the last spot month, provided however that the Exchange may determine not to list a contract month. (10/01/94)

2106.01 Price Basis - Prices will be quoted on an index basis, i.e., 100 minus the monthly average overnight Fed funds rate (e.g., a rate of 6.50% is quoted at 93.50). Minimum price fluctuations shall be in increments of one-half of one-hundredth of one percent of five million dollars on a 30 day basis ($20.835 per one-half basis point), rounded up to the nearest cent. (07/01/99)

2107.01 Hours of Trading - The hours of trading for future delivery in 30-Day Fed Fund futures shall be as determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 2:00 p.m. Chicago time subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. The market shall be opened and closed for all months simultaneously or in such other manner as the Regulatory Compliance Committee shall direct. (10/01/94)

2109.01 Last Day of Trading - The last day of trading shall be the last business day of the delivery month. (10/01/94)

2109.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 2109.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 2142.01. (10/01/94)

2110.01 Margin Requirements - (See Regulation 431.03). (10/01/94)

2112.01 Position Limits and Reportable Positions - (See Regulation 425.01). (10/01/94)

2113.01 Strip Transactions - A 30-Day Fed Fund futures strip transaction involving the simultaneous purchase or sale of an equal amount of futures contract months at a differential to the previous settlement prices is permitted on this Exchange provided:

1. that each month of the strip is for the same account. Provided that, when an order has been executed in the wrong month, and the erroneous transaction has been placed in the broker's or firm's error account, the error may be corrected by a spread transaction in which one leg of the spread offsets the position in the error account and the other leg is the correct execution of the order. Provided further that the liability of the floor broker or FCM shall be determined in accordance with Regulation 350.04.

2. that all months of the strip are priced at prices within the daily trading limits specified in Regulation 1008.01.

3. that the strip is offered by public outcry in the pit assigned to 30-Day Fed Fund futures.

4. that the transaction shall be reported, recorded and publicized as a strip.

5. that when such transactions are executed simultaneously, the executing member on each side of the transaction shall designate each part of the trade as a strip on his cards or order by an appropriate word or symbol clearly identifying each part of such transactions.

Brokers may not couple separate orders and execute them as a strip, nor may a broker take one part of a strip for his own account and give the other part to a customer on an order. (10/01/94)

2136.01 Standards - The contract grade shall be 100 minus the average daily Fed funds overnight rate for the delivery month. The average daily Fed funds overnight rate is a simple average of the daily Fed funds overnight rates as determined by the Federal Reserve Bank of New York. This simple average will be rounded to the nearest tenth of a basis point and rounded up on the case of a tie.

For days for which the Federal Reserve Bank of New York does not compute a rate (e.g. weekends and holidays), the rate shall be the rate determined on the last business day for which a rate was determined. (08/01/01)

2142.01 Delivery on Futures Contracts - Delivery against 30-Day Fed Fund futures contracts shall be made by cash settlement through the Clearing House following normal variation margin procedures. The final settlement price will be calculated on the business day that the Federal Reserve Bank of New York releases the overnight Fed funds rate for the last day of trading. The final settlement price shall be 100 minus the average daily Fed funds overnight rate for the delivery month. On the last day of trading open contracts will be marked to market based on the closing futures price. A final mark to market will be made on the day the final settlement price is determined. (10/01/94)

2147.02 Payment - (See 1049.04) (10/01/94)

Chapter 22
Long-Term Municipal Bond Index Futures Options

Chapter 22
Long-Term Municipal Bond Index Futures Options

Ch22 Trading Conditions

2201.00 Authority - (See Rule 2801.00) (10/01/94)

2201.01 Application of Regulations - Transactions in put and call options on Long-Term Municipal Bond Index futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this Chapter which are exclusively applicable to trading in put and call options on Long-Term Municipal Bond Index futures contracts. (See Rule 490.00.) (10/01/94)

2202.01 Nature of Long-Term Municipal Bond Index Futures Put Options - The buyer of one (1) Long-Term Municipal Bond Index futures put option may exercise his option at any time prior to expiration (subject to Regulation 2207.01), to assume a short position in one (1) Long-Term Municipal Bond Index futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Long-Term Municipal Bond Index futures put option incurs the obligation of assuming a long position in one (1) Long-Term Municipal Bond Index futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

2202.02 Nature of Long-Term Municipal Bond Index Futures Call Options - The buyer of one (1) Long-Term Municipal Bond Index futures call option may exercise his option at any time prior to expiration (subject to Regulation 2207.01), to assume a long position in one (1) Long-Term Municipal Bond Index futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Long-Term Municipal Bond Index futures call option incurs the obligation of assuming a short position in one (1) Long-Term Municipal Bond Index futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

2203.01 Trading Unit - One (1) Long-Term Municipal Bond Index futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

2204.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one (1) point per Long-Term Municipal Bond Index futures contract. At the commencement of trading for such option contracts, the following strike prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying Long-Term Municipal Bond Index futures contract, the next six consecutive higher and the next six consecutive lower striking prices closest to the previous day's settlement price; and all strike prices listed for all other option contract months listed at the time. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. When a sale in the underlying Long-Term Municipal Bond Index futures contract occurs at a price greater than or equal to the sixth largest striking price, a new striking price one increment higher than the existing striking prices will be added. When a sale in the underlying Long-Term Municipal Bond Index futures contract occurs at a price less than or equal to the sixth smallest striking price, a new striking price one increment lower than the existing striking prices will be added. When a new strike price is added for an option contract month, the same strike price will be added to all option contract months for which that strike price is not already listed. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (10/01/94)

2205.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

2206.01 Option Premium Basis - The premium for Long-Term Municipal Bond Index futures options shall be in multiples of one sixty-fourth (1/64) of one point ($1,000) of a Long-Term Municipal

Bond Index futures contract which shall equal $15.63 per 1/64 and $1,000 per full point. However, for box spreads* the option premium shall be in multiples of one-half of one sixty-fourth of one point ($1000) which shall equal $7.81 per one-half of one sixty-fourth and $1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract.

* A box spread is defined as a position long one call option, short one call option, long one put option, and short one put option, in split dhe long call option and the short put option have the same exercise price, the short call option and the long put option have the same exercise price, and all options are in the same contract month. (10/01/94)

2207.01 Exercise of Option - The buyer of a Long-Term Municipal Bond Index futures option may exercise the option on any business day up to and including the day such option expires by giving notice of exercise to the Clearing House by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. In-the-money options that have not been liquidated or exercised on the last day of trading in such option shall be automatically exercised in the absence of contrary instructions delivered to the Clearing House by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading by the clearing member representing the option buyer. (12/01/99)

**An option is in-the-money if the settlement price of the underlying futures contract is less in the case of a put, or greater in the case of a call, than the exercise price of the option.

2208.01 Expiration of Option - Unexercised Long-Term Municipal Bond Index futures options shall expire at 6:00 p.m. on the day of termination of trading. (See Regulation 2213.01.) (10/01/94)

2209.01 Months Traded In - Trading may be conducted in Long-Term Municipal Bond Index futures options for a thirty-six month period extending from the nearby contract month, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which the futures are not traded, the underlying futures is the next futures that is nearest to the expiration of the option. For options that are traded in the same months in which the futures are traded and expire on the same day in which the futures expires, the underlying futures is the expiring futures. For options that are traded in the same months in which the futures are traded but expire on a different day than the futures, the underlying futures is the next futures following that delivery month. (10/01/94)

2210.01 Trading Hours - The hours of trading of options on Long-Term Municipal Bond Index futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Long-Term Municipal Bond Index futures contract, subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. Long-Term Municipal Bond Index futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (04/01/00)

2211.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

2212.01 Margin Requirements - (See Regulation 431.03) (10/01/94)

** An option is in-the-money if the settlement price of the underlying futures contract is less in the case of a put, or greater in the case of a call than the exercise price for the option.

2213.01 Last Day of Trading - For options that do not expire on the same day of the underlying futures contract, the last day of trading shall be the last Friday which precedes by at least two [five] business days, the last business day of the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday.

For options that expire on the same day of the underlying futures contract, the last day of trading will be the same as the last day of trading of the underlying futures contract. (07/01/01)

2215.01 Disclaimer - The Bond Buyer Municipal Bond Index futures and futures options are not sponsored, endorsed, sold or promoted by Thomson Holdings, Inc., its subsidiaries, The

CBBB Partnership, or the various brokers who evaluate bonds for purposes of the Index ("Entities"). These Entities make no representation or warranty, express or implied, to the owners of Bond Buyer Municipal Bond Index futures or futures options or any member of the public regarding the advisability of trading in Bond Buyer Municipal Bond Index futures and futures options. These Entities have no obligation to take the needs of the Chicago Board of Trade or the owners of the Bond Buyer Municipal Bond Index futures and futures options into consideration in determining, composing or calculating the Index. These Entities are not responsible for and have not participated in the determination of when the Bond Buyer Municipal Bond Index futures and futures options are listed for trading and (in the case of 71F2B options) at what strike prices or in the determination or calculation of how such Index futures and futures options may be converted into cash. These Entities have no obligation or liability in connection with the administration, marketing or trading of the Bond Buyer Municipal Bond Index futures and futures options.

THESE ENTITIES DO NO GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE BOND BUYER MUNICIPAL BOND INDEX OR ANY DATA INCLUDED THEREIN AND SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. THESE ENTITIES MAKE NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CHICAGO BOARD OF TRADE, OWNERS OF THE BOND BUYER MUNICIPAL BOND INDEX FUTURES AND FUTURES OPTIONS, OR ANY OTHER PERSON OR ENTITY, FROM THE USE OF SUCH INDEX OR ANY DATA INCLUDED THEREIN. THESE ENTITIES MAKE NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIM ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE BOND BUYER MUNICIPAL BOND INDEX OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL THESE ENTITIES HAVE ANY LIABILITY FOR LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN THESE ENTITIES AND BETWEEN THESE ENTITIES AND THE CHICAGO BOARD OF TRADE OR THE CBBB PARTNERSHIP. (04/01/98)

Chapter 23
Short Term U.S. T-Notes (2-Year)

Chapter 23
Short Term U.S. T-Notes (2-Year)

Ch23 Trading Conditions

2301.00 Authority - (See Rule 1701.00) (10/01/94)

2302.01 Application of Regulation - Futures transactions in short term U.S. Treasury Notes shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in short term U.S. Treasury Notes.

For the purpose of this chapter, the trading day begins with the commencement of trading on Project A at 2:15 p.m. and ends with the close of trading of regular daytime trading. (10/01/98)

2303.01 Emergencies, Acts of God, Acts of Government - If the delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. For example, and without limiting the Board's power, it may extend delivery dates and designate alternative delivery points in the event of conditions interfering with the normal operations of approved facilities.

In the event the Board determines that there exists a shortage of deliverable U.S. Treasury Notes, it may, upon a two-thirds vote under Rule 180.00, take such action as may in the Board's sole discretion appear necessary to prevent, correct or alleviate the condition. Without limiting the foregoing or the authority of the Board under Rule 180.00, the Board may:

(1) designate as deliverable, U.S. Treasury Bonds or U.S. Treasury Notes otherwise meeting the specifications and requirements stated in this chapter;

(2) designate as deliverable one or more issues of U.S. Treasury Notes and/or U.S. Treasury Bonds having maturities shorter than one year, nine months or longer than two years and otherwise meeting the specifications and requirements stated in this chapter; and/or

(3) determine a cash settlement based on the current cash value of a 6% coupon rate, one year nine months to two years U.S. Treasury Note, as determined by using the current market yield curve for U.S. Treasury securities on the last day of trading. (03/01/00)

2304.01 Unit of Trading - The unit of trading shall be United States Treasury Notes having a face value at maturity of two hundred thousand dollars ($200,000) or multiples thereof. (10/01/94)

2305.01 Months Traded In - Trading in Short-Term U.S. Treasury Notes futures may be scheduled in such months as determined by the Exchange. (03/01/00)

2306.01 Price Basis - Minimum price fluctuations shall be in multiples of one-quarter of one thirty-second (1/32) point per 100 points ($15.625 rounded up to the nearest 1 cent per contract). Par shall be on the basis of 100 points. Contracts shall not be made on any other price basis. (10/01/94)

2307.01 Hours of Trading - The hours of trading for future delivery in short term U.S. Treasury Notes shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 12:00 noon, subject to the provisions of the second paragraph of Rule 1007.00. The market shall be opened and closed for all months simultaneously, or in such other manner as the Regulatory Compliance Committee shall direct. (10/01/94)

2309.01 Last Day of Trading - No trades in short term U.S. Treasury Note futures deliverable in the current month shall be made following the last business day of the calendar month or two business days prior to issuance of two year notes by the U.S. Treasury auctioned in the current month, whichever occurs first, and any contracts remaining open must be settled by delivery or as provided in Regulation 2309.02 after trading in such contract has ceased. (10/01/94)

2309.02 Liquidation after Trading has Ceased - After trading in contacts for future delivery in the current delivery month has ceased in accordance with Regulation 2309.01 of this chapter, outstanding contracts may be liquidated by the delivery of book-entry U.S. Treasury Notes (Regulation 2342.01) or by mutual agreement by means of a bona fide exchange of such current futures for actual U.S. Treasury Notes or comparable instruments. Such exchange must, in any event be made no later than 12:00 p.m. (Chicago time) on the second business day immediately preceding the last business day of the delivery month as defined in Regulation 2346.01. (10/01/94)

2313.01 All-Or-None Orders -The minimum threshold established for All-Or-None orders in short term U.S. Treasury Note futures is one hundred contracts. Such orders must be executed in accordance with Regulation 331.03. (07/01/00)

Ch23 Delivery Procedures

2336.01 Standards - The contract grade for delivery on futures contracts made under these regulations shall be U.S. Treasury Notes which have an original maturity no greater than five years three months and remaining maturity not less than one year, nine months and not more than two years as defined below. All notes delivered against a contract must be of the same issue. For settlement or for determining remaining maturity for delivery eligibility, the time to maturity of a given issue is calculated in complete one month increments (i.e. 1 year, 10 months, 17 days is taken to be 1 year, 10 months) from the first day of the delivery month. The price at which a note with this time to maturity and with the same coupon rate as this issue will yield 6%, according to bond tables prepared by the Financial Publishing Co. of Boston, Mass., is multiplied by the settlement price to arrive at the amount at which the short invoices the long.

Interest accrued on the notes shall be charged to the long by the short in accordance with Department of the Treasury Circular 300, Subpart P.

New issues of U.S. Treasury Notes which satisfy the standards in this regulation shall be added to the deliverable grade as they are issued. If during the auction of a note which will meet the standards of this chapter the Treasury re-opens an existing issue, thus rendering the existing issue indistinguishable from the newly auctioned one, the older issue is deemed to meet the standards of this chapter and would be deliverable. The Exchange shall have the right to exclude any new issue from deliverable status or to further limit outstanding issues from deliverable status. (03/01/00)

2342.01 Deliveries on Futures Contracts - Deliveries against short-term U.S. Treasury Notes futures contracts shall be by book-entry transfer between accounts of Clearing Members at qualified banks (Regulation 2380.01) in accordance with Department of Treasury Circular 300, Subpart 0: Book-Entry Procedure. Delivery must be made no later than the last business day of the month. Notice of intention to deliver shall be given to the Board of Trade Clearing Corporation by 8:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the second business day preceding delivery day. In the event the long Clearing Member does not agree with the terms of the invoice received from the short Clearing Member, the long Clearing Member must notify the short Clearing Member, and the dispute must be settled by 9:30 a.m. (Chicago time) on delivery day. The short Clearing Member must have contract grade U.S. Treasury notes at his bank in acceptable (to his bank) delivery form by 10:00 a.m. (Chicago time) on delivery day. The short Clearing Member must notify his bank (Regulation 2380.01) to transfer contract grade U.S. Treasury notes by book-entry to the long Clearing Member's account on a delivery versus payment basis. That is, payment shall not be made until the notes are delivered. On delivery day, the long Clearing Member must make funds available by 7:30 a.m. (Chicago time) and notify his bank (Regulation 2380.01) to accept contract grade U.S. Treasury notes and to remit federal funds to the short Clearing Members' account at the short Clearing Member's bank (Regulation 2380.01) in payment for delivery of the notes. Contract grade U.S. Treasury notes must be transferred and payment must be made before 1:00 p.m. (Chicago time) on delivery day. All deliveries must be assigned by the Clearing Corporation. Where a commission house as a member of the Clearing Corporation has an interest both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it received from its customers who are short. (12/01/99)

2342.02 Wire Failure - In the event that delivery cannot be accomplished because of a failure of the Federal Reserve wire or because of a failure of either the long Clearing Member's bank or the short Clearing Member's bank access to the Federal Reserve wire, delivery shall be made before 9:30 a.m. on the next business day on which the Federal Reserve wire is operable. Interest shall accrue to the long paid by the short beginning on the day at which the notes were to be originally delivered.

In the event of such failure, both the long and short must provide documented evidence that the instructions were given to their respective banks in accordance with Regulations 2342.01 and 2349.04 and that all provisions of Regulations of 2342.01 and 2349.04 have been complied with. (10/01/94)

2346.01 Date of Delivery - Delivery of short term U.S. Treasury Notes may be made by the short upon any permissible delivery day of the delivery month the short may select. The delivery month extends to and includes the third business day following the last trading day in the current month. Delivery of short term U.S. Treasury Notes must be made no later than the last business day

of that month. (11/01/94)

2347.01 Delivery Notices - (See Regulation 1047.01) (10/01/94)

2348.01 Method of Delivery - (See Regulation 1048.01) (10/01/94)

2349.01 Time of Delivery, Payment, Form of Delivery Notice - (See Rule 1049.00) (10/01/94)

2349.02 Buyer's Report of Eligibility to Receive Delivery - (See Regulation 1049.02) (10/01/94)

2349.03 Seller's Invoice to Buyers - Upon determining the buyers obligated to accept deliveries tendered by issuers of delivery notices, the Clearing House shall promptly furnish each issuer the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing House to each such buyer. Thereupon, sellers (issuers of delivery notices) shall prepare invoices addressed to their assigned buyers, describing the documents to be delivered to each such buyer. Such invoices shall show the amount which buyers must pay to sellers in settlement of the actual deliveries, based on the delivery prices established by the Clearing House, and adjusted for applicable interest payments. Such invoices shall be delivered to the Clearing House by 2:00 p.m., or by such other time designated by the Board of Directors, on the day of intention except on the last intention day of the month, where such invoices shall be delivered to the Clearing House by 3:00 p.m., or by such other time designated by the Board of Directors. Upon receipt of such invoices, the Clearing House shall promptly make them available to buyers to whom they are addressed, by placing them in buyers' mail boxes provided for that purpose in the Clearing House. (12/01/99)

2349.04 Payment - Payment shall be made in federal funds. The long obligated to take delivery must take delivery and make payments before 1:00 p.m. on the day of delivery, except on banking holidays when delivery must be taken and payment made before 9:30 a.m. the next banking business day. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in accordance with its by-laws and resolutions. (10/01/94)

2349.05 Buyers Banking Notification - The long Clearing Member shall provide the short Clearing member by 4:00 p.m. (5:00 p.m. EST) on the day of intention, one business day prior to delivery day, with a Banking Notification. The Banking Notification form will include the following information: the identification number and name of the long Clearing Member; the delivery date; the notification number of the delivery assignment; the identification number and name of the short Clearing Member making delivery; the quantity of the contract being delivered; the long Clearing Member's bank, account number and specific Federal Wire instructions for the transfer of U.S. securities. (10/01/94)

2350.00 Duties of Members - (See Rule 1050.00) (10/01/94)

2350.01 Office Deliveries Prohibited - (See Regulation 1051.01) (10/01/94)

2354.00 Failure to Accept Delivery - (See Rule 1054.00) (10/01/94)

2380.01 Banks - For purposes of these regulations relating to trading in short term U.S. Treasury Notes, the word "Bank" (Regulation 2342.01) shall mean a U.S. commercial bank (either Federal or State charter) that is a member of the Federal Reserve System and with capital (capital, surplus, and undivided earnings) in excess of one hundred million dollars ($100,000,000). (10/01/94)

Chapter 24
Long Term T-Notes (6 1/2 -10 Year)

Chapter 24
Long Term T-Notes (6 1/2 -10 Year)

Ch24 Trading Conditions

2401.00 Authority - (See Rule 1701.00) (10/01/94)

2402.01 Application of Regulations - Futures transactions in long term U.S. Treasury Notes shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in long term U.S. Treasury Notes. (09/01/00)

2403.01 Emergencies, Acts of God, Acts of Government - If the delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. For example, and without limiting the Board's power, it may extend delivery dates and designate alternative delivery points in the event of conditions interfering with the normal operations of approved facilities.

In the event the Board determines that there exists a shortage of deliverable U.S. Treasury Notes, it may, upon a two-thirds vote under Rule 180.00, take such action as may be in the Board's sole discretion appear necessary to prevent, correct or alleviate the condition. Without limiting the foregoing or the authority of the Board under Rule 180.00, the Board may:

(1) designate as deliverable, callable U.S. Treasury Bonds otherwise meeting the specifications and requirements stated in this chapter;

(2) designate as deliverable one or more issues of U.S. Treasury Notes and/or U.S. Treasury Bonds having maturities shorter than six and one-half years, or longer than ten years and otherwise meeting the specifications and requirements stated in this chapter; and/or

(3) determine a cash settlement based on the current cash value of a 6% coupon rate, six and one-half years to ten years U.S. Treasury Note, as determined by using the current market yield curve for U.S. Treasury securities on the last day of trading. (03/01/00)

2404.01 Unit of Trading - The unit of trading shall be United States Treasury Notes having a face value at maturity of one hundred thousand dollars ($100,000) or multiples thereof. (10/01/94)

2405.01 Months Traded In - Trading in Long-Term U.S. Treasury notes futures may be scheduled in such months as determined by the Exchange. (03/01/00)

2406.01 Price Basis - Minimum price fluctuations shall be in multiples of one-half of one thirty-second (1/32) point per 100 points ($15.625 per contract) except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one thirty-second point per 100 points ($7.8125 per contract). Par shall be on the basis of 100 points. Contracts shall not be made on any other price basis. (02/01/01)

2407.01 Hours of Trading - The hours of trading for future delivery in long term U.S. Treasury Notes shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 12:00 noon subject to the provisions of the second paragraph of Rule 1007.00.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Regulatory Compliance Committee shall direct. (10/01/94)

2409.01 Last Day of Trading - No trades in long term U.S. Treasury Note futures deliverable in the current month shall be made during the last seven business days of that month and any contracts

remaining open must be settled by delivery or as provided in Regulation 2409.02 after trading in such contracts has ceased. (10/01/94)

2409.02 Liquidation in the Last Seven Days of Delivery Months - After trading in contracts for future delivery in the current delivery month has ceased in accordance with Regulation 2409.01 of this chapter, outstanding contracts may be liquidated by the delivery of book-entry U.S. Treasury Notes or Bonds (Regulation 2442.01) or by mutual agreement by means of a bona fide exchange of such current futures for actual U.S. Treasury Notes or Bonds or comparable instruments. Such exchange must, in any event, be made no later than the fifth business day immediately preceding the last business day of the delivery month. (10/01/94)

2412.12 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/94)

2436.01 Standards - The contract grade for delivery on futures contracts made under these regulations shall be U.S. Treasury Notes which have an actual maturity of not less than six and one-half years and not more than ten years. All notes delivered against a contract must be of the same issue. For settlement, the time to maturity of a given issue is calculated in complete quarter year increments (i.e. 8 years, 10 months, 17 days is taken to be 8 years, 9 months) from the first day of the delivery month. The price at which a note with this time to maturity and with the same coupon rate as this issue will yield 6%, according to bond tables prepared by the Financial Publishing Co. of Boston, Mass., is multiplied by the settlement price to arrive at the amount at which the short invoices the long.

U.S. Treasury Notes deliverable against futures contracts under these regulations must have semi-annual coupon payments.

Interest accrued on the notes shall be charged to the long by the short in accordance with Department of the Treasury Circular 300, Subpart P.

New issues of U.S. Treasury Notes which satisfy the standards in this regulation shall be added to the deliverable grade as they are issued. If during the auction of a note which will meet the standards of this chapter the Treasury re-opens an existing issue, thus rendering the existing issue indistinguishable from the newly auctioned one, the older issue is deemed to meet the standards of this chapter and would be deliverable. The Exchange shall have the right to exclude any new issue from deliverable status or to further limit outstanding issues from deliverable status. (03/01/00)

2442.01 Deliveries of Futures Contracts - Deliveries against long term U.S. Treasury Note futures contracts shall be by book-entry transfer between accounts of Clearing Members at qualified banks (Regulation 2480.01) in accordance with Department of Treasury Circular 300, Subpart O: Book-Entry Procedure. Delivery must be made no later than the last business day of the month. Notice of intention to deliver shall be given to the Board of Trade Clearing Corporation by 8:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the second business day preceding delivery day. In the event the long Clearing Member does not agree with the terms of the invoice received from the short Clearing Member, the long Clearing Member must notify the short Clearing Member, and the dispute must be settled by 9:30 a.m. (Chicago time) on delivery day. The short Clearing Member must have contract grade U.S. Treasury notes in place at his bank in acceptable (to his bank) delivery form no later than 10:00 a.m. (Chicago time) on delivery day. The short Clearing Member must notify his bank (Regulation 2480.01) to transfer contract grade U.S. Treasury notes by book-entry to the long Clearing Member's account at the long Clearing Member's bank on a delivery versus payment basis. That is, payment shall not be made until the notes are delivered. On delivery day, the long Clearing Member must make funds available by 7:30 a.m. (Chicago time) and notify his bank (Regulation 2480.01) to accept contract grade U.S. Treasury notes and to remit federal funds to the short Clearing Member's account at the short Clearing Member's bank (Regulation 2480.01) in payment for delivery of the notes. Contract grade U.S. Treasury notes must be transferred and payment must be made before 1:00 p.m. (Chicago time) on delivery day. All deliveries must be assigned by the Clearing Corporation. Where a commission house as a member of the Clearing Corporation has an interest both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it received from its customers who are short. (12/01/99)

2442.02 Wire Failure - In the event that delivery cannot be accomplished because of a failure of the Federal Reserve wire or because of a failure of either the long Clearing Member's bank or thbulletinClearing Member's bank access to the Federal Reserve wire, delivery shall be made before 9:30 a.m. on the next business day on which the Federal Reserve wire is operable. Interest shall accrue to the long paid by the short beginning on the day at which the notes were to be originally delivered.

In the event of such failure, both the long and short must provide documented evidence that the instructions were given to their respective banks in accordance with Regulations 2442.01 and 2449.04 and that all other provisions of Regulations of 2442.01 and 2449.04 have been complied with. (10/01/94)

2446.01 Date of Delivery - Delivery of long term U.S. Treasury Notes may be made by the short upon any permissible delivery day of the delivery month the short may select. Delivery of long term U.S. Treasury Notes must be made no later than the last business day of that month. (10/01/94)

2447.01 Delivery Notices - (See Regulation 1047.01) (10/01/94)

2448.01 Method of Delivery - (See Regulation 1048.01) (10/01/94)

2449.00 Time of Delivery, Payment, Form of Delivery Notice - (See Rule 1049.00) (10/01/94)

2449.02 Buyer's Report of Eligibility to Receive Delivery - (See Regulation 1049.02) (10/01/94)

2449.03 Sellers Invoice to Buyers - Upon determining the buyers obligated to accept deliveries tendered by issuers of delivery notices, the Clearing House shall promptly furnish each issuer the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing House to each such buyer. Thereupon, sellers (issuers of delivery notices) shall prepare invoices addressed to their assigned buyers describing the documents to be delivered to each such buyer. Such invoices shall show the amount which buyers must pay to sellers in settlement of the actual deliveries, based on the delivery prices established by the Clearing House, and adjusted for applicable interest payments. Such invoices shall be delivered to the Clearing House by 2:00 p.m., or by such other time designated by the Board of Directors, on the day of intention except on the last intention day of the month, where such invoices shall be delivered to the Clearing House by 3:00 p.m., or by such other time designated by the Board of Directors. Upon receipt of such invoices, the Clearing House shall promptly make them available to buyers to whom they are addressed, by placing them in buyer's mail boxes provided for that purpose in the Clearing House. (12/01/99)

2449.04 Payment - Payment shall be made in federal funds. The long obligated to take delivery must take delivery and make payment before 1:00 p.m. on the day of delivery, except on banking holidays when delivery must be taken and payment made before 9:30 a.m. the next business day. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in accordance with its by-laws and resolutions. (10/01/94)

2449.05 Buyers Banking Notification - The long Clearing Member shall provide the short Clearing member by 4:00 p.m. (5:00 p.m. EST) on the day of intention, one business day prior to delivery day, with a Banking Notification. The Banking Notification form will include the following information: the identification number and name of the long Clearing Member; the delivery date; the notification number of the delivery assignment; the identification number and name of the short Clearing Member making delivery; the quantity of the contract being delivered; the long Clearing Member's bank, account number and specific Federal Wire instructions for the transfer of U.S. securities. (10/01/94)

2480.01 Banks - For purposes of these regulations relating to trading in long term U.S. Treasury Notes, the word "Bank" (Regulation 2442.01) shall mean a U.S. commercial bank (either Federal or State charter) that is a member of the Federal Reserve System and with capital (capital, surplus and undivided earnings) in excess of one hundred million dollars ($100,000,000). (10/01/94)

Chapter 25
Medium Term U.S. Treasury Notes (5 Year)

Chapter 25
Medium Term U.S. Treasury Notes (5 Year)

Ch25 Trading Conditions

2501.00 Authority - (See Rule 1701.00) (10/01/94)

2502.01 Application of Regulations - Futures transactions in medium term U.S. Treasury Notes shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in medium term U.S. Treasury Notes. (09/01/00)

2503.01 Emergencies, Acts of God, Acts of Government - If the delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. For example, and without limiting the Board's power, it may extend delivery dates and designate alternative delivery points in the event of conditions interfering with the normal operations of approved facilities.

In the event the Board determines that there exists a shortage of deliverable U.S. Treasury Notes, it may, upon a two-thirds vote under Rule 180.00, take such action as may in the Board's sole discretion appear necessary to prevent, correct or alleviate the condition. Without limiting the foregoing or the authority of the Board under Rule 180.00, the Board may:

(1) designate as deliverable, U.S. Treasury Bonds otherwise meeting the specifications and requirements stated in this chapter;

(2) designate as deliverable one or more issues of U.S. Treasury Notes and/or U.S. Treasury Bonds having maturities shorter than four years and two months, or longer than five years and two months and otherwise meeting the specifications and requirements stated in this chapter.

(3) determine a cash settlement based on the current cash value of a 6% coupon rate, five year U.S. Treasury Note, as determined by using the current cash market yield curve for U.S. Treasury securities on the last day of trading. (03/01/00)

2504.01 Unit of Trading - The unit of trading shall be United States Treasury Notes having a face value at maturity of one hundred thousand dollars ($100,000) or multiples thereof. (10/01/94)

2505.01 Months Traded In - Trading in Medium-Term U.S. Treasury notes futures may be scheduled in such months as determined by the Exchange. (03/01/00)

2506.01 Price Basis - Minimum price fluctuations shall be in multiples of one-half of one thirty-second (1/32) point per 100 points ($15.625 rounded up to the nearest 1c per contract) except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one thirty-second point per 100 points ($7.8125 per contract). Par shall be on the basis of 100 points. Contracts shall not be made on any other price basis. (02/01/01)

2507.01 Hours of Trading - The hours of trading for future delivery in U.S. Treasury Notes shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 12:00 noon subject to the provisions of the second paragraph of Rule 1007.00. The market shall be opened and closed for all months simultaneously or in such other manner as the Regulatory Compliance Committee shall direct. (10/01/94)

2509.01 Last Day of Trading - No trades in medium term U.S. Treasury Note futures deliverable in the current month shall be made during the last seven business days of that month and any contracts remaining open must be settled by delivery as provided in Regulation 2509.02 after trading in such contracts has ceased. (10/01/94)

2509.02 Liquidation in the Last Seven Days of the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased in accordance with Regulation 2509.01 of this chapter, outstanding contracts may be liquidated by the delivery of book-entry U.S. Treasury Notes (Regulation 2542.01) or by mutual agreement by means of bona fide exchange of such current futures for actual U.S. Treasury Notes or comparable instruments. Such exchange must, in any event, be made no later than the fifth business day immediately preceding the last business day of the delivery month. (10/01/94)

2510.01 Margin Requirements - (See Regulation 431.03) (10/01/94)

2536.01 Standards - The contract grade for delivery on futures contracts made under these regulations shall be U.S. notes which have an original maturity of not more than 5 years three months and which have a remaining maturity of not less than four years and two months as defined below. To be delivered in the current month, the note must have been issued by the Treasury before the last day of trading in the current month. All notes or bonds delivered against a contract must be of the same issue. For settlement, the time to maturity of a given issue is calculated in complete one month increments (i.e. 4 years, 5 months and 14 days is taken to be 4 years and 5 months) from the first day of the delivery month. The price at which a note with this time to maturity and with the same coupon rate as this issue will yield 6%, according to bond tables prepared by the Financial Publishing Co. of Boston, Mass., is multiplied by the settlement price to arrive at the amount which the short invoices the long.

Interest accrued on the notes shall be charged to the long by the short in accordance with Department of the Treasury Circular 300, Subpart P.

New issues of U.S. Treasury Notes which satisfy the standards in this regulation shall be added to the deliverable grade as they are issued. If during the auction of a note which will meet the standards of this chapter the Treasury re-opens an existing issue, thus rendering the existing issue indistinguishable from the newly auctioned one, the older issue is deemed to meet the standards of this chapter and would be deliverable. The Exchange shall have the right to exclude any new issue from deliverable status or to further limit outstanding issues from deliverable status. (03/01/00)

2542.01 Deliveries on Futures Contracts - Deliveries against medium term U.S. Treasury Note futures contracts shall be by book-entry transfer between accounts of Clearing Members at qualified banks (Regulation 2580.01) in accordance with Department of Treasury Circular 300, Subpart O: Book-Entry Procedure. Delivery must be made no later than the last business day of the month. Notice of intention to deliver shall be given to the Board of Trade Clearing Corporation by 8:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the second business day preceding delivery day. In the event the long Clearing Member does not agree with the terms of the invoice received from the short Clearing Member, the long Clearing Member must notify the short Clearing Member, and the dispute must be settled by 9:30 a.m. (Chicago time) on delivery day. The short Clearing Member must have contract grade U.S. Treasury notes at his bank in acceptable (to his bank) delivery form by 10:00 a.m. (Chicago time) on delivery day. The short Clearing Member must notify his bank (Regulation 2580.01) to transfer contract grade U.S. Treasury notes by book-entry to the long Clearing Member's account on a delivery versus payment basis. That is, payment shall not be made until the notes are delivered. On delivery day, the long Clearing Member must make funds available by 7:30 a.m. (Chicago time) and notify his bank (Regulation 2580.01) to accept contract grade U.S. Treasury notes and to remit federal funds to the short Clearing Member's account at the short Clearing Member's bank (Regulation 2580.01) in payment for delivery of the notes. Contract grade U.S. Treasury notes must be transferred and payment must be made before 1:00 p.m. (Chicago time) on delivery day. All deliveries must be assigned by the Clearing Corporation. Where a commission house as a member of the Clearing Corporation has an interest both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it received from its customers who are short. (12/01/99)

2542.02 Wire Failure - In the event that delivery cannot be accomplished because of a failure of the Federal Reserve wire or because of a failure of either the long Clearing Member's bank or the short Clearing Member's bank access to the Federal Reserve wire, delivery shall be made before 9:30 a.m. on the next business day on which the Federal Reserve wire is operable. Interest shall accrue to the long paid by the short beginning on the day at which the notes were to be originally delivered.

In the event of such failure, both the long and short must provide documented evidence that the instructions were given to their respective banks in accordance with Regulations 2542.01 and 2549.04 and that all other provisions of Regulations of 2542.01 and 2549.04 have been complied with. (10/01/94)

2546.01 Date of Delivery - Delivery of medium term U.S. Treasury Notes may be made by the short upon any permissible delivery day of the delivery month the short may select. Delivery of

medium term U.S. Treasury Notes must be made no later than the last business day of that month. (10/01/94)

2547.01 Delivery Notices - (See Regulation 1047.01) (10/01/94)

2548.01 Method of Delivery - (See Regulation 1048.01) (10/01/94)

2549.00 Time of Delivery, Payment, Form of Delivery Notice - (See Rule 1049.00) (10/01/94)

2549.02 Buyer's Report of Eligibility to Receive Delivery - (See Regulation 1049.02) (10/01/94)

2549.03 Seller's Invoice to Buyers - Upon determining the buyers obligated to accept deliveries tendered by issuers of delivery notices, the Clearing House shall promptly furnish each issuer the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing House to each such buyer. Thereupon, sellers (issuers of delivery notices) shall prepare invoices addressed to their assigned buyers, describing the documents to be delivered to each such buyer. Such invoices shall show the amount which buyers must pay to sellers in settlement of the actual deliveries, based on the delivery prices established by the Clearing House, and adjusted for applicable interest payments. Such invoices shall be delivered to the Clearing House by 2:00 p.m., or by such other time designated by the Board of Directors, on the day of intention except on the last intention day of the month, where such invoices shall be delivered to the Clearing House by 3:00 p.m., or by such other time designated by the Board of Directors. Upon receipt of such invoices, the Clearing House shall promptly make them available to buyers to whom they are addressed, by placing them in buyer's mail boxes provided for that purpose in the Clearing House. (12/01/99)

2549.04 Payment - Payment shall be made in federal funds. The long obligated to take delivery must take delivery and make payment before 1:00 p.m. on the day of delivery, except on banking holidays when delivery must be taken and payment made before 9:30 a.m. the next banking business day. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in accordance with its by-laws and resolutions. (10/01/94)

2549.05 Buyers Banking Notification - The long Clearing Member shall provide the short Clearing member by 4:00 p.m. (5:00 p.m. EST) on the day of intention, one business day prior to delivery day, with a Banking Notification. The Banking Notification form will include the following information: the identification number and name of the long Clearing Member; the delivery date; the notification number of the delivery assignment; the identification number and name of the short Clearing Member making delivery; the quantity of the contract being delivered; the long Clearing Member's bank, account number and specific Federal Wire instructions for the transfer of U.S. securities. (10/01/94)

2550.00 Duties of Members - (See Rule 1050.00) (10/01/94)

2551.01 Office Deliveries Prohibited - (See Regulation 1051.01) (10/01/94)

2554.00 Failure to Accept Delivery - (See Rule 1054.00) (10/01/94)

Chapter 26
CBOT mini-sized Three-Month Eurodollar Time Deposits

Chapter 26
CBOT mini-sized Three-Month Eurodollar Time Deposits

Ch26 Trading Conditions

2601.01 Authority - Trading in mini-sized Eurodollar futures may be conducted under such terms and conditions as may be prescribed by regulation. (12/01/01)

2602.01 Application of Regulations - Futures transactions in mini-sized Eurodollars shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in mini-sized Eurodollars. (12/01/01)

2603.01 Derivative Markets - Settlement prices shall be set in accordance with this regulation consistent with the settlement prices of the primary market. Contract settlement prices therein shall be set equal to the settlement prices of the corresponding contracts of the primary market for such commodity. Where a particular contract has opened on the Exchange for which the primary market has established no settlement price, the manager of the clearing house shall set a settlement price consistent with the spread relationships of other contracts; provided, however, that if the contract is not subject to daily price fluctuation limits then the settlement price shall be set at the fair market value of the contract at the close of trading. (12/01/01)

2604.01 Unit of Trading - The unit of trading shall be three-month Eurodollar time deposits in the amount of $500,000. (12/01/01)

2605.01 Months Traded In - Trading in mini-sized Eurodollars futures may be scheduled in such months as determined by the Exchange. (12/01/01)

2606.01 Price Basis - Minimum price fluctuations shall be one-half of one basis point (0.005) of $500,000 on a 90-day basis, or $6.25 per contract. Prices shall be quoted in terms of an index consisting of the difference between the number 100.00 and the three-month Eurodollar yield on an annual basis for a 360-day year. (For example, a deposit rate of 4.50 percent shall be quoted as 95.50.) Contracts shall not be made on any other price basis. (12/01/01)

2607.01 Hours of Trading - The hours of trading for future delivery in mini-sized Eurodollar futures shall be determined by the Exchange. (12/01/01)

2609.01 Last Day of Trading The last day of trading in Eurodollar futures contracts, deliverable in the current month, shall be the second London bank business day immediately preceding the third Wednesday of the contract month. On the last day of trading in an expiring future, the closing time for such future shall be 11:00 a.m. (London time)*, subject to the provisions of Regulation 9B.02. (12/01/01)

*This is 5:00 a.m. (Chicago time) except when Daylight Saving Time is in effect in either, but not both, London or Chicago.

2610.01 Margin Requirements - (See Regulation 431.03) (12/01/01)

2612.01 Position Limits and Reportable Positions - (See Regulation 425.01) (12/01/01)

2636.01 Standards - Each contract which is not offset prior to the expiration of trading shall be offset with the clearing house on the second London bank business day immediately preceding the third Wednesday of the contract month at a settlement price established by the International Monetary Market for settlement of its corresponding expiring Three-Month Eurodollar Time Deposits futures contract. If the foregoing date for cash settlement is an Exchange holiday, each contract which is not offset prior to the expiration of trading shall be offset with the clearing house on the next succeeding Exchange business day. (12/01/01)

2642.01 Deliveries of Futures Contracts - Deliveries against mini-sized Eurodollar futures contracts must be made through the Clearing Corporation. Delivery under these regulations shall be made on settlement day and shall be accomplished by cash settlement as hereinafter provided.

The Clearing Corporation will advise clearing members holding open positions in mini-sized Eurodollar futures contracts deliverable in the current month of the final settlement price established for that month, as soon as practicable on settlement day. Clearing members shall then make payment to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures, based on the settlement price. (12/01/01)

2647.01 Payment - (See Regulation 1049.04) (12/01/01)

2580.01 Banks - For purposes of these regulations relating to trading in U.S. Treasury notes, the word "Bank" (Regulation 2542.01) shall mean a U.S. commercial bank (either Federal or State charter) that is a member of the Federal Reserve System and with capital (capital, surplus, and undivided earnings) in excess of one hundred million dollars ($100,000,000). (10/01/94)

Chapter 27A (Standard Options)
Long Term Treasury Note Futures Options

Ch27A Trading Conditions

A2701.00 Authority - (See Rule 2801.00) (10/01/94)

A2701.01 Application of Regulations - Transactions in put and call options on Long Term Treasury Note futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Long Term Treasury Note futures contracts. (See Rule 490.00) (09/01/00)

A2702.01 Nature of Long Term Treasury Note Futures Put Options - The buyer of one (1) Long Term Treasury Note futures put option may exercise his option at any time prior to expiration (subject to Regulation 2707.01), to assume a short position in one (1) Long Term Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Long Term Treasury Note futures put option incurs the obligation of assuming a long position in one (1) Long Term Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

A2702.02 Nature of Long Term Treasury Note Futures Call Options - The buyer of one (1) Long Term Treasury Note futures call option may exercise his option at any time prior to expiration (subject to Regulation 2707.01), to assume a long position in one (1) Long Term Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Long Term Treasury Note futures call option incurs the obligation of assuming a short position in one (1) Long Term Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

A2703.01 Trading Unit - One (1) $100,000 face value Long Term Treasury Note futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

A2704.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one (1) point per Long Term Treasury Note futures contract. At the commencement of trading for such option contracts, the following strike prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying Long Term Treasury Note futures contract, and the next fifteen consecutive higher and the next fifteen consecutive lower striking prices closest to the previous day's settlement price; and all strike prices listed for all other option contract months listed at the time. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. When a sale in the underlying Long Term Treasury Note futures contract occurs at a price greater than or equal to the fifteenth largest striking price, a new striking price one increment higher than the existing striking prices will be added. When a sale in the underlying Long Term Treasury Note futures contract occurs at a price less than or equal to the fifteenth smallest striking price, a new striking price one increment lower than the existing striking prices will be added. When a new strike price is added for an option contract month, the same strike price will be added to all option contract months for which that strike price is not already listed. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (01/01/99)

A2705.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

A2706.01 Option Premium Basis - The Premium for Long Term Treasury Note futures options

shall be in multiples of one sixty-fourth (1/64) of one percent (1%) of a $100,000 Long Term Treasury Note futures contract which shall equal $15.63 per 1/64 and $1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract.

If options are quoted in volatility terms, the minimum fluctuation shall be .10 percent (i.e.-10.0%, 10.1%, 10.2%, etc.) (10/01/94)

A2707.01 Exercise of Option - The buyer of a Long Term Treasury Note futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A2707.02 Automatic Exercise - Notwithstanding the provisions of Regulation 2707.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A2708.01 Expiration of Option - Unexercised Long Term Treasury Note futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

A2709.01 Months Traded In - Trading may be conducted in Long Term Treasury Note futures options for a thirty six month period extending from the nearby contract month, provided however, that the Exchange may determine not to list a contract month. Both serial and quarterly options may be listed to expire into either front-month or deferred futures as determined by the Board. (06/01/99)

A2710.01 Trading Hours - The hours of trading of options on Long Term Treasury Note futures contracts shall be determined by the Board. On the last day of trading in an expiring option the closing time for such option shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Long Term Treasury Note futures contract, subject to the provisions of the second paragraph of Rule 1007.00. Long Term Treasury Note futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (04/01/00)

A2711.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

A2712.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

A2713.01 Last Day of Trading - No trades in Long Term Treasury Note futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Long Term Treasury Note futures contract, on the last Friday which precedes by at least two [five] business days, the last business day of the month preceding the option month. If such Friday is not a business day, or there is a Friday which is not a business day which precedes by one business day the last business day of the month preceding the option month, the last day of trading shall be the business day prior to such Friday. (07/01/01)

Ch27A Trading Conditions

Chapter 27B (Flexible Options)
Long Term Treasury Note Flexible Options

Chapter 27B (Flexible Options)
Long Term Treasury Note Flexible Options

Note: The following Flexible option regulations with the exception noted in the second paragraph of Regulation 2702.03 supersede the corresponding standard regulations presented in Part A of this chapter. Regulations 2701.00, 2701.01, 2702.01, 2702.02, 2705.01, 2706.01, 2710.01, 2711.01, 2712.01, and 2714.01 remain in effect for both standard and Flexible options.

Ch27B Trading Conditions

B2702.03 Nature of Flexible Options - Flexible options on Long Term Treasury Note futures shall be permitted in puts and calls which do not have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options.

However, Flexible Options on Long Term Treasury Note futures shall also be permitted in puts and calls which have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options that are not at the time listed for trading in the standard options pit or on e-cbot. All Flexible Option regulations except 2707.01, 2707.02, 2708.01, and 2713.01 will pertain for these options.*

Trading shall be permitted in any CBOT recognized option/option or option/futures spread involving puts, calls or futures. (09/01/00)

B2703.01 Trading Unit - The minimum size for requesting a quote and/or trading in a flexible option series is 50 contracts, where each contract represents one of the underlying futures contracts at the Chicago Board of Trade. Parties may request a quote and/or trade for less than 50 contracts in order to entirely close out a position in a flexible series.

For a flexible options series, respondents to a request for quote, must be willing to trade at least 50 contracts, with the exception that a respondent may trade less than 50 contracts if the respondent is entirely closing out a position in the series. (07/01/99)

B2704.01 Strike Prices - Strike prices for flexible options must be specified in points and 32nd's of points per Long Term Treasury Note futures contract. However, for a Request for Quote (RFQ), strike prices may be specified in one 32nd point increments relative to the underlying futures contract. Strike prices cannot be outside the range of the currently listed strike prices for standard options. (06/01/95)

B2707.01 Exercise of Flexible Options - Notification of the intent to exercise a flexible option must be received by the Clearing Corporation by 4:10 p.m. Chicago time, or by such other time designated by the Board of Directors. No exceptions to the 4:10 p.m. exercise deadline, or such other deadline designated by the Board of Directors, shall be permitted.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2702.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B2707.02 Automatic Exercise - After the close on the last day of trading, all in-the-money flexible options will be automatically exercised unless notice to cancel automatic exercise is given to the Clearing Corporation by 4:10 p.m., or by such other time designated by the Board of Directors, on that day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2702.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B2708.01 Expiration Date - Flexible option expiration may be specified for any Monday through Friday that is not an Exchange holiday except that expiration may not occur following the last Friday that precedes by at least two business days the last business day of the calendar month preceding the underlying future contract month. Flexible options expire at 4:30 p.m. on the last trading

day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2702.03 will follow expiration and exercise procedures as specified in the standard option regulations. (04/01/00) (07/01/01)

B2709.01 Months Traded In - Trading my be conducted in flexible options in any month up through the most distant underlying futures contract in which a trade has occurred. (05/01/94)

B2713.01 Last Day of Trading - The last day of trading in a flexible option shall be the expiration day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2702.03 will follow expiration and exercise procedures as specified in the standard option regulations. (05/01/94)

B2715.01 Exercise Style - Flexible options may be American or European exercise style. (10/01/94)

B2716.01 Underlying Futures Contract for Flexible Options - The underlying futures contract for a flexible option shall be the same as the underlying futures contract month of the nearest March quarterly cycle standard futures option expiring on or after the expiration of the flexible option. (10/01/94)

B2717.01 Initiating a Flexible Option Contract Series - The opening of trading in any flexible option series shall occur through the submission of an RFQ or at such time that a trade takes place in the particular flexible option series. If so desired, participants can submit additional RFQ's for any open series. However, in this situation no priority period (Regulation 2719.01) will exist. (02/01/01)

B2719.01 RFQ Trading Interval - If the submitter of the first RFQ of the day in a flexible series requests either a bid or an offer but not both, then they shall have up to a one minute priority period during which they shall have the sole right to either buy or sell as specified in their RFQ. The exact length of the priority period shall be determined by the Exchange.

If more than one RFQ is the first RFQ of the day in a flexible series, all the RFQ's individually ask for either a bid or an offer but not both, and all the RFQ's collectively are for the same side of the market (all bids or all offers) then the submitters shall jointly share priority during the priority period.

Priority for RFQ's is determined by submission to the RFQ official, except that all RFQ's submitted before the open shall be treated equally. (02/01/01)

B2720.01 Expiration of an RFQ - Trading in a given flexible option series following an RFQ shall remain open for the remainder of the trading session. Trading in a given flexible option series following a transaction in that series shall remain open through the remainder of the trading session in which the transaction was executed and through each subsequent session in which there is open interest in the flexible option series. (02/01/01)

B2721.01 Reporting of Flexible Option Trades - It shall be the responsibility of the participants in a flexible option trade to report the quantities and prices to the flexible pit reporter in a timely manner, including any later trades in open flexible contract term series. (10/01/94)

* The effect of the second paragraph of Regulation 2702.03 is to permit trading in standard options under certain Flexible trading procedures prior to the listing of such options in the standard options pit or on e-cbot. Once and if these options are listed for trading in the standard options pit or on e-cbot, they will be traded only in the standard options pit or on e-cbot subject to standard options trading requirements. Upon such listing, all existing open positions established under Flexible trading procedures shall be fully fungible with transactions in the respective standard option series for all purposes under these regulations.

Chapter 28A (Standard Options)
T-Bond Futures Options

Ch28A Trading Conditions

A2801.00 Authority - Trading in put and call options on futures contracts and on commodities may be conducted under such terms and conditions as may be prescribed by regulation. (10/01/94).

A2801.01 Application of Regulations - Transactions in put and call options on U.S. Treasury Bond futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on U.S. Treasury Bond futures contracts. (See Rule 490.00) (09/01/00)

A2802.01 Nature of U.S. Treasury Bond Futures Put Options - The buyer of one (1) U.S. Treasury Bond futures put option may exercise his option at any time prior to expiration (subject to Regulation 2807.01), to assume a short position in one (1) U.S. Treasury Bond futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) U.S. Treasury Bond futures put option incurs the obligation of assuming a long position in one (1) U.S. Treasury Bond futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

A2802.02 Nature of U.S. Treasury Bond Futures Call Options - The buyer of one (1) U.S. Treasury Bond futures call option may exercise his option at any time prior to expiration (subject to Regulation 2807.01), to assume a long position in one (1) U.S. Treasury Bond futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) U.S. Treasury Bond futures call option incurs the obligation of assuming a short position in one (1) U.S. Treasury Bond futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

A2803.01 Trading Unit - One (1) $100,000 face value U.S. Treasury Bond futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

A2804.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of two (2) points and one (1) point per U.S. Treasury Bond futures contract as follows: At the commencement of trading for quarterly expirations the following strike prices in two point intervals shall be listed: one with a striking price closest to the previous day's settlement price on the underlying U.S. Treasury Bond futures contract, the next fifteen consecutive higher and the next fifteen consecutive lower striking prices closest to the previous day's settlement price; and all two point strike prices listed for all other option contract months listed at the time. If the previous day's settlement price is midway between two striking prices, the closest striking price shall be the larger of the two. Over time new two point striking prices will be added to ensure that at least fifteen two point striking prices always exist above and below the previous day's trading range in the underlying futures. When a new two point strike price is added for an option contract month, the same strike price will be added to all option contract months for which that strike price is not already listed. At the commencement of trading for a non-quarterly expiration and for a quarterly expiration on the day they become the second deferred month, the following striking prices in one point intervals shall be listed: one with a striking price closest to the U.S. Treasury Bond futures contract's previous day's settlement price, the next thirty consecutive higher and lower striking prices in one point intervals and all other striking prices in two point intervals that exist for other option contract months. Over time, new one point striking prices will be added to ensure that at least thirty one point striking prices always exist above and below the previous day's trading range in the underlying futures. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (09/01/00)

A2805.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time

that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

A2806.01 Option Premium Basis - The Premium for U.S. Treasury Bond futures options shall be in multiples of one sixty-fourth (1/64) of one percent (1%) of a $100,000 U.S. Treasury Bond futures contract which shall equal $15.63 per 1/64 and $1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract.

If options are quoted in volatility terms, the minimum fluctuation shall be .10 percent (i.e.-10.0%, 10.1%, 10.2%, etc.) (10/01/94)

A2807.01 Exercise of Option - The buyer of a U.S. Treasury Bond futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A2807.02 Automatic Exercise - Notwithstanding the provisions of Regulation 2807.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A2808.01 Expiration of Option- Unexercised U.S. Treasury Bond futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

A2809.01 Months Traded In - Trading may be conducted in U.S. Treasury Bond futures options for a thirty-six month period extending from the nearby contract month, provided however, that the Exchange may determine not to list a contract month. Both serial and quarterly options may be listed to expire into either front-month or deferred futures as determined by the Board (06/01/99)

A2801.01 Trading Hours - The hours of trading of options in U.S. Treasury Bond futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding U.S. Treasury Bond futures contracts, subject to the provisions of the second paragraph of Rule 1007.00. U.S. Treasury Bond futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regular Compliance Committee shall direct. (04/01/00) A28011.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

A2812.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

A2813.01 Last Day of Trading - No trades in U.S. Treasury Bond futures options expiring in the current month shall be made after the close of the Regular Daytime open outcry trading session for the corresponding U.S. Trading Bond futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If

such Friday is not a business day, or there is a Friday which is not a business day which precedes by one business day the last business day of the month preceding the option month, the last day of trading shall be the business day prior to such Friday. (07/01/01)

Chapter 28B (Flexible Options)
Treasury Bond Flexible Options

Chapter 28B (Flexible Options)
Treasury Bond Flexible Options

Note: The following Flexible option regulations with the exception noted in the second paragraph of Regulation 2802.03 supersede the corresponding standard regulations presented in Part A of this chapter. Regulations 2801.00, 2801.01, 2802.01, 2802.02, 2805.01, 2806.01, 2810.01, 2811.01, 2812.01, and 2814.01 remain in effect for both standard and Flexible options.

Ch28B Trading Conditions

B2802.03 Nature of Flexible Options - Flexible options on U.S. Treasury Bond futures shall be permitted in puts and calls which do not have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options.

However, Flexible Options on U.S. Treasury Bond futures shall also be permitted in puts and calls which have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options that are not at the time listed for trading in the standard options pit or on e-cbot. All Flexible Option regulations except 2807.01, 2807.02, 2808.01, and 2813.01 will pertain for these options.*

Trading shall be permitted in any CBOT recognized option/option or option/futures spread involving puts, calls or futures. (09/01/00)

B2803.01 Trading Unit - The minimum size for requesting a quote and/or trading in a flexible option series is 50 contracts, where each contract represents one of the underlying futures contracts at the Chicago Board of Trade. Parties may request a quote and/or trade for less than 50 contracts in order to entirely close out a position in a flexible series.

For a flexible options series, respondents to a request for quote, must be willing to trade at least 50 contracts, with the exception that a respondent may trade less than 50 contracts if the respondent is entirely closing out a position in the series. (07/01/99)

B2804.01 Strike Prices - Strike prices for flexible options must be specified in points and 32nd's of points per U.S. Treasury Bond futures contract. However, for a Request for Quote (RFQ), strike prices may be specified in one 32nd point increments relative to the underlying futures contract. Strike prices cannot be outside the range of the currently listed strike prices for standard options. (06/01/95)

B2807.01 Exercise of Flexible Options - Notification of the intent to exercise a flexible option must be received by the Clearing Corporation by 4:10 p.m. Chicago time, or by such other time designated by the Board of Directors. No exceptions to the 4:10 p.m. exercise deadline, or such other deadline designated by the Board of Directors, shall be permitted.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2802.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B2807.02 Automatic Exercise - After the close on the last day of trading, all in-the-money flexible options will be automatically exercised unless notice to cancel automatic exercise is given to the Clearing Corporation by 4:10 p.m., or by such other time designated by the Board of Directors, on that day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2802.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B2808.01 Expiration Date - Flexible option expiration may be specified for any Monday through Friday that is not an Exchange holiday except that expiration may not occur following the last Friday that precedes by at least two business days the last business day of the calendar month preceding the underlying future contract month. Flexible options expire at 4:30 p.m. on the last trading

day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2902.03 will follow expiration and exercise procedures as specified in the standard option regulations. (07/01/01)

B2809.01 Months Traded In - Trading may be conducted in flexible options in any month up through the most distant underlying futures contract in which a trade has occurred. (10/01/94)

B2813.01 Last Day of Trading - The last day of trading in a flexible option shall be the expiration day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 2802.03 will follow expiration and exercise procedures as specified in the standard option regulations. (05/01/94)

B2815.01 Exercise Style - Flexible options may be American or European exercise style. (10/01/94)

B2816.01 Underlying Futures Contract for Flexible Options - The underlying futures contract for a flexible option shall be the same as the underlying futures contract month of the nearest March quarterly cycle standard futures option expiring on or after the expiration of the flexible option. (10/01/94)

B2817.01 Initiating a Flexible Option Contract Series - The opening of trading in any flexible option series shall occur through the submission of an RFQ or at such time that a trade takes place in the particular flexible option series.

If so desired, participants can submit additional RFQ's for any open series. However, in this situation no priority period (Regulation 2819.01) will exist. (02/01/01)

B2819.01 RFQ Trading Interval - If the submitter of the first RFQ of the day in a flexible series requests either a bid or an offer but not both, then they shall have up to a one minute priority period during which they shall have the sole right to either buy or sell as specified in their RFQ. The exact length of the priority period shall be determined by the Exchange.

If more than one RFQ is the first RFQ of the day in a flexible series, all the RFQ's individually ask for either a bid or an offer but not both, and all the RFQ's collectively are for the same side of the market (all bids or all offers) then the submitters shall jointly share priority during the period.

Priority for RFQ's is determined by submission to the RFQ official, except that all RFQ's submitted before the open shall be treated equally. (02/01/01)

B2820.01 Expiration of an RFQ - Trading in a given flexible option series following an RFQ shall remain open for the remainder of the trading session. Trading in a given flexible option series following a transaction in that series shall remain open through the remainder of the trading session in which the transaction was executed and through each subsequent session in which there is open interest in the flexible option series. (02/01/01)

B2821.01 Reporting of Flexible Option Trades - It shall be the responsibility of the participants in a flexible option trade to report the quantities and prices to the flexible pit reporter in a timely manner,

including any later trades in open flexible contract term series. (10/01/94)

* The effect of the second paragraph of Regulation 2802.03 is to permit trading in standard options under certain Flexible trading procedures prior to the listing of such options in the standard options pit or e-cbot. Once and if these options are listed for trading in the standard options pit or on e-cbot, they will be traded only in the standard options pit or on e-cbot subject to standard options trading requirements. Upon such listing, all existing open positions established under Flexible trading procedures shall be fully fungible with transactions in the respective standard option series for all purposes under these regulations.

Chapter 29
Soybean Futures Options

Chapter 29
Soybean Futures Options

Ch29 Trading Conditions

2901.00 Authority - (See Rule 2801.00). (10/01/94)

2901.01 Application of Regulations - Transactions in put and call options on Soybean futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Soybean futures contracts. (See Rule 490.00). (10/01/94)

2902.01 Nature of Soybean Futures Put Options - The buyer of one (1) Soybean futures put option may exercise his option at any time prior to expiration, (subject to Regulation 2907.01), to assume a short position in one (1) Soybean futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Soybean futures put option incurs the obligation of assuming a long position in one (1) Soybean futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

2902.02 Nature of Soybean Futures Call Options - The buyer of one (1) Soybean futures call option may exercise his option at any time prior to expiration, (subject to Regulation 2907.01), to assume a long position in one (1) Soybean futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Soybean futures call option incurs the obligation of assuming a short position in one (1) Soybean futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

2903.01 Trading Unit - One (1) 5,000 bushel Soybean futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

2904.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of ten (10) cents per bushel per Soybean futures contract (i.e., 6.10, 6.20, 6.30, etc) in integral multiples of twenty (20) cents per bushel per Soybean futures contract (i.e., 6.20, 6.40, 6.60, etc.) and in integral multiples of forty (40) cents per bushel per Soybean futures contract (i.e., 6.00, 6.40, 6.80, etc.) as follows:

1. a. In integral multiples of twenty cents, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying Soybean futures contract, the next five consecutive higher and the next five consecutive lower strikes (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.

   b. In integral multiples of forty cents, at the commencement of trading for an option contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.

   c. In integral multiples of twenty cents, over time, strikes shall be added as necessary to ensure that all strikes within $1.10 of the previous day's trading range of the underlying futures contract are listed (the "minimum band").

   d. In integral multiples of forty cents, over time, strikes shall be added as necessary to ensure that the next four consecutive strikes above the minimum band are listed.

   e. No new strikes may be added by these procedures in the month in which an option expires.

2. a. In integral multiples of ten cents, at the commencement of trading for options that are traded in months in which Soybean futures are not traded, and for standard option months, the business day they become the second deferred month, the following strike prices shall be listed: one with a strike closest to the previous day's settlement price of the underlying Soybean futures contract and the next five consecutive higher and the next five consecutive

lower strikes. For example, ten-cent strike price intervals for the September 2000 contract month would be added on June 26, which is the business day after the expiration of the July contract month.

b. Over time, new ten-cent strike prices will be added to ensure that at least five strike prices exist above and below the previous day's trading range in the underlying futures.

3. a. In integral multiples of forty cents, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading. However, no new strikes may be added by this procedure to an option month unless open positions exist in that contract month.

b. In integral multiples of twenty cents, during the month in which an option expires, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading.

4. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (09/01/00)

2905.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

2906.01 Option Premium Basis - The premium for Soybean futures options shall be in multiples of one-eighth (1/8) of one cent per bushel of a 5,000 bushel Soybean futures contract which shall equal $6.25 per contract.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $6.00 in $1.00 increments per option contract. (10/01/94)

2907.01 Exercise of Option - The buyer of a Soybean futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

2907.02 Automatic Exercise - Notwithstanding the provisions of Regulation 2907.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

2908.01 Expiration of Option - Unexercised Soybean futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

2909.01 Months Traded - Trading may be conducted in the nearby Soybean futures options

contract month plus any succeeding months, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which Soybean futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract. (09/01/00)

2910.01 Trading Hours - The hours of trading of options on Soybean futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Soybean futures contract, subject to the provisions of the second paragraph of Rule 1007.00. On the last day of trading in an expiring option, the expiring Soybean futures options shall be closed with a public call made striking price by striking price, conducted by such persons as the Regulatory Compliance Committee shall direct. On all other days, Soybean futures options shall be opened and closed for all months and striking prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (03/01/00)

2911.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

2912.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

2913.01 Last Day of Trading - No trades in Soybean futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Soybean futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday. (07/01/01)

2914.01 Option Premium Fluctuation Limits -Trading is prohibited during any day except for the last day of trading in a Soybean futures option at a premium of more than the trading limit for the Soybean futures contract above and below the previous day's settlement premium for that option as determined by the Clearing Corporation. On the first day of trading, limits shall be set from the lowest premium of the opening range. (10/01/94)

Chapter 30
Corn Futures Options

Chapter 30
Corn Futures Options

Ch30 Trading Conditions

3001.00 Authority - (See Rule 2801.00). (10/01/94)

3001.01 Application of Regulations - Transactions in put and call options on Corn futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Corn futures contracts. (See Rule 490.00). (10/01/94)

3002.01 Nature of Corn Futures Put Options - The buyer of one (1) Corn futures put option may exercise his option at any time prior to expiration, (subject to Regulation 3007.01), to assume a short position in one (1) Corn futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Corn futures put option incurs the obligation of assuming a long position in one (1) Corn futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

3002.02 Nature of Corn Futures Call Options - The buyer of one (1) Corn futures call option may exercise his option at any time prior to expiration, (subject to Regulation 3007.01), to assume a long position in one (1) Corn futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Corn futures call option incurs the obligation of assuming a short position in one (1) Corn futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

3003.01 Trading Unit - One (1) 5,000 bushel Corn futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

3004.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of five (5) cents per bushel per Corn futures contract (i.e., 2.55, 2.60, 2.65, etc.), in integral multiples of ten (10) cents per bushel per Corn futures contract (i.e., 2.50, 2.60, 2.70, etc.) and in integral multiples of twenty (20) cents per bushel per Corn futures contract (i.e., 2.80, 3.00, 3.20, etc.) as follows:

1. a. In integral multiples of ten cents, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying Corn futures contract, the next five consecutive higher and the next five consecutive lower strikes (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.

   b. In integral multiples of twenty cents, at the commencement of trading for an option contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.

   c. In integral multiples of ten cents, over time, strikes shall be added as necessary to ensure that all strikes within 55 cents of the previous day's trading range of the underlying futures contract are listed (the "minimum band").

   d. In integral multiples of twenty cents, over time, strikes shall be added as necessary to ensure that the next four consecutive strikes above the minimum band are listed.

   e. No new strikes may be added by these procedures in the month in which an option expires.

2. a. In integral multiples of five cents, at the commencement of trading for options that are traded in months in which Corn futures are not traded, and for standard option months, the business day they become the second deferred month, the following strike prices shall be listed: one with a strike closest to the previous day's settlement price of the underlying Corn futures contract and the next five consecutive higher and the next five consecutive lower strikes. For example, five-cent strike price intervals for the September 2000 contract month would be added on June 26, which is the business day after the expiration of the July

contract month.

b. Over time, new-five cent strike prices will be added to ensure that at least five strike prices exist above and below the previous day's trading range in the underlying futures.

3. a. In integral multiples of twenty cents, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading. However, no new strikes may be added by this procedure to an option month unless open positions exist in that contract month.

b. In integral multiples of ten cents, during the month in which an option expires, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading.

4. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (09/01/00)

3005.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

3006.01 Option Premium Basis - The premium for Corn futures options shall be in multiples of one-eighth (1/8) of one cent per bushel of a 5,000 bushel Corn futures contract which shall equal $6.25 per contract.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $6.00 in $1.00 increments per option contract. (10/01/94)

3007.01 Exercise of Option - The buyer of a Corn futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3007.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3007.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3008.01 Expiration of Option - Unexercised Corn futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

3009.01 Months Traded - Trading may be conducted in the nearby Corn futures options contract

month plus any succeeding months, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which Corn futures are not trading underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract. (09/01/00)

3010.01 Trading Hours - The hours of trading of options on Corn futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as close of trading of the Regular Daytime open outcry trading session for the corresponding Corn futures contract, subject to the provisions of the second paragraph of Rule 1007.00. On the last day of trading in an expiring option, the expiring Corn futures options shall be closed with a public call made striking price by striking price, conducted by such persons as the Regulatory Compliance Committee shall direct. On all other days, Corn futures options shall be opened and closed for all months and striking prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (03/01/00)

3011.01 Position Limits - (See Regulation 425.01) (10/01/00)

3012.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

3013.01 Last Day of Trading - No trades in Corn futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Corn futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday. (07/01/01)

3014.01 Option Premium Fluctuation Limits - Trading is prohibited during any day except for the last day of trading in a Corn futures option at a premium of more than the trading limit for the Corn futures contract above and below the previous day's settlement premium for that option as determined by the Clearing Corporation. On the first day of trading, limits shall be set from the lowest premium of the opening range. (10/01/94)

Wheat Futures Options

Chapter 31
Wheat Futures Options

Ch31 Trading Conditions

3101.00 Authority - (See Rule 2801.00). (10/01/94)

3101.01 Application of Regulations - Transactions in put and call options on Wheat futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Wheat futures contracts. (See Rule 490.00). (10/01/94)

3102.01 Nature of Wheat Futures Put Options - The buyer of one (1) Wheat futures put option may exercise his option at any time prior to expiration, (subject to Regulation 3107.01), to assume a short position in one (1) Wheat futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Wheat futures put option incurs the obligation of assuming a long position in one (1) Wheat futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

3102.02 Nature of Wheat Futures Call Options - The buyer of one (1) Wheat futures call option may exercise his option at any time prior to expiration, (subject to Regulation 3107.01), to assume a long position in one (1) Wheat futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Wheat futures call option incurs the obligation of assuming a short position in one (1) Wheat futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

3103.01 Trading Unit - One (1) 5,000 bushel Wheat futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

3104.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of five (5) cents per bushel per Wheat futures contract (i.e. 3.70, 3.75, 3.80, etc.), in integral multiples of ten (10) cents per bushel per Wheat futures contract (i.e., 3.70, 3.80, 3.90, etc.) and in integral multiples of twenty (20) cents per bushel per Wheat futures contract (i.e., 4.00, 4.20, 4.40, etc.) as follows:

1. a. In integral multiples of ten cents, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying Wheat futures contract, the next five consecutive higher and the next five consecutive lower strikes (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.

   b. In integral multiples of twenty cents, at the commencement of trading for an option contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.

   c. In integral multiples of ten cents, over time, strikes shall be added as necessary to ensure that all strikes within 55 cents of the previous day's trading range of the underlying futures contract are listed (the "minimum band").

   d. In integral multiples of twenty cents, over time, strikes shall be added as necessary to ensure that the next four consecutive strikes above the minimum band are listed.

   e. No new strikes may be added by these procedures in the month in which an option expires.

2. a. In integral multiples of five cents, at the commencement of trading for options that are traded in months in which Wheat futures are not traded, and for standard option months, the business day they become the second deferred month, the following strike prices shall be listed: one with a strike closest to the previous day's settlement price of the underlying Wheat futures contract and the next five consecutive higher and the next five consecutive lower strikes. For example, five-cent strike price intervals for the September 2000 contract month would be added on June 26, which is the business day after the expiration of the July

contract month.

b. Over time, new five-cent strike prices will be added to ensure that at least five strike prices exist above and below the previous day's trading range in the underlying futures.

3. a. In integral multiples of twenty cents, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading. However, no new strikes may be added by this procedure to an option month unless open positions exist in that contract month.

b. In integral multiples of ten cents, during the month in which an option expires, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading.

4. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (09/01/00)

3105.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

3106.01 Option Premium Basis - The premium for Wheat futures options shall be in multiples of one-eighth (1/8) of one cent per bushel of a 5,000 bushel Wheat futures contract which shall equal $6.25 per contract.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $6.00 in $1.00 increments per option contract. (10/01/94)

3107.01 Exercise of Option - The buyer of a Wheat futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3107.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3107.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3108.01 Expiration of Option - Unexercised Wheat futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

3109.01 Months Traded - Trading may be conducted in the nearby Wheat futures options

contract month plus any succeeding months, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which Wheat futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract. (09/01/00)

3110.01 Trading Hours - The hours of trading of options on Wheat futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Wheat futures contract, subject to the provisions of the second paragraph of Rule 1007.00. On the last day of trading in an expiring option, the expiring Wheat futures options shall be closed with a public call made striking price by striking price, conducted by such persons as the Regulatory Compliance Committee shall direct. On all other days, Wheat futures options shall be opened and closed for all months and striking prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (03/01/00)

3111.01 Position Limits - (See Regulation 425.01) (10/01/00)

3112.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

3113.01 Last Day of Trading - No trades in Wheat futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Wheat futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday. (07/01/01)

3114.01 Option Premium Fluctuation Limits - Trading is prohibited during any day except for the last day of trading in a Wheat futures option at a premium of more than the trading limit for the Wheat futures contract above and below the previous day's settlement premium for that option as determined by the Clearing Corporation. On the first day of trading, limits shall be set from the lowest premium of the opening range. (10/01/94)

Chapter 32
Soybean Oil Futures Options

Chapter 32
Soybean Oil Futures Options

Ch32 Trading Conditions

3201.00 Authority - (See Rule 2801.00). (10/01/94)

3201.01 Application of Regulations - Transactions in put and call options on Soybean Oil futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Soybean Oil futures contracts. (See Rule 490.00). (10/01/94)

3202.01 Nature of Soybean Oil Futures Put Options - The buyer of one (1) Soybean Oil futures put option may exercise his option at any time prior to expiration, (subject to Regulation 3207.01), to assume a short position in one (1) Soybean Oil futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Soybean Oil futures put option incurs the obligation of assuming a long position in one (1) Soybean Oil futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

3202.02 Nature of Soybean Oil Futures Call Options - The buyer of one (1) Soybean Oil futures call option may exercise his option at any time prior to expiration, (subject to Regulation 3207.01), to assume a long position in one (1) Soybean Oil futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Soybean Oil futures call option incurs the obligation of assuming a short position in one (1) Soybean Oil futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

3203.01 Trading Unit - One (1) 60,000 pound Soybean Oil futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

3204.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of one-half cent per pound per Soybean Oil futures contract (i.e., .210, .215, .220, etc.) for all strikes less than thirty cents and in integral multiples of one cent per pound per Soybean Oil futures contract (i.e., .300, .310, .320, etc.) for all strikes greater than or equal to thirty cents (the "first tier"); and in integral multiples of one cent per pound per Soybean Oil futures contract (i.e., .210, ..220, .230, etc.) for all strikes less than thirty cents and in integral multiples of two cents per pound per Soybean Oil futures contract (i.e., .320, ..340, .360, etc.) for all strikes greater than or equal to thirty cents (the "second tier") as follows:

1. a. Per the first tier, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying Soybean Oil futures contract and a consecutive series within 5.5 cents above and below that strike (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.

   b. Per the second tier, at the commencement of trading for an option contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.

   c. Per the first tier, over time, strikes shall be added as necessary to insure that all strikes within 5.5 cents of the previous day's trading range of the underlying futures contract are listed (the "minimum band").

   d. Per the second tier, over time, strikes shall be added as necessary to insure that the next four consecutive strikes above the minimum band are listed.

   e. No new strikes may be added by these procedures in the month in which an option expires.

2. a. Per the second tier, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive

business days will be listed for trading. However, no new strikes may be added by this procedure to an option month unless open positions exist in that contract month.

b. Per the first tier, during the month in which an option expires, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading.

3. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (07/01/95)

3205.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

3206.01 Option Premium Basis - The premium for Soybean Oil futures options shall be in multiples of five thousandths (5/1000) of one cent per pound of a 60,000 pound Soybean Oil futures contract which shall equal $3.00 per contract.

However, when both sides of the trade are closing transactions, the option premium may be equal to $1.00 or $2.00 per option contract. (10/01/94)

3207.01 Exercise of Option - The buyer of a Soybean Oil futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3207.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3207.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3208.01 Expiration of Option - Unexercised Soybean Oil futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

3209.01 Months Traded - Trading may be conducted in the nearby Soybean Oil futures options contract month plus any succeeding months, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which Soybean Oil futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract. (09/01/00)

3210.01 Trading Hours - The hours of trading of options on Soybean Oil futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Soybean Oil futures contract, subject to the provisions of the second paragraph

of Rule 1007.00. On the last day of trading in an expiring option, the expiring Soybean Oil futures options shall be closed with a public call made striking price by striking price, conducted by such persons as the Regulatory Compliance Committee shall direct. On all other days, Soybean Oil futures options shall be opened and closed for all months and striking prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (03/01/00)

3211.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

3212.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

3213.01 Last Day of Trading - No trades in Soybean Oil futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Soybean Oil futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday. (07/01/01)

3214.01 Option Premium Fluctuation Limits - Trading is prohibited during any day except for the last day of trading in a Soybean Oil futures option at a premium of more than the trading limit for the Soybean Oil futures contract above and below the previous day's settlement premium for that option as determined by the Clearing Corporation. On the first day of trading, limits shall be set from the lowest premium of the opening range. (10/01/94)

Chapter 33
Soybean Meal Futures Options

Chapter 33
Soybean Meal Futures Options

Ch33 Trading Conditions

3301.00 Authority - (See Rule 2801.00). (10/01/94)

3301.01 Application of Regulations - Transactions in put and call options on Soybean Meal futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Soybean Meal futures contracts. (See Rule 490.00). (10/01/94)

3302.01 Nature of Soybean Meal Futures Put Options - The buyer of one (1) Soybean Meal futures put option may exercise his option at any time prior to expiration, (subject to Regulation 3307.01), to assume a short position in one (1) Soybean Meal futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Soybean Meal futures put option incurs the obligation of assuming a long position in one (1) Soybean Meal futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

3302.02 Nature of Soybean Meal Futures Call Options - The buyer of one (1) Soybean Meal futures call option may exercise his option at any time prior to expiration, (subject to Regulation 3307.01), to assume a long position in one (1) Soybean Meal futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Soybean Meal futures call option incurs the obligation of assuming a short position in one (1) Soybean Meal futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

3303.01 Trading Unit - One (1)100 ton Soybean Meal futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

3304.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of five (5) dollars per ton per Soybean Meal futures contract (i.e., 185, 190, 195, etc.) for all strikes less than two hundred dollars and in integral multiples of ten (10) dollars per ton per Soybean Meal futures contract (i.e., 200, 210, 220, etc.) for all strikes greater than or equal to two hundred dollars (the "first tier"); and in integral multiples of ten (10) dollars per ton per Soybean Meal futures contract (i.e., 200, 210, 220, etc.) for all strikes less than two hundred dollars and in integral multiples of twenty (20) dollars per ton per Soybean Meal futures contract (i.e., 200, 220, 240, etc.) for all strikes greater than or equal to two hundred dollars (the "second tier") as follows:

1. a. Per the first tier, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying Soybean Meal futures contract, the next ten consecutive higher strikes and the next ten consecutive lower strikes (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.

   b. Per the second tier, at the commencement of trading for an option contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.

c. Per the first tier, over time, strikes shall be added as necessary to insure that at least ten strikes above and below the previous day's trading range of the underlying futures are listed (the "minimum band").

d. Per the second tier, over time, strikes shall be added as necessary to insure that the next four consecutive strikes above the minimum band are listed.

e. No new strikes may be added by these procedures in the month in which an option expires.

2. a. Per the second tier, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading. However, no new strikes may be added by this procedure to an option month unless open positions exist in that contract month.

b. Per the first tier, during the month in which an option expires, all strikes in which the previous day's delta factors (as determined by the Board of Trade) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading.

3. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (03/01/99)

3305.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

3306.01 Option Premium Basis - The premium for Soybean Meal futures options shall be in multiples of five (5) cents per ton of a 100 ton Soybean Meal futures contract which shall equal $5.00 per contract.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $4.00 in $1.00 increments per option contract. (10/01/94)

3307.01 Exercise of Option - The buyer of a Soybean Meal futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or at such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3307.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3307.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or at such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3308.01 Expiration of Option - Unexercised Soybean Meal futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

3309.01 Months Traded - Trading may be conducted in the nearby Soybean Meal futures options contract month plus any succeeding months, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which Soybean Meal futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract. (09/01/00)

3310.01 Trading Hours - The hours of trading of options on Soybean Meal futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Soybean Meal futures contract, subject to the provisions of the second paragraph of Rule 1007.00. On the last day of trading in an expiring option, the expiring Soybean Meal futures options shall be closed with a public call made striking price by striking price, conducted by such persons as the Regulatory Compliance Committee shall direct. On all other days, Soybean Meal futures options shall be opened and closed for all months and striking prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (03/01/00)

3311.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

3312.01 Margin Requirements - (See Regulation 431.03) (10/01/94)

3313.01 Last Day of Trading - No trades in Soybean Meal futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Soybean Meal futures contract on the last Friday which precedes by at least two business days, the last business day of the month preceding the option month. If such Friday is not a business day, the last day of trading shall be the business day prior to such Friday. (07/01/01)

3314.01 Option Premium Fluctuation Limits - Trading is prohibited during any day except for the last day of trading in a Soybean Meal futures option at a premium of more than the trading limit for the Soybean Meal futures contract above and below the previous day's settlement premium for that option as determined by the Clearing Corporation. On the first day of trading, limits shall be set from the lowest premium of the opening range. (10/01/94)

Chapter 35A (Standard Options)
Medium Term U.S. Treasury Note Futures Options

Ch35A Trading Conditions

A3501.00 Authority - (See Rule 2801.00.) (10/01/94)

A3501.01 Application of Regulations - Transactions in put and call options on Medium Term U.S. Treasury Note futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this Chapter which are exclusively applicable to trading in put and call options on Medium Term U.S. Treasury Note futures contracts. (See Rule 490.00.) (09/01/00)

A3502.01 Nature of Medium Term U.S. Treasury Note Futures Put Options - The buyer of one (1) Medium Term U.S. Treasury Note futures put option may exercise his option at any time prior to expiration (subject to Regulation 3507.01), to assume a short position in one (1) Medium Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Medium Term U.S. Treasury Note futures put option incurs the obligation of assuming a long position in one (1) Medium Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

A3502.02 Nature of Medium Term U.S. Treasury Note Futures Call Options - The buyer of one (1) Medium Term U.S. Treasury Note futures call option may exercise his option at any time prior to expiration (subject to Regulation 3507.01), to assume a long position in one (1) Medium Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Medium Term U.S. Treasury Note futures call option incurs the obligation of assuming a short position in one (1) Medium Term U.S. Treasury Note futures call option incurs the obligation of assuming a short position in one (1) Medium Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

A3503.01 Trading Unit - One (1) Medium Term U.S. Treasury Note futures contract of a specified contract month on the Chicago Board of Trade. (10/01/94)

A3504.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one-half (1/2) point per Medium Term U.S. Treasury Note futures contract. At the commencement of trading for such option contracts, the following strike prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying Medium Term U.S. Treasury Note futures contract, the next twelve consecutive higher and the next twelve consecutive lower striking prices closest to the previous day's settlement price; and all strike prices listed for all other option contract months listed at that time. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. When a sale in the underlying Medium Term U.S. Treasury Note futures contract occurs at a price greater than or equal to the twelfth largest striking price, a new striking price one increment higher than the existing striking prices will be added. When a sale in the underlying Medium Term U.S. Treasury Note futures contract occurs at a price less than or equal to the twelfth smallest striking price, a new striking price one increment lower than the existing striking prices will be added. When a new strike price is added for an option contract month, the same strike price will be added to all options contract months for which that strike price is not already listed. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (10/01/94)

A3505.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

Ch35A Trading Conditions

A3506.01 Option Premium Basis - The premium for Medium Term U.S. Treasury Note futures options shall be in multiples of one sixty-fourth (1/64) of one point ($1,000) of a Medium Term U. S. Treasury Note futures contract which shall equal $15.63 per 1/64 and $1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract

If options are quoted in volatility terms, the minimum price fluctuation shall be .10 percent (i.e.-10.0%, 10.1%, 10.2%, etc.) (10/01/94)

A3507.01 Exercise of Option - The buyer of a Medium Term U.S. Treasury Note futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A3507.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3507.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A3508.01 Expiration of Option - Unexercised Medium Term U.S. Treasury Note futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

A3509.01 Months Traded In - Trading may be conducted in Medium Term U.S. Treasury Note futures options for a thirty-six month period extending from the nearby contract month, provided however, that the Exchange may determine not to list a contract month. Both serial and quarterly options may be listed to expire into either front-month or deferred futures as determined by the Board. (06/01/99)

A3510.01 Trading Hours - The hours of trading of options on Medium Term U.S. Treasury Note futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Medium Term U.S. Treasury Note futures contract, subject to the provisions of the second paragraph of Rule 1007.00. Medium Term U.S. Treasury Note futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (04/01/00)

A3511.01 Position Limits and Reportable Positions - (See Regulation 425.01.) (10/01/00)

A3512.01 Margin Requirements - (See Regulation 431.05.) (10/01/94)

A3513.01 Last Day of Trading - No trades in Medium Term U.S. Treasury Note futures put and call options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding U.S. Treasury Bond futures contract on the last Friday which precedes by at least two business days, the last business day of the month

preceding the option month. If such Friday is not a business day, or there is a Friday which is not a business day which precedes by one business day the last business day of the month preceding the option month, the last day of trading will be the business day prior to such Friday. (07/01/01)

Chapter 35B (Flexible Options)
Medium Term Treasury Note Flexible Options

Note: The following Flexible option regulations with the exception noted in the second paragraph of Regulation 3502.03 supersede the corresponding standard regulations presented in Part A of this chapter. Regulations 3501.00, 3501.01, 3502.01, 3502.02, 3501.01, 3506.01, 3510.01, 3511.01, 3512.01, and 3514.01 remain in effect for both standard and Flexible options.

Ch35B Trading Conditions

B3502.03 Nature of Flexible Options - Flexible options on Medium Term Treasury Note futures shall be permitted in puts and calls which do not have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options.

However, Flexible Options on Medium Term Treasury Note futures shall also be permitted in puts and calls which have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options that are not at the time listed for trading in the standard options pit or on e-cbot. All Flexible Option regulations except 3507.01, 3507.02, 3508.01 and 3513.01 will pertain for these options.*

Trading shall be permitted in any CBOT recognized option/option or option/futures spread involving puts, calls or futures. (09/01/00)

B3503.01 Trading Unit - The minimum size for requesting a quote and/or trading in a flexible option series is 50 contracts, where each contract represents one of the underlying futures contracts at the Chicago Board of Trade. Parties may request a quote and/or trade for less than 50 contracts in order to entirely close out a position in a flexible series.

For a flexible options series, respondents to a request for quote, must be willing to trade at least 50 contracts, with the exception that a respondent may trade less than 50 contracts if the respondent is entirely closing out a position in the series. (07/01/99)

B3504.01 Strike Prices - Strike prices for flexible options must be specified in points and 64th's of points per Medium Term Treasury Note futures contract. However, for a Request for Quote (RFQ), strike prices may be specified in one 64th point increments relative to the underlying futures contract. Strike prices cannot be outside the range of the currently listed strike prices for standard options. (06/01/95)

B3507.01 Exercise of Flexible Options - Notification of the intent to exercise a flexible option must be received by the Clearing Corporation by 4:10 p.m. Chicago time, or by such other time designated by the Board of Directors. No exceptions to the 4:10 p.m. exercise deadline, or such other deadline designated by the Board of Directors, shall be permitted.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3502.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B3507.02 Automatic Exercise - After the close on the last day of trading, all in-the-money flexible options will be automatically exercised unless notice to cancel automatic exercise is given to the Clearing Corporation by 4:10 p.m., or by such other time designated by the Board of Directors, on that day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3502.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B3508.01 Expiration Date - Flexible option expiration may be specified for any Monday through Friday that is not an Exchange holiday except that expiration may not occur following the last Friday that precedes by at least two business days
---
the last business day of the calendar month

preceding the underlying future contract month. Flexible options expire at 4:30 p.m. on the last trading day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3502.03 will follow expiration and exercise procedures as specified in the standard option regulations. (07/01/01)

B3509.01 Months Traded In - Trading may be conducted in flexible options in any month through the most distant underlying futures contract in which a trade has occurred. (10/01/94)

B3513.01 Last Day of Trading - The last day of trading in a flexible option shall be the expiration day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3502.03 will follow expiration and exercise procedures as specified in the standard option regulations. (05/01/94)

B3515.01 Exercise Style - Flexible options may be American or European exercise style. (10/01/94)

B3516.01 Underlying Futures Contract for Flexible Options - The underlying futures contract for a flexible option shall be the same as the underlying futures contract month of the nearest March quarterly cycle standard futures option expiring on or after the expiration of the flexible option. (10/01/94)

B3517.01 Initiating a Flexible Option Contract Series - The opening of trading in any flexible option series shall occur through the submission of an RFQ or at such time that a trade takes place in the particular flexible option series.

If so desired, participants can submit additional RFQ's for any open series. However, in this situation no priority period (Regulation 3519.01) will exist. (02/01/01)

B3519.01 RFQ Trading Interval - If the submitter of the first RFQ of the day in a flexible series requests either a bid or an offer but not both, then they shall have up to a one minute priority period during which they shall have the sole right to either buy or sell as specified in their RFQ. The exact length of the priority period shall be determined by the Exchange.

If more than one RFQ is the first RFQ of the day in a flexible series, all the RFQ's individually ask for either a bid or an offer but not both, and all the RFQ's collectively are for the same side of the market (all bids or all offers) then the submitters shall jointly share priority during the priority period.

Priority for RFQ's is determined by submission to the RFQ official, except that all RFQ's submitted before the open shall be treated equally. (02/01/01)

B3520.01 Expiration of an RFQ - Trading in a given flexible option series following an RFQ shall remain open for the remainder of the trading session. Trading in a given flexible option series following a transaction in that series shall remain open through the remainder of the trading session in which the transaction was executed and through each subsequent session in which there is open interest in the flexible option series. (02/01/01)

B3521.01 Reporting of Flexible Option Trades - It shall be the responsibility of the participants in a flexible option trade to report the quantities and prices to the flexible pit reporter in a timely manner, including any later trades in open flexible contract term series. (10/01/94)

* The effect of the second paragraph of Regulation 3502.03 is to permit trading in standard option under certain Flexible trading procedures prior to the listing of such options in the standard options pit or on e-cbot. Once and if these options are listed for trading in the standard options pit or on e-cbot, they will be traded only in the standard options pit or on e-cbot, they will be traded only in the standard options pit or e-cbot subject to standard options trading requirements. Upon such listing, all existing open positions established under Flexible trading procedures shall be fully fungible with transactions in the respective standard option series for all purposes under these regulations.

Chapter 36A (Standard Options)
Short Term U.S. Treasury Note Futures Options

Ch36A Trading Conditions

A3601.00 Authority - (See Rule 2801.00.) (10/01/94)

A3601.01 Application of Regulations - Transactions in put and call options on Short Term U.S. Treasury Note futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Short Term U.S. Treasury Note futures contracts. (See Rule 490.00.) (09/01/00)

A3602.01 Nature of Short Term U.S. Treasury Note Futures Put Options - The buyer of one (1) Short Term U.S. Treasury Note futures put option may exercise his option at any time prior to expiration (subject to Regulation 3607.01), to assume a short position in one (1) Short Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Short Term U.S. Treasury Note futures put option incurs the obligation of assuming a long position in one (1) Short Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (10/01/94)

A3602.02 Nature of Short Term U.S. Treasury Note Futures Call Options - The buyer of one (1) Short Term U.S. Treasury Note futures call option may exercise his option at any time prior to expiration (subject to Regulation 3607.01), to assume a long position in one (1) Short Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Short Term U.S. Treasury Note futures call option incurs the obligation of assuming a short position in one (1) Short Term U.S. Treasury Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (10/01/94)

A3603.01 Trading Unit - One (1) $200,000 face value Short Term U.S. Treasury Note futures contract at a specified contract month on the Chicago Board of Trade. (10/01/94)

A3604.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one-quarter (1/4) point per Short Term U.S. Treasury Note futures contract. At the commencement of trading for such option contracts, the following strike prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying Short Term U.S. Treasury Note futures contract, the next six consecutive higher and the next six consecutive lower striking prices closest to the previous day's settlement price; and all strike prices listed for all other option contract months listed at that time. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. When a sale in the underlying Short Term U.S. Treasury Note futures contract occurs at a price greater than or equal to the sixth largest striking price, a new striking price one increment higher than the existing striking prices will be added. When a sale in the underlying Short Term U.S. Treasury Note futures contract occurs at a price less than or equal to the sixth smallest striking price, a new striking price one increment lower than the existing striking prices will be added. When a new strike price is added for an option contract month, the same strike price will be added to all option contract months for which that strike price is not already listed. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (10/01/94)

A3605.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (10/01/94)

A3606.01 Option Premium Basis - The premium for Short Term U.S. Treasury Note futures options shall be in multiples of one half of one sixty-fourth (1/64) of one point ($15.63) of a Short Term U.S. Treasury Note futures contract which shall equal $2,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract.

If options are quoted in volatility terms, the minimum price fluctuation shall be .10 percent (i.e.-10.0%, 10.1%, 10.2%, etc.) (10/01/94)

A3607.01 Exercise of Option - The buyer of a Short Term U.S. Treasury Note futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A3607.02 Automatic Exercise - Notwithstanding the provisions of Regulation 3607.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions;

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

A3608.01 Expiration of Option - Unexercised Short Term U.S. Treasury Note futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading. (10/01/94)

A3609.01 Months Traded In - Trading may be conducted in Short Term U.S. Treasury Note futures options for a forty-two month period extending from the nearby contract month, provided however, that the Exchange may determine not to list a contract month. Both serial and quarterly options may be listed to expire into either front-month or deferred futures as determined by the Board. (06/01/99)

A3610.01 Trading Hours - The hours of trading of options on Short Term U.S. Treasury Note futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such options shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Short Term U.S. Treasury Note futures contract, subject to the provisions of the second paragraph of Rule 1007.00. Short Term U.S. Treasury Note futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (04/01/00)

A3611.01 Position Limits and Reportable Positions - (See Regulation 425.01.) (10/01/00)

A3612.01 Margin Requirements - (See Regulation 431.05) (10/01/94)

A3613.01 Last Day of Trading - No trades in Short Term U.S. Treasury Note futures put and call options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Short Term U.S. Treasury Note futures contract on the last Friday which precedes by at least two business days, the last business day of the
---
month preceding the option month. If such Friday is not a business day, or there is a Friday which is not a

business day which precedes by one business day[s] the last business day of the
month preceding the option month, the last day of trading shall be the first
business day prior to such Friday. (07/01/01)

Chapter 36B (Flexible Options)
Short Term Treasury Note Flexible Options

Chapter 36B (Flexible Options)
Short Term Treasury Note Flexible Options

Note: The following Flexible option regulations with the exception noted in the second paragraph of Regulation 3602.03 supersede the corresponding standard regulations presented in Part A of this chapter. Regulations 3601.00, 3601.01, 3602.01, 3602.02, 3605.01, 3606.01, 3610.01, 3611.01, 3612.01, and 3614.01 remain in effect for both standard and Flexible options.

Ch36B Trading Conditions

B3602.03 Nature of Flexible Options - Flexible options on Short Term Treasury Note futures shall be permitted in puts and calls which do not have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options.

However, Flexible Options on Short Term Treasury Note futures shall also be permitted in puts and calls which have the same underlying futures contract, same strike price, same exercise style, and same last day of trading as standard options that are not at the time listed for trading in the standard options pit or on e-cbot. All Flexible Option regulations except 3607.01, 3607.02, 3608.01 and 3613.01 will pertain for these options.*

Trading shall be permitted in any CBOT recognized option/option or option/futures spread involving puts, calls or futures. (09/01/00)

B3603.01 Trading Unit - The minimum size for requesting a quote and/or trading in a flexible option series is 50 contracts, where each contract represents one of the underlying futures contracts at the Chicago Board of Trade. Parties may request a quote and/or trade for less than 50 contracts in order to entirely close out a position in a flexible series.

For a flexible options series, respondents to a request for quote, must be willing to trade at least 50 contracts, with the exception that a respondent may trade less than 50 contracts if the respondent is entirely closing out a position in the series. (07/01/99)

B3604.01 Strike Prices - Strike prices for flexible options must be specified in points and 64th's of points per Short Term Treasury Note futures contract. However, for a Request for Quote (RFQ), strike prices may be specified in one 64th point increments relative to the underlying futures contract. Strike prices cannot be outside the range of the currently listed strike prices for standard options. (06/01/95)

B3607.01 Exercise of Flexible Options - Notification of the intent to exercise a flexible option must be received by the Clearing Corporation by 4:10 p.m. Chicago time, or by such other time designated by the Board of Directors. No exceptions to the 4:10 p.m. exercise deadline, or such other deadline designated by the Board of Directors, shall be permitted.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3602.03 will follow expiration and exercise procedures as specified in the standard option regulations. (12/01/99)

B3607.02 Automatic Exercise - After the close on the last day of trading, all in-the-money flexible options will be automatically exercised unless notice to cancel automatic exercise is given to the Clearing Corporation by 4:10 p.m., or by such other time designated by the Board of Directors, on that day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3602.03 will follow expiration and exercise procedures as specified in the standard option regulations. (`12/01/99)

B3608.01 Expiration Date - Flexible option expiration may be specified for any Monday through Friday that is not an Exchange holiday except that expiration may not occur following the last Friday that precedes by at least two business days
---
the last business day of the calendar month preceding the underlying future contract month. Flexible options expire at 4:30 p.m. on the last trading

day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3602.03 will follow expiration and exercise procedures as specified in the standard option regulations. (07/01/01)

B3609.01 Months Traded In - Trading may be conducted in flexible options in any month up through the most distant underlying futures contract in which a trade has occurred. (10/01/94)

B3613.01 Last Day of Trading - The last day of trading in a flexible option shall be the expiration day.

However, options which meet the criteria given in the second paragraph of Flexible Option Regulation 3602.03 will follow expiration and exercise procedures as specified in the standard option regulations. (05/01/94)

B3615.01 Exercise Style - Flexible options may be American or European exercise style. (10/01/94)

B3616.01 Underlying Futures Contract for Flexible Options - The underlying futures contract for a flexible option shall be the same as the underlying futures contract month of the nearest March quarterly cycle standard futures option expiring on or after the expiration of the flexible option. (10/01/94)

B3617.01 Initiating a Flexible Option Contract Series - The opening of trading in any flexible option series shall occur through the submission of an RFQ or at such time that a trade takes place in the particular flexible option series.

If so desired, participants can submit additional RFQ's for any open series. However, in this situation no priority period (Regulation 3619.01) will exist. (02/01/01)

B3619.01 RFQ Trading Interval - If the submitter of the first RFQ of the day in a flexible series requests either a bid or an offer but not both, then they shall have up to a one minute priority period during which they shall have the sole right to either buy or sell as specified in their RFQ. The exact length of the priority period shall be determined by the Exchange.

If more than one RFQ is the first RFQ of the day in a flexible series, all the RFQ's individually ask for either a bid or an offer but not both, and all the RFQ's collectively are for the same side of the market (all bids or all offers) then the submitters shall jointly share priority during the priority period.

Priority for RFQ's is determined by submission to the RFQ official, except that all RFQ's submitted before the open shall be treated equally. (02/01/01)

B3620.01 Expiration of an RFQ - Trading in a given flexible option series following an RFQ shall remain open for the remainder of the trading session. Trading in a given flexible option series following a transaction in that series shall remain open through the remainder of the trading session in which the transaction was executed and through each subsequent session in which there is open interest in the flexible option series. (002/01/01)

B3621.01 Reporting of Flexible Option Trades - It shall be the responsibility of the participants in a flexible option trade to report the quantities and prices to the flexible pit reporter in a timely manner, including any later trades in open flexible contract term series. (10/01/94)

* The effect of the second paragraph of Regulation 3602.03 is to permit trading in standard options under certain Flexible trading procedures prior to the listing of such options in the standard options pit or on e-cbot. Once and if these options are listed for trading in the standard options pit or on e-cbot, they will be traded only in the standard options pit or on e-cbot subject to standard options trading requirements. Upon such listing, all existing open positions established under Flexible trading procedures shall be fully fungible with transactions in the respective standard option series for all purposes under these regulations.

Chapter 37
CBOT Rough Rice Futures

Chapter 37
CBOT Rough Rice Futures

Ch37 Trading Conditions

3700.01 Introduction - This chapter is limited in application to futures trading in rough rice. The procedures for trading, clearing, inspection, delivery, settlement and any other matters not specifically covered herein shall be governed by the Rules and Regulations of the Exchange. (11/01/94)

3701.01 Contract Specifications - All futures contracts shall be for U.S. No. 2 or better long grain rough rice as the same is established by standards promulgated by the United States Department of Agriculture (U.S.D.A.) at the time of the first day of trading in a particular contract. No other grade is deliverable.

To be deliverable, rough rice shall have a milling yield of not less than 65%, including not less than 48% head rice. Each percent of head rice over or below 55% shall receive a 1.5% premium or discount, respectively, toward the settlement price for long grain rough rice and each percent of broken rice over or below 15% shall receive a .75% premium or discount, respectively. All rough rice shall be of a Southern origin or such other origin as the Exchange may approve. (11/01/94)

3701.02 Trading Months and Hours - Futures contracts shall be traded initially for delivery during the months of September, November, January, March, May and July of each year. The number of months to be open at one time shall be at the discretion of the Exchange. Trading shall be conducted from 9:15 a.m. to 1:30 p.m. Chicago Time, except in the expiring contract on the last day of trading when trading shall cease at 12:00 Noon. (11/01/98)

3701.03 Trading Unit - The unit of trading shall be 2,000 hundredweight (200,000 pounds). (11/01/94)

3701.04 Price Increments - All bids and offers shall be in multiples of $.005 per hundredweight. (11/01/94)

3701.05 Daily Price Limits - (See 1008.01) (11/01/94)

3701.06 Termination of Trading - No trades shall be made during the last seven business days of the trading month. Any trades remaining open during this period shall be settled by delivery or a bona fide exchange of futures for the cash commodity. (11/01/94)

3701.07 Contract Modifications - Contract specifications shall be fixed as of the first day of trading of the contract and must conform to government grading standards in force at that time. If any federal governmental agency issues an order, ruling, directive or law that conflicts with requirements of these regulations, such order, ruling, directive or law shall be construed to become part of these regulations, and all new contracts shall be subject to such governmental orders. (11/01/94)

3701.08 Position Limits and Trading Limits - (See Regulation 425.01) (11/01/94)

3702.01 Delivery by Warehouse Receipts - Deliveries of rough rice shall be made only by delivery of rough rice warehouse receipts issued by warehouses located in the Arkansas counties of Craighead, Jackson, Poinsett, Woodruff, Cross, St. Francis, Lonoke, Prairie, Monroe, Jefferson, Arkansas and DeSha and designated by the Exchange as regular. Rough rice warehouse receipts issued by otherwise regular warehouses licensed under the U.S. Warehouse Act shall be eligible for delivery in satisfaction of Exchange contracts regardless of whether such warehouses are or are not also licensed by any state. In order to effect a valid delivery, each receipt shall (a) be endorsed by holder making delivery; (b) be marked "INSURED"; (c) indicate payment for storage charges up to and including the 18th day of the preceding month; (d) be negotiable; (e) be registered with the registrar of the Exchange; (f) specify the warehouse; and (g) specify the grade, milling yield and quantity of the rough rice stored. Unpaid accumulated storage charges shall be allowed and credited to the buyer by the seller up to and including the date of delivery. No warehouse receipt shall be valid for delivery if the receipt has expired prior to the delivery or has an expiration date in the month in which delivered.

Endorsement by the holder shall constitute a warranty of the genuineness of the warehouse receipt and of good title thereto, but shall not constitute a guarantee of performance by the issuer. (11/01/94)

3702.02 Registration of Warehouse Receipts - Registration of rough rice warehouse receipts shall be subject to the following requirements:

A. Warehouses which are regular for delivery may have their warehouse receipts registered at any time. Warehouse receipts must not be more than one year old, and must not have an expiration date in the month in which they are delivered. The holder of a registered warehouse receipt may cancel its registration at any time. A warehouse receipt which has been canceled may not be registered again.

B. The clearing house shall issue a weekly report showing the total number of warehouse receipts under registration as of 4:00 p.m. on the last trading day of each week. In addition to the information posted on the Exchange floor, this weekly report shall show the names of warehouses whose receipts are registered. (11/01/94)

3702.03 Delivery Dates - For the trading months of January, March, May, July, September and November, delivery may be made by the seller upon any business day of the delivery month the seller may select. Delivery must be made no later than the last business day of the delivery month. (11/01/94)

3702.04 Storage - Rough rice shall be stored in a bin or bins in a warehouse declared regular by the Exchange, and may contain rough rice from one or more different lots of the same quality and milling yield. Rough rice may be added to or withdrawn from such lots, provided any rice added shall be of the same quality and milling yield and shall conform to the specifications of this chapter and any withdrawal shall not reduce the amount of rice stored in such lots to an amount less than the total amount required to satisfy all outstanding warehouse receipts issued thereagainst. (11/01/94)

3702.05 Par Delivery Unit - Par delivery is 2,000 hundredweight (200,000 pounds) of U.S. No. 2 or better long-grain rough rice. A weight variation of 1% shall be permitted, such variation to be priced at the previous day's settlement price if the expiring future is still trading and at the expiration price of the nearest previous future if no expiring future is trading. (11/01/94)

3702.06 Par Delivery Point - The par delivery points for rough rice shall be mill site warehouses within the boundaries of the Arkansas counties of Craighead, Jackson, Poinsett, Woodruff, Cross, St. Francis, Lonoke, Prairie, Monroe, Jefferson, Arkansas and DeSha. Designation as a mill site warehouse shall be determined by the Exchange. Rough rice may be delivered in satisfaction of the rough rice futures contract at rice mill warehouses regular for delivery at the contract price. Rough rice may be delivered at regular warehouses within the twelve-county area which are not at mill sites in accordance with a schedule of discounts established and published by the Exchange pursuant to 3702.07. No warehouse regular for delivery of rough rice shall be located outside the twelve Arkansas counties listed above. (11/01/94)

3702.07 Delivery Differentials - Delivery of rough rice in satisfaction of the rough rice futures contract at regular warehouses other than regular mill site warehouses shall be subject to a delivery differential of -15 cents per hundredweight (cwt.) subject to the following:

1. At the time of filing an initial or renewal application for regularity, a warehouse shall be required to declare whether or not it is a mill site warehouse as defined in Appendix A.

2. If a regular mill site warehouse (non-mill site warehouse) renews regularity as a non-mill site warehouse (mill site warehouse) for a two-year term beginning July 1, the change in the delivery differential will become effective for the new crop delivery month of September within that two-year term.

3. Whenever the Exchange receives a bona fide renewal application for regularity which will cause the warehouse's delivery differential to change for the next crop year, a notice of the receipt of the application will be posted on the floor of the Exchange after the close of the market that day.

4. A warehouse which has been declared regular for delivery as a non-mill site warehouse (mill site warehouse) for a current regularity term ending June 30 may not be declared regular for

delivery as a mill site warehouse (non-mill site warehouse) during the balance of that term.

Pursuant to the provisions of this regulation, 3702.06 and Appendix A of these rules and regulation, the Exchange shall publish a list of all regular warehouses and the applicable discount.

3702.08 Delivery and Loading Out - Delivery shall be made on the basis of the actual weight of rough rice loaded into rail cars or trucks. A load-out charge not to exceed the tariff as filed with the Exchange in accordance with 3704.01.H shall be paid by the buyer to cover loading and weighing. The maximum load-out charge for the loading-out of rough rice against a rough rice registered warehouse receipt is 22.222 cents per cwt. which will be subject to an evaluation by the Exchange at the time of renewal of regularity of rice warehouses. An increase or decrease in the maximum load-out charge for rough rice may become effective 30 days after a notice has been posted on the Exchange floor. The notice will state the amount of the maximum load-out charge, the applicable warehouse receipts and the date that the charge will become effective.

Load-outs shall begin not later than the third business day following the day on which loading instructions are given to the warehouseman; provided, however, that the withdrawing party has within that period furnished rail cars or trucks to receive the rice. The warehouseman shall be required to load-out rice at the normal rate of load-out for the facility, but not less than 20 trucks or its equivalent weight loaded-out in rail cars per business day and shall be able to load out the warehouse's entire regular capacity in 45 calendar days or less. A party taking delivery shall receive the quantity ordered loaded out as soon as reasonably possible but no more than 45 calendar days after load-out begins. Rough rice regular warehouses shall not be required to meet these minimum load-out rates when transportation equipment is not clean and load ready, inspection services are not available, a condition of force majeure exists, or inclement weather prevents loading.

In addition, rough rice regular warehouses shall not be required to meet the minimum load-out rate for rail cars when rail cars have been constructively placed for load-in prior to constructive placement of rail cars for load-out. However, when rail cars for load-out are constructively placed after rail cars for load in, the warehouse will load-in grain from the rail cars at the normal rate of load-in for the facility. This rate shall not be less than the equivalent weight of 20 trucks loaded-in from rail cars. Rough rice regular warehouses shall not be required to meet these minimum load-in rates when a condition of force majeure exists, inspection services are not available or inclement weather prevents unloading.

The warehouse operator is not obligated to commence load-out of rough rice to a given party sooner than three business days after he receives canceled warehouse receipts and written loading instructions from such party, even if such party may have a conveyance positioned to accept load-out of rough rice before that time. If the party taking delivery presents transportation equipment of a different type (rail or truck) than that specified in the loading instructions, he is required to provide the warehouse operator with new loading orders, and the warehouse operator shall not be obligated to begin load-out of rough rice to such party sooner than three business days after he receives the new loading orders. Written loading orders received after 2:00 p.m. (Chicago time) on a given business day shall be deemed to be received on the following business day.

The warehouseman upon receipt of the canceled receipts by his agent and loading instructions from the owner by 2:00 p.m. on a given day, shall notify the owner by telex or telefax by 4:00 p.m. on that given day the scheduled day for load-out. The daily tariff load-out rate and the amount of tonnage which is scheduled for load-out before owner's load-out shall also be provided in the notification.

The owner upon acceptance of the scheduled load-out date, and if he so requests on a given day prior to load-out, shall receive a telex or telefax from the warehouseman specifying the amount of tonnage remaining before owner's equipment is loaded.

The warehouseman upon cancellation of loading instructions on any business day prior to the day of actual loading of rice, and if requested by the owner, shall reissue and register warehouse receipts for the amount of rough rice which remains unloaded. Storage fees shall begin on the date of re-issuance of the new warehouse receipts.

Storage charges on rough rice to be shipped pursuant to loading instructions shall cease no later than three calendar days following the day on which canceled warehouse receipts are surrendered or

loading instructions are given, whichever occurs later; provided, however, that the owner makes transportation available for loading on the scheduled load-out date or has not canceled loading instructions.

The warehouse operator shall be permitted a two percent deviation above or below the yield of head rice shown on the warehouse receipt issued for delivery on the contract. The warehouse operator shall also be permitted a two percent deviation above or below the total milling yield shown on the warehouse receipt issued for delivery on the contract.

The warehouse operator is responsible for maintaining the milling yield of rice specified on said warehouse receipt, within the stated allowable deviations, for the total quantity of rice represented by said warehouse receipt and not for sub-lots (i.e. truckloads) of said warehouse receipt. The warehouse operator is also responsible for maintaining the numerical grade of rice specified on said warehouse receipt for the total quantity of rice represented by said warehouse receipt for the total quantity of rice represented by said warehouse receipt, however, the numerical grade for sub-lots (i.e., truckloads) shall be no more than one numerical grade below the deliverable grade specified in 3701.01. Averaging the grade or milling yield of multiple receipts is not permissible.

When the rough rice is ordered out-of-store, the warehouse operator will be reimbursed by the buyer in cash if the total milling yield or the yield of head rice of the rice loaded out is over the total milling yield or the yield of head rice listed on the warehouse receipt (up to two percent).

Conversely, the warehouse operator will reimburse the buyer in cash if the total milling yield or the yield of head rice of the rice loaded out is under the total milling yield or the yield of head rice listed on the warehouse receipt (up to two percent). Calculations shall be made daily for each receipt loaded out that day and shall be based on the nearby month rough rice future's settlement price on the day of load out. Such payments to or from the warehouse operator for excess or deficit head and broken rice shall be at the premium and discount schedule specified in 3701.01, Contract Specifications. Adjustments on the milling yield of head rice shall be based on an official test.

Both the buyer and the warehouseman will provide for an analysis of the rough rice for grade and milling yield. If there is a disagreement, then a duplicate sample taken at origin shall be analyzed by the Federal Grain Inspection Service (FGIS), or a mutually agreed-upon third party to resolve the disagreement.

Notwithstanding the above, the buyer retains the right, at his expense, to an official sampling and anaylsis by FGIS, or a mutually agreed-upon third party, at orgin, of rough rice loaded-out at any time. (03/01/97)

3702.09 Notice of Intention - A clearing member intending to deliver shall, not later than 4:00 p.m. on position day, the second business day prior to the intended delivery day, provide to the Clearing House, a notice of intention in the form prescribed by the Exchange. On the last notice day of the delivery month, however, delivery notices may be delivered to the Clearing House until 2:00 p.m. No intra-office delivery may be made. If a clearing member has both long and short interest on its books, it must tender to the Clearing House such notices as it receives from its customers who are short. Prior to the opening of the market of the following business day, the Clearing House shall pass such notice to the clearing member having the oldest long contract as of the close of trading on the day of receipt by the Clearing House of the notice of intent (position day).

Upon receipt of the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing House to each such buyer, the seller shall prepare invoices addressed to its assigned buyers describing the amount which buyers must pay to the seller in settlement of the actual deliveries, based on the delivery prices established by the Clearing House for that purpose adjusted for applicable premiums, discounts, storage charges, quantity variations and other items for which provision is made in these rules and regulations and other items for which provision is made in these rules and regulations relating to contracts. Such invoices shall be delivered to the Clearing House by 4:00 p.m. on notice day. Upon receipt of such invoices, the Clearing House shall promptly made them available to buyers to whom they are addressed. A buyer receiving such an invoice from the Clearing House shall, not later than 1:00 p.m. of the following day, present the invoice at the office of the seller by whom it was issued together with a certified check for the amount due, and thereupon warehouse receipts shall be delivered by the seller to the buyer.

(11/01/94)

3703.01 Weighing - Weighing shall be done in accordance with the current custom of the trade. The official shipped weight so obtained shall be final provided, however, that railroad weights shall be acceptable and shall be final if the negotiable warehouse receipt holder and the seller so agree in writing. (11/01/94)

3703.02 Storage Charges - Storage charges on rough rice shall not exceed such charges as have been filed with the Exchange in accordance with 3704.01H. (which shall be designed to cover costs of storage, insurance and taxes). (11/01/94)

Storage charges on rough rice shall not exceed 34/100 of a cent per hundredweight per day. (Amended -effective May 1, 1995.)

3704.01 Conditions of Regularity for Warehouses - The following shall constitute the requirements and conditions for regularity:

A. The warehouse shall at all times meet standards of construction, sanitation and dust control, insurability and physical maintenance applicable generally to commercial warehouses.

B. It shall be situated with respect to transportation facilities deemed adequate by the Exchange.

C. It shall be located in such states as the Exchange may designate from time to time as delivery locations for particular commodities.

D. It shall be in good financial standing and credit, and shall meet the minimum financial requirements and financial reporting requirements set forth in Appendix D. It shall file a bond with sufficient sureties in such sum and subject to such conditions as the Exchange may require. The Exchange may, at its option, waive bond requirements.

E. It shall maintain all licenses required by state or federal law.

F. It shall have standard equipment and appliances for the convenient and expeditious receiving, handling and shipping of commodities in bulk, in railroad cars, barges or in trucks, and shall be properly safeguarded and patrolled.

G. It shall cooperate with the Exchange's system of registration of negotiable warehouse receipts and furnish to the Registrar all needed information to enable him to keep a correct record and account of all commodities remaining in store and receipts issued as of the close of each week.

H. It shall file its tariffs listing in detail the maximum charges for the handling and storage of all commodities for which regularity is sought, and thereafter it shall file with the Exchange any proposed changes in such tariffs. The effective date of the change will be on the first day of the month that follows a two-month time period after the day a written notice of the change is received by the Exchange.

I. Its warehouse receipts rendered in satisfaction of futures contracts shall not, because of the warehouse's accessibility, tariffs, insurance rates or other characteristics, adversely affect the value of the commodity delivered or impair the efficiency of futures trading in the particular commodity.

J. It shall not engage in unethical conduct, or fail to be operated in accordance with accepted commercial practices or fail to comply with governmental statutes, rules and regulations governing warehouses and the commodities stored therein.

K. It shall make such reports, keep such records, and permit such warehouse visitations and examinations of documents as the Exchange, the Commodity Futures Trading Commission pursuant to Commission Regulation 1.44(a) - (c) and the United States Department of Justice may prescribe or undertake; it shall comply with all applicable rules, regulations and orders promulgated by the Commodity Futures Trading Commission and with all requirements established by the Exchange because of such rules or orders. (11/01/94)

3704.02 Application For Declaration of Regularity - Persons operating warehouses for the storage of Rough Rice traded on the Exchange who desire to have such warehouses made regular for delivery of Rough Rice under the rules and regulations shall make application for an initial declaration of regularity on a form prescribed by the Exchange prior to May 1, 1994, and every even year thereafter, for a two-year term beginning the following July 1, and every even year thereafter, and at any time during a current term for the balance of that term. Regular warehouses who desire to change their regular capacity during a current term shall make application for the desired amount of total regular capacity on the same form. Initial regularity for the current term and changes in regularity shall be effective either thirty days after a notice that a bona fide application has been received, is posted on the floor of the exchange, or the day after the application is approved by the Exchange, whichever is later. Applications for a renewal of regularity shall be made prior to May 1, 1994, and every even year

thereafter, for the respective years beginning July 1, 1994 and every even year thereafter, and shall be on the same form.

As part of its application for regularity, the warehouseman expressly agrees to consent to the disciplinary jurisdiction of the Exchange for five (5) years after regularity lapses for conduct pertaining to regularity which occurred while the warehouse was regular.

3704.03 Duties of Warehousemen - It shall be the duty of operators of all regular warehouses:

A. RESERVED

B. To notify the Exchange of any change in the condition of their warehouse which might materially affect their physical or financial ability to continue to meet the requirements for regularity under these rules and regulations. Any warehouse must immediately notify the Exchange of any material reduction of its capital, including the incurring of a contingent liability which would materially affect capital should such liability become fixed. Such notice must be in writing and signed by an officer of the warehouse.

   For purposes of this requirement, a reduction amounting to twenty percent (20%) or more from the total capital reported as of the last date for which a financial statement was filed under this requirement shall be deemed material. In determining total capital, there shall be taken into consideration equities and deficits in all proprietary accounts properly included in the determination of net worth.

C. To insure adequately and fully commodities covered by warehouse receipts tendered for delivery against loss by fire, tornado and the contingencies provided for in the standard form of "extended coverage" endorsements or policies. Commodities shall be deemed so insured when the warehouse shall maintain such insurance for the benefit of all depositories of grain under tariffs, rules or regulations authorized and promulgated under the authority of the United States Warehouse Act. In any warehouse declared regular by the Exchange, the charge for insurance on commodities delivered on futures contracts shall be limited to a maximum of $1.00 per $100.00 evaluation annually. Any charges for insurance in excess of this amount shall be paid by the warehouseman.

D. To remove no commodity covered by negotiable warehouse receipts registered with the Exchange from the designated warehouse or, if appropriate, from the designated bond save at the request of the negotiable warehouse receipt holder upon surrender of the receipt.

E. To register with the Exchange all negotiable warehouse receipts relating to commodities for which the warehouse is declared regular and to cancel such registrations before releasing property.

F. To have a representative in Chicago, Illinois authorized and known to the Exchange to act in matters pertaining to negotiable warehouse receipts including shipping instructions.

G. To load vehicles furnished by holders of negotiable warehouse receipts of the Exchange within the time specified by these rules and regulations.

H. To furnish the Exchange with copies of policies or certificates of insurance under which deliverable commodities in the warehouse are insured.

I. To deliver commodities ordered out of the warehouse in buyer's vehicles within such times as specified by these rules and regulations showing no preference in out-loading, unless conditions such as acts of God, fire, flood, windstorm, explosion or other force majeure interfere therewith; provided, the warehouse shall make no charge for storage after three days following receipt of the load-out order notwithstanding delivery is prevented because of such act of God, etc.

   If no time period for out-loading is set forth in the rules or regulations of a given contract, load-out under such contract shall occur not later than three business days after vehicles are ready for loading, except as provided herein.

J. To inspect the transportation facilities furnished by the negotiable warehouse receipt holder. If, in the warehouseman's judgement, cleaning is necessary, he shall immediately notify the

receipt holder and thereafter abide by the holder's instructions.

K. To load each vehicle to its capacity providing sufficient negotiable warehouse receipts are tendered.

L. To bear the costs of all expenses contingent upon transfer of title of the warehoused commodity to another regulated warehouse satisfactory to the owners of such commodity in the event of expiration or revocation of regularity or in the event of abandonment or sale of the properties where regularity is not reissued. (11/01/94)

3704.04 Safeguarding Condition Of Stored Commodities -

A. Whenever in the opinion of the operator of the warehouse any commodity stored in a public warehouse under his jurisdiction should be loaded out in order to protect the best interests of the parties concerned, such operator shall notify the Exchange giving the location and grades of such commodity. The Exchange shall immediately notify an appropriate inspection service which shall at once proceed to the warehouse in which the commodity is stored and examine it in conjunction with the operator of such warehouse. If the inspection service agrees with the operator that the commodity should be moved, it shall so notify the Registrar. If the inspection service does not agree with the operator that the commodity should be moved, the operator of the warehouse shall have the right to appeal to the Business Conduct Committee of the Exchange. If on such appeal the Business Conduct Committee shall agree with the operator that the commodity should be moved, the committee shall so notify the Registrar, and the warehouse receipts covering the above specified lot or lots shall no longer be regular for delivery on futures contracts. Upon receiving such notice, either from the inspection service or from the Business Conduct Committee, the Registrar shall notify the holder, or holders, or their agents, together with the Chairman of the Business Conduct Committee, of the total quantity of the grade of commodity in question (selecting the oldest registered warehouse receipt first, then such additional registered warehouse receipts in the order of their issuance as may be necessary to equal such total quantity of the commodity).

When this information reaches the Chairman of the Business Conduct Committee, he shall appoint a Committee consisting of five disinterested handlers of the cash commodity. This Committee shall meet at once and after taking into consideration various factors that establish the value of the grade of the receipts held by such owner or owners, shall determine the fair value of the commodity, which price shall be that to be paid by the operator. If the price offered is not satisfactory, a Committee appointed by the Chairman of the Business Conduct Committee (at the request of such owner), shall procure other offers for such commodity, and such offers shall be immediately reported to the owner or his agent. If the owner refuses to accept any such offers, he shall have the two following business days to order and furnish facilities for loading the commodity out of store, and during this period the warehouse shall be obliged to deliver the commodity called for by the warehouse receipts, but not more than three (3) days may elapse after notification by the Registrar to the holder of the receipt before satisfactory disposition shall have been made of the commodity, either by sale to the operator or by the ordering out and furnishing facilities to load the same, provided the amount of such commodity does not exceed 20,000 hundredweight of rough rice in any one warehouse. If the amount of commodity in question exceeds such amount, the owner, or owners, of the warehouse receipts shall be allowed forty-eight hours of grace over and above the aforementioned three days for each additional 20,000 hundredweight.

B. In the event that the holder of the warehouse receipt, or his agent, fails to move the commodity or make other satisfactory disposition of same within the prescribed time, it shall be held for his account, and any loss in grade sustained shall likewise be for his account.

C. Nothing in the foregoing provisions shall be construed as prohibiting the warehouseman from fulfilling contracts from other stocks under his control. (11/01/94)

3704.05 Damage To Commodity In Store - Notice - The operator of a warehouse shall promptly advise the Exchange of any damage to a commodity held in store by it whenever such damage shall

occur to an extent that will render it unwilling to purchase and withdraw from store, at its cost, all such damaged commodity. (11/01/94)

3704.06 Revocation of Regularity - Any declaration of regularity may be withdrawn by the Exchange at any time if the warehouse does not comply with the conditions above set forth or fails to carry out prescribed duties; providing, however, the Exchange has theretofore given notice to the warehouseman of the deficiencies and a reasonable time, under the circumstances, to cure them.

If the designation is revoked, the Exchange shall post such revocation on the bulletin board together with the period of time, if any, during which the negotiable warehouse receipts issued by the warehouse will be deliverable in satisfaction of futures contracts.

Once such period of time, if any, has expired, and the negotiable warehouse receipts issued by the warehouse are no longer deliverable in satisfaction of futures contracts, the warehouse shall bear the cost of the transfer of the warehoused commodity to another regulated warehouse, in accordance with 3704.03, paragraph L. (11/01/94)

3704.07 Federal Warehouses - In compliance with the provisions of Section 5a(7) of the Commodity Exchange Act, providing that the commodity may be delivered from a warehouse subject to the United States Warehouse Act, 7 U.S.C. Sections 241-273, a receipt issued under that Act shall be accepted for delivery on any futures contract provided the commodity represented by the receipt meets contract specifications and the warehouse issuing the receipt meets the requirements imposed by this chapter on all other warehouses. (11/01/94)

3704.08 Finality of USDA Or Other Required Inspection Certificate - The Exchange assumes no responsibility and disclaims all liability on account of the grade, quantity or specifications of any commodity delivered on the basis of a USDA or other required inspection certificate. Such certificate shall constitute conclusive evidence of the grade, quantity or other specifications of the commodity described therein. (11/01/94)

3705.01 Delivery Through Clearing House - All deliveries on maturing contracts shall be made through the Clearing House. The Clearing House shall prescribe such forms and requirements for initiating and completing delivery as are consistent with this chapter and the various contract specification chapters. (11/01/94)

3705.02 Payment Upon Delivery - The receiver of a Notice of Intention from the Clearing House shall present the delivery invoice at the office of the deliverer not later than 1:00 p.m. on the next business day, i.e., delivery day, together with a certified or cashier's check drawn on a Chicago bank, and shall receive therefore, properly endorsed, warehouse receipts or shipping certificates in accordance with the Notice and any other contract documents required under these rules and regulations.

If said delivery day is a banking holiday, delivery and payment must be made before 9:30 a.m. the next banking business day and the seller shall be responsible for storage charges up to and including that banking holiday. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in accordance with its Regulations. (11/01/94)

3705.03 Necessity Of Possession Of Documents - The deliverer shall at such time as the Notice of Intent is delivered to the Clearing House have possession of all documents (except a warehouse receipt in the case of a redelivery) necessary to make good delivery. (11/01/94)

3705.04 Suspended Member Out Of Line For Delivery - When a member of the Clearing House who has open purchases is suspended from the clearing House for default or insolvency, he shall be deemed out of line for delivery and tender shall be made to the buyer obligated upon the next oldest contract. Also, if tender be made to a buyer who is thereafter suspended for default or insolvency before delivery is accepted, the Notice shall be withdrawn and another immediately served upon the buyer obligated upon the next oldest contract. (11/01/94)

3705.05 Failure to Deliver - A clearing member who has not tendered a Notice on or before 8:00 p.m. on the last day in a delivery month on which such notice is permitted shall be in default. Failure to make delivery shall constitute improper conduct. In addition to the penalties provided under Exchange

rules and regulations, the Exchange shall determine and assess the damages incurred by the buyer, taking into account the settlement price and such other factors as it may deem just. (11/01/94)

3705.06 Failure To Accept Delivery -

A. If a clearing member fails to accept delivery, the commodity shall be sold for the account of the buyer by the Exchange. If the proceeds are insufficient to pay the seller the full delivery price, the clearing member failing to accept delivery shall be liable for the difference.

B. If a clearing member is unable or refuses to make full payment to the seller, the Clearing House shall bear the seller's loss in the first instance.

C. Failure to accept delivery or make full payment shall also constitute improper conduct. (11/01/94)

3705.07 Transfer Of Cash For Futures After Termination Of Contract - Subject to the Exchange approval, a transfer of cash merchandise for futures may be permitted during the contract month after termination of the contract.

Such transfer of cash for futures shall be cleared through the Clearing House in accordance with normal procedures and shall be made at the prices as are mutually agreed upon by the two parties to the transaction. Such transfers shall be clearly designated by proper symbol as transfer transactions and shall be recorded by the Exchange and the clearing member to the transactions, and proper notice given to the membership. Each party to such transaction must satisfy the Exchange that the transaction is bona fide and must file with the Clearing House all memoranda necessary to establish the nature of the transaction, the kind and quantity of the cash commodity, the kind, quantity and price of the commodity future, the names of all clearing members to the transaction and such other information as the Clearing House or Exchange may require.

Such transfer of cash for futures shall bear the normal commission charges pursuant to deliveries. (11/01/94)

3705.08 Risk Of Loss And Charges -

A. Title and the risk of loss or damage pass to the buyer at the time of delivery of the warehouse receipts.

B. The deliverer shall be responsible for all warehouse charges until the time when title passes and thereafter the receiver shall be responsible.

C. The receiver shall be responsible for all inspection and weighing charges at load-out. (11/01/94)

Chapter 38
CBOT Rough Rice Options

Chapter 38
CBOT Rough Rice Options

Ch38 Trading Conditions

3800.01 Scope Of Chapter - This chapter is limited in application to the trading of put and call options exercisable for Chicago Board of Trade Rough Rice futures contracts. Procedures for trading, clearing and any other matters not specifically covered herein shall be governed by the rules of the Association. (11/01/94)

3801.01 Unit Of Trading - The unit of trading shall be a put or call option exercisable for (1) 2,000 hundredweight Chicago Board of Trade rough rice futures contract. (11/01/94)

3802.01 Options Call -

A. Hours Of Trading - The hours of options trading shall be concurrent with the hours of the underlying futures contract.

B. Contract Months - Trading may be conducted in the nearby rough rice options contract month plus any succeeding months, provided however that the Exchange may determine not to list a contract month. For options that are traded in months in which rough rice futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract.

C. Termination Of Trading - No trades in rough rice futures options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Rough Rice futures contract on the last Friday which precedes, by at least two business days, the last business
---
day of the month preceding the option month. If such Friday is not a business day, then trading shall terminate on the preceding business day prior to such Friday.

On the last day of trading in an expiring option class, the expiring options shall be closed with a public call made striking price by striking price, conducted by such persons as the Exchange shall direct.

D. Option Expiration - The contractual rights and obligations arising from the unexercised option contract expire at 10:00 a.m. on the first Saturday following the last trading day.

E. Option Premium Basis - The minimum price fluctuation of the option premium shall be $0.0025 per hundredweight or $5.00 per contract.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $4.00 in $1.00 increments per option contract.

F. Position Limits And Reportable Positions - (See Regulation 425.01) (07/01/01)

3803.01 Striking Prices - Trading shall be conducted for put and call options with striking prices (the "strikes") in integral multiples of twenty (20) cents per hundredweight per rough rice futures contract (i.e., 7.80, 8.00, 8.20, etc.) and in integral multiples of forty (40) cents per hundredweight per rough rice futures contract (i.e. 8.00, 8.40, 8.80, etc.) as follows:

A. 1. In integral multiples of twenty cents, at the commencement of trading for an option contract, the following strikes shall be listed: one with a strike closest to the previous day's settlement price of the underlying rough rice futures contract, the next five consecutive higher and the next five consecutive lower strikes (the "initial band"). If the previous day's settlement price is midway between two strikes, the closest price shall be the larger of the two.

2. In integral multiples of forty cents, at the commencement of trading for an option

contract, the following strikes shall be listed: the next four consecutive strikes above the initial band.

3. In integral multiples of twenty cents, over time, strikes shall be added as necessary to insure that all strikes within $1.10 of the previous day's trading range of the underlying futures contract are listed (the "minimum band").

4. In integral multiples of forty cents, over time, strikes shall be added as necessary to insure that the next four consecutive strikes above the minimum band are listed.

5. No new strikes may be added by these procedures in the month in which an option expires.

B. 1. In integral multiples of forty cents, all strikes in which the previous day's delta factors (as determined by the Exchange) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading. However, no new strikes may be added by this procedure to an option month unless open positions exist in that contract month.

2. In integral multiples of twenty cents, during the month in which an option expires, all strikes in which the previous day's delta factors (as determined by the Exchange) for both the put and call options are 0.10 or greater for two consecutive business days will be listed for trading.

C. All strikes will be listed prior to the opening of trading on the following business day. The Exchange may modify the procedures for the introduction of strikes as it deems appropriate in order to respond to market conditions. (11/01/94)

3804.01 Option Exercise - An option holder intending to exercise shall present to the clearing house, no later than 6:00 p.m., or by such other time designated by the Board of Directors, on any business day through and including the last trading day, on a form prescribed thereby, a notice of exercise.

The clearing house shall assign such a notice promptly and at random to a clearing member carrying a short position in the option series. Said clearing member in turn shall assign such notice to accounts with an open short option position in a fair and non-preferred manner in accordance with written procedures. By the opening of the next trading session, in the case of a call option, the writer shall sell to the holder by book entry the underlying futures contract at the contracted striking price. In the case of a put option, the writer shall buy from the holder by book entry the underlying futures contract at the contracted striking price. Thenceforth, the writer and the holder assume the rights and obligations associated with their respective positions in the underlying futures contract.

Notwithstanding the foregoing, an option holder may exercise an option prior to 10:00 a.m. on the expiration date:

A. to correct errors or mistakes made in good faith;

B. to take appropriate action as the result of unreconciled Exchange option transactions;

C. in exceptional cases involving a customer's inability to communicate exercise instructions to the member firm or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

3805.01 Daily Price Limits - Trading in a rough rice futures option shall be confined to a premium no greater than the trading limit for the rough rice futures contract above and below the option's previous day settlement premium for all trading days except the last. (11/01/94)

3806.01 Automatic Exercise - Notwithstanding the provisions of Regulation 3804.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the clearing house.

Notice to cancel automatic exercise shall be given to the clearing house by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the clearing house prior to 10:00 a.m. on the expiration date:

A. to correct errors or mistakes made in good faith;

B. to take appropriate action as the result of unreconciled Exchange option transactions;

C. in exceptional cases involving a customer's inability to communicate exercise instructions to the member firm or the member firm's inability to receive such instructions prior to 6:00 p.m. on the last day of trading. (12/01/99)

Chapter 43
CBOT(R) Dow Jones Industrial Average(SM) Index Futures

Chapter 43
CBOT(R) Dow Jones Industrial Average(SM) Index/1/ Futures

Ch 43 Trading Conditions

4301.00 Authority - (See 1701.00) (11/01/97)

4302.01 Application of Regulations - Futures transactions in CBOT Dow Jones Industrial Average(SM) ("DJIA") Index contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in CBOT Dow Jones Industrial Average(SM) Index contracts. (09/01/00)

4303.01 Emergencies, Acts of God, Acts of Government - If delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. (11/01/97)

4304.01 Unit of Trading - The unit of trading shall be $10.00 times the Dow Jones Industrial Average(SM). The Dow Jones Industrial Average(SM) is a price-weighted composite index of 30 stocks. (11/01/97)

4305.01 Months Traded In - The months listed for trading are March, June, September and December, at the discretion of the Exchange. (11/01/97)

4306.01 Price Basis - The price of the CBOT Dow Jones Industrial Average(SM) Index futures shall be quoted in points. One point equals $10.00. The minimum price fluctuation shall be one point per contract. Contracts shall not be made on any other price basis. (11/01/97)

4307.01 Hours of Trading - The hours of trading for future delivery in CBOT Dow Jones Industrial Average(SM) Index futures shall be determined by the Board.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Regulatory Compliance Committee shall direct. (11/01/97)

4308.01 Price Limits and Trading Halts - (See Regulation 1008.01) (11/01/97)

4309.01 Last Day of Trading - The last day of trading in CBOT Dow Jones Industrial Average

---

1 "Dow Jones(SM)", "The Dow(SM)", Dow Jones Industrial Average(SM)" and "DJIA(SM)" are service marks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by the Board of Trade of the City of Chicago ("CBOT".). The CBOT's futures and futures option contracts based on the Dow Jones Industrial Average(SM) are not sponsored, endorsed, sold or promoted by Dow Jones, and Dow Jones, and Dow Jones makes no representation regarding the advisability of trading in such product(s).

Index futures contracts deliverable in the current delivery month shall be the trading day immediately preceding the final settlement day (as described in Regulation 4342.03). (11/01/97)

4309.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 4309.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 4342.01. (11/01/97)

4310.01 Margin Requirements - (See Regulation 431.03) (11/01/97)

4312.01 Position Limits and Reportable Positions - (See Regulation 425.01) (11/01/97)

Ch 43 Delivery Procedures

4336.01 Standards - The contract grade shall be the final settlement price (as described in Regulation 4342.02) of the Dow Jones Industrial Average(SM) Index on final settlement day (as described in Regulation 4342.03). (11/01/97)

4342.01 Delivery on Futures Contracts - Delivery against the CBOT Dow Jones Industrial Average(SM) Index Futures contract must be made through the Clearing Corporation. Delivery under these regulations shall be on the final settlement day (as described in regulation 4342.03) and shall be accomplished by cash settlement as hereinafter provided.

Clearing members holding open positions in a CBOT Dow Jones Industrial Average(SM) Index futures contract at the time of termination of trading shall make payment to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Regulation 4342.02). (11/01/97)

4342.02 Final Settlement Price - The final settlement price shall be determined on the final settlement day. The final settlement price shall be $10 times a Special Open Quotation (SOQ) of the Dow Jones Industrial Average(SM) Index based on the opening prices of the component stocks in the index, or on the last sale price of a stock that does not open for trading on the regularly scheduled day of final settlement (as described in Regulation 4342.03).

If the New York Stock Exchange ("NYSE") does not open on the day scheduled for the determination of the final settlement price, then the NYSE-stock component of the final settlement price shall be based on the next opening prices for NYSE stocks. (11/01/97)

4342.03 The Final Settlement Day - The final settlement day shall be defined as the third Friday of the contract month, or if the Dow Jones Industrial Average(SM) is not published for that day, the first preceding business day for which the Dow Jones Industrial Average(SM) is scheduled to be published. (11/01/97)

4347.01 Payment - (See Regulation 1049.04.) (11/01/97)

4348.01 Disclaimer -

CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts are not sponsored, endorsed, sold or promoted by Dow Jones. Dow Jones makes no representation or warranty, express or implied, to the owners of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts or any member of the public regarding the advisability of trading in CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts. Dow Jones' only relationship to the Exchange is the licensing of certain trademarks and trade names of Dow Jones and of the Dow Jones Industrial Average(SM) which is determined, composed and calculated by Dow Jones without regard to the Chicago Board of Trade or CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts. Dow Jones has no obligation to take the needs of the Chicago Board of Trade or the owners of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts into consideration in determining, composing or calculating the Dow Jones Industrial Average(SM). Dow Jones is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts to be listed or in the determination or calculation of the equation by which CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts are to be converted into cash. Dow Jones has no obligation or liability in connection with the administration, marketing or trading of the CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts.

DOW JONES DOES NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES INDUSTRIAL AVERAGE(SM) OR ANY DATA INCLUDED THEREIN AND DOW JONES SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. DOW JONES MAKES NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CHICAGO BOARD OF TRADE, OWNERS OF CBOT DOW JONES INDUSTRIAL AVERAGE(SM) INDEX FUTURES AND FUTURES OPTIONS CONTRACTS, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE DOW JONES INDUSTRIAL AVERAGE(SM) OR ANY DATA INCLUDED THEREIN. DOW JONES MAKES NO EXPRESS OR IMPLIED

WARRANTIES, AND EXPRESSLY DISCLAIMS ALL WARRANTIES, OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE DOW JONES INDUSTRIAL AVERAGE(SM) OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL DOW JONES HAVE ANY LIABILITY FOR ANY LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN DOW JONES AND THE CHICAGO BOARD OF TRADE. (11/01/97)

CBOT(R) Dow Jones Industrial Average(SM) Index Futures Options

Chapter 44
CBOT(R) Dow Jones Industrial Average(SM) Index/1/ Futures Options

Ch 44 Trading Conditions

4401.00 Authority - (See Rule 2801.00) (11/01/97)

4401.01 Application of Regulations - Transactions in put and call options on CBOT Dow Jones Industrial Average(SM) ("DJIA") Index futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on CBOT Dow Jones Industrial Average(SM) Index futures contracts. (See Rule 490.00) (09/01/00)

4402.01 Nature of CBOT Dow Jones Industrial Average(SM) Index Futures Put Options- The buyer of one (1) CBOT Dow Jones Industrial Average(SM) Index futures put option may exercise his option at any time prior to expiration (subject to Regulation 4407.01), to assume a short position in one (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) CBOT Dow Jones Industrial Average(SM) Index futures put option incurs the obligation of assuming a long position in one (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (11/01/97)

4402.02 Nature of Dow Jones Industrial Average(SM) Index Futures Call Options -The buyer of one (1) CBOT Dow Jones Industrial Average(SM) Index futures call option may exercise his option at any time prior to expiration (subject to Regulation 4407.01), to assume a long position in one (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) CBOT Dow Jones Industrial Average(SM) Index futures call option incurs the obligation of assuming a short position in one (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (11/01/97)

4403.01 Trading Unit - One (1) CBOT Dow Jones Industrial Average(SM) Index futures contract of a specified contract month on the Chicago Board of Trade. (11/01/97)

4404.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one hundred (100) index points per CBOT Dow Jones Industrial Average Index futures contract and in integral multiples of two hundred (200) index points per CBOT Dow Jones Industrial Average(SM) Index futures contract as follows:

A. At the commencement of trading for quarterly and non-quarterly expirations, the following strike prices in one hundred point intervals shall be listed: one with a striking price closest to the previous day's settlement price on the underlying CBOT Dow Jones Industrial Average Index futures contract and the next twenty consecutive higher and the next twenty consecutive lower striking prices closest to the previous day's settlement price. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. Over time new striking prices will be added

---

/1/ "Dow Jones(SM)", "The Dow(SM)", "Dow Jones Industrial Average(SM)", and "DJIA(SM)" are service marks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by the Board of Trade of the City of Chicago ("CBOT."). The CBOT's futures and futures options contracts based on the Dow Jones Industrial Average(SM) are not sponsored, endorsed, sold or promoted by Dow Jones, and Dow Jones makes no representation regarding the advisability of trading in such product(s).

to ensure that at least twenty one hundred point striking prices always exist above and below the previous day's settlement price in the underlying futures.

B. At the commencement of trading for quarterly and non-quarterly expirations, the following strike prices in two hundred point intervals shall be listed: the next twenty consecutive higher and the next twenty consecutive lower strike prices above and below the strike price band as stipulated in Regulation 4404.01(A). Over time new striking prices will be added to ensure that at least twenty striking prices in two hundred point intervals always exist above and below the strike price band as stipulated in Regulation 4404.01(A).

C. All new strike prices will be added prior to the opening of trading on the following business day. The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (10/01/99)

4405.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (11/01/97)

4406.01 Option Premium Basis - The premium for CBOT Dow Jones Industrial Average(SM) Index futures options shall be in multiples of one-half (1/2) of one index point of a CBOT Dow Jones Industrial Average(SM) Index futures contract which shall equal $5.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $5.00 in $1.00 increments per option contract. (11/01/97)

4407.01 Exercise of Option - The buyer of a CBOT Dow Jones Industrial Average(SM) Index futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on such day. (12/01/99)

4407.02 Automatic Exercise - Notwithstanding the provisions of Regulation 4407.01, for options with quarterly expirations, all in-the-money2 options shall be automatically exercised after 6:00 p.m. on the business day following the last day of trading, unless notice to cancel automatic exercise is given to the Clearing Corporation. Notwithstanding the provisions of Regulation 4407.01, for options with non-quarterly expirations, all in-the-money options shall be automatically exercised after 6:00 p.m. on the last day of trading, unless notice to cancel automatic exercise is given to the Clearing Corporation.

For options with quarterly expirations, notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the business day following the last day of trading. For options with non-quarterly expirations, notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m., or by such other time designated by the Board of Directors, on the last day of trading. (12/01/99)

4408.01 Expiration of Option - Unexercised CBOT Dow Jones Industrial Average(SM) Index futures options with quarterly expirations shall expire at 7:00 p.m. on the business day following the last day of trading.

Unexercised CBOT Dow Jones Industrial Average(SM) Index futures options with non-quarterly expirations shall expire at 7:00 p.m. on the last day of trading. (11/01/97)

4409.01 Months Traded In - The months listed for trading are January through December at the discretion of the Exchange; provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which CBOT Dow Jones Industrial Average(SM) Index futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the October or November option contract is the December futures contract. (01/01/98)

4410.01 Trading Hours - The hours of trading of options on CBOT Dow Jones Industrial

---

/2/ An option is in-the-money if the settlement price of the underlying futures contract is less in the case of a put, or greater in the case of a call than the exercise price for the option.

Average(SM) Index futures contracts shall be determined by the Board. On the last day of trading in an expiring option the closing time for such option shall be the same as the underlying futures contract, subject to the provisions of the second paragraph of Rule 1007.00. On the last day of trading in an expiring option, the expiring CBOT Dow Jones Industrial Average(SM) Index futures options shall be closed with a public call, made strike price by strike price, conducted by such persons as the Regulatory Compliance Committee shall direct. CBOT Dow Jones Industrial Average(SM) Index futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (11/01/97)

4411.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/00)

4412.01 Margin Requirements - (See Regulation 431.05) (11/07/97)

4413.01 Last Day of Trading - For options expiring on the quarterly cycle, trading shall terminate at the same date and time as the underlying futures contract. For options that expire in months other than those in the quarterly cycle, options trading shall terminate on the third Friday of the option contract month, at the end of the regular trading session. If that day is not an Exchange business day, options trading shall terminate on the first preceding business day. (11/01/97)

4414.01 Option Premium Fluctuation Limits - Option premium limits for the CBOT Dow Jones Industrial Average(SM) Index futures options shall correspond to the daily trading limit in effect at that time for the underlying futures contract as specified in Regulation 1008.01F. There shall be no trading in any option contract during a period in which trading in the underlying future is halted as specified in Regulation 1008.01F. On the first day of trading, limits shall be set from the lowest premium of the opening range. (11/01/97)

4414.02 Trading Halts on e-cbot - There shall be no trading in any option contract during e-cbot trading hours when the CBOT Dow Jones Industrial Average(SM) Index primary futures contract is limit bid or limit offered at the e-cbot price limit. (09/01/00)

4415.01 Disclaimer -

CBOT Dow Jones Industrial Average(SM) Index futures and futures options are not sponsored, endorsed, sold or promoted by Dow Jones. Dow Jones makes no representation or warranty, express or implied, to the owners of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts or any member of the public regarding the advisability of trading in CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts. Dow Jones' only relationship to the Exchange is the licensing of certain trademarks and trade names of Dow Jones and of the Dow Jones Industrial Average(SM) which is determined, composed and calculated by Dow Jones without regard to the Chicago Board of Trade or CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts. Dow Jones has no obligation to take the needs of the Chicago Board of Trade or the owners of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts into consideration in determining, composing or calculating the Dow Jones Industrial Average(SM). Dow Jones is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts to be listed or in the determination or calculation of the equation by which CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts are to be converted into cash. Dow Jones has no obligation or liability in connection with the administration, marketing or trading of CBOT Dow Jones Industrial Average(SM) Index futures and futures options contracts.

DOW JONES DOES NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES INDUSTRIAL AVERAGE(SM) OR ANY DATA INCLUDED THEREIN AND DOW JONES SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. Chapter 45
Long Term Fannie Mae(R)Benchmark Notes(SM) and Freddie Mac Reference Notes(SM)
(6 Years 6 Months - 10 Years 3 Months)

Chapter 45
Long Term Fannie Mae(R)Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) (6 Years 6 Month - 10 Years 3 Months)

*Note: These contracts are listed for trading by the Chicago Board of Trade pursuant to Commodity Futures Trading Commission exchange certification procedures.

Ch45 Trading Conditions

4501.00 Authority - (See Rule 1701.00) (04/01/00)

4502.01 Application of Regulation - Futures transactions in Long Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in Long Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes. Long Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes are listed for trading by the Association pursuant to Commodity Futures Trading Commission exchange certification procedures. (02/01/01)

4503.01 Emergencies, Acts of God, Acts of Government - If the delivery or acceptance or any precondition or requirement of either is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. For example, and without limiting the Board's power, it may extend delivery dates and designate alternative delivery points in the event of conditions interfering with the normal operations of approved facilities.

In the event the Board determines that there exists a shortage of deliverable Fannie Mae Benchmark Notes and/or Freddie Mac Reference Notes, it may, upon a two-thirds vote under Rule 180.00, take such action as may be in the Board's sole discretion appear necessary to prevent, correct or alleviate the condition. Without limiting the foregoing or the authority of the Board under Rule 180.00, the Board may:

(1) designate as deliverable, callable Fannie Mae Benchmark Notes and Bonds, and/or Freddie Mac Reference Notes and Bonds otherwise meeting the specifications and requirements stated in this chapter;

(2) designate as deliverable one or more issues of Fannie Mae Benchmark Notes and Freddie Mac Reference Notes and/or Fannie Mae Benchmark Bonds and Freddie Mac Reference Bonds having maturities shorter than six and one-half years, or longer than ten years three months and otherwise meeting the specifications and requirements stated in this chapter; and/or

(3) determine a cash settlement based on the current cash value of an 6% coupon rate, six and one-half years to ten years three months Fannie Mae Benchmark Note and/or Freddie Mac Reference Note, as determined by using the current market yield curve for Fannie Mae Benchmark Notes and Freddie Mac Reference Notes on the last day of trading. (04/01/00)

4504.01 Unit of Trading - The unit of trading shall be Fannie Mae Benchmark Notes or Freddie Mac Reference Notes having a face value at maturity of one hundred thousand dollars ($100,000) or multiples thereof. (04/01/00)

4505.01 Months Traded In - Trading in Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures may be scheduled in such months as determined by the Exchange. (04/01/00)

4506.01 Price Basis - Minimum price fluctuations shall be in multiples of one-half of one thirty-second (1/32) point per 100 points ($15.625 rounded up to the nearest 1(cent) per contract) except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one thirty-second point per 100 points ($7.8125 per contract). Par shall be on the basis of 100 points. Contracts shall not be made on any other price basis. (02/01/01)

4507.01 Hours of Trading - The hours of trading for future delivery in Long Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 12:00 noon (Chicago time), subject to the provisions of the second paragraph of Rule 1007.00.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Regulatory Compliance Committee shall direct. (04/01/00)

4509.01 Last Day of Trading - No trades in Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures deliverable in the current month shall be made during the last seven business days of that month and any contracts remaining open must be settled by delivery or as provided in Regulation 4509.02 after trading in such contracts has ceased. (04/01/00)

4509.02 Liquidation in the Last Seven Days of Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased in accordance with Regulation 4509.01 of this chapter, outstanding contracts may be liquidated by the delivery of book-entry Fannie Mae Benchmark Notes or Freddie Mac Reference Notes (Regulation 4542.01) or by mutual agreement by means of a bona fide exchange of such current futures for actual Fannie Mae Benchmark Notes or Bonds and/or Freddie Mac Reference Notes or Bonds or comparable instruments. Such exchange must, in any event, be made no later than the fifth business day immediately preceding the last business day of the delivery month. (04/01/00)

4510.01 Margin Requirements - (See Regulation 431.03) (04/01/00)

4512.01 Position Limits and Reportable Positions - (See Regulation 425.01) (04/01/00)

4513.01 All-Or-None Orders - The minimum threshold established for All-Or-None orders in Long- Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) futures and the Long-Term U.S. Treasury Note Futures/Long-Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) futures spreads is one hundred contracts. Such orders must be executed in accordance with Regulation 331.03. (07/01/00)

Ch45 Delivery Procedures

4536.01 Standards - The contract grade for delivery on futures contracts made under these regulations shall be non-callable Fannie Mae Benchmark Notes or non-callable Freddie Mac Reference Notes which have an original issue size of at least $3 billion and an original maturity of not more than ten years three months and which have a remaining maturity of not less than six years six months as defined below. All notes delivered against a contract must be of the same issue. For settlement, the time to maturity of a given issue is calculated in complete quarter year increments (e.g., 8 years, 10 months, 17 days is taken to be 8 years, 9 months) from the first day of the delivery month. The price at which a note with this time to maturity and with the same coupon rate as this issue will yield 6%, according to bond tables prepared by the Financial Publishing Co. of Boston, Mass., is multiplied by the settlement price to arrive at the amount at which the short invoices the long.

Fannie Mae Benchmark Notes and Freddie Mac Reference Notes deliverable against futures contracts under these regulations must have semi-annual fixed coupon payments.

Interest accrued on the notes shall be charged to the long by the short on the basis of a 360 - day year consisting of twelve 30 - day months.

New issues of Fannie Mae Benchmark Notes and Freddie Mac Reference Notes which satisfy the standards in this regulation shall be added to the deliverable grade as they are issued. To be eligible for delivery in the current month, the newly issued notes must have been issued and settled at least three business days before the first eligible day for delivery (see 4542.01).

If during the issuance of notes Fannie Mae or Freddie Mac re-opens an existing issue, thus rendering the existing issue indistinguishable from the newly issued one, the older issue would be deliverable if it meets the following standards. The reopening must have an original issue size of at least $3 billion, and meet the maturity standards of this chapter at the time of the reopening.

The Exchange reserves the right to exclude any new issue from deliverable status or to further limit outstanding issues from deliverable status. (06/01/01)

4542.01 Deliveries of Futures Contracts - Deliveries against Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contracts shall be by book-entry transfer between accounts of Clearing Members at qualified banks (Regulation 4580.01) in accordance with Department of Housing and Urban Development Title 24 CFR Part 81. Delivery must be made no earlier than the first business day of the month and no later than the last business day of the month. Notice of intention to deliver shall be given to the Board of Trade Clearing Corporation by 8:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the second business day preceding delivery day. In the event the long Clearing Member does not agree with the terms of the invoice received from the short Clearing Member, the long Clearing Member must notify the short Clearing Member, and the dispute must be settled by 9:30 a.m. (Chicago time) on delivery day. The short Clearing Member must have contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes in place at his bank in acceptable (to his bank) delivery form no later than 10:00 a.m. (Chicago time) on delivery day. The short Clearing Member must notify his bank (Regulation 4580.01) to transfer contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes by book-entry to the long Clearing Member's account at the long Clearing Member's bank on a delivery versus payment basis. That is, payment shall not be made until the notes are delivered. On delivery day, the long Clearing Member must make funds available by 7:30 a.m. (Chicago time) and notify his bank (Regulation 4580.01) to accept contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes and to remit federal funds to the short Clearing Member's account at the short Clearing Member's bank (Regulation 4580.01) in payment for delivery of the notes. Contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes must be transferred and payment must be made before 1:00 p.m. (Chicago time) on delivery day. All deliveries must be assigned by the Clearing Corporation. Where a commission house as a member of the Clearing Corporation has an interest both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it received from its customers who are

short. (04/01/00)

4542.02 Wire Failure - In the event that delivery cannot be accomplished because of a failure of the Federal Reserve wire or because of a failure of either the long Clearing Member's bank or the short Clearing Member's bank access to the Federal Reserve wire, delivery shall be made before 9:30 a.m. (Chicago time) on the next business day on which the Federal Reserve wire is operable. Interest shall accrue to the long paid by the short beginning on the day at which the notes were to be originally delivered.

In the event of such failure, both the long and short must provide documented evidence that the instructions were given to their respective banks in accordance with Regulations 4542.01 and 4549.04 and that all other provisions of Regulations 4542.01 and 4549.04 have been complied with. (04/01/00)

4546.01 Date of Delivery - Delivery of Long Term Fannie Mae Benchmark Notes or Freddie Mac Reference Notes may be made by the short upon any permissible delivery day of the delivery month the short may select. Delivery of Long Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes must be made no later than the last business day of that month. (04/01/00)

4547.01 Delivery Notices - (See Regulation 1047.01) (04/01/00)

4548.01 Method of Delivery - (See Regulation 1048.01) (04/01/00)

4549.00 Time of Delivery, Payment, Form of Delivery Notice - (See Rule 1049.00) (04/01/00)

4549.02 Buyer's Report of Eligibility to Receive Delivery - (See Regulation 1049.02) (04/01/00)

4549.03 Seller's Invoice to Buyers - Upon determining the buyers obligated to accept deliveries tendered by issuers of delivery notices, the Clearing House shall promptly furnish each issuer the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing House to each such buyer. Thereupon, sellers (issuers of delivery notices) shall prepare invoices addressed to their assigned buyers describing the documents to be delivered to each such buyer. Such invoices shall show the amount which buyers must pay to sellers in settlement of the actual deliveries, based on the delivery prices established by the Clearing House, and adjusted for applicable interest payments. Such invoices shall be delivered to the Clearing House by 2:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the day of intention except on the last intention day of the month, where such invoices shall be delivered to the Clearing House by 3:00 p.m. (Chicago time), or by such other time designated by the Board of Directors. Upon receipt of such invoices, the Clearing House shall promptly make them available to buyers to whom they are addressed, by placing them in buyers' mail boxes provided for that purpose in the Clearing House. (04/01/00)

4549.04 Payment - Payment shall be made in federal funds. The long obligated to take delivery must take delivery and make payment before 1:00 p.m. (Chicago time) on the day of delivery, except on banking holidays when delivery must be taken and payment made before 9:30 a.m. (Chicago time) the next business day. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in accordance with its by-laws and resolutions. (04/01/00)

4549.05 Buyers Banking Notification - The long Clearing Member shall provide the short Clearing member by 4:00 p.m. (Chicago time) on the day of intention, one business day prior to delivery day, with a Banking Notification. The Banking Notification form will include the following information: the identification number and name of the long Clearing Member; the delivery date; the notification number of the delivery assignment; the identification number and name of the short Clearing Member making delivery; the quantity of the contract being delivered; the long Clearing Member's bank, account number and specific Federal Wire instructions for the transfer of Fannie Mae Benchmark Notes or Freddie Mac Reference Notes. (04/01/00)

4550.00 Duties of Members - (See Rule 1050.00) (04/01/00)

4551.01 Office Deliveries Prohibited - (See Regulation 1051.01) (04/01/00)

4554.00 Failure to Accept Delivery - (See Rule 1054.00) (04/01/00)

Ch45 Regularity of Banks

4580.01 Banks - For purposes of these regulations relating to trading in Long Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes, the word "Bank" (Regulation 4542.01) shall mean a U.S. commercial bank (either Federal or State charter) that is a member of the Federal Reserve System and with capital (capital, surplus and undivided earnings) in excess of one hundred million dollars ($100,000,000). (04/01/00)

Chapter 46A (Standard Options)
Long Term Fannie Mae(R)Benchmark Note(SM) and Freddie Mac Reference Note(SM)
Futures Options

*Note: These contacts are listed for trading by the Chicago Board of Trade pursuant to Commodity Futures Trading Commission exchange certification procedures.

Ch46A Trading Conditions

A46601.00 Authority - (See Rule 2801.00) (04/01/00)

A4601.01 Application of Regulations - Transactions in put and call options on Long Term Fannie Mae(R) Benchmark Note(SM) and Freddie Mac Reference Note(SM) futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contracts. (See Rule 490.00.) Options on Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures are listed for trading pursuant to Commodity Futures Trading Commission exchange certification procedures. (02/01/01)

A4602.01 Nature of Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note Futures Put Options - - The buyer of one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures put option may exercise his option at any time prior to expiration (subject to Regulation A4607.01), to assume a short position in one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures put option incurs the obligation of assuming a long position in one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (04/01/00)

A4602.02 Nature of Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note Futures Call Options - The buyer of one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures call option may exercise his option at any time prior to expiration (subject to Regulation A4607.01), to assume a long position in one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures call option incurs the obligation of assuming a short position in one (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (04/01/00)

A4603.01 Trading Unit - One (1) Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month on the Chicago Board of Trade. (04/01/00)

A4604.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one (1) point per Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract. At the commencement of trading for such option contracts, the following strike prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract, the next fifteen consecutive higher and the next fifteen consecutive lower striking prices closest to the previous day's settlement price; and all strike prices listed for all other option

contract months listed at that time. If the previous day's settlement price is midway between two striking prices, the closest price shall be the larger of the two. When a sale in the underlying Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract occurs at a price greater than or equal to the fifteenth largest striking price, a new striking price one increment higher than the existing striking prices will be added. When a sale in the underlying Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract occurs at a price less than or equal to the fifteenth smallest striking price, a new striking price one increment lower than the existing striking prices will be added. When a new strike price is added for an option contract month, the same strike price will be added to all options contract months or which that strike price is not already listed. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (04/01/00)

A4605.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (04/01/00)

A4606.01 Option Premium Basis - The premium for Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options shall be in multiples of one sixty-fourth (1/64) of one point ($1,000) of a Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract which shall equal $15.63 per 1/64 and $1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract

If options are quoted in volatility terms, the minimum price fluctuation shall be .10 percent (e.g., 10.0%, 10.1%, 10.2%, etc.). (04/01/00)

A4607.01 Exercise of Option - The buyer of a Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. (Chicago time) on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions; and

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. (Chicago time) on the last day of trading. (04/01/00)

A4607.02 Automatic Exercise - Notwithstanding the provisions of Regulation 4607.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. (Chicago time) on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions; and

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. (Chicago time) on the last day of trading. (04/01/00)

A4608.01 Expiration of Option - Unexercised Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options shall expire at 10:00 a.m. (Chicago time) on the first Saturday following the last day of trading. (04/01/00)

A4609.01 Months Traded In - Trading in Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options may be scheduled in such months as determined by the Exchange. For options that are traded in months in which Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the October or November option contract is the December futures contract. (04/01/00)

A4610.01 Trading Hours - The hours of trading of options on Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such option shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract, subject to the provisions of the second paragraph of Rule 1007.00. Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (04/01/00)

A4611.01 Position Limits and Reportable Positions - (See Regulation 495.01) (04/01/00)

A4612.01 Margin Requirements - (See Regulation 431.05) (04/01/00)

A4613.01 Last Day of Trading - No trades in Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures put and call options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Long Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract on the last Friday which precedes by at least two business days the last business day of the month preceding the option month.1 If such Friday is not a business day, or there is a Friday which is not a business day which precedes by one business days the last business day of the month preceding the option month, the last day of trading will be the business day prior to such Friday. (07/01/01)

Chapter 49
10-Year Interest Rate Swap Futures

Chapter 49
10-Year Interest Rate Swap Futures

Ch49 Trading Conditions

4901.01 Authority - Trading in 10-Year Interest Rate Swap futures may be conducted under such terms and conditions as may be prescribed by regulation. (11/01/01)

4902.01 Application of Regulations - Transactions in 10-Year Interest Rate Swap futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in 10-Year Interest Rate Swap futures contracts. 10-Year Interest Rate Swap futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (11/01/01)

4904.01 Unit of Trading - The unit of trading shall be the notional price of the fixed-rate side of a 10-year interest rate swap that has notional principal equal to $100,000, and that exchanges semiannual interest payments at a fixed rate of 6% per annum, measured according to a 30/360 daycount convention, for floating interest rate payments, based on the 3-month London interbank offered rate (hereafter, LIBOR) and measured according to an actual/360 daycount convention, and that otherwise conforms to the terms prescribed by the International Swap and Derivatives Association, Inc. (hereafter, ISDA) for the purpose of computing the daily fixing of ISDA Benchmark Rates for U.S. dollar interest rate swaps. (06/01/02)

4905.01 Months Traded In - Trading in 10-Year Interest Rate Swap futures may be scheduled in such months as determined by the Exchange. (11/01/01)

4906.01 Price Basis - The price of 10-Year Interest Rate Swap futures contracts shall be quoted in points. One point equals $1,000.00. The minimum price fluctuation shall be one thirty-second (1/32) of one point or thirty-one dollars and twenty-five cents ($31.25) per contract except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one thirty-second point per 100 points ($7.8125 per contract. Contracts shall not be made on any other price basis. (04/01/02)

4907.01 Hours of Trading - The hours of trading in 10-Year Interest Rate Swap futures shall be determined by the Board. Trading in an expiring 10-Year Interest Rate Swap futures contract shall cease at 11:00 a.m. New York time on the last trading day of said futures contract, subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. That is, on the last day of trading in an expiring future, a bell shall be rung at 11:00 a.m. New York time designating the beginning of the close of the expiring future. Trading shall be permitted thereafter for a period not to exceed one minute, and quotations made during this time shall constitute the close. Following the above-described closing procedure, the Modified Closing Call will be conducted in accordance with Regulation 1007.02. The market shall be opened and closed for all months simultaneously or in such other manner as the Regulatory Compliance Committee shall direct. (06/01/02)

4909.01 Last Day of Trading - The last trading day of a 10-Year Interest Rate Swap futures contracts shall be the second London business day before the third Wednesday of the contract's delivery month. (11/01/01)

4909.02 Liquidation During the Delivery Month - After trading has ceased in contracts for future delivery in the current delivery month (in accordance with Regulation 4909.01 of this chapter), outstanding contracts shall be liquidated by cash settlement as prescribed in Regulation 4942.01. (11/01/01)

4910.01 Margin Requirements - (See Regulation 431.03). (11/01/01)

4912.01 Position Limits and Reportable Positions - (See Regulation 425.01). (11/01/01)

Ch49 Delivery Procedures

4936.01 Standards - The contract grade shall be the final settlement price of the unit of trading (as defined in Regulation 4904.01 of this chapter) on the last day of trading (as defined in Regulation 4909.01 of this chapter).

The final settlement price shall be based upon the ISDA Benchmark Rate** for a 10-year U.S. dollar interest rate swap for the last day of trading, as published on the last day of trading on Reuters page ISDAFIX1 (or other Reuters page as shall be designated by ISDA for the purpose of publishing and disseminating ISDA Benchmark Rates for U.S. Dollar interest rate swaps). Determination of the final settlement price on the basis of said ISDA Benchmark Rate shall be as prescribed in Regulation 4942.01 of this chapter.

Hereafter in this chapter, the ISDA Benchmark Rate for a 10-year U.S. dollar interest rate swap shall be referenced as "the ISDA Benchmark," and ISDAFIX1 (or other Reuters page as shall be designated by ISDA for the purpose of publishing and disseminating ISDA Benchmark Rates for U.S. dollar interest rate swaps) shall be referenced as "Reuters".

If Reuters fails to report the ISDA Benchmark for the last day of trading on the last day of trading, then the final settlement price shall be based upon the ISDA Benchmark for the next available business day to be reported by Reuters. (06/01/02)

4942.01 Delivery on Futures Contracts - Delivery against 10-Year Interest Rate Swap futures contracts shall be made by cash settlement through the Clearing House following normal variation margin procedures. Generally, final settlement value (defined below) shall be calculated on the last day of trading after Reuters has published the ISDA Benchmark for the last day of trading. Generally, such publications will occur at 11:30 a.m. New York time on the last day of trading. For exceptions to this, see 4936.01.

The final settlement value shall be determined as follows:

Final Settlement Value = $100,000 * [6/r + (1-6/r)*(1 + 0.01*r/2)/-20/]

where r represents the ISDA Benchmark for the last day of trading, expressed in percent terms. For example, if the ISDA Benchmark for the last day of trading is five and one quarter percent, then r is equal to 5.25.

The final settlement price shall be the final settlement value, so determined, rounded to the nearest one quarter of one thirty-second of a price point.

Example: Suppose the ISDA Benchmark on the last day of trading is 5.50. The final settlement value will be $103,806.81. To render this in terms of price points and quarters of thirty-seconds of price points, note that it is between 103-25.75/32nds and 103-26/32nds (where each price point equals $1,000) --

103-26/32nds	=	$ 103,812.50
Final settlement value	=	$ 103,806.81
103-25.75/32nds	=	$103,804.6875

The final settlement value is nearer to 103-25.75/32nds. Thus, the final settlement price is obtained by rounding down to 103-25.75/32nds.

In the event that the final settlement value is at the exact midpoint between any two adjacent quarters of one thirty-second of a price point, the final settlement price will be obtained by rounding up to the nearest one quarter of a thirty-second of a price point. (06/01/02)

4947.01 Payment - (See Regulation 1049.04) (11/01/01)

- ----------

**ISDA Benchmark mid-market par swap rates collected at 11:00 a.m. by Reuters Limited and Garban Intercapital plc and published on Reuters page ISDAFIX1. Source: Reuters Limited.

Chapter 51

5-Year Interest Rate Swap Futures

Chapter 51
5-Year Interest Rate Swap Futures

Ch51 Trading Conditions

5101.01 Authority - Trading in 5-Year Interest Rate Swap futures may be conducted under such terms and conditions as may be prescribed by regulation. (07/01/02)

5102.01 Application of Regulations - Transactions in 5-Year Interest Rate Swap futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in 5-Year Interest Rate Swap futures contracts. 5-Year Interest Rate Swap futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (07/01/02)

5104.01 Unit of Trading - The unit of trading shall be the notional price of the fixed-rate side of a 5-year interest rate swap that has notional principal equal to $100,000, and that exchanges semiannual interest payments at a fixed rate of 6% per annum, measured according to a 30/360 daycount convention, for floating interest rate payments, based on the 3-month London interbank offered rate (hereafter, LIBOR) and measured according to an actual/360 daycount convention, and that otherwise conforms to the terms prescribed by the International Swap and Derivatives Association, Inc. (hereafter, ISDA) for the purpose of computing the daily fixing of ISDA Benchmark Rates for U.S. dollar interest rate swaps. (07/01/02)

5105.01 Months Traded In - Trading in 5-Year Interest Rate Swap futures may be scheduled in such months as determined by the Exchange. (07/01/02)

5106.01 Price Basis - The price of 5-Year Interest Rate Swap futures contracts shall be quoted in points. One point equals $1,000.00. The minimum price fluctuation shall be one thirty-second (1/32) of one point or thirty-one dollars and twenty-five cents ($31.25) per contract, except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one thirty-second point per 100 points ($7.8125) per contract. Contracts shall not be made on any other price basis. (07/01/02)

5107.01 Hours of Trading - The hours of trading in 5-Year Interest Rate Swap futures shall be determined by the Board.

Trading in an expiring 5-Year Interest Rate Swap futures contract shall cease at 11:00 a.m. New York time on the last trading day of said futures contract, subject to the otherwise applicable provisions of the second paragraph of Rule 1007.00. That is, on the last day of trading in an expiring future, a bell shall be rung at 11:00 a.m. New York time designating the beginning of the close of the expiring future. Trading shall be permitted thereafter for a period not to exceed one minute, and quotations made during this time shall constitute the close. Following the above-described closing procedure, the Modified Closing Call will be conducted in accordance with Regulation 1007.02.

The market shall be opened and closed for all months simultaneously or in such other manner as the Regulatory Compliance Committee shall direct. (07/01/02)

5109.01 Last Day of Trading - The last trading day of a 5-Year Interest Rate Swap futures contract shall be the second London business day before the third Wednesday of the contract's delivery month. (07/01/02)

5109.02 Liquidation During the Delivery Month - After trading has ceased in contracts for future delivery in the current delivery month (in accordance with Regulation 5109.01 of this chapter), outstanding contracts shall be liquidated by cash settlement as prescribed in Regulation 5142.01. (07/01/02)

5110.01 Margin Requirements - (See Regulation 431.03). (07/01/02)

5112.01 Position Limits and Reportable Positions - (See Regulation 425.01). (07/01/02)

Ch51 Delivery Procedures

5136.01 Standards - The contract grade shall be the final settlement price of the unit of trading (as defined in Regulation 5104.01 of this chapter) on the last day of trading (as defined in Regulation 5109.01 of this chapter).

The final settlement price shall be based upon the ISDA Benchmark Rate** for a 5-year U.S. dollar interest rate swap for the last day of trading, as published on the last day of trading on Reuters page ISDAFIX1 (or other Reuters page as shall be designated by ISDA for the purpose of publishing and disseminating ISDA Benchmark Rates for U.S. Dollar interest rate swaps). Determination of the final settlement price on the basis of said ISDA Benchmark Rate shall be as prescribed in Regulation 5142.01 of this chapter.

Hereafter in this chapter, the ISDA Benchmark Rate for a 5-year U.S. dollar interest rate swap shall be referenced as the "the ISDA Benchmark," and ISDAFIX1 (or other Reuters page as shall be designated by ISDA for the purpose of publishing and disseminating ISDA Benchmark Rates for U.S. dollar interest rate swaps) shall be referenced as "Reuters".

If Reuters fails to report the ISDA Benchmark for the last day of trading on the last day of trading, then the final settlement price shall be based upon the ISDA Benchmark for the next available business day to be reported by Reuters. (07/01/02)

5142.01 Delivery on Futures Contracts - Delivery against 5-Year Interest Rate Swap futures contracts shall be made by cash settlement through the Clearing House following normal variation margin procedures. Generally, final settlement value (defined below) shall be calculated on the last day of trading after Reuters has published the ISDA Benchmark** for the last day of trading. Generally, such publications will occur at 11:30 a.m. New York time on the last day of trading. For exceptions to this, see 5136.01.

The final settlement value shall be determined as follows:

$$\text{Final Settlement Value} = \$100{,}000 * [\ 6/r + (\ 1-6/r)*(1 + 0.01*r/2)^{-10}\ ]$$

where r represents the ISDA Benchmark for the last day of trading, expressed in percent terms. For example, if the ISDA Benchmark for the last day of trading is five and one quarter percent, then r is equal to 5.250.

The final settlement price shall be the final settlement value, so determined, rounded to the nearest one quarter of one thirty-second of a price point.

Example: Suppose the ISDA Benchmark on the last day of trading is 5.500. The final settlement value will be $102,160.02. To render this in terms of price points and quarters of thirty-seconds of price points, note that it is between 102-05/32nds and 102-05.25/32nds (where each price point equals $1,000) --

102-05.25/32nds	$102,164.0625
Final settlement value	$ 102,160.02
102-05/32nds	$ 102,156.25

The final settlement value is nearer to 102-05/32nds. Thus, the contract expiration price is obtained by rounding down to 102-05/32nds.

In the event that the final settlement value is at the exact midpoint between any two adjacent quarters of one thirty-second of a price point, the final settlement price will be obtained by rounding up to the nearest one quarter of a thirty-second of a price point. (07/01/02)

5147.01 Payment - (See Regulation 1049.04) (07/01/02)

Chapter 53
CBOT(R) mini-sized Dow/SM/ Futures ($5 Multiplier)

Chapter 53
CBOT(R) mini-sized DowSM Futures ($5 Multiplier)/1/

Note: These contracts are listed for trading by the Chicago Board of Trade pursuant to Commodity Futures Trading Commission exchange certification procedures.

Ch53 Trading Conditions

5301.01 Authority - Trading in CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) may be conducted under such terms and conditions as may be prescribed by regulation. (04/01/02)

5302.01 Application of Regulation - Futures transactions in CBOT(R) mini-sized Dow/SM/ ($5 multiplier) contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in CBOT(R) mini-sized Dow/SM/ ($5 multiplier) contracts. CBOT(R) mini-sized Dow/SM/ ($5 multiplier) futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (04/01/02)

5303.01 Emergencies, Acts of God, Acts of Government - If the delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. (04/01/02)

5304.01 Unit of Trading -- The unit of trading shall be $5.00 times the Dow Jones Industrial Average/SM/. The Dow Jones Industrial Average/SM/ is a price-weighted index of 30 of the largest and most liquid U.S. stocks. (04/01/02)

5305.01 Months Traded In - The months listed for trading are March, June, September and December, at the discretion of the Exchange. (04/01/02)

5306.01 Price Basis - The price of CBOT(R) mini-sized Dow/SM/ ($5 multiplier) futures shall be quoted in index points. One index point is worth $5.00. The minimum price fluctuation shall be one point per contract ($5.00). Contracts shall not be made on any other price basis. (04/01/02)

5307.01 Hours of Trading - The hours of trading for future delivery in CBOT(R) mini-sized Dow/SM/ futures ($5.00 multiplier) shall be determined by the Board.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Exchange shall direct. (04/01/02)

5308.01 Price Limits and Trading Halts - (See Regulation 1008.01.) (04/01/02)

5309.01 Last Day of Trading - The last day of trading in CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts deliverable in the current delivery month shall be the trading day immediately preceding the final settlement day (as described in Regulation 5342.03). (04/01/02)

5309.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 5309.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 5342.01. (04/01/02)

/1/ "Dow Jones/SM/", "The Dow/SM/", Dow Jones Industrial Average/SM/" and "DJIA/SM/" are service marks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by the Board of Trade of the City of Chicago, Inc. ("CBOT(R)"). The CBOT's futures and futures option contracts based on the Dow Jones Industrial Average/SM/ are not sponsored, endorsed, sold or promoted by Dow Jones/SM/, and Dow Jones/SM/ makes no representation regarding the advisability of trading in such products.

Ch 53 Delivery Procedures

5310.01 Margin Requirements - (See Regulation 431.03.) (04/01/02)

5312.01 Position Limits and Reportable Positions - (See Regulation 425.01.) (04/01/02)

Ch 53 Delivery Procedures

5336.01 Standards - The contract grade shall be the final settlement price (as described in Regulation 5342.02) of the CBOT(R) mini-sized Dow/SM/ ($5 multiplier) on final settlement day (as described in Regulation 5342.03). (04/01/02)

5342.01 Delivery on Futures Contracts - Delivery against the CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contract must be made through the Clearing Corporation. Delivery under these regulations shall be on the final settlement day (as described in regulation 5342.03) and shall be accomplished by cash settlement as hereinafter provided.

Clearing members holding open positions in a CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contract at the time of termination of trading shall make payment to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Regulation 5342.02). (04/01/02)

If the designated primary market for a component stock does not open on the day scheduled for the determination of the final settlement price, then the final settlement price shall be based on the next opening price for the component stock.

If a component stock does not trade on the day scheduled for determination of the final settlement price while the primary market for the stock is open for trading, the last sale price of the stock will be used to calculate the final settlement price. (04/01/02)

5342.03 The Final Settlement Day - The final settlement day shall be defined as the third Friday of the contract month, or if the Dow Jones Industrial Average/SM/ is not scheduled to be published for that day, the first preceding business day for which the Dow Jones Industrial Average/SM/ is scheduled to be published. (04/01/02)

5347.01 Payment - (See Regulation 1049.04.) (04/01/02)

5348.01 Disclaimer -

CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) are not sponsored, endorsed, sold or promoted by Dow Jones. Dow Jones makes no representation or warranty, express or implied, to the owners of CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts or any member of the public regarding the advisability of trading in CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts. Dow Jones' only relationship to the Exchange is the licensing of certain trademarks and trade names of Dow Jones and of the Dow Jones Industrial Average/SM/ which is determined, composed and calculated by Dow Jones without regard to the Chicago Board of Trade or CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts. Dow Jones has no obligation to take the needs of the Chicago Board of Trade or the owners of CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts into consideration in determining, composing or calculating the Dow Jones Industrial Average/SM/. Dow Jones is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts to be listed or in the determination or calculation of the equation by which CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts are to be converted into cash. Dow Jones has no obligation or liability in connection with the administration, marketing or trading of CBOT(R) mini-sized Dow/SM/ futures ($5 multiplier) contracts.

DOW JONES DOES NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN AND DOW JONES SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. DOW JONES MAKES NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CHICAGO BOARD OF TRADE, OWNERS OF CBOT(R) mini-sized DOW/SM/ FUTURES ($5 MULTIPLIER) CONTRACTS, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN. DOW JONES MAKES NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL DOW JONES HAVE ANY LIABILITY FOR ANY LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. ==========
- ----------
Note: These contracts are listed for trading by the Chicago Board of Trade pursuant to Commodity Futures Trading Commission exchange certification procedures.

Ch 54 Trading Conditions

5401.01 Authority - Trading in CBOT mini-sized Dow(SM) futures ($2 multiplier) may be conducted under such terms and conditions as may be prescribed by regulation. (04/01/02)

5402.01 Application of Regulations - Futures transactions in CBOT mini-sized Dow(SM) ($2 multiplier) contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in CBOT mini-sized Dow(SM) ($2 multiplier) contracts. CBOT mini-sized Dow(SM) ($2 multiplier) futures are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (04/01/02)

5403.01 Emergencies, Acts of God, Acts of Government - If delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. (10/01/01)

5404.01 Unit of Trading - The unit of trading shall be $2.00 times the Dow Jones Industrial Average(SM). The Dow Jones Industrial Average(SM) is a price-weighted index of 30 of the largest and most liquid U.S. stocks. (10/01/01)

5405.01 Months Traded In - The months listed for trading are March, June, September and December, at the discretion of the Exchange. (10/01/01)

5406.01 Price Basis - The price of the CBOT mini-sized Dow(SM) futures ($2 multiplier) shall bequoted in index points. One index point is worth $2.00. The minimum price fluctuation shall be one point per contract ($2.00). Contracts shall not be made on any other price basis. (04/01/02)

5407.01 Hours of Trading - The hours of trading for future delivery in CBOT mini-sized Dow(SM) futures ($2 multiplier) shall be determined by the Board.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Exchange shall direct. (04/01/02)

5408.01 Price Limits and Trading Halts - (See Regulation 1008.01) (10/01/01)

5409.01 Last Day of Trading - The last day of trading in CBOT mini-sized Dow(SM) futures ($2 multiplier) contracts deliverable in the current delivery month shall be the trading day immediately preceding the final settlement day (as described in Regulation 5442.03). (04/01/02)

5409.02 Liquidation During The Delivery Month - After trading in contracts for future delivery in

- ----------

/1/"Dow Jones(SM)", "The Dow(SM)", Dow Jones Industrial Average(SM) " and "DJIA(SM)" are service marks of Dow Jones & Company, Inc. and have been licensed for use for certain purposes by the Board of Trade of the City of Chicago, Inc. ("CBOT/R/"). The CBOT'S futures and futures option contracts based on the Dow Jones Industrial Average(SM) are not sponsored, endorsed, sold or promoted by Dow Jones(SM), and Dow Jones(SM) makes no representation regarding the advisability of trading in such products.

in the current delivery month has ceased, in accordance with Regulation 5409.01 of this chapter, outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Regulation 5442.01. (10/01/01)

5410.01 Margin Requirements - (See Regulation 431.03) (10/01/01)

5412.01 Position Limits and Reportable Positions - (See Regulation 425.01) (10/01/01)

CH 54 DELIVERY PROCEDURES

5436.01 STANDARDS - The contract grade shall be the final settlement price (as described in Regulation 5442.02) of the CBOT mini-sized Dow/SM/ ($2 multiplier) on final settlement day (as described in Regulation 5442.03). (04/01/02)

5442.01 DELIVERY ON FUTURES CONTRACTS - Delivery against the CBOT mini-sized Dow/SM/ futures ($2 multiplier) contract must be made through the Clearing Corporation. Delivery under these regulations shall be on the final settlement day (as described in regulation 5442.03) and shall be accomplished by cash settlement as hereinafter provided.

Clearing members holding open positions in a CBOT mini-sized Dow/SM/ futures ($2 multiplier) contract at the time of termination of trading shall make payment to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Regulation 5442.02). (04/01/02)

5442.02 FINAL SETTLEMENT PRICE - The final settlement price shall be determined on the final settlement day. The final settlement price shall be $2 times a Special Open Quotation (SOQ) of the Dow Jones Industrial Average/SM/ based on the opening prices of the component stocks in the index, or on the last sale price of a stock that does not open for trading on the regularly scheduled day of final settlement (as described in Regulation 5442.03).

If the designated primary market for a component stock does not open on the day scheduled for the determination of the final settlement price, then the final settlement price shall be based on the next opening price for the component stock.

If a component stock does not trade on the day scheduled for determination of the final settlement price while the primary market for the stock is open for trading, the last sale price of the stock will be used to calculate the final settlement price. (10/01/01)

5442.03 THE FINAL SETTLEMENT DAY - The final settlement day shall be defined as the third Friday of the contract month, or if the Dow Jones Industrial Average/SM/ is not scheduled to be published for that day, the first preceding business day for which the Dow Jones Industrial AverageSM is scheduled to be published. (10/01/01)

5447.01 PAYMENT - (See Regulation 1049.04.) (10/01/01)

5448.01 DISCLAIMER -

CBOT mini-sized Dow/SM/ futures ($2 multiplier) are not sponsored, endorsed, sold or promoted by Dow Jones. Dow Jones makes no representation or warranty, express or implied, to the owners of CBOT mini-sized Dow/SM/ futures ($2 multiplier) contracts or any member of the public regarding the advisability of trading in CBOT mini-sized Dow/SM/ futures ($2 multiplier) contracts. Dow Jones' only relationship to the Exchange is the licensing of certain trademarks and trade names of Dow Jones and of the Dow Jones Industrial Average/SM/ which is determined, composed and calculated by Dow Jones without regard to the Chicago Board of Trade or CBOT mini-sized Dow/SM/ futures ($2 multiplier) contracts. Dow Jones has no obligation to take the needs of the Chicago Board of Trade or the owners of mini-sized Dow/SM/ futures ($2 multiplier) contracts into consideration in determining, composing or calculating the Dow Jones Industrial Average/SM/. Dow Jones is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of CBOT mini-sized Dow/SM/ futures ($2 multiplier) contracts to be listed or in the determination or calculation of the equation by which CBOT mini-sized Dow/SM/ futures ($2 multiplier) contracts are to be converted into cash. Dow Jones has no obligation or liability in connection with the administration, marketing or trading of the mini-sized Dow/SM/ futures ($2 multiplier) contracts.

DOW JONES DOES NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN AND DOW JONES SHALL HAVE NO LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. DOW JONES MAKES NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CHICAGO BOARD OF TRADE, OWNERS OF CBOT mini-sized DOW/SM/ FUTURES CONTRACTS, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN. DOW JONES MAKES NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIMS ALL WARRANTIES, OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE DOW JONES INDUSTRIAL AVERAGE/SM/ OR ANY DATA INCLUDED THEREIN. WITHOUT

LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL DOW JONES HAVE ANY LIABILITY FOR ANY LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN DOW JONES AND THE CHICAGO BOARD OF TRADE. (04/01/02)

Chapter 56
CBOT(R) Dow Jones-AIG Commodity Index(SM) Futures

Chapter 56
CBOT(R) Dow Jones-AIG Commodity Index (SM) Futures/1/

Ch56 Trading Conditions

5601.01 Authority - Trading in CBOT Dow Jones-AIG Commodity Index(SM) futures may be conducted under such terms and conditions as may be prescribed by Regulation. (11/01/01)

5602.01 Application of Regulations - Futures transactions in CBOT Dow Jones-AIG Commodity Index(SM) ("DJ-AIGCI(SM)") futures contracts shall be subject to the general rules of the Exchange as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in CBOT Dow Jones-AIG Commodity Index(SM) futures. CBOT Dow Jones-AIG Commodity Index(SM) futures contracts are listed for trading by the Exchange pursuant to Commodity Futures Trading Commission exchange certification procedures. (11/01/01)

5603.01 Emergencies, Acts of God, Acts of Government - If delivery or acceptance or any precondition or requirement of either, is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. (11/01/01)

5604.01 Unit of Trading - The unit of trading shall be $100.00 times the Dow Jones-AIG Commodity Index(SM) Futures Price Index which corresponds to each futures contract.

The Dow Jones-AIG Commodity Index(SM) (DJ-AIGCI(SM)) is a liquidity and world production, dollar-weighted, arithmetic average of prices of up to 23 exchange-traded physical commodity futures contracts which satisfy specified criteria. The futures price index is calculated as the fair value of the basket of futures contracts in the DJ-AIGCI(SM) for a specific contract month. The futures price index is identical to the calculation of the weighted average value (WAV1) of the lead futures in the DJ-AIGCI(SM) divided by two and rounded to one decimal place. The futures price index incorporates no rolling forward of futures contracts and is quoted only until the expiration of the corresponding DJ-AIGCI(SM) futures contract. For any January contract, the futures price index shall be determined using the prior year's DJ-AIGCI(SM) specifications. February through December contracts shall use the current year's DJ-AIGCI(SM) specifications. The DJ-AIGCI(SM) specifications criteria, calculation, and roll procedures are defined in the Dow Jones-AIG Commodity Index(SM) Handbook. (11/01/01)

5605.01 Months Traded In - The months listed for trading are January, February, April, June, August, October and December, at the discretion of the Exchange. (11/01/01)

5606.01 Price Basis - The price of the CBOT Dow Jones-AIG Commodity Index(SM) futures shall be quoted in points. One point equals $100.00. The minimum price fluctuation shall be 0.1 (1/10) points per contract ($10.00 per contract). Contracts shall not be made on any other price basis. (11/01/01)

5607.01 Hours of Trading - The hours of trading for future delivery in CBOT Dow Jones-AIG Commodity Index(SM) futures shall be determined by the Exchange.

The market shall be opened and closed for all months simultaneously, or in such other manner as the

---

/1/ "Dow Jones," AIG (R)" Dow Jones-AIG Commodity Index(SM)," and DJ-AIGCI(SM)" are service marks of Dow Jones & Company, Inc. and American International Group, Inc., as the case may be, and have been licensed for use for certain purposes by the CBOT. The CBOT Dow Jones- AIG Commodity Index futures and futures options are not sponsored, endorsed or sold by Dow Jones, AIG, American International Group, or any of their respective subsidiaries or affiliates, and none of Dow Jones, AIG, American International Group, or any of their respective subsidiaries or affiliates, makes any representation regarding the advisability of investing in such product(s)."

Exchange shall direct. (11/01/01)

5608.01 Price Limits and Trading Halts - There are no price limits for CBOT Dow Jones-AIG Commodity Index(SM) futures. (11/01/01)

5609.01 Last Day of Trading - The last day of trading in CBOT Dow Jones-AIG Commodity Index(SM) futures contracts deliverable in the current delivery month shall be the eleventh business day of the contract month (as described in Regulation 5642.03). (11/01/01)

5609.02 Liquidation During the Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased, in accordance with Regulation 5609.01 of this chapter, outstanding contract for such delivery shall be liquidated by cash settlement as prescribed in Regulation 5642.01. (11/01/01)

5610.01 Margin Requirements - (See Regulation 431.03) (11/01/01)

5612.01 Position Limits and Reportable POsitions - (See Regulation 425.01) (11/01/01)

5636.01 Standards - The contract grade shall be the final settlement price (as described in Regulation 5642.02) of the Dow Jones-AIG Futures Price Index on final settlement day (as described in Regulation 5642.03). (11/01/01)

5642.01 Delivery on Futures Contracts - Delivery against the CBOT Dow Jones-AIG Commodity Index(SM) futures contracts must be made through the Clearing Corporation. Delivery under these regulations shall be on the final settlement day (as described in regulation 5642.03) and shall be accomplished by cash settlement as hereinunder provided.

Clearing members holding open positions in a CBOT Dow Jones-AIG Commodity Index(SM) futures contract at the time of termination of trading shall make payment to and receive payment through the Clearing Corporation in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Regulation 5642.02). (11/01/01)

5642.02 Final Settlement Price - The final settlement price shall be based on a special quotation of the Dow Jones-AIG Futures Price Index which corresponds to the expiring contract as the close of business on the final settlement day (as described in Regulation 5642.03). This special quotation will consist of the Dow Jones-AIG Futures Price Index which corresponds to the expiring contract calculated using the settlement prices of the component futures on final settlement day, except as noted below.

If an exchange that a component or components of the futures price index is trading on is not open on the final settlement day because of a scheduled closing, then the contribution to the final settlement price for the affected component or components shall be based on the settlement quotation of the first preceding trading day.

If a component contract month's settlement price on the final settlement day is unavailable because of an unanticipated and/or unannounced closure of the component contract market, then the price of such component contract to be used in calculating the final settlement price shall be the next available settlement price.

If the settlement price of a component contract is a limit bit or offer on the final settlement day, then that contract's contribution to the final settlement price is deferred up to ten business days. In the event that a component contract's settlement price is a limit bid or offer on the final settlement day, the price to be used is the first settlement price after the final settlement day that is not a limit bid or offer. If the settlement price is a limit bid or offer for ten consecutive business days following the final settlement day, the contract's settlement price on the tenth subsequent business day shall be used as the contract's contribution to the final settlement price. (11/01/01)

5642.03 The Final Settlement Day - The final settlement day shall be defined as the eleventh business day of the contract month, or if the Dow Jones-AIG Futures Price Index is not published for that day, the first preceding business day for which the Dow Jones-AIG Futures Price Index was published. (11/01/01)

5647.01 Payment - (See Regulation 1049.04.) (11/0101)

5648.01 Disclaimer - The CBOT Dow Jones-AIG Commodity Index(SM) futures and futures options are not sponsored, endorsed or sold by Dow Jones, American International Group, AIG or any of their affiliates. None of Dow Jones, American International Group, AIG or any of their affiliates makes any representation or warranty, express or implied, to the owners of or counterparts to the futures and futures options or any member of the public regarding the advisability of investing in securities or commodities generally or in the futures or futures options particularly. The only relationship of such persons to the Licensee is the licensing of certain trademarks, trade names and service marks and of the Dow Jones-AIG Commodity Index(SM), which is determined, composed and calculated by Dow Jones in conjunction with AIG without regard to the CBOT or the CBOT Dow Jones-AIG Commodity Index(SM) futures or futures options. Dow Jones and AIG have no obligation to take the needs of the CBOT or the owners of the futures or futures options into consideration in determining, composing or calculating Dow Jones-AIG Commodity Index(SM). None of Dow Jones, American International Group, AIG or any of their affiliates is responsible for or has participated in the determination of the timing of, prices at, or quantities of the Dow Jones-AIG Commodity Index(SM) futures or futures options to be issued or in the determination or calculation of the equation by which the futures or futures options are to be converted into cash. None of Dow Jones, American International Group, AIG or any of their affiliates shall have any obligation or liability in connection with the administration, marketing or trading of the futures or futures options. Notwithstanding the foregoing, AIG, American International Group and their respective affiliates may independently issue and/or sponsor financial products unrelated to the Products currently being issued by Licensee, but which may be similar to and competitive with the Products.

NONE OF DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES GUARANTEES THE ACCURACY AND/OR THE COMPLETENESS OF THE DOW JONES-AIG COMMODITY INDEX(SM) OR ANY DATA INCLUDED THEREIN AND NONE OF DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES SHALL HAVE ANY LIABILITY FOR ANY ERRORS, OMISSIONS, OR INTERRUPTIONS THEREIN. NONE OF DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES MAKES ANY WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE CBOT, OWNERS OF THE DOW JONES-AIG COMMODITY, INDEX(SM) FUTURES OR FUTURES OPTIONS, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF DOW JONES-AIG COMMODITY INDEX(SM) OR ANY DATA INCLUDED THEREIN. NONE OF DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES MAKES ANY EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE DOW JONES-AIG COMMODITY INDEX(SM) OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL DOW JONES, AMERICAN INTERNATIONAL GROUP, AIG OR ANY OF THEIR AFFILIATES HAVE ANY LIABILITY FOR ANY LOST PROFITS OR INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES OR LOSSES, EVEN IF NOTIFIED OF THE POSSIBILITY THEREOF. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS AMONG DOW JONES, AIG AND THE CBOT, OTHER THAN AMERICAN INTERNATIONAL GROUP. (11/01/01)

Chapter 57
Medium Term Fannie Mae(R)Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) (4 Years to 5 Years 3 Months)

*Note: These contracts are listed for trading by the Chicago Board of Trade pursuant to Commodity Futures Trading Commission exchange certification procedures.

Ch57 Trading Conditions

5701.00 Authority - (See Rule 1701.00) (02/01/01)

5702.01 Application of Regulation - Futures transactions in Medium Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter, which are exclusively applicable to trading in Medium Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes. Medium Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes are listed for trading by the Association pursuant to Commodity Futures Trading Commission exchange certification procedures. (02/01/01)

5703.01 Emergencies, Acts of God, Acts of Government - If the delivery or acceptance or any precondition or requirement of either is prevented by strike, fire, accident, act of government, act of God or other emergency, the seller or buyer shall immediately notify the Chairman. If the Chairman determines that emergency action may be necessary, he shall call a special meeting of the Board and arrange for the presentation of evidence respecting the emergency condition. If the Board determines that an emergency exists, it shall take such action under Rule 180.00 as it deems necessary under the circumstances and its decision shall be binding upon all parties to the contract. For example, and without limiting the Board's power, it may extend delivery dates and designate alternative delivery points in the event of conditions interfering with the normal operations of approved facilities.

In the event the Board determines that there exists a shortage of deliverable Fannie Mae Benchmark Notes and/or Freddie Mac Reference Notes, it may, upon a two-thirds vote under Rule 180.00, take such action as may be in the Board's sole discretion appear necessary to prevent, correct or alleviate the condition. Without limiting the foregoing or the authority of the Board under Rule 180.00, the Board may:

(1) designate as deliverable, callable Fannie Mae Benchmark Notes and Bonds, and/or Freddie Mac Reference Notes and Bonds otherwise meeting the specifications and requirements stated in this chapter;

(2) designate as deliverable one or more issues of Fannie Mae Benchmark Notes and Freddie Mac Reference Notes and/or Fannie Mae Benchmark Bonds and Freddie Mac Reference Bonds having maturities shorter than four years, or longer than five year three months and otherwise meeting the specifications and requirements stated in this chapter; and/or

(3) determine a cash settlement based on the current cash value of an 6% coupon rate, four year to five year three month Fannie Mae Benchmark Note and/or Freddie Mac Reference Note, as determined by using the current cash market yield curve for Fannie Mae Benchmark Notes and Freddie Mac Reference Notes on the last day of trading. (02/01/01)

5704.01 Unit of Trading - The unit of trading shall be Fannie Mae Benchmark Notes or Freddie Mac Reference Notes having a face value at maturity of one hundred thousand dollars ($100,000) or multiples thereof. (02/01/01)

5705.01 Months Traded In - Trading in Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures may be scheduled in such months as determined by the Exchange. (02/01/01)

5706.01 Price Basis - Minimum price fluctuations shall be in multiples of one-half of one thirty-second (1/32) point per 100 points ($15.625 rounded up to the nearest 1(cent) per contract) except for intermonth spreads, where minimum price fluctuations shall be in multiples of one-fourth of one thirty-second point per 100 points ($7.8125 per contract). Par shall be on the basis of 100 points. Contracts shall not be made on any other price basis. (02/01/01)

5707.01 Hours of Trading - The hours of trading for future delivery in Medium Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes shall be determined by the Board. On the last day of trading in an expiring future, the closing time for such future shall be 12:00 noon (Chicago time), subject to the provisions of the second paragraph of Rule 1007.00.

The market shall be opened and closed for all months simultaneously, or in such other manner as the Regulatory Compliance Committee shall direct. (02/01/01)

5709.01 Last Day of Trading - No trades in Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures deliverable in the current month shall be made during the last seven business days of that month and any contracts remaining open must be settled by delivery or as provided in Regulation 5709.02 after trading in such contracts has ceased. (02/01/01)

5709.02 Liquidation in the Last Seven Days of Delivery Month - After trading in contracts for future delivery in the current delivery month has ceased in accordance with Regulation 5709.01 of this chapter, outstanding contracts may be liquidated by the delivery of book-entry Fannie Mae Benchmark Notes or Freddie Mac Reference Notes (Regulation 5742.01) or by mutual agreement by means of a bona fide exchange of such current futures for actual Fannie Mae Benchmark Notes or Bonds and/or Freddie Mac Reference Notes or Bonds or comparable instruments. Such exchange must, in any event, be made no later than the fifth business day immediately preceding the last business day of the delivery month. (02/01/01)

5710.01 Margin Requirements - (See Regulation 431.03) (02/01/01)

5712.01 Position Limits and Reportable Positions - (See Regulation 425.01) (02/01/01)

5713.01 All-Or-None Orders - The minimum threshold established for All-Or-None orders in Medium Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) futures and the Medium Term U.S. Treasury Note Futures/Medium-Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) futures spreads is one hundred contracts. Such orders must be executed in accordance with Regulation 331.03. (02/01/01)

Ch57 Delivery Procedures

5736.01 Standards - The contract grade for delivery on futures contracts made under these regulations shall be non-callable Fannie Mae Benchmark Notes or non-callable Freddie Mac Reference Notes which have an original issue size of at least $3 billion and an original maturity of not more than five years three months and which have a remaining maturity of not less than four years as defined below. All notes delivered against a contract must be of the same issue. For settlement, the time to maturity of a given issue is calculated in complete one month increments (e.g., 4 years, 5 months, and 14 days is taken to be 4 years and 5 months) from the first day of the delivery month. The price at which a note with this time to maturity and with the same coupon rate as this issue will yield 6%, according to bond tables prepared by the Financial Publishing Co. of Boston, Mass., is multiplied by the settlement price to arrive at the amount at which the short invoices the long.
Fannie Mae Benchmark Notes and Freddie Mac Reference Notes deliverable against futures contracts under these regulations must have semi-annual fixed coupon payments.

Interest accrued on the notes shall be charged to the long by the short on the basis of a 360 - day year consisting of twelve 30 - day months.

New issues of Fannie Mae Benchmark Notes and Freddie Mac Reference Notes which satisfy the standards in this regulation shall be added to the deliverable grade as they are issued. To be eligible for delivery in the current month, the newly issued notes must have been issued and settled at least three business days before the first eligible day for delivery (see 5742.01).

If during the issuance of notes Fannie Mae or Freddie Mac re-opens an existing issue, thus rendering the existing issue indistinguishable from the newly issued one, the older issue would be deliverable if it meets the following standards. The reopening must have an original issue size of at least $3 billion, and meet the maturity standards of this chapter at the time of the reopening.

The Exchange reserves the right to exclude any new issue from deliverable status or to further limit outstanding issues from deliverable status.

5742.01 Deliveries of Futures Contracts - Deliveries against Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contracts shall be by book-entry transfer between accounts of Clearing Members at qualified banks (Regulation 5780.01) in accordance with Department of Housing and Urban Development Title 24 CFR Part 81. Delivery must be made no earlier than the first business day of the month and no later than the last business day of the month. Notice of intention to deliver shall be given to the Board of Trade Clearing Corporation by 8:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the second business day preceding delivery day. In the event the long Clearing Member does not agree with the terms of the invoice received from the short Clearing Member, the long Clearing Member must notify the short Clearing Member, and the dispute must be settled by 9:30 a.m. (Chicago time) on delivery day. The short Clearing Member must have contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes in place at his bank in acceptable (to his bank) delivery form no later than 10:00 a.m. (Chicago time) on delivery day. The short Clearing Member must notify his bank (Regulation 5780.01) to transfer contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes by book-entry to the long Clearing Member's account at the long Clearing Member's bank on a delivery versus payment basis. That is, payment shall not be made until the notes are delivered. On delivery day, the long Clearing Member must make funds available by 7:30 a.m. (Chicago time) and notify his bank (Regulation 5780.01) to accept contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes and to remit federal funds to the short Clearing Member's account at the short Clearing Member's bank (Regulation 5780.01) in payment for delivery of the notes. Contract grade Fannie Mae Benchmark Notes or Freddie Mac Reference Notes must be transferred and payment must be made before 1:00 p.m. (Chicago time) on delivery day. All deliveries must be assigned by the Clearing Corporation. Where a commission house as a member of the Clearing Corporation has an interest both long and short for customers on its own books, it must tender to the Clearing Corporation such notices of intention to deliver as it received from its customers who are short. (02/01/01)

5742.02 Wire Failure - In the event that delivery cannot be accomplished because of a failure of the Federal Reserve wire or because of a failure of either the long Clearing Member's bank or the short Clearing Member's bank access to the Federal Reserve wire, delivery shall be made before 9:30 a.m. (Chicago time) on the next business day on which the Federal Reserve wire is operable. Interest shall accrue to the long paid by the short beginning on the day at which the notes were to be originally

delivered.

In the event of such failure, both the long and short must provide documented evidence that the instructions were given to their respective banks in accordance with Regulations 5742.01 and 5749.04 and that all other provisions of Regulations 5742.01 and 5749.04 have been complied with. (02/01/01)

5746.01 Date of Delivery - Delivery of Medium Term Fannie Mae Benchmark Notes or Freddie Mac Reference Notes may be made by the short upon any permissible delivery day of the delivery month the short may select. Delivery of Medium Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes must be made no later than the last business day of that month. (02/01/01)

5747.01 Delivery Notices - (See Regulation 1047.01) (02/01/01)

5748.01 Method of Delivery - (See Regulation 1048.01) (02/01/01)

5749.00 Time of Delivery, Payment, Form of Delivery Notice - (See Rule 1049.00) (02/01/01)

5749.02 Buyer's Report of Eligibility to Receive Delivery - (See Regulation 1049.02) (02/01/01)

5749.03 Seller's Invoice to Buyers - Upon determining the buyers obligated to accept deliveries tendered by issuers of delivery notices, the Clearing House shall promptly furnish each issuer the names of the buyers obligated to accept delivery from him and a description of each commodity tendered by him which was assigned by the Clearing House to each such buyer. Thereupon, sellers (issuers of delivery notices) shall prepare invoices addressed to their assigned buyers describing the documents to be delivered to each such buyer. Such invoices shall show the amount which buyers must pay to sellers in settlement of the actual deliveries, based on the delivery prices established by the Clearing House, and adjusted for applicable interest payments. Such invoices shall be delivered to the Clearing House by 2:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the day of intention except on the last intention day of the month, where such invoices shall be delivered to the Clearing House by 3:00 p.m. (Chicago time), or by such other time designated by the Board of Directors. Upon receipt of such invoices, the Clearing House shall promptly make them available to buyers to whom they are addressed, by placing them in buyers' mail boxes provided for that purpose in the Clearing House. (02/01/01)

5749.04 Payment - Payment shall be made in federal funds. The long obligated to take delivery must take delivery and make payment before 1:00 p.m. (Chicago time) on the day of delivery, except on banking holidays when delivery must be taken and payment made before 9:30 a.m. (Chicago time) the next business day. Adjustments for differences between contract prices and delivery prices established by the Clearing House shall be made with the Clearing House in accordance with its by-laws and resolutions. (02/01/01)

5749.05 Buyers Banking Notification - The long Clearing Member shall provide the short Clearing member by 4:00 p.m. (Chicago time) on the day of intention, one business day prior to delivery day, with a Banking Notification. The Banking Notification form will include the following information: the identification number and name of the long Clearing Member; the delivery date; the notification number of the delivery assignment; the identification number and name of the short Clearing Member making delivery; the quantity of the contract being delivered; the long Clearing Member's bank, account number and specific Federal Wire instructions for the transfer of Fannie Mae Benchmark Notes or Freddie Mac Reference Notes. (02/01/01)

5750.00 Duties of Members - (See Rule 1050.00) (02/01/01)

5751.01 Office Deliveries Prohibited - (See Regulation 1051.01) (02/01/01)

5754.00 Failure to Accept Delivery - (See Rule 1054.00) (02/01/01)

Ch57 Regularity of Banks

5780.01 Banks - For purposes of these regulations relating to trading in Medium Term Fannie Mae Benchmark Notes and Freddie Mac Reference Notes, the word "Bank" (Regulation 5742.01) shall mean a U.S. commercial bank (either Federal or State charter) that is a member of the Federal Reserve System and with capital (capital, surplus and undivided earnings) in excess of one hundred million dollars ($100,000,000). (02/01/01)

Chapter 58A
Medium Term Fannie Mae(R)Benchmark Notes(SM) and Freddie Mac
Reference Notes(SM) Futures Options

*Note: These contacts are listed for trading by the Chicago Board of Trade pursuant to Commodity Futures Trading Commission exchange certification procedures.

Ch58A Trading Conditions

A58601.00 Authority - (See Rule 2801.00) (02/01/01)
A5801.01 Application of Regulations - Transactions in put and call options on Medium Term Fannie Mae(R) Benchmark Notes(SM) and Freddie Mac Reference Notes(SM) futures contracts shall be subject to the general rules of the Association as far as applicable and shall also be subject to the regulations contained in this chapter which are exclusively applicable to trading in put and call options on Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contracts. (See Rule 490.00.) Options on Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures are listed for trading pursuant to Commodity Futures Trading Commission exchange certification procedures. (02/01/01)

A5802.01 Nature of Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note Futures Put Options - The buyer of one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures put option may exercise his option at any time prior to expiration (subject to Regulation A5807.01), to assume a short position in one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures put option incurs the obligation of assuming a long position in one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a put option buyer. (02/01/01)

A5802.02 Nature of Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note Futures Call Options - The buyer of one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures call option may exercise his option at any time prior to expiration (subject to Regulation A5807.01), to assume a long position in one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures call option incurs the obligation of assuming a short position in one (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer. (02/01/01)

A5803.01 Trading Unit - One (1) Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract of a specified contract month on the Chicago Board of Trade. (02/01/01)

A5804.01 Striking Prices - Trading shall be conducted for put and call options with striking prices in integral multiples of one-half (1/2) point per Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract. At the commencement of trading for such option contracts, the following strike prices shall be listed: one with a striking price closest to the previous day's settlement price on the underlying Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract, the next twelve consecutive higher and the next twelve consecutive lower striking prices closest to the previous day's settlement price; and all strike prices listed for all other option contract months listed at that time. If the previous day's settlement price is midway

between two striking prices, the closest price shall be the larger of the two. When a sale in the underlying Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract occurs at a price greater than or equal to the twelfth largest striking price, a new striking price one increment higher than the existing striking prices will be added. When a sale in the underlying Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract occurs at a price less than or equal to the twelfth smallest striking price, a new striking price one increment lower than the existing striking prices will be added. When a new strike price is added for an option contract month, the same strike price will be added to all options contract months for which that strike price is not already listed. All new strike prices will be added prior to the opening of trading on the following business day.

The Exchange may modify the procedure for the introduction of striking prices as it deems appropriate in order to respond to market conditions. (02/01/01)

A5805.01 Payment of Option Premium - The option premium must be paid in full by each clearing member to the Clearing House and by each option customer to his commission merchant at the time that the option is purchased, or within a reasonable time after the option is purchased. (02/01/01)

A5806.01 Option Premium Basis - The premium for Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options shall be in multiples of one sixty-fourth (1/64) of one point ($1,000) of a Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract which shall equal $15.63 per 1/64 and $1,000 per full point.

However, when both sides of the trade are closing transactions, the option premium may range from $1.00 to $15.00 in $1.00 increments per option contract

If options are quoted in volatility terms, the minimum price fluctuation shall be .10 percent (e.g., 10.0%, 10.1%, 10.2%, etc.). (02/01/01)

A5807.01 Exercise of Option - The buyer of a Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures option may exercise the option on any business day prior to expiration by giving notice of exercise to the Clearing Corporation by 6:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on such day. Notwithstanding the foregoing, the buyer may exercise the option prior to 10:00 a.m. (Chicago time) on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions; and

iii) in exceptional cases involving a customer's inability to communicate to the member firm exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. (Chicago time) on the last day of trading. (02/01/01)

A5807.02 Automatic Exercise - Notwithstanding the provisions of Regulation 5807.01, after the close on the last day of trading, all in-the-money options shall be automatically exercised, unless notice to cancel automatic exercise is given to the Clearing Corporation.

Notice to cancel automatic exercise shall be given to the Clearing Corporation by 6:00 p.m. (Chicago time), or by such other time designated by the Board of Directors, on the last day of trading, except that such notice may be given to the Clearing Corporation prior to 10:00 a.m. (Chicago time) on the expiration date:

i) to correct errors or mistakes made in good faith;

ii) to take appropriate action as the result of unreconciled Exchange option transactions; and

iii) in exceptional cases involving a customer's inability to communicate to the member firm

exercise instructions or the member firm's inability to receive such instructions prior to 6:00 p.m. (Chicago time) on the last day of trading. (02/01/01)

A5808.01 Expiration of Option - Unexercised Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options shall expire at 10:00 a.m. (Chicago time) on the first Saturday following the last day of trading. (02/01/01)

A5809.01 Months Traded In - Trading in Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options may be scheduled in such months as determined by the Exchange. For options that are traded in months in which Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the October or November option contract is the December futures contract. (02/01/01)

A5810.01 Trading Hours - The hours of trading of options on Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contracts shall be determined by the Board. On the last day of trading in an expiring option, the closing time for such option shall be the same as the close of trading of the Regular Daytime open outcry trading session for the corresponding Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract, subject to the provisions of the second paragraph of Rule 1007.00. Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures options shall be opened and closed for all months and strike prices simultaneously or in such a manner as the Regulatory Compliance Committee shall direct. (02/01/01)

A5811.01 Position Limits and Reportable Positions - (See Regulation 425.01) (02/01/01)

A5812.01 Margin Requirements - (See Regulation 431.05) (02/01/01)

Ch58A Trading Conditions

A5813.01 Last Day of Trading - No trades in Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures put and call options expiring in the current month shall be made after the close of trading of the Regular Daytime open outcry trading session for the corresponding Medium Term Fannie Mae Benchmark Note and Freddie Mac Reference Note futures contract on the last Friday which precedes by at least two business days the last business day of the month preceding the option month./1/ If such Friday is not a business day, or there is a Friday which is not a business day which precedes by one business day the last business day of the month preceding the option month, the last day of trading will be the business day prior to such Friday. (07/01/01)

- mini-sized Treasury Bond, mini-sized 10-Year Treasury Note, mini-sized Eurodollar, mini-sized N.Y. Gold and mini-sized N.Y. Silver futures (to 12-31-02);

APPENDIX 3A - GUIDELINES FOR GUESTS AND VISITORS WHILE ON THE EXCHANGE FLOOR OF THE CHICAGO BOARD OF TRADE

1. Bringing guests on the Exchange Floor is a privilege extended to all members who comply with the Rules pertaining thereto.

2. Guests shall be admitted to the Exchange Floor between 1/2 hour before the opening on each Floor and 1/2 hour after the close on each Floor.

3. No more than 50 guests shall be allowed on the Exchange Floor at any one time during trading hours.

4. A member may reserve a time for five guests, which reservation will be held no longer than ten minutes. Such reservation privileges will be denied if they are abused.

5. Guests must be accompanied by a member at all times. Both the guest and the host member will sign on to and off of the Floor. The guest will wear, on visible display, a guest badge. The member will be responsible for the guest's conduct on the Floor.

6. A) A guest may remain on the Floor for a period of 30 minutes; if he has not signed out, he will be paged. It will be the member's responsibility to see that the guest leaves the Floor within five minutes of being paged and that the guest returns the badge to the Service Desk on the 4th Floor. Failure to return the guest badge immediately will subject the member to a minimum fine of twenty-five dollars.

B) At the end of the initial 30 minutes, a guest may ask to extend his visit for (a) subsequent period(s) of 30 minutes, although such extension(s) will not be granted if there are more than 50 guests on the Floor at any one time.

C) If necessary, an All Day Guest Pass may be obtained for a foreign visitor, firm executive, firm branch employee, customer or consultant (and other persons with the approval of the Floor Conduct Committee Chairman) by completing a short application form at the fourth floor Service Desk. Except for the 30-minute time limit, the same guidelines apply to All Day Guests, including the requirement that they be accompanied at all times by a member.

7. No privileges other than admittance to the Floor any be extended to a guest. A guest is specifically prohibited from performing any functions of an employee of a member or of a member firm. Entering a trading pit, using a telephone, using the market display equipment and blocking the area are also prohibited.

8. Guests of management for business purposes only shall be allowed in the Exchange Floor.

9. The President of the Exchange may issue special permits beyond the above limit (five individuals) when he deems it in the interest of the Exchange to do so. On a case-by-case basis, he may schedule admission to the Floor for small groups who have made appropriate arrangements.

(Tour Groups: can be no larger than 12, can visit between the hours of 10:30 a.m. and 12:15 p.m., must be escorted at all times, are limited to 15 minutes per tour, will be limited to no more than two groups on the Floor at any one time, and all such groups must be coordinated through the Communications Department.)

10. No other guests of staff members may be allowed on the Exchange Floor.

11. Members shall accompany guests in the Member's cafeteria.

12. No guests may be allowed on the Exchange Floor more than five times in one month.

13. No guest may be allowed on the Exchange Floor who is under twelve years of age.

14. Members who violate and/or allow their guest(s) to violate any of these guidelines may be denied visitor's privileges for a period of up to six months and/or fined appropriately.

APPENDIX 3B - INSTRUCTIONS FOR FLOOR CLERK ACCESS TO THE FLOOR OF THE BOARD OF TRADE OF THE CITY OF CHICAGO

Please be advised that access to the Floor of the Board of Trade of the City of Chicago (hereinafter referred to as the Exchange) is a right of membership. Associate Members and GIM, IDEM and COM Membership Interest Holders have floor access rights only with respect to specified contracts (See Rules 211.00, 291.00, 292.00 and 293.00). Any and all access by non-members is solely a privilege extended by the membership for the strictly limited purposes outlined below. Any violation of any of these instructions shall be just cause for the revocation of the privilege.

Functions and Responsibilities of Floor Clerks on the Exchange Floor:

A. Floor Clerks and Trainee-Floor Clerks may perform only the following duties and no others while on the Floor of the Exchange:

1. Receive messages (including trading cards and written orders) from their employers or members representing such employers;

2. Deliver said messages (including trading cards and written orders) and communicate orders to the pit from their position or communication instrument by use of hand signals or verbal communication;

3. Write broker's cards from endorsed orders, endorse orders from broker's cards and write the brokers' acronym on the broker's order, during trading hours on the Exchange Floor and for a reasonable period of time thereafter;

4. Operate order processing terminals;

5. Receive and write up orders from, and report order status to, their employers and their employers' duly registered Associated Persons, Introducing Brokers, proprietary traders and customers with respect to commodities traded on the Floor;

6. Communicate information of any nature directly to an individual Member, provided that the information communicated may only concern a contract which is within that individual Member's membership category;

7. Communicate information of any nature to a trader who is trading for the proprietary account of the clerk's member firm employer or for the proprietary account of a firm which has one of the following relationships to the clerk's member firm employer:

- 100% parent firm;

- Wholly owned subsidiary; or

- Affiliate through a common 100% parent firm;

8. Provide market information (not the clerk's own personal opinion) regarding activities on the Floor to any of the following:

- duly registered Associated Persons of the clerk's member firm employer;

- duly registered Introducing Brokers of the clerk's member firm employer; and

- established customers of the clerk's member firm employer;

For the purposes of this section 8., an "established customer" shall be defined as an individual or entity which has an open and active trading account with the clerk's member firm employer.

A clerk may initiate contact with any of the foregoing to provide market information provided that the clerk expresses no personal opinion regarding market direction or specific trades.

A clerk may relay the opinions of a member or of the clerk's member firm employer with the prior approval of such member or member firm employer to any of the following:

- duly registered Associated Persons of the clerk's member firm employer;

- duly registered Introducing Brokers of the clerk's member firm employer; and

- established customers of the clerk's member firm employer.

9. Initiate contact with a customer of the clerk's member firm employer to report the status of that customer's order;

Floor Clerks and Trainee-Floor Clerks may not, while on the Floor of the Exchange, perform any other duties except those explicitly prescribed above. The following Exchange Floor activities are permissible only for members and only with respect to the contracts in which they have membership privileges. The following activities are prohibited for Floor Clerks and Trainee Floor Clerks:

1. Soliciting customer business;

2. Trading for their own accounts or having any interest in a trading account, except as prescribed in Regulation 301.05;

3. Being an RCR or an Associated Person, a Commodity Pool Operator or a Commodity Trading Advisor under the Commodity Exchange Act.

4. Initiating orders or trades of any sort, including arbitrage;

5. Exercising discretion of any sort with respect to any order, including arbitrage;

6. Loitering by or in the trading pits;

7. Being compensated on a commission or per contract basis.

B. Trade Checkers (only) may perform only the following duty and no others while on the Floor of the Exchange.

1. Check and reconcile trades of, for, and on behalf of their member firm employers. Absent extraordinary circumstances, the Floor Governors Committee would expect such Trade Checkers to be off the Floor of the Exchange by 10:30 a.m.

This 10:30 a.m. limitation does not apply to floor clerks who are employed by individual members.

Trade Checkers may not, while on the Floor of the Exchange, perform any other duties except that explicitly prescribed above. The following is a list of the most common abuses of the Trade Checker privilege:

1. Loitering by or in the trading pits or congregating in unassigned areas;

2. Communicating in any manner with members or member firms;

3. Entering verbal orders with members or member firms;

4. Trading for their own accounts;

5. Being or acting in any other capacity, including chartist, with a member or member firm;

6. Being an RCR or Associated Person under the Commodity Exchange Act, as amended by the Commodity Futures Trading Commission Act of 1974.

C. Personnel

1. Emergency Personnel - See Floor Clerks and Trainee-Floor Clerks (Paragraph A above);

2. Summer Personnel - See Floor Clerks and Trainee-Floor Clerks (Paragraph A above);

D. Registered Commodity Representatives (RCRs) and Applicant Observers may perform only the following duty and no other while on the Floor of the Exchange:

1. Observe the various floor activities of the members and other privileged non-members who have been allowed access to the Floor. Such observation shall be limited to a period of two weeks (ten market days).

RCR Observers and Applicant Observers may not, while on the Floor of the Exchange, perform any other duties except that explicitly prescribed above. The following are the areas most prone to abuse and which the RCR Observer and Applicant Observer must be especially aware of:

1. Loitering by or in the Trading pits or congregating in unassigned areas;

2. Answering phones;

3. Placing verbal orders with members of member firms;

4. Writing orders;

5. Trading for their own accounts;

6. Being or acting in any other capacity, including chartist, with a member or member firm.

E. The Floor Conduct Committee has established a special broker assistant badge, in addition to a regular floor clerk badge, and has set up the following guidelines to be used in issuing this special badge.

A broker assistant badge will only be issued for the following purposes:

- a broker having a high volume of orders and who needs an assistant to hold and sort the orders;

- Consistent with these duties, a broker assistant also may communicate market information by means of hand signals and verbal communication.

A badge will not be issued if used for the following reasons:

- card counting - if a floor clerk is a card counter, he/she must quickly enter and take the cards and count them outside of the pit and;

- Information - a floor clerk who obtains information about other brokers or another commodity.

Please keep in mind that the abuses of the floor clerk badge will still be upheld for those issued a broker assistant badge, as follows:

1. Loitering by or in the trading pits or congregating in unassigned areas.

2. Not properly displaying their assigned floor badges.

3. Trading for their own accounts.

4. Being or acting in any other capacity, including chartist, with a member or member firm. A limited exception to this provision applies, only with respect to agricultural markets, as follows. Clearing firms may arrange with floor brokers to place clearing firm floor clerks in pits to perform broker assistant responsibilities for such floor brokers when conditions of high volume/high volatility occur. Such arrangements must be registered with the Exchange as prescribed by the Exchange. Under these arrangements, clearing firms will continue to be responsible for these clerks' supervision and compensation. When conditions of high volume/high volatility are not present, such clerks will return to their normal duties on behalf of their clearing firm employers.

5. Being an Associated Person under the Commodity Exchange Act, as amended by the Commodity Futures Trading Commission Act of 1974.

The committee advises members that the Board of Directors gave fining authority to the Floor Conduct Committee of up to $500 for conduct violations of Floor Employees of Members. The fining authority begins December 21, 1981.

Your cooperation in this matter would be greatly appreciated.

F. The Exchange has established guidelines regarding the use of headsets in the Trading Pits:

1. Brokers' Assistants and Floor Clerks with headset privileges shall be subject to all applicable CBOT Rules and Regulations, including Rule 301.00; Regulations 301.01, 301.05 and 310.01; and this Appendix. In addition, members who either sponsor or employ an individual utilizing a headset are responsible for ensuring that the sponsored or employed individual complies with the Exchange's Headset Policy.

2. All members and member firms are eligible to receive authorization to utilize headsets. The authority to govern the administration of the use of headsets (including who has authorization and where an authorized individual may utilize the headset apparatus) rests with the Floor Committee. The Floor Committee should establish fair and equitable guidelines for

administering the use of headsets, and when administering its guidelines, the Floor Committee should consult with the relevant Pit Committee. The Floor Committee shall not arbitrarily deny any member or member firm the use of a headset.

3. Headsets may be worn by Brokers' Assistants, Floor Clerks, and Members who have been authorized by the Floor Committee. "Brokers' Assistants" and "Floor Clerks" as used in preceding sentence may include members and membership interest holders who do not have membership privileges in the contract for which the headset is being utilized.

4. A Broker's Assistant or Floor Clerk wearing a headset may communicate order information and fill information but may not communicate his or her personal opinion regarding activities in the trading pit including, but not limited to, interpretations of technical or fundamental market factors or perspective with respect to member trading sentiment or trading bias. Any other information may be communicated via a headset if the information has been conveyed to the headset operator directly by a member (providing that the member conveying the information has trading privileges in the relevant underlying market). In addition, Brokers' Assistants and Floor Clerks wearing headsets may communicate via a headset any market information that is clearly within the respective pit's "public domain". In other words, individuals who are wearing headsets may communicate any market information that has been "publicly" exposed to the respective trading pits. The member sponsor or member employer of the individual wearing the headset is responsible for the content and nature of any headset communications.

Only members on the floor may communicate with non-members located off the floor for the purposes of communicating or receiving market news and personal opinion regarding interpretations of technical or fundamental market factors or perspective with respect to a member's trading sentiment or trading bias. This level of communication is restricted to members with trading privileges in the respective contract who are located on the floor communicating with other members or non-members located either on or off of the trading floor.

5. Headsets may communicate between trading pits and from pit to Exchange floor booth spaces in any CBOT(R) trading room. This includes COM Membership Interest Holders communicating with a floor broker or the floor broker's broker assistant in a futures pit for the purposes of entering futures orders.

Direct communication via headsets located in or around the Exchange's trading pits to and from off-site locations is only allowed provided the individual assigned to a headset adheres to the following requirements when communicating with any individual off the Exchange floor:

- Headset communications shall be permissible between the DowSM pits and the floors of other exchanges which trade equity-related products.

- An individual member located outside a trading pit (e.g., at a floor booth or in an off-site office) may communicate via headset with a member or clerk in or around a trading pit provided that the individual member has trading privileges in the contract which is traded in the pit which the individual accesses.

- Members off the floor can enter orders via headsets for their customer, proprietary and personal accounts provided they have trading privileges in the respective contract.

- Members off the floor utilizing headsets for the purposes of entering customer orders directly into the pit must comply with Exchange audit trail regulations previously mandated by the CFTC which require that customer orders be: recorded on member firm floor order tickets; contain the account identification of the customer; contain an exchange designated time stamp upon receipt and upon confirmation of an execution. The Exchange provides a telephonic link between the booth and the pit to allow for a floor broker to communicate directly with a member who is located off the floor, while simultaneously allowing personnel at the member firm's booth to record the required audit trail information.

- Floor brokers who utilize headsets in conjunction with an electronic order routing/endorsement system are not required to maintain a booth to pit link provided that customer orders are entered electronically and the order entry system provides the requisite audit trail.

- Floor brokers receiving orders from another member not present on the Exchange Floor may record such trades on their trading cards in lieu of obtaining an order ticket. However, the executing member must record the order instructions, account designation, and execution time on the member's order.

- Only Members located on the floor may communicate with non-members located off the floor for the purpose of placing orders for the member's personal trading account or the member firm's proprietary account in CBOT contracts and non-CBOT markets.

- Members or members' broker assistants located on the floor may communicate with non-members located off of the trading floor to accept orders or instructions to change orders from the non-member for agricultural and financial futures and options contracts. The requisite audit trail requirements must be met utilizing the booth to pit link unless the FCM authorizes the executing floor broker to accept the non-member's order without the booth to pit link. Under such authorization of the FCM, the executing floor broker is responsible for meeting all audit trail requirements including: recording customer orders on member firm floor order tickets; recording the account identifier of the customer; and time stamping the customer order upon receipt and upon confirmation of an execution.

  Member firms may also permit member or non-member employees (including APs) located off the floor to communicate orders for its proprietary or customer accounts directly to a floor broker or his broker assistant without requiring the booth to pit link upon the member firm's sole discretion. Under this provision, the floor broker would be responsible for capturing the required audit trail information.

6. Any and all headset communications must be voice recorded by the member or member firm authorized to use the headset(s). Members and member firms are permitted to utilize their own recording devices, providing that the devices meet reasonable standards with respect to quality and reliability, or members and member firms may utilize an Exchange administered voice recording system for a fee to be paid to the Exchange by the member or member firm utilizing the Exchange's system.

7. For reasons relating to the general safety and space concerns that arise out of the use of wired headsets, the Floor Committee is encouraged to facilitate, as the development of technology permits, a movement to a wireless headset only environment.

8. Authorization to use a headset does not entitle the authorized individual to a particular spot or site within a pit. In addition, Floor Clerks utilizing headsets may not loiter in the trading pits and must exit the trading pits when they are not conducting business. (06/01/01)

APPENDIX 3C - DRESS CODE

APPENDIX 3-C - DRESS CODE

Members and member firms must make every effort to ensure that their employees and guests conform to the Chicago Board of Trade's Dress Code, as hereafter defined. The Dress Code is designed to provide a safe and businesslike atmosphere on the trading floor for all members and employees; an individual may be refused access to the trading floor for violating the Dress Code. Members and Member firms are subject to fines and/or other disciplinary measures imposed by the Floor Conduct Committee for individual violations of the dress code and violations of the dress code by their employees.

The Chicago Board of Trade Dress Code requires "Business Dress Attire" to be worn at all times on the trading floor-not only during trading hours. "Business Dress Attire" is defined as conventional and businesslike attire which is neat, clean and presentable; does not pose a safety hazard or distraction to the wearer or others; and that which conforms to the following provisions:

A) Jackets (Suit Coat, Blazer or a Trading Jacket as prescribed by the Association) must be worn on the trading floor by Members and employees at all times. No trading jackets from other Exchanges are allowed on the floor. Guests may not wear trading jackets on the Exchange floor during trading hours. The display of patches or buttons with crude or offensive slogans is prohibited.

B) Badges, as prescribed by the Association, designating Member trading and access rights and non-member affiliation and access rights must be worn at all times. Badges must be worn in plain view, on the upper front of the jacket (not inside pockets or attached to lower pockets.) Badges from other Exchanges are prohibited. The wearing of out-dated, unauthorized or lapsed membership badges from the Exchange is prohibited. Badges must not be defaced, altered, or affixed with stickers or pictures not approved by the Association.

C) Men must wear ties (bow ties or neckties) at all times on the trading floor, with the exception of days when there is an early close for any part of the Exchange. Ties must be in good condition, knotted in a conventional manner, and drawn up to at least the second button from the collar. Collared shirts that can be worn with a tie must be worn at all times on the trading floor and must be neat, presentable and businesslike. Shirts must be clean, neat, presentable, tucked in and buttoned up to at least the second button from the collar. Golf-type shirts are permitted. Turtleneck sweaters for men are not allowed. Crewneck sweaters worn over a collared shirt are permitted if a necktie is visible; a trading jacket must also be worn. Shirts with offensive, crude or distracting slogans or pictures are prohibited. Pants or slacks must be neat, presentable and businesslike. Work pants, athletic pants and blue jeans are prohibited.

D) Women must wear pants, skirts or dresses that are neat, presentable, and businesslike. Skirts may be no shorter than two inches above the knee and must be significantly longer than the trading coat. Full, generously cut, businesslike split skirts may be worn. Shirts, blouses, sweaters or other tops must be neat, presentable, and businesslike. Shirts with offensive, crude or distracting slogans or pictures are prohibited. Work pants, athletic pants and blue jeans are prohibited. Attire should not expose the body in an inappropriate manner (e.g. bare midriffs, backs or thighs.)

E) Shoes must be worn at all times. Shoes must neither be of a design nor worn in a manner which presents a safety hazard. Slippers and sandals with no backs are prohibited. Women may wear slingback or open-toe sandals that are businesslike. High platform shoes or high heeled shoes or boots with soles and/or heels greater than three inches are not permitted. Athletic shoes are permitted. Shoes must be in neat condition and must be tied or fastened at all times.

F) Shirts: T-Shirts, sweatshirts, athletic jerseys, hooded shirts, flannel shirts, hospital scrubs and shirts bearing messages, advertisements, pictures or slogans are prohibited. Attire should not expose the body in a manner inappropriate for business (e.g. bare midriffs, chests, or backs.)

G) Pants: The following are all prohibited: blue jeans, stone washed jeans, bib overalls, fatigues, tie dyes, shorts of any kind, tightly fitting stretch pants, spandex pants, bicycling pants, painter pants, sweat pants, athletic/exercise pants, pants with elastic at the ankles, tights worn in lieu of pants, pants with slogans, advertisements, or work loops, and any pants shorter than 2 inches above the ankle.

H) Piercing & Jewelry: Jewelry may not be worn if it presents a safety hazard to the wearer or others.

I) Miscellaneous: All headgear or head coverings are prohibited, except for religious reasons. Sunglasses are prohibited unless they have prescription lenses.

In Summary: All dirty, frayed, faded, torn, badly wrinkled, revealing or unbusinesslike clothing is prohibited. All clothing intended for athletic activity or appropriate for manual labor is prohibited. Attire, worn by members, employees or their guests, which exposes the body in a manner inappropriate for a business atmosphere is prohibited from the trading floor at all times.

While the foregoing is comprehensive and employers and security staff shall enforce the dress code as defined above, they are not limited to the specific examples given. 02/01/02

APPENDIX 3G - GUIDELINES - BADGE VALIDATION AND RETURN

1. In each of the following circumstances, the referenced individual's membership floor access badge must be returned to the Member Services and Member Firm Staff Services ("Member Services") Department as indicated if the transaction involves the individual's only membership or all of his/her memberships:

   a. A membership seller within 30 days the effective date of the membership sale; (Membership sale proceeds will not be released to the seller unless the badge has been returned).

   b. A membership transferor within 30 days after the transfer has occurred.

   c. A membership delegator within 30 days after the effectiveness of the delegation agreement.

2. Each membership delegate must return the applicable delegate badge to the Member Services Department within 30 days after the delegation agreement's termination or expiration.

3. Upon the effective date of any Exchange suspension of membership privileges, the suspended individual must return his/her membership floor access badge to the Member Services Department within 30 days of the effective date of the suspension for the suspension's duration.

4. Upon the termination or expiration of any delegation agreement, the Exchange will delete the terminated delegate's identifying acronym from Exchange computer records after the delegate's 30-day grace period expires.

5. Only Exchange-issued badges will be permissible for floor access. Sewn-on badges will not be permissible.

6. No member, membership interest holder or delegate will be relieved of responsibility for returning the badge, even if lost, without specific approval of the Floor Conduct Committee.

   All cases involving lost membership floor access badges should be referred to the Member Services Department which shall have the authority to issue a replacement badge. Member Services will issue a replacement badge only to individuals with valid membership floor access privileges and who are current in their dues. Any problems or unusual circumstances involving a lost membership floor access badge will be referred to the Floor Conduct Committee.

   All cases involving lost floor clerk badges will be referred to the Co-Chairman or, in his absence, the Vice-Chairman of the Floor Conduct Committee. No floor clerk will be issued a replacement badge or be relieved of responsibility for returning the badge without specific approval of the Co-Chairman or, in his absence, the Vice Chairman of the Floor Conduct Committee.

7. Floor clerk badge applicants must present acceptable identification when filing their applications. Exchange staff will verify member's co-signatures on floor clerk badge applications and will process such applications in no less than 24 hours after receipt.

PROCEDURES FOR RELIEF REQUESTS/FINANCIAL REQUIREMENTS

Procedures for Relief Requests Under CBOT Regulation 285.05 Financial Requirements and Related CFTC Regulations

A member FCM that has filed any relief request with the Exchange need not file such request with the CFTC. The Exchange will promptly advise the CFTC of the request and use its best efforts to provide the CFTC with all pertinent information available to the Exchange. "Relief request" means a request--

1. under CFTC Regulation 1.17(d) for exemption from the minimum debt/equity ratio;

2. under CFTC Regulation 1.17(e) to withdraw equity capital;

3. under CFTC Regulation 1.17(f)(2)(ii) for approval of consolidation;

4. under CFTC Regulation 1.17(f)(1)(v)(B) for approval of terms in a secured demand note relating to conditions for the making of a demand;

5. under CFTC Regulation 1.17(h)(2)(vii) to prepayment of subordinated borrowings;

6. under CFTC Regulation 1.17(h)(4) for approval of emergency subordination;

7. under CFTC Regulation 1.10(e) approval of a change in fiscal-year election; or

8. under CFTC Regulation 1.10(f) and Section 1.16(f) for a filing extension.

APPENDIX 4E - MINIMUM FINANCIAL REQUIREMENTS FOR AGRICULTURAL REGULARITY

The minimum financial requirements for firms which are regular to deliver agricultural products are:

1. Working Capital - (current assets less current liabilities) must be greater than or equal to $2,000,000. Firms which do not have $2,000,000 in Working Capital must deposit with the Exchange $5,000 per contract which it is regular to deliver, up to a maximum of $2,000,000, less SEC haircuts, as specified in SEC Rule 15c3-1(c)(2)(vi), (vii) and (viii) plus 3% in the event of liquidation;

2. New Worth - (Total assets less total liabilities) divided by the firm's allowable capacity (measured in contracts) must be greater than $5,000; The net worth of a firm regular to deliver corn or soybeans must be greater than or equal to $5,000,000. The operator of a shipping station issuing corn or soybean shipping certificates may only issue new shipping certificates when the total value of all outstanding shipping certificates and the new shipping certificates, at the time of issuance of the new shipping certificates, does not exceed 25% of net worth;

3. Each firm which is regular to deliver agricultural products is required to file a yearly certified financial statement within 90 days of the firm's year-end. Each such firm is also required to file within 45 days of the statement date an unaudited semi-annual financial statement. However, each operator of a shipping station issuing corn or soybean shipping certificates is required to file within 45 days of the statement dates unaudited quarterly financial statements for each of the three quarters which do not end on such firm's year-end. In addition, the Exchange may request additional financial information as it deems appropriate;

4. A Letter of Attestation must accompany all unaudited financial statements. The Letter of Attestation must be signed by the Chief Financial Officer or if there is none, a general partner, executive officer, or managerial employee who has the authority to sign financial statements on behalf of the firm and to attest to their correctness and completeness.

5. For the requirements for notification of capital reductions, see Regulation 285.03.

6. Any change in the organizational structure of a firm that is regular for delivery requires that the firm notify the Exchange prior to such change. Changes in organizational structure shall include, but not be limited to, a corporation, limited liability company, general partnership, limited partnership or sole proprietorship that changes to another form. Prior to any such change occurring, the firm is also required to notify the Exchange in writing of any name change.

APPENDIX 6A - FEE SCHEDULE: Member Claims

Amount of Claim	
$2,500 or less	$150.00
More than $2,500	$250.00
Stenographic Fees*	
For attendance at a meeting:	
2-1/2 hour minimum	$ 50.00
Per Hour	$ 20.00
Per Half Hour	$ 10.00
For transcript:	
Original per page	$ 2.00/page
Carbon per page	$ .90/page
Original per page (Daily copy)	$ 2.60/page
Carbon per page (Daily copy)	$ .90/page

*Only for oral hearings.

APPENDIX 6B - FEE SCHEDULE: Customer and Non-Member Claims

Amount of Claim	
$2,500 or less	$150.00
More than $2,500	$350.00

Unassociated Arbitrators*

$50 per unassoicated arbitrator per hearing** for claims heard pursuant to Regulation 630.12 [$2,500 or less] [minimum charge of $150].

$100 per unassociated arbitrator per hearing date** for claims heard pursuant to Regulation 630.08 [more than $2,500] [minimum charge of $300].***

Stenographic Fees*	
For attendance at a meeting:	
2-1/2 hour minimum	$ 50.00
Per Hour	$ 20.00
Per Half Hour	$ 10.00
For transcript:	
Original per page	$ 2.00/page
Carbon per page	$ .90/page
Original per page (Daily copy)	$ 2.60/page
Carbon per page (Daily copy)	$ .90/page

* Optional

** Hearings are normally scheduled for 2:15 p.m. and seldom last more than 2-1/2 hours. If a hearing lasts in excess of 2-1/2 hours, requires an additional hearing date, or is continued on less than 24 hours' notice to the Administrator, fees will be charged for an additional hearing date.

*** These direct incremental costs attendant upon the provision of unassociated arbitrators will be paid by the member in cases involving customer claims regardless of the outcome of the arbitration unless the arbitrators decide that the customer has acted in bad faith in initiating, or participating in, the arbitration proceeding. Such incremental costs shall be allocated between the parties in the arbitrators' discretion in cases involving non-member claims.

APPENDIX 9B - IMPLEMENTATION REGULATIONS OF e-cbot CONCERNING TECHNICAL EQUIPMENT

1 Definitions

1.1 Network

The Network (the "Network") includes the entirety of all hardware elements combined in each network node as well as all necessary components for the connection of the network nodes (transmission lines for telecommunications, etc.) which form the technical basis for the implementation of trading on e-cbot, Eurex Deutschland and Eurex Zurich (the "Alliance Exchanges"). The Network is constructed in a radial form and contains, as network nodes in particular, the central host node of e-cbot, the central host node of the Eurex Deutschland and Eurex Zurich ("the Eurex Exchanges"), and the access points and all components of Participant Front End Installations.

1.2 Electronic Data Processing System

The Electronic Data Processing System (the "EDP System") includes both the Network and the operation-ready installed application of one or more of the Alliance Exchanges.

1.3 Participant Front End Installation

A Participant Front End Installation consists of one or more computers which enable trading on e-cbot (a Participant Front End System according to subsection 1.4 or a Multi-Member- Front End System according to subsection 1.5) and Network components by which the connection to the Network is made. In addition, the Participant Front End Installation shall include all necessary components for the maintenance of such Exchange Participant's internal network connections (e.g., Gateways, Routers, etc.), provided that they are located in a network area reserved for the Exchange (the 'Logical Network'). Additional hardware elements are not components of the Participant Front End Installation, although they may be connected thereto, to the extent that they satisfy the interfacing demands established by the Exchange and - if required- have been registered at the Exchange.

1.4 Participant Front End System

A Participant Front End System consists of at least one Exchange Participant's computer integrated into the Network, and is equipped with sufficient capacity and data security options in order to secure the technical basis on the part of the Exchange Participant for participation on e-cbot. A Participant Front End System is a component of the Participant Front End Installation (subsection 1.3) and as such is part of the Network.

1.5 Multi-Member-lntegrated System Server

(a) Two or more Exchange Participants may access e-cbot by means of a common Front End System (Multi- Member-Front End System), which is a component of the Front End Installation (subsection 1.3). In such cases, the Exchange Participants should notify the Exchange to adjust the capacity of the telecommunications connection accordingly. A Multi-Member Front End System- should be installed as a 2-LAN configuration and connected as a MISS group with two servers.
(b) CBOT Direct - e-cbot may maintain a MISS group as part of a Front End Installation through which one or more Exchange Participants may access e-cbot with the approval of their primary clearing member.

1.6 Logical Network

The Logical Network includes, in addition to the Network, all components at the Exchange Participant's site which are connected for technical reasons to the Network. Such components must be located in a network area reserved for the Exchange.

1.7 Data Transmission Equipment

Telecommunication within the Network occurs by means of Data Transmission Equipment, consisting of access points, routers and data transmission lines. A Participant Front End System or a Multi-Member Front End System shall always be connected by at least two data transmission lines to an access point.

1.8 Network Parameters

Network Parameters are values, dependent on the network software and its underlying operating system software, which control the communication between computers within a network. Network Parameters are installed with standard settings prescribed by the Exchange upon the initial installation of the software relating to network functions.

1.9 Auto-Quote Machines

Auto-Quote Machines are automatic quotation systems for options and futures. On the basis of pricing information and additional parameters determined by the Exchange Participant, quotes are automatically generated by an Auto-Quote Machine and transmitted into the EDP System.

1.10 Electronic Eyes

Electronic Eyes are computer programs which continuously receive market prices of Exchange products from the EDP System and evaluate such market prices. As soon as the price of an order or quote which is received by the Electronic Eye lies within the range previously set by the Exchange Participant, the Electronic Eye automatically generates an order which is then transmitted through the programmable interfaces made available via the Participant Front End System to the EDP System for execution.

1.11 Third Party Software

Third party software is software which is not provided by or on behalf of e-cbot and which is connected by an Exchange Participant to the programmable interface of the EDP System.

1.12 Location

Subject to Regulation 9X.06, Location within the meaning of this provision means the entirety of all business premises occupied by an Exchange Participant within a building in which Participant Front End Installations have been installed for the purpose of active options and futures trading. Business premises in which Participant Front End Installations are only employed in emergencies or for the purpose of engaging in technical simulated tests are not deemed to constitute a Location within the meaning of this provision.

2 Connection to the EDP System

2.1 Requirements

Upon admission to participate in options and futures trading, the Exchange Participant is connected to the EDP System. This connection is subject to the Exchange Participant's compliance with Exchange Rules, including these Implementation Regulations. By the establishment of such connection, the EDP System shall not be compromised on the basis of Location or any other technical grounds. Each Exchange Participant undertakes to ensure that it is entitled to connect each of its Participant Front End Installations to the EDP System and to execute trading on e-cbot, according to the national laws and regulations effective in the country of each respective Location.

2.2 Installation of Participant Front End Installations

Each of an Exchange Participant's Front End Installations, if not employed in emergencies or for the purpose of participating in technical simulated tests (subsection 1.12) must be installed at a Location of the Exchange Participant and should be configured redundantly.

Upon receipt of prior notification from an Exchange Participant or from an applicant for Exchange admission, the Exchange may permit the installation and the operation of a Participant Front End Installation at the business premises of a third party engaged by the Exchange Participant or applicant for Exchange admission to operate such Participant Front End Installation, if the application of and compliance with the provisions of the rules and regulations of the Exchange and supplemental conditions thereto are ensured, in particular in respect of such third party. By means of appropriate agreements concluded with the third party, the Exchange Participant or applicant for Exchange admission shall secure the granting to the Exchange by the third party of the right to inspect the business premises of such third party at all times for the purpose of determining compliance with the requirements for the installation and operation of a Participant Front End Installation.

2.3 Installation of Several Participant Front End Systems

An Exchange Participant may apply for the connection of several Participant Front End Systems. The Exchange may limit the number of Participant Front End Systems applied for by an Exchange Participant for cause, including reasons relating to system performance.

2.4 Connection of Quote Machines/Electronic Eyes

Upon special application by an Exchange Participant, the Exchange may permit the connection of Auto-Quote Machines and/or Electronic Eyes to the EDP System through the programmable interfaces made available via the Participant Front End System, provided that the Exchange Participant continuously ensures that the Auto-Quote Machines and/or Electronic Eyes

.. are installed at the Locations of the Exchange Participant and

.. are given parameters which correspond to at least one member for the Exchange Participant and

.. are controlled by at least one such person during trading hours.

3 Technical Requirements

The technical requirements set forth herein are binding on all Exchange Participants; divergence from such regulations shall require the written consent of the Exchange. The Exchange may at any time examine the configurations and Network Parameters of an Exchange Participant and require the modification of divergent values. In modifying such values, the Exchange Participant is required to effect such technical modifications to its Participant Front End Installation as are required by the Exchange within any timeframe imposed by the Exchange. Upon request from the Exchange , the Exchange Participant is obligated to grant the Exchange access to the technical infrastructure employed by it for establishing a connection with the EDP System to facilitate the carrying out of technical inspections. Such access and/or any right of inspection is subject to applicable local law. If modifications are not completed within the time frame imposed by the Exchange, the Exchange may restrict or bar the Exchange Participant's access to the EDP System.

4 Hardware

4.1 Requirements

EDP equipment which ensures the orderly execution of trading over the EDP System must be made available by Exchange Participants.

4.2 Permitted Trading Platforms

The Alliance Exchanges shall specify permitted trading platforms for installation on the Participant Front End Installation connected to the EDP System.

4.3 Approved Hardware Configurations

All hardware configurations planned by an Exchange Participant must be approved by the Exchange - by submitting the configuration questionnaire supplied by or on behalf of the Exchange and filled in by the Exchange Participant- prior to their installation; the same shall apply to modifications.

4.4 Responsibility for Operation

The operation of the Participant Front End Installation (including integrated Routers) is the sole responsibility of the Exchange Participant. Each Exchange Participant shall guarantee that it will operate its Participant Front End Installation in an orderly manner, and that, by such operation, the operation and functionality of trading and clearing on the Alliance Exchanges shall not be compromised.

5 Software

5.1 Exchange Software

The Exchange shall make available to the Exchange Participants the application software without source code. Subject to the rules and regulations of the Exchange, including these Implementation Regulations, an Exchange Participant is hereby granted a non-exclusive, non-transferable, revocable license to use the current version of the application software as made available by the Exchange solely for trading on e-cbot at an approved Location and may neither alter nor copy such software without the consent of the Exchange. The foregoing shall not apply to the production of copies of the application software if such copies are produced solely for data storage purposes. Each Exchange Participant is responsible for the installation of the application software on the components of his Participant Front-End installation.

5.2 Participant's Operating System Software

The Exchange shall specify each version of the operating system software valid at the time, including all necessary components, used for operation of the current version of the application software on the Participant Front End Installation.

5.3 Registration of Third Party Software

If an Exchange Participant intends to connect Third Party Software to the programmable interface of the EDP System, the Exchange Participant shall assign an electronic identifier to such Third Party Software before connecting it to the programmable interface, observing the Exchange's instructions as to the

systematic composition of such identifier, and shall have the Third Party Software registered at the Exchange.

Each Exchange Participant shall ensure that the identifier assigned to Third Party Software used by it will be sent together with each transmission to the EDP System, when the registered Third Party Software communicates with the EDP System via the programmable interface. In case the EDP System is impaired by the Third Party Software connected to the programmable interface, the Exchange may prohibit the connection of such software with immediate effect.

5.4 Responsibility for the Use of Third Party Software

The application software made available by the Exchange includes interfaces for front and back office systems. The Exchange Participant itself is responsible for the software which uses these interfaces.

6 Extent of Use of Data Transmission Equipment

An Exchange Participant may use the Data Transmission Equipment which serves trading on e-cbot solely for trading on e-cbot unless otherwise approved in writing by the Exchange. However, the Exchange reserves the right to use the Data Transmission Equipment also for trading and clearing on other institutions.

7 Transmission Lines for Telecommunication

7.1 Control of Transmission Lines

The Exchange shall control the lines for the entire physical network/Network. Installation and operation of the transmission lines for telecommunications which are necessary for the connection between the Participant Front End Installation and the Exchange shall be carried out by the Exchange or may be contracted out by the Exchange.

7.2 Range of Transmission Lines

e-cbot shall make available a connection to the Location of the Exchange Participant, provided that the transmission paths and types of connection supported by e-cbot are available for such Exchange Participant and, under normal conditions and adequate expense, able to be established and operated while meeting the security and quality standards set forth by e-cbot.

7.3 Connection to Network

A Participant Front End Installation may only be connected to the access point designated by the Exchange, and such connection must be by means of at least two transmission lines.

7.4 Security Against Failure

In order to increase security against failure, Participant Front End Installations may be connected to the Network by means of more than two lines.

7.5 Number of Transmission Lines

Notwithstanding these regulations, the Exchange can set a minimum and maximum number of the transmission lines necessary for an Exchange Participant to connect its Participant Front End Installation to the EDP System, to the extent that such action is necessary for reasons relating to system performance or for other serious reasons.

8 Network Parameters

8.1 Specification of Network Parameters

To ensure the security of the Network and to protect the Participant Front End Installations, each Exchange Participant shall comply with the following Network Parameters.

.. An Exchange Participant's computers which are not components of the Participant Front End Installation may only access the Participant Front End Systems of such Exchange Participant and may not access other computers in the Network;

.. Only the computers of the Participant Front End Installation may access or be accessed from the Network;

.. Unauthorized access by a Participant Front End Installation to the computers of the Alliance Exchanges is prohibited,

.. Communication between Exchange Participants by means of the Network is prohibited.

8.3 Compliance With Network Parameters

Upon installation of the Participant Front End Installation and Network components, the Exchange Participant shall establish and maintain the Network Parameters selected by the Exchange.

8.4 Reservation of Network Areas

The Exchange reserves network areas for its Logical Network. The network areas selected by the Exchange can only be used for participation on the Exchange. Within its own network, each Exchange Participant may use any network areas that are not reserved for the Exchange.

8.5 Node Numbers/Node Names

The Exchange shall assign node numbers and node names for the entire Logical Network. Within the Network, only the nodes authorized by the Exchange by assignment of node numbers may communicate with the EDP System.

Consequently, no computer that has not received a corresponding node number from the Exchange may be connected by the Exchange Participants in the network areas reserved by the Exchange. The transfer of the assigned node number and the related node name to a computer with a function other than that as applied for is prohibited.

9 Emergency Plan

9.1 Responsibility

Each Exchange Participant is responsible for taking appropriate measures for emergency planning and management.

9.2 Emergency Computer Center

An Exchange Participant may establish an inactive emergency computer center (computer failure center) and, if necessary, may connect this center with an inactive line to an access point. The costs incurred by the Exchange shall in such case be paid by the Exchange Participant.

9.3 Connection Between Two Locations

It an Exchange Participant operates at two or more Locations, he may supply any two Locations with a connection in order to ensure breakdown protection in the event of a disruption of the connection between one Location and an access point.

10 Personnel

Each Exchange Participant is obligated to maintain a sufficient number of qualified personnel at all times during trading hours and to guarantee their availability by telephone in order to ensure the orderly operation of the components of the EDP System which are in the control of the Exchange Participant, particularly in order to take the necessary measures at the instruction of the Exchange in the event of a technical disruption. In addition, each Exchange Participant shall provide the Exchange with the name and telephone number of a person to be contacted in the event of a technical disruption.

11 Costs

11.1 Hardware and Software

The costs for the purchase, installation and maintenance of all hardware and software used by an Exchange Participant shall be borne by the Exchange Participant, and shall not be borne by the Exchange, provided that the application software referred to in subsection 5.1 shall be made available by the Exchange without additional cost.

11.2 Telecommunications Networks

The one-time and the continuing costs for establishing and operating the Network, including the expenses for telecommunications transmission lines, will be levied on Exchange Participants in the form of a fee established by the Exchange.

12 Technical Problems

12.1 Measures

During technical disruptions, the Board may suspend or restrict access to the EDP System for one, several or all Exchange Participants, regardless of whether such problems appear at one or more of the Alliance Exchanges or at one, several or all Exchange Participants. The Exchange may resume trading or re-commence after an interruption, even if one or several Exchange Participants still do not have access to the EDP System for e-cbot if in the opinion of the Board of Directors an orderly market continues to exist or is once again possible.

12.2 Information to Exchange Participants / Exchange Participants' Obligation to Cooperate

Exchange Participants are obligated to inform themselves about technical requirements and changes by means of the media made available by the Exchange. The Exchange shall, to the extent possible, inform the Exchange Participants without undue delay of any technical problems. In case of technical problems of the EDP System, Exchange Participants are obligated to grant the Exchange or its representatives access to their Locations in which Participant Front End Systems are installed for problem resolution.

12.3 Suspension of Options and Futures Trading

In the event of the suspension of trading on the basis of technical problems, the Exchange shall place the EDP System on 'halt status', so that no more inputs can be effected by Exchange Participants.

The resumption of trading after a trading suspension pursuant to the foregoing regulation shall begin with a new Pre-Trading Period pursuant to Regulation 9x.09. Subsequently, trading will proceed consistently with Exchange Rules and Regulations.

The Exchange shall inform Exchange Participants without delay of the reduced time of the trading period.

APPENDIX 10A - ELEVATORS IN THE CHICAGO AND BURNS HARBOR SWITCHING DISTRICTS
(WHEAT & OATS)

Following is a listing of the elevators in the Chicago and Burns Harbor Switching Districts approved as regular for the delivery of Wheat and Oats through June 30, 2004:

WAREHOUSE	LOCATION	CAPACITY IN BUSHELS
Cargill, Inc.	Cargill Burns Harbor Portage, IN	5,473,000
Chicago & Illinois River Marketing LLC	Chicago	9,156,000

Note: All elevators are Federally licensed.

07/01/02

Appendix 10B

APPENDIX 10B - ELEVATORS IN THE ST. LOUIS AND EAST ST. LOUIS SWITCHING DISTRICTS
(WHEAT)

Following is a listing of the elevators in the St. Louis, East St. Louis and Alton Switching districts approved as regular for the delivery of Wheat through June 30, 2004:

WAREHOUSE	LOCATION		CAPACITY IN BUSHELS
Archer-Daniels-Midland Co.	St. Louis St. Louis, MO	Elevator	2,154,000
Cargill Inc.	East St. Louis, IL	Elevator	2,481,000

Note: All Elevators listed are Federally licensed.

07/01/02

Appendix 10C

APPENDIX 10C - ELEVATORS IN THE MINNEAPOLIS AND ST. PAUL SWITCHING DISTRICTS
(OATS)

Following is a listing of the elevators in the Minneapolis and St. Paul, MN Switching Districts which are approved as regular for the delivery of Oats through June 30, 2004:

WAREHOUSE	LOCATION	CAPACITY IN BUSHELS
Bunge North America, Inc.	Midway Elevator Minneapolis, MN	2,643,000
	Port Bunge Elevator Savage, MN	9,275,000
Cargill, Inc.	Port Cargill Elevator "C" Savage, MN	13,762,000
Cenex Harvest States Co-Operatives	HSC Savage Elevator Savage, MN	641,000
	Elevator #2 St. Paul, MN	1,400,000
	St. Paul Elevator "M" St. Paul, MN	1,331,000
ConAgra, Inc.	Calumet Elevator Minneapolis, MN	1,323,000
	Electric Steel Elevator Minneapolis, MN	4,579,000
	Malt-One Elevator Minneapolis, MN	2,348,000
	Marquette Elevator Minneapolis, MN	3,830,000
	Shakopee Elevator Shakopee, MN	1,122,000
General Mills Operations, Inc.	Delmar #4/Washburn C Minneapolis, MN	9,636,000
	Washburn Elevator Checkerboard Elevator B Minneapolis, MN	2,400,000
	Washburn D-Elevator T Minneapolis, MN	4,047,000
	Fridley Elevator Fridley, MN	4,955,000
	Washburn E. S00 Elevator Washburn, MN	3,553,000

NOTE: ALL ELEVATORS ARE FEDERALLY LICENSED.

07/01/02

APPENDIX 10D

APPENDIX 10D - ELEVATORS IN THE TOLEDO, OHIO SWITCHING DISTRICT (WHEAT)

Following is a listing of the elevators in the Toledo, Ohio Switching District which are approved as regular for the delivery of Wheat through June 30, 2004:

WAREHOUSE	LOCATION	CAPACITY IN BUSHELS
The Andersons Agricultural Group L.P.	Andersons-Illinois Elevator Maumee, Ohio	20,559,000
	Reynolds Road Elevator Toledo, Ohio	983,000
	River Elevator Toledo, Ohio	7,232,000
	Conant Street Elevator Maumee, Ohio	6,316,000
	Edwin Drive Elevator Toledo, Ohio	6,732,000
Archer-Daniels-Midland Co. d/b/a ADM Grain Company	Toledo Elevator Toledo, Ohio	9,795,000
	Ottawa Lake Elevator Ottawa Lake, MI	7,680,000

NOTE: ALL ELEVATORS ARE FEDERALLY LICENSED.

07/01/02

APPENDIX 10E - GRAIN

Beginning with new crop 1993 delivery months, the following maximum storage rates, as specified in Regulation 1056.01, will be applicable to Chicago Board of Trade approved elevators regular for the storage of grain:

Wheat: Effective July 1, 1993, the storage rate shall not exceed 15/100 of one cent per bushel per day.

Oats: Effective September 1, 1993, the storage rate shall not exceed 13/100 of one cent per bushel per day.

The following is a listing of the storage rates effective prior to the implementation of the maximum rates. Storage rates which are below the maximum rates will remain in effect after implementation of the maximum rates.

WAREHOUSE & LOCATION	RATE	EFFECTIVE DATE
The Andersons		
Maumee Elevator Maumee, OH	15/100 of a cent per bushel per day	July 1, 1993
Conant Street Toledo, OH	15/100 of a cent per bushel per day	July 1, 1998
Riverfront Elevator Toledo, OH	15/100 of a cent per bushel per day	July 1, 1993
Edwin Drive Toledo, Ohio	15/100 of a cent per bushel per day	July 1, 1998
Reynolds Road Toledo, OH	15/100 of a cent per bushel per day	July 11, 1996
ADM/Countrymark L.L.C., Inc.		
Elevator Toledo, OH	15/100 of a cent per bushel per day (Wheat, Corn & Soybeans)	April 30, 1998
Ottawa Lake Elevator Ottawa Lake, MI	15/100 of a cent per bushel per day	April 30, 1998
Archer-Daniels-Midland		
St. Louis Elevator St. Louis, MO	10/100 of a cent per bushel per day	October 1, 1993
Bunge North America, Inc.	13/100 of a cent per bushel per day	September 1, 1993
Midway Elevator Minneapolis, MN	13/100 of a cent per bushel per day	September 1, 1993
Port Bunge		
Savage, MN	13/100 of a cent per bushel per day	April 3, 1996
Cargill, Inc. East St. Louis, IL	15/100 of a cent per bushel per day	August 18, 1999
Cargill Maumee Elevator Maumee, OH	15/100 of a cent per bushel per day	July 1, 1993
Cargill Maumee Elevator Toledo, OH	13/100 of a cent per bushel per day	September 1, 1993
Port Cargill Elevator "C" Savage, MN	15/100 of a cent per bushel per day	July 1, 1993
Cargill Burns Harbor Portage, IN	10/100 of a cent per bushel per day	October 1, 1993
Cenex/Harvest States Cooperatives		
St. Paul Elevator #B St. Paul, MN	13/100 of a cent per bushel per day (Oats)	September 1, 1993
Harvest States Savage Elevator Savage, MN	13/100 of a cent per bushel per day	September 1, 1993
Elevator M St. Paul, MN	13/100 of a cent per bushel per day (Oats)	September 1, 1993
Chicago & Illinois River Marketing L.L.C.	15/100 of a cent per bushel per day	November 1, 1999
ConAgra Flour Mill Elevator Alton, IL ConAgra, Inc.	15/100 of a cent per bushel per day	July 1, 1993

Electric Steel Minneapolis, MN	Elevator	13/100 of a cent per bushel per day	September 1, 1993
Calumet Minneapolis, MN	Elevator	13/100 of a cent per bushel per day	September 1, 1993
Malt-one Minneapolis, MN	Elevator	13/100 of a cent per bushel per day	September 1, 1993
Marquette Minneapolis, MN	Elevator	13/100 of a cent per bushel per day	October 4, 2000
Shakopee Shakopee, MN	Elevator	13/100 of a cent per bushel per day	September 24,1994
General Mills, Inc.			
Fridley Minneapolis, MN	Elevator	13/100 of a cent per bushel per day	September 1, 1993
Washburn Minneapolis, MN	Elevator	13/100 of a cent per bushel per day (Oats)	April 20, 1994
Washburn Checkerboard Minneapolis, MN	Elevator	13/100 of a cent per bushel per day Oats)	September 1, 1993

NOTE: ALL ELEVATORS LISTED ARE FEDERALLY LICENSED.

APPENDIX 10F - RECIPROCAL AND INTERMEDIATE SWITCHING CHARGES

REFERENCE GUIDE ONLY - EFFECTIVE MAY 1, 1997
THE FOLLOWING RECIPROCAL AND INTERMEDIATE SWITCHING CHARGES APPLY AT ELEVATORS REGULAR FOR DELIVERY WITHIN THE CHICAGO, IL AND BURNS HARBOR, IN SWITCHING DISTRICTS. RATES ARE IN DOLLARS PER CAR UNLESS OTHERWISE INDICATED.

ELEVATOR:	RESULT AND/OR INTERMEDIATE RECIPROCAL CARRIER:	CARRIER AND END RESULT:
CARGILL BURNS HARBOR, IN	CR OR IHB LINE HAUL RATE	DIRECT CONNECTION WITH ALL OTHER CARRIERS. OTHER CARRIERS.
CHICAGO & ILLINOIS MARKETING, L.L.C. 117/TH/ & TORRENCE CHICAGO, IL DIRECT CONECTION WITH ALL OTHER CARRIERS	RIVER IHB - $242.00 PER CAR $166.00 PER CAR (25-CAR) $ 95.00 PER CAR (50-CAR) (PRIVATE CARS, CR, NS) IHB $261.00 PER CAR $184.00 PER CAR (25-CAR) $110.00 PER CAR (50-CAR) (ALL OTHER CARRIERS) CRL - $187.00 PER CAR	

THIS APPENDIX IS ONLY A REFERENCE GUIDE AND SHOULD NOT BE CONSTRUED AS A TRADING RECOMMENDATION OF THE CHICAGO BOARD OF TRADE. DUE TO THE RAPID CHANGES IN FREIGHT TARIFFS, WE DO NOT GUARANTEE THIS APPENDIX AS TO ACCURACY OR COMPLETENESS. FOR CURRENT INFORMATION ON SWITCHING CHARGES CONTACT THE RESPECTIVE RAIL CARRIER DIRECTLY.

01/01/00

APPENDIX 10G - GRAIN LOAD-OUT PROCEDURES

The following is a general outline of procedures for the load-out of grain covered by Chicago Board of Trade ("CBOT") registered warehouse receipts/shipping certificates. The procedures are based upon a combination of CBOT Rules and Regulations and trade practice. Where applicable, CBOT Rules and Regulations are cited.

1. Cancellation of the Warehouse Receipt/Shipping Certificate at CBOT Registrar's Office.

    a. To initiate the load-out process, the receipt/certificate holder, or owner, requests his clearing firm to cancel the warehouse receipt/shipping certificate at the CBOT Registrar's Office or requests load-out using the electronic form provided by the Cleaning House's Online System.

    b. The Registrar bills the owner's clearing firm a cancellation fee per receipt/certificate. (Internal policy of CBOT Registrar's Office.)

    c. The holder of the shipping certificate will notify the shipper of load-out instructions. Notification will be by telephone, telex or telefax.

2. Surrender of the Cancelled Warehouse Receipt/Shipping Certificate.

    a. The next step is for the owner to surrender the cancelled receipt/certificate to the regular warehouseman/shipper or his representative agent in Chicago. The agent must be a registered clearing member of the CBOT, be located in the vicinity of the CBOT and be available during business hours (except Exchange holidays). Business hours are 8:00 a.m. - 4:30 p.m., Monday - Thursday and 8:00 a.m. - 3:00 p.m. on Friday.

    b. At this time, the warehouseman/shipper, at his option, may require the owner to pay storage/premium and insurance charges that have accumulated up to and including the date of surrender. (See items 6(a) and (b) below.) The warehouseman's/shipper's agent shall accept these payments during business hours.

    c. At this time, the warehouseman, at his option, may also require the owner to pay the warehouseman or his agent a load-out fee of up to 6 cents per bushel. A fobbing charge of 4 cents per bushel was already paid at the time of delivery of corn and soybean shipping certificates. (The maximum load-out/fobbing fee, subject to change, is 6 cents per bushel for receipts and 4 cents per bushel for certificates. CBOT Regulation 1081.01(11).)

    d. If the owner decides against loading out grain, he may notify the warehouseman's/shipper's agent that warehouse receipts/shipping certificates are to be re-issued. The warehouseman's/shipper agent, if requested by the owner, shall obtain the receipts/certificates from the warehouseman/shipper, and if agent is notified by 12:00 noon, re-issued receipts shall be deliverable by 4:00 p.m. the following business day. (Any reimbursement of expenses for making the grain available for loading must be mutually accepted by the maker and taker. Notification of agents is notification of principal. All fees are a matter between agent and principal.)

3. Arrangement of Transportation Conveyance.

    a. Next, the owner arranges for proper conveyance of the grain to be loaded out with a carrier; the conveyance may be rail cars, barge, or vessel, and must be clean and ready-to-load.

    b. The owner provides the warehouseman/shipper with written loading orders that identify the vessel, barge, or number of rail cars that will take delivery of the grain, and that specify the grade and estimated number of bushels to be loaded.

    c. An owner requesting vessel load-out, having surrendered canceled receipts/certificates and tendered written loading orders to the warehouseman/shipper, is entitled to the warehouse's/shipper's current scheduled load-in and load-out lineups, provided the owner gives to the warehouseman/shipper the identity of the vessel and the estimated-time-of-arrival no more than 5 calendar days prior to constructive placement of the vessel.

In addition, an owner is entitled to receive updated information, upon request, on the elevator's/shipping station's scheduled load-in and load-out lineups.

d. The carrier or its agent notifies the warehouseman/shipper of the "constructive placement" of the conveyance. The term "constructive placement" is defined in CBOT Regulations 1081.01(12)A. (1), (2) and (3). Only the warehouseman/shipper can order the conveyance to the elevator/shipping station for actual placement for loading.

e. The warehouseman/shipper is not responsible for the failure of the carrier to present clean, ready-to-load conveyance to the warehouseman/shipper. (CBOT Regulation 1081.01(12) B.)

4. Request for Grain Inspection or Stevedoring Service.

a. The owner may, at his option and expense, request the warehouseman/shipper to arrange inspection and weighing service provided by the Federal Grain Inspection Service ("FGIS").

b. In case of water load-out (barge or vessel), the owner should request the warehouseman/shipper to arrange stevedoring service. In this regard, the owner may designate to the warehouseman/shipper the stevedoring service he would like to use. The owner is responsible for charges incurred for stevedoring service.

c. The warehouseman/shipper does not control the availability of the FGIS and the stevedoring services.

5. Actual Load-Out.

a. The warehouseman/shipper must load-out all conveyances in the order of their constructive placement. An operator of a regular facility in Chicago, Burns Harbor, along the Illinois Waterway, and St. Louis has the obligation of loading grain represented by warehouse receipts or shipping certificates giving preference to takers of delivery. (CBOT Regulation 1081.01(12) A.)

b. The warehouseman/shipper informs the owner of the time of loading completion and the release time of the conveyance to the carrier.

c. The warehouseman/shipper must advise the owner of any load-out difficulties. Inclement weather may delay loading.

d. The owner should be familiar with the tariff of the warehouse/shipping station where the load-out is to occur.

6. Final Settlement of All Charges By Invoice

a. The owner pays the warehouseman/shipper storage/premium charges that have accumulated up to and including the 10th business day after constructive placement of the conveyance or the date of loading completion, whichever is earlier. (CBOT Regulation 1081.01(12).) If the owner paid storage/premium charges when he surrendered the cancelled warehouse receipt/shipping certificate (see item 2(b) above) he now pays storage/premium charges that have accumulated since that time as invoiced.

b. The owner pays the warehouseman for the FGIS service and the stevedoring company for stevedoring service as invoiced.

c. With some exceptions for Burns Harbor delivery, the owner pays all transportation costs, including switching charges and demurrage, if any, to the appropriate transportation company.

*/ The outline provided above is intended to serve only as a general guide to grain load-out procedures; certain of the discussed obligations of the warehouseman and owners may not apply in a particular situation or may be open to negotiation between the parties. Care has been taken in the preparation of this outline, but there is no warranty or representation expressed or implied by the Chicago Board of Trade or its member firms as to the accuracy or completeness of the material herein. In particular, CBOT rules and regulations may be revised from time accordingly, current rules and regulations, if applicable, should be consulted when there is a question about load-out. Please be advised that the U.S. Warehouse Act, as amended, a state law may also apply to, or govern, a particular situation. If you have legal questions concerning load-out, we recommend that you consult your legal counsel. 10/01/01

APPENDIX 10C A - CORN AND SOYBEAN SHIPPING STATIONS

Following is a listing of the shipping stations approved as regular for the delivery of Corn and Soybeans for the period through June 30, 2004:

BOTCC Code	Firm	Location	Mile Marker	Approved Capacity (bu)	Daily Loading Rate (bu/day)	Max. Certs	Location Differential (cents/bu)
1750	Cargill, Inc.	Burns Harbor, IN	340	5,473,000	165,000	1,094	par

FIRST DELIVERY DAY - Shall be the first business day of the delivery month.

LAST TRADING DAY - Shall be the business day prior to the last seven business days of the delivery month.

LAST NOTICE DAY - Shall be the business day prior to the last business day of the delivery month.

LAST DELIVERY DAY - Shall be the last business day of the delivery month.

11/01/94

APPENDIX 37D - MINIMUM FINANCIAL REQUIREMENTS FOR ROUGH RICE REGULARITY

The minimum financial requirements for firms which are regular to deliver Rough Rice are:

1. Working Capital - (current assets less current liabilities) must be greater than or equal to $1,000,000. Firms which do not have $1,000,000 in working capital must deposit with the Exchange $5,000 per contract which they are regular to deliver, up to a maximum of $1,000,000 less SEC haircuts, as specified in SEC Rule 15c3-1(c) (2) (vi), (vii) and (viii) plus 3% in the event of liquidation.

2. Net Worth - (Total assets less total liabilities) divided by the firm's allowable capacity (measured in contracts) must be greater than $5,000.

3. Each firm which is regular to deliver Rough Rice is required to file a yearly certified financial statement within 90 days of the firm's year-end. Each such firm is also required to file within 90 days of the statement date an unaudited semi-annual financial statement. In addition, the Exchange may request additional financial information as it deems appropriate;

4. A Letter of Attestation must accompany all financial statements. The Letter of Attestation must be signed by the Chief Financial Officer or if there is none, a general partner, executive officer, or managerial employee who has the authority to sign financial statements on behalf of the firm and to attest to their correctness and completeness.

5. For the requirements for notification of capital reductions, see Regulation 285.03.

6. Any change in the organizational structure of a firm that is regular for delivery requires that the firm notify the Exchange prior to such change. Changes in organizational structure shall include, but not be limited to, a corporation, limited liability company, general partnership, limited partnership or sole proprietorship that changes to another form. Prior to such change occurring, the firm is also required to notify the Exchange in writing of any name change.

THIS LEGEND WILL BE REMOVED UPON THE REQUEST OF THE HOLDER AFTER THE RESALE RESTRICTION TERMINATION DATE.

Exhibit 4.10

AGREEMENT

This Agreement is made and entered into this 1st day of September 1992 ("Effective Date"), by and between the BOARD OF TRADE OF THE CITY OF CHICAGO ("CBOT"), an Illinois corporation incorporated by special act of the Illinois General Assembly and located at 141 West Jackson Boulevard, Chicago, Illinois, and the CHICAGO BOARD OPTIONS EXCHANGE, INC. ("CBOE"), a Delaware non-stock corporation located at 400 South LaSalle Street, Chicago, Illinois.

WHEREAS, paragraph (b) of Article Fifth of CBOE's Certificate of Incorporation ("Article Fifth(b)") provides as follows:

> (b) In recognition of the special contribution made to the organization and development of the Corporation by the members of the Board of Trade of the City of Chicago, a corporation organized and existing by Special Legislative Charter of the General Assembly of the State of Illinois, and for the further purpose of promoting the growth and liquidity of the Corporation, developing a broad financial base of dues-paying members, and assuring participation on a continuing basis of persons experienced in the trading and clearing of contracts for future purchase or delivery on a central marketplace, every present and future member of said Board of Trade who applies for membership in the Corporation and who otherwise qualifies shall, so long as he remains a member of said Board of Trade, be entitled to be a member of the Corporation notwithstanding any such limitation on the number of members and without the necessity of acquiring such membership for consideration or value from the Corporation, its members or elsewhere. Members of the Corporation admitted pursuant to this paragraph (b) shall, as a condition of membership in the Corporation, be subject to fees, dues, assessments and other like charges, and shall otherwise be vested with all rights and privileges and subject to all obligations of membership, as provided in the by-laws. No amendment may be made with respect to this paragraph (b) of Article Fifth without the prior approval of not less than 80% of (i) the members of the Corporation admitted pursuant to this paragraph (b) and (ii) the members of the Corporation admitted other than pursuant to this paragraph (b), each such category of members voting as a separate class; provided, however, that any amendment to this paragraph (b) which is required under a final order of any court or regulatory agency having jurisdiction in the matter may be made in accordance with the provisions of Article Twelfth covering amendments to this Certificate of Incorporation generally, without regard to the above provisions concerning such 80% vote by classes.

WHEREAS, the parties, in their own capacity and on behalf of their respective members, dispute the meaning of certain terms as used in Article Fifth(b) and the nature and scope of the entitlement referred to therein of a CBOT member to be a CBOE member (the "Exercise Right"); and

WHEREAS, the parties, in their own capacity and on behalf of their respective members, wish to resolve this dispute to their mutual benefit, including to avoid the costs, delays, and uncertainties of legal proceedings;

NOW, THEREFORE, in consideration of the foregoing and the mutual promises and agreements contained herein (but subject to paragraph 4(a) below), the parties, in their own capacity and on behalf of their respective members, agree as follows:

1. DEFINITIONS.

For the purposes of this Agreement, the following definitions apply:

(a) "Eligible CBOT Full Member" means an individual who at the time is the holder of one of the One Thousand Four Hundred Two (1,402) existing CBOT full memberships ("CBOT Full Memberships") and who is in possession of all trading rights and privileges appurtenant to such CBOT Full Membership. In the event a CBOT Full Membership is registered for a partnership, corporation or other entity, only the individual who is the holder of such CBOT Full Membership and who is in possession of all trading rights and privileges appurtenant to such CBOT Full Membership shall be deemed to be an "Eligible CBOT Full Member."

(b) "Eligible CBOT Full Member Delegate" means the individual to whom a CBOT Full Membership is delegated (leased) and who is in possession of all trading rights and privileges appurtenant to such CBOT Full Membership.

(c) "Trading rights and privileges appurtenant to such CBOT Full Membership" means (1) the rights and privileges of a CBOT Full Membership which entitle a holder or delegate to trade as principal and broker for others in all contracts traded on the CBOT, whether by open outcry, by electronic means, or otherwise, during any segment of a trading day when trading is authorized; and (2) every trading right or privilege granted, assigned or issued by CBOT after the effective date of this Agreement to holders of CBOT Full Memberships, as a class, but excluding any right or privilege which is the subject of an option granted, assigned or issued by CBOT to a CBOT Full Member and which is not exercised by such CBOT Full Member.

(d) "Exerciser Member" means an Eligible CBOT Full Member or Eligible CBOT Full Member Delegate who has exercised the Exercise Right to become and has become a CBOE Regular Member pursuant to Article Fifth(b).

(e) "CBOE Regular Member" or "CBOE Regular Membership" shall mean any CBOE regular member or membership (including an Exerciser Member or membership) entitled to all trading rights and privileges appurtenant to a CBOE membership in accordance with Section 2.1(b) of the CBOE Constitution. There are Nine Hundred Thirty-One (931) CBOE Regular Members, excluding Exerciser Members.

2. THE CBOT'S AGREEMENTS.

(a) The CBOT agrees, in its own capacity and on behalf of its members, that only an individual who is an Eligible CBOT Full Member or an Eligible CBOT Full Member Delegate is a member of the CBOT within the meaning of Article Fifth(b) eligible to have an Exercise Right and to be an Exerciser Member.

(b) The CBOT agrees, in its own capacity and on behalf of its members, that in the event the CBOT splits or otherwise divides CBOT Full Memberships into two or more parts, all such parts, and the trading rights and privileges appurtenant thereto, shall be deemed to be part of the trading rights and privileges appurtenant to such CBOT Full Memberships and must be in the possession of an individual as either an Eligible CBOT Full Member or an Eligible CBOT Full Member Delegate in order for that individual to be eligible to be an Exerciser Member.

(c) The CBOT agrees, in its own capacity and on behalf of its members, that, for the purpose of this Agreement and any rule, regulation or by-law adopted pursuant to or to implement this Agreement, and for the purpose of interpreting the meaning of Article Fifth(b), only the One Thousand Four Hundred Two (1,402) existing CBOT Full Memberships shall be deemed to be CBOT Full Memberships entitled to Exercise Rights under Article Fifth(b) and that any additional membership or memberships created by the CBOT, whether categorized by the CBOT as a full membership or as having the same trading rights and privileges as a CBOT Full Membership, shall be specifically excluded from entitlement to Article Fifth(b) Exercise Rights.

(d) Subject to Paragraph 4(a) below, the CBOT agrees to amend its rules and regulations in the form and manner set forth in Exhibit A hereto (the "CBOT Rule Change").

(e) The CBOT agrees that it will maintain an effective record of (i) every trading right and privilege which may hereafter be granted, assigned or issued in respect of each CBOT Full Membership and (ii) every delegation or lease of any CBOT Full Membership (or of any trading right or privilege appurtenant thereto). The CBOT agrees to make such records available to the CBOE promptly upon reasonable request therefor by the CBOE.

3. THE CBOE'S AGREEMENTS.

(a) The CBOE acknowledges and agrees, in its own capacity and on behalf of its members, that all Exerciser Members, including Exerciser Members who are Eligible CBOT Full Member Delegates, have the same rights and privileges of CBOE regular membership as other CBOE Regular Members, including the rights and privileges with respect to the trading of all CBOE products, except that Exerciser Members shall not have the right to transfer (whether by sale, lease, gift, bequest or otherwise) their CBOE regular memberships or any of the trading rights and privileges appurtenant thereto. Notwithstanding the foregoing, all Exerciser Members shall have the right to purchase or to participate in the offer or distribution of any optional or additional CBOE membership or any transferable or nontransferable trading right or privilege offered or distributed by the CBOE after the effective date of this Agreement to other CBOE Regular Members, as a class, on the same terms and conditions as other CBOE Regular Members, and any such additional membership, trading right or privilege so acquired by an Exerciser Member shall be separately transferable by such Exerciser Member on the same basis as the same may be separately transferable by other CBOE Regular Members. In the event the CBOE makes a cash or property distribution, whether in dissolution, redemption or otherwise, to other CBOE Regular Members as a class, which has the effect of diluting the value of a CBOE Membership, including that of a CBOE membership under Article Fifth(b), such distribution shall be made on the same terms and conditions to Exerciser Members.

(b) The CBOE agrees to establish a reasonable record date for any offer, distribution or redemption subject to Paragraph 3(a) above in order to give Eligible CBOT Full Members and Eligible CBOT Full Member Delegates a reasonable opportunity to become Exerciser Members and to participate in such offer, distribution or redemption. The CBOE

agrees to notify the CBOT no less than ninety (90) days prior to every offer, distribution or redemption subject to Paragraph 3(a) above and of the record date established therefor unless impracticable in the circumstances, in which event the CBOE agrees to notify the CBOT no less than (30) days prior to every offer, distribution or redemption subject to Paragraph 3(a) above. In order to permit Eligible CBOT Full Members and Eligible CBOT Full Member Delegates to participate in an offer, distribution or redemption of the kind referred to in the last two sentences of Paragraph 3(a) above, and solely for such purpose, CBOE further agrees to waive all membership dues, fees and other charges and all qualification requirements, other than those that may be imposed by law, that may be applicable to the application for membership on CBOE of each Eligible CBOT Full Member and Eligible CBOT Full Member Delegate who wishes to exercise the Exercise Right during the period commencing on the date CBOE gives notice to CBOT pursuant to this Paragraph 3(b) and ending on the date such individual participates in such offer, distribution or redemption (as the case may be); provided, however, that (i) no Exerciser Member for whom dues, fees and other charges and qualification requirements are waived in accordance with the foregoing shall have any rights as a CBOE member other than to participate in such offer, distribution or redemption, and (ii) the CBOE membership of each such Exerciser Member shall terminate immediately following the time such individual participates in such offer, distribution or redemption.

(c) The CBOE agrees, in its own capacity and on behalf of its members, that any Eligible CBOT Full Member or Eligible CBOT Full Member Delegate is entitled to become an Exerciser member pursuant to Article Fifth(b), provided such individual qualifies to be a CBOE Regular Member in accordance with the rules of the CBOE applicable generally to CBOE Regular Membership.

(d) The CBOE agrees, in its own capacity and on behalf of its members, that in the event the CBOT merges or consolidates with or is acquired by or acquires another entity ("entity") and (i) the survivor of such merger, consolidation or acquisition ("survivor" is an exchange which provides or maintains a market in commodity futures contracts or options, securities, or other financial instruments, and (ii) the 1,402 holders of CBOT Full Memberships are granted in such merger, consolidation or acquisition membership in the survivor ("Survivor Membership"), and (iii) such Survivor Membership entitles the holder thereof to have full trading rights and privileges in all products then or thereafter traded on the survivor (except that such trading rights and privileges need not include products that, at the time of such merger, consolidation or acquisition, are traded or listed,

designated or otherwise authorized for trading on the other entity but not on the CBOT), then the Exercise Right of Article Fifth(b) shall continue to apply and this Agreement shall continue in force and effect (with the words "CBOT Full Membership" being interpreted to mean "Survivor Membership"). Article Fifth(b) shall not apply to any other merger or consolidation of CBOT with, or acquisition of CBOT by, another entity.

(e) The CBOE agrees that a significant purpose of the Agreement is to ensure that CBOE will not make any offer, distribution or redemption to CBOE Regular Members as a class which would have the effect of diluting the rights under Article Fifth(b) of Eligible CBOT Full Members and Eligible CBOT Full Member Delegates. It is the intention of the parties that Paragraphs 3(a) and 3(b) above are the agreed and sole means of ensuring that Eligible CBOT Full Members and Eligible CBOT Full Member Delegates will have the ability to participate in every offer, distribution or redemption which would have the effect of diluting the value of CBOE regular memberships, including CBOE memberships under Article Fifth(b).

(f) Subject to Paragraph 4(a) below, the CBOE agrees to amend its Rule 3.16(c) in the form and manner set forth in Exhibit B hereto (the "CBOE Rule Change"), including rescinding and withdrawing its currently proposed Rule 3.16(c) from consideration by the Securities and Exchange Commission.

4. SPECIAL PROVISIONS.

(a) CBOT represents that the CBOT Rule Change requires the approval of both the CBOT membership and the Commodity Futures Trading Commission in order to become effective. CBOE represents that this Agreement and the CBOE Rule Change require the approval of both the CBOE membership and the Securities and Exchange Commission in order to become effective. The parties agree to work in good faith to obtain all such approvals as expeditiously as possible. Should any required approval not be obtained, however, then this Agreement shall be null and void, as if never executed, and neither party shall be deemed to be in any way bound by any term or provision, including any agreement or acknowledgment, of this Agreement.

(b) From and after the Effective Date and so long as this Agreement remains in force and effect, the CBOT Rule Change shall not be amended or modified in any way by the CBOT without the written consent of the CBOE, and the CBOE Rule Change shall not be amended or modified in

any way by the CBOE without the written consent of the CBOT, which consent in either case shall not be unreasonably withheld.

(c) The CBOT agrees to enforce the CBOT Rule Change after the same has been approved and has become effective as set forth in Paragraph 4(a) hereof, and the CBOE agrees to enforce the CBOE Rule Change after the same has been approved and has become effective as set forth in Paragraph 4(a) hereof. In the event that the validity of any provision of this Agreement or any rule, regulation or bylaw adopted pursuant to this Agreement shall be challenged by any person, the parties mutually agree that they will jointly defend the validity of such challenged provision or rule, regulation or bylaw.

(d) The parties mutually agree that it is appropriate, and within the meaning and spirit of Article Fifth(b), for the CBOE to interpret Article Fifth(b) in accordance with the provisions of this Agreement.

5. TERMINATION.

This Agreement shall become effective on the Effective Date, subject to Paragraph 4(a) above, and shall remain in full force and effect thereafter unless and until terminated in accordance with this Paragraph. Either party may terminate this Agreement for cause, and only for cause, by giving the other party fifteen (15) days written notice of the termination and the cause therefore; provided, however, that if the other party remedies the cause for termination to the reasonable satisfaction of the notifying party during such fifteen (15) day period, this Agreement shall not be terminated and shall remain in full force and effect. Cause shall include only (i) a material breach of this Agreement; or (ii) in the event this Agreement, or any part of it, or any rule, regulation or bylaw adopted pursuant to and to implement this Agreement, is set aside by order of a court or regulatory agency of competent jurisdiction.

6. MISCELLANEOUS.

(a) This Agreement constitutes the entire understanding of the parties. No waiver, alteration or modification of any of the provisions hereof shall be binding unless in writing and signed by a duly authorized representative of each party.

(b) Except to the extent that this Agreement or any rule adopted pursuant to this Agreement is governed by any law of the United States or of a rule or regulation adopted by a regulatory agency pursuant to any such

law, this Agreement shall be governed by and construed in accordance with the laws of the State of Illinois.

(c) The parties mutually agree that either party to this Agreement may bring suit (on its own behalf or on behalf of its members, or both) to enforce the terms of this Agreement and to recover damages for any breach of this Agreement.

EXHIBIT A

CHICAGO BOARD OF TRADE-RULE AMENDMENTS

210.00 Full Member CBOE "Exercise" Privilege. In accordance with the Agreement entered into on , 1992 (the "Agreement") between the Exchange and the Chicago Board Options Exchange ("CBOE"), Eligible CBOT Full Members who maintain all appurtenant trading rights and privileges of a full membership, including any new trading rights or privileges granted, assigned or issued to a CBOT full membership to the extent such right or privilege is deemed under the provisions of such Agreement to be appurtenant to a CBOT Full Membership, are eligible to become regular members of the CBOE pursuant to Article Fifth(b) of CBOE's Certificate of Incorporation. A CBOT Full Member may delegate all of his trading rights and privileges of full membership to an individual who will then be eligible to become a regular CBOE member pursuant to Article Fifth(b) of CBOE's Certificate of Incorporation; provided, however, if a CBOT Full Member delegates some, but not all, of the appurtenant trading rights and privileges of full membership, then neither the member nor the delegate will be eligible to be a CBOE regular member pursuant to Article Fifth(b). No person who is not either an Eligible CBOT Full Member or an Eligible CBOT Full Member Delegate (See Rule 221.00(g)(ii)) shall knowingly apply to become, or knowingly remain, a regular member of CBOE pursuant to Article Fifth(b) of CBOE's Certificate of Incorporation.

For purposes of the Agreement entered into on , 1992 between the Exchange and the CBOE, an Eligible CBOT Full Member means an individual who at the time is the holder of one of the One Thousand Four Hundred Two (1,402) CBOT full memberships ("CBOT Full Memberships") existing on the date of the Agreement and who is in possession of all trading rights and privileges appurtenant to such CBOT Full Membership. In the event a CBOT Full Membership is registered for a partnership, corporation or other entity, only the individual who is the holder of such CBOT Full Membership and who is in possession of all trading rights and privileges appurtenant to such CBOT Full Membership shall be deemed to be an "Eligible CBOT Full Member." "Trading rights and privileges appurtenant to such CBOT Full Membership" means (1) the rights and privileges of a CBOT Full Membership which entitle a holder or delegate to trade as principal and broker for others in all contracts traded on the CBOT, whether by open outcry, by electronic means, or otherwise, during any segment of a trading day when trading is authorized; and (2) every trading right or privilege granted, assigned or issued by CBOT after the effective date of this Agreement to holders of CBOT Full Memberships, as a class, but excluding any right or privilege which is the subject of granted, assigned or issued by CBOT to a CBOT Full Member and which is an option not exercised by such CBOT Full Member.

221.00 Delegation - An individual member may delegate the rights and privileges of Full and/or Associate Memberships to an individual (a "delegate") upon the following terms and conditions:

* * * * *

(g)(i) In accordance with the Agreement entered into on , 1992 ("the Agreement") between the Exchange and the Chicago Board Options Exchange ("CBOE"), only an individual who is an "Eligible CBOT Full Member" or an "Eligible CBOT Full Member Delegate", as those terms are defined in the Agreement, is a "member" of the Exchange within the meaning of paragraph (b) of Article Fifth of CBOE's Certificate of Incorporation ("Article Fifth(b)") and only such individuals are eligible to become and to remain regular members of the CBOE pursuant to Article Fifth(b). No person who is not either an Eligible CBOT Full Member or an Eligible CBOT Full Member Delegate shall knowingly apply to become, or knowingly remain, a regular member of CBOE pursuant to Article Fifth(b) of CBOE's Certificate of Incorporation.

(g)(ii) For purposes of the "Agreement" referenced in Rule 221.00(g)(i), an "Eligible CBOT Full Member Delegate" means the individual to whom a CBOT Full Membership is delegated (leased) and who is in possession of all trading rights and privileges appurtenant to such CBOT Full Membership. "Trading rights and privileges appurtenant to such CBOT Full Membership" means (1) the rights and privileges of a CBOT Full Membership which entitle a holder or delegate to trade as principal and broker for others in all contracts traded on the CBOT, whether by open outcry, by electronic means, or otherwise, during any segment of a trading day when trading is authorized; and (2) every trading right or privilege granted, assigned or issued by CBOT after the effective date of this Agreement to holders of CBOT Full Memberships, as a class, but excluding any right or privilege which is the subject of an option granted, assigned or issued by CBOT to a CBOT Full Member and which is not exercised by such CBOT Full Member.

EXHIBIT B

CHICAGO BOARD OPTIONS EXCHANGE, INC.-RULE AMENDMENT

Rule 3.16(c) of the Chicago Board Options Exchange, Inc. shall be amended to be and read as follows:

Deletions [bracketed].

[Rule 3.16(c) Board of Trade Exercisers. For the purpose of continued entitlement to membership on the Exchange in accordance with Section 2.1(b) of the Constitution and Paragraph (b) of Article Fifth of the Certificate of Incorporation of the Exchange, the term "member of the Board of Trade of the City of Chicago" (the "Board") is interpreted to mean a single individual or organization in possession of a full Board membership as described below. Such membership shall consist of all the trading rights and privileges afforded to Board memberships as in existence on February 4, 1972 (the date the Exchange's Certificate of Incorporation was adopted) except for such rights and privileges which the Exchange may exclude. Where the member is an organization, one individual must possess all of a full membership's trading rights and privileges on the Board. If any part not excluded by the Exchange (but less than all) of a full membership's trading rights and privileges on the Board is sold, leased, licensed, delegated or in any other fashion transferred, then neither the transferor or the transferee of such rights and privileges shall be deemed to be a "member of the Board" entitled to Exchange membership. If a full membership's trading rights and privileges, as they existed on February 4, 1972, should be split into two or more sets of rights or privileges or be segmented or separated in any other manner, then, in order for an individual or organization to be deemed to be in possession of all the pertinent and regular trading rights and privileges afforded such full membership, such individual or organization must be in possession of, and have pertinent and regular trading rights and privileges with respect to all of the split, segmented or separated parts of such original membership except for those excluded by the Exchange.]

Rule 3.16(c). Board of Trade Exercisers. For the purpose of entitlement to membership on the Exchange in accordance with Paragraph (b) of Article Fifth of the Certificate of Incorporation of the Exchange ("Article Fifth(b)") the term "member of the Board of Trade of the City of Chicago" (the "CBOT"), as used in Article Fifth(b), is interpreted to mean an individual who is either an "Eligible CBOT Full Member" or an "Eligible CBOT Full Member Delegate," as those terms are defined in the Agreement entered into on , 1992, (the "Agreement") between the CBOT and the Exchange, and shall not mean any other person. In order to permit Eligible CBOT Full Members and Eligible CBOT Full Member Delegates to participate in an offer, distribution or redemption of the kind referred to in the last two sentences of Paragraph 3(a) of the Agreement, and solely for such purpose, CBOE agrees to waive all membership dues, fees and

other charges and all qualification requirements, other than those that may be imposed by law, that may be applicable to the application for membership on CBOE of each Eligible CBOT Full Member and Eligible CBOT Full Member Delegate who wishes to exercise the Exercise Right during the period commencing on the date CBOE gives notice to CBOT pursuant to Paragraph 3(b) of the Agreement and ending on the date such individual participates in such offer, distribution or redemption (as the case may be); provided, however, that (i) no Exerciser Member (as defined in the Agreement) for whom dues, fees and other charges and qualification requirements are waived in accordance with the foregoing shall have any rights as a CBOE member other than to participate in such offer, distribution or redemption, and (ii) the CBOE membership of each such Exerciser Member shall terminate immediately following the time such individual participates in such offer, distribution or redemption.

FOURTH AMENDMENT TO
LICENSE AGREEMENT DATED
June 5, 1997

This Fourth Amendment, dated as of December 19, 2001, to the License Agreement dated June 5, 1997 made by and between Dow Jones & Company, Inc. ("Dow Jones"), having an office at 200 Liberty Street, New York, New York 10281, the Board of Trade of the City of Chicago ("CBOT"), having an office at 141 West Jackson Boulevard, Chicago, Illinois 60604, as previously amended by an Amendment to the License Agreement dated as of September 9, 1997 (the "First Amendment") and a Second Amendment to the License Agreement dated as of February 18, 1998 ("Second Amendment") and a Third Amendment to the License Agreement dated as of May 1998 (the "Third Amendment") (the "License Agreement").

WHEREAS, the parties would like to amend certain terms and conditions of the License Agreement as set forth below;

NOW, THEREFORE, in consideration of the premises and the mutual covenants and agreements contained herein and in the License Agreement, it is agreed as follows:

1. Section 2 of the License Agreement shall be deleted in its entirety and replaced with the following new Section 2:

"2. Term

The term of this Agreement shall commence as of the Effective Date and shall remain in full force and effect until the close of business on October 4, 2002, unless this Agreement is terminated earlier as provided herein (such term being referred to herein as the "Initial Term"). Upon the expiration of the Initial Term (other than by reason of termination of this Agreement as provided herein), this Agreement shall be renewed for an additional term, which shall expire on December 31, 2007, unless this Agreement is terminated earlier as provided herein (the "Renewal Term").

2. Effective with the commencement of the Renewal Term, Schedule C to the License Agreement shall be deleted in its entirety and replaced with the Replacement Schedule C attached to this Amendment.

3. Section 5(e) of the License Agreement shall be deleted in its entirety.

4. Section 1(c) of the License Agreement shall be amended by deleting the first sentence thereof.

5. Section 1(d) of the License Agreement shall be amended by deleting the reference to "60 days" and replacing it with "30 days".

6. Section 1(e) of the License Agreement shall be amended by deleting the reference to "60 days" and replacing it with "30 days".

7. Notwithstanding anything to the contrary in the License Agreement, during the Renewal Term, a "Year" shall mean a calendar year commencing on January 1.

8. Except as otherwise expressly set forth herein, all provisions of the License Agreement shall remain in full force and effect. Except as otherwise specified herein, all capitalized terms used in this Amendment shall have the meaning ascribed to them in the License Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to the License Agreement to be executed as of the date first set forth above.

DOW JONES & COMPANY, INC.

_____

Name: David J. Vitale
Title: President and Chief Executive Officer
Date: December 19, 2001

REPLACEMENT SCHEDULE C
LICENSE FEES

Licensee shall pay license fees in accordance with the following:

During each Year of the Renewal Term, commencing on January 1, 2003, Licensee shall pay to Dow Jones a flat annual minimum payment of [**], payable in equal quarterly payments of [**] (each, a "Quarterly Minimum Payment"). Each Quarterly Minimum Payment shall be payable quarterly in advance. Prior to the commencement of the Renewal Term, Licensee shall make a prorated payment of the Quarterly Minimum Payment in the amount of [**] (the "Prorated Payment") for the period commencing on the first day of the Renewal Term and ending on December 31, 2002 (the "Prorated Period").

In addition, in each Year, the Licensee will pay to Dow Jones, or the Dow Jones affiliate designated by Dow Jones, a fee (the "Per Transaction Fee") equal to [**].

Within 10 days after the end of each calendar quarter after the beginning of the Renewal Term, the Licensee will provide to Dow Jones a written report of the trading volume for each Product for such quarter or, in the case of the Prorated Period, portion of a quarter (each, a "Quarterly Report"), together with a calculation of the amount of the Per Transaction Fees for such quarter. At such time(s) during any Year that the cumulative Per Transaction Fees exceed the Quarterly Minimum Payments paid thus far in respect of such Year, the Licensee will make payment of such excess amount at the time it provides the Quarterly Report for such quarter.

For the avoidance of doubt, Licensee will pay to Dow Jones or to the Dow Jones affiliate designated by Dow Jones, a Per Transaction Fee for the Prorated Period equal to [**].

All amounts will be paid in cash and will be non-refundable.

The terms hereof shall be deemed "Confidential Information" for purposes of Section 7(c) of this Agreement.

Exhibit 10.29

LINE OF CREDIT AGREEMENT

BY AND BETWEEN

BOARD OF TRADE OF THE CITY OF CHICAGO, INC.

AND

LASALLE BANK NATIONAL ASSOCIATION

January 15, 2002

TABLE OF CONTENTS

LIST OF EXHIBITS

LINE OF CREDIT AGREEMENT

This Line of Credit Agreement (this "Agreement"), dated as of January 15, 2002, by and between the BOARD OF TRADE OF THE CITY OF CHICAGO, INC., a Delaware not-for-profit corporation (the "Borrower"), and LASALLE BANK NATIONAL ASSOCIATION, a national banking association (the "Bank") is subject to the following terms and conditions:

1. Definitions. For the purposes of this Agreement, the following capitalized words and phrases shall have the meanings set forth below

"Banking Day" means any Business Day on which dealings in Dollars are carried on in the London interbank market.

"Borrowing Representative" means each authorized officer of the Borrower authorized to make borrowings hereunder pursuant to the Borrower's resolutions, as such resolutions may be amended by the Borrower from time to time.

"Business Day" means any day on which commercial banks are open for business in Chicago, Illinois.

"Capital Lease" means a lease of any interest in any kind of property or asset, whether real, personal or mixed, or tangible or intangible, by such Person as lessee that is, or is required to be recorded as a "capital lease" on the balance sheet of the Borrower prepared in accordance with GAAP.

"Ceres" means Ceres Trading L.P., a Delaware limited partnership.

"Ceres Interest Repurchase" means the repurchase of outstanding limited partnership interests of various limited partners in Ceres.

"Contingent Liability" means each obligation and liability of the Borrower and all such obligations and liabilities of the Borrower incurred pursuant to any agreement, undertaking or arrangement by which the Borrower; (a) guarantees, endorses or otherwise becomes or is contingently liable upon the indebtedness, dividend, obligation or other liability of any other Person in any manner (other than by endorsement of instruments in the course of collection), including without limitation, any indebtedness, dividend or other obligation which may be issued or incurred at some future time; (b) guarantees the payment of dividends or other distributions upon the shares or ownership interest of any other Person; (c) undertakes or agrees (whether contingently or otherwise): (i) to purchase, repurchase, or otherwise acquire any indebtedness, obligation or liability of any other Person or any property or assets constituting security therefor, (ii) to advance or provide funds for the payment or discharge of any indebtedness, obligation or liability of any other Person (whether in the form of loans, advances, stock purchases, capital contributions or otherwise), or to maintain solvency, assets, level of income, working capital or other financial condition of any other Person, or (iii) to make payment to any

other Person other than for value received; (d) agrees to lease property or to purchase securities, property or services from such other Person with the purpose or intent of assuring the owner of such indebtedness or obligation of the ability of such other Person to make payment of the indebtedness or obligation; (e) agrees to induce the issuance of, or in connection with the issuance of, any letter of credit for the benefit of such other Person; or (f) undertakes or agrees otherwise to assure a creditor of any other Person against loss.

"Dollar(s)" and the sign "$" mean lawful money of the United States of America

"EBITDA" means, for any period, Net Income for such period, plus, to the extent deducted in determining Net Income, interest expense, federal and state income taxes, depreciation and amortization for such period.

"Event of Default" means any of the events described in Section 9.

"Financials" means those financial statements referred to in Sections 6.6 and 7.1(a).

"Fixed Charge Coverage Ratio" means, as of the end of each fiscal quarter using fiscal year-to-date results on an annualized basis, the ratio of (a) EBITDA to (b) all required payments of principal and interest on Funded Debt.

"FRB" means the Board of Governors of the Federal Reserve System.

"Funded Debt" means all Indebtedness for borrowed money of such Person which by the terms of the agreement governing, or instrument evidencing such Indebtedness matures more than one year from, or is directly or indirectly renewable or extendible at the option of the debtor under a revolving credit or similar agreement obligating the lender thereof to extend credit over a period of more than one year from the date of creation thereof, including current maturities of long-term debt, revolving credit and short-term debt extendible beyond one year at the option of the debtor.

"Funded Debt to Total Capitalization" means, as at the end of each fiscal quarter using fiscal year-to-date results on an annualized basis, the ratio of (a) Funded Debt to (b) Total Capitalization.

"Indebtedness" means, at any time, without duplication, (a) all Liabilities of the Borrower, (b) all Capital Lease obligations of the Borrower, (c) all other debt, secured or unsecured, created, issued, incurred or assumed by the Borrower for money borrowed or for the deferred purchase price of any fixed or capital asset, (d) indebtedness secured by any Lien existing on property owned by the Borrower whether or not the indebtedness secured thereby has been assumed (but only to the extent of such Lien), and (e) all Contingent Liabilities of the Borrower whether or not reflected on its balance sheet.

"Interest Period" means the period with respect to any LIBOR Rate Loan beginning with the Borrowing Date of such Loan and ending with its Stated Maturity

"Liabilities" means at all times all liabilities of the Borrower that would be shown as such on a balance sheet of the Borrower prepared in accordance with GAAP.

"LIBOR" means a rate of interest equal to the per annum rate of interest at which United States dollar deposits in an amount comparable to the amount of the relevant LIBOR Loan and for a period equal to the relevant Interest Period are offered generally to the Bank (rounded upward if necessary, to the nearest 1/16 of 1.00%) in the London Interbank Eurodollar market at 11:00 a.m. (London time) two Business Days prior to the commencement of each Interest Period less the maximum reserve percentages for determining reserves to be maintained by member banks of the Federal Reserve System for Eurocurrency liabilities, or as LIBOR is otherwise determined by the Bank in its sole and absolute discretion, such rate to remain fixed for such Interest Period. The Bank's determination of LIBOR shall be conclusive, absent manifest error

"LIBOR Rate" shall mean a per annum rate of interest equal to LIBOR for the relevant Interest Period plus 2.75%, which LIBOR Rate shall remain fixed during such Interest Period.

"LIBOR Rate Loan" or "LIBOR Rate Loans" mean that portion, and collectively those portions, of the aggregate outstanding principal balance of the Loans that will bear interest at the LIBOR Rate, of which at any time and from time to time, the Borrower may identify no more than five (5) advances of the Loans which will bear interest at the LIBOR Rate, of which each particular LIBOR Loan must be in the amount of ($1,000,000.00) or a higher integral multiple of ($500,000.00).

"Members' Equity" means the amount shown opposite the caption "Members' Equity" or a similar caption as reflected on the Borrower's Financials, prepared in accordance with GAAP.

"Net Income" means, with respect to any period, the amount shown opposite the caption "Net Income" or a similar caption as reflected on the Financials of the Borrower, prepared in accordance with GAAP.

"Person" means any corporation, natural person, firm, joint venture, partnership, trust, unincorporated organization, enterprise, government or any department or agency of any government.

"Potential Default" means any event that, if it continues uncured, will, with lapse of time or notice or both, constitute an Event of Default.

"Prime Rate" means the floating per annum rate of interest which, at any time and from time to time, shall be most recently announced by the Bank as its Prime Rate, which is not intended to be the Bank's lowest or most favorable rate of interest at any one time. The effective date of any change in the Prime Rate shall for purposes hereof be the date such rate is changed by the Bank. The Bank shall not be obligated to give notice of any change in the Prime Rate.

"Regulation U" means Regulation U of the FRB, as in effect from time to time.

"Total Capitalization" means, on a consolidated basis, the sum of the total amount of (a) long term debt, including the Borrower's private placement debt, revolving loans, and equipment loans plus (b) Members' Equity.

2. Line of Credit Commitment; Borrowing Procedures and Conditions.

2.1 Line of Credit Commitment. On and subject to the terms of this Agreement, the Bank agrees to make loans to the Borrower from time to time, (the availability of such Loans hereunder called the "Line of Credit") in such amounts (the "Loans") as the Borrower may from time to time request, but not exceeding the amount of $20,000,000 in the aggregate at any one time outstanding (as reduced from time to time in accordance with Section 5 hereof; the "Line of Credit Commitment"). The Borrower may borrow, prepay, repay, and reborrow from the Bank to, but not including, January 15, 2003 (the "Termination Date"), unless sooner notified of the termination of the Line of Credit pursuant to Section 9.2 hereof.

2.2 Prime Loans and LIBOR Rate Loans. Each Loan shall be either a Prime Loan or, if the Borrower shall so request in its notice of borrowing pursuant to Section 2.3, a LIBOR Rate Loan, it being understood that Prime Loans and LIBOR Rate Loans may both be outstanding at the same time, provided that no more than five (5) separate LIBOR Rate Loans shall be outstanding at any one time. The terms "Prime Loan" and "LIBOR Rate Loan" shall refer to Loans having the maturities, interest rates and other provisions assigned hereunder to Loans so designated. The Bank may, if it so elects, make any LIBOR Rate Loan by causing a foreign branch, foreign subsidiary, or foreign affiliate of the Bank (its "LIBOR Rate Office") to make such Loan; provided, that in such event, such Loan shall be deemed to have been made by the Bank, and the obligation of the Borrower to repay such Loan shall nevertheless be to the Bank and shall be deemed held by it, to the extent of such Loan, for the account of its LIBOR Rate Office. Each Prime Loan shall be in a principal amount that is an integral multiple of $500,000.

2.3 Borrowing Procedures. The Borrower shall give the Bank telephonic notice of each requested Loan not later than 11:00 a.m., Chicago time, on the date on which any Prime Loan is to be made, which date shall be a Business Day, and no later than 11:00 a.m., Chicago time, at least three (3) Banking Days before the date on which any LIBOR Rate Loan is to be made, which date shall be a Business Day (each date of borrowing a "Borrowing Date"), stating the date and amount thereof, whether a LIBOR Rate Loan is requested, and the date when each LIBOR Rate Loan shall mature, as the Borrower may select pursuant to Section 2.4. Each such notice of a requested Loan shall be given by one of the Borrower's Borrowing Representatives. The Bank shall disburse the proceeds of each Loan in accordance with Borrower's written instructions. Notwithstanding any other provision of this Agreement, no Loan shall be required to be made hereunder if the conditions precedent to the making of such Loan specified in Section 8 have not been satisfied.

2.4 Stated Maturity of LIBOR Rate Loans. In its notice of each proposed LIBOR Rate Loan the Borrower shall select such date not to exceed one, two, three or six months after the date of such LIBOR Rate Loan, but no later than the Termination Date, when such LIBOR Rate Loan shall mature (its "Stated Maturity"); provided that in the absence of such selection the Borrower shall be deemed to have selected the date one (1) month after the date of such LIBOR Rate Loan. Such Stated Maturity shall be the day in the appropriate subsequent month numerically corresponding to the Borrowing Date of such LIBOR Rate Loan or, if there is no such day in such month or if the Borrowing Date is the last day of its corresponding month, the last day of such subsequent month; provided that if any such Stated Maturity would otherwise fall on a day which is not a Banking Day, said Stated Maturity shall be the next succeeding Banking Day (unless such succeeding Banking Day is the first Banking Day in a calendar month, in which case such Stated Maturity shall be the next preceding Banking Day).

2.5 Illegality of Making LIBOR Rate Loans. Anything herein to the contrary notwithstanding, in the event that any change in (including the introduction of any new) applicable law, rule or regulation or in the interpretation or application thereof shall make it unlawful for the Bank to honor a request by the Borrower for a LIBOR Rate Loan, the Bank shall promptly notify the Borrower. If circumstances thereafter change so that it is no longer unlawful for the Bank to make LIBOR Rate Loans, the Bank shall promptly notify the Borrower.

3. Note Evidencing Loans. The Loans shall be evidenced by a promissory note (the "Note"), substantially in the form set forth in Exhibit A attached hereto, with appropriate insertions, dated the Initial Borrowing Date, payable to the order of the Bank on the Termination Date in the original Line of Credit Commitment or in the unpaid principal amount of all of its Loans, whichever is less. Notwithstanding the principal amount of the Note as stated on the face thereof, the actual principal amount owing from the Borrower to the Bank or other holder of the Note thereunder, as of any date of computation, shall be the sum of all Loans then and theretofore made less all payments of principal actually received by the Bank in collected funds during the same period. The Bank shall maintain a master record of all Loans to and payments by the Borrower hereunder and under the Note, and the aggregate unpaid principal amount shown in such master record shall be rebuttable presumptive evidence of the principal amount owing and unpaid on the Note. The failure to record any such amount in such master record shall not, however, limit or otherwise affect the obligations of the Borrower hereunder or under the Note to repay the principal amount of the Loans, together with all interest accruing thereon. In the event of any conflict, absent demonstrable error, the Bank's master record shall be deemed controlling. The Note shall provide for the payment of interest and principal as provided in Sections 4 and 5.

4. Interest and Other Costs of Borrowing.

4.1 Interest. The Borrower promises to pay interest on the unpaid amount of each Loan for the period commencing on the date of such Loan until such Loan is paid in full as follows:

(a) at all times while such Loan is a Prime Loan, at a rate per annum equal to the Prime Rate from time to time in effect; and

(b) at all times while such Loan is a LIBOR Rate Loan, at a rate per annum equal to the LIBOR Rate from time to time in effect;

provided, that, at the Bank's election, at any time that an Event of Default exists, the interest rate applicable to each Loan shall be increased by 2%.

4.2 Rate Determination Conclusive. The applicable LIBOR Rate for each Interest Period shall be determined by the Bank, and notice thereof shall be given by the Bank promptly to the Borrower. Each determination of the LIBOR Rate by the Bank shall be conclusive and binding upon the parties hereto, in the absence of manifest error. The Bank shall, upon written request of the Borrower, deliver to the Borrower a statement showing the computation used by the Bank in determining the applicable LIBOR Rate hereunder.

4.3 Taxes and Additional Costs.

(a) Taxes. The Bank shall receive all payments under this Agreement and under the Note (including, without limitation, payments of interest and principal) free and clear of any and all present and future taxes, levies, imposts, duties, deductions, withholdings, fees, liabilities and similar charges imposed on or with respect to such payments, this Agreement or the Note ("Taxes") other than Bank Income Taxes. If any Taxes are required to be withheld or deducted from any amount payable under this Agreement or the Note (other than Bank Income Taxes), then the amount payable under this Agreement or the Note will be increased to the amount which, after deduction from such increased amount of all Taxes required to be withheld or deducted therefrom will yield to the Bank the amount stated to be payable under this Agreement or the Note. The Borrower will execute and deliver to the Bank, at its request, such further instruments as may be necessary or desirable to give full force and effect to any such increase, including, but not limited to, a new Note of the Borrower to be issued in exchange for the Note theretofore issued. If any Taxes other than those with respect to the overall net income of the Bank or its LIBOR Rate Office ("Bank Income Taxes") are lawfully paid by the Bank or its LIBOR Rate Office, the Borrower will, upon demand of the Bank, reimburse the Bank for such payments, together with any interest and penalties which may be imposed by a governmental agency, but without any interest imposed by the Bank or its LIBOR Rate Office, and except for any interest and penalties resulting from gross negligence or

willful misconduct on the part of the Bank or its LIBOR Rate Office. The Bank shall subsequently return to the Borrower such additional amounts paid by the Borrower to the Bank on account of such Taxes deducted, withheld or reimbursed if and to the extent the Bank or its LIBOR Rate Office reasonably determines that it is able to absorb such additional amounts as a credit against any Taxes of any kind or nature due from and payable by the Bank or its LIBOR Rate Office or it is able to obtain a refund or reimbursement of such amounts from an appropriate governmental authority, provided that the Borrower shall deliver to the Bank the original tax receipt issued in connection with the payment of such withheld or deducted Taxes to an appropriate governmental authority and such other documents relating thereto as the Bank may reasonably request.

(b) Additional Costs. If, after the date hereof, any change in applicable law or regulation or in the interpretation or application thereof by any governmental authority charged with the administration thereof:

(i) subjects the Bank or its LIBOR Rate Office to any Taxes of any kind whatsoever or changes the basis of taxation of payments to the Bank or its LIBOR Rate Office of principal or interest payable on its Note (except for (x) changes that affect Bank Income Taxes, whether in the determination of net income or the rate applicable thereto, and (y) Taxes for which the Bank is to be made whole pursuant to Section 4.3(a)); or

(ii) imposes, modifies or deems applicable any reserve or similar requirement against any Loan of the Bank or its LIBOR Rate Office or assets held by or deposits in or for the account of the Bank or its LIBOR Rate Office for the purpose of making or maintaining such Loan which is not otherwise taken into account in determining the Prime Rate or the LIBOR Rate; or

(iii) imposes on the Bank or its LIBOR Rate Office, directly or indirectly, any other material conditions, which conditions are outside of the Bank's control, affecting this Agreement or the Note held by the Bank, and the result of any of the foregoing is to increase the cost to the Bank or its LIBOR Rate Office of making or maintaining any of its Loans by an amount which the Bank deems to be material (any such amounts herein called "Additional Costs"), then the Borrower will promptly pay to the Bank upon its demand the additional amount or amounts necessary to compensate the Bank or its LIBOR Rate Office for such Additional Costs as and when incurred and without interest (except upon the Borrower's default in payment thereof).

(c) Avoidance of Taxes or Additional Costs. If any Taxes are required to be deducted, withheld or reimbursed by the Borrower or any Additional Costs are imposed on the Borrower with respect to the Note, upon request of the Borrower, the Bank will use its best efforts to transfer the affected Loans and/or the Note to another LIBOR Rate

Office or lending office with respect to Prime Loans ("Domestic Lending Office"), which Domestic Lending Office shall be an office, branch or subsidiary of the Bank, in a jurisdiction where all such Taxes and Additional Costs may be avoided altogether or, if avoidance is not feasible, reduced to the extent reasonably possible, provided that such transfer will not result in any increased Taxes payable by the Bank or its LIBOR Rate Office (including, without limitation, Bank Income Taxes) and not reimbursed by the Borrower. The Borrower will use its best efforts fully to cooperate with such transfer by the Bank to the extent permissible under applicable law. The Bank shall not be liable for its failure for any reason whatsoever to transfer the affected Loans or its Note or to take other appropriate action to avoid such Taxes and Additional Costs other than with respect to the Bank's gross negligence or willful misconduct.

4.4 Compensation for Prepayment of or Failure to Borrow LIBOR Rate Loan. If the Borrower (a) makes a prepayment of any LIBOR Rate Loan under Section 5 on a day other than the Stated Maturity thereof or (b) fails to borrow any LIBOR Rate Loan on the Borrowing Date requested therefor pursuant to Section 2.3 prior to the last Business Day of any Interest Period, the Borrower agrees to indemnify the Bank against any loss (including any loss on redeployment of the funds repaid), cost or expense incurred by the Bank as a result of such prepayment. A certificate from the Bank of such loss or expense (including calculations in reasonable detail) shall, in absence of manifest error, be conclusive and binding on the Borrower.

4.5 Computation of Interest. Interest on Prime Loans shall be computed for the actual number of days elapsed on the basis of a year consisting of 360 days. Interest on LIBOR Rate Loans shall be computed on the basis of a 360-day year and for actual days elapsed. Whenever any payment to be made hereunder shall fall due on a day which is not a Business Day, such payment may be made on the next succeeding Business Day and such extension of time shall be included when computing interest in connection with such payment.

5. Making and Proration of Payments; Prepayments; Offset.

5.1 Making of Payments to the Bank. The Borrower shall make all payments on the Note and otherwise under this Agreement in Dollars in immediately available funds to the Bank at its office in Chicago, Illinois, not later than 2:00 p.m., Chicago time, on the date due; and funds received after that hour shall be deemed to have been received by the Bank on its next following Business Day.

5.2 Mandatory Prepayments.

(a) Illegality. If any change in applicable law or regulation or in the interpretation thereof by any governmental authority charged with the administration thereof shall make it unlawful for the Bank to continue to maintain any of its Loans, and the Bank is unable to

remedy such circumstance by transferring such Loan or Loans to another LIBOR Rate Office pursuant to Section 4.3(c), then the Borrower will, upon ten (10) Business Days' (where practicable) notice from the Bank, prepay such Loan or Loans in full, together with accrued interest thereon to the date of prepayment. If possible, the Bank shall not require such prepayment of any LIBOR Rate Loan before its Stated Maturity.

(b) Termination of Credit. If the Bank shall, in its sole discretion at any time that an Event of Default shall have occurred and remain continuing, elect to terminate the Line of Credit before the Termination Date, then the Borrower shall repay the aggregate principal amount of (i) all Prime Loans then outstanding (together with accrued but unpaid interest thereon), not later than ten (10) Business Day after the effectiveness of such termination and (ii) each LIBOR Rate Loan then outstanding (together with accrued but unpaid interest thereon) at its Stated Maturity (without acceleration).

5.3 Reduction or Termination of Line of Credit; Optional Prepayments and Maturity of Principal.

(a) Voluntary Reduction or Termination of the Line of Credit. The Borrower may from time to time on at least five (5) Business Days' prior written notice received by the Bank permanently reduce the Line of Credit Commitment to an amount not less than the aggregate amount of all Loans then outstanding. Any such reduction shall be in an amount not less than $500,000 or an integral multiple thereof. Concurrently with any reduction to the Line of Credit Commitment to zero, the Borrower shall pay all interest on the Loans and all Non-Use Fees (as hereinafter defined) owing hereunder.

(b) Prime Loans. The Borrower shall pay on the Termination Date or at earlier maturity by acceleration (or otherwise), the aggregate unpaid principal amount of all Prime Loans then outstanding. The Borrower shall have the right at any time and from time to time before the Termination Date, upon written notice from a Borrowing Representative to the Bank not later than noon, Chicago time, of the day that payment is made, to prepay in whole or in part and without premium or penalty the aggregate principal amount of all Prime Loans then outstanding; provided that any such partial prepayment shall be in an aggregate principal amount that is an integral multiple of $500,000. Any prepayment of principal of the Prime Loans shall include accrued interest to the date of prepayment on the principal amount being prepaid.

(c) LIBOR Rate Loans. The Borrower shall pay the entire principal amount of any LIBOR Rate Loan at its maturity (whether at Stated Maturity, by acceleration or otherwise). The Borrower shall have the right at any time to prepay in whole, but not in part, the aggregate

principal amount of any LIBOR Rate Loan, before the Stated Maturity of such Loan, subject to payment of any amount owing pursuant to Section 4.4.

5.4 Conversion between Types of Loans. The Borrower may effect payment or prepayment of any LIBOR Rate Loan or Prime Loan by requesting a Loan of the other type to be made on the date of such payment or prepayment in an amount equal to the principal amount of the Loan being paid or prepaid, upon proper notice pursuant to Section 2.3, and in such request directing the Bank to apply the proceeds of the requested Loan to payment on the applicable Borrowing Date of the principal of such Loan being paid or prepaid. If the Borrower shall fail to pay any LIBOR Rate Loan at its Stated Maturity, the Bank shall automatically effect payment of the principal thereof by making a Prime Loan in the principal amount of such LIBOR Rate Loan.

5.5 Interest. The Borrower shall pay accrued interest on Prime Loans monthly in arrears on the last day of each month, beginning with the first of such dates to occur after the Initial Borrowing Date and at maturity (whether by acceleration or otherwise), and on each LIBOR Rate Loan at its maturity (whether at Stated Maturity, by acceleration or otherwise). Notwithstanding anything to the contrary contained herein, accrued interest on each LIBOR Rate Loan with a six-month Interest Period shall be payable on the three-month anniversary of the first day of such Interest Period and at maturity. After the maturity (whether by acceleration or otherwise) of any Loan hereunder, the Borrower shall pay accrued interest on such Loan on demand.

5.6 Offset. In addition to and not in limitation of all rights of offset that the Bank or any other holder of the Note may have under applicable law, the Bank or such other holder shall, upon the occurrence and during the continuance of any Event of Default described in Section 9.1(a) or (c) or any other Potential Default described in the remaining subsections of Section 9.1 after the expiration of any applicable grace or cure periods, have the right to appropriate and apply to the payment of the Note any and all balances, credits, deposits, accounts or moneys of the Borrower then or thereafter with the Bank or such other holder.

5.7 Arrangement Fee. The Borrower agrees to pay to the Bank an arrangement fee as set forth in a separate letter agreement between the Borrower and the Bank (the "Fee Letter").

5.8 Non-Use Fee. The Borrower agrees to pay to the Bank a non-utilization fee ("Non-Use Fee") equal to 0.25% per annum of the total of (a) the Line of Credit Commitment, less (b) the sum of (i) the daily average of the aggregate principal amount of all Loans outstanding, which Non-Use Fee shall be (A) calculated on the basis of a year consisting of 360 days, (B) paid for the actual number of days elapsed, and (C) payable in arrears on the first day of each quarter commencing on January 2, 2002, and on the Termination Date.

6. Representations and Warranties. To induce the Bank to make the Loans hereunder, the Borrower represents and warrants to the Bank that, as of the date hereof,:

6.1 Organization, Good Standing and Power. Borrower is a Delaware not-for-profit corporation validly organized, existing and in good standing, under the laws of the State of Delaware; is duly qualified to do business as a foreign corporation in each jurisdiction where the nature of the Borrower's business requires such qualification, except where failure so to qualify would not have a material adverse effect on the Borrower's financial condition or ability to enter into and perform its obligations under this Agreement, the Note and each other document executed in connection therewith, and has full power and authority and holds all requisite governmental licenses, permits and other approvals necessary to permit the Borrower to enter into and perform its obligations under this Agreement, the Note and each other document executed in connection therewith and to conduct the Borrower's business substantially as currently conducted by it, except for such licenses, permits or approvals where such failure to hold would not have a material adverse effect on the Borrower's financial condition or ability to enter into and perform its obligations under this Agreement, the Note and each other document executed in connection herewith.

6.2 Corporate Authority. Borrower has the power and authority to enter into and deliver this Agreement, to make borrowings hereunder, to execute and deliver the Note and to incur the obligations provided for herein and therein, all of which have been duly authorized by all requisite corporate action.

6.3 Authorizations. No approval, authorization or other action by, or filing with, any governmental authority is required in connection with the borrowings hereunder, the execution and delivery of this Agreement and the Note, and the performance by the Borrower of its obligations hereunder and thereunder.

6.4 No Conflicts. The execution and delivery of this Agreement and the Note by the Borrower and the performance by the Borrower of its obligations hereunder and thereunder do not conflict with or result in a violation of any statute, regulation or rule or the certificate of incorporation or by-laws of the Borrower or of any material agreement, instrument, order, writ, judgment or decree to which it is a party or is subject, or result in or require the creation or imposition of any lien on any of the properties of the Borrower.

6.5 Binding Agreement. This Agreement constitutes, and the Note, when issued and delivered pursuant hereto for value received, will constitute, valid and binding obligations of the Borrower enforceable in accordance with their respective terms, subject, as to the enforcement of remedies, (i) to applicable bankruptcy, reorganization, insolvency, moratorium or other similar laws of general application affecting creditors' rights from time to time in effect and (ii) to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

6.6 Financial Statements. The Borrower's annual audited financial statements as at December 31, 2000 and its unaudited quarterly financial statement as at September 30, 2001, copies of which have been furnished to the Bank, have been prepared, in the case of the annual financial statements, in conformity with generally accepted accounting principles ("GAAP") consistently applied and all of such financial statements accurately present the financial condition of the Borrower as at such dates and the results of its operations for the periods then ended, and since such dates there has been no material adverse change in the Borrower's financial condition, operations, assets or business except as set forth in the Borrower's Financials. The Borrower has not incurred, or entered into any agreement or instrument whereby it may incur, any Indebtedness for borrowed money that is superior to or ranks pari passu in right of payment with the Loans or guaranteed the Indebtedness of any other person except as permitted under Section 7.9.

6.7 Litigation. Except as disclosed in Exhibit C attached hereto, there are no pending or, to the knowledge of the Borrower, threatened actions, suits, proceedings or investigations affecting the assets or revenues of the Borrower before any court or arbitrator or before or by any governmental authority that, in any one case or in the aggregate, if determined adversely to the interests of the Borrower, would reasonably be expected to have a material adverse effect on its financial condition, operations, assets, business or properties or that purports to affect the legality, validity or enforceability of this Agreement, the Note or any other document executed in connection therewith. Other than any liability incident to such litigation or other proceedings or investigations, the Borrower does not have any material Contingent Liabilities not provided for or disclosed in the Financials referred to in Section 6.6.

6.8 Taxes. The Borrower has filed all Federal and material tax returns and reports required by law to have been filed by it and has paid all taxes and governmental charges thereby shown to be owing, except any such taxes or charges which the Borrower is diligently contesting in good faith by appropriate proceedings and for which adequate reserves in accordance with GAAP have been set aside on the Borrower's books.

6.9 Liens. None of the assets of the Borrower is subject to any mortgage, pledge, title retention lien, or other lien, encumbrance or security interest (a "Lien"), except for Liens permitted by Section 7.8.

6.10 Public Utility Holding Company Act. The Borrower is not a "holding company", or a "subsidiary company" of a "holding company", or an "affiliate" of a "holding company" or of a "subsidiary company" of a "holding company", within the meaning of the Public Utility Holding Company Act of 1935, as amended.

6.11 Regulation U. The Borrower is not engaged principally, or as one of its important activities, in the business of extending credit for the purpose of purchasing or carrying margin stock (within the meaning of Regulation U).

6.12 Accuracy of Information. All factual information heretofore or contemporaneously furnished and prepared by or on behalf of the Borrower in writing to the Bank for purposes of or in connection with this Agreement is, and all other such factual information hereafter furnished and prepared by or on behalf of the Borrower to the Bank will be, true and accurate in every material respect, to the best of the Borrowers knowledge, on the date as of which such information is dated or certified and, except for information furnished hereafter, as of the date of this Agreement and, to the best of the Borrower's knowledge, such information does not, or will not, as the case may be, omit to state any material fact necessary to make such information not misleading.

7. Covenants. Until payment in full of the Note and performance of all other obligations of the Borrower hereunder, the Borrower will:

7.1 Reports and Other Information. Furnish to the Bank:

(a) Financial Reports. Promptly following the Bank's request therefor, a copy of the Borrower's and its subsidiaries' (i) annual audited consolidated financial statements with consolidating schedules within 120 days of fiscal year-end and (ii) quarterly unaudited consolidated and consolidating financial statements within 60 days of the end of each fiscal quarter;

(b) Certificates of the Borrower. Together with each such annual audit report or quarterly financial statement, a certificate dated the date thereof, in the form attached hereto as Exhibit E and signed by an appropriate Borrowing Representative of the Borrower to the effect that, to the best of such person's knowledge, no Event of Default or Potential Default has occurred and is continuing, or if there is any such event, describing it and the steps, if any, being taken to cure it, containing a computation of, and showing compliance with, each of the financial ratios and liquidity requirements contained in this Section 7 and stating the total Indebtedness of the Borrower that ranks pari passu with the Loans (including the aggregate amount of the Loans then outstanding);

(c) Notice of Defaults and Certain Other Events. Prompt notice of (and in any event not later than three (3) Business Days after) (i) the occurrence of any Event of Default or Potential Default and the steps, if any, being taken to cure it, (ii) the institution of any suit, proceeding or investigation which is reasonably expected to have a material adverse effect on the Borrower, (iii) the incurrence (or entry into an agreement permitting such incurrence) by the Borrower of any Indebtedness for borrowed money in excess of $50,000 that ranks pari passu in right of payment with the Loans or any guarantee of the Indebtedness of any other person in excess of $50,000 not theretofore disclosed in Exhibit B attached hereto (as it may be amended from time to time) and (iv) the occurrence of any event or action that may reasonably lead to a material adverse change in the Borrower's (1) financial condition (including, without limitation, any default or

event or condition reasonably likely to lead to a default under any agreement for borrowed money), or (2) current operations; and

(d) Additional. Such additional information, reports or statements as the Bank may from time to time reasonably request.

7.2 Taxes. Pay and discharge, as the same become due and payable, all Federal and other material taxes, assessments and governmental charges assessed upon the Borrower, its income and its properties prior to the date on which penalties are attached thereto, unless and to the extent only that such taxes, assessments and governmental charges shall be contested in good faith and by appropriate proceedings by the Borrower and that the Borrower or such subsidiary shall have set aside on its books adequate reserves in accordance with GAAP therefor.

7.3 Insurance. Maintain with financially sound and reputable insurance companies insurance on all of the Borrower's property in such amounts and covering such risks as is consistent with sound business practice in the industry, including coverage for terrorism, to the extent policies without a terrorism exclusion (or separate terrorism coverage) are reasonably available and customarily maintained by similarly situated borrowers and are otherwise available at a commercially reasonable rate, and the Borrower will furnish to the Bank upon request information as to the insurance carried.

7.4 Use of Proceeds. Use the proceeds of the Loans for the Ceres Interest Repurchase and general corporate purposes. The Borrower will not permit the proceeds of any Loan to be used for the purpose of purchasing or carrying any "margin stock" (as defined in Regulation U).

7.5 Minimum Members' Equity. At any time, maintain, on a consolidated basis (measured as of the end of any fiscal quarter on a fiscal year-to-date basis), minimum Members' Equity of at least $190,000,000 ("Initial Minimum Members' Equity") as of the fiscal quarter ending December 31, 2001, which amount shall be increased each fiscal quarter thereafter by an amount equal to 50% of the Borrower's Net Income for the preceding fiscal quarter; provided, however, that if the Borrower is required to account in accordance with GAAP for the Ceres Interest Repurchase as a reduction in capital, the Initial Minimum Members' Equity shall be $160,000,000, and provided, further, that if the Borrower determines to write-off certain software related to the Eurex joint venture, the Initial Minimum Members' Equity shall be reduced by the amount of such write-off up to $30,000,000.

7.6 Funded Debt to Total Capitalization. Not permit the ratio of Funded Debt to Total Capitalization to exceed 0.45 to 1.

7.7 Fixed Charge Coverage Ratio. Not permit the Fixed Charge Coverage Ratio to be less than 1.50 to 1.

7.8 Liens. Not create or permit to exist any Lien with respect to any of its assets now owned or hereafter acquired, except for Liens

(i) for current taxes not delinquent or taxes being contested in good faith and by appropriate proceedings,

(ii) arising in the ordinary course of business for sums not due or sums being contested in good faith and by appropriate proceedings, but not involving any deposits or advances or borrowed money,

(iii) to the extent shown in Exhibit D attached hereto (including under that certain Security Agreement, dated as of March 30, 2001 from the Borrower in favor of Hitachi Credit America Corp. ("Hitachi") covering all obligations of the Borrower to Hitachi under the certain $10,000,000 Promissory Note, dated as of March 30, 2001 (the "Hitachi Loan") and secured by a lien on various items of equipment more particularly described therein (the "Equipment") of the Borrower so long as the Borrower shall pledge such Equipment to the Bank in the event that the Hitachi Loan is repaid in full prior to the Termination Date).

(iv) arising out of pledges or deposits in the ordinary course of business in connection with workers' compensation, unemployment insurance, old age pensions, or other social security or retirement benefits, or similar legislation or to secure the performance of tenders, leases, government contracts, performance and return of money bonds and other similar obligations incurred in the ordinary course of business and not incurred with respect to obligations for borrowed money or the equivalent;

(v) utility easements, building restrictions and such other encumbrances or charges against real property as are of a nature generally existing with respect to properties of a similar character and which do not in any material way affect the marketability of the same or interfere with the use thereof in the business of the Borrower;

(vi) incurred in connection with purchase money security interests, capital leases and conditional sales with respect to equipment acquired by the Borrower in the ordinary course of business, provided the Lien attaches only to the equipment being acquired and the aggregate principal amount of Indebtedness secured thereby is permitted hereunder;

(vii) created by precautionary filings under the Uniform Commercial Code by lessors or similar financing parties;

(viii) securing obligations not in excess of $1,000,000 arising as a result of a judgment or order for the payment of money that does not constitute an Event of Default hereunder;

(ix) arising in connection with other Indebtedness and lease financings as permitted hereunder; and

(x) Liens in favor of the Bank, if any.

7.9 Indebtedness. Not create, incur or suffer to exist any Indebtedness, except:

(a) the Loans;

(b) Indebtedness disclosed on Exhibit B;

(c) any Indebtedness arising in the ordinary course of the Borrower's business not to exceed $500,000 in the aggregate outstanding at any time.

(d) Indebtedness in respect of any purchase money security interest or Capital Lease not to exceed $2,000,000 in the aggregate at any time.

(e) renewals, extensions, refinancings and refundings of Indebtedness permitted by this Section 7.9; provided, however, that any such renewal extension, refinancing or refunding is in an aggregate principal amount not greater than the principal amount of, and is on terms no less favorable to the Borrower, including as to weighted average maturity, than the Indebtedness being renewed, extended, refinanced or refunded.

7.10 Other Agreements. Not enter into any material agreement containing any provision which would be violated or breached in any material respect by the performance of the Borrower's obligations hereunder, under the Note or under any other instrument or document delivered or to be delivered by the Borrower hereunder or in connection herewith.

7.11 Change in Organizational Structure. Not change the Borrower's name, type of organization, jurisdiction of organization or other legal structure unless the Borrower shall notify the Bank in writing of any such change and provide the Bank with copies of all amendments and other organization documents in connection therewith; provided, however, that the Borrower shall be permitted to demutualize and convert the Borrower's organization structure into a stock, for-profit corporation in the manner previously disclosed in writing to the Bank without the Bank's consent.

7.12 CBOT Rule Changes. Not, without the prior written consent of the Bank, adopt, amend, revoke or rescind any rules of the Borrower (as amended and in effect on the date hereof, the "CBOT Rules") if such adoption, amendment, revocation or rescission would have a materially adverse effect on the Borrower's financial condition, operations, assets, business or properties or that would affect the legality, validity or enforceability of this Agreement, the Note or any other document executed in connection therewith.

8. Condition of Lending. The obligation of the Bank to make its Loans is subject to the following conditions precedent:

8.1 Initial Loan. The making by the Bank of its initial Loan is, in addition to the conditions precedent specified in Section 8.2, subject to the condition precedent that the Bank shall have received all of the following documents, each duly executed and dated the Borrowing Date, satisfactory in form and substance to the Bank and its counsel:

(a) The Note. The Note of the Borrower payable to the order of the Bank.

(b) Resolutions. A copy, duly certified by the secretary or an assistant secretary of the Borrower of the resolutions of its Board of Directors of its authorization of the borrowings hereunder and the execution and delivery of this Agreement and the Note, (b) all documents evidencing other necessary corporate action, reasonably satisfactory to the Bank, and (c) all approvals or consents, if any, with respect to this Agreement and the Note.

(c) Ceres Approvals. With respect to any Loans the proceeds of which are to be used for the Ceres Interest Repurchase, the Borrower shall provide evidence reasonably satisfactory to the Bank that the Borrower has obtained (a) the required member approval, (b) a favorable ruling from the Internal Revenue Service, and (c) approval of the Commodity Futures Trading Commission.

(d) Consents, etc. Certified copies of all documents evidencing any other necessary corporate action, consents and governmental approvals (if any) with respect to this Agreement and the Note.

(e) Opinion of Borrower's Counsel. A written opinion of the Borrower's counsel substantially in the form of Exhibit F attached hereto.

(f) Incumbency and Signatures. Certificate of the Secretary or an Assistant Secretary of the Borrower certifying the names of each officer or other person authorized to sign this Agreement, the Note and other documents provided for in this Agreement, together with a sample of the true signature of each such officer or other person (the Bank may conclusively rely on such certificate until formally advised by a like certificate of any changes therein).

(g) Organizational Documents. A certified copy of the Articles of Incorporation and by-laws of the Borrower.

(h) Other. Such other documents as the Bank may reasonably request.

8.2 All Loans. The making by the Bank of its initial Loan and each subsequent Loan is subject in each case to the further conditions precedent that (a) no Event of Default or Potential Default has occurred and is continuing or will result from the making of such Loan, (b) the

representations and warranties of the Borrower contained in Section 6 (except that Section 6.6 shall be deemed to refer to the most recent Financials of the Borrower) are true and correct as of the Borrowing Date of such Loan, with the same effect as though made on such Borrowing Date. Each request for a Loan pursuant to Section 1.3 shall be deemed a representation to the effect of clauses (a) and (b) above.

9. Events of Default and Their Effect.

9.1 Events of Default. Each of the following shall constitute an "Event of Default" under this Agreement:

(a) Non-Payment. Failure to pay when due of any principal of or interest on the Note payable by the Borrower hereunder;

(b) Non-Payment of Other Indebtedness for Borrowed Money. Default in the payment when due (subject to any applicable grace period), whether by acceleration or otherwise, of any other Indebtedness for borrowed money of, or guaranteed by, the Borrower in excess of $1,000,000 in the aggregate, or default in the performance or observance of any obligation or condition with respect to any such Indebtedness if the effect of such default is to accelerate the maturity of any such Indebtedness or to permit the holder or holders thereof, or any trustee or agent for such holders, to cause such Indebtedness to become due and payable prior to its expressed maturity;

(c) Bankruptcy, Insolvency, etc. The Borrower becomes insolvent or generally fails to pay, or admits in writing its inability to pay, debts as they become due; or the Borrower applies for, consents to, or acquiesces in the appointment of, a trustee. receiver or other custodian for the Borrower or any of its property, or makes a general assignment for the benefit of creditors; or, in the absence of such application, consent or acquiescence, a trustee, receiver or other custodian is appointed for the Borrower or for a substantial part of its property and is not discharged within forty-five (45) days; or any bankruptcy reorganization' debt arrangement, or other case or proceeding under any bankruptcy or insolvency law, or any dissolution or liquidation proceeding, is commenced in respect of the Borrower, and, if such case or proceeding is not commenced by the Borrower, it is consented to or acquiesced in by the Borrower or remains for forty-five (45) days undismissed; or the Borrower takes any corporate action to authorize, or in furtherance of, any of the foregoing;

(d) Non-Compliance with this Agreement. Failure by the Borrower to comply with or to perform any provision of this Agreement (and not constituting an Event of Default under any of the preceding provisions of this Section 9) and continuance of such failure for fifteen (15) days after the earlier of (i) the date on which Borrower had, or should have had knowledge of such failure, or (ii) notice thereof to the Borrower from the Bank; or

(e) Warranties. Any representation or warranty made by or on behalf of the Borrower herein is breached or is false or misleading in any material respect, or any schedule, certificate, financing

statement, report, notice, or other writing furnished by the Borrower to the Bank is false or misleading in any material respect on the date as of which the facts therein set forth are stated or certified.

(f) Trading Suspension. There shall have occurred a suspension or material limitation in trading generally at the Borrower.

9.2 Effect of Event of Default. If any Event of Default described in Section 9.1(c) shall occur, the Line of Credit (if it has not theretofore terminated) shall immediately terminate and the Note shall become immediately due and payable, all without notice of any kind; and, in the case of any other Event of Default, the Bank may declare the Line of Credit (if it has not theretofore terminated) to be terminated and the Note to be due and payable, whereupon the Line of Credit (if it has not theretofore terminated) shall immediately terminate and the Note shall become immediately due and payable, all without notice of any kind. The Bank shall promptly advise the Borrower of any such declaration, but failure to do so shall not impair the effect of such declaration. Notwithstanding the foregoing, the effect as an Event of Default of any event described in this Section 9 may be waived by the written consent of the Bank.

10. Miscellaneous.

10.1 Waiver; Amendments. No delay on the part of the Bank in the exercise of any right, power or remedy shall operate as a waiver thereof, nor shall any single or partial exercise by it of any right, power or remedy preclude other or further exercise thereof, or the exercise of any other right, power or remedy. No amendment, modification or waiver of, or consent with respect to, any provision of this Agreement or the Note shall in any event be effective unless the same shall be in writing and signed and delivered by the Bank and the Borrower, and any such amendment, modification, waiver or consent shall be effective only in the specific instance and for the specific purpose for which given.

10.2 Notices. Any communication, demand or notice to be given hereunder or with respect to the Note will be duly given when delivered in writing or transmitted by telex or facsimile to a party at its address as indicated below or as indicated by such party in a notice given under this Section, or if sent by certified or registered mail shall be deemed delivered on the third Business Day following its deposit in the United States mails, if not actually received before such date. A communication, demand or notice given pursuant to this Section shall be addressed to each party at its address shown below its signature hereto, or at such other address as it may, by written notice received by the other parties to this Agreement, have designated as its address for such purpose.

10.3 Computations. Where the character or amount of any asset or liability or item of income or expense is required to be or has been determined, or any consolidation or other accounting computation is

required to be or has been made, for the purpose of this Agreement, such determination or calculation shall be or has been, to the extent applicable and except as otherwise specified in this Agreement, made in accordance with GAAP in the United States applied on a basis consistent with those at the time in effect.

10.4 Transfer of the Note. If the Bank shall transfer its Note, it shall immediately advise the Borrower of such transfer and use its reasonable efforts to obtain the Borrower's consent to such transfer; provided, however, that failure on the part of the Bank to obtain such consent shall in no way prevent the Bank from making such transfer; and the Borrower shall be entitled conclusively to assume that no transfer of the Note has been made unless and until the Borrower shall have received written notice to the contrary. Each transferee of the Note shall take such Note subject to the provisions of this Agreement and to any waiver or consent given or other action taken hereunder, before the receipt by the Borrower of written notice of such transfer, by each previous holder of the Note; and, except as expressly otherwise provided in such notice, the Bank and the Borrower shall be entitled conclusively to assume that the transferee named in such notice shall thereafter be vested with all rights and powers under this Agreement of the Bank under the Note.

10.5 Regulation U. The Bank represents that it in good faith is not relying, either directly or indirectly, upon any stock (as such term is defined in Regulation U promulgated by the Board of Governors of the Federal Reserve System) as collateral security for the extension or maintenance by it of any credit provided for in this Agreement.

10.6 Costs, Expenses and Taxes. The Borrower agrees to pay on demand all reasonable out-of-pocket costs and expenses of the Bank (including the reasonable fees and out-of-pocket expenses of counsel for the Bank) in connection with the preparation, execution, delivery and administration of this Agreement, the Note, and all other instruments or documents provided for herein or delivered or to be delivered hereunder or in connection herewith, and all reasonable out-of-pocket costs and expenses (including reasonable attorneys' fees and legal expenses) incurred by the Bank in connection with the enforcement of this Agreement, the Note, any such other instruments or documents or any collateral security. The obligations provided for in this Section 10.6 shall survive any termination of this Agreement.

10.7 Separability. In case any one or more of the provisions contained in this Agreement shall be invalid, illegal or unenforceable in any respect under any law, the validity, legality and enforceability of the remaining provisions contained herein shall not in any way be affected or impaired thereby.

10.8 Successors and Assigns. This Agreement shall be binding upon the Borrower and the Bank and their respective successors and assigns, and shall inure to the benefit of the Borrower and the Bank and the respective

successors and assigns of the Bank. The meaning of each such term -- "Borrower" or "Bank" -- shall include any such successor or assign.

10.9 Governing Law; Entire Agreement. THIS AGREEMENT AND THE NOTE SHALL EACH BE DEEMED TO BE A CONTRACT MADE UNDER AND GOVERNED BY THE INTERNAL LAWS OF THE STATE OF ILLINOIS. This Agreement and the Note together constitute the entire understanding among the parties hereto with respect to the subject matter hereof and supersede any prior Agreements, written or oral, with respect thereto.

10.10 Counterparts. This Agreement may be executed in counterparts and by the different parties on separate counterparts (provided that each such counterpart shall be executed by the Borrower and the Bank) and each such counterpart shall be deemed to be an original, but all such counterparts shall together constitute but one and the same Agreement. When counterparts executed by both the Borrower and the Bank shall have been lodged with the Bank, this Agreement shall become effective as of the date hereof, and at such the Bank shall notify the Borrower.

10.11 Forum Selection and Consent to Jurisdiction. ANY LITIGATION BASED HEREON, OR ARISING OUT OF, UNDER, OR IN CONNECTION WITH, THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF THE BANK OR THE BORROWER SHALL BE BROUGHT AND MAINTAINED EXCLUSIVELY IN THE COURTS OF THE STATE OF ILLINOIS OR IN THE UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT OF ILLINOIS; PROVIDED, HOWEVER, THAT ANY SUIT SEEKING ENFORCEMENT AGAINST ANY PROPERTY MAY BE BROUGHT, AT THE BANK'S OPTION, IN THE COURTS OF ANY JURISDICTION WHERE SUCH PROPERTY MAY BE FOUND. EACH PARTY HERETO HEREBY EXPRESSLY AND IRREVOCABLY SUBMITS TO THE JURISDICTION OF THE COURTS OF THE STATE OF ILLINOIS AND OF THE UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT OF ILLINOIS FOR THE PURPOSE OF ANY SUCH LITIGATION AS SET FORTH ABOVE. EACH PARTY HERETO FURTHER IRREVOCABLY CONSENTS TO THE SERVICE OF PROCESS BY REGISTERED MAIL, POSTAGE PREPAID, OR BY PERSONAL SERVICE WITHIN OR WITHOUT THE STATE OF ILLINOIS. EACH PARTY HERETO HEREBY EXPRESSLY AND IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY OBJECTION WHICH IT MAY HAVE OR HEREAFTER MAY HAVE TO THE LAYING OF VENUE OF ANY SUCH LITIGATION BROUGHT IN ANY SUCH COURT REFERRED TO ABOVE AND ANY CLAIM THAT ANY SUCH LITIGATION HAS BEEN BROUGHT IN AN INCONVENIENT FORUM.

10.12 Waiver of Jury Trial. THE BANK AND THE BORROWER HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE ANY RIGHTS THEY MAY HAVE TO

A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED HEREON, OR ARISING OUT OF, UNDER, OR IN CONNECTION WITH, THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF THE BANK OR THE BORROWER. THE BORROWER ACKNOWLEDGES AND AGREES THAT IT HAS RECEIVED FULL AND SUFFICIENT CONSIDERATION FOR THIS PROVISION (AND EACH OTHER PROVISION OF EACH OTHER LOAN DOCUMENT TO WHICH IT IS A PARTY) AND THAT THIS PROVISION IS A MATERIAL INDUCEMENT FOR THE BANK ENTERING INTO THIS AGREEMENT AND EACH SUCH OTHER LOAN DOCUMENT.

10.13 Confidentiality. The Bank shall hold all non-public information obtained pursuant to the requirements of this Agreement in accordance with the Bank's customary procedures for handling confidential information of this nature and in accordance with safe and sound banking practices, it being understood and agreed by the Borrower that in any event the Bank may make disclosures (a) to its and its Affiliates' directors, officers, employees and agents, including accountants, legal counsel and other advisors (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such information and instructed to keep such information confidential), (b) subject to the applicable limitations set forth herein, to the extent requested by any government authority, (c) to the extent required by applicable laws or regulations or by any subpoena or similar legal process, (d) in connection with the exercise of any remedies hereunder or any suit, action or proceeding relating to this Agreement or the enforcement of rights hereunder, (e) subject to an agreement containing provisions substantially the same as those of this subsection 10.13, to any eligible transferee of, or any prospective transferee of, any of its rights or obligations under this Agreement, (f) with the consent of Borrower, (g) to the extent such information (i) becomes publicly available other than as a result of a breach of this subsection 10.13 or (ii) becomes available to the Bank on a nonconfidential basis from a source other than the Borrower or (h) to the National Association of Insurance Commissioners or any other similar organization or any nationally recognized rating agency that requires access to information about the Bank's or its Affiliates' investment portfolio in connection with ratings issued with respect to the Bank or its Affiliates; provided that, unless specifically prohibited by applicable law or court order, the Bank shall notify the Borrower of any request by any government authority or representative thereof (other than any such request in connection with any examination of the financial condition of the Bank by such government authority) for disclosure of any such non-public information prior to disclosure of such information and shall use its best efforts to afford the Borrower the opportunity to object to such disclosure.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed as of the date first above written.

LINE OF CREDIT NOTE

Due: January 15, 2003

$20,000,000.00 Chicago, Illinois, January 15, 2002

On or before January 15, 2003 the undersigned, for value received, promises to pay to the order of LASALLE BANK NATIONAL ASSOCIATION, in Chicago, Illinois, TWENTY MILLION DOLLARS ($20,000,000.00) or, if less, the aggregate unpaid principal amount of all Loans made by the payee to the undersigned pursuant to the Line of Credit Agreement hereinafter referred to, together with interest as herein set forth.

The unpaid principal amount hereof from time to time outstanding shall bear interest from the date hereof at the rate per annum and for the periods set forth in Section 4 of the Line of Credit Agreement hereinafter referred to, payable as provided in Section 5 thereof.

Payments of interest are to be made in lawful money of the United States of America in immediately available funds.

This Note evidences indebtedness incurred under, and is subject to the terms and provisions of, a Line of Credit Agreement dated January 15, 2002 (and, if amended, all amendments thereto) between the undersigned and the payee, to which Line of Credit Agreement reference is hereby made for a statement of said terms and provisions, including those under which this Note may be paid prior to its due date or its due date accelerated.

In addition to and not in limitation of the foregoing and the provisions of the Line of Credit Agreement hereinabove referred to, the undersigned further agrees, subject only to any limitation imposed by applicable law, to pay all expenses, including reasonable attorneys' fees and legal expenses, incurred by the holder of this Note in endeavoring to collect any amounts payable hereunder which are not paid when due, whether by acceleration or otherwise.

This Note is made under, governed by and construed in accordance with the laws of the State of Illinois.

FORM OF OPINION LETTER

[Date]

LaSalle Bank National Association
135 South LaSalle Street
2nd Floor
Chicago, Illinois 60606

Re: Line of Credit Agreement dated January 15, 2002 (the "Agreement") between Board of Trade of the City of Chicago

Ladies and Gentlemen:

We are counsel for the Board of Trade of the City of Chicago, Inc. (the "Company") and have represented the Company in connection with its execution and delivery of a Line of Credit Agreement among the Company and LaSalle Bank National Association of even date herewith (the "Line of Credit Agreement"), providing for Loans in an aggregate principal amount not to exceed $20,000,000. All capitalized terms used in this opinion shall have the meanings attributed to them in the Line of Credit Agreement.

We have examined the Company's articles of incorporation, by-laws, resolutions, the Line of Credit Agreement, the Note and such other matters of fact and law which we deem necessary in order to render this opinion. Based upon the foregoing, it is our opinion that:

1. The Company is a not-for-profit corporation duly incorporated, validly existing and in good standing under the laws of the State of Delaware and has all requisite authority to conduct its business in Illinois and each other jurisdiction in which its business is conducted.

2. The execution and delivery of the Line of Credit Agreement and the Note by the Company and the performance by the Company of the obligations thereunder have been duly authorized by all necessary corporate action and proceedings on the part of the Company and will not (a) require any consent of the Company's members; (b) violate any law, rule, regulation, order, writ, judgment, injunction, decree or award binding on the Company or the Company's articles of incorporation or by-laws or any indenture, instrument or agreement binding upon the Company; or (c) result in, or require, the creation or imposition of any Lien pursuant to the provisions of any indenture, instrument or agreement binding on the Company.

3. The Line of Credit Agreement and the Note have been duly executed and delivered by the Company and constitute legal, valid and binding obligations of the Company enforceable in accordance with their terms except to the extent the enforcement thereof may be limited by bankruptcy, insolvency or similar laws

affecting the enforcement of creditors' rights generally and subject also to the availability of equitable remedies if equitable remedies are sought.

4. Exhibit C to the Line of Credit Agreement describes all pending and threatened material litigation and proceedings against the Company of which we have knowledge.

5. No approval, authorization, consent, adjudication or order of any governmental authority, which has not been obtained by the Company, is required to be obtained by the Company (or any subsidiary) in connection with the execution and delivery of the Line of Credit Agreement or the Note, the borrowings under the Line of Credit Agreement or the Note or in connection with the payment by the Company of the obligations thereunder.

Very truly yours,

Exhibit 10.30

March _____ , 2002

Mr. David J. Vitale
President and Chief Executive Officer
Board of Trade of the City of Chicago, Inc.
141 West Jackson Boulevard
Chicago, Illinois 60604

Dear Mr. Vitale:

We hereby refer to that certain Employment Agreement, dated as of February 20, 2001 (the "Employment Agreement"), by and between you and Board of Trade of the City of Chicago, Inc. ("CBOT"). Capitalized terms used but not otherwise defined in this letter agreement shall have the meanings set forth in the Employment Agreement (references to "you" and to "Executive" herein refer to you).

The purpose of this letter agreement is to (i) amend certain provisions of the Employment Agreement related to the Performance Bonus and the timing of the Walk-Away Period and (ii) clarify and confirm the parties' understanding of the meaning of certain terms set forth in Appendix A to the Employment Agreement related to the grant of appreciation rights in light of certain refinements to the restructuring transactions currently contemplated by the CBOT (the "Restructuring Transactions") and as described in Amendment No. 2 to the Registration Statement on Form S-4, as filed by CBOT Holdings, Inc. ("CBOT Holdings") on March [__], 2002 (as amended, the "Registration Statement").

Specifically, notwithstanding anything to the contrary set forth in Section 3(b) of the Employment Agreement, the parties hereto agree that for the fiscal year ended December 31, 2002 and each fiscal year thereafter during the Employment Period, the Board may, in its sole discretion, award a Performance Bonus to Executive, which shall not be less than $500,000.00, following the end of each such fiscal year based upon Executive's performance and the CBOT's (or, if the Restructuring Transactions are completed, CBOT Holdings's) operating results during such year, which shall be paid in a single lump sum during the last calendar month of the fiscal year or the first calendar month of the immediately following fiscal year.

In addition, notwithstanding anything to the contrary with respect to timing set forth in Section 4(i) of the Employment Agreement, the parties hereto further agree that at any time during the term of your Employment Agreement, as amended by this letter Agreement, and prior to completion of the Restructuring Transactions, upon (30) days written notice to the CBOT, Executive may terminate the Employment Period and be entitled to receive the benefits provided for therein. For purposes of Section 4(i) of the Employment Agreement, the Restructuring Transactions shall be deemed to be completed on the date the CBOT is demutualized, as described in the Registration Statement.

Last, the Restructuring Transactions contemplated that the CBOT would demutualize by creating a stock, for-profit holding company, CBOT Holdings, and distributing shares of common stock of CBOT Holdings to the current CBOT members, while maintaining

the CBOT as a nonstock, corporate subsidiary of CBOT Holdings ("CBOT Subsidiary"). In connection with the Restructuring Transactions, the current members of the CBOT would receive both (1) common stock of CBOT Holdings, which correspondence to the "Class A common stock" referenced in the Employment Agreement and (2) Series B-1, Series B-2, Series B-3, Series B-4 and Series B-5 Class memberships (i.e., in respect of the current Full, Associate, GIM, IDEM, and COM memberships, respectively) in the CBOT Subsidiary, which corresponds to the "Class B common stock" or applicable series thereof referenced in the Employment Agreement. In addition, each Full Member would receive a Class C membership in the CBOT Subsidiary, which corresponds to the Chicago Board Options Exchange "exercise right" associated with each share of Series B-1, Class B common stock referenced in the Employment Agreement.

In connection therewith, the parties hereto agree that all references in the Employment Agreement, including Appendix A thereto, to the Class A common stock and the Class B common stock (and any applicable series thereof) of the CBOT shall be deemed to be references to the common stock of CBOT Holdings and the Class B memberships (and any applicable series thereof) in the CBOT Subsidiary, respectively. In addition, one Class C membership in the CBOT Subsidiary shall be included as Covered Equity in each of the Class A-1A and Class A-1B Appreciation Units. The fair market value of Class C memberships in the CBOT Subsidiary shall be determined in the same manner as memberships in the CBOT prior to completion of the Restructuring Transactions or Class B memberships in the CBOT Subsidiary following completion of the Restructuring Transactions and the number of Class C memberships shall be subject to adjustment in the same manner as the common stock of CBOT Holdings and Class B memberships in the CBOT Subsidiary.

For purposes of this letter agreement, Paragraphs 13, 14, 15, 16, 17, 18 and 19 of the Employment Agreement shall be incorporated by reference herein. Except as otherwise provided in this letter agreement, all provisions of the Employment Agreement are affirmed in all respects and remain in full force and effect.

Very truly yours,

BOARD OF TRADE OF THE CITY OF
CHICAGO, INC.

Software Maintenance Agreement

This Software Maintenance Agreement (the "Agreement") is entered into

between

1. Board of Trade of the City of Chicago, Inc., 141 West Jackson Blvd., Suite 600-A, Chicago, Illinois, 60604, United States of America

(hereinafter, "CBOT")

2. Ceres Trading Limited Partnership, c/o Electronic Chicago Board of Trade, Inc., 141 West Jackson Blvd., Suite 600-A, Chicago, Illinois 60604, United States of America

(hereinafter, "Ceres")

and

1. Deutsche Borse AG, Neue Borsenstrasse 1, 60487 Frankfurt am Main, Germany

(hereinafter, "DBAG")

2. SWX Swiss Exchange, Selnaustrasse 30, 8021 Zurich, Switzerland

(hereinafter, "SWX")

3. Eurex Zurich AG, Selnaustrasse 30, 8021 Zurich, Switzerland

(hereinafter, "Eurex Zurich")

4. Eurex Frankfurt AG, Neue Borsenstrasse 1, 60487 Frankfurt am Main, Germany

(hereinafter, "Eurex Frankfurt")

PREAMBLE

A. Eurex Zurich and its wholly-owned subsidiary Eurex Frankfurt (referred to jointly as the "Eurex Entities"), are operating the electronic derivatives exchanges Eurex Zurich and Eurex Deutschland (the "Eurex Exchanges"). The technological basis of the Eurex Exchanges is the Eurex Software, a software jointly developed and owned by DBAG and SWX.

B. CBOT offers certain derivative products for trading on that certain electronic market currently operated on the basis of Release a/c/e 1.0 of the Eurex Software and formerly known as "a/c/e" (the "CBOT Electronic Market"). The host used for the CBOT Electronic Market is located in Chicago (the "Chicago Backend"). The CBOT Electronic Market is connected to a dedicated wide-area communications network provided by Deutsche Borse Systems AG ("DBS") (the "Network") that can be accessed through certain Access Points. To date, DBS, a wholly-owned subsidiary of DBAG, has provided to the CBOT/Eurex Alliance, L.L.C. for Ceres and CBOT, and to the Eurex Entities, DBAG and SWX, services related to the development and the application maintenance of the Eurex Software on the basis of a Master Software Development Agreement dated July 20, 2000 (the "Master Software Development Agreement"). The parties to the Master Software Development Agreement have decided to terminate the Master Software Development Agreement by way of a separate Reorganization Agreement dated an even date herewith (the "Reorganization Agreement"). The Reorganization Agreement also provides for termination of the Software License Agreement dated October 1, 1999 between DBAG and SWX (DBAG and SWX collectively referred to as the "Ownership Parties"), CBOT and Ceres which has to date governed CBOT's and Ceres' right to use the Eurex Software (the "Software License Agreement").

C. Following termination of the Software License Agreement, Ceres' and CBOT's right to use the Eurex Software are governed by a Non-exclusive Software License Agreement between the Ownership Parties, CBOT and Ceres dated an even date herewith (the "Non-exclusive Software License Agreement"). In addition, Ceres

and CBOT desire that DBAG provide to Ceres certain maintenance services relating to the Licensed Programs. DBAG is prepared to provide Ceres with such services subject to the terms of this Agreement.

In consideration of the foregoing premises and the mutual covenants herein set forth, the parties agree as follows:

1. Definitions

1.1 Terms used in this Agreement with initial capital letters (other than proper nouns) have the meanings set forth in the glossary of defined terms attached as Schedule 1.1.

2. Scope of Agreement

2.1 Scope of Agreement. This Agreement governs the relationship between CBOT and Ceres, on the one hand, and DBAG, on the other hand, with regard to certain maintenance and development services to be provided by DBAG for the purpose of the operation of the CBOT Electronic Market as set forth in Section 4.1 (the "Maintenance Services"). The Eurex Entities and SWX shall neither be responsible nor be liable under this Agreement in any way for the provision of the Maintenance Services or for any failure of DBAG in performing the Maintenance Services. CBOT and Ceres shall neither be responsible nor be liable under this Agreement in any way for the provision of services to DBAG, SWX or the Eurex Entities, or for any act or omission of DBAG, SWX or the Eurex Entities.

2.2 Other Agreements. Ceres' right to use certain parts of the Eurex Software is governed by the Non-exclusive Software License Agreement. The installation and implementation of subsequent releases of the Eurex Software in the CBOT Electronic Market production environment are governed by the New Systems Operations Agreement dated an even date herewith between DBS, the Eurex Entities, CBOT and Ceres (the "New Systems Operations Agreement").

3. Proprietary Rights

3.1 Ownership. The Ownership Parties are and shall remain the exclusive owners of the Eurex Software. CBOT and Ceres shall have no other right, title or interest in the Eurex Software other than as set forth in the Non-exclusive Software License Agreement. The Ownership Parties shall have and retain the exclusive right, title and interest in any future updates, releases or versions of, or relating to, the Eurex Software. CBOT's and Ceres' right to use such updates, releases and versions shall be governed exclusively by the Non-exclusive Software License Agreement. The provisions of this Section 3.1 also apply with regard to any development work performed upon specific request, and paid for, by Ceres or CBOT.

4. Scope of Maintenance Services

4.1 Engagement. Ceres hereby engages DBAG to provide the following services:

4.1.1 Application maintenance in which DBAG will maintain the Licensed Programs as set forth in Schedule 4.1.1.

4.1.2 Software development services regarding the Licensed Programs may be provided by DBAG to Ceres, upon specific request by Ceres. Any such request for the development of software is subject to a binding Change Request which the parties may agree upon in the outcome of the Change Request procedure set forth in Section 4.4.

4.2 Priority. If any provision in Schedule 4.1.1 expressly states that it has priority over the terms of this Agreement, or if any provision in a Change Request expressly contradicts a provision in this Agreement, the provision in the Schedule or the relevant Change Request will have priority over the relevant terms of this Agreement. If a provision in Schedule 4.1.1 or a Change Request contradicts a provision in another Change Request, the most recent provision will have priority.

4.3 Deliverables, Services, Tasks. Schedule 4.1.1 and each Change Request must describe the specific work results ("Deliverables") to be produced under the Schedule or Change Request. A Deliverable must include, if appropriate, functional and technical specifications for itself or for other Deliverables. Schedules and Change Requests relating to ongoing services ("Services") will

describe the service in detail and the standards for determining the quality of service. Schedules and Change Requests, and documents prepared pursuant to Schedules and Change Requests, will assign specific work ("Tasks") to the parties and establish time frames in which the Tasks are to be completed; Tasks will also constitute Deliverables to the extent that the Task requires the production of a specific work product and not just an ongoing service. Schedules and Change Requests can also establish the price for the Tasks, together with a payment schedule and may include a schedule of resources to be devoted to the work, including the number of man-days each party will provide, the equipment and the premises where the work will be carried out.

4.4 Change Request. Ceres or DBAG may request a change in Maintenance Services at any time ("Change Request"). The Change Requests listed in Schedule 4.4 have been agreed under the Master Software Development Agreement by the parties to such agreement and shall be deemed Change Requests pursuant to this Agreement.

4.4.1 A Change Request will be in writing and will follow a format to be provided by DBAG. Each Change Request must contain sufficient information to enable the recipient to reasonably evaluate the Change Request including particularly:

- a description of the change (including specifications, test procedures, date of completion etc.),
- reasons for the change,
- additional resources required to implement the change (including any proposed subcontractors other than Freelancers),
- impact on other elements of the Maintenance Services or work to be performed by DBS within the scope of the New Systems Operations Agreement,
- impact on service levels established under the New Systems Operations Agreement,
- cost impact of the change and allocation of responsibility for increased costs or benefits from reduced costs; if appropriate, the Change Request will contain either a time-and-materials

price scheme or a fixed price for the additional work together with a payment schedule.

4.4.2 If the party submitting a Change Request cannot reasonably provide sufficient information under the above categories using the party's own resources, the submitting party may require the other party or parties to assist in providing the missing information without undue delay. If a Change Request initiated by Ceres requires DBAG to expend more than one man-day in order to complete the information, DBAG can charge for the work on a "time-and-materials" basis if DBAG has informed Ceres in advance that it intends to charge for such efforts. DBAG will not charge if one man-day or less is required to complete the information.

4.4.3 The parties recognize that there may be various solutions to each Change Request. DBAG will propose solutions that it reasonably believes will best meet the needs of Ceres while complying with the defined scope of work. If Ceres rejects a proposed solution that meets all of the requirements of this Agreement in favor of an alternative, DBAG will inform Ceres, in writing within two weeks of receipt of the alternative proposal about any anticipated increased costs or delay and, if appropriate, additional resources which are required, as well as all anticipated problems with the solution selected by Ceres such as impact on service levels. If the parties cannot reach agreement at the operational level Ceres may, at its own risk, insist on its alternative solution. In this event, DBAG will, subject to Section 4.4.5, be obliged to perform the work on the alternative solution once a corresponding Change Request, in which Ceres agrees to compensate DBAG for such work on a time-and-materials basis, has been signed by Ceres. The obligation of DBAG to perform work under such a Change Request is subject to the condition precedent that DBAG has reasonable access to the additional resources set forth in the notice submitted to Ceres under the third sentence of this Section 4.4.3.

4.4.4 Any Change Request by either DBAG or Ceres shall be communicated to the designated recipient of the Change Request through the Eurex

Entities. The Eurex Entities shall without undue delay investigate implications of the proposed Change Request on the Eurex Operations and on the compatibility of the software and the systems used for the operation of each of the Eurex Exchanges and the CBOT Electronic Market. Following such investigation, the Eurex Entities shall promptly forward, with comments as appropriate, the Change Request to the designated recipient. Any Change Request directly submitted to the designated recipient shall be deemed non-existing and shall not be processed by the recipient of such Change Request.

4.4.5 A Change Request will become binding if it has been signed by Ceres, the Eurex Entities and DBAG. DBAG, the Eurex Entities and Ceres will evaluate Change Requests without undue delay. Except as provided in Sections 4.4.2 and 5.1, no party is under an obligation to perform work under a Change Request prior to the Change Request having been orderly signed; the costs for performing any such work prior to signing will be borne by the party performing the work.

4.4.6 Under no circumstances shall DBAG and the Eurex Entities be obliged to agree to any Change Request that would have a negative impact on any of the Eurex Operations, the Eurex Software or the Network.

4.4.7 In the event DBAG or the Eurex Entities unreasonably decline acceptance of a Change Request regarding the Licensed Programs which is necessary in order to adhere to legal or regulatory requirements (other than with respect to the Texas Case regarding which Section 14.1.5 shall apply), Ceres may ask a third party to make the necessary modifications to the Eurex Software. In such case, (i) the Eurex Entities and DBS have to provide, subject to appropriate confidentiality undertakings, the relevant source code and the right to modify it, each as necessary, to such third party, and (ii) the implementation of the modifications made by the third party is subject to the approval by DBS and the Eurex Entities. In the event such approval is unreasonably declined by the Eurex Entities and/or DBS, Ceres may declare termination of this Agreement. In case the approval is given by DBS and the Eurex Entities, the modifications made

by the third party may be used by Ceres and CBOT throughout the term of this Agreement.

4.5 System Investigation Request. Sections 4.4.4 and 4.4.6 shall apply with regard to any request for work under this Agreement that does not require a Change Request (a "System Investigation Request"). DBAG shall not perform any work under a System Investigation Request prior to the written approval of such System Investigation Request by the Eurex Entities. The System Investigation Requests listed in Schedule 4.4 have been agreed under the Master Software Development Agreement by the parties to such agreement and shall be deemed System Investigation Requests pursuant to this Agreement.

5. Co-operation, Communication, Subcontracting

5.1 Critical Instructions. If Ceres issues an instruction to DBAG, the instruction is invalid until the Eurex Entities confirm the instruction. As a matter of exception, if Ceres issues a written instruction to DBAG which states that immediate compliance with the instruction is required by a regulatory agency having authority over the CBOT Electronic Market, DBAG shall immediately (i) commence work in accordance with the instruction, and (ii) forward a copy of the instruction to the Eurex Entities. Ceres will pay DBAG for all work under such an instruction on a time-and-materials basis. If DBAG reasonably believes that implementation of such an instruction is contrary to other work to be performed by DBAG under this Agreement or by DBS under the New Systems Operations Agreement, or the operation of any of Eurex Operations, DBAG will immediately notify Ceres and the Eurex Entities accordingly, and DBAG will not be required to implement the instruction until both Ceres and the Eurex Entities have confirmed the instruction.

5.2 Delays. Reference to obligations of Ceres also includes all Tasks to be performed by Ceres. DBAG will not be responsible for delays in work under this Agreement or for budget overruns which are caused by acts or omissions by Ceres. DBAG shall notify Ceres of the specific risk that the delay or budget overrun will occur, and Ceres must be given the opportunity to perform the relevant Task without undue delay.

5.3 Co-operation. Ceres will provide the resources identified in Schedule 4.1.1 and each applicable Change Request and perform such other Tasks as may be set forth in Schedule 4.1.1 and each Change Request. Ceres shall provide DBAG and its subcontractors with all reasonable co-operation and assistance in the performance of the Maintenance Services, in each case including:

5.3.1 Ceres will make all decisions reasonably requested of it by DBAG in a timely manner; such decisions will be made at the latest within one week after receiving a written request from DBAG for the decision; provided that such one week period does not commence to run if Ceres still requires reasonable information from DBAG before making the decision. The one week period will be extended by a reasonable amount of time if circumstances require this.

5.3.2 Ceres will provide in a timely manner all information which the Eurex Entities or DBAG or its subcontractors reasonably requests.

5.3.3 Ceres will provide appropriately equipped facilities designated by the Program Managers, particularly in the United States of America (the "Facilities"), for carrying out the Maintenance Services within the scheduled time frame at the reasonable request of DBAG or its subcontractors. The appropriate equipment in the Facilities does not include components of the system which are being provided by DBAG.

5.3.4 As DBAG or its subcontractors may reasonably request assistance, Ceres will make personnel resources available at locations where work within the scope of the Maintenance Services is being conducted in order to provide such assistance in a timely manner.

5.3.5 Ceres will provide DBAG and its subcontractors with access to the Facilities where equipment required for the performance of the Maintenance Services is located 24 hours per day, 365 days per year (including weekends and holidays), except to the extent that security requirements make such access unreasonable.

5.3.6 DBAG will provide reasonable assistance to Ceres and its employees and subcontractors so that they can perform their Tasks and other work relating to the Maintenance Services.

5.4 Program Managers. DBAG and Ceres will each appoint one Program Manager. Each Program Manager is entitled to make all decisions and issue all declarations on behalf of its principal with regard to any aspect of the Maintenance Services, provided, however, that the Program Managers are not entitled to make any decision without the consent of the Eurex Entities. Each party will also appoint substitute Program Managers who can exercise the authority of the Program Managers in their absence. Neither Ceres nor DBAG has any responsibility for monitoring whether the other side's Program Manager has actually complied with the internal approval procedures. One side's Program Manager can delegate authority for a specific matter or for categories of matters to another person by informing the other side's Program Manager in writing; the delegation of authority may only be cancelled by written notification to the other Program Manager. The names of the current Program Managers and their substitutes are set forth in Schedule 5.4.

5.5 Eurex Manager. The Eurex Entities will appoint a Eurex Manager. The Eurex Manager is entitled to make all decisions and issue all declarations on behalf of the Eurex Entities with regard to any aspect of the Maintenance Services. The Eurex Entities will also appoint a substitute Eurex Manager who can exercise the authority of the Eurex Manager in his absence. Neither Ceres nor DBAG has any responsibility for monitoring whether the Eurex Manager has actually complied with the internal approval procedures. The Eurex Manager can delegate authority for a specific matter or for categories of matters to another person by informing the Program Managers in writing; the delegation of authority may only be cancelled by written notification to the Program Managers. The names of the current Eurex Manager and his substitute are set forth in Schedule 5.4.

5.6 Escalation Committee. The parties will establish an "Escalation Committee" which will consist of CBOT's Chairman and Chief Executive Officer, the Officer of DBAG's Management Board responsible for DBAG's interest in the Eurex Operations and the Chief Executive Officer of the Eurex Entities. The purpose of

the Escalation Committee is to discuss Problems which are not resolved by the Program Managers.

5.7 Subcontractors. DBAG may engage subcontractors for the performance of the Maintenance Services without CBOT's or Ceres' consent. Prior to engaging any subcontractor other than DBS or a subcontractor who is a natural person (such natural person a "Freelancer"), DBAG shall inform Ceres and the Eurex Entities about the intended subcontracting. Subject to Section 4.4.7, any engagement of a subcontractor that is not a member of the Eurex Group by Ceres to provide Maintenance Services shall require prior written approval by DBAG and the Eurex Entities. Each party will be liable for the performance of its subcontractors under (S) 278 German Civil Code. Each party must especially make sure that its subcontractors comply with all provisions of the Agreement relating to confidentiality and each party must require each of its subcontractors to execute appropriate non-disclosure agreements consistent with the requirements of Section 15.

6. Legal and Regulatory Environment

6.1 Compliance. DBAG will perform the Maintenance Services in compliance with legal and regulatory requirements, if any, for the operation of the CBOT Electronic Market in effect on the Effective Date. Ceres is responsible for timely informing DBAG about these requirements and their impact on the Maintenance Services. DBAG and each of the Eurex Entities will monitor the compliance of their respective employees and subcontractors assigned to provide Maintenance Services with CFTC Regulation 1.59 and will require such persons to execute a letter in the form set forth in Schedule 6.1.

6.2 Other Standards. Ceres may require that the Maintenance Services will comply with other standards at any time by initiating the Change Request procedure.

6.3 Monitoring. Ceres is responsible for monitoring all changes in the legal and regulatory requirements and standards set forth in the preceding Sections 6.1 and 6.2 for the CBOT Electronic Market. Ceres will, through the Change Request procedure, inform DBAG without undue delay about any changes required in the

Maintenance Services in order to comply with changes in such requirements and standards.

6.4 Regulatory Audits. At the request of CBOT, DBAG will grant reasonable access to its facilities, records and personnel to regulatory authorities for the purpose of auditing the CBOT Electronic Market.

7. Development Environment

7.1 Location. DBAG will perform most of the work falling within the scope of the Maintenance Services in its own facilities in Frankfurt am Main, and DBAG will own, either directly or indirectly, the development environment in Frankfurt am Main.

8. Problem Resolution

8.1 Notification. Each of the parties can notify each other at any time in writing about a "Problem". A Problem is (i) an alleged failure of a party to perform its obligations, (ii) a disagreement about whether requested work or material is within the scope of the Maintenance Services, or (iii) any circumstance, whether or not within the control of the parties, which adversely affects performance under this Agreement within the agreed time and budget. For purposes of this Section 8, the Eurex Manager shall be deemed a Program Manager.

8.2 Timeliness. Each of the parties will inform each other about a Problem without undue delay after becoming aware of it. If documentary evidence clearly shows that a party was aware of a Problem or should have been aware of the Problem exercising a highly professional standard of care, and the party failed to inform the other party within two weeks of becoming aware or when it should have become aware, the party who raises the Problem cannot assert any claims or other rights against the other party resulting from the Problem prior to notification, but the party raising the Problem can require the other party to correct the Problem without undue delay.

8.3 Content. Notification of a Problem shall be in a written "Problem Report" which at a minimum contains sufficient information (to the extent reasonably available to

the notifying party) under the following headings to reasonably evaluate the Problem:

- description of the Problem including a designation of those parts of the Maintenance Services affected by the Problem,
- estimated impact on timing and costs,
- proposal for corrective action,
- description of the resources needed for the corrective action,
- proposal for allocation of costs resulting from the Problem and the corrective measures.

A Problem Report needs to be signed by the Program Manager of the party submitting the Problem Report.

8.4 Resolution. If the Program Managers cannot resolve a Problem within 10 Business Days after a Problem Report has been submitted, either party can refer the Problem in writing to the Escalation Committee. The Escalation Committee cannot impose a resolution of a Problem on a party without the party's consent. If any Program Manager notifies the other Program Managers in writing that the Problem is urgent, the period of 10 Business Days for referral to the Escalation Committee will not apply, i.e. the Problem can be referred immediately. If the Escalation Committee is unable to resolve the Problem within 30 Business Days after the problem has been referred to it in writing, or such earlier date if it agrees that it cannot resolve such Problem, either party may proceed to arbitration as set forth in Section 18.9.

8.5 Continued Performance. Pending resolution of a Problem (including through arbitration) involving an allegation of improper performance on the part of DBAG, Ceres must continue to make payments on DBAG's invoices relating to the Maintenance Services equal to (i) the amounts owed for work not materially affected by the alleged improper performance, and (ii) 75% of the other invoiced amounts. DBAG cannot suspend performance, pending resolution of a Problem. However, if Ceres fails to comply with its obligation under the first sentence of this Section 8.5, DBAG can suspend its performance only for the work for which

payment has been withheld in violation of the first sentence of this Section 8.5. If Ceres has suspended payment only under a Change Request, DBAG can only suspend performance of its work under that Change Request. Under no circumstances will DBAG suspend performance except as permitted under this Section 8.5.

8.6 Record. If the parties resolve a Problem without arbitration, the parties will record the resolution in writing.

8.7 No Waiver. Compliance with the Problem resolution procedure does not waive any substantive rights or remedies under this Agreement.

9. Quality Control

9.1 Deliverables Sign-Off. DBAG will submit Deliverables to Ceres for "Sign-Off" using a Sign-Off Form (in a form to be provided by DBAG). Sign-Off on a Deliverable does not constitute acceptance or part acceptance of such Deliverable. The party receiving a Deliverable will sign and return the Sign-Off Form or a Deficiency Report (in a form to be provided by DBAG), and will provide the Eurex Entities with a copy of such document. Ceres will examine the Deliverables for any discrepancies between the required functionality and other characteristics of the Deliverable required by this Agreement and the actual functionality and other characteristics of the Deliverable as submitted ("Deviations"). However, Ceres is under no obligation to examine the technical solutions contained in the Deliverables. The Deficiency Report will contain a detailed description of any Deviations. A Deficiency Report requires the signature of Ceres' Program Manager. DBAG will correct the Deviations without undue delay and resubmit the Deliverable. Subject to Section 9.2, this process will be repeated until all Deviations have been corrected. Failure to submit the Sign-Off Form or a Deficiency Report within two weeks of receipt of the Deliverable will constitute Sign-Off.

9.2 Repeat Attempts. If DBAG fails to correct a Deviation listed in a Deficiency Report on the first try, DBAG will not be entitled to charge for further work required to correct the Deviation. Notwithstanding the foregoing, DBAG will not

charge any additional fee for any work required to correct a Deviation in a Deliverable to the extent that Ceres is paying a fixed fee for such Deliverable. Should DBAG fail to cure a Deviation within a reasonable time, Ceres may subcontract the work to a third party, and DBAG will return any remuneration already received for the Deliverable to the extent that the DBAG work cannot reasonably be used. DBAG will co-operate with the new subcontractor. The liability of DBAG to make payments under this Section 9.2 is limited to the amount which DBAG received for the corresponding work.

9.3 No Deviation. If an alleged Deviation described in a Deficiency Report is found not to exist and if the alleged Deviation instead constitutes a change in the scope of the Deliverable, DBAG will notify Ceres accordingly, and Ceres can then initiate the Change Request procedure. If Ceres and DBAG disagree about the existence of a Deviation and the disagreement is not resolved by the Program Managers, either DBAG or Ceres can initiate the Problem Report procedure.

9.4 Deliverables Acceptance. DBAG will notify Ceres, with a copy to the Eurex Entities, that a Deliverable due under this Agreement or any applicable Change Request is ready for Acceptance after DBAG has successfully completed testing, unless otherwise agreed. Ceres will have the right to test (in accordance with the applicable Test Procedures) all of the Deliverables, and in combination with any other systems, software or hardware with which the Deliverables are intended to be used. In accordance with Sections 9.4.1 through 9.4.3, Ceres will either sign an acceptance form in a form agreed to by Ceres and DBAG (the "Acceptance Form") or a Deficiency Report, in each case with a copy to be provided to the Eurex Entities.

9.4.1 When Ceres submits a Deficiency Report in connection with the Acceptance of a Deliverable, in addition to the detailed description of any Deviation, Ceres will classify the Deviation as follows:

Class 1: The Deviation would prevent the Deliverable as a whole from operating or would have such an impact on the operation of the Deliverable that its use in production would not be commercially viable.

Class 2: The Deviation would have a materially detrimental impact on the operation of the Deliverable as a whole, although the Deliverable could still be used in production in a commercially viable manner, if necessary with reasonable work-around efforts. If a combination of Class 2 and Class 3 Deviations would prevent the Deliverable as a whole from being used in a commercially viable manner, the combination of Class 2 and Class 3 Deviations constitutes a Class 1 Deviation.

Class 3: These are any other Deviations. If a combination of Class 3 Deviations would prevent the Deliverable as a whole from operating or would have such an impact on the operation that its use in production would not be commercially viable, the combination of Class 3 Deviations constitutes a Class 1 Deviation. If a combination of Class 3 Deviations would have a materially detrimental impact on the operation of the Deliverable as a whole, although it could still be used in production in a commercially viable manner, if necessary with work-around efforts, the combination of Class 3 Deviations constitutes a Class 2 Deviation.

9.4.2 If Ceres classifies a Deviation as a Class 1 Deviation during the Test Procedure, Ceres can cancel or interrupt the Test Procedure and require DBAG to reexamine the Deliverable and correct the Deviation and any other Deviations which were already identified as soon as possible using its best efforts prior to resubmitting the Deliverable for the Test Procedure. If Ceres classifies a Deviation as a Class 2 Deviation during the Test Procedure, the Test Procedure will continue to the extent reasonably feasible, and DBAG will correct the Deviation and any other Deviations which were already identified as soon as possible using its best efforts. Ceres must only accept the Deliverable as a whole after conclusion of the Test Procedures when all Class 1 Deviations have been corrected.

9.4.3 After conclusion of the Test Procedure, Ceres is not entitled to refuse Acceptance of the Deliverable due to Class 2 or Class 3 Deviations. However, DBAG must correct the Class 2 and Class 3 Deviations without undue delay after they have been reported.

Failure to submit the Acceptance Form or a Deficiency Report within two weeks after the Test Procedures have been concluded constitutes Acceptance of the Deliverable. If the parties disagree about the classification of a Deviation and the disagreement is not resolved by the respective Program Managers, either party can initiate the Problem Report procedure.

9.5 Services. Services, which are not part of any Deliverable (i.e., training services), are not subject to the Sign-Off procedures; rather, Ceres can register complaints on a Deficiency Report if it is dissatisfied with a Service. During the performance of Services any deficiencies must be submitted in writing to DBAG (with a copy to the Eurex Entities). If documentary evidence clearly shows that Ceres was aware of a deficiency in the Service or should have been aware of the deficiency in the Service exercising a highly professional standard of care, and that Ceres fails to inform DBAG (with a copy to the Eurex Entities) within two weeks of becoming aware thereof, Ceres cannot assert any claims or other rights against DBAG resulting from the deficiency in the Service prior to notification, but Ceres can require DBAG to correct the deficiency in the Service without undue delay. DBAG must correct the deficiency at its expense.

10. Service Fees, Payment

10.1 Service Fee. Schedules 4.1.1 and 10.2 and, if applicable, the Change Requests will specify the fees ("Service Fees"), reimbursable expense categories and payment schedules payable by Ceres to DBAG. Ceres will only reimburse DBAG for those categories of expenses identified in the Schedules and the Change Requests or elsewhere in this Agreement and only to the extent the expenses are reasonable and documented.

10.2 Time and Materials. If this Agreement, a Schedule or a Change Request does not specify a Service Fee or specifies that charges will be on a time-and-materials

basis, DBAG will charge on a time-and-materials basis according to the DBAG catalogue of prices attached as Schedule 10.2 (the "DBAG Catalogue of Prices").

10.3 Invoices. DBAG will send invoices to Ceres. Each invoice will include supporting information for the specific line items which are charged. Ceres can conduct an audit of DBAG's records to the extent reasonably required to confirm the accuracy of the invoiced amounts (e.g., reviewing timesheets, travel expense reports). If the audit reveals a variance of more than 5% in a calendar quarter between the invoiced amount and, if less, the correct amount, DBAG will reimburse Ceres for the cost of the audit.

10.4 VAT, Tax Laws. The parties acknowledge that the Maintenance Services provided by DBAG are under current German law not subject to Value Added Tax. Accordingly, the Service Fees invoiced by DBAG to Ceres are net of any Value Added Tax. In case all or part of the Maintenance Services become subject to Value Added Tax under the then current law and DBAG is required to pay and has paid such tax, Ceres shall reimburse DBAG the charge of Value Added Tax in the amount as stipulated by law for the respective service. If tax laws change after the execution of this Agreement so that Ceres is required to pay any new non-refundable taxes to a tax authority on payments made to DBAG under this Agreement, Ceres can require DBAG to commence negotiations on an adjustment of this Agreement in order to minimize the tax detriment to Ceres. No party is under an obligation to accept an adjustment which would have a materially detrimental financial impact on it or one of its Affiliates. If Ceres and DBAG do not agree on an adjustment within two months of receipt of the request to commence negotiations, the party for which there would be a materially detrimental financial impact on itself or one of its Affiliates can terminate this Agreement by written notice effective at the end of the calendar month following the month in which the notice is given. DBAG will charge for its efforts to wind down the work under this Agreement or transfer the work to any other party or third party on a time-and-materials basis.

Prior to receiving any payment which may be subject to United States withholding taxes from Ceres, DBAG shall confirm in writing that such payment is not subject to withholding taxes or deliver to such party two original copies of Internal

Revenue Service Form "W-8BEN" or "W-8ECI" (or any successor forms), accurately completed and duly executed by the issuer of the invoice, together with any other certificate or statement of exemption required under the Internal Revenue Code or the regulations issued thereunder to establish that the issuer of the invoice is not subject to deduction or withholding of United States federal income tax with respect to such payments. DBAG hereby agrees, from time to time after the initial delivery by DBAG of such confirmation, forms, certificates or other evidence whenever a lapse in time or change in circumstances renders such confirmation, forms, certificates or other evidence obsolete or inaccurate in any material respect, to deliver to Ceres a reconfirmation that such payment is not subject to withholding tax or two new original copies of Internal Revenue Service Form "W-8BEN" or "W-8ECI" (or any successor forms) accurately completed and duly executed by the issuer of the invoice, together with any other certificate or statement of exemption required under the Internal Revenue Code or the regulations issued thereunder to confirm or to establish that the issuer of the invoices is not subject to deduction or withholding of United States federal income tax with respect to any such payments. Notwithstanding this Section 10.4, the relevant Service Fees shall be paid net of any U.S. withholding tax caused by the failure of DBAG to provide Ceres with such forms, certificates or other evidence.

10.5 Payments. All payments are due within 20 Business Days of receipt of an undisputed invoice and are not subject to any deductions for prompt payment (Skonto). All payments will be made free of bank charges or other deductions to an account which DBAG specifies in writing to Ceres.

10.6 Set-Off. Legal rights of any party to set-off against claims of the other party are excluded, except where the corresponding claim of such party has either been determined by a final arbitral award pursuant to Section 18.9 or expressly acknowledged by the other party in writing.

11. Warranties

11.1 Exclusion. Except as set forth in Section 11.2, all claims under warranty (Gewahrleistungsanspruche) against DBAG for any defects in a Deliverable included or used in the Licensed Programs that arise after Ceres' Acceptance of a

Deliverable are excluded. However, if DBAG has a claim under warranty or for any other reason against any subcontractor or other third party, in each case other than DBS, related to any Deliverable, DBAG will inform Ceres about the claim and, at the request of Ceres, assign the claim to Ceres or assert the claim for the account of Ceres.

11.2 General Warranties. The condition of the Deliverables (vereinbarte Beschaffenheit) shall be as follows: (i) each Deliverable will be free from all viruses, worms, trojan horses, cancelbots and other contaminants including, without limitation, any codes or instructions that can be used to access, modify, delete or damage any data files or other computer programs used by Ceres or CBOT; and (ii) subject to Section 14.1.5, the Deliverables do not, and will not, infringe, misappropriate or otherwise violate any proprietary right of any third party (the exclusive remedies for this last warranty (ii) are set forth in Section 14). These general warranties apply to standard third party software (e.g., standard Microsoft products) only to the extent that DBAG has corresponding warranties from the third party.

12. Limitation of Liability

12.1 Conduct. DBAG, SWX or the Eurex Entities, as the case may be, will each be severally liable (including consequential damages) to Ceres and CBOT and only to the extent that DBAG's, SWX's or the Eurex Entities', as the case may be, intentional misconduct or gross negligence causes or results in any damages or harm to Ceres or CBOT. Ceres and CBOT will be liable (including consequential damages) to DBAG, SWX and to the Eurex Entities only to the extent CBOT's or Ceres' intentional misconduct or gross negligence causes or results in any damages or harm to DBAG, SWX or the Eurex Entities. If DBAG, on the one hand, or CBOT or Ceres, on the other hand, notifies the other that it has failed to properly perform an obligation, even if the failure was without fault, and the notified party fails to cure the failure within a reasonable period, the notified party will be liable only in the event such failure to cure is a result of gross negligence or intentional misconduct. It is the understanding of the parties that the preceding sentence reflects their understanding of Section 11.1, last sentence of the Master Software Development Agreement.

12.2 Breach of Contract. This Agreement (including Schedules and Change Requests) may contain provisions on liability which apply exclusively in specified circumstances; to the extent this is the case, all further liability shall be excluded. To the extent that a specific provision does not exist and a party, as a result of negligent conduct, materially breaches a contractual obligation, that party will, subject to the limitation set forth in Section 12.3, be liable for the harm suffered by the other parties, except for consequential damages.

12.3 Limitation of Liability. The total liability of DBAG, SWX and the Eurex Entities, on the one hand, and Ceres and CBOT, on the other hand, for violations of any obligations under or in relation to this Agreement, including a breach of the warranties issued pursuant to Section 11.2, and the New Systems Operations Agreement is limited to (Euro) [**] per calendar year, whereby, for the purposes only of this provision, a liability of DBS under the New Systems Operations Agreement shall be deemed a liability of DBAG. This limit also applies to claims arising under provisions on liability which apply exclusively in specific circumstances. This Section 12.3 does not apply to claims under Section 14.

12.4 Claims Exceeding Limitation of Liability. If DBAG, on the one hand, or Ceres or CBOT, on the other hand, violate its obligations under this Agreement and the Software Maintenance Agreement to the extent that the other party would have claims against the violating party in excess of (Euro) [**] in any calendar year but for Section 12.3, the party whose claim is limited by Section 12.3 can terminate its participation in this Agreement pursuant to Section 17.2 within one month after notifying the other party in writing of the claim and the amount in excess of (Euro) [**] ("Claim"). A party which receives notice of the Claim under this Section 12.4 can cancel the effect of the notice of termination by paying to the terminating party the excess amount stated by the terminating party in its notice under the first paragraph of this Section 12.4 within one week of receiving the notice of termination; such payment does not prejudice the rights of any of the parties under the Problem resolution procedures or in arbitration.

12.5 Sole Liability. SWX and the Eurex Entities shall each be severally liable to Ceres and CBOT solely for damages arising from their own intentional misconduct or gross negligence, respectively. Under no circumstances shall SWX and the Eurex

Entities be liable to Ceres or CBOT jointly and severally (gesamtschuldnerisch) with DBAG (i) for the performance of, or DBAG's or its subcontractors' failure to perform, any of DBAG's obligations pursuant to this Agreement, or (ii) any conduct (Section 12.1) of, or the breach of contract (Section 12.2) by, or warranties or covenants of, DBAG or any of its subcontractors.

12.6 Insurance. The limits on liability in Section 12.3 do not apply to the extent that a party maintains insurance policies which would provide coverage in excess of the limits on liability. The parties will inform each other about current and future insurance policies which provide coverage in excess of the limits in Section 12.3. At the request of Ceres, DBS will have Ceres named as additional beneficiary under existing insurance policies; Ceres will bear any additional costs. DBS will conclude future insurance policies giving coverage in excess of the limits in Section 12.3 upon receiving corresponding instructions from Ceres and an undertaking by Ceres to reimburse DBS for the corresponding insurance premiums. Ceres can determine the insurer, the beneficiaries and other aspects of the insurance policies.

13. Personnel

13.1 Qualifications. DBAG will only assign personnel to the Maintenance Services who are suitably qualified for the performance of DBAG's obligations under this Agreement. Ceres will only assign personnel to the Maintenance Services who have sufficient knowledge of the aspects of the relevant business, functional requirements, practices and areas of expertise in order to provide efficient cooperation with DBAG in performing the work under the Schedules or the Change Requests.

13.2 Transfer. DBAG and Ceres, respectively, can require at any time that an individual assigned to the Maintenance Services be removed if such request is based on plausible reasons and not purely arbitrary. Such a demand is only permissible if the demanding party can provide clear and convincing evidence that the continued presence of the individual will endanger the successful completion of the work for which the individual is responsible. All demands for transfer or removal must be in writing and must state the reasons for the demand. The other

party must comply with the request within two weeks and provide a suitable replacement without undue delay or deliver a Problem Report to the demanding party.

14. Indemnification

14.1 Third Party Intellectual Property.

14.1.1 Subject to Section 14.1.5, DBAG will indemnify, defend and hold Ceres and CBOT harmless for all losses, damages, expenses and costs (excluding consequential damages except in the case of intentional misconduct or gross negligence on the part of DBAG) related to or arising from all claims asserted by third parties against Ceres or CBOT caused by the performance of the Maintenance Services in which the third parties allege violations of intellectual property rights or of similar proprietary rights (e.g., under laws against unfair competition).

14.1.2 Ceres and CBOT will inform DBAG without undue delay when such claim is asserted against it. DBAG will select, at its own expense, legal counsel reasonably acceptable to Ceres and CBOT for any proceedings, although Ceres and CBOT are permitted to have, at their own expense, legal counsel of their choice also participate in the proceedings.

14.1.3 Neither Ceres nor CBOT is permitted to settle any claims of third parties covered by Section 14.1.1 so long as DBAG fully complies with its obligations under the above provisions, unless such settlement includes a release of DBAG from liability under the claim that is the basis of the proceeding.

14.1.4 If Ceres or CBOT, as the case may be, are prohibited in proceedings about intellectual property rights (other than the Texas Case) or similar proprietary rights directed against any of them from using a Deliverable, or if such a prohibition is probable in its reasonable estimation, DBAG, at its own cost, will use reasonable efforts to obtain the right for Ceres to continue to use such Deliverable on commercially reasonable terms or use reasonable efforts to modify such Deliverable in such a manner that the

violation of the intellectual property right or similar proprietary right no longer exists. This Agreement will then apply to the new or modified Deliverable.

14.1.5 The parties are aware of the claims based on U.S. Patent No. 4,903,201 (the "Patent") asserted in the case captioned eSpeed, Inc. and Electronic Trading Systems Corporation v. Board of Trade, et al., Civil Action No. 3-99CV1016-M, pending in the United States District Court for the Northern District of Texas (the "Texas Case"). None of the parties to this Agreement have any reason to believe that, when used in the manner contemplated in this Agreement, any component of either the Maintenance Services or the System do or will infringe any valid patent rights of the plaintiff in the Texas Case. Notwithstanding any other provision of this Agreement, no party shall have any liability to another party under this Agreement arising out of or in connection with the Patent or any claims asserted with respect thereto, in the Texas Case or otherwise, based upon the Patent. If the decision in the Texas Case is in favor of the plaintiff, DBAG and Ceres will use good faith efforts to modify, if applicable, the Maintenance Services so that the Texas Case does not affect the performance of the Maintenance Services. Ceres shall pay for any such efforts of DBAG on a time-and-materials basis.

14.2 General Indemnification.

14.2.1 Each party will hold each other party harmless from any claim asserted against it by such other party's respective personnel or subcontractors for personal injury or damage to property incurred while such personnel is at such party's or an Affiliate's facilities in connection with this Agreement unless the harm was the result of intentional misconduct or gross negligence on the part of the other party or its Affiliate. Each party will also hold each other party harmless from claims asserted against such party by third parties resulting from intentional misconduct or negligence of such party's personnel.

14.2.2 Each party will notify each other without undue delay if a claim is asserted for which a party will be seeking indemnification. The right to indemnification also covers the indemnified party's costs in defending against the claim so long as the indemnified party coordinates the defense of the claim with the party against whom indemnification is claimed. A party seeking indemnification is not permitted to settle the matter so long as the party against whom indemnification is claimed is in compliance with its obligations under this Section 14.2.2 unless such settlement includes a release of indemnifying party from liability under the claim that is the basis of the proceeding.

15. Confidentiality

15.1 Confidential Information. The parties acknowledge that they have received and will receive confidential information in connection with this Agreement and the transactions contemplated hereby related to and including trade secrets and business information regarding the business, financial situation, products and prospects of the other parties and their Affiliates ("Confidential Information"). For purposes hereof, Confidential Information includes but is not limited to (i) all documents and other media given or shown to any other party containing the legend "confidential", (ii) all documents, other media and other information (whether or not in written form) ancillary or related to such documents, (iii) all documents, other media and other information (whether or not in written form) prepared by the receiving party to the extent that they contain, reflect or are based upon, in whole or in part, any Confidential Information furnished by the disclosing party, (iv) except as set forth in any marketing plan or press release to which the parties mutually agree in writing, all information related to the subject matter of this Agreement, (v) all information that is Confidential Information as defined in Section 7.2 of the Non-exclusive Software License Agreement, and (vi) all Confidential Information as defined in each of the Preexisting Agreements. Confidential Information does not include any information: (i) which becomes generally available to the public other than as a result of a breach of this Section 15.1, (ii) which is received from a third party provided that the third party is not bound by an obligation of confidentiality with respect to such information, or (iii)

which was legally in a party's possession without obligations of confidentiality prior to such information being furnished as Confidential Information.

15.2 Use. The parties agree that all Confidential Information will be used only for the purpose of providing the Maintenance Services to Ceres and CBOT under this Agreement. The receiving party of each item of Confidential Information will use reasonable efforts, taking into account the materiality and proprietary nature of the particular Confidential Information, to protect such Confidential Information from unauthorized use or disclosure (intentional, inadvertent or otherwise) and, in any event, will exercise at least the same reasonable level of care to avoid any such unauthorized use or disclosure as it uses to protect its own information of a like nature. For the avoidance of doubt, the Confidential Information of a party may not be used by another party for any purpose other than to provide services to CBOT or Ceres under this Agreement or the New Systems Operations Agreement.

15.3 Exceptions. Notwithstanding the foregoing, the parties may disclose Confidential Information to third parties with the prior written consent of the other parties hereto, and the parties will be free to disclose Confidential Information without the consent of the other parties to their attorneys and accountants, their clearing organizations, and to governmental entities and applicable self-regulatory organizations in connection with obtaining regulatory approvals to the extent necessary and reasonably appropriate to obtain such approvals or as otherwise required by law, rules of, or direction by, regulatory authorities having jurisdiction over the disclosing party, and only to the extent required by or reasonably requested by such authority, as well as to their directors, employees, attorneys, consultants and agents on a need-to-know basis in connection with their duties, as long as such persons are advised of the confidential nature of such information and their obligation to protect it as confidential and are bound by confidentiality undertakings consistent with this Section 15.

15.4 Return/Destruction. If this Agreement is terminated for any reason, the receiving parties of each item of Confidential Information, including documents, contracts, records or properties, will return it to the disclosing party thereof or, in the receiving party's discretion, destroy it and provide a certification to the disclosing party that all such Confidential Information has been returned or destroyed

immediately after termination, except to the extent that retention of any Confidential Information is expressly permitted by any other written agreement among the parties or their Affiliates. The provisions of this Section 15 will survive the termination of this Agreement.

16. Public Notices

16.1 Press Releases. Notwithstanding Section 11.1 of the Reorganization Agreement, and subject to the other parties' prior written approval, which will not be unreasonably withheld, each party and its subcontractors may advertise and publicize the fact that the parties are cooperating on the Maintenance Services. The parties will cooperate in drafting press releases concerning the Maintenance Services.

16.2 Disputes. Notwithstanding Section 11.1 of the Reorganization Agreement, any statement to the press (or to a third party with the intent that the third party forward the statement to the press) concerning a Problem in which one party allocates blame for the Problem to another party requires the written approval of all parties, which consent will not be unreasonably withheld.

16.3 Terms of Agreement. No party will disclose the terms and conditions of this Agreement or proposed Change Requests except to the other parties or as reasonably required to perform its obligations or as required by law, or for such disclosures as may be necessary or desirable in the ordinary course of such party's business including, without limitation, disclosures with attorneys, consultants, accountants and similar professionals.

17. Termination, Term

17.1 Term. The term of this Agreement begins as of the Effective Date, and ends on December 31, 2003, unless terminated earlier pursuant to Sections 17.2 or 17.3.

17.2 Termination for Cause (Kundigung aus wichtigem Grund).

17.2.1 Each of DBAG and Ceres may terminate this Agreement, if the other party after receiving a written reminder (Mahnung) setting a reasonable

deadline for compliance, has not complied with terms of an agreement resolving a Problem within two weeks of conclusion of a Problem Report procedure relating to such Problem. They may also terminate this Agreement with immediate effect without first implementing the Problem Report procedure if the other party intentionally commits a material breach of the obligation of confidentiality (Section 15).

17.2.2 The Eurex Entities may terminate this Agreement for cause, if CBOT and/or Ceres are breaching their obligations under the Network Restriction. Either of the Eurex Entities, on the one hand, and CBOT and Ceres, on the other hand, may terminate this Agreement for cause in the event the other party is in breach with its obligations under the Product Restrictions.

17.2.3 DBAG may terminate this Agreement upon the public announcement of, or the filing of a notice with the SEC relating to, a Change of Control of any member of the CBOT Group other than C-B-T Corporation and its legal successors or assigns (to the extent it remains in its present lines of business), provided that (i) all Service Fees that would have to be paid by Ceres (to be calculated on the basis of the average payment of Service Fees until declaration of termination) throughout the entire regular term of the Agreement (i.e. through December 31, 2003) are immediately due and payable, and (ii) DBAG will ensure termination assistance for a period no longer than two months from the declaration of termination by DBAG, and (iii) in the event a public announcement or SEC filing takes place after December 31, 2002, only the closing of the so announced or notified transaction shall trigger the termination right and termination assistance shall in such case be made available for a period of four months from the declaration of termination, but in no event beyond December 31, 2003. Termination assistance shall mean that DBAG shall continue to perform the Maintenance Services, and Ceres shall have the obligation to pay for the Maintenance Services, each as set forth in this Agreement, through the end of the termination assistance. To the extent required by a corresponding written notice of Ceres, DBAG must decide within 30 days

of receipt of such notice whether or not to exercise the right to terminate pursuant to this section.

17.2.4 DBAG may terminate this Agreement upon the public announcement of, or the filing of a notice with the SEC relating to, the introduction of a system succeeding the System after the end of the Follow-up Agreements (as defined in the Reorganization Agreement), provided that (i) all Service Fees that would have to be paid by Ceres (to be calculated on the basis of the average payment of Service Fees until declaration of termination) throughout the entire regular term of the Agreement (i.e. through December 31, 2003) are immediately due and payable, and (ii) DBAG will ensure termination assistance (as described in Section 17.2.3) for a period no longer than two months from the declaration of termination by DBAG, and (iii) this Section 17.2.4 applies only in the event such public announcement or SEC filing takes place before December 31, 2002 and if another exchange or contract market, or any of its respective Affiliates, is directly or indirectly involved in providing the succeeding systems or services related thereto. This Section 17.2.4 does not apply with regard to the introduction of any system which solely relates to open outcry trading, clearing or market surveillance. To the extent required by a corresponding written notice of Ceres, DBAG must decide within 30 days of receipt of such notice whether or not to exercise the right to terminate pursuant to this section.

17.2.5 This Section 17.2 does not limit the rights of the parties to terminate this Agreement for cause (Kundigung aus wichtigem Grund) generally available under German law.

17.3 No Termination for Convenience. For the avoidance of doubt, no party shall be entitled to terminate this Agreement for convenience.

17.4 Termination of Other Agreements. This Agreement shall terminate in the event either of the Non-exclusive Software License Agreement or the New Systems Operations Agreement terminates as of the date on which such agreement terminates. DBAG will be entitled to payment on a time-and-materials basis for

the work performed after termination for the purpose of winding down. For the avoidance of doubt, this Agreement is deemed to be terminated pursuant to Section 17.2.3 in the event that the Non-Exclusive Software License Agreement is terminated pursuant to its Section 8.2 or the New Systems Operations Agreement is terminated pursuant to its Section 17.2.3.

18. General Provisions

18.1 Notices. Except as expressly set forth to the contrary in this Agreement, all notices, requests or consents required or permitted under this Agreement must be in writing and must be either (i) delivered by hand, (ii) mailed by certified or registered mail, addressed to the recipient, postage paid, and registered or certified with return receipt requested, (iii) sent by overnight courier, or (iv) transmitted by facsimile transmission, with confirmation of transmission, and are given when received by the recipient. All notices, requests and consents to be sent to a party must be sent to or made at the address given for that party in the heading of this Agreement, or such other address as that party may specify by notice to the other parties.

18.2 No Side Agreements, Amendments. While there are related agreements to which some or all of the parties hereto are parties (the Reorganization Agreement, the Non-exclusive License Agreement, the New Systems Operations Agreement and the surviving provisions of the Preexisting Agreements), this Agreement constitutes the complete agreement of the parties with respect to the matters set forth herein, and there are no oral or written side agreements to this Agreement. Amendments or supplements to this Agreement, including this Section 18.2, must be in writing and signed by all of the parties to be effective.

18.3 Savings Clause. The invalidity of individual provisions in this Agreement will not result in the entire Agreement being invalid. An invalid provision will be deemed to have been replaced by a valid provision which comes as close as possible to achieving the commercial purpose of the invalid provision.

18.4 Assignment. No party may assign this Agreement or any portion hereof, by Change of Control, operation of law or otherwise, without obtaining the prior

written consent of the other parties. The parties will grant their consent to the assignment of rights or obligations by a party to an Affiliate of such party if (i) the assigning party remains liable for any assigned obligations as a jointly and severally liable guarantor (selbstschuldnerische Burgschaft) with the assignee, (ii) the assigning party, together with its rights and obligations under this Agreement, assigns its rights and obligations, if any, under the Reorganization Agreement, the Non-exclusive Software License Agreement and the New Systems Operations Agreement to the assignee, or (iii) in case of Ceres being the assigning party, CBOT assumes a performance guarantee as set forth in Section 18.10 with regard to the assignee. The exceptions to the definition of "Change of Control" for CBOT and SWX do not require the consent of the other Parties under this Section 18.4. For the avoidance of any doubt, the above shall not entitle a party to invoke a preliminary injunction or to seek any other remedy in order to prevent the occurrence of a Change of Control.

18.5 Applicable Law. This Agreement is governed by and subject to the laws of the Federal Republic of Germany, to the exclusion of its conflicts of law rules. The laws under the UN Treaty on the International Sale of Goods shall not apply.

18.6 Language. English is the official language of this Agreement. Any notice, request or consent must be in English.

18.7 Survival. Any provisions of this Agreement that can reasonably be interpreted as being intended to survive the termination of this Agreement will survive the termination of this Agreement.

18.8 Further Assurances. The parties will execute and deliver such further documents and instruments, make such other filings and take such further actions in addition to those contemplated herein as may be reasonably requested by the other parties (other than the material payment of money) to carry out the intents and purposes of this Agreement.

18.9 Arbitration Procedure. Except with regard to actions seeking temporary or permanent injunctive relief, any dispute arising under or in connection with this Agreement between or among any parties to this Agreement will be finally settled by arbitration in accordance with the arbitration rules of the United Nations

Convention on International Trade Law (the "UNCITRAL Rules"). Prior to commencing arbitration, the parties, to the extent applicable, must have complied with the Problem procedures set forth in Section 8.

18.9.1 The arbitration will be conducted by three (3) arbitrators. Such arbitrators are to be appointed in accordance with Article 7 of the UNCITRAL Rules.

18.9.2 Where there are multiple parties, whether as claimant or as respondent the multiple claimants, jointly, and the multiple respondents, jointly, shall nominate an arbitrator pursuant to Article 7 of the UNCITRAL Rules. In the absence of such a joint nomination and where all parties are unable to agree to a method for the constitution of the Arbitral Tribunal, the London Court of International Arbitration (the "Appointing Authority" for the purposes of the application of the UNCITRAL Rules) may appoint each member of the Arbitral Tribunal and shall designate one of them to act as chairman. In such case the Appointing Authority shall be at liberty to choose any person it regards as suitable to act as arbitrator.

18.9.3 The place of arbitration shall be London. The proceedings shall be conducted in the English language exclusively.

18.9.4 The parties acknowledge that irreparable damage may occur in the event of breach of any of the terms of this Agreement.

18.9.5 If an arbitration under this Agreement coincides with an arbitrable claim under the New Systems Operations Agreement, all such matters must be asserted in the same arbitration proceedings.

18.10 Performance Guarantee.

18.10.1 CBOT hereby unconditionally and irrevocably guarantees to DBAG the full and timely performance by Ceres and any of its permitted assigns or legal successors (individually and collectively referred to as "Ceres") of all of Ceres' obligations (the "Performance Obligations") under or pursuant to this Agreement, including, without limitation, the indemnity

obligations hereunder, as and when the same shall be due to be performed under this Agreement, and all liabilities of Ceres under this Agreement in the event of any breach by Ceres of any term hereof. CBOT hereby waives any provision of any statute, regulation or judicial decision otherwise applicable hereto which restricts or in any way limits the rights of an obligee against a guarantor or surety following a default or failure of performance by an obligator with respect to whose obligations the guarantee or surety is provided.

18.10.2 DBAG may proceed to protect and enforce any or all of its rights under this Section 18.10 pursuant to Section 18.9, whether for the specific performance of any covenants or agreements of Ceres under or pursuant to this Agreement, and shall be entitled to require and enforce the performance by CBOT of all acts and things required to be performed hereunder by Ceres.

18.10.3 CBOT shall not be entitled to and does hereby waive any and all defenses now or hereafter available to guarantors, sureties and other secondary parties at law or in equity, with the exception of any defenses Ceres may have against DBAG that are available to CBOT.

18.10.4 DBAG shall be entitled to proceed on first demand directly against CBOT in respect of any Performance Obligation hereunder without any requirement that it first make any demand against or exhaust any remedies available to it from Ceres or to take any other steps.

Schedule 1.1 to the Software Maintenance Agreement

Glossary of Defined Terms

"Acceptance"	means, with respect to a Deliverable, acceptance of such Deliverable as set forth in Section 9.4.
"Acceptance Form"	is defined Section 9.4.
"Access Points"	means the "Access Points" as defined in the New Systems Operations Agreement.
"Affiliate"	means an "Affiliate" as defined in the Reorganization Agreement.
"Agreement"	is defined in the Heading and includes the Schedules.
"Appointing Authority"	is defined in Section 18.9.2.
"Business Day"	means a day where banks are open in Chicago, Frankfurt am Main and Zurich.
"CBOT"	is defined in the initial paragraph of this Agreement.
"CBOT Electronic Market"	is defined in the Recitals, Section B.
"CBOT/Eurex Alliance, L.L.C."	has the meaning as set forth in the Reorganization Agreement.
"Ceres"	is defined in the initial paragraph of this Agreement.
"Change of Control"	means a "Change of Control" as defined in the Reorganization Agreement.
"Change Request"	is defined in Section 4.4.
"Chicago Backend"	is defined in the Recitals, Section B.
"Claim"	is defined in Section 12.4.
"Class 1 Deviation"	is defined in Section 9.4.1.

"Class 2 Deviation"	is defined in Section 9.4.1.
"Class 3 Deviation"	is defined in Section 9.4.1.
"Confidential Information"	is defined in Section 15.1.
"DBAG"	is defined in the initial paragraph of this Agreement.
"DBAG Catalogue of Prices"	is defined in Section 10.2.
"DBS"	is defined in the Recitals, Section B.
"Deficiency Report"	means the Deficiency Report described in Section 9.1.
"Deliverables"	is defined in Section 4.3.
"Deviations"	is defined in Section 9.1.
"Effective Date"	means the "Effective Date" as defined in the Reorganization Agreement.
"Escalation Committee"	is defined in Section 5.6.
"Eurex Entities"	is defined in the Recitals, Section A.
"Eurex Exchanges"	is defined in the Recitals, Section A.
"Eurex Frankfurt"	is defined in the initial paragraph of this Agreement.
"Eurex Group"	means "Eurex Group" as defined in the Reorganization Agreement.
"Eurex Manager"	means the Eurex Manager described in Section 5.5.
"Eurex Operations"	means all operations using the Eurex Software as technological basis, including, without limitation, the Eurex Exchanges, but excluding the CBOT Electronic Market.
"Eurex Software"	means the "Eurex Software" as defined in the Reorganization Agreement.

"Eurex Zurich"	is defined in the initial paragraph of this Agreement.
"Facilities"	is defined in Section 5.3.3.
"Freelancer"	is defined in Section 5.7.
"Licensed Programs"	means the "Licensed Programs" as defined in the Non-exclusive Software Licence Agreement.
"Maintenance Services"	is defined in Section 2.1.
"Master Software Development Agreement"	is defined in the Recitals, Section B.
"Network"	is defined in the Recitals, Section B.
"Network Restriction"	means the "Network Restriction" as defined in the Reorganization Agreement.
"New Systems Operations Agreement"	is defined in Section 2.2.
"Non-exclusive Software License Agreement"	is defined in the Recitals, Section C.
"Ownership Parties"	is defined in the Recitals, Section B.
"Patent"	is defined in Section 14.1.5.
"Performance Obligations"	is defined in Section 18.10.1.
"Preexisting Agreements"	means the "Preexisting Agreements" as defined in the Reorganization Agreement.
"Problem"	is defined in Section 8.1.
"Problem Report"	is defined in Section 8.3.
"Product Restrictions"	means the "Product Restrictions" as defined in the Reorganization Agreement.

"Program Manager"	means the Program Manager described in Section 5.4.
"Release a/c/e 1.0"	shall have the meaning as set forth in the Non-exclusive License Agreement.
"Reorganization Agreement"	is defined in the Recitals, Section B.
"Schedule"	means a schedule to this Agreement.
"Service Fees"	is defined in Section 10.1.
"Services"	is defined in Section 4.3.
"Sign-Off"	means, with respect to a Deliverable, sign off of such Deliverable as set forth in Section 9.1.
"Sign-Off Form"	means the Sign-Off Form described in Section 9.1.
"Software License Agreement"	is defined in the Recitals, Section B.
"SWX"	is defined in the initial paragraph of this Agreement.
"System"	means the "System" as defined in the Reorganization Agreement.
"System Investigation Request"	is defined in Section 4.5.
"Tasks"	is defined in Section 4.3.
"Test Procedures"	are any specific procedures set forth in the applicable Change Requests.
"Texas Case"	is defined in Section 14.1.5.
"UNCITRAL Rules"	is defined in Section 18.9.

Schedule 4.1.1 to the Software Maintenance Agreement

Application Maintenance

Nothing contained in this Schedule 4.1.1 is intended to modify Sections 4.4 and 4.5 of the Agreement.

1. Preventive and Corrective Maintenance

1.1 DBAG will perform Preventive Maintenance and Corrective Maintenance. Preventive Maintenance is the implementation of a change in the Licensed Programs to improve existing functionality or performance prior to a problem in production becoming apparent. Corrective Maintenance is the implementation of a change in the Licensed Programs to correct a problem after it has become apparent in production.

1.2 Either DBAG or Ceres can initiate Preventive Maintenance or Corrective Maintenance by submitting a System Investigation Request to the other party (in each case with a copy to the Eurex Entities) in which the problem and, to the extent reasonably feasible, the appropriate corrective measures are described. In the case of Corrective Maintenance, the initiating party will also classify the problem according to the following criteria:

Class 1: The problem prevents the Licensed Programs as a whole from operating or would have such an impact on the operation that the use in production is not commercially viable.

Class 2: The problem has a materially detrimental impact on the operation of the Licensed Programs as a whole, although it can still be used in production in a commercially viable manner, if necessary with reasonable work-around efforts. If a combination of Class 2 and Class 3 problems prevents the Licensed Programs as a whole from being used in a commercially viable manner the combination of Class 2 and Class 3 problems constitutes a Class 1 problem.

Class 3: These are any other problems. If a combination of Class 3 problems prevents the Licensed Programs as a whole from operating or would have such an impact on the operation that use in production is not commercially viable, the combination of Class 3 problems constitutes a Class 1 problem. If a combination of Class 3 problems has a materially detrimental impact on the operation of the Licensed Programs as a whole, although it can still be used in production in a commercially viable manner, if necessary with reasonable work-around efforts, the

combination of Class 3 problems constitutes a Class 2 problem.

1.3 In the case of Preventive Maintenance and Class 3 problems the Ceres Program Manager will inform the DBAG Program Manager and the Eurex Manager whether the changes in the Licensed Programs should be implemented independent of any new release which is already planned or whether the changes should be implemented beforehand in the then currently used version of the Licensed Programs. In the case of Corrective Maintenance for Class 1 and Class 2 problems, DBAG will implement the appropriate changes in the Licensed Programs without undue delay.

1.4 The procedures for notifying each other about maintenance (e.g., Help Desk) shall be as set forth in the New Systems Operations Agreement. These procedures will be refined during the course of this Agreement.

2. Implementation of Changes

2.1 On the occasion of each Service Investigation Request, DBAG will create a System Investigation Request Report ("SIR Report") in its problem tracking system. The SIR Report contains the description of the problem, the solution and, if appropriate, test cases. DBAG will regularly update the SIR Report to reflect the progress on implementing the changes. DBAG will provide copies of the SIR Report and all updates to Ceres and the Eurex Entities.

2.2 DBAG will make the appropriate changes in the Licensed Programs and notify Ceres and the Eurex Entities that the changes are ready for testing in the test environment. The parties will then jointly test the changes in the test environment, and DBAG will accept the changes upon successful conclusion of the tests.

2.3 After acceptance of the changes, DBAG will install them in the Production Environment (as described in Section 4.1 of Schedule 10.2 to the New Systems Operations Agreement) with the next release (in the case of Class 3 problems) or immediately in the case of Class 1 and Class 2 problems. In the latter case the changes will also be included in the next release if appropriate.

3. Pricing

Unless expressly agreed otherwise in writing, DBAG will invoice all work on a time-and-materials basis up to a maximum amount of Euro [**] per calendar year, provided that this cap will not apply with regard to fixing efforts on functional enhancements and First Subsequent Release (as defined in the Non-exclusive Software License Agreement) for work identified before the end of the first week after the production start of such functional enhancements or First Subsequent Release. However, DBAG will provide Ceres an estimate of the anticipated costs for completing work under a System Investigation Request (and, if appropriate, updates of the estimate) as soon as reasonably possible.

SCHEDULE 4.4 TO THE SOFTWARE MAINTENANCE AGREEMENT

MSDA Change Requests and
System Investigation Requests

The following Change Requests and System Investigation Requests have been initiated but not completed under the Master Software Development Agreement:

Schedules to the Software Maintenance Agreement
Final

ID#	Title	Non-recurring impacts on costs in (Euro)		Comment (non-recurring impacts)	Monthly recurring impact on costs in (Euro)
CR082	GATE Maintenance	(Euro)	[**]	fixed	(Euro) [**] per MISS annually
CR085	Windows 2000 Support	(Euro)	[**]	estimated; Necessary changes to the ace software (resulting from Windows 2000 requirements) with an effort of more than 20wd as well as the Windows 2000 Kit Build, -Test and -Distribution is not covered by thisCR and have to be requested separate.	
CR087	Autoleg	(Euro)	[**]	fixed	
CR090	BCP Production	(Euro)	[**]	(Euro) [**] fixed; (Euro) [**] estimated	(Euro) [**]
CR091	BCP Market Supervision				(Euro)[**] per workspace

Schedule 4.1.1 to the Software Maintenance Agreement

CFTC Regulation 1.59 Letter

Mary McDonnell
Board of Trade of the City of Chicago, Inc.
141 West Jackson Boulevard
Chicago, Illinois 60604 USA

Re: CFTC Regulation 1.59

Dear Ms. McDonnell:

I am retained or employed and supervised by Deutsche Borse Systems AG/Eurex Zurich AG/Eurex Frankfurt AG in connection with the Software Maintenance Agreement or the provision of the services described therein for the benefit of the CBOT Electronic Market. I have been provided with and reviewed the attached copy of CFTC Regulation 1.59 and hereby agree to abide by its terms.

I consent to the jurisdiction of the Commodity Futures Trading Commission (CFTC) solely in connection with any inquiry or proceeding relating to CFTC Regulation 1.59.

Sincerely,

Schedule 10.2 to the Software Maintenance Agreement

DBAG Catalogue of Prices

1. General Provisions

1.1 All amounts are in Euro (Euro), without VAT.

1.2 The descriptions of services in this catalogue are solely for the purpose of identifying the items for which remuneration is charged and shall not be used for interpreting the scope of work. The technical descriptions of services are set forth in other Schedules and, if applicable, in any Change Requests.

2. Software Research and Development, Consulting

2.1 Description of Work

These services are software research and development as well as consulting and support services including the selection, development, introduction and maintenance of software, operation and project management, all as described in more detail in the Agreement, its Schedules and in any Change Requests.

2.2 Remuneration

Unless a fixed price is agreed, the following hourly rates apply for work performed by individuals in the following DBAG classifications, regardless of whether the individuals are DBAG employees, Freelancers or subcontractor employees.

Price Levels	Price per hour
Analyst	(Euro) [**]
Junior Consultant	(Euro) [**]
Specialist	(Euro) [**]
Consultant	(Euro) [**]

Price Levels	Price per hour
Senior Consultant	(Euro) [**]
Manager	(Euro) [**]
Senior Manager	(Euro) [**]

These hourly rates cover all costs incurred in connection with the performance of the order, except for specific disbursements (e.g., usage of the provided Development Environment (as defined in Section 3.1 below), travel in accordance with the DBAG standard travel policies). DBAG classifies personnel according to its reasonable discretion. In the case of Freelancers and subcontractor employees, the classification is based on a comparison of the individual's position and duties to employees of DBAG. DBAG has informed Ceres' Program Manager about the standard travel policies. If these policies change and the change would result in extra costs to Ceres, the extra costs will not be charged unless Ceres has been notified of such change. Travel time will be charged at one half of the above hourly rates, and then only for (i) the time in which the individual could have been working if the individual was not traveling, or (ii) the loss of the individual's normal time off on weekends or holidays, up to a maximum of 8 hours for any such day.

3. Development Environment

3.1 Description

DBAG provides and operates the infrastructure necessary for the development and update of the Eurex Software ("Development Environment"). For the purpose of planning the required number of software development workstations, DBAG and Ceres will establish a utilization plan by 30 September of each year for the next calendar year. The plan will identify the number of required workstations per month for the following year. In order to save costs, the frontend systems are also used for other development.

A. Development Frontend Hardware and Software Infrastructure:

- provision of desktop development and office communication frontend hardware and software (including servers),
- setup of the workstations,
- removal management,
- creation of specific software images,
- installation of new server software releases,
- installation of new desktop software releases,
- system management of the servers,
- hardware and software support of the desktop workstations.

B. Development Backend Hardware and Software Infrastructure:

- installation of the required software on the backend systems,
- monitoring the architecture and the application,
- permanent control of the system setups,
- conclusion and administration of the required license and maintenance agreements.

C. Performance Test Environment:

The "Performance Test Environment" represents a scaled-down image of the Production Environment. It serves to monitor the impact of software modifications on performance.

D. Acceptance Test Environment:

The "Acceptance Test Environment" is provided for the acceptance of new releases of the Eurex Software. This environment also represents a scaled-down image of the Production Environment. The Acceptance Test Environment is also used for other exchanges.

3.2 Remuneration

The remuneration for the use of the Development Environment is not contained in the hourly rates for DBAG's personnel and DBAG's subcontractors (working on an hourly basis and not on a fixed price basis) and will be charged separately with (Euro) [**] per hour and person. With respect to Ceres' personnel (including Freelancers), Ceres' subcontractors and DBAG's subcontractors working on a fixed price basis, DBAG will charge (Euro) [**] per hour and person (based on 8 hours per day) for the use of the Development Environment.

Exhibit 10.32

separately with the Securities and Exchange Commission
pursuant to a request for confidential treatment.
Asterisks denote omissions.

Non-exclusive Software License Agreement

This Non-exclusive Software License Agreement (this "Agreement") is entered into between the following (each a "Party" and collectively the "Parties"):

1. Deutsche Borse Aktiengesellschaft, Neue Borsenstrasse 1, 60487 Frankfurt am Main, Germany

(hereinafter "DBAG")

2. SWX Swiss Exchange, Selnaustrasse 30, 8021 Zurich, Switzerland

(hereinafter "SWX", and

together with DBAG the "Licensors")

and

1. Ceres Trading Limited Partnership, c/o Electronic Chicago Board of Trade, Inc., 141 West Jackson Blvd., Suite 600-A, Chicago, Illinois 60604, United States of America

(hereinafter "Ceres" or "Licensee")

2. Board of Trade of the City of Chicago, Inc., 141 West Jackson Blvd., Suite 600-A, Chicago, Illinois, 60604, United States of America

(hereinafter "CBOT")

PREAMBLE

A. Licensors are the exclusive owners of the Eurex Software (as defined below). CBOT offers certain derivative products for trading on an electronic market operated on the basis of Release a/c/e 1.0 (as defined below) of the Eurex Software and known as "a/c/e" (the "CBOT Electronic Market"). Licensee's right to use Release a/c/e 1.0 was to date subject to the Software License Agreement among DBAG, SWX, CBOT and Ceres dated October 1, 1999 (the "Software License Agreement"), the Alliance Agreement among the Parties and Eurex Deutschland, Eurex Zurich AG, Eurex Frankfurt AG and Ceres Alliance LLC dated October 1, 1999 (the "Alliance Agreement") and the Master Software Development Agreement dated July 20, 2000 (the "Master Software Development Agreement"). The Alliance Agreement and the Software License Agreement provide for, among other things, Licensee's right to use release Eurex 2.0 of the Eurex Software, and for the co-ownership of the Parties with regard to certain modifications to such release. Deutsche Borse Systems AG ("DBS"), a wholly-owned subsidiary of DBAG, has so far, under a Systems Operations Agreement dated July 20, 2000 (the "Systems Operations Agreement"), provided the services required by Licensee and the CBOT for (i) the development and the maintenance of Release a/c/e 1.0 under the Master Software Development Agreement and (ii) the implementation, operation and maintenance of the computer and communication resources required to provide electronic trading services on the basis of Release a/c/e 1.0.

B. By way of a Reorganization Agreement dated an even date herewith (the "Reorganization Agreement"), the Parties have decided to terminate the Alliance Agreement and the Software License Agreement as of the Effective Date (as defined below) and CBOT and Ceres have, with effect from the Effective Date, waived and assigned (as more clearly set forth in the Reorganization Agreement) to Licensors, all right, title and interest, as existing as of the Effective Date, they acquired with regard to the Eurex Software under the Software License Agreement, the Alliance Agreement, and the Master Software Development Agreement. The Reorganization Agreement also provides for the termination of the Master Software Development Agreement and the Systems Operations Agreement.

C. Licensee and CBOT desire to continue to use Release a/c/e 1.0 after the termination of the Software License Agreement and the Alliance Agreement, and to replace Release a/c/e 1.0 with a First Subsequent Release (as defined below) and eventually further Subsequent Releases (as defined below). Licensors desire, pursuant to the terms of this Agreement, in a first step, to grant to Licensee the right to use Release a/c/e 1.0 for the purposes of the trading of certain CBOT derivative products on the CBOT Electronic Market, and, in a second step, to grant to Licensee the right to use Subsequent Releases for the same purpose as and when implemented.

D. This Agreement exclusively governs Licensee's right to use Release a/c/e 1.0 as well as any Subsequent Releases and New Modifications (as defined below). The services required for the maintenance of Release a/c/e 1.0 and of any Subsequent Release shall be provided by DBAG subject to the terms of the Software Maintenance Agreement (the "Software Maintenance Agreement") dated an even date herewith between the Parties, Eurex Zurich AG and Eurex Frankfurt AG, and the services required for the testing, installation and deployment of any Subsequent Release shall be provided by DBS subject to the New Systems Operations Agreement (the "New Systems Operations Agreement") dated an even date herewith between CBOT, Ceres, DBS, Eurex Frankfurt AG and Eurex Zurich AG.

In consideration of the foregoing premises and the mutual covenants herein set forth, the parties agree as follows:

1. Definitions

Unless otherwise specified in the body of this Agreement, each term set forth below when used anywhere in this Agreement or its Exhibits shall have the respective meaning ascribed to it below:

1.1 "Additional Eligible Derivatives" shall mean the CBOT derivatives products identified in Exhibit A, section B, as may be amended in writing from time to time, other than an Initial Eligible Derivative.

1.2 "Affiliate" shall have the meaning set forth in the Reorganization Agreement.

1.3 "CBOT Group" shall have the meaning set forth in the Reorganization Agreement.

1.4 "Change of Control" shall have the meaning set forth in the Reorganization Agreement.

1.5 "Documentation" shall mean all user documentation in both human readable and machine readable form, flow charts and narratives, as well as other materials used in providing and supporting electronic trading facilities and services and all other tangible materials which represent, describe or specify the Licensed Programs and/or the New Modifications or their use, operations or applications. For the avoidance of doubt, the term "Documentation" shall include the Program Documentation (as defined in Section 1.13 of the SLA).

1.6 "Effective Date" shall have the meaning set forth in the Reorganization Agreement.

1.7 "Eligible Derivatives" shall mean the Initial Eligible Derivatives and the Additional Eligible Derivatives.

1.8 "Eurex Group" shall have the meaning set forth in the Reorganization Agreement.

1.9 "Eurex Exchanges" means Eurex Deutschland and Eurex Zurich.

1.10 "Eurex Software" shall have the meaning set forth in the Reorganization Agreement, and shall, for the avoidance of doubt, include the Licensed Programs (excluding the Tools) and the New Modifications.

1.11 "First Subsequent Release" shall mean the release of the Eurex Software described in Exhibit C.

1.12 "First Subsequent Release Date" shall mean the Subsequent Release Date of the First Subsequent Release.

1.13 "Initial Eligible Derivatives" shall mean the derivative products set forth in Exhibit A, section A.

1.14 "Licensed Programs" shall mean

(a) until the First Subsequent Release Date the Tools and all those parts of the Eurex Software, in an object code or other executable format, but in any

event excluding the source code, (i) which were actually used as of the Effective Date by the Licensee for the electronic trading of Eligible Derivatives on the CBOT Electronic Market and for providing and supporting the facilities and services required by CBOT users for such trading, and/or (ii) which were the subject-matter of any New Modifications agreed to after the Effective Date and are actually used for the electronic trading of Eligible Derivatives on the CBOT Electronic Market and for providing and supporting the facilities and services required by CBOT users for such trading before the First Subsequent Release Date; and

(b) from any Subsequent Release Date to the following Subsequent Release Date the Tools and all those parts of the Eurex Software in an object code or other executable format, but in any event excluding the source code, (i) which are actually used as of such Subsequent Release Date by the Licensee for the electronic trading of Eligible Derivatives on the CBOT Electronic Market and for providing and supporting the facilities and services required by CBOT users for such trading, and/or (ii) which are the subject-matter of any New Modifications agreed to after this Subsequent Release Date and actually used by Licensee for the electronic trading of Eligible Derivatives on the CBOT Electronic Market and for providing and supporting the facilities and services required by CBOT users for such trading before the following Subsequent Release Date.

The term "Licensed Programs" shall not include any clearing functionalities, but shall include the "distributed matching algorithm", provided that (i) the "distributed matching algorithm" is thoroughly tested, at Licensee's cost and expense, (ii) all actions and cost necessary for taking the distributed matching algorithm into production shall be subject to a change request under the New Systems Operations Agreement, and (iii) no service levels agreed to under the New Systems Operations Agreement shall apply with regard to services involving the "distributed matching algorithm".

1.15 "Licensors Confidential Information" shall have the meaning as defined in Section 7.2 below.

1.16 "New Modifications" shall mean all of the alterations, adaptions, amendments, modifications, enhancements, extensions, developments and improvements, or other work results related, to the Licensed Programs made under the Master Software Development Agreement (to the extent not already included in the Licensed Programs) or, subsequently, the Software Maintenance Agreement.

1.17 "Proprietary Rights" means, with respect to any item, all trade secret, copyright, patent, trademark, service mark, certification mark, trade dress or other intellectual property or proprietary rights in all countries related to such item or any part thereof, any extensions and renewals of the foregoing, and any registrations, patents or applications with respect to the foregoing, including any Licensors Confidential Information included therein or related thereto.

1.18 "Release a/c/e 1.0" shall mean those parts of the Eurex Software that have been put into production for purposes of the CBOT Electronic Market on or before the Effective Date.

1.19 "Subsequent Release" shall mean the First Subsequent Release and any further release intended for the operation of the CBOT Electronic Market.

1.20 "Subsequent Release Date" shall mean the date on which a Subsequent Release has been put into production for the electronic trading of Eligible Derivatives on the CBOT Electronic Market and for providing and supporting the facilities and services required by CBOT users for such trading before the following Subsequent Release Date.

1.21 "System" shall have the meaning set forth in the Reorganization Agreement.

1.22 "Termination Date" shall have the meaning as defined in Section 3.

1.23 "Tools" shall mean various tools and methodology created by DBS (as presently used, subsequently modified or newly created by DBS) as are necessary for Licensee and CBOT to receive the services provided under the New Systems Operations Agreement.

2. Grant of License

2.1 Subject to the terms and conditions of this Agreement, Licensors hereby grant to Licensee throughout the period from the Effective Date to the Termination Date a non-exclusive, non-transferable license, sublicensable only as provided in this Section 2 and royalty-bearing as provided in Section 6, to use the Licensed Programs in object code form only to provide and support electronic trading facilities and services for the trading of Eligible Derivatives on the CBOT Electronic Market. Licensee may use the Licensed Programs for such purposes only on the equipment and infrastructure made available to it by DBS under the New Systems Operations Agreement. Licensee may provide to CBOT users those components of the Licensed Programs as are necessary for such users to participate in the electronic trading of Eligible Derivatives on the CBOT Electronic Market. Licensee shall have no right to decompile, reverse engineer, disassemble, rent, lease, distribute or modify the Licensed Programs and make derivative works thereof and/or to merge the same into other programs and materials. Licensee shall have no other rights with respect to the Licensed Programs other than as provided in this Agreement.

2.2 Licensee may sublicense the Licensed Programs subject to Licensors' prior written consent. No such consent shall be required for any sublicense granted to CBOT to provide and support electronic trading facilities and services for CBOT users for the trading of Eligible Derivatives on the CBOT Electronic Market if and to the extent that any such sublicense contains terms for the benefit of the Licensors which are comparable to the restrictions contained herein with respect to (i) protecting the confidentiality and proprietary nature of the Licensed Programs, the Licensors' Confidential Information and Licensors' Proprietary Rights with respect thereto, (ii) limitations on use, (iii) disclaimers of warranties, (iv) limitations on liability and (v) limitations on transfer, assignment and sublicensing.

3. Term of License

This Agreement shall be effective as of the Effective Date and shall continue through December 31, 2003 or any earlier date in the event this Agreement is terminated as of such earlier date pursuant to Section 8.1 or 8.2 (the "Termination Date").

4. Delivery

4.1 Licensee and CBOT acknowledge (i) that the Licensed Programs referred to in Section 1.13 (a) have been delivered to them and accepted under the Master Software Development Agreement, and (ii) that the Documentation relating to such Licensed Programs referred to in Section 1.13(a) has been delivered to them.

4.2 The First Subsequent Release shall be delivered to Ceres for acceptance on or before December 31, 2002. With regard to the acceptance of the First Subsequent Release, the provisions of Section 9.4 of the Software Maintenance Agreement shall apply accordingly. The steps necessary to take the First Subsequent Release into production, and the cost thereof, shall be subject to a Change Request (as defined in the New Systems Operations Agreement) under the New Systems Operations Agreement.

4.3 The delivery of any Subsequent Release other than the First Subsequent Release shall take place on the date and with specifications to be mutually agreed by the Parties. Licensee shall be responsible for the installation of any Subsequent Release and shall in this context use the services offered by DBS under the New Systems Operations Agreement. The delivery and installation of any New Modifications after the Effective Date shall be agreed under the Software Maintenance Agreement.

5. Warranties, Disclaimer of Warranties

5.1 Licensors warrant that:

5.1.1 Except for the third party software identified in Exhibit B hereto which Licensors warrant is available from third party vendors, the Licensed Programs include all of the software used on the Effective Date by CBOT and Ceres in providing and supporting the CBOT Electronic Market electronic trading facilities and services for the users of CBOT.

5.1.2 To Licensors' knowledge as of the date hereof, (i) Licensors, taken together, and their respective licensors are the lawful owners of all intellectual property rights in the Licensed Programs with full rights to grant the license granted herein, and (ii) as delivered to Licensee, the Licensed Programs do not infringe the intellectual property rights of any third party and are not subject to

any claim of infringement by any third party, provided that Licensors are aware of the claims under U.S. Patent No. 4,903,201 (the "Patent") asserted in the case captioned eSpeed, Inc. and Electronic Trading Systems Corporation v. Board of Trade, et al., Civil Action No. 3-99CV1016-M, pending in the United Stated District Court for the Northern District of Texas (the "Texas Case"). None of the parties to this Agreement have any reason to believe that, when used in the manner contemplated in this Agreement, the System does or will infringe any valid patent rights of the plaintiff in the Texas Case. Notwithstanding any other provisions of this Agreement, no Party shall have any liability (including, without limitation, under Section 5.2) to another Party under this Agreement arising out of or in connection with the Patent or any claims asserted with respect thereto, in the Texas Case or otherwise, based upon the Patent.

5.1.3 To Licensors' knowledge as of the date hereof, the Licensed Programs do not contain any timer, clock, counter or other limiting design or routine which causes the Licensed Programs to become erased, inoperable or otherwise incapable of being used in the full manner for which they are designed and licensed pursuant to this Agreement after being used or copied a certain number of times, or after the lapse of a certain period of time, after the occurrence or lapse of any similar triggering factor or event, or because they have been installed on or moved to a central processing unit or system which has a different serial number, model number or other identification different from the system on which they were originally installed.

5.1.4 Neither of Licensors is a party to any agreement that impairs its rights to grant the license herein or perform its obligations hereunder.

5.2 Licensee's sole remedies with respect to breaches by Licensors of their warranties under Section 5.1 shall be the commercially reasonable efforts of the Licensors to correct such breaches or cause such breaches to be corrected.

5.3 Licensee recognizes that, in licensing the Licensed Programs from Licensors, it is relying upon its own investigation of the Licensed Programs and its judgments on the suitability of the Licensed Programs for its purposes and acknowledges that Licensors

can and do not make any representation or warranties that the Licensed Programs do or will (i) meet the requirements of Licensee or operate in configurations selected by Licensee, (ii) operate in the environment of Licensee in an uninterrupted or error-free manner, or (iii) conform to any performance specifications.

5.4 With regard to the First Subsequent Release, the provisions set forth in Sections 11.2, 12.3 and 14.1 of the Software Maintenance Agreement shall apply instead of Sections 5.2, 5.3 and 5.7 of this Agreement. For the avoidance of doubt, the preceding sentence does not apply with regard to the "distributed matching algorithm" which is not part of the First Subsequent Release.

5.5 Except as set forth in Section 5.1, the Licensed Programs are being provided to Licensee as is, and Licensors do not make, and hereby disclaim, any and all other warranties, express, implied, statutory or otherwise, including, but not limited to, implied warranties of title, non-infringement, merchantability and fitness for a particular purpose, and shall have no liability in connection with or arising out of any failure of the Licensed Programs (i) to meet Licensee's requirements or operate in configurations selected by Licensee, (ii) to operate in Licensee's environment in an uninterrupted or error-free manner or (iii) to conform to any performance specifications, or in connection with or arising out of any ability or inability to use the Licensed Programs in connection with any of the financial products or contracts traded (or failed to be traded) on any exchange or by any members thereof. Notwithstanding the fact that Licensee is not entitled to make any modifications to the Licensed Programs, Licensors shall have no liability of any kind under this Agreement for any modifications made to the Licensed Programs by Licensee or any permitted sublicensee of any party acting on behalf of any of them.

5.6 Each of the Parties hereby represents and warrants to the others as follows:

5.6.1 It has all requisite corporate power and authority to enter into this Agreement and to carry out the transactions contemplated hereby.

5.6.2 The execution, delivery and performance of this Agreement and the consummation of the transactions contemplated hereby have been duly authorized by all requisite corporate action on its part.

5.6.3 This Agreement is a legal, valid and binding obligation of it, and enforceable against it in accordance with the terms hereof.

5.7 In no event shall Licensors be liable for, and Licensee hereby waives and releases any claims it might otherwise have to be compensated by Licensors in connection with this Agreement for, any special, indirect, consequential or collateral damages (such as, without limitation, loss of revenue, loss of profits, loss of data, loss of use, interruption of business or loss of goodwill), or any damages other than direct damages, without regard to the circumstances giving rise to any purported claim and regardless of the legal or equitable grounds on which any purported claim is based, arising from the granting of the license granted herein or the dependence upon or use of the Licensed Program by Licensee or any third party.

5.8 Licensee agrees to indemnify, defend and hold Licensors harmless against any and all damages, costs or expenses (including reasonable attorney's fees) relating to, based on or arising out of all claims brought by users of the CBOT Electronic Market arising out of the Licensee's use or disclosure of the Licensed Programs, or any such use or disclosure by any third party to which Licensee has made available any portion of the Licensed Programs, other than with respect to that portion of any such damages, costs or expenses resulting directly from any breach by Licensors of their warranties set forth in Section 5.1, or, with regard to the First Subsequent Release, the provisions referenced in Section 5.4.

6. License Fees

6.1 In consideration for the license granted under Section 2.1, Licensee shall pay to Licensors

(a) an annual license fee of Euro [**]((Euro) [**]) (pro rata temporis for 2002) (the "Annual Fee") and

(b) a variable fee (the "Variable Fee") (i) to be calculated with regard to the Initial Eligible Derivatives on the basis of [**], and (ii) consisting in case of the Additional Eligible Derivatives of [**].

6.2 The Annual Fee shall be paid in installments of Euro [**] ((Euro) [**]) in advance on the first day of each [**]. The payment of the Annual Fee shall start as of [**]. The installment for the [**] of 2002 shall be due and payable within [**] of the Effective Date. In the event the Termination Date does not coincide with the [**] of a [**], the installment paid with regard to the [**] in which the Termination Date falls, shall be adjusted pro rata temporis from the first day of such [**] until, and including, the Termination Date; the Licensors shall in such case refund to Licensee any payments already made in excess of such adjusted installment.

6.3 The Variable Fees shall be calculated each [**]. The payment of the Variable Fees shall start as of [**]. All Variable Fees accrued in a [**] shall be paid within ten (10) business days of the end of such [**]. Each payment of Variable Fees shall be accompanied by a report listing all [**] in sufficient detail to permit confirmation of the accuracy of the Variable Fee payment made, including, without limitation, the [**] basis. Licensee shall keep complete and accurate records pertaining to the information required to calculate the Variable Fee in sufficient detail to permit Licensors to confirm the accuracy of all payments due hereunder. Licensors shall have the right to have an independent, certified public accountant audit such records to confirm the amount of Variable Fees. Such audit may be exercised during normal business hours upon reasonable prior written notice to Licensee. Prompt adjustment shall be made by the Parties with regard to affected payments to reflect the results of such audit. Licensors shall bear the full cost of such audit unless such audit discloses a variance of more than five percent (5%) between the amount of Variable Fees or other payments due under this Agreement for a particular [**] and the amount actually received by Licensors for such [**]. In such case, Licensee shall bear the full cost of such audit and shall, in addition, promptly remit to Licensors the amount of any underpayment.

6.4 In the event this Agreement ends or is terminated, Licensee shall pay on the Termination Date to Licensors an amount equal to Euro [**] plus [**] of the aggregate of all Variable Fees due by Licensee for the three months preceding the Termination Date. The preceding sentence shall not apply in the event Section 6.2.3, last sentence, of the Reorganization Agreement applies.

6.5 Licensors shall pay any and all taxes levied on account of license fees and other payments under this Agreement. If any taxes are required to be withheld by Licensee, Licensee will (i) deduct such taxes from the remitting payment, (ii) timely pay the taxes to the proper taxing authority, (iii) send proof of payment to Licensor and certify its receipt by the taxing authority within thirty (30) days following such payment, and (iv) provide all necessary support to Licensors as required to recover such taxes.

6.6 Each of Licensors, or one Licensor on behalf of both Licensors, will send to Licensee invoices regarding its share, as such share is agreed between Licensors, in the license fees set forth in Section 6.1.

6.7 Legal rights of either Party to set-off against claims of the other Party are excluded, except where the corresponding claim of such Party has either been determined by a final arbitral award pursuant to Section 9.3 or expressly acknowledged by the affected other Party or Parties, as the case may be, in writing. In no event shall Licensee be entitled to set-off against the invoice of a Licensor where Licensee's corresponding claim is directed against the other Licensor.

7. Ownership, Confidentiality

7.1 Licensors and their licensors are the sole and exclusive owners of, and have the sole and exclusive title in and to, the Eurex Software and the Documentation, all Proprietary Rights relating to the Eurex Software and the Documentation, and any causes of action arising out of or related to any infringement or misappropriation of any of the foregoing. However, Licensors agree to (i) assert and prosecute such claims at their own expense, or (ii) to assign them to Licensee or CBOT when reasonably necessary to protect the rights of Licensee or CBOT hereunder, in which case Licensee or CBOT may prosecute such claims, but at their own expense.

7.2 The receiving party of any Confidential Information (as defined below) agrees to use reasonable efforts to protect such Confidential Information from unauthorized use or disclosure (intentional, inadvertent or otherwise) and in any event shall take such steps to protect the proprietary interest therein of the disclosing party as it takes to protect the confidentiality and ownership of its own information and materials of a

like nature. Notwithstanding the foregoing, the receiving party's obligation to protect the confidentiality of any Confidential Information shall terminate if the same becomes part of the public domain without breach by the receiving party of its obligations hereunder. Further, the foregoing obligations shall not apply to information that is disclosed to the receiving party without obligation of confidentiality by a third party with the right to do so. For the purposes of this Agreement, "Confidential Information" means confidential information the receiving party, or any of its related parties or their respective directors, officers, employees or agents, receives in connection with the transactions contemplated herein relating to the software, products, business and financial plans and information and trade secrets and other information relating to the business of the disclosing party and/or its related parties (including, in the case of either Licensor, the Eurex Exchanges) and their respective related parties, and information subject to an obligation of confidence to a third party, and "Licensors Confidential Information" means Confidential Information with respect to which either Licensor is a disclosing party.

8. Termination

8.1 Either Party (whereby for the purposes hereof CBOT and Licensee, on the one hand, and DBAG and SWX, on the other hand, shall be regarded as one party) may terminate this Agreement prior to December 31, 2003 only upon the occurrence of any of the following:

(a) Upon termination of any of the Software Maintenance Agreement or the New Systems Operations Agreement, provided that, for the avoidance of doubt, this Agreement is deemed to be terminated pursuant to Section 8.2 or Section 8.3, as the case may be, of this Agreement in the event that either of the Software Maintenance Agreement or the New Systems Operations Agreement is terminated under its respective Section 17.2.3 or 17.2.4;

(b) upon or after the bankruptcy, insolvency, dissolution or winding up of the other Party; or

(c) upon or after the breach of any material provision of this Agreement by the other Party if the breaching party has not cured such breach or the Parties have not agreed on a plan to remedy such breach within fifteen (15) business days after written notice thereof by the non-breaching party; or

8.2 Licensors may terminate this Agreement prior to December 31, 2003 upon the public announcement of, or the filing of a notice with the SEC relating to, a Change of Control of any member of the CBOT Group other than C-B-T Corporation and its legal successors and assigns (to the extent it remains in its present lines of business), provided that (i) all Annual Fees and the estimated Variable Fees that would have to be paid by Licensee (to be calculated on the basis of the average payment of Variable Fees until declaration of termination) throughout the entire regular term of the Agreement (i.e. through December 31, 2003) are immediately due and payable, and (ii) Licensors will ensure termination assistance for a period no longer than two months from the declaration of termination by Licensors, and (iii) in the event a public announcement or SEC filing takes place after December 31, 2002, only the closing of the so announced or notified transaction shall trigger the termination right and termination assistance shall in such case be made available for a period of four months from the declaration of termination, but in no event beyond December 31, 2003. Termination assistance shall mean that Licensee shall have the right to continue to use the Licensed Programs, and the obligation to pay for such use, each as set forth in this Agreement, through the end of the termination assistance. To the extent required by a corresponding written notice of Licensee, Licensors must decide within 30 days of receipt of such notice whether or not to exercise the right to terminate pursuant to this section.

8.3 Licensors may terminate this Agreement prior to December 31, 2003 upon the public announcement of, or the filing of a notice with the SEC relating to, the introduction of a system succeeding the System after the end of the Follow-up Agreements (as defined in the Reorganization Agreement), provided that (i) all Annual Fees and the estimated Variable Fees that would have to be paid by Licensee (to be calculated on the basis of the average payment of Variable Fees until declaration of termination) throughout the entire regular term of the Agreement (i.e. through December 31, 2003) are immediately due and payable, and (ii) Licensors will ensure termination assistance

(as described in Section 8.2) for a period no longer than two months from the declaration of termination by Licensors and (iii) this Section 8.3 applies only in the event such public announcement or SEC filing takes place before December 31, 2002 and if another exchange or contract market, or any of its respective Affiliates, is directly or indirectly involved in providing the succeeding system or services related thereto. This Section 8.3 does not apply with regard to the introduction of any system which solely relates to open outcry trading, clearing or market surveillance. To the extent required by a corresponding written notice of Licensee, Licensors must decide within 30 days of receipt of such notice whether or not to exercise the right to terminate pursuant to this section.

8.4 For the avoidance of doubt, no Party shall be entitled to terminate this Agreement for convenience prior to the end of the term set forth in Section 3.

8.5 On the Termination Date, and to the extent not required to receive termination assistance pursuant to Section 8.2 or 8.3, the license, all sublicenses and all rights pursuant to this Agreement to use the Licensed Programs, the New Modifications, the Documentation and any Licensors Confidential Information shall immediately terminate. Licensee shall, and shall ensure that all sublicensees and any other parties to which it has provided any portion of the Licensed Programs, the Documentation or the New Modifications or Licensors' Confidential Information shall, promptly return or destroy all copies of the Licensed Programs, New Modifications, Documentation or Licensors' Confidential Information (including derivative works based thereupon) in all forms, partial and complete, whether or not modified or merged into other programs, other than and for so long as required for archival purposes pursuant to applicable regulatory requirements. Licensee shall then promptly deliver to Licensors a written statement certifying its compliance with this requirement. For each business day which is a business day in Chicago following the Termination Date on which Licensee is not in compliance with the provisions contained in this Section 8.5 (except for termination assistance pursuant to Section 8.2 or 8.3), Licensee shall pay an amount of (Euro) [**] to Licensor.

8.6 Notwithstanding anything to the contrary contained elsewhere in this Agreement, the following sections of this Agreement shall survive any termination hereof: Sections

5.1.2, 5.2, 5.3, 5.4, 5.6, 5.7, 5.8, 6, 7, 8 and 9. Section 9.6 (only last sentence) and 9.7 shall survive the liquidation, dissolution, bankruptcy or reorganization of Ceres.

9. General Provisions

9.1 All notices given under this Agreement shall become effective only when actually received at the following addresses:

CBOT/Ceres: Board of Trade of the City of Chicago, Inc./Ceres Trading L.P.
141 West Jackson Blvd., Suite 600
Chicago, Illinois 60604
United States of America
Attention: Ms. Carol A. Burke
Telephone: +1-312-435-3726
Facsimile: +1-312-341-3392

DBAG: Deutsche Borse AG
Neue Borsenstrasse 1
60487 Frankfurt am Main
Federal Republic of Germany
Attention: Dr. Heiko Beck
Telephone: +49-69-2101-5073
Facsimile: +49-69-2101-3801

SWX: SWX Swiss Exchange
Selnaustrasse 30
8021 Zurich
Switzerland
Attention: Ms. Petra Bysaeth
Telephone: +41-1-229-2359
Facsimile: +41-1-229-2444

Any Party may change its address for the purpose of notices by giving notice thereof to each Party in accordance with the provisions of this Section 9.1.

9.2 This Agreement shall be governed by and subject to the substantive laws of the Federal Republic of Germany, to the exclusion of its conflicts of law rules; the United Nations Conventions on the International Sale of Goods shall not apply.

9.3 Except with regard to actions seeking temporary or permanent injunctive relief, any dispute arising under or in connection with this Agreement between or among any parties to this Agreement will be finally settled by arbitration in accordance with the arbitration rules of the United Nations Convention on International Trade Law (the "UNCITRAL Rules").

9.3.1 The arbitration will be conducted by three (3) arbitrators. Such arbitrators are to be appointed in accordance with Article 7 of the UNCITRAL Rules.

9.3.2 Where there are multiple parties, whether as Claimant or as Respondent the multiple Claimants, jointly, and the multiple Respondents, jointly, shall nominate an arbitrator pursuant to Article 7 of the UNCITRAL Rules. In the absence of such a joint nomination and where all parties are unable to agree to a method for the constitution of the Arbitral Tribunal, the London Court of International Arbitration (the "Appointing Authority" for the purposes of the application of the UNCITRAL Rules) may appoint each member of the Arbitral Tribunal and shall designate one of them to act as chairman. In such case the Appointing Authority shall be at liberty to choose any person it regards as suitable to act as arbitrator.

9.3.3 The place of arbitration shall be London. The proceedings shall be conducted in the English language exclusively.

9.3.4 The Parties acknowledge that irreparable damage may occur in the event of breach of any of the terms of this Agreement.

9.4 The provisions of this Agreement are severable and the unenforceability of any provision of this Agreement shall not affect the enforceability of any other provisions hereof. In addition, in the event that any provision of this Agreement (or portion thereof) is determined by a court of competent jurisdiction, an arbitral award obtained pursuant to Section 9.3 or any regulatory authority having jurisdiction to be unenforceable as drafted by virtue of the scope, duration, extent or character of any obligation contained therein, it is the mutual agreement of the Parties that such provision (or portion thereof) shall be construed in a manner designed to effectuate the purpose of such provision to the maximum extent enforceable under applicable law. If such construction is not possible, the Parties undertake, to the extent

reasonably possible, to modify such provision in order to implement the purposes of such provision as fully as possible.

9.5 While there are related agreements to which some or all of the parties hereto are parties (the Reorganization Agreement, the Software Maintenance Agreement, the New Systems Operations Agreement and the surviving provisions of the Preexisting Agreements (as defined in the Reorganization Agreement)), this Agreement constitutes the complete agreement of the parties with respect to the matters set forth herein, and there are no written or oral side agreements to this Agreement. This Agreement and the Exhibits attached hereto may only be modified by a written instrument signed by all Parties hereto. This Section 9.5 may also be modified only by a written instrument signed by all Parties hereto. This provision shall not be deemed to affect any rights any Party may have against any third party.

9.6 This Agreement shall be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns. No Party may assign this Agreement or any portion hereof, by Change of Control, operation of law or otherwise, without obtaining the prior written consent of the other Parties. The Parties will grant their consent to the assignment of rights or obligations by a party to an Affiliate of such Party if (i) the assigning Party remains liable for any assigned obligations as a jointly and severally liable guarantor (selbstschuldnerische Burgschaft) with the assignee, (ii) the assigning Party, together with its rights and obligations under this Agreement, assigns its rights and obligations, if any, under the Reorganization Agreement, the Software Maintenance Agreement and the New Systems Operations Agreement to the assignee, or (iii) in case of Ceres being the assigning Party, CBOT assumes a performance guarantee as set forth in Section 9.7 with regard to the assignee. The exceptions to the definition of "Change of Control" for CBOT and SWX do not require the consent of the other Parties under this Section 9.6. For the avoidance of any doubt, the above shall not entitle a Party to invoke a preliminary injunction or to seek any other remedy in order to prevent the occurrence of a Change of Control.

9.7 (a) CBOT hereby unconditionally and irrevocably guarantees to Licensors the full and timely performance by Ceres and any of its permitted assigns or legal successors (individually and collectively referred to as "Ceres") of all of Ceres' obligations (the "Performance Obligations") under or pursuant to this

Agreement, including, without limitation, the indemnity obligations hereunder, as and when the same shall be due to be performed under this Agreement, and all liabilities of Ceres under this Agreement in the event of any breach by Ceres of any term hereof. CBOT hereby waives any provision of any statute, regulation or judicial decision otherwise applicable hereto which restricts or in any way limits the rights of an obligee against a guarantor or surety following a default or failure of performance by an obligator with respect to whose obligations the guarantee or surety is provided.

(b) Licensors may proceed to protect and enforce any or all of their rights under this Section 9.7 pursuant to Section 9.3, whether for the specific performance of any covenants or agreements of Ceres under or pursuant to this Agreement, and shall be entitled to require and enforce the performance by CBOT of all acts and things required to be performed hereunder by Ceres.

(c) CBOT shall not be entitled to and does hereby waive any and all defenses now or hereafter available to guarantors, sureties and other secondary parties at law or in equity, with the exception of any defenses Ceres may have against Licensors that are available to CBOT.

(d) Licensors shall be entitled to proceed on first demand directly against CBOT in respect of any Performance Obligation hereunder without any requirement that it first make any demand against or exhaust any remedies available to it from Ceres or to take any other steps.

9.8 This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which, taken together, shall constitute one and the same instrument.

1 Management Summary

1.1 Absract

Eurex has asked Deutsche Borse Systems to submit a proposal covering the introduction of a/c/e Release 1.1 on the a/c/e hosts and front-ends in early 2003. a/c/e Release 1.1 comprises the Eurex Release 4.1-1 software plus additional functional amendments as listed in Section 2.3.

In order to respond to this request from Eurex, Deutsche Borse Systems proposed to render services as defined in section 2.3 on a time and materials basis. Warranty effort is not included.

This proposal needs to be signed until [**] to achieve a hand-over to acceptance on [**] . The release introduction date is to be determined by Eurex, a/c/e and DBS.

1.2 Impact Overview

2 Description of Change

2.1 Current Situation

Currently, a/c/e is running Eurex 4.0 software; the Eurex 4.1-1 software has not been introduced on the a/c/e hosts and front-ends.

2.2 Recommended Change

Deutsche Borse Systems recommends to introduce a/c/e Release 1.1 on the a/c/e hosts and front-ends in 2003. a/c/e Release 1.1 comprises the Eurex Release 4.1-1 software as described in the assumptions in section 2.5 plus additional functional amendments as listed in section 2.3.

2.3 Services Provided by Deutsche Borse Systems

This change request covers the following a/c/e Release 1.1 related efforts and services as provided by Deutsche Borse Systems:

1. Reconciliation of all Eurex 4.1-1 SIRs delivered into Eurex production until [**]

2. Reconciliation of all a/c/e 1.0 SIRs delivered into a/c/e production until [**]

3. Build, Regression Test, and Front-End compatibility Test with Eurex Release 6.0. No end-to-end tests to BOTCC, PRICES, and OIA are included; DBS recommends that Eurex performs tests for these interfaces during a/c/e 1.1 simulation.

4. Build and Test of Conversion a/c/e 1.0 to Eurex 4.1-1

5. Hotfire Adaptations to ensure compatibility of Hotfire as of release a/c/e 1.0 with a/c/e 1.1 software

6. Removal of Galaxy code from the BESS

7. Java Trading GUI on basis of Eurex 6.0 technology

8. Windows 2000 compatibility testing and required software modifications.

9. Roll-out activities of Operational Readiness, Customer Technical Service and Xetra/Eurex Operations teams;

    - Build, Test and Distribution of one a/c/e 1.1 Simulation Kit per platform (Windows 2000 and Sun Solaris 2.8)

10. Simulation Databases Conversion

11. Update of the External Documentation

12. Program Management and Program Office activities

2.4 Out of Scope

The following services are not included in this proposal. A separate change request should Eurex wish that Deutsche Borse Systems provides these services.

1. Due to unknown timelines for acceptance and simulation, this offer does not include efforts for support of these project phases. This support will be estimated after finalisation of the rollout plan by Eurex and charged respectively.

2. Planning and execution of Simulation are not within the scope of this change request. Efforts of DBS as proposed by this change request end with the delivery of software into acceptance.

3. Planning, support, and execution of all rollout activities of software to front-end and back-end systems during production launch other than those defined in section 2.3 are not part of this change request.

4. There will be no explicit End-to-end Tests to BOTCC, PRICES and OIA. These interfaces will have to be tested by Eurex and a/c/e during the a/c/e Release 1.1 simulation phase.

5. No warranty activities are covered by this change request.

6. Changes to systems not maintained by DBS are not included in this change request.

7. Windows NT will not be supported any longer. Windows XP is not within the scope of this proposal.

8. The following functions are explicitly excluded from this proposal.

   a) Single Stock Futures

   b) Additional Order Validations

   c) Volatility Interrupt

   d) FDD via IP

   e) Trade Reversal

   f) Volatility Trading

   g) Basis Trading

2.5 Assumptions

This proposal is based on the following assumptions:

1. This change request will be signed latest on [**] to achieve the software delivery for acceptance on [**] .

2. a/c/e Release 1.1 is a mandatory release.

3. a/c/e Release 1.1 implementation effort and Release Acceptance are based on:

? Eurex Release 4.1 Fine Specifications

? all Eurex Release 4.1 and 4.1-1 accepted & delivered change request as of [**]

? all Eurex Release 4.1 and 4.1-1 SIRs fixed in production as of [**]

? Eurex Fine Specifications for

? Removal of Galaxy code from the BESS

? Java Trading GUI

Note that the Fine Specifications for the requirements "Removal of Galaxy code from the BESS" and "Java Trading GUI" are not existent for a/c/e Release 1.1 and the estimates will have to be reviewed after the completion of these Fine specifications.

? all a/c/e Release 1.0 accepted & delivered change requests as of [**]

? all a/c/e Release 1.0 SIRs fixed in production as of [**]

A CD-ROM containing the above documents will be delivered to Eurex.

4. The a/c/e Release 1.1 software is based on

? Eurex Release 4.1-1 software as of production date [**]

? a/c/e Release 1.0 software and all delivered and accepted change requests as of [**]

? all SIRs implemented in a/c/e 1.0 production until [**]

? Java GUI based on Eurex 6.0

5. The a/c/e front-end operating systems supported are Sun Solaris 8 Hardware revision 02/02 or higher and Windows 2000 with Service Pack 2. Windows NT will not be supported any longer. Windows XP is not within the scope of this proposal.

6. Hand-over to acceptance test for a/c/e Release 1.1 will not be prior to [**] . The date of launch will be agreed between Deutsche Borse Systems and Eurex.

2.6 Co-operation Duties of Eurex

1. Eurex distributes documentation to members and other third parties.

2. Member and Staff Training (preparation and conduct) is under the sole responsibility of Eurex.

3. Eurex will perform a thorough acceptance test.

4. The a/c/e 1.1 Release Simulation start has to be agreed upon. The simulation will last at least [**] weeks.

5. The a/c/e 1.1 Release Simulation is provided by Eurex:

- ? Eurex is responsible for all simulation related planning and member information (Simulation Plan, Simulation Guide etc.).
- ? Simulation is performed using the a/c/e permanent simulation environment.
- ? The a/c/e permanent simulation environment will be closed for two weeks during the simulation preparation phase.

2.7 Acceptance

1. [**]

2. [**]

3. [**]

4. [**]

3 Estimation of Effort and Costs

Under the assumptions mentioned above, the estimated effort in workdays for this change request on a time and material basis is as follows:

? Build	
? Hotfire Adaptations	x WD
? Removal of Galaxy from BESS	x WD
? Java Trading GUI	x WD
? Regression test	x WD
? Conversion test a/c/e 1.0 to Eurex 4.1-1	x WD
? Kit Build	x WD
? Implementation of a/c/e 1.0 SIRs between Feb 1 and May 1, 2002	x WD
? Contingency 10%	x WD
? Total	x WD

At an average hourly rate of [**] (Euro), the total estimated effort of xWD translate to total estimated costs of (Euro) x.

Travel expenses are not included in the above estimation and will be charged separately according to the travel policy of Group Deutsche Borse.

PREAMBLE

A. The following agreements (collectively the "Preexisting Agreements") have been entered into by and between two or more of the Parties:

(1) Alliance Agreement dated October 1, 1999 (the "Alliance Agreement" or "AA");

(2) Software License Agreement dated October 1, 1999 (the "Software License Agreement" or "SLA");

(3) Interim Agreement dated January 20, 2000 (together with all addenda, the "Interim Agreement");

(4) Market Supervision Services Agreement dated July 19, 2000 (the "MSSA");

(5) Master Software Development Agreement dated July 20, 2000 (the "Master Software Development Agreement" or "MSDA");

(6) Systems Operations Agreement dated July 20, 2000 (the "Systems Operations Agreement" or "SOA");

(7) Confirmation of Rights Agreement dated July 27, 2000 (the "Confirmation of Rights Agreement" or "CRA");

(8) Consent and Amendment Agreement dated February 21, 2001 (the "Consent and Amendment Agreement"); and

(9) No Prejudice and Confidentiality Agreement dated July 17, 2001 (the "No Prejudice Agreement").

B. DBAG, SWX, CBOT, Ceres, Ceres Alliance, Eurex Frankfurt, Eurex Zurich and Eurex Deutschland entered into the Alliance Agreement for the purposes described therein. LLC was organized as a company jointly owned by Ceres Alliance and Eurex Zurich in order to co-ordinate the initiatives of the parties to the Alliance

Agreement as contemplated thereunder. Effective as of September 7, 2000, Eurex Zurich assigned its membership interests in LLC to Eurex Beteiligungen.

C. DBAG and SWX originally developed and hold proprietary rights in the Eurex Software. On October 1, 1999, DBAG, SWX, CBOT and Ceres entered into the Software License Agreement, under which DBAG and SWX granted a license in Eurex Release 2.0 (as defined in Section 1 below) to CBOT and Ceres, and which set the terms for joint and several ownership of Modifications (as defined in Section 1 below) by DBAG, SWX and Ceres.

D. All Modifications following Eurex Release 2.0 other than a/c/e Release 1.0 have been developed by DBAG and SWX without participation of CBOT and Ceres. Pursuant to Section 7.1(b)(1) and Paragraphs (1) and (3) of Exhibit E of the Software License Agreement, Ceres has paid [**] Euros to cover its share of the expenses for the 3.0 Modifications (as defined in the SLA). Pursuant to the Master Software Development Agreement, Ceres paid for the development of a/c/e Release 1.0, without any contribution from DBAG or SWX. In addition, Ceres has fulfilled all of its obligations under the Confirmation of Rights Agreement in connection with the 4.0 Modifications and the Current 4.1 Modifications (each as defined in the CRA).

E. On January 20, 2000, DBS, LLC and Ceres entered into the Interim Agreement covering development work on the Eurex Software and the implementation, operation and maintenance of the technical infrastructure for CBOT's electronic market before the execution of the Master Software Development Agreement and the Systems Operations Agreement. The Interim Agreement was extended on several occasions and was superseded by the Master Software Development Agreement and the Systems Operations Agreement referred to below.

F. On July 17, 2000, CBOT and Eurex Frankfurt entered into the Market Supervision Services Agreement ("MSSA"). On November 3, 2000, CBOT assigned the MSSA to Ceres as of July 20, 2000.

G. On July 20, 2000, DBS, LLC, DBAG, SWX, CBOT, Ceres, Ceres Alliance, Eurex Frankfurt, Eurex Zurich and Eurex Clearing entered into the Master Software Development Agreement, under which DBS was appointed as service provider for developing and maintaining the Eurex Software for LLC for the benefit of DBAG, SWX, CBOT and Ceres.

H. On July 20, 2000, DBS, LLC, DBAG, SWX, CBOT, Ceres, Ceres Alliance, Eurex Frankfurt, Eurex Zurich and Eurex Clearing also entered into the Systems Operations Agreement under which DBS was appointed as service provider for the implementation, operation and maintenance of certain Eurex Software-based computer and communication resources required to provide electronic trading services.

I. With the Consent and Amendment Agreement, eCBOT, effective as of September 30, 2000, and Eurex Beteiligungen, effective as of September 7, 2000, have become parties to the Alliance Agreement, the Master Software Development Agreement and the Systems Operations Agreement.

J. On April 9, 2001, the Eurex Group gave the CBOT Group (each as defined in the AA) formal notice that it was invoking the dispute resolution procedure set forth in Section 12.1 of the Alliance Agreement with regard to (i) CBOT's termination of its participation in the development of release a/c/e 2.0 of the Eurex Software, (ii) CBOT's failure to support the addition of U.S. Equity Options for trading on the System, and (iii) CBOT's understanding of the scope of the Alliance. On July 27, 2001, the Parties involved unanimously agreed, in accordance with Section 12.1, that the dispute resolution procedure had failed to resolve these issues.

K. In a letter dated April 16, 2001, Ceres requested, pursuant to clauses 9.2 (iv) and 9.3 of the MSSA, that Eurex Frankfurt indemnify Ceres and its affiliates, including CBOT, for claims, losses, damages or liabilities, as well as the costs of defense, based on a claim of patent infringement asserted against CBOT in the case now known as eSpeed, Inc. and Electronic Trading Systems, Inc. v. Board of Trade of

the City of Chicago, et al., Civil Action No. 3-99CV1016-M, pending in the United States District Court for the Northern District of Texas (the "Texas Case"). Eurex Frankfurt has consistently rejected Ceres' request for indemnification as baseless.

L. On April 18, 2001, Ceres terminated the MSSA, effective May 31, 2001.

M. On July 17, 2001, the Parties which are a party to the Alliance Agreement have entered into the No Prejudice Agreement intended to govern settlement discussions pertaining to the Alliance Agreement.

N. The Parties have decided to revise the scope of their contractual relationship. Prior to entering into agreements reflecting such revised scope, the Parties desire, in a first step, to amend the Alliance Agreement and the Software License Agreement with regard to certain provisions that would otherwise have effect following termination of these agreements, and, in a second step, to terminate the Preexisting Agreements to the extent still in force and to agree on certain terms governing the future relationship among the Parties.

O. Effective upon termination of the Preexisting Agreements, the Parties desire to enter into such agreements as are necessary in order to enable (i) CBOT to continue to offer the electronic trading of certain CBOT products on the electronic market operated on the basis of release a/c/e 1.0 of the Eurex Software and known as "a/c/e" (the "CBOT Electronic Market"), and (ii) the users of the CBOT Electronic Market to access the CBOT Electronic Market through a dedicated wide-area communications network provided by DBS (the "Network"). To this end, the Parties desire to enter into the following agreements (the "Follow-up Agreements"):

(1) Non-Exclusive Software License Agreement between DBAG, SWX, CBOT and Ceres (Exhibit A, the "Non-Exclusive Software License Agreement" or "NSLA");

(2) Software Maintenance Agreement between DBAG, SWX, CBOT, Ceres, Eurex Frankfurt and Eurex Zurich (Exhibit B, the "Software Maintenance Agreement" or "SMA");

(3) New Systems Operations Agreement between DBS, CBOT, Ceres, Eurex Frankfurt and Eurex Zurich (Exhibit C, the "New Systems Operations Agreement" or "NSOA").

In consideration of the foregoing premises and the mutual covenants herein set forth, the Parties agree as follows:

1. Definitions

Unless otherwise specified in the body of this Agreement, each term set forth below when used anywhere in this Agreement or its exhibits shall have the respective meaning ascribed to it below:

1.1 "Affiliate" shall mean, with respect to any person, any person that directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with the person in question. For purposes of this definition, "control" means the possession, directly or indirectly, of more than 50 % of the equity interests of a person or the power to direct or cause the direction of the management and policies of a person, whether through ownership of voting securities, by contract or otherwise.

1.2 "CBOT Group" shall mean CBOT, Ceres, eCBOT, Ceres Alliance and all of their Affiliates. For the avoidance of doubt, OneChicago, L.L.C. is, as of the Effective Date, not an Affiliate of CBOT or a member of the CBOT Group.

1.3 "Change of Control" shall mean, with respect to any person (or a successor of that person), (i) a merger or legal combination between that person and another exchange or entity that provides systems for electronic trading (excluding for the avoidance of doubt compliance or clearing) that is not an Affiliate of that person on the date of this Agreement if such merger or legal combination would result in that person and the other exchange or entity that provides systems for electronic

trading (excluding for the avoidance of doubt compliance or clearing) becoming a single legal entity or Affiliates, (ii) the sale of all or substantially all of the assets of that person to a person that is not an Affiliate of that person on the date of this Agreement, (iii) a liquidation or dissolution of that person, or (iv) any transfer, sale, or issuance of any equity interest or series thereof in that person, that results in another person or group (other than a person or group that is an Affiliate of such person before such transfer, sale, issuance or other event, and other than the general public taken as a whole in the specific case of a public offering) owning or controlling a 50 % or more than a 50 % equity interest (or other comparable interest) in such person, or 50 % or more than 50 % of the combined voting rights in or management power over such person, or possessing, directly or indirectly, the power to direct or cause the direction of the management and policies of such person whether through ownership of voting securities, by contract or otherwise. For purposes of this Agreement and the Follow-up Agreements, the following events will be deemed not to be a "Change of Control" (a) in the case of CBOT and Ceres, if it restructures or otherwise reorganizes into a for-profit corporation or holding corporation, whether stock or nonstock, by merger, recapitalization, reorganization, charter amendment or otherwise, such that the members and membership interest holders of the CBOT or the holders of the partnership interest in Ceres, as the case may be, immediately prior to the consummation of such restructuring continue to (i) own more than 50 % of the equity interest in, (ii) hold more than 50 % of the combined voting rights in or management power over, and (iii) possess the power to direct or cause the direction of management and policies of the resulting entity immediately following such restructuring; provided, however, that any restructuring or reorganization that would involve, or result in, a merger or legal combination as described in (i) of the first sentence of this Section 1.3 is in any event deemed a "Change of Control"; and (b) in the case of SWX or its Affiliates, where the party to this Agreement remains an exchange subject to regulation by the Swiss Federal Banking Commission (whether it be SWX, a newly formed entity or otherwise) or an entity whose obligations are jointly and severally guaranteed by such exchange (selbstschuldnerische Burgschaft).

1.4 "Documentation" shall mean all documentation, technical specifications and user manuals, in both human readable and machine readable form, flow charts and narratives, as well as all other materials used in providing and supporting electronic trading facilities and services and all other tangible materials which represent, describe or specify the Eurex Software and/or the Modifications or their use, operations or applications. For the avoidance of doubt, the term "Documentation" shall include the Program Documentation (as defined in Section 1.13 of the SLA).

1.5 "Effective Date" shall have the meaning as defined in Section 5.

1.6 "Eurex Group" shall mean DBAG, SWX, Eurex Frankfurt, Eurex Zurich, Eurex Deutschland, Eurex Clearing, Eurex Beteiligungen, DBS and all of their Affiliates.

1.7 "Eurex Release 2.0" shall mean the release of the Eurex Software put into production on September 28, 1998 by Eurex Frankfurt for Eurex Deutschland and Eurex Zurich.

1.8 "Exchanges" shall mean Eurex Zurich, Eurex Deutschland and the CBOT.

1.9 "Eurex Software" shall mean the entirety of the software used or developed for the purpose of electronic trading or clearing of derivative products on the electronic markets operated by or for Eurex Deutschland, Eurex Zurich or the CBOT, provided that, for the avoidance of doubt, any software used for production prior to August 27, 2000 for the purpose of electronic trading of futures and futures options on an electronic market operated by or for the CBOT (and not Eurex Deutschland or Eurex Zurich) is not included in the Eurex Software. The Eurex Software includes the Programs (as defined in the SLA) and the Modifications, but does not include any software that has not been (i) developed by or on behalf of a member of the Eurex Group, or (ii) co-owned at any time by Ceres, DBAG and SWX according to the AA and the SLA. Subject to the preceding sentence, the Eurex Software does not include software that is, has been or may be used for market surveillance or clearing activities in connection with the CBOT Electronic Market.

1.10 "Group" shall mean either the Eurex Group or the CBOT Group, as the case may be.

1.11 "Licensors Confidential Information" shall have the meaning as defined in Section 7.3 of the SLA.

1.12 "Modifications" shall mean all of the alterations, adaptions, amendments, enhancements, extensions, modifications, developments, bug-fixes and improvements to the Eurex Software and combinations of the Eurex Software with other software to the extent (i) created by any member of a Group, (ii) or jointly created by two or more members of one or both Groups, or (iii) caused to be created by one or more members of one or both Groups. For the avoidance of doubt, "Modifications" shall include, without limitation, any "Modifications" as defined in Section 7.1 (b) of the SLA, in particular, without limitation, the Release 3.0 Modifications (as defined in the SLA), the 4.0 Modifications, the Current 4.1 Modifications and the Future 4.1 Modifications (each as defined in the CRA), but shall not include any software that has not been (i) developed by or on behalf of a member of the Eurex Group, or (ii) co-owned at any time by Ceres, DBAG and SWX according to the AA and the SLA. Subject to the preceding sentence, the Modifications do not include software that is, has been or may be used for market surveillance or clearing activities in connection with the CBOT Electronic Market. Also, the Modifications do not include any software used for production prior to August 27, 2000 for the purpose of electronic trading of futures and futures options on an electronic market operated by or for the CBOT (and not Eurex Deutschland or Eurex Zurich).

1.13 "System" shall mean (i) until the Effective Date all computer and communication resources intended to be used or actually used, by any of the Parties or its Affiliates, to provide electronic trading services to users of the Exchanges, including, without limitation, the Eurex Software, and (ii) as of and from the Effective Date all computer and communication resources provided by any member of the Eurex Group to a member of the CBOT Group and actually used or intended to be used under any of the Follow-Up Agreements.

2. Amendment of Alliance Agreement and Software License Agreement

2.1 The Parties that are a party to the Alliance Agreement agree and acknowledge that the Alliance Agreement is hereby amended as follows:

(i) Sections 3.6(d) and 3.6(e) are hereby deleted in their entirety;

(ii) Sections 7.2(a) and 7.2(b) are each hereby amended by striking the words "and for a period of four (4) years thereafter" from the second line of each section;

(iii) Section 7.2(c) is hereby deleted in its entirety and replaced by the following:

> "If any Party terminates this Agreement because of another Party's violation of this Section 7.2, the rights of the Breaching Party's Group to enforce any of the provisions of Section 7.2(a) or 7.2(b) related to Restricted Products and similar business ventures or arrangements shall cease."

(iv) Section 7.3(d)(iii) is hereby deleted in its entirety; and

(v) Section 13.11 is hereby deleted and replaced by the following:

> "Sections 3.10, 10.3, 10.4, 12.2, 12.3 and 13.1 and Articles IX, XI, XIII and all other provisions of this Agreement that can reasonably be interpreted or construed as being intended to survive the termination of this Agreement, shall survive the termination of this Agreement."

2.2 The Parties that are a party to the Software License Agreement agree and acknowledge that the Software License Agreement is hereby amended as follows:

(i) Section 2.3 is hereby amended by striking the words "the fourth anniversary of" in the second line and in the eighth/ninth line;

(ii) Section 2.5 of the Software License Agreement is hereby amended by adding the following sentence:

> "The provisions of this Section 2.5 shall have no effect following the termination of this Agreement if none of the events described under (i) and (ii) of the preceding sentence has occurred by the time of termination of this Agreement."

and

(iii) Section 8.2 of the Software License Agreement is hereby deleted and replaced by the following:

> "Notwithstanding anything to the contrary contained elsewhere in this Agreement, the following Sections of this Agreement shall survive any termination hereof: Sections 2.4, 5.1.2, 5.2, 5.3, 5.4, 5.6, 5.7, 5.8, 7.3, 8 and 9. Sections 9.6 (only last sentence) and Section 9.7 shall survive the liquidation, dissolution, bankruptcy or reorganization of Ceres."

3. Termination of Preexisting Agreements

3.1 The Parties that are parties to the Alliance Agreement hereby acknowledge and agree that the Alliance Agreement is terminated as of the Effective Date, provided that the amendment thereof pursuant to Section 2.1 of this Agreement is effective immediately prior to such termination.

3.2 Ceres hereby gives notice under Section 8.1 of the Software License Agreement of termination of the Software License Agreement as of the Effective Date, and

DBAG, SWX, CBOT and Ceres acknowledge and agree to terminate the Software License Agreement as of the Effective Date, provided that the amendment thereof pursuant to Section 2.2 of this Agreement is effective immediately prior to such termination.

3.3 The Parties that are parties to the Master Software Development Agreement and the Systems Operations Agreement hereby acknowledge and agree that the Master Software Development Agreement and the Systems Operations Agreement are terminated as of the Effective Date; provided, however, that termination of the MSDA and the SOA shall not affect any obligation of any Party thereto to make payments for services performed by DBS prior to the Effective Date.

3.4 The Parties that are parties to the Confirmation of Rights Agreement hereby acknowledge and agree that the CRA is terminated as of the Effective Date.

3.5 In the event of a conflict between a provision surviving the termination of any of the Preexisting Agreements and a provision of this Agreement, the provision of this Agreement shall prevail.

4. Effect of Termination

4.1 Subject to Ceres' right to continue to use any rights granted to it under and in accordance with the terms of the Non-Exclusive Software License Agreement, as of the Effective Date,

(i) the licenses granted under the Software License Agreement, all sublicenses granted by CBOT and/or Ceres to other parties and all rights pursuant to the Alliance Agreement and the Software License Agreement to use the Eurex Software, the Documentation and any Licensors Confidential Information are terminated; and

(ii) Ceres, and CBOT as sublicensee of Ceres, hereby expressly waive, as of the Effective Date, all right, title and interest to Modifications it still has as of the Effective Date, and hereby assign any such right, title and interest to DBAG and SWX. Ceres does not make and hereby disclaims all

warranties of any kind including but not limited to, implied warranties of title, non-infringement, merchantability and fitness for a particular purpose, and shall have no liability in connection with or arising out of the failure of the Modifications (1) to meet the requirements of DBAG or SWX or to operate in configurations selected by DBAG or SWX, (2) to operate in an environment selected by DBAG, SWX or their assignees or sublicensees in an uninterrupted or error-free manner, or (3) to conform to any performance specifications, or in connection with or arising out of any ability or inability to use the Modifications in connection with any of the products or contracts traded (or failed to be traded) on any exchange or by any users thereof. Ceres hereby warrants and represents that other than itself, and CBOT as its sublicensee, no member of the CBOT Group has any right, title and interest in the Modifications.

The Parties acknowledge and agree that (i) there shall be no obligation of any Party to make any payment under Section 3.4 of the AA for the use of Modifications made at the sole expense of a Party belonging to the other Group; for the avoidance of doubt this sentence is not intended to confer any rights to any Party within the CBOT Group to use Modifications, and that (ii) none of the events described in Section 2.5 of the SLA has occurred as of the Effective Date.

4.2 The Parties agree that, as of the Effective Date, CBOT, Ceres and all other members of the CBOT Group shall have no right, title and interest in the Common Source Code (as defined in the AA) and that neither CBOT, nor Ceres nor any other member of the CBOT Group shall participate in any revenues from the marketing and/or sub-licensing of Common Source Code by DBAG and SWX. Section 7.5 of the AA shall have no effect following the Effective Date.

4.3 Ceres shall, and shall ensure that all sub-licensees and any other parties to which it has provided any portion of the Eurex Software, the Documentation or Licensors Confidential Information (other than users of the CBOT Electronic Market and their vendors, to the extent they are using any such portion for the purposes of allowing the users of CBOT to trade on the CBOT Electronic Market) shall, promptly return or destroy all copies of the Eurex Software (including derivative

work thereof), in all forms, including, without limitation, the Common Source Code and any other source code, partial and complete, whether or not modified or merged into other programs, other than and for so long as required (i) for archival purposes pursuant to applicable regulatory requirements, (ii) by law, or (iii) for the operation of the CBOT Electronic Market under the Follow-up Agreements (excluding in this case any source code). Ceres shall thereafter promptly deliver to DBAG and SWX a written statement certifying its compliance with this requirement.

4.4 The rights granted to CBOT and Ceres under Section 5.2 of the MSDA and Section 5.2 of the SOA to use the Tools (as defined in the MSDA and the SOA) are terminated as of the Effective Date and CBOT's and Ceres' right to use such Tools shall thereafter be governed by the NSLA.

4.5 To the extent DBS has granted to any other Party that is a party to the SOA any security interest in the Hosts (as defined in the SOA) and the equipment installed in the Access Points (as defined in the SOA) pursuant to Section 5.4 of the SOA, such security interest is hereby released. For the avoidance of doubt, this Agreement shall not affect DBS' ownership of equipment used in connection with the provision of services under the MSDA and the SOA.

4.6 As of the Effective Date, any obligation of DBS under Section 13 of each of the MSDA and the SOA to an Ownership Party (as defined in the MSDA and the SOA) shall be deemed exclusively an obligation to DBAG and SWX, and not to Ceres, any other member of the CBOT Group or LLC. Section 4.1 shall apply with regard to (i) any Client Proprietary Rights (as defined in the MSDA and the SOA) acquired by CBOT or Ceres pursuant to Section 13 of each of the MSDA and the SOA, (ii) any right, title and interest in any source code provided by DBS to CBOT and/or Ceres in accordance with Sections 13.4 MSDA and 13.3 SOA, (iii) any right, title and interest in the Modifications acquired by CBOT or Ceres under the CRA, and (iv) any right, title and interest in any work products or other items referred to in Section 5 of the Interim Agreement.

4.7 In view of the Follow-up Agreements, the Parties hereby agree that Sections 18.2,18.3 and 18.5 of each of the MSDA and the SOA shall not apply following termination of the MSDA and the SOA.

4.8 The execution of this Agreement and the Follow-Up Agreements and the termination of the Preexisting Agreements are not intended to impair the day-to-day operation of the CBOT Electronic Market in any way.

4.9 Subject to the provisions contained elsewhere in this Agreement or any of the Follow-up Agreements, but without limiting the effect of Section 4.9.7, the Parties agree on the following with regard to intellectual property rights:

4.9.1 To the extent a Party in the Eurex Group holds or acquires an interest in a patent, if any, related to the System, the Eurex Software or any portion thereof, during the term of the Follow-up Agreements, it hereby grants to Ceres and CBOT throughout the term of the Follow-up Agreements a non-exclusive, non-transferable, non-sublicensable right to use such patent only to provide and support electronic trading facilities and services for the trading of Eligible Derivatives (as defined in the NSLA) on the CBOT Electronic Market, provided that the license fee for such patent is included in the license fee specified in the Non-Exclusive Software License Agreement.

4.9.2 Each member of the Eurex Group (i) warrants that, as of the Effective Date, it has no direct, indirect, legal or beneficial interest in any U.S. patent or U.S. patent application covering the System, the Eurex Software or any portion thereof, and (ii) agrees to notify CBOT promptly if it acquires any such interest during the term of the Follow-Up Agreements.

4.9.3 The CBOT Group acknowledges the copyright of DBAG and SWX in the Eurex Software.

4.9.4 The CBOT Group agrees not to use any of the trademarks or service marks of the Eurex Group.

4.9.5 Each member of the Eurex Group acknowledges that, as of the Effective Date, it has not sent out any warning letters to any third parties claiming an infringement or misappropriation of its intellectual property rights (including but not limited to rights in patent, copyright, trademark, trade secrets or confidential information) in connection with any electronic trading system for derivatives and agrees to notify CBOT promptly if it does so during the term of the Follow-up Agreements.

4.9.6 Each member of a Group acknowledges that during the course of the Pre-Existing Agreements and the Follow-Up Agreements, the members of the other Group have acquired or may acquire certain know-how which is not Confidential Information of a member of the first Group under the Pre-Existing Agreements or a Follow-Up Agreement. Nothing in this Agreement, the Pre-Existing Agreements or the Follow-Up Agreements shall be construed to prevent the use of such know-how by the other Group during or after the term of the Follow-Up Agreements.

4.9.7 Each member of the Eurex Group acknowledges that each member of the CBOT Group is free to make use, after the end of the Follow-up Agreements, to the extent that such use does not include the use of the source code of the Eurex Software or any part thereof, of the functional concepts underlying those Modifications paid for in whole or in part by or on behalf of one or more members of the CBOT Group.

4.9.8 To the extent that any member of the CBOT Group has any concern as to whether any component of the electronic trading facilities which are intended to replace the System after the end of the Follow-up Agreements would result in a violation of any intellectual property rights of any member of the Eurex Group, such member of the CBOT Group may ask the DBAG Program Manager (as defined in the Software Maintenance Agreement) to confirm whether or not such component does in the view of the applicable member of the Eurex Group violate such intellectual property. In the event any member of the Eurex Group would, after the end of the Follow-up Agreements, estimate that any component of the

electronic trading facilities which are intended by a member of the CBOT Group to replace the system violate any intellectual property rights of such member of the Eurex Group, such member of the Eurex Group will, prior to initiating any legal action, give the applicable members of the CBOT Group the opportunity to comment on the alleged infringement.

5. Effective Date

This Agreement shall enter into effect upon the date of execution of the last of this Agreement and all of the Follow-up Agreements by all of the respective parties to such agreements (the "Effective Date").

6. Certain Restrictions

6.1 The Preexisting Agreements contain certain restrictions, covenants to non-compete or clauses with similar aim or effect. The Parties agree that none of these provisions shall survive or have any effect after the termination of the Preexisting Agreements, unless expressly indicated in this Agreement or any of the Follow-up Agreements as surviving such termination of the respective Preexisting Agreement.

6.2 The Parties agree that for the time periods set forth in Section 6.2.3, the following product restrictions (the "Product Restrictions") shall apply:

6.2.1 Each Party within the Eurex Group agrees that neither it nor any of its Affiliates will, without the prior written consent of the CBOT, (i) trade or support a third party to trade CBOT Restricted Products (as defined below) using the Eurex Software and/or the Network (including for purposes of this Section 6.2.1, for the avoidance of doubt, the iAccess connection alternative), or to provide services to any third party trading CBOT Restricted Products using the Eurex Software and/or the Network, (ii) enter into or perform any significant business venture or arrangement with any person if the purpose or effect of such business venture or arrangement is to offer CBOT Restricted Products for trading or to otherwise support such person in the offering of such products for trading (including profit sharing

or cost sharing related to the trading, or facilities for trading, of CBOT Restricted products), including through participation with such person as an Affiliate of or joint venturer with such person that will engage in such activities, and (iii) offer trading of any of the following CBOT products or the economic equivalent ("synthetic") thereof, to the extent such products have a notional value denominated in, or settled in, the official currency of the United States (the "CBOT Restricted Products"):

(a) 30 Year T-Bond Futures and Options on such Futures, 10 Year Treasury Note Futures and Options on such Futures, 5 Year Treasury Note Futures and Options on such Futures, 2 Year Treasury Note Futures and Options on such Futures, 10 Year Agency Futures and Options on such Futures, 5 Year Agency Futures and Options on such Futures;

(b) Soybean Futures and Options on such Futures, Soybean Oil Futures and Options on such Futures, Soybean Meal Futures and Options on such Futures, Wheat Futures and Options on such Futures, Corn Futures and Options on such Futures, Rough Rice Futures and Options on such Futures, Oat Futures and Options on such Futures, Cotton Futures and Options on such Futures, Coffee Futures and Options on such Futures, Sugar Futures and Options on such Futures, Cocoa Futures and Options on such Futures, Orange Juice Futures and Options on such Futures, Corn Yield Insurance Futures and Options on such Futures, Wheat Yield Insurance Futures and Options on such Futures, Soybean Yield Insurance Futures and Options on such Futures.

6.2.2 Each Party within the CBOT Group agrees that, neither it nor any of its Affiliates will, without the prior written consent of Eurex Zurich and Eurex Frankfurt, (i) trade or support a third party to trade Eurex Restricted Products (as defined below) using another software than the Eurex Software or another network than the Network, or to provide services to any third party trading Eurex Restricted Products using another software

than the Eurex Software and for another network than the Network, (ii) enter into or perform any significant business venture or arrangement with any person if the purpose or effect of such business venture or arrangement is to offer Eurex Restricted Products for trading or to otherwise support such person in the offering of such products for trading (including profit sharing or cost sharing related to the trading, or facilities for trading, of Eurex Restricted Products), including through participation with such person as an Affiliate of or joint venturer with such person that will engage in such activities, and (iii) offer trading of any of the following products offered by Eurex Zurich or Eurex Deutschland or the economic equivalent ("synthetic") thereof, to the extent such products have a notional value denominated in, or settled in, an official currency of either Germany or Switzerland (the "Eurex Restricted Products"):

Bund Futures and Options, Bobl Futures and Options, Schatz Futures and Options.

6.2.3 The Product Restrictions shall end on the earliest of:

(a) December 31, 2003;

(b) the date of termination of the Follow-up Agreements;

(c) the date on which a Party belonging to the CBOT Group has failed to comply with the Network Restriction (as defined below); provided, however, that in such case only the Product Restrictions on CBOT Restricted Products under Section 6.2.1 shall cease and both the Product Restrictions on Eurex Restricted Products under Section 6.2.2 and the Network Restriction (as defined below) shall continue to be binding;

provided that upon the occurrence of (a) or (b) above, the Product Restrictions on CBOT Restricted Products shall continue to remain in force for 30 days after the date on which the termination of the Follow-up Agreements becomes effective. However, this 30 days extension of the

Product Restrictions on CBOT Restricted Products shall continue to remain in force for 30 days after the date on which the termination of the Follow-up Agreements becomes effective. However, this 30 days extension of the Product Restrictions shall not apply if the Follow-up Agreements have been terminated by the applicable member of the Eurex Group due to (i) a Change of Control, (ii) the non-payment of any fees due by a member of the CBOT Group to any member of the Eurex Group under any of the Follow-up Agreements, or (iii) the violation of any obligation of a member of the CBOT Group, under this Agreement or any of the Follow-up Agreements, relating to the intellectual property or confidential information of a member of the Eurex Group.

6.3 Each Party within the CBOT Group agrees that it will (i) offer CBOT Restricted Products for electronic trading only through the Network provided to CBOT and Ceres by DBS under the New Systems Operations Agreement, and (ii) not support, directly or indirectly, the offering of electronic trading of CBOT Restricted Products by any third party other than through the Network (the "Network Restriction"). The Network Restriction shall end on the earliest of:

(a) December 31, 2003;

(b) the date of termination of the Follow-up Agreements; and

(c) the date on which a Party belonging to the Eurex Group has failed to comply with the Product Restrictions on CBOT Restricted Products; provided however, that the termination of the Network Restriction under this subsection (c) would have no effect on the Eurex Group's Product Restrictions on CBOT Restricted Products, which would continue to be binding in accordance with Section 6.2.3.

6.4 Each Party agrees to use its best efforts to cause the members of its Group and its Affiliates to comply with the Product Restrictions and, in case of the CBOT Group, the Network Restriction, it being understood that a failure to comply with the Product Restrictions and the Network Restriction by a member or an Affiliate of a Party within the CBOT Group or the Eurex Group, as the case may be, shall be deemed a violation by the Parties within the respective Group.

6.5 In the event a Party, or an Affiliate of a Party, breaches its obligations under the Product Restrictions or the Network Restriction, such Party shall pay to the Parties within the other Group an amount of (Euro) [**] per each trading day on which a breach occurs up to a maximum amount (i) of (Euro) [**] per Group and trading day, and (ii) of (Euro) [**] per Group and month. The payments provided for in this Section 6.5 shall in no way restrict the rights of a Party to enforce the Product Restrictions and the Network Restriction or to claim damages in a higher amount.

6.6 Each Party hereby acknowledges, on behalf of itself and its Affiliates, that a material breach of the provisions of this Section 6 would cause irreparable harm for which money damages could not make the injured Party whole, and hereby consents, on behalf of itself and its Affiliates, to any order entered by any arbitral tribunal or court of competent jurisdiction prohibiting it from such violation or to any other available equitable or injunctive relief. This paragraph is not intended to limit in any way the availability of or the use of other legal or equitable remedies by the Parties.

6.7 Notwithstanding Section 8.3 of the Non-Exclusive Software License Agreement and Section 17.2.4 of each of the New Systems Operations Agreement and the Software Maintenance Agreement, the members of each Group acknowledge that, subject to the Network Restriction and the Product Restrictions, the members of the other Group may negotiate, execute and perform agreements with third parties, and may engage in the development, testing, implementation and use of software, computer, network, communications and other equipment, systems and procedures during and after the term of this Agreement, including, but not limited to, for the purpose of developing electronic trading systems to be used by a Party after the termination of the Follow-Up Agreements or for the offering of products not subject to the Network Restriction or the Product Restrictions.

7. Joint Venture Entity

The shareholders of LLC will review and agree as appropriate by way of a separate agreement on the future role of LLC and the further use of LLC's trademark by the end of the second quarter of 2003. Until such separate agreement is made, Ceres and CBOT shall

continue to use the trademark "a/c/e" for the CBOT Electronic Market as is presently the case.

8. Outstanding Payments

8.1 As of the Effective Date, Ceres and CBOT shall promptly pay to DBS any payments outstanding for services rendered by DBS to Ceres or CBOT under the SOA or the MSDA; provided, however, that any amount shall become due and payable only upon receipt of a corresponding invoice from DBS.

8.2 Without admitting any liability, CBOT and Ceres shall, as of the Effective Date, pay to DBS within 10 days from the Effective Date the amount of (Euro) [**] in full satisfaction of all claims of members of the Eurex Group relating to Change Request 044 under the MSDA.

9. User Claims

9.1 The parties belonging to each Group (the "Indemnifying Group") will indemnify and hold harmless each Entity (as defined in the AA) in the other Group and/or their respective officers and directors (the "Indemnified Persons") from and against any and all losses, claims, damages, costs, expenses, liabilities and reasonable attorneys' fees (collectively "Damages") awarded against any of the Indemnified Persons as the result of, in connection with or relating to a Covered Claim (as hereinafter defined) or incurred by any of them in connection with the defense thereof, upon the terms set forth in this Section 9.

9.2 Promptly after receipt by any of the Indemnified Persons of notice of the commencement of any Covered Claim, such Indemnified Person shall, if a claim in respect thereof is to be made against the Indemnifying Group, notify the Indemnifying Group in writing of the commencement thereof, but the omission to notify the Indemnifying Group shall not relieve any member of the Indemnifying Group from any liability which it may have to any Indemnified Person otherwise than under this Section 9. If any action is brought against any Indemnified Person and it has notified the Indemnifying Group of the commencement thereof, the Indemnifying Group shall be entitled to assume the defense thereof, with counsel

reasonably satisfactory to such Indemnified Person (which counsel shall not, except with the consent of such Indemnified Person, which consent shall not be unreasonably withheld, be counsel to any party in the Indemnifying Group). An Indemnified Person shall cooperate fully in its defense and shall execute such retention, joint defense (in the case of multiple defendants) and standstill agreements as such counsel deems reasonably appropriate for purposes of the Indemnified Person's defense. An Indemnified Person shall have the right at its own expense, to participate in its defense, provided, however, that, after notice from the Indemnifying Group to such Indemnified Person of the Indemnifying Group's election so to assume the defense of the action, the Indemnifying Group shall not be liable to such Indemnified Person under this Section 9.2 for any legal expenses of other counsel. The Indemnified Person shall have no right to consent to judgment or agree to a settlement of a Covered Claim without the written consent of the Indemnifying Group, which shall not be unreasonably withheld, unless the Indemnified Person waives its right to defense and the indemnification hereunder. If the Indemnifying Group or the Indemnified Person reasonably determines that a conflict of interest has arisen in the representation by the attorneys appointed by the Indemnifying Group, new counsel (reasonably satisfactory to the Indemnified Person as aforesaid) shall be appointed by the Indemnifying Group for the Indemnified Person at the Indemnifying Group's expense. The Indemnifying Group shall not, without the prior written consent of the Indemnified Persons, effect any settlement of any pending or threatened proceeding in respect of which any Indemnified Person is or could have been a party and indemnity could have been sought hereunder by such Indemnified Persons, unless such settlement includes an unconditional release of such Indemnified Person from all liability on the Covered Claim(s) that is the subject matter of such proceeding. Upon satisfaction by the Indemnifying Group of its obligations to the Indemnified Persons with respect to a Covered Claim, the Indemnified Persons will assign to the Indemnifying Group any rights or causes of action against any third parties available in connection with the Covered Claim.

9.3 For purposes of the foregoing, a "Covered Claim" shall mean, as to the Indemnifying Group, a claim brought by a user, member, lessee or equity holder of

an Exchange within the Indemnifying Group, a client or customer of a user, member, lessee or equity holder of such Exchange, or any other person involved in or connected with the trading community of such Exchange, in that person's capacity as such, and relating to or arising out of the use of the System by any such person, on its own behalf or on behalf or any other person, but shall not include any claim to the extent that such claim:

(i) Is covered by insurance maintained by any of the Indemnified Persons (but without obligation to maintain any such insurance); or

(ii) Arises out of or is attributable to:

(A) The gross negligence or willful misconduct of any of the Indemnified Persons; or

(B) the violation by any Indemnified Person of regulatory requirements (including antitrust, competition, U.S. Commodity Exchange Act, telecommunications, international trade, banking, tax, patent, etc.).

9.4 The Parties agree to include in the rules of their respective Exchanges as appropriate, with respect to its users which are also users of the other Group's Exchanges, commercially reasonable provisions which are intended to minimize the liability of the members of the other Group to the extent permitted by applicable law without resulting in an undue burden on the Exchange or the users of the Exchanges within their respective Groups.

9.5 For the avoidance of doubt, the provisions of this Section 9 shall also apply with regard to, and during the term of, the Follow-up Agreements and shall be deemed a provision surviving each of the Follow-Up Agreements.

10. Warranties, Texas Case

10.1 Each of the Parties hereby represents and warrants to the others as follows:

10.1.1 It has all requisite corporate power and authority to enter into this Agreement and to carry out the transactions contemplated hereby.

10.1.2 The execution, delivery and performance of this Agreement and the consummation of the transactions contemplated hereby have been duly authorized by all requisite corporate action on its part.

10.2 The Parties confirm their understanding that no Party belonging to one Group and no Affiliates of such Party, shall have any liability to a Party belonging to another Group, or an Affiliate of such Party, including, without limitation, under this Agreement and any of the Follow-up Agreements, arising out of or in connection with the U.S. Patent No. 4,903,201 (the "Patent") or any claims asserted with respect thereto, in the Texas Case or otherwise based upon the Patent. For purposes of this Section 10.2, a Group is either the Eurex Group, the CBOT Group, or LLC. Any provisions contained in any of the Preexisting Agreements that expressly relate to the Patent and/or the Texas Case shall survive the termination of such Preexisting Agreement.

10.3 Unless otherwise set forth elsewhere in this Agreement or any of the Follow-up Agreements, each Party hereby releases each member of the other Group from, and hereby expressly waives all claims asserted in writing by the Effective Date, if existing at all, for losses, damages, liabilities and costs of defense based on any claim arising under or in connection with a Preexisting Agreement, including without limitation, a claim for indemnification under the MSSA. For the avoidance of doubt, on the Effective Date, the dispute resolution procedure invoked by the Eurex Group on April 9, 2001 under Section 12.1 of the AA shall be deemed resolved and all claims thereunder shall hereby be released.

11. General Provisions

11.1 The Parties shall, on the Effective Date, issue the press release attached hereto as Exhibit D. No Party shall issue or approve the issuance of any other press release, or other public communication, relating to this Agreement, the Preexisting Agreements or the Follow-up Agreements, and in particular the revised scope of the relationship between the Parties unless required by law, including applicable law regarding securities disclosure.

11.2 The entire agreement and understanding between and among the Groups consists of (a) this Agreement; (b) the Follow-Up Agreements (including all schedules and exhibits thereto) and (c) those provisions of the Preexisting Agreements that survive their termination and do not conflict with this Agreement. There are no written or oral side agreements. In the event of a conflict between a provision of this Agreement and a provision of a Follow-Up Agreement, this Agreement shall control. No change, modification or amendment to this Agreement shall be of any force or effect unless it is approved in writing by all of the Parties and dated subsequent to the date hereof. The preceding sentence also applies with regard to a change, modification or amendment to the preceding sentence.

11.3 The provisions of this Agreement are severable and the unenforceability of any provision of this Agreement shall not affect the enforceability of any other provision hereof. In addition, in the event that any provision of this Agreement (or portion thereof) is determined by a court of competent jurisdiction, an arbitral award obtained pursuant to Section 11.7 or any regulatory authority having jurisdiction to be unenforceable as drafted by virtue of the scope, duration, extent or character of any obligation contained therein, it is the mutual agreement of the Parties that such provision (or portion thereof) shall be construed in a manner designed to effectuate the purpose of such provision to the maximum extent enforceable under applicable law. If such construction is not possible, the Parties undertake, to the extent reasonably possible, to modify such provision in order to implement the purposes of such provision as fully as possible.

11.4 No Party may assign this Agreement or any portion hereof, by Change of Control, operation of law or otherwise, without obtaining the prior written consent of the other Parties. The Parties will grant their consent to the assignment of rights or obligations by a party to an Affiliate of such Party if (i) the assigning Party remains liable for any assigned obligations as a jointly and severally liable guarantor (selbstschuldnerische Burgschaft) with the assignee, (ii) the assigning party, together with its rights and obligations under this Agreement, assigns its rights and obligations, if any, under the Non-exclusive Software License Agreement, the Software Maintenance Agreement and the New Systems Operations Agreement to the assignee, or (iii) in the case of Ceres being the assigning Party, CBOT assumes

a performance guarantee as set forth in Section 11.5 with regard to the assignee. The exceptions to the definition of "Change of Control" for CBOT and SWX do not require the consent of the other Parties under this Section 11.4. For the avoidance of any doubt, the above shall not entitle a Party to invoke a preliminary injunction or to seek any other remedy in order to prevent the occurrence of a Change of Control.

11.5 CBOT hereby unconditionally and irrevocably guarantees to each Party belonging to the Eurex Group the full and timely performance by Ceres, and all of Ceres' permitted assigns or legal successors (individually and collectively referred to as "Ceres"), of all of Ceres' obligations under or pursuant to this Agreement to a member of the Eurex Group as and when the same shall be due to be performed under this Agreement, and all liabilities of Ceres under this Agreement in the event of any breach by Ceres of any term hereof. CBOT hereby waives any provision of any statute, regulation or judicial decision otherwise applicable hereto which restricts or in any way limits the rights of an obligee against a guarantor or surety following a default of failure of performance by an obligor with respect to whose obligations the guarantee or surety is provided. The Parties belonging to the Eurex Group may proceed to protect and enforce any or all of their rights under this Section 11.5 pursuant to Section 11.7, whether for the specific performance of any covenants or agreements of Ceres under or pursuant to this Agreement, and shall be entitled to require and enforce the performance by CBOT of all acts and things required to be performed hereunder by Ceres. CBOT shall not be entitled to and does hereby waive any and all defenses now or hereafter available to guarantors, sureties and other secondary parties at law or in equity, with the exception of any defense Ceres may have against the Parties belonging to the Eurex Group that are available to CBOT. The Parties belonging to the Eurex Group shall be entitled to proceed on first demand directly against CBOT in respect of any performance obligations hereunder without any requirement that it first make any demand against or exhaust any remedies available to it from Ceres or to take any other steps.

11.6 This Agreement shall be governed by and subject to the laws of the Federal Republic of Germany, to the exclusion of the conflicts of law rules. This choice of

law clause does not intend to modify the governing law of any of the Preexisting Agreements or amendments thereunder.

11.7 Except with regard to actions seeking temporary or permanent injunctive relief, any dispute arising under or in connection with this Agreement between or among any Parties to this Agreement will be finally settled by arbitration in accordance with the arbitration rules of the United Nations Convention on International Trade Law (the "UNCITRAL Rules").

11.7.1 The arbitration will be conducted by three (3) arbitrators. Such arbitrators are to be appointed in accordance with Article 7 of the UNCITRAL Rules.

11.7.2 Where there are multiple parties, whether as Claimant or as Respondent the multiple Claimants, jointly, and the multiple Respondents, jointly, shall nominate an arbitrator pursuant to Article 7 of the UNCITRAL Rules. In the absence of such a joint nomination and where all parties are unable to agree to a method for the constitution of the Arbitral Tribunal, the London Court of International Arbitration (the "Appointing Authority" for the purposes of the application of the UNCITRAL Rules) may appoint each member of the Arbitral Tribunal and shall designate one of them to act as chairman. In such case the Appointing Authority shall be at liberty to choose any person it regards as suitable to act as arbitrator.

11.7.3 The place of arbitration shall be London. The proceedings shall be conducted in the English language exclusively.

11.7.4 The parties acknowledge that irreparable damage may occur in the event of breach of any of the terms of this Agreement.

11.8 The Parties agree that Sections 15.1, 15.2 and 15.3 of each of the New Systems Operations Agreement and the Software Maintenance Agreement apply mutatis mutandis.

11.9 This Agreement may be executed in any number of counterparts, each of which shall be deemed an original of this Agreement and all of which taken together shall constitute one and the same agreement.

New Systems Operations Agreement

This New Systems Operations Agreement (the "Agreement") is entered into

between

1. Board of Trade of the City of Chicago, Inc., 141 West Jackson Blvd., Suite 600-A, Chicago, Illinois, 60604, United States of America

(hereinafter, "CBOT")

2. Ceres Trading Limited Partnership, c/o Board of Trade of the City of Chicago, Inc., 141 West Jackson Blvd., Suite 600-A, Chicago, Illinois 60604, United States of America

(hereinafter, "Ceres")

and

1. Deutsche Borse Systems AG, Neue Borsenstrasse 1, 60487 Frankfurt am Main, Germany

(hereinafter, "DBS")

2. Eurex Zurich AG, Selnaustrasse 30, 8021 Zurich, Switzerland

(hereinafter, "Eurex Zurich")

3. Eurex Frankfurt AG, Neue Borsenstrasse 1, 60487 Frankfurt am Main, Germany

(hereinafter, "Eurex Frankfurt")

PREAMBLE

A. Eurex Zurich and its wholly-owned subsidiary Eurex Frankfurt (referred to jointly as the "Eurex Entities") are operating the electronic derivatives exchanges Eurex Zurich and Eurex Deutschland (the "Eurex Exchanges"). The technological basis of the Eurex Exchanges is the Eurex Software, a software jointly developed and owned by Deutsche Borse AG ("DBAG") and the SWX Swiss Exchange ("SWX").

B. CBOT offers certain derivative products for trading on that certain electronic market operated on the basis of Release a/c/e 1.0 of the Eurex Software and formerly known as "a/c/e" (the "CBOT Electronic Market"). The host used for the CBOT Electronic Market is located in Chicago (the "Chicago Backend"). To date, DBS, a wholly-owned subsidiary of DBAG, has provided to Ceres and CBOT the services required (i) for the operation of the Chicago Backend, (ii) for the connection of the CBOT Electronic Market to a dedicated wide-area communications network provided by DBS (the "Network") that can be accessed through certain Access Points, and (iii) for technically enabling users of the Eurex Exchanges ("Eurex Users") and users of CBOT (the "CBOT Users") to access the CBOT Electronic Market and the Eurex Exchanges on the basis of a Systems Operations Agreement dated July 20, 2000 (the "Systems Operations Agreement"). The parties to the Systems Operations Agreement have decided to terminate the Systems Operations Agreement by way of a separate Reorganization Agreement dated an even date herewith (the "Reorganization Agreement").

C. CBOT and Ceres desire that, following termination of the Systems Operations Agreement, DBS continues to operate the Chicago Backend, that the CBOT Users continue to use the Network in order to access the CBOT Electronic Market, and that the CBOT Electronic Market continues to be connected to the Network. DBS is prepared to provide Ceres with the services required in order to achieve these goals subject to the terms of this Agreement.

In consideration of the foregoing premises and the mutual covenants herein set forth, the parties agree as follows:

1. Definitions

1.1 Terms used in this Agreement with initial capital letters (other than proper nouns) have the meanings set forth in the glossary of defined terms attached as Schedule 1.1.

2. Scope of Agreement

2.1 Scope of Agreement. This Agreement governs the relationship between CBOT and Ceres, on the one hand, and DBS, on the other hand, with regard to certain services to be provided by DBS for the purpose of the operation of the Chicago Backend and in order to connect the CBOT Users to the CBOT Electronic Market through the Network as set forth in Section 4.1 (the "Operation Services"). The Eurex Entities shall neither be responsible nor be liable under this Agreement in any way for the provision of the Operation Services or for any failure of DBS in performing the Operation Services. CBOT and Ceres shall neither be responsible nor be liable in any way for the provision of any services to the Eurex Entities or for any failure of DBS in performing services for the Eurex Entities.

2.2 Other Agreements. Ceres' right to use certain parts of the Eurex Software is governed by a Non-exclusive Software License Agreement dated an even date herewith between DBAG, SWX, CBOT and Ceres (the "Non-exclusive Software License Agreement") with maintenance to be provided under a Software Maintenance Agreement among DBAG, SWX, the Eurex Entities, CBOT and Ceres (the "Software Maintenance Agreement").

3. Use of Network

3.1 Network Standards. Ceres and CBOT acknowledge that under no circumstance shall Ceres' and CBOT's use of the Network, as made available under this Agreement, restrict or adversely affect DBAG's, SWX's and the Eurex Entities' operation, maintenance and further development of the Eurex Software, the Network and the Eurex Operations.

3.2 Connection Alternatives. Ceres and CBOT shall ensure that the CBOT Electronic Market offers at all times all of the connection alternatives described in the

Implementation Regulations of the Eurex Exchanges Concerning Technical Equipment as amended and offered to CBOT and Ceres from time to time.

3.3 Certain Restrictions. Without the prior written consent of the Eurex Entities, Ceres and CBOT shall not (i) use the Network provided under this Agreement and the Chicago Backend for any other purpose than for the electronic trading of Eligible Derivatives as defined in the Non-exclusive Software License Agreement, or (ii) connect any trading platform other than the CBOT Electronic Market to the Network.

4. Scope of Operation Services

4.1 Engagement. Ceres hereby engages DBS to provide the Operation Services. The scope of the Operation Services is defined in Schedule 4.1 and any Change Requests. The scheduling of work (e.g., milestones, completion dates and performance credits) will, if applicable, be set forth in the corresponding Schedule or Change Request.

4.2 Priority. If any provision in Schedule 4.1 expressly states that it has priority over the terms of this Agreement, or if any provision in a Change Request expressly contradicts a provision in this Agreement, the provision in the Schedule or the relevant Change Request will have priority over the relevant terms of this Agreement. If a provision in Schedule 4.1 or a Change Request contradicts a provision in another Change Request, the most recent provision will have priority.

4.3 Deliverables, Services, Tasks. Schedule 4.1 and each Change Request must describe the specific work results ("Deliverables") to be produced under the Schedule or Change Request. A Deliverable must include, if appropriate, functional and technical specifications for itself or for other Deliverables. Schedules and Change Requests relating to ongoing services ("Services") will describe the service in detail and the standards for determining the quality of service. Schedules and Change Requests, and documents prepared pursuant to Schedules and Change Requests, will assign specific work ("Tasks") to the parties and establish time frames in which the Tasks are to be completed; Tasks will also constitute Deliverables to the extent that the Task requires the production of a specific work product and not just an ongoing service. Schedules and Change Requests can also establish the price for the Tasks, together with a payment schedule and may include a schedule of resources to be devoted to the work,

including the number of man-days each party will provide, the equipment and the premises where the work will be carried out.

4.4 Change Request. Ceres or DBS may request a change in Operation Services at any time ("Change Request").

4.4.1 A Change Request will be in writing and will follow a format to be provided by DBS. Each Change Request must contain sufficient information to enable the recipient to reasonably evaluate the Change Request including particularly:

- a description of the change (including specifications, test procedures, date of completion etc.),
- reasons for the change,
- additional resources required to implement the change (including any proposed subcontractors other than Freelancers),
- impact on other elements of the Operation Services or work to be performed by DBAG within the scope of the Software Maintenance Agreement,
- impact on service levels under this Agreement,
- cost impact of the change and allocation of responsibility for increased costs or benefits from reduced costs; if appropriate, the Change Request will contain either a time-and-materials price scheme or a fixed price for the additional work together with a payment schedule.

4.4.2 If the party submitting a Change Request cannot reasonably provide sufficient information under the above categories using the party's own resources, the submitting party may require the other party or parties to assist in providing the missing information without undue delay. If a Change Request initiated by Ceres requires DBS to expend more than one man-day in order to complete the information, DBS can charge for the work on a "time-and-materials" basis if DBS has informed Ceres in advance that it intends to charge for such efforts. DBS will not charge if one man-day or less is required to complete the information.

4.4.3 The parties recognize that there may be various solutions to each Change Request. DBS will propose solutions that it reasonably believes will best meet the needs of Ceres while complying with the defined scope of work. If Ceres rejects a proposed solution that meets all of the requirements of this Agreement in favor of an alternative, DBS will inform Ceres, in writing within two weeks of receipt of the alternative proposal about any anticipated increased costs or delay and, if appropriate, additional resources which are required, as well as all anticipated problems with the solution selected by Ceres such as impact on service levels. If the parties cannot reach agreement at the operational level Ceres may, at its own risk, insist on its alternative solution. In this event, DBS will, subject to Section 4.4.5, be obliged to perform the work on the alternative solution once a corresponding Change Request, in which Ceres agrees to compensate DBS for such work in accordance with the applicable DBS Catalogue of Prices, has been signed by Ceres. The obligation of DBS to perform work under such a Change Request is subject to the condition precedent that DBS has reasonable access to the additional resources set forth in the notice submitted to Ceres under the third sentence of this Section 4.4.3.

4.4.4 Any Change Request by either DBS or Ceres shall be communicated to the designated recipient of the Change Request through the Eurex Entities. The Eurex Entities shall investigate implications of the proposed Change Request on the Eurex Operations and/or the Network without undue delay. Following such investigation, the Eurex Entities shall promptly forward, with comments as appropriate, the Change Request to the designated recipient. Any Change Request directly submitted to the designated recipient shall be deemed non-existing and shall not be processed by the recipient of such Change Request.

4.4.5 A Change Request will become binding if it has been signed by Ceres, the Eurex Entities and DBS. DBS, the Eurex Entities and Ceres will evaluate Change Requests without undue delay. Except as provided in Section 4.4.2, no party is under an obligation to perform work under a Change Request prior to the Change Request having been orderly signed; the costs for performing any such work prior to signing will be borne by the party performing the work.

4.4.6 Under no circumstances shall DBS and the Eurex Entities be obliged to agree to any Change Request that would have a negative impact on any of the Eurex Operations, the Eurex Software or the Network.

4.4.7 For the avoidance of doubt any inquiry for work by either of DBS and Ceres relating to the opening up or closing down of any Access Point will be subject to the Change Request procedure set forth in this Section 4.4.

5. Co-operation, Communication, Subcontracting

5.1 Critical Instructions. If DBS reasonably believes that implementation of an instruction by Ceres is contrary to the performance of the Operation Services (e.g., the implementation would interfere with the operation of any of the Eurex Operations or the Network) or would materially impair DBS' ability to perform other work under this Agreement, DBS will notify Ceres and the Eurex Entities thereof, and DBS will not be required to implement the instruction until both Ceres and the Eurex Entities have confirmed the instruction.

5.2 Delays. Reference to obligations of Ceres also includes all Tasks to be performed by Ceres. DBS will not be responsible for delays in work under this Agreement or for budget overruns which are caused by acts or omissions by Ceres. DBS shall notify Ceres of the specific risk that the delay or budget overrun will occur, and Ceres must be given the opportunity to perform the relevant Task without undue delay.

5.3 Co-operation. Ceres will provide the resources identified in Schedule 4.1 and each applicable Change Requests and perform such other Tasks as may be set forth in Schedule 4.1 and each Change Request. Ceres shall provide DBS with all reasonable co-operation and assistance in the performance of the Operation Services, in each case including:

5.3.1 Ceres will make all decisions reasonably requested of it by DBS in a timely manner; such decisions will be made at the latest within one week after receiving a written request from DBS for the decision, provided that such one week period does not commence to run if Ceres still requires reasonable

information from DBS before making the decision. The one week period will be extended by a reasonable amount of time if circumstances require this.

5.3.2 Ceres will provide in a timely manner all information which DBS or the Eurex Entities reasonably requests.

5.3.3 Ceres will provide appropriately equipped facilities designated by the Program Managers, particularly in the United States of America (the "Facilities"), for carrying out the Operation Services within the scheduled time frame at the reasonable request of DBS. The appropriate equipment in the Facilities does not include components of the system which are being provided by DBS.

5.3.4 As DBS may reasonably request assistance, Ceres will make personnel resources available at locations where work within the scope of the Operation Services is being conducted in order to provide such assistance in a timely manner.

5.3.5 Ceres will provide DBS and its subcontractors with access to the Facilities where equipment required for the performance of the Operation Services is located 24 hours per day, 365 days per year (including weekends and holidays), except to the extent that security requirements make such access unreasonable.

5.3.6 DBS will provide reasonable assistance to Ceres and its employees and subcontractors so that they can perform their Tasks and other work relating to the Operation Services.

5.4 Program Managers. DBS and Ceres will each appoint one Program Manager. Each Program Manager is entitled to make all decisions and issue all declarations on behalf of its principal with regard to any aspect of the Operation Services, provided, however, that the Program Managers are not entitled to make any decision that, pursuant to this Agreement, require the consent of the Eurex Entities. Each party will also appoint substitute Program Managers who can exercise the authority of the Program Managers in their absence. Neither Ceres nor DBS has any responsibility for monitoring whether the other side's Program Manager has actually complied with the internal approval procedures. One side's Program Manager can delegate authority for

a specific matter or for categories of matters to another person by informing the other side's Program Manager in writing; the delegation of authority may only be cancelled by written notification to the other Program Manager. The names of the current Program Managers and their substitutes are set forth in Schedule 5.4.

5.5 Eurex Manager. The Eurex Entities will appoint a Eurex Manager. The Eurex Manager is entitled to make all decisions and issue all declarations on behalf of the Eurex Entities with regard to any aspect of the Operation Services. The Eurex Entities will also appoint a substitute Eurex Manager who can exercise the authority of the Eurex Manager in his absence. Neither Ceres nor DBAG has any responsibility for monitoring whether the Eurex Manager has actually complied with the internal approval procedures. The Eurex Manager can delegate authority for a specific matter or for categories of matters to another person by informing the Program Managers in writing; the delegation of authority may only be cancelled by written notification to the Program Managers. The names of the current Eurex Manager and his substitute are set forth in Schedule 5.4.

5.6 Escalation Committee. The parties will establish an "Escalation Committee" which will consist of CBOT's Chairman and Chief Executive Officer, the Chief Executive Officer of DBS' Management Board (Vorsitzender des Vorstands) and the Chief Executive Officer of the Eurex Entities. The purpose of the Escalation Committee is to discuss Problems which are not resolved by the Program Managers.

5.7 Subcontractors. Prior to engaging any subcontractor other than a subcontractor who is a natural person (such natural person a "Freelancer"), DBS shall inform Ceres and the Eurex Entities about the intended subcontracting. Any engagement of a subcontractor by Ceres shall require prior written approval by DBS and the Eurex Entities. Each party will be liable for the performance of its subcontractors under (S) 278 German Civil Code. Each party must especially make sure that its subcontractors comply with all provisions of the Agreement relating to confidentiality and each party must require each of its subcontractors to execute appropriate non-disclosure agreements consistent with the requirements of Section 15.

6. Legal and Regulatory Environment

6.1 Compliance. DBS will perform the Operation Services in compliance with legal and regulatory requirements, if any, for the operation of the CBOT Electronic Market. Ceres is responsible for timely informing DBS about these requirements and their impact on the Operation Services. DBS and each of the Eurex Entities will monitor the compliance of their respective employees and subcontractors assigned to provide Operation Services under this Agreement with CFTC Regulation 1.59 and will require such persons to execute a letter in the form set forth in Schedule 6.1.

6.2 Other Standards. Ceres may require that the Operation Services will comply with other standards at any time by initiating the Change Request procedure.

6.3 Monitoring. Ceres is responsible for monitoring all changes in the legal and regulatory requirements and standards set forth in the preceding Sections 6.1 and 6.2 for the CBOT Electronic Market. Ceres will, through the Change Request procedure, inform DBS without undue delay about any changes required in the Operation Services in order to comply with changes in such requirements and standards.

6.4 Regulatory Audits. At the request of CBOT, DBS will grant reasonable access to its facilities, records and personnel to regulatory authorities for the purpose of auditing the CBOT Electronic Market.

7. Equipment

7.1 Ownership. DBS will acquire or has acquired, at its own expense, the equipment necessary to perform the Operation Services. All such equipment is or will either be leased or owned by DBS.

7.2 Advice. To the extent Ceres purchases its own equipment (including hardware, software, telecommunications materials, and anything else relating to the Operation Services), DBS will recommend appropriate equipment to Ceres, based on a Change Request and based on information received from Ceres and information developed during the course of the performance of the Operation Services. DBS will make recommendations based on their reasonable assessment of the relevant requirements. However, DBS assumes no liability for any defect in the equipment purchased. All

responsibility for purchasing the equipment and the risks associated with any defect in such equipment will be borne by Ceres or the respective purchaser.

8. Problem Resolution

8.1 Notification. Each of the parties can notify each other at any time in writing about a "Problem". A Problem is (i) an alleged failure of a party to perform its obligations, (ii) a disagreement about whether requested work or material is within the scope of the Operation Services, or (iii) any circumstance, whether or not within the control of the parties, which adversely affects performance under this Agreement within the agreed time and budget. For purposes of this Section 8, the Eurex Manager shall be deemed a Program Manager.

8.2 Timeliness. Each of the parties will inform each other about a Problem without undue delay after becoming aware of it. If documentary evidence clearly shows that a party was aware of a Problem or should have been aware of the Problem exercising a highly professional standard of care, and the party failed to inform the other party within two weeks of becoming aware or when it should have become aware, the party who raises the Problem cannot assert any claims or other rights against the other party resulting from the Problem prior to notification, but the party raising the Problem can require the other party to correct the Problem without undue delay.

8.3 Content. Notification of a Problem shall be in a written "Problem Report" which at a minimum contains sufficient information (to the extent reasonably available to the notifying party) under the following headings to reasonably evaluate the Problem:

- description of the Problem including a designation of those parts of the Operation Services affected by the Problem,
- estimated impact on timing and costs,
- proposal for corrective action,
- description of the resources needed for the corrective action,
- proposal for allocation of costs resulting from the Problem and the corrective measures.

A Problem Report needs to be signed by the Program Manager of the party submitting the Problem Report.

8.4 Resolution. If the Program Managers cannot resolve a Problem within 10 Business Days after a Problem Report has been submitted, either party can refer the Problem in writing to the Escalation Committee. The Escalation Committee cannot impose a resolution of a Problem on a party without the party's consent. If any Program Manager notifies the other Program Managers in writing that the Problem is urgent, the period of 10 Business Days for referral to the Escalation Committee will not apply, i.e. the Problem can be referred immediately. If the Escalation Committee is unable to resolve the Problem within 30 Business Days after the problem has been referred to it in writing, or such earlier date if it agrees that it cannot resolve such Problem, either party may proceed to arbitration as set forth in Section 18.9.

8.5 Continued Performance. Pending resolution of a Problem (including through arbitration) involving an allegation of improper performance on the part of DBS, Ceres must continue to make payments on DBS' invoices relating to the Operation Services equal to (i) the amounts owed for work not materially affected by the alleged improper performance, and (ii) 75% of the other invoiced amounts. DBS cannot suspend performance, pending resolution of a Problem. However, if Ceres fails to comply with its obligation under the first sentence of this Section 8.5, DBS can suspend its performance only for the work for which payment has been withheld in violation of the first sentence of this Section 8.5. If Ceres has suspended payment only under a Change Request, DBS can only suspend performance of its work under that Change Request. Under no circumstances will DBS suspend performance except as permitted under this Section 8.5.

8.6 Record. If the parties resolve a Problem without arbitration, the parties will record the resolution in writing.

8.7 No Waiver. Compliance with the Problem resolution procedure does not waive any substantive rights or remedies under this Agreement.

9. Quality Control

9.1 Deliverables Sign-Off. DBS will submit Deliverables to Ceres for "Sign-Off" using a Sign-Off Form (in the form currently used by DBS when submitting Deliverables to Ceres). Ceres will sign and return the Sign-Off Form or a Deficiency Report (in a form to be agreed between DBS and Ceres), and will provide the Eurex Entities with a copy of such document. Ceres will examine the Deliverables for any discrepancies between the required functionality and other characteristics of the Deliverable required by this Agreement and the actual functionality and other characteristics of the Deliverable as submitted ("Deviations"). However, Ceres is under no obligation to examine the technical solutions contained in the Deliverables. The Deficiency Report will contain a detailed description of any Deviations. A Deficiency Report requires the signature of Ceres' Program Manager. DBS will correct the Deviations without undue delay and resubmit the Deliverable. Subject to Section 9.2, this process will be repeated until all Deviations have been corrected. Failure to submit the Sign-Off Form or a Deficiency Report within two weeks of receipt of the Deliverable will constitute Sign-Off.

9.2 Repeat Attempts. If DBS fails to correct a Deviation listed in a Deficiency Report on the first try, DBS will not be entitled to charge for further work required to correct the Deviation. Notwithstanding the foregoing, DBS will not charge any additional fee for any work required to correct a Deviation in a Deliverable to the extent that Ceres is paying a fixed fee for such Deliverable. Should DBS fail to cure a Deviation within a reasonable time, Ceres may subcontract the work to a third party, and DBS will return any remuneration already received for the Deliverable to the extent that the DBS work cannot reasonably be used. DBS will co-operate with the new subcontractor. The liability of DBS to make payments under this Section 9.2 is limited to the amount which DBS received for the corresponding work.

9.3 No Deviation. If an alleged Deviation described in a Deficiency Report is found not to exist and if the alleged Deviation instead constitutes a change in the scope of the Deliverable, DBS will notify Ceres accordingly, and Ceres can then initiate the Change Request procedure. If Ceres and DBS disagree about the existence of a Deviation and the disagreement is not resolved by the Program Managers, either DBS or Ceres can initiate the Problem Report procedure.

9.4 Services. Services, which are not part of any Deliverable (i.e., training services), are not subject to the Sign-Off procedures; rather, Ceres can register complaints on a Deficiency Report if it is dissatisfied with a Service. During the performance of Services any deficiencies must be submitted in writing to DBS (with a copy to the Eurex Entities). If documentary evidence clearly shows that Ceres was aware of a deficiency in the Service or should have been aware of the deficiency in the Service exercising a highly professional standard of care, and that Ceres fails to inform DBS (with a copy to the Eurex Entities) within two weeks of becoming aware thereof, Ceres cannot assert any claims or other rights against DBS resulting from the deficiency in the Service prior to notification, but Ceres can require DBS to correct the deficiency in the Service without undue delay. DBS must correct the deficiency at its expense.

10. Service Fees, Payment

10.1 Service Fee. Schedules 4.1 and 10.2 and, if applicable, the Change Requests will specify the fees ("Service Fees"), reimbursable expense categories and payment schedules payable by Ceres to DBS. Ceres will only reimburse DBS for those categories of expenses identified in the Schedules and the Change Requests or elsewhere in this Agreement and only to the extent the expenses are reasonable and documented.

10.2 Time and Materials. If this Agreement, a Schedule or a Change Request does not specify a Service Fee or specifies that charges will be on a time-and-materials basis, DBS will charge on a time-and-materials basis according to the DBS catalogue of prices attached as Schedule 10.2 (the "DBS Catalogue of Prices").

10.3 Invoices. DBS will send invoices to Ceres. Each invoice will include supporting information for the specific line items which are charged. Ceres can conduct an audit of DBS' records to the extent reasonably required to confirm the accuracy of the invoiced amounts (e.g., reviewing timesheets, travel expense reports). If the audit reveals a variance of more than 5% in a calendar quarter between the invoiced amount and, if less, the correct amount, DBS will reimburse Ceres for the cost of the audit.

10.4 VAT, Tax Laws. The parties acknowledge that the Operation Services provided by DBS are under current German law not subject to Value Added Tax. Accordingly, the Service Fees invoiced by DBS to Ceres are net of any Value Added Tax. In case all or part of the Operation Services become subject to Value Added Tax under the then current law and DBS is required to pay and has paid such tax, Ceres shall reimburse DBS the charge of Value Added Tax in the amount as stipulated by law for the respective service. If tax laws change after the execution of this Agreement so that Ceres is required to pay any new non-refundable taxes to a tax authority on payments made to DBS under this Agreement, Ceres can require DBS to commence negotiations on an adjustment of this Agreement in order to minimize the tax detriment to Ceres. No party is under an obligation to accept an adjustment which would have a materially detrimental financial impact on it or one of its Affiliates. If DBS and Ceres do not agree on an adjustment within two months of receipt of the request to commence negotiations, the party for which there would be a materially detrimental financial impact on itself or one of its Affiliates can terminate this Agreement by written notice effective at the end of the calendar month following the month in which the notice is given. DBS will charge for its efforts to wind down the work under this Agreement or transfer the work to any other party or third party on a time-and-materials basis.

Prior to receiving any payment which may be subject to United States withholding taxes from Ceres, DBS shall confirm in writing that such payment is not subject to withholding taxes or deliver to such party two original copies of Internal Revenue Service Form "W-8BEN" or "W-8ECI" (or any successor forms), accurately completed and duly executed by the issuer of the invoice, together with any other certificate or statement of exemption required under the Internal Revenue Code or the regulations issued thereunder to establish that the issuer of the invoice is not subject to deduction or withholding of United States federal income tax with respect to such payments. DBS hereby agrees, from time to time after the initial delivery by DBS of such confirmation, forms, certificates or other evidence whenever a lapse in time or change in circumstances renders such confirmation, forms, certificates or other evidence obsolete or inaccurate in any material respect, to deliver to Ceres a reconfirmation that such payment is not subject to withholding tax or two new original copies of Internal Revenue Service Form "W-8BEN" or "W-8ECI" (or any

successor forms) accurately completed and duly executed by the issuer of the invoice, together with any other certificate or statement of exemption required under the Internal Revenue Code or the regulations issued thereunder to confirm or to establish that the issuer of the invoices is not subject to deduction or withholding of United States federal income tax with respect to any such payments. Notwithstanding this Section 10.4, the relevant Service Fees shall be paid net of any U.S. withholding tax caused by the failure of DBS to provide Ceres with such forms, certificates or other evidence.

10.5 Payments. All payments are due within 20 Business Days of receipt of an undisputed invoice and are not subject to any deductions for prompt payment (Skonto). All payments will be made free of bank charges or other deductions to an account which DBS specifies in writing to Ceres.

10.6 Set-Off. Legal rights of any party to set-off against claims of the other party are excluded, except where the corresponding claim of such party has either been determined by a final arbitral award pursuant to Section 18.9 or expressly acknowledged by the other party in writing.

11. Service Levels, Warranties

11.1 Service Levels, Exclusion of Warranties. Except as set forth in the service levels attached as Schedule 11 and in any Change Request, all claims under warranty (Gewahrleistungsanspruche) against DBS with regard to the Operation Services under Schedule 4.1 or a Change Request are excluded. However, if DBS has a claim under warranty or for any other reason against any subcontractor (other than an Affiliate of DBS) or other third party related to any of the Operation Services, DBS will inform Ceres about the claim and, at the request of Ceres, assign the claim to or assert the claim for the account of Ceres.

11.2 General Warranties. The condition of the Deliverables (vereinbarte Beschaffenheit) shall be as follows: (i) each Deliverable will be free from all viruses, worms, trojan horses, cancelbots and other contaminants, including, without limitation, any codes or instructions that can be used to access, modify, delete or damage any data files or other computer programs used for the operation of the CBOT Electronic Market; and

(ii) subject to Section 14.1.5, the Deliverables do not, and will not, infringe, misappropriate or otherwise violate any proprietary right of any third party (the exclusive remedies for this last warranty (ii) are set forth in Section 14). These general warranties apply to standard third party software (e.g., standard Microsoft products) only to the extent that DBS has corresponding warranties from a third party.

12. Limitation of Liability

12.1 Conduct. DBS or the Eurex Entities, as the case may be, will each be severally liable (including consequential damages) to Ceres and CBOT and only to the extent that DBS' or the Eurex Entities', as the case may be, intentional misconduct or gross negligence causes or results in any damages or harm to Ceres or CBOT. Ceres will be liable (including consequential damages) to DBS and to the Eurex Entities only to the extent CBOT's or Ceres' intentional misconduct or gross negligence causes or results in any damages or harm to DBS or the Eurex Entities. If DBS, on the one hand, or CBOT or Ceres, on the other hand, notifies the other that it has failed to properly perform an obligation, even if the failure was without fault, and the notified party fails to cure the failure within a reasonable period, the notified party will be liable only in the event such failure to cure is a result of gross negligence or intentional misconduct. It is the understanding of the parties that the preceding sentence reflects their understanding of Section 11.1, last sentence, of the Systems Operation Agreement.

12.2 Breach of Contract. This Agreement (including Schedules and Change Requests) contains provisions on liability which apply exclusively in specified circumstances (e.g., performance credits); to the extent this is the case, all further liability shall be excluded. To the extent that a specific provision does not exist and a party, as a result of negligent conduct, materially breaches a contractual obligation, that party will, subject to the limitation set forth in Section 12.3, be liable for the harm suffered by the other parties, except for consequential damages.

12.3 Limitation of Liability. The total liability of DBS and the Eurex Entities, on the one hand, and Ceres and CBOT, on the other hand, for violations of any obligations under or in relation to this Agreement and the Software Maintenance Agreement is limited to (Euro) [**] per calendar year, whereby, for the purposes only of this provision, a liability of DBAG and/or SWX under the Software Maintenance Agreement shall be deemed a

liability of DBS and the Eurex Entities. This limit also applies to claims arising under provisions on liability which apply exclusively in specific circumstances (e.g., performance credits). This Section 12.3 does not apply to claims under Section 14.

12.4 Claims Exceeding Limitation of Liability. If DBS, on the one hand, or Ceres or CBOT, on the other hand, violate its obligations under this Agreement and the Software Maintenance Agreement to the extent that the other party would have claims against the violating party in excess of (Euro) [**] in any calendar year but for Section 12.3, the party whose claim is limited by Section 12.3 can terminate its participation in this Agreement pursuant to Section 17.2 within one month after notifying the other party in writing of the claim and the amount in excess of (Euro) [**] ("Claim"). A party which receives notice of the Claim under this Section 12.4 can cancel the effect of the notice of termination by paying to the terminating party the excess amount stated by the terminating party in its notice under the first paragraph of this Section 12.4 within one week of receiving the notice of termination; such payment does not prejudice the rights of any of the parties under the Problem resolution procedures or in arbitration.

12.5 Sole Liability. The Eurex Entities shall each be jointly and severally liable to Ceres and CBOT solely for damages arising from their own intentional misconduct or gross negligence. Under no circumstances shall the Eurex Entities be liable to Ceres or CBOT jointly and severally (gesamtschuldnerisch) with DBS (i) for the performance of, or DBS' or its subcontractors' failure to perform, any of DBS' obligations pursuant to this Agreement, or (ii) any conduct (Section 12.1) of, or breach of contract (Section 12.2) by, or warranties or convenants of, DBS or any of its subcontractors.

12.6 Insurance. The limits on liability in Section 12.3 do not apply to the extent that a party maintains insurance policies which would provide coverage in excess of the limits on liability. The parties will inform each other about current and future insurance policies which provide coverage in excess of the limits in Section 12.3. At the request of Ceres, DBS will have Ceres named as additional beneficiary under existing insurance policies; Ceres will bear any additional costs. DBS will conclude future insurance policies giving coverage in excess of the limits in Section 12.3 upon receiving corresponding instructions from Ceres and an undertaking by Ceres to

reimburse DBS for the corresponding insurance premiums. Ceres can determine the insurer, the beneficiaries and other aspects of the insurance policies.

13. Personnel

13.1 Qualifications. DBS will only assign personnel to the Operation Services who are suitably qualified for the performance of DBS' obligations under this Agreement. Ceres will only assign personnel to the Operation Services who have sufficient knowledge of the aspects of the relevant business, functional requirements, practices and areas of expertise in order to provide efficient cooperation with DBS in performing the work under the Schedules or the Change Requests.

13.2 Transfer. DBS and Ceres, respectively, can require at any time that an individual assigned to the Operation Services be removed if such request is based on plausible reasons and not purely arbitrary. Such a demand is only permissible if the demanding party can provide clear and convincing evidence that the continued presence of the individual will endanger the successful completion of the work for which the individual is responsible. All demands for transfer or removal must be in writing and must state the reasons for the demand. The other party must comply with the request within two weeks and provide a suitable replacement without undue delay or deliver a Problem Report to the demanding party.

14. Indemnification

14.1 Third Party Intellectual Property.

14.1.1 Subject to Section 14.1.5, DBS will indemnify, defend and hold Ceres and CBOT harmless for all losses, damages, expenses and costs (excluding consequential damages except in the case of intentional misconduct or gross negligence on the part of DBS) related to or arising from all claims asserted by third parties against Ceres or CBOT caused by the performance of the Operation Services in which the third parties allege violations of intellectual property rights or of similar proprietary rights (e.g., under laws against unfair competition).

14.1.2 Ceres and CBOT will inform DBS without undue delay when such claim is asserted against it. DBS will select, at its own expense, legal counsel reasonably acceptable to Ceres and CBOT for any proceedings, although Ceres and CBOT are permitted to have, at its own expense, legal counsel of its choice also participate in the proceedings.

14.1.3 Neither Ceres nor CBOT is permitted to settle any claims of third parties covered by Section 14.1.1 so long as DBS fully complies with its obligations under the above provisions, unless such settlement includes a release of DBS from liability under the claim that is the basis of the proceeding.

14.1.4 If Ceres or CBOT, as the case may be, are prohibited in proceedings about intellectual property rights (other than the Texas Case) or similar proprietary rights directed against any of them from using the System or any part thereof, or if such a prohibition is probable in its reasonable estimation, DBS, at its own cost, will use reasonable efforts to obtain the right for Ceres to continue to use the System on commercially reasonable terms or use reasonable efforts to modify the System in such a manner that the violation of the intellectual property right or similar proprietary right no longer exists. This Agreement will then apply to the new or modified System.

14.1.5 The parties are aware of the claims based on U.S. Patent No. 4,903,201 (the "Patent") asserted in the case captioned eSpeed, Inc. and Electronic Trading Systems Corporation v. Board of Trade, et al., Civil Action No. 3-99CV1016-M, pending in the United States District Court for the Northern District of Texas (the "Texas Case"). None of the parties to this Agreement have any reason to believe that, when used in the manner contemplated in this Agreement, any component of either the Operation Services or the System do or will infringe any valid patent rights of the plaintiff in the Texas Case. Notwithstanding any other provision of this Agreement, no party shall have any liability to another party under this Agreement arising out of or in connection with the Patent or any claims asserted with respect thereto, in the Texas Case or otherwise, based upon the Patent. If the decision in the Texas Case is in favor of the plaintiff, DBS and Ceres will use good faith efforts to

modify, if applicable, the Operation Services so that the Texas Case does not affect the performance of the Operation Services. Ceres shall pay for any such efforts of DBS on a time-and-materials basis.

14.2 General Indemnification.

14.2.1 Each party will hold each other party harmless from any claim asserted against it by such other party's respective personnel or subcontractors for personal injury or damage to property incurred while such personnel is at such party's or an Affiliate's facilities in connection with this Agreement unless the harm was the result of intentional misconduct or gross negligence on the part of the other party or its Affiliate. Each party will also hold each other party harmless from claims asserted against such party by third parties resulting from intentional misconduct or negligence of such party's personnel.

14.2.2 Each party will notify each other without undue delay if a claim is asserted for which a party will be seeking indemnification. The right to indemnification also covers the indemnified party's costs in defending against the claim so long as the indemnified party coordinates the defense of the claim with the party against whom indemnification is claimed. A party seeking indemnification is not permitted to settle the matter so long as the party against whom indemnification is claimed is in compliance with its obligations under this Section 14.2.2 unless such settlement includes a release of indemnifying party from liability under the claim that is the basis of the proceeding.

15. Confidentiality

15.1 Confidential Information. The parties acknowledge that they have received and will receive confidential information in connection with this Agreement and the transactions contemplated hereby related to and including trade secrets and business information regarding the business, financial situation, products and prospects of the other parties and their Affiliates ("Confidential Information"). For purposes hereof, Confidential Information includes but is not limited to (i) all documents and other media given or shown to any other party containing the legend "confidential", (ii) all documents, other media and other information (whether or not in written form)

ancillary or related to such documents, (iii) all documents, other media and other information (whether or not in written form) prepared by the receiving party to the extent that they contain, reflect or are based upon, in whole or in part, any Confidential Information furnished by the disclosing party, (iv) except as set forth in any marketing plan or press release to which the parties mutually agree in writing, all information related to the subject matter of this Agreement, (v) all information that is Confidential Information as defined in Section 7.2 of the Non-exclusive Software License Agreement, and (vi) all Confidential Information as defined in each of the Preexisting Agreements. Confidential Information does not include any information: (i) which becomes generally available to the public other than as a result of a breach of this Section 15.1, (ii) which is received from a third party provided that the third party is not bound by an obligation of confidentiality with respect to such information, or (iii) which was legally in a party's possession without obligations of confidentiality prior to such information being furnished as Confidential Information.

15.2 Use. The parties agree that all Confidential Information will be used only for the purpose of evaluating and completing the transactions and business objectives contemplated herein and in the Software Maintenance Agreement. The receiving party of each item of Confidential Information will use reasonable efforts, taking into account the materiality and proprietary nature of the particular Confidential Information, to protect such Confidential Information from unauthorized use or disclosure (intentional, inadvertent or otherwise) and, in any event, will exercise at least the same reasonable level of care to avoid any such unauthorized use or disclosure as it uses to protect its own information of a like nature. For the avoidance of doubt, the Confidential Information of a party may not be used by another party and may only be disclosed by DBS to another party for the purpose of coordinating the provision of services by DBS to them during the term of this Agreement.

15.3 Exceptions. Notwithstanding the foregoing, the parties may disclose Confidential Information to third parties with the prior written consent of the other parties hereto, and the parties will be free to disclose Confidential Information without the consent of the other parties to their attorneys and accountants, their clearing organizations, and to governmental entities and applicable self-regulatory organizations in connection with obtaining regulatory approvals to the extent necessary and reasonably appropriate to

obtain such approvals or as otherwise required by law, rules of, or direction by, regulatory authorities having jurisdiction over the disclosing party, and only to the extent required by or reasonably requested by such authority, as well as to their directors, employees, attorneys, consultants and agents on a need-to-know basis in connection with their duties, as long as such persons are advised of the confidential nature of such information and their obligation to protect it as confidential and are bound by confidentiality undertakings consistent with this Section 15.

15.4 Data Access. DBS will make available to Ceres and CBOT its respective proprietary data as and when reasonably requested by Ceres or CBOT and in accordance with the current practice prior to the Effective Date under the Preexisting Agreements.

15.5 Return/Destruction. If this Agreement is terminated for any reason, the receiving parties of each item of Confidential Information, including documents, contracts, records or properties, will return it to the disclosing party thereof or, in the receiving party's discretion, destroy it and provide a certification to the disclosing party that all such Confidential Information has been returned or destroyed immediately after termination, except to the extent that retention of any Confidential Information is expressly permitted by any other written agreement among the parties or their Affiliates. The provisions of this Section 15 will survive the termination of this Agreement.

16. Public Notices

16.1 Press Releases. Notwithstanding Section 11.1 of the Reorganization Agreement, and subject to the other parties' prior written approval, which will not be unreasonably withheld, each party and its subcontractors may advertise and publicize the fact that the parties are cooperating on the Operation Services. The parties will cooperate in drafting press releases concerning the Operation Services.

16.2 Disputes. Notwithstanding Section 11.1 of the Reorganization Agreement, any statement to the press (or to a third party with the intent that the third party forward the statement to the press) concerning a Problem in which one party allocates blame for the Problem to another party requires the written approval of all parties, which consent will not be unreasonably withheld.

16.3 Terms of Agreement. No party will disclose the terms and conditions of this Agreement or proposed Change Requests except to the other parties or as reasonably required to perform its obligations or as required by law, or for such disclosures as may be necessary or desirable in the ordinary course of such party's business including, without limitation, disclosures with attorneys, consultants, accountants and similar professionals.

17. Termination, Term

17.1 Term. The term of this Agreement (i) begins as of the Effective Date, and (ii) ends on December 31, 2003, unless terminated earlier pursuant to Sections 17.2 or 17.3.

17.2 Termination for Cause (Kundigung aus wichtigem Grund).

17.2.1 Each of DBS and Ceres may terminate this Agreement, if the other party after receiving a written reminder (Mahnung) setting a reasonable deadline for compliance, has not complied with terms of an agreement resolving a Problem within two weeks of conclusion of a Problem Report procedure relating to such Problem. They may also terminate this Agreement with immediate effect without first implementing the Problem Report procedure if the other party intentionally commits a material breach of the obligation of confidentiality (Section 15).

17.2.2 The Eurex Entities may terminate this Agreement for cause, if CBOT and/or Ceres are breaching their obligations under the Network Restriction. Either of the Eurex Entities, on the one hand, and CBOT and Ceres, on the other hand, may terminate this Agreement for cause in the event the other party is in breach with its obligations under the Product Restrictions.

17.2.3 DBS may terminate this Agreement upon the public announcement of, or the filing of a notice with the SEC relating to, a Change of Control of any member of the CBOT Group other than C-B-T Corporation and its legal successors and assigns (to the extent it remains in its present lines of business), provided that (i) all Service Fees that would have to be paid by Ceres throughout the entire regular term of the Agreement (i.e. through December 31, 2003) are

immediately due and payable, whereby it shall be assumed that the Operation Services would have been continued to be provided as it was the case on the date of the declaration of termination, and (ii) DBS will ensure termination assistance for a period no longer than two months from the declaration of termination by DBS, and (iii) in the event a public announcement or SEC filing takes place after December 31, 2002, only the closing of the so announced or notified transaction shall trigger the termination right and termination assistance shall in such case be made available for a period of four months from the declaration of termination, but in no event beyond December 31, 2003. Termination assistance shall mean that DBS shall continue to perform the Operation Services, and Ceres shall have the obligation to pay for the Operation Services, each as set forth in this Agreement, through the end of the termination assistance. To the extent required by a corresponding written notice of Ceres, DBS must decide within 30 days of receipt of such notice whether or not to exercise the right to terminate pursuant to this section.

17.2.4 DBS may terminate this Agreement upon the public announcement of, or the filing of a notice with the SEC relating to, the introduction of a system succeeding the System after the end of the Follow-up Agreements (as defined in the Reorganization Agreement), provided that (i) all Service Fees that would have to be paid by Ceres throughout the entire regular term of the Agreement (i.e. through December 31, 2003) are immediately due and payable, whereby it shall be assumed that the Operation Services would have been continued to be provided as it was the case on the date of the declaration of termination, and (ii) DBS will ensure termination assistance (as described in Section 17.2.3) for a period no longer than two months from the declaration of termination by DBS, and (iii) this Section 17.2.4 applies only in the event such public announcement or SEC filing takes place before December 31, 2002 and if another exchange or contract market, or any of its respective Affiliates, is directly or indirectly involved in providing the succeeding system or services related thereto. This Section 17.2.4 does not apply with regard to the introduction of any system which solely relates to open outcry trading, clearing or market surveillance. To the extent required by a corresponding

written notice of Ceres, DBS must decide within 30 days of receipt of such notice whether or not to exercise the right to terminate pursuant to this section.

17.2.5 This Section 17.2 does not limit the rights of the parties to terminate this Agreement for cause (Kundigung aus wichtigem Grund) generally available under German law.

17.2.6 In the event DBS terminates this Agreement for cause (Kundigung aus wichtigem Grund), Ceres will hold DBS harmless from the expenses for leased lines and leases for premises and equipment and other expenses relating to using such items by Ceres and charged to DBS by third parties and subcontractors until the end of the term of the agreement with the respective party. The right of DBS to indemnification under the preceding sentence does not apply if the third party or subcontractor charges expenses to DBS due to DBS having violated its obligations to the third party or subcontractor.

17.3 No Termination for Convenience. For the avoidance of doubt, no party shall be entitled to terminate this Agreement for convenience.

17.4 Termination of Other Agreements. This Agreement shall terminate in the event either of the Non-exclusive Software License Agreement or the Software Maintenance Agreement terminates as of the date on which such agreement terminates. DBS will be entitled to payment on a time-and-materials basis for the work performed after termination for the purpose of winding down. For the avoidance of doubt, this Agreement is deemed to be terminated pursuant to Section 17.2.3 in the event that the Non-Exclusive Software License Agreement is terminated pursuant to its Section 8.2 or the Software Maintenance Agreement is terminated pursuant to its Section 17.2.3.

18. General Provisions

18.1 Notices. Except as expressly set forth to the contrary in this Agreement, all notices, requests or consents required or permitted under this Agreement must be in writing and must be either (i) delivered by hand, (ii) mailed by certified or registered mail, addressed to the recipient, postage paid, and registered or certified with return receipt requested, (iii) sent by overnight courier, or (iv) transmitted by facsimile transmission,

with confirmation of transmission, and are given when received by the recipient. All notices, requests and consents to be sent to a party must be sent to or made at the address given for that party in the heading of this Agreement, or such other address as that party may specify by notice to the other parties.

18.2 No Side Agreements, Amendments. While there are related agreements to which some or all of the parties hereto are parties (the Reorganization Agreement, the Non-exclusive Software License Agreement, the Software Maintenance Agreement and the surviving provisions of the Preexisting Agreements), this Agreement constitutes the complete agreement of the parties with respect to the matters set forth herein, and there are no oral or written side agreements to this Agreement. Amendments or supplements to this Agreement, including this Section 18.2, must be in writing and signed by all of the parties to be effective.

18.3 Savings Clause. The invalidity of individual provisions in this Agreement will not result in the entire Agreement being invalid. An invalid provision will be deemed to have been replaced by a valid provision which comes as close as possible to achieving the commercial purpose of the invalid provision.

18.4 Assignment. No party may assign this Agreement or any portion hereof, by Change of Control, operation of law or otherwise, without obtaining the prior written consent of the other parties. The parties will grant their consent to the assignment of rights or obligations by a party to an Affiliate of such party if (i) the assigning party remains liable for any assigned obligations as a jointly and severally liable guarantor (selbstschuldnerische Burgschaft) with the assignee, (ii) the assigning party, together with its rights and obligations under this Agreement, assigns its rights and obligations, if any, under the Reorganization Agreement, the Non-exclusive Software License Agreement and the Software Maintenance Agreement to the assignee, or (iii) in case of Ceres being the assigning party, CBOT assumes an additional performance guarantee as set forth in Section 18.10 with regard to the assignee. The exceptions to the definition of "Change of Control" for CBOT do not require the consent of the other Parties under this Section 18.4. For the avoidance of any doubt, the above shall not entitle a party to invoke a preliminary injunction or to seek any other remedy in order to prevent the occurrence of a Change of Control.

18.5 Applicable Law. This Agreement is governed by and subject to the laws of the Federal Republic of Germany, to the exclusion of its conflicts of law rules. The laws under the UN Treaty on the International Sale of Goods shall not apply.

18.6 Language. English is the official language of this Agreement. Any notice, request or consent must be in English.

18.7 Survival. Any provisions of this Agreement that can reasonably be interpreted as being intended to survive the termination of this Agreement will survive the termination of this Agreement.

18.8 Further Assurances. The parties will execute and deliver such further documents and instruments, make such other filings and take such further actions in addition to those contemplated herein as may be reasonably requested by the other parties (other than the material payment of money) to carry out the intents and purposes of this Agreement.

18.9 Arbitration Procedure. Except with regard to actions seeking temporary or permanent injunctive relief, any dispute arising under or in connection with this Agreement between or among any parties to this Agreement will be finally settled by arbitration in accordance with the arbitration rules of the United Nations Convention on International Trade Law (the "UNCITRAL Rules"). Prior to commencing arbitration, the parties, to the extent applicable, must have complied with the Problem procedures set forth in Section 8.

18.9.1 The arbitration will be conducted by three (3) arbitrators. Such arbitrators are to be appointed in accordance with Article 7 of the UNCITRAL Rules.

18.9.2 Where there are multiple parties, whether as claimant or as respondent the multiple claimants, jointly, and the multiple respondents, jointly, shall nominate an arbitrator pursuant to Article 7 of the UNCITRAL Rules. In the absence of such a joint nomination and where all parties are unable to agree to a method for the constitution of the Arbitral Tribunal, the London Court of International Arbitration (the "Appointing Authority" for the purposes of the application of the UNCITRAL Rules) may appoint each member of the Arbitral Tribunal and shall designate one of them to act as chairman. In such

case the Appointing Authority shall be at liberty to choose any person it regards as suitable to act as arbitrator.

18.9.3 The place of arbitration shall be London. The proceedings shall be conducted in the English language exclusively.

18.9.4 The parties acknowledge that irreparable damage may occur in the event of breach of any of the terms of this Agreement.

18.9.5 If an arbitration under this Agreement coincides with an arbitrable claim under the Software Maintenance Agreement, all such matters must be asserted in the same arbitration proceedings.

18.10 Performance Guarantee.

18.10.1 CBOT hereby unconditionally and irrevocably guarantees to DBS the full and timely performance by Ceres and any of its permitted assigns or legal successors (individually and collectively referred to as "Ceres") of all of Ceres' obligations (the "Performance Obligations") under or pursuant to this Agreement, including, without limitation, the indemnity obligations hereunder, as and when the same shall be due to be performed under this Agreement, and all liabilities of Ceres under this Agreement in the event of any breach by Ceres of any term hereof. CBOT hereby waives any provision of any statute, regulation or judicial decision otherwise applicable hereto which restricts or in any way limits the rights of an obligee against a guarantor or surety following a default or failure of performance by an obligator with respect to whose obligations the guarantee or surety is provided.

18.10.2 DBS may proceed to protect and enforce any or all of its rights under this Section 18.10 pursuant to Section 18.9, whether for the specific performance of any covenants or agreements of Ceres under or pursuant to this Agreement, and shall be entitled to require and enforce the performance by CBOT of all acts and things required to be performed hereunder by Ceres.

18.10.3 CBOT shall not be entitled to and does hereby waive any and all defenses now or hereafter available to guarantors, sureties and other secondary parties at law or in equity, with the exception of any defenses Ceres may have against DBS that are available to CBOT.

18.10.4 DBS shall be entitled to proceed on first demand directly against CBOT in respect of any Performance Obligation hereunder without any requirement that it first make any demand against or exhaust any remedies available to it from Ceres or to take any other steps.

Glossary of Defined Terms

"Access Points"	is defined in item 3.1 of Schedule 10.2.
"Affiliate"	is an "Affiliate" as defined in the Reorganization Agreement.
"Agreement"	is defined in the Heading and includes the Schedules.
"Appointing Authority"	is defined in Section 18.9.2.
"Business Day"	means a day where banks are open in Chicago, Frankfurt am Main and Zurich.
"CBOT"	is defined in the initial paragraph of this Agreement.
"CBOT Electronic Market"	is defined in the Recitals, Section B.
"CBOT Users"	is defined in the Recitals, Section B.
"Ceres"	is defined in the initial paragraph of this Agreement.
"Change of Control"	means a "Change of Control" as defined in the Reorganization Agreement.
"Change Request"	is defined in Section 4.4.
"Chicago Backend"	is defined in the Recitals, Section B.
"Claim"	is defined in Section 12.4.
"Confidential Information"	is defined in Section 15.1.
"DBAG"	is defined in the Recitals, Section A.
"DBS"	is defined in the initial paragraph of this Agreement.
"DBS Catalogue of Prices"	is defined in Section 10.2.

"Deficiency Report"	means the Deficiency Report described in Section 9.1.
"Deliverables"	is defined in Section 4.3.
"Deviations"	is defined in Section 9.1.
"Effective Date"	means the "Effective Date" as defined in the Reorganization Agreement.
"Escalation Committee"	is defined in Section 5.6.
"Eurex Entities"	is defined in the Recitals, Section A.
"Eurex Exchanges"	is defined in the Recitals, Section A.
"Eurex Frankfurt"	is defined in the initial paragraph of this Agreement.
"Eurex Manager"	means the Eurex Manager described in Section 5.5.
"Eurex Operations"	means all operations using the Eurex Software as technological basis, including, without limitation, the Eurex Exchanges, but excluding the CBOT Electronic Market.
"Eurex Software"	means the "Eurex Software" as defined in the Reorganization Agreement.
"Eurex Users"	is defined in the Recitals, Section B.
"Eurex Zurich"	is defined in the initial paragraph of this Agreement.
"Facilities"	is defined in Section 5.3.3.
"Freelancer"	is defined in Section 5.7.
"Network"	is defined in the Recitals, Section A.
"Network Restriction"	means the "Network Restriction" as defined in the Reorganization Agreement.
"Non-exclusive Software	is defined in Section 2.2.

License Agreement"

"Operation Services"	is defined in Section 2.1.
"Patent"	is defined in Section 14.1.5.
"Performance Obligations"	is defined in Section 18.10.1.
"Preexisting Agreements"	means the "Preexisting Agreements" as defined in the Reorganization Agreement.
"Problem"	is defined in Section 8.1.
"Problem Report"	is defined in Section 8.3.
"Product Restrictions"	means the "Product Restrictions" as defined in the Reorganization Agreement.
"Program Manager"	means the Program Manager described in Section 5.4.
"Release a/c/e 1.0"	shall have the meaning as set forth in the Non-exclusive Software License Agreement.
"Reorganization Agreement"	is defined in the Recitals, Section B.
"Schedule"	means a schedule to this Agreement.
"Service Fees"	is defined in Section 10.1.
"Services"	is defined in Section 4.3.
"Sign-Off"	means, with respect to a Deliverable, sign off of such Deliverable as set forth in Section 9.1.
"Sign-Off Form"	means the Sign-Off Form described in Section 9.1.
"Software Maintenance Agreement"	is defined in Section 2.2.
"SWX"	is defined in the Recitals, Section A.

"System"	means the "System" as defined Reorganization Agreement.
"Systems Operations Agreement"	is defined in the Recitals, Section B.
"Tasks"	is defined in Section 4.3.
"Texas Case"	is defined in Section 14.1.5.
"UNCITRAL Rules"	is defined in Section 18.9.

Schedules 4.1 to the New Systems Operations Agreement

Scope of Operations Services

The scope of the Operation Services shall be as described, only with regard to the operation of the Chicago Backend and the Network, in the DBS proposal dated January 31, 2000 attached hereto as amended or defined by this Agreement, other Schedules or any Change Request under the Systems Operations Agreement or this Agreement. Any reference to the CBOT/Eurex Joint Venture or LLC shall be deemed a reference to CBOT and/or Ceres as appropriate.

Schedules 5.4 to the New Systems Operations Agreement

Program Managers/Eurex Manager

	Manager	Substitute
DBS	Gerhard Lessmann	Hanno Klein
Ceres	Mary McDonnell	Bernard Dan
Eurex	Thomas Lenz	Michael Widmer

Schedules 6.1 to the New Systems Operations Agreement

CFTC Regulation 1.59 Letter

Mary McDonnell
Board of Trade of the City of Chicago, Inc.
141 West Jackson Boulevard
Chicago, Illinois 60604 USA

Re: CFTC Regulation 1.59

Dear Ms. McDonnell:

I am retained or employed and supervised by Deutsche Borse Systems AG/Eurex Zurich AG/Eurex Frankfurt AG in connection with the New Systems Operations Agreement or the provision of the services described therein for the benefit of the CBOT Electronic Market. I have been provided with and reviewed the attached copy of CFTC Regulation 1.59 and hereby agree to abide by its terms.

I consent to the jurisdiction of the Commodity Futures Trading Commission (CFTC) solely in connection with any inquiry or proceeding relating to CFTC Regulation 1.59.

Sincerely,

Schedule 10.2 to the New Systems Operations Agreement

DBS Catalogue of Prices

1. General Provisions

1.1 All amounts are in Euro (Euro), without VAT.

1.2 All amounts which are to be charged on a monthly basis are charged per calendar month and are determined on the basis of whether or not the individual billing criterion is satisfied on the calculation date (Stichtag) which is generally the 15/th/ of each month. For example, if a monthly fee is charged for a Participant (as defined in Section 3.1 below) and the Participant is connected on the 15th day or earlier of a calendar month, the full monthly fee is charged. If the Participant is connected on the 16/th/ day or later of the month, no fee is charged for the month. DBS can elect to charge for part of a month on a pro rata temporis basis by giving three full calendar months notice prior to the month for which the change takes effect.

1.3 The descriptions of services in this catalogue are solely for the purpose of identifying the items for which remuneration is charged and shall not be used for interpreting the scope of work. The technical descriptions of services are set forth in other Schedules and, if applicable, in any Change Requests.

2. Consulting

2.1 Description of Work

These services are consulting and support services including the selection and introduction of software, operation and project management, all as described in more detail in the Agreement, its Schedules and in any Change Requests.

2.2 Remuneration

Unless a fixed price is agreed, the following hourly rates apply for work performed by individuals in the following DBS classifications, regardless of whether the individuals are DBS employees, Freelancers or subcontractor employees.

Price Levels	Price per hour
Analyst	(Euro) [**]
Junior Consultant	(Euro) [**]
Specialist	(Euro) [**]
Consultant	(Euro) [**]
Senior Consultant	(Euro) [**]
Manager	(Euro) [**]
Senior Manager	(Euro) [**]

These hourly rates cover all costs incurred in connection with the performance of the order, except for specific disbursements (e.g., usage of the provided Development Environment (as defined in Section 8.1 below), travel in accordance with the DBS standard travel policies). DBS classifies personnel according to its reasonable discretion. In the case of Freelancers and subcontractor employees, the classification is based on a comparison of the individual's position and duties to employees of DBS. DBS has informed the Ceres' Program Manager about the standard travel policies. If these policies change and the change would result in extra costs to Ceres, the extra costs will not be charged unless Ceres has been notified of such change. Travel time will be charged at one half of the above hourly rates, and then only for (i) the time in which the individual could have been working if the individual was not traveling, or (ii) the loss of the individual's normal time off on weekends or holidays, up to a maximum of 8 hours for any such day.

3. Network Implementation and Operation

3.1 Description of Work

The topology of the Chicago Backend and the Network, as provided under this Agreement, is designed to make an equal and high-quality access to the System possible for all connected Participants and to maintain a high performance. A "Participant" (in the Agreement also referred to as "User") is an enterprise or individual who has applied for admission to trade on the CBOT Electronic Market or who has been admitted to trade on the CBOT Electronic Market.

[Illustration]

Illustration 1: Network Architecture - Premium

[Illustration]

Illustration 2: Network Architecture - Combined/iAccess

The Participants will be connected according to a two-phase concept (see illustration 1 and 2):

. Connection of the Participants to the Chicago Backend and the Network:

A Participant is connected to an Access Point via one or two connections ("Participant Installation"). The two connections will be implemented, wherever technically possible and reasonable, using different telecommunication carriers with physically separate connections or diverse routing from a single carrier. In case of the Combined Access the Participant Installation is established via a leased line and the Internet. iAccess is established through the Internet only.

A Participant Installation can consist of one or more physically separate offices connected to each other by a LAN or a WAN ("Sites"). A Participant Installation may be used by one or several Participants. In the case of several Participants using a single Participant Installation, the installation is a Multi Member Integrated Server System ("MMISS").

. Connection of the Access Points to the backend:

The local connections of the Participant Installations within a geographic area are gathered together at "Access Points" consisting of two communications servers and four routers (maintained in a redundant structure of one server and two routers each at two physically separate locations). An Access Point is a logical unit having a maximum capacity of [**]. Accordingly, up to a number of [**] can be connected to one Access Point. This limitation applies only to Premium, Combined and iAccess. All Internet Connections are currently routed to the Frankfurt Internet Access Point. The connection of the Access Points to the backend is made by means of two separate connections. The price for establishing a new Access Point will be agreed in the corresponding Change Request.

3.2 Remuneration

The following prices are based on the number of Participant Installations connected to the Access Points; a MMISS constitutes a single Participant Installation under this Section 3.2. The amounts stated are for each calendar month. With respect to the individual Participant Installations, the following prices apply:

Access Point Location (general urban area)	Participant Location	Price per Access Point	Price per Premium Participant Installation ([**] leased lines)	Price per Combined Participant Installation
Chicago	Chicago	(Euro) [**]	(Euro) [**]	(Euro) [**]
Chicago	Canadian, TX		(Euro) [**]	(Euro) [**]
Chicago	Jacksonville		(Euro) [**]	(Euro) [**]
Chicago	Toronto		(Euro) [**]	(Euro) [**]
Chicago	Tokyo		(Euro) [**]	(Euro) [**]
London	London	(Euro) [**]	(Euro) [**]	(Euro) [**]

Access Point Location (general urban area)	Participant Location	Price per Access Point	Price per Premium Participant Installation ([**] leased lines)	Price per Combined Participant Installation
London	Dublin		(Euro) [**]	(Euro) [**]
Frankfurt	Frankfurt	(Euro) [**]	(Euro) [**]	(Euro) [**]
Paris	Paris	(Euro) [**]	(Euro) [**]	(Euro) [**]
New York	New York	(Euro) [**]	(Euro) [**]	(Euro) [**]
New York	Greenwich		(Euro) [**]	(Euro) [**]
New York	King of Prussia		(Euro) [**]	(Euro) [**]
New York	Whippany		(Euro) [**]	(Euro) [**]
Tokyo	Tokyo	(Euro) [**]	(Euro) [**]	(Euro) [**]
Internet AP	Frankfurt	(Euro) [**]		

The one-off cost for a Premium Participant Installation is (Euro) [**], the one-off cost for a Combined Participant Installation is (Euro) [**].

The remuneration for an iAccess Participant Installation is (Euro) [**] for each calendar month. The one-off cost for an iAccess Participant Installation is (Euro) [**].

The one-off fee applies for the initial installation of the Participant Installation at the Participant's member site as well as for any location changes of an installed Participant Installation. In case a Participant Installation order is cancelled after DBS has ordered the lines, both the one-off installation fee and the fees for the next three full calendar months will be charged.

A Participant can have more than two connections between a Participant Installation and an Access Point. [**] will be charged for each additional connection. In case a

Participant Installation consists only of [**] connection [**]% of the above monthly and one-off charges for Participant Installations shall apply.

The above monthly fees for Participant Installations are based on the carrier charges for leased lines between a Participant Installation and an Access Point located within the borders of the same city. If the Participant Installation is located outside of the city in which the Access Point is located, the monthly charge will be increased to cover higher carrier costs for installing and maintaining the leased lines, if any, and any increased DBS handling costs. DBS will agree with Ceres on the increased costs before connecting the Participant Installations.

Access Points that are shared by Eurex and Ceres have discounted monthly fees. The following discounts apply to the monthly fees:

Common Access Points	Discount Per Access Point
Single usage by Exchange Application	[**]%
Usage by two Exchange Applications	[**]%

All sharing exchanges will be informed about a shared usage of an Access Point.

After receipt of notice canceling a Participant Installation, the monthly fee will continue to be charged for the next three full calendar months.

Upon the cancellation of an Access Point service in accordance with the terms of the Agreement, Ceres must pay the expenses for line costs or leases charged to DBS by third parties until the end of the term of the agreement with the respective supplier. DBS will also charge Ceres for the remaining book value (as shown on DBS's books) of the fixed assets in the Access Points if DBS cannot reasonably use the fixed assets elsewhere. If DBS charges the remaining book value, DBS will transfer ownership of the corresponding fixed assets to Ceres in "as is" condition immediately on receipt of payment; Ceres is responsible for taking delivery of the fixed assets at the Access Points.

Unless Ceres grants its prior written consent, the term of a line agreement will not exceed [**], and a lease agreement for premises will not exceed an initial fixed term of [**], provided (i) that any line agreement made with effect from [**] or any later date shall be made for a period ending on December 31, 2003, and (ii) that any cost increases resulting from such line agreements with a duration less than [**] shall be borne by Ceres.

4. Production

4.1 Description of Work

Operation of the "Production Environment" (as described below):

The topology of the Production Environment is designed to make an equal and high-performance access to the Chicago Backend possible for all connected Participants and to maintain a high performance. The security of the operated systems is achieved by:

- software installation on the backend systems, communication servers and other systems to be operated,
- continuous monitoring of the architecture and the application,
- technical supervision and continuous monitoring of the end-of-day processing (including preparation and distribution of the reports necessary for the exchange),
- continuous control of the system setup,
- redundant data protection of the operated systems,
- conclusion and administration of suitable license and maintenance agreements.

The technical performance of the operated systems is achieved by:

- capacity and system management,
- selection and use of suitable hardware and software,

. continuous performance analysis,

. preparation of reports and statistics.

The Production Environment consists of a redundant backend cluster which is distributed to two locations together with subordinated data base systems which are also constructed as disaster tolerant.

[CHART]

Illustration 3: Production Architecture

4.2 Remuneration

The remuneration for the operation of the Production Environment is (Euro) [**] for each calendar month.

5. Simulation

5.1 Description of Work

Operation of the "Simulation Environment" (as described below):

The purpose of the Simulation Environment is to provide a test environment for Participants and vendors. The topology of the Simulation Environment is similar to the

Production Environment. Its capacity is sufficient to allow all connected Participants reasonable tests. Operation of the Simulation Environment includes:

- software installation on the backend systems, communication servers and other systems to be operated,
- continuous monitoring of the architecture and the application,
- technical supervision and continuous monitoring of the end-of-day processing (including preparation and distribution of the reports necessary for the exchange),
- continuous control of the system setup,
- redundant data protection of the operated systems,
- conclusion and administration of suitable license and maintenance agreements.

The technical performance of the operated systems is achieved by:

- capacity and system management,
- selection and use of suitable hardware and software,
- continuous performance analysis,
- preparation of reports and statistics.

[CHART]

Illustration 4: Simulation Architecture

The Communication Server ("CS"), Access Point Network and X.25-TCP/IP components are shared with the Production Environment.

5.2 Remuneration

The remuneration for the operation of the Simulation Environment is (Euro) [**] for each calendar month. Each Site connected to the Simulation Environment will be remunerated with (Euro) [**] per month.

6. Customer Service

6.1 Description of Work

Performance of the "Customer Service" (as described below):

Customer Service is the central contact for Participants who want technical support for the Chicago Backend or the Network. Customer Service also deals with all technical orders from Ceres and coordinates the realization of such orders (e.g., the connection of new Participants).

Customer Service consists of:

A. "Connection Services" which include:

. examining application forms from potential Participants for completeness and plausibility,

. supporting the Participant by phone and electronic media in the configuration, installation and operation of its frontend installation,

. verification that the Participant Installation complies with Eurex' regulations governing the connection of Participants to the Chicago Backend and the Network (e.g., Implementation Regulations Concerning Technical Equipment (Technische Durchfuhrungsbestimmungen)),

. setting up network connections between the Participant and the Access Point (commissioning, coordinating the dates, setup of the required bandwidths, etc.),

. connecting the Participant to the Chicago Backend and the Network and testing (Ping Test, FTP Test, Failover Test),

. transferring the application software to the Participants' systems,

. technical configuration of the Participant in the backend,

. coordinating the functional setup of the Participant in the backend with market supervision and production administration,

. moving a Participant Installation from one Access Point to another or from one location to another location.

The connection (including a move) of a Participant Installation requires an order from Ceres to DBS. The technical connection of a Participant is concluded as soon as the Participant has been completely set up in the production system and the Ping Test, the FTP Test and the Failover Test have been successfully completed. The

Participant will be disconnected as soon as Ceres notifies DBS in writing that the Participant connection must be cancelled.

B. Technical Helpdesk (First Level Support) and Change Management

"Technical Helpdesk" includes the following services:

- solving technical problems in the everyday operation of the Member Integrated System Server ("MISS"), the WAN-Routers and the MISS-Router-LAN,
- support for troubleshooting of technical errors in the frontend installation,
- solving problems with the connection between the Participant and the Access Point,
- answering questions on technical matters,
- answering questions regarding the VALUES-API interface.

All Participants operating a frontend installation which is classified as "supported" and which fulfills the requirements of the Implementation Regulations Concerning Technical Equipment will be supported.

"Change Management" includes the following services for the "supported" Participant Installations:

- provision of additional connections and cancellation of connections between the Participant Installation and the Access Point,
- setup of additional MISS and cancellation of MISS,
- change of report nodes,
- setup of new routers in the Participants' premises,

. cancellation of a Participant Installation.

6.2 Remuneration

A. Connection Services shall be remunerated for each new Participant Installation in an amount of (Euro) [**] per connection as a one time charge. If Participants are connected to more than one Access Point, the connection to each Access Point constitutes a separate Participant Installation. The move of a Participant Installation to another location is also a new Participant Installation and will be remunerated separately. In case a Participant Installation order is cancelled after DBS has ordered the line, the full Connection Service fee will be charged.

B. Technical Helpdesk and Change Management is charged at a flat fee of (Euro) [**] per month. If the total number of Sites connected to the Chicago Backend exceeds [**], an additional monthly fee of (Euro) [**] for each additional Site (i.e., MISS group location) will be charged.

7. Hotfire Server

7.1 Description

DBS provides and operates the necessary infrastructure for the Hotfire Servers. The two servers are located in Chicago. DBS provides the ethernet interface for the connection of the Hotfire Servers to the CBOT Electronic Market. Ceres is responsible for the physical and logical connection from Market Operations desks to the Hotfire Servers.

The operation of the Hotfire Servers is handled by DBS from Frankfurt and Chicago, respectively.

The maintenance of the software installed on the Hotfire Servers is subject to the Software Maintenance Agreement.

7.2 Remuneration

The remuneration for the operation of the Hotfire Servers is (Euro)[**] for each calendar month.

8. Development Environment

8.1 Description

DBS provides and operates the infrastructure necessary for the development and update of the Eurex Software ("Development Environment"). For the purpose of planning the required number of software development workstations, DBS and Ceres will establish a utilization plan by 30 September of each year for the next calendar year. The plan will identify the number of required workstations per month for the following year. In order to save costs, the frontend systems are also used for other development.

A. Development Frontend Hardware and Software Infrastructure:

- provision of desktop development and office communication frontend hardware and software (including servers),
- setup of the workstations,
- removal management,
- creation of specific software images,
- installation of new server software releases,
- installation of new desktop software releases,
- system management of the servers,
- hardware and software support of the desktop workstations.

B. Development Backend Hardware and Software Infrastructure:

- installation of the required software on the backend systems,
- monitoring the architecture and the application,
- permanent control of the system setups,
- conclusion and administration of the required license and maintenance agreements.

C. Performance Test Environment:

The "Performance Test Environment" represents a scaled-down image of the Production Environment. It serves to monitor the impact of software modifications on performance.

D. Acceptance Test Environment:

The "Acceptance Test Environment" is provided for the acceptance of new releases of the Eurex Software. This environment also represents a scaled-down image of the Production Environment. The Acceptance Test Environment is also used for other exchanges.

8.2 Remuneration

The remuneration for the use of the Development Environment is not contained in the hourly rates for DBS' personnel and DBS' subcontractors (working on an hourly basis and not on a fixed price basis) and will be charged separately with (Euro) [**] per hour and person. With respect to Ceres' personnel (including Freelancers), Ceres' subcontractors and DBS' subcontractors working on a fixed price basis, DBS will charge (Euro) [**] per hour and person (based on 8 hours per day) for the use of the Development Environment.

Service Levels

This schedule covers the service levels for the CBOT Electronic Market. All times herein refer to Chicago Time. All service levels shall apply from January 1, 2002. For the purposes only of this Schedule 11, "System" shall mean the Chicago Backend and the Network to the extent they are used for purposes of the CBOT Electronic Market.

1. Service Times

1.1 System

The System will be operated on all trading days of the CBOT Electronic Market for the following hours of operation:

Operation	Time
General operation (including batch runs)	From Sunday 7:15 p.m. to Friday 7:15 p.m.
Online operation (batch runs are, therefore, possible from 4:45 p.m. on a trading day to 7:15 p.m. on a trading day)	7:15 p.m. on each trading day to 4:45 p.m. on the next trading day

Notwithstanding the foregoing chart, the System will not be available for batch or online work from 7:00 p.m. on Friday to 7:15 p.m. on Sunday; these times are intended for regularly scheduled maintenance.

The service for the Hotfire Servers is provided during the online operation of the System.

1.2 Technical Helpdesk

The Technical Helpdesk is manned from Sunday 7:00 p.m. to Friday 7:00 p.m.

2. System Availability

2.1 Calculation of Actual Availability

The actual availability of the System during the scheduled service times set forth in Section 1.1 above will be calculated for each calendar month according to the following formula:

$$AV = 100\% * \left(1 - \frac{E[\text{Down Time for Each MISS}]}{\#\text{MISSs} * 1{,}200 \text{ min} * \#\text{Trading days}}\right)$$

Variable	Description
AV	Actual availability of the System in percent in respective month
Down Time for Each MISS	Minutes in each calendar month for which each MISS is not in operation during the Service Times for online operations
#MISSs	Total number of connected MISSs in production in the respective month
#Trading days	Number of trading days in respective month

Lack of availability resulting from poor performance by the telecommunications carriers will not be taken into account when calculating actual availability. However, if DBS receives any indemnification from the carriers, this will be for the account of Ceres.

Lack of availability due to data errors by parties other than DBS will not be taken into account.

2.2 Performance Credits

If the actual availability of the System is less than [**]% in any calendar month in 2002, DBS will pay the following performance credits to Ceres:

Actual Availability in a Calendar Month	Performance Credit for each [**]% (or portion thereof)
Between [**]% and [**]%	(Euro) [**]
Between [**]% and [**]%	(Euro) [**]

Due to the reduction of the Non Trading Window (as described in Change Request 42 to the Systems Operations Agreement) the following shall apply: System down times resulting in late start of trading caused by

- delayed start of Batch processing (actual Batch start after 4:45 p.m. CST),
- errors/unavailability of downstream systems/interfaces (non-DBS serviced systems/interfaces; e.g., OIA, Prices, BOTCC), or
- any other errors/issues which result in a total delay of opening of trading less than 75 minutes,

will not be taken into account when calculating the actual availability figures per calendar month.

2.3 Early Termination Right

If the actual availability is less than [**]% in any two months during any four month period, or if the actual availability is less than [**]% in any single month, Ceres can terminate the Agreement by giving written notice of termination to DBS within two weeks after the conclusion of the Problem procedures concerning the lack of availability. The notice will take effect at the end of the first full calendar month following the month in which the notice is received. Such notice will constitute termination for cause pursuant to Section 17.2 of the Agreement.

3. Technical Helpdesk Availability

3.1 Calculation of Actual Technical Helpdesk Availability

The actual availability of the Technical Helpdesk during the scheduled service times set forth in Section 1.2 will be calculated for each calendar month according to the following formula:

$$HA = 100\% * \left(\frac{\#\text{Successful Calls}}{\#\text{Total Number of Calls}} \right)$$

Variable	Description
HA	Actual availability of the Technical Helpdesk in percent in respective month
#Successful Calls	Number of calls taken by the Technical Helpdesk agents in the respective month
#Total Number of Calls	Total Number of calls to the Technical Helpdesk in the respective month

The number of Successful Calls and the Total Number of Calls will be measured by DBS' telephone equipment. A Successful Call means that the person requesting service is

- connected directly with an English speaking staff member of the Technical Helpdesk, or

- connected with an automated voice message in English which provides sufficient information (e.g., the type, extent and probable duration of a general and broad System failure), and will be handed to the next free agent, or

- conducted into a waiting loop and is informed by an automated voice message in English that currently all agents are busy and the caller will be connected as soon as possible with the next available agent.

If the person requesting service hangs up more than one minute after the automated voice message has concluded, the attempted contact will be registered in the Total Number of Calls but not in the number of Successful Calls; if the person requesting service hangs up before the minute has passed, the call will not be registered in the Total Number of Calls. If the person requesting service is connected to an automated voice message which provides sufficient information (e.g., the type, extent and probable duration of a general and broad System failure) with a duration of at least one minute, the call will also be registered in the Total Number of Calls even if the call was not connected to a staff member.

Technical Helpdesk will answer e-mail and fax requests within 4 days during standard business operations. The requester will receive an acknowledgement of receipt without undue delay.

The actual availability of the Technical Helpdesk in any calendar month shall not be less than [**]%.

3.2 Calculation of Actual Technical Helpdesk Quality

The actual quality of the Technical Helpdesk during the scheduled service times set forth in Section 1.2 will be calculated for each calendar month according to the following formula:

$$HQ = 100\% * \left(\frac{\#\text{Tickets Closed at Call}}{\#\text{Total Number of Tickets}} \right)$$

Variable	Description
HQ	Actual quality of the Technical Helpdesk in percent in respective month
#Tickets closed at Call	Number of tickets that are closed by answering requests directly during call taken by the Technical Helpdesk agents in the respective month
#Total Number of Tickets	Total Number of Tickets to the Technical Helpdesk in the respective month

The number of Tickets closed at Call and the Total Number of Tickets will be measured by DBS. The actual quality of the Technical Helpdesk Quality in any calendar month shall not be less than [**]%.

4. System Performance

4.1 Performance Criteria

DBS will provide a performance system for trading products electronically. The System's performance will be measured as the average host roundtrip time per 22h-trading day and the time needed to process [**]% of all transactions. The host roundtrip time is measured as the time a transaction needs for processing and transmission from entering the backend until leaving the backend.

The current performance criteria are set to [**] seconds for the average host roundtrip time per 22-hour trading day and [**] seconds for [**]% of all transactions.

5. Delivery Times

5.1 New Access Points Services

For establishing an additional Access Point service consisting of two communications servers and four routers (maintained in a redundant structure of one server and two routers each at two physically separate locations) within the same premises as an existing Access

Point, the maximum delivery time is [**]. Delivery times for additional Access Points in new premises should be agreed in the corresponding Change Requests, although this may not always be possible due to circumstances at the location (e.g., availability of leased space, local equipment suppliers' delivery times, availability of local subcontractors). If an agreed delivery time for an Access Point is exceeded, DBS will pay to Ceres a performance credit of (Euro) [**] for each commenced week until delivery is completed up to a total of (Euro) [**].

5.2 New Participant Installations

Delivery times for Participant Installations (as defined in Section 3.1 of Schedule 10.2 to the Agreement) cannot be guaranteed. However, DBS will send out quote requests to the telecom provider(s) within 8 business days after receipt of the complete and correct `Network Line Order' form. If a request is not necessary, a line order is placed within 8 business days after receipt of the complete and correct `Network Line Order' form. These response times will only apply if sufficient capacity at the Access Point site is available to connect the new Participant Installation. Incomplete `Network Line Order' forms will be returned to Ceres within 3 business days. Multimarket orders must be confirmed in writing by the Eurex Entities in order to be accepted as complete and correct.

6. Simulation Environment

The Simulation Environment (as described in Section 5.1 of Schedule 10.2 to the Agreement) will be operated unattended on all trading days of the CBOT Electronic Market for the following hours of operation:

Operation	Time
Online operation (batch runs are, therefore, only possible outside this time)	9:00 a.m. to 3:00 a.m. on the next trading day for each trading day

The Simulation Environment is available for approximately [**] per year due to release introductions. Usually [**] per week with three batches are supported. The simulation

will only be closed for batch runs. As the Simulation Environment is operated by unattended operations, any issues will only be fixed during the next trading day.

A Permanent Simulation Schedule (approximately for a period of 1 or 2 month) will be developed by CBOT's Market Operations together with DBS. Notwithstanding the foregoing general schedule, the Simulation Environment may not be available for batch or online work from 3:00 a.m. on Saturday to 9:00 a.m. on Monday; these times are intended for regularly scheduled maintenance. Any unavailability will be included in the Permanent Simulation Schedule.

Prior to a release introduction a dedicated Release Simulation Schedule will be developed by the respective project. During this phase the operation may differ from the standard operations.

7. General Assumptions

All service levels are based on the following volume and transaction assumptions:

- no market makers/quotes, i.e. no massive use of mass quote interface;
- no unlimited feed by electronic order routing systems;
- no batch processed order routing systems; only continuously loaded order routing systems;
- [**] Members at maximum;
- [**] Futures Products at maximum;
- [**] Options Products at maximum;
- [**] Series for Option Products at maximum;
- [**] Orders/sec (peak) in the most liquid futures product at maximum;

- [**] Orders/sec (peak) in all futures product at maximum;
- [**] Orders and single quotes/sec (peak) in the most liquid options product at maximum;
- [**] Orders and single quotes/sec (peak) in all options product at maximum;
- [**] Full-trades/sec (peak) in the most liquid product at maximum;
- [**] Full-trades/sec (peak) in all products at maximum;
- [**] Full-trades/sec (average) in the most liquid product at maximum;
- [**] Full-trade/sec (average) in all products at maximum;
- [**] Orders/22h-trading day at maximum;
- [**] Orders/22h-trading day in the most liquid futures product at maximum;
- [**] Full-trades/22h-trading day at maximum;
- use of FIFO Matching Algorithm.

Only regular procedure trading days will be taken into account (e.g., trading days with market supervision or non system interface induced problems will not be taken into account).

DBS will monitor whether the operation of the System is within the above volumes and transaction assumptions. DBS will report monthly to Ceres and the Eurex Entities about the monitored System information. If the volumes and transaction assumptions are exceeded in any month and if this causes non-compliance with a service level, DBS will not be liable for any payments under this Schedule 11 relating to the non-compliance. However, DBS will propose

measures to accommodate increased volumes and changes in the transaction assumptions in order to achieve the guaranteed service levels.

Exhibit 10.35

THIRD AMENDED AND RESTATED
CBOT/CERES LICENSE AGREEMENT

This Agreement ("Agreement")is entered as of 10/th/ day of July, 2002, by and between Board of Trade of the City of Chicago, Inc. (hereinafter referred to as ("CBOT(R)"), a non-stock, not-for-profit Delaware corporation, and Ceres Trading Limited partnership, a Delaware limited partnership ("Ceres").

RECITALS

WHEREAS, CBOT is the successor of Board of Trade of the City of Chicago, a voluntary membership association created by special act of the Illinois legislature, and is a designated contract market pursuant to Section 7 of the Commodity Exchange Act, 7 U.S.C. (S)1 et seq., for the trading of futures and options on futures contracts on various agricultural commodities, financial instruments, securities indexes and precious metals; and

WHEREAS, Ceres was formed by the CBOT and the CBOT's members to facilitate the electronic trading of CBOT contracts;

WHEREAS, the CBOT's members have from time to time by ballot vote approved the electronic trading of certain CBOT contracts during certain hours;

WHEREAS, Ceres was the licensee of certain electronic trading software (the "Eurex 2.0 Software") pursuant to a certain Software License Agreement dated October 1, 1999, and the owner of various modifications to the Eurex 2.0 Software ("Modifications"), pursuant to a Software License Agreement dated October 1, 1999, and a Confirmation of Rights Agreement dated July 27, 2000 (such Eurex 2.0 Software and the Modifications being hereinafter referred to as the "a/c/e Software"), and entered into certain agreements to provide for the implementation, operation and development of an electronic trading system (the "a/c/e System") utilizing the a/c/e Software, and Ceres desires to license the a/c/e Software (including a sublicense of the Eurex 2.0 Software) to CBOT and to provide CBOT with various services so as to enable CBOT products to be traded electronically on the a/c/e system;

WHEREAS, pursuant to a Reorganization Agreement dated July 10, 2002, Ceres has relinquished its rights in the a/c/e Software and has entered into a Non-Exclusive Software License Agreement dated July 10, 2002, to use certain portions of the Eurex Software (the "Programs") in connection with the CBOT's electronic market, and Ceres has also entered into certain new agreements regarding the operation and maintenance of the CBOT's electronic market; and

WHEREAS, the parties have agreed that, in consideration of the foregoing, Ceres shall be paid a transaction fee for each contract that is traded electronically in accordance with the terms described herein.

NOW THEREFORE, in consideration of the premises, mutual covenants and agreements herein contained, and for other good and valuable consideration, the parties agree as follows:

SECTION 1 - AGREEMENT & TERM

1.1 Agreement. Ceres agrees to enter into the license as set forth herein and during the term of this Agreement, to provide the Facility Management Services and other services described herein, and CBOT agrees to enter into the license as set forth herein and during the term of this Agreement, to procure such Facility Management Services and other services, all on the terms and conditions herein contained.

1.2 Term. The term of this Agreement shall commence upon the date above written (the "Effective Date"), and except as expressly set forth herein, shall continue until terminated by either party on not less than sixty (60) days prior written notice to the other (the "Expiration Date").

SECTION 2 - FACILITY MANAGEMENT SERVICES

2.1 Facility Management Services to be Performed by Ceres. During the term of this Agreement, Ceres shall process, store and make available CBOT Data (defined as bids, offers, and prices at which contracts are transacted through the electronic market including volume information) in conformance with the provisions of this Agreement and otherwise provide CBOT and its membership with the services described in this Section 2.

2.2 Ceres System Availability. Ceres shall process CBOT's Data on the electronic market in accordance with the terms of this Agreement and provide online capacity to CBOT, its members and members' customers during such hours as CBOT reasonably requests. If so requested by CBOT and for the additional charges as agreed to by the parties, Ceres shall provide the CBOT with online capacity 24 hours a day seven days a week. Ceres shall deliver reports and other output to CBOT within the time periods specified by CBOT.

2.3 Availability of CBOT Communication Facilities. CBOT will provide the CBOT Communication Facilities during the term of this Agreement, and shall maintain and operate such facilities so as to minimize the possibility of interruption of the use of those facilities.

2.4 Compliance with Requirements of Regulatory Authorities. CBOT shall keep itself fully advised of regulatory requirements applicable to the operation of the electronic market and the data processed thereon and shall advise Ceres to maintain the

electronic market, including without limitation, all system programs, so as to comply with all requirements of regulatory authorities, including, but not limited to, reporting, record maintenance, computer security, disclosure and audit requirements.

2.5 Record Protection and Retention. Ceres shall create and maintain on computer readable media archival copies of all of CBOT's Data maintained on the electronic market. Such archival copies shall be created on a daily basis so that, at any point in time, CBOT's active data can be recreated through the close of business on the prior business day. Such archival copies shall be stored at a secure, fireproof site and maintained in accordance with standard record retention requirements, but in no event for any less time than required by the Regulatory Authorities.

2.6 System Documentation. Ceres shall maintain documentation of and for the electronic market, including but not limited to providing CBOT with user manuals, object code for system programs, flow charts and the necessary narrative to permit reasonably competent programmers, conversant in the language in which the system programs are written, to maintain and modify such programs. Ceres shall keep all documentation current to reflect all changes made in the electronic market. CBOT is granted the right to copy the documentation as may be necessary to support CBOT's use of the System program.

2.7 System Support. Ceres agrees to provide on-going support for the electronic market at CBOT's request and to support CBOT in servicing CBOT members and member firms.

SECTION 3 - LICENSE

3.1. Grant of License. Ceres hereby grants to CBOT a sublicense to use the Programs subject to the rights of the Licensors under the Non-Exclusive Software License Agreement attached as Exhibit I.

3.2. System Documentation. To the extent permitted by the Non-Exclusive Software License Agreement, Ceres shall provide CBOT with (a) copies of the Programs in object code format together with user and maintenance documentation therefor (including, without limitation, user, operator and maintenance manuals, flow charts, narratives and any other documentation necessary to use the Programs); and (b) Ceres shall provide CBOT with updates to such object code and documentation to reflect all changes made in the Programs and to keep such materials current.

SECTION 4 - CBOT DATA

4.1 CBOT Data. CBOT shall also retain exclusive ownership and control over CBOT Data and the sole right to distribute such CBOT Data to third parties. Ceres hereby acknowledges that CBOT Data shall constitute valuable property of the CBOT not within the public domain.

SECTION 5 - LICENSE FEES

5.1 Ceres shall charge CBOT a fee for each contract that is traded electronically in accordance with the terms described in Exhibit II hereto.

5.2 CBOT shall remit to Ceres all payments to which Ceres is entitled pursuant to this Section 5 monthly by the last day of the month, together with an accounting of such funds

5.3 Ceres shall reimburse the CBOT for all expenses incurred by CBOT in maintaining and operating the electronic market, including but not limited to all labor and materials.

SECTION 6 - CONFIDENTIALITY

6.1 Ceres' Obligation of Confidentiality Ceres acknowledges that CBOT Proprietary Data is, shall be and shall remain the sole and exclusive property of CBOT and constitutes valuable property of CBOT. The term "CBOT Proprietary Data" includes any material or information relating to the research, development, trade secrets and business operations and affairs of CBOT which has been marked, or which is declared to be confidential in writing prior to its oral disclosure. Ceres agrees to treat CBOT Proprietary Data in the manner herein prescribed and to take such additional steps as are reasonably necessary to protect the confidentiality of such data and CBOT's proprietary interests therein, including but not limited to, the following:

(a) Except as expressly permitted by CBOT in writing, Ceres shall use CBOT Proprietary Data only for purposes of providing services to CBOT in the manner specified by this Agreement and shall not make any copies of, reproduce, disclose, sell, assign, sublicense, or transfer, in whole or in part, any CBOT Proprietary Data.

(b) Ceres shall place on any CBOT Proprietary Data created for CBOT by Ceres proprietary markings as CBOT may reasonably require from time to time and duplicate on any copies made of CBOT Proprietary Data all copyright notices and proprietary markings contained thereon and shall place on all documentation therefor CBOT's copyright notice.

(c) Except as specifically permitted by CBOT in writing, Ceres shall disclose CBOT Proprietary Data in confidence only to those of its employees and agents required to have knowledge of the same for the purpose for which it is intended and to no other person.

(d) Ceres shall cause its employees and agents having access to CBOT Proprietary Data to protect CBOT Proprietary Data in a manner consistent with the terms of this Agreement, and Ceres shall be responsible to CBOT for any injury caused by the misappropriation or wrongful disclosure by a Ceres employee or agent of CBOT Proprietary Data.

(e) Without limiting any other provision hereof, Ceres shall use no less care to protect CBOT Proprietary Data as it uses to protect its own proprietary data, and shall promptly report to CBOT any conduct by Ceres' present or former employees or agents of which Ceres becomes aware relating to CBOT's Proprietary Data inconsistent with this Agreement or CBOT's proprietary interests therein, and take such reasonable steps as may be required to terminate such conduct.

(f) Immediately upon the termination of this Agreement, the discontinuance of Ceres' Facility Management Services by Ceres or Ceres' receipt of written demand from CBOT, Ceres shall (i) return to CBOT, or, at CBOT's election destroy, all CBOT Proprietary Data in Ceres' possession or control, including but not limited to all CBOT Proprietary Data in the possession or control of Ceres' employees and agents, and (ii) provide a sworn affidavit from its general partner attesting that, to the best of Ceres' knowledge, after due investigation, such action has been taken and completed.

6.2 CBOT Obligation for Confidentiality. CBOT acknowledges that Ceres Proprietary Data, including but not limited to the Programs, is any material or information relating to the research, development, trade secrets and business operations and affairs of Ceres which has been marked or which is declared to be confidential in writing prior to its disclosure, shall be and shall remain the sole and exclusive property of Ceres and constitute valuable proprietary information of Ceres. CBOT agrees to treat the Ceres Proprietary Data in the manner herein prescribed and to take such additional steps as are reasonably necessary to protect the confidentiality of Ceres Proprietary Data and Ceres proprietary interests therein, including, but not by way of limitation, the following:

(a) CBOT shall use Ceres Proprietary Data only for the purposes authorized by this Agreement and shall not make any copies of, reproduce, or disclose, sell, assign, sublicense, or transfer, in whole or in part, any of such materials except to the extent authorized herein or otherwise permitted in writing by Ceres.

(b) CBOT shall duplicate on any copies made of Ceres Proprietary Data all copyright notices and proprietary markings contained thereon.

(c) CBOT shall disclose Ceres Proprietary Data in confidence only to its employees, and agents, and CBOT members required to have knowledge of the same for the purpose for which it is intended and to no other person.

(d) CBOT shall use the same care to protect Ceres Proprietary Data as it uses to protect its own proprietary data and shall promptly report to Ceres any conduct by CBOT's present or former employees or agents of which CBOT becomes aware relating to Ceres Proprietary Data inconsistent with this Agreement or Ceres' proprietary interests therein, and take such reasonable steps as may be required to terminate such conduct.

6.3 Mutual Indemnifications. Each party shall be responsible for, and shall indemnify the other and hold it harmless from and against any loss, damage, or expense

(including, without limitation, any loss, damage, or expense related to enforcement by the party of its property rights against third parties and reasonable attorneys' fees) incurred by the other as a result of any failure by the party, its employees or agents to maintain the confidentiality of the proprietary rights of the other party disclosed in connection with this Agreement and described above, in the manner herein provided, without regard to whether such employees or agents are acting under or contrary to the parties instructions or their contractual, employment or agency relationship with the party has been terminated.

6.4 Record Maintenance. Each party shall maintain and make available to the other party upon reasonable notice adequate records to demonstrate compliance with this Section 6.

6.5 Acknowledgement of Irreparable Injury. Each party hereby acknowledges that use of the other party's proprietary Data in a manner contrary to the provisions of this Agreement would cause the other party irreparable harm for which money damages could not make the injured party whole, and hereby consents, to the full extent that it is able to do so, to any order entered by any court of competent jurisdiction prohibiting it from such violation of this Agreement.

6.6 Materials Not Considered Confidential. Notwithstanding any other provision in this Agreement to the contrary, information and data presently in the public domain or which subsequently enters the public domain other than through violation of this Agreement shall not be subject to any restrictions under this Agreement, nor shall either party have any liability to the other for the use or disclosure thereof. The party asserting the applicability of this Section 6.6 will have the burden of proof with respect thereto.

SECTION 7 - MISCELLANEOUS

7.1 Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed to be an original but all of which taken together shall constitute one single agreement between the parties hereto.

7.2 Headings. The Section headings used herein are for reference and convenience only and shall not enter into the interpretation hereof.

7.3 Relationship of Parties. Ceres, in furnishing services to CBOT, is providing Facilities Management Services only as an independent contractor. Ceres does not undertake by this Agreement or otherwise to perform any obligation of CBOT, whether regulatory or contractual. Ceres has the sole right and obligation to supervise, manage, contract, direct, procure, perform or cause to be performed, all work to be performed by Ceres hereunder unless otherwise provided herein. Ceres may employ subcontractors, including CBOT/Eurex Alliance, L.L.C., Deutsche Borse AG and Deutsche Borse Systems AG, to provide any of the services covered by this Agreement.

7.4 Approvals, Consents, etc. Where any approval, acceptance or consent by either party is required by any provision of this Agreement, such action shall not be unreasonably delayed or withheld.

7.5 Force Majeure. Ceres shall be excused from performance hereunder for any period Ceres is prevented from performing any services pursuant hereto, in whole or in part, as a result of an act of God, war, civil disturbance, or other cause beyond its reasonable control, including shortages or fluctuations in electrical power, heat, light or air conditioning, and such non-performance shall not be a default hereunder or a ground for termination hereof so long as the same is temporary in nature and does not unreasonably interfere with CBOT's business and operations.

7.6 Severability. If any provision of this Agreement is declared or found to be illegal, unenforceable or void, then both parties shall be relieved of all obligations arising under such provision, but if such provision does not relate to the payments to be made to Ceres by CBOT and if the remainder of this Agreement shall not be materially affected by such declaration or finding, then each provision not so affected shall be enforced to the extent permitted by law.

7.7 Attorneys' Fees. If any legal action or other proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any of the provisions of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and other costs incurred in that action or proceeding, in addition to any other relief to which it may be entitled.

7.8 Waiver. No delay or omission by either party hereto to exercise any right with respect to this Agreement shall impair any such right or be construed to be a waiver thereof. A waiver by either of the parties hereto of any of the agreements to be performed by the other or any breach thereof shall not be construed to be a waiver of any succeeding breach thereof or of any other agreement herein contained. All remedies provided for in this Agreement shall be cumulative and in addition to and not in lieu of any other remedies available to either party at law, in equity or otherwise.

7.9 Choice of Law and Jurisdiction. This Agreement shall be governed by the internal laws and not the choice of law provisions of the State of Illinois. Any suit arising out of a dispute arising concerning this Agreement may only be brought in a state or federal court sitting in Chicago, Illinois and the parties agree that no other court shall have jurisdiction or venue.

7.10 Entire Agreement. This Agreement, together with each Exhibit attached hereto, constitutes the entire agreement between the parties hereto with respect to the subject matter hereof and shall supercede in its entirety the CBOT/Ceres License Agreement between the parties dated October 22, 1992, the Amended and Restated CBOT/Ceres License Agreement dated

May 15, 1998, and the Second Amended and Restated CBOT/Ceres License Agreement dated August 25, 2000. No change, waiver or discharge hereof shall be valid unless in writing and executed by the party against whom such change, waiver or discharge is sought to be enforced.

7.11 The parties acknowledge that they are in the process of reorganizing. In connection with this reorganization, Ceres may assign its rights and obligations under this Agreement to CBOT or Electronic Chicago Board of Trade, Inc.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date set forth above:

BOARD OF TRADE OF THE CITY OF CHICAGO, INC.	CERES TRADING LIMITED PARTNERSHIP
By: /s/ David J. Vitale --- David J. Vitale	By Electronic Chicago Board of trade Inc., Its Managing General Partner
Its President and Chief Executive Officer	By: /s/ David J. Vitale --- David J. Vitale Its President and Chief Executive Officer

EXHIBIT II
LICENSE FEES

CBOT shall pay to Ceres the following fees for each purchase and each sale of a CBOT futures or option contract (i.e., per side) transacted through the CBOT electronic market:

(A) Transaction-Based Fee

No.	Account Type	Fees/Annual Volume *50,000/50,000-150,000/**150,000
1.	Individual Member initiating and executing trades for his own account.	$ .20 / $ .18 / $ .15
	Individual Member initiating and executing trades for the proprietary account of a member firm. (Select either account type 1.b. or 3.b)	
	Joint account between individual members or an individual member and a member firm, where a member is initiating and executing the trades.	
	Individual member's account where another individual member is initiating and executing trades for the account or another member is executing trades that were initiated by the individual member.	
2.	Delegate initiating and executing for trades his own account.	$ .20 / $ .18 / $ .15
3.	Proprietary account traded by a non-member or delegate that meets the definition of CBOT Regulation 450.02C.	$ .35 / $ .30 / $ .25
	Individual Member initiating and executing trades for the proprietary account of a member firm. (Select either account type 1.b or 3.b.)	
4.	An account that does not meet the definition of CBOT Regulation 450.02C.	Agricultural: $ 1.50 / $1.50 / $1.50
	Any account of a non-member or an account where a non-member has ownership participation.	Financial: $ 1.25 / $ .95 / $ .70
5.	Proprietary account of an e-cbot member firm.	Agricultural: $ .50 / $ .45 / $ .40
		Financial: $ .50 / $ .45 / $ .40

* Less than
** Greater than

(B) Mini-Sized Contract Fee

Contract	Member	Delegate	Non-Member
Mini-Sized Dow $2 & $5	$.05*	$.45*	$1.00
Mini-Sized N.Y. Gold	$.05	$.25	$ .50
Mini-Sized N.Y. Silver	$.05	$.25	$ .50
Mini-Sized 30 - Year Bond	$.15	$.25	$ .50
Mini-Sized 10 - Year Note	$.15	$.25	$ .50
Mini-Sized Eurodollars	$.15	$.25	$ .50

(C) Surcharges

	Member	Delegate	Non-Member
Dow Jones Contracts*	$.20	$.20	$ .20***
Muni Bond Contracts			$ .20
Delegate		$.15	
X-Fund			$7.00

* Between June 1, 2002, and December 31, 2002, the $.20 surcharge for Dow Jones contracts is waived for Members & Delegates.

Definitions and Clarifications

Volume Discount -Trade transactions executed in open auction are not counted for the purpose of calculating the volume discount. For give-up transactions, the volume is credited to the account that ultimately receives the trade. Non-trade transactions: Exchange for physical transactions, option exercises, option assignments, option expirations, futures from deliveries, futures from assignments and futures from exercises are not included in volume discounts.

Effective October 1, 2002 the Transaction-Based Fee for Full and Associate Members and Membership Interest Holders trading their own account or for member firm proprietary account

will be reduced to $.15 / $.13 / $.10. This rate change applies to account types 1a, 1b, 1c, 1d, and 2.

The Transaction-Based Fee will be assessed at the customer rate for transactions made by CBOT delegates and Full Members trading on the CBOE.

The term "member firm's account" shall refer only to those commodity futures or commodity options trading accounts that are wholly owned by and held in the name of the member firm. The term "member firm" shall refer only to a firm registered with the Exchange pursuant to Regulation 230.02. For an account to qualify as a member firm proprietary account delegates and individuals who are non -members with respect to the contracts being traded, who initiate and/or enter trades on behalf of the proprietary account must meet the following requirements:

may not provide trading capital for the account; and
may not have responsibility for downside risk of trading losses or responsibility to provide capital based on losses; and
individuals other than delegates must be issued a W-2 (or comparable documentation in jurisdictions other than the United States), and must be included in the firm's payroll tax records; and
may not contribute subordinated debt, unless the individual is a partner or shareholder of the member firm; and
gross trading profits and losses must be reported in the firm's income; and
the time period for which a trader is evaluated (for the determination of the percentage of trading profits) may not exceed a twelve-month period and may not carry over the firm's fiscal year-end.

Joint Account - The Transaction-Based Fee applicable to any account that is owned by more than one member or non-member shall be the highest fee required of any of the account's participants, with the exception of joint accounts or proprietary accounts between a member firm and an individual member. (See Account Type #1). Any account where losses and/or profits are shared that does not meet the description of Account Type # 1 or of a Proprietary Account as defined in Regulation 450.02C will be considered a joint account.

EXHIBIT 23.1

INDEPENDENT AUDITORS' CONSENT

We consent to the use in this Amendment No. 2 to Registration Statement No. 333-72184 of CBOT Holdings, Inc. on Form S-4, of our report dated February 19, 2002 (September 17, 2002 as to Note 13) (which report expresses an unqualified opinion and includes an explanatory paragraph relating to the adoption of Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities") relating to the consolidated financial statements of the Board of Trade of the City of Chicago, Inc., appearing in the Prospectus, which is part of this Registration Statement. We also consent to the reference to us under the heading "Experts" in such Prospectus.

CONSENT

We hereby consent to the use in the Registration Statement and Proxy of CBOT Holdings, Inc. on Form S-4 of our opinion dated September 17, 2002, appearing as Appendix D-1, to such Registration Statement and Proxy, to the description therein of such opinion and to the references therein to our name. In giving the foregoing consent, we do not admit that we come within the category of persons whose consent is required under Section 7 of the Securities Act of 1933, as amended (the "Securities Act"), or the rules and regulations promulgated thereunder, nor do we admit that we are experts with respect to any part of such Registration Statement and Proxy within the meaning of the term "experts" as used in the Securities Act or the rules and regulations promulgated thereunder.

Exhibit 99.1

FORM OF PROXY

BOARD OF TRADE OF THE CITY OF CHICAGO, INC.
141 West Jackson Boulevard
Chicago, Illinois 60604

Solicited by the Board of Directors

In connection with the restructuring transactions described in the proxy statement and prospectus (the "Proxy Statement and Prospectus") accompanying this proxy, the undersigned hereby appoints Paul J. Draths, Terry Livingston, and Carol A. Burke and each of them, proxies, with full power of substitution and revocation, acting together or, if only one is present and voting, then that one, to vote the membership of the Board of Trade of the City of Chicago, Inc., a nonstock, not-for-profit corporation (the "CBOT"), which the undersigned is entitled to vote, at the special meeting of the membership to be held on , 2002 and any adjournments or postponements thereof, with all the powers the undersigned would possess if personally present, as designated herein and authorizes the proxies to vote in accordance with the recommendations of the management of the CBOT upon such other business as may properly come before the special meeting of the membership.

THE RESTRUCTURING TRANSACTIONS

THE BOARD OF DIRECTORS OF THE CBOT RECOMMENDS A VOTE "FOR" PROPOSITIONS 1, 2 AND 3.

(1) Approve and adopt the Agreement and Plan of Merger relating to the merger of the CBOT with a newly formed nonstock for-profit corporation, which will facilitate the demutualization of the CBOT, as set forth in and described in the Proxy Statement and Prospectus.

[_] FOR [_] AGAINST [_] ABSTAIN

(2) Ratification of the August 7, 2001 Agreement and the related October 24, 2001 and September 13, 2002 letter agreement relating to the exercise right, as set forth in and described in the Proxy Statement and Prospectus.

[_] FOR [_] AGAINST [_] ABSTAIN

(3) Approve all other matters relating to the restructuring transactions, including, among other things, a new certificate of incorporation and bylaws for each of CBOT Holdings, Inc. and the Board of Trade of the City of Chicago, Inc., a nonstock for-profit corporation (the "CBOT Subsidiary"), a technical amendment to the CBOT's bylaws clarifying the status of GIMs, IDEMs and COMs as members of the CBOT for purposes of Delaware law, and certain changes to the rules and regulations of the CBOT Subsidiary, which, collectively, are designed to facilitate the demutualization of the CBOT and the modernization of certain aspects of the CBOT's corporate governance structure, in each case, as described in the Proxy Statement and Prospectus.

[_] FOR [_] AGAINST [_] ABSTAIN

ALTHOUGH YOU ARE BEING ASKED TO APPROVE EACH OF THESE THREE PROPOSITIONS SEPARATELY, EACH OF THESE PROPOSITIONS IS RELATED TO, AND EXPRESSLY CONDITIONED UPON THE APPROVAL OF, THE OTHER PROPOSITIONS. THIS MEANS THAT THE CBOT WILL NOT TAKE ANY ONE OR MORE OF THESE ACTIONS RELATING TO THE RESTRUCTURING TRANSACTIONS WITHOUT TAKING ALL ACTIONS, SUBJECT TO THE TERMS AND CONDITIONS OF SUCH TRANSACTIONS. ACCORDINGLY, UNLESS ALL THREE OF THE ABOVE PROPOSITIONS RELATING TO THE RESTRUCTURING TRANSACTIONS ARE APPROVED BY THE REQUISITE VOTE OF THE MEMBERS AS DESCRIBED IN THE PROXY STATEMENT AND PROSPECTUS, THE RESTRUCTURING TRANSACTIONS WILL NOT HAVE BEEN APPROVED BY THE MEMBERS AND, ACCORDINGLY, WILL NOT BE COMPLETED.
