Employee Questions & Answers
"Just Ask" Updates

1. What is the impact of the merger on our business in Europe and Asia?

We are and will continue to be a global business, serving customers worldwide. After the close of the merger, we expect our customers will benefit from what will be an even stronger presence in Europe and Asia. As a combined company, we will be able to use these resources to further grow our business and effectively compete on a worldwide scale.

2. What measures are in place to ensure that the value of CBOT will not deteriorate before the merger is closed?

CME and CBOT will continue to execute their distinct business strategies towards achieving their goals for the year. CBOT as a public company has continuing obligations to run the company in best interests of its shareholders.

3. *How far in advance will employees be notified of changes to departments, current positions, or even new opportunities?*

We will continue to update you throughout this process. However, we do not expect to announce organizational changes before the merger closes.

There are a lot of decisions yet to be made and many approvals yet to be received before we can begin integrating our two companies. We are already beginning to *plan* for the transition, but we will not be able to integrate operations in advance of the close of the merger (we expect mid-year 2007).
